

D Emperor 2141

Chapter 2141: The road is unabated, the sixth law

In the depths of the sky, the gate disappeared, and there were more than three hundred celestial angels, all of which entered the heavens, between heaven and earth, and restored calm.

Many people looked at Lu Ming again.

Many people sighed, and many sneered, and some even showed their killing opportunities.

"Lu Ming, to kill my Mujia family Muyang, you must pay your life!"

A strong man of the Mu Family first made trouble, strode out, and filled with murderous opportunities, forcing to land.

This is an emperor with a goatee and a fierce glare in his eyes.

Muyang, the peerless capital, could also go to the heavenly realm to get a chance, and even hit the realm of the heavenly emperor in the future.

If you become the Emperor of Heaven, you will be able to lead the Mu Family to the supreme glory, and have high hopes by the Mu Family.

But now, they are dead and killed by Lu Ming, they will not let Lu Ming pass.

"What do you want to do?"

Uncle Kong stepped out in one step and came to Lu Ming, a strong breath burst out, blocking the front of Emperor Mujia.

"On your own, I want to stop my Mu Family!"

Another sneer came out, and a figure appeared on the side of Kong Bo. The steam engine filled the air and enveloped Kong Bo. It was another great emperor.

The Mu Family is a very powerful force in the Land of Divine Destiny, and there are more than one Emperor.

On the other side, several people from the Holy Emperor wanted to help each other, but they were blocked by the Hengjia Emperor, Hejia Emperor, and Tianluo Emperor.

"Today, Lu Ming must die!"

The Emperor of the Mu Family with a goatee was cold, and slowly moved toward the empty man.

There was a cold light in Lu Ming's eyes.

He has the body of Heavenly Emperor.

"Maku, you have passed!"

At this time, a white-haired old man came step by step, and the terrible breath bloomed, causing the two Mujia emperors to change their faces wildly.

This is a powerful overlord in the City of Destiny, whose cultivation is unfathomable.

"The Ten Battles, just ended, you want to fight the champion of the Ten Battles in the City of Destiny, are you looking for death?"

In addition, some people opened their eyes and stared at the two Mujia emperors with bad eyesight from another overlord power in the City of Destiny.

Then, many powerful emperors stared at the two Mujia emperors with bad eyes.

Although Lu Ming can't become an emperor, after all, he is the champion of the ten-place battle. His tough character makes people admire. At this moment, will the Mu Family move Lu Ming?

The two emperors of the Mu Family gritted their teeth and finally retreated.

"You take them both, and leave the City of Destiny!"

The white-haired old man gave a voice to Kong Bo.

Kong Bo nodded and said to Lu Ming: "Lord Lord, let's go!"

Then, with a wave of his hand, a force led to landing Ming and Qiuyue, directly shattering the void and disappearing.

After a while, they appeared on top of a mountain.

"Here, it is far from the land of God's life, you first enter my small world, I will take you back to the land of Yuanshan!"

Kongbodao.

"Uncle Kong, I don't want to go back for the time being, I want to go around!"

Lu Ming suddenly spoke.

"Turn around?"

Uncle Kong froze for a moment, then his eyes showed a complex color.

He understands Lu Ming's mood and is difficult to become an emperor. For anyone, it is a great blow, not to mention Lu Ming's arrogance.

Lu Ming needs time to calm down and adjust himself.

"The Lord of the Palace, this is the place of destiny, I'm afraid the Mu Family will be against you!" Kong Bo was worried.

"Uncle Kong is assured that I will not walk in my true identity. I will hide my identity with Divine Breath. The land of Divine Destiny is so large that the people of the Mu Family cannot find me!"

Lu Ming said.

"I will also follow the young master!"

Qiuyue Road, she also practiced Divine Breath.

Finally, Kong Bo nodded and let Lu Ming go around.

"Well, I'm in the Dayandan Hall, waiting for you!"

Kong Bo nodded, then tore through the space.

After Kongbo left, Lu Ming and Qiuyue both performed the breathing technique and changed their looks. After changing their clothes, the two walked together and walked between the mountains and the earth.

Indeed, not becoming an emperor is a huge blow for Lu Ming, he must adjust himself.

They stop and go, and do whatever they want. Sometimes, Lu Ming and Qiuyue will discuss cultivation.

Qiuyue has become an emperor, and he can comprehend a variety of laws, and Lu Ming has realized the five laws to the first level of perfection. In this regard, he can be said to be very experienced, and Qiuyue has also received a lot of inspiration.

Lu Ming sometimes sits in a place for a few days, Qiuyue will be with Lu Ming next to him, to understand the law.

Time flies, and two months later.

On a mountain peak, Lu Ming has been sitting still for half a month.

"How do I go in the future?"

Sitting quietly on the mountain peak, watching Yunjuanyunshu, now Lu Ming's mood has been completely adjusted. Now, how is he going to think about his future path?

"Since the emperor cannot be broken, then continue to understand the law!"

"The more laws of enlightenment, the stronger my combat power will be. As long as my combat power becomes stronger and stronger, how can I become an emperor?"

Lu Ming's eyes gradually brightened.

Since he cannot become an emperor, he will continue to understand the new law.

Every time one more rule is integrated, his combat power will surge. Now there are only five rules. So how about six, seven, eight, or even more, what will his combat power reach?

Moreover, since he can comprehend the two strongest laws, can he comprehend three or four?

If all the ten strongest laws are under control, how far can it be achieved?

His road is not broken, and his strength can continue to improve.

"Then understand the new law!"

Lu Ming got up and regained a confident expression on his face.

"Master!"

Qiuyue came to Lu Ming.

"Qiuyue, let's go!"

Lu Ming took Qiuyue's little hand and left.

"Next, what rule of thumb is better?"

Lu Ming thought.

After a moment, Lu Ming already had a decision.

Dandao Law!

Next, Lu Ming intends to comprehend the law of Dandao!

The rules of Dan Dao, the laws of array Dao, and the laws of Dao Dao, are three kinds of royal Dao rules evolved from the way of Ming Lian, each with its own mystery.

Lu Ming has mastered the laws of formation, and Lu Ming intends to master all the laws of Dandao and Qidao in the future.

In that way, the fusion of the three laws will surely make it more mysterious.

A few days later, they came to a great city, which is the alchemy holy place of the place of God's life, full of medicinal fragrance.

Almost all the forces in this big city are dominated by alchemy.

Lu Ming and Qiu Yue lived temporarily in this big city, and in this big city, they helped Lu Ming to understand the principles of Dandao.

Within a few days, Lu Ming had already introduced the principles of Dan Dao to cultivation.

This made Lu Ming secretly wonder, he realized the various laws, and the speed was amazing.

During this time, Qiuyue was also comprehending other laws, but suffered great resistance. It was very difficult to practice.

Lu Ming speculates, will it be related to his somewhat sacred heart?

Lu Ming and Qiuyue stayed here for two months. Lu Ming's Dan Dao's law had already been waiting for 30%. The two of them left the place.

Chapter 2142: Back to Ancient Moon Holy Land

The two did not rush to return to the land of Yuanshan, continued to walk around, while practicing as a casual, while practicing.

In the ancient city, the Mu Family, and a large hall, a group of people are discussing things.

"According to reliable information, Lu Ming did not return to the Yuanshan Land, only Nadankong Old Ghost went back!"

A strong Mujia spoke.

"But we sent people to look for Lu Ming's boy, but we didn't find it. The boy seemed to evaporate out of thin air!"

Another humane.

"It's okay, we just have to wait for the rabbits, and Lu Ming will have to return to Yuanshan sooner or later. We will send people to Yuanshan to wait for him to return!"

"Yes, Lu Ming must die, Mu Yang's revenge must be reported!"

The strong of the Mu Family spoke one after another.

"Let me go by myself!"

Finally, a middle-aged man with a goatee walked out.

This is a great emperor. He was the first to die in the Mountain of Destiny to kill Lu Ming.

"If you take a trip, we will rest assured!"

The others nodded.

Immediately, Goat Hu Emperor, with two master masters, left the ancient city and headed for the land of Yuanshan.

Lu Ming didn't know all this, they still walked while comprehending.

...

North of Yuanlu, the land of mythical beasts, an extremely barren and secret place, where the space is extremely unstable and the original gas is thin, it is the famous dead place of the land of mythical beasts.

There are thousands of gods and beasts, but no gods or beasts will come here.

On this day, a woman in black, with a beautiful appearance and a magnificent style, held a three- or four-year-old boy in her hand.

The little boy's eyes are bright, and he looks very nice.

"Mother, where are we going?"

The little boy asked.

The peerless woman looked at the little boy, her eyes flashing intricately, and finally said softly: "My mother took you to a better place and taught you to practice!"

