

D Emperor 2041

Chapter 2041: Can't participate

Registration is quick, just register the name, so it turns up quickly.

Soon, Lu Ming, Luo Xuan and others also went to sign up.

"stop!"

Suddenly, an indifferent voice sounded, and a figure stopped in front of Lu Ming.

Cang Yan!

Lu Ming frowned, Cang Yan, what did he want to do?

"Lu Ming, you are not eligible to participate in the contest, please leave it!"

Cang Yan was condescending, looking down at Lu Ming, his eyes cold, with a murderous chance.

Many people looked towards this place, showing curiosity, including the elders in the seat.

"Cang Yan, what do you mean? Why is Lu Ming not eligible to participate in the contest, if he is not qualified, then you are not qualified, don't forget, a few days ago, you lost in Lu Ming's hands!"

Luo Xuan stepped forward and stared at Cang Yanjiao.

"What? Cang Yan was defeated?"

"Really, is this young man? It looks unremarkable!"

Many people were shocked and looked at Lu Ming with surprise.

Among the ancient demon kingdoms and the many demonic kingdoms under the jurisdiction of the ancient demon kingdoms, apart from the Son of God, Cang Yan is the most arrogant arrogance, and almost no one can beat it.

Can this person actually defeat Cang Yan?

What is the beginning?

After all, the arrogance before Cang Yan's banquet was only a small part of the scene. Many people did not know the battle between Lu Ming and Cang Yan.

But those arrogances that were present were afraid of offending Cang Yan. After going back, they did not talk nonsense. Therefore, not many people knew about Lu Ming's defeat of Cang Yan before.

At this moment Luo Xuan said that everyone was naturally shocked, and many people even suspected that Luo Xuan said it was true or false.

Even many older people looked at Lu Ming, showing curiosity.

Being able to defeat Cang Yan is not a trivial matter. If you are so proud, your future achievements will not be low. Naturally, it is worth paying attention.

Cang Yan's face was dripping with gloom, and Luo Xuan didn't give him a face too. He actually told him about his defeat in public.

"During this time, I sent someone to check this person, but there is no clue. I can't find the origin of this person. This person's origin is unknown, so I am not eligible to participate in the competition!"

Cang Yan shouted.

"The purpose of this competition is to celebrate the emperor. What kind of origin does it matter?"

Luo Xuan strives for his reason.

"The origin is unknown, who knows what scheme he has?"

Cang Yan sneered.

"Emperor, what should I do?"

Above, Cang Mo Wang asked the ancient emperor for instructions.

"This matter, I have given it to you to preside over, you have full authority to deal with it!"

The ancient emperor waved his hand, and he had no interest in the contradiction between the juniors.

Standing at his height, he just held a lively mentality.

Unless it is the Son of God, he will make him value it.

"Yes, the emperor!"

The demon king salutes, and then his figure moves, appearing above Lu Ming.

"what happened?"

The devil king's majestic opening.

"Is such that..."

Luo Xuan preemptively explained the matter.

"The great emperor has just survived the catastrophe, but it is a grand event that has only happened in more than 300,000 years. There must be no mistakes, you, leave it!"

The Demon King looked at Lu Ming and waved.

Lu Ming frowned, Luo Xuan looked ugly.

Cang Mo Wang, this is to prevent Lu Ming from participating in the competition.

There was a sneer on Cang Yan's face.

Not far away, You Ning, Ji Tian and others also showed a smile of gloating.

"My lord, I defeated Cang Yan, but you cannot cover him up because of this!"

Lu Ming spoke, loudly, spreading everywhere.

What he meant was obvious. The Cang Demon was deliberately embarrassing him because of Cang Yan.

"Unpretentious, what is your attitude, and dare to doubt this king!"

The Cang Demon shouted, and a terrible breath filled his body, staring at the land and crying: "You don't know the origin, I didn't take you down on the spot. It's already benevolent. I dare to say more. If you don't retreat, don't blame the king. Now!"

At the scene, there was silence, no one talked much.

The head of the Luo family, although he felt that the Cang Mo Wang was too much, he had great power in the ancient demon kingdom. He could not offend the Cang Mo Wang because of this.

It's just that he can't take part in the competition. In his view, it's just a trivial matter.

But for Lu Ming, it was a big deal, it was about the ancient coffin.

But it is obvious that the Demon King will not give him this opportunity.

The ancient emperor looked at it faintly. Although he also felt that the Cang Mo Wang had done a little, but since he had let the Cang Mo Wang preside over it, he would not say much.

"Not going back!"

The Cang Mo King drank again, and the terrible breath, like the tide, pressed on Lu Ming, causing Lu Ming to go backwards again and again, and suffered terrible pressure.

Lu Ming clenched his fists, extremely unwilling.

But in the end, Lu Ming retreated.

The strength of the Cang Demon King is amazing, even if it is not the emperor, it is also the strongest person at the peak of the true emperor. If you come hard, it will definitely not work.

Cang Yan's mouth sneered.

One reason why he did not allow Lu Ming to participate is one of his revenge, and the second reason is that Lu Ming's strength is too amazing. If Lu Ming participates, then he wants to get the top three, there is no hope.

Sign up to continue!

It took half a day to complete the registration.

After the registration is over, the competition begins, and the duel is very intense.

However, all this has nothing to do with Lu Ming. He is sitting on his seat, drinking and thinking, what should he do next, and how can he borrow the ancient coffin for a month.

For martial arts strongmen, even after reaching the Holy Land, it is normal to sit for a few months.

Therefore, a few trials passed after a field trial.

After a few days of competition, most of the people were eliminated, leaving only a few dozen.

These dozens of people are extremely talented, even many are kings.

"The Land of Ten Thousand Demons is indeed a land of war. The fighting is constant. The overall level of the Tianjiao generation is stronger than the Land of Yuanshan!"

To the back, Lu Ming also started a spiritual observation.

He found that the number of heavenly arrogances in the Land of Ten Thousand Demons may be similar to that of the distant mountains, but the quality is higher.

For example, the average arrogance of the Ten Thousand Demon Land is higher than that of the Yuanshan Land.

Many people's cultivation practices have reached the most holy, and even many have reached the peak of the most holy, and the most holy.

Like Luo Xuan, the most holy and perfect royal body, but among these arrogances, there are at least 20 or 30 people who do not occupy the slightest advantage and are not weaker than her.

This is not all the arrogance of the Ten Thousand Devil Land, but only half.

So many powerful heavenly arrogances, such as reaching the completeness of the Holy Spirit, are shocking.

However, in the past few years, the land of Yuanshan has undergone cultivation and competition in the Yuanshan Shengyuan, and later experienced the battle of the evil **** clan. Many people have improved their cultivation practices.

Many powerful royal bodies have also reached the summit of the most holy, or the most complete.

Chapter 2042: Coming from the Undead

The competition continued, and among them, two young people drew Lu Ming's attention.

Because these two men are exceptionally powerful, but they are two sons of God.

"Son of nothingness, son of death!"

Lu Ming whispered.

Two of the Sons of God, one of them, is in control of the law of emptiness. It is also one of the ten strongest laws. It is extremely terrible and can make everything into nothingness.

The other person actually controls the law of death, the same as Death Blade.

Nowadays, it really is a golden age. In the past years, it is very remarkable to have a son of God, but now, the frequent occurrence of the son of God, together with a rule, have different people practicing successfully.

This is still the land of Yuanshan and the land of thousands of demons. You know, there are ten places in Yuanjie.

It is conceivable that there will not be only one son of the same kind of God.

It is conceivable that if Deathblade encounters this person, I am afraid a war will break out.

In addition to these two people, Cang Yan's strength is indeed very strong, unprecedented and unmatched, is the top three popular candidates.

After a few days of fierce battles, all rankings are released.

Luo Xuan and You Ning are both in the same place, ranked 22nd, and even the top 20 did not squeeze in.

Ji Tian, who practiced the light of the law, was indeed powerful. He passed all the way and rushed into the top ten, ranking sixth.

After all, there are very few people who can practice the light of the law in the royal system.

Cang Yan, after a series of battles, eventually defeated his competitors and won the third place.

First and second, naturally are two sons of God.

The two sons of God, Xiu Wei, have arrived in the Most Holy Consummation, very close to the Quasi-Emperor, and they both practice the light of the law, and their combat power is too strong, high above them, and no one can beat them.

The most exciting thing is the battle between the two sons of God, pushing the atmosphere to the top.

The collision between the law of inefficiency and the law of death, both laws are extremely overbearing, and the two men's cultivation is quite the same. It took a thousand battles to make a difference.

