

D Emperor 2121

Chapter 2121 The Palm of Buddha

Zijin true dragon, can be said to be the royal family of true dragon, extremely powerful.

The dragon claws stepped into the air and caught towards the unscrupulous monk. There was no law fluctuation, but no one doubted the power of this claw and could easily tear a one-star virtual emperor.

"My hair is stubborn, so be careful, I'll grab you and stew it down!"

The unscrupulous monk yelled.

Everyone looked at each other, Lu Ming and Long Chen once again despised, it is estimated that this is the true idea of unscrupulous monk.

Buzz!

The unscrupulous monk was filled with golden light. Behind him, there appeared a golden body Buddha statue, standing at the top. The unscrupulous monk stood on top of the Buddha statue. The Buddha statue waved his hand, and the big hill-like hand slammed toward the cheek.

boom!

The horrible shock sounded, and the two did the same thing.

"Nine Strikes of the Demon God!"

Cheek Changxiao exhibited the terrible attack technique of Archaic Demon Road. His body glowed, and five dragon claws continued to attack. Every move was terrible. It could tear the void and smash the earth.

Fortunately, this battle platform was refined by the emperor and was indestructible. No matter how they fought, they could not be destroyed.

"Buddha in the palm!"

The unscrupulous monk and the treasured state are solemn. They exhibit the magical power of Buddhism and Taoism. With one hand extended, one palm protruded, and it suddenly became larger and pressed toward the claw.

In the palm of his hand, there seems to be a Buddhist kingdom with three thousand golden bodies and arhats chanting. The golden light is more dazzling than the sun.

boom! boom!

Unscrupulous monk, Cheuk's cultivation behavior, has reached the two-star virtual emperor, fighting with all strength, extremely powerful.

Long Yin Zhentian, chanting sound resounding through the mountain of destiny.

The two kept on fighting, fierce confrontation dozens of moves.

"What a terrible combat strength, such combat strength, I am afraid that the ordinary Samsung Emperor will be torn in an instant!"

Some of the emperor emperor's faces opened solemnly.

"Shortly after breaking through Emperor Wudi, he hasn't comprehended other laws, it is so terrible!

Others also sighed.

In Wudi Realm, there are many factors that determine the combat power, but just a few years after breaking through the Emperor Emperor, there is such a combat power, which is really amazing.

The two confronted each other fiercely, and all kinds of magical powers at the bottom of the pressure box were used to start the pinnacle.

This is the most fierce battle since the last ten strong battles. The two men have the same strength. It is difficult to distinguish the victory and defeat for a time. They have been fighting for more than 200 rounds.

"I am a reincarnated Buddha, a little reptile, come to protect me. Afterwards, if you eat spicy food and spicy food, if you eat meat, you will have soup!"

The unscrupulous monk screamed while fighting.

Cheek's nose was all crooked, but he was a purple dragon, and the royal family in the dragon was actually called a small reptile.

Also, isn't the Buddha a vegetarian? How do you eat meat?

"Amitabha!"

Some of the Buddhist men who watched the battles around, all of them were majestic, and said a Buddha's number, it seemed...some embarrassment.

However, although unscrupulous is not reliable, but the combat strength is indeed not powerful, it is horrifying.

From the war to the present, tens of thousands of buddha lights have bloomed in him, and it has a meaning of more and more war.

Many people are not upset, this product is so unreliable, but the magical power of Buddhism, but it is incredible, it really makes people envious and jealous.

The war continued and both were wounded.

On Chek's body, scales fell off and blood was dripping.

The unscrupulous monk was caught in the dragon's claw, and there were a few scary claw marks, an arm, almost torn.

This is a tragic battle.

"You are too ruthless, so ruthless, be careful of retribution!"

Wuliang yelled, but he started with his own hands, but he was more ruthless than anyone else. All kinds of Buddhist magical powers greeted Cheek and laid down large scales.

"These scales are treasures, they cannot be wasted, and there is dragon blood. Take them back to stew and drink!"

During the war, the unscrupulous monk did not forget to take the opportunity to collect the dragon scales and dragon blood.

Chek almost exploded his lungs, angered and attacked frantically.

He was angry, and finally revealed flaws. The unscrupulous monk seized the opportunity and made a series of fierce moves, spitting blood and hitting back.

The masters competed, one step at a time, one step at a time, and once Chek fell, it was difficult to reverse, and began to be suppressed by unscrupulous, and finally was shot out of the battle platform.

This game, no victories!

"My hair, give up, give up, that, the law-protection thing I said before, consider considering..."

The unscrupulous monk's eyes are inseparable from chek. He fantasizes that if there is a purple gold dragon as a mount, that should be the Dorawind.

"roll!"

Cheek shouted.

"You and I are destined!"

Called unscrupulous.

"Fate to Nimbi..."

Cherk vomited another bit of blood, turned into a humanoid, and ran aside to heal.

"My hair, little girl, you have a relationship with the poor monk!"

The unscrupulous monk stared at the bubble again, and came to the side of Landing Ming.

"piss off!"

Lu Ming jumped out directly, kicking at the face of the unscrupulous monk.

"Lu Ming, you are too ruthless, the poor monk is injured, you still shot me, I will heal first!"

The unscrupulous monk smiled and stepped aside to heal.

"The next game, Destiny, Violence!"

The white-haired old man then announced.

Everyone's eyes brightened, even Lu Ming.

Destiny is about to fight violent morality.

Everyone is curious, what kind of magical power will be used by destiny in this battle.

Previously, Destiny played against people and almost defeated his opponent in one step.

But can he do it now against Violence?

Violence, but archaic body repair, a body of incomparable strength, absolutely no better than cheek, unscrupulous.

It is definitely not easy to defeat the virtue.

boom!

The violent virtue fell heavily on the battle platform, and the dark skin circulated with dark light, full of power.

He is three meters tall, like an iron tower.

"Fate, come, one battle, I want to see, your law of destiny, how to control my destiny!"

The virtue shouted, the sound was like thunder, roaring roaring.

"Your destiny is doomed to defeat!"

Destiny stepped down into the air, and the white clothes fluttered, like the ordinary dust under the fairy, falling on the battle platform.

"Undefeated, but you can talk about it, come up with your strength!"

Violently shouted, and then stepped, like a huge beast, rushed to the destiny.

"You are destined to be struck by lightning!"

Destiny had a gentle smile on his face and spoke lightly.

His voice fell, and the infinite thunder appeared out of nowhere, and he slashed towards the virtue.

Regardless of the virtue, he allowed Thunder to hack him, and he rushed past with nothing.

Thunder can't break his defense.

"Tick me with this method?"

Baode grinned and kept pace, killing destiny, slamming a fist, vacillating in the void, slamming his fist, slamming destiny.

"Fate is destined, you can't hit me!"

Destiny spoke lightly.

Then a shocking scene happened, the fist was crushed, and rushed over the body of Destiny. The body of Destiny seemed to be illusory. The force of Fist rushed through, and he was fine.

Chapter 2122: Speculative ranking

Everyone was horrified, and the law of fate was too invincible!

Said he was destined not to be hit, would the other party really miss him!

How do you fight this?

"It's just that the attack power of the virtue is not strong enough, if it is strong enough, it can directly break the law of fate!"

The strong man speaks to solve the confusion for everyone.

"Fate is destined to be burned by fire!"

"Fate is destined to be cut by a knife!"

...

Destiny continued to speak, very fast.

Then, various attacks descended from the sky and blasted toward the violent virtue.

boom! boom!

Violent threw his fist and defeated these attacks instantly.

"I have burned my body with flames since I was a child, and refined my body with thunder. With your attack, I can only tickle me!"

The violent morale became stronger and stronger. He broke through the heavy attacks and approached destiny at a rapid speed.

His muscles squirmed, his bones exploded, and he punched a punch.

This punch is more amazing and more powerful than before.

At this moment, Destiny's complexion finally became slightly dignified, and he extended a finger and pointed forward, saying, "Fate says, absolute defense!"

In front of him, there appeared a white light wall, the violent virtue of strength, bombardment on the light wall, a horrible roar erupted, and the entire battle platform was shaking.

"Haha, I finally shot, does your strength seem to be average!"

Violent laughed, and then waved his fist, shaking the light wall in front of Destiny.

"Buddhism, you are destined to be injured!"

Destiny spoke again, and he shone brightly and stretched out his fingers.

Roar!

At this moment, the virtue shouted. He seemed to encounter an invisible and terrible attack, his body shook, and he stepped back a few steps, and his mouth overflowed with blood.

