

D Emperor 2181

Chapter 2181: Legend, still legend

Everyone looked at Landing with a daze.

Huh...

After a long time, many talents took a breath.

And Xie Ran and the Dragon League people showed ecstasy in their eyes.

Lu Ming's combat power exceeded their imagination.

At this moment, Emperor Shitian's eyes revealed a trace of murderous opportunity.

"Lu Ming, it seems that I still underestimated you, you can actually kill a one-star Emperor!"

Emperor Shi Tian said coldly.

However, he was still confident and not worried.

He is the Samsung Emperor!

One-star Emperor Emperor and Samsung Emperor Emperor Emperor are so far away that he can easily kill a one-star Emperor Emperor.

He did not think that Lu Ming could fight him!

Moreover, he also saw that Lu Ming did not break the emperor, just a prospective emperor.

The quasi-imperial realm is stronger? How can it be a rival of Samsung Emperor?

"Lu Ming, let this seat personally result in you!"

Emperor Shi Tian's body was filled with cold murderous opportunities, breathing sky.

"kill!"

This time, Lu Ming started directly, too lazy to talk nonsense with Emperor Shitian, and killed the past directly.

boom! boom! boom! boom! boom!

In the process of rushing out, Lu Ming's body continued to explode and continue to improve, and a law followed by the explosion of a law.

Successively, five laws broke out, forming a river of five colors.

"This is... the law of chaos, and the law of death, how is it possible, impossible, this is impossible..."

In an instant, Emperor Shitian's face changed wildly, and he shouted wildly, as if he found something unbelievable and incredible.

boom!

Lu Ming broke out with a palm, the world roared, and suddenly penetrated the space.

"Emperor Sword!"

Emperor Shi Tian roared, and at this moment, he was terrified and broke out with all his strength, hoping to stop it.

At that moment, Lu Ming broke out five laws, two of the strongest laws, three kinds of kingly laws, almost scared him alive.

At this moment, the masters of the Shenniu Palace and the Barbaric Dragon Palace were almost scared to death and screamed wildly.

The people of Shenhuang Continent don't know how shocking Lu Ming's five laws are, but they naturally come from Yuanlu.

There was a raging wave in their hearts.

Boom!

At this time, Lu Ming and Di Shitian's attacks collided together.

boom!

Lu Ming's palm bombarded the Emperor Sword cut by Emperor Shitian.

Buzz!

Emperor Sword's crazy shock seemed to be overwhelmed, and finally burst directly.

Lu Ming kept bombarding his palms, and continued to bombard on Di Shitian's chest. Di Shitian's chest was directly penetrated, and a transparent hole appeared before and after, and the terrifying destructive power poured into the emperor. Shi Tian's body is destroying his vitality.

"How do you... how do you..."

Emperor Shi Tian's mouth kept pouring blood, and his eyes were still staring at him, still unbelievable.

Up to now, he can hardly believe how a person can control five laws without breaking through the Emperor Wudi's realm, two of which are still the strongest laws.

This simply broke his understanding of martial arts.

At the next moment, the terrifying power of destruction rushed into Di Shitian's body, and Di Shitian's body exploded and turned into fly ash, and even the soul was destroyed together.

Lu Ming waved his hands and put away Di Shitian's storage ring.

At this point, the scene was completely dead.

Countless people stared dumbfounded, their eyes rounded.

In their eyes, the supreme Yuan Luqiang, the unmatched Emperor Shitian, still had no way in Lu Ming's hands.

Directly killed by a stroke.

If this is not what you saw with your own eyes, it is like a fantasy.

"Master Invincible, Master Invincible!"

After a long time, Zhuang Xiaoshan and Zhuang Xiaorou reacted, trembling with excitement and yelling loudly.

"The leader is invincible!"

Then, the members of the Dragon League also reflected, yelling crazy and excited.

At this moment, Lu Ming was supreme in their eyes and invincible in the world.

The shouts wave after wave, rushing straight to the sky.

Hua Chi, Blood Love, Xia Jiuyang and others were also excited and trembling.

The emperor tribes, the Shenniu Palace, and the Mandala Palace are pale.

Lu Ming stretched his hand, and the scene calmed down.

Lu Ming turned and looked at Ren Qianxing indifferently.

"Did you just want to crush me with one finger? Get out!"

Lu Ming spoke lightly.

thump!

Ren Qianxing collapsed to the ground all at once, without any trace of blood on his face, almost crying.

Tell him to shoot Lu Ming to death?

Even Emperor Shitian was not Lu Ming's enemy. He was simply a ant in front of Lu Ming. I am afraid Lu Ming could blow him to death.

"Such a person would like to be tied with my master, even bragging more than my master, claiming that God is the first in the world, which is ridiculous!"

Zhuang Xiaorou mocked.

Many people laughed too.

Indeed, Ren Qianxing, who is qualified to compare with Lu Ming, is not at the same level.

Especially those who thought Ren Qianxing had surpassed Lu Ming before, and regarded Ren Qianxing as the number one in eternity, were even flushed and complacent.

Ren Qianxing is simply unworthy of Lu Ming's shoes.

"Legend, still legendary!"

An old man sighed.

Everyone nodded immediately and was greatly touched.

Yes, the legend is still legendary.

At the beginning, Lu Ming was a legend of the Shenhuang Continent. Rising up among the hills and mountains, he was able to unify the Shenhuang in the end.

Now, after more than ten years of practice in Yuanlu, the combat power has reached a state of unbelievable power. As powerful as Emperor Shitian, he was also killed by a second move.

Now, Lu Ming is still a legend.

"go!"

At this moment, the people of the emperor clan and the people of the remaining evil **** clan reacted, and they all rose up into the sky and wanted to escape.

"Want to go? Stay all!"

Lu Ming spoke indifferently and banged out with a punch.

Roar! Roar! ...

This punch, the endless runes permeated, and then the runes condensed into a real dragon, and the roar came out.

The emperor Wudi Realm has been killed by Lu Ming, and even the Emperor Wudi is vulnerable.

The real dragon rushed out, whether it was in the quasi-imperial realm or the most holy realm, all were killed in seconds and could not be resisted.

A scream screamed, and soon after that, it calmed down.

The masters of the emperor clan and the evil **** clan were all killed.

thump!

At this moment, Li Ke knelt down directly and screamed: "Lu Ming, no no no, Lord Lu, forgive me, forgive me this dog's life!"

Just now, his master was also beheaded by Lu Ming. He is now afraid of dying.

"Master Lu, please spare me!"

Ren Qianxing also begged.

"Fat, Xiaoshan, Xiaorou, these people will be handed over to you!"

Lu Ming said.

"okay!"

Carrying the battle axe, the fat man rushed out.

"No, I don't want to die!"

Ren Qianxing shouted, turned and ran.

The same is true of Li Ke.

But their fighting power was far from that of the fat man and Zhuang Xiaoshan, and they were killed in a few shots.

Chapter 2182: Kill All

Now, everyone already knows why before the fat man, Zhuang Xiaoshan, their cultivation ability has skyrocketed so much, all because of Lu Ming.

At the same time, everyone's awe of Lu Ming was stronger.

It only took a few months to let fat people, Zhuang Xiaoshan, and their cultivation ability soared so much, and it was easy to crush Ren Qianxing and others, which is incredible.

They thought of that sentence again!

Legends are still legends!

At this time, Lu Ming turned his attention to the God Bull Palace, the Lord of the Barbaric Dragon Hall.

"I've seen Lord Lu!"

The Lord of the Divine Bull Palace and Lord of the Barbaric Dragon Hall only felt cold all over, with an ugly smile on his face, and came to salute Lu Ming.

Just now, they originally wanted to run with their legs pulled out, but Lu Ming was too scary. Where can they go? It is estimated that Lu Ming will be caught up and beheaded.

Therefore, simply stay and show Lu Ming.

"I'm curious, where are you from Yuanlu?"

Lu Ming looked at the masters of the two forces.

"Master Lu, I am from the land of the beast!"

The main way of God Bull Palace.

"I'm from a wild land!"

The Lord of the Barbaric Dragon Temple followed.

"How did you come? How could you suddenly come to a remote place like Shenhuang Continent?"

Lu Ming asked again.

At this point, he was curious and had to figure it out.

They can come, and others can come. Lu Ming is very worried about this.

If there is a stronger existence, such as a high-level virtual emperor, or a real emperor, it will be troublesome.

"I accidentally found an ancient map. The ancient map records that there is a paradise in the barren land. The cultivation environment is better than many holy places in Yuanlu. I followed the map and found an ancient teleportation array. That's how it came to the **** shortage!"

