

D Emperor 2151

Chapter 2151: Master's whereabouts

That old man has a great cultivation practice!

The two big men are all the cultivation behavior of the Ming Shengjing. Such cultivation behavior is no different from that of the ants in Lu Ming's eyes. He just burst out a breath, and the three of them were kneeling down on the ground.

"Ah, who the **** are you?"

The old man broke out with all his strength and struggled frantically, but it was useless at all. The space seemed to be solidified. The terrible pressure seemed to crush the flesh.

He was frightened!

He understood that the young man's behavior was simply incredible.

With his breath alone, he can't move his kneeling down on the ground. What must he do?

In his impression, even the most holy Xiaocheng can't do it, unless stronger.

Is this young man more than the most holy character?

Thinking of this, he was cold and sweating.

"Dragon God Valley disciple, Lu Ming!"

Lu Ming answered lightly.

"Ah, let us go, you are all under the control of Longshen Valley, you are not under our control, you are looking for death, you are not only dying yourself, you are dying in Longshen Valley!"

The old man shouted.

He deliberately increased the volume, wanting to disturb others, but unfortunately, Lu Ming had already laid an energy at the entrance of Dongfu, the movement here could not be transmitted at all.

"Oh, this time, your evil spirits will be completely destroyed!"

Lu Ming sneered and killed like a sword.

"Help!"

The old man and the two big men shouted in horror.

But Lu Ming's eyes were filled with the light of death. The three of them were suddenly enveloped by the light of death, and then in the light of death, they turned into fly ash and dissipated.

Long Yuanshan and Yang Tianzong lamented that they hadn't seen them for years. It seemed that their younger brothers had become stronger and reached a height they could hardly reach.

The old man, however, had the cultivation practice of Dasheng Dacheng, but in Lu Ming's hands, there was no slight resistance, and he was directly destroyed. Lu Ming, from beginning to end, did not touch it.

These methods make them feel a little unbelievable.

"Little brother, go away, you kill them, the evil spirits will soon find out that when they send experts to come, the trouble will be great!"

At this time, Long Yuanshan thought of something, his face dignified.

"Second Senior Brother, Third Senior Brother, I came back this time to save you!"

Lu Ming said.

"Save us?"

Long Yuanshan and Yang Tian froze for a while, and then showed a happy look, saying: "Little Brother, have you moved from the ancient moon holy land to rescue the soldiers?"

They thought that Lu Ming was so confident that he must have called for rescue.

"Salvation? Isn't it!"

Lu Ming touched his nose and said, "Oh, where is Master? Where are the other people in Dragon Valley?"

"Senior Master, Master is on the original Tianyu Demon Sect. In fact, most of the people in Longshen Valley are there, and there are other ancestors in Cangzhou, and most of them are there. Do the coolies over there and refine a magic pill for evil spirits!"

Longyuan Mountain Road.

"Listening to the kind of magic pill that can help disciples to improve their cultivation, the **** demons completely treat us as slaves!"

Yang Tianzong said very uncomfortably.

"All in Tianyu Mozong!"

In Lu Ming's eyes, there was a ray of murderous opportunity, and then said: "Second Brother, Third Brother, I will first break the prohibition in your soul!"

With Lu Ming's current cultivation practice, it is not too difficult to break the prohibition in their souls.

"Break the ban? No. As long as you break our ban, the person who laid the ban on evil spirits will immediately find out that other people are in danger!"

Long Yuanshan said quickly.

Lu Ming frowned, this is indeed very troublesome.

For everyone, the soul has been banned, and life and death are between the other party's thoughts, and this problem must be solved, otherwise, Lu Mingxiu can't let go of his hands and feet to be stronger.

Then asked: "Brother, do you know how many people are prohibited by the evil spirits, where are they?"

"As far as I know, there is only one person banned by the evil spirit church, and this person is also in the Tianyu Demon Sect!"

Longyuan Mountain Road.

"Only one person!"

Lu Ming was happy.

There is only one person, so it's easy to handle.

"Senior brother, we can start to go to Tianyu Demon Sect and kill the person under the prohibition!"

Lu Ming said.

"Wait a minute, Master, don't act rashly. The person who is under the restraint has quasi-Emperor Realm cultivation. Moreover, in the Tianzong Demon Sect, there is a dharma king of evil spirit religion!"

Long Yuanshan said quickly.

The magic kings of evil spirits are all characters in the Emperor Wu Realm.

Didn't they go to death when they passed like this?

"It's okay, just a Dharma King, it's not a worry!"

Lu Ming smiled.

"Sister Brother, you really invited rescuers from the ancient moon holy land. Can you suppress the Wudi strong?"

Long Yuanshan and Yang Tian were overjoyed.

"Sufficient to kill Emperor Wu, the two brothers don't have to worry, you just need to take me with you and find the person under the prohibition."

Lu Ming said.

"Well, since that's the case, let's go!"

Long Yuanshan made up his mind.

"Two brothers, wait a minute for me!"

Lu Ming flickered out of the cave.

Less than a minute later, Lu Ming returned.

Just now, he has already made a turn in the Dragon Valley, killing some masters above the Holy Realm who are stationed in the Dragon Valley, killing them silently.

In this way, after that the person who laid down the prohibition was killed, and all the restrictions on the Dragon Valley were released, and the evil spirits could be defeated while taking advantage of the situation.

"go!"

Lu Ming waved his hand, a force rolled up Long Yuanshan and Yang Tianzong, out of the cave house, soaring into the sky, flew towards Tianyu Mozong, the speed was almost extreme.

"This speed..."

Long Yuanshan and Yang Tianzong were shocked.

Lu Ming's speed is too amazing, beyond their imagination, much faster than the most holy ones they have ever seen.

Soon after, a large area of the Magic Mountain looked away.

Tianyu Mozong, a large area of the magic mountain, can see the figure flashing from time to time.

"Brother Shidi, what about the rescuer you invited?"

Long Yuanshan asked.

Yang Tianzong is also curious. He has arrived at Tianyu Demon Sect. They have not seen other people. From beginning to end, only a few of them.

"Qiuyue, let's go!"

At this time, Lu Ming said to Qiuyue.

"Ok!"

Qiuyue nodded.

"Ah? She? Brother, don't, there is the evil spirit priest here, the evil spirit prince, but the presence of Emperor Wudi, you call this little girl, this is harmful to her..."

Long Yuanshan quickly stopped.

Before Qiuyue, they always followed Lu Ming honestly, and they were still so young. They didn't even think about how strong Qiuyue's cultivation practices were.

Now, Lu Ming actually asked Qiuyue to shoot, is this not Qiuyue to die?

"Two rest assured!"

Qiuyue smiled, then stepped out and appeared over many magic mountains.

boom!

Then, Qiuyue exploded with a terrifying breath of terror.

It was Diwei, vast and endless, like the ocean and the sea, unfathomable.

Long Yuanshan and Yang Tianzong were stunned.

Chapter 2152: Break the ban

Qiuyue erupted in the breath of the Emperor Wudi, and the terrible pressure, like a storm, pressed toward the many magic mountains of the Tianyu Mozong.

Feeling the horrible breath of Qiuyue, Long Yuanshan and Yang Tianzong were completely stunned, and then his body trembling.

Emperor Wu!

Qiuyue was actually Emperor Wu. The beautiful woman who had been following Lu Ming just now was a Wu Emperor.

God, such a young Emperor Wu!

What Emperor Wu represents, in Cangzhou, it is the master, the supreme existence.

People in Cangzhou basically do not know the specific division of Emperor Wu. In their eyes, as long as they reach Emperor Wu, they are invincible characters.

Even, many people call the general Emperor Xu the Great.

At this moment, Tianyu Mozong was completely chaotic.

"Wu Di, Wu Di!"

"An Emperor Wu appeared!"

Some people shouted, and in the many magic mountains of the Tianyu Demon Sect, the figure flickered, and some were frightened.

Because this is an unfamiliar martial emperor, not the emperor of the evil spirit religion.

Uh!

In a magic mountain, a rainbow of light burst out, and a figure appeared in the sky, filled with a terrifying breath.

Diwei!

This is also an Emperor Wu!

"The Soul Extinction King, it's him, this guy didn't die!"

Lu Ming's eyes flashed.

The person who appeared here was actually the Soul Exterminator.

When Lu Ming first came to Yuanlu, he once entered the Cang Emperor's secret realm. In the Cang Emperor's secret realm, he saw the Soul Extinction King and Cang Emperor.

The two were inside, fighting for 60,000 years.

Later, the body of Cang Emperor appeared, but the Soul Extinction King disappeared, and then came out again. Lu Ming got the storage ring and inheritance of Cang Emperor. This incident almost forced Lu Ming into desperation.

At that time, Lu Ming suspected that the Soul Exterminator was not dead, and the news was leaked by him. Now, it seems so.