Everyone was shocked!

They didn't see anything attacking the virtue at all. They just said that the virtue was going to be injured, and the virtue was hurt. This method is too shocking and unbelievable.

"You have limited attack power and have the ability to let me die directly, see if you can do it!"

The virtue shouted again, rushing towards the fate again, his body swelled up, his already burly body became even more amazing, like the birth of a giant.

boom!

Violent footsteps on the battle platform stepped heavily, like a black lightning, like a magic mountain, pressed toward the destiny.

"Fate is destined to be injured..."

Destiny spoke again, and exhibited a mysterious attack.

"Break, break, break everything!"

The violent virtue roared, and the fists continued to blast out, the void was directly penetrated, and the attack of destiny was also defeated by the violent virtue, and he couldn't do anything.

"Violent virtue has terrifying strength, his strength is hidden in unscrupulous, stoker!"

"Birthday archaic body cultivation, this kind of person, if you practice the law system, it is waste material, but to practice archaic body cultivation, it is a rare genius!"

Successive strongmen spoke, shocked by the strength of the virtue.

Destiny's face was a little dignified, but it was only a dignified one.

"Great Destiny!"

He spoke softly, and the light on his body was even brighter.

boom!

Between his waves, a beam of divine light cut towards the violence.

Boom! Boom! ...

The virtue continued to punch and bombard this **** light, but this **** light was solid and immortal and hard to shake.

Every time a bombardment hits, the body of the virtue will retreat a bit. After dozens of consecutive punches, the virtue has retreated for dozens of miles, and has withdrawn from the battlefield.

At this time, the divine light dissipated automatically.

"Damn, I haven't fought enough yet. Let's fight again!"

The virtue shouted like a wild beast, then his body trembled and a spit of blood spewed out of his mouth.

"You lost!"

Destiny regained its indifference and turned away.

"Good strength, difficult to figure out!"

Lu Ming narrowed his eyes and looked at the destiny of the son of destiny.

Destiny's feeling is unfathomable. Although the violent virtue forced out part of Destiny's strength just now, no one knows whether this is Destiny's ultimate strength. Is he still hiding strength?

Not only Lu Ming, but also other Tianjiao, such as Yuan Xin, Zhi Ke, Yun Hao Ge, etc., have very dignified faces.

The strength of Destiny puts a lot of pressure on them.

"I really want to fight you, I will prove to everyone, who is the first in the world!"

Yuan Xin whispered, the fighting spirit was very strong.

"My hair, this pervert, how do you fight?"

Unscrupulous bitter face.

"Okay, the first round of the competition is over, Lu Ming, Bubble, Unscrupulous, Yuanxin, and Destiny win, one point each!"

"Let's go to the second round, Lu Ming against the bubbles!"

The outbreak elder announced.

what?

Lu Ming and the bubble were stunned, they met so quickly, that old man deliberately?

"I admit defeat, I don't fight Brother Lu Ming, I admit defeat!"

The bubble hung on Lu Ming's neck and refused to die.

Those who watched the battle had calm faces, and there were not many surprises.

They had known for a long time that it was impossible for Lu Ming and Bubble to fight, and there must be a party who would admit defeat.

"Okay, this time, Lu Mingsheng, next time, Yun Haojie against Yuanxin!"

The white-haired old man once again announced.

Yun Haoge, against Yuan Yuanxin.

This is also a pinnacle duel, the battle is extremely fierce.

But in the end, Yuan Xin exhibited two rules, and the two rules merged, defeating Yun Haoge in one fell swoop.

This is shocking, re-evaluating Yuanxin's combat power.

Yuan Xin actually comprehended the second law, and it was a kind of rule of the king, two kinds of fusion, the strength increased sharply.

This is awe-inspiring with Yuan Xin's talents. How long before he became an emperor, he has realized the second law, and the heat is not low.

In the third game of the second round, Cherk played against the Stellar River.

This is a battle without suspense. The stellar river was crushed and lost two games in a row.

In the fourth game, the ancient demon confronted the virtue.

Both of them are practicing the ancient system of cultivation, but unfortunately, the ancient demon cultivation is slightly weaker, not an opponent of the virtue, and is easily defeated by the virtue.

In the fifth game, Destiny played against unscrupulous monks.

The unscrupulous monk was very simple, and did not come to power, so he directly conceded defeat.

According to his words, he knew if he could not fight but he was still stupid.

At the end of the second round of the competition, only Lu Ming, Destiny, and Yuanxin were the only ones to maintain their winning streak.

Through ten matchups, everyone has begun to predict the ranking of ten people.

"Fate is undoubtedly the strongest and will win the championship this time!"

"It's hard to say, Yuanxin is not weak. What he shows now may not be all his strength. Maybe he can compete with the fate of heaven!"

"From the present point of view, the first two should be destiny and Yuanxin, and the third place is most likely to be violent, but it is not necessarily!"

"In general, the top five should be destiny, yuanxin, violent virtue, unscrupulous, and cheek five!"

Everyone speculates based on their own judgment, but most people think that destiny, yuanxin, violent virtue, unscrupulous, cheat, and obtaining the top five should not be a problem.

"Lu Ming, he is not weak. He controls the two strongest rules!"

"He is not weak. He has no problem over the Stellar River and the Ancient Demon, but his strength is estimated to be almost worse than Yun Haojie. Bubble, I predict that Lu Ming's final ranking should be seventh!"

"This speculation is reasonable!"

Chapter 2123: Zhan Yun Hao Ge

In the discussion of everyone, the third round began.

Lu Ming's luck seems to be very good, the first match against the ancient demon.

As expected by everyone, the ancient demon was very powerful, but eventually lost to Lu Ming and lost to Lu Ming.

Counting this, this is the second time Gu Mo lost to Lu Ming.

Lu Ming has won three straight.

"Lu Ming's winning streak is estimated to end here. Next, the opponent he has to face is not weak, he is stronger than him!"

"Good, winning three games in a row, it is estimated that there will be six losing games in the back!"

Some people argue that Lu Ming's winning streak is over.

In the third round, the second game, Bubble vs. Cheek.

This is a pinnacle, a fierce battle.

Although the bubble has been repaired slightly weaker, its strength has increased dramatically after being transformed into a body, and its control of the law of time and space has reached an incredible level.

Although the cheek is strong, he still can't hit the bubble.

Of course, it is not easy for Bubble to defeat Cherk, it can be said to be difficult.

In the end, there were more than two hundred moves in the war. Cheek accidentally opened the space-time channel by the bubble and moved out of the battle platform.

In this battle, the bubble burst into victory and won.

This made everyone re-evaluate the strength of the bubble, and also let people re-recognize the strength of the top ten fighting beasts.

At the same level of battle, the Son of God is not as good as the top ten war beasts.

Next, Yuanxin is fighting against the Stellar River.

Needless to say, the Stellar River failed again.

This made his face more and more ugly.

Some people have already determined that the Stellar River must be ranked tenth, and there is no suspense.

The fourth game, unscrupulous warfare.

This is another pinnacle.

Wu Liangshi exhibited the golden body of the Buddha, and various magical powers of the Buddha, but the violent virtue broke through all methods.

The two men fought for hundreds of moves, and the unscrupulous monk yelled, but this time it was useless. He lost to the violent virtue, and was eventually defeated and bombed out of the battle platform.

In this game, Victorious victory.

In the last game of the third round, Destiny sang Yun Hao Ge.

"My destiny, in the course of time, I can see it myself!"

Yun Haoge shouted and fought against the fate of time and space.

The law of space and time can indeed restrain the law of fate.

Because he can watch his own destiny through time.

Of course, destiny is changing every moment, and what he peeped at is just a dime.

Later, Destiny directly used Grand Destiny to cut off Yun Haoge's time and defeat Yun Haoge.

At the end of the third round, Lu Ming and Destiny were still there, and the three of Yuanxin won three straight.

However, everyone believed that Lu Ming had good luck in the first three games, and he would lose in a row afterwards.

Destiny and Yuanxin are all based on combat power.

In a few games of Lien Chan, the white-haired old man let everyone rest for half a day. After half a day, the fourth round began.

In the first game of the fourth round, Lu Ming still played first, but this time, his opponent was Yun Haoge.

Yun Haoge showed excitement, and the two stepped onto the battle platform.

"Lu Ming, your good luck has come to an end. In this game, you will be defeated. I will let you know that the space-time spirit rat is not something you can have!"

Yun Hao Gesen coldly said.

"Your time-space law is too weak, not my opponent, admit defeat, lest I do it!"

