Chapter 2191: Snatch the Divine Bow

The large array under the evil **** clan condensed the ancient black characters one by one.

As soon as these big characters appeared, they flew towards the big bow, shining brightly and suppressing them.

But at this time, the big bow radiated a light, like a mask, covering itself, and those big characters were blocked by the mask.

More than a dozen evil spirits, with a more intense purple radiance on their bodies, constantly pouring into the ground, the power of the large array is stronger, the black light is constantly radiating, and the black characters are constantly appearing, rushing towards the big bow continuously .

However, the mask around the big bow, although constantly shaking, was never broken.

"This big bow, the spirit is still there, it is definitely a supreme **** bow!"

Lu Ming thought secretly in his heart, a flash of fiery meaning flashed in his eyes.

After a while, it was still useless, without breaking the mask on the big bow.

"Our formation and the distance between them are too far away from the big bow. The power of the big formation cannot be fully exerted. We must be close. In the vicinity of the big bow, the formation of the formation method can be used to wipe out the top of this big bow. Killer!"

An evil **** clan said.

"Yes, this is a treasure left from ancient times. For so many years, the spirituality has not completely passed away. It is definitely a treasure. Don't miss it. Let's do it!"

Another evil spirit clan also followed.

Then, more than a dozen evil spirits cautiously approached the big bow, and when they were within 1,000 kilometers of the big bow, they began to arrange a large array.

Buzz!

At this moment, Da Gong made a buzzing sound, shining brightly.

Then, a ray of light shot out from the big bow, like an arrow.

Poof!

An Evil God Clan had no resistance at all, and was shot through the head with an arrow, and died of fate.

"Boost!"

A Crow of Evil God cries.

With more than a dozen evil spirits, the purple light on their bodies became more and more intense, and they accelerated their speed and formed a ray of light, which disappeared into the ground.

call out!

At this moment, the big bow vibrated again, and another arrow shot out, killing an evil spirit clan.

The remaining Evil God Race was horrified, but at this step, it was impossible to retreat, only to grit their teeth to continue.

They speed up their formation.

call out! call out! ...

In the process of their formation, the big bow kept shaking, arrows were shot out, and one after another the evil gods were shot.

"What a terrifying power, this is a killing opportunity that does not dissipate!"

Lu Ming's eyes were dignified.

He can see that in this big bow, I am afraid that there is a trace of the murderer's life before the life of the big bow, but all the creatures near him will be shot by the big bow relentlessly.

This is also the reason why Lan Yun used to ask Lu Ming to explore the way. If the broken sword was still spiritual, it might be dangerous.

These evil gods are obviously going to set up a large formation to wipe out the killing on the big bow.

Within a short time, there were eight Evil God Clan, dead under the big bow.

And now, there are nine evil gods left.

"Success, retreat!"

A Crow of Evil God cries.

Uh! Uh! ...

The remaining nine people receded madly, but at this time, the big bow vibrated, and another arrow shot out, aiming at one of the evil gods.

"Do not..."

The desperate roar of the Evil God Race is full of unwillingness.

Already succeeded, all backed off, but at the last moment, the arrow shot an arrow at him.

puff!

Without any suspense, this Evil God Clan was shot, leaving only eight Evil God Clan.

The remaining eight people were at an astonishing speed and retreated very quickly. When retreating to a certain distance, the big bow did not radiate light and calm down.

The eight evil gods all have a fearful expression on their faces.

If they are out of luck, they are dead!

"let's start!"

Eight people looked at each other, and then began to stimulate the large array.

This time, the inner and outer large arrays excited together, forming large characters of ancient mystery and flying towards the big bow.

Lu Ming estimated that this kind of large formation should be the same as that of the Evil God Race.

The ancient big characters flew towards the big bow, which glowed with a layer of light.

But this time, the power of ancient characters is obviously much stronger than before.

Large characters glow like pieces of weapons, suppressing down towards the mask.

boom! boom! ...

The continuous shaking of those masks caused layers of ripples, as if they would collapse at any time.

After a few minutes, the mask really couldn't resist, like a blister, with a puff, it broke apart.

Those big characters rushed towards the big bow, covering it.

Buzz!

At this moment, the big bow vibrated, bursting out a terrifying murderous opportunity, spreading all around.

The big characters that covered the big bow collapsed one by one.

However, more large characters will be covered soon.

Every time the big character collapses, the killing on the big bow is dimmed and weakened.

This is to use the power of the large array to destroy the killing in the big bow.

As time passed, the killing on the big bow became weaker and weaker.

Half an hour later, the killing on Da Gong has completely disappeared.

"Successful, haha!"

One Evil God Clan laughed, and the other Evil God Clan showed joy.

They stepped forward and approached the big bow, which didn't respond at all.

In the end, they approached the big bow. An evil spirit clan stepped forward and grabbed the big bow in their hands.

Buzz!

The Evil God Clan held the big bow in his hand, held the bowstring in his hand, and tried to pull it away, but after pulling it halfway, the big bow didn't respond at all and could not pull it at all.

"Haha, it's worthy of being the supreme treasure. With our cultivation, we can't pull it away!"

The evil **** clan laughed and became more excited.

Such a treasure, if they bring it back to turn in, they will definitely receive a generous reward.

"let me see!"

The other Evil God Race was curious and took the big bow and tried to pull it away, but it didn't work either.

In the distance, Lu Ming's eyes filled with murderous opportunities.

"Three four-star virtual emperors, five three-star virtual emperors!"

Lu Ming whispered.

Just now, these Evil God Clan controlled a large array, Lu Ming has long known the strength of these Evil God Clan.

Among these Evil God Clan, there were originally two five-star virtual emperors, but it was too bad to be shot by the big bow. The remaining, the strongest is only the four-star virtual emperor.

Lu Ming decided to start, behead these evil gods, and grab the big bow.

Uh!

Lu Ming rushed high into the sky and approached the area of the Evil God Race from high altitude.

Lu Ming performed the Divine Breath technique, the breath did not emanate, the other party didn't feel anything at all, Wu Wu passed there to watch the big bow.

"It's now!"

Lu Ming thought, and his body swooped down, like a flash of lightning, and slid down.

In the lower pass, Lu Ming's hands condensed a war sword.

This is the magical art, the sword of death!

"No, someone!"

The people of Evil God Clan also found Lu Ming, shouting one after another, and the whole body was filled with purple light.

"kill!"

Lu Ming shouted, slashing towards a four-star virtual emperor.

Chapter 2192: One does not stay

Lu Ming cut a sword to a four-star virtual emperor's evil spirit family.

At a critical moment, the third eye of the Evil God Clan glowed, and a purple beam burst out and pierced towards the landing Mingdong.

At the same time, he burst into purple light, and a giant axe appeared in his hand, chopping up.

boom!

Lu Mingli slashed down, and the sword of death slashed the purple beam that burst into the third eye of the Evil Gods.

The sword of death vibrates, the law of death and the five kinds of laws continue to vibrate, forming a terrifying cutting force, directly chopping off the beam, and continuing to chop.

Then, the sword of death collided with the opponent's giant axe.

A violent roar, the sword of death vibrated, but the opponent's giant axe vibrated even more. Finally, it exploded directly and turned into debris flying around. Many debris bombarded the evil gods themselves.

bump!

The body of this evil spirit clan flew out, and there were wounds on his body, blood flowing.

But it is not dead!

"Good strength!"

Lu Ming's eyes narrowed.

This evil **** family is just a four-star virtual emperor.

With Lu Ming's current combat power, he exhibits the sword of death, generally a four-star virtual emperor, who can directly kill.

Even a five-star virtual emperor can do a lot of damage.

But just now, under the surprise attack, Lu Ming did not kill the other party with a single sword. He just hit the other party hard. The fighting power of this evil **** clan exceeded Lu Ming's imagination.

"Not weaker than the turquoise before!"

Lu Ming turned a thought in his heart.

That blue turquoise stone is also a four-star virtual emperor, but its combat power is so strong that it met the four-star virtual emperor before Lu Ming.

"Here is the battlefield where the two realms are fighting. These people are all from the barracks where the two realms are fighting. They fight on the battlefield all the year round, and their combat power is stronger than the existence of the same level!"

Lu Ming thought about it and came to this conclusion.