Moreover, the injury of the Soul Destruction Rule has now been healed.

"Just one star Emperor!"

As soon as Lu Ming sensed, he realized that the Soul Exterminator was only a star emperor, and he let go of his heart.

Generally a one-star Emperor cannot be Qiuyue's opponent.

"who are you?"

Soul Extermination King has some solemn openings.

Qiuyue looked so young and broke into Emperor Wu's realm, which shocked him.

"The one who killed you!"

Qiuyue spoke coldly, waved her jade hand, and slammed toward the Soul Exterminator.

The Soul Extermination King has no choice but to fight with Qiuyue. The two are fighting in the sky, and the void is shaking endlessly.

"Senior brother, Qiuyue girl, is the rescuer you invited?"

Long Yuanshan asked.

Lu Ming smiled, did not answer, said: "Brother, now you take me into the Tianyu Demon Sect, and find the person under the prohibition!"

"it is good!"

Long Yuanshan and Yang Tianzong nodded. They also knew that now was the critical moment and they could only choose to believe Lu Ming.

The three of them rushed towards Tianyu Mozong.

Long Yuanshan and Yang Tianzong are also controlled people. The evil spirits will not be blocked, but Lu Ming condenses the breath. Following the two, the other people also think that Lu Ming is the "own person", and naturally there is no obstruction.

They traveled through the magic mountains, looking for the people under the prohibition.

Moreover, at this moment, everyone was attracted by the imperial war in high altitude, and not many people paid attention to Lu Ming.

"See it!"

Suddenly, Yang Tianzong showed a happy look.

On a magic mountain in front, there stood a group of people, one of whom was a skinny old woman.

Lu Ming recognized it at a glance, because at the beginning, he had seen the old woman with his own eyes and laid a ban on others.

The three of them flew towards the mountain.

"What are you doing?"

Someone looked at three people.

"Sir, we have something to report, about the Emperor Wu!"

Long Yuanshan bowed to salute.

"Oh, come and talk!"

The thin old lady looked at Long Yuanshan and the others.

The three of them flew towards the Magic Mountain, and slowly approached the dry old lady.

Lu Ming's eyes narrowed. He had to kill the old woman in an instant. Otherwise, Long Yuanshan and Yang Tianzong would be in danger. The other party could control the prohibition and destroy the souls of Long Yuanshan and Yang Tianzong.

"You know that Emperor Wu, what is the origin? Any news, say it all!"

Shy old woman said.

Beside him, there are a few old men, one by one, who are deeply cultivated, and they are all characters in the quasi-imperial realm.

"Sir, I accidentally got a message, like this..."

Lu Ming took a few steps forward, pretending to be a reply, and moved closer to the old lady.

"What's the matter, say, no, wait a minute, you..."

At this moment, the old lady found out that he was not right, he was not on Lu Ming, and found that his prohibition fluctuated, that is to say, Lu Ming was not controlled by his prohibition.

Except for the clan of the Emperor's clan, Tianyu Mozong forces, and the disciples of the evil spirit religion itself were not controlled by the ban, other forces that surrendered were controlled by her under the ban.

Is this kid, evil spirits, or the forces of the emperor clan?

In an instant, the old lady turned her thoughts.

boom!

At this time, Lu Ming broke out and killed the old woman.

The distance of several tens of meters, for Lu Ming, is almost instantaneous, even exceeding the human response.

The old lady didn't even respond, and Lu Ming rushed to her, slamming her head towards her.

puff!

The old woman's head burst like a watermelon.

One move, kill!

At this time, other talents reacted.

"you wanna die!"

"Boy, kill!"

On the edge of the old woman, several other imperial emperors were furious and slammed towards the landing.

Old lady, being able to lay a ban on the souls of other people is a gift. It is not common to all evil spirits and is extremely rare.

Nowadays, the whole evil spirit religion can only be done by the old lady.

The old lady had a disciple, although she also had this talent, but the cultivation practice was too weak, and it was embarrassing and useful.

Therefore, the death of the old woman is absolutely a great loss for the evil spirits.

"You are dead!"

Lu Ming spoke indifferently, a palm burst out, and the terrible palm power poured out like a row of mountains and seas. Several prospective emperors directly burst their bodies and fell on the spot.

"This..."

At this time, Long Yuanshan and Yang Tianzong reacted, dumbfounded.

That was the Prospective Emperor. Several Prospective Emperors, in Lu Ming's hands, had no resistance and were beaten to death with a palm.

Lu Ming, what is the realm now?

"Brother, has your ban been broken?"

Lu Ming asked.

"Broken, the old woman died, the ban was automatically broken!"

The two reacted, showing joy.

"The ban is over, our ban is over!"

At this time, the whole Tianyu Demon Sect was noisy.

At least half of all the surrendered ancestors in Cangzhou gathered here to help evil spirits teach alchemy. At this moment, everyone feels that their prohibition has been broken.

"You guys, let me kill you!"

At this moment, there was a roar, and then a sword light rose into the sky, killing several disciples of evil spirits.

"Master!"

Lu Ming's eyes lit up.

Chapter 2153: He is my young master

Tianyu Mozong, an old man, slaughtered in a vertical and horizontal direction, where Jianguang passed, he even cut off several disciples of evil spirits.

This old man is the master of Lu Ming, the owner of Yunlong Valley.

"Destroy all these debris!"

With a roar, a tiger roared, slammed into the sky, and slapped, killing several evil spirit disciples.

This is also a most holy, a strong man in the demon castle.

Then more people rioted.

Over the years, they have all been controlled by the ban and have been bullied. Now that the ban has disappeared, everyone immediately riots and wants to rush out of here.

"You die!"

Among the many magic mountains, a terrible breath rose.

Evil spirit religion, Emperor Tianshen Palace is here, arranged a lot of masters, in addition to the old ladies, there are more than a dozen holy realm strong, but, the quasi-imperial realm is gone, has just been landed Naruto.

More than a dozen holy ones, stepped on the sky toward the Yunlong Valley Master, and the tigers killed.

Lu Ming waved his hand, condensing more than ten spears in the air.

call out! call out! ...

These spears turned into a rainbow of light, assassinating those most holy.

"not good..."

"Do not..."

These holy saints felt the terror crisis coming and wanted to avoid it, but it was too late.

puff! puff! ...

More than a dozen holy ones, all pierced by a spear, fell on the spot, and their bodies fell to the ground.

Lord Yunlong Valley, the tiger, was shocked and looked to Lu Ming on their side.

Upon seeing Lu Ming, the main pupil of Yunlong Valley suddenly widened, exposing the ecstasy:
"Ming'er!"

Master Yunlong Valley is truly ecstatic.

Just now, those long spears, issued by Lu Ming, instantly killed more than a dozen holy saints, making him stunned for a while.

He understands that he has not seen him for many years, and his disciples' behavior has completely surpassed him.

"Master!"

Lu Ming also smiled.

"Kill, kill!"

At this moment, Tianyu Mozong was completely chaotic.

Others, seeing the evil spirit religion, the most holy of the Emperor's clan were killed instantly. At this time, there are no masters anymore. The people of all major gates took advantage of the situation to fight back and launched the evil spirit and the emperor's clan. Attack.

The scene was a mess.

"Ming'er, I'll tell you later, kill the enemy first!"

The main path of Yunlong Valley then turned into a sword light, killing the people of the evil spirit religion and the emperor's clan.

Among the evil spirits and the emperor clan, there is no supreme holy, and no one is the opponent of the Yunlong Valley Lord. The situation is one-sided.

Tianyu Demon Sect has gathered more than half of the people in Cangzhou. The number of people far exceeds that of the evil spirits and the emperor clan.

In the past, because it controlled the souls of many people, there was no need for many people to manage them. Now the soul prohibition is **, and the Holy One is killed again, and the situation is completely collapsed.

"Qiuyue, solve him!"

At this moment, Lu Ming had a message to Qiuyue.

Before, Qiuyue didn't use all his strength to fight with the other party intentionally.

boom!

After receiving Lu Ming's transmission, Qiuyue broke out.

The law of yin and yang turned into a terrifying destructive force and blasted toward the soul extermination king.

"Yin and Yang rules, you are the king!"

The Soul Exterminator yelled in horror.

boom!

Soul Extinguisher was attacked by Qiuyue, he vomited blood, and his body almost exploded.

"Run, run!"

Soul Extinguisher turned and ran.

In general, Emperor Wu, who met the royal body, was not at all enemies.

He has limited talents. Although he has been an emperor for many years, he has only been a star emperor, and his combat strength is not strong. He is not Qiuyue's opponent at all.

"dead!"

Qiuyue drank, waved her hands, and two scimitars appeared, turned into a round of Yin and Yang, and slayed toward the Soul Exterminator.

The Soul Extermination King roared and tried his best to resist, but could not stop it at all, and was directly penetrated by the Yin and Yang rounds.