The main way of God Bull Palace.

"me too!"

The Lord of the Dragon Temple nodded, much the same as the Lord of the Bull Palace.

"What about your map, show me!"

Lu Ming said.

The Lord of the Divine Bull Palace and the Lord of the Manlong Temple glanced at each other, and each took out a piece of jade and gave it to Lu Ming.

Others lamented.

These are the two overlords from Yuanlu. Before they occupied one side, they were the masters of the Shenhua Continent, but now, they are like two servants who are trembling in front of Lu Ming.

The gap before and after this is too great.

This makes countless people feel!

Lu Ming took the two pieces of jade symbols, swept the spirit, and found out that they were two ancient maps.

"Does anyone else know except you?"

Lu Ming then asked.

"No, I didn't tell anyone! Only some of his men came to Shenhua!"

"me too!"

Both men shook their heads.

The two of them are ordinary imperial forces in Yuanlu, similar to the imperial family.

Lu Ming groaned.

"Lord League Master, since you are back, how will we and Dragon League share the Divine Famine?"

The Lord of the Divine Cow Palace carefully looked at Lu Ming and proposed.

Lu Ming seemed to be a non-smile, saying, "Do you still want to divide the territories?"

The Lord of the God Bull Palace and Lord of the Barbarian Dragon Palace looked ugly.

Finally, the Lord of the God Bull Palace gritted his teeth and said, "Lord League Master, I am willing to join the Dragon League in the future and play for the League Master!"

"I will too!"

People have to bow their heads under the eaves, now they can only do so.

"Oh, join the Dragon League?"

Lu Ming felt his chin and pondered.

"Well, okay..."

After a while, Lu Ming nodded.

The Lord of the God Bull Palace and the Lord of the Dragon Temple were filled with joy, and a cold light flashed through the eyes.

As long as Lu Ming is stabilized, then they will send people back to Yuan Lu to invite more powerful people, and then Lu Xin will not be killed by disbelief.

But at this moment, Lu Ming shot.

Very suddenly, the masters of the two powerful forces, the Shenniu Palace and the Barbaric Dragon Hall, had no defense at all

bump! bump!

Lu Ming split his two palms in succession and bombarded the two of them. Their bodies were directly penetrated, and the terrifying destructive power rushed in.

The two stared at Lu Ming with wide eyes and an incredible look on their faces.

"I still believe in the realm of the dead, Emperor Wu, and the power of the oath is too weak. If you secretly return to Yuanlu afterwards and find a stronger master, wouldn't I put myself in danger, so you still go on the road Right!"

Lu Ming said coldly.

With words, palm power broke out, and the masters of the two major forces vanished.

"go!"

The rest of the two forces were startled. Someone reacted and wanted to run away.

"kill!"

After killing the masters of the two forces, Lu Ming did not stay at all, and directly killed the masters of the two forces.

These two forces, as well as the powerful of Wu Emperor Realm, but in Lu Ming's hands, could not withstand a blow and was instantly killed.

Then, under Emperor Wu, he did not escape, and was killed in a flash.

This scene is shocking!

The three major forces of Yuan and Lu, who dominated Shenhua for several years, disappeared because of Lu Ming's return.

"See the leader!"

At this moment, everyone in the Dragon League knelt down and met Lu Ming.

They understand that the Dragon League is going to unite again.

No one can match it!

Those who are not the Dragon League, or those who have betrayed the Dragon League now, tremble at the moment.

"From today, Dragon League will rebuild and reorganize!"

Lu Ming's voice spread throughout the audience.

"All this, to Xie Chao, Xia Jiuyang... these people deal with it, I will first clear the remnants of the three forces!"

Lu Ming's voice fell, stepped out, rushed into the depths of the Dragon Emperor City, his spiritual consciousness began to radiate out, looking for the remnants of the Emperor and Evil God Clan, as soon as they were found, they beheaded.

Afterwards, Lu Ming rushed to Donghuang again, strangling the remaining sins of the God Cow Palace, and then came to Nanming, strangling the remaining sins of the Barbaric Dragon Hall.

Later, Lu Ming rushed overseas.

The Shenxu Continental Group, an ancient teleportation array connected with Yuanlu, is not only in the ancient city of Shenxu, but also in other continents. Lu Ming wants to find out all to destroy, so as to avoid the arrival of a strong man in Yuanlu.

In the following month, Lu Ming traveled across the Shenxu mainland group, and found a total of more than a dozen altars of teleportation, all destroyed by Lu Ming, leaving only the teleportation to Cangzhou, Yunzhou, and Dizhou.

At this time, the Dragon League has been reorganized. Some people who betrayed the Dragon League because of the arrival of the Yuanlu forces have been disposed of, but more people have joined the Dragon League.

Now Lu Ming is back, and the three powerful forces of Yuan Lu have been stunned and shocked everyone.

It can be said that the Dragon League where Lu Ming sits is a real overlord, and no one can shake it.

Many masters have joined the Dragon League.

Dragon Emperor City began to rebuild again. When Lu Ming returned to Dragon Emperor City, there was a huge statue of Lu Ming standing again.

Bigger and more majestic than before!

After Lu Ming returned, he feasted the world, and then took Li Ping, Lu Yuntian and others back to Longhuang City.

After that, Lu Ming sat in Longhuangcheng and took out a lot of resources and gave it to Xie Ran and others.

Such as martial arts in various fields, magical skills, original stone, immortality, etc., Xie Chao and others are ecstatic. With these, their training speed will also increase dramatically, and their combat power will be stronger.

Chapter 2183: Mysterious channel

Later, Lu Ming successively let Xie Chao, Hua Chi, Xia Jiuyang, Yan Kuangtu and others enter the Dayan Pill Furnace to refine their spirits.

The high level of the Dragon League has greatly enhanced the strength of the spirit, and the speed of cultivation is also rapidly increasing.

Of course, Lu Ming is also for Li Ping, and Lu Yuntian and two of them have refined their flesh to improve their blood level, and their cultivation practices are also skyrocketing.

The resources brought back by Lu Ming are too generous, especially Nirvana, Lu Ming has bought a lot, and the disciples of the Dragon League, their blood levels have soared and evolved.

In addition to the very good cultivation environment now, the strength of the entire Dragon League is also rapidly improving.

In the past, the territories of the Shenhua Continent changed drastically, and the cultivation conditions had changed dramatically, but none of them had the cultivation skills or the magical martial arts skills, and it was difficult to form a big explosion.

And now, it is a real explosion.

In order to obtain the field martial arts, magical art, various immortals, etc., more people joined the Dragon League.

The power of the Dragon League has expanded rapidly, covering every corner.

Not only that, Xie Chao and others also sent a large army to conquer all other continents, and the Shenhua Continental Group was all under the control of the Dragon League.

Time flies, and half a year has passed.

In the past six months, apart from helping other people to refine their spiritual bodies, Lu Ming did not put down his cultivation, and he was fully aware of the principles of Dan Dao.

"Go take a look at Kowloon City!"

Lu Ming's eyes flashed.

After returning so long, Lu Ming has not seen it in Kowloon City. He was very curious about what happened in Kowloon City.

Lu Ming walked through the sky at an alarming speed, and soon entered the East Wasteland and flew towards Kowloon City.

The gas concentration in Donghuang is even more alarming, and countless people are retreating and practicing in various places in Donghuang.

The closer to Kowloon City, the more amazing the concentration of the original gas.

"Good murderous!"

Coming outside of Kowloon City, Lu Ming frowned.

He felt that in the Kowloon City, there was amazing murderousness.

In this kind of murderousness, it is difficult for people who have not cultivated enough to gain a foothold in the Kowloon City. They will be affected by the murderousness and even die madly.

Lu Ming feels that even the strong men of Ming Shengjing can hardly stand on foot. If they want to gain a foothold in Kowloon City, at least the cultivation of Da Shengjing is needed.

Today, there is no figure in Kowloon City.

The original people in Kowloon City had long since moved out of Kowloon City.

"I heard that this murderous, there will be ups and downs, and every time, it will disappear for a while, at that time, countless people will flock to Kowloon City to practice!"

Lu Ming whispered.

He had heard of this before.

No one knows the reason.

However, this murderous, for Lu Ming, has no slight impact.

Lu Ming stepped out and stepped into the Kowloon City.

At that time, there were nine huge dragon veins entrenched in the Kowloon City, and each dragon vein had a dragon godhead to suppress it.

