Chapter 2031: Lu Ming vs Ponderosa Pine

"Sister Luo Xuan, how do you fight me now?"

You Ning sneered, Lian Bu stepped out, strong breath, wave after wave of pressure to Luo Xuan.

A month ago, her cultivation practice was still the most holy peak, but recently, her cultivation practice broke through to the most holy consummation in one fell swoop, and such cultivation practice truly stood at the peak of You Luo Mo Guo.

Ji Tian, formerly known as the first day of the Phantom Demon Kingdom, is also proud of the Holiness.

"Do you think you won?"

At this time, Luo Xuan's voice sounded.

boom!

Then, Luo Xuan also burst into a strong breath.

Before, Luo Xuan's cultivation practice was also the pinnacle of the most holy, but now, he reached the most holy consummation in one fell swoop.

You Ning's complexion changed suddenly, exclaimed: "Your cultivation behavior has also broken through!"

"That is of course, do you think only you have broken through?"

Luo Xuan smiled.

"What if it breaks through? Still defeats you!"

You Ning said coldly, killing Luo Xuan.

The two princesses were killed together again.

Both of them are king bodies. They are in charge of the rule of kingship and cultivated to achieve the most holy consummation. The war is very amazing. The general quasi-imperials are not their opponents.

On the battle platform, only two phantoms were seen, and they were constantly colliding. Some of them were weak and could not be seen at all.

"It seems that no one can gain the upper hand!"

Lu Ming paid attention to the battle on the battle platform and found that You Ning and Luo Xuan had the same cultivation ability and the same fighting power. The two seemed to know each other very well and had been in a state of stalemate.

boom! boom! ...

Soon after, the two had fought hundreds of moves.

Up to the present day, the two of them blew their breaths, turned the Holy Force to the extreme, and continued to fight a few moves, still invincible.

The breathing of the two began to increase, and the speed became slower and slower.

This is a manifestation of extreme overdraft.

But both of them are very persistent, and no one wants to lose to each other, still fighting.

To the back, the two shots are getting slower and slower, like slow motion.

"Brother Luo, it is not good for them to fight anymore. How about a tie in this game?"

The owner of the Youjia family is also the owner of the current Youluo Mo Kingdom.

"Okay, this game is a draw!"

The head of the Luo family also nodded.

Continuing the battle will only hurt both sides. If the overdraft is too serious, it will not benefit the two.

The head of the Luo Family and the head of the You Family successively nodded, and the elders of the Demon Kingdom of You Luo moved, appearing in You Ning and Luo Xuan, blocking them.

"In this game, it's a draw, you can take a break!"

Elder Road.

You Ning and Luo Xuan stared at each other reluctantly, snorted, then returned to the stands, swallowed the Elixir, and watched the next competition while refining the Elixir.

In the next battle, it was the turn of the Luo family to take another shot and easily defeated the opponent.

"Yujia No.3, No.31 to Luoja!"

After the Luo family played, the elders reported the number.

Lu Ming's eyes lit up, and it was his turn.

Also, Youjia No. 3, isn't it Huangshan?

Lu Ming got up, and a cold smile appeared on the corner of his mouth.

Luo Xuan, as well as Wuxi, also had bright eyes.

Others don't know, but they know that Lu Mingnai is a royal body. At that time, he easily defeated Wuxi, and the fighting power was definitely above Huang Song.

"I will avenge you!"

Lu Ming patted Wuxi on the shoulder and stepped on the battle platform.

"Hahaha, I finally met this kid!"

Huang Song was overjoyed, and his face was very cruel and excited.

Since You Ning Gong mainly killed Lu Ming, he naturally had to solve Princess Lu Ning for You Ning.

"Huang Song, don't kill him easily, it is better to let him beg for mercy on the battle platform, and then kill him again!"

Ji Peng stared fiercely at Lu Ming, and said to Huang Song.

"Haha, just what I want!"

Huang Song laughed and rushed to the battle platform, staring gaily at the landing, and said, "Boy, kneel down and beg for mercy, I might make you die happy!"

He thought that he would see a terrified expression on Lu Ming's face, but he was disappointed.

Lu Ming seemed to laugh, but looked at Huang Song and said two words: Sad!

Huang Song's face dimmed and said, "Boy, what are you talking about?"

"I said to you, your life is coming to an end, but you don't know it yet, it's sad!"

Lu Ming added.

"Hahaha, kid, you mean, you can kill me, I want to see, where are you from being confident!"

Huang Song gave a sharp sigh, and as soon as the words fell, his figure blew toward the landing, and his claws were like knives, grabbing Lu Ming.

Huang Song also wore a kind of glove, which, like mercury, wrapped around his palm, could be changed at will, and his fingertips were extremely sharp.

Zizizi...

On Lu Ming's palm, there was a black thunderbolt shining, and a palm threw toward Huang Song.

"Only the most holy peak, dare to confront Huang Song hard, really looking for death!"

"Huangsong's spirit is very powerful, even if he is also a master of the most holy consummation, he will not dare to confront Huangsong hard, this kid, I don't know what to do!"

"It looks like Huang Song seems to be killing him, he's done!"

As soon as Lu Ming shot, there was a discussion.

But at the next moment, all the sounds disappeared, because Lu Ming and Huang Song had collided together.

boom!

A figure wailed, flew away from a distance, and fell to the ground.

It was not Lu Ming, as everyone imagined, but Huang Song.

Huang Song was hit a hundred meters, fell to the ground, twitched all over, and covered with thunder and lightning.

In contrast, Lu Ming, his body motionless.

how can that be?

Lu Ming's cultivation practice is that it is obviously the most holy peak. How can he attack Feihuangsong?

Lu Ming is not a king!

"how is this possible?"

In the stands, Ji Peng roared, revealing an incredible look.

Although Lu Ming's combat strength is strong and can defeat him, they do not think that Lu Ming can defeat Huang Song.

In addition to the royal body, Huang Song was almost undefeated in the same battle.

What's more, the repair of Huangsong is even higher.

You Ning's complexion was also extremely gloomy.

Even Luo Xuan, Wuxi and others were a little surprised.

Although they guessed that Lu Ming could defeat Huangsong, the premise was that Lu Ming should exert the rule of kingship, but now, Lu Ming did not exert the rule of kingship, and defeated Huang Song, which was beyond their expectations.

They naturally don't know that Lu Ming's spirit body is far superior to the general superior spirit body, and he cultivated two sacred hearts, and his divine power is far beyond the same level, no worse than the most holy consummation. Can easily defeat ponderosa pine.

Lu Ming stepped out, approaching Huangsong, looking down at each other and saying, "Aren't you going to kill me, come on!"

Huang Song looked at Landing Ming, and instead of the terrible color, he showed the color of fear.

He roared loudly, rushing towards the battlefield.

He wanted to rush down the battle platform to admit defeat, would Lu Ming let him do so.

Hey!

Lu Ming seemed like a flash of lightning. In a flash, he appeared in front of Huang Song. The lightning flashed in his hand, condensing a thunder bolt, and stabbed towards Huang Song.

Chapter 2032: Six Prison Rules

Huang Song roared and tried his best to resist Lu Ming's lightning bolt.

But the spear vibrated as if it was invulnerable!

Sigh!

Thunderbolt spear pierced Huang Song's attack, and pierced his shoulder, with Huang Song, sliding a distance.

Huang Song shouted in horror and rushed in the other direction, trying to rush down the battle platform.

He has no intention of fighting any more, at this moment, only fear in his heart.

Lu Ming's combat strength is too strong, beyond his expectations, his fighting intentions have collapsed.

As a result, he lost even more to Lu Ming.

Uh! Uh!

Lu Ming's body flashed, and the black spear continued to pierce, and finally Huang Song's left leg was pierced and nailed to the ground.

"One waste, not even the courage of a World War I, the previous arrogance, where did it go?"

Lu Ming stepped forward and stepped on Huang Song's face, looking down at him.

Before, Huang Song was very arrogant. When he defeated Wuxi, he said that Wuxi was waste, and he didn't even have the courage to fight.

But now, in the face of Lu Ming, he is not the same.

Now Lu Ming returned this sentence to him, really ironic.

"Great princess, save me!"

Huang Song shouted and asked Princess Youning for help.

"Lu Ming, click to the end and close when you see it, don't go too far!"

At this moment, Princess Youning spoke.

"nonsense!"

Lu Ming looked at Princess Youning and yelled directly, "You are blind or your ears are deaf. When Huang Song killed people on our side, why didn't you say it until the end?"

"Also, but Huang Song just said to kill me, why don't you dissuade me?"