In the end, the son of death was better because of the law, and he was close to the quasi-empire, and he won a trick.

"Great, great, is this the power of the Son of God? Really horrible!"

Luo Xuan's big blinked eyes were amazed.

"The Son of God is really powerful. Under the Emperor Wu Realm, ordinary warriors who are at the same level in a battle are not opponents of the Son of God. It is useless no matter how powerful it is!"

Younging also sighed, glancing at Lu Ming intentionally or unintentionally.

This means that if it is not the Son of God, even if the fighting strength is strong, it will not be the opponent of the Son of God.

Lu Ming smiled faintly, sighing in his heart.

If he shot, he would definitely make the top three.

Although the two Sons of God are strong, he is not afraid.

unfortunately!

Lu Ming sighed, picked up a glass of wine, and drank it.

You Ning thought Lu Ming found the gap between him and the Son of God, this expression, suddenly sneered.

"The top three, you can make a request to the Emperor, you come forward!"

At this time, the voice of the ancient emperor sounded.

Two sons of God, and Cang Yan stepped forward.

At this moment, Cang Yan was very excited.

To make a request to the emperor, he must make the most of this request and give him the most beneficial value.

"Would you like an ancient scripture, or take the opportunity to worship the emperor as a teacher?"

Cang Yan's brain was spinning very fast, and his whole body was shaking with excitement.

"Hahaha, so busy today, that Emperor, also come to join in the fun!"

At this moment, a loud laughter resounded through the sky.

Rumble!

Then, the sky was roaring, but if there was a behemoth, it appeared to break open the void.

Many strong men, their faces sinking, looked into the void in the distance.

Hiss!

At the next moment, the void was split, and a huge battleship came out of the dark void.

The battleship is 10,000 meters long and the whole body is dark, giving a terrible pressure.

"This is the undead battleship of the Undead Demon Kingdom!"

Someone exclaimed.

Many people felt shocked.

The Undead Demon Country is another super demon country with the same name as the ancient Devil State.

There are no two tigers in one mountain, and two super-magic states are naturally hostile, and conflicts and wars often break out.

The undead battleship of the Undead Mok actually came from the broken void.

A group of people stood on the deck of the battleship.

The person headed is a middle-aged man, wearing a robe, and has a temperament that is dominating the world.

"Undying, what are you doing here?"

The ancient emperor looked at the big man and said coldly.

Many people were shocked.

There is only one person who dares to use this title in the Undead Demon Kingdom, and that is the Lord of the Undead Demon Kingdom, the Undead Great Emperor.

Like the ancient emperors, each generation of the undead king of the country uses the title of immortal emperor.

"Haha, ancient, you survived the catastrophe, I naturally came to congratulate, why not welcome me?"

The immortal emperor laughed.

"The visitor is a guest, come sit down!"

The ancient emperor said, and then ordered people to prepare seats.

"Let's go down!"

Undead Great Emperor said, many people followed him and jumped off the battleship.

Those who follow the immortal emperor, there are strong men of the older generation, but also people of the younger generation.

The immortal emperor glanced at the Quartet, especially those young Tianjiao who fell on the battle platform.

At this moment, the top 30 Tianjiao are still standing on the battle platform.

The top three can make a request to the ancient emperor. The top ten will have rich rewards, and the top thirty will also have some rewards, so they are waiting there.

"The Ancient Demon Kingdom, it really is a talented person, the sky is as proud as a cloud, I am immortal Demon Kingdom these little guys who are not capable of organs, and they are also watching the heart, and want to discuss with the ancient Devil's Tianjiao, how do you feel, ancient? "

The immortal emperor laughed.

coming!

Many people moved in their hearts, and those who did not die the Demon Realm, as expected, were not good, and they would not really just congratulate the ancient emperor.

"Okay, the Emperor also has this intention. Let the two sides talk about each other's arrogance, which is also good for them!"

The ancient emperor said.

He couldn't refuse, otherwise, if he spread it, he would think that the ancient demon kingdom was afraid of the undead demon kingdom.

"Okay, haha!"

The undead Great Emperor laughed, and then looked at the youths behind him, saying: "Have a good time with the arrogance of the ancient demon kingdom, remember, don't embarrass the Emperor!"

"Yes, the emperor!"

Those days arrogantly clenched fists.

"I'll come first!"

Then, in the Undead Demon Kingdom, a young man leapt up and landed on the battle platform, with a cold and proud look on his face, glancing at the heavenly pride of the ancient Demon Kingdom, saying: "My original support, the royal body, has just broken to the holiest. Soon after completion, who of you will fight?"

The arrogance of the ancient demon kingdom was silent for a time, many people's eyes turned, but for a time, no one stepped forward.

The Undead Demon Kingdom is obviously a bad comer, and the Tianjiao sent will certainly not be weak.

They don't know the depth of the other party, so they don't dare to hurriedly shoot. If they lose, they will lose heart.

They all want others to take the shot first, and try out the depth of each other.

Chapter 2043: Heavenly Pride of the Undead

"Why? Don't you dare to shoot?"

Yuan Tuo sneered.

"I will meet you here!"

A sweet drink sounded, and one person stepped out, but it was Luo Xuan.

"What a beautiful woman, haha, rest assured, I am the person who loves Xiangxixiyu the most. Wait a minute, I will be merciful!"

The original Tohaha smiled.

"It's a shame!"

Luo Xuan drank coldly, looking at each other very unhappy.

The two stood opposite each other, breathing out.

The Tianjiao on the battle platform flew off the battle platform and stood outside the battle platform.

"Beauty, I'm in the Undead, and rank 25th. I don't know how old you are in the ancient Demon Kingdom?"

Yuan Tuo laughed.

"twenty two!"

Luo Xuan answered coldly.

"Twenty-two, haha, just beat you!"

Yuan Tuo laughed, his body was stronger, and suddenly rushed towards Luo Xuan.

"ruling!"

Luo Xuan whispered, applied the rules of adjudication, and dealt with each other.

boom!

There was a roar, and the bodies of the two people backed away one after another, sharing the same colors.

Yuan Tuo's face dimmed down, and he killed Luo Xuan again, and Luo Xuan shot back.

The two confronted each other fiercely.

I have to say that the original support is very powerful, and it is also a royal body. It is not weaker than Luo Xuan.

However, many people in the ancient Demon Kingdom have a complex face.

The other party said that he was in the Undead, but he was ranked 25th, while Luo Xuan was ranked 22nd, and they were equally divided. Doesn't that mean that the ancient demon kingdom is weaker.

boom! boom! ...

On the battle platform, the two again fought dozens of moves in succession, and it was still difficult to differentiate.

At this time, Yuan Tuo's eyes were a bit cold.

He was the first to play and the tie was not the result he wanted.

Uh! Uh!

The original support's moves suddenly changed, and his claws were like electricity, and he grabbed Luo Xuan's chest and other private places.

Luo Xuan's face was ugly, and he was in a hurry and fell in the wind.

"Despicable, actually use this kind of indiscriminate means!"

Someone shouted at the ancient demon country.

"It's really ridiculous. In the battle between life and death, any means can be used. I don't even understand this. What magic?"

The immortal demons have sneered to respond, making the ancient demons face ugly.

bump!

Luo Xuan fell in the downwind and finally lost his opponent. He was slammed by the opponent, his body retreated, and his mouth overflowed with blood.

Uh!

The original support continued to attack, the offensive was mad, Luo Xuan was injured, and fell completely down for a while.

"Beauty is like jade, let me try the beauty of beauty!"

Yuan Tuo sneered again and again, spoofing near Luo Xuan, secretly transmitting sound to Luo Xuan.

Luo Xuan gritted his teeth, but did not lose to the opponent. After a few strokes, he was hit again.

Luo Xuan gritted his teeth and rushed towards the bottom of the battle platform.

She understands that this battle has been defeated and will continue to be humiliated by the other party.

"Where to go?"

The original support body was extremely fast, approaching Luo Xuan very quickly, and slammed toward Luo Xuan with a palm.

Luo Xuan couldn't hide this palm.

From the seat, Lu Ming has been paying attention to the situation on the battle platform. At the moment, his eyes were cold, his body burst out, and they were very far apart.

It's not easy to shoot above Emperor Wu. He is a young generation, but he can.

The original caretaker's complexion changed, and he made a move with all his strength, mingling with Lu Ming's palm print.

Then, he was shocked and could not help but step back several times.

Uh!

Lu Ming rushed to his body, hugged Luo Xuan's slim waist, and returned to the battle platform.