"Giggle, sister, I haven't seen you for years. I didn't expect you to have children!"

A smirk sounded, and a figure came out of the air.

This is also a woman with a stunning style, and her appearance is exactly the same as that of the black woman before, but the temperament is slightly different.

The woman in the back, in a white dress, was covered with holy light and was very holy.

"Xie Nianjun!"

The black woman's eyes were cold.

That's right, the woman in black is Xie Nianqing, and the woman in white skirt who came behind is Xie Nianjun.

Xie Nianjun carefully looked at the little boy in Xie Nianqing's hands, revealing a surprised look, and said, "This little doll looks similar to Lu Ming, it's not you and Lu Ming, it's really beyond my expectations. ?"

"I think you are awakened. You will still do this kind of thing with Lu Ming, and it's even stranger that you haven't killed Lu Ming yet!"

Xie Nianjun was curious.

"I don't care about my business!"

Xie Nianqing said coldly.

"No, I can see that your memories of the past and present are not fused. It should be said that the memories of this life do not want to be fused with the memories of the previous life. No wonder, no wonder, but if you do, you will soon be repaired. I surpassed it all!"

Xie Nianjun seemed to see something and smiled.

Xie Nianqing had a complex look on his face.

Although she has awakened the memories of the past life, the memories of this life are not willing to merge with the memories of the previous life. The two memories will appear alternately and control this body.

"Why are you doing this? Only when the memory of our past and present lives in harmony can we break through and stand behind, surpass the previous life and embark on the path of supremacy. If you are like this, all efforts will eventually be turned into running water!"

In the end, Xie Nianjun sighed, her character is indeed much different than before.

Before she met Xie Nianqing, she would not speak in this manner.

At this time, Xie Nianqing's face changed for a while, and his eyes and expression changed. His eyes and expression were the same as those of Xie Nianqing.

She fondly touched the little boy's head and said: "I will not merge, this life is this life, the previous life is the previous life, why should I wake up, why should I merge?"

"It seems that you can't let Lu Ming down!"

Xie Nianjun said.

Xie Nianqing was silent and did not speak.

"Mother, who is she, how is she the same as mother?"

The boy asked, looking at Xie Nianjun curiously.

"I am your aunt, come, come to aunt here, aunt takes you to heaven, and teach you how to fix the supreme method!"

Xie Nianjun smiled.

"I will take him, why don't you worry!"

Xie Nianqing said nothing, instead of talking too much, holding the little boy and heading towards the void.

Xie Nianjun smiled and walked towards the void, and finally, the figures disappeared.

If anyone else knows, I'm afraid it will be very surprised. The turbulent flow here can lead to heaven?

...

Lu Ming and Qiuyue stopped all the way. When they came to the sea, it was half a year since the battle between the ten places ended.

In the past six months, the news about the battle between the ten places has already spread throughout the world.

Countless people were shocked, countless people knew the name Lu Ming, and of course, countless people sighed.

A worldly arrogance, but can not become an emperor, people are astonished.

Lu Ming and Qiuyue, after coming to the sea, took a cross-sea battleship and returned to the land of Yuanshan.

After returning to the land of Yuanshan, they did not change their appearance and restored their original appearance.

Lu Ming did not go to the Heavenly Emperor City, nor did he return to the ancient moon holy land. The first place he went to was the ancient saint.

He was going to the ancient saints and asked Xie Nianjun to ask about Xie Nianqing.

He felt that Xie Nianjun must know what happened to Xie Nianqing.

Unfortunately, when he came to the ancient sage, Xie Nianjun had left the ancient sage a few months ago and disappeared.

Lu Ming had no choice but to leave the ancient sage, take the teleportation array, and return to the ancient moon holy land.

Emperor Wuxiang has left, and Lu Ming has no need to go to the Emperor City.

Lu Ming intends to return to the ancient holy land first, and then return to Cangzhou.

Things in Cangzhou should be settled.

With his current combat strength, the general Emperor Xu can raise his hand to kill.

After solving the matter in Cangzhou, he should also return to the barren land.

Counting it, he has been away from the Shenhuang Continent for more than ten years, and it is time to go back and see.

"It's Lu Ming!"

"Lu Ming is back!"

When Lu Ming walked out of the teleportation field outside the ancient moon holy land, he was immediately recognized by others.

There was an uproar in the teleport area.

Lu Ming's name moved the world.

Ten battles, footholds in other arrogances, strong championships, and brilliance, make the ancient moon holy places feel more respectable.

"You, let me!"

Lu Ming was speechless because the road was already blocked, and a large crowd watched around.

Lu Ming and Qiuyue crowded out the crowd and flew towards the ancient moon holy land.

"Huh, it's just a waste body, you can't become an emperor, what use is it at this stage of the fighting strength?"

After Lu Ming left, someone sneered and sneered.

Everyone looked at it and recognized it as a Wanjia.

Chapter 2143: conspiracy

"Yes, a quasi-imperial emperor, my Jinwu family, just send a high-level virtual emperor to suppress him!"

A master of the Jinwu ethnic group followed with a sneer.

"It must have been more mischievous than usual. The retribution received is really popular!"

A giant wolf in Sirius Tower spoke, even grinning.

Others sighed that Lu Ming could not become an emperor, which is indeed a pity.

Soon, news about Lu Ming's return to the ancient moon holy land spread from the ancient moon holy land.

Lu Ming kept going all the way, and soon, he and Qiuyue returned to the Dayan Dan Palace.

"Brother!"

"Brother!"

Tian Hao and Xue Ningxin have been cultivating in the Dayan Dan Temple, and their cultivation is not high. When they did not go to the land of fate, they saw a smile when Lu Ming came back.

"Sister Brother, Sister believes that you will become an emperor in the future!"

Xue Ningxin came over and comforted.

"Yes, then blind everyone's eyes!"

Tian Hao also came over and comforted.

"That is of course, I can definitely do miracles!"

Lu Ming laughed, and after this period of time, his mood had already been adjusted, half jokingly.

He did not give up his path to becoming an emperor, and he will slowly look for it in the future.

But at this stage, he can continue to learn new laws, and his strength can continue to increase, he is not in a hurry.

Moreover, he heard that if you want to break through the emperor, there is a prerequisite, that is, you must cultivate all nine laws to the perfection of the third realm.

Then the nine laws are integrated, the quantity becomes qualitative, and the road becomes the great emperor.

Therefore, he now understands more laws and will not do useless work. In the future, if he really breaks through the realm of Wu Emperor, his cultivation will advance by leaps and bounds.

"Come on, drink hard!"

Tian Hao laughed, took out an altar of wine, and everyone drank.

Qiuyue also stayed with Lu Ming and drank an altar, her cheeks flushed, as if the goddess of the Nine Heavens was under the dust.

Several people drank and chatted until the next day.

Lu Ming originally planned to take a break, but at this time, Lu Ming received the news that someone came outside the Dayan Pill.

"Miss Mu, Brother Ye!"

Lu Ming came to the Dayan Dan furnace and saw several young people.

Mu Qingxue, Ye Dongfang, were awesome.

In the Ancient Moon Holy Land, in addition to Huang Ling and Long Chen, Lu Ming and Mu Qingxue and Ye Dongfang had the best relationship.

Obviously, they also heard the news of Lu Ming's return.

"Lu Ming, we just heard that you are back, Lu Ming, we all believe you, he will become an emperor in the future!"

Mu Qingxue, Ye Dongfang also comforted.

"Thank you!"

Lu Ming smiled, and then invited a few people to sit in.

"Lu Ming, the younger generation of the ancient moon holy land, intends to feast on you three days later and congratulate you on winning the championship in the ten battles!"

Finally, Ye Dongfang spoke.

"Okay, I will definitely go!"

Lu Ming nodded.

Several people chatted for a while, Mu Qingxue and Ye Dongfang left.

Lu Ming took a break and then continued to enlighten the law of Dandao.

During this time, he has practiced the law of Dan Dao to 60% of the time, and the speed is extremely fast.

...

On this day, the Jinwu Clan, Sirius Tower, Wanjia, and Ziji Sect also received invitations to invite the masters of the major forces to go to the Feng Clan for discussion.

When they came to the Feng clan deliberation hall, they found that sitting above the hall was not the master of the wind clan, but two strangers.

The patriarch of the wind clan, as well as the elders of the wind clan, etc., sat down below and accompanied carefully.

"Father Patriarch, you asked us to come, what's the matter?"

The head of the Wanjia family first asked.

"No hurry, let me introduce you first. These two people are from Guyang Holy Land, Daluo Tianzong!"

The Patriarch Patriarch pointed to the two humans above.

The head of the Wan family and the head of the Jinwu ethnic group changed slightly.