Lu Ming's ironic voice spread throughout the audience.

Make Princess Youning's face look unsightly.

"Come on, what are you, dare to talk to the princess like this, I'll give you up!"

A strong man from Youjia shouted and burst into a strong breath.

"What are you doing?"

Lord Luo, coldly speaking, glanced at the strong family, the other's face changed greatly.

"Brother, don't break the rules!"

The Luo family owner said coldly.

"sit down!"

The owner of the Yujia family glanced at the strongman of the Yujia family, and the other party could only converge and retreat obediently.

The two rivalries, once every 10,000 years, have been countless years. Naturally, there are rules, and others must not interfere.

Otherwise, the elders of You Luo Mo Guo will directly judge the party that broke the rules to fail.

"This kid, interesting!"

Lord Luo said with a smile.

"Good scolding, cool scolding!"

Luo Xuan laughed loudly and seemed very relieved.

This makes Princess Ning's face even more ugly.

"Now, send you on the road!"

Lu Ming looked at Huang Song.

"Don't..."

Huang Song struggled hard, his eyes full of horror.

However, Lu Ming's spear fell and pierced directly through his eyebrows, killing Huang Song.

At the scene, many people took a long breath.

Huang Song, dead, was killed by an unknown youth.

This Yuluo Moguo, the strongest arrogance outside the king's body, was killed in Lu Ming's hand without blocking a few moves, which made people terrified by Lu Ming's combat power.

"This kid, how is it so strong, how is it so strong?"

Ji Peng was terrified.

"Relax, if this kid touches me, I will avenge Huang Song!"

Ji Tian spoke indifferently, cold eyes, staring at the land.

Lu Ming seemed to feel something, looked back at Ji Tian, smiled lightly, and returned to the stands.

"There is hope!"

At this moment, some of Luo's strong men's eyes lit up and saw hope.

Although their number is small, now they see hope.

Because each side has a royal body.

If Lu Ming didn't meet Ji Tian, their two royal bodies would be the first to meet. If the two royal bodies, like You Ning Luo Xuan, suffered both defeats, they would have a chance of winning.

If the kings on both sides are both defeated, who is Lu Ming's opponent on the other side of the family, and Lu Ming alone can destroy the other side.

Obviously, the people of Youjia also thought of this, and their face was a bit gloomy.

Because of Lu Ming, the situation that allowed them to win the book steadily showed an unpredictable trend.

"Relax, they have no chance!"

Ji Tian spoke with confidence.

"Did you already..."

You Ning seemed to think of something, his face showing a happy look.

"Good!" Ji Tian nodded.

You Ning was ecstatic and took a breath. In this way, they won.

"Meet Lu Ming and kill him for me!"

Youning voiced Ji Tian.

If, as Ji Tian said, Lu Ming will meet Ji Tian sooner or later.

In the hearts of everyone, different thoughts were turned, but the competition continued.

When this round is over.

There are three people left on the Luo family.

And Youjia, there are nine people left.

A new round begins.

In this round, there was no much-anticipated war.

Lu Ming easily defeated his opponent, as did the Luo family.

But on the Luo side, the other person was also defeated by the opponent's master.

In this way, Luo left two people.

And Youjia, there are seven people left.

"Yujia II, Luoja II!"

When the veteran reported the number, everyone was excited.

Finally, the highlight came again.

Youjia No. 2 is Jitian, and Luoia No. 2 is the royal body called Longyan.

The royal bodies of the two sides are dueling again.

Ji Tian, in the past, claimed to be the first person of the young generation of You Luo Mo Guo, and Xiu Wei had already reached the holiest consummation.

However, Longyan may not be worse than him, and cultivation practice has long reached the holiest consummation.

The last time the two met was a few years ago, when the two fought hundreds of moves, and finally Long Yan lost to Ji Tian by one move.

But in the past few years, anything can happen. Now Jitian may not be able to overcome Longyan.

"I finally got it!"

The Luo family's strongman, his eyes lit up, his face glowed with joy.

Finally, before Lu Ming met Ji Tian, the two royal bodies met. This is what they are willing to see and the only hope they can win.

As long as Ji Tian and Long Yan are both defeated, Lu Ming will be able to sweep the rest of the Yu Family, and this time, the Luo Family will win.

"Dragon Flame, this battle does not seek to win, but Ji Tian will not win!"

The head of the Luo family gave a message to Long Yan.

Long Yan nodded and set foot on the battle platform.

Ji Tian also set foot on the battlefield.

"Long Yan, a few years ago, you were not my opponent, and today, you will not be my opponent!"

Ji Tian opened his mouth, showing strong self-confidence and an invincible faith.

"not necessarily!"

Long Yan said indifferently, and then stepped out, a terrible flame filled his body.

This kind of flame is an extremely terrible law of flame, called the law of destruction of skyfire, and it is also a rule of kingship.

"Six prisons!"

Ji Tian whispered that six worlds appeared around his body.

A **** monstrous sky, a boundless magic energy, a murderous sky...

"It turns out to be the rule of six prisons!"

Lu Ming's eyes moved.

Chapter 2033: Has the win or loss been set?

The law of six prisons is actually similar to the law of reincarnation.

However, one is the strongest rule, and the other is the rule of kingship. It is far worse in power. The rule of six prisons is a bit like a simplified version of the rule of reincarnation.

Six worlds, covering Ji Tian, makes him like a demon.

"Look at the six prison rules I burned!"

Long Yan Changxiao, the flames soaring into the sky, like a **** of fire, a flame spear appeared in his hand, killing Xiangtian.

The spear pierced, and a terrible spear pierced Jitian, puncturing his six prison rules.

"Six Prison Fist!"

Ji Tian stepped forward and punched his fists, as if driving six pieces of world. The six pieces of world turned into fists and drove towards Longyan.

boom!

The spear and the fist bombarded together, making a violent roar.

Longyan's law of destruction of skyfire can burn everything. It has the power of destruction. It is terrible, not weaker than the rule of the six prisons. In the roar, the two retreat at the same time.

But then, the two figures rushed towards each other and fought together.

The fighting power of the two was between Bozhong and Zhong. A few years ago, the two had fought hundreds of moves before deciding the outcome.

This time, the same is true.

In a blink of an eye, the two fought dozens of battles and were still tied.

"There is hope!"

Luo's strong man's eyes lit up.

If you go on like this, it is very likely that you will lose the same defeat as the princess Youning and the little princess Luo Xuan.

Previously, they were afraid of encountering such a situation, because under the royal body, they were not opponents of Youjia.

But now, they look forward to this situation, because there is Lu Ming.

The powerhouses of Youjia are just the opposite. This is extremely detrimental to their homes. The powerhouses of Youjia are a bit gloomy.

Ji Tian and Long Yan, the two clashed fiercely, and in a blink of an eye, dozens of moves passed.

boom!

With a violent roar, the two retreated.

"Ji Tian, I said, after a few years, you can't win me!"

Long Yan opened his mouth, sounded like a Hong Zhong, and a terrible flame was about to rush into the clouds.

His eyes were shining, as if he had a bad breath in his heart.

"Oh, Long Yan, you are really naive!"

At this time, Ji Tian smiled faintly, and his voice was full of irony.

"What do you mean?"

Long Yan's eyes were fixed, and he didn't know what to do. When he saw Ji Tian's smile, he felt a bad feeling in his heart.

Isn't Ji Tian not using his full strength yet.

"Then I will show you, my true strength!"

Ji Tian sneered and stepped out.

Buzz!

A halo diffused from Ji Tian and surrounded Ji Tian as if it were a god.

"The light of the law, you cultivate the light of the law!"

Long Yan's pupils contracted sharply and shouted unbelievably.

boom! boom! ...

At this moment, the strong of the Luo family and the strong of the quiet family could not restrain the inner vibration, stood up from the seat, and filled with a strong breath.

However, the mood of the two people is very different.

"Hahaha, the light of the rule is the light of the rule of kings. There is no suspense in this battle!"

The strong of Youjia laughed, excited, and ecstatic one by one.

The Luo family was unbelievable, and finally, they sat back heavily on their seats, as if they were full of strength, disappearing without a trace.

The light of the law!

Ji Tian actually made the light of the law, and this battle has no suspense.

Longyan is definitely not Ji Tian's opponent, and is also the king body. There is a great difference between the light of the law and the light of the law.

Long Yan was defeated, Lu Ming, naturally defeated.

"How could this be?"

Luo Xuan, also unable to speak.

Originally, she seemed to see the dawn of victory, because Lu Ming is also the king, and they are very likely to win the battle.