"Boy, you intervene in the battle between us, do you want to break the rules?"

Yuan Tuo said sullenly.

"Luo Xuan's body has just flown out of the battle platform, it is equal to confess, you continue to shoot, it is you who break the rules first!"

Lu Ming said lightly.

Before, Luo Xuan's body had indeed rushed out of the battle.

Once the body rushed out of the battle platform, it is equivalent to admit defeat, the other party is still attacking, Lu Ming can naturally help.

"Huh, boy, if you want to save the hero, I want to see what you have!"

A ray of killer flashed through the original supporter's eyes, a strong breath, locking Lu Ming.

Lu Ming let go of Luo Xuan and was about to start.

But at this time, a voice sounded.

"Lu Ming, what are you doing? What are you doing here, don't get down!"

Cang Yan stepped on the battle platform, coldly stared at the landing, screamed, "The people who are not even qualified to participate in the contest, when it is your turn to intervene. Go on!"

Lu Ming blinked coldly in the eyes, and finally sneered: "Oh, then give it to you, Luo Xuan, let's go down!"

As the figure moved, Lu Ming and Luo Xuan returned to their seats.

"Are you going to fight again!"

Cang Yan looked at the original care.

"How old are you in the ancient magic kingdom?"

Yuan Tuo asked.

"Third!" Cang Yan replied coldly, proudly.

"The ancient demon kingdom is third, to be ranked 25th in my undead demon kingdom?"

Original support showed a trace of sarcasm.

"If you want to fight, I will naturally send others to fight you!"

Cang Yan said, he used the word 'pie', as if everyone else had to follow his orders.

"I'm better than one game and I won't fight!"

Yuan Tuo retired from the battle with a smile.

Then, a young man appeared in the Undead Demon Kingdom.

"I am Aoxuan, the fifteenth of the Undead Demon Kingdom, who will fight?"

Aoxuan voice came out.

"I'll fight you!"

A young man from Gengu Moguo set foot on the battle platform, and his ranking in Gengu Moguo is also fifteen.

The war broke out, but as a result, the people of the ancient demon kingdom looked ugly.

Just dozens of tricks, the arrogance of the ancient demon kingdom, was defeated.

They are all ranked 15th, but the ancient arrogance of the ancient demon kingdom is completely invincible. Does this mean that the ancient demon kingdom is inferior to the other party.

"Who else will fight!"

After the victory of Aoxuan, he did not retreat.

Then, Tianjiao, ranked 13th in the ancient demon kingdom, stepped forward and fought against Aoxuan.

The two men fought hundreds of moves, but in the end, Aoxuan was still better.

Next, the discussion continued, but the arrogance of the ancient demon kingdom completely fell.

The two countries have the same ranking, and even the ancient Mogu ranks slightly higher than the top two. They are often not rivals of the undead Moguo Tianjiao. Only if they are ranked three or more than the other, can they fight each other. Beat each other.

One day later, the opponent ranked sixth, directly defeating the ancient Mogu ranked fourth.

Uh!

Then, another young man from the Undead Demon Kingdom came on stage. This person is the No. 4 master of the Undead Demon Kingdom.

"I heard that the top three in the ancient demon kingdom are all terrible arrogances. Who is the third, come out to fight!"

The person spoke.

Cang Yan's face stepped out ugly.

boom!

The two started directly, and a fierce battle broke out.

There is no doubt that the arrogance of the Undead Demon Kingdom is also the light of the law. The combat power is very powerful. As soon as it is shot, there is a terrible roar that sounds like a demon recovery.

Chapter 2044: The warriors

"That's all magic!"

Someone exclaimed and recognized this rule.

The ten thousand magic rules are also the rules of kingship, and they are extremely terrible.

Once ten thousand magic is used, it seems that the will of the ancient demon can be summoned. The above will will attack the enemy, which is very scary.

Although the cultivation base is equivalent, Cang Yan fell in the wind as soon as he shot it.

He roared and tried his best to fight against each other, but after dozens of moves, he was still invincible. He was shot down and fell to the battle platform, vomiting blood.

Only dozens of moves were defeated, and the opponent was only in fourth place in the Undead.

Isn't it above, there are three more natural arrogance than this person.

Do the other party have three sons of God?

"Impossible, I have always heard that there is only two Sons of God from the Undead Demon Kingdom!"

"Then how is it possible that this person is practicing the ten thousand magic rules, and the light of the rules, and the fighting power is amazing. Besides the Son of God, is there anyone stronger than him?"

There was a lot of discussion.

The strong men of the ancient demons have a ugly face.

The ancient emperor, his face was not pretty.

Today is the celebration day for him to survive the catastrophe, but the Undead Demon Kingdom has come, provoking with the younger generation, which is equivalent to hitting him in the face.

However, the ancient magic kingdom still fell into the disadvantage.

Uh!

At this time, another figure rushed to the battle platform.

Child of nothingness!

Many people moved in their hearts, this is the nihilistic child of the ancient demon kingdom, ranking second.

The child of nothingness stepped towards the master of the undead magic kingdom, and the strong breath made the other party's face dignified.

"Your opponent, it's me!"

At this time, there was also a young man who rushed to the battle platform on the side of the Undead Demon Kingdom and rushed toward the nihilistic child.

boom!

The figure of the nihilistic child was blocked.

"Anything else is impossible!"

Lu Ming's gaze suddenly froze.

The heavenly arrogance of the Undead Demon Realm is actually controlled by nothingness, just like the nihilistic child of the ancient Demon Realm.

Two nihilistic children!

"There are two nihilistic children in the land of all demons, one in each of the two super-magic kingdoms, and these two are fateful opponents. When they first rose, the two often fought each other. They would fight each other almost every year. , It has been difficult to tell the difference between the battle and the present!"

Luo Xuan's voice sounded in Lu Ming's ear, explaining to Lu Ming.

Lu Ming nodded.

Different people, mastering the same strongest rule, is indeed a fatal opponent.

Everyone wants to be the strongest, and only by stepping on opponents can they truly reach the top.

This is more meaningful than defeating other Sons of God.

Therefore, once two identical sons of God meet, a war will definitely break out.

Unless the differences between the cultivation bases of the two sides are too great, then there is no sense of war.

boom!

The two fatal opponents knew too much, and without any extra words, they fought together.

The terrible rule of nothingness, constantly colliding, as if everything, must be reduced to nothingness.

At this time, on the side of the ancient Demon Kingdom, the No. 1 son of death walked in the air, surrounded by the law of death, and looked at an arrogant side of the undead Demon Kingdom.

Uh!

That arrogance also rose into the sky, opposed to the Son of Death, and a terrible breath exploded on his body, a mysterious law that burst out at the same time.

"It's the Hongmeng Law!"

Lu Ming's eyes moved.

He finally saw a new top ten rule.

The Hongmeng Law is the most similar to the Chaos Law among the ten strongest laws.

In his hands, there are still three ray of great air.

The two Sons of God stand against each other, breathing against each other, forming a terrible storm.

"The two of us played against each other, not once or twice, and it was difficult to tell the difference!"

The son of Hongmeng spoke.

The arrogance of the most pinnacle of the land of the Ten Thousand Demons, naturally they have known for a long time, and they have met more than once.

"You don't have the confidence to win me, and coming here today is meaningless!"

The son of death said coldly.

Although other heavenly arrogances of the Undead Kingdom have the upper hand, at the level of the Son of God, the other party cannot win over them. Even if they have the upper hand again, it does not make sense.

"Today, it's not us who dealt with you!"

At this time, the son of Hongmeng spoke.

What do you mean?

Many people felt shocked.

It is not them who deal with the son of death, who else?

Could it be that Undead Demon Kingdom, and other children of God?

"I can tell you that in the past, I was in the undead kingdom, ranking first, but now, I rank second!"

The son of Hongmeng then spoke.

The people of the ancient demons were shocked.

The son of Hongmeng can only be ranked second?

Has he been defeated by the nihilistic child of the Undead Demon Kingdom?

But the nihilistic child of the immortal demon kingdom has not yet reached the limit of holy consummation. Moreover, even if it reaches the limit of holy consummation, it may not be able to defeat the son of Hongmeng, at most.

In addition to the Son of Nothingness, the Undead Demon Kingdom, there are people who are stronger than the son of Hongmeng?

It was hard for everyone to calm down.

bump! bump!

At this moment, on the side of the Undead Demon Kingdom, a young man stepped out. Every step he stepped out, the void was roaring.