Of course, Lu Ming turned these thoughts only in an instant, and he continued to slay towards a wounded evil **** clan.

But at this time, the other evil gods had already reacted, and a terrible purple beam came through the landing Mingming cave.

Lu Ming can only stop to resist, brandishing the sword of death, blocking these purple beams.

He found that the power of these purple beams was also amazing.

The fighting power of every evil spirit clan is stronger than the black scale evil spirit clan Lu Ming encountered before.

These are definitely the elite of the Evil God Race.

"kill!"

Lu Ming broke through several purple beams and killed a Samsung Emperor.

You can't kill a four-star virtual emperor in seconds, and you can kill Samsung in seconds.

"Stop him!"

Among the eight Evil God Clan, there are three four-star virtual emperors, one was hit by Lu Ming before, and there are two others.

At this moment, these two Evil God Clan as the main force, launched a general stormy attack on Lu Ming.

Other Samsung Emperor Evil God Clan attacked Landing Ming on the periphery.

Lu Ming didn't dare to carelessly, and focused on resisting.

Although he can kill the Samsung Emperor in seconds, it does not mean that he can ignore the attack of the Samsung Emperor. What's more, the attack power of these Samsung Emperors is very terrible. Lu Ming was hit and must be hurt.

"Human ants, dare to attack me and kill!"

The evil spirit clan attacked by Lu Ming was also killed.

Lu Ming was surrounded by eight evil **** clan groups. For a time, he could only protect himself, and it was difficult to kill the enemy at all.

"Ignore the enemy!"

Lu Ming sighed.

In Yuanjie, he was able to kill the four-star virtual emperor in seconds, and his strength has improved recently, so he didn't pay much attention to the four-star virtual emperor before, unless it was the top-level arrogance of the blue cloud.

Therefore, he shot and killed him directly.

Now he understands that he has looked down upon others.

Here are the battlefields of the two realms. Those who can participate in the battle are elite and there is no shortage of masters.

"It seems that we can only borrow the power of the third bloodline!"

Lu Ming's heart moved, and suddenly, in the third blood, a force poured into Lu Ming's body.

Lu Ming didn't dare to borrow too much power. The third bloodline was too weird. If he borrowed too much, his mind would be affected.

But even so, Lu Ming's power is also greatly increased.

"kill!"

The third bloodline, contains a rich murderous opportunity, Lu Ming shouted, and the cold killer broke out, and all the evil gods could not help but shudder.

Such a good opportunity, Lu Ming will not miss, step out, the sword of death slashed to the evil spirit clan that was hit hard by him before.

puff!

This time, this Evil God Clan was no longer able to resist, and was directly split into two halves by Lu Ming.

Immediately afterwards, Lu Ming's Battle Sword swept out and slain an evil **** clan in a three-star virtual emperor realm.

kill!

After killing two people in a row, Lu Ming killed a four-star Emperor.

The four-star virtual emperor shouted, using the trick of the bottom of the box to resist, but after the war sword was cut, all his attacks collapsed, the whole person flew out, and fell heavily on the ground, making it difficult to move.

Although he didn't die, he had no power to fight.

As the number of opponents decreased and Lu Ming's strength increased, Lu Ming was invincible.

puff! puff!

Two swords, and two Samsung Emperors were beheaded.

A few breaths, the other eight, there are only three left.

The remaining three, finally afraid, turned and ran.

Will Lu Ming let the other party escape, flashing in shape, chasing him up, one sword, and slashing the remaining two Samsung Emperor Emperors, leaving only the last four-star Emperor Emperor, who has escaped some distance.

Lu Ming chased past quickly, and ten miles later, Lu Ming caught up with the other party.

"Dead together!"

Seeing that he could not escape, this evil **** clan roared, and the third eye erupted in a brilliant light, like a purple little sun.

call out!

A purple beam of light, extremely terrifying, pierced towards the landing Ming hole.

After emitting this beam of light, the breath of the Evil God Clan suddenly subsided.

Lu Ming sweaty hair burst, this beam of light gave him a dangerous feeling.

"cut!"

Lu Ming broke out with all his strength and slashed down.

Boom!

There was a huge earthquake, the sword of death in Lu Ming's hand exploded, and Lu Ming's figure retreated sharply, feeling his palms tingling.

"Good power!"

The power of the opponent's desperate blow was really amazing. At this moment, he borrowed the power of the third bloodline, but the sword of death was still broken by the opponent.

Seeing his desperate blow, he still didn't kill Lu Ming, the evil **** clan showed hopelessness.

"Human clan ants, our clan will calm you down this morning, kill all your humble crickets, and kill none of them!"

This evil **** cries.

"In the future, you will be destroyed!"

Lu Ming's eyes were indifferent, and the sword of death came out again, and the sword slashed past, killing the other party.

Putting away the other party's storage bracelet, Lu Ming killed him again and beheaded the seriously wounded evil spirit clan.

For the evil **** clan, Lu Ming will not have the slightest sympathy, can kill one is one!

The Evil God Clan is determined to break through the heavens and the primal realm.

If you don't kill them, they will kill you!

Chapter 2193: Hunting Evil God Clan

At this point, the eight evil gods were all beheaded by Lu Ming, Lu Ming thought, and the power of the third bloodline was taken away by Lu Ming.

"What is this third bloodline?"

Lu Ming couldn't help thinking.

He has thought about this problem more than once.

The third bloodline seems to be very mysterious, and the power is endless, the killing is endless, he does not dare to borrow the power inside too much.

This force is not something he can control.

Moreover, as the cultivation base became deeper and deeper, his fear of the third bloodline became stronger.

Because no matter how his strength is improved, in front of the power of the third bloodline, he is like a ant, very small.

"Don't care, as long as the strength can continue to become stronger, this force can be used for its own use!"

Lu Ming shook his head, and then put away all the storage bracelets of the Evil God Clan, including those of the Evil God Clan that had been shot by the big bow before.

These are all powerful in Emperor Wudi's realm, and for Lu Ming, it is another great harvest.

Then, Lu Ming found the storage rings one by one.

"found it!"

Soon after, Lu Ming showed a happy look, and a big bow appeared in his hand.

It was the big bow that the Evil God Clan got before.

The big bow is one and a half meters long. I don't know what material was cast. It is extremely heavy. The surface of the big bow is rusty.

"try it!"

Lu Ming grasped the bow handle in one hand and the bowstring in one hand, pulling hard!

Not moving at all!

The big bow doesn't move, and the bowstring doesn't have any arc at all.

"With my current strength, I can't pull it at all. It's no wonder that those evil gods have not pulled it!"

Lu Ming secretly panicked.

This big bow is really nothing small, it is definitely a supreme gem. Even after so many years, it still retains its spirituality, which can be seen.

"Try again!"

Lu Ming was not reconciled. This time, Lu Ming exploded all the power of the law.

Buzz!

This time, the big bow vibrated slightly, and at the same time, Lu Ming felt that the bow string was pulled.

Although it was only pulled a bit, it was indeed pulled.

At the same time, the energy between heaven and earth, and the holy power in Lu Ming's body, frantically poured into the big bow.

An arrow shining in colorful colors emerged.

"Successful!"

Lu Ming's eyes lit up, and then let go, his arrows shot out like a flash of lightning, and flew tens of thousands of meters away all the time, and shot on a mountain peak.

boom!

On the mountain peak, a big hole was exploded and gravel splashed.

"What a terrible power!"

Lu Ming showed his excitement.

Here, but a battlefield in ancient times, after the battle of the peerless powerful, the energy and the killing raged, so that the ground and the rocks here became extremely hard.

Lu Ming gave a full blow and could only leave a shallow trace on the ground.

But just one arrow, but shot a mountain into a big hole, the power is very amazing.

"However, the wasted holy power is also amazing, I can't use it all the time!"

This big bow seems to require a variety of rules to pull it apart, and the holy power it consumes is also very amazing. Lu Ming will not use it many times, I am afraid that the holy power will be drained.

"This kind of power, I am afraid that the Seven Star Emperor will be shot with an arrow!"

Although the consumption of holy power is amazing, Lu Ming is still very satisfied.

With this bow, he is fearless under the real emperor.

Moreover, he just pulled a little bowstring just now, far from exerting the power of this bow.