However, she never thought that Ji Tian actually cultivated the light of the law.

It is extremely difficult for the king body to cultivate the light of the law, but once it is cultivated, it will far exceed other king bodies.

"Ji Tian, really made the light of the law!"

At this moment, You Ning's face was full of smiles.

She secretly rejoiced that she did not offend the Ji family because of Lu Ming.

The Ji family is not only the marshal of the country, but Ji Tian's talent is even more amazing.

Although Lu Ming's strength is not bad, compared with Ji Tian, it is one day and one land.

At this moment, she was very relaxed. Before her, there was a trace of regret to expel Lu Ming, and she disappeared without a trace.

Lu Ming, after all, is difficult to influence the overall situation.

"Youjia, you will win!"

People who watched the battle all around also sighed.

It seems that Youjia will continue to control Youlu Moguo.

boom!

On the battle platform, Ji Tianshi exhibited the light of the law, the breath was stronger, and he was oppressed towards Longyan.

"Dragon Flame, do you still want to fight?"

Ji Tian asked indifferently, high above.

"war!"

Long Yan gritted his teeth, holding a flaming spear, and killed Ji Tian.

"If you don't try your best, then I will show you how powerful the light of the law is. Let me see that there is no gap between the light of the law and the light of the law!"

Ji Tian punched out, and the power of the light of law was blessed on the strength of the punch.

boom!

This punch, and Long Yan's spear, hit together.

Buzz!

Long Yan's spear vibrated and buzzed. The law of destruction of Skyfire above was trembling. The next moment, the law of destruction of Skyfire was destroyed by Longyan. The terrible power made Longyan's body recede for ten consecutive times. Only a few steps before we stand firm.

puff!

Long Yan's body trembled, and a sip of blood spewed out.

There was a trace of horror in his eyes.

He is not an opponent at all, and was injured by the opponent in one move.

boom! boom!

Ji Tian fisted continuously, but two fists came out. Although Long Yan struggled to resist, he lost to the enemy and was completely suppressed.

After two punches, Long Yan spit out another blood.

"I lost!"

Long Yan shook his head, his face was lonely, his figure moved, and he rushed out of the battle platform and rushed off the battle platform.

He knew that it would be useless to go on fighting. It could not be Ji Tian's opponent, and he would only humiliate himself.

"Lost again!"

The Luo family heads, including other strong Luo families, sighed weakly.

They lost again, and in the next ten thousand years, Youjia will continue to control You Luo Mo Kingdom.

They lost three times in a row and they were a little unwilling.

If they continue this way, their Luo family will walk into the submerged, and it will be more difficult to compete with Youjia in the future.

The people of the secluded family are naturally ecstatic.

"Brother Luo, do you want to continue to compare?"

Youjia head of the family, with a smile on his face, looked at the head of the Luo family.

He was naturally happy, and the Yu Family won. He will continue to be the Lord of the Yu Luo Mo Kingdom and dominate the side.

In his view, there is only one Lu Ming left in the Luo family. It is no longer necessary to compare. Lu Ming is stronger, can he still fight Ji Tian?

"Sovereign, I follow the rules, this competition is to be compared to the end, until one of them is defeated!"

Ji Tian clenched his fists towards the owner of the Youjia family.

He hasn't killed Lu Ming yet and avenged Huang Song. How can he let the contest end earlier?

Chapter 2034: Come on, royal body

"Haha, seeing me confused for a while, it is true, the contest will continue, continue!"

The owner of the Youjia laughed.

Lu Ming also smiled.

Even if the other party wants to end the competition early, he still does not agree.

Next, the competition continues, but everyone, there is not much spiritual attention.

They all think that the ending has been fixed and continue to test, but just follow the rules and walk through.

"If Lu Ming is smart, he will deliberately rush to the platform to admit defeat when he meets other people. If he does not meet Ji Tian, he will have no chance!"

"Well, if I were Lu Ming, I would do the same!"

Many people seem to have speculated the result. Wait a minute, Lu Ming will definitely rush down the battle platform to admit defeat.

The elders continued to draw numbers, and Lu Ming told a young and lanky young man.

The two embarked on the battle platform.

"Boy, let me solve you!"

The skinny young man was proud, and he also thought that Lu Ming would take the initiative to rush down the battle platform to admit defeat, otherwise Lu Ming would not be over if the next game touched Ji Tian.

Therefore, he boldly rushed to Lu Ming and rushed towards Landing Ming.

Then he saw a fist, quickly zoomed in front of his eyes, and then bombarded the bridge of his nose heavily.

Click!

The nose of the skinny young man broke his nose and screamed, his body flew away from the distance, flew a few hundred meters, and fell on the battle platform.

This...

Many people were shocked.

They originally thought that Lu Ming would take the initiative to rush down the battle platform to admit defeat. Unexpectedly, Lu Ming also directly started.

"Perhaps, he is a good face, want to win a game to admit defeat!"

"Oh, in case of bad luck, Ji Tian will meet in the next game, and some regret it!"

Some people sneered.

Uh!

Lu Ming rushed to the side of the thin young man, kicked out, and kicked the thin young man off the battle platform.

Lu Ming won this game.

However, the Luo family only shook their heads slightly, and won or not won't change the final result.

In this way, there is only one Lu Ming left in the Luo family, and six people left in the You family.

The contest continues, but then the number is drawn, only the people of Youjia are needed, and whoever draws it will fight Lu Ming.

"You Family, Number 47!"

The veteran announced that a young woman from Youjia came to power.

Many people began to speculate again, wondering whether Lu Ming would admit defeat in this round, because the further he went, the greater his chance of encountering Ji Tian.

Many people think that Lu Ming wants to win a game, then admit defeat and save a little face.

However, Lu Ming directly started, and the two moves drove the young woman off the battle platform.

"I still don't admit defeat, I really want to lose face!"

"Oh, wait for Ji Tian to see how he regrets!"

Some people sneered.

The competition continued, and the next person, still not Ji Tian, was easily defeated by Lu Ming.

I don't know if it's luck, the next few people are not Ji Tian, all Lu Ming defeated.

There are only two people left on the court of You Family, that is Ji Tian, and the other one is actually Ji Peng.

"Lu Ming doesn't admit defeat, does he really want to fight Ji Tian?"

Up to now, some people have changed their minds, because Lu Ming has always refused to admit defeat, so if you continue this way, you must meet Ji Tian.

"How is it possible? He and Ji Tian had no chance of escaping from the battle platform, and he would definitely be killed!"

"I don't know what he thinks, it's really crazy!"

There was a lot of discussion on the spot, but Ji Peng's face was hard to look at.

Lu Ming does not admit defeat, and will not touch him in the next game.

He kept praying in his heart, praying for the next game, Lu Ming met Ji Tian.

It's a pity that things did not work!

"You Family, No. 9, Ji Peng plays!"

The veteran pulled out the number and called.

"hateful!"

Ji Peng roared in his heart.

How is he? Why Lu Ming can't touch Ji Tian all the time.

Many people are speechless.

Lu Ming's luck is also very good. It has been strange that Ji Tian has never met Ji Tian.

Lu Ming stepped onto the battle platform, looked at Ji Peng, smiled lightly, and said, "Come down!"

Ji Peng gloomy face, stepped on the battle platform, looked at Lu Ming, said: "Lu Ming, I advise you to admit defeat, otherwise, you will die very badly when you meet my brother in the next game!"

Ji Peng now has a complicated heart.

He naturally hoped that Lu Ming would meet Ji Tian and then be killed by Ji Tian.

However, if Lu Ming continues to fight, he will be miserable!

"Are you thinking about me? I can't figure it out, but I beat you up badly!"

Lu Ming deliberately showed surprise.

Ji Peng gritted his teeth and shouted in his heart. If I were to face you in this scene, would I think about you?

But now, he can only say against his heart: "The things that happened in the past have passed, I think you are still a personal talent, hurry up and admit defeat!"

"Acknowledge defeat? Forget it, my plan is to brutally flatten you, and then brutally flatten your elder brother!"

Lu Ming smiled, and compared his fists.

"madman!"

Ji Peng roared, then suddenly turned around and rushed down the battle platform.

But when Lu Ming moved, he caught up with him, photographed with a palm, and Thunder shone like a big net, looming down towards Ji Peng.

Ji Peng tried his best to fight, but when the Thunder fell, all his attacks collapsed.

Zizi...

Ji Peng was full of thunder, and all the black snakes were swimming away.

Snapped!

Lu Ming then slapped a fan, and the fan was on Ji Peng's face. Ji Peng screamed, blood spewed out his teeth, and more thunder covered Ji Peng.