The Soul Extermination King dragged his residual body and fled wildly, but the Yin and Yang rounds caught up and rolled down.

bump!

The body of Soul Extermination King exploded directly, and the soul uttered a scream of sorrow, resounding through Tianyu Demon Sect, and then the soul was also wiped out, and the gray smoke disappeared.

"The Soul Exterminator is dead!"

"Wu Di was killed!"

Everyone was shocked.

One Emperor Wu was killed in this way, everyone was shocked.

After that, the morale of the major schools in Cangzhou increased greatly, and the demons, the people of the Emperor's clan, had weak morale and began to flee.

"Brother, we are going to kill the enemy too!"

Long Yuanshan and Yang Tianzong also killed the people in the past.

Lu Ming walked in the air. Around his body, a spear was condensed. From time to time, a spear would fly out. Every time the spear flew out, it would kill the other strong man.

There was no suspense in this war. Soon afterwards, the demons and the clan of the Emperor's clan were almost killed, and almost no one escaped.

At this time, Qiuyue came into the air and walked towards Landing.

All eyes are on Qiuyue.

This is an emperor Wu, so young and so beautiful, it is amazing.

Lord Yunlong Valley, that tiger, and others are all characters from the Holy Land, and they are flying towards Qiuyue at this moment.

"Thank you Lord Emperor Wu for your help!"

"Thank you Lord Wudi!"

Master Yunlong Valley and others bowed to Qiuyue one by one, very respectful.

In their eyes, Emperor Wu, that is the supreme existence, they guessed that Qiuyue must have come from the ancient holy land.

They were amazed. The ancient moon holy place is worthy of being a holy place. It is amazing to have such a young martial emperor.

Qiuyue's pretty face turned slightly red, a little embarrassed, and whispered: "You don't have to thank me, the younger master asked me to do it, and you are relatives and friends of the younger master.

What?

Master?

Everyone was stunned. Qiuyue was such a figure, a peerless genius, who was actually someone's maidservant?

Is such a young Wu Di a maidservant?

What kind of character should that young master in Qiuyue's mouth be?

Many started to look around, looking for the 'Young Master' in Qiuyue's mouth.

At this time, Qiuyue came to Lu Ming silently.

"Master!"

Qiuyue gave a soft cry.

What?

Nest!

What did I hear?

The scene calmed down suddenly. Everyone was caught in petrification. They stared at each other one by one, staring at the landing stunnedly. Their eyes were almost staring.

The young master Qiuyue said was Lu Ming?

Long Yuanshan and Yang Tianzong were also caught in petrification.

Before, they thought that Qiuyue was Lu Ming's holy place from the ancient moon. The strong man he invited had no dreams. Qiuyue was actually Lu Ming's maidservant.

A young Emperor Wu is such a young lady, everyone feels their brains rigid, and their faces are dumbfounded.

"Lu Ming, he is Lu Ming!"

"Really Lu Ming!"

Many people spoke, and this recognized Lu Ming.

Lu Ming was originally known as Cangzhou. He was proud of Cangzhou's first day. No one knew it, no one knew it. Now many people have reacted and are more shocked.

"Master, second brother, third brother, although Qiuyue is my maid, I always treat her as a relative!"

Lu Ming pulled Qiuyue's little hand and smiled.

Everyone showed an expression like this.

Chapter 2154: One-pot plan

Qiuyue's face was reddish, and she stood beside Lu Ming well.

Everyone is envious, a Wu Emperor, but so obediently obedient, this is simply the dream of all men.

But immediately, many people thought of Lu Ming's combat power.

Just now, Lu Ming shot, and many people saw it in his eyes. The Most Holy was unable to withstand a blow in Lu Ming's hands and was instantly killed.

Lu Ming's own combat power is also terrifying.

Is it possible that Lu Ming has also broken through the most holy realm, even the quasi-imperial realm?

Many people lamented that when Lu Ming was in Cangzhou, he had already exhibited the talent of terror, pressed the younger generation, and became sanctified in the back, and he was able to kill the enemy across a realm.

And now, if Lu Ming has broken into the most holy, killing the most holy at the same level, naturally relaxed.

Many people looked at Lu Ming's gaze with awe of awe.

Lu Ming's current strength is undoubtedly already at the peak of Cangzhou.

"Master, where is the headquarters of evil spirits?"

Lu Ming looked at Master Yunlong Valley and asked.

In the Tianyu Demon Sect, he did not see the Tianyu Demon Sect Master and others.

Lord Yunlong Valley, with a smile on his face, heard the words and said, "Evil spirit headquarters, in the Emperor's clan, many evil spirits are in the Emperor's clan!"

"Is the emperor's family?"

Lu Ming whispered, a flash of murder in his eyes.

"Master, are all the ancestors of Cangzhou here?"

Lu Ming asked again.

"No, most of them are gathered here, and some of them are distributed among the original sects. However, there are not many masters of evil spirits in those sects. This time the soul prohibition has been broken. I believe many people will take the opportunity to escape!"

Main Road of Yunlong Valley.

Lu Ming nodded, like Dragon Valley, there are some people, but not many.

"Master, everyone, can you spread the news here so that everyone can join here!"

Lu Ming said.

"Okay, I will spread the news here and let everyone come this round. This war evil spiritism has suffered heavy losses and will definitely take action!"

Lord Yunlong nodded.

Immediately, everyone spread the news.

Lu Ming smiled, he spread the news and brought together everyone, but not to gather strength for defensive purposes, he wanted to attack.

He wants to attack the Emperor's clan. The news here is that the Emperor's clan and the evil spirits will definitely shake. In that case, they will gather all the masters, and it will be a pot of time.

This is Lu Ming's plan.

If scattered, Lu Ming would have to run from place to place, which is too much trouble.

Others naturally don't know his thoughts. Others think he wants to gather strength to defend.

The news quickly spread that Cangzhou, Yunzhou, Dizhou, and Sanzhou shook.

Cangzhou Tianjiao, Lu Ming, came back and took a martial emperor with a strong return. Upon his return, he killed a dharma king of evil spirit religion.

An Emperor Wu fell and shook everyone in Sanzhou.

In Cangzhou, the people who originally surrendered to the evil spirit religion, and the people controlled by the evil spirit religion, because the prohibition was broken, most of them fell out of the control of the evil spirit religion and rushed toward the Tianyu Demon Sect.

In the next ten days, more and more people gathered in Tianyu Mozong.

At the beginning, Cangzhou had thirteen overlord sects, countless small sects, and many masters. For a time, Tianyu Mozong was full of people.

Of course, such as Tianyu Mozong, Yudu Sect, and Blood Demon Tower, these sects who have long relied on evil spirits have been regarded as evil spirits.

However, none of the people of Tenjin Sect saw it.

For more than ten days, Sanzhou was difficult to calm down. It was a storm, and everyone felt a dull breath.

Everyone knows that the war is about to break out.

The evil spiritism has lost so much, it won't be the case, and there will definitely be thunder.

For more than ten days, the surface looks calm, but it is actually the calm before the storm, which is very depressed.

The Di family is located in the best area of Dizhou, where the original atmosphere is rich and outstanding.

Pieces of palaces are located in this area, and the palaces are in pieces, just like the mythical Tiangong.

During this time, in this palace, it was not calm, and many people were talking about one thing, that is, Lu Ming took Wu Emperor and returned strongly.

In a palace, several people were discussing, and they were abbots of the **** of heaven, and a few elders of the **** of heaven.

In these years, Tenjin Sect has almost completely relied on evil spirit religion, and is dedicated to evil spirit religion, so they have received a lot of resources.

"Sect Master, Lu Ming now comes back with the Emperor Wu from the outside world. It seems that he wants to exterminate the evil spirit religion. Now that our soul prohibition is broken, should we take the opportunity to leave the evil spirit religion and leave here?"

An elder asked.

"Confused!"

Sect Master Tianshen scolded and said, "I heard that Lu Ming just brought a Wu Emperor back. What can a Wu Emperor do? And I tell you, the water of evil spirits can be deep, you think, evil spirits Do you teach these few dharma kings?"

"Did the evil spirit religion secretly, there are other martial arts strong?"

Several of the elders of Tenjin Sect, their expressions have changed.

"Yes, so Lu Ming is just looking for his own death. Now, we can not only escape from the evil spirit religion, but also show our heartfelt heart to the evil spirit religion. In this way, we will be more valued by the evil spirit religion!"

Sect Master Tianshen has a confident look.

"Sovereign wise!"

Several elders slapped.

In another palace, Tianyu Demon Sect Master, Sovereign Desire, and others are also discussing matters.

"Lu Ming, hehe, I didn't expect you to really come back with the strong, but even then, what can I do, it's just a dead end!"

Tianyu Demon Sect Master, sneered.

