

D Emperor 2201

Chapter 2201: A castle

Lu Ming and Dan Dan hurriedly stepped out from under the stone and looked forward.

I saw the void in front, bright and shining, a figure appeared.

This is a human race. The sky is shaking with a loud cry, and the sky is shaking. He has a sword in his hand, and a knife is slashing towards the evil **** clan.

The Evil God Clan roared again and again, and all the cultivation activities broke out, but it was useless. The sword was cut, and the Evil God Clan was split in half.

After beheading the Evil God Clan, the figure stood in the air, and after a while, a little light dissipated.

It was an immortal imprint of a strong man, sensing that the strong man was approaching and appeared to kill it.

"In this ancient battlefield, if the real emperor enters, there are dangers. If the high-level real emperor is a little low-key, then the high-speed speed flight is really dead!"

A contemptuous sentence.

Immediately, the two rushed over and put away the storage ring bracelet of the real emperor.

In a blink of an eye, another few days passed, but these days, they found nothing.

boom! boom!

Suddenly, there was a violent roar in front.

The two converged, and flew high into the sky, hiding in the clouds, slowly drifting forward. Soon, they saw a castle in front.

At this time, there was a group of Evil God clan, surrounded by the castle, bombarded constantly.

The castle does not know what materials were used to build it. It looks very old. The gate of the castle is closed, and there is a layer of light on the gate.

Those evil spirits are bombarding the gate of the castle and want to break through the gate.

"Is there a castle here?"

Lu Ming was very surprised.

They walked here for so many days, and they saw the building for the first time.

"The castle appears here, I am afraid it is not a trivial matter, it may be the palace of a peerless strongman!"

Dandan has shined with both eyes.

"Dan Dan, don't you want to go in? But, with so many evil gods in front of us, it's still far from us!"

Lu Ming said.

In front of the castle, there are at least hundreds of Evil God Clan. As can be seen from those Evil God Clan attacking the gate of the castle, there are many masters and characters from the real emperor realm.

There is even a high-level true emperor.

This time, the Evil God Clan sent a large number of strong men to come in. Although the high-level true emperor is very dangerous in this area, it will be sensed by the strong mark and killed.

But there are always good lucks that won't hit the strong man's mark.

Despite its strong combat power, it is not an opponent when it comes to high-level true emperors.

The two frowned, thinking about the countermeasures.

"I can set up the lore in advance, if I can lead the Evil God Clan into the lode, I can kill them, but I need to bring them in!"

Dan frowned and muttered.

"I'm going to lead!"

Lu Ming's eyes lit up.

"Are you going to lead? No, although you have learned six feather wings, the speed is greatly increased, but in the face of the powerful real emperor, his speed is still slightly insufficient, and he can't escape!"

Dandan shook his head.

"Relax, if I attacked hundreds of miles away!"

Lu Ming smiled, and the big bow appeared in his hand.

When I looked at the bow carefully, there was a fiery flame in my eyes and said: "The star bow, this is the star bow, boy, did you actually get the star bow?"

With that, he almost drooled, and when he reached out, he grabbed the big bow.

Lu Ming quickly put it away, and looked at Landing Ming with a "sorrowful" look.

"Do you know the origin of this bow?"

Lu Ming asked.

"Of course, this bow, in the ancient times, is famous as a weapon of the peerless world. It is said that one arrow can shoot the stars in the sky. It is terrifying. Unfortunately, the spiritual loss is too serious now, which is far less than the prestige of the year. can!"

Once and for all, there was still a fiery glow in his eyes.

"Did the star bow?"

Lu Ming whispered that he was very satisfied. Even if the spiritual loss was serious, it was enough for him now, and he could only pull a trace of it now.

"Dan Dan, let's go back and set up, you set up, I'm going to attract people!"

Lu Ming diverts the topic, lest he always think about falling star bows.

Dan Dan sighed and sighed injustice, why he is so brilliant and unparalleled, unparalleled in the world, but not as good as Lu Ming.

In the end, the two stepped back and chose a place thousands of miles away.

Dandan's mastery of runes and formations has reached an unbelievable state, and any law, in his hands, can be turned into runes and blended into the large formations.

This is a state that Lu Ming is far from reaching.

An hour later, Dandan shouted: "Okay, this big formation is enough to kill the pinnacle of the true emperor. You go to attract people, I hope they have not broken the castle!"

Lu Ming nodded and flew away in the direction of the castle.

Soon after, Lu Ming came a hundred miles away from the castle.

Lu Ming stood in the air and took out the falling star bow.

With Lu Ming's current practice, pulling the falling star bow, even if it is thousands of miles away, can hit, but the power will be relatively small.

With a distance of one hundred miles, the power of the falling star bow can explode the most.

Lu Ming pulls the falling star bow, and then a colorful arrow shoots through the void and shoots at an evil spirit family outside the castle.

The speed is too fast, and it is a sneak attack, the other party did not respond at all.

bump!

A six-star virtual emperor's Evil God Clan was shot directly by an arrow.

"who?"

Other evil spirits roared and glanced at Lu Ming.

"It's a human race, find death!"

There is a roar of evil spirits.

Lu Ming turned around and walked away, exhibiting six feather wings, astounding speed, and ran towards the place where the formation was once formed.

"The gate of this castle was almost broken, now attack the gate first!"

An evil **** clan in the real emperor realm spoke, and they did not pursue Lu Ming.

Lu Ming ran for a while and found that there was no Evil God Clan chasing.

"Wo Nest, it seems that it is impossible to shoot one, then kill a few more!"

Lu Ming returned to the past and fell a hundred miles away.

Hey! Hey!

This time, Lu Ming continued to draw his bow and shoot three arrows.

This time, the Evil God Clan had preparedness, but it was still useless. Two six-star virtual emperors and one seven-star virtual emperor were hit hard.

"Damn, the reptiles of the human race, they are just looking for their own way. The few of you come with me and kill him!"

A true **** emperor roared, with several high-level virtual emperors, chasing to the landing Ming.

Lu Ming cast six **** wings, turned and ran.