His hair stood upright, with seven holes emitting white smoke, like a charred, miserable.

In the stands, You Ning, Ji Tian, and Ji Tian's father, the marshal of Zhen Guo, all looked extremely ugly.

In their view, Lu Ming was insulting Ji Peng by hitting them in the face.

"How did he treat Ji Peng, wait a minute, I will return ten times!"

Ji Tian gritted his teeth.

Lu Ming buckled Ji Peng's neck and stepped towards the edge of the battle platform step by step, then threw Ji Peng off the stand.

He randomly extended a finger, pointed at Ji Tian, and ticked his finger, saying, "Come on, King!"

Uh!

Ji Tian couldn't help it anymore and rushed directly to the battle platform.

Anyway, there is only one person left on the Youjia side, there is no need to draw a number at all.

"This Lu Ming, really want to fight Ji Tian, where did he get the courage?"

"It's weird, is it possible that Lu Ming still has a hole card?"

"This is a fair battle. Emperor soldiers are not allowed to use. He is not a king. How can there be any cards?"

Many people have argued, and it is really impossible to guess what abacus Lu Ming is playing.

With Ji Jitian's combat power, Lu Ming is a mortal situation for Shang Jitian. Why didn't he admit defeat earlier, and still have to stand still until now?

Is it to humiliate Ji Peng, but you can't commit your own life!

Many people are curious, looking at the battle platform, wondering what will happen to Lu Ming.

Chapter 2035: He is king

Ji Tian's eyes were extremely cold, and six worlds emerged, with a terrible breath, and continued to hit the landing, like a violent wind.

"Now, you want to admit defeat, there is no chance!"

Ji Tian spoke indifferently.

"Who said I'm going to admit defeat? It's really ridiculous. I haven't said that I want to admit defeat from beginning to end. Don't speculate about it?"

Lu Ming pouted.

"That's right, I will let you kneel on the battle platform and beg me for mercy!"

Ji Tian opened his mouth indifferently and walked step by step. The six worlds followed him. He seemed unhappy, but in fact he was almost to the extreme. In an instant, he came to Lu Ming.

boom!

With one punch, one of the worlds of blood prison, with Ji Tian's fist burst out, as if a sea of blood enveloped Lu Ming, **** nose.

Zizi...

Lu Ming's fist was sizzling, and the black thunder filled, and the same punch came out.

boom!

The two fists intersect, and the sky looks like a big drum, violently shaking, a circle of thunder and blood, bursting out into the four directions.

A figure swayed, stepped on the battle platform, and backed off again and again.

This retreating person is actually Ji Tian.

The scene calmed down suddenly, countless people were dumbfounded, looking at the battle platform in disbelief.

Lu Ming, actually in a head-to-head confrontation, one boxing back Ji Ji, how is this possible, what is going on?

Lu Ming's cultivation practice is that he is only weaker than Ji Tian, and is not a king. How can he repel Ji Tian.

This is incredible!

"Ji Tian, don't care, use more power!"

At this moment, the voice of the housekeeper of Youjia spread throughout the audience.

What he meant was that Ji Tian was just too careless and didn't use all his strength before he was repelled by Lu Ming.

Many people nodded, it should be like this, otherwise, Lu Ming can repel Ji Tian.

But Ji Tian's eyes were very dignified, and his heart turned over.

Others thought he was careless, only he understood how strong Lu Ming's punch was.

The divine power is endless, no weaker than him, and the power of Lu Ming's spirit body is even more terrifying.

He didn't use his full strength just now, but Lu Ming's power really shocked him.

"Six Prison Fist!"

Ji Tian screamed, the six worlds burst into different breaths, and turned into terrible punches, soaring toward the landing.

The power is indeed much stronger than it was just now.

"Come well!"

Lu Ming did not retreat, stepping forward, and punching out one punch at a time. Each punch was filled with thunder, and the fist wrapped in Landing Ming was like a fist.

bump! bump! ...

The two sprinted quickly, and they exchanged dozens of tricks in a blink of an eye.

However, Lu Ming did not show the slightest weakness, but vaguely prevailed.

This time, everyone was shocked.

People including Youjia and Luo's were shocked.

Even the heads of the two tribes, some powerful real emperors, were extremely shocked.

It is not a royal body, and the cultivation base is still weak, and it can actually fight Ji Tian. This kind of combat power, even if they are, is unheard of.

"So strong?"

Luo Xuan, Wuxi and others were stunned at first, but then their eyes lit up.

They knew that Lu Ming was a royal body, and he controlled the rules of the kingly way. Now that the rules of the kingly way weren't out, he was able to resist Ji Tian. Once the rules of the kingly way came out, he could really win.

They thought that there was no hope anymore, but now they see hope.

You Ning's face is extremely ugly, she is very unhappy, because Lu Ming was her first, but she was expelled from the back.

"No matter how strong it is, I want a victory in the end result. Ji Tian and the light of the rule are useless and will definitely win. I chose Ji Tian, nothing wrong!"

Younging admonishes herself in her heart.

boom!

Lu Ming and Ji Tian did another trick, both of them backed away.

The difference is that Lu Ming stepped back five steps, and Ji Tian, stepped back seven steps.

Ji Tian's complexion was somber.

He was so majestic that he fought with Lu Ming like this. Today, his face was a big loss. Today, he must use Lu Ming's blood to wash away his shame.

"Lu Ming, your combat strength is indeed beyond my expectations, but you still have to lose!"

Ji Tian shouted, the light of the law filled out, surrounding his body, making his breath stronger.

boom!

With the blessing of the light of the law, the weather of Ji Ji increased greatly, and a punch came out, and the six pieces of the world followed the punch and pressed against Lu Ming.

Lu Ming waved his fist and collided with Ji Tian again.

bump!

Lu Ming seemed to be hit by a terrible force, and his figure drifted back.

"such a pity!"

The strong of the Luo family sighed.

If Ji Tian cultivates the light of the law, they are very likely to win the Luo family in this battle.

But Ji Tian cultivates the light of the law, unless the Son of God appears, or someone in the younger generation enters the Quasi-Emperor Realm, otherwise no one is Ji Tian's opponent.

But how many people are there in the Son of God, in the land of all demons?

The quasi-imperials under the age of fifty, they also did not have the demons.

Others shook their heads slightly, thinking Lu Ming was defeated.

"Kneel me down!"

Ji Tian's first move prevailed, and his momentum was like a rainbow, and he continued to oppress the landing sound, and he wanted to blow up and defeat Lu Ming.

"The light of the law is really powerful!"

Lu Ming pouted, his face still calm.

At this time, he raised his hand and pointed out.

This finger, instead of a black thunder, is replaced by endless runes.

Roar!

The endless runes form a true dragon, the true dragon screams to the sky.

boom!

When the real dragon's claws tear, Ji Tian's fist strength is torn open, and the dense runes run towards Ji Tian.

Ji Tian shouted in shock, the six-piece world kept shaking, and various breaths broke out, blocking the endless runes.

"The rule of kingship, you are the king!"

Ji Tian's roar resounded through the audience.

Quiet! At the scene, he fell into a dead silence.

Everyone was dumbfounded and unbelievable.

Royal body, Lu Ming is actually royal body?

So how did he use the magic thunder just now?

One person, control two laws? how is this possible? Not Emperor Wu.

Many people find that their brains are short-circuited.

But looking at Landing Ming, surrounded by dense runes, they clearly realized that Lu Ming, really controls the rules of the kingly way, really is the royal body.

"The rule of formation in the rule of kings, haha!"

The head of the Luo family suddenly laughed.

All of today is really beyond his expectations.

Lu Ming is actually a royal body. It was so strong that he did not use the rule of kingship just now. Now that he uses the rule of kingship, how strong should he be?

"Xuan'er, you have known for a long time, is Lu Ming the king?"

The head of the Lu family looked at Luo Xuan.

Luo Xuan nodded and said, "Although I have known for a long time that he is a royal body, I don't know that his fighting power is so strong!"

Indeed, the general royal body, how can such a strong combat power.

Chapter 2036: Do you regret it?

Click!

You Ning crushed the white jade gold cup in her hand, her eyes were extremely cold.

Lu Ming was actually a royal body, and she never expected it.

I knew that Lu Ming was the king, and she had such a strong fighting power. At the beginning, she would have to consider it carefully.

"Ji Tian, I will win!"

Younging shouted in her heart, admonishing herself like this, but her clenched fists showed how nervous she was.

At this moment, Ji Peng had sobered up and was also shocked.