With the improvement of his cultivation, the power of this bow will become stronger and stronger.

Lu Ming put away the big bow excitedly, his figure flashed and left here.

Next, Lu Ming was still running alone, no direction.

One day later, he had no idea how far he had walked.

boom! boom!

Suddenly, there was a roar in front.

Someone is fighting.

Lu Ming condensed his breath and quietly hurried over, and then saw that some Evil God Races were besieging three Human Races.

A young man, a middle-aged man, an old man.

The young man, slightly fat, cultivated very strong, reached the Samsung Emperor, and also controlled one of the strongest rules, obviously a top-notch arrogance.

And that middle-aged man is a five-star virtual emperor!

The old man is a six-star virtual emperor, and his combat power is very strong.

But at this time, they were in crisis, and a total of six evil gods besieged them.

These six evil gods are all covered with purple scales, and they are very deep.

One of them is also a six-star virtual emperor, and his combat power is not weaker than that of the old man.

There are also three five-star virtual emperors and two four-star virtual emperors.

This lineup puts the three human races in a crisis, even if they resist it with all their strength, they can't stop it, and they are in danger.

"Master, go away, we block them!"

The old man shouted.

"Let's go together!"

The chubby youth shouted.

"If you want to go, you can't go either. The human pride, killing one, rewards a lot, quack!"

The Evil God Clan of the Six-Star Void Emperor Realm laughed a lot, but the offensive was not weakened, and it continued to attack the old man.

The old man must not only defend against the attack of the opponent's six-star virtual emperor, but also defend against two five-star virtual emperors. The situation is very dangerous, and a little blood has spilled from the corner of his mouth.

"Dead!"

The evil **** clan is called strangely.

In the distance, a cold light flashed in Lu Ming's eyes.

In his hand, the big bow appeared, and then quietly went around in the other direction.

He intends to shoot!

If it was the creatures on the side of heaven that were fighting in front of him, he would not intervene, and he would not do much business.

But if one side is the Evil God Clan and one side is the Human Clan, then it is another matter.

Similarly, if Lu Ming didn't get the big bow, he wouldn't intervene. The opponent had a five-star virtual emperor, six-star virtual emperor. With his current combat power, he only intervened to find death.

But with a big bow in hand, Lu Ming was not afraid.

After a few breaths, Lu Ming went around in another direction, and then pulled a big bow, facing the Six-Star Emperor.

The big bow exudes a faint light, the energy between heaven and earth and the holy power of Lu Ming, which is constantly poured into the big bow, and a colorful arrow emerges.

call out!

As soon as Lu Ming's hand was released, the arrow flew out, and instantly crossed a distance of tens of miles, shooting at the six-star virtual emperor, the speed was amazing.

The six-star vain reacted and wanted to avoid it, too late.

He can only explode with full defense.

However, his defense, like the paper, was vulnerable.

puff!

Arrow Arrow penetrated all his defenses, shot from his eyebrows, took him tens of thousands of meters, and stared at a low peak.

A six-star virtual emperor was shot instantly.

At the scene, both the human race and the evil **** race were shocked.

In particular, the Evil God Clan was shocked.

"kill!"

Would the old man miss this opportunity and explode with all his strength, a sword light was cut out, and a five-star virtual emperor was hit hard.

Chapter 2194: See you again

"retreat!"

A Crow of Evil God cries.

Being able to shoot a six-star virtual emperor with one arrow, they knew that there was definitely a terrifying master on the side of the heavens. Where did they dare to stay, in fear, turned and ran wildly.

call out!

Another arrow flew, aiming at the five-star virtual emperor.

The five-star virtual emperor screamed and was shot.

On the other side, the old man took advantage of the chase and killed the five-star virtual emperor who had been hit hard by him.

The opponent has a total of six people, a six-star virtual emperor, two five-star virtual emperors, all killed, leaving only three four-star virtual emperors, running desperately.

The three evil gods raced away, and they knew that if they got together, no one could escape.

"chase!"

The fat young man yelled and chased towards a four-star virtual emperor's evil spirit family.

The old man and the middle-aged man are also chasing one.

The evil **** clan chased by the chubby youth just ran to Lu Ming's side.

Lu Ming stepped out, holding a big bow, facing the evil **** clan.

The Evil God Race was shocked and almost scared to death.

Just now, it was two arrows that shot a six-star virtual emperor and a five-star virtual emperor. Now that Lu Ming appears with a big bow in his hand, he is blamed if he is not scared to death.

He panicked, and the fat young man had already been killed.

This kind of purple scale evil spirit clan has a very powerful combat power, but the fat young man is a top-level arrogant. Although the cultivation is weak, the combat power is not worse, even stronger.

A blade of light, white and translucent, cut to the evil **** clan.

Evil God Clan wholeheartedly guarded against Lu Ming, and was panicked and directly hit by the fat young man, which was hit hard.

The fat young man was hit by one blow, and the subsequent attacks were endless. The white swords of the white swords went to the evil **** clan.

The Evil God Clan has been hit hard and has no power to return to the sky. It has only the power of defense and no power of counterattack. The defeat is early.

Lu Ming did not pull the big bow, just scared the other side just now.

Seeing that the big event was set, he put away the big bow.

Uh!

The figure flashed, and the old man appeared, apparently having resolved the opponent.

After a while, the middle-aged man appeared.

At this time, the micro-fat young man had the upper hand completely, and the sword lighted up, leaving a wound on the evil **** clan.

"kill!"

Finally, the fat young man shouted and cut off the other person's head.

After beheading the Evil God Clan, the fat young man, the old man, and the middle-aged man were only looking at Lu Ming, his eyes showing surprise.

Just now, the arrow shot a six-star virtual emperor and a five-star virtual emperor instantly. They did not expect that the owner who shot the arrow was so young.

"This brother, thank you for your rescue!"

Xiaofa walked over and thanked with a fist, sincere attitude.

"You're welcome, when you see aliens, why don't you kill!"

Lu Ming smiled.

"Is there a good reason not to kill? It really makes sense. Under Liu Hao, I don't know what to call the brothers?"

Fatty youth said.

"Lu Ming!"

Lu Ming said.

"It turned out to be Brother Lu!"

Liu Hao clenched his fists.

"Thank you Brother Lu for your help!"

The old man and the big man also thanked Lu Ming, and Lu Ming politely said a few words.

"Brother Lu seems very strange, do you enter this battlefield alone?"

Liu Hao asked.

"Not bad!"

Lu Ming nodded.

"It's not safe for a person to come in. Now, the Evil God Clan has also sent a lot of masters to enter this ancient battlefield. Now, the people on our side of the heavens gather not far away to gather forces to fight against the Evil God Clan, Brother Lu, why not join us?"

Liu Hao invited.

Lu Ming pondered.

After a while, Lu Ming nodded and said, "Well, I am with you!"

Lu Ming agreed that he had his own consideration.

First of all, Liu Hao did not look like Lan Yun and others before, insidious and cunning, mean and shameless, Liu Hao looked sincere, not like a sly person.

In addition, he alone could not find a way to go out. Only with the Celestial People could he find a way to go out and enter Taiqing Heaven.

Seeing Lu Ming agree, Liu Hao was overjoyed and gave the six evil ***** clan storage bracelets to Lu Ming, saying that this time thanks to Lu Ming's help, otherwise they would all have to finish.

Lu Ming was also polite, and put it all away.

Then they went in one direction.

Along the way, they did not encounter any danger. After a few hours, they came to a bare mountain with a valley in it, which is still secret. Here are the souls from heaven.

In addition to the human race, there are also a family of gods and beasts.

"A lot of people!"

Lu Ming looked at them when they arrived and found that there were hundreds of people.

However, there are not many young people, only five or six, and the others are middle-aged or old-aged. There are men and women. There is no doubt that they all exist in the state of Emperor Wu.

Some people have a very deep breath, and there is a faint light in the world.

True Emperor!

Lu Ming's eyes narrowed slightly.

This ancient battlefield is very dangerous. The stronger the cultivation base, the more dangerous it is to enter here.

When the real emperor comes in, there is already a certain degree of danger, and it may be targeted by those strong marks.

The lower-order true emperor is better, the higher-order true emperor will surely die if he encounters those marks.