Thousands of miles away.

boom!

In the sky, a giant tortoise cracked down.

A true emperor of the evil **** family, and several high-level virtual emperors, were directly killed.

Dandan stepped down from the sky and said: "Only a one-star true emperor, don't need me to start a large formation, Lu Ming, you can't do it, please attract more powerful people, it is better to do so, let the star bow Me, I'll quote!"

Dandan's eyes rolled steadily.

Needless to guess, Lu Ming also knew that Dan Dan was hitting the star bow.

Lu Ming will let him succeed, said: "No, I will attract you, I will bring you a few big fish!"

Chapter 2202: Lure evil spirits

Lu Ming returned to the castle a hundred miles away.

As soon as he came back, he was discovered by the people of Evil God Clan.

"Another human ants, he is not dead!"

"Damn it, most of the people who chased before are more fierce!"

Some evil spirits roared.

Lu Ming stood in the air hundreds of miles away, with a sneer on his face, then stretched out his **** and lowered his finger.

This provocative action made the Evil God Race angry.

Then, Lu Ming took out the falling star bow and pulled the bow string.

call out!

A colorful bow string shot towards an evil spirit clan.

This evil spirit family is a high-level true emperor.

Lu Ming did not shoot to kill the Emperor Emperor, kill a few more Emperor Emperors, which was useless to the overall situation.

Arrows, in a blink of an eye, shot in front of the high-level virtual emperor.

The evil spirit crowed with anger, and in the third eye, a beam of destruction burst out, colliding with the arrows.

boom!

The sky glowed with brilliant light, and the arrows shot by Lu Ming were crushed.

Unsurprisingly, with his current cultivation practice, the arrows fired were ineffective against the true emperor and could not kill the true emperor, let alone the high-level true emperor.

But this move completely angered the high-level true emperor.

But Lu Ming was too lazy to control, and fired several arrows in succession, aiming at the high-level true emperor.

Of course, they couldn't hurt each other, but they angered the other completely.

"court death!"

"Kill this ants!"

In an instant, there were several Evil God Races rushing towards the landing.

There are four people in total, all high-level true emperors, terrifying and amazingly fast.

Lu Ming turned around and ran, six wings of the gods flapped non-stop, and ran towards the place where the formation was once formed.

However, the Evil God Clan in the back quickly drew closer to Lu Ming.

They are all high-level true emperors, the speed is too fast, even if Lu Ming used six feather wings, it is useless, and the distance is rapidly narrowing.

Fortunately, it is only a distance of thousands of miles, and it will soon arrive. If it is further away, Lu Ming really has to be caught up.

Even so, Lu Ming ran to the place where the big array was arranged, and he was about to be caught up by the other party.

Lu Ming swooped down and flew along the ground. The other party rushed down and chased to the landing speed.

"Boy, die!"

One of the evil spirits burst into his eyes with a terrifying light, and a beam of destruction shot towards Lu Ming.

"Danger!"

Lu Ming was shocked in his heart that this light of destruction was too horrible. If he was hit, there was only one way to die.

Lu Ming rushed forward while turning back to draw a bow.

An arrow flew towards the destruction beam, but the destruction beam burst, and the destruction beam continued to blast towards Lu Ming.

"Do you want to use the sword of the emperor!"

Lu Ming turned a thought in his heart.

Less than a last resort, Lu Ming didn't want to use the energy of the Emperor's flesh.

This time the energy storage of the Emperor Tiandi's body is not much, only ten percent. Once used, it is easy to exhaust the energy inside.

At this moment, the surrounding space glowed, and a turtle shell condensed out, blocking it in front of the beam.

Boom!

The destruction beam hit the turtle shell and made a violent roar. The turtle shell was not destroyed, blocking the destruction beam.

"It's time to go!"

Lu Ming was happy.

At this moment, the physique of the sky appeared, and he was filled with endless runes, communicating the world.

"kill!"

He sipped a little, and on the earth, in the space, endless runes appeared, and then the runes condensed a **** beast.

There are real dragons, phoenixes, and Kirin Dapeng.

These gods and beasts surrounded the four evil gods.

"No good, I'm lucky, rush out!"

An Evil God clan was shocked and knew that it had been taken.

"Now I want to go, late!"

Dan sneer.

Roar!

The real dragon roared, twisted his body, and slayed towards an evil spirit clan.

At the same time, Phoenix Changming, Dapeng spread its wings, Kirin stepped into the air...

All mythical beasts rushed towards the four evil spirits.

The four evil spirits broke out with all their strength and tried their best to resist the impact. That kind of breath made Lu Ming shake.

"It's so strong, at least it's Five-Star True Emperor, even Six-Star True Emperor!"

Lu Ming secretly sucked his tongue.

At the beginning, in the ancient moon holy land, Lu Ming destroyed the Jinwu family, Wanjia, Feng clan, etc. At that time, he manipulated the heaven and earth flesh and felt the power of those high-level true emperors.

Such as the head of the Jinwu family, the head of the Wanjia family, the head of the Phoenix Palace, etc., the strength of these overlords is nothing more than that.

However, under the influence of various gods and beasts, the strongest of the four great evil **** clan is completely invincible and completely one-sided.

puff!

The arm of an evil spirit clan was torn by a real dragon, and blood was splattered.

Then, the chest of another evil **** clan was caught by the claws of the phoenix, and then, Dapeng flew over, with wings like a sword, and beheaded the head of the evil **** clan.

The battle was one-sided, and it didn't take long for all four Evil God Clan strongmen to be killed.

Lu Ming was shocked, Dan Dan said that he could kill the pinnacle of the real emperor in this big formation, it really is not just talking.

"One six-star true emperor, three five-star true emperors, haha, this time it's a good harvest. It is estimated that most of the other's top masters are coming!"

Laughing.

There were more than a hundred people in the other party, but there were not many high-level true emperors. There were only six or seven people, and four were killed at once.

After all, it is not easy and dangerous for the high-level true emperor to come here.

As long as the high-level true emperor of the other party is removed, the combat power of Dandan can fear the other party.