Nine dragon veins, six outside, three in the middle.

But now, nine dragon veins in Kowloon City have left three.

The six outsides have already flown away. It is said that they flew into the middle of the three dragon veins in the middle and disappeared.

Lu Ming went all the way to the center of Kowloon City.

In the center of Kowloon City, three huge dragon veins are entrenched, the three dragon heads face each other, and there is a large open space in the middle.

At that time, the Emperor Tianjing Palace was built in this position.

But now, the building of the Emperor Tianjing Palace has long disappeared, and it is replaced by a huge cave.

Lu Ming stood at the mouth of this cave and stared at him.

In the cave, there is a white fog, which can only be formed when the original gas is thick to a certain extent.

The rich and extreme gas continuously diffused from the cave.

Lu Ming looked closely and found that this should be a passage, but did not know where to go.

The rich original energy came from the opposite side.

Moreover, the fluctuation of the law also came from the opposite side, so that the heaven and earth of the Shenhua Continent became stable.

At the same time, the rich murderousness also emanated from the passage.

Roar!

At this moment, a dragon chant sounded, shaking the world.

Lu Ming was shocked, because this sound of Longyin came from one of the dragon veins.

Roar! Roar!

Then, Long Yin continued to ring, ringing through the sky.

Then, the earth rumbling and shaking, Lu Ming found that one of the dragon veins was moving!

Rumble!

A dragon vein continued to vibrate, and finally it turned out to be like a real real dragon.

The dragon vein that stretched for tens of thousands of miles, like a huge and incomparable real dragon, twisted, and finally rose into the sky, roaring through the sky, spreading endless distance.

At this moment, people outside the Kowloon City, even if they were thousands of miles apart, were heard.

"Nine Dragon City dragon veins have become abnormal again, it is estimated that there is another dragon vein to fly away!"

"Every time there is a dragon vein flying away, the murderousness in Kowloon City will attenuate sharply. Let's go, we can go into Kowloon City to practice for a while, and look for the elixir of elixir by the way!"

At this moment, countless people rushed to Kowloon City.

Roar! Roar!

In Jiulong City, Longyin bursts, and then, the dragon's veins narrowed sharply, and it was very clear to see the Kowloon God Ding above the dragon's veins.

Finally, the Dragon Vein screamed and rushed directly into the channel, disappearing.

"Flying another dragon vein, the other side of the channel, where will it be?"

Lu Ming was very curious and rushed in to find out the truth, but in the end, he refrained.

What if I can't come back after a while?

Now, he hadn't wanted to leave soon after he had just returned to the wild.

Lu Ming intends to wait for a period of time, after the matter of Shenhuang is completely stabilized, he will leave and enter this channel to explore.

"Oh, go to Wanxuechi!"

Lu Ming moved.

Then, stepped out and disappeared here, and soon after, he came to Wanxuechi.

Wanxuechi is on a cliff in a big mountain. At one cliff, there are three big characters: Wanxuechi!

Beside the three large characters, there is a platform protruding from the cliff in the air, and behind it is a cave, which is the entrance to the Wanxuechi.

Looking at the entrance of Wanxuechi, Lu Ming reveals the color of memory.

At the beginning, they were chased and killed shortly after they arrived in Kowloon City. Jian Fei Liu Xiu was scrapped and severely dying. They brought Jian Fei Liu to Wanxuechi, but later, Jianfeiliu was stranded in Wanxuechi. The soul was taken away, and there is no trace so far.

Today, Lu Ming is going to visit Wanxuechi.

In the Wanxuechi, there is a powerful evil spirit, a murderous opportunity. At that time, Lu Ming couldn't go deep.

Before Lu Ming went to Yuanlu, he became a master and could kill the Emperor Wu. Lu Ming also came to Wanxuechi once, but Wanxuechi was unfathomable. Shi Xiu's behavior is difficult to find out.

But now, Lu Ming's cultivation base is not as many times stronger than it was back then. Lu Ming wants to explore it again.

As the figure moved, Lu Ming entered the entrance.

But as soon as he entered, Lu Ming froze!

Originally, the Wanxuechi contained endless blood, but now, the blood of the Wanxuechi is completely dried up, leaving only an empty cave.

Chapter 2184: Where Moulin is

There was no drop of blood in the pool of blood, and it was completely dried up, leaving only a dark cave.

Lu Ming stunned.

"Is this related to the change of the world?"

A thought flashed in Lu Ming's mind.

Immediately, Lu Ming rushed into the cave and flew down.

The cave is very deep. Lu Ming has been going down. After sinking into the hundreds of miles, the cave went obliquely in one direction, which clearly leads to the center of Kowloon City.

Lu Ming has been flying all the time. In the end, he saw a huge passage full of white mist.

Isn't this the channel in the center of Kowloon City?

Wanxuechi is actually connected to the passage in Kowloon City.

Could Jianfei flow deep in that passage, in another world opposite the passage?

Lu Ming guessed!

Lu Ming pondered for a while, and did not go in, and returned along the same path.

Soon after Lu Ming returned to Kowloon City, he found that the murderousness of Kowloon City was getting weaker and weaker. I believe that in the near future, there will be many people rushing into Kowloon City to practice.

Lu Ming did not stay, left Kowloon City, and returned to Longhuang City.

In the following days, Lu Ming occasionally preached publicly, and countless people from Longmeng will come to listen to it and improve his cultivation.

At the same time, Qiuyue occasionally preached.

When everyone knew Qiuyue was also Emperor Wu, Shenhua Continent was shaken again.

With the help of many resources, there are more and more masters in the Dragon League, and the cultivation of everyone is getting stronger and stronger.

Someone is constantly breaking through the Emperor's Realm, and someone is constantly breaking through the Holy Realm!

Mainly, Lu Ming's resources are too rich, in addition, Lu Ming also took out a large number of Jinwu corpses, corpses of **** wolf.

These are the flesh of the Jinwu clan, the strongest of the Sirius Tower.

Many are the most holy, even the emperor of the emperor, the real emperor realm, the physical body of such strong men will not deteriorate even for thousands of years, and can keep fresh.

Of course, the spirit of Emperor Realm is too thick, and everyone uses Jinwu meat and Shenwolf meat to boil broth. Even so, it is also a big supplement. Just drink a bowl and breathe out the spirit.

At the same time, Lu Ming will select some people, enter the mountains and rivers, practice under the ancient trees of Taoism, understand the artistic conception, and understand the laws. ,

In this way, the cultivation of cultivation is very fast.

Brothers and sisters like Zhuang Xiaoshan and Zhuang Xiaorou soon reached the Holy Land.

Lu Ming's father, Lu Yuntian, and Lu Ming consumed a lot of resources, making Lu Yuntian's cultivation practice like a rocket, rushed to the Emperor Wu, and constantly moved towards the Holy Land.

Li Ping has no talent for cultivation. Under Lu Ming's resources, the pile of spirits has become a spiritual realm, even if it reaches the Wuhuang Realm, it will not be far away.

There are also Huachi and others, whose cultivation practices have skyrocketed.

Xie Chao, Xia Jiuyang, Yan Fanatics, etc., their talents are already very high. Under the circumstances of that year, they can achieve that kind of achievement, which is enough to explain everything.

With the blessings of various conditions now, their cultivation behavior has also made breakthroughs.

Lu Ming himself did not stop, he has been comprehending the law of Dandao.

However, the more Dan Dao's law is, the slower the progress will be.

Therefore, Lu Ming later learned a new rule.

Law of Taoism!

The three laws that evolved from the way of Ming Lian are the laws of formation, the laws of Dandao, and the laws of Tao!

Now, Lu Ming understands all three.

For other laws that have reached consummation, Lu Ming has not been in charge for the time being. He fully grasps the laws of Dandao and Qidao.

In an instant, Lu Ming returned to the Shenhua Continent for two years.

In the past two years, the Dragon League has been booming and its strength is getting stronger.

Lu Ming's cultivation practice has also made great progress.

The rule of Dan Dao reached 90%, and the rule of Dao Tao also achieved 80%.

Lu Ming's combat power has improved a lot compared to two years ago.

"It's time to go to Donghua. I haven't seen it for many years. I don't know Sister Muran. What is happening now?"

On a mountain peak, Lu Ming looked at the East Desert, whispering in his mouth.

In fact, he had long wanted to meet Muran.

However, he had been hesitating before.

He wouldn't know how Mulan was thinking. At that time, Mulan avoided him, and he didn't know how to face Mulan, so he never met.