"King, there is nothing remarkable!"

Lu Ming spoke lightly.

"Lu Ming, don't think that controlling the rules of the kingly way can win me. Without the light of the rules, everything is false, kill!"

Ji Tian yelled, broke out with full force, and slammed towards the landing.

The law of the six prisons, the light of the law, the magical power, were urged to the extreme by Ji Tian.

"It's over!"

Lu Ming whispered and pointed out again.

The runes filled, another real dragon came out and threw towards Ji Tian.

This real dragon contains three volumes of nine volumes.

In the previous finger, Lu Ming only used the phantom roll and the seal roll.

And for this finger, Lu Ming directly used the Destruction Volume, the Illusion Volume, the Seal Volume, and the three volumes merged into one. The power of this trick directly chased the chaotic finger.

boom!

When the real dragon collided with Ji Tian, the terrible power directly tore Ji Tian's fist, endless runes, and rushed towards Ji Tian crazy.

Ji Tian's body thundered, his body flew backwards, and he was spitting blood in the air.

He tried his best to fight against the seal of the rune, but by this time, Lu Ming had approached him very quickly.

Then, another finger pointed out.

This time it was not a real dragon, but a giant elephant.

The body of the giant elephant is like a hill, and its legs are like a pillar of heaven.

bump!

An elephant leg stepped on Ji Tian's face, Ji Tian was instantly ignorant, and his body was like a huge stone, hitting heavily on the battle platform, and the battle platform smashed continuously.

Ji Tian lay on the battle platform, twitching all over his body, with blood constantly pouring out of his mouth.

Ji Tian was defeated and beaten into a dead dog.

At the scene, everyone's eyes widened and there was no reaction for a while.

Ji Tian, formerly known as the first master of You Luo Mo Guo, now has the light of the law, and his strength is more powerful.

But such strength was defeated by Lu Ming, and Lu Ming's cultivation behavior was even lower.

Cultivation is even lower. It is really incredible to be able to defeat Ji Tian before cultivating the light of the law.

Lu Ming stepped out and came to Ji Tian.

Although Ji Tian was seriously injured, he still stared at the eyes and stared at Ming Ming fiercely. He wished to unload Lu Ming.

"Look at what? I said, king body, there is nothing great, the light of the law, there is nothing great!"

Lu Ming sneered, revealing a slight disdain, then kicked out, kicked on Ji Tian's face, kicked Ji Tian off the battle platform.

Lu Ming didn't kill Ji Tian. After all, here is You Luo Mo Guo, Ji Tian's father, and many strong men of You Family were present. If Lu Ming killed Ji Tian, I'm afraid the other party would not let him go.

Now Heavenly Emperor's physical energy is insufficient, and his purpose is to go to the ancient demon kingdom, there is no need to cause more trouble.

"Okay, okay! Hahaha!"

The head of the Luo family, as well as many masters of the Luo family, got up and laughed.

Luo family, won!

In the next ten thousand years, the Luo family will be in charge of You Luo Mo Guo.

Before, when Ji Tianshi exhibited the light of the law, they thought that the Luo family had lost, and they were already desperate. They planned to wait another 10,000 years and make a comeback next time.

Unexpectedly, Lu Ming suddenly exploded, first showing strong power, and then showing the rule of kingship, defeating Ji Tian in one fell swoop and winning.

How can they not be happy or laugh with such unexpected things?

Luo Xuan, Wuxi and others were also full of smiles.

The people of Youjia are quite the opposite.

The situation that was originally a win-win situation, but in the end was defeated, completely lost in the hands of one person.

"That kid..."

Some masters of Yujia, and Ji Tian's father, looked at Lu Ming with cold eyes.

They were all Lu Ming, and they were defeated.

"What the **** is this kid, I have never heard of this character before!"

Some people said unwillingly.

Everyone was silent.

bump!

Princess Youning, the jade hands of white flourish jade, the green bars are exposed at this moment, and the handle of the seat is crushed.

She was angry, Lu Ming, who was originally her guest secretary, but was expelled from the Grand Princess Mansion by himself.

"Sister Ning, I really want to thank you!"

At this time, Luo Xuan looked to You Ning, a clear voice spread throughout the audience.

Many people were stunned and wondered what Luo Xuan meant!

"Luo Xuan, shut up!"

You Ning cried.

"Why? I'm afraid I'll say it and lose face? But I just want to say it!"

Luo Xuan raised his lips slightly and said, "I heard that before Lu Ming, but your sister Qingning, you were expelled from the Princess Palace, so he came to me!"

what?

At the scene, all the people who didn't know it were stunned.

Lu Ming, who was originally the guest secretary of the big princess, was expelled from the princess palace by the big princess, so Lu Ming turned to the little princess.

You Ning, this is equal to victory, giving up.

If Lu Ming is in the Princess Palace, then this time there will be no suspense in the contest, and you will win.

You Ning's complexion was even more ugly.

Many of Youjia's faces are also ugly.

There is such a thing.

"And, I also heard that it was because Lu Ming offended the Ji family. In order to stabilize the Ji family, you expelled Lu Ming from the Princess Palace. Perhaps in your eyes, the Ji family, or Ji Tian, the king Body is more important than Lu Ming, right, Sister Youning!"

Luo Xuan continued to speak, two tiger teeth exposed, full of cunning color.

You Ning's complexion makes her very happy!

It turns out so!

Everyone suddenly realized.

It turned out that Lu Ming had offended the Ji family, and the big princess expelled Lu Ming in order to stabilize the Ji family.

After all, at that time, the big princess needed Ji Tian's help to win this competition.

At that time, in the eyes of the Grand Princess, Ji Tian's value should be far above Lu Ming.

But the fact?

But it was You Ning, who handed the victory to the Luo family, and Ji Tian, who valued her, was beaten into a dead dog by Lu Ming. How ironic is this?

Youjia strong man, as well as Ji Tian's father, and Ji Tian's uncle, their faces are extremely ugly.

"Sister Youning, don't know what you think now? Do you feel regretful?"

Luo Xuan's voice rang again.

"enough!"

You Ningjiao drank abruptly, got up suddenly, glanced at Lu Ming coldly, and then went away.

Luo Xuan caused a smirk.

She and Youning have fought each other since childhood, and at this moment you can see the expression of Youning, she is very happy.

Chapter 2037: To the ancient demon kingdom

"In this competition, the Luo family won, and in the next ten thousand years, the Luo family will be in charge of the You Luo Demon Kingdom!"

Then, the veterans of You Luo Mo Guo announced.

Youjia family, the face is extremely gloomy, he is very unwilling.

But this is the tradition of You Luo Mo Guo inheriting the endless years. Even if he dare not dare, he will also hand over the throne of the sovereign.

Unless his Yujia's strength can crush the other forces of Yuluo Moguo, he can break the tradition, but obviously, Yujia can't do it.

In the end, he could only surrender the scepter representing the sovereign.

Next, there will be nothing Lu Ming.

He sat on the stands and watched faintly.

Next is the Luo family master took the scepter, and then a series of ceremonies, began to control the You Luo Demon Kingdom.

At the end of the ceremony, it was a feast, and when everything ended, it was the next day.

After a few days, Luo Xuan brought a pile of treasures, saying that it was a reward for Lu Ming, and Lu Ming accepted it with no mercy.

In the following days, calm was restored.

Lu Ming stayed in the little princess palace and practiced quietly.

However, Luo Xuan often came to Lu Ming, and his name was to learn from each other. Of course, every time Luo Xuan suffered a terrible defeat.

Time passed, and a month and a half passed.

On this day, Luo Xuan found Lu Ming, and they were going to the ancient demon kingdom.

In half a month, it will be the Lord of the Ancient Demon Kingdom who will hold a big feast to celebrate that he has survived the world and can live for more than 300,000 years.

At that time, all demons belonging to the ancient demons will send people to Heshou.

You Luo Mo Guo, belongs to the ancient Mo Mo.

"Are you finally going to the ancient demon kingdom!"

Lu Ming whispered, so that he was one step closer to the ancient coffin.

"You Ning, they went to the Ancient Demon Kingdom a few days ago!"

Luo Xuan said.

Lu Ming nodded and followed Luo Xuan to a teleportation array.

The head of the Luo family, personally led the team, a team of hundreds of people, and some young Tianjiao, entered the teleportation array together.

First of all, they came to the Acropolis outside the ancient kingdom of demons, and then flew towards the ancient kingdom of demons.

The ancient demon kingdom, one of the two super demon kingdoms of the land of the devil, is a real giant, and the country is extremely majestic, not worse than the emperor city in the land of Yuanshan.

