

D Emperor 2061

Chapter 2061: Sacred heart blends, flesh is recast

Cang Mo Wang determined, Lu Ming was dead.

His magic fire alone is not what Lu Ming can resist. Under his magic fire, Lu Ming will turn to ashes.

In addition, here is still under the magma lake. Even the magma here is a little scared. Not only is the temperature high, but the pressure is also amazing.

Either of the two is the same, Lu Ming is dead, not to mention the two together, Lu Ming has no chance.

At this moment, Lu Ming not only had his limbs burned to ashes in flames, but also his other bodies were about to be turned to ashes.

The devil king sneered and rushed towards the top of the magma.

Although he didn't get the chance on Lu Ming, it was good to kill Lu Ming.

In a blink of an eye, the Demon King rushed into the magma lake and flew to the darkness.

"How's that kid?"

Someone asked.

"Dead, let's go, let's explore this ancient city and then leave!"

The Demon King said, and then flashed, leaving the place, and the other three followed the Demon King.

At this time, Lu Ming did encounter the biggest crisis in his life.

At this moment, his flesh must be completely ashes.

The most important thing is that he can no longer mobilize his power, nor can he rush.

His body is completely shrouded in magic fire, that is the true magic peak of the real emperor, without burning the target to ashes, it will not extinguish.

嗤嗤嗤...

Lu Ming could clearly feel that his body was collapsing, disintegrating, and being burned to ashes.

There are three chaos in the flesh.

At this moment, the three chaotic gases, like three little snakes, roamed and rushed into one of the Sacred Hearts.

"Into the Sacred Heart!"

With the power of the soul, Lu Ming moved the Dayan Pill Furnace in the Sea of Understanding and the pictures of mountains and rivers into another sacred heart. Then Lu Ming's soul also rushed into a sacred heart.

As long as the soul is immortal, there is always hope of resurrection.

Just a few breaths tightly, Lu Ming's flesh, completely burned into ashes under the burning of the magic fire, disappeared without a trace, leaving only two Sacred Hearts suspended there.

After the magic fire burned Lu Ming's body into ashes, he seemed to have lost his goal and finally disappeared.

"not good!"

In the Sacred Heart, Lu Ming's soul can still sense everything outside. At this time, he found that the magma outside was squeezing crazy towards the two Sacred Hearts.

Let the two Sacred Hearts crash together.

The magma outside wraps two sacred hearts and squeezes on the two sacred hearts, as if to crush the two sacred hearts, and the horrible temperature in the magma is also burning the sacred heart , To melt the Sacred Heart.

Lu Ming worries that if the two Sacred Hearts are melted, then he really has no chance.

"Autumn Moon!"

Lu Ming whispered, glanced at the Dayan Dan furnace suspended in the Sacred Heart.

If the Sacred Heart is broken, leaving the Dayan Pill Furnace here, I am afraid that it cannot withstand the terrible high temperature outside.

The Dayan Dan furnace, although wonderful, is also dangerous in this environment for a long time.

This trip was originally intended to save Qiuyue, but Qiuyue was not awake yet, but was first in danger.

Keng!

At this moment, the two sacred hearts were shattered and the outer corner shattered.

boom!

When the Sacred Heart shattered a corner, Lu Ming's soul shook violently, and there seemed to be a terrible flame that enveloped his soul.

"Does it really fall here today?"

Lu Ming turned a thought in his heart. At this moment, he felt the breath of death, his soul was shaking, his consciousness was blurred, and finally his eyes were dark, and he knew nothing.

There are only two Sacred Hearts, squeezed by the terrible magma.

However, a strange scene happened.

The broken parts of the two Sacred Hearts did not dissipate into nothingness, but stuck together and flew back into the Sacred Heart.

Keng! Keng! ...

As the magma squeezed and burned, the two Sacred Hearts shattered more and more, but the fragments and powder of those Sacred Hearts fused together again and flew back to the two Sacred Hearts.

It is as if the two Sacred Hearts are to be fused with each other.

Of course, all this, Lu Ming has no idea.

Next, the Sacred Heart continued to collapse, but it continued to overlap.

In a flash, three days passed.

In three days, it was originally two Sacred Hearts, but this time, it became one.

Into a bigger sacred heart.

Buzz!

When the two Sacred Hearts are completely transformed into one, a wonderful wave is emitted, and then, this larger Sacred Heart rotates rapidly.

At this moment, in the Sacred Heart, there was a wonderful power. Around, the energy in the magma was converging toward the landing.

In this way, a few days have passed.

A wonderful scene appeared, centered on the Sacred Heart, and a body outline appeared.

This is just an outline, not an entity, composed of energy.

When this body contour appeared, the three chaos in the Sacred Heart flew out and swam through the body contour. At the same time, the energy in the magma continuously gathered and poured into the Sacred Heart, Then it overflowed from the Sacred Heart again and poured into this body outline.

This body contour slowly becomes solid.

Reinvent the flesh!

This is remaking the flesh!

When the two Sacred Hearts merge into one, they are rebuilding the body autonomously, and rebuilding the body with the energy in the magma.

The process of remaking the flesh is slow.

In this way, three months passed.

Among the magma, an intact body appeared.

This flesh is Lu Ming's flesh.

But this body is different from the previous one.

There is a fiery red color on the skin, like a flame burning.

The body curve is perfect, but it seems to be full of explosive power.

The three chaotic gases are also perfectly integrated in the flesh.

At this moment, the fingers of the body moved a little, and slowly opened his eyes.

"this is..."

Lu Ming looked around in surprise.

Finally, I looked at my body again and was shocked.

He remembered clearly that he had been attacked by the demon king before, and his body was turned into ashes in the demon fire. Even the sacred heart was squeezed by magma, and his soul was shaken, and his consciousness fell into darkness.

Unexpectedly, when I woke up, I found my body still alive.

"No, this body is a little different from before..."

The next moment Lu Ming felt strange.

He found that this body, although also a flesh and blood body, was stronger than before, and the three chaotic atmospheres blended perfectly and were full of explosive power.

At the same time, this body seemed to have no fear of the surrounding magma, as if it were one with the surrounding magma, and the surrounding magma was invalid for him.

This is not Lu Ming's physical body, it is really strong enough to fear the temperature of magma, but his physical body is recast with the energy here, and the energy of each other is the same, so he is not afraid.

In exchange for other forces of the same level, Lu Ming will definitely not be able to resist.

Chapter 2062: Law fusion

"The flesh is recast!"

After Lu Ming thought for a while, he discovered the problem and couldn't help being overjoyed.

Although he did not understand how his body was recast, it was a good thing anyway.

"No, my heart!"

At this time, Lu Ming finally found out that his Sacred Heart situation was wrong.

There used to be two Sacred Hearts, but now it has become one, but this Sacred Heart is bigger.

"Are the two Sacred Hearts fused together!"

Lu Ming guessed, surprised.

He had never thought that the two Sacred Hearts cultivated by the Twins Prohibition could actually be merged together.

Moreover, Lu Ming found that not only did he rebuild his body, but even his cultivation practices were promoted to reach the holiest consummation.

Not only that, Lu Ming also found that after the fusion of the two Sacred Hearts, his two laws were completely fused together.

Before, the laws of array and chaos were only a preliminary fusion, but now they are completely fused.

"The two laws are fully integrated, and the power can definitely increase!"

Lu Ming's eyes showed surprise.

This time, I was really blessed by misfortune.

Not only did it not fall, but the cultivation base also broke through, and the power of the flesh increased greatly, and the two laws also merged.

He heard that the Emperor Wudi was going to take this step.

Emperor Wu, to comprehend different laws, then also need to merge different laws together.

He is now doing what Emperor Wu did.

"If the devil king knew all this, he would be mad!"

A faint smile appeared on the corner of Lu Ming's mouth.

Then, with a move in his heart, the pictures of mountains and rivers and Dayan Danlu returned to the sea of knowledge.

"The bloodline of the Zhenyu Monument, and the third bloodline, are still there!"

Lu Ming sensed the blood vessels and the third blood vessels of the Zhenru Monument and found that they were still there, which surprised him secretly.

He has never been able to understand these two blood lines, and it feels very wonderful.

This time, even his body was ruined. After recasting, both blood lines are still there. This is really difficult to explain and extremely mysterious.

However, this is a good thing for Lu Ming.