Liu Hao greeted several young people and introduced Lu Ming.

Several young men smiled and Lu Ming nodded.

They heard Lu Ming's name, and nothing happened.

Obviously, even if they had heard of a peerless waste body from Yuanjie, I am afraid they did not know Lu Ming's name.

Lu Ming also smiled and nodded, then stood beside Lu Ming.

Liu Hao whispered that they had entered this ancient battlefield this time. One was to try their luck to see if they could get some chance and some treasures.

In addition, they have another thing to find out why this ancient battlefield has changed, what happened? Is it related to Evil God Clan?

The top management of Tianjie attaches great importance to this matter.

Therefore, they only got together and exchanged the information they knew. Secondly, they must work together and have a greater grasp.

As time passed, more and more people came here.

Soon after, about 150 people gathered.

Uh! Uh! ...

At this time, another rainbow light flew over.

This time, more than ten people came at once.

"Blue Cloud!"

Lu Ming's eyes narrowed. This time, more than a dozen people came, and the one headed was actually Blue Cloud.

It now appears that his injury has healed.

Lan Yun and others landed in the valley and glanced at the audience. When he saw Lu Ming, his eyes exuded a thick murderous momentum and strode toward Landing Ming.

"Boy, we meet again, this time, how do you die?"

Lan Yun walked in front of Lu Ming, coldly speaking, with a gruesome expression on his face.

The people who came with Lan Yun also came step by step, exuding a cold breath.

Chapter 2195: A little Taoist

Lan Yun and his entourage approached the landing, and the cold killing made no secret.

"Blue Cloud, what do you want to do?"

Liu Hao stepped forward and shouted.

"What are you doing here?"

Lan Yunsen said coldly.

Around, other people cast their eyes on curious eyes.

Liu Hao's face changed and said, "Blue Clouds, the Two Realms City has regulations, but everyone who enters the battlefield, my Heavenly Realm, must unite, not to kill each other, violators, military law disposal, do you want to violate the regulations?"

"Haha, violation of the regulations? I tell you that this kid violated the regulations. Before that, this kid attacked and killed a master of my Lan family, so I would take him away and take him back to the Two Realms for punishment!"

Lan Yun laughed.

The Two Realms City is a giant city located at the entrance of Hunyuan Tianyu and Taiqing Tianyu. It is magnificent. There are countless powerful people sitting in the city. It is because of the blockage of the two realms that they have blocked the pace of the alien attack. .

"what?"

Hearing this, Liu Hao was stunned. If Lan Yun really said, he had no reason to interfere.

"ridiculous!"

At this moment, Lu Ming opened his eyes lightly and glanced at Lan Yun, saying, "You and that turquoise stone, who are greedy for life and fear of death, and want to obtain treasures, treat me as a test stone, and meet the remnants left by the ancients. Dare not go, but call me to go!"

"I helped you take a remnant soldier, and then you want to leave. You haven't let me go yet. You killed me. I won't do it. Are you waiting to be killed?"

This remark made many people's eyes blink.

If they are Lu Ming, I am afraid they will do it.

"Blue Cloud, if this is the case, then it's no wonder that Brother Lu will do it!"

Liu Hao spoke again.

"The words are erotic, and the three of us act together, seek treasures together, and when we encounter treasures, we naturally need someone to step forward and try it. Could it be that the whole army will be wiped out if the three of us encounter a crisis?"

Lan Yun quibbled.

"Then why did I go, not you?"

Lu Ming sneered.

"That time it was you, and the second time, we must have been there. It was in turn, but you were blinded by greed. You suddenly attacked and wanted to kill us, swallow the treasure, and you should die!"

Lan Yun shouted, cunning in his eyes.

Lu Ming sneered. This blue cloud is really shameless.

What turns are dogs/ farts!

They clearly wanted Lu Ming to always be a test stone. When Lu Ming wanted to leave, he killed and threatened Lu Ming.

"It turns out that everything has been understood. This kid is greedy and wants to kill people and win treasures. On the battlefield, killing his own people has seriously violated the regulations and must be punished!"

At this time, a voice rang aside, a young man named Yan Xi, also a arrogant figure.

"This..."

Liu Hao didn't know whether Lan Yun said it was true or not, and he didn't know how to speak for a while.

"Lu Ming, kneeling down and self-cultivating, do you still need me to do it?"

Blue Cloud shouted.

"Come on, come on!"

Lu Ming said indifferently, a big bow appeared in his hand.

"Sure enough to be brave and want to resist, start!"

Blue Cloud shouted.

Uh! Uh! ...

Behind Lan Yun, the figure flickered, and more than a dozen people surrounded Lu Ming Tuan, with a strong breath, pressed toward the landing Ming.

"Two seven-star virtual emperors, two six-star virtual emperors..."

Lu Ming glanced at his eyes, revealing a cold murder.

These people brought by Blue Cloud are very strong, and Lu Ming is definitely not an opponent with his own strength.

But now, Lu Ming has a big bow in his hand, but he is not afraid of them.

If these people were to die, he wouldn't mind killing.

What makes him stressed is that Yan Xi, beside this person, there is a strong man in the real emperor realm.

With Lu Ming's current practice, even with a big bow in hand, he can't exert such strong power, and he's not an opponent of the true emperor.

However, if it is urgent, Lu Ming can directly use the Emperor's flesh to kill him.

But that was less than a last resort and Lu Ming would not use it.

All around, the others looked indifferently, and no one spoke.

"Blue Cloud, are you too much? What's the matter, wait until you get back to the Two Realms!"

Liu Hao spoke, anxiously.

Lu Ming saved his life, he can't just see Landing Ming being abolished.

"Liu Hao, get away and don't let even you take it together!"

Blue Cloud scolded coldly.

"you..."

Liu Hao's face was ugly. He invited Lu Ming to come together, but this happened, and he felt very uncomfortable.

"Brother Liu, this matter has nothing to do with you. If they want to deal with me, they will have to pay a heavy price!"

Lu Ming said coldly, Shengli poured into the big bow, the big bow vibrated slightly, filled with a layer of brilliance.

"This is an ancient imperial soldier!"

Lan Yun's eyes fell on the big bow, revealing a greedy look.

The big bow is full of ancient meaning, and there are mottled rust on it. There is a great possibility that it was obtained in this ancient battlefield. The weapons left in this ancient battlefield are actually still spiritual, which is absolutely not trivial and makes him jealous.

Lan Yun was about to call hands. At this moment, a disdainful sneer came from the sky: "It's really mean and shameless, forcing others to be a test stone, and finally being killed by others. Now it's time to slander others, Lan Jiazhen is getting worse!"

The sound was full of disdain, making Lan Yun and others suddenly change color.

Everyone's eyes looked towards the sky.

I saw that a 14- to 15-year-old boy in the sky was wearing a Tai Chi Yin-Yang robe, carrying his hands on his back, and stepped into the air.

Is a little Taoist!

"Who are you, dare to insult my blue family, do you understand that this is death?"

Lan Yunsen spoke coldly.

"Don't press the Lan family against me, others are afraid of you, the Lan family is not afraid!"

The little Taoist disdain, with a strong sarcasm on his lips, said: "Did I make a mistake, you are clearly forcing others to be your test stones, others naturally want to resist, and they are still here to frame others, and everyone with a clear eye can see it, You are talking nonsense with your eyes open. If the Lan family are all people like you, they will be destroyed long ago!"

The little Taoist was carrying his hands, a style of peerless master, squinted at Lan Yun, and a picture of elders reprimanding the juniors.

"Insult my Lan family four times, and find death. In my opinion, this person is Lu Ming's associate.

Blue Cloud shouted.

Uh!

A middle-aged big man from the Lan family rushed out, with the five-star Xu Emperor's cultivation behavior.

Taking his five-star virtual emperor's cultivation as an example, it was not easy to deal with a teenage Taoist.

Almost everyone thinks so, with one exception, that is Lu Ming.

"How can this guy look so familiar?"

Lu Ming looked at the little Taoist curiously.

Lu Ming is sure of the appearance of the little Taoist. He has never seen it before, but he is very familiar with his temperament.

At this time, there have also been changes in the field.