This is an ordinary looking young man, wearing a black cloth with short sleeves and his arms exposed.

His arms are dark, like magic iron, and it looks full of explosive power.

His eyes were dark, but he radiated ambition.

The eyes of all the ancient demons fell on this person.

Is this person the No. 1 arrogant of the Undead?

Stronger than the son of Hongmeng?

"It's impossible. This person's cultivation behavior seems to be only the most holy consummation. How can he be stronger than the son of Hongmeng?"

"Yes, it is said that the cultivation practice of the son of Hongmeng has reached the limit of the holiness of the holy, and it is almost a trace, and he will step into the prospective emperor, which is equivalent to the son of death!"

Many people talked about the ancient demon country, but they really couldn't figure it out.

Even the ancient emperor and other powerful men looked at this young man curiously.

Lu Ming also looked at this young man. He vaguely felt that this young man gave him a strong pressure, just like, this person contains a terrible power.

This kind of pressure, even in the face of the Stellar River, or the son of Hongmeng, has never been there.

"My name is Ancient Demon!"

The young man spoke lightly and his voice spread throughout the audience.

After he finished speaking, he looked at the son of death and said, "Today, your opponent is me!"

boom!

At this moment, the two nihilistic sons slammed at the same time and backed off.

The nihilistic child of the ancient demon country looked at the ancient devil with a cold eye.

"You want to fight us? Then look at what you have!"

The nihilistic son of the ancient demon kingdom, hegemonic and unparalleled, shot directly, and with a wave of light, a light of nothingness killed the ancient demon.

This light of nothingness is extremely terrifying, as long as it is swept by him, everything becomes nothingness.

boom!

The ancient demon shot.

His shot is very simple, just a simple punch.

Chapter 2045: Swire Training System

Gu Mo shot with a punch, and his fist was covered with a dark light.

boom!

This punch flies through, as if to tear the space apart, and collide with the impossible.

What is shocking is that this fist bombards the imaginary power, so that the imaginary power shakes violently, as if torn by the strength of the ancient demon.

"It's a terrifying attack, but why didn't I feel the fluctuation of the law on him?"

"I didn't feel it, what happened?"

Some people were shocked.

Lu Ming's eyes also flashed, surprised.

In the ancient demon, he didn't feel the power of the law, only the extreme explosive force and attack power condensed to the extreme, as if he could tear apart all the laws.

"Is it..."

Some senior figures seem to see something, showing shock and horror.

"kill!"

The nihilistic son of the ancient demon kingdom shouted, a vain light diffused out, covering the whole body, he exploded with all his strength, and the inability of the emptiness combined with the divine power turned into a magic blade.

"Void Blade, turn me into nothingness!"

The nihilistic child's eyes burst into a cold killing opportunity, waving his arms, a blade of nothingness, killing the ancient demon.

As long as it is cut by this blade of nothingness, everything will be turned into nothingness, and even the most basic particles will not be left.

This is terrible!

But Gu Mosi was not afraid, he was filled with magic light, he was enveloped by a layer of dark magic light, and his fists kept slamming.

Boom! Boom! ...

The double fists constantly collided with the blade of nothingness, and the sky sounded a deafening roar.

In a blink of an eye, the two met a dozen tricks.

bump! bump! ...

After more than a dozen moves, the Blade of Void was actually shattered by the ancient demon, and burst apart directly.

The ancient demon stepped into the sky, covered with magical light, and overwhelmingly domineering, like a real ancient demon ***** recovering.

boom!

The ancient demon launched a stormy offensive, and pressed the nihilistic child, constantly retreating.

At the scene, the ancient demon kingdom, whether it is an imperial master, or a younger generation of characters, was shocked to add.

The child of nothingness was actually suppressed, only a dozen tricks.

This is not even the number one death son.

Moreover, they did not sense any fluctuation of laws on the ancient demon.

"Why is it so terrible, I clearly feel that his cultivation practice is also in the most holy consummation, why is the fighting power so terrifying, and he will overwhelm the Son of Cang!"

"What rule is he in control?"

"No power of the law is sensed!"

Sounds rang out, and the voice was full of incredible colors.

"Is it Taiko Moxiu!"

"It must be, it must be Taikoo Moxiu, otherwise there is no such terrifying power. Unexpectedly, Yuanjie, there will also be Taikoo Moxiu!"

At this moment, a few gray-haired old men spoke, their voices full of shock and dignity.

"Emperor Moxiu?"

Many people have heard this word in a daze for the first time.

"The cultivation history of the Celestial Realm is far above the Yuan Realm. According to legend, in the ancient times of the Celestial Realm, the cultivation system is completely different from the cultivation system today!"

"At that time, the way of cultivation did not cultivate the power of the law, but paid more attention to itself. Those who succeeded in cultivation, the power of attack was extremely terrifying.

"The archaic cultivation system is divided into many types. At that time, the archaic demon road was the real magic cultivation. The original magic power was shocking, and the attack was unparalleled!"

An old man murmured a bunch of words.

Everyone is appalling!

Swire cultivation system, does the ancient demon this person, is the Swire cultivation system?

"The ancient demon, the person who should practice is the ancient devil, but the ancient system of cultivation is extremely difficult to cultivate, and it is even more difficult to achieve success. Later, after the rise of the law system, the ancient system of cultivation gradually lost its popularity, even the heavens. Very few, I didn't expect there to be a Taikoo Cultivation System!"

Lu Ming sighed next to them. He also saw some rumors.

Some old people lamented that in fact the current magic repair is no longer a real magic repair.

Luo Xuan, Wuxi and others were shocked.

At this time, the ancient magic is completely in the upper hand, the child of the nihility retreats, and finally the ancient magic is punched into the virtual power.

The rule of nothingness is said to make everything into nothingness, but it can't break the layer of magic light on the ancient demon. Instead, it is destroyed by the magic light.

At the same time, the magic light roared, almost tearing the light of the law of the child of nothingness, his body retreated, and a ray of blood spilled from his mouth.

"You lost!"

The ancient demon stood in the air and spoke lightly. He looked ordinary, but had invincible faith.

The nihilistic child's face was pale, and this was only a few tricks, and he was defeated.

The other party's cultivation base is not higher than him, but at the same level, which is a huge blow to him.

Each of the Sons of God has an invincible belief, and he firmly believes that he can defeat all strong enemies and set foot on the top.

Previously, the reason why he lost to the Son of Death was that it took longer for him to break through the holiness than he did, and the law was stronger than him.

He will not lose until he catches up in this regard.

But now, it is defeated by the ancient demon.

The nihilistic child's complexion changed a bit, and finally shook his head and sighed. He fell on a seat and healed him.

At this time, Gu Mo's eyes looked at the son of death.

"Do you want to fight again?"

Gu Mo asked lightly.

The dead son of the ancient Demon Kingdom, named Ge Long, was very dignified at the moment.

The meaning of the ancient demon is obvious. Ge Long is only slightly better than the child of nothingness, but the ancient demon crushes the child of nothingness.

Who is strong and who is weak, obviously, do we need to fight again?

"war!"

Ge Long is very direct, stepping out, the light of death surrounds him.

"How do we decide the victory and defeat? If I don't beat you, I will lose!"

Ge Long stared at the ancient demon.

"whatever!"

Gu Mo opened his mouth lightly, showing strong self-confidence.

On the side of the ancient demon country, countless people raised their hearts.

Ge Long is their last hope. If even Ge Long is defeated, then this time the Ancient Demon Kingdom will be defeated.

The ancient emperor's face was slightly gloomy.

He knew very well that the immortal emperor came to beat him in the face.

Just as he passed the world disaster and celebrated the National Day, he came to beat him in the face.

On the battle platform, Ge Long and Gu Mo came face to face.

The breath of the two became stronger and stronger, and when he reached the top, Ge Long shot.

"Death Abyss!"

Ge Long shot with his hands dancing, and with his hands dancing, a huge abyss appeared out of thin air.

This abyss is huge, black and ink, full of breath of death, as if to bury everything under the abyss.

Although Gelong and Deathblade both control the law of death, the methods used are quite different.

In fact, even if you control the same law, different people will naturally use it differently.

Chapter 2046: Lu Ming smiled

The abyss of death is as dark as ink and unfathomable. As soon as it appears, it will suppress the ancient demon and immediately suppress the ancient demon in the abyss.

"Successful!"

Some people from the ancient Demon Kingdom were pleased.

Previously, Ge Long used this trick to defeat the child of nothingness, and even the impossible could not break through the abyss of death.

"All creatures, falling into the abyss of death, will die!"