Lu Ming was very direct and asked Yun Haoge to admit defeat.

This made everyone stunned and felt that Lu Ming was bragging.

Although Lu Ming is in control of the two strongest rules, which can be called Zhen Gu Shuo Jin, but after all, only the cultivation of the quasi-imperialist, how could it be Yun Haoge's opponent.

Yun Haoge's cultivation base has reached the two-star Emperor Emperor, and even if he is at the same level in the first battle, he is also the leader among the Sons of God. If the cultivation base differs so far, will Lu Ming be an opponent?

"Oh, tell me to admit defeat? It's ridiculous, I will abuse you!"

Yun Haoge grumbled, and as soon as the words fell, he rushed towards the landing, and traveled through the void, at an alarmingly fast speed.

In the process of Yun Haojie rushing out, the void was twisted in all directions, and a terrible force was suppressed on Lu Ming.

This force, with the power of time, contains time to slow down, making Lu Ming's speed become like a turtle's speed.

There is also the power of space. The space of the four sides is constantly squeezed towards the landing sound, and Lu Ming must be restrained.

On the contrary, under the blessing of the law of time and space, Yun Haoge's speed skyrocketed, and Lu Ming was approaching in an instant. He pointed out that the power of space was condensing, containing the terrible power of tearing, and killing the landing.

Faced with this situation, Lu Ming's face was still calm.

boom!

He struggled hard, the flesh and the holy power exploded, the void shook, and the force of space acting on him continued to explode.

Then a long stream of two-color laws emerged.

This is the fusion of the law of chaos and the law of death.

boom!

Lu Ming's arms shook, his palms split, and the void exploded. The force of time and space acting on him was directly cut, and Lu Ming's palm slammed into Yun Haoge.

But Yun Haoge's figure moved, his body disappeared instantly, appeared behind Lu Ming, and drove away to Landing Ming.

bump!

Lu Ming seemed to have eyes behind his back, his palms splitting towards the back, and Yun Haoge slapped his face. Yun Haoge's figure retreated, and then, under his trembling form, dense figures appeared like this. Many figures, slamming towards the landing at the same time.

Lu Ming narrowed his eyes slightly.

This is a terrible killing trick. Don't think that the dense figures are all illusory. In fact, these figures are all real and are the main body of Yun Hao Ge.

He is walking through the void and walking in different spaces. This trick is a trick he attacked in different voids.

"Chaotic Tribulation!"

Faced with this trick, Lu Ming used the Chaos Tribulation Finger, and his hands were all out, pointing out continuously.

call out! call out! call out!

Fingers burst out, and each finger points to a figure.

Those figures burst apart one by one, and finally turned into a figure.

Afterwards, Yun Haoge and Lu Ming played dozens of tricks to bring the various mysteries of the law of time and space to full play.

However, his control of time and space is still not as good as that of bubbles. Lu Ming guards himself with two rules and stands still, completely breaking Yun Haoge's offensive.

Yun Haoge finally lost his patience.

"I'll suppress you with repair!"

Yun Haoge's eyes were indifferent, and the cultivation of a two-star virtual emperor completely exploded, and he slammed towards the landing. Wherever he passed, with the time and space storm, he drowned towards the landing.

"Is it tough? Just what I want!"

Lu Ming smiled and stood still. When Yun Haoge was about to arrive, Lu Ming once again showed a long river of laws.

It's a long way to go!

The long river of array rule merges with the law of chaos and death, making Lu Ming surround the long river of law around his body, and turns into three colors.

Incorporating a rule of kingship, Lu Ming's combat power increased greatly.

boom!

A palm blasted out, like palms and mountains, towards Yun Haoge.

The time and space storm around Yun Haoge's body collapsed in an instant. He screamed, his body receded back, and spit out blood.

Chapter 2124: Five-game winning streak

As soon as Yun Haoge retreated, Lu Ming followed up at an alarming speed, approaching Yun Haoge very quickly.

boom! boom! boom! ...

Lu Ming instantly split out hundreds of palms, the void burst, and hundreds of palm marks completely enveloped Yun Haoge in all directions, disturbing time and space.

At this moment, Yun Haoge couldn't do anything to escape from the law of time and space, and could only take Lu Ming's power.

He screamed, driving the laws of time and space, erupting the power of the world and shaking Lu Ming.

After hundreds of palms in a row, Yun Haoge's body shook like an electric shock. The law of time and space covering his body was defeated. His arm exploded directly, making it difficult to resist Lu Ming's palm strength.

Snapped!

In the end, Lu Ming slapped Yun Haoge's face on the face, flapping Yun Haoge directly to the ground, and twitched there.

bump!

Then, Lu Ming kicked Yun Haoge's face and kicked him directly out of the battle platform.

"You still want to torture me, it's not a little bit worse!"

Lu Ming spoke lightly.

Yun Haojie fell under the battle platform, a face swollen into a pig's head, only to wake up for a long time, and after finding out his situation, he was very angry and spit out another blood.

This time, it was shameful.

"Brother Lu Ming, it's a good fight, it's a good fight!"

Bubbles clapped little hands to celebrate.

Many people looked at Lu Ming's gaze, too.

Lu Ming was able to defeat Yun Haoge, which was beyond the expectations of many people.

"Yes, he also mastered the laws of formation. Unexpectedly, he has trained all three laws to perfection, and they are still integrated!"

"He is indeed talented, and he has been able to cultivate three laws before becoming an emperor. It is rare in ancient times, no wonder he has such a strong combat power!"

The rule is that for every fusion, the power will increase dramatically.

Combining the three laws, even many low-level virtual emperors are difficult to do.

Leaving aside Lu Ming's control of the two strongest rules, even if only three common rules, this talent is also amazing.

Before, everyone thought that Lu Ming should only be able to get the seventh place, and could not compete with the unscrupulous, cheat, and tyranny.

But now, they have changed this thinking.

The ability to defeat Yun Hoge shows that Lu Ming's strength is already at the level of unscrupulous, cheek, violent, and bubble.

Eligible to compete in the top five ranks.

It's amazing to have such an achievement before becoming an emperor.

In this way, Lu Ming achieved four straight victories.

In the second round of the fourth round, the bubble was against the unscrupulous monk.

"My hair is so small, you really have a destiny with me!"

On the battle platform, the unscrupulous monk looked at the bubble seriously, almost drooling.

This is one of the top ten war beasts, the unscrupulous monk is fiery in his heart.

"Monk, it seems you are looking for a fight!"

Bubble is too lazy and unscrupulous monk nonsense, because this is Lu Ming taught her, see unscrupulous monk, the shot is.

"Little, you and I are really destined!"

The unscrupulous monk yelled, his hands could not be unambiguous, he was covered in Buddha's light, and people who didn't understand the unscrupulous monk would really be deceived by his traitor, thinking he was a good monk.

Bubble didn't dare to carelessly, directly turned into the body, and controlled time and space.

The space-time spirit rat itself has strong combat power, and the control of time and space is far above Yun Haoge.

This confrontation is extremely weird, because the unscrupulous monk can't beat the bubble at all, let him show his magical skills such as the Buddha's country in his palm, the lion roar of the Buddha gate, the big handprint of the Buddha gate, etc.

On the contrary, he was sometimes attacked by the bubble, which made him busy.

Finally, he was hit by bubbles and flew out of the battle platform.

"Monk, count your thick skin!"

Bubble skimmer.

Bubbles can only fly the unscrupulous monk out of the battle platform, because the Buddhist body of the unscrupulous monk is indeed very powerful in defense, and the bubble cannot be broken.

Of course, if Bubble Cultivation goes a step further and is at the same level as the unscrupulous monk, it is another matter.

In the third round of the fourth round, Yuanxin defies cheek!

This is another peak showdown, the sons of Chaos play against the ancient demon road.

Cheeks are transformed into a kilometer-long purple gold true dragon, with purple light flowing through the body, dragon claws tearing the void, exhibiting demon supernatural powers, and fighting against Yuanxin.

However, although Cheek is very strong, it is still worse than Yuanxin. Yuanxin broke two rules and defeated Cheek.

Then, destiny has no suspense to the stellar river, and the stellar river admits defeat directly.

And in the fifth game, the virtue against the ancient magic, there is no doubt that the virtue won.

The fourth round ended, and soon after, the fifth round began.

In the first game of the fifth round, Lu Ming confronted Cheek.

Che Ke's eyes were dignified. Lu Ming's previous strength was enough to threaten him, so as soon as he shot, Che Ke used all his strength to turn into a purple and gold dragon and rushed to the landing Ming.