Great Luo Tianzong, with the emperor sitting in the town, is an emperor-level force, and its strength is far from what they can compare.

They quickly saluted the two great Luo Tianzong, and the two Luo Tianzong nodded lightly.

"Everyone, I also came straight to the point. This time, let you come together with only one purpose, that is, to kill Lu Ming!"

A middle-aged man Luo Tianzong spoke coldly.

The hall was suddenly quiet!

After a while, the Wanjia family said: "Brother Luo, to be honest, we also want to kill Lu Ming, but behind Lu Ming, there is the old guy in the Dayan Dan Temple who is guarding, the old guy, but the emperor The characters in the realm, if we start with Lu Ming, the old guy will probably destroy us directly!"

"Yes, if there is no old guy in Dayan Dan Temple, we would have destroyed Lu Ming long ago!"

The Patriarch Jinwu followed.

"It's okay, this time, the great Luo Tianzong's Tianluo Emperor will shoot. The old guy in the Dayan Dan Temple will naturally have Tianluo Emperor to deal with it!"

Da Luo Tianzong that middle-aged Road.

"Tianluo Emperor will shoot?"

The masters of Wanjia, Jinwu clan, Sirius Tower and other forces are overjoyed.

But immediately, they showed anxiety, because they thought of Lu Ming, and the body of the Emperor.

"Lu Ming also has the Tiandi flesh. Although he was assassinated by the kingdom of death in the land of the gods, he did not use the Tiandi flesh. Some people guessed that he has many restrictions on the use of the Tiandi flesh, but we have to guard!"

Ten thousand families dominate.

Others also nodded. They had to be cautious about the survival of their entire forces.

"We have already considered this point, so you need to send someone to assassinate Lu Ming first to see if he can control the Emperor's flesh!"

Da Luo Tianzong is humane.

"Let's try?"

The head of the Wanjia family and others changed their faces.

They sent people to try. If Lu Ming could control the body of Heavenly Emperor, then the people they sent would be dead, and even if Lu Ming was furious, all of their forces would be dangerous.

"You can rest assured to try him, just in case, if Lu Ming can't control the Emperor's flesh, then you can kill him directly, if he can control, you can lose a few masters at most, do big things, when necessary, A little loss is necessary!"

"And I tell you, this time it was not only us who dealt with Lu Ming, but also the Emperor Land Master, who also sent the emperor to deal with him, so even if Lu Ming could control the body of the Heavenly Emperor, it was a dead end!"

"However, if this matter is spread, it will not be good for the Mu Family or Da Luo Tianzong, so you need to send someone to assassinate!"

Another Luo Tianzong spoke, and his voice showed strong confidence.

"The Master of the Land of Destiny also sent masters!"

The heads of the Wanjia family and others flashed their eyes and finally made their decisions.

"Okay, we sent someone to ambush Lu Ming. If we could directly kill him, that would be best!"

The masters of several major forces have made their decisions.

Lu Ming's threat to them is too great and must be removed.

Even if Lu Ming couldn't become an emperor, they would have to get rid of them as soon as possible.

This time, there was Da Luo Tianzong and Mujia masters helping each other. Such an opportunity, they could not miss it.

Chapter 2144: Lu Ming's killing intention

Three days later.

On this day, Lu Ming walked alone in the direction of Thunder God Sect.

This time, Mu Qingxue, Ye Dongfang and other young generations of ancient moon holy places invited Lu Ming to be a gathering place near Thunder God Sect.

It is very luxurious and has an elegant restaurant.

When Lu Ming arrived, there were many ancestors in the ancient moon shrine, at least dozens of young handsones, to welcome Lu Ming and celebrate Lu Ming.

These young people may be placed on the big stage such as the Battle of the Ten Places, but it is nothing, but placed on the ancient moon holy land, they are indeed top-notch handsome, the pillars of the ancient moon holy land in the future.

Everyone pushed the cups to change the lights, so it was busy.

It took half a day for the banquet to end and Lu Ming left.

He intends to return to Cangzhou with Qiuyue, Xue Ningxin and Tian Hao in a few days.

Lu Ming flew while thinking about the next plan.

Suddenly, Lu Ming sweated up and felt a crisis coming. Without hesitation, Lu Ming retreated backward.

call out! call out! ...

In front of Lu Ming, several terrible wind blades cut the space and cut it from there.

Then, behind Lu Ming, the space shook and several rays of light hit Lu Ming.

It was a few imperial soldiers, which penetrated the space directly, terrifyingly powerful.

boom!

Lu Ming erupted, and all five laws were in operation. He exhibited Chaos Divine Palm and split several palms in a row.

Boom! Boom!

Several imperial soldiers were shot and flew out.

"Samsung Emperor!"

As soon as he fought, Lu Ming felt that the man who controlled the imperial soldiers was cultivated as a virtual emperor in Samsung.

Hiss!

Above Lu Ming's head, the wind screamed, the heat wave rolled, and a huge claw, caught Lu Ming, terrible.

If caught by this paw, Lu Ming will die!

boom!

Lu Ming broke out and displayed the supernatural power of the sword of death, a war sword was formed, and he split up.

Boom!

A huge claw was directly cut off by Lu Ming.

"Four Star Emperor!"

Lu Ming's eyes were even colder.

"Jinwu Clan, Wanjia, Feng Clan, you are looking for death!"

Lu Ming drank angrily.

Just now, there are the strong people of the Feng clan, Wanjia and Jinwu clan.

All are emperors above Samsung.

"kill!"

There was a roar, and then there were flashing figures, screaming at the landing.

Lu Ming found that there are not only the Feng family, the Wanjia family, the Jinwu family, but also the Sirius Tower and the Purple Jizong people.

The terrible breath flooded Lu Ming, and some people's cultivation practices were extremely terrifying.

"High-level virtual emperor!"

Lu Ming's eyes dimmed.

There are five-star virtual emperors, even six-star virtual emperors, and even seven-star virtual emperors.

"Lu Ming, you will definitely die today!"

Someone spoke indifferently.

"kill!"

A giant wolf, culling Xiang Luming, violent and cold, but a four-star virtual emperor.

"It's you who died!"

Lu Ming held the sword of death directly and cut it through.

Since this time, with Lu Ming's enlightenment, the sword of death and the hammer of chaos, these two self-created magical techniques have become stronger and stronger.

puff!

Blood flashed out, and a huge wolf head was directly cut off.

A four-star virtual emperor was directly killed by Lu Ming.

This made other people feel cold and sweating all over.

This is too scary.

It's just a prospective emperor. It's incredible to be able to kill a four-star emperor. This has never happened before.

"This kid is more terrifying than he was in the battle of the ten places, and he can't stay!"

"Shoot together!"

Roars rang out.

Indeed, Lu Ming has now practiced the law of Dan Dao again, and he has mastered six kinds of laws.

boom! boom! ...

This time, those high-level virtual emperors also moved, and five-star, six-star, and even seven-star virtual emperors all started.

After a terrible magical technique, Lu Ming would be drowned out.

"Feng, Jinwu, Wanjia, Zijizong, Sirius Tower, you are looking for your own way!"

Lu Ming's eyes were extremely cold.

At the beginning, he had vowed to destroy the Jinwu ethnic group, Wanjia and other forces.

However, he didn't intend to do it now, and he planned to wait to go back to the Shenhua Continent, and then to do it again when he came back. But now, these forces actually took the lead in ambushing him, then solve a few forces!

Keng!

Jian Xiao was shocked, and a stone sword appeared in Lu Ming's hand.

It is the sword of the emperor!

puff! puff! puff!

Lu Ming waved his sword and cut a terrible sword light. Suddenly, a screaming sounded.

In an instant, a six-star virtual emperor, two four-star virtual emperors, and three three-star virtual emperors were cut into two pieces by a sword. The horrible sword spirit in the sword killed their souls together.

"No, it's the sword of Heavenly Emperor. He can control Heavenly Emperor's flesh, go, and go!"

The remaining virtual emperor was almost scared to death, yelling wildly, and madly fleeing.

"Since you are here, you must die!"

In Lu Ming's eyes, there was the light of indifference, and the sword of the Emperor Emperor, continuously chopped out.

call out! call out! call out!

A small amount of sword energy fell into the air and cut towards those people.

At the next moment, there were constant screams, and the people who came to ambush Lu Ming, one by one, were beheaded.

Faced with the sword of the Emperor Emperor, the Emperor Emperor is too weak, just like a ant.

Regardless of whether it is the Seven-Star Emperor or the Three-Star Emperor, there is no difference under the sword of the Heavenly Emperor.

Several breaths, a dozen masters, were killed by Lu Ming.

"Tiandi's flesh stores 36% of the energy. The power of the Tiandi's sword is also skyrocketing, and 36% of the energy is enough to destroy several forces!"

