

D Emperor 2131

Chapter 2131: Heavenly visitor

Shocked cheers rang from the scene.

Undoubtedly, Lu Ming has attracted much attention!

Ten battles brought together all the arrogances of the whole Yuan Realm. Moreover, this generation is called the golden age, the arrogance of the arrogance, the gathering of the strong, and many sons of the gods have been reduced to the background and attracted worldwide attention.

And Lu Ming, riding all the arrogance, fighting at the peak, using his strength to prove to everyone that he is the strongest.

"It's so scary before becoming an emperor. The future is boundless!"

"If such a talent against the sky, if it continues to grow, I am afraid it will become the pinnacle of the world!"

Most of the people are talking, and talking about landing.

But Yuan Xin and Destiny are ignored.

The son of destiny, the son of chaos, was originally brilliant and dazzling, attracting worldwide attention, but at this moment, all the brilliance was taken away by one person.

"Brother Lu Ming, you are really amazing!"

Bubble hangs on Landing Ming and can't bear to come down.

"Master is amazing!"

Lu Xiangxiang and Ouyang Moli also came and looked at Landing Ming with admiration.

In their eyes, Lu Ming is invincible.

"Lu Ming, congratulations!"

Huang Ling, Long Chen and others also came over and said to Lu Ming with joy.

To be honest, Lu Ming's defeat of Destiny was also beyond their expectations.

"Everyone, things are not over yet. Now, it's time to reward you!"

At this time, the voice of the white-haired old man came again, and the scene suddenly became quiet.

Yes, after the screening before, there are rewards, you can enter the corner of the world, and get the chance of the sky, then now, how can there be no rewards?

At least, the top ten rewards are absolutely amazing.

Especially the first place!

Many people showed an envious look, looking at the white-haired old man, guessing what the reward was.

But there is no doubt that the rewards are definitely greater than the previous screening.

"This time, the rewards are a bit special, you need to wait a moment, then you will know!"

After the old man with white hair finished, he came to an ancient altar at the top of Destiny Mountain. His hands waved, and a beam of light did not enter the altar. The altar exuded a radiant brilliance. Disappear.

Everyone was curious, but didn't ask much and waited patiently.

This level is two days.

On this day, deep inside the sky, a dull roar came suddenly, and then a bright golden light covered half of the sky.

"Look, there is a door!"

Someone exclaimed.

In the deepest part of the sky, the brightest place suddenly appeared a door.

This is not a light door, but it is made of bronze.

Roar! Roar! ...

The gate was open, and at this moment, behind the gate, roars roared, shaking the world.

Dragon roar!

Many people heard it as soon as they heard it. This was the sound of the true dragon roaring.

Then, everyone saw that from the gate, the sound of pedaling the void came, and the roar of the dragon became louder and louder.

Then everyone saw that there were nine real dragons rushing out of the gate.

Nine real dragons stood side by side, pulling a huge chariot and appearing deep in the sky.

Standing on the chariots, most of them are young people. They look like they are in their twenties. There are men and women, and each has extraordinary temperament.

On the chariot, there was only one middle-aged man, wearing iron armor, and his body was filled with terrifying breath.

That's the breath of the emperor!

At the highest point of the chariot, a figure was sitting, but this figure was shrouded in divine light and he could not see clearly.

Many people are shocked!

Who is this? Actually appeared from the depths of the sky, and also pulled the cart with nine real dragons.

In the land of Yuanshan, there are also real dragons. At this time, many real dragons look very ugly.

It was actually a humiliation to the real dragon family to actually pull the cart with nine real dragons.

But the breath exhaled by the middle-aged big man was too amazing, full of killing spirit and endless killing opportunities, as if putting people in boundless hell, even many emperors looked dignified.

The real dragon stepped into the sky and came to the sky above the Mountain of Destiny, suspended there.

The white-haired old man, as well as some other great emperors, stepped forward and clenched their fists, saying: "Have seen all the angels of heaven!"

what? Celestial messenger?

Everyone was shocked!

They finally understood that these people actually came from heaven.

Celestial Realm may be familiar to some emperors, because the characters of the Emperor Realm should have channels to enter the Celestial Realm.

But for the people under the emperor, heaven is a legend.

Many powerful forces know that Heaven is at war, but have never been to Heaven.

This is especially true for the younger generation.

Now that I have finally met the people of the heavenly realm, many people's eyes are brightened, and they are looking at the people coming from the heavenly realm.

"It's them!"

Lu Ming's eyes flashed, and he saw two young men on the heavenly chariot.

Before, when he entered the beginning of Yuan Realm, he had seen two young people in the corner of the world left behind.

Purple hair one by one, extraordinary temperament, unfathomable.

The other, a black robe, is in charge of the law of reincarnation, and is a son of reincarnation. He also fought against Lu Ming.

"These two people are indeed the people of heaven!"

Lu Ming thought a moment, at this moment, he thought a lot.

It seems that the corner of the world is not just the Tianjiao of the Yuan Realm, but also the Tianjiao of the Realm.

"Does the so-called opportunity relate to the heaven?"

"Sky Realm has passed on the endless years. Compared to the years when Yuan Realm exists, I don't know how old it is. Legends have endless opportunities!"

Some people whispered.

Although many people know that as of today, Jiutianyu has been mostly occupied by aliens, but Tianjie still has the strongest and largest piece of Tianyu. The Taiqing Tianyu is still under control.

Legend has it, but the area of the Taiqing Heavenly Territory is not smaller than that of Yuan Lu.

Many people's eyes are hot.

"What are the top ten arrogances of Yuanjie, stand out and see!"

The middle-aged man in iron armor stepped out and his voice spread throughout the audience.

Many people retreated, and Lu Ming, their top ten, stepped out and appeared in the middle of the Mountain of Destiny.

The middle-aged big man's eyes looked like electricity, and he swept toward ten people.

A layer of goose bumps appeared on Lu Ming's body, as if the eyes of this iron-clad man could see through them.

After looking around for a while, the armored big man nodded and said with satisfaction: "Yes, it is said that Yuanjie is also born in heaven, and it didn't disappoint me. This time, many of you can enter the heaven and get a chance!"

The armored man spoke, and many people's eyes lit up, as it was.

This time the reward is related to the heaven.

"General, I heard that Yuanjie has also reached the golden age, and Tianjiao is gathered. Now, the ten strongest Tianjiao have been determined. The juniors are itchy and want to discuss with Tianjiao of Yuanjie, and hope that the general will be completed!"

At this time, in the heavens, a burly young man stepped out and clenched his fists at the iron armor.

Chapter 2132: Terrible Heavenly Pride

Many people's eyes moved, the heaven's arrogance, this is to challenge the heavenly arrogance.

However, it is normal to think about it. They are all young people, full of blood, confident and invincible. When they see powerful opponents, they inevitably want to discuss.

Yuanjiao's Tianjiao also reveals the fine light in his eyes.

They also want to know what the heavenly arrogance is.

"Alright, let's learn about it!"

The armor of the armor nodded, and they came with Tianjiao's arrogance, and had such a plan already.

"Thank you General!"

The burly young man clenched his fists, then stepped forward, glancing at Lu Mingshi.

He has short hair and roots like needles, and his eyes are sharp, like a lion.

"I practiced the Archaic Martial Arts in the Archaic System. Among you, there should be those who practice the Archaic System."

The young man with short hair opened his eyes and glanced at ten people, with a touch of arrogance.

bump! bump! bump!

Virtue, Cherk, and Gumo stepped out at the same time, and a strong breath broke out.

"I will meet you here!"

The violent virtue opened, and his body was like an iron tower, full of infinite power.

"he's mine!"

Cheek also spoke, with a touch of coldness in his eyes.

He is the royal family of the real dragon family, the Zijin true dragon.

But the other party, but used nine dragons to pull the cart, making him extremely uncomfortable.

The young man with short hair glanced at the three of them, and a faint smile appeared in the corner of his mouth.

"An archaic bodybuilding, an archaic demon road, an archaic demon road, very good, three of you, let's go together!"

The short-haired youth said lightly, contemptuously, and more intensely.

"what?"

Many people's face changed, this short-haired young man, too loud tone, actually called the three of the Germans together.

You know, the virtue won the fourth place, the combat power is extremely powerful, plus the cheek and the ancient demon, even in the face of Yuanxin, you can fight.

This short-haired young man has such a strong combat power?

"Crazy, I will meet you when I come!"

Cheek was originally angry, and now he is so despised by the other party, how can he bear it, roared, turned into the body, and rushed towards the short-haired youth, five dragon claws, stepped out continuously, to tear the short-haired youth.

boom!