Roar!

Lu Ming's flesh glowed, and a shocking dragon sound came out of it, causing Che Ke's body to tremble and his face changed greatly.

"Kowloon..."

Cheek's face was a bit ugly.

Masters are dueling, milliseconds are competing, Chek is slightly stunned, Lu Ming has rushed, and the law of chaos, the law of death, and the law of array have erupted.

The three laws are combined to launch a stormy offensive and suppress the cheats.

Chek barely resisted dozens of moves and was blasted off the battle platform by Lu Ming.

Lu Mingsheng!

This allowed many people to re-evaluate Lu Ming's combat power.

I think he already has the strength to compete for the top three.

"Lu Ming may be able to compete with Virtue, but it is worse than Yuanxin and Destiny!"

"Good, no surprise, he should be hovering in third and fourth place!"

Some people argued and re-inferred the ranking.

The first game of the fifth round ends, the second game, the bubble against Yuan Xin.

This battle is very fierce, and the bubble turns into the body, applying the law of time and space to the extreme, unpredictable.

However, Yuanxin's strength is indeed strong, just like Lu Ming's previous battle with Yun Haoge, with powerful force, he broke the law of time and space.

In this battle, Bubble didn't win after all. After many battles, he saw that he was falling behind and he simply conceded defeat.

In the third game, unscrupulous vs. ancient demon, unscrupulous victory.

Afterwards, Destiny and Violence achieved victory respectively.

Entering the sixth round, in the first game, the atmosphere warmed up.

Because of the first game, Lu Ming battled with virtue.

To most people, Lu Ming and Virtue are now at the same level, and they are powerful candidates for the third place.

In this game, whoever can win will be third.

"Lu Ming, you are awesome. You have such a fighting force before you become an emperor. I always admire it, but this time, I will definitely win!"

Bruce grinned, with a fierce light in his eyes, like a **** bear.

"Bulk, don't say so full of words!"

Lu Ming smiled slightly.

"Then let me see how strong the fusion of the two strongest laws is!"

Virtue showed a terrible color, stepped on the foot, the whole figure was like a big mountain, slamming towards the landing.

With a punch, the space was directly exploded, compressed together, turned into a terrifying punch, and rolled towards the landing naming.

Chapter 2125: Beat Tyranny

The fist screamed and the space trembles.

This is pure power, strong to the extreme physical strength, and the power is extremely amazing.

"Archaic sports training, I want to see how abnormal the flesh is!"

Lu Ming did not evade, broke three rules, cast the palm of Chaos, and slammed it out.

Boom!

The palm and fist collided together, and there was a tremendous roar. It can be seen that where the palms of the two intersect, the space is like a wave of water, not only shaking.

Lu Ming and Bao De shocked at the same time, and they stepped back a few steps.

"What a terrible power!"

Lu Ming's eyes narrowed slightly.

The virtue relied purely on the strength of the flesh, which was powerful and terrifying. That punch made Lu Ming's three laws shake, and was almost penetrated.

Lu Ming's flesh, refining three chaotic gases, and through the five rules of refining when he became a river, has become extremely powerful, but compared with the violent virtue, I don't know how much worse.

According to legend, during the Archaic Age of Heaven, there is the power of archaic physical training, invincible body, but can cross the sky and stand on the ground, one punch can explode the stars in the sky, incredible powerful.

The flesh is cultivated to the extreme, but it is immortal, immortal, and coexists with heaven and earth.

"Come again!"

The virtue shouted like a wild beast, screaming at the landing, his body swelled and his body swelled again.

"Come!"

Lu Ming shouted, surrounded by three laws, exploded the strength of the flesh and the Holy Power to the extreme, and fought against the virtue.

Boom! Boom! Boom!

The two are like two wild beasts, colliding continuously on the battle platform.

No skill, pure positive hard steel.

Violence, archaic bodybuilding, physical strength is infinite, indestructible, I am afraid that even an ordinary imperial soldier will be beaten with a fist.

And Lu Ming, the flesh is also very strong, the divine power is condensed and strong.

The most important thing is that the law of chaos is inherently heavy, suppressing the world. With the blessing of the law of chaos, Lu Ming is also infinitely powerful.

The style of the two is similar, and the constant collision with each other has caused the battle platform to roar continuously.

This is a scene of absolute landslides and wars outside.

"too horrible!"

Seeing the battle between the two, many people turned pale, and it was too fierce. Under such power, all skills are superfluous, and even some of the strongest rules must be torn apart.

Even if the two-star virtual emperor goes up, it will be easily bombed.

The two fought for hundreds of rounds in a row.

"happy!"

Lu Ming Changxiao, after fierce confrontation, he is more and more proficient in the application of several laws, especially the chaotic law.

The law of chaos, the law becomes a river, for the present stage, it is already complete.

But Lu Ming felt that the law had not come to an end, there was still a way ahead, but was blocked by the fog, and it could not be seen. Now the fog has finally dispersed.

Lu Ming has a feeling that if the law can go one step further, the power will advance by leaps and bounds.

"Haha, finally came across a decent, happy!"

Violence laughed, and the offensive became more and more violent.

In a blink of an eye, the two battled again for hundreds of rounds.

At this point, Lu Ming became more and more courageous, and finally began to gain the upper hand.

bump! bump! ...

Finally, the virtue began to retreat, every step out, the battlefield roared violently.

"Stop, stop fighting, stop fighting!"

At this moment, the violence suddenly shouted.

Lu Ming closed his hands and retreated.

Virtue gasped for a long time, sweating heavily, and it took a long time to slow down.

"Your pervert, let me lose today, let's fight again!"

Virtue said.

"OK, alright!"

Lu Ming nodded and had a strong opponent duel, which was also good for him.

Violent virtue leaped off the battle platform.

Lu Mingsheng won!

Many people widened their eyes.

Lu Ming actually defeated the Virtue, so it seems that he has entered the top three steadily.

This is really beyond the expectations of many people. Before, I thought Lu Ming could make it to the seventh.

"Now, the ranking can almost be seen!"

Many people began to infer rankings based on their previous records.

Everyone thinks that the first and second should be between the destiny and Yuanxin, the third Lu Ming, the fourth violent virtue, and the fifth bubble.

This is probably the case for the top five.

Now, everyone is looking forward to a highlight, that is destiny and Yuanxin.

As long as the two are separated, the ranking of the top ten is basically settled.

"Huh, look down on my master, maybe my master can beat that heart and destiny!"

Hearing that the people around him thought that Lu Ming could only be ranked third, Lu Xiangxiang was upset and pouted.

"Oh, the little girl is really blind and confident, your master is strong, but if you can compete with the destiny and the heart of the heart, it is impossible and certainly not invincible!"

"The little girl trusts her master's mood, we can understand it, but we must see the reality!"

A few gray-haired old people remind Lu Xiangxiang of "goodwill".

"Huh, your vision is not even correct, before I said that my master can only get the seventh!"

Lu Xiangxiang pouted.

"This... it was indeed our glance before, but this time, there is absolutely nothing wrong!"

Several old men were determined.

Lu Xiangxiang pouted, too lazy to ignore a few old men.

The competition continued, and the bubble battle was destined. Bubble directly conceded defeat. According to his meaning, he was too lazy to compare, anyway.

Then, Chek defeated Yun Haoge, Yuanxin defeated Wuliang, and the Ancient Demon defeated Stellar River.

In this way, the stellar river is already the last one on the board, not even the ancient demon.

In general, this round except Lu Ming defeated the Virtue unexpectedly, the other duels are all expected.

The sixth round ends and the seventh round begins.

"Fate, to Yuanxin!"

The white-haired old man spoke.

As soon as the voice came out, the scene was quiet, and then there was an uproar.

The highlight is here, the biggest highlight is here.

Destiny, against Yuanxin!

This seems to have been deliberately arranged by the white-haired old man. The first game of each round was played by Lu Ming, and now, the first game of the seventh round is directly destiny against Yuan Xin.

The atmosphere was ignited at once.

Countless people showed their expectations.

In the eyes of everyone, this is the competition for the championship and runner-up, the strongest match between the two meta realms.

Destiny, Yuanxin, and the two were also filled with powerful fighting intent, and their eyes collided with each other across the sky.

Although both of them came from the land of God's Destiny, and they are called the peerless arrogance of God's Destiny, but before, the two had never fought.

In Lu Ming's eyes, he also showed his expectation.

He felt that in the previous duel, neither Destiny nor Yuanxin had used their full strength. In this battle, you can see how powerful the two are.

Uh! Uh!