The cold light flashed in Lu Ming's eyes, then he put away the sword of the emperor and began to pack up the spoils.

These people are all characters of Emperor Wudi's rich resources, and Lu Ming will not miss it.

Lu Ming put away the storage rings one by one.

In addition, Lu Ming was also the body of Sirius Tower and the strong members of the Jinwu family.

This is the Emperor Wudi, Jinwu, and the physical value is very high.

After tidying up, he looked in one direction and said coldly: "Then start from the Jinwu family!"

After words, Lu Ming turned into a ray of light and flickered away.

The Jinwu people live in a group of volcanoes.

Here, the flame energy is sufficient, and can continue to absorb the sun's fire, is a rare treasure.

From time to time, you can see three golden feet flying back and forth between the volcanoes.

"what is that?"

Suddenly, a Jinwu shouted.

Everyone's Jinwu looks in one direction.

Rumble!

The sky shook and a huge war sword appeared in the sky.

This is a stone sword, but it is too big, it is a hundred miles long, and it fell from the sky, and fell towards the volcanic group inhabited by the Jinwu family, just like the punishment of the gods.

The vast and terrible breath made many Jinwu almost scared.

"Someone attacked, escaped, escaped!"

Countless Jinwu, flying away.

boom! boom!

The huge stone sword fell, and volcanoes exploded.

Chapter 2145: Taping Jinwu

The huge stone sword, which was hundreds of miles long, covered volcanoes and was cleaved from the sky.

The stone sword fell, the ground split, volcanoes exploded, and magma raged.

what!

The screams were endless, and all the Jin Wu were swept away by the terrible sword gas, and they burst directly, and the golden feathers flew all over the sky.

"Who is it? Want to kill me Jinwu family!"

"Run away first!"

The Jinwu family is completely chaotic. Each golden three-legged Jinwu is swaying straight up, rushing into the sky and trying to escape.

However, in the high sky, a figure holding a stone sword came out of the air, the sword light burst out, and each of the Jinwu was beheaded and fell down.

"Lu Ming, it's you!"

A loud roar spread all over the place.

"It's Lu Ming, it's him!"

"Lu Ming, why did you kill our Jinwu family!"

Hearing that it was Lu Ming, many Jin Wu panicked and shouted.

"Jinwu clan, exterminate!"

Lu Ming spoke indifferently, and the stone swords kept on, and each sword was cut, and a golden black was killed.

Moreover, Lu Ming specially picked the powerful Jinwu people to kill.

True Emperor, in front of Lu Ming, had no power to fight back, and directly killed him with a sword.

Uh!

At the next moment, Lu Ming stared at a Jinwu. This Jinwu was extremely powerful, but he was a high-level true emperor, most likely a high-ranking Jinwu.

"Run, run, run!"

The head of the Jinwu clan shouted, and he really panicked.

Unexpectedly, Lu Ming can really control the Emperor's flesh and hold the Emperor's sword. It is astonishingly powerful and as powerful as him, and he feels a sense of powerlessness.

He had to run away, waiting for Tianluo Emperor and Mujia Strong to kill Lu Ming.

However, the next moment, he was desperate, a sword light, shattered the void, and he was approaching him instantly.

"Do not!"

The head of the Jinwu tribe screamed in horror, and the golden flame spread all over him, as if it had turned into a big day, and wanted to block Lu Ming's sword light.

But the sword light was cut, the flame was extinguished, and a sword mark appeared in the eyebrows of the Jinwu clan chief, and his soul was broken.

Patriarch Jinwu, fell!

This time, the energy stored in the body of the Heavenly Emperor reached 36%. Even if Lu Ming only controlled the sword of the Heavenly Emperor, no one could stop him under the Emperor.

"The patriarch is dead!"

"Run away!"

Jinwu shouted, chaotic, completely chaotic!

Lu Ming fights vertically and horizontally, and Jianguang keeps chopping out, specifically picking those who are the real emperor and the virtual emperor.

Jianguang is too fast to penetrate the void, even if Jinwu has the speed, it is difficult to escape.

One by one, it fell to the ground and fell here!

Halfway through, Lu Ming stopped.

The Emperor Wu of the Jinwu clan was almost completely slaughtered, and only some of the Emperor Wu escaped.

After this battle, the Jinwu family fell into the bottom line.

Lu Ming flashed and began to pack up his loot.

He put all the Jinwu bodies in a storage ring.

After tidying up, Lu Ming turned and left here.

As soon as Lu Ming left, a figure flickered.

It was people from other forces in the ancient moon holy land. Before the battle of the Jin-Wu people, the movement was too great, the sword gas was empty, and the Jin Wu wailed, spreading in all directions, and a long distance away, others found it.

These people were deeply shocked when they came here.

The volcano exploded, the magma flowing on the ground, covered with golden golden feathers.

From time to time, we can still see several relatively weak bodies of Jinwu, which Lu Ming couldn't look down on and did not take away.

"God, the Jinwu people are destroyed!"

Someone's voice trembled.

"It's Lu Ming. Someone shouted Lu Ming just now!"

"Lu Ming killed the Jin-wu people, and destroyed the Jin-wu people!"

Many people are dumbfounded.

Soon, this news spread throughout the ancient holy land at a hurricane speed.

This is explosive news. Everyone, all powerful forces, were shaken.

Many people heard this news, stunned, it is hard to believe, there is an unreal feeling!

The ancient moon holy land, the Jinwu people who inherited the endless years, was destroyed.

It was a young man who killed it, Lu Ming!

Many people remembered that when the Dayan Dan Palace was born, the Jinwu Clan, Sirius Tower and other forces sent out the Emperor Wu to strongly suppress Lu Ming. At that time, Lu Ming once said that one day, the Jinwu Clan and the Sirius Tower will be destroyed. , Today, realized.

Fengzu, on this day, two powerful terrorists came.

Tian Luo the Great, as well as the Mu Family's Great Goat Bearded Emperor.

At this moment, they received news of the destruction of the Jinwu family.

"A good Lu Ming, but the decision is decisive, then the old man will do it directly!"

Emperor Mu Hu, the goat of Mujia, spoke indifferently.

"Brother Mu, in Lu Ming's hand, there is a flesh of the Emperor of Heaven, which can strongly press the Emperor.

The Tianluo Emperor warned, and briefly told Lu Ming about the Hejia Emperor.

"Old man He is just a one-star emperor, and an old man is a two-star emperor, enough to suppress Lu Ming and kill him!"

Emperor Goat Hu sneered, full of confidence.

In the Emperor Realm, the gap between each star is very large. Lu Ming can only suppress the Hejia Emperor, but he can kill the Hejia Emperor.

At the same time, a greedy light flashed in his eyes.

Heavenly Emperor Body!

In the hands of Lu Ming, there is actually the Emperor's flesh. Lu Ming controls the Emperor's flesh, and is capable of crushing a one-star emperor. If it falls in his hand, wouldn't he be able to cross the emperor's realm.

His heart was fiery.

"You are waiting for me here, if there is any situation, send me a message immediately!"

The Goat Beard Emperor left a word, stepped out, and left here, heading towards the Jinwu Clan. When he arrived at the Jinwu Clan, Lu Ming had long disappeared.

"This kid, where will he go next time?"

The goatee great thought.

Soon after, another explosive news spread throughout the ancient holy land.

The Sirius Tower was destroyed. Inside the Sirius Tower, a terrifying Sirius was beheaded by Lu Ming and the blood was flowing into the river.

The ancient moon holy place, shaking again.

In a short period of time, Lu Ming extinguished two powerful forces in succession, which was simply a twelve earthquake.

There is a lot of hustle and bustle in the ancient moon holy place. Everyone is discussing this matter, and at the same time, they are sending people to pay attention to the next development.

The goatee emperor also received the news.

He tore through the void and hurried to the Sirius Tower, but Lu Ming had already left.

"This kid, he walks very fast. He wants to get revenge. Every family will go to level, or I will be waiting for him in Feng Family!"

There was a sneer in the corner of the goatee.

As for the Jinwu family, the Sirius Tower was destroyed, he didn't care at all.

His purpose is to kill Lu Ming. These forces are destroyed. What does he do with him?

After he rushed back to the Feng clan, he immediately discussed with the Tianluo emperor and the Feng clan chief. Soon afterwards, the Feng clan chief heard news that all the Wanjia and Ziji clan would be withdrawn to the Feng clan. They were in the Feng clan. Wait for Lu Ming to stand by.

Obviously, Lu Ming relied on the emperor's flesh and wanted to keep the family at bay, so he would wait for him in the Feng clan.