The short-haired youth shot, and took a palm shot.

His palm directly penetrated the void and collided with Cherk's dragon claw.

Ao!

Cheek shouted, the whole dragon's body shivered, and his body receded back.

"That is..."

Everyone saw that Cherk's dragon's claws were cracked and covered with cracks and blood.

With one stroke, the cheek was injured, which was shocking.

Many people have their eyes fixed, and the combat strength of this short-haired youth is absolutely terrible.

Destiny and Yuanxin all show dignity in their eyes.

"I said, the three of you go together, otherwise you will be vulnerable!"

Short-haired youth said that the color of contempt was stronger.

"Then I will meet you!"

The virtue roared, and the burly and sturdy body swelled up with a punch.

The same punch exploded into the void.

At the same time, the ancient demon also started, a magic light, slashing towards the other side.

Roar!

Cheek roared, blood was filled, the wound on the dragon's claw was healing quickly, and a purple-gold light filled his body, killing the short-haired young man.

The three arrogances of the archaic system shot at the same time.

"Hahaha, this looks like a bit!"

The short-haired young man laughed, and one of his palms changed into a jade, as if transparent, even the blood vessels in the flesh could be seen.

boom! boom! boom!

The short-haired youth shot, and three consecutive shots.

bump!

The ancient demon collided with a palm print, and his body was violently shaken. He was directly hit and flew out for thousands of kilometers.

bump! bump!

Then, it was Chek and Virtue, and their bodies also retreated.

"Is it just this strength? Not enough, come again!"

The short-haired young man was killed towards the virtue and cheek, and the palms were continuously shot. The virtue and the cheek tried hard to resist, but they were not at all defeated. Cracked in general.

After more than ten strokes, Virtue and Cheek coughed up blood, and their arms were cracked and severely injured, unable to fight anymore.

Everyone was shocked. This short-haired young man was too scary. There were no laws fluctuating on his body. Obviously, it was also an ancient system of cultivation.

But the strength is amazing, easily defeated the Virtue, Ike and Gumo.

"This should be one of the best in the world!"

Someone guessed.

"You are too weak!"

The young man with short hair glanced at the three men and stepped back.

Virtue, Cherk, and Gumo all looked ugly, but the other party was really strong, which made them very helpless and suffered a great blow.

"I will discuss with Tianjiao of Yuanjie!"

After the short-haired young man returned, another young man from heaven appeared.

The man was wearing a grey robe, his eyes were as bright as stars, and he looked at the crowd and said, "I am practicing the system of laws. Who will come and learn from me?"

"I will meet you here!"

Yun Haoge opened his mouth first and stepped out. The void around him undulated like a wave, and the cultivation of a two-star Emperor was undoubtedly revealed.

"The son of time and space, is the two-star virtual emperor, so, I will also fix it to the two-star virtual emperor!"

Gray robe youth said, and then he also filled with a strong breath, awesomely two-star virtual emperor.

Everyone was shocked, and the words of the gray-robed young man were obvious. His real practice was more than the two-star virtual emperor. Now, he wants to fight with Yun Haojie at the same level.

"In this case, don't regret it!"

Yun Haoge opened his mouth, and as soon as his words fell, he set off and walked through the void, killing each other at an alarmingly fast speed.

The gray robe youth's face was always calm. At this time, when he waved his hand, the law broke out, and a big tripod appeared in his hand.

Hongmeng Law!

This person is a son of Hongmeng. At this moment, the big tripod in his hand is the result of the condensed laws of Hongmeng.

Hongmeng Dading quickly became larger and became the size of a mountain, and suppressed toward Yunhaoge.

The power of Hongmeng Dading is so amazing that it directly collapsed the void and made time and space chaotic.

boom!

The place where Hongmeng Dading passed, the space continued to burst, and Yun Haoge's face changed wildly. At this moment, he felt an amazing force, and he was crushed towards him. He wanted to escape, he couldn't, he can only face withstand.

He did his utmost to make a move and bombarded Hongmeng Dading, but the result was that his figure was shaken out, he vomited blood, and his arms exploded, which was terrible.

Many people took a breath.

One move, only one move, Yun Haoge lost.

The other party did not exercise too high a cultivation base, but suppressed the cultivation base on the two-star virtual emperor, fighting with Yun Haojie at the same level, but defeated Yun Haojie by one move. How could it be possible?

Many people are hard to believe, but this is the truth!

"too weak!"

The gray robe youth shook his head and smiled, then looked at Yuanxin and said, "I can feel that you are a pure chaotic body, fight me!"

Chapter 2133: Rule of Three Realms

Heaven's arrogance, gray robe youth, directly challenge Yuanxin.

Yuan Xin's eyes narrowed, and he was not sure when facing the gray robe, but the other party indicated that he wanted to challenge him. He couldn't avoid it without fighting.

Yuan Xin came out step by step, the breath of his body exploded in full, and the two laws came out.

The gray robe youth seemed a little surprised, saying: "I have already realized the two laws, and they have successfully merged. Yes, I don't know the battle strength. How is it?"

"What you will see, Chaos Divine Body!"

Facing the young gray robe, Yuan Xin did not dare to take care of himself, and directly exploded the strongest killing trick, using a chaotic **** body.

Yuan Xin's body was covered with the color of chaos, like the chaotic stone polished, and his breath reached its peak.

"It's kind of interesting, let's do it, let me see your strength, rest assured, I will still put Xiu Wei on the Second Star Emperor!"

The gray robe youth's eyes showed a faint smile and a trace of interest, but there was no slightest panic.

This attitude is undoubtedly very contemptuous.

Yuan Xin showed anger in his eyes, roared, and stepped on the void to kill the young gray robe.

boom!

Yuan Xin punched out, fist like chaos stone, slammed into the gray robe youth.

The young man in gray robe stretched out his palm, and in the palm of his hand, there was another great monastery condensed out, which quickly became large, as big as a mountain.

The gray-robed youth waved his hand, and Hongmeng Dading repressed toward Yuanxin.

Boom!

Yuan Xin punched on Hongmeng Dading, and Dading shook wildly. The sound waves swept in all directions. Many strong people shone with light, blocking the scattered sound waves.

Yuan Xin also received a terrible impact. His body trembles, his steps retreated, and the stepped void exploded.

"Yes, it can block me one move, some strength, see you can block me a few moves!"

The gray robe youth spoke, seeming to be a little surprised. Then, with one hand, Hongmeng Ding blasted towards Yuanxin again.

"Break me!"

Yuan Xin roared, his fists kept bombarding, one punch after another, like a storm.

However, it is unbelievable that after every move, Yuanxin will retreat wildly, and he will be defeated. He was suppressed. After more than ten moves, he retreated several hundred meters, and his mouth overflowed with blood.

"Suppression!"

The gray robe youth whispered, a flash of sharpness flashed in his eyes, and with one hand pressing again, Dading vibrated and became bigger, pressing down toward Yuanxin.

boom!

This time, Yuan Xin was even worse, and his body fell directly, hitting heavily on the battle platform at the top of Destiny Mountain, causing the battle platform to roar violently.

"How could this be?"

In Yuanjie, many young Tianjiao yelled, unbelievable.

Yuanxin, the son of Chaos, peerless Tianjiao, this time, ranked third among all Tianjiao in Yuanjie.

Such strong men are defeated, and they are easily defeated and easily suppressed.

The key is that the other party has already repaired and suppressed it on the two-star virtual emperor, and still easily suppresses Yuanxin.

How is this going? The son of Chaos, invincible at the same level, how could it be so miserable to be suppressed by the other side?

"The second state of the law, the other party's law, has arrived in the second state!"

There are powerful characters from the real emperor realm.

"The second rule of law?"

Some people don't understand.

Immediately, there are elder figures explaining.

The rule, after practicing to the quasi-empire, was completed, and the rule became a river.

But this so-called perfection is only a certain stage of perfection. To be precise, it is only the first level of perfection of the law.

The cultivation of the law is divided into three realms.

After breaking through to Emperor Wu, some strong men can break through the law once again and cultivate into the second or even third level.

Of course, the difficulty is very amazing, but once it is broken, the power will be amazing.

Once it breaks through the second realm, the power of the law will explode.

Even the rule of kings, after entering the second realm, can contend with the strongest rule.

The gray rule of the young man in gray robe has stepped into the second realm, and he can easily defeat the son of Chaos in the same level of battle.

However, according to the elder figures, if you want to cultivate the law to the second realm, there is generally only a high-level virtual emperor, and some people are hard to break through in their lifetime.