Ge Long spoke, his crazy explosion, the death spirit of death abyss, full of extreme.

But at the next moment, Ge Long's face changed suddenly.

Boom!

A terrible roar came from the abyss of death, deafening.

Boom! Boom!

Then, in the abyss of death, the roaring sound became more and more intense. In the end, the whole abyss of death shook violently.

After dozens of roars in succession, the abyss of death suddenly exploded, and a figure, dressed in magic light, appeared in the air like a demonic god.

And Ge Long, at the moment when the abyss of death was broken, his body receded wildly, and there was a ray of blood in his mouth.

Lost, Gelong, the son of death, also lost!

At this moment, many people in the ancient Demon Kingdom face pale!

The strongest man in the ancient demon kingdom was defeated.

This time, the ancient Demon Kingdom was a disastrous defeat.

Not to mention, if the other party is an ancient demon, they can sweep through all their arrogance.

"Son of God, how could it be defeated?"

Especially some young people are even more incredible.

The Son of God, in the battle of the same level, is almost synonymous with undefeated, but now, the Son of God is defeated, and many young people feel the collapse of faith.

"Haha, ancestral, your arrogance of the ancient demon kingdom, it's not very good, will anyone come out to try it?"

The immortal emperor laughed, very happy.

The Undead Demon Kingdom and the Ancient Demon Kingdom are two super demon kingdoms on the land of the Devil, competing with each other for endless years, they can face the ancient Emperor, and the Undead Great Emperor is naturally happy.

The other people in the ancient demon kingdom also looked very bad. If the other party slapped the ancient emperor, it would be humiliating.

"Unexpectedly, the Undead Demon Realm, there was a person who turned into an archaic devil's path, and even cultivated to such a level, which is really rare forever!"

The ancient emperor spoke.

"Haha, this man is a legendary genius of my immortal demon country. Since he was a child, he couldn't awaken the bloodline, let alone comprehend the artistic conception, and control the law, but this guy has a chance. I thought that he was a peerless genius who cultivated the Archaic Demon Road. After practicing the Archaic Demon Road, he made rapid advances and attacked unparalleled. Even the strongest law could not be stopped!"

The immortal emperor was very proud, and briefly introduced the ancient magic.

Many people are very surprised. They did not expect the ancient demon to actually practice the current martial arts and cannot understand the laws of artistic conception.

However, it is extremely suitable for Taiko Magic Road, and it is a peerless genius who cultivates Taiko Magic Road.

The ancient system of cultivation is extremely difficult, and it is many times more difficult than today's cultivation system, otherwise it will not be lost gradually.

Moreover, it does not mean that cultivation into the Archaic Demon Road can crush the current cultivation system and even defeat the Son of God.

Only the peerless genius among them can achieve this step of the ancient demon.

"The Archaic Cultivation System, Archaic Demon Road!"

Lu Ming whispered, a strong war intent filled his eyes.

Lu Ming encountered it for the first time, and heard for the first time that there is also an Taikoo cultivation system.

In the ancient times of heaven, it was an earlier age than ancient times. At that time, the Evil God Clan had not yet started to attack.

Lu Ming was really happy to see the hunt, wondering whether he would take action to fight the ancient demon.

"Boy, you, come up!"

Just as Lu Ming was thinking, a voice sounded.

A young man from the undead Moguo boarded the battle platform and looked at Lu Ming.

That's right, just look at Lu Ming!

This young man was the one who defeated Luo Xuan before, and then Lu Ming rescued Luo Xuan.

He was repelled by Lu Ming's palm with carelessness before, feeling lost face, unhappy in his heart, thinking about wanting to cruel Lu Ming once, to get his face back.

At the end of the competition, he finally found an opportunity to set foot on the battlefield.

"You, that's you, aren't you strong, don't you want the hero to save the beauty, come up now, fight me, let me see what is the skill?"

Yuan Tuo stared at Landing and shouted again.

Lu Ming smiled, he really smiled.

He had been thinking and looking for opportunities to take action, and showed it well. At first, he could attract the attention of the ancient emperor. Secondly, he really wanted to play against the ancient demon.

Therefore, Lu Ming did not take the slightest consideration and stepped onto the battlefield directly.

On the side of the ancient demon country, some people looked at Lu Ming curiously.

Because Luo Xuan said before, Lu Ming defeated Cang Yan, not knowing the truth.

"Shoot, I will give you a shot!"

Lu Ming carried a hand on his back and spoke lightly, with a contemptuous look on his face.

Of course, this is what he did intentionally.

Sure enough, Yuan Tuo was angry.

"court death!"

Yuan Tuo shouted, he was running full strength, and with a bang, he rushed towards the landing and punched out with a punch.

This fist, like a demon ox galloping, like a sharp horn, pierced Lu Ming.

boom!

Lu Ming shot, it was also very simple, punched out.

But for this punch, he did not use the law of formation, but used the power of prison.

The power of Zhen Tian Tian Gong completely converged in the fist, and the fist of the original support, bang together.

Boom!

If the drum vibrated, the sky buzzed, and then a figure flew backwards and fell heavily hundreds of meters away.

This figure is naturally the original care.

Ok?

Originally, many people in the ancient Demon Kingdom were somewhat listless because of the defeat of the two Sons of God, and their eyes lit up at this time.

It is not weak to beat the original support with one move!

Is it true that Luo Ming defeated Cang Yan as Luo Xuan said?

Yuan Tuo struggled to get up, a flushed face.

He originally challenged Lu Ming to defeat Lu Ming and save his face.

Unexpectedly, he was defeated by Lu Ming with a single stroke. He flew hundreds of meters away and was completely crushed. His face was not recovered, but it was even more embarrassing.

He regretted it and almost vomited blood.

"You... you are in the Ancient Demon Kingdom, what is your ranking?"

Asked the original supporter.

If Lu Ming ranks high in the Ancient Demon Kingdom, then he is defeated and will not be so embarrassing.

"nameless!"

Lu Ming spoke lightly.

He just did not participate in the contest of the Ancient Demon Kingdom, and it was indeed unknown.

But these words fell in the ears of the undead Demon Kingdom, but they felt that Lu Ming was deliberately humiliating them.

Can an unknown person beat the original support?

"Huh, you want to humiliate us in this way, I will meet you later!"

In the Undead Demon Kingdom, a young man took a cold drink, stepped out, and appeared on the battle platform, opposite Lu Ming.

Many people recognize that this person ranked 15th in the Undead Demon Kingdom, before defeating the 13th Pride of the Ancient Demon Kingdom.

Chapter 2047: He is the son of chaos

"Shoot!"

Lu Ming still spoke lightly.

The man moved and cut out a vast magic knife, which was indeed stronger than the original support.

But Lu Ming threw a punch, directly defeated the opponent's knife light, and drove the opponent out.

One trick, another trick!

The opponent is the most holy consummate royal body, and the fighting power is absolutely strong, but Lu Mingzhan's cultivation behavior is but the most holy peak, but he can defeat his opponent with one move, which shocked many people.

"It's a strong fighting force. With one punch, it will be ruined. I see how his fighting style is a bit like an ancient demon, and there is no rule fluctuation!"

Some people are puzzled.

"I heard that he defeated Cang Yan before. I still suspected that now it seems that it may be true."

Someone thought of Luo Xuan's words.

Cang Yan's complexion was extremely ugly.

Originally, Luo Xuan's words might not be taken seriously by some people, but Lu Ming really showed his strength, which confirmed Luo Xuan's words, he had lost to Lu Ming.

"Lu Ming, don't get off the battle platform. You, an unknown person, how can you qualify for a battle!"

Cang Yan shouted and wanted Lu Ming to step down.

Lu Ming's gaze swept coldly towards Cang Yan and scolded: "This is something that I and the undead Demon Kingdom Tianjiao, you waste, shut me up!"

"You... what are you talking about?"

When Lu Ming blamed the waste, Cang Yan was furious and glared at Lu Ming.

"My men were defeated, and before they were defeated by the people of the Undead Moguo, they were defeated repeatedly, and they still have a face here. They are not a waste. What is it? I am you. Budo!"

Lu Ming scolded loudly.

"you..."

Cang Yan shivered, and his face became pig liver color.

"Bold, young age, so venomous, if you want a bad person's state of mind, you should kill!"

The demon king drank coldly, his eyes filled with cold murderous force, powerful breath, and shone toward the landing.

"Cang Mo, junior things, you still don't want to interfere!"

At this moment, the ancient emperor spoke lightly and waved his hand slightly, the atmosphere of the Cang Demon disappeared without a trace.