Chapter 2146: Killing the Wind Race

Lu Ming left immediately after stepping on the Sirius Tower, and at the next stop, Lu Ming was going to Wanjia.

This time, he will not let go of the forces of Feng Clan, Wanjia, and Zijizong.

Before returning to Shenhua Continent, he wants to level out all these forces and get rid of them forever.

The next one is Wanjia!

Wanjia, who had an enemy with Lu Ming at the earliest, can be said to be endless.

It is a pity that when Lu Ming arrived at the Wanjia, the Wanjia was already empty, and all the characters above the Holy Land were evacuated, and the remaining people were all below the Holy Land.

Below the Holy Land, Lu Ming is too lazy to kill, he is not a killer.

However, he won a few people and asked the Wan family whereabouts.

"The owner, they should have gone to the Feng family!"

An old man in Wanjia said in horror, fearing Lu Ming would be angry and kill them.

"Feng clan? It seems that I want to wait for me in the clan!"

Lu Ming's eyes narrowed slightly.

"This matter doesn't seem so simple. Now that I know that I am in control of the body of the Heavenly Emperor, I dare to wait for me in the Feng Clan. I must rely on it. Behind, is the Emperor presiding!

Lu Ming kept thinking about it.

He thinks there is a great possibility, because the whole thing is very strange.

As soon as he returned, he was ambushed by forces such as Feng, Wanjia, and Jinwu.

It stands to reason that these people are not so bold, because there is Kong Bo, Kong Bo once said that before Lu Ming became an emperor, the other party could not find a person above the emperor Wu to deal with Lu Ming.

But this time, the opponent directly sent the strong to ambush.

Even if the other party wants to ambush, they should not be in the ancient moon holy land, or, instead of sending someone in person, but asking for the killer, that way insurance, because once Lu Ming did not die, the news leaked, Kong Bo will not let go they.

But the other party dared to do so, mostly relying on it!

Lu Ming didn't kill the wind clan in the first time.

"No matter who is hosting in the back, this time, let's solve it completely!"

In Lu Ming's eyes, the murder flashed.

Now, Heavenly Emperor's flesh stores 36% of the energy. Before he beheaded the Jinwu Clan, the two forces of the Sirius Tower, the two forces, the strongest but the higher-order true Emperor, Lu Ming did not consume much energy.

This is his confidence!

He wanted to completely wipe out the Feng clan, the Wanjia, and the Purple Jizong.

However, if there is an emperor behind the opponent, he can't do it by himself, and he needs to borrow strength.

Immediately, Lu Ming sent a message to Kong Bo, and then left for the Phoenix Palace.

Lu Ming came to the Phoenix Palace and the Phoenix Palace shook.

Lu Ming's current reputation is too loud.

Soon, in the main hall of the Phoenix Palace, Lu Ming saw the owner of the Phoenix Palace.

"Lu Ming, you come to the Phoenix Palace to find me, what is it?"

The lord of the Phoenix Palace asked directly.

"Want to ask the Phoenix Palace to help, destroy the Feng clan, Wanjia and Zijizong!"

Lu Ming opened the door to see the truth, and made it clear.

The princess of the Phoenix Palace frowned, as if thinking.

"Lu Ming, can you be sure?"

The owner of the Phoenix Palace asked, this is about the future of the Phoenix Palace, he must be cautious.

"Yes, even if there is an emperor behind the other party, it will die, and it is difficult to change!"

Lu Ming is extremely confident.

"Okay, I promise you, I will invite some other power masters to work together to destroy the wind clan, Wanjia, and Zijizong!"

The lord of the Phoenix Palace made a decision.

The Feng clan is one of the ancient clan, with deep background and strong strength. Since its birth, it has been suppressing other forces in the ancient moon holy land.

Especially after the conflict between Lu Ming and the Feng clan inspired and killed the wind clan and the wind and dust, the forces that had good relations with Lu Ming were even suppressed by the Feng clan.

They have long wanted to resist.

"Thank you, Master, I will go to the Idol Sect again!"

Lu Ming thanked, and then left the Phoenix Palace, heading towards the Idol Sect.

Like Zongzong and Phoenix Palace, they quickly agreed and invited some forces to fight together.

Half a day later, the palace lord of the Phoenix Palace, as well as the sect master of the idols, all told Lu Ming. The matter has been fixed. A total of ten powerful forces will shoot.

All forces meet at the Phoenix Palace.

Lu Ming also headed towards the Phoenix Palace. When he came to the Phoenix Palace, all the ten forces came.

Moreover, the masters of these ten forces all came together. This time, the major forces almost tried their best to destroy the wind clan.

"Seniors, wait a minute, I will go to war first. If the situation is wrong, you can evacuate first!"

Lu Ming said.

If the other party is too strong to master, even if he is not enemies, then the forces of Phoenix Palace will only die, and he has to defend.

Everyone nodded their heads, so naturally they wouldn't joke about the destiny of the whole force.

"I'm going ahead!"

Lu Ming said nothing, stepped into the air, and walked in the direction of the Feng clan.

Soon after Lu Ming left, the people of the top ten forces also set off, heading towards the Feng clan.

Lu Ming was extremely fast, and soon, towering mountains appeared in front of him.

The Feng clan, the original base camp, is in a small world, but since their birth, they have built a towering palace in the ancient moon holy place.

From a distance, you can see that the towering mountains are all magnificent palaces.

Lu Ming walked through the air and headed towards the mountain where the wind clan was located.

"who?"

Someone found Lu Ming and shouted.

"The people who killed you!"

Lu Ming opened his mouth indifferently, punched out, and the person in front of him was intact.

But it was only a quasi-empire, and was naturally killed by Lu Ming.

"You are Lu Ming!"

Someone recognized Lu Ming and shouted suddenly.

"Lu Ming is here!"

"Lu Ming is here!"

With a loud roar, it spread to the wind clan.

In a large hall, Tianluo Emperor, Goat Beard Emperor, Feng Patriarch, Ten Thousand Heads, Sect Master Ziji, and other high-level leaders were discussing matters, and heard roar from outside.

"finally come!"

The goatee emperor, with a sneer on the corner of his mouth, got up and strode out.

Everyone else keeps up.

Outside of the wind clan, Lu Ming stood in the void, his eyes cold.

"Feng clan sent me to secretly ambush me, really when I am good-tempered, I can arbitrarily knead? Today, I will flatten the Feng clan!"

Lu Ming shouted, the sound was like thunder, rumbling in the sky.

The sword of Emperor Emperor appeared, and Lu Ming cut it out with one sword, and a huge giant sword was cut towards the mountains of the wind clan, which was terrifying and terrifying.

Many disciples of the Feng clan shook with fright and shouted wildly.

"Lu Ming, you died today!"

There was a cold drink in the wind clan mountains, and a figure rose into the sky. Then, a giant palm emerged out of thin air, which was bigger than the mountains, covered the sky and covered the sun, and grabbed the giant sword.

boom!

The mountains shook, the world roared, Lu Ming's sword was cut off, the sword light burst apart, and a figure appeared in the sky.

It was the goatee emperor.

Chapter 2147: Great War Tabernacle

"It's you?"

Lu Ming's eyes narrowed, and the cold light flickered.

He recognized the goatee emperor at a glance.

At the beginning of the Mountain of Destiny, it was the goat emperor's first trouble, to kill Lu Ming.

Lu Ming was a little surprised. Unexpectedly, the host behind him was actually the emperor of the Mu Family.

Mu Family actually sent people to Yuanshan.

Then Lu Ming glanced back and found Tian Luo the Great and others.

"And Da Luo Tianzong!"

In Lu Ming's eyes, Hanguang was more prosperous.

Da Luo Tianzong was actually Lu Ming's expectation.

He had previously speculated that perhaps it was Da Luo Tianzong, or the Heng family, and the He family supported it later.

"Lu Ming, dare to kill my Mujia family, Tianjiao Muyang, let you go down to be buried today!"

The goatee emperor spoke indifferently, and then he exploded with a terrifying breath on his body.

This breath, appalling, is unbelievably powerful.

"Better than the Hejia Emperor!"

Lu Ming moved in his heart, no wonder that the other party knew that he was in control of the physical body of the world, and he was confident.

Without any hesitation, Lu Ming took out the Emperor's flesh directly. Lu Ming turned into a rainbow of light and did not enter the Emperor's flesh.

Heavenly Emperor's flesh has grown dramatically, like a giant, standing on top of the earth.

"The Emperor's flesh is in your hands. It's a violent disaster. Leave it to me!"

The goatee emperor, with a blazing glow in his eyes, stepped out, stepped out a large hand, and clawed towards the landing.

"kill!"

Lu Ming Changxiao, controlling the body of the Emperor Tian, holding a stone sword and cutting it out.

puff!