"Let's clean it up and hide it. When the other party sees that these people have never returned, most of them will send someone to check!"

Lu Ming proposed.

Once nodded, the corpses of the Evil God Clan were cleaned up and the scene was cleaned up. The two of them flashed over to a total of mountains in the distance.

Lu Ming took out a pile of original stones, absorbed the energy of the original stones, and restored the Holy Power.

I just pulled the bow and fired seven or eight arrows in a row, which consumed a lot of Holy Power.

Soon after, Lu Ming's holy power returned to its peak.

However, no Evil God Clan has been coming.

The two were very strange.

It stands to reason that when several powerful true emperors never return, the Evil God Clan will definitely send people to check it out, but now, there is no Evil God Clan coming.

This is weird!

"Did they break the gate of the castle and enter the castle? Lu Ming, let's go and see together!"

Once and for all.

Lu Ming nodded, and the two flew together towards the castle.

But not far away, I heard a fierce shout.

At the entrance of the castle, in a fierce fight.

"It's them!"

Far away, Lu Ming and Dan Dan saw that it was Lan Yun and Yan Xi who attacked the Evil God Clan.

There are more people on the heaven side, there are more than 200 people, and there are many more masters than the last time they gathered in the valley. Even the high-level true emperors have several, completely suppressing the evil **** clan. .

"Damn, it was cheap to be picked up by these people!"

Once he gritted his teeth.

They killed four high-level true emperors of the other party, but they were picked up cheaply by these people, making Dandan very unhappy.

Chapter 2203: Fish in muddy water

If it were not for them to kill the other four high-level true emperors, everyone in the heavens might not be the opponent of the evil **** clan.

But now, they have completely suppressed each other, and the people of the Evil God Clan have been killed one by one.

The people of the evil **** clan roared and shouted, which was eventually useless. Several high-level true emperors were also attacked and killed by the strongmen on this side of the heaven.

More than one hundred evil spirits were all beheaded.

Then, the masters on the side of the heavens began to bombard the gate of the castle.

Rumble!

The gate of the castle blew continuously, and the light covering it shimmered, much dimmer than before, and it seemed that it would be crushed soon.

"We are easy to get past!"

Lu Ming sent a voice to Dandan.

"Just what I want!"

Once they nodded, their eyes gleamed coldly, they didn't want to be so cheap to others, especially Lan Yun and Yan Xi.

The appearance of the two changed drastically, and then they changed their clothes and completely changed the one before.

Then the two flew towards the castle.

"who?"

Someone found them and looked at them.

"Own person, own person!"

Shouted quickly.

When everyone saw that they were not the Evil God Clan, they felt relieved.

Not the Evil God Clan, it is naturally the people on the heaven side.

Lan Yun's eyes also swept towards Lu Ming and Dan Dan.

"I thought it was Lu Ming and the two of them. It turned out not, but unfortunately, otherwise, they will be abandoned this time!"

Lan Yun muttered.

This time, the Lan family came to the strong again, with a high-level true emperor, he was full of confidence, as long as he met Lu Ming and Dan Dan, he must make them regret.

At the thought of being so miserable, Lan Yun hated it!

Lan Yun did not shy away and was clearly heard by Lu Ming and Dan Dan.

Creak!

Dan Dan straightened her teeth and turned her eyes. Lu Ming knew that Dan Dan certainly didn't hold her fart. She was thinking about how to deal with Blue Cloud.

boom! boom!

At this moment, the gate of the castle was constantly shaking, making a loud noise.

"To be blasted away!"

"Add more effort!"

Many people shouted and bombarded harder.

"The debris of heaven, die!"

At this time, a roar came from a distance, a ray of purple light, cut through the sky, rushed to this side.

People of the Evil God Clan, and the number is very alarming, there are a hundred or dozens of people.

They are all masters, covered with purple scales.

Before, Lu Ming learned from Dandan.

Evil God Clan also has ranks.

The Blackscale Evil God Clan is the most common Evil God Clan with the lowest status and relatively weak combat power.

The purple scale armor of the evil spirit clan is the noble of the evil spirit clan. It has a battle at the same level, and its strength is far above the black scale evil spirit clan.

On the purple scale armor, there is a more noble evil **** clan, such as the royal clan of the evil **** clan, which has a more powerful combat power. The battle of the same level is almost invincible, but the number is extremely rare.

Everyone's face in heaven changed.

"Quick, open the door!"

Someone shouted, almost everyone shot, and a brilliant light hit the castle gate.

boom!

With a bang, the light of the castle gate was crushed and the gate opened.

"Rush in!"

People in the heavens rushed into the gate one after another.

"kill!"

In the rear, the Evil God Clan has also been killed, chasing behind the powerful players in the sky and rushing into the gate.

Lu Ming and Dan Dan also followed the crowd and rushed into the gate.

As soon as I rushed into the gate, it was not the interior of the imaginary castle, but a vast hill that could not be seen at a glance.

This is like a small world, after the castle, actually came to a small world.

"kill!"

Later, the Evil God Clan arrived, and the two gangs fought fiercely together.

Lu Ming and Dan Dan were mixed in the crowd and shot symbolically against two evil spirits.

Lu Ming didn't even make a shot, hiding behind Dan Dan, because as soon as he shot, a variety of laws would be exposed.

Hundreds of people on both sides were fighting with each other. It was very tragic. From time to time, some powerful people were killed, and they fell forever in this area.

Lu Ming found that both Lan Yun and Yan Xi followed the masters, and their strength was very strong, but they were high-level true emperors.

Obviously, the Lan Family and Yan Family are all terrifying forces in the Celestial Realm, and even high-level virtual emperors are sent out.

You know, it is dangerous for the high-level virtual emperor to come in here. If you are unlucky, you will fall. If you are sent in, you must prepare for the fall. The strength is not strong, and the background is not deep. Where dare you do this.

Uh! Uh!

At the time of the war between the two sides, a **** figure rushed forward, and the speed was almost extreme.

"That is..."