Before the contest of the ancient demon kingdom, he gave the power to the demon king, the other party would not let Lu Ming participate, he was too lazy to manage.

But now, the ancient Demon Kingdom has lost its face repeatedly after repeated battles and defeats, and Lu Ming lost the two men in a row just now, and saved a little bit of face. He naturally does not allow the Cang Demon to mess up.

The ancient emperor spoke, and the face of the demon king changed greatly. He bowed down quickly and sat down, but a pair of cold eyes still swept to Lu Ming from time to time.

Uh! Uh!

At this moment, the Undead Demon Kingdom, there are more arrogance, flashing, falling on the battle platform, to challenge Lu Ming.

"You are not my opponent!"

Lu Ming shook his head, instead of looking at these people, but stepped up into the air and walked towards the ancient demon.

What is he doing?

Many people were in a daze, Lu Ming actually went to the ancient demon?

Even the few sons of God at the scene were all surprised.

Lu Ming came to the ancient demon, showing a strong fighting intention in his eyes.

"Taiwan Demon Road, this is the first time I met, fight me!"

Lu Ming spoke.

His voice was clear and calm, but it seemed like a gust of wind that swept through all directions.

Everyone was stunned.

Lu Ming actually wants to challenge the ancient magic?

"I... I heard correctly, is he going to challenge Gumo?"

"Really, I also heard that he was going to challenge the ancient demon, crazy, he is crazy!"

Many people shouted.

For them, this is really incredible.

Lu Ming, actually had to challenge the ancient magic.

Just now, the Ancient Demon Show showed terrifying strength, defeating two Sons of God in a row, and the fighting power was shocking.

But now, Lu Ming actually challenges the ancient magic?

Lu Mingxiu is nothing more than the pinnacle of the Holy Spirit. Although the fighting power shown before was very strong, he easily defeated Yuan Tuo and others, and it was rumored that he defeated Cang Yan.

But what about that, it is not on a level at all, such as Cang Yan, faced with ancient magic, I am afraid that it will be crushed by a trick.

Many people think that Lu Ming is crazy.

Luo Xuan, Wuxi, and the head of the Luo family are also dumbfounded and unbelievable.

Although Lu Ming's strength is strong, it is not comparable to the ancient devil and other rare arrogance.

"Don't overestimate, I think I have a little strength, I'm inflated!"

You Ning sneered coldly.

"Come for favor, just for favor!"

Cang Yan laughed loudly, thinking that Lu Ming was a sensation.

The great emperors such as the ancient emperor and the immortal emperor all showed curiosity.

Knowing the fighting power of the ancient demon, but dare to challenge the ancient demon in public, is it really a sensation to attract favors and win eyeballs?

Lu Ming's breath exploded just as the crowd turned their thoughts, or when there was a lot of discussion.

boom!

In Lu Ming's body, the holy force surged in Peng Bai, such as the mighty river, which turned into a beam of holy force and rose into the sky.

"Good strong divine power, good divine power!"

"This kind of holy power fluctuation is not weaker than the most holy consummation, the most holy peak, there is such a strong holy power, no wonder that the combat power is so powerful!"

Some people were shocked by Lu Ming's holy power.

But at the next moment, the scene quieted down.

In the void, there is a gray light flashing, intertwined with Lu Ming's divine power, making Lu Ming's breath more powerful.

law!

The law of chaos!

Everyone can see at a glance that this is the law of chaos.

But this is not over yet!

At the next moment, a halo encircled Lu Ming and surrounded Lu Ming like a **** of war.

This is the light of chaos!

At this moment, many people's expressions are extremely exciting.

Such as You Ning, Ji Tian, Cang Yan and others, can swallow a dead mouse with open mouth.

And their expressions seemed to have swallowed a dead rat, shocked, incredible, and unbelievable.

Luo Xuan, too, opened his mouth slightly, his face filled with surprise.

"The son of chaos, the son of chaos!"

At this time, someone finally shouted.

There was an uproar at the scene!

Son of Chaos, it turns out that Lu Ming is the son of Chaos!

It's no wonder that Lu Ming has such a strong combat power and such a strong self-confidence that he bluntly said that the other arrogance of the undead empire, not his opponent, directly challenged the ancient demon.

The Son of Chaos, and practicing the light of the law, is indeed qualified to challenge the ancient demons!

Those who thought Lu Ming was sensational before, that Lu Ming was not self-controlling, and that he was crazy were all shut up.

In the eyes of the ancient emperor, there was a flash of surprise.

Unexpectedly, in the ancient Demon Kingdom, in addition to the child of death and the child of nothingness, there is also a child of chaos.

"Ancient, such an arrogance, is actually unknown in the ancient demon country? Haha, you, the ancient demon country, did you actually treat a son of God like this? It really makes me look different!"

The immortal emperor laughed.

The ancient emperor's face also sank slightly.

A son of chaos, in the ancient Demon Kingdom, was actually unknown, and even did not even have the qualifications to participate in the contest. It might be a joke or even a bit chilly when it was passed on.

Chapter 2048: Ancient Wars

"This matter has nothing to do with the emperor, but some people think that he is not qualified, so I didn't participate in the competition, so I was anonymous!"

Lu Ming answered.

He also needed to borrow the ancient coffin from the ancient emperor, so he naturally had to help the ancient emperor speak.

"Oh, some people are really eye-catching!"

The immortal emperor smiled lightly.

Cang Mo Wang, and Cang Yan's complexion, very ugly.

"This Lu Ming, **** it!"

The two roared in their hearts, and the immortal emperor said that there were no eyes, not that they were, but wherever they dared to be hostile to the immortal emperor, they could only blame everything on Lu Ming.

Gu Mo, also looked at Lu Ming with some surprise, finally shook his head and said, "You are not my opponent!"

His voice was calm, but full of strong self-confidence.

Even Ge Long, who has reached the limit of the Holy Consummation, is not his opponent. How can Lu Ming rival him?

"No war, how can you know?"

Lu Ming followed her mouth, also full of confidence.

The ancient demon was surprised. Lu Ming knew he was so confident, and he was so confident that he was really sure.

"Then fight!"

The ancient demon spoke, and his body was filled with an amazing breath, and a dark magic light enveloped him.

boom!

Lu Ming took the lead to do so, and he is still performing the Prison of Heaven.

But this time, there is the law of chaos and the blessing of the light of chaos.

boom!

The sky vibrated, the space rippled like water waves, and the terrible power rushed wildly towards the ancient demon.

The ancient demon's body shook, the magic light burst out, and a punch came out, colliding with Lu Ming.

Boom!

A deafening roar sounded, terrifying forces swept out in all directions, and some forces fell on the battle platform, causing the battle platform to vibrate violently.

bump! bump! bump!

A figure, stepping back three times in a row, stepped on the void continuously exploded.

Lu Ming!

In this collision, Lu Ming fell downwind and was repulsed, while the ancient demon remained unchanged.

"Lu Ming lost after all!"

Some people sighed.

The first move, fell on the downside, Lu Ming is not an opponent of Gu Mo after all.

"Haha, you can't do your best. Gu Mo is best to kill him and abolish him!"

Cang Yan laughed in his heart, hoping that the ancient demon would go mad and abolish Lu Ming.

"What a terrible power!"

At the moment, Lu Ming was also shocked.

Just a hard trick with Gu Mo just now, he found that Gu Mo is not only strong and unmatched in flesh, but the magic light and power is even more amazing.

That kind of magic light, extremely condensed and unmatched in its ability to attack, even Lu Ming's chaotic law must be torn apart by it.

Lu Ming encountered this amazing power for the first time.

"Come again!"

Lu Ming Changxiao turned the prison to the extreme, and continued to bombard the ancient demon.

The ancient demon, like a demon god, slammed towards the landing.

Boom! Boom! ...

The two men clashed hard, continuously colliding in the void, and the sky was constantly shaking.

But Lu Ming fell completely underneath, and every time he collided, his figure retreated backward.

After fighting a dozen strokes, he has backed away a few hundred meters.

Boom!

In the fifteenth move, Lu Ming stepped back a thousand kilometers and felt a tingling in the palm and arm.

"Great, great, is this the power of Taikoo Dao?"

Lu Ming marveled.

This is a system that is very different from the current cultivation system, but the level of mystery is more than that.

"Don't try your best, dare to challenge the genius of the Archaic Devil's Dao.

Cang Yan could not help but sarcasm.

But when he saw the ancient Emperor glance at him coldly, he was trembling, almost scared, and his face changed drastically, and he dared not speak again.