The big hands condensed by the goatee emperor were directly cut in half by Lu Ming.

"you..."

The Goat Beard Emperor was shocked, because Lu Ming's control of the physical strength of the Emperor's flesh was stronger than what the Emperor Tian Luo said.

"So strong!"

Lu Ming also secretly marveled.

The stored energy reaches 36%, although some were consumed before, but not much.

With so much energy stored, it bursts out, and the power is amazing.

"kill!"

Lu Ming Changxiao, stepped on the void, and killed towards the goatee emperor.

A sword was cut out, and the stone sword became a hundred miles long and ten miles wide, and it threatened Tianyu.

The stone sword cut through, and the space was sparse. The stone sword brought up an endless vanity and chopped towards the goatee emperor.

boom!

The goatee emperor also broke out, and his body was filled with a dazzling light, and the whole world was filled with this unspeakable coercion.

Between the heavens and the earth, there is the breath of the road.

The goatee emperor was controlling the avenue, and at the same time, two golden war knives appeared in his hand. The war knives came out and cut off the void.

when! when!

The sword and the stone sword collided.

Buzz!

The sword in the hands of the goatee emperor buzzed constantly, and seemed to be under great pressure.

Lu Ming was brave and invincible, and once again killed him.

"kill!"

The goatee emperor, controlling the avenue, holding two gold knives, killed Lu Ming.

The two fought in the sky.

However, as soon as he played, the goatee emperor fell into the downwind and was completely suppressed by Lu Ming. After every move, the goatee emperor's figure shook and retreated.

"How can it be?"

Tianluo Emperor, Feng Patriarch and others, their faces changed wildly, and their faces were incredible.

The goatee emperor, but the two-star emperor, is a lot stronger than the Hejia emperor and can kill the Hejia emperor.

But now, it is suppressed by Lu Ming and falls.

In the Emperor City at the beginning, Lu Ming controlled the Emperor's flesh, didn't he just barely suppress the Hejia Emperor?

"Oh no!"

This time, the head of the Feng clan, the head of the Wanjia family, and others were pale.

They relied on the goatee emperor and the Tianluo emperor, but now, the goatee emperor is falling, and if the goatee emperor is defeated, Lu Ming will not let them go.

There was a look of panic on their faces, and some people had begun to wonder whether they wanted to escape first.

boom!

There was another roar in the sky, the goatee emperor, his body receded again and again, and the corners of his mouth had overflowed with blood.

"Damn!"

The goatee emperor roared. He felt pitted, and the information he got was not in line with reality.

"Send you on the road!"

Lu Ming shouted, the more courageous the Vietnam War, completely disregarding his own defense, and madly killed the other party.

He must make a quick decision, because when he fights against the Emperor, the energy in the Emperor's flesh is consumed too quickly.

If the time is too long, when the energy is exhausted, then it is him.

Lu Ming completely abandoned the defense and attacked wildly.

when!

Shi Jiandang opened the opponent's sword, Lu Ming kicked out, kicked fiercely on the goatee emperor, and almost kicked the goatee emperor's body.

The goatee emperor vomited blood, and his figure receded.

Lu Ming pursued and continued to kill.

"Tian Luo, come and help me!"

The goatee shouted and asked Tianluo to help him.

Tianluo Emperor's complexion changed for a while, and he finally gritted his teeth and rose into the sky.

Today, Lu Ming must be removed, otherwise, if the goatee emperor dies, he will finish playing.

But at this time, a bright sword light illuminates Tianyu and cuts towards Tianluo Emperor.

"Dan Kong Old Ghost!" Great Emperor Tian Luo was shocked and tried his best to resist.

boom!

The sky exploded, the figure of Uncle Kong appeared, the sword light shook the sky, and he slashed towards Tian Luo the Great.

Kong Bo's cultivation practice is already at the limit of the one-star emperor, not far from the two-star emperor.

Moreover, Kong Bo practiced endless years, and his combat power was obviously stronger than that of Tianluo Emperor.

The combat power of the Great Emperor Realm is not only more than cultivation, but also other. Kong Bo is obviously stronger in other aspects.

In the city of Heavenly Emperor, Kongbo was tied with Heavenly Emperor because he was seriously injured in the battle with the Evil God Clan.

Tianluo Emperor was also suppressed and could only resist it.

"not good!"

The patriarch of the Feng clan, the head of the Wanjia family, and others were pale.

Their reliance on both emperors fell.

When the two emperors lost, they were over.

"Retreat, leave here!"

The wind clan chief roared, there was no way, in order to preserve the wind clan, they could only evacuate.

"You want to go, late!"

In the distance, a cold voice came, and then a large figure appeared.

It is the ten strong powers such as the Phoenix Palace and the Idol Sect.

"It's you, you dare to shoot my Feng clan, you are looking for death!"

The clan patriarch shouted.

"It's you who are dead. Today, you will be destroyed. Take action!"

"kill!"

Ten forces, from all directions, killed the mountain gate of the wind clan.

This time, the top ten forces almost came out and sent out all the strong ones.

The dense crowd, killing the Feng Clan, the Wu Emperor Realm Powerhouse, took the lead, and all kinds of terrible attacks poured toward the Feng Clan.

Chapter 2148: Kill the Emperor

Ten forces, came out of the nest, too many masters, shot together, all kinds of attacks fell on the Fengzu Mountain Gate, suddenly, Fengzu, Wanjia, Zijizong a large number of people were killed.

"I destroy you!"

The Patriarch's eyes were red. First, he stared at the lord of the Phoenix Palace. His figure rose into the sky, bringing an endless gust of wind to the lord of the Phoenix Palace.

The presence of the Patriarch, the Seven Star True Emperor, and the peak of the True Emperor, is almost invincible in the ancient Moon Holy Land.

The other power masters have no such practice.

"Shoot together!"

The Lord of the Phoenix Palace shouted, and there was a Phoenix tweet on her, ringing through the sky, a huge Phoenix, rushing towards the Patriarch.

Ao!

Then, an image sounded, and the master of Longchen shot.

The master of Longchen is a Taishang elder of the deity, cultivated to be a six-star true emperor, and also a level of existence in the palace of the Phoenix Palace.

He also shot, punched out, a giant elephant standing on top of the ground, stepped on the void, and rushed to the wind clan chief.

At the same time, the thunder filled, as if the sky-tribulation came, a figure shrouded in thunder appeared, cast a great magical skill, and killed the patriarch of the wind clan.

This is the throne of Thunder God Sect and a six-star true emperor!

In addition, there is a master of power, also shot.

The four masters, the Qi Zhanfeng patriarch, the two sides engaged in a fierce confrontation. For a time, it was difficult to divide the victory.

Elsewhere, it was caught in a brutal fight.

The ancestors of the Wan Family and the Sect Master of the Purple Ji Sect all had corresponding strong shots to fight against them.

The wind clan is caught in the war.

In addition, the Feng clan, Wanjia, and Zijizong completely fell into the breeze, and people were constantly beheaded.

Although the wind clan is powerful, it is the first of the ancient holy land.

However, this time the top ten forces joined forces and the masters did their best to surpass them.

The wind clan, the ten thousand family, and the purple pole sect are constantly being killed by masters, and the sky is bloodshed.

In the high altitude, the battle between Lu Ming and the goatee emperor also entered the final stage.

Lu Ming exploded with all his strength, and more than 30% of the energy exploded, completely surpassing the two-star emperor.

Moreover, Lu Ming does not need to defend, but only attacks, and the combat power is undoubtedly stronger.

The goatee emperor vomited blood, and half of his body was slashed by Lu Ming Jianguang, exploded and was hit hard.

His hair was radiated, his body was bathed in blood, his breath was getting weaker and weaker.

He struck hard and wanted to escape, but how could Lu Ming let him escape.

Regardless of the defense, Lu Ming attacked with all his strength. The attack was like a storm, and he immediately cut out hundreds of swords, completely blocking the opponent's retreat.

what!

The goatee emperor hates madness, grows crazy, and is extremely unwilling.

Is it that he will fall here today!

He was not reconciled. He came here to kill Lu Ming, not to die.

He is the great emperor, as long as he survives the catastrophe, Shou Yuan is endless, hegemony, and is in awe of countless people.

He doesn't want to die!

He tried his best to resist.

But useless.

bump!

A golden war knife in his hand, after a series of battles, was shattered and turned into fragments flying around.

puff!

Lu Ming took advantage of the situation and slashed the goatee's other arm with a sword.

The goatee emperor shouted and wanted to recover his wounds.

In the realm of the great emperor, as long as the soul is immortal, even a drop of blood can be recovered and rebuilt into the flesh.

However, this time, he couldn't do it. His body was difficult to recover in the first place.