And the other party, so young, broke the Hongmeng Law into the second realm, which was amazing.

"Yuanjie Tianjiao, it's really a flower in a greenhouse. It's unbearable and really boring!"

The gray-robed youth looked down on Yuan Xin and spoke lightly, full of disdain.

"hateful!"

Tianjiao's Tianjiao, one by one, was so angry that it was really uncomfortable to be despised.

However, the combat strength of the opponent is there. It's amazing. I am afraid that even if Destiny and Lu Ming go up, they will be defeated. Therefore, they are helpless by the opponent, and they can only swallow their breath.

The gray-robed youth seemed to have lost interest and returned to the chariot.

At this time, a woman came out.

This woman, wearing an iron armor, is brave and heroic.

She glanced at Lu Ming and others and said, "I heard that Yuanjie gave birth to the son of destiny. I am very curious. How wonderful is the law of destiny, but dare to fight me?"

Destiny's eyes flashed, and the opponent directly challenged the son of fate, he could only fight.

Step by step, the white dress flutters, and destiny looks at the heroic girl, saying: "I am the son of fate!"

"What are you doing?"

Heroic woman said.

"Two Star Emperor!"

Destiny said.

"Two-star Emperor, exactly, I am also a two-star Emperor!"

The heroic woman spoke, and her body was filled with the breath of the law.

"The rule of kingship, are you king?"

Destiny froze, a glimmer of displeasure flashed in his eyes.

The other party was actually a king body, and the king body dared to challenge him. This is a contempt for him.

"What's wrong with the royal body, the royal body can also defeat you!"

The heroic woman was more prosperous, and a spear appeared in her hand. The spear stirred the wind and cloud and stabbed towards the destiny.

The spear pierced, the breath of the heroic woman soared, and her sharpness was revealed, like an invincible female **** of war.

"Great Destiny!"

Fate didn't dare to underestimate the enemy, cast a grand destiny technique, turned into a rainbow, and killed the heroic girl.

boom!

The rays of fate collided with each other's spears and burst out of shocking waves.

The heroic girl was successfully blocked.

"The law of the second realm, but the second realm of the rule of kings is not my opponent!"

Destiny shouted and fought back.

He saw that the other party's law had reached the second level, but what he cultivated was the law of destiny, and the other party was just the rule of kingship. He was fearless and could crush the other party.

Uh! Uh!

Destiny's fingers continued to point out, ray of destiny, bombarded towards the other side.

"No one, then two, then three!"

The heroic woman said indifferently, her breath became stronger, three kinds of laws broke out, and they were fully integrated.

"Three kinds of kingly rules, and two of them, have reached the second level. How can such an age be possible?"

There was a shouting true emperor shouting in disbelief.

He has lived a long time, and it is clear how difficult it is to achieve this step.

Chapter 2134: Your talents are not bad

Others are also terrified!

The heroic woman, who looks so young, has realized that three laws of kingship have been merged, and two of them have reached the second level, which is almost frightening.

The heroic female is like a rainbow, wearing iron armor and holding a spear, like a female ***** of war.

She stabbed with a single shot, and the situation changed, and the three laws erupted at the same time. A dreadful spear pierced the destiny.

Destiny's pupils contracted sharply, his eyes were so dignified, he glowed all over, and a long river of destiny appeared. He was placed in a long river of destiny and confronted with a long river of destiny.

However, the huge spear, as if it could pierce the sky, directly pierce the long course of fate, so that the continuous flow of fate will stir up the tremendous waves.

The law of fate, although extremely mysterious and powerful, is unparalleled.

When you do it, it seems that you can say what you want to do, and one word can determine success or failure, life and death, and fate.

However, it is only relative to cultivation that is weak. Once cultivation reaches a certain level, you can break the law of fate with strength.

Before, Lu Ming did so!

And now, the heroic girl, too!

The destiny was turbulent, and finally burst directly. Destiny's body violently shook back, and a mouthful of blood spewed out.

Destiny, defeat!

The scene was silent, and everyone was dumbfounded and difficult to speak.

Is this the celestial arrogance of heaven, a royal body, but it can defeat the destiny of Yuanjie, making people seem to be dreaming.

"What about the Son of God? What about the Son of Destiny? Under the Emperor Wu, it may have an absolute advantage, but after the Emperor Wu, there may be anything. I will also use the rule of kingship to perform the strongest rule in the future and put all the gods up. Sons, step on their feet!"

The heroic woman spoke with a strong confidence in her voice.

She is a king body. Under the Emperor Wu, it is impossible to match the Son of God, but after breaking through the Emperor Wu, she rushed back and realized three kinds of kingly rules, even two of them entered the second realm. , Are not her opponents.

The heroic woman's words shocked my heart and made the eyes of many royal bodies and even young people who practiced the common law brighten up.

Indeed, no matter how backward they are now, they still have a chance. After breaking through the Emperor Wu, they may explode, surpassing the Son of God, heading all the way back to the top.

Some senior figures shook their heads, and it was not easy to do this.

Even after breaking through the Emperor Wu, it is extremely difficult to comprehend the laws of kingship, and it is even more difficult to comprehend the strongest laws.

The heroic girl can achieve this step, which is a rare arrogance in itself.

However, they will naturally not speak up to combat the passion of those young people.

The heroic woman did not speak and returned directly to the chariot.

Destiny's face is ugly!

In the past, he was invincible all the way, sweeping the world, in the younger generation, there is no rival.

But during this time, he suffered a losing streak.

First lost to Lu Ming, Lu Ming has not yet become an emperor.

Now, he lost to a royal body again, so that his self-confidence was greatly hit.

At the same time, the young people in Yuanjie also showed a gloomy appearance.

Tianjiao's arrogance is too strong. On the Yuanjie side, there is no one invincible, and it has been defeated one after another.

"The heavenly arrogances of Heaven Realm should be the strongest group of Heavenly Arrogances. The resources of Heaven Realm are better. They have this cultivation behavior and it is normal!"

"Yes, they must be the strongest group of people in heaven!"

Some young people argued that although they whispered quietly, they were still heard by the people in the heaven.

The gray-robed young man sneered before and said, "Don't comfort yourself. We are in the realm of heaven. We are not the strongest group at all. It can only be regarded as the second-class at most. The strongest group of people is better than I am much stronger!"

what?

This remark made the Tianjiao's Tianjiao stunned, and even many senior figures were somewhat stunned.

These young people in Heaven Realm are not the strongest. In Heaven Realm, there are stronger than them. They can only be regarded as the second grade.

Many Yuanjie Tianjiao have a very ugly face.

Even Destiny, Yuanxin, Virtue, and others all looked ugly and discouraged.

"Our Yuanjie, is that far away from the heaven?"

"I heard that there is only one piece of heaven left in the heavenly realm. Why is it so terrifying? If it was the heyday, how strong should it be?"

Many people talked about it, and it became more and more decadent.

"You don't have to be discouraged!"

At this moment, the armored man stepped out and his voice spread throughout the audience.

Many people looked at him!

"Your talents are actually not bad. The talents of many people are not worse than the top arrogance of heaven. What you lack is resources and discipline!"

"There are endless years in the heavenly realm. Although there is only one heavenly domain left now, that is the largest heavenly domain. The resources, treasures, and various cultivation holy places accumulated since the endless years are unmatched by the Yuanjie, so, They are stronger than you!"

"Also, Heaven Realm is now fighting with aliens. Sometimes, they will also step on the battlefield, fight life and death, and hone from life and death, will be stronger!"

The armored man speaks.

This remark made many Yuanjie's arrogance, eyes bright again, and restored their confidence.

Yes, they are not poor talents, but the resources are not as good as the arrogance of heaven.

Son of God, how can talent be worse.

"So, this time, I will bring a batch of Tianjiao's Tianjiao to Tianjie, and those resources of Tianjie will be completely open to you!"

The armored man again said.

Many people gleamed with glory in their arrogant eyes, revealing ecstasy.

The resources of the Heaven Realm, various holy places for cultivation, are by no means comparable to those of the Yuan Realm. They are so excited that they want to go.

They understand that this is the reward for this ten-place battle, which is really exciting.

Obviously, Tianjie is vigorously cultivating Tianjiao and making this generation of Tianjiao rise rapidly.

"As long as you have the resources of the heaven, you may not be able to compete with them in the future!"

The armored man pointed at the heavenly pride of heaven and cheered everyone up.

"Senior, in fact, Tianjiao, our No. 1 player in Yuanjie, hasn't shot yet. If it is shot, it may not lose!"