"I don't know how long it has been, but the energy here is very abundant, but it can allow the Heavenly Emperor to absorb the energy here!"

Thinking of this, Lu Ming thought about it, and the Emperor's flesh appeared from the pictures of mountains and rivers.

Then, Lu Ming started the exercises and began to control the Emperor's flesh to absorb the surrounding energy.

Huh...

Heavenly Emperor's flesh is like a black hole, madly absorbing external energy.

In the magma, a lot of flame energy is absorbed by the emperor's flesh.

Soon after, centered on the Emperor's flesh, the energy in the magma was exhausted and turned into rock.

Lu Ming can only shift places and continue to absorb.

There is too much energy required by the body of Heavenly Emperor.

At the beginning, Lu Ming spent more than half a year.

For more than half a year, he has been fighting the Evil God Clan. After each behead of the Evil God Clan, he will absorb the kind of spar carried by the Evil God Clan to the body of the Heavenly Emperor.

For more than half a year, Lu Ming did not know how many Evil God Clan had been killed, how many spars absorbed into the Emperor's flesh, and how much energy. Eventually, the energy of the Emperor's flesh was accumulated to 12%.

Moreover, the more energy the Heavenly Emperor has accumulated in the back, the more difficult it is to improve, and the more amazing the energy required.

In this way, Lu Ming continued to absorb energy under the magma, and a large piece of magma was turned into rock. Two days later, the energy of Tiandi's flesh increased to 8%.

This is because, before the emperor's flesh, he already stored some energy.

"Eight percent is not enough, at least it needs more than ten percent. Below this magma, the higher the temperature, go underneath to absorb!"

Lu Ming turned his thoughts and then went down.

As long as the energy of the world's physical body is stored more than 10%, Lu Ming can control it. At that time, it is enough to confront the emperor. This time the chance of getting the ancient coffin will increase greatly.

Also, the Demon King!

Lu Ming's eyes flashed a cold killer.

Cang Demon, he will kill!

Lu Ming rushed towards the bottom of the magma lake.

Below the lava lake, the temperature is so amazing that even the demon king has retreated, showing how amazing it is.

Even if Lu Ming's human body is recast with the energy of the Magma Lake, he would not dare to go too deep, otherwise it would be turned into ashes.

Lu Ming didn't want to try the feeling of being ashes again.

This time, it was good luck, and the body was recast. Next time, it may not be so lucky.

"This is it!"

After diving for a while, Lu Ming felt terrible pressure and stopped, manipulating Tiandi's body, and began to absorb energy.

The energy here is really much stronger.

When the nearby energy was absorbed, Lu Ming moved to another place and continued to absorb it.

Of course, it was just a horizontal shift, and Lu Ming dared not continue.

After a few more days, the energy in the body of the Emperor Tian skyrocketed, reaching a staggering 16%, which was 4% more than the last time.

"enough!"

Lu Ming showed a happy look.

Sixteen percent of the energy is absolutely amazing.

If he fights the Hejia Emperor again with such energy, he will definitely be beaten into a pig head.

Lu Ming decided to leave here, the key is that the energy above the magma lake was almost absorbed by Lu Ming, and then went down, the temperature was too high, Lu Ming dare not go down.

Moreover, he is here, I don't know how long it has passed, I don't know what happened to them. Did you find the ancient coffin?

Lu Ming put the emperor's flesh into the mountains and rivers, then broke the rock and rushed up.

After a while, Lu Ming left the Magma Lake and landed on the shore.

Glancing at the sight, no figure was found.

"It seems that Cang Mo Wang and others have left, and I don't know how long it has passed. Look at the map and talk!"

Lu Ming thought about it, took out the black jade charm, and poured it into the Holy Power.

Suddenly, a black pattern floated in the air.

"Something!"

Lu Ming moved.

This black pattern, in other places, is completely dark, but in the dark, there are some light spots shining.

This means that someone has also inspired the jade card to see it.

Among them, there is a place with a group of light spots, at least hundreds of which are shining.

In other places, there are light spots moving towards that group of light spots.

"So many people come together, is it the ancient emperor who called the crowd early?"

Lu Ming thought.

In this way, the ancient emperor has not yet recaptured the ancient coffin.

"go!"

Lu Ming put away the jade card, and then rushed outside thinking about the city.

When passing by those buildings, there was still a roar of the beast, and there were claws to snipe him, but Lu Mingji came out of the blood of the prison monument and passed the building with no danger.

It didn't take long for Lu Ming to pass through the ancient city and out of the gate.

"kill!"

When Lu Ming rushed towards those demons, those demons slammed towards the landing.

Chapter 2063: Great increase in strength

The black demon pressed a demon and slammed towards the landing. Among them, there were also two one-star virtual emperor-level demon. The attack was terrible.

"roll!"

Lu Ming ran two prison punches while running the prison.

Boom! Boom!

Lu Ming's attack collided with the two Demon Martial Emperors and made two huge roars.

The two demon martial emperors, whose bodies were violently shaken, couldn't stop Lu Ming's terrible power, and their bodies retreated one after another.

"Just take you to try my combat strength, kill!"

Lu Ming shook his arms, feeling that the flesh was full of infinite power.

"Chaotic Tribulation!"

Lu Ming points **** in a row, the Holy Power bursts out, and at the same time, the law of array and the law of chaos merge, blessing on the finger of chaos.

Two to terrible fingers, blasted towards the two Wudi demon spirits.

Wherever he passed along, he was full of energy, and all the demons that were standing in front of him collapsed and burst apart.

The two groups of Emperor Wu Realm Demon seemed to feel threatened, broke out with all their strength, and made two moves toward the landing.

boom! boom!

Two shocking roars sounded, this time, the two Emperor Wu Realm Demons, their bodies shook, and they retreated, their bodies almost burst apart.

Lu Ming's eyes glowed with joy.

His combat power really skyrocketed.

Two one-star Emperor Wu were completely suppressed by him.

Previously, Lu Mingxiu was invincible when facing the one-star Emperor Wu in the most holy peak.

With Lu Ming's combat power at that time, if he broke through to the Holy Consummation, it would be enough to contend with an ordinary one-star Emperor Wu.

But this time, Lu Ming not only cultivated a breakthrough, the physical strength, but also the complete fusion of the two laws, and the combat power was strengthened again, which has been able to suppress the one-star Emperor Wu.

Even two emperors Wu Xing, one star, must be suppressed by him.

call out! call out!

Lu Ming successively pointed out Chaos Tribulation Fingers. The two demon martial emperors, backed by Lu Ming repeatedly, could only barely resist.

As for the demon under Emperor Wu, Lu Ming was swept away by the fingers and burst into bursts.

bump! bump!

The two demon martial emperors, the weapon was blown out by Lu Ming, and the body showed cracks. If it was not the armor they were wearing, it was extremely hard, and it would really be broken by Lu Ming.

"kill!"

Not far away, there were shouts and killing sounds, and a few more demons, rushing to this side, are the demons of Wudi Realm.

"Stop playing with you, go!"

Lu Ming turned around and rushed to the outside, where the demon was blown away.

Ordinary demons couldn't stop him at all, Lu Ming ran rampage, and after a while, he broke through the sniper attack of the demonic army and disappeared here.

Out of this area, Lu Ming took out the jade card again and inspired the pattern above.

It can be clearly seen that there is also a light spot shining on Lu Ming's side. Lu Ming found the direction and rushed towards the pile of light spots.

Along the way, nothing strange happened, and it was calm.

Lu Ming was getting closer and closer to the light spots.

But it took a full three days before Lu Ming approached those light spots.

From a distance, there is a group of people standing in the distance.

At a glance, Lu Ming saw the ancient emperor.

There is also the Cang Demon King. In addition, several martial emperors who chased him were among them.

In Lu Ming's eyes, a cold killer burst forth, and the killer was covered up by him very well at the next moment.

Lu Ming put away the jade card and flew towards the ancient emperor and others.

There is an ancient emperor who believes in the demon king and dared not to deal with him.

Moreover, now Lu Ming is not afraid of Cang Demon King, if the other party started, Lu Ming took this opportunity to get rid of the other party.

Lu Mingfei passed by, attracting everyone's attention.

"Lu Ming, you..."

When the demon king saw Lu Ming, his mouth was open enough to swallow a duck egg, and his eyes were about to fall out. It was unbelievable.