In Sanzhou, the atmosphere became more and more dignified, and at this time, Xue Ningxin and Tian Hao also came to the Tianyu Demon Sect. When they saw the Lord of Yunlong Valley, everyone was naturally happy.

Xue Ningxin and Tian Hao also brought news that evil spiritism, the masters of the Emperor's clan in Yunzhou, all converged towards the base camp of the Emperor's clan.

"it is good!"

Lu Ming smiled, and then summoned everyone to start discussing.

"Everyone, nowadays, all the cults of the evil spirit and the emperor clan have gathered together in the emperor clan, so I decided to attack the emperor clan and destroy the evil clan and the emperor clan in one fell swoop!"

Lu Ming shouted.

"What? Attack the Emperor's clan?"

"This is death!"

Everyone was trembling, watching the landing song incredible.

"Lu Ming, what you said is true?"

Lord Yunlong Valley is also a bit incredible.

Lu Ming actually wanted to attack the emperor clan.

Now, the emperor clan, the masters of evil spirits are gathered, but it is no more than the previous Tianyu Demon Sect, and there are definitely more than one martial arts powerful. When they go to attack, is it not to find death?

"Yes, I just wait for them to join together before attacking. It's just a panacea!"

Lu Ming said.

Many people are speechless.

One pot? Based on them?

Chapter 2155: Kill the emperor

Many people looked at each other.

They used to think that Lu Ming gathered people from various ancestors to defend against the attack of evil spirits. He dared to wait for the masters of evil spirits and the emperor's clan to converge.

This idea is too crazy!

"Minger, did you also invite other masters, such as other Emperors Wu?"

Yunlong Valley Master asked.

"No more, just us!"

Lu Ming said.

The scene was quiet and many people were a little dazed.

"Sister Lu Ming, it's not that the old man looks down on you, but there are at least two princes of evil spiritism, and the emperor Shi Tian, the patriarch of the emperor's clan, is also a terrifying martial emperor. With us, it is undoubtedly that the stones are hit with eggs!"

"Yes, our plan now is to gather together, then break through, leave the three states, and go to other continents!"

A few elders spoke, they were the elders of several ancestors, and they had cultivation in the most holy realm.

"I'm sure I do this. How can I make a joke about my life, not to mention, my Master, my brother, they are all together!"

Lu Ming said.

Everyone's heart moved, indeed!

Lu Ming is so arrogant, how could he be so reckless, knowingly invincible, and go to death?

Lu Ming, what else does it fail?

"Okay, Ming'er, with you, kill the Emperor Clan!"

Yunlong Valley Lord expressed his position first.

"Me too!"

Long Yuanshan, Yang Tianzong also followed the opening.

"Me too!"

Along with this, the tiger of the demon castle also spoke.

Then, many people spoke and promised to go with Lu Ming to kill the Emperor's clan.

However, some people have never spoke.

"Why don't you try to do it? What are you going to do?"

Lu Ming looked at those who did not speak.

"I... we intend to enter the Yunhai Mountains and travel to other continents!"

Said an old man with an aquiline nose.

This eagle-hook nose old man was a former elder of the original Jiuxiao Jianzong, and he also had the cultivation of the Most Holy Realm.

"Oh, this is the best. If you don't go, if the Clan of the Emperor's Clan and the evil spirit religion are destroyed by me, the land of the Three States will lose your share!"

Lu Ming spoke coldly.

The old man with a crocodile nose and his face changed slightly.

Lu Ming's meaning is obvious. If the evil spirit religion and the Emperor's clan were destroyed, they, those who did not participate, would not be eligible to stay in the land of Sanzhou.

Those who are unwilling to go, look gloomy and turn their eyes.

"Okay, the idea is set, let's go!"

Lu Ming rose into the sky, then waved his hand, and three puppets appeared in the sky.

One of them is the goshawk puppet commonly used by Lu Ming, and the other two are also bird puppets. They were purchased by Lu Ming when he was a puppet of the gods. The speed is not below the gospel puppet.

The three puppets grew dramatically, their wingspan spread out, and there were thousands of kilometers, like three hills, packed with the sky.

"Master, you all come up!"

Lu Ming cried.

People who are willing to follow Lu Ming to the Di clan have vacated and flew to the puppet.

On the puppet, a layer of light mask permeated everyone, and then Lu Ming thought, and the three puppets broke away, disappeared here, and disappeared.

"So fast!"

The rest of them were speechless.

"Brother Wang, what are your plans next?"

Someone inquired about Jiuxiao Jianzong's eagle-nose old man.

"Huh, that Lu Ming, it's too self-disciplined. The strength of the evil spirits and the Emperor's clan is definitely far beyond imagination. They went, and it was just a dead end!"

The old man with a croak nose sneered.

"But in my opinion, Lu Ming is full of confidence, maybe there are any cards, this person is a peerless arrogance, if there are any cards, maybe!"

Also humane.

The old man with a hooked nose flashed his eyes, thinking about the possibilities.

"It's better to go to the emperor clan and hide in secret. If Lu Ming was defeated and killed, we fled into the Yunhai Mountains from Dizhou and went to other places. If Lu Ming defeated the emperor clan and evil spirits, we Also take the opportunity to get some benefits!"

The old man with an aquiline nose said.

"Brother Wang Yingying!"

"Senior Wang is very good!"

Others slap their ass, and immediately they also set off, quickly heading towards the emperor's family.

Lu Ming controlled the three puppets at an astonishing speed. Soon after, he entered Dizhou.

"It's fast!"

Others were shocked.

It was only a long time before I passed through Cangzhou and entered Dizhou. Such a speed is terrifying, and the average flying shuttle can't be compared.

Many people looked at Lu Ming, this first pride in Cangzhou, I am afraid these years.

Lord Yunlong Gu, with his beard, smiled.

He was extremely satisfied with this disciple.

Not much time passed, and in front of them, there appeared mountain peaks, and on the mountain peaks were built a lot of palaces.

Emperor's clan, here it is!

"Di's!"

Lu Ming's eyes flashed repeatedly.

when! when! ...

Lu Ming and they came, and the Emperor's clan naturally found that a deafening bell sounded, and then, in all the palaces, the figure flickered.

"It's Lu Ming!"

There was a voice.

The people of the Emperor's clan and evil spirits were a little shocked.

They never imagined that Lu Ming dared to take the initiative to attack. Originally, after two days, they would also send a large army to wipe out Lu Ming in one fell swoop.

Unexpectedly, Lu Ming took the initiative to attack.

A large number of figures appeared on the front mountain of the Emperor's clan.

They are all masters of Emperor Shi's and evil spirits.

Lu Ming waved his hand, put away the puppet, and stood in the air.

In the crowd, he saw Tianyu Demon Sect, Tianshen Sect Master and others.

"Master, I'll do it first!"

Qiuyue said to Lu Ming.

"Well, be careful!"

Lu Ming said.

Qiuyue nodded, stepped out into the air, stepped towards the emperor clan, and the cultivation of a Wu Emperor Realm exploded.

The vast Diwei, like the stormy waves, pressed towards the inner family of the Emperor's clan.

Many people's faces changed greatly, feeling terrible pressure.

boom! boom!

At this time, two terrible breaths also broke out in the Emperor Tianshen Palace. Two rainbow lights rose into the sky, destroying Qiuyue's breath in one fell swoop.

At the next moment, two figures appeared in the air.

These are the two old men, with thin bodies, like two corpses, wrapped in black robes.

"Soul Eater!"

Lu Ming moved.

One of them, Lu Ming, had seen it before, it was the spirit bitter king who was suppressed in Tianfeng Plain, one of the six forbidden places in Cangzhou.

At the beginning, the Spirit Devourer escaped from difficulty, and Lu Ming got the Tai Chi position there.

The other person, Lu Ming, had never seen it before, and wanted to be another Dharma King.

"Ji Jie, such a young Emperor Wu, has absolutely deep blood, and let me swallow you, maybe it can help me to make a breakthrough!"

The Spirit Devourer made a weird smile, and moved towards Qiuyue.

Qiuyue shot with a palm, and the Yin-Yang law moved with the palm force, blasting towards the Spirit Devourer.

The palm of his hand was like a wave, blocking the body shape of the Soul Eater, causing him to shake his body and retreat back.

Chapter 2156: Scrapped

"Kingdom, rule of kingship!"

The Soul Eater roared.

His cultivation base is a one-star virtual emperor, naturally unable to stop Qiuyue, and was swept away by a palm.

"Great!"

Yunlong Valley Master and others saw Qiuyue flew the Spirit-Eating Law with a slap in the palm.

"It turned out to be a royal body. It seems that you are from Tianyue of the ancient moon holy land, just killed, hehe!"

The other dharma sneer sneered, and a black light erupted from his body, as if the ghost was crying and howling.

Uh!

He rushed toward Qiuyue, and the black light enveloped toward Qiuyue. In the black light, there were infinite evil spirits.

"Two Star Emperor!"