Uh!

After the ancient demon repelled Lu Ming with one stroke, his figure kept on, and he continued to kill the landing.

"Chaotic Tribulation!"

At this time, Lu Ming did not continue to perform the Prison Prison Skills, but used the Chaos Tribulation Finger.

With a finger, a huge chaotic ring was formed, blasting towards the ancient demon.

boom!

The ancient demon punched on the ring of chaos, chaotic robbery refers to a violent shock, and the inch broke.

But this time, the ancient demon's offensive was also blocked, his body stagnation, and stopped.

At this time, Lu Ming's left hand filled with endless runes, shot with a palm, endless runes, condensed a Kowloon, rushed towards the ancient demon.

"This... this is the law of formation? He controls two kinds of laws!"

"How can this happen, Holy Realm can actually control two laws!"

Many people cried out inconceivably, and some even stood up excitedly from their seats.

It is unheard of for a holy place to actually control two laws.

"This guy...in You Luo Mo Guo, did not use much strength at all!"

Luo Xuan sighed.

He finally understood how Lu Ming used the law of magic thunder at the beginning, which was transformed by the law of chaos.

On the edge, You Ning, Ji Tian, and Ji Peng naturally heard Luo Xuan's words and opened their mouths one by one, but in the end, they all turned into a sigh.

They understand that Lu Ming didn't use real skills at all in You Luo Mo Guo, but playing with them, it is estimated that they didn't take them seriously.

Especially in Ning, the mood is more complicated.

At first, Lu Ming became her guest secretary, but later, she personally expelled Lu Ming from the Princess Palace.

She actually expelled a son of Chaos from the Grand Princess' Palace.

The immortal emperor said that Cang Demon, Cang Yan has no eyes, is she not?

Jiulong roared towards the ancient demon, and at the same time, Lu Ming's right hand pointed with another finger.

The two laws, attacking at the same time, finally made Gu Mo's eyes dignified.

The magic light on him converged, and finally turned into a magic knife, which he held in his hand.

Uh!

A blade of light slashed towards Kowloon.

The terrible power instantly tore the Kowloon body apart.

But after being torn open, Jiulong turned into endless runes and permeated toward the ancient demon to seal it.

"broken!"

The ancient demon roared, the magic light burst out, and the power was amazing, directly tearing the rules of formation.

Then he cut it out again and collided with Chaos Tribulation Finger.

This knife tore the chaotic fingers, but his own offensive was also stagnant and somewhat unsmooth.

Then, Lu Ming sends his hands together, and simultaneously runs the law of chaos and the law of battle to fight the ancient demon.

The two confronted each other fiercely, blinking dozens of moves in the past, but regardless of the outcome.

The eyes of many people in the ancient Demon Kingdom brightened.

Lu Ming, can really confront the ancient demon, this kind of combat power is really amazing, and also beyond everyone's expectations.

The faces of the people who are not dying in the Demon Kingdom are also ugly.

The four sons of God in both countries have extremely dignified faces.

Lu Ming, the son of chaos, has a fighting power beyond their imagination. It is now only the pinnacle of the Holy Spirit. It is so powerful, bringing them great pressure.

Chapter 2049: Lu Ming, first place

"This ancient demon is stronger than the stellar river in the lotus world!"

During the war, Lu Ming analyzed the strength of the ancient demon.

At the beginning in the lotus world, the cultivation of the stellar river has reached the limit of the holy consummation, and it is only one step away from the quasi-imperial, which is equivalent to Gelong today.

At that time, Lu Ming needed to borrow the vast energy of the Third Blood Vessel to compete with the Stellar River.

But now for the long time in the past, Lu Ming is not the same today.

At that time, his cultivation was the most sacred, and now it is already the pinnacle of the most holy, and only one step away from the completeness of the most holy.

And now, whether it is the chaos of the fingers of the chaos, or the temptation of the law of formation, it is not comparable at that time, and it has made too much progress.

Even, the law of chaos and the law of formation have already been able to merge initially. Lu Ming's combat power is much stronger than when he battled the stellar river in the Lotus World.

Now, Lu Ming can suppress the stellar river even without the power of the third bloodline. Of course, it means that the stellar river has not broken through.

The war continues!

However, Lu Ming's first-hand chaos law and first-hand array law cooperate with each other and are not weaker than each other.

The law of formation, condensing the Kowloon attack, has the power to destroy the attack and the seal, especially the power of the seal. Although each time it will be torn by the power of the ancient demon, it will interfere with him a little.

Then using Chaos Tribulation Finger as the main attack, although the ancient magic power is strong, it is also blocked by Lu Ming.

Lu Ming has faced dozens of tricks in a row, and it is still difficult to differentiate.

"Break. Chaos Tribulation!"

At this time, Lu Ming's abrupt use broke out. Chaos robbed fingers.

The endless runes permeated above the fingers of chaos, but they were covered by the light of chaos and could not be seen if you did not pay attention.

The ancient demon also thought that this was just the same as the previous Chaos Tribulation Finger. He gathered magic light and slashed toward the Chaos Tribulation Finger.

But when he slashed his fingers in chaos, his face changed.

Because the power of this chaotic tribulation was beyond his expectations.

Roar!

He roared loudly, bursting into magical light, resisting the power of chaotic fingers.

However, he was a little late.

The terrible force surged and threw the ancient demon out.

The ancient demon backed away for several kilometers, and a spit of blood spilled from his mouth.

"I lost!"

The ancient demon glanced at Lu Ming carefully, then spoke, and then he stepped back and flew into the battleship in the air.

"lucky!"

Lu Ming whispered in his heart that his move just now had a clever meaning. The ancient demon was wounded only by carelessness.

If he has defense in mind, even though Lu Ming can gain the upper hand, he may not be able to defeat Gu Mo.

Won!

Lu Ming won!

The people of the ancient demons are ecstatic.

It's really another village in Liuminghuaming!

Before, they were completely suppressed by the Undead Demon Kingdom, and even the two Sons of God were defeated by the Ancient Demon, and they lost their faces.

Unexpectedly, when the key came, Lu Ming killed and defeated Gu Mo in one fell swoop.

There is no doubt that the ancient demon is the first arrogance of the undead demon kingdom, even the ancient demon is defeated, the undead demon kingdom, nobody is Lu Ming's opponent.

"Hahaha, good!"

In the ancient Demon Kingdom, someone laughed, and finally felt a bad breath.

"Lu Ming..."

Luo Xuan whispered, his eyes filled with splendor.

Those who are not dying Mogu, their faces will be somber.

This time, they came prepared to take advantage of the ancient emperor to celebrate the big robbery and use the younger generation to humiliate the ancient demon kingdom and make the ancient emperor's face dull.

In front, everything is normal. According to their plan, they successfully defeated the arrogance of the ancient demon kingdom, but unexpectedly, halfway through, they killed a Lu Ming to make the battle come back.

If Lu Ming continues to challenge, can't he sweep them?

The last thing he regretted was the original trust, and he wished to slap himself.

Originally, Lu Ming didn't shoot, but he challenged Lu Ming himself, but he didn't expect to provoke a bad star.

"The ancient demon country, it is really talented people, but unfortunately some people have no eyes, such a arrogance, actually unknown, really ridiculous!"

The immortal emperor laughed, then stepped out and returned to the battleship.

Then, the rest of the undead kingdom also followed back to the battleship.

Rumble!

The battleship started, broke through the void, and disappeared here.

The people of the Undead Demon Kingdom are gone, but the Devil King, and Cang Yan, are ugly looking to die.

In the words of the immortal emperor, Chi Guoguo hit their faces.

"Finally left, this time, thanks to Lu Ming, otherwise it will really be humiliated by the undead Moguo!"

"Yes, the Undead Demon Realm, there is actually a arrogant practice of the Archaic Devil's Path, which is really amazing!"

"No matter how amazing, it was not defeated by Lu Ming!"

"Someone said that Lu Ming was not eligible to participate in the competition, it was ridiculous!"

After the people of the Undying Demon Kingdom left, there was a lot of discussion, and some even taunted secretly, if there was any point.

Tianjiao like Lu Ming was actually stopped and refused to participate in the competition.

Lu Ming is not qualified, so who is qualified?

"Damn!"

The Demon King roared in his heart, and wished to unload Lu Ming eight pieces.

And Cang Yan, the face gloomy to drip water.

The ancient emperor glanced dissatisfiedly at the demon king, and then looked at Lu Ming, with a smile on his face, said: "Lu Ming, I heard that you are from You Luo Mo Guo?"