In the Land of Ten Thousand Demons, there are two super demons and ten top demons.

Naturally, this is divided into two camps, two super demon kingdoms, which are hostile to each other, each super devil kingdom, under his command, controls a large number of inferior devil kingdoms, medium devil kingdoms.

There are also five superior demon kingdoms under their control.

You Luo Moguo, as one of the five great demon kingdoms under the ancient Moguo, is naturally highly valued. When they first arrived, some people received them and arranged accommodation for them.

In a blink of an eye, they have come to the ancient kingdom of the demon kingdom for three days.

"Lu Ming, the little prince of the Demon King's Mansion, set a banquet today to feast the arrogance of all countries. Let's go and see together?"

Luo Xuan found Lu Ming and said.

"Little Lord of the Demon King's Mansion?"

Lu Ming was slightly surprised.

"The ancient demon kingdom is one of the two super demon kingdoms in the land of the devil, and it controls the endless small countries, and many small countries are inextricably linked to some powerful families of the ancient demon country!"

"The Cang Mo Wang Mansion, on the side of the power of the ancient devil kingdom, our Luo family, and the relationship with the Cang Mo Wang Mansion are not bad. This Cang Mo little king feasting the world's arrogance is also a close relationship!"

Luo Xuan explained.

Lu Ming nodded, as long as there are interests anywhere, there will naturally be interests.

"Moreover, every time the Lord of the Ancient Demon Kingdoms survives the catastrophe and holds a banquet, it will make the younger generations of the countries compete with each other. Those who perform well will be rewarded, so in advance, the countries will meet and understand each other. It is normal to look at each other's strength!"

Luo Xuan said again.

Lu Ming's eyes lit up.

The master of the ancient devil kingdom will let all countries fight against each other, which is an opportunity for Lu Ming.

If the performance is excellent, it attracts the attention of the ancient devil kingdom, perhaps it is a step closer to borrowing the ancient devil coffin.

"Okay, let's go check it out!"

Lu Ming nodded.

Immediately, Lu Ming and Luo Xuan merged with some other celestial creatures in You Luo Demon Kingdom, such as Wuxi and others, and headed towards Cang Mo Wang's Mansion.

Of course, You Ning, Ji Tian and others did not join them.

You Ning, Ji Tian, and others, came to the ancient kingdom of the Demon Kingdom earlier than them. They have different networks.

Soon, they came to a vast mansion, and some people received them and led them into a wide courtyard.

In the courtyard, there are many tables and chairs, and many people have arrived at the moment.

All are young people.

"Have seen Princess Luo Xuan!"

When Luo Xuan arrived, many young people saluted Luo Xuan.

You Luo Mo Kingdom, but it is a superior Mo Kingdom, and among the five superior Mo Kingdoms under the ancient Mo Kingdom, they are all among the best. These young people are all from the middle Mo

Kingdom, the inferior Mo Kingdom, the identity and Luo Xuan The difference is very far, and see Luo Xuan, naturally have to salute.

Luo Xuan smiled and nodded, greeted everyone, and sat down on a table above.

"Lu Ming, sit here!"

Princess Luo Xuan smiled and pointed to a stool beside her.

Lu Ming was also polite and sat down beside Luo Xuan.

Wuxi and others sat behind Luo Xuan and Lu Ming.

Many young people looked at Lu Ming curiously.

Actually sitting side by side with Princess Neng Luoxuan, who is this person?

"Hahaha, Luo Xuan, we haven't seen you for a long time!"

With a hearty laugh, a young man in purple robe stepped forward.

This man is quite handsome and has an extraordinary demeanor. Behind him, he also follows some young people.

"Have seen the little prince!"

Seeing this young man, all the young people quickly got up and saluted.

Lu Ming and Luo Xuan also got up and arched their hands.

This person is the little prince of the Demon King's Mansion.

Cang Mo Wang, but an extremely terrible existence, is said to be the same generation as the current master of the ancient demon kingdom. The relationship between the two is extraordinary.

Therefore, Cang Mo Wang, in the ancient Demon Kingdom, is very powerful.

As the grandson of the demon king, the little prince has a distinguished identity, which is naturally not said, and he is also a terrible arrogance.

"You don't need to be polite, please sit down!"

The little lord waved his hand, looked at Luo Xuan, and said with a smile: "Princess Luo Xuan, I haven't seen you in a few years, your cultivation is getting deeper and deeper. If you go on like this, I'm afraid I will not be your opponent in a few years!"

"Little Lord, you're welcome, the ancient Demon Kingdom, who doesn't know the talent of Little Lord, will Luo Xuan be the opponent of Little Lord!"

Luo Xuan said modestly.

"Who is this..."

The little prince's gaze looked at Lu Ming, he could sit with Luo Xuan, he was naturally curious.

However, when he looked at Lu Ming carefully, his face suddenly sank.

Lu Ming frowned slightly, just now, he felt a murderous opportunity from the other party.

Lu Ming wondered, and he only met each other for the first time. How could the other party kill him?

Chapter 2038: To kill Lu Ming

"His name Lu Ming..."

Luo Xuan introduced Lu Ming.

"Princess Luo Xuan, what is the relationship between this person and you?"

Asked the little prince.

"It's my guest secretary, little prince, do you know Lu Ming?"

Luo Xuan also felt something wrong and asked.

"It turned out that it was only Guest Secretary, Princess Luo Xuan, can you give him to me!"

The little prince's eyes moved, revealing a stronger murderous.

"Little prince, he is my guest secretary, I will be responsible for him, you let me give him to you, why?"

Luo Xuan frowned more and asked.

Other young people seemed to feel the atmosphere was wrong, holding their breaths one by one, not even dare to breathe.

"kill!"

The little prince spoke indifferently, and the murderous opportunity came out unabashedly, saying, "This person must die!"

"Little prince, is there any misunderstanding?"

Luo Xuan said, and secretly, Lu Ming again, asked: "Lu Ming, when did you offend Cang Yan this person?"

Cang Yan is the name of the little prince.

"I met him for the first time!"

Lu Ming frowned and sent a voice to Princess Luo Xuan.

He was also baffled. He had never seen Cang Yan before. I really didn't understand why Cang Yan would kill him as soon as he saw him.

"Misunderstanding? As long as my brother-in-law's sons and daughters of the Devil's Mansion will plant a kind of mark on them, as long as they are killed, this kind of mark will be attached to the person who killed him. Mark, is this a misunderstanding?"

Cang Yan spoke indifferently.

Everyone moved their hearts and understood.

Lu Ming This is the heir to the Cang Demon King's Mansion. The other party's mark is attached to him, and he is induced by Cang Yan.

No wonder Cang Yan sees Lu Ming and will kill him.

Lu Ming raised his eyebrows, and he suddenly thought of it. Soon after he came to the Devil's Land, he practiced in one place, and a group of people went to seize the Devil's Origin and was finally killed by him.

Among them is a young man who once yelled that he was a man of the ancient demon kingdom. Was that man the heir to the Clan Demon King's house?

This is too coincident!

Moreover, he had encountered such a mark of Cang Mo Wang Mansion.

Thousand Kills Mansion, a terrible killer organization, as long as it kills the people of Thousand Kills Mansion, there will be a mark of killing, which is attached to the body. At first, Lu Ming asked the Phoenix Palace Master to pull it out.

This mark of Cang Mo Wang Mansion is very similar to that of Qianshen Mansion.

Luo Xuan's brows also frowned, and said, "Little Lord, will there be something wrong?"

"Absolutely not. A few months ago, my cousin, who was trained outside and was killed by someone, should have been killed by this person!"

"Luo Xuan, this person is just a guest secretary, you don't have to deal with this matter!"

Cang Yan said, then waved his hand.

Uh!

Behind Cang Yan, a young man rushed out, a sword light bloomed, and drove towards the landing.

Jianguang Senhan, this is to seal the throat with a sword.

"ruling!"

Luo Xuan whispered and played a ruling force, defeating the opponent's sword light.

"Princess Luo Xuan, do you want to protect this person? For the sake of a guest secretary, I turned over with my demon king's palace, do you think it's worth it?"

Cang Yan's face sank down and revealed a threat.

"A few months ago, I did kill one person, but that person, who wanted to fight for a treasure, and couldn't help but tell me, he would have to deal with me, how can I not return it?"

At this time, Lu Ming spoke.

"It turns out that it's normal for little prince, in my land of all demons, no matter who it is, to practice abroad, compete for treasures, and be beheaded."