Qiuyue's eyes were slightly dignified, and then, with a small wave of her hand, two scimitars flew out and turned into Yin and Yang rounds.

The Yin-Yang round wheel spins extremely fast, bursting out the power of destruction and killing each other.

boom!

The attacks of the two collided together, and the evil spirits in the black light were continuously annihilated, but Qiuyue's attacks were also blocked.

"Dragon King Ghost, also blocked!"

The face of evil spirits changed.

Wangui Dharma King, but a very powerful Dharma King, a bit more powerful than the Devourer Dharma King, but still blocked by Qiuyue.

Boom! Boom! Boom!

Then, Qiuyue and Wan Guifa King fought against each other in succession.

Lu Ming lowered his mind, the other party was only the two-star Emperor Emperor, and Qiuyue's combat power was enough to block the other party.

If the opponent is too strong, Lu Ming shoots directly to suppress the opponent. In this case, it can happen to Qiuyue.

"Little girl, your strength is good, but at most it is tied with me, but those people are going to die!"

Wan Guifa sneered.

Qiuyue's face was calm, but she knew Lu Ming's strength, these people wanted to kill Lu Ming, just to die.

Qiuyue and Ten Thousand Ghosts made another move, and both sides stepped back a distance.

Uh!

The Spirit-Eating Law moved in shape, and appeared on the other side of Qiuyue. The breath was cold and enveloped Qiuyue. Together with Wan Gui Fawang, Qiuyue's retreat was blocked.

"Little girl, you are a martial emperor and dare to come here. Don't leave today, but before that, let you see how those people were killed!"

The Soul Eater sneered out loud, and then issued the order: "All shots, kill these invaders, one will not stay!"

"kill!"

Among the Emperor's clan, many people shouted, masters, step by step.

There are Emperor's clan, there are evil spirits, Tianshen Sect, Tianyu Demon Sect.

For example, a few people, such as Tianshen Sect Master, Tianyu Demon Sect Master, and Blood Demon Lord, stared at Lu Ming.

"Ready to meet the enemy!"

Yunlong Valley Lord shouted.

"Master, you stay on the periphery, wait a minute to kill the escaped person!"

Lu Ming opened the door, let Master Yunlong Valley stunned them.

Later, it was seen that Lu Ming alone stepped forward and greeted the Sect Master of the God of Heaven and others.

"This boy, leave it to me!"

Sect Master Tianshen drank coldly, his eyes were cold, his murderous body was extremely rich, and at the same time, his breath was amazing, and he reached the quasi-imperial realm.

"Old dog, it seems that in these years, you have worked very hard for the evil spirit religion, and you have actually been promoted to the realm of the quasi-imperial!"

Lu Ming mocked.

Sect Master Tianshen has definitely been trained by many resources of evil spirits, otherwise, cultivation can't be promoted as fast as possible.

However, the potential of the God Sect Master has been exhausted, and it is impossible to break through to the Emperor Wu Realm in a lifetime.

"Lu Ming, die!"

Sect Master Tianshen drank coldly, with a strong murderous opportunity, and slammed towards the landing.

Lu Ming smiled slightly, and a puppet appeared.

This is a human figure puppet, carrying a war sword. At this time, the war sword is out of the sheath, and there is also a cultivation of the quasi-emperor realm, which killed the Sect Master of the God of Heaven.

Sect Master Tianshen was immediately blocked.

"This is a puppet of the quasi-imperial realm, you actually have a puppet of the quasi-imperial realm!"

The Sect Master Tianshen shouted, very shocked, and also showed greed.

This is a puppet of the quasi-imperial realm, and if it can be obtained, it is definitely a great fighting force.

The Sect Master of Tenjin, and the puppet of the Quasi-Emperor Realm, but the puppet feared life and death, and attacked frantically.

"Lu Ming, I will kill you!"

Another figure, rushing to Lu Ming, is the landlord of the blood demon.

In recent years, the repair behavior of the blood devil building lord has also skyrocketed, reaching the level of quasi-empire.

Lu Ming did not look at it. With a wave of his hand, a puppet appeared, killing the blood devil building lord, and also suppressing the blood demon building lord.

Another puppet of the quasi-imperial realm!

Many people are dumbfounded, envious eyes.

This is a puppet of the quasi-imperial level. There is a puppet who can walk sideways in the land of Sanzhou.

Yunlong Valley Master, they were also in a daze for a while, because before, Lu Ming was not used.

"Lu Ming, I don't believe it. You have so many puppets in the quasi-imperial realm, let me die!"

Sovereign of Tianyu Demon Sect, slammed towards the landing.

This time, Lu Ming did not take out the puppet.

The Sect Master of Tianyu Demon Sect deliberately accepted Xie Nianqing as a disciple, but secretly wanted to let the evil spirits teach the king to take home, and had already entered Lu Ming's must-have list.

Tianyu Demon Sect Master, approaching Lu Ming at a rapid speed. Seeing that Lu Ming never took out the puppet, he was overjoyed that Lu Ming's puppet had been used up.

"Dead!"

Tianyu Demon Sect Master's eyes are cold.

"Old lady, nobody can save you today!"

Lu Ming spoke lightly, suddenly took a step, and instantly appeared in front of Tianyu Demon Sect Master, pointing out.

With a finger, he went to the Dantian point of the Tianyu Demon Sect Master.

The Sect Master of Tianyu Demon Sect now also has the cultivation of the quasi-imperial realm, but under the attack of Lu Ming, it is useless.

bump!

Lu Ming's fingers directly penetrated the Dantian of the Tianyu Demon Sect Master, and shattered her sacred heart.

Tianyu Demon Sect Master screamed, his body retreated, and was caught by an elder Tianyu Demon Sect behind him.

"Ah, ah, beast, you abolish my cultivation, you abolish my cultivation, my cultivation!"

Sovereign of Tianyu Demon Sect, screamed with sorrow and despair.

The Sacred Heart was destroyed, and his life-long cultivation practice was put into vain. From then on, she became a waste person, and she was almost crazy.

Sect Master Tianshen, the landlord of the Blood Demon House, felt that their body was covered with sweat and cold sweat.

They are aware of the strength of Tianyu Demon Sect Master, and they will definitely not be weaker than them, but now, they can't take Lu Ming's move and they are directly abolished for cultivation.

The two of them could not help but retreat.

"Where did you go back?"

Lu Ming spoke indifferently, and then pointed **** in succession. The **** shot out in a hurry. The speed was amazing. The Lord Tianzong Sect Master and the Blood Demon Tower Lord could not even react. Stepped into the footsteps of the Sect Master of Tianyu Demon Sect, and the cultivation was abandoned.

what! what!

The two screamed sorrowfully, full of despair.

They knew that they had finished their hard work and turned into running water.

"Together, kill this beast, kill this beast!"

Sovereign of Tianyu Demon Sect, roaring insanely.

She is going crazy!

Chapter 2157: Fish in the net

"kill!"

"kill!"

The emperor's clan and the cultists of the evil spirits have all started. Various attacks, like a divine light, bombarded Lu Ming to drown Lu Ming.

But Lu Ming burst out, these attacks were defeated, Lu Ming passed by, and walked toward the Tianyu Demon Sect Master.

Just now, Lu Ming was able to kill Tianyu Demon Sect Master and others, but he did not do so. He wanted to let the other party know what despair is.

With a wave of hands, eighteen puppets appeared, all of them were quasi-imperial.

Eighteen puppets, armed with battle swords, killed forward.

puff! puff!

Immediately, there were a lot of evil spirits, the people of the Emperor's clan were beheaded, and the body fell to the ground.

The evil spirit religion, the horror of the Emperor's clan, the eighteen puppets in the quasi-imperial realm, this is also terrifying.

Eighteen puppets in the quasi-imperial empire, unafraid of life and death, continue to rush, even if the other party also has a quasi-imperial empire, they can't stop it, and people under the quasi-empire are constantly being killed.

"it is good!"

In the rear, Long Yuanshan and others were overjoyed.

They knew that in this battle, they couldn't get in, so they didn't shoot. They also knew that they could distract Lu Ming instead.

"Block these puppets!"

"Join together to block!"

The emperor's clan, the evil spirits shouted, and there was a lot of noise. All their prospective emperors were dispatched. Together with some characters from the Holy Land, they finally blocked the eighteen puppets.

Lu Ming ignored them and walked towards the Tianyu Demon Sect Master and others step by step.

"Shoot, kill this beast!"

"kill him!"

Sect Master Tianyu Demon Sect and Sect Master Tianshen shouted one after another. They were supported by others. Otherwise, they would not even be able to fly Yukong.

Immediately, someone killed Xiang Luming, and he reached out and pointed out, bursting with his fingers, piercing the eyebrows of those people.

A body fell to the ground.

Tianyu Demon Sect Master and others were horrified, and they helped them retreat.