Someone just talked about it, and it was naturally heard by the ancient devil emperor.

"Not bad!"

Lu Ming said.

"Well, good, You Luo Mo Guo, there is such a natural pride, even the state of the holy peak, defeated the ancient pride of the ancient magic road, and it is rare to see forever. , Everyone else stepped back!"

The ancient emperor announced.

Cang Yan's face changed greatly.

Lu Ming won the first place, and the people behind moved back one place.

Cang Yan could have finished third, and could make a request to the emperor, but now it has become the fourth place, and he is not qualified to make a request.

Cang Yan almost vomited blood. He had already thought about what conditions to mention, which had a great effect on him, but now, everything is empty.

"All Lu Ming!"

Cang Yan secretly hated.

In his opinion, why Lu Ming is going to shoot and why he is going to defeat Gu Mo? Everything is Lu Ming's fault!

As to whether he will be humiliated by the undead Moguo, what does this do to him? It is important where he can bring a condition to the emperor.

"Do you guys have any opinions?"

The eyes of the ancient emperor glanced at the audience, and he purposely stayed on Cang Demon and Cang Yan.

One hundred and one thousand have opinions in their hearts, but dare to say it.

Obviously, Lu Ming defeated the ancient demon and saved the face of the ancient demon country. The ancient emperor was very satisfied with Lu Ming.

They can only smile against their hearts, and say no opinion against them.

"Well, since this is the case, Lu Ming is the first. According to the previous emperor's promise, the top three can make a request to the emperor. Lu Ming, what do you want to ask, despite the mention!"

The ancient emperor said to Lu Ming.

Chapter 2050: The ancient coffin was stolen

Lu Ming was overjoyed. The reason why he challenged the ancient demon was that he had a heart-hunting desire and wanted to discuss his mentality, but it was more an opportunity to show his strength and arouse the attention of the ancient emperor, so as to get the opportunity to make a request.

Now, Lu Ming's goal has been achieved.

"Emperor, Lu Ming wants to borrow the ancient coffin for a month, and hope the emperor will complete!"

Lu Ming gave the ancient emperor a fist and said his request.

As soon as this remark came out, the audience was quiet, and many people looked at the landing in surprise.

Lu Ming, actually mentioned this request.

The ancient demon coffin, but the treasure of the ancient devil country town, only the ancient emperor is qualified to control.

Lu Ming's so bold courage actually wanted to borrow the ancient coffin for a month.

Luo Xuan's heart could not help tightening, worrying about Lu Ming.

"Unpretentious, Lu Ming, don't think that you are a little talented, and if you make a little effort, you can gain a lot of effort. How can you borrow such treasures as the ancient coffin?"

The demon king seized the opportunity and stood up and scolded.

But Lu Ming didn't look at him at all, his eyes only looked at the ancient emperor.

The ancient emperor frowned, and said: "Lu Ming, let's change another request, as long as I can do it, I will help you to complete it!"

Lu Ming sank in his heart. Didn't the ancient emperor agree?

"Emperor, the junior borrowed the ancient coffin to save people. The junior has a loved one, and the soul is damaged. The ancient coffin is needed to condense, please complete the emperor!"

Lu Ming said again.

The ancient emperor frowned deeper, and seemed to be thinking, after a while, he said: "Lu Ming, after the banquet, you come to the emperor!"

"Yes!"

Lu Ming was very happy in his heart and seemed promising.

Then, others asked.

The requests made by the two sons of chaos are naturally related to cultivation, and the ancient emperors agreed one by one, making others envious.

"The battle of the ten places will be held in less than three years. At that time, there will be a great chance. Therefore, during this time, you must practice well to improve your cultivation ability and combat strength. , Seize the opportunity!"

The voice of the ancient emperor rang throughout the audience.

Many young people could not help clenching their fists.

Ten battles, they have heard of them, and one by one is very expectant.

That's how splendid it will be to gather the whole Yuanjie.

Next, the banquet continued until the next day, and the crowd dispersed.

"Princess, I won't go back to You Luo Mo Guo!"

Lu Ming said goodbye to Luo Xuan, the head of the Luo family and others.

Luo Xuan sighed in her heart. Since she saw Lu Ming's strength, she knew that Lu Ming would definitely not stay in You Luo Mo Guo.

You Luo Mo Guo is too shallow to leave a real dragon.

"You take care, there is a chance, come to You Luo Mo Guo to find me!"

Luo Xuan fangs, showing a pair of tiger teeth, quite cute.

"Of course, there is such a beautiful princess, and I must be thinking about it all the time, and I will certainly go to you if I have a chance!"

Lu Ming smiled and made a joke.

Finally, the people of Youluo Moguo left, and the congratulations were over. They wanted to return to Youluo Moguo.

"Master Lu Ming, please follow me!"

A middle-aged man came to Lu Ming, who was sent by the ancient emperor.

Lu Ming nodded and followed the middle-aged man to the side hall.

The ancient emperor was sitting above the side hall.

After coming here, the middle-aged man retreated.

"Lu Ming, you must borrow the ancient coffin?"

The ancient emperor asked him directly.

"Yes, if there is no ancient coffin, the younger relatives may be difficult to wake up!"

Lu Ming spoke, his expression firm.

The ancient emperor pondered, after a moment, said: "Lu Ming, if the ancient coffin is still in the hands of the emperor, it's fine to lend you a month, but..."

Speaking of this, the ancient emperor had a meal.

Lu Ming was shocked. What did the ancient emperor mean? Isn't the ancient coffin not in the hands of the ancient emperor?

"To tell you the truth, the ancient coffin was stolen a year ago!"

The ancient Devil paused for a moment and continued.

"what?"

Lu Ming was dumbfounded.

The ancient coffin was stolen, how is this possible?

Who can steal the ancient coffin in the hands of the ancient emperor?

But he did not think that the ancient emperor deceived him. What identity did the ancient emperor have? There is no need to deceive him. If he does not want to lend him, Lu Ming has no way.

"The ancient coffin, I did not take it with me, but hid it in a secret place in the palace. One year ago, it was stolen by someone, and after that person stolen the ancient coffin, he fled directly into the magic sea. Because I was about to prepare for the robbery, I didn't chase it!"

The ancient emperor said.

"Actually the magic sea!"

Lu Ming's eyes narrowed.

He spent some time in Yuluo Moguo, and had some knowledge of some terrible places in the Devil's Land.

The Magic Sea, one of the three forbidden areas known as the Land of Ten Thousand Demons, is extremely terrible. Since ancient times, countless people have entered and countless people have died in it. It is said that even if the emperor enters, it may be dangerous.

However, there are rumors that the magic sea contains great opportunities, and if it can be obtained, a major breakthrough can be made.

Into the magic sea, pure broken is by luck.

Good luck, even if the repair is very low, it will be fine after entering.

But the bad luck, even the emperor, is dangerous after entering.

Zeng Jin had the emperor entered, and the last one was seriously injured, which shocked the whole demon land.

Someone stole the ancient coffin and fled into the magic sea.

"The ancient coffin must not be lost. It must be recovered. Now that I have survived the disaster, I am preparing to call a group of people into the magic sea to recapture the ancient coffin. If you must want to borrow the ancient coffin, Enter together!"

"But in the magic sea, the situation is changing rapidly, and I can't guarantee you 100%!"

The ancient emperor said.

"Go in, Great Emperor, I will go in with you!"

Lu Ming did not hesitate and agreed.

In any case, he has to get the ancient coffin to rescue Qiuyue, even if it is dangerous, he must break through.

"I didn't expect you to be a little guy who values love and justice, well, you live in the palace first, then I will send someone to call you!"

The ancient emperor said, and then asked someone to arrange accommodation for Lu Ming.

Lu Ming stayed in the palace and waited.

Lu Ming didn't wait too long, and the ancient emperor sent people to find it, brought the landing to Ming, and came to a wide place.

"The Demon King!"

Here, a lot of people have already gathered, Lu Ming saw the demon king at a glance.

Cang Mo Wang's eyes swept over Lu Ming, flashing a ray of sharp edge.

Lu Ming found that there were hundreds of people gathered here.

But there is one thing in common, they are very old.

There are Emperor Wu and prospective Emperor.

Lu Ming looked for someone to find out, and then they realized that these people must enter the magic sea.

Here, there are hundreds of prospective emperors and dozens of martial emperors.

Hundreds of prospective emperors, all of whom are Shouyuan, will be exhausted. They enter the magic sea and seek opportunities to break through. Otherwise, they will not live long.