There were youths from Yuanjie who spoke before. They had been losing streak in Yuanjie before. Some young people still felt uncomfortable.

"Oh?"

The iron armor, as well as the heavenly arrogance of the heavens, are all surprised.

At the beginning, they thought that the destiny is the first arrogance of Yuanjie. Unexpectedly, it is not. Yuanjie ranks first, and there are others?

"Who is ranked first in Metaverse?"

Iron Man asked.

Many people looked at Lu Ming.

Lu Ming was speechless. Originally, he didn't want to come forward, because the arrogance of the Celestial Realm was too advanced. Even if he shot, he might not be able to win, but now, he has been pushed out.

He could only step forward and clenched his fists to the Iron Man, saying: "Younger Lu Ming, I have seen my senior!"

Chapter 2135: Lu Ming shot

"you..."

The big armored man glanced over Lu Ming, very surprised.

With his cultivation practice, Lu Ming's cultivation practice can be easily penetrated. Lu Ming's cultivation practice is only a quasi-emperor. He did not pay much attention to it before. Unexpectedly, Lu Ming was ranked No. 1 in Yuanjie. One's arrogance.

Is Lu Ming stronger than the son of fate?

Those heavenly arrogance also looked at Lu Ming with surprise.

"It turns out to be you, general, I will meet him later!"

A voice sounded, and a young man in black robe stepped out of the chariot and stepped towards the landing.

This man, in a black robe, with long hair like a waterfall, with a cold and proud face and sharp eyes, was the young man Lu Ming met in that world before. At that time, this man was with the young man with purple hair. It seems to be the brothers.

At that time, Lu Ming also played with this person, but the other party seemed to be in trouble, and later ignored Lu Ming.

He had long wanted to shoot. At this time, he heard that Lu Ming was the first arrogance of Yuanjie, and he immediately couldn't wait to shoot.

"Shoot, let me see, how strong are you!"

The young man in black robe stared at the landing, and the cold and proud color became stronger.

The breath on his body, rising from the sky, is the pinnacle of the two-star virtual emperor.

Buzz! Buzz! ...

Then, behind him, there appeared six dark vortices, constantly turning, this is the reincarnation vortex, to swallow people into the reincarnation.

This person is a son of samsara!

In fact, after the Emperor Wu, there is almost no need to call it the Son of God. Because after the Emperor Wu, some people can acquire the strongest law acquired the day after tomorrow, and the acquired one cannot be called the Son of God.

But it is difficult to distinguish who is congenital and who is acquired. Therefore, after Emperor Wu, this name is rarely used.

However, the law of reincarnation of the black robe youth is extremely oppressive. The six vortices seem to swallow the whole world.

"Remember, the person who defeated you is called Li You!"

The young man in black robe said nothing, and with one hand pressing, the six vortices drove toward the landing sound.

Lu Ming's eyes narrowed slightly!

Li You's combat strength must definitely be above Yuan Xin, even destiny.

The self-cultivation of the peak of the two-star virtual emperor is not weaker than the destiny and the heart of the heart, and the law of reincarnation has broken through to the second realm and is extremely powerful.

Lu Ming didn't keep his hands and directly exploded with all his strength.

All five laws broke out, and the river of five colors surrounded the whole body.

Uh!

Lu Ming rose into the sky and slammed out.

Rumble!

The terrible palm power, bombarded on the six reincarnation vortices, made the recurring vortex tremor, and also caused Li You's body shape to vibrate continuously back.

"The two strongest laws are impossible, how is it possible?"

A shocked voice came from Li Youkou.

His eyes widened, and the staring and screaming were all incredible.

He actually felt the two strongest laws on Lu Ming, which is absolutely incredible.

Not only him, other celestial celestials in the realm, but also staring one by one, stunned staring at the landing, an expression of the first brother who had never seen the world.

"You are surprised this time!"

Some Tianjie's Tianjiao were excited, and when they saw the Tianjie's Tianjiao, they were very happy.

boom!

Even the big armored man couldn't control himself, a terrible breath erupted on his body, his eyes were wide, and he was dumbfounded.

At the same time, between heaven and earth, there was a breath of terror and depression. This breath made people seem to be unable to resist Tianwei, as if they were a ants.

The stronger the cultivation, the deeper the feeling.

Many emperors changed their faces wildly, sweating and sweating. Their gaze looked at the figure that had been sitting on the chariot of the heavenly realm. The breath like heavenly power came from this figure.

This figure has always been shrouded in divine light, unable to see clearly. Before, it has been very calm, without any exception.

At this time, after seeing Lu Ming's two strongest laws erupt, this figure showed fluctuations and leaked a breath.

"Heaven...Emperor!"

Some emperor figures struggled to open their mouths, so that everyone in the scene was shocked.

God!

The figure sitting on the chariot is actually the emperor?

Heavenly Emperor, contains Tianwei!

But as soon as the breath was released, it converged, and the horror pressure disappeared.

"The realm of the quasi-emperor can actually understand the two strongest laws, the three laws of kingship, ha ha ha, I didn't expect that such a person came out of the Yuan Realm, go on, let me teach!"

Li You was not surprised and happy, and the fighting spirit was stronger. He laughed and rushed to the landing.

On the way, his breath became stronger, and another law came out.

Li You controls two kinds of laws, a reincarnation law and a kingly rule.

However, the rule of kingship did not break into the second realm, but the first realm was complete.

However, it also allowed Li You's combat strength to be improved.

"Six reincarnation punches!"

Li You stretched his arms and punched with a punch, the power of the law was driven by the punching force, and he rolled towards the landing.

"Sword of Death!"

Lu Mingshi exhibited one of the strongest kills, the sword of death!

A huge war sword came out and was held in the hand by Lu Ming.

Before, Lu Ming used this trick to cut off the fate of destiny.

Uh!

The sword of death came out violently.

boom!

The earth-shattering roar sounded, and the sword of death collided with the opponent's fist, stirring up endless energy.

The energy is like wild waves, wave after wave, sweeping all directions.

boom!

The two retreated with one blow, each backing 100 meters.

Li You is indeed stronger than Destiny. Before that, Lu Mingneng cut off the fate of Destiny with one sword. Now, he cannot defeat Li You.

"Come again!"

Li Youchang Xiao, slamming towards the landing again, six reincarnation punches, slamming towards the landing.

"Come well!"

Lu Ming Chang Xiao, excited in the eyes of war.

He is really excited!

In Yuanjie, among the younger generation, he is invincible. Once the sword of death comes out, destiny will be defeated.

But now, Li Youneng can fight him, which will allow Lu Ming to constantly improve the sword of death.

The sword of death, Lu Ming was just a start-up, barely able to exert the mystery of the four laws, but the distance is so great that I don't know how far.

Only in the Great War can we constantly improve.

boom! boom! ...

The two rushed together, continually fighting, fighting, and fierce.

"Unexpectedly, there is such a person in Yuanjie!"

The youths in the heavens have a rare dignified complexion.

"Lu Ming is really powerful and can fight against Tianjie Tianjiao!"

The Tianjiao of Yuanjie, with a smile on his face, was finally more relaxed.

Before, the Tianjiao's Tianjiao was completely suppressed by the Tianjie Tianjiao. Although it said that the Tianjie had more resources, the other party was stronger. They were not bad in terms of talent, but they were also unhappy.

Now, someone can finally fight against Tianjie and Tianjiao.

Chapter 2136: First win

The war was very fierce, and in a flash, hundreds of tricks passed.

"Happy, happy!"

Lu Ming has bright eyes. He found that with the war, the power of his death sword became stronger and stronger, and he became more and more proficient in applying the four laws.

"This kid, taking Li You to practice supernatural powers, what a terrible talent!"

The iron-clad man saw Lu Ming's purpose and was shocked.

"Damn!"

Li You shouted in his heart, because he found that the more the battle, the stronger Lu Ming, at first, evenly matched him, but now, he is vaguely suppressed.

He made him furious. He couldn't lose to Tianjiao's Tianjiao. He roared and tried his best to fight Lu Ming.

"Cultivating the hammer of chaos!"

Lu Ming, regardless of Li You's ideas, now he is completely immersed in the practice of supernatural powers.

Suddenly, his offensive changed and the sword of death disappeared. Lu Ming exhibited the hammer of chaos and fought against the opponent.

A huge giant hammer was formed, which was held by Lu Ming in his hand and smashed towards Li right. Every blow was extremely heavy, and it could explode a mountain and penetrate the earth.

The two have fought together again, and have fought hundreds of moves. Lu Ming's hammer of chaos has become stronger and stronger.

boom! boom! ...