Lu Ming's eyes narrowed, and he saw that those **** figures, both humanoid and beast-shaped, rushed over and directly culled the people of the heaven and the people of the evil **** family.

Roar!

A **** giant wave also killed Xiang Luming.

As soon as he appeared, he kicked the scarlet wolf out with one foot.

"It's a puppet!"

As soon as he spoke, Lu Ming also saw it, which was indeed a puppet.

A peculiar puppet, with a very strong killing power, covered in blood red, even **** smell.

And he is not afraid of death, and constantly slays people on both sides.

The powerful of Celestial and Evil God Clan can only stop fighting and concentrate on dealing with these **** puppets.

bump! bump! bump!

One blood puppet was beaten up.

Soon after, the **** puppets from the impact were finally killed almost, but Heavenly Realm and Evil God Clan also left dozens of corpses.

The two sides converged on one side and looked at each other to kill each other.

But for a time, there was no shot.

This is likely to be a small world left by a peerless powerhouse, and there may be great opportunities. People on both sides have the same idea.

Treasure hunt first, get the chance, and then kill the opponent.

"go!"

The first to move is the Evil God Clan, who rushed forward in the direction of the left and disappeared between the hills.

Then, the people on the other side of the heaven also moved, rushing forward in the direction of the right.

Lu Ming and Dan Dan have always followed the crowd.

Roar! Roar!

The roar came from time to time. Between these hills, there were some blood puppets. As soon as they saw the creatures, they rushed at them, but they were defeated one by one.

After walking a long distance, nothing was found.

"Let's move on separately, so the chance of getting a chance is only bigger!"

Blue Cloud spoke first.

Others nodded in agreement, and then, the people on the other side of the heavens were divided into groups and dispersed.

Lan Yun and Yan Xi, together with the masters of Lan Family and Yan Family, gathered together and headed in one direction.

The family of the two came with masters. There were high-level real emperors and low-level real emperors. They were full of confidence and were unwilling to be with others.

"We keep up!"

Whispered.

Lu Ming and Dan Dan followed Lan Yun quietly, and behind Yan Xi, they didn't realize it at all.

Chapter 2204: Help

The world behind the castle looks like a small world, with the gate of the castle as the entrance.

It is also very desolate, there is no grass growing, and there are some blood puppets.

Lan Yun and Yan Xi brought people from their family together, there were about twenty people, many masters, and along the way, they killed a lot of **** puppets.

At the same time, I also saw a few dead bones, but they were all from the Evil God Clan, and no treasures were left.

"These guys are still worried about dealing with us. They are unforgivable. He pays attention to this seat!"

Behind, he straightly grinded his teeth, his eyes gleaming coldly.

Lu Ming touched his nose, and said in his heart that they were so miserable that you were bullied, and they didn't want to retaliate.

However, Lu Ming also wanted to know how to get rid of the Blue Cloud people without knowing it, knowing that Dan Dan was pondering the strategy, and immediately asked, "What are your ideas?"

"Let's get the evil spirits to come and let them bite the dog, what do you think?"

Everyday proposal.

"It's really the same as what the hero sees, let's go!"

Lu Ming smiled, and then the two "heroes" sneaked away in the direction of the Evil God Race.

The two fully converged their breath, carefully avoided the **** puppet, and soon after, they saw a group of evil gods.

"The miscellaneous pieces of the Evil God Clan, die!"

After screaming, he rushed straight away, separated by a long distance, and shot continuously with his palms. The endless runes condensed a few sword lights and beheaded the evil **** clan.

puff! puff!

Two high-level virtual emperors, and one one-star true emperor, were directly beheaded.

Lu Ming took out the falling star bow in the distance and fired two arrows in succession, killing the two emperors of the evil gods.

"The debris of heaven, kill!"

Evil God Race is furious.

Between the two races, there was a blood feud between them. When they met, they never died. Now Lu Ming and Dan Dan, who dare to take the initiative to kill them, are simply looking for death.

Suddenly, a group of evil gods killed Xiang Dandan and Lu Ming.

"Run!"

Once he shouted, he turned and ran, and behind him, six feather wings appeared, and the speed was amazing.

Lu Ming had already put away the falling star bow, cast six **** wings, and rushed towards the direction of the blue clouds.

Soon, they saw Lan Yun them.

"Blue Cloud, come and help us!"

"Together to kill the debris of the Evil God Race!"

Lu Ming and Dan Dan yelled and rushed towards Lan Yun.

Lan Yun and others are carefully exploring. Suddenly he heard a few shouts and looked around. Lan Yun immediately wanted to scold his mother.

He saw Lu Ming and Dan Dan yelling and rushed to the side. Behind him, he followed a group of evil gods, more than 20.

"You guys...Go away!"

Blue Cloud roared.

He naturally did not recognize the two Lu Ming, because they passed Yi Rong.

Lu Ming and Dan Dan did not seem to hear Lan Yun's words, and continued to yell at them at Lan Yun.

When they rushed into the crowd of Lan Yun, they shouted: "Killed the debris of the evil **** clan!"

"You are dead!"

The people of the evil spirits roared and attacked them.

In their view, of course, the people in the heaven are all together.

Suddenly, there were two virtual emperors of the Lan family, beheaded by the evil **** clan.

The Lan family and the Yan family have no choice but to fight back and fight with the evil **** clan.

However, the Lan family and the Yan family did come with a lot of masters. One high-level true emperor, one each, is a six-star true emperor, very powerful.

Over there, there is only one six-star true emperor, and two five-star true emperors, and they are suddenly suppressed by them.

The two sides fought, extremely tragic, and people were continuously killed.

Lu Ming and Dan Dan flickered in the crowd at an alarming speed, avoiding a series of attacks.

In the end, the Yanjia and Lanjia sides were more powerful on the cutting edge. A six-star true emperor had successively killed two five-star true emperors, and then teamed up with another six-star true emperor to kill the six evil gods. Xing Zhendi, in the event of a serious injury to a six-star Zhendi, beheaded the Six-Star Zhendi of the Evil God Clan.

When the other six-star True Emperor died, he was unable to resist anymore, and then dispersed, and was chased and cleaned up by the masters of the Lan and Yan families.