"The Devil's Land, originally spoke with strength, and strength is not as good as people. Now it's revenge, which makes people laugh!"

Luo Xuan refused to move, and said with a cold face.

In the Devil's Land, fighting constantly, respecting martial arts, weak meat and strong food, no matter who it is, who is practicing outside, he is ready to be killed.

This is the rule of the magic land!

"Well, there are several quasi-imperials following my cousin. Can he deal with several quasi-imperials? It is estimated that he used a mean method to murder my cousin. So, let him deal with me if he can. Insisting on ten undefeated moves in my hand, I recognize him as having that strength!"

Cang Yan said coldly.

In his view, Lu Ming is just a guest secretary of Luo Xuan. How strong can he be?

Behind Cang Yan, some youths sneered.

Cang Yan, in the ancient Demon Kingdom, but the most top-notch Tianjiao, the combat power is absolutely powerful and terrible, not only the king body, but the cultivation base has already reached the most holy consummation.

Lu Ming, how can he insist on ten strokes in Cang Yan's hands?

Cang Yan's purpose is this. As long as he works with Lu Ming, he can kill Lu Ming justly.

Luo Xuan's eyes flashed.

Although Cangyan is powerful, Lu Ming can even defeat Jitian, and he will never be weaker than Cangyan.

"Okay, I promised!"

Lu Ming stepped out and spoke lightly.

"Dare to agree, it seems that this kid does not know how powerful Cangyan is!"

Many people have a thought in their hearts.

However, some people also hold a lively attitude.

"This kid is really looking for death!"

Some young people behind Cang Yan showed a playful smile.

In Cang Yan's eyes, flashing cold light, said: "Princess Luo Xuan, since he has agreed, please don't interfere!"

"I won't intervene, I hope that Xiao Wang has faith!"

With words, Luo Xuan returned to the table.

"Some words? This chick, don't you think this kid can stop me ten tricks? Where is the self-confidence?"

There was a faint sneer in the corner of Lord Xiao's mouth, and then he looked at Lu Ming, and the murder was even colder.

People who dare to kill them in the Demon King's Mansion have a dead end. He will kill the chickens and monkeys in front of the people of many small countries today, so that these people will fear him even more.

"Go to the sky!"

Lu Ming said.

"To deal with you, why go to high altitude, one move is enough!"

Cang Yan sneered, then pointed a finger.

laugh!

This finger seemed to be like a spear, piercing the void and making a terrible roar.

This finger does its best to be highly cohesive.

But Lu Ming didn't look at it, and pointed it out, and the rune shone on his finger.

bump!

Two fingers collided together, a roar, terrible strength, overturned many tables and chairs around, many people backed away in panic, avoiding the scattered strength.

And Cang Yan's figure, with two steps back, actually fell.

"Principle of formation, you are the king!"

Cang Yan roared.

"It turns out to be the law of penetration!"

Lu Ming felt a move, he was very familiar with this law, Luo Luozong of the great Luo Tianzong was in charge of this law, but he was already beheaded.

"I said, I'm going to fight in the sky!"

Lu Ming spoke lightly, making Cang Yan's face extremely gloomy, and the murderous opportunity was extremely cold.

Just now, he was confident in his face, saying that he didn't need to go to high altitude, one move was enough to kill Lu Ming, but the fact was completely hitting his face.

"Go up and fight!"

Cang Yan's cold opening, like a sharp gun, rose into the sky, and Lu Ming stepped up into the air.

Chapter 2039: You lost

"kill!"

Cang Yan launched an attack on Lu Ming as soon as he rushed into the sky. His fingers were like guns, and he continued to point out. Under the blessing of the penetration rule, it was so powerful that it could penetrate everything.

One shot after another, assassinated Xiang Luming.

Lu Ming smiled, and he also continued to point out. The endless runes permeated, and a lightning bird was condensed at an alarming speed. They pounced on these guns and blocked them.

"So strong, this person turned out to be a king!"

"No wonder they can sit side by side with Princess Luo Xuan!"

The arrogance of some small countries is amazing.

"Two tricks!"

Lu Ming spoke lightly in the sky.

"kill!"

Cang Yan launched a third attack, and the most holy consummate practice, full of eruption.

A more terrifying finger pierced through the landing Ming hole.

Cang Yan's attacking method is very similar to Luo Pokong's, but the magical technique is different.

However, Cang Yan's combat strength is much stronger than Luo Pokong.

The terrible energy screamed at the landing, but was still blocked by Lu Ming's finger.

"Three strokes!"

Lu Ming still spoke lightly, and the clouds were light and windy.

"dead!"

Cang Yan's eyes became colder and colder.

There was a halo on his body, which diffused out and wrapped around him.

The light of the law!

Many people took a breath, and the fighting power of Cangyan was really terrifying. They were the top arrogance of the ancient demon kingdom and overwhelmed other kings.

It is said that in the ancient Demon Kingdom, no one except Chongyan's son is Cangyan's opponent.

"kill!"

In the hands of Cang Yan, a spear appeared, and with the light of the law, the power reached an astonishing level.

"Three volumes in one!"

Lu Ming pointed a finger, and a real dragon roared out, rushing towards Cang Yan.

This real dragon contains a volume of destruction, a volume of ghosts, a volume of seals, and three volumes in one.

boom!

There was a huge roar, the long gun in Cang Yan's hands shook endlessly, his body was violently shaken, and he was repeatedly backed by a terrible force.

Cang Yan actually fell in the wind.

Below, in addition to the people of Yuluo Moguo, others were dumbfounded, and even some people rubbed their eyes vigorously, thinking that they were watching.

Cang Yan, overwhelming other kings, almost stood at the peak, the Son of God couldn't appear, almost invincible.

But now, he was under the pressure of Lu Ming.

Who is this Lu Ming? How to run a person out at random is so horrible, leaving them speechless for a while.

"It's just this strength? It's ridiculous to want to defeat me in ten moves. Now it's my turn!"

Lu Ming spoke lightly and stepped forward. The endless runes rose into the sky and turned into a Kowloon.

This time, it was not a real dragon, but Kowloon.

Jiulong flew to Cangyan.

To be honest, Cang Yan is very strong, stronger than Ji Tian.

Cang Yan was almost standing at the limit of the Most Sacred Consummation. The rule of law had reached ninety-nine, one step away from the prospective Emperor.

But compared with Lu Ming, even if Lu Ming does not use the law of chaos, he is still worse.

Jiulong rushed out, Cang Yan's face changed wildly, bursting out of strength, and shot.

Jiulong roared, dragon claws continuously pulled out, crushing Cangyan's attack, terrifying power of destruction, and endless runes, rushing towards Cangyan.

Cang Yan's figure receded violently, retreating for ten thousand meters in a row, and then stood firm.

puff!

His figure trembled, and a spit of blood spewed out.

"You lost!"

Lu Ming spoke lightly, his voice was not heavy, but it was like a heavy blow, hitting Cang Yan, causing him to spit out another blood.

Lu Ming's short three words, but how ironic.

Just now, Cang Yan was still alive, saying that he would defeat Lu Ming with ten strokes.

In fact, the ten tricks were just what he said casually. In his view, defeating Lu Ming and even killing Lu Ming was enough.

But now, he can't get ten moves. Instead, he lost to Lu Ming.

"kill!"

Cang Yan roared.

boom! boom!

In the depths of the palace, two figures rushed out, and the terrible breath bloomed, making everyone suddenly change color.

Those are two martial emperors!

Cang Yan, wanted to dispatch Emperor Wu to kill Lu Ming.

"Cang Yan, you're back!"

Luo Xuan rose to the sky and came to Lu Ming, glaring at Cang Yan.

"Step aside!"

Cang Yan's face was awkward. Today, in the face of the people of many small countries, Lu Ming let him lose his face. He wished to unload Lu Ming.

As for these, he actually asked for it, but of course he would not consider it.

Everything is wrong, it is Lu Ming's fault, how could it be his fault.

"Cang Yan, if he can't fight, he will send Emperor Wu. If this matter spreads, I am afraid that it will humiliate your reputation, and even the reputation of the Cang Demon King's Mansion will be hit!"

Luo Xuan stood firmly in front of Lu Ming, and then said: "And, even if you must do it today, then step through my corpse, Lu Ming is my guest secretary, it is impossible to see him killed!"

Cang Yan's complexion became more and more ugly.

Luo Xuan's words really made him scrupulous.

One is fame, and the other is Luo Xuan's identity.

Luo Xuan is the princess of Youluo Moguo. Youluo Moguo is not an ordinary small country. Among the five superior demon kingdoms under the age of the ancient demon kingdom, they are all one of the best. He is also very scrupulous.