However, Mulan helped him a lot after all. Without Mulan's recommendation, he could not enter the Emperor Heavenly Guardian that year, and he may not have the achievements he has today.

Now, he made up his mind!

Now that he is back, what's wrong with seeing it?

Stepping out, Lu Ming walked towards the East Famine.

Soon after, he came to the Mu family.

"Lu Ming!"

"Brother Lu!"

When he came to the Mu family, he saw Mu Zheng and Mu Xiuyuan.

The two smiled and greeted Lu Ming.

Later, he saw Muran's father, Mu Tian, and Muran's grandfather, Yan Lan!

"Senior Yan, Senior Mu!"

Lu Ming greeted them with a smile.

Nowadays, the gas of Donghuang is extremely rich. Even if their talents are not high, their cultivation practices have skyrocketed, which is completely incomparable compared with those years.

Seeing that Lu Ming didn't have a bit of a Dragon League leader, they also relaxed, set down a banquet, and chatted with Lu Ming.

"Senior Mu, don't know if Sister Mulan is there?"

Lu Ming asked.

These words made Mu Tian, Yan Lan, Mu Zheng and Mu Xiuyuan all silent.

Lu Ming had a bad hunch in his heart.

"Sister Muran, what happened to her?"

Lu Ming asked again.

"Hey, that girl, too stubborn!"

Yan Lan sighed suddenly.

"Senior, what's going on?"

Lu Ming asked, the bad hunch in my heart is getting stronger and stronger.

"That girl is too strong. She has always wanted to catch up with you, not wanting to fall behind you too much, but with her talent, how can she catch up with you? But this time the world changed, but she gave her hope! "

"Lu Ming, you should have been to Kowloon City?"

Yan Lan sighed and finally asked.

"Not bad!"

Lu Ming nodded.

Every time a period of time passes in Kowloon City, the murderousness will decay and people can enter.

"Regardless of whether it is the original gas or the murderous gas, they all flow out of that channel, so some people speculate that the other end of that channel must be a sacred place for cultivation, and some people even say that if anyone can enter another through the channel One side, you can get the supreme opportunity!"

Yan Lan explained.

"Don't..."

Lu Ming thought for a moment, and he choked a few times.

"Yes, that girl, entered the passage alone, and never returned, that was before you returned!"

Yan Lan sighed!

Mu Tian and others also sighed.

It is a legend to say that there is no chance across the channel, it is all guessed by people, but Muran wants to seize this opportunity and she wants to give it a go.

Otherwise, she knew she would never keep up with Lu Ming.

"This has been almost six years!"

Mu Tianchang sighed, thinking and worrying in his eyes.

"Sister Muran, why are you suffering?"

Lu Ming clenched his fists together, and at this moment, all kinds of memories about Muran came to mind.

Chapter 2185: On the other side of the passage, the horror war

Mulan first met Lu Ming in Fenghuo City. At that time, Lu Ming had just entered the path of cultivation.

In the early days of Lu Ming's cultivation, Mulan gave him great help.

But as time passed, Lu Ming's cultivation practice continued to improve, and the gap between the two became larger and larger, and the relationship seemed to become more and more alienated.

"Senior Mu Tian, Senior Yan Lan, you can rest assured that I will definitely get Sister Mu Lan back!"

Lu Ming said firmly.

"Lu Ming, what do you want to do? You also want to enter that channel? Don't act rashly, that channel does not know where it is going, what is the risk, you enter in a hurry, I am afraid that you will put yourself in danger!"

Yan Lan advised.

"Seniors rest assured, I'm sure!"

Lu Ming said.

In fact, he already had a heart to explore the passage.

But before, he had just returned to Shenhuang, and wanted to make more time to accompany Lu Yuntian and Li Ping, because this passage didn't know where to go, in case it went, it would take a long time to return.

And during this time, he used the original stone to absorb the body of the Heavenly Emperor, and the energy stored in the Heavenly Emperor's body has already exceeded 10%.

Now, he can control Tiandi's flesh, and he has a lot of confidence.

Especially now that I heard that Muran entered that channel as early as six years ago, Lu Ming was even more determined to explore it.

Several people chatted for a while, Lu Ming said goodbye!

Before leaving, Lu Ming left a storage ring, Lu Ming loaded a lot of cultivation resources.

Lu Ming did not enter the passage for the first time. Before leaving, he had to make some arrangements.

First, he came to the mainland of Shenxu and returned to Cangzhou by teleportation.

Talking to the Lord of Dragon and Dragon Valley about the Shenhuang Continent, can allow some talented arrogance in the Dragon and God Valley to practice in the Shenhuang, while the two sides can take care of each other.

After talking about things here, Lu Ming returned to the Dragon Emperor City and told Cangzhou Dragon God Valley to Xie Chao and others.

Then he left the puppets in his hand, a Wudi realm puppet, and eighteen emperor realm puppets in the Dragon Emperor City for guarding purposes.

After that, he and his parents, Qiuyue, said they would leave for a while.

After all the arrangements, Lu Ming came to Kowloon City again, that passage.

Today, there is only one dragon vein left here!

Before half a year, another dragon pulse entered the channel and disappeared.

I don't know when this last dragon vein will rush in.

"Sister Muran, don't get into trouble!"

Lu Ming whispered, then stepped out and rushed into the channel.

In the passage, the white mist of the original gas completely blocked the view, and even Lu Ming could only see the distance of dozens of miles in front.

This channel is very large, at least thousands of miles wide.

Lu Ming pointed his direction and flew towards the front of the passage.

All around, silent, Lu Ming flew all the way, flying for three days, and had not yet reached the end of the passage.

"this is..."

Suddenly, after Lu Ming flew a distance, his vision widened.

The original gas here is no longer a mist, but a liquid, and the liquid gas is floating like a ribbon.

Without the original gas mist blocking the sight, Lu Ming could see clearly the surrounding scenes.

Seeing the surrounding scenes, Lu Ming was shocked.

Around the channel, it is no longer a rocky wall, but a dark, and there is a continuous space energy storm surging, but the walls around the channel seem to be a layer of barrier, blocking the space energy outside the channel Too.

This is a void channel!

Lu Ming was shocked!

Here, it is definitely no longer in the Shenhuang Continent, in a chaotic void.

Where is this going?

Lu Ming condensed his observation, and then moved on.

He seemed to be walking across the void. In the void channel, don't look at him just walking a mile. In fact, he no longer knows how far he has traveled.

In this way, Lu Ming went on for another seven days!

boom! boom! ...

Suddenly, there were roars in front of him, as if someone was fighting.

Almost there!

Lu Ming's eyes lit up, speeding up.

boom! boom!

As Lu Ming moved forward, the roar in front became more and more fierce and terrifying.

A terrible breath came from the front, giving Lu Ming a feeling of trembling.

I don't know how far apart it is, so Lu Ming has such a feeling. What kind of cultivation do the people of the war have?

Lu Ming's eyes are dignified!

But since you are here, there is no reason to look back. In any case, you have to take a look at the front to see what is ahead?

Lu Ming continued to move forward, roaring ahead.

Roar! Roar!

Suddenly, a sound of Long Yin came from behind Lu Ming.

Lu Ming was taken aback. Wasn't that the direction behind the Shenhuang Continent?

Roar! Roar! ...

Long Yin bursts, and soon, a huge real dragon came flying.

"It really is the dragon vein!"

Lu Ming's eyes moved.

Behind, it is the last dragon vein in Kowloon City. On top of the dragon vein, there is a huge Kowloon God tripod flying towards here, the speed is amazing.

Lu Ming quickly gave way, otherwise he would be hit by the dragon.

The dragon vein roared past, Lu Ming seized the opportunity and jumped onto the dragon vein.

The Dragon Vessel itself is a huge dragon-shaped mountain, huge and huge, which is as long as tens of millions of miles, but now it has shrunk many times.

Lu Ming landed on the Dragon Vessel and rushed forward with the Dragon Vessel.

Soon after, he was in front and saw the light.

The export is here!

But here, a more alarming roar came and shook the earth.

The dragon veins roared and Long Yin burst out of the cave directly.

When he rushed out of the cave, Lu Ming jumped down the dragon vein, and he found that outside the cave, there was a dark ground.

Lu Ming landed on the ground, looking forward, his pupils dilated sharply.

In the void in front, there are eight huge dragons, which are huge and do not know how big they are.

At the top of the eight true dragon heads, there is a huge incomparable giant tripod, radiating a brilliant light.

At this time, the ninth dragon vein rushed over and became a giant true dragon.