The five-star Xu Emperor of the Blue Family was astonishingly fast. He rushed towards the little Taoist. Between his hands, a huge palm grabbed the little Taoist and wanted to suppress the little Taoist.

Seeing that the big hands were about to catch the little Taoist, the little Taoist disappeared from the spot in a flash, and the next moment appeared above the middle-aged Han.

Chapter 2196: Blue cloud, so miserable

"I kick!"

The little Taoist shouted, kicking his feet toward the middle-aged man's face.

bump!

The middle-aged man was kicked directly, screamed, and his burly body flew out, hitting the stone wall of the valley, and then stopped, where he twitched.

Everyone looked at the middle-aged man and took a breath.

The middle-aged man was so miserable that half of his face burst apart, and he was not in the shape of a man, howling there.

Many people are shocked!

This little Taoist seems to be very young, as if from the power of terror, a five-star virtual emperor can't stop a trick.

Could it be that the little Taoist was transformed into an older character?

Lan Yun and other people from the Lan family also have a dignified complexion.

"This kid, really is Lu Ming's companion, Yiqiu raccoon dog, blatantly wounded the master of my Lan family, and such a person, without any rules, shot together and won him!"

Blue Cloud shouted.

Uh! Uh! ...

Suddenly, everyone's Lan Jia Gao moved his hand, his figure flashed, and he was slain towards the little Taoist.

Lu Ming touched his nose, a little speechless.

He was about to quit, and he could only stop.

That's fine, if he killed all the Lan family, I'm afraid it would be difficult to enter the two realms later. If he couldn't enter the two realms, he wouldn't be able to enter the Taiqing heavens and stay in this battlefield for a long time. It is definitely a very dangerous thing.

When this little Taoist shot, he was too lazy to start.

"Wo Chao, so many people beat me alone, your Lan family is really degenerate, and sooner or later it will be destroyed, ah, ah, I kick..."

The little Taoist shouted, his hands and feet did not stop.

His body flickered, his body approached to the extreme, and he completely avoided the attack of the Lan family masters, kicking out a cold foot.

bump!

A six-star Xudi's face was kicked, screamed, stepped into the footsteps of the previous big man, was kicked out, half of his face burst, and he twitched on the ground.

"Ah, you are mean, you are shameless, you shameless, I kick, I kick..."

The little priest continued to yell and froze, kicking out again, this time, kicking his feet in a row.

bump! bump!

The two figures were kicked out, lying on the ground and twitching, unable to get up for a while.

Many people took a breath.

Because this time he was kicked off, there was a seven-star virtual emperor and a six-star virtual emperor.

Everyone understood that this little Taoist had a terrible combat strength.

Qixing Xudi is already the pinnacle of Xudi, but such a character can't stop the little Taoist from kicking.

The rest of the Lan family was shocked and wanted to retreat, it was too late.

"I kick, I kick, I kick..."

The little Taoist shouted, his figure flashed continuously in the air, and his feet kept kicking.

bump! bump! ...

The rest of the Lan family were kicked out one by one, lying on the ground and twitching nonstop.

Lan Yun stood there dumbfounded.

"It's your turn!"

The little Taoist looked at Lan Yun, with a sneer on the corner of his mouth, and walked towards Lan Yun.

"You... you are so brave, the high-level leaders of the Two Realms have regulations, step into the battlefield, and the creatures of the Heaven Realm are not allowed to kill each other. Do you dare to violate the regulations?"

Blue Cloud shouted.

"I didn't kill them again. Where did it violate the rules? Also, what kind of scum like you, even if you kill them? Is it a waste of air?"

The little Taoist said carelessly.

Blue Cloud was furious, and his body retreated at a rapid speed, but the little Taoist was faster, and in a flash, he was catching up with Blue Cloud.

"Don't kick me..."

Blue Cloud screamed.

Snapped!

The little Taoist slaps out the fan. Lan Yun's face screams. His body twirled hundreds of times in the air, hitting the ground heavily, lying there twitching all over, a face swollen like a pig's head.

"I satisfy you, don't kick, hit with your hands!"

The little Taoist pouted.

The others were speechless for a while.

Then, the little Taoist turned his eyes a few times, and said, "It's really wasteful for you to scum someone, framing others, and staying in the world, but there are regulations in the Two Realms. Penalty, your belongings, I will take care of it for you first, let you reflect and reflect, you will reflect clearly later, and find me to take it back!"

After all, the little priest flashed his body and took all the storage rings of more than ten blue masters.

Many people's eyelids jump straight, which is too cruel.

They saw that what the little priests said to be "custodial" was an excuse, that is, to find an excuse to collect the treasure.

Finally, the little Taoist came to Lan Yun.

"No, don't take my storage ring!"

Lan Yun yelled, like an innocent girl who was bullied, curled up, grasping the storage ring with both hands.

This storage ring is his life savings, all the belongings are inside.

If it is lost, his loss will be extremely heavy.

"What are you doing so tightly? What do you think I am? I'm just keeping it for you, can you still be greedy for your treasure?" the little Taoist scolded.

"Do not..."

Where can Lan Yun believe the words of the little Taoist?

bump! bump!

At the next moment, the little Taoist kicked two feet in a row, one kicked on Lan Yun's face and one kicked on Lan Yun's crotch.

Lan Yun screamed, his body twitched continuously, his eyes turned white, and his mouth spit foam,

The dazzling generation of top arrogance, such a result, caused many people to sweat in the face.

"The gentleman doesn't want to do anything. I didn't want to do it. You just have to force me to do it. It's wrong. It's a move. Why bother? Why bother?"

The little Taoist murmured and waved away the blue cloud storage ring.

After putting away the storage ring, the little Taoist's eyes fell on Lan Yun's clothes again, his eyes brightened and said, "This clothes is made of millions of years of snow silk. This is a treasure, stay here. You are also a waste, and I will take care of it!"

After that, we will go to pick up Lan Yun's clothes.

"This brother, aren't you too much, staying alive and meeting each other in the future!"

Yan Xi could not bear it at last, he and Lan Yun were friends.

"Boy, do you also want to send me something "to keep"?"

The little Taoist glanced at Yan Xi sideways.

Yan Xi's face was a bit gloomy, saying: "Although your strength is very strong, you can't do it!"

Yan Xi waved his hand.

bump!

Behind Yan Xi, an old man stepped out, filled with a breath of terror, and a faint light of the world shone on his body.

This is a true emperor!

Yan Xi brought a true emperor, so he was very confident.

"A little one-star Emperor dare to dare to be arrogant with this seat, not to mention, let's keep more things today!"

The little Taoist murmured, a sighing look, but the next moment, his figure disappeared and rushed directly to the true emperor.

"you..."

The other party was furious and didn't expect the petty priest to be so despicable.

Chapter 2197: God stick

The Emperor Yan Jia broke out, and the power of the world surged out towards the little Taoist.

However, the body of the Taoist prince flashed, and then the body was divided into two, two into four, four into eight, and finally turned into sixteen figures.

"I kick, I fan..."

Sixteen little priests yelled together, some pedaling, some slaps.

But one thing in common is that their legs and palms are filled with endless runes.

bump! bump! ...

The real power of Yan Jiazheng's world was broken by the Taoist priest, and then the sixteen legs, slaps, greeted Yan Jiazheng's face all at once.

The Emperor Yan Jia screamed, and finally stepped into the footsteps of the Lan family before. He was beaten and twitched on the ground and could not stand.

Hiss...

A cold breath sounded.

Many people stared dumbfounded at the little Taoist.

The strength of this little Taoist was too horrible, but it was a true emperor, and he turned it over directly.

Yan Xi was pale.

At this moment, the little Taoist's eyes turned to Yan Xi.

Yan Xi was cold and sweating, a smile uglier than crying on his face, said: "This brother, misunderstanding, misunderstanding, you fancy Lan Yun's treasure, please please, I will not control!"

"Fuck your eggs, now this seat is also in your favor!"

The little Taoist sneered and rushed to Yan Xi.

Then, there was another scream, and the people brought by Yan Xi and Yan Xi himself were turned over.

Then the little Taoist started to scrape away, and took away all the storage rings of the Yan family.

The worst is Yan Xi and Lan Yun. The identity of the two of them is very unusual, but they are top-notch Tianjiao. Their wealth is extremely rich, even on their bodies, on their heads, and on their hands. A rare treasure.