Because Lu Ming's stone sword contains a terrifying destructive power, constantly destroying his flesh.

Once again, the imperial soldiers were destroyed, and the goat-bearded emperor was even weaker.

"kill!"

And Lu Ming, the offensive was still violent, and a sword fell towards the goatee emperor.

The brow is the place where souls are stored. If it is cut, it will definitely die.

The goatee emperor did his utmost to avoid, and finally he avoided the crucial point, but he did not completely avoid it, and was split into two halves by Lu Ming.

The goatee emperor, controlling half of his body, receding wildly, his face full of horror.

"kill!"

Lu Ming continued to kill.

"Lu Ming, you can't kill me. I'm the Mujia Emperor. If you kill me, the Mujia won't let you go!"

The goatee yelled.

"You're still the emperor. By this time, it was ridiculous to use the Mu Family to threaten me!"

"It's as if I let you go, and the Mujia will let me go. Let's go on the road calmly!"

Lu Ming sneered, the killing was extremely rich, and continued to kill each other.

Uh!

The war sword was cut down, huge and as big as a mountain, and it collapsed the void.

"Do not!"

The goatee emperor unavoidable, he shouted, hysterical.

bump!

When the War Sword was pressed down, his half body exploded directly. A soul roared and wanted to rush out, but was crushed by the War Sword mercilessly and exploded.

Soul flying!

An emperor, fell!

At this moment, everyone who was at war was trembling in their hearts, and there was a turbulent wave, making it difficult to calm down.

The Great Emperor, in the land of Yuanshan, is the peak, supreme, dominates one side, stomps the foot, and the land of Yuanshan shakes.

Such a character is now dead and beheaded by Lu Ming.

Moreover, this is a two-star emperor!

"kill!"

The morale of the ten major forces such as the Phoenix Palace has greatly increased.

The Feng clan, Zijizong, and Wanjia people have weak morale. In this way, they are even more invincible, and they are constantly beheaded.

Tianluo Emperor was also mad at heart.

He had lost to Kong Bo originally, and at this moment his heart was shocked, he was swept by Kong Bo's sword, and suddenly vomited blood.

"go!"

The Tianluo Emperor did not hesitate, broke out with full force, and madly shocked outward.

He rushed out successfully, turned into a rainbow, and ran desperately.

"Want to go!"

Lu Ming's eyes filled with cold light, and threw the sword of Heavenly Emperor in his hand.

Heavenly Emperor's sword turned into a rainbow of light, and the speed was so fast that he flew to Tianluo Emperor.

"Block it!"

Emperor Tianluo roared, broke out with all his strength, and threw out pieces of imperial soldiers, most of them were true imperial soldiers, hoping to block Lu Ming's sword.

Jianguang passed through, bursting the imperial soldiers apart.

puff!

In the end, Jianguang swept the Tianluo Emperor and almost cut him in two, but after all he escaped and flew crazy away.

call out!

Kong Bo turned into a sword light and chased towards Tianluo Emperor.

Lu Ming didn't chase it, because he just consumed too much energy to kill the goatee emperor.

Now, the energy in the body of Heavenly Emperor has already dropped to below 10%. With such energy, even if you go after Heavenly Emperor Tianluo, you may not be able to kill the other party.

Lu Ming waved his hand and put away the storage ring of the Goat Beard Emperor. At the same time, he recalled the Sword of the Emperor, and then walked towards the Patriarch of the Wind Race.

"Lu Ming, I surrender, my style, will never be against you, I am willing to compensate a lot of treasures!"

Seeing Lu Ming coming, the Patriarch Patriarch shouted in horror.

Chapter 2149: Return to Dragon Valley

Before, Lu Ming beheaded the goatee emperor in one fell swoop, which made him extremely frightened.

At the moment Lu Ming killed him, he couldn't resist, there was only one way to go.

The wind clan chief's clothing has softened and he must admit defeat.

But Lu Ming was unmoved!

"Treasure? Do you have as many treasures as there are emperors?"

Lu Ming spoke lightly.

Just now, the storage ring of the Goat Beard Emperor fell on him. What treasure did he need?

"Don't kill me, Lu Ming, as long as you let me go, I will lead the Feng clan, always surrender to you, and submit to you!"

The Patriarch Patriarch shouted in horror. He didn't care about anything for his life.

"No need, rest on your way!"

Lu Ming spoke indifferently, and then cut it out with a sword.

The Patriarch Patriarch tried his best to resist, but everything was useless.

Although there is not much energy left in the body of Heavenly Emperor, it is not difficult to kill a Seven-Star True Emperor.

puff!

The sword flashed, and the Patriarch Patriarch was killed.

Then, Lu Ming killed Xiang Wanjia's master, as well as the Purple Sect Master.

Without any suspense, the masters of the two forces have been beheaded one after another.

Then, Lu Ming killed several other masters, these people, from Mujia and Da Luo Tianzong, are all high-level virtual emperors.

After beheading these people, Lu Ming did not continue his hands and put away the body of the Emperor.

The energy storage of Heavenly Emperor's flesh has fallen below 10%. The next time you want to control, you need to continue to replenish energy.

There is no suspense in this battle.

The Feng clan, the Wanjia, and the strongest of the Ziji Sect were all beheaded. It was difficult for others to resist, and the result was already doomed.

This was a **** day. Not long afterwards, the masters of the Feng clan, Wanjia, and Zijizong were almost beheaded, and only some of them were weak.

The ten powerful people all smiled.

The wind clan was finally destroyed.

Uh!

At this time, a figure appeared, it was empty uncle!

"The guy from Tianluo escaped, but the guy was fatally traumatized. He didn't have a hundred years to wait for recovery!"

Uncle Kong said, it is a pity that he failed to kill Tianluo Emperor.

"Alright, the old fellow Tian Luo, I will take his life personally in other days!"

Lu Ming spoke.

"By Kong Kong, this time the Mujia died an emperor, will he be crazy for revenge?"

Lu Ming asked.

Soon after, he was about to leave. He was afraid that after leaving, the Mu Family would send masters to deal with the Phoenix Palace, the Idol Sect and other forces.

"The Mujia sent the emperor to come to the Yuanshan Land to kill you. It's already over. I will go to the Land of Destiny personally. I have an old power with an overlord in the Land of Destiny. Let them take action to contain the Mujia. , The strong of the Mu Family, don't dare to mess up!"

Kongbodao.

Lu Ming nodded, so he would be relieved.

The first battle of the Feng clan soon spread throughout the ancient moon holy land and shook everyone.

Even soon after, it spread to Yuanshan.

In this battle, several powerful forces, all of them disappeared, and even the emperor fell, which is really shocking.

The most important thing is that this great emperor was still beheaded by Lu Ming.

For a time, Lu Ming's reputation reached its zenith.

Originally, because of the battle between the ten places, Lu Ming climbed to the top, but was later determined by the Emperor of Heaven, and it was difficult to become an Emperor, so that the land of Yuanshan was unknown to everyone, and no one knew it.

And now, it is because a great emperor was beheaded.

Countless people were shocked and extremely shocked.

Previously, some people despised Lu Ming, thinking that Lu Ming could not become an emperor, with limited potential and no climate.

But now, no one dares to despise Lu Ming.

What if you can't be an emperor?

Still able to stir up the storm, in a rage, several powerful forces were wiped out, blood flowed into the river, and even the emperor was still beheaded.

As long as Lu Ming has the emperor's flesh in hand, even if he can't become an emperor, it is also a terrible existence, and even the emperor must be frightened.

Outside shock, countless people hotly discuss Lu Ming's name, and Lu Ming is ready to return to Cangzhou.

The ancient moon holy land, the Feng clan, the Wanjia, the Jinwu clan, the Sirius tower, and the Purple Ji Zong were destroyed. The resources, sites, and sites left by them were divided by the palace of the Phoenix Palace. The power of the ancient moon holy land appeared once. The larger shuffle.

Lu Ming did not participate in all this.

He stayed in the Dayandan Temple for a few days. After a few days, Uncle left and went to the place of destiny, while Lu Ming took Qiuyue, Xue Ningxin, Tian Hao, and left in the direction of Cangzhou.

Cangzhou, Yunzhou, Dizhou, and Sanzhou are among the Yunhai Mountains, the closest to the sea, and belong to extremely remote areas.

There are few holy places in the land of Yuanshan, and very few people will come to these three states.

Therefore, there is no public transmission to this side, you need to fly.

Lu Ming took out a puppet. This puppet, like a goshawk, was the one Chao gave him at the time. Its speed could reach 100 times the speed of the flying shuttle.

The four sat on the goshawk puppet. The gossip puppet spread its wings and flew in the direction of Cangzhou. The speed was amazing.