Wasn't Lu Ming burnt his flesh by his magic fire and blasted into the magma, how could he not die?

Moreover, Lu Ming's body looks intact, even the breath seems to be much stronger.

"You... who are you?"

The demon king stuttered and even suspected that Lu Ming in front of him was pretending to be someone else.

"Cang Mo Wang, it seems that he is really old, even I don't know anymore?"

Lu Ming sneered.

"How do you...?"

The demon king was still dumbfounded.

There are also a few martial emperors who have hunted down Lu Ming.

"Toto Cang Demon King's blessing, I'm okay, just careless, cultivation is a breakthrough!"

Lu Ming smiled slightly.

The demon king almost spit out an old blood.

Xiuwei broke through!

Lu Ming wanted to tell him that he was not only okay, he also broke through.

"Thanks to Cang Mo Wang, if there is no Cang Mo Wang, my cultivation will probably take some time to break through?"

Lu Ming said again.

The Cang Mo King only felt the liver pain, lung pain, and the whole body pain, breathless in the chest, really spitting out an old blood.

"what happened?"

The ancient emperor looked at him.

"Emperor, all right!"

The Demon King said quickly.

"It's okay, our purpose is to recapture the ancient coffin, no one of you!"

The ancient emperor warned that, with his experience, would he not see that something must have happened between Lu Ming and the Cang Mo Wang.

However, since Lu Ming is fine, he will not care.

Lu Ming smiled slightly, not much.

The Demon King's eyes glanced toward Lu Ming secretly, flashing a cold ray of murderous opportunity.

Under that circumstance, Lu Ming didn't die, which shocked him, and instead he broke through the cultivation base.

There has always been a saying in spiritual practice.

Some peerless arrogance and natural luck.

Such people are generally difficult to kill, and often face danger, they can turn danger into danger, and even break through.

In the eyes of Cang Mo Wang, Lu Ming is such a person.

Such people should be eliminated.

He and Lu Ming are already deadly enemies, and they never stop dying. Lu Ming will grow up in the future and will definitely seek revenge from him.

Therefore, he had to take advantage of Lu Ming's failure to grow up and get rid of Lu Ming.

In the minds of several people, different thoughts turned.

Finally, Lu Ming asked others to find out the news.

After inquiring, Lu Ming realized that he had been in magma for several months.

But this time, the ancient emperor discovered the trace of the ancient coffin, so he used the map to gather everyone to come and grab the ancient coffin together.

Time goes by day by day.

More and more people come here.

After a few more days, there were already more than 200 people coming here.

At this time, the ancient emperor introduced the situation to everyone.

The ancient emperor waved his hand and a pattern appeared in the air.

In the pattern, there is a big mountain. On the big mountain, there is a group of figures.

"That is..."

Everyone's eyes were condensed, because the silhouettes on the mountains, wearing black robes one by one, could not see clearly, like the person who had dealt with the ancient emperor.

That is the existence of a great emperor realm.

Chapter 2064: War Cang Demon King

Of course, so many people in black robe cannot be all emperors, just the same race.

A bunch of people in black robe, looks thin and not very burly, at this time is surrounded by a huge black coffin, constantly spinning, different shouts, seems to be performing a certain ceremony.

"Is that... an ancient coffin?"

Lu Ming stared at the huge black coffin in the picture, and the hot light flashed in his eyes.

boom!

Suddenly, a black person in the other party looked at the void, as if looking at them, and then waved his hand, the void shook, and the picture of the ancient emperor's condensation also collapsed.

Obviously, the other's emperor discovered that the ancient emperor was peeping.

"The other party, there is a strong man in the Great Emperor Realm, the one who fought with me last time, and some other masters. Wait a minute, I will take control of the other Great Emperor. Just exit the magic sea, understand?"

The ancient emperor ordered.

"Yes, the emperor!"

Everyone took orders.

Then, the ancient emperor took the lead, and the people flew towards the front.

Before long, a huge mountain appeared in front of them, and everyone's eyes were amazing, they were far apart, and they could all be seen.

That mountain is the picture that the ancient emperor just revealed.

At the top of the mountain, there is a group of people in black robe, turning around a huge coffin.

As soon as the ancient emperor's figure moved, he rushed towards the big mountain at a speed that even exceeded everyone's reaction.

When the ancient emperor approached the mountain, a black light rushed out of the mountain, like a black horse training, piercing the void, and like a magic knife, slashing towards the ancient emperor.

boom!

The ancient emperor also shot, and the two collided in a move, and there was a roar of heaven and earth.

Boom! Boom! ...

The two fought continuously, the sky roared, the two fought into the high altitude, and then tore apart the space, and fought into the space of different degrees.

"It's our turn to kill, kill!"

The Cang Mo drank coldly and rushed towards the mountain. Before leaving, Lu Ming glanced coldly.

Some of the strongest real emperors, virtual emperors, rushed forward, because they were the fastest, much faster than the quasi-empire.

Then, the largest number of prospective emperors rushed forward.

Lu Ming was mixed in many prospective emperors.

After a few breaths, those Emperor Wu would rush to the mountain ahead, but at this moment, two figures suddenly stopped in front of Lu Ming.

These are the two old men, the breath is extremely powerful, and both are powerful in the virtual emperor realm.

There was a light murderous chance on the two people, blocking Lu Ming's way.

Some prospective emperors looked at Lu Ming, showing the color of pity, but no one left, all flew forward.

All of a sudden, there was only Lu Ming and two old men.

"Two people, what does this mean?"

Lu Ming said calmly.

"It's simple, take your life!"

The old man on the right showed a cold smile.

"A demon king told you to kill me again!"

Lu Ming sneered.

"I know what I can do, but I am not going to die!"

The old man said on the right.

"Quick battle and quick decision, found by the emperor, not very good!"

The old man said on the left.

At the next moment, the breath of the two old men skyrocketed, and the power of the world permeated, and they were going to kill the landing.

"Then die!"

At this time, a sword and a stone sword appeared in Lu Ming's hands.

Uh!

Holding a stone sword, Lu Ming cut out a sword, and a crescent-shaped sword light came out.

puff! puff!

The elders of the two Emperor Emperor Realms, their own attack and defense, have no use at all. They were cut by Lu Ming's sword waist, and their terrible sword qi, along their bodies, instantly destroyed their souls.

Facing the sword of the Heavenly Emperor, the two Emperor Emperors were killed in seconds without any resistance.

Lu Ming put away the two people's storage rings and rushed towards the mountain ahead.

At this time, a war has broken out on the mountain.

The masters of the ancient demon kingdom, and those black robe people, fought together, very fierce.

Lu Ming condensed his breath, like a ray of ghosts, and approached the mountain with great speed.

He didn't shoot, and wanted to rely on the breathing technique to silently climb up the mountain and take away the ancient coffin.

Lu Ming walked along the mountain, avoiding others by using the boulders, and quickly climbed halfway up the mountain, and soon he could climb to the top of the mountain.

boom! boom!

Around the mountain, there were wars of Emperor Wu, gravel splashes, various boulders with a height of several meters and a height of tens of meters, hitting the landing, Lu Ming kept flashing and cleverly escaped.

Lu Ming is approaching the top of the mountain quickly.

Suddenly, a hot breath roared towards the landing, and the speed was amazing.

Lu Ming's hairs exploded, his forward body stopped abruptly, and then quickly backed away.

boom!

A blazing black light blasted on Lu Ming's foothold, and a black hole appeared on the mountain immediately.

"Lu Ming, your life is really big!"

An old man appeared in front of Lu Ming with extremely cold eyes.

Who is it not Cang Mo Wang?

Just now, Cang Mo Wang repulsed an opponent, and wanted to quickly rush to the top of the mountain. Unexpectedly, Lu Ming was found halfway through. He started directly against Lu Ming, but Lu Ming Ling was keen and avoided a blow.

In the eyes of the Demon King, there was a strong murderous chance, and there was surprise.

Just now, he sent two Xu Emperors to kill Lu Ming. Those two, but not ordinary Xu Emperors, one Samsung and one four star, but now Lu Ming is safe and sound, which shocked him.

He was very determined to kill Lu Ming.

"The last time I didn't kill you, let's kill it again. This time, I want to turn you into ashes and let you fly away. See if you die!"

The demon king's eyes were gloomy, and his whole body was filled with demon fire.

The peak of the True Emperor is terrible. If it breaks out with all strength, Lu Ming can be smashed into ashes with one move.