Lu Ming followed up step by step. His eyes were cold and cold, and he always looked several people of the Tianyu Demon Sect Master. He wanted to let the other party despair.

Every time he gets close to the opponent, the opponent's face is ugly.

"You are dead today!"

Lu Ming spoke coldly.

boom!

At this moment, a deep breath erupted in the depths of the Emperor's clan, a black light rose into the sky, and the vast breath filled all directions.

Diwei!

Emperor Wu appeared again!

"kill!"

A tyrannical voice sounded, and the next moment, this figure, already appeared above Lu Ming, a terrifying breath shrouded Lu Ming.

"Three-eyed Protoss!"

Lu Ming was shocked.

The Emperor Wu appeared this time, not the head of the Emperor's clan, Emperor Shi Tian, but a three-eyed **** clan.

This three-eyed protoss is five meters tall and is shrouded in dark light. Most people can't see his whole picture, but Lu Ming's eyesight directly penetrated the light and saw the other party's body.

Here, there actually appeared a three-eyed **** clan in Wu Emperor Realm, which surprised Lu Ming.

"It seems that the evil spirit religion was really created by aliens. It seems that these three-eyed gods are the remnants of the original channel!"

Lu Ming turned to think about it and understood.

The three-eyed **** clan that came from that passage was almost strangled.

In particular, those true emperors and virtual emperors who were cultivated to advanced levels were slaughtered.

Because the emperors all shot, they specifically targeted the alien killing of these emperor realms, but there is no guarantee that there will be no fish in the net.

Obviously, the three-eyed protoss, the fish in the net, escaped here.

Here, it's too evasive, and naturally no one hunts.

"I don't know, are there any stronger three-eyed protoss!"

In Lu Ming's eyes, dignified color was revealed.

It stands to reason that the high-level virtual emperor, the alien of the real emperor realm, was locked up by the emperor, and was almost killed. There should not be such a high-level three-eyed protoss escaped here.

"No, Emperor Wu!"

Yunlong Valley Master, Longyuan Mountain, Yang Tianzong and others were shocked.

Although Lu Ming is strong, can he face the Emperor Wu Realm?

Sect Master Tianyu Demon Sect and Sect Master Tian Shen were ecstatic.

"Lu Ming, die, haha!"

Tianyu Demon Sect Master laughed wildly.

No matter how strong Lu Ming is, can he be better than Emperor Wu?

What about some puppets in the quasi-imperial realm? In the face of Emperor Wu, it is not a dead end.

"kill!"

The three-eyed Protoss shouted, a giant axe appeared in his hand, and an axe chopped towards the landing Ming.

Lu Ming's face was calm, and there was no point of evasion.

He has long seen that these three-eyed Protoss is nothing but a star emperor.

When the giant axe was about to be cut, Lu Ming shot it with a palm.

when!

Lu Ming's palm slapped on the opponent's tomahawk. The tomahawk vibrated and was directly flicked back, while Lu Ming's figure was motionless.

what?

Everyone was shocked!

Lu Ming was able to blow away an axe of a Wu Emperor, and he was still freehand.

Tianyu Demon Sect Sect Master, Tianshen Sect Sect Master and others, eyes rounded, an incredible expression.

And Yunlong Valley Master and others were also dumbfounded.

They had all kinds of conjectures. Some guessed that Lu Ming had some followers. He should have invited other masters, or some secret treasures, but no one guessed that Lu Ming could fight against the Emperor Wu with his own fighting power.

Because Lu Ming is too young, how can he be able to fight against Emperor Wu?

This is not realistic!

But in the next scene, they made them feel unreal.

"Evil God Clan's leaking fish, get rid of today!"

Lu Ming shouted and rose to the sky, killing each other.

The other party shouted and exploded in full force. In the third eye, a beam of destruction burst into the air and shot at Lu Ming, but Lu Ming flew in the palm of his hand.

bump!

Lu Ming shook his opponent's defense and bombarded him.

The other party screamed, and the burly body exploded directly, without cracking.

Hiss...

At the scene, there was a sound of breathing down.

Many people's eyes are almost stunned, it is difficult to believe, thinking that they are dreaming.

A Emperor Wu was directly blown away by Lu Ming with his bare hands, and he was torn apart.

This is too illusory, like a myth.

"Impossible, this is impossible!"

Tianyu Demon Sect Master hysterically shouted, difficult to accept all this.

How could Lu Ming be so strong, killing a Wu Emperor with one move, which for him, he could not imagine.

The owner of Yunlong Valley and others were all dazed, but after the reaction, they were all ecstatic.

"Does Ming'er become an emperor!"

Yunlong Valley Lord said excitedly.

Many people are thrilled.

Such a young Emperor Wu is really terrifying.

They finally understood that Qiuyue would follow Lu Ming.

"Great, great, this time, the evil spirits and the emperor clan can be annihilated!"

Someone was overjoyed and excited.

At this time, Lu Ming's eyes looked deep into the emperor's clan.

Chapter 2158: What is despair

Lu Ming looked at the depths of the Emperor's clan, and his eyes flashed repeatedly.

Just when he killed the evil **** clan just now, he felt a few fluctuations.

"It seems there is, get me out!"

Lu Ming drank coldly, volley pointed out.

Then, everyone was shocked to see that in the depths of the Emperor's clan, a huge finger formed in the sky and pressed towards a palace.

That finger, like the finger of a god, had a terrifying and powerful breath, which gave an impulse to worship.

boom!

Under the finger, the temple burst, and at the same time, several roars came out, shaking the earth.

A tall figure rushed out, punched out, crushing huge fingers.

Three figures appeared in the sky.

All are three-eyed protoss, with a burly figure and terrifying breath.

In particular, the breath of one of the three-eyed **** clan is extremely terrifying, and it is many times stronger than other martial emperors.

"One Samsung Emperor, two One-Star Emperors, I didn't expect that there are so many three-eyed Protoss, fled here!"

Lu Ming's eyes narrowed, and cold light circulated.

"You are the son of Chaos, but unfortunately, it's just the cultivation of Quasi-Emperor Realm, dare to do it with me? Really looking for death!"

The evil **** clan of the Samsung Emperor opened his mouth with a cold voice and stepped out, approaching Lu Ming at a rapid speed.

Evil spirit religion, many people of the Emperor's clan are ecstatic.

It turns out that there are so many martial emperors here, which is unimaginable.

Several people in Tianyu Demon Sect are also ecstatic.

This Emperor Wu was obviously many times stronger than the one who appeared before, and Lu Ming was dead.

Yunlong Valley Master and others were also shocked.

Many people are horrified.

With so many martial emperors, how could there be so many martial emperors?

In the past, there were only two Emperors in Sanzhou, one was Emperor Yun, and the other was Emperor Wu.

Later, the Emperor Wu of the evil spirit religion was born.

But now, Emperor Wu appeared in succession, and the one who came out behind was terrifying.

Can Lu Ming contend?

Many people are worried.

"I didn't know how many Evil God Clan I killed at that time, but there are not many Evil God Clan in Wu Emperor Realm, just take a few of you and start the surgery first!"

Facing the Samsung Emperor, Lu Ming's face remained calm.

"It's a big talk, every quasi-imperialist wants to kill me and die!"

This Samsung Emperor spoke indifferently, and his breath became more and more violent, and he punched and killed at the landing.

This punch directly smashed the space, terrified to the extreme, and killed Lu Ming.

Others were horrified. This kind of attacking power was really amazing. They felt that as long as they hit them a little bit, they will be distracted.

boom!

Lu Ming also moved, and he punched out.

Fist to fist!

In this fist, Lu Ming broke out five laws and merged them.

Two fists, bombarded together.

Lu Ming's fist is very small, which is much different from that of the opponent's water tank, but when bombarded together, the opponent's water tank's fist broke apart and flesh and blood were scattered.

what!

The other party screamed and retreated.

"How is it possible? Your rule..."

The other party roared, it was hard to believe.

"kill!"

Lu Ming didn't give the other party a chance at all. After killing him, he waved his hand and a war sword condensed out.

This war sword is Lu Ming's own sword of death, and it is now Lu Ming's strongest move.

A sword was cut out, and the opponent did not have the slightest resistance. He was directly split into two halves and killed by Lu Ming in the air.

Samsung Emperor, spike!

With Lu Ming's current combat power, he exhibited the sword of death. Not to mention the Samsung Emperor, the ordinary four-star Emperor, all of them must be killed in seconds.

Of course, if it is the kind of virtual emperor who understands a variety of laws and integrates successfully, it can't be done.

died!

This time, everyone was stunned again.

A terrifying virtual emperor was also killed, beheaded by Lu Ming with a sword, this scene is really shocking.

Yunlong Valley Master and others have been completely stunned.

The Spirit Devourer and the Ten Thousand Ghosts were still calm. Even if Lu Ming had killed a one-star Emperor before, they were surprised, but they were very calm.