Therefore, it was naturally collected by the priests and kept in its name!

Then, Yan Xi and Lan Yun were left with only one pair of pants.

Others were really sweating in cold sweat, secretly fortunate that they did not offend the little priest, otherwise, the clothes were stripped in public, which is definitely a big joke.

Many people are silent for Lan Yun and Yan Xi.

"Today's harvest is pretty good!"

After the little Taoist put away the things, he smiled and muttered.

Although he said very lightly, he was heard by others, and he felt toothaches one by one.

The little priest looked around for a week, swept the crowd, and then put his hands on his back, posing as a peerless master, saying: "These people are so mean, they forced others to use them as test stones, and finally they have to kill others, so they fell. When we get to this end, we must be kind to be a man!"

Many people despise it.

kind?

The least kind is you!

Of course, no one dared to speak out, just think about it in his heart, otherwise he might end up like Lan Yun and others.

In the end, the little Taoist looked at Lu Ming and said, "Boy, I don't think you're going to be here anymore. It's a personal talent to see you in this seat. It's better to mix with this seat. This seat takes you out of here, How about spicy and spicy food?"

"it is good!"

Lu Ming nodded without any hesitation.

"So refreshing?"

The little Taoist was suspicious.

"It's so refreshing, let's go!"

Lu Ming smiled, then gave Liu Hao a few fists and said, "Brother Liu, Lu Ming said goodbye!"

"let's go!"

The little Taoist, carrying his hands on his back, stepped into the air and left the valley.

Lu Ming kept up, and soon they were far away from the valley.

On the way, Lu Ming looked at the little Taoist carefully, looked at it, saw the tail from the beginning, and then saw the head from the tail.

"Hey, what are you looking at? You won't have a particular addiction!"

The little Taoist was seen uncomfortable.

"Have we seen it before?"

Lu Ming suddenly asked.

The little Taoist jumped his eyelids and shook his head quickly, saying: "I haven't seen it, I've never seen it. Who is this seat, can you see it if you want to see it?"

"Oh? Really? I think you feel familiar, like an old man!"

Lu Ming whispered.

"Little guy, don't think about it. It's your blessing to meet this seat, and also your great opportunity. You will follow this seat in the future, and you will have nothing to do with running and running errands. You have the benefit of it!"

The little Taoist has a straight face, carrying his hands, straight waist, and a style of master.

It's just that he looks too young, just a teenager, and he doesn't look like a master at all.

"Then I want to thank you!"

Lu Ming smiled, clenched his fists, and then asked abruptly: "Dan Dan, how did you come from the Yuan Realm to the Heaven Realm?"

"Who is this person? Invincible forever, naturally knows other channels..."

At first, the little Taoist made a smug opening, but halfway through, he seemed to realize something, and suddenly stopped, seeing Lu Ming looking at him with a smile.

"You really are alive and well, you guys, dare you not recognize me when you see me?"

Lu Ming's eyes are very bad.

"Lu Ming, you dare to cheat me..."

The little Taoist gritted his teeth, to be precise, it was once and for all.

In fact, Lu Ming was suspicious when he saw the little Taoist at the beginning. Although the little Taoist's breath converged very well and could not be sensed at all, his character and behavior style were too similar.

Lu Ming thought of Dandan at once.

After the little Taoist knocked down the blue cloud, a series of things made Lu Ming more sure that this guy was a dandan.

This also explains better, why the little Taoist uttered to the landing as soon as he appeared. How could he whisper to the landing as soon as he appeared as an unknown person?

Therefore, Lu Ming just followed Dan Dan without hesitation.

But this guy wanted to pretend to be in front of Lu Ming, and Lu Ming was exposed in a sudden.

"You guys haven't seen you in years, and Xiu Wei has been rising very quickly!"

Lu Ming laughed.

He never expected that he would meet Dandan here, and he was also very happy.

"Well, who is this seat? Vanguard is the first and the top ten beasts of war. Of course, it's improving fast. Which is like you, and you haven't become an emperor yet?"

He gave Lu Ming a contemptuous look and was proud.

In the past, when Xiu Ming landed, Xiu Wei was often suppressed by Lu Ming, but now he cultivated far more than Lu Ming, and suddenly felt refreshed.

"Dan Dan, did your memory recover?"

Lu Ming asked.

"It's almost the same, so you can follow this block and take you through all kinds of forbidden places. There are all kinds of treasures to ensure that you can repair fast and fast!"

Dan Dan looked smug.

"How do you dress up as a little Taoist?"

Lu Ming asked curiously.

"After I transformed, it was like this. As for this robe, it was handy to help me act!"

He smiled.

God stick!

Two words popped out of Lu Ming's mind.

Dandan is dressed up like this, plus his acting style, typical magic stick template.

"In other words, how did you come to Heaven Realm? I heard that Yuanjie came with a batch of Tianjiao, but without you, and these Tianjiao are now retreating and practicing!"

Asked curiously.

Chapter 2198: Emperor's method

Immediately, Lu Ming talked about how he came to heaven.

"This is actually the case. Fortunately, the channel is broken, otherwise it is really dangerous!"

Dan Dan's face was rare and dignified, and then he glanced at Lu Ming again, saying: "You said, you have control of multiple laws at the same time? Show me the show!"

Lu Ming nodded, and suddenly, the laws of it came out.

Dumbfounded, a look of dementia.

It took a long time to react.

"Nest, seven rules, and two strongest rules, how did you do it?"

Dan Dan's eyes widened.

"What about the seven laws? Unfortunately, it is difficult to become an emperor!"

Lu Ming sighed.

"It is really difficult to become an emperor, you are a peerless body!"

Once whispered, he sighed.

"Dan Dan, you bragging all day long, don't you know there is no way to make me an emperor?"

Lu Ming asked.

"You bragging, when did I brag!"

His eyes widened angrily, then frowned, thinking carefully.

For a long time, he said: "Like you, there are many rules under the Emperor Wu, and there are also in the history of the heavens, but in the end, no one became an emperor, and everyone failed, either died on the road of forced breakthrough, or lived. Yuan dried up and fell!"

"Is there really no way? I'm not reconciled!"

Lu Ming clenched his fists.

"Actually, it's not completely impossible!"

Said again and again.

"Really there is a way?"

Lu Ming's eyes lit up.

"In ancient times, I knew a person who was a peerless genius. It can be said that ancient times are rare. His heart is higher than the sky. He wants to take a new road, a road that the ancients did not go through!"

"I don't know how he practiced. Later, before he became an emperor, he mastered a variety of rules. He competed at the same level, he was invincible, and nobody was his opponent!"

"Unfortunately, later his road was broken, he could not become an emperor, no matter what method he used, it would be difficult to become an emperor. Later, he spent his life studying it. Under the Emperor Wu, he controlled various laws and wanted to become the emperor's secret. It is said that in his later years, he finally made tremendous progress, but by then it was too late. He was short of life and his potential was exhausted. Eventually, life was exhausted and died!"

"As long as you know the method he researched, maybe you can help you become an emperor!"

Once and for all.

"In ancient times, when the endless years passed, how could he find his way?"

Lu Ming asked, and he was not sure.

After all, after so many years in the past, according to Dan Dan, at that time, the Evil God Clan had not yet attacked the heavens.

"The family where the man is still alive, retreating somewhere in the heavens of Taiqing. When we leave here, I will take you there, rest assured that I will treat you wrongly afterwards!"

Dandan looked proud.

Lu Ming was too lazy to bother with Dandan, at this moment, he was overjoyed.

I finally have a glance, as long as I find the way left by that senior, maybe it will really make him break the shackles and prove his way into an emperor.

"When are we going out?"

Lu Ming asked.

"Don't worry, this is one of the most famous battlefields in ancient times. There was a terrible battle between heavenly and alien peers. Many of the strongmen died here. Although there have been peerless treasures for so many years, it's a rare opportunity. Don't miss it, we'll leave after we've collected the treasures here!"

Once and for all.

Lu Ming nodded and was not in a hurry.

"Dan Dan, wouldn't you join the war here?"

Lu Ming asked curiously.

"No, I'm in another battlefield, there is more terrible than here!"

After all, it seemed to recall something, but did not say much afterwards.