The figure flashed and the two rushed directly to the battle platform.

boom!

A terrible breath collided across the air, and a violent roar erupted.

Just a collision of breaths formed a gust of wind that swept through the battlefield.

Chapter 2126: Fate vs Chaos

"This battle defeats you and breaks the myth of fate!"

Yuan Xin opened his mouth, full of strong self-confidence.

"Fate is unbreakable. Everything in the world has fate. Even if a world is born and destroyed, it also has its fate. Therefore, the law of chaos is also under the cover of fate!"

Destiny opens his mouth, white clothes win the snow, and there is no dust.

"You can't control my destiny, I can't control my destiny! I can't help you, kill!"

Yuan Xin exploded, physique like a phantom, rushing to destiny, the law of chaos permeated, Chaos God fist exploded.

"You are destined to be struck by lightning!"

...

Destiny spoke again, as if to say something.

As he spoke, all kinds of thunder, flames, ice, poisonous water, swords, etc. kept blasting toward Yuanxin.

boom! boom!

Yuan Xin threw a fist, all thunder and flames, etc., were all defeated.

"Fate, you don't need to tempt, show your true strength!"

Yuan Xin strode towards the destiny, and he was filled with the breath of two laws, the two laws merged, and he punched out.

boom!

The punching force is crushed forward, which is stronger than the brutal punching force.

"Great Destiny!"

Destiny is also not tempting, displaying magical powers of fate.

He stretched out a finger and pointed it forward, a burst of light, like a speed of light, and like a magic knife, blasted toward Yuanxin.

boom!

Yuanxin's fist strength was defeated, and the light of fate continued to blast towards Yuanxin.

"Break me!"

Yuanxin's double fists continued to wave, and in a flash, hundreds of fists were exploded, and the space was beaten.

The light of fate was blocked and finally defeated.

"Blocked, Yuanxin is really strong!"

Someone exclaimed.

Previously, as long as Destiny casts the Great Destiny technique, no one can resist it and be defeated directly. Even if it is as strong as a virtue, it will not be blocked.

But now, Yuan Xin has blocked the light of destiny.

Perhaps, Tianxin can really fight against Destiny!

"kill!"

After Yuanxin defeated the light of destiny, he took advantage of the situation to kill Destiny.

"No one can block the light of destiny. If you fight with me, your destiny is doomed and you will lose!"

Destiny whispered, his fingers kept pointing out.

In the blink of an eye, dozens of rays of fate burst forth.

These rays have turned into different shapes.

Some are sword-shaped, some are knife-shaped, or gun-shaped, and they are transformed into a variety of weapon shapes, killing Yuanxin, and each one is amazingly powerful.

Yuan Xin punched his fist and tried his best to resist it, but there was too much light in destiny, and each one was infinitely powerful.

Yuan Xin's was suppressed and retreated.

"Yuanxin is going to lose!"

"The law of fate is truly invincible!"

Some people sighed.

Even Yuan Yuan is invincible, so who else is a fatal opponent?

"No, Yuanxin can still fight, he is about to break out!"

Someone yelled.

boom!

At this moment, the breath of Yuan Xin rose again.

His cultivation behavior is still like the peak of the two-star virtual emperor, but the breath is actually soaring.

"Chaotic God Body!"

Yuanxin roared, and the law of endless chaos converged towards Yuanxin between heaven and earth, and his body was changing, becoming gray, as if his body had become a chaotic stone.

Yes, it is Chaos Stone!

When Lu Ming casts Chaos Divine Palm, his palms will become gray, like a chaotic stone.

Now, Yuanxin's body has become like this.

This is a terrible secret technique.

boom! boom! ...

Yuan Xin's body seemed to be turned into chaotic stone and was indestructible. His double fists continued to sway, destroying all the rays of fate from the bombardment.

Destiny's gaze appeared for the first time with a dignified color. On his body, Xiaguang said with all his fingers, and his fingers continued to point out, and the light of fate continued to burst out, rushing towards Yuanxin.

However, Yuanxin displayed a chaotic body, and the combat power skyrocketed. Every punch could defeat a ray of destiny, killing destiny, and quickly approaching destiny.

Everyone was shocked. Is it true that Yuanxin really wants to break his destiny, change his destiny and defeat his destiny?

In the shocked eyes of everyone, Yuan Xin approached Destiny, punched out with a punch, and penetrated Destiny's chest.

But the body of destiny, like a phantom, is virtual, nothing.

"Fate is destined, I will not lose, and any means you use is useless, fate is long, come out!"

Destiny spoke, and then a big river appeared at the foot of Destiny.

This is not a long river formed by the completion of the law, but the legendary river of fate.

Everything in the world, the destiny of all people is in the river of destiny.

Everyone's destiny is already doomed.

Destiny stands in the long river of destiny, as if it were the master of heaven and earth.

boom! boom! ...

Yuan Xin constantly punches his fist to penetrate the river of destiny, but his fist slams into the river of destiny, but it sinks into the sea like a rock.

"Everything in the world is in the river of fate, Yuanxin, you are not excluded!"

Destiny spoke, and then stretched out a hand, grabbed a figure in the long river of fate.

"That is..."

Everyone was shocked, because the figure that Destiny grabbed from the river of destiny was exactly the same as Yuan Xin, but it can be seen that it was just a phantom.

"You are doomed to defeat!"

Destiny whispered, one finger pointed out, a ray of light burst out, bombarded on the virtual shadow, and the virtual shadow's chest was directly hit a big hole.

At this moment, Yuan Xin's body was shocked. He seemed to have been subjected to a terrible attack, struggling to resist, but in the end, he stepped back a dozen steps, and everyone saw that a blood hole appeared in his chest, and blood flowed.

Everyone took a breath.

The law of fate is too weird. Destiny just grabbed a ghost image exactly like Yuanxin from the long river of fate. When he attacked the ghost image, Yuanxin would be injured.

"Those who fight against fate will be punished!"

Destiny continued to speak, and pointed out again. The phantom body was penetrated again, and Yuanxin's body violently shook back and forth, and a wound appeared on his body.

The scene was silent, too weird, and the destiny was too strong. With such strength, who can be the enemy?

Then, Destiny made consecutive shots. Every time, Yuanxin had to retreat, and a wound appeared on his body. In the end, Yuanxin vomited blood and was seriously injured.

"Okay, this battle ends here, Yuanxin, you lost!"

At this moment, the old man with white hair stood up and stopped the duel.

He was afraid that Yuanxin would be injured too much, which would affect the subsequent duel.

Yuan Xin was a little unwilling, and finally gritted his teeth and withdrew from the battle.

He knew that he was defeated, not an opponent of fate, and could not be the best in the world.

"My strength is not enough. I want to be stronger. According to legend, the Chaos Sutra records all kinds of terrible supernatural powers based on the law of chaos. I must get it!"

Yuan Xin was unwilling to look at Lu Ming, flashing the murderous opportunity.

As long as he gets the Chaos Sutra, in the future he will be able to defeat the destiny and become the first in the world.

Chapter 2127: Lu Mingzhan Yuanxin

"Fate is No. 1 in the world, no one can be the enemy!"

"The ranking is almost clear, with Destiny first and Yuanxin second. Unfortunately, Lu Ming is only a prospective emperor. If he becomes an emperor, he may be able to compete with Destiny!"

"How can there be so many, if destiny leads one step at a time, and leads step by step, it will only be stronger in the future, Lu Ming may never be a rival of destiny!"

Everyone discussed that in the end there were people who were hostile to Lu Ming, deliberately degrading Lu Ming, attracting Lu Xiangxiang, and a few people glared at him.

In the seventh round, after the match between Destiny and Yuanxin, there were not many surprises in the next duel. The people who speculated that they would win, all won.

Lu Ming also won, and in this game, he was unscrupulous.

For a long time, Wuliang monk grinds for a long time, and after a few moves with Lu Ming, he directly admits defeat.

"Lu Ming, you pervert, originally thought that after so many years, I could suppress you, but I didn't expect to be your opponent!"

The unscrupulous monk has a hard face.

"Hey, what are you talking about? What is metamorphosis, I am talented, don't you understand!"

Lu Ming squinted unscrupulously.

"My hair!"

Wuliang stopped talking and stepped aside.

After the seventh round, the white-haired elders let everyone rest for three days, and then fight after three days.

Because some people are injured and affect the combat power, such as Yuanxin.

Three days later, everyone returned to their peak.

"Lu Ming, to Yuanxin!"

At the beginning of the eighth round, the white-haired old man released the heaviest showdown.