Buzz!

The Jiulong Ding of Kowloon shook, and the Nine Great Dings radiated tremendous glory and resonated.

In front of the nine giant real dragons, there are two huge monsters.

Their bodies are as high as the sky, standing on top of the sky, and have been submerged above the clouds.

The breath of these two magical shadows is earth-shattering. Although there is some distance from Lu Ming, I don't know how far away, but Lu Ming still produces a great horror. There is a feeling that is difficult to resist and cannot resist.

Lu Ming didn't feel this feeling even on Emperor Kong Yin Tian.

"This is, Evil God Clan..."

Lu Ming stared, although they were far apart, but judging by the approximate appearance, those two shadows belonged to the Evil God Clan.

"Such a terrifying evil **** family, is this the realm of heaven?"

Lu Ming turned a thought in his heart.

boom! boom!

Nine giant real dragons converge, and the Kowloon God Ding shines, fighting two magical shadows.

Every blow gives a sense of extinction.

Chapter 2186: Channel collapse

Roar!

There was a shocking sound of Tianlong Yin, and this sound of shocking Tianlong Yin actually came from the depths of the sky.

Lu Ming looked up, his eyes widening uncontrollably.

I saw a real dragon in the depths of the sky. I didn't know how big it was. My body circled and covered the sky.

The breath of this real dragon is even more amazing and difficult to figure out.

But this real dragon, at this moment, met a strong enemy and was fighting a huge shadow.

"You can't hold this channel, our army will enter the Yuan Realm in a big way in the near future!"

The rumbling voice came from the mouth of the shadow.

"Come on!"

The real dragon screams and fights with the magic shadow.

That kind of breath was terrifying. Even though they were far apart, Lu Ming was still under great pressure, as if he had to kneel down.

Lu Ming broke out with all his strength and gritted his teeth.

boom! boom!

The war is getting more and more intense.

"A drop of residual blood, but also want to stop me, kill!"

The phantom of the sky shrieked, and the offensive was like a madness, pushing the real dragon back again and again.

In the distance, Jiulong Dragon Carrying Jiulong Shending, fighting two magical shadows, is also very fierce.

"A group of defeated men, but also want to stop me to wait, all be wiped out!"

A sound came from a distant direction.

Then, Lu Ming saw that there was another magic shadow, standing on top of the earth, stepping forward, the vast and terrible breath made the whole world tremble.

As soon as this figure arrived, he shot the real dragon in the sky.

In the face of the two phantoms, the real dragon lost, and retreated.

The direction of retreat is Lu Ming's side.

Lu Ming's face was ugly, he turned and ran, trying to rush into the void channel and escape back to the Shenhuang Continent.

He did not expect that as soon as he came here, he encountered a world war.

Every creature that was shot just now is terrifying, and its combat power is so incredible that it is stronger than the Emperor Kong Yintian he has ever seen.

This is definitely a peerless powerhouse.

He didn't run away, as long as there was a slight ray of energy hitting him, he was dead.

"Little guy, don't flee there, this passage can't be left, I'll take you away!"

At this moment, Lu Ming's ear sounded an old voice, and then, an energy enveloped Lu Ming.

Then, Lu Ming's body was thrown out.

"I..."

Lu Ming was speechless. He wanted to return to the God Famine. How did he throw him away?

Then, Lu Ming saw an amazing scene.

I saw the huge real dragon. When I looked back suddenly, the huge dragon claws bombarded the channel. The channel shook wildly, then broke, cracked, and collapsed into it.

Then, nine huge and imposing Kowloon God Tripods also smashed towards the passage.

Rumble!

The passageway continued to collapse and the space burst.

"You don't want to ruin the passage!"

The magic shadows roared suddenly, and the world shook and the wind was extremely endless.

The terrible power of destruction swept in all directions, and Lu Ming was instantly drawn into it.

puff!

Lu Ming's body thundered, and a spit of blood spewed out.

The energy shrouded in him shone with light, and two small real dragons continued to swim away, blocking the energy outside. Otherwise, Lu Ming would be turned into fly ash in an instant.

Lu Ming had a feeling that even if he sacrificed the body of Heavenly Emperor, it would be useless and unstoppable.

Even so, there is a trace of vibrating force that acts on Lu Ming through the energy shield, causing Lu Ming's body to almost burst apart.

Click!

Lu Ming's bones made a clicking sound. Some bones were broken and some muscles were torn apart.

Lu Ming was hit hard and vomited blood.

boom!

Roar!

In the passageway, roaring continuously, dragon-yin bursts, terrible energy, sweeping around in all directions, the space is like paper paste, torn into a strange shape, exploded and smashed.

Lu Ming was engulfed by a void energy storm, and his body moved involuntarily away from it. Slowly and violently, he could no longer hear.

Lu Ming didn't know how far away he was flying, and then fell heavily on the ground. The energy in him also disappeared.

Lu Ming spit out another blood and looked around.

This is a desolate land, full of potholes, no vegetation, a dead, and no life.

Apart from the wind, there is no sound.

"Sister Muran!"

Lu Ming was worried.

As soon as he came here, he encountered such a thing. Several supreme beings were fighting. If that energy enveloped him, he would have disappeared.

I don't know what happened when Muran came here?

Then, Lu Ming thought of those supreme beings again.

Obviously, those huge shadows belong to the evil **** family.

Evil God Clan should have discovered the void channel and wanted to **** it. It was blocked by nine dragon veins and the huge real dragon.

In the end, seeing that it could not be stopped, the real dragon and the nine dragon veins destroyed the passage and prevented the other party from passing by.

"It seems that the Shenhua Continent is connected to this place because of that channel, and the original gas here is poured into the Shenhua, so that the original gas of the Shenhua Continent is extremely rich!"

Lu Mingsi thought, because he found that the original gas here is extremely rich, even stronger than the ancient moon holy land.

And in the space, the powerful killing intention permeated is similar to the feeling of killing in Kowloon City.

"In this way, the good days of the Shenhua Continent are over!"

Lu Ming smiled bitterly.

The channel exploded, and the two places could not communicate with each other. There was no continuous flow of raw gas here into Shenhua. The original gas of Shenhua will soon dry up and return to its original state.

However, it is a thousand times better than the Evil God Clan invading the Yuan Realm through the passage.

Once the Evil God Clan invades, through this channel, the first to bear the brunt of the scarcity.

Existing like that before, it is really terrifying. I am afraid that with a slap, the desolate continent can be destroyed, and everyone will be spared.

Now, at most, the cultivation conditions have become worse.

Moreover, Longmeng has a lot of resources left by Lu Ming, the original stone, etc., enough to practice for a long time.

In addition, Cangzhou Longshen Valley will send people to Shenhua, when the cultivation conditions of the Shenhua Continent become worse, some people in the Dragon League can also go to Cangzhou to practice.

At least much better than before.

"Where is it? Isn't it in Taiqing Tianyu?"

Lu Ming thought of another question.

Lu Ming listened to Kong Bo before, and they mentioned it to the Emperor Wuxiang.

Today, the Heaven Realm Nine Heaven Territories, only the Taiqing Heaven Territory, and the other eight Heaven Territories are occupied by aliens.

Heaven Realm has kept the passage of Taiqing Heavenly Territory, fighting endless years with aliens, and the aliens have not invaded Taiqing Heavenly Territories.

Because there are only nine heavens in the heavenly realm, there are passages connected to Yuanjie.

However, if it is Taiqing Tianyu, an alien strong man, how come in? Surely they will be blocked by the strongest in heaven?

Therefore, Lu Ming speculates that it is probably not too clear Tianyu!

Chapter 2187: Ancient battlefield

"Trouble!"

Lu Ming sighed!

If it is not the Taiqing Tianyu, but it is in other Tianyu, it is troublesome.

The other celestial spheres are completely occupied by the evil spirit clan. How can he break out of the celestial sphere, go to the Taiqing celestial sphere, or return to the Yuan Realm?

Lu Ming frowned deeply.

"No matter, heal first!"

Lu Ming shook his head, sat cross-legged, and began to exercise his strength.

Today, his physical recovery is amazing, and within half a day, his injuries have healed and his cultivation base has returned to its peak.

"Look around first!"

Lu Ming intends to take a look first and see where it is.

Lu Ming chose a direction at will and flew forward.

Looking around and seeing, it was all desolate.

Gully and ditch, all over the land.

There are no creatures, no vegetation, only a whining wind.

"Is this an ancient battlefield?"

Looking at the earth, the ravines, potholes, and pits are like those left by the powerful war.