In this battle, the people of the Evil God Clan were beheaded, but the Lan and Yan families were considered very heavy.

Ten of them were killed in battle, and several were seriously injured. Even the Six-Star True Emperor was seriously injured and was mortally counterattacked by the Evil God Clan.

Lan Yun and Yan Xi's faces, dripping gloomy, looked at Lu Ming and Dan Dan, their eyes constantly flashing murderous.

Both are Lu Ming and Dan Dan. If they did not bring the Evil God Clan, would they have such a great loss?

At this time, the figure flashed not far away, and people from other heavens rushed over, apparently heard the fighting sound and rushed over.

"Thank you for your help, or we will be in danger, and our people in the heavenly world just want to help each other!"

Lan Yun and others haven't spoken yet, so they preemptively spoke, and in a word, tied them together, making Lan Yun and others difficult to attack.

Lan Yun and Yan Xi felt that their chests were stuffy and almost spitting blood.

Dandan was the first to thank them for tying them all to the ship of the Celestial Realm. The Two Realms City has regulations that in the battlefield, the Celestial beings cannot kill each other and must defend the enemy together.

They really couldn't find a reason to deal with Lu Ming and Dan Dan, not to mention, others came.

"You two, stay away from us!"

Lan Yun bit his teeth and opened his mouth, and then asked people to put away the storage bracelet left by the people of Evil God Race and left here.

"It's a pity, a pity!"

Once he sighed, it was a pity that the people of Evil God Clan failed to kill them.

Lu Ming also felt sorry.

"Well, let's do it again?"

Lu Ming sent a voice to Dandan.

"Your kid, it's broken, but I like it, hehehe...!"

He smiled cheaply.

Immediately, the two secretly followed Lan Yun behind them.

This time, Lan Yun was a lot more cautious and looked around, but Lu Ming's method of convergence was too clever, and they didn't find it at all.

After secretly observing for a while, the two rushed towards the Evil God Race.

After a while, the two yelled towards the blue cloud and rushed to their side.

"Nest, it's you again, Nimabi..."

As soon as Lan Yun saw them, he immediately yelled at him, because he was really angry.

Then, they turned around and ran away, this time, this time, they are no longer the wrongdoers.

"Wo Nest, actually ran away, help!"

Dan Dan screamed, and Lu Ming, chasing them quickly towards the blue cloud.

"Go away..."

Lan Yun roared at them.

"The same people in the realm of heaven, you will not be saved when you die!"

Lu Ming shouted.

"You die, don't pull us!"

Blue Cloud roared.

"Help!"

Dan Dan and Lu Ming are chasing Lan Yun with death. They are followed by a wave of Evil God Clan, and their eyes are red.

Chapter 2205: Muran, Jianfeiliu

Lan Yun, Yan Xi and others ran in the front, Lu Ming and Dan Dan chased in the back, and in the back, there was a string of strong people of the evil **** clan.

The speed of the three dials was very fast, and in a blink of an eye, a large mountain of forest was turned over.

The movement here finally attracted the attention of others, and a group of people flew towards this side.

It was the other people in the heaven realm, and when they saw the Evil God Clan, they killed here.

The Evil God Clan saw the increase in the power of the heavens, and dared not pursue it, turned around and ran.

"What a pity!"

Sighing sighed, it was a pity that Lan Yun and others did not lose this time.

"You...find to death!"

At this moment, Lan Yun was very angry, and his eyes were full of murderous opportunities, leading people to land on Ming Ming and Dan Dan.

"What do you want to do? In this battlefield, do you want to deal with yourself?"

Shouted immediately.

"You rushed to us with the people of the evil **** family twice, and I suspect that you deliberately and deliberately framed us."

Lan Yun said coldly.

"Fart, Lao Tzu has an enmity with the Evil God Clan. When I see the Evil God Clan, I don't want to let it go. So I went to kill the Evil God Clan. But there are too many Evil God Clan. We can only run. We didn't expect to encounter you twice. Explain that we are destined!"

Dandan started talking nonsense with his eyes open.

But, for this reason, the other party cannot refute.

Is it wrong to kill the evil spirits?

Is it wrong to fight but not run?

It just happened to go to the blue cloud side, they can only blame them.

"you you..."

Lan Yun, Yan Xi and others were speechless.

They were spitting blood quickly, and their eyes were round, and they wished to unload Lu Ming and Dan Dan, but now, there are other people in the realm, they are really not easy to do.

"go!"

Finally, Lan Yun and others had no choice but to take people and left here.

"It seems that this trick will not work, these guys are smart!"

After whispering, the two moved forward and searched in this area.

"Look, there is something abnormal there!"

Suddenly, Lu Ming looked forward.

There, you can vaguely see a red light jumping, bright and unusual, stained half of the sky, like blood.

Uh! Uh! ...

Obviously, others also found anomalies and flew in that direction.

"The red light is filled with treasures, go!"

As soon as his eyes were fiery, the two flew towards the area there.

In other directions, a rainbow of light also flew.

This direction is the direction of the celestial power search, so there are no strong people from the evil gods coming.

In front, there is a huge high mountain. On the side of the mountain, there is a cliff, which is several thousand meters high. The red light is diffused from the bottom of the cliff.

The crowd flew to the bottom of the cliff and found a pool there. It was not water but a bright red liquid like blood.

In the pool, there was a figure sitting cross-legged, covered in bright red liquid, but still faintly visible.

A stunning woman with a good figure to explode!

Muran!

Lu Ming dumbfounded, never expected that he would meet Muran here.

Muran is cultivating, or accepting a heritage. A small blood-red tower is suspended above her head, exuding vast coercion, high above it, just like Tianwei.

Needless to say, this little tower is definitely a supreme treasure.

"Treasure, this is definitely a gem!"

Many people's eyes are fierce, gleaming with greed.

The same is true every day, almost drooling, staring at the little tower.

"This is a powerful treasure!"

He whispered and his eyes shined.

"she is my friend!"