To be honest, in this scene, everyone is still looking forward to it.

Because this is a duel between two sons of Chaos, and a duel between the second and third place.

Although, most people think that Lu Ming will not be the opponent of Yuan Xin, because the strength that Yuan Xin has shown before is really amazing.

But after all, it is the two sons of Chaos who are fighting each other.

Yuan Xin's eyes filled with fiery light, stepped out and stepped onto the battle platform.

Lu Ming also set foot on the battle platform.

"Lu Ming, this time, I will make you miserable!"

Yuan Xin's eyes were cold, staring at the land.

"Sorry, I want to tell you something. No one has ever beaten me after being defeated by me. You can't do it!"

Lu Ming smiled faintly.

what?

Everyone was shocked.

Lu Ming, what does this mean? Could it be said that Lu Ming has defeated Yuan Xin before? How can this be?

Soon, news came out that Lu Ming and Yuan Xin had a battle in the assessment of the Hundred Yuan Sect, and Yuan Xin was defeated in that battle.

Everyone was surprised that there was still such a thing. It seems that the two sons of Chaos have already had grievances first.

"In the beginning, I was just suppressed. If it wasn't suppressed, I would suppress you!"

Yuan Xin looked indifferent, and then said: "Lu Ming, hand over the Chaos Sutra, you are not qualified to hold the Chaos Sutra!"

"I don't have the qualifications, do you?"

Lu Ming sneered and said, "If you want Chaos Sutra, you can also, why not make a bet?"

"What bet?"

Yuan Xin said coldly.

"Just bet on this battle. If I lose, in this battle, I will give you Chaos Sutra. If you lose, how will you obey me all your life?"

Lu Ming said.

"I won't bet with you!"

Yuan Xin said coldly.

"Don't you dare? Fear of losing?"

Lu Ming said.

"I won't lose. I want the Chaos Sutra to defeat you directly and take it from you!"

Yuan Xin was very confident. After he finished speaking, he stopped talking and stepped towards the landing.

boom!

A powerful breath erupted from him, the law of chaos pervaded, and at the same time, there was another law.

That is a kind of rule of the king, but the flame is not very high, but it also strengthens the fighting power of Yuanxin.

"Chaos Fist!"

Yuan Xin shot, continuous punches, and the void roared. Every time he punched out, a mountain would form, and he would suppress the landing.

This is the mountain that evolved from the law of chaos, and its power is endless.

boom!

Lu Ming also moved. Three rules broke out, thrusting upwards, casting the palm of chaos, and splitting several palms in succession.

bump! bump! ...

Each palm can break a mountain, and mountains that evolved from the law of chaos explode in the air.

"Chaotic Tribulation!"

After smashing several mountains in succession, Lu Ming cast another chaotic robbery finger, and a huge chaotic robbery finger was formed, rolling towards the Yuanxin.

Yuan Xin punched a few punches in succession, defeating Chaos's robbery.

But at this time, Lu Ming had already killed, the Chaos Divine Palm chopped continuously, and in a split second, hundreds of palms.

Yuan Xin fists and fights with Lu Ming.

The two figures are vertical and horizontal, fighting together, for a time, it is difficult to divide the victory.

The law of chaos pervades the entire battle platform.

Yuan Xin is very strong, the peak of the two-star Xu Emperor, cultivation is superior, much stronger than Lu Ming.

However, Lu Ming's flesh and sacred power have been refined five times, and five times, there are two strongest laws, three kingly laws, and the integration of the three laws completely compensates for the lack of cultivation.

"Lu Ming is really strong, and can actually compete with Yuan Xin, but Yuan Xin also has a secret technique that is not used, Lu Ming is doomed to defeat!"

Someone spoke and recognized Lu Ming's fighting power, but thought that Lu Ming was still going to lose.

"Yuanxin, come up with your strongest fighting power, just like that, not enough to see!"

During the war, Lu Ming spoke.

"Since you want to see, then crush you!"

"Chaotic God Body!"

Yuan Xin growled, the law of chaos boiled, and his flesh seemed to become a chaotic stone.

Casting such a secret technique, Yuanxin's combat power increased greatly, and he punched out with a punch, and he stumbled against Lu Ming.

bump!

Lu Ming felt his arms numb, and he could not help but step back five or six steps.

bump! bump! ...

Yuan Xin chased while taking advantage of the situation, his fists blasted out continuously, and pressured Lu Ming backed off again and again.

"Lu Ming, you are not my opponent, hand over Chaos Sutra!"

Yuan Xin shouted, and the offensive was crazy.

"What are you anxious? It seems that to deal with you, the three rules are still worse, then the four rules!"

In other words, there was another river of laws pervading Lu Ming, which merged with the previous three laws.

At the next moment, a four-color river of laws appeared on Lu Ming.

Incorporating an additional rule, Lu Ming's combat power increased greatly, and he split with a palm. He and Yuanxin made a move. Both bodies were shocked, and they withdrew backwards.

But Lu Ming took two steps back, and Yuanxin took four steps back.

"Four laws, Lu Ming actually realized the four laws!"

"My God, it is the law of devouring, the two strongest laws, the two kingly laws, it is really against the sky!"

"It's too scary!"

Everyone was shocked, and someone shouted.

It was mainly too shocking. Before that, Lu Ming did not use his full strength, but still retained his strength.

Not only did he control the two strongest laws, but he also realized the other two rules of kingship, and they were already complete. How old was Lu Ming. How did he practice this?

Many people are difficult to calm down, and even many emperors are dumbfounded and dumbfounded.

Chapter 2128: The final pinnacle

"Master Invincible!"

"Master will win!"

Lu Xiangxiang and Ouyang Moli shouted, excited.

And Luo Tianyi, Huang Ling, Long Chen and others were also dumbfounded.

Although they knew Lu Ming was abnormal, they didn't expect it to be so abnormal.

"My hair, this pervert, still makes people alive!"

The face of the unscrupulous monk is more bitter.

"How is it possible? How is this possible?"

The masters of forces such as Heng Family, He Family, Daluo Tianzong, Wan Family, Jinwu Family, etc., all have eyeballs, they are hard to believe, and they are terrified.

The stronger Lu Ming is, the more frightened they are.

Yuan Xin himself was shocked.

He himself also understood the second law, knowing the difficulty of comprehending other laws, and wanting to merge them together is even more difficult.

He was still successful in that world.

But Lu Ming not only controlled the two strongest rules, but also realized the other two royal rules, a total of four, and they are all complete and fused together, which is incredible.

With his mind, he was shocked.

"What about the four laws? Still defeat you!"

Yuan Xin shouted, the momentum was like rainbow, killing Lu Ming.

His body glowed with black light, like a chaotic stone, solid and immortal.

bump!

Lu Ming stepped forward, cast the Chaos Divine Palm, and confronted Yuan Xin.

bump! bump! ...

On the battle platform, an amazing shock broke out again, and in a flash, the two confronted more than fifty moves.

However, after Lu Ming broke out the four laws, his fighting power had already exceeded Yuan Xin.

The more the laws are integrated, the stronger the power will be, multiplied.

After more than 50 strokes, Yuanxin fell completely downwind, and Lu Ming struck back again and again.

Yuan Xin was unwilling, he shouted, not afraid of life and death, and fought with Lu Ming.

He cannot be defeated!

This time, it was different from the time of the assessment of Hunyuanzong.

This time, it was a real duel with full fighting power and no reservations.

It is also a duel between the sons of Chaos. If he loses to Lu Ming, he will not get the inheritance of Chaos Emperor, and he will still live in the shadow of Lu Ming for the rest of his life.

This is a fatal blow to his path of martial arts.

"Lu Ming, you can't break my chaotic **** body, I won't lose!"

Yuan Xin shouted.

"You think too much!"

Lu Ming waved his palm continuously, repelled Yuan Xin, and then bombarded Yuan Xin on the chest.

boom!

Yuan Xin's body shook violently, receding again and again, his face pale, and almost spit out blood.

Then, Lu Ming continued to wave his palm upwards, instantly splitting hundreds of palms, and the palm prints covered Yuanxin's whole body.

Yuan Xin tried his best to resist, but there were still palm prints bombarding him.

bump! bump! ...

Yuan Xin's body continued to vibrate, and finally his body actually cracked, as if to be cracked.

He vomited blood violently, his body flew out, and fell heavily on the battle platform.

Defeated!

Yuanxin defeated!

The scene was silent!

This result, before the war, not many people can think of it.

Most people have always thought that the destiny is the first, Yuanxin is the second, and Lu Ming is the third. It is impossible to be the opponent of the previous two.