Lu Ming's Hammer of Chaos and Sword of Death sometimes hone his magical skills, and Li You was uncomfortable, and he had fallen completely out of the wind.

Lu Ming is getting stronger and stronger!

He roared, he didn't want to be the first person to be defeated by Yuanjie Tianjiao. He wanted to defeat defeat, but everything was in vain, not at all.

bump!

In the end, he was hit by Lu Ming's hammer of chaos, and even the six reincarnation vortexes exploded, his body receding, and blood spewed out.

His face was pale and ugly.

He was actually defeated and lost to a person of Yuanjie.

"it is good!"

Many young people from Yuanjie cheered and were very happy.

Yuanjie finally won a game, but the loss was not so miserable.

Lu Xiangxiang, Ouyang Mo left them, and jumped with joy.

"Do you want to fight again?"

Lu Ming forced Li You.

"Fight again!"

Li You yelled, not willing to admit defeat.

"Brother, stop it!"

At this moment, a voice sounded, and then a figure stepped out, it was the purple-haired young man.

For Zifa Youth, Li You seemed very obedient and stopped.

"Brother, you are not his opponent. If you continue to fight, you will also lose. There is no need to let me come!"

Purple hair young smile.

"Brother, are you going to shoot?"

Li You was shocked.

"I can suppress cultivation and fight against him!"

Zifa Youth Road.

"Why don't you take action, how about this battle?"

Another voice sounded, but it was the gray robe youth who defeated Yuan Xin before. At this moment he stepped out.

Zifa Youth pondered for a while and said, "You can do it too!"

"Lu Ming, come on, let me see your strength!"

The gray robe youth spoke, and in his hand, a great monastery was formed.

boom!

Lu Ming was too lazy to talk nonsense with the other party, and shot directly. The huge hammer of chaos smashed towards the other party.

The gray-robed youth dare to take action, definitely stronger than Li You, Lu Ming did not keep his hand and went all out.

The gray-robed youth waved his hand, and Hongmeng Dading spun, suppressing toward Ming Ming.

Two laws!

The gray robe youth also controls two kinds of rules, one of the strongest rules and one kind of kingly rule, but like Li You, the rule of kingly rule has not entered the second realm.

But his rule of great monarchy is obviously deeper.

boom!

Chaos Hammer and Hongmeng Ding collided together, and Lu Ming felt that a force of terror came along the Chaos Hammer, and Lu Ming shook his body and took a few steps back.

However, Hongmeng Dading was also sent out by Zhen Fei, and was taken into the hands by the gray-robed youth.

"Stronger than Li You!"

Lu Ming's eyes narrowed, and the opponent's rule of law was obviously deeper and more powerful.

But Lu Ming was fearless, only excited.

Another one honed him.

Lu Ming stepped on the void and killed the gray-robed youth again.

boom! boom!

For more than ten consecutive moves, Lu Ming was slightly disadvantaged, but he was not defeated. He became stronger and stronger, and he learned the magical skills in the war.

"If you want to use me as a whetstone, it's impossible, but I didn't say that I want to suppress Xiuwei to fight you!"

The gray robe youth spoke coldly, and at the next moment, an amazing breath broke out on him, which was a lot stronger than before.

Samsung Emperor!

This is the true practice of the gray robe youth, and has reached the Samsung Emperor, and is the peak of the Samsung Emperor. It is only one step away, and he will step into the Four Star Emperor.

Xiuwei broke out in an all-round way, and the youth of the gray robe surged.

"Defeat me!"

The gray-robed youth waved his hand, and Hongmeng Dading slammed into the landing again, with a powerful increase than before.

Hongmeng Dading suppressed a void, as big as a mountain.

Lu Ming retreated at a rapid speed, but Hongmeng Ding, followed up at a rapid speed, and the speed was amazing.

boom!

Lu Ming blasted up with the hammer of chaos, the sky was a huge earthquake, and Lu Ming's body was also violently shaken, and was blasted out for thousands of kilometers.

His arm shook slightly, the tiger's mouth was cracked, and blood oozed out.

In the Emperor Wu Realm, each level of the realm differs greatly.

The Samsung Emperor is much stronger than the Two-Star Emperor.

If it is an ordinary Samsung Emperor, Lu Ming can directly kill, but the gray-robed young man is a genius among geniuses, and he can kill the enemy by the leap, and even more than one level, Lu Ming is not at all.

Buzz!

Hongmeng Ding vibrated once again and came to suppress the landing, Lu Ming was struck again, his blood boiled, and the corner of his mouth overflowed with blood.

"You can only use the third bloodline!"

Lu Ming's eyes narrowed, his thoughts moved, and the energy of the third bloodline poured into Lu Ming's body from afar, leaving Lu Ming's body covered with a layer of blood.

Lu Ming's breath skyrocketed, killing endless thoughts.

Boom!

Lu Ming held the hammer of chaos, a hammer, and flew the Hongmeng tripod out.

Hiss...

At the scene, there was a cold breath.

Countless people were dumbfounded at Landing Ming.

Lu Ming actually has extra strength. He hasn't used all his strength before. How is this possible?

They were shocked.

"how come?"

Destiny and Yuanxin were also shocked.

Before Lu Ming used his full strength, he defeated them and caused them great blows.

"It's this secret technique!"

The stellar river's face was extremely ugly.

In the lotus world, Lu Ming defeated him with this secret technique.

Some masters such as Hengjia and Hejia are even more horrified.

Lu Ming this is too scary.

Some of the heavenly arrogances are very dignified.

"kill!"

The gray robe youth stepped on the Hongmeng Ding and slammed towards the landing. Lu Ming greeted him and fought against the gray robe youth.

Borrowing the power of the third bloodline, Lu Ming's combat power increased greatly, and he continued to play against the gray robe youth, and he also had a slight upper hand.

"Okay, stop here!"

At this moment, a clear voice sounded.

Chapter 2137: God body or waste body

A voice sounded, the voice was clear, but it contained supreme majesty.

Hearing this voice, the gray-robed young man's complexion changed, and his figure quickly receded.

Lu Ming also stopped and did not continue to work. The power of the third bloodline was collected by him, and the blood light on Lu Ming's body disappeared.

Everyone's eyes turned to the figure sitting on the chariot, shrouded by the divine light. It was him who spoke just now.

At this moment, this figure stood up, stepped out, and left the chariot, the divine light on him also converged, revealing the true look.

This is a middle-aged man, looks forty years old, a long gown, quite elegant.

But the great emperors in Yuanjie quickly saluted and bowed: "See Lord Tiandi!"

Sure enough, it is the emperor!

Everyone was trembling in the heart, and then followed the salute, the sound resounded through the sky.

Ok!

Ruya nodded her head in middle age, her eyes swept over Lu Ming, and then swept through the destiny, Yuan Xin and others, saying: "Yuan Jie has also reached the golden age, and the sky is gathering, very good!"

"The talents of many of you are very good. If you enter the realm of heaven and get the training of the realm of heaven, you will be able to rise quickly. This seat decides that this time, the top 320 of the meta realm can enter the realm with this seat. Cultivation, those cultivation holy places, will open the door for you, and at the same time, there will also be Heavenly Emperor characters, pointing you!"

Elegant and middle-aged.

"What? You can go to the top 320!"

"And the Emperor Tian personally gave instructions!"

Many people's eyes are fiery.

Especially those arrogance in the first three hundred and twenty, one by one ecstasy, excited.

This is equivalent to saying that all 320 people who passed the screening can go.

Many of them did not reach 320, their faces were ugly, and they could not help but sigh.

The resources of the Heaven Realm are already much stronger than the Yuan Realm, and there are also instructions from the Heaven Emperor, which is very exciting.

"Of course, entering the heavens will also allow you to enter the battlefield properly, and fight with aliens, there will also be some dangers. If you are not willing to go, this seat will not be forced, and those who are not willing to go, now propose it!"

Elegant and middle-aged.

No one stood up.

Who would miss this rare opportunity?

Moreover, if you want to rise, you have to rise from fighting. These days, who is afraid of fighting.

How can one set foot on the peak without experiencing hardship.

No one wants to quit.

"well!"

Ruya nodded in middle age and finally looked at Lu Ming. His eyes flashed with surprise, half-sounding, and said: "The other 320 people can go, but you alone can't go!"

what?

This remark made everyone stunned.

Heaven Emperor, said Lu Ming can't go?

How is this going?

Lu Ming's strength is obvious to all, and he has unparalleled combat power. He has already mastered five laws, two strongest laws, and three kingly laws. The combat power is to scare the dead.