Hundred times the flying shuttle is too fast, let them be like a lightning, fortunately, there is a layer of light curtain on the goshawk puppet body, otherwise, people will be torn by the wind on the top.

Below, the endless mountains, the endless rivers, one by one, the imperial forces, passing by.

At that time, Lu Ming escaped from the Yunhai Mountains and flew for several months before flying over several imperial forces. But now, they only used a few days to reach the edge of the Yunhai Mountains from the ancient moon holy land.

Entering the Yunhai Mountain Range, all four performed the breathing technique and began to disguise, covering their own breath.

Now, they don't know what the situation is in Sanzhou today, and Yunlong Valley Master and others are also in the hands of the other party. They naturally cannot easily reveal their identities.

Although Lu Ming's current combat strength does not fear the other party at all, it is the best policy to cover up his identity and save people first.

Two days later, they had crossed the Yunhai Mountain Range and came to the Yunzhou realm.

"Brother and sister, please cover your identities first and wait on the side of Yunzhou. Qiuyue and I will go back to Cangzhou first to see if we can rescue them!"

Lu Ming said to Tian Hao and Xue Ning.

"Okay, be careful!"

Tian Hao and Xue Ning nodded.

They also understand that they are not strong enough to follow the landing, and they can't help much.

They are going to be in Yunzhou, first to inquire about the news.

The four acted separately. Lu Ming and Qiu Yue headed towards Cangzhou. Tianchi and Xue Ningxin stayed in Yunzhou and asked for news.

Although he did not ride a puppet, at the current speed of Lu Ming and Qiuyue, within an hour, he crossed the entire Yunzhou, crossed most of the territory of Cangzhou, and came to the vicinity of Longshen Valley.

The two stood high in the sky and looked at the Dragon Valley.

Today, Longshen Valley is not the same as it was then.

At that time, Longshen Valley was flying all over the sky, and it kept going all year round. That was because the Longshen Valley was inhabited by the ancestors of Binglong, and the ancestors of Binglong were practicing.

And now, the snow and ice are melting, the vegetation is flourishing, and the Dragon Valley is full of vitality.

Sometimes there are people in and out.

"People in Emperor Tianjing Palace!"

Lu Ming narrowed his eyes and filled the cold light.

Chapter 2150: Kneel down and do it yourself

The people in the Emperor Tianjing Palace are very recognizable, and they are all dressed like emperors.

It seems that although a lot of great things have happened in the place of Yuanshan, Cangzhou, Yunzhou, and Dizhou have no effect, because they are too remote.

At this time, there were two figures running in the Dragon Valley, heading towards the former Yunlong Valley. These two people were Lu Ming's two brothers.

The second brother Long Yuanshan, the third brother Yang Tianzong.

The two came to Yunlong Valley, flashed into a cave house, and then closed the stone gate.

"Senior brother, this time we had good luck and got two magic stones. After refining, cultivation will definitely be a step closer. Let's go together!"

Yang Tianzong took out two silver stones with wonderful lines on them, which were very mysterious.

"Senior brother, you can use these two magic stones. Your talent is higher than mine. It is used to improve cultivation. I used it, but it wasted!"

Longyuan Mountain Road.

"Senior brother, how do you do this? The Francisite was obtained by the two of us together, and we should take each of them together. Brother, you can take it!"

Yang Tianzong handed a piece of French stone to Longyuan Mountain.

at this time...

boom!

The stone gate of Dongfu made a violent roar, and someone was bombarding the stone gate.

Yang Tianzong and Long Yuanshan's complexion changed, Yang Tian indulged in thought, and put away the Fascia.

boom! boom!

The stone gate vibrated, then burst with a bump, and walked in from outside.

There are three people in total, two middle-aged and one elderly.

The three of them glanced coldly and quietly at Longyuan Mountain, and Yang Tianzong glanced at them, saying, "You two, hand over the law stone!"

"What kind of law stone? Elder, have you made a mistake!"

Long Yuanshan's expression changed slightly, and then he smiled.

"I still want to quibble. It's not just you two who went to the bottom of the sea. Some people saw that you got the magic stone and handed it over. Otherwise, you know the consequences!"

The old man sneered.

"hateful!"

Long Yuanshan and Yang Tian shouted inwardly.

Since they were controlled by evil spirits, all resources have been deprived. Even if they get any resources later, as long as they are known by the other party, they will also be deprived.

This makes them practice extremely slowly.

Over the years, their cultivation practices have hardly improved, mainly because the resources have been taken away, and they have been slowly cultivating only by absorbing the natural energy of the world, and the speed is very slow.

Some time ago, they were sent to the sea to perform a task, and by chance, they obtained two magic stones.

Fascia, a rare treasure of heaven and earth, can be greatly improved and cultivated after refining, and it is also very helpful for the understanding of the law.

As soon as they returned, they immediately planned to refine it, that is, they feared that the evil spirit would know that they would be taken away.

Unexpectedly, as soon as they came back, the other party knew the news and came quickly.

"Don't hand it over yet, do you want to die?"

Seeing the two hesitate, the old man's face gloomy.

"Elder, we help evil spirits, but we are not slaves of evil spirits. We have the right to obtain our treasures and practice. You are doing so, it's too much!"

Longyuan Mountain Road.

"Hahaha, too much? I tell you, you are the slaves of my evil spiritism, just to devote oneself to my evil spiritism, but also want to get resources to cultivate yourself, don't even think about it, understand?"

The old man laughed loudly, and the other two middle-aged men also laughed wildly.

"Damn!"

Yang Tianzong roared with a fierce light in his eyes.

"What are you doing? Want to rebel? As long as I report, you will die better than life, don't forget, there is a prohibition in your soul!"

The old man has no fear.

"Brother, don't move!"

Long Yuanshan held Yang Tianzong and told him not to act rashly.

Their souls were all forbidden by the powerful cults of evil spirits, and their life and death were completely under the control of the other party.

Yang Tianzong had no choice but to hold back.

"Slaves are slaves, so you must have the duty to be a slave. Now, hand over the law stone, and then kneel down to admit your mistake. This time, I can blame the past, hurry up!!"

The old man said.

"What? Do you want us to kneel?"

Yang Tianzong was furious and his eyes were red, even for Long Yuanshan.

This is too deceiving.

"Kneeling is already on the side of the net, so don't hurry, hurry up, I don't have so much time to accompany you!"

The old man shouted.

"Since you are so anxious, I will send you on the road!"

At this time, a sound rang out from outside the cave house.

"This..."

Hearing this voice, Long Yuanshan and Yang Tianzong were shocked, and there was an incredible color in their eyes.

Because of this voice, they are too familiar.

The old man's eyes were cold, filled with cold killing opportunities, turned around and looked back, and said coldly: "Which one does not have long eyes, find death!"

Then, everyone saw that outside the cave, two young men and women entered.

The man looks like he is in his twenties, has a straight posture, and looks like a star, with an unspeakable temperament.

The woman looks about twenty years old, in a snow-white dress, like a fairy in a picture.

"Young Master, really you!"

Long Yuanshan and Yang Tianzong exclaimed at the same time.

What came in was naturally Lu Ming and Qiuyue.

Just now, the two checked outside and entered the Dragon Valley, heading towards Yunlong Valley.

With Lu Ming's ear power, as soon as he entered Yunlong Valley, he heard the movement here and was furious.

"Little Brother? Are you also from Dragon Valley? Never seen it before!"

The old man said in a deep voice.

Lu Ming ignored him directly, walked towards Long Yuanshan and Yang Tianzong, and clenched his fists:
"Two brothers, I haven't seen you for a long time!"

"Little Brother, why are you back, you..."

Long Yuanshan and Yang Tianzong were both happy and worried when they saw Lu Ming.

They didn't know if Lu Ming had any reliance, so they showed up. If they didn't, they would be in trouble.

They knew from the owner of Yunlong Valley that Lu Ming had escaped and would go to ask for help.

"Boy, it seems that you were a fish in the net, ha ha ha, even dare to show up, really looking for death!"

When the old man thought about it, he knew that Lu Ming had not been caught.

But since he ran away, he dare to show up like that, it is really stupid.

Lu Ming turned around, looking at the old man and two other big men, and said, "Kneel down and punish yourself!"

"What? What did you say?"

The old man and the two big men thought they had heard it wrong.

This kid actually asked them to kneel down and punish themselves? Is it crazy!

Here, it is the site of evil spirit religion, and their self-cultivation is extremely high. This kid doesn't look very big. He actually asked them to kneel down to self-discipline.

They feel like a big joke.

But the next moment, they couldn't laugh.

Because Lu Ming suddenly burst into a terrible breath, terrible pressure, like hundreds of mountains, pressed against them.

thump! thump! thump!

The three of them knelt down.