"I don't know if that passage is destroyed?"

Lu Ming couldn't help but think of the passage. Now, he hopes that the passage has been destroyed. If it is not destroyed, he will be rushed into by the aliens, it is really over.

But before Lu Ming was swept away, he saw that the entire passage had burst and shattered, it should be destroyed!

"kill!"

Suddenly, a roar sounded, and an astonishing killer filled the world.

Lu Ming was shocked, his hair was standing upside down, the body's holy force was involuntarily running, and his body turned into a rainbow of light, retreating at a rapid speed.

However, no one chased him.

"kill!"

The sound continued, coming from high altitude.

Lu Ming couldn't help looking over there.

In the sky, the brilliance filled, a figure appeared in the sky.

This figure, wearing iron armor and holding a spear, exuded an astonishing murderous body and roared in his mouth.

"This is not an entity..."

Lu Ming was a little dazed.

He found that this figure was not an entity, or even constituted by any energy, it was just a shadow.

"Kill, kill, kill!"

The figure shouted several times in a row, and the terrible murderous rush to the sky, then, the light was distorted, and the figure dissipated like a phantom.

"what is this?"

Lu Ming dumbfounded.

This figure, full of terrible killing, gave the impression that it was a terrible strongman, but it was not hostile to Lu Ming, and it seemed that Lu Ming was not seen. After a few roars, it dissipated.

"Is it the strong man who died in the war, leaving an immortal mark?"

Lu Ming guessed.

Lu Ming observed for a while, and found no abnormalities, then went on.

Uh! Uh!

This time, shortly after Lu Ming's journey, two rainbow lights flew at speed.

"Two human races!"

Lu Ming's eyes lit up suddenly.

Among the two rainbows, Lu Ming was actually two human races, not Evil God Race, which made Lu Ming overjoyed.

The human race can come here, which shows that Lu Ming's previous speculation was wrong. This is not the eight-day territory occupied by the evil **** clan.

The two apparently also saw Lu Ming and came to the landing Ming Ming.

When approaching, the rainbow light converged, revealing two figures.

A young man in a blue robe, with a tall figure, exudes a strong breath.

There is also a middle-aged man, wearing a war armor, and his breath is extremely powerful.

"A three-star virtual emperor, a four-star virtual emperor!"

Lu Ming's eyes moved slightly.

That young man, who was a Samsung Emperor, was so young that he achieved this step and is definitely a proud figure.

The middle-aged man is a four-star virtual emperor!

The two looked at Lu Ming carefully, and the young man was surprised.

"What's the name of this brother? I haven't seen you in the barracks before!"

Blue robe youth clenched fists.

"Military camp?"

Lu Ming's thoughts turned sharply, and then clenched his fists: "In Xia Luming, I'm not from the barracks. Before I took a risk in a secret place, I was accidentally involved in a void storm and was drawn here!"

Lu Ming lied.

"Oh?"

The young man and the middle-aged man looked at each other and did not know whether to believe or not.

"Two people, would you like to ask, where is this place?"

Lu Ming asked.

"You really don't know?"

Asked the blue robe youth.

"Really don't know!"

Lu Ming nodded.

"It seems that Brother Lu really does not know, then I will talk to Brother Lu, here is a battlefield between the Taiqing Heavenly Domain and the Hunyuan Heavenly Domain!"

Blue robe youth said.

"The battlefield between Taiqing Tianyu and Hunyuan Tianyu?"

Lu Ming felt a shock in his heart, his eyes flashing with doubt.

"Brother Lu doesn't even know the battlefield between the two heavens, don't you know?"

The color of doubt in the eyes of the blue robe youth was even stronger.

"I am dissatisfied with the two. Before, I have been practicing on an island overseas and have been taking risks overseas. Although I have heard the battlefield with the alien race, it is not very clear.

Lu Ming said politely.

"It turns out that you are from overseas, no wonder, then I will talk to you..."

Immediately, the blue robe youth spoke.

"As we all know, there are nine heavens in the heavenly realm, and nine heavenly heavens are like nine worlds connected to each other by channels, but the passage between the heavenly domains is not a void passage, but the earth!"

"The heavens are connected by the earth, like an amazingly long road, and very wide, and here is the passage between the Hunyuan heaven and the Taiqing heaven. Due to the alien invasion, the two heavens The passage between them has become a battlefield!"

The blue robe explained.

Lu Ming understood that nowadays, Hunyuan Tianyu has been occupied by aliens. This is the battlefield between Taiqing Tianyu and Hengyuan Tianyu. If the aliens want to invade Taiqing Tianyu, they will attack from here.

No wonder you can see aliens here as well as human races.

Lu Ming took a long breath and relaxed.

Coming to the battlefield between the two heavens is always better than other heavens already occupied by aliens.

"And the **** where we are now is more special, it is the oldest battlefield. Before the endless years, there was a terrible war here. It is said that the most terrible strongmen between the world and the world were involved in the war. After that war, , This ancient battlefield is always silent, no outsiders can enter at all!"

The blue robe youth said again.

"No outsiders can enter? Then we..."

Lu Ming wondered.

"Before, the reason why it was impossible to enter was because there was a fierce battle between Heavenly Realm and the top strong of the aliens. An immortal mark!"

"Those imprints, those who can sense the presence here, once they sense a powerful presence, those imprints will attack and strangle those powerful beings!"

"However, not long ago, this battlefield has undergone tremendous changes. Things have changed, as long as the cultivation base is not too high, you can come in!"

"Brother Lu, you have good luck. This is a battlefield of ancient peerless powerhouses. Although the endless years have passed, there may still be peerless treasures. Now, many people have come here to explore!"

The blue robe youth continued to explain.

Chapter 2188: Bad intentions

After the explanation of the blue robe youth, he finally understood.

The area where they are now is an ancient battlefield between the battlefields of the two heavens.

Because in the long past, there were many peerless powerful wars, the terrible murders filled here, and the immortal mark left by the peerless powerful, will actively strangle the strongmen who entered here, so in the past, this piece of **** could not enter at all.

But not long ago, a change took place, and this area was able to enter.

Lu Ming couldn't help but think that the figure he had seen wearing iron armor, holding a spear, and shouting to kill Chen Tian, was not fighting in this year, and died here, leaving an immortal mark.

And his cultivation was too weak, so that mark did not attack him.

For those peerless strong men between heaven and earth, his cultivation behavior is indeed too weak.

"Are there changes in this area, will it be related to the previous war?"

Lu Ming thought about it and thought it was very possible.

"However, in this area, there is still the imprint of the Peerless Powerful. Now, if you come under the True Emperor, it will not be a problem. That kind of imprint will not touch the people under the True Emperor, but the True Emperor will come in, It's hard to say, the higher the cultivation level, the more dangerous it is to come in, so now is our opportunity!"

The blazing fire flashed in the eyes of the young blue robe.

Then, the young man in blue robe looked at Lu Ming with a strange smile on his lips and said: "Brother Lu, since you came here inadvertently, it is not as good as our company. If we encounter any chance, we can share it equally!"

"it is good!"

Lu Ming pondered for a while, then nodded and agreed.

When he first came to heaven, he had a lot of questions to ask, and it was best to be with someone.

Immediately, the three went together.

However, the speed of the three did not dare to put it too fast, because in this ancient battlefield, no one has come in since ancient times, and no one knows, there will be any danger.

Soon after going forward, the three of them encountered another immortal mark.

This time, it was not a human race, but a huge bird with a mad breath and a murderous air.

The bird's cold eyes glanced at the three of them, and did not start. After a while, they disappeared.

The three of them breathed a sigh of relief. Fortunately, their cultivation practices were not strong. If there is a strong existence, terror will be directly attacked by these marks.

These imprints were absolutely powerful during their lifetime.

Legend has it that this battlefield is one of the most high-profile battlefields of the Celestial Realm and the aliens. Every one can participate in the battle.

Therefore, the marks left by these powerful men are also terrible.

Once entered here with the characters of the Great Emperor Realm, they were directly killed by the imprint, and even the characters of the Heavenly Emperor Realm entered here and fell.

This shows how terrible these marks were before they were born.

Along the way, Lu Ming knocked sideways and also learned a lot of news.

The blue robe youth is named Lan Yun.

A middle-aged man named Blue Turquoise!

They were just outside the battlefield, and the military camp on the other side of the Taiqing Tianyu experienced fighting with the aliens.

This time, this ancient battlefield has changed, and many people know that, in addition to them, a lot of people in the Celestial Barracks have also arrived.