In the ancient city, Cang Mo Wang did not use his full strength at all. Later, Lu Ming jumped into the magma again, which greatly hindered the attack of Cang Mo Wang.

Otherwise, Lu Ming had no chance at all to merge the two Sacred Hearts.

bump!

The demon king moved, stepped out, and the demon fire turned into a demon fire sword, slashing to the landing.

Lu Mingyi was not afraid, holding a stone sword and chopping it out.

boom!

The stone sword and the magic fire sword were cut together, and a horror roared. Lu Ming felt a powerful force coming, and his body could not help backing up again and again.

But the magic fire sword was also blocked by him.

"You...your sword!"

The Demon King was shocked, and Lu Ming could actually stop him.

His eyes fell on the stone sword in Lu Ming's hand, emitting a fiery flame.

Lu Ming, a most holy man, who controls the stone sword, can erupt such terrifying power. If it is in his hands, can he compete with the emperor?

In his heart, fiery.

He understood that the two previous emperors were beheaded by this sword.

"Hand over the sword and leave you whole body!"

The demon king said coldly, stepping towards the landing.

Chapter 2065: The figure in the ancient coffin

The demon king stared at the stone sword in Ming Ming's hands with his eyes, and the terrible magic fire filled the whole body, raising the temperature of the scene to a terrible point.

"Cang Demon, send you on the road today!"

A cold smile appeared on the corner of Lu Ming's mouth, and then a stone figure appeared in front of Lu Ming.

When the stone man first appeared, there was only one person tall, but it quickly grew larger, like a hill.

"this is..."

The Cang Mo Wang was shocked, and a bad feeling came into his mind.

At this moment, Lu Ming stepped out and his body merged with the stone man and disappeared into the stone man.

"Cang Demon, die!"

The stone man shouted and slapped towards the demon king.

The pupil of Cang Mo contracted sharply, he felt a terrible crisis, and his figure receded wildly.

But the big hand of the stone man is faster, and he immediately catches up with the demon king, and the big hand covers the sky, blocking all the backward paths of the demon king.

boom!

The big hand pressed, flying sand and stone, the pressure was extremely strong.

The Cang Mo King was frightened and broke out with all his strength. He controlled a true emperor soldier and hurled towards the stone man with his big hand, trying to stop the big hand's attack.

But the big hand pressed down, and his true emperor soldier was directly exploded. The terrible force bombarded the Cang Demon King. The Cang Demon screamed, his body was blasted out, hit the mountain, and the whole mountain was shaken. stand up.

This mountain was eroded by magic energy all year round, and it has been solid and immortal for a long time, but it was still broken and opened by the Cang Demon King, and a big pit appeared.

"How is it possible? How is it possible?"

Cang Demon roared wildly in his heart, he really couldn't believe how the power of this stone man could be so powerful.

But he was the pinnacle of the true emperor, and he could hardly resist this stone man. He was terrified.

But Lu Ming has such a powerful stone man, why didn't he use it in that ancient city? At that time, Lu Ming almost died in his hands, and no stone man was used.

Is it possible that Lu Ming was a stone man obtained in the ancient city? The stone man obtained under that magma?

Thinking of this, the demon king almost spit out blood.

If so, did he complete Lu Ming.

boom!

The stone man fell heavily in front of the demon king. The demon king was frightened and wanted to cast a secret method to escape, but the stone man stepped on it and stepped the demon king directly on his feet.

The demon king screamed, like a lazy toad was stepped on, almost exploded.

"Don't kill me, Lu Ming, let me go. I'm a great minister of the ancient demon kingdom. If you kill me, you offend the entire ancient demon kingdom!"

The Demon King was frightened and wanted to threaten Lu Ming with the ancient demon kingdom.

"Don't threaten me with the ancient demon kingdom, you are the peak of a true emperor, you can't represent the ancient demon kingdom, kill!"

Lu Ming did not speak much, holding a stone sword and slashing towards the Cang Demon King.

The Demon King roared wildly, almost scared, and struggled desperately, but it was useless, the sword was cut off, and the head of the Devil King burst like a watermelon.

Soul flying!

After beheading the Cang Mo King, Lu Ming put away the Cang Mo King's storage ring, and then stepped towards the top of the mountain.

Someone wearing a black robe stopped him and was directly beheaded by him.

With the energy stored by the stone men now, he can simply abuse the Hejia Emperor. Under the emperor, where can he stop Lu Ming, dare to block Lu Ming, and be killed directly.

After a few breaths, Lu Ming rushed to the top of the mountain.

At this time, most of the people in black robe were attracted away and fought against the people of the ancient demon kingdom.

There was only one man in black robe, sitting cross-legged next to the huge coffin.

"Ancient Coffin!"

Lu Ming's eyes were hot, as long as he got the ancient coffin, he could rescue Qiuyue.

Uh!

Lu Ming reached out a big hand and grabbed towards the ancient coffin.

But at that moment, the black robe figure sitting in front of the coffin suddenly opened his eyes, two speeds of light burst out of his eyes, like two terrible swords, piercing everything.

when! when!

The two beams of light bombarded Lu Ming's big hand, making a sound of gold and iron intersecting, and a terrible force blocked the big hand from moving forward.

At the same time, the figure of the black robe rushed away, and a terrible magic light burst out all over his body. His hands waved out, and two dark palm marks blasted towards the landing.

The palm print is like a row of mountains and sea, and the power is amazing.

Emperor!

There is actually an emperor here.

Among these black robe people, there are actually two great emperors.

One is fighting against the ancient emperor, the other is here.

Under the magic sea, there are a group of terrible black robe people, of which there are actually two emperors sitting in town, which is really appalling.

Lu Ming squeezed his fist, the stone man's fist like a house slammed into the black robe.

boom! boom!

Two consecutive shocking roars, the other two palm prints, blocked by Lu Ming.

"cut!"

Lu Ming thought, and Shi Jian flew out, slashing down.

The opponent's body shook and the magic light shook the sky. At the same time, the opponent controlled the power of the avenue and turned into a magic soldier, killing Lu Ming.

Boom!

There was another big tremor, the stone sword buzzed, flew back and landed on Lu Ming's hand.

Holding a stone sword, Lu Ming kept slashing towards the other party, launching a stormy offensive, ignoring his injury.

The opponent used the avenue to transform his soldiers, and the force of attack was amazing.

Hengyu Heavenly Emperor, with the evidence of the stone man, reached the state of Heavenly Emperor. His body's defensive strength is stronger than that of ordinary Heavenly Emperor, and the ordinary Great Emperor can't break it at all.

Lu Ming broke out with all his strength, ignoring the defense, and the fighting power increased greatly. The opponent was pushed back by Lu Ming repeatedly, and fell for a while.

After more than ten moves, the black robe emperor was slashed out by Lu Ming.

Lu Ming seized the opportunity and appeared in front of the coffin. He grabbed his claws and wanted to hold the coffin in his hand.

But at this time, Lu Ming suddenly froze.

The ancient coffin has no coffin cover, so, standing in this position, you can clearly see the inside of the coffin.

Inside the coffin, there was a man and a woman lying in the air.

Xie Nianqing!

The woman in the coffin is actually Xie Nianqing!

When seeing Xie Nianqing's moment, Lu Ming was completely stunned.

Xie Nianqing, how did it appear here?

At the beginning, the Ice Dragon ancestor brought Xie Nianqing and the Yunlong Valley master to land. They broke through separately and broke out from different directions. Since then, he has lost the news of Xie Nianqing and has never seen him again.

In a flash, it has been several years!

But he never imagined that Xie Nianqing would appear here, but this is one of the forbidden areas of the Devil's Land, Mo Hai, and Xie Nianqing was still lying in the coffin.

After passing through the spiritual consciousness, Xie Nianqing's life characteristics were normal, and there was no problem at all. Lu Mingchang exhaled.

However, Xie Nianqing closed his eyes and lay in the coffin, as if he did not feel anything about the outside world.

"Put it away!"

No matter how much Lu Ming is, just put it away first.

When Lu Ming was stunned, the black robe emperor launched an attack on Lu Ming, bombarded Lu Ming with several consecutive moves, and pushed Lu Ming back again and again.

Chapter 2066: Inaccessible canyon

"Go away!"

Lu Ming shouted, and Xie Nianqing actually lay in the ancient coffin, and he was determined to get it.