The two flew all the way, and a few hours later, Dandan suddenly stopped.

He landed on the ground, and endless runes came out under his feet. After a while, there was a happy look, saying: "There is something in front, haha, do!"

After he finished speaking, he ran wildly and Lu Ming kept up.

Over a few hills, under a cliff, they saw two dead bones.

One of the dead bones is a huge beast bone, like a tiger-shaped **** beast.

The other has a dead bone, an adult type, but a huge body, which is four or five meters high.

The human-shaped dead bone, holding a spear, pierced the skull of the animal-shaped dead bone, and a paw of the animal-shaped dead bone scratched the skull of the human-shaped dead bone.

Obviously, the human form withered bone is the strong man of the evil **** family, and the animal form withered bone is a deity.

The two strong men will die together.

Diandan eyes fiercely looked at the spear in the humanoid withered bone.

In addition, there is a fist-sized spar under the beast-shaped dead bone.

"The heart of the world, haha, after so many years, the heart of the world can still be preserved, as long as there is a trace of energy, it is a great opportunity!"

He smiled broadly.

However, the two were not close, and what these characters left behind might be a dangerous opportunity.

"Look at me!"

As soon as he stepped on the ground, endless runes came out. At the same time, his hands were constantly waving, and there were also endless runes shining.

"In it, there are the laws of formation, the laws of dandao, the laws of qidao..."

Lu Ming's eyes moved. The rune of Dandan was very profound, and it actually combined the three laws evolved from the way of Minglian, and the perfect combination was extremely mysterious.

Dandan kept flashing in the surrounding area, and endless runes sank into the ground.

After a while, Dandan retreated and said, "Okay!"

Buzz!

The ground glows and endless runes emerge, forming large characters.

That is the word 'extinction'.

These 'destroys' flew towards the spear and the heart of the world.

bump!

When the large character touched the spear, the spear collapsed directly, dissipated into fly ash.

"Unfortunately, spirituality is lost and has become a waste!"

Dangdan shook his head, but the next moment, his eyes lit up.

Because the heart of the world suddenly burst into light.

"Kill! Kill!..."

Indistinctly, in the heart of the world, there was a cry of killing.

The strong soldiers who died here are too strong to cultivate. Even after such a long time, there are still immortal killing ideas spread.

The average strongman is absolutely impossible.

Those words of "annihilation", covering the heart of the world, began to wipe out the idea of killing the heart of the world.

The effect of this large array is very similar to the previous large array of evil spirits, which can wipe out the killing thoughts left by the strong.

Soon after, the shouting in the heart of the world disappeared, and the light above it dimmed.

"Successful!"

After a moment of joy, he grasped the palm of his hand in the void, and grabbed the heart of the world the size of a fist in his hand.

It's a pity to take a closer look: "In the past so many years, the energy has been exhausted, but the effect is also very large. Lu Ming, you have not yet become an emperor. This seat is left!"

After all, Dandan was polite and put it away.

Chapter 2199: Ancient scripture

"someone is coming!"

Suddenly, he looked into the distance.

call out! call out! call out!

A ray of light flew over, and eight figures appeared in the sky.

Each of the eight evil gods has a strong breath, and the three eyes are open and closed like a sword.

Their eyes swept over the two dead bones, and their eyes lit up.

"They must have got the treasure, kill them!"

An evil **** clan roared and killed Dandan and Lu Ming.

Of the eight evil gods, there is a breath of horror that is far beyond the virtual emperor and reaches the real emperor realm.

There are also six-star virtual emperors and seven-star virtual emperors.

The weakest two are the four-star virtual emperor.

"Dare to pay attention to this seat, to death!"

Dan Dan said coldly, endless runes appeared on his body, forming a pair of rune-condensed wings. The pair of wings, Lu Ming felt, at least contained more than three rules.

Uh!

Once the figure disappeared, the speed was amazing.

"Lu Ming, two Four-Star Emperors will be given to you, and the others will be given to me!"

Dan Dan's voice rang in Lu Ming's ear. His figure had already been killed to the other side. Between the waves, six giant turtles flew out.

These ninety-six turtles, of course, are not creatures, but are interwoven by the power of energy and law.

One of them, the largest, is the evil **** clan that blasted towards the real emperor realm.

The other five turtles flew to the remaining five and missed the two weakest.

The two weakest are the four-star virtual emperor, who slammed towards the landing.

Lu Ming did not come up with a big bow. To deal with the two four-star virtual emperors, he did not need a big bow.

The sword of death condensed out, and Lu Ming killed two Clan of Evil Gods.

"dead!"

In the third eyes of the two evil spirits, two purple light beams burst out and shot towards Lu Ming. Lu Ming cut two swords in succession and destroyed the beam.

The faces of the two evil gods changed slightly, took out their weapons and killed Lu Ming.

boom! boom!

Lu Ming and the two collided with each other, and the two Evil God Clan shocked and were retreated by the town.

Lu Ming followed quickly, the sword light kept on, and in the sword of death, different laws kept shaking, forming a terrible cutting power.

The two Evil God Races tried their best to resist a few moves, but fell completely downwind. After a few strokes, one of the Evil God Races was cut by Lu Ming's sword light, almost split in half, and a deep wound appeared, The power of death and destruction, madly drilled into his body, let him vomit blood, his breath began to languish.

These two Evil God Clan are both purple-scaled Evil God Clan, and their strength is strong. If they are replaced by two black-scaled four-star virtual Emperor Evil God Clan, I am afraid that they will be killed by Lu Ming's two swords in seconds.

One person was injured, the combat power was greatly reduced, and the remaining one was even more unable to stop Lu Ming.

"Come and help us!"

A Crow of Evil God cries.

But what responded to him was a scream.

The other six evil gods are even worse. At this moment, there are already three Evil God Clan, who were killed by Dandan, all of them are five-star and six-star.

bump!

Then, a seven-star virtual emperor, pierced his body by Dan Dan's palm, burst into strength, and the opponent's body was torn apart.

All of a sudden, there were only two people left in the battle with Dandan, one seven-star virtual emperor, and the other is the real emperor. With Lu Ming's realm, he could not see a few stars, but his strength was very amazing.

At the moment, the two were chilling.

"Dare to fight with this seat, kill!"

Dangdan shouted, his hands glowed, and a huge giant tortoise came out. This giant tortoise was as big as a mountain, and he knew each other very much.

The giant tortoise is amazing, packed with the sky, and then suppressed like a mountain, completely covering this area.

The two Evil God Races have no escape, no escape, only hard connection.

The two exploded in full force, and two terrible attacks hit the giant tortoise.

Especially the one-star true emperor, this is the true emperor, its power is very amazing, much stronger than the seven-star virtual emperor, and stronger than the previous one-star true emperor of the Yan family.

However, the giant tortoise cracked down, and the two could not resist it, like a mantis arm blocking the car.

bump!

First of all, the body of the seven-star virtual emperor exploded directly, and under the terrible energy, it disappeared.

what!

The true emperor also shouted, radiating a bright purple radiance all over his body, but useless, his body vibrated, and the earth under his feet continued to burst apart.

bump!

In the end, the arm of the true **** of the evil **** clan exploded, flesh and blood flew, and then, his body broke apart inch by inch.

A powerful true emperor was also killed by Dan Dan.

Two evil star clan of the four-star virtual emperor realm, seeing this scene, scared souls scattered.

How can this enemy be distracted by Lu Ming? Lu Ming seized the opportunity and cut a Clan of the Evil God with one sword. The remaining Clan of the Evil God was seriously wounded and even more invincible. He was caught up by Lu Ming a few steps and beheaded with a sword.

"Lu Ming, your rules are not applied correctly, they are very rough. Have you not practiced any ancient scriptures?"

Dandan came over and asked.

"No, this magical technique is still my own, and it can barely exert the power of multiple laws, but it is not strong, and it needs to be deepened constantly!"

Lu Ming said.

"No wonder, this is a pity. Although you have mastered a variety of laws, the power between the laws cannot be exerted very well. I know a few ancient scriptures, but they are very different from the laws you understand. It's not very useful."

Once and for all.

The ancient scriptures can only be learned after practicing Emperor Wu, because it involves multiple laws.