Cang Yan hesitated.

"Lu Ming, let's go!"

Luo Xuan sent a message to Lu Ming, then turned away and walked out of the House of Cang Demon King. Wuxi and others quickly followed.

Cang Yan's face changed a few times, after all, he did not order a shot.

Lu Ming and them, went out of the Demon King's Mansion, and returned to their place of residence.

"Unexpectedly, that man was actually the man of Cangyan Wangfu!"

Lu Ming was also quite speechless.

He came here, originally wanted to introduce through Luo Xuan, to know the people in the royal family of the ancient demon kingdom, but unexpectedly, he offended the little prince in the palace of the demon king.

"It seems that only on the day of the feast of the Lord of the Ancient Demon Kingdom, when many days of arrogance are fighting, find opportunities!"

Lu Ming thought.

"Lu Ming, no need to think about it. The ancient Demon Kingdom royal arrogance is not only the Cang Demon King's Mansion. In a few days, I will introduce other people to you!"

Luo Xuan comforted Lu Ming.

"Thank you!"

Lu Ming looked at Luo Xuan and smiled slightly.

Just now Luo Xuan was firmly in front of him, but he was very moved.

Luo Xuan has a real temperament, and does not know how much stronger than You Ning.

In the next few days, Luo Xuan really introduced several royal children to Lu Ming to know, but those people, although talented, were still a bit different from Cang Yan.

On several occasions, Lu Ming knocked on the side and tried to inquire about the ancient coffin, but the other party knew little about the ancient coffin. He only knew that it was the treasure of the town clan of the ancient demon country, and only the sovereign could control it.

Lu Ming's brows frowned, and he was worried.

The ancient coffin is so important that only the sovereign can control it. Can he really borrow it for a month?

It is needless to say that the owner of the ancient demon kingdom is also a figure in the realm of the great emperor.

Such a person, standing above him, has a higher status than the average great emperor, how could he bird him?

Chapter 2040: Ancient emperor

More than ten days later, the host feast was officially held.

In the center of the ancient demon kingdom, a magnificent palace suddenly appeared in that piece of heavenly universe.

The palace is full of light and can be seen far apart.

The palace is nine floors high, like a shrine.

There is a jade ladder in the four directions of the palace, which extends from above to below.

The guests who went to congratulate climbed the jade ladder from the Sifang Palace to the ninth floor of the palace.

Lu Ming and the people of Youluo Moguo walked up the east jade ladder.

"A magnificent palace!"

Lu Ming was shocked.

This nine-story palace is so huge that it is as high as 100,000 feet, straight through the depths of the sky.

Even this jade ladder is so huge that the person is on it, like an ant.

In this direction, people came continuously, set foot on the jade ladder, and went to congratulate.

The ancient demon kingdom is one of the two super demon kingdoms in the Land of Devil. Almost half of the size of the demon kingdom will come to congratulate, and the number of people is naturally amazing.

Lu Ming and they walked along the jade ladder for half an hour before they set foot on the highest point and came to the ninth floor of the palace.

The ninth floor of the palace is open-air and extremely wide, with all kinds of holy medicines, exotic flowers and aromas all over the place.

This area is already filled with tables and chairs.

You Luo Mo Guo is one of the five great kingdoms. As soon as they come, someone will lead them to the upper position.

The location of this area is also very particular, with different heights and layers of upwards.

The lowest terrain is where the inferior Mogu people sit.

The second one is the middle demons.

At the top, there are the top five magic kingdoms.

At the top are the powerful men of the ancient demon kingdom and the nobles of the princes.

"Brother Luo!"

"Brother Luo Xian!"

When Lu Ming came, some people had already come here. When they saw the head of the Luo family, they greeted each other.

These people are the masters of other high-end demons, and their identities are outstanding.

Now that the Luo family is in charge of the You Luo Demon Kingdom, they naturally greet the Luo family.

Aside, the owner of the Youjia family snorted and took Youning, Jitian and others to find some seats.

Next, there were more and more people, and the vast space was almost full.

"The Lord is here!"

A voice rang through the audience and everyone calmed down.

The sovereign here is naturally an ancient demonic kingdom.

A group of people came from the sky and landed at the highest point.

The person headed is a burly old man wearing a purple-gold robe and smiling. Although there is no breath to show, he has a supreme majesty.

"Participate in the ancient emperor!"

Everyone bowed to salute.

Every generation of the master of the ancient devil kingdom is respected as the ancient emperor.

"All of you, please sit down!"

When the ancient emperor waved his hand, everyone sat down.

Lu Ming glanced and found that there were many people on the side of the ancient emperor, some of them were older and some of them were younger generations.

Many people have a strong and terrifying atmosphere.

Needless to say, there must be characters from the Great Emperor Realm.

There is definitely more than one emperor in the ancient demon kingdom.

"Cang Yan!"

Lu Ming saw Cang Yan in the crowd behind the ancient emperor.

At this moment, Cang Yan's eyes also looked at You Luo Demon's side. When Lu Ming was seen, the cold killer flashed in his eyes.

"Yan'er, the person you're talking about is that kid?"

On the edge of the ancient emperor, there is an old man with white hair and a thin face, who is now transmitting sound to Cang Yan.

This person is the grandfather of Cang Yan, Cang Dewang.

"Grandpa, this is it!"

Cang Yan nodded.

"ok, I got it!"

The demon king nodded, did not continue to speak, his face calm, unable to see what he thought.

"The Celestial Realm, congratulations to the ancient emperor who survived the catastrophe and immortality!"

At this time, the landlord of the demon kingdom of the heavens stood up to congratulate the ancient emperor and send a congratulatory gift.

"You Luo Mo Guo, congratulations to the ancient emperor through the catastrophe, the future of the emperor can be expected!"

The owner of the Luo family also sent a gift.

Then, the masters of the devil nations came forward to congratulate themselves and send gifts.

Starting from the top five magic kingdoms, it has been the turn to the next.

"Thank you for your face appreciation today, please sit down!"

The voice of the ancient emperor came out, and then, there were a variety of wine and food served by the maid.

Then, there was another peerless and enchanting witch who stepped forward to play the celestial dance, and the scene became warm.

"Emperor, in today's world, where arrogance gathers and geniuses come out, it is better to let the younger generation learn from each other to help the wine!"

Someone started to propose.

Every time the ancient emperor traveled through the world, this would be the case, and some people looked forward to it.

"Haha, the Emperor also wanted to see how extraordinary this generation of arrogance is. I heard that there are more than one son of God in this generation, and there are more royal bodies!"

The ancient emperor laughed.

"Yes, this generation is indeed full of arrogance, more than any previous era!"

Cang Dewang said.

"Oh, since this is the case, the Emperor also changed this time. The top three can make a request to the Emperor. Only the Emperor can do it, and will try to meet it. The top ten, You can also get rewards!"

The voice of the ancient emperor spread everywhere.

The eyes of many people are hot.

In the top three, you can make a request to the emperor, which is very exciting.

And the top ten awards are definitely not trivial.

This time the reward is also beyond the past.

Lu Ming's eyes shone suddenly.

The first three, can make a request to the ancient emperor, if he obtained the first three, wouldn't it be possible to borrow the ancient coffin from the ancient emperor.

The emperor said that he should not refuse, moreover, it only borrowed a month.

"I must enter the top three!"

Lu Ming's fists clenched together.

Although I don't know the combat power of the Son of God in the ancient demon kingdom, Lu Ming believes that as long as he explodes his full strength, the top three should be no problem.

"Okay, then this time of arrogance, let the Cang Demon take full control of it!"

The ancient emperor smiled.

Such a thing does not require him to preside over it personally, just hand it over to others.

"Thank you Emperor!"

The demon king got up, stepped out, and came to the sky outside the palace.

With a wave of his hand, a platform floated out, and then the platform suddenly became larger, turning into a battle platform that was hundreds of miles wide.

The height of the battle platform is slightly lower than that of the palace. Sitting on it, you can see the situation on the battle platform very well.

"Young people who want to participate in the discussion can register first and leave their names."

Cang Mo Wang said, and then called a few people, responsible for registering information.

Uh! Uh! ...

Suddenly, a young man flew forward to sign up.

Too many people, in a few moments, hundreds of people went up.

"You said, this time, who can enter the top three?"

"It's needless to say that the two sons of God will definitely make the top three!"

"Yes, the top three, the two sons of God, must have a place. The key is who can get another place!"

"Cang Yan, and catkins are very likely?"

Around four weeks, many people started to talk.