Lu Ming brandished a stone sword and launched a stormy offensive toward the black robe emperor.

The black robe emperor retreated again and again.

Seeing that Lu Ming had the opportunity to put away the ancient demon coffin, but this is, the space on the top of the mountain suddenly cracked open, a figure suddenly appeared, covered with magic light, could not see clearly, between the waves, a big hand formed , Grabbed towards the ancient coffin.

"roll!"

Lu Mingshe put down the black robe emperor, stepped hard, and the huge figure rushed towards the figure that appeared suddenly, and at the same time, the stone sword burst out.

boom!

Jianguang shattered the opponent's condensed big hand, and Jianguang kept on slashing towards the opponent.

The opponent can only resist and collide with the stone sword.

boom!

The figure stepped back a few steps, and the magic light covering it shook for a while, revealing its true appearance.

"Undead Great Emperor!"

Lu Ming's eyes narrowed!

This suddenly emerged strong man is actually the immortal emperor of the immortal demon country.

"Immortal Emperor, want to get the treasure of the ancient country, the ancient coffin!"

With a move in Lu Ming's heart, he guessed the intention of the immortal emperor.

Uh!

Undead Great Emperor, not fighting with Lu Ming, with a sway of body shape, differentiated a dozen figures, rushing towards the ancient coffin from all directions.

These dozen or so figures can't tell the difference between true and false, as if every one is true.

"Come on!"

Lu Ming shouted in his heart and controlled the stone man. The body of the stone man shrank quickly and became the size of an ordinary person.

Becoming the size of an ordinary person, Lu Ming's speed soared, and he stepped towards the ancient coffin. At the same time, the war sword continued to slash out, slashing out dozens of sword lights, respectively killing dozens of figures to the undead emperor. .

bump!

More than a dozen figures from the undead Great Emperor shot at the same time, all showing terrible combat power, and defeated Lu Ming's sword light.

Seeing that Lu Ming was about to rush to the ancient coffin, the black robe emperor appeared again, blocking Lu Ming.

Three people, caught in a dogfight.

Lu Ming, the undead emperor, wants to seize the ancient coffin, while the black robe emperor wants to protect the ancient coffin, and the three fight fiercely.

Lu Ming was furious, completely disregarding his own defense, the energy inside the stone man exploded in madness, and for a time, suppressed the other two.

However, in this way, the energy consumption of the stone man is also amazing, and it will not last long.

"Don't think about it!"

At that moment, the black robe emperor roared and his voice was hoarse. He actually hurt himself. He took Lu Ming's stroke and retreated towards the ancient coffin.

Boom!

At the same time, he made a move and bombarded the ancient coffin, and the ancient coffin flew out.

In that direction, there is a canyon, filled with magic energy, and a dark one.

The ancient coffin flew directly into the canyon and disappeared.

"The ancient coffin is mine!"

The immortal emperor rushed directly to the canyon.

But when he was about to rush in, he seemed to be blocked by a force, and then, the body of the immortal emperor was actually blasted out.

Lu Ming also rushed to the canyon!

boom!

At the mouth of the canyon, Lu Ming seemed to hit a wall, and a force blocked him.

Lu Ming madly exploded the power inside the stone man, but it was completely useless. He was blocked by that power and could not rush in.

Moreover, in the canyon, there was a powerful force that rushed towards the landing Ming, and even the strength of the stone man could not resist, Lu Ming was retreated.

"You can't get in above Emperor Wu. Under Emperor Wu, don't ever think about it after entering!"

The black robe emperor sneered again and again.

But Lu Ming didn't seem to hear it. He stepped and rushed towards the canyon.

When he was about to rush to the mouth of the canyon, the stone man glowed and suddenly disappeared, showing Lu Ming's body.

With a snap, Lu Ming rushed directly into the canyon and disappeared.

"Under Emperor Wu!"

The Great Emperor Hei Pao blurted out and sneered, then said: "Under Emperor Wu, although he can enter, he can't come out in his life!"

"Damn!"

The immortal emperor screamed and rushed towards the canyon again, and the black robe was not blocked.

This time, the immortal emperor still didn't rush into the canyon, and was blown out by a force.

boom!

A high-pitched roar came from above, and then two rainbow lights rushed towards here, and the next two figures appeared.

It was the ancient emperor, and another black robe emperor.

The two black robe emperors gathered together.

The ancient emperor glanced coldly at the immortal emperor, and said coldly: "Undead, do you come to fight the ancient coffin idea?"

"Brother Gu, your own treasures are not well protected and stolen by others. I am here to help you retrieve the treasures!"

The immortal emperor sneered, showing a mockery.

"Do not bother you!"

The ancient emperor said coldly, and then looked at the canyon, then stepped out and walked towards the canyon.

The two black robe emperors stood aside, without any sign of obstruction.

However, like the immortal emperor, the ancient emperor could not get in at all and was flew out.

"You can't get in, please come back!"

A black robe said.

"You stole my ancient coffin, don't you plan to hand it over?"

The ancient emperor's eyes were extremely cold.

"Naturally is useful, and I want to give it to you now, but I can't give it. You can't enter above Wudi, and you can't get out under Wudi!"

An emperor in black robe sneered.

"Under Emperor Wu, can't you get in or out?"

The ancient emperor frowned.

"So, please come back, don't think about letting the people under the Emperor Wu enter, this place is my sacred place, no one can enter!"

An emperor in black robe opened his mouth, and the two moved in front of the canyon.

"Haha, this is your business, I won't mix it up!"

The immortal emperor laughed, although he could not get the ancient coffin, but the ancient coffin was originally not his, and there was no loss.

But the ancient emperor lost the ancient coffin and suffered heavy losses.

The immortal emperor laughed, his figure moved, and the torn space left here.

The ancient emperor looked at the canyon, his eyes showed a little unwillingness, and then rushed into the sky and shouted: "Stop, leave here!"

"Stop!"

The black robe emperor also ordered.

Suddenly, the war between the two sides stopped, one by one dashed into the sky. Come to the ancient emperor.

"The great emperor, the demon king, was killed by Lu Ming!"

A true emperor reported to the ancient emperor.

"I know, Cang Mo Wang is to blame!"

The ancient emperor nodded, his eyes cold.

Before, although he was at war with the enemy, he still paid close attention to the situation below. He naturally knew everything that had happened before.

Lu Ming was shocked by the terrible treasures of Heavenly Emperor's flesh, and he was shocked too much, and the devil king was indeed too much, and was killed by Lu Ming.

Chapter 2067: People in the canyon

Seeing the ancient emperor said this, others did not dare to say anything, they knew that the demon king was also dead in death.

Because, Lu Ming's strength is really terrifying.

Not to mention his rare talent, that is, relying on the stone man is enough to fight a great emperor, and these alone are enough to get the attention of the ancient emperor.

Cang Mo Wang is just a true emperor. At his age, it is impossible to break through the emperor in this life, so even if he is dead, he will die in vain.

"Let's go back first!"

The ancient emperor said.

Naturally, he would not just give up the ancient coffin.

The ancient demon coffin, inheriting the endless years, is the ancient treasure of the ancient devil country, with all kinds of mysteries, he will naturally not give up easily.

He plans to go back first and bring more masters.

Immediately, the people of the ancient Demon Kingdom left here.

"Is that the boy going in, is it safe?"

An emperor in black robe, looking towards the canyon.

"In this place, Emperor Wu could not get in, and under Emperor Wu would definitely not get out, unless it was the kind of genius who was against the sky, but that kind of genius, even in ancient times, was not much!"

Another great black robe said.

...

As soon as Lu Ming rushed into the gorge, he saw the ancient coffin, right in front.

Lu Ming rushed over quickly and looked into the coffin.

Xie Nianqing, lying quietly in the coffin, breathing evenly, as if asleep.

This is definitely Xie Nianqing, Lu Ming will never admit his mistake, the breath is exactly the same.

"Xiaoqing, Xiaoqing!"

Lu Ming called softly, but Xie Nianqing didn't respond at all.

"Why did Xiaoqing appear here? And lying in the ancient coffin, the ancient coffin should have been stolen by the black robe emperor. They tried their best to steal the ancient coffin, why did they put Xiaoqing in it? In the ancient coffin?"

"Did Xiaoqing's soul also be hurt, those black robe people, to save Xiaoqing?"