Because they knew that in the depths of the Emperor's clan, the Samsung Emperor was dormant, and they could definitely kill Lu Ming easily.

But now, Samsung Emperor was also beheaded by Lu Ming, they were really frightened.

"kill!"

With a whisper, Qiuyue started, and the Yin and Yang rounds killed the Devouring Spirit King.

Qiuyue had known Lu Ming's combat power for a long time, so he was not surprised. The Spirit-Eating Law saw Lu Ming killing the Three-Eyed Protoss, and he was completely enchanted.

He was originally a one-star Emperor, not Qiuyue's opponent. Now he was hit by Qiuyue directly, and his body exploded and fell to the spot.

Then, a round of Yin and Yang made a move to kill the Wangui Dharma King.

"you..."

Wan Gui Pharaoh was furious and fought with Qiuyue. At the same time, he was chilling all over, preparing to escape.

Lu Ming is so terrifying, he kills a Samsung Emperor with a single move, and if he comes to kill him, he will die.

But Qiuyue would not know his thoughts, and tried his best to stop him and make him difficult to get out.

After Lu Ming beheaded the Samsung Emperor, he didn't stay at all, his body flickered, and he killed two other three-eyed **** clan in the one-star Emperor Realm.

The two three-eyed gods were horrified and instinctively wanted to run away, but the sword light flashed, the head separated, and the soul was also annihilated.

After killing the two three-eyed **** clan, Lu Ming walked in the air and killed the king of ghosts.

"no no!"

Ten Thousand Ghosts Almost scared to death, bombarded Qiuyue crazy, trying to escape.

But Qiuyue was not weaker than him, and he tried his best. He could not escape for a while.

By this time, Lu Ming had arrived.

"No, I surrender..."

Thousand ghosts yelled hysterically.

However, when the sword of death fell, the prince of ghosts was split in half, and under the power of the remaining sword, the body of the prince of ghosts annihilated.

Everyone was shocked beyond reproach.

died!

All the Emperor Wu is dead!

From Lu Ming's hands, in an instant, he even cut the five Emperor Wu, making everyone think they were dreaming.

In particular, the deity of Tianyu Demon Sect and the deity of Deity Sect were almost scared to death.

"Go, go!"

They screamed and told people to take them away.

But under the flash of the figure, Lu Ming appeared in front of them.

"I said, no one can save you today, you will die!"

Lu Ming spoke indifferently.

The deity of Tianyu Demon Sect, and the deity of Deity Sect of Heaven, revealed a look of despair.

At this moment, they can no longer rise to the slightest idea of resistance, which is truly desperate.

Before, they saw the Emperor Wu Emperor's Realm appear, and they were overjoyed, thinking that Emperor Wu could easily kill Lu Ming.

But Lu Ming's combat power, like a myth, far exceeded their expectations. Even Emperor Wu, in Lu Ming's hands, was like a chicken and a dog.

After a while, their mood fell from heaven to hell.

"Lu Ming, my cultivation practice has been abolished. Why do you rush to kill, just spare me a life!"

Tianyu Demon Sect Master pleaded.

Chapter 2159: destruction

Seeing that he could not escape, Tianyu Demon Sect Master began to beg.

"Begging for mercy? It's really ridiculous!"

Lu Ming smiled faintly.

Sect Master of Tianyu Demon Sect, for the sake of his own self, almost let Xie Nianqing be taken away, and behind him, with the people of evil spirits, forced Lu Ming to flee Cangzhou.

Is it possible to beg him now?

The sword of death swayed and beheaded in the desperate eyes of several heavenly demon sect masters and heavenly **** sect masters.

"kill!"

Lu Ming Changxiao, holy power surge, around his body, condensed a long spear, these spears broke out of the sky, killing the powerful people of evil spirits, the strong of the emperor clan, and killing them in the air .

Qiuyue also shot. Now, the opponent's Emperor Wu has been all beheaded. How can he compete with Qiuyue under the Emperor Wu?

Lu Ming has no mercy on his men.

This was created by evil spirits, aliens, and specializes in killing the powerful and Tianjiao of the Yuan Realm.

The people of the Emperor's clan, Tianshen Sect and other forces have already turned to evil spirit religion, which is no different from evil spirit religion.

The screams were ups and downs.

This is a massacre!

Lu Ming specially selected the quasi-Emperor, the most holy, and the most powerful at this level to kill. No one can stop a trick. As long as Lu Ming is staring at it, there is only one way to die.

Soon, the quasi-imperial realm was beheaded by Lu Ming.

"Run away!"

Soon, the evil spirit religion, the Emperor's clan collapsed, and without a heart of resistance, they ran furiously towards the Quartet.

"kill!"

Lu Ming shouted, shot wildly, and waved his hand, the gunman hole penetrated hundreds of miles, and several masters in the Holy Land were hit in the air.

At the same time, eighteen puppets in the quasi-imperial realm were also hunting wildly.

The scene was like **** on earth.

Evil spirit religion, the people of the Emperor's clan, like raindrops, fell to the ground.

"Shoot, don't let the evil spirit teach the remnants to escape!"

Yunlong Valley Lord roared, and led the powerful forces of Cangzhou, and began to hunt the escaped evil spirits and people of the Emperor's clan.

The other's top masters were almost killed by Lu Ming and Qiuyue, and the rest was enough to give to Yunlong Valley Master.

After a moment, Lu Ming did not start, but asked the eighteen puppets to help Yunlong Valley Master and others, and himself, went deep into the emperor's clan.

Although these puppets were not completely born with wisdom, they already had a sense of ignorance. As long as they gave orders, they would follow the orders.

The puppets of the God Puppet Sect cannot be compared with those of Tuyi and Jinyi in the Chaos Hall.

Tu Yi, Jin Yi, and others have been born with psychic intelligence, and their intelligence is no different from ordinary people. Even the very behind Tu Qian also has psychic wisdom.

This is not determined by the strength of the fighting, but by the strength of the puppet technique.

Lu Ming came to the depths of the Emperor's clan, and his spiritual knowledge diffused out, covering the territory of the Emperor's clan.

Nothing found!

Lu Ming frowned, strange, the head of the Emperor's clan, Emperor Shitian was not there.

Suddenly, Lu Ming raised his eyebrows, swooped down, punched out, the ground burst, and an underground passage appeared.

Lu Mingfei walked forward.

Under the underground passage, deep and quiet, Lu Ming went all the way down, and finally found that in the depths of the underground, there is another universe, just like an underground world.

Among them, all kinds of treasures of the Emperor's clan were piled up, and Lu Ming accepted them with impunity.

Here, it should be the place where the emperor clan treasures, and the place where Emperor Shitian retreats, because here, there is a touch of Emperor Wei.

However, did not see the figure of Emperor Shitian.

Lu Ming is here, making a big circle, and collecting everything that can be collected.

Then quit here.

As soon as he came out, he found that the two groups were facing off.

Lu Ming frowned.

One of them was naturally the owner of Yunlong Valley, and the other was the group of people who had not come to Lu Ming before, led by the old eagle-nose.

"Your surnamed Wang, you are too mean. Before you were asked to kill the emperor clan together, you are afraid of death, and you dare not kill them. Now the emperor clan has been exterminated, but you have come to muddy water to fight for fish. , Shameless?"

Yunlong Valley Lord shouted.

"Yun Ruoxu, your appetite is too big, do you want to swallow it alone? Also, how many resources have we exploited in Cangzhou in the evil spirits and the Emperor's clan in recent years, we should get some back, and we should have!"

The old man with a croak nose sneered and sneered, and said, "Also, the storage rings of the masters of evil spirits, hand it over, you don't want to go it alone!"

"At me, do you want?"

At this moment, Lu Ming spoke coldly and stepped forward.

"Naruto!"

Yunlong Valley Lord showed a happy look.

Lu Ming came out of the air, coldness flashed in his eyes.

As soon as he heard it, he knew what was going on?

The old people with eagle hook noses, who were greedy for life and fear of death before, dared not to fight, but secretly followed. Seeing that the evil spirit religion and the emperor's family were destroyed, they had to fight for resources.

The world, how can there be such a good thing?

The old man with eagle hook nose and others saw Lu Ming, flashing the dignified color.

Their speed is much slower than Lu Ming.

In fact, they had just arrived. In the previous war, they didn't see it at all, nor did they see Lu Ming's feat of great power and even killing Emperor Wu.

But in Tianyu Mozong before, Lu Ming's strength still made them very afraid.

Lu Ming waved his hand, and several storage rings appeared in the air.

"These are the storage rings of some of the Emperor's clan, some of the strongest evil spirits, you want it, come and get it!"

Lu Ming said lightly.

The old man with a crocodile nose and others have a dignified face. For a time, they dare not step forward, but the greedy color in their eyes is very rich.

"Lu Ming, do you really want to give it to us?"

The eagle-nose old man asked tentatively.