But now, the emperor actually said that Lu Ming could not go?

Is there another arrangement?

Many people dreamed up, and even Lu Ming was stunned.

"Master Tiandi, why can't I go?"

Lu Ming was a little reluctant. If he could go to those celestial realms in Heaven Realm and even get the instructions of the Heavenly Emperor, his cultivation behavior would surely advance by leaps and bounds.

Now that the world is invaded by aliens, no one knows when a war will break out. He must improve his strength as soon as possible.

"Your physique, under the Emperor Wu, can be said to be a peerless **** body, unparalleled!"

The Emperor looked at Lu Ming and said slowly.

Many people were shocked, even Heavenly Emperor used Lu Pei to describe Lu Ming.

and many more!

Someone noticed that what Emperor Tian said was under Emperor Wu.

Sure enough, Heavenly Emperor went on to say: "At the same time, your physique is also a peerless body!"

what?

Countless people are shocked!

Before, Emperor Tian also said that Lu Ming's physique is a peerless **** body. Why now, also said that Lu Ming is a peerless waste body?

Everyone is confused, so I don't know why.

"Hey!"

Heaven Emperor sighed, it seemed very pity, said: "Since ancient times, everyone who has practiced the system of laws knows that under Emperor Wu, at most one kind of law can be understood, and it is impossible to control two laws!"

Many people moved their hearts, and Lu Ming took control of a variety of laws. They knew that most of the emperor had to tell a big secret.

Emperor Tian then opened his mouth and said, "However, the endless days of the heavenly realm have passed. At the end of the Taikoo period, the rule system has risen. Now, the endless years have passed!"

"In such a long time, I don't know how many arrogances have appeared, and many arrogances are amazing!"

"And in the long past, some people broke the rules. Under Emperor Wu, some people controlled a variety of laws. Even some people controlled more laws than you, but no one controlled the two strongest laws at the same time! "

"Those people, under the Emperor Wu, are amazing, powerful, and rare in the world. Not to mention the same level, it is also easy to kill the Emperor Xu, but these people can never break through the Emperor Wu. !"

Heavenly Emperor explained it in detail.

Everyone was shocked and their hearts were ups and downs, making it difficult to calm down.

It turned out that in the ancient days of heaven, such a figure appeared against the sky. Under the Emperor Wu, he controlled a variety of laws, and he was unparalleled in combat power.

But the most explosive thing is that these people can't break through the emperor's realm.

Lu Ming himself was shocked and dumbfounded.

He, can't break through Emperor Wu?

impossible!

Lu Ming's eyes were red and difficult to accept.

At the same time, he thought that in that world, he had tried to break through Emperor Wu, but he could not succeed, and even tore apart the Sacred Heart and the body.

"As everyone knows, to break through the Emperor Wu, we must evolve the law in the Sacred Heart into the heart of the world, and then use the heart of the world to make the Sacred Heart evolve into the small world!"

"However, it is difficult to balance a variety of laws. It can be said that it cannot be balanced at all, and it cannot evolve the heart of the world. Once a forcible breakthrough, the terrible power of the law will tear the sacred heart and people!"

"Historically, a genius like you, in the end, has embarked on a two-day road, one is to force a breakthrough, and then torn by the power of the law and die!"

"Another kind is to stay in the realm of the quasi-empire forever, and Shou Yuan is exhausted, and he is depressed!"

Rumble!

Heavenly Emperor's words, like thunder, exploded in Lu Ming's mind.

Because what Heavenly Emperor said, it was so similar to what he faced.

Do not! impossible!

Lu Ming's face was dull and his eyes were blood red, making it difficult to accept this fact.

Can't break through the Emperor Wu, what is the significance of cultivation?

"Impossible, my master will definitely break through Emperor Wu, my master is unparalleled!"

Lu Xiangxiang shouted, her small face was pale and unacceptable.

"Will not!"

Ouyang Moli, Qiuyue, Huangling, Longchen and others all shook their heads, and they were hard to believe.

The scene was full of uproar and noise.

There is such a thing, it is really a twelve earthquake.

Chapter 2138: God helps

Lu Ming, in this ten-place battle, rises against the sky, wins the championship of the ten-place battle, represses all Tianjiao, and stands at the peak.

There is no doubt that Lu Ming is the most dazzling in this ten-place battle.

It has defeated Yuanxin, Destiny, and even Tianjiao's Tianjiao, which is destined to be recorded in history.

Before, everyone believed that Lu Ming had a promising future, and his future achievements were unimaginable and would become the pinnacle of power.

Some powerful forces have even planned to make friends with Lu Ming and have a good relationship with Lu Ming first.

But now, Emperor Tian said that Lu Ming could not break through Emperor Wu and would be trapped in the quasi-Emperor Realm for life.

Heaven Emperor spoke, no one would question.

It can be said that Lu Ming's results are already doomed.

"Unfortunately, a rare arrogance in the world, what a pity!"

Some powerful people sighed that they had planned to make Lu Ming and have a good relationship with Lu Ming, but now they have dismissed this idea.

If you can't break through the Emperor Wu, then no matter how strong you are, you won't be regarded by these great forces.

Under Emperor Wu, even if he is stronger, where can he be?

Just send a true emperor and you will be crushed.

"Hahaha, God has eyes, God has eyes!"

The Heng family, He family, Daluo Tianzong, and the Jinwu family of the ancient moon holy land, Wanjia, Sirius tower and other forces, laughed wildly in their hearts.

They are so excited, they are so happy to fall from the sky.

Before, Lu Mingzhan showed the strength that made them frightened and frightened.

Fear of Lu Ming's rise, find them to settle accounts.

But now, Lu Ming can't break Emperor Wu, and will be trapped in the quasi-Emperor Realm for a lifetime. For them, there is no threat at all.

No matter how strong a prospective emperor can be, what storms can come up?

"Peerless body, hehe!"

Emperor He Jia sneered. He was controlled by Lu Ming and the emperor's flesh was flattened, and he always held grudges.

For those who have hatred against Lu Ming, there is no better news than this.

But the people who made good friends with Lu Ming were difficult to calm down and sighed one by one.

"God is unfair!"

An old man in Phoenix Palace sighed.

Such a arrogance, the unprecedented arrogance of Yuanjie in ancient times, but it is difficult to break through Emperor Wu, it is really disappointing.

Emperor Wuxiang, Kongbo is also incredible.

"Emperor Heaven Emperor, is there no one in history who broke this shackle and stepped into Emperor Wu Realm?"

Uncle asked.

"No, never. Those who want to break through are all dead. Others have been trapped in the quasi-imperial forever!"

Heavenly Emperor shook his head, he was also a pity.

Kong Bo's body trembled, as if instantly old for many years.

"Hahaha, okay, okay, just a waste, and finally no need to worry about it!"

"A waste, I will also treat him as a peerless genius!"

Among the Hengjia, Hejia, Jinwu and other forces, many people laughed, their faces covered with smiles.

Of course, they dare not say it, they just think about it in their hearts.

"Waste, huh, now it's just better. It won't take long for me to overtake him!"

Yuan Xin, the son of Chaos, also sneered.

At this moment, he was full of confidence again.

Lu Ming, unable to break through Emperor Wu, is no longer qualified to be his opponent.

"I still want to defeat you personally in the future, hehe, I actually lost to a waste!"

Destiny sneered and shook his head slightly.

"Unfortunately, it was a good opponent!"

In the heavenly arrogance, the purple-haired young man sighed.

"No, my Master will definitely break through!"

"I don't believe that Lu Ming will break the shackles!"

Lu Xiangxiang and others are still hard to believe.

"No, I will break through, I will set foot on Emperor Wu, and no one can stop me!"

Lu Ming's eyes were blood red, his hands clenched, and a firm voice filled his mouth.

"It's ridiculous, Heavenly Emperor said it, he didn't believe it, he was delusional!"

Wanjia, a middle-aged man, couldn't help laughing at the sound, and suddenly attracted an angry look, he suddenly shut up.

"Do you want to force a breakthrough?"

The Emperor looked at Lu Ming.

"Yes, I firmly believe that I will be able to break the shackles, the road, it is the people who came out, the ancients did not do it, I may not be able to do it!"

Lu Ming's eyes were very firm.

Since ancient times, hasn't nobody controlled the two strongest laws at the same time, and in him, hasn't it been realized?

"Forcibly breaking through Emperor Wu, there is a risk of falling. Are you ready?"

Heavenly Emperor spoke, and a glimmer of appreciation flashed in his eyes.