After all, the people who participated in the battle on this battlefield were too strong. Although many things may have decayed in the past, but if there is any treasure left, there is no chance to decay. As long as you get one, it is a great opportunity.

It is not surprising that many people came to explore.

I am afraid that aliens will also send people to come.

The three of them went on and searched in this area.

However, there was silence everywhere, empty, nothing.

Two hours later!

"That is..."

Suddenly, several people's eyes lit up.

In front, there is a pile of messy stones. Among the stones, there is a dead bone, looking at the posture, sitting on the ground, holding a broken sword in his hand.

When the martial arts masters reach the Holy Realm, the flesh is extremely difficult to corrode.

In the realm of Emperor Wu, the flesh is even more immortal.

But everything is relative.

It may be immortal and not rotten for a hundred years, a thousand years, or even ten thousand years.

But 100,000 years, millions of years, or even longer.

In the years, everything will eventually corrode.

The bone in front of him was probably a peerless strongman during his lifetime.

Several people glanced at the strong man's finger, but unfortunately, he did not see the storage ring.

The storage ring will also be corroded during the long years, so it will collapse and disintegrate, and the contents inside may be caught in the chaos of the void.

Obviously, this existing storage ring has been corroded.

Subsequently, the eyes of several people fell on the broken sword in the bone-bone hand.

The sword is broken, and it is rusty, but for such a long time in the past, this peerless man has even corroded the flesh and the storage ring has been corroded, but the sword has remained.

This is definitely an amazing treasure.

Especially blue clouds and blue turquoise, with fiery lights shining in their eyes.

"Brother Lu, how are you going to get that broken sword?"

Lan Yun opened his mouth and looked at Landing Ming with a smile.

"I go?"

A fine light flashed in Lu Ming's eyes, but then passed away.

This blue cloud actually asked him to take the sword off.

This is definitely not a good intention to give the broken sword to Lu Ming, but to let Lu Ming try.

After the death of such peerless men, despite the endless years in the past, no one knows what the crisis will be.

If the other party leaves a spirit machine, or what back hand to leave, to get his broken sword, it is to find death.

"Go ahead and bring the broken sword!"

The turquoise also spoke, his voice cold.

Lu Ming sneered. He finally understood why Lan Yun was so kind before, answering his questions, and inviting him to go together.

The purpose is to use him as a test stone, what is the danger, tell him to go first.

"Brother Lu, hurry up!"

Lan Yun urged and moved at the same time, forming a horn with blue turquoise, blocking Lu Ming's retreat.

In Lu Ming's eyes, a cold light flashed away.

"Okay, I'll get it!"

Lu Ming opened his mouth, smiled slightly, and stepped forward, walking towards the dead bone.

Of course Lu Ming did not dare to carelessly. His spirit was highly concentrated, and his consciousness kept sweeping towards the dead bone and the broken sword, but no abnormalities were found, and no crisis was found.

However, Lu Ming still dare not carelessly, he took the sword of the emperor in his hand.

The energy storage of the Heavenly Emperor's flesh now exceeds 10%. The sword of the Heavenly Emperor can explode with powerful power. If anything is wrong, he can use the sword of the Heavenly Emperor to resist.

Slowly approaching the dry bone, no crisis was found.

Lu Ming's consciousness is mainly concentrated on the broken sword.

Broken swords are immortal and most likely dangerous. They must be on the broken swords.

But the close sensing, this broken sword, seems to have lost its spirituality, just like a piece of scrap iron.

Lu Ming reached out and grabbed the void, a palm condensed by Shengli, grabbed toward the broken sword.

"Holy Force? Hasn't it become an emperor?"

Seeing the holy power surging in Lu Ming's palm, Lan Yun smiled disdainfully.

Chapter 2189: Start first

Before, they were Lu Ming's masters at least in Wu Emperor's Realm. Now they see that Lu Ming actually used the Holy Power, not the power of the world, and suddenly showed disdain.

At this moment, Lu Ming's hand condensed with holy force had already grasped the broken sword.

Nothing at all, nothing unusual!

Shengli retracted, Lu Ming grabbed the broken sword in his hand.

There is nothing special about starting cold.

Lu Ming put away the sword of the emperor.

Less than a last resort, Lu Ming will not control the sword of the emperor. After all, the energy of the emperor's flesh is exhausted. It is too troublesome to add it. The resources required are also amazing.

"After a long time, the spirit in the broken sword has long since passed, and it has turned into a scrap iron!"

Lu Mingling swept away and found that this broken sword is no longer useful.

Seeing Lu Ming succeeded in obtaining the Broken Sword, Lan Yun and Blue Turquoise both smiled.

"Brother Lu, will you give me the broken sword?"

Lan Yun said impatiently.

"Brother Lan, I got this broken sword!"

Lu Ming turned and looked at Lan Yun, said lightly.

"Brother Lu, give it to me first, and then we will get more treasures, and it will be evenly divided!"

Lan Yun said, his tone was a little impatient.

If he had to use Lu Ming, he must have turned his face.

Blue turquoise is more direct, saying: "The treasures left by such peerless powerhouses are placed in your holy realm. It is pure waste. Give it to us first, and you will be compensated later!"

Lu Ming sneered in his heart, deliberately pondering the surface, said: "Well then!"

Then threw the broken sword to Lan Yun.

Lan Yun was overjoyed and quickly took over to watch.

At first glance, disappointed.

"No spirit, like a piece of scrap iron!"

Lan Yun shook his head, but still put the broken sword away.

"Two, there is something else for Lu, don't go over it!"

At this time, Lu Ming said.

"Do you want to go?"

Lan Yun's face sank.

"Yes, my hometown still has something to do. I have to find the exit first, so I won't accompany the two treasure hunters!"

Lu Ming randomly found a reason.

"Lu Ming, I have explained so many questions for you. If you talk about it, how can it be so simple, let's stay with us!"

Lan Yun said coldly.

"Boy, hunt for treasure with us, otherwise, you don't want to get out of here!"

Blue turquoise appeared behind Lu Ming, filled with cold killing opportunities.

This is to force Lu Ming to force them as a pathfinder.

Lu Ming sneered. The other party explained some problems for him, but he had already taken risks for them just now and got a broken sword.

Moreover, the reason why the other party explained the problem for him was not good at first.

Lu Ming's mouth twitched slightly, showing a smile, and said, "Well, since that's the case, then accompany you, but the treasure you get must be divided equally!"

"This is nature!"

Lan Yundao, but sneered in his heart, Lu Ming is really naive, and wants to divide evenly, even if Lu Ming is not dead during the path exploration, they will not leave Lu Ming behind them.

boom!

It was at this time that the abrupt change occurred.

Lu Ming broke out, instantly boosting the fighting power to the peak, and slashed towards the turquoise with a palm.

This move is too sudden.

Blue turquoise is very strong, four-star virtual emperor, facing the crisis, he yelled, and there were several rules pervading his body.

But still a little late.

They used to think that Lu Ming was just a character under the Emperor Wu. Under the Emperor Wu, they could turn over their hands to kill them.

At this time, Lu Ming suddenly rushed down the killer, and in a hurry, the turquoise had only time to control the rules and stood in front of him.

boom!

Lu Ming slapped on the turquoise body, the law covering the turquoise body, violently shaken, and finally was penetrated by Lu Ming with a palm, terrible palm power, poured into the turquoise body, hit his body out of a The big holes before and after.

The turquoise screamed, his body receded madly, with a shock in his eyes.

Because at that moment, he felt seven laws on Lu Ming!

Two strongest laws, five kinds of kingly laws.

Turquoise almost scared to death.

"This man is very powerful!"

Lu Ming frowned.

Lu Ming now, the five laws have been consummated. The laws of Dan Dao and Qi Dao have not yet been consummated. His body has not yet been tempered, but his combat power is also a lot stronger than when he was in the ten battles.

With his current fighting power, he broke out with all his strength, enough to kill a five-star virtual emperor.

However, Lu Ming didn't kill the turquoise stone just under the attack, just hit him hard.

Blue turquoise is just a four-star virtual emperor!

He felt three laws on turquoise.

One kingly rule and two common rules.

Moreover, both common laws have entered the second realm.

Turquoise's combat power is much stronger than the ordinary four-star virtual emperor.

At this time, Lan Yun also reflected.

"The dogs are shattered, you dare to do it, to death!"

Blue Cloud roared, exploding combat power, and slammed towards the landing.

But Lu Ming's figure flashed, rushing towards the turquoise.