"What do you say?"

Lu Ming looked at the old man with eagle hook nose, seeming to laugh.

The old man with a hook nose knows Lu Ming is playing him, his face is ugly, and he said: "Lu Ming, the emperor's clan, there are so many treasures of evil spirits, you want to swallow it alone, it is too much, we are also from Cangzhou, we deserve it Have a share!"

"You, what are the qualifications to distribute these treasures?"

Lu Ming spoke lightly, and then said, "Also, I will give you the opportunity to invite you to join the war. You are greedy for fear of death. You also say you want to quit Sanzhou and go to other continents. Now, get out!"

"Lu Ming, you still have to drive us away? Don't go too far, the land of Sanzhou, not yours..."

The old man with a croak nose exasperated.

Now, the Emperor's clan, the evil spirit religion is overthrown, Dizhou, Yunzhou, Cangzhou, and the three states have become the unowned things, leaving some forces in Cangzhou. Are you willing to go?

"Lu Ming, don't go too far. We are also from Cangzhou. You are not qualified to let us leave. Don't think that there is some strength, you can do whatever you want, unless you can kill us!"

The old man with eagle hook nose shouted.

"Yes, I won't die!"

Some others shouted.

bump!

A ray of light flashed, flesh and blood splashed.

The old man with eagle hook nose rounded his eyes, an incredible look.

In his eyebrows, there appeared a big hole that was translucent.

Chapter 2160: Divide and rebuild

In the eyes of the old eagle nose, despair and incredible.

He couldn't think of it, Lu Ming was so ruthless, he said that he would do it, and go directly to the killer.

"Since I want to die, I will fulfill you!"

Lu Ming spoke lightly.

thump!

The old man with a crocodile nose was paralyzed and no longer had any breath.

"Lu Ming, you..."

On the edge, the others were shocked, and did not expect that Lu Ming would suddenly shoot.

bump!

Lu Ming's eyes were indifferent, and he stepped out in one step. The terrible pressure was instantly depressed.

bump! bump! bump!

A few people who had just coaxed with the old eagle-hook nose did not even scream, but their bodies exploded and fell to the spot.

"Look for death, kill all!"

Lu Ming made a cold voice, causing the remaining people to change their faces wildly, revealing a terrified look.

"Do you want to die here, or do you fulfill your previous commitment and leave the land of Three States?"

Lu Ming's eyes were like a knife, looking at the remaining people.

Those people regretted that they were going to die. They knew this before. They had attacked the Emperor's clan together with Landing Ming.

But at that time, they thought Lu Ming was dead. Those who came with Lu Ming were stupid. They wouldn't be that stupid.

Now it turns out that the stupid people are them.

Those who come with Lu Ming are extremely wise. Since then, how pleasant is it to divide up the land of the three states?

However, without their share, stay and die!

Lu Ming is obviously not a soft-hearted person.

"We go, we leave!"

"We leave Sanzhou, and since then, we will not step into Sanzhou!"

The people were helpless, and finally opened their mouths, then stood up and flew in the direction of the Yunhai Mountains.

"Good kill!"

"These people, greedy for life and fear of death, want to get cheap afterwards, how could such a good thing?"

Yunlong Valley Master and others are very happy.

Next, clean up the battlefield.

For those who are evil spirits, they are not soft-hearted, and they will kill them all.

However, some weak people of the Emperor's clan did not kill them. For example, under the Emperor Wu, these people did not threaten them at all.

Lu Ming asked some people from the Di family to inquire about the whereabouts of Emperor Shi Tian.

But these people shook their heads, such as Emperor Shitian, where to go, where are they qualified to know.

Lu Ming regretted it and knew that he had left some strong men to ask.

After that, Lu Ming left the Emperor's family and traveled all over Sanzhou.

He was afraid that the evil spirits and the emperor clan and the strong would have to be removed.

In Yunzhou, there are really some strong families of the Emperor's clan and evil spirits, but there are no Emperor Wu, only a few quasi-Emperors, and some are most holy, all killed by Lu Ming.

Later, Lu Ming simply dispatched puppets to wander the land of Sanzhou to hunt down the evil spirits and the people of the Emperor's clan.

A few days later, the masters of the evil spirit religion and the Emperor's clan were almost hunted, and the territories of the three states were truly in their hands.

Half a month later, everyone, held a grand event in Dragon Valley to celebrate freedom.

At the same time, discuss how to divide the land of the three states.

Today, Emperor Yundi Mountain and the Emperor's clan are all destroyed.

Cangzhou originally had 13 ancestors, but Tianyu Mozong, Yudu Sect, Blood Demon Tower, Wu Nian Dao Sect, and Tianshen Sect were all destroyed because they had turned to evil spirits.

Prior to this, Jiuxiao Jianzong, a few remnants of the Heavenly King's Palace, dared not to fight due to their greed and fear of death, and the high-level was killed by Lu Ming.

Therefore, the remaining major forces are only Dragon Valley, Demon Castle, Linglong Hall, Sword of Life and Death, and the five families of the Yuan Dynasty.

The land of the three states was divided up by their five forces.

But this time, it was mainly Lu Ming who was able to destroy the evil spirits and the Emperor's clan.

And Lu Ming, who is also in the Dragon Valley, naturally wants to occupy the big head.

Finally, it was discussed that Longshen Valley occupied the whole land of Cangzhou.

The demon castle, the Linglong Hall, evenly divided the land of Yunzhou, the Sword of Life and Death, the broken Yuan family, and evenly divided the land of Dizhou.

The next day, everyone was on the road and began to rebuild.

And Dragon Valley, also began to gather disciples to rebuild Dragon Valley.

Lu Ming also joined in, and engraved a large array around the Dragon Valley.

At the same time, Lu Ming took out two puppets and gave them to Master Yunlong.

These two puppets are puppets equivalent to the one-star virtual emperor realm. They are not very intelligent, but they already have spirituality. As long as they order them to guard the Dragon Valley, they will fight to the end.

At the beginning of the **** puppetry, Lu Ming purchased a total of three puppets with one star emperor realm and eighteen puppets with quasi-imperial realm.

Yunlong Valley Master was very shocked.

Not seen in these years, he knows that Lu Ming has reached an amazing state, and now, even the puppets of the Emperor Wu Realm can be taken out.

The reason why Lu Ming brought out two puppets from the Wu Emperor Realm to the Master of the Dragon Dragon Valley was mainly because of fear when Emperor Shitian would appear.

He could not stay in Cangzhou for a long time. Soon after, he was going back to Shenhua Continent.

At the same time, Lu Ming also told Yunlong Valley Master about the news of Ice Dragon Valley Master and Ice Dragon Ancestor.

After hearing this, Yunlong Valley Lord sighed.

The owner of Binglonggu passed away, but the ancestor of Binglong was missing. Today, only the owner of Yunlonggu is left in the upper level of Dragon God Valley.

After that, the owner of Yunlong Valley temporarily replaced the position of Longshen Valley, started to rebuild Longshen Valley, collected the resources of Cangzhou, and cultivated talented arrogance.

Lu Ming also left a lot of resources.

Now, Lu Ming has too much resources in his hands. In the ancient holy land, he destroyed the Feng clan, Wanjia, etc., and the number of martial emperors beheaded is staggering.

With his current cultivation practice, he can open the storage rings of the true emperor and the emperor. How many resources are there?

Like the Emperor Cang's storage ring, he can naturally open it now.

And the storage ring of the Emperor Mujia who he beheaded was also called by Kong Bo to help open it. The resources he now has are amazing.

He left a part to the owner of Yunlong Valley.

With these resources, in addition to the whole land of Cangzhou, he believes that Dragon Valley will quickly become stronger and become the real overlord of Cangzhou.

Next, Lu Ming stayed in Cangzhou for three months.

In the past three months, the entire Cangzhou has been completely controlled by Longshen Valley. At that time, the headquarters of the 13 Zongmens have all become the divisions of Longshen Valley.

Some small forces have also turned to Longshen Valley.

During this period, Lu Ming and Qiuyue took turns preaching, and Longshen Valley went up and down, and all came to listen to the lecture, benefiting a lot.

For example, the first day of Longshen Valley is proud of Purple Maple, which has broken through the shackles and reached the Ming Sheng Realm.

The owner of Yunlong Valley, with the help of Lu Ming's resources, also broke through a level and repaired to a higher level.

In recent years, due to the exploitation of resources by the evil spirits, the Emperor's clan, and the cultivation of the Dragon and God Valley, there has been little improvement. Now, with the help of various top-level resources, many people have made breakthroughs in the cultivation of the realm.

A thriving scene!

At this time, Lu Ming said goodbye to the owner of Yunlong Valley, he was about to return to Shenhua Continent.

Lu Ming and Qiuyue set foot on the teleportation array of Longshen Valley, and the teleportation burst, and they left Longshen Valley.