In his heart, it is a pity that Lu Ming's talent, Lu Ming's willpower, and Lu Ming's firm martial heart all let him appreciate. If Lu Ming is not a waste body, I am afraid that the future is unbelievable. impossible.

"I will succeed!" Lu Ming looked firm.

"Okay, in this case, I will give you ten days to prepare. After ten days, this seat will help you to help you break the Emperor Wu!"

Heavenly Emperor's voice spreads everywhere.

what? Emperor Tian had to personally help Lu Ming to break through Emperor Wu, which was definitely a great opportunity.

"hateful!"

The Heng family, the He family, the Jinwu family of the ancient moon holy land, the Wan family and other forces were shocked, and they were extremely unwilling and envious.

Heavenly Emperor actually wanted to help.

Originally, they heard that Lu Ming could not break through Emperor Wu, one by one ecstatic, now I am really afraid that Lu Ming will break through with the help of Heaven Emperor.

They prayed secretly one by one, Lu Ming would not succeed.

Lu Xiangxiang and they are ecstatic.

"Thank you for your help!"

Lu Ming solemnly saluted the Emperor of Heaven and expressed gratitude.

He is sincere, he really did not expect that Heavenly Emperor will help.

"Thank you for your help!"

Uncle Kong, Emperor Wuxiang also bowed to salute.

"Thank you for your help!"

Then, Lu Xiangxiang, Ouyang Moli, Qiuyue, Huangling and others all saluted forward.

"Thank you for your help!"

Afterwards, many people in the Yuanshan Land also bowed down and thanked the Emperor.

There are other forces such as the holy emperor of the ancient saints.

They all knew that at the time the land of the alien race wrecked Yuanshan, Lu Ming fought to death and several emperors shot to seal the void passage that the aliens came to. They also thanked Lu Ming.

"Thank you for your help!"

In the end, the ancient emperors in the land of all demons, even the land of destiny, and some strong men in other regions, thanked the emperor.

Most people are not so narrow-minded and have no hatred for Lu Ming.

Lu Ming's talent is too high, if it is silent, it is a pity.

They all have a heart for talent, so they thank the emperor.

"No need to be polite, this seat also has a heart of talent, and it will not watch the peerless arrogance and silence. For these ten days, this seat will be in a big battle at this moment to help Lu Ming break through, but..."

With that, Emperor Tian's gaze looked at Lu Ming and said, "Lu Ming, this seat first shows that the probability of success is not high. Also, if there is no success, you can't go to heaven, and now you are fighting with aliens, every trace of resources, They are all precious. If you can't become an emperor, the many powerful people in the heavens will not waste resources on you. Do you understand?"

Chapter 2139: Cut off

Emperor Tian said very straightforwardly and directly.

The invasion of aliens, the realm of the world is fighting, the cultivation of the peerless arrogance, the growth of the peerless arrogance, will become the mainstay of the pillars of the heavenly realm, is of great significance.

Therefore, every trace of resources is precious and should be used on the blade.

If Lu Ming could not break through Emperor Wu, then Lu Ming lost the value of training.

A prospective emperor, even if he is strong, has no effect at all in the war with aliens. The strong people in the heavens will not waste resources on a 'waste'.

Therefore, if Lu Ming cannot become an emperor, he can only stay in Yuan Realm, and cannot go to Heaven Realm!

"Younger people understand!"

Lu Ming nodded.

"Okay, get ready, adjust your status to the top!"

Heavenly Emperor said.

Lu Ming nodded, came to the side, sat cross-legged, closed his eyes to refresh himself.

He wants to adjust his own state and his own spirit to the peak.

Emperor Tian, began to form the formation on the top of Destiny Mountain, and the top of Destiny Mountain is full of radiance and brilliance.

Everyone is waiting here, and even more people have become.

Lu Ming can be said to be an unprecedented arrogance in the ancient land and earth. Everyone wanted to see if Lu Ming could become an emperor.

The time flickered and ten days arrived!

On this day, Lu Ming opened his eyes, stepped out, and stepped into the top of Destiny Mountain.

"Lu Ming, let's get started!"

Heaven Emperor spoke. During this time, everyone already knew that this Heavenly Emperor, named Kong Yin, was called Kong Yin Heavenly Emperor!

Lu Ming nodded and sat cross-legged at the top of Destiny Mountain.

"Must be successful!"

Lu Xiangxiang, Ouyang Moli and others were very nervous and clenched their fists.

People from the Hengjia, Hejia, Jinwu Clan, Wanjia, Sirius Tower and other forces are also very nervous, but their minds are opposite, they are hoping that Lu Ming will not succeed.

boom!

There was a strong breath in Lu Ming's body, and he was about to start rushing through.

The scene was silent and there was no sound at all.

Heaven Emperor sat in town, even those forces that had hatred against Lu Ming, such as Mujia, were eager to land and die, but they did not dare to move at all, disturbing Lu Ming's breakthrough.

Otherwise, the emperor was angered, and the emperor was angry, and the entire Mujia family would be buried.

The Heng family, He family and other forces are even more afraid to move.

At this time, Lu Ming began to manipulate the five laws to evolve the heart of the world in the Sacred Heart.

However, at this moment, the five laws broke out, it is difficult to coexist, impact each other, a terrible tearing force burst out.

Lu Ming's body thundered, and a spit of blood spewed out.

Same as last time, it is difficult to succeed.

"Lu Ming, the mind is united and evolves with all my strength. I will protect your body and the Sacred Heart!"

Kong Yin Heavenly Emperor spoke, he reached out and pressed, the whole mountain of Destiny, the Xianguang all the way, one line of divine light appeared, enveloped Lu Ming's whole body, and then penetrated into the flesh, covering the Sacred Heart.

This is to protect Lu Ming's flesh and sacred heart with the power of a large array.

"evolution!"

Lu Ming snarled, instead of caring about the flesh and the Sacred Heart, he controlled the five laws with all his strength, and evolved the heart of the world in the Sacred Heart.

However, the five laws are too many to achieve balance. The forces are impacting each other, stirring each other, and the power of terror is impacting outwards.

Lu Ming's sacred heart and flesh shook violently and were bombarded by destructive forces.

If it were not for the Emperor Kong Yin to protect his Sacred Heart and flesh, Lu Ming would be hit hard, and even the Sacred Heart burst and the flesh was torn.

"I must succeed!"

Lu Ming shouted, regardless of whether or not, go all out.

boom! boom! ...

In Lu Ming's body, there were bursts of roar, like a strong man, fighting in Lu Ming's body.

His body burst forth with light, like a sieve, astonishing.

Boom!

Then, Lu Ming coughed up blood, and his face was pale.

It can be seen that cracks began to appear on his body.

"not good!"

Emperor Kong Yin's face changed.

Even with his help, Lu Ming was still hurt.

This is not because his strength is not enough, but when Lu Ming breaks through, the law is agitated and bursts directly from Lu Ming's body. Finally, it may attract the power of Heaven and let Lu Ming go to self-destruction.

"Master!"

"Lu Ming!"

At this moment, Lu Xiangxiang, Qiuyue, and Huang Ling were all nervous.

"breakthrough!"

Lu Ming shouted and continued to break through.

He must break through, and his path of martial arts cannot be cut off.

Click!

Boom!

Lu Ming's sacred heart even cracked, and Lu Ming's body had more cracks, and blood oozed continuously, as if at any time, it would be torn apart.

"Lu Ming, stop, you can't continue, otherwise, you will die!"

Emperor Kong Yin shouted.

"breakthrough!"

Lu Ming Changxiao, his eyes, very persistent, he will continue to break through.

Many people moved, and many people sighed, they can understand Lu Ming's mood.

As a peerless arrogance, how sad is it if you can only be trapped in the prospective emperor for a lifetime, and you cannot break through?

Empathy, many people will break through at all costs.

puff! puff!

Lu Ming's body had more cracks, and many cracks directly ejected blood.

"Master!"

Lu Xiangxiang whispered in tears.

"Master!"

Qiuyue, too, feels like a knife.

All the people who made good friends with Lu Ming showed their unbearable looks.

The Jinwu family, Wanjia and other forces are ecstatic, yelling at Lu Ming not to succeed.

puff!

At this moment, Lu Ming's eyebrows were split with a crack, as if the entire head was to be split.

This is extremely dangerous, if one fails, the body will burst and the soul will be scattered.

"Stop!"

Emperor Kong Yin shouted, with one hand pressing, a powerful and terrifying force poured into Lu Ming's body to control Lu Ming.

He understood that if he didn't intervene, Lu Ming had only one dead path.