Lu Ming quickly sent a voice to Dandan, so that Dandan's face collapsed.

But at this time, Lan Yun, Yan Xi and others could not bear it.

"This treasure is mine!"

"mine!"

After a figure, rushed out, rushed to Mulan, and grabbed at the little **** pagoda above her head.

"Damn!"

Lu Ming was angry and wanted to rescue, too late.

Keng!

Suddenly, a sword rang.

On the cliff behind the blood pond, there is a cave, and the sound of swordsmanship comes from that cave. Then, a sword light flew out of the cave at an incredible speed, like a ray of light.

puff! puff!

Several of them were low, and were directly split in half by Jianguang, and fell on the spot.

Others were also blocked by Jianguang.

Uh!

At the next moment, a figure appeared beside Mulan, with a crystal long sword suspended above his head.

"Jianfei Liu!"

Lu Ming was dumbfounded again.

Appearing next to Mulan, is a young man, Jianmeiyingmei, very handsome, actually Jianfeiliu, who has not met Lu Ming for many years.

At that time, when Lu Ming was wandering in Jiulong City, Jian Feiliu was seriously injured by the arrogance of the Wang family and other families, and was repaired to an end. Afterwards, he entered the Wanxuechi. Jianfeiliu was taken away by a mysterious person under the Wanxuechi, suspected The remnant of a strong man.

It's been a long time since I was alive. I didn't expect that Jianfeiliu was still alive, not only able to practice, but also to achieve an astonishing level. The few people who were just beheaded by him were all Emperor Wu.

"Treasure, another treasure!"

Dan Dan's eyes glowed at the long sword above Jianfei Liu's head.

Buzz!

The long sword shook slightly, fluoresced, and there was a horrible sword whizzing towards the sky.

This is definitely a peerless sword. Just now, Jianfeiliu can block so many masters, most of which is due to this sword.

Others also stared at Jianfei Liu's long sword with fiery eyes.

"Boy, who are you, those who dare to kill us, and those in the realm, can't kill each other on the battlefield, you have already committed a big crime, do you know? You don't have to kneel down and grab your hands!"

Blue Cloud shouted.

"I'm not a person in Two Realms!"

Jian Feiliu spoke coldly, and then said: "And, before that, you can't help but tell you to do it, didn't you see that my friend is accepting inheritance?"

"If you kill someone, you have to quibble and take me down!"

Lan Yun shouted, his eyes fiery, and he kept turning the long sword above Jian Fei Liu's head and the small tower above Muran's head.

This is definitely a strange treasure, a treasure left by the ancient strong.

"Wait!"

At this time, Lu Ming roared.

The crowd stopped, Lu Ming flashed out.

"It's you, what do you want to do?"

After seeing Lu Ming, Lan Yun flashed a murderous glance in his eyes.

Before Lu Ming and Dan Dan brought the Evil God Clan to them, causing them heavy losses, he always remembered it.

"Dan Dan, you'll be in formation!"

Lu Ming first gave Dan Dan a voice.

Once he nodded, he sneaked up and moved around, and every step he stepped on, there were endless runes that did not enter the ground.

Lu Ming glanced at Lan Yun and others, and then pointed at Jianfeiliu and Mulan with a sneer: "These two people know at a glance that they are human races, they are our people, and you are robbing your own treasures. pass!"

Chapter 2206: Reveal

Lu Ming's words sparked many people's eyes.

But some people, the fiery light in their eyes, did not subside at all, such as Lan Yun and Yan Xi.

"What's too much? These treasures, at first glance, are the treasures left by the peerless strongmen in ancient times, and these two men are so young, where can the power of the treasures come into play, I want to put these treasures Put it away and give it to the strongmen of the two realms. Only in the hands of those strongmen can such treasures bloom and be used to deal with the evil **** clan!"

Lan Yun sneered, quibbling.

"It's ridiculous, when my Celestial Powers fall into the opportunity to **** the juniors, the treasures of the juniors can deal with the Evil God Race? If this is the case, we will never be an opponent of the Evil God Race!"

Lu Ming sneered in response, full of ridicule.

This blue cloud is obviously greedy and wants to seize the treasure, but it is really ridiculous to find such a sounding reason.

Hearing Lu Ming's words, some people looked ashamed and stepped back a few steps, as if hesitating.

Mulan and Jianfeiliu are obviously human races. In this ancient battlefield, shooting against the human races and robbing their treasures clearly violated the regulations of the Two Realms.

But there are some people who are obviously unwilling, and the greed in their eyes is more intense.

"Boy, it's useless to let your tongue speak like a spring. Such treasures are a waste to them, and they are violent to heaven. Today I must take these treasures and use them for the powerful in the two realms!"

Lan Yun continued, not giving in at all.

Lu Ming's eyes filled with cold murder, this blue cloud is really mean and shameless.

"Blue Cloud, since you say that, then you should hand over the treasures and various resources on your body. It is also a waste to put those treasures and resources on your wastes. It is better to give them to the stronger! "

Lu Ming sneered.

"what did you say?"

Lan Yun's eyes burst into murder, Lu Ming actually said he was waste.

"I said that you are waste, can't you hear it? It's a waste to hand over the treasures and resources from you and give them to me anyway!"

Lu Ming added.

"Hahaha, ridiculous, so, are you strong?"

Lan Yun laughed. He was the top arrogant of Tianjie. Before he became an emperor, he was a son of God. Lu Ming actually said that he was waste.

"Boy, you provoked me first. If you don't interrupt your limbs today, I wouldn't be called Blue Cloud!"

Lan Yun snarled.

"It's not called blue cloud, it's better to call it green cloud, a piece of green oil above his head..."

Lu Ming **** with him, mainly to delay the time and let the battles take place.

At this moment, Dandan shuttled silently among the crowd, and a rune disappeared into the ground.

"Boy, I abolish you!"

Lan Yun was furious and rushed towards the landing.

Lu Ming exhibited six feather wings, a pair of transparent wings emerged, and under a flash, he avoided the blue cloud attack.

Uh! Uh! ...

Blue Cloud launched a stormy offensive.