But now, Lu Ming has defeated Yuan Xin.

Then his opponent will only be destined.

"Master Invincible!"

Lu Xiangxiang shouted excitedly, and then looked at a few old men who were not far away, and said: "I said, my master is invincible, and no one is his opponent!"

"This..."

The old men blushed.

They said that Lu Xiangxiang was blind and confident, and that Lu Xiangxiang was required to see the reality clearly. Lu Ming could not be the opponent of Yuan Xin and Destiny.

But now, Lu Ming has defeated Yuan Xin.

Rao is a few old people who have lived a lot of years, at this time can not help but feel a little embarrassed.

Uncle Kong, Emperor Wuxiang, also smiled.

Lu Ming was able to get to this step, far beyond their expectations.

"Do you want to fight again?"

Lu Ming stepped forward and walked towards Yuanxin.

"I didn't lose, I won't lose to you!"

Yuan Xin roared, extremely unwilling, he rushed again and killed Lu Ming.

But he was already injured. Lu Ming's opponent, with few moves, was shot and flew out again. His body was cracking, and his body was covered with cracks and bleeding.

With Lu Ming's current strength, he can crush the void and destroy a vast peak with amazing strength.

Yuan Yuan had so many palms in her heart, and it was already amazing to be able to survive.

Yuan Xin roared and wanted to fight again. The white-haired old man stepped down into the air and stopped him.

"You have lost, go on!"

The white-haired old man opened his mouth, and Yuanxin finally stopped. He watched the landing sound extremely unwillingly, with a cold murderous glimmer in his eyes.

"If you lose today, you will never be my opponent. Also, you are not worthy of controlling Chaos Sutra!"

Lu Ming glanced at Yuan Xin lightly and turned away.

Yuan Xin shuddered and spit out another blood.

After that, the competition continued, but the next competition was all expected, and there was no surprise.

Everyone looks forward to the final round.

The ninth round, the last round, after this round, ten of them, each of them has fought against the other nine.

In the ninth round, Lu Ming will match up with the destiny.

Originally, everyone had little expectation for this battle, and believed that there was no suspense, and the destiny won.

But after Lu Ming defeated Yuan Xin, everyone changed this idea.

At least, Lu Ming defeated Yuan Xin and was already qualified to fight against destiny.

After the eighth round, there was a period of rest, and the ninth round began immediately.

In the final round, the white-haired old man seemed to be deliberate, putting Lu Ming and the fate of the destiny at the end. Everyone was very itchy, but they could only wait for the previous duel to finish.

There was nothing unexpected in the previous showdown.

By the time the previous matchup entry is over, everyone already knows that this time it is ranked.

Except for the first and second places, I don't know yet, other places have already been determined.

Third place, Yuan Xin, he only lost to Lu Ming and Destiny.

Fourth place, violent virtue!

Fifth place, bubble!

Sixth place, unscrupulous monk.

Seventh place, Cherk!

Eighth place, Yun Haoge!

Ninth place, ancient magic!

Tenth place, Stellar River!

Stellar River, who lost all nine games, did not win a game, he made him look very ugly.

Especially when he saw Lu Ming and his final battle with Destiny, his face was even more gloomy.

By now, Lu Ming had thrown him far away.

"The last battle, destiny, to Lu Ming!"

The old man with white hair finally reported the names of the two, and the hearts of countless people raised it.

Finally, the last battle, this battle, will determine who is the strongest arrogance of the younger generation of Yuanjie.

Is it Lu Ming or destiny!

One, before becoming an emperor, is in control of the two strongest rules, two rules of kingship, shaking from ancient to modern, and from ancient times!

Another, the rare son of destiny in ancient times, controls the destiny and is unparalleled in the world.

Who is stronger?

Chapter 2129: Destiny of the Great War

The two figures stepped out of the air and landed on the battle platform, attracting everyone's attention.

Destiny, a white robe, is shrouded in mysterious light, like the dust under the fairy, and it is dust-free.

With a faint smile, he watched Landing Ming and said, "You are strong, but still destined to lose!"

"Fart, my destiny, I control it myself, no one can control my destiny, if there is, all crushed!"

Lu Ming is overbearing.

He didn't believe in the so-called fate at all.

Only if it is strong enough can it change its destiny and even reverse it.

"People in the past didn't believe it either. They thought they could contend with their destiny, but in the end they didn't escape their destiny!"

Destiny was not angry, and still said lightly, as if controlling everything.

"Oh, did you see your own destiny, and then I will be beaten into the fate of a pig's head?"

Lu Ming smiled lightly.

"My destiny is doomed, undefeated!"

Destiny whispering.

"Then I will change my fate and let you lose once!"

boom!

On Lu Ming's body, four laws broke out, and the four laws merged. Lu Ming's body, like a cannonball, smashed towards the destiny.

"You are destined to be injured!"

Destiny whispered, stretched out a finger.

There is no energy fluctuation, but at this moment, Lu Minghan's hair exploded and his pupils contracted. He felt that there was a terrible force out of thin air, bombarding him and crushing him.

Buzz!

Lu Ming's law of vibration, four kinds of laws, converge into a four-color river of laws, surrounding the whole body, blocking the strange energy attack.

"Is this the law of fate? It is just a law. Although it is mysterious and weird, it can't really determine the fate of a person. It still needs energy to attack!"

Lu Ming understands the law of fate somewhat.

boom!

Lu Ming broke out and broke those energy attacks in one fell swoop, killing towards the destiny.

"Fate, don't use all of this, use magical powers!"

Lu Ming opened his mouth, and his body was like electricity.

"As you wish, Great Destiny!"

The Xianguang on Destiny's body was more intense, almost invisible, and enveloped by Xianguang.

He pointed his finger, and a ray of destiny turned into a war sword, slashing towards the landing.

laugh!

Lu Ming also pointed out, showing off the chaotic fingers, and a very condensed finger burst out, destroying the light of fate.

But then, the fingers of Destiny continuously pointed out, and the light of destiny turned into various weapons, killing Lu Ming.

These weapons are extremely powerful, and have terrible destructive power.

Destiny's cultivation base is also at the peak of the two-star virtual emperor, but the combat power is absolutely amazing. Every ray of destiny can kill an ordinary two-star virtual emperor, and even an ordinary three-star virtual emperor.

Lu Ming's law of operation covers the palm of his hand, casts the chaotic **** palm, and continually splits.

bump! bump! bump! ...

The ray of fate was defeated by Lu Ming and dissipated like fireworks.

Lu Ming is brave and invincible, constantly destroying the light of destiny from the assassination, and his body is approaching destiny at a rapid speed.

In the end, Lu Ming broke through the block and pointed out with a finger, a chaotic finger robbed, killing destiny.

The pupil of Destiny shrank, and a long river of destiny formed under his feet. He was in the long river of destiny.

However, Lu Ming's current attack power is stronger than Yuanxin's, and the Chaos Tribulation is overwhelmed, which shakes the fate.

"Everything is under the hood of fate, Lu Ming, let me lose!"

The destiny is long screaming, reaching out, grabbing a figure from the long river of destiny.

That figure is exactly the same as Lu Ming, but it looks very illusory, struggling in the hands of Destiny, just like, Lu Ming's fate is really under the control of Destiny.

call out!

Destiny pointed out, and a ray of light penetrated the phantom body.

At the same time, a terrible force appeared out of nowhere, slamming into Lu Ming, and going to penetrate Lu Ming's body.

Lu Ming shouted, the power of the four laws kept shaking, blocking that force.

bump! bump! ...

The four laws, the constant shaking, the slightest disintegration, the force is too ancient and horrible. I don't know where it was born. Even the fusion of the four laws is difficult to resist.

bump!

In the end, Lu Ming retreated, and the four laws were penetrated. However, after the force broke through the four laws, he was almost offset, but only left a shallow trace on Lu Ming. Lu Ming and Not injured.

"Lu Ming is going to lose!"

"However, it is enough to show Lu Ming's terrible situation. Yuan Xin faced this move just now, and he was not invincible. He was directly hit!"

"However, the fate is too scary!"

Seeing that Lu Ming was repulsed, everyone guessed that the final winner of this battle was ultimately destiny.

Some forces that had hatred against Lu Ming secretly breathed a sigh of relief. Fortunately, Lu Ming wasn't so against the sky.

"Fate cannot be violated!"

Destiny spoke, and he stood in the river of destiny, as if to transform the gods.

call out! call out!

He pointed **** in a row and penetrated the ghost in his hand.