Lu Ming was full of doubts and guessed there.

However, all these need to wait for Xie Nianqing to wake up to know the answer.

"Leave here first!"

Lu Ming thought to himself, and then looked back. At first glance, he was shocked.

Because there is no way behind!

There, it is obviously the mouth of the canyon, where Lu Ming just came in, but now there is nothingness there, and where is the mouth of the canyon.

Lu Ming blasted out with one punch, and punched toward the void, but it was like a rock sinking into the sea, without arousing a wave.

"The way is back, it seems that we can only move forward!"

Lu Ming looked at the front of the canyon.

In front, very deep and dark, I do not know how long it is and where it leads.

Lu Ming put the ancient coffin into the mountain and river map, and then moved forward.

"Stop, this road can't be crossed!"

Suddenly, a figure in front stood in front of Lu Ming and spoke indifferently.

This is a middle-aged man with a sword of war.

Lu Ming narrowed his eyes slightly and said, "Senior and junior come here by accident, please do it for your convenience!"

"It can't be over here unless you beat me!"

The middle-aged man has a cold eyes and a cold voice, as if he were not a real person.

Lu Ming looked closely, and it turned out that this middle-aged big man was not a real person, but was produced by energy.

"Do you need to go through some tests if you want to go out from here?"

Lu Ming thought to himself that at the next moment, his figure rushed over, exerted his strength in prison, and punched him out.

Uh!

A blade of light, with a black light, burst out, splitting the mist and slashing towards Lu Ming.

boom!

Daoguang collided with Lu Ming's fist. Lu Ming felt a terrible force coming, as if to tear his body.

Lu Ming's figure couldn't help but retreat.

"What a terrible power!"

In Lu Ming's eyes, there was a trace of shock.

Lu Ming can see that the realm of the middle-aged big man is the realm of the quasi-imperial, but the strength is really scary.

Lu Ming just performed the magic of prison prison, and also used the law of chaos. The power of that punch was enough to force a one-star virtual emperor back, but the situation just now was just the opposite. The person who retreated was Lu Ming. .

"Come again!"

In Lu Ming's eyes, he showed his will to move forward.

In his body, the light of chaos permeates, covering the whole body.

call out!

Lu Ming cast a chaotic ring and pointed a finger.

A huge chaotic finger was pressed towards the other party.

At the same time, the left hand endless runes permeated, and a Kowloon flew out, killing each other.

The middle-aged man's face was indifferent, as if that expression would always be that.

The sword in his hand was chopped out again, and the black blade of light directly robbed Chaos, and the Jiulong, where the laws of the Dao coagulated.

Dao Qi was vertical and horizontal, slashing towards Landing Ming, Lu Ming was hit back and forth again and again, even the law of chaos covered in his body and the light of chaos were almost torn apart.

What a terrible combat power!

This middle-aged man, among the quasi-imperials, is absolutely amazing.

"Not separate, then merge!"

Lu Ming's eyes were stronger, and he did not retreat, but moved towards the middle-aged man. His fingers continued to point out, pointing his fingers, shooting at the opponent.

This is chaos robbing, but it is really a combination of chaos law and array law.

Now, as the two Sacred Hearts are merged into one, Lu Ming's two laws are also fully fused, and the power is amazing.

In the hands of the middle-aged man, the sword flashed, and he ran into the chaotic finger.

boom! boom!

The sword was full of light, the energy burst out, and the bombardment continued in the canyon.

With their current combat power, they can definitely tear the ground, but in this canyon, they can only leave shallow traces on the ground and on the walls.

The two have fought several battles in a row, and what is amazing is that even if Lu Ming exhibits the fusion of the two laws, he can't take the upper hand, but only draws a tie with the other.

"kill!"

Lu Ming Changxiao used his strength to the utmost, the Sacred Heart was turning at a rapid speed, and the Sacred Force was leaping like a river.

The power of the law was turned to the extreme by Lu Ming, fighting against the middle-aged Han.

But even so, the two are still tied.

After dozens of moves in a blink of an eye, it is still difficult to differentiate.

boom!

Lu Ming took another trick with the other party and took a few hundred meters back.

When Lu Ming backed away for some distance, the big man did not pursue, so he stood there and blocked the way.

"Good strength!"

Lu Ming was shocked.

He guessed that the fighting power of the middle-aged man was estimated to be almost the same as that of the Son of God. Even if it was not good, it would not be too far away.

Lu Ming's current cultivation practice is very close to the prospective emperor.

Lu Ming's spirit is stronger than the ordinary Son of God.

Sacred Heart, formed by the condensing of two Sacred Hearts, plus the fusion of the two laws, Lu Ming is confident that even in the face of the Son of God who entered the Quasi-Emperor, he can fight.

But now, it can only be tied with the opponent.

"Just now..."

At this moment, Lu Ming suddenly thought of another thing, and then raised his hand, there was a breath of death on his palm, and he burst out.

This is the law of death!

Chapter 2068: Nianqing woke up

Lu Ming raised his hand, and in his hand, there was actually a law of death.

Although very faint, there is only a hint of breath, but if it spreads, it will be enough to shake the whole world.

Lu Ming himself was shocked, stunned, and it took a long time to react.

He seems to have mastered the law of death!

Earlier, in the ancient city, Lu Ming was chased by the demon king and rushed into the magma. His flesh was burned and turned into ashes.

In a certain way, Lu Ming really felt at that time, facing death.

That experience gave Lu Ming a deep understanding of death.

Later, when his body reunited, he had been busy absorbing energy to the body of the Heavenly Emperor, without having time to feel it carefully.

Until just now, he was fighting the middle-aged man with all his strength, and turned his strength to the extreme. To the back, his move actually contained a breath of death law.

This is an incredible thing.

Under Emperor Wu, only one rule can be comprehended. This is the truth, but Lu Ming cultivated two sacred hearts and mastered two rules because of the practice of twin prohibition, the fusion of the main body and the second body.

Then last time in the magma, the death was frequent, and the two Sacred Hearts merged, resulting in the fusion of the two laws.

Under Emperor Wu, it was already unthinkable to control two laws and the two laws merged. To speak up, it would shake countless people.

But compared to now, just a little witch sees a big witch.

The law of death is also one of the ten strongest laws.

Moreover, the ten strongest laws, no two laws can coexist, this is the truth that has never changed.

Even if you practice in the Emperor Wu Realm, you can't control the two strongest laws.

But now, Lu Ming has not yet reached the Emperor Wu Realm, but it seems that he has control of the two strongest laws. Although the law of death is still very weak, it is really in control.

The two strongest laws coexist!

If this is spread, it will scare people alive.

"Is it because of my sacred heart?"

Lu Ming couldn't help guessing.

His sacred heart was so special that it was changed from the forbidden decision of twins.

In history, even if someone cultivated a twin ban, or even cultivated two Sacred Hearts.

But no one, like Lu Ming, had the two Sacred Hearts fused together again.

This probability is too small.

Therefore, Lu Ming's special sacred heart has created the ability to accommodate multiple laws at the same time, and even the ten strongest laws.

Thinking of these, Lu Ming ecstatic.

Does this mean that he can control more of the strongest rules in the future.

What would happen if the ten strongest laws were all controlled and fused together?

Lu Ming's heart jumped involuntarily, looking forward to it.

"Then I will practice here for a while!"

Lu Ming thought, then took out the ancient coffin and placed it on the ground. After glancing at Xie Nianqing, Lu Ming sat cross-legged next to the ancient coffin and he began to understand the law of death in detail.

As he deepened his comprehension, a layer of death was pervading in him. Although it was extremely weak, it was indeed the law of death.

Lu Ming practiced for several days in a row, and his understanding of the law of death was slowly deepening, but he was not able to reach even half of Chengdu.

But Lu Ming was already very satisfied. He knew that he really mastered the law of death.

The same person is in control of the two strongest rules at the same time, even Lu Ming himself seems to have a feeling of dreaming.

"The law of death is too weak now, and its power is not strong. When the fire of the law of death rises, it can even merge with other laws. How powerful should it be?"

"Also, I have mastered three rules now, can I master more?"

Lu Ming has already begun to imagine.

In the current state, to understand other laws, naturally, you don't need to step from the artistic conception and the field like you did when you were low, you can directly skip these and understand the laws directly.

Just like the Emperor Wudi, to comprehend the new law, he starts to understand it directly from the law.