However, Lu Ming cast six **** wings, too fast, and avoided the blue cloud attack.

Lu Ming didn't fight back, of course, he was delaying time to gain time for the formation.

In a blink of an eye, Lan Yun shot hundreds of moves without even touching Lu Ming.

Many people are shocked!

Unexpectedly, Lu Ming was so powerful. Under the storm of blue clouds, nothing happened.

"Don't you say it's strong? Have the ability to fight me head-on!"

Blue Cloud roared.

Lu Ming was too lazy to ignore him and continued to dodge with his body. It was dozens of tricks. Lan Yun still didn't touch Lu Ming.

"Blue Cloud, I will help you!"

At this moment, Yan Xi flashed out and launched an attack on Landing Ming.

Lan Yun, Yan Xi, and Xiu Wei are all in the Samsung Emperor, and both of them are the top celestial celestials of the heaven. They control one of the strongest rules, and they both cultivate to the second realm. In addition, they control other rules, and their strength is very amazing.

The two joined forces to siege Lu Ming from two directions. Lu Ming wanted to avoid the past completely, it was not so easy.

boom!

Blue Cloud threw a palm behind Lu Ming. This palm was as fast as lightning, as fast as thunder, and its power was amazing.

At the same time, Yan Xi also launched an offensive in front of him, he cut out a heavy sword, covering Lu Ming in three directions.

As a result, Lu Ming avoids inevitable.

"Lu Ming, all right!"

At this time, a voice came into Lu Ming's ears, it was the voice of Dandan.

The cold light flashed in Lu Ming's eyes.

boom!

At this moment, the breath of him all exploded, and the seven laws, shining different lights, flashed on Lu Ming.

In Lu Ming's hand, a giant hammer appeared.

This is his original magical power, the hammer of chaos.

boom! boom! boom! boom!

Lu Ming blasted four hammers in a row, blasting into the Quartet.

Immediately, Yan Xi chopped to Lu Ming's knife light, and his body shook wildly, backing up again and again.

boom!

One of the hammers, bombarded on the palm of Lan Yun, burst into a huge roar.

Lan Yun's body was also shocked and retreated.

"It's you? The peerless waste of Yuanjie, you are Lu Ming!"

Lan Yun shouted.

Lu Ming shot with all his strength, and seven laws broke out, and Lan Yun immediately recognized Lu Ming.

"What? Peerless waste of Yuanjie?"

"It's him!"

At the scene, many people reacted.

At the beginning, after those Tianjiao who had gone to Yuanjie came back and said that Yuanjie had a peerless waste body, and had not become an emperor, they controlled two of the strongest rules, a variety of kingly rules.

This incident has been widely spread among the heavenly arrogant circles of heaven, and many people have heard about it.

The biggest reaction was Jian Feiliu, who was shocked and looked at Lu Ming with bright eyes.

What shocked him was the word 'Lu Ming'.

"Hahaha, it's your grandpa and me!"

Lu Ming laughed and revealed his true face.

Seeing Lu Ming's true appearance, Jian Fei Liu suddenly shone brightly in her eyes, a little shocked, some surprised, some incredible.

He came to heaven and worshipped a terrible strongman as a teacher. In these years, he has made leaps and bounds. With a thousand miles a day, his vision is naturally much higher, which is far from comparable.

But he didn't expect that a friend whom the stranger continent and the eastern wilderness met could come here, and at the same time, the fighting power was amazing.

This is really beyond his expectations.

"Brother Lu, I will help you!"

Jianfei Liu shouted, and the long sword above his head hummed continuously.

"No, you protect Sister Muran!"

Lu Ming said.

"Lu Ming, you killed my Lan family, today I want you to pay the price, shot, and such a person, there is no need to talk about rules!"

Lan Yun shouted and called the others to shoot.

Suddenly, the real emperor figures of the Lan family moved, and a terrible breath erupted, pressing down towards the landing.

"Shameless guy, look at Uncle Ben!"

At this moment, shouting and waving his hands, dense dense runes appeared on the ground.

The runes condensed a chain of chains, each chain, with arm thickness, swept toward the master of the blue family.

Chapter 2207: Blue cloud abuse

Once he shot, he manipulated the large array, condensed a chain of chains, and entangled towards the masters of the Lan family and Yan family, wanting to entangle them.

The characters in the virtual emperor realm are simply difficult to resist and are directly entangled in chains. No matter how they struggle, it is difficult to move.

Lan Yun and Yan Xi were also entangled.

"It's you, **** it!"

Lan Yun roared, recognizing Dandan, his eyes were red.

They struggled frantically, but to no avail, they were locked by chains.

boom! boom!

The real emperor of the Lan family struggled frantically and wanted to break free, but the real emperor of the lower ranks did not have much effect, and the chain became tighter and tighter.

"Is it more victorious? Now how do you rely on more victories?"

Lu Ming walked in the air and walked towards Lan Yun and others.

"Lu Ming, do you dare to move me?"

Blue Cloud roared.

"It's stupid to be arrogant until now!"

Lu Ming came to the top of Lan Yun's head and stepped on Lan Yun's face.

bump!

Lan Yun's face was firmly stomped by Lu Ming, and a shoe mark was printed on it.

"what!"

Lan Yun shouted shyly and madly.

Last time, he was stepped on his face by Dan Dan, and all of them burst and his teeth flew out. Now he finally recovered from his injury and was stepped on by Lu Ming again.

From a young age to a big age, he was the arrogant man of heaven, when had he suffered such humiliation.

But this time, just a few days, he was stepped on his face in succession, and he really wanted to vomit blood.

"What's it called? It's so bad!"

Lu Ming despised and stepped on Lan Yun's face again.

This foot directly made Lan Yun's face swollen, his teeth fell off, and he flew out.

Blue Cloud spouted out a mouthful of blood, one part was the blood from the teeth in the mouth, and the other part was qi, spitting blood.

"Everyone, this person is lawless and unpredictable. Take action together and win him!"

Blue Cloud roared, calling on other people in the heavens.

But the others looked at each other, no one shot.