Whether a Wu Emperor has an ancient script or not, it has a great influence on the improvement of cultivation practice and the improvement of combat power.

An ancient scripture at least records the comprehension and application of the two laws.

A warrior can deduce and understand other laws through an ancient scripture.

For example, an ancient scripture records the comprehension and application of three laws. If a warrior only comprehends one of the three laws, he can enlighten the ancient scripture, deduce other laws, and comprehend other laws. Two rules.

When this ancient scripture is cultivated to Dacheng, all three laws are also cultivated to Dacheng.

Like an ancient scripture, it contains the laws of flame, ice, and thunder.

The emperor Wu who practiced the law of flame can refer to this ancient scripture to deduce the law of ice and even the law of thunder and lightning.

Moreover, an ancient scripture will also have magical powers with corresponding laws.

For example, if Lu Ming can now obtain an ancient scripture that records Chaos, Death, Formation, Dan Dao, Qi Dao, Ji Li, and devours these seven laws, he can practice the magical art inside. His strength will be Skyrocket.

These magical techniques were all enlightened by the predecessors, and they can perfectly integrate the power of various laws and fully explode.

An ancient scripture contains more laws, the higher the level.

For example, an ancient scripture contains nine laws, and the value of that ancient scripture can't be estimated, because a warrior can follow this ancient scripture to learn and practice all the way to the emperor without going through detours.

The practice of referring to the ancient scriptures is much, many times stronger than groping alone.

Like Qiuyue, there is no ancient scripture, so after breaking through the Emperor Wu, it is very difficult to comprehend the second rule. It took years to comprehend it.

Chapter 2200: Six feather wings

An ancient scripture can make a force prosper and prosper. Similarly, a powerful force cannot do without the ancient scriptures.

With the ancient scriptures, the Emperor Wudi's realm can continue to move forward. Otherwise, he has no direction and explores by himself, then he does not know how difficult it is.

Like Lu Ming, this is the case now!

What new law he wants to understand now is completely arbitrary. If there are ancient scriptures, he can follow the ancient scriptures and follow the trend. Such cultivation speed is naturally much faster.

"Unfortunately, the Chaos Sutra is incomplete, and now you cannot go to the Chaos Hall!"

Thinking of this, Lu Ming frowned.

At the beginning, Tuyi told him that as long as he defeated the son of Chaos, he could go to the Hall of Chaos and completely inherit the Hall of Chaos.

Now, he has defeated Yuanxin long ago, but when he was in Yuanjie before, Lu Ming used the Yuanyuan token many times to enter the Chaos Hall, but he didn't respond at all.

If there is a Chaos Sutra, he doesn't have to explore it by himself.

"Dan Dan, have you cultivated to reach the true emperor?"

Lu Ming asked.

Dan Dan was extremely brave, and the evil **** clan in the real emperor realm was killed by Dan Dan, and Lu Ming was curious.

"No, it's only the peak emperor, but killing a few low-level emperors is easy!"

He was proud and took a squinted look at Lu Ming, saying, "Boy, don't think that you understand what is great about the seven laws, let you look at this seat!"

After all, with a wave of his hand, in the void, the power of the law gathers madly, radiating a brilliant light.

One, two, three...

There are nine kinds!

Lu Ming dumbfounded!

There are nine kinds of laws that are controlled by Dandan. Among them, Lu Ming also saw one of the strongest laws, that is, the Hongmeng Law, and the other eight are all kingly laws.

Formation, Dan Road, weapon path, undead fire, destruction of Thunder...

And some laws are astonishing. At least five laws have reached the second level.

It is no wonder that Dandan has such a strong combat power that he can kill the true emperor with his peak virtual emperor.

Seeing Lu Ming's stunned expression, Dandan's vanity was incomparably satisfied, and he laughed strangely: "Boy, see, this man is unparalleled in the world, and now he has control of nine kinds of rules, and there are six kinds of rules reaching the top. The Second Realm, coupled with the ancient scriptures mastered in this seat, what is the leap and battle? Don't say that that is just the two-star true emperor, even the Samsung Emperor, this seat can kill!

He was proud, carrying his hands, a look like no other in the world.

"This guy..."

Lu Ming pouted, but also relieved.

Dandan this guy, he didn't die at all, but was injured too much, so he turned into an egg and was finally reborn. Nowadays, he has recovered all his memories. The speed of cultivation is naturally amazing, and others can't compare.

Unlike the bubble, the bubble is a brand new life. You need to understand it step by step.

After Yang Yang was complacent, he carried his hands on his shoulders and looked at Lu Ming. He said, "Boy, see you also understand the weapon path, the array path, and the Dan path. I can teach you a magical technique, yes Your combat power is not much improved, but your escape ability is greatly improved!"

"Oh? What magical skill?"

Lu Ming asked curiously.

Dandan had followed him before, and he was "suppressed" by him so badly that he couldn't make it out. Now he finally cultivated far beyond Lu Ming, and his memory was restored. Naturally, he had to act in front of Lu Ming.

Lu Ming cooperated with him and made him pretend to be more aggressive. When he pretended to be comfortable, Lu Ming could gain some benefits.

Sure enough, Dandan was very comfortable, and vanity was greatly satisfied.

He took out a jade charm, carved it in it, and then threw it to Lu Ming.

Lu Ming took it, swept the consciousness, and found that it was a magical technique.

Six feather wings, a magical technique.

This kind of magical power is composed of six kinds of laws. If you master these six kinds of laws, you can practice this kind of magical power to the highest level.

Of course, there are three of them that can also be cultivated, but the power is relatively weak.

The three types are the law of formation, the law of instrumental law and the law of dandao.

"The curiosity of magical powers is unfortunately not the ancient scriptures, but a kind of pure powers, which cannot be used to deduce other laws!

Lu Ming moved.

"Let's leave here first, you slowly realize on the way!"

Once and for all.

Lu Ming nodded, and the two immediately left here.

Next, Lu Ming divided a part of his mind and hurried away, most of his spirits were comprehending the six feather wings.

A few days later, Lu Ming had realized something. His thoughts moved, and the three principles of formation, instrumental, and Dandao permeated. Behind him, a pair of transparent wings, one wing, Lu Ming's speed appeared. The skyrocketing, flashing non-stop in the void is as fast as lightning, making it difficult to capture the track.

"Great!"

Lu Ming's eyes are bright, and his magical skills are used to make his speed suddenly increase several times.

This is only practiced with three laws. If you control all six laws, the speed will not be astonishing.

"I've just made it now, and with future practice, the speed will be faster, and now the law of Taoism and the law of Dandao are not yet complete. If it is completed, the speed will increase!"

"Also, the other three laws for practicing the six-winged **** wings are all kingly laws, one of which is the penetration law. Later, should I practice this law!"

Lu Ming kept thinking.

In the end, he decided to take it easy, because now the law of Dan Dao and the law of instrumental Dao are not yet complete. He intends to first practice these two laws to perfection, and then consider to enlighten other laws.

But even so, his speed increased dramatically, and his life-saving ability was greatly improved.

Soon, a few days later, Lu Ming became more and more proficient in the control of the six feather wings.

In the past few days, they have gained something. They have gained a total of two hearts of the world. Although the energy loss is very serious, there are still some retained. This is definitely a treasure for the warriors in the Emperor Wu Realm, which can help people improve. Fix for.

This time, Dan Ming was so kind and gave Lu Ming a piece.

Lu Ming naturally put it away bluntly. If he becomes an emperor in the future, this thing is of great use.

"Wait, someone!"

Suddenly, he whispered, and then his breath converged to the extreme.

Dandan this guy also has a breath of convergence, easy to transform into magic, the effect is not weaker than Divine Breath.

Lu Ming's eyes flicked and he performed Divine Breath, then the two lurked under a stone.

Uh!

Above the sky, a rainbow of light flew by, and the speed was amazing.

"What a strong cultivation base!"

Lu Ming's eyes narrowed.

The rainbow light swept by, but Lu Ming still saw it. It was an evil spirit family, very powerful, and it was no ordinary emperor.

"A true emperor at the peak, dare to fly at such a fast speed, really looking for death!"

Once whispered, he sent a voice to Lu Ming.

"kill!"

At this moment, a cry of killing sounded, shaking the world.

Then, there was another horrified roar.