Solve one first, and solve the other.

How can the other party want to use him as a test stone?

boom!

Lu Ming's palms kept chopping out, and dozens of palms were instantly chopped out. Each palm contained seven laws, which were extremely powerful.

The turquoise was hit hard by Lu Ming, and he kept vomiting blood in his mouth, and his strength was less than 20% of the heyday. Where he could resist, without resisting a few strokes, his law of protection was defeated.

The surging palm power fell on him, the turquoise stone did not even scream, the body burst.

boom!

After killing the turquoise stone, Lu Ming kept turning, turning his back and slamming his palm towards the back.

Because of the rear, Blue Cloud's attack also arrived.

Lu Ming's palm split on Lan Yun's fist, and a violent roar erupted. Lu Ming felt a powerful force coming, and his body retreated.

Lan Yun was not much better, and his figure drifted back.

"The strongest rule has reached the second level, and there is a rule of kingship!"

Lu Ming moved.

Lan Yun is undoubtedly a top-notch arrogance, no weaker than some of the arrogances that descended on Destiny Mountain with Emperor Kong Yin.

Samsung Emperor Emperor controls one of the strongest rules, a rule of kingship, and its strength is not weaker than that of the gray-robed young man who had dealt with Lu Ming.

At this time, Lan Yun was shocked to add.

He also sensed that Lu Ming was in control and was shocked.

"It's you, I think of it, you are the waste body of Yuanjie, peerless waste!"

Lan Yun shouted suddenly.

He is also the top arrogant of Heaven Realm. At first, some people went to Yuan Realm. When they came back, they said that there was a peerless waste body in Yuan Realm. At the beginning, it caused a shock in the heaven.

Now that Lu Ming was fighting, he immediately remembered.

"You are a waste body, dare to kill my blue family, find death!"

Immediately, Lan Yun burst into a cold killing opportunity, broke out with all his strength, and slammed towards the landing.

Chapter 2190: Purple Scale Evil God Clan

Lan Yun was filled with cold murders, and at the same time exuded a reddish light, even his palms.

boom! boom!

Lan Yun threw dozens of punches to Lu Ming in succession, punching and punching, and there was a fierce lion roar.

Lu Ming saw that a fiery red lion was roaring on Lan Yun's fists, and as Lan Yun waved his fist, the fiery red lion also fought.

This is a terrible magical technique, which exerts the power of the two laws controlled by Blue Cloud.

Lu Ming waved his palms, bursting out seven laws, and instantly split a dozen palms.

boom! boom!

The fists continually collided, and a thunderous roar erupted, and the energy swept out.

However, here before the endless years, after the battle of the peerless strong, the ground became extremely hard, and the strength of the battle between Lu Ming and the Blue Cloud could only leave a shallow trace on the ground.

The shooting speed of the two was amazing. The sky was full of fist shadows and palm shadows. In a blink of an eye, there were hundreds of moves, and the roar of the lion was never stopped.

"Damn, this guy is stronger than the legend. It is said that he only mastered the five laws!"

Lan Yun roared in his heart.

He could not beat Lu Ming with a hundred tricks, which made him a little restless.

Lu Ming's face was calm, and this blue cloud was indeed not weaker than the gray-robed youths at the beginning, but Lu Ming was also a lot stronger than when he battled in the ten places.

In the battle between the ten places, facing the gray-robed youth, Lu Ming needed to borrow the power of the third bloodline to fight, but now he can fight without the power of the third bloodline.

The two played against each other in succession, and after hundreds of moves, it was still difficult to distinguish the outcome.

"Tear me!"

Lan Yun shouted, and his fiery red light was more intense. He waved his hands. The fiery red lions on both hands merged into one giant red lion, culling Xiang Luming.

This move is more powerful than before.

This is Lan Yun's lore trick, and his box-bottom lofty trick is amazing.

"Hammer of Chaos!"

Lu Ming used his own magical technique, Chaos Hammer.

During this time, Lu Ming has not stopped exploring the hammer of chaos and the sword of death. These two supernatural powers have become stronger and stronger.

In particular, Lu Ming also incorporated the rules of Dandao and Qidao in it.

The law of chaos, combined with the other five kinds of kingly laws, is wonderfully combined, and at the same time, the power bursts out at once.

A huge hammer formed and smashed towards the blue cloud.

boom!

The hammer of chaos collided with the huge red lion, the space exploded continuously, and the terrible energy swept through all directions.

The two stalemated in the air and continued to confront each other, and finally the Red Lion and the Hammer of Chaos burst at the same time.

The two bodies were shocked and backed away.

"How is this possible?"

Lan Yun shouted in his heart. With his strength, he couldn't take Lu Ming, making him terrified.

"kill!"

He yelled, on him, there was a more intense red light, his eyebrows glowed, and a big seal was about to emerge.

As soon as this great seal appeared, a roar of a roaring lion came out, which caused the void to continuously burst, which was extremely terrifying.

Lu Ming's eyes narrowed, and he could feel that this was a terrible imperial soldier, at least a true imperial soldier.

Lu Ming did not hesitate at all, the third bloodline emerged, and he borrowed a force of the third bloodline, which greatly increased his strength.

boom!

Lu Ming stepped on his feet and rushed towards the blue cloud like lightning, and the hammer of chaos smashed out.

Lan Yun didn't expect that Lu Ming's strength would suddenly rise, and in a hurry, he quickly resisted, but where to stop it.

Hit by the hammer of chaos, Blue Cloud screamed and flew out, vomiting blood.

"kill!"

Lu Ming acted very decisively, hitting Blue Cloud with a stroke, and immediately killed him to remove Blue Cloud.

"Lu Ming, I will kill you sooner or later!"

Lan Yun shouted and suddenly spit out blood. Then, a fiery red jade card appeared in his hand and shattered.

Roar!

After the jade card was crushed, a huge fiery red lion appeared, and this lion also had wings, grabbed the blue cloud, and a flap of wings, soaring into the sky, flying towards the distance, the speed was fast Amazingly.

Lu Ming pursued closely, but after a while, he found that he could not catch up at all. The other party flew further and further away, and finally disappeared into the field of vision.

"unfortunately!"

Lu Ming sighed.

This blue cloud is definitely a disciple of the great forces of the realm of heaven. There are many treasures on his body. The jade card is used to save lives.

Lu Ming went back, put away the turquoise storage ring, and then flew out of the body, and left here.

Afterwards, Lu Ming was alone and traveled carefully in this area.

Several times before and after, I encountered two marks.

Among them, there are aliens, but also the strong side of the heaven.

Other than that, nothing was obtained.

The key point is that in this battlefield, Lu Ming can't tell the direction, he doesn't know which side is the exit, and how to get out, he can only walk indiscriminately.

Ok?

Suddenly, Lu Ming's eyes moved, and a voice came in front of him.

Apart from the sound of wind, there is no other sound in this land, but now, there are other noises, which means that there is a situation ahead.

Immediately, Lu Ming performed the Divine Breath technique to converge the breath to the extreme, and then landed on the ground and moved along the ground.

After a hundred miles, Lu Ming hid on a low mountain, and through the block of stone, Lu Ming looked forward.

In front, on a flat land, there is a burly figure.

"Evil God Race!"

Lu Ming narrowed his eyes.

There are more than a dozen evil **** clan, but there is a certain difference between these evil **** clan and the evil **** clan Lu Ming saw before.

These Evil God Races are also covered with scales, but the scales on the Evil God Race Lu Ming encountered in the past are all black, but the scales on these Evil God Races are purple.

Moreover, he is also smaller than the Evil God Clan he encountered before, but it is indeed the Evil God Clan. Every eyebrow has a third eye.

More than a dozen purple scales of the evil spirit family, surrounded by an area, the figure constantly flashing, it seems that what is being arranged.

"That is..."

Lu Ming's eyes glanced again, and found that a skeleton was surrounded by more than a dozen evil **** clan.

In the hands of this skeleton, grab a big bow. Obviously, the people of the evil spirits are for this big bow, but they dare not lean too close.

"These guys seem to be setting up some sort of formation!"

Lu Ming observes carefully and finds that more than a dozen Evil God Clan should be arranged.

After a while, more than a dozen Evil God Clan stopped, flashed back.

"Qi array!"

One of the Evil God Crows snorted, and a dozen of Evil God Clan's bodies were filled with purple light and did not enter the ground.

The ground glowed, and a black light gleamed out.

Then, these dark lights actually condensed large characters.

These sons, Lu Ming did not know at all, very old.