At the same time, Lu Ming suffered a terrible attack, the law shook, Lu Ming retreated from his body, but he was finally blocked and was not injured.

"Shit!"

Lu Ming stepped forward and killed towards the destiny.

Destiny continued to point his fingers, and the finger hole penetrated the phantom, Lu Ming encountered a terrible attack, and there were several terrible forces that attacked him.

boom!

Lu Ming was blasted out a few hundred meters, his figure vibrated, and he felt anger and blood.

"Lu Ming, I admit that you are a rare genius, but after all, it is difficult for you to resist the sky and you can't resist fate!"

Destiny spoke indifferently, high above.

"The words are so full, do you have this strength?"

Lu Ming sneered.

"Huh?" Destiny frowned.

"With this strength, how can you beat me? You can't hurt me now!"

Lu Ming said.

Many people felt a shock in their hearts. This is indeed the case. Now Destiny can only repel Lu Ming, but it can't hurt Lu Ming.

Lu Ming is fully capable of dragging with a strong defensive force, making this match difficult to beat.

Destiny's face was also gloomy, and there was a lot of light on his body, and he continued to point his fingers, but he could only repel Lu Ming, but could not hurt Lu Ming.

"Is this your limit? Today, let me break my fate!"

Lu Ming Changxiao, he was like an electric figure, rushing towards the destiny.

boom!

In the process of rushing out, his breath became stronger, and the river of four-color law became five colors.

This time, the whole audience was ignited at once.

"God, five colors, five rules, Lu Ming has mastered the five rules. Is it because I see the tricks?"

"It's true, it's too scary, there is no limit, how is this possible?"

Everyone was shocked.

Before, Lu Mingzhan revealed four kinds of rules, which was already amazing enough. Everyone guessed that it was probably Lu Ming's limit.

But now, Lu Ming has revealed five laws, where is his limit?

Chapter 2130: Break fate

Lu Mingzhan revealed five laws, and the fusion of the five laws caused a clamor.

Many people are hard to calm down. Lu Ming has no limit.

There are five kinds now, and if you show six kinds later, everyone has no idea.

Lu Xiangxiang and Ouyang Moli jumped excitedly.

Uh!

Lu Ming traversed the void, nearing destiny in a flash.

Destiny's pupils contracted and his eyes were very dignified. His body almost merged with the long river of fate and became illusory.

At the same time, he continued pointing his finger, pointing at the ghost.

This time, it was the shadow of the ghost's eyebrows.

puff!

The imaginary eyebrows were penetrated, and Lu Ming, who was shocked, encountered a terrible attack, and a sharp force struck Lu Ming's eyebrows.

However, Lu Ming's five laws are now merging, and the combat power has greatly increased. The laws vibrated, blocking that strength, and then landed with a slap, bombarding the strength that came from the attack.

boom!

A loud roar broke out, and the void kept shaking. The force that killed Lu Ming was very amazing, but he was still defeated by Lu Ming.

"Take a look at me!"

Lu Ming rushed past and pointed a finger at the same time.

Between the world and the earth, the energy riots converged into a huge chaotic finger, rolling towards the long river of destiny.

Wow!

This time, the long river of fate could hardly withstand the power of chaos, and the long river was tumbling, shaking, and the river was turbulent.

Rumble!

With the depression of the chaotic finger, the fate seems to collapse.

At this moment, the scene was silent, and many people did not dare to breathe because they knew that it was now the crucial moment, and the moment to win or lose.

Who can win?

"Long fate!"

The fate of destiny is long, he is drawing the power of the long river of destiny into a ray of light, and slashing his fingers towards chaos.

boom!

The sky exploded, and the light from the destiny cut off the fingers of the chaos and dissipated in pairs.

"Come again!"

Lu Ming pointed out several fingers in a row, and the endless energy gathered. A total of three chaotic fingers robbed towards the destiny.

Destiny can only try to resist.

The situation has completely reversed before.

Just now, Destiny exhibited a long course of destiny, Lu Ming fell into the downwind, but now, Destiny fell into the downwind again, and the situation is changing rapidly.

boom! boom! boom!

There were three roars again, and the three Chaos Tribulation Fingers were blocked, but Destiny's body retreated, the river of fate shook, and the light became a little dim.

"You broke my defense!"

Destiny shouted.

"Up to now, you are still so confident, then break your confidence!"

Lu Ming stepped on the void, holding in the void in his hand, a huge sword light, condensed out in the air.

Sword of death!

This is a kind of killing trick created by Lu Ming himself. It contains four rules: death, devour, formation, strength, and strength.

This is not a simple fusion of laws, but a magical technique of using all kinds of magical effects of the four laws.

This magical technique is more integrated than simple rules, and it is not known how much stronger it is.

Although, Lu Ming can only initially play the magical effect of the four laws, but it cannot be blocked. This type of supernatural power has become one of Lu Ming's strongest tricks.

"cut!"

Lu Ming shouted and cut off with a sword.

This sword directly cut the void and cut the fate.

Destiny tried his best to resist, but it was useless. His fate was shaken wildly, and finally he was cut directly into two pieces by the sword of death, and then burst apart.

Destiny retreated, vomiting blood in his mouth, blood stained the white gown.

Destiny was injured, fate was broken, and he was hit hard.

call out! call out! ...

Lu Ming didn't stop his hand, cast his fingers in chaos, and continuously pointed out, a few huge fingers, killing towards the destiny.

Destiny has not been bombed out of the battle platform, nor has it conceded, the battle has not ended.

The destiny is unwilling to fight against each other, but he has been hit hard, his combat power has weakened, and his long fate is cut off, he can't fight Lu Ming at all.

After a few strokes, he was directly hit and flew a hundred miles, vomiting blood, and his face was pale.

He has been shot off the battle platform!

"You lost!"

Lu Ming stood in the middle of the battle platform and spoke lightly.

Defeated!

Destiny is defeated!

The audience began to be silent, and when the reaction came, it was a hustle and bustle.

"Lu Ming really turned against the heavens, and he defeated the destiny in the realm of the quasi-imperial!"

"The myth of the law of fate has been broken, the fate can be broken, and man will win the sky!"

The pot was fried on the spot, and no one thought that destiny would be defeated, and was defeated by Lu Ming.

Lu Ming defeated Destiny and truly stood at the top.

At the beginning, Lu Ming was not optimistic, even knowing that Lu Ming did not break through the Emperor Wu, he was still ridiculed by Muyang. At that time, no one would think that Lu Ming could enter the top ten.

No one would even think that Lu Ming will eventually win the first!

"Master is invincible, I know my master is invincible!"

Lu Xiangxiang jumped up excitedly, not forgetting to look at the old men nearby.

Those old men were also lost for a while. When they saw Lu Xiangxiang's eyes, they couldn't help but blush.

"Young Master is amazing!"

Qiuyue's face was also full of smiles.

Huang Ling, Long Chen, Luo Tianyi, Ouyang Wushuang and others, likewise, smiled on their faces.

Death Blade looked at Lu Ming, silent.

The Stellar River's face is extremely gloomy, even with a trace of fear. Lu Ming's combat power is beyond his imagination. If Lu Ming puts out his best, he can cut him.

"Brother Wu Xiang, Kong Brother, Heng Brother, He Brother, I heard that Lu Ming came from the land of Yuanshan, but I didn't expect that such a arrogance came out of the land of Yuanshan!"

There are emperor figures, Xiang Kongbo, Wuxiang Emperor, Hengjia Emperor, Hejia Emperor Daoxi.

"Hahaha!"

Kongbo and Wuxiang Great Emperor laughed and were extremely happy.

Emperor He and Emperor Heng snorted, their faces somber.

They can't wait to slap Lu Ming to death. Others still greet them, and their faces will look good.

"How could this be?"

The most ugly faces are those of the Heng family, the He family, and of course, the Jinwu family of the ancient moon holy land, the Wanjia family and other forces.

Their faces are pale. Lu Ming's talent is too horrible. If Lu Ming grows up, they will be destroyed in the future.

Thinking of this, they were terrified.

"Damn!"

Yuan Xin roared, and Lu Ming was the first, he was not reconciled.

Destiny was not reconciled, and the center of his eyes flashed in succession, but eventually he fell silent.

"Okay, the Ten Battles are here, it's all over!"

The white-haired old man came out and smiled.

"Now, I announce the battle of the ten places, the noun of the top ten!"

"First place, Lu Ming!"

"Second place, destiny!"

"Third place, Yuanxin!"

...

Then, the old man with white hair announced the ranking this time.