The following time, Lu Ming comprehended the law of death every day and tried to merge the law of death with the other two laws.

Lu Ming's sacred heart is really wonderful. Lu Ming tried to integrate the rules, and the process was very smooth.

Half a month later, Lu Ming's law of death had already been practiced until it was ready, and it could also be integrated with the law of chaos and the law of array.

As a result, Lu Ming's fighting power has increased a bit.

However, in the past half a month, Xie Nianqing has not woke up.

This made Lu Ming anxious.

What if Xie Nianqing never wakes up?

Qiuyue, what are you waiting for?

But anxiety is useless, so we can only wait.

Lu Ming converged and continued to understand the law of death.

Nowadays, the law of chaos and the law of array are very high, and it is difficult to make progress.

But the law of death was initially understood, and Lu Ming was in the magma at the beginning, which was equivalent to truly experienced death. His understanding of the law of death was extremely fast.

As time passed, he understood the law of death deeper and deeper.

In a blink of an eye, Lu Ming entered the canyon for a month.

The death of the law of death has also reached 20%.

"Go ahead again!"

Lu Ming put away the ancient coffin and stepped forward.

When he came to a certain area, the middle-aged man appeared again.

There is nothing to say, Lu Ming directly started.

As soon as he shot, Lu Ming used all his strength.

This time, Lu Ming applied the three laws together.

The law of death is, after all, one of the ten strongest laws. It merges with the law of chaos. The power of the explosion is actually terrible, as if some kind of qualitative change has occurred.

This time, Lu Ming had the upper hand.

After dozens of moves, Lu Ming made a move that defeated the opponent's knife light, bombarded the opponent, and crushed the opponent.

Finally defeated this middle-aged man.

Lu Ming smiled and continued on, but after a while, Lu Ming had to stop.

Because there are two figures in front, two middle-aged men.

Lu Ming worked with the other party and found that the fighting power of the two middle-aged big men was exactly the same as the previous one.

One was terrifying. The two shot together. Lu Ming tried his best, but still fell into the disadvantage. He was quite speechless and could only back away.

"It seems that in a short time, I can't get out!"

Lu Ming shook his head, and then took out the ancient coffin.

Ok?

Suddenly, Lu Ming's eyes lit up.

Just now, he found Xie Nianqing's finger moved.

Lu Ming will never be wrong!

Lu Ming was pleased, is Xie Nianqing about to wake up?

Lu Ming stared tightly at Xie Nianqing. Sure enough, it didn't take long for Xie Nianqing's finger to move again.

It didn't take long before I moved again.

A moment later, Xie Nianqing made a 'hmm' sound, and she opened her eyes.

After the black eyes opened, Lu Ming saw it.

At first, there was a daze in his eyes, and then, there was endless joy.

"Lu Ming!"

A clear voice came from Xie Nianqing's mouth.

Chapter 2069: I want to have a baby for you

Xie Nianqing's eyes widened, staring at the landing Ming, at first, it seemed that he didn't believe it, and it slowly turned into a surprise.

"Lu Ming!"

Xie Nianqing gave a soft call, and didn't believe it, as if feeling like she was dreaming.

"Xiaoqing, it's me!"

Lu Ming was also very happy.

Xie Nianqing finally woke up. It seemed that there was nothing wrong.

It was a fake to say goodbye after saying goodbye for several years.

"Lu Ming, really you!"

Xie Nianqing finally seemed to be sure that it was Lu Ming. She moved her body and rushed out of the ancient coffin into Lu Ming's arms.

Lu Ming hugged Xie Nianqing's waist and hugged Xie Nianqing tightly in his arms.

For a long time, the two talents were separated.

"Xiaoqing, why did you appear here? How did it appear in the ancient coffin, how about the ice dragon ancestor? Who are those black robe?"

Lu Ming asked a series of questions, and he was really full of doubts.

"In the beginning, Ice Dragon Ancestor and I escaped the hunt of evil spirits..."

Then, Xie Nianqing talked about her experiences over the years.

At the beginning, Xie Nianqing and Binglong Patriarch escaped the pursuit of evil spirits and inadvertently escaped into an ancient ruin.

The ancient ruins are very mysterious. While exploring the ancient ruins, Xie Nianqing accidentally embarked on an ancient teleportation array and directly transported it to the magic sea in the land of all demons.

In the magic sea, she met those black robe.

Xie Nianqing informed that the magic sea should have fallen from the heavens in ancient wars. Among them, some people did not die, and they have been passed down, that is, those in black robe.

These years, she has been practicing in the magic sea, she wants to leave, but those black robe people will not let her leave.

"So, the Ice Dragon Ancestor, is still in that ancient ruin?"

Lu Ming said.

"It is possible, but in that ancient ruin, it is very mysterious. Maybe there are other teleportation arrays, the Ice Dragon Ancestor, maybe teleported to other places!"

Xie Nianqing said.

"Those in black robe, how to steal the ancient coffin and put you in the ancient coffin?"

This is Lu Ming's biggest question.

"I don't know, those people, acting gods mysteriously!"

Xie Nianqing said, he seemed unwilling to talk more, divert the topic, and asked Lu Ming: "Why did you come here? How did you come over these years?"

"Is such that..."

Immediately, Lu Ming gave a brief account of his experience over the years.

"Lu Ming, you have experienced so much!"

Xie Nianqing leaned gently on Lu Ming.

"But I finally found you, and it's worth the experience!"

Lu Ming hugged Xie Nianqing's shoulder.

"However, your girl is really dying of you!"

At this moment, Xie Nianqing suddenly looked at Lu Ming again, his eyes blinking and blinking, not knowing what he was thinking.

Lu Ming touched his nose and said, "Are you jealous?"

"Yes!"

Xie Nianqing is very straightforward and nods directly, but then said again: "However, she is single-minded to you and can even die for you. If you lose her, I will not bypass you!"

what?

Lu Ming was confused.

Xie Nianqing What does this mean? He was jealous again, but he also told Lu Ming not to lose Qiuyue. Lu Ming couldn't understand this thought.

"Neglective people are not worth entrusting for life, hum, you don't understand, what are you waiting for? You haven't put your girl in the ancient coffin!"

Xie Nianqing said.

"okay!"

Lu Ming quickly took out the Dayan Pill and placed Qiuyue in the ancient coffin.

Inside the ancient coffin, there was a mysterious power that immediately enveloped Qiuyue's whole body. Qiuyue's complexion seemed to be more ruddy, and Lu Ming finally let go of her heart.

Then, Lu Ming put the ancient coffin into the mountains and rivers.

Lu Ming and Xie Nianqing haven't seen each other for a few years. There are many topics to talk about, and the two chatted again.

Ok!

While chatting, Xie Nianqing suddenly wrinkled her eyebrows, a flash of pain flashed in her eyes, and a soft 'um' sound came out of her mouth.

These, Lu Ming naturally sees in his eyes.

"Xiaoqing, what's wrong with you?"

Lu Ming asked quickly.

"No, nothing?"

Xie Nianqing smiled and shook his head.

Lu Ming was suspicious, Xie Nianqing just showed a hint of pain just now.

"Are Xiaoqing injured?"

Confused, Lu Ming held Xie Nianqing's small hand and felt it carefully, but found that Xie Nianqing was in good health and was not injured at all.

"Xiaoqing, this canyon, do you know what's going on? You really have to go all the way to get out?"

Lu Ming asked.

"Not bad!"

Xie Nianqing nodded and said, "Among the nine heavens in the heaven, there is a domain called the ancient demon heaven. Almost all of them are demons repairers. , Forming a magic sea!"

"And this mountain fell from the heavenly realm. This mountain is in the heavenly realm, and it should belong to an extremely powerful force, and this canyon is the test of the disciples under that force."

"Only the strongest under Emperor Wu can pass here. If he cannot pass, he will be trapped here forever, even die here!"

"Such rigorous assessment!" Lu Ming was also shocked.

Once in this canyon, there is no other way than to break out with great fighting power.

This is forced to continue to improve and squeeze the potential.

Moxiu, acting really unusual, very strange.

"The strongest under Emperor Wu, how strong is it?"

Lu Ming whispered.

"I speculate that the strongest under Emperor Wu is just a statement, or just a limit. One mountain is higher than a mountain. Who can know what is really the strongest, just a limit, once it reaches that limit, out!"