Heavenly Emperor intervened, Lu Ming had difficulty controlling the law, the law dissipated, he vomited blood and his face was pale.

"Failed!"

Lu Ming sighed.

Failed again!

And still with the help of Kong Yin Tiandi, but still failed, no breakthrough success.

Could it be that he is truly a dead body and difficult to become an emperor?

He was extremely unwilling. He walked all the way, experienced countless risks, experienced countless storms, broke all the way, and today, he is at the peak of the younger generation in Yuan Realm.

In the end, it was blocked by the emperor realm, and it was difficult to break through!

If he cannot become an emperor, everything will be empty. If there is a war in the future, he will be powerless to protect his loved ones.

"Do not!"

In Lu Ming's heart, there was a voice shouting, he was not reconciled, he would not give up, he would definitely break the shackles, and create miracles.

"Lu Ming, heal first!"

Emperor Kong Yin opened his mouth and a warm energy poured into Lu Ming's body.

With this stream of energy, his injury was getting better quickly.

Lu Ming packed his mood, operated the exercises, manipulated this energy, and repaired his wounds.

Chapter 2140: respectively

Lu Ming continuously refines that energy, so that the energy flows through the body and penetrates into the Sacred Heart. The cracks on the Sacred Heart are disappearing, and finally completely restored.

His body was fully recovered, and his injuries were healed.

Lu Ming understood that thanks to the help of Heavenly Emperor, that energy contained endless vitality, so he could heal so quickly.

Otherwise, his sacred heart has cracks and his injuries are extremely serious. It will take a long time for him to repair slowly.

"Thank you for your help!"

Lu Ming got up and solemnly thanked Kong Yintian.

Heaven Emperor Realm, who is such a character, can help him break through his cultivation, no matter whether he succeeds or not, Lu Ming is very grateful.

"Hey, pity!"

Emperor Kong Yin sighed, but unfortunately Lu Ming was such a character, but he could not become an emperor.

"Lu Ming, in the future, don't force a breakthrough, this time I can save you, next time, nobody can save you, just do it for yourself!"

Emperor Kong Yin spoke, then turned and walked back to sit back on the chariot.

"Master, Xiangxiang believes that you will definitely be able to make breakthroughs and create miracles in the future!"

Lu Xiangxiang walked over and looked at Landing with tears.

"I also believe in Master!" Ouyang Moli also came over.

"Master!"

Qiuyue also came over, but did not know how to speak.

Then, Huang Ling, Long Chen, Luo Tianyi, Luo Xiang and others also came over.

Looking at these disciples and friends, Lu Ming felt warm in his heart and smiled: "Relax, I won't take risks easily!"

At this time, Hengjia, Hejia, etc. had a hatred against Lu Ming, but they were ecstatic, laughing heartily and breathing out.

"Muyang, actually beheaded by a waste body, hum, this hatred, my Mujia family will definitely report!"

Master Mujia sneered in his heart, his eyes flashed with a killer.

"Okay, it's not too early. Let's go to the Heaven Realm with this seat!"

At this time, the voice of Emperor Kong Yintian came out.

Uh! Uh! ...

Immediately, the figures flickered, and the young Tianjiao flew forward and came to the front of the chariot.

"No, Xiangxiang does not go to heaven, Xiangxiang will stay to accompany Master!"

Lu Xiangxiang shook his head.

"Master, I won't go either!"

Qiuyue also spoke.

"Bubble doesn't go, you have to accompany Brother Lu Ming!"

Bubbles hung around Lu Ming's neck, dangling.

Before, Emperor Kong Yin had said that if Lu Ming could not become an emperor, he could not go to heaven.

A person destined not to become an emperor, Heaven Realm will not waste resources on him.

"If you say anything stupid, go to Heaven Realm to practice. In Heaven Realm, you can make faster progress!"

Lu Ming smiled and looked at Qiuyue and others.

If Tianjie wants to cultivate this group of young Tianjiao, it will definitely come up with a lot of resources, and there will be instructions from Heavenly Emperor. The speed of progress will definitely be very fast.

If you stay in Yuanjie and explore on your own, you don't know how much slower you are to practice.

The alien invasion, I don't know when there will be a war, only to go to heaven to practice, is the right way, Lu Ming will not let them stay.

"Do not!"

"No!"

Qiuyue, Bubble, Lu Xiangxiang and others shook their heads one after another.

At this time, Emperor Kong Yin's eyes looked at the bubble and said, "Little fellow, you are a spirit rat of time and space, and stay in Yuanjie to explore alone, only to bury your talents, let me go to heaven, there will be A dedicated Emperor will direct you!"

Emperor Kong Yin, attaches great importance to bubbles!

The top ten war beasts are not the same as the small ones. Each one is unparalleled in talent. If it is fully grown, it is a pinnacle.

Each of the top ten war beasts in ancient times is a terrifying existence, with unparalleled fighting power and supernatural power.

"Don't go!"

The bubble head shakes like a rattle.

Many people's envious eyes are red. In such a good condition, the bubble doesn't go away, it's almost annoying.

"Go all, go to heaven to practice together!"

At this time, Lu Ming's face fell, his eyes sharp, glance at the bubbles, Lu Xiangxiang and others, said: "I have not abandoned it, why do you need to accompany me, rest assured that I will become the emperor in the future, then go to heaven to find you!"

"Master..."

Lu Xiangxiang whispered.

"go!"

Lu Ming opened his mouth and became serious.

"Yes!"

Finally, Lu Xiangxiang, Ouyang Moli and others nodded.

Bubble also grudgingly reluctantly, a look of reluctance, and then lying on the shoulder of Lu Xiangxiang weakly, came to the chariot.

"Lu Ming, take care!"

Huang Ling, Huang Li and others also came to the chariot.

"Lu Ming, if you come back to God's Shortage, see Nian Lin, help me pass a sentence, and wait for me to be successful, I will definitely find him!"

Long Chen said to Lu Ming.

He also wanted to stay, return to the scarcity, and reunite with Xie Nianlin.

But he understands that the war will not be far away, and if there is no cultivation, even if it is temporarily together, nothing will be guaranteed in the future.

He is going to heaven to practice, this opportunity should not be missed.

"Don't worry, I will return to Shenhuang shortly, and I will communicate for you, take care!"

Lu Ming patted Long Chen on the shoulder and smiled.

Everyone greeted Lu Ming one by one.

Only Qiuyue has not moved.

"Qiuyue, go!"

Lu Ming looked at Qiuyue.

"No, I won't go, I will stay with the young master!"

Qiuyue shook her head before Lu Ming said, "Qiuyue said, "Even if Master catches me, I won't go. I will stay with him, and I will go back to God Continent and meet my wife!"

Qiuyue looked firm, watching Landing Ming persistently.

"Ok!"

Finally, Lu Ming sighed and let Qiuyue stay.

"Lu Ming, you have to take care, I'm going to heaven too!"

At this time, a figure came to Lu Ming, but it was the emperor without phase.

"President..."

Lu Ming is puzzled. Is the Emperor Wuxiang going to the realm of war?

"Huantian and Tianhuo entered the heavens, and their lives are unknown, I am not at ease!"

The Emperor Wuxiang explained this, and Lu Ming understood that the Emperor Wuxiang was looking for Emperor Huntian and Emperor Tianhuo.

"President, take care!"

Lu Ming clenched his fists.

"Haha, Lu Ming, I hope to see you next time, you have become an emperor!"

Without a smile, then step away.

"Lu Ming, I hope you can become an emperor. I will challenge you when the two decades come. If you don't become an emperor, everything will be meaningless!"

Finally, Deathblade came to Lu Ming, left a word, and turned away.

"go!"

Emperor Kong Yin opened his mouth, nine real dragons roared, and Long Yin shook the sky.

Rumble!

Jiulong pulled the cart, toward the depths of the sky, the huge door rushed into the gate and disappeared.

The other Tianjiao of Yuanjie entered the gate one after another and disappeared.

Yuan Xin glanced at Lu Ming indifferently before entering the gate, and then turned away.

Among the crowd, Lu Ming also saw the figure of Luo Cangqiong. He was also one of 320 people, and also gave Lu Ming a cold look.

"Lu Ming, I hope you can live, next time I see you, I will definitely cut you!"

Luo Cangqiong sneered and turned to step into the door.

"Master, take care..."

"Lu Ming, take care..."

At the gate, the voices of Lu Xiangxiang, Bubble, Huang Ling and others were heard.

The voice came, and the person was gone.

Deep in the sky, there was a ray of light, and then the door disappeared.