Xie Nianqing explained that she had learned a lot from the black robe for a few years in the magic sea.

"It seems that only by constantly improving their strength can they break out!"

Lu Mingdao, with his current strength, is obviously unable to break out.

Next, the two chatted a lot. After a long time, Lu Ming came to the side, sat cross-legged, and began to practice.

A few days later, Lu Ming went through the barrier again, and was still not the opponent of the two middle-aged men, and was repelled back.

After returning, Lu Ming continued to practice, and after a few days, he went to work again.

In this way, Lu Ming improved very quickly.

But there was one thing that made Lu Ming worried. He had seen Xie Nianqing frown a few times, and there was pain in his eyes.

But when asked Xie Nianqing, Xie Nianqing said nothing.

But Lu Ming could clearly feel the worry in Xie Nianqing's eyes.

"Xiaoqing, you and I, what else can't you say? If anything, you must tell me!"

Lu Ming walked over to Xie Nianqing and gently hugged her.

Xie Nianqing suddenly hugs Landing's neck, ruddy lips, printed on Lu Ming's lips.

For a long time, Xie Nianqing said in Lu Ming's ear: "Lu Ming, I want to have a baby for you!"

Chapter 2070: the first time

"what?"

Lu Ming froze directly.

"Why? Are you unwilling?"

In his ear, Xie Nianqing's voice sounded again.

"Of course!"

Lu Ming's lips were printed with Xie Nianqing's lips again, and he took them frantically, and at the same time, his hands walked over Xie Nianqing's body before reaching into his clothes and touching Xie Nianqing's smooth and jade-like skin.

Xie Nianqing's body shuddered slightly like an electric shock, and his mouth gasped.

Immediately, Xie Nianqing responded more enthusiastically, and the small hand was walking upstream of Lu Ming.

Slowly, Xie Nianqing's clothes fell off, exposing a delicate body that was whiter and tenderer than sheep fat jade, which was the most outstanding work of art in heaven.

Lu Ming is completely lost in this perfect artwork, the two bodies are entangled together.

Soon, there was a gasp in the valley.

At this moment, they completely forget themselves, only each other in the eyes! This fight only took an hour to stop.

Even if the two were advanced, they were sweating a lot. Xie Nianqing was lying in Lu Ming's arms, holding Lu Ming tightly, without speaking or unwilling to let go.

For a long time, a wooden figure suddenly appeared in Xie Nianqing's hands, all black, like a doll.

"Lu Ming, this one, is a death puppet. If you encounter a fatal danger, you can die once, you take it!"

Xie Nianqing handed the doll to Lu Ming.

"Can I die instead?"

Lu Ming was shocked.

There is such a treasure in the world, and this will not wait for another life. If it is spread, it may cause a mad robbery because it is too precious.

"This is based on Xiu Wei. Above the Wu Emperor Realm, it is useless to use this to replace the dead devil. Only under the Wu Emperor Realm will it be useful!

Xie Nianqing said.

"Xiaoqing, keep it for yourself!"

Lu Ming said.

"I still have it, you keep it!"

Xie Nianqing stared at Landing Ming with wide eyes.

"Well, that's good!"

Since Xie Nianqing still has it, Lu Ming did not refuse it, and put away the dead devil.

Then, Lu Ming's hand was not honest again, and walked on Xie Nianqing's smooth and satiny body. Xie Nianqing's face was flushed, her eyes were watery, and her ruddy lips were slightly open. It was really tempting. .

"Xiaoqing, you are so beautiful!"

Lu Ming said softly.

"Have you said anything to anyone else?"

"of course not!"

"Ok!"

"Xiaoqing, let's continue!"

"Don't you come?"

"How is it enough to have a baby?"

Warm voices and soft words came out, and there was a spring in the canyon.

The two didn't know how many rounds they had slain. In the end, with Lu Ming's cultivation practice, they both felt exhausted and collapsed, so they lay down and fell asleep.

Xie Nianqing is also the same, lying next to Lu Ming, and fell asleep.

Do not know how long after that, Lu Ming suddenly awakened from his sleep.

Because he felt a cold killing intention, enveloped him, this was an instinctive alertness, the Holy Force worked, his body retreated far away, took out a dress from the storage ring and put it on his body.

Then look forward.

In front, Xie Nianqing wore a black long dress, which was gorgeous in the world.

But at this moment, her eyes were extremely cold, full of cold killing opportunities, staring coldly at the land.

Lu Ming was shocked in his heart. Xie Nianqing's eyes were too strange. Xie Nianqing had never looked at him with such eyes.

"Xiaoqing, what's wrong with you?"

Lu Ming could not help asking, stepping forward.

"kill!"

The icy voice spit out from Xie Nianqing's mouth, her body filled with dark magic light, turned into a dark magic sword, like a glimmer of floating light, rushing towards the landing, the speed is amazing.

call out!

The dark sword light slashed towards the landing and took Lu Ming's key point.

"Xiaoqing, what are you doing?"

Lu Ming shouted, and at the same time, he operated the Holy Power and manipulated the law of chaos to form a defensive wall that was in front of him.

But what shocked Lu Ming was that Xie Nianqing's magic sword was cut off and directly torn apart Lu Ming's defensive wall. The defensive wall formed by the law of chaos was very fragile under the light of Xie Nianqing's sword.

This shocked Lu Ming.

The sword light in Xie Nianqing's hands kept on, slashing towards Lu Ming's eyebrows.

This is not just talking, it is really about killing Lu Ming.

Xie Nianqing is very different from yesterday's fierce look.

Yesterday, Xie Nianqing was enthusiastic and passionate, and wanted to have a baby for Lu Ming.

Today, he draws a sword to kill Lu Ming, and the killer is as cold as a sword.

"Nianqing, stop, what's the matter!"

Lu Ming shouted, and at the same time burst out of the light of chaos, a wave of a jailstone appeared in front of him.

The ghost shadow of this prison is covered with the law of chaos and the light of chaos, and the defense is amazing.

But when Xie Nianqing's sword light fell, the chaotic light shook wildly and was torn open.

Lu Ming was shocked and his figure retreated.

"This power..."

Lu Ming's eyes were solemn.

Among Xie Nianqing's powers, there is no slightest power of law, and some only have the magic power condensed to the extreme, and the power of attack is extremely powerful.

This kind of power is like the strength cultivated by the Archaic Devil's Dao Dao.

Lu Ming and Gu Mo played together and could feel it clearly.

But this kind of power of Xie Nianqing is more pure, condensed and stronger than the power of the ancient demon.

"Humble ants, dare to insult me, kill!"

Xie Nianqing drank, the killing was extremely intense, the magic light was filled, the sword light was bright, and he continued to kill the landing.

Lu Ming was shocked in his heart, his pupils contracted, and shouted: "Who are you? You are not Xiaoqing!"

Xie Nianqing, he will never be said in this tone, nor will he be said to be a 'humble ant'.

But the breath of the person in front of him is clearly Xie Nianqing.

what happened? Is Xie Nianqing lost?

"I am Xie Nianqing, Xie Nianqing is me!"

Xie Nianqing spoke indifferently, and Jianguang kept slamming towards the landing.

Lu Ming exploded with all his strength, exhibiting the law of chaos, the law of formation, and even the fusion of the law of death, fighting against Xie Nianqing.

At the same time, he kept turning various ideas in his mind.

"No, depending on the situation, it doesn't seem like you have been taken away. What's going on?"

If you are lost, your soul will be destroyed, and you will not have self-consciousness, but Xie Nianqing has self-consciousness, so it is impossible to be lost.

"Is it related to the ancient coffin? But using the ancient coffin, I have not heard that this will happen. Is it related to the power in Xiaoqing's body?"

The power that Xie Nianqing thought about in Lu Ming.

In the past, he always felt that Xie Nianqing was dormant with a force in his body, which was terrible. Previously, Lu Ming thought that Xie Nianqing had a strong potential.

Now I want to come, the situation is wrong!

In such cases, there is another person, Xie Nianjun!

In Xie Nianjun's body, Lu Ming also felt dormant with a force of terror.

In addition, Lu Ming thought that Xie Nianjun now, and Xie Nianjun who was on the Shenhuang Continent, had a great change in personality.

At the beginning, Xie Nianjun wanted to kill him wholeheartedly, but when he arrived in Yuanlu, Xie Nianjun didn't seem to have this meaning, but wanted to cooperate with him.