Lu Ming didn't kill anyone, nor did he make a heavy hand. It was not a violation of the rules.

And many people and Blue Cloud are competitors. When Blue Cloud is abused, they are too happy to be too late.

At this moment, even Yan Xi shut up, honestly, fearing Lu Ming would stare at him.

"Dare to call, come again!"

Lu Ming kicked another foot and stepped on Lan Yun's face.

Ao!

Lan Yun wailed, but unfortunately his whole body was locked by chains, standing there quite straight, unable to move at all, and could only be trampled passively.

"Kill this kid, kill this kid!"

Blue Cloud roared.

boom!

A six-star true emperor of the Lan family has not been locked and is still fighting against the chain.

At this moment, the power of the world in him is burning, the power of various laws is rioting, and the power is very amazing, bombarding those chains.

The Six-Star True Emperor is too strong.

If you want to break through the true emperor, the strength of the world is strong, the stability of the small world is one aspect, and the rules are also required.

If you want to break the Emperor, you must have three rules to reach the second level before you can break through.

One can imagine how terrifying it is to reach the rule of Six Stars.

For a time, the chains of the formation formation that once condensed, could not lock the other party.

It's not that Dan Dan's formation is not strong enough. If Dan Dan is given an hour, let alone the Six-Star True Emperor, even the Pinnacle True Emperor can be locked.

But the time just given to him was too short.

Lan Yun's eyes lit up.

"Boy, you're done, I want to abolish you and interrupt your limbs!"

Lan Yun's crazy roar, to Lu Ming, already hated the bone marrow.

"So much nonsense!"

Lu Ming continuously kicked his feet and stepped on Lan Yun's face. He almost burst out of his face. He was no longer humanoid, and he didn't even know him.

Then, in Lu Ming's hands, the falling star bow appeared.

He suddenly pulled the star bow and a colorful arrow appeared.

Buzz!

Lu Ming let go, the bowstring vibrated, the trembling person's eardrum buzzed, and colorful arrows flew out suddenly, shooting at the six-star Zhendi of the Lan family.

At such a short distance, the power of the falling star bow is maximized.

However, the Six-Star True Emperor was so strong that he roared, and a circle of sound waves erupted in his mouth.

This sound wave contains the power of multiple laws, rushing towards the colorful arrows.

The arrow was blocked, and it continued to vibrate in the air, impacting the sound wave, but in the end, the arrow still shattered.

"Lock me!"

After drinking, the hands were constantly waving, the infinite runes were filled, the chains were more, and they were wrapped around the six-star true emperor of the blue family.

In order to fight against Lu Ming's arrows, the six-star True Emperor of the Lan Family gave up a little power and was almost entangled in the chains of Dandan.

"Come again!"

Lu Ming once again pulled the bow string, and the surging holy force continuously poured into the bow body.

call out!

Another arrow hit the eyebrows of the Lanjia Six Star True Emperor.

"Lu Ming, I will help you!"

On the other side, Jianfeiliu shouted. With a wave of his hand, the long sword above his head vibrated, turned into a sword light, and chopped towards the Blue Family Six Star True Emperor. The power was amazing.

The Lanjia Six-Star True Emperor roared and tried his best to fight against it. His arms were constantly waving, shaking out the power of terror, contending with the chains around him, and the arrows and the sword light flowed by Lu Ming.

bump! bump!

The roar sounded, the arrow was defeated, and Jianfeiliu's long sword was also blown out and flew back to Jianfeiliu's head.

However, in order to resist Lu Ming and Jian Fei Liu's attacks, the Blue Family Six-Star True Emperor was too distracted, and was finally seized by Dan Dan. The infinite chain was locked towards the Blue Family Six-Star True Emperor. Downwind.

One, two...

There are several chains in a row, which are wrapped around the Lanjia Six Star True Emperor, letting his movements slowly slow down.

Lan Yun's heart sank.

But at this moment, in the distance, there was a purple ray of light bursting towards this side.

Is a strong man of evil spirits!

Obviously, the strong man of the Evil God Clan was also attracted by the red light emitted from Mulan.

Lu Ming's complexion changed, and Jian Feiliu's complexion also changed greatly.

In a blink of an eye, the people of the Evil God Clan arrived, and they saw Mulan sitting in the pool at a glance, and their eyes burst into fiery light.

"Treasure, won, can't be obtained by the people of heaven!"

People with evil spirits spoke.

Suddenly, one of the evil gods raced towards Muran.

"Damn!"

Lu Ming roared, pulled away the falling star bow, and shot several arrows in a row.

bump! bump! ...

There were several evil gods in a row, and Lu Ming was shot and killed in the air.

At the same time, Jianfeiliu also controls the long sword above his head and cuts to the evil **** clan.

But within the Evil God Clan, there was a terrible strongman who, with a punch, drove out the sword's long sword and flew out. Jianfeiliu's face was pale and he nearly vomited blood.

Although his powerful sword was amazing, he was insufficiently cultivated. He was just a two-star virtual emperor and could not fight against the powerful ones in the real emperor realm.

Chapter 2208: People of the same period

Dandan also shot, but it could not be stopped at all.

"court death!"

An evil spirit clan stared at Lu Ming and slammed towards the landing.

"Hahaha! Deserve it!"

Lan Yun laughed in his heart, and took this opportunity to start struggling, trying to break free from the chains.

boom!

And the Blue Family Six-Star True Emperor finally broke free and came to Lan Yun to guard him.

"Together, kill the Evil God Clan, the treasure cannot be obtained by the Evil God Clan!"

Yelling and yelling, instigating others to do it.

Many people looked at each other and started.

In the face of the Evil God Clan, there is no way to be their common enemy. No matter who the treasure is in, it cannot be in the hands of the Evil God Clan.

But the people of Heaven Realm started late, and there are already strong people of Evil God Clan approaching Mulan.

On Mulan's side, only Jian Fei Liu was alone, and he couldn't stop each other.

"It seems that the Emperor Tiandi can only be used!"

Lu Ming turned his thoughts, just when he was about to use the Emperor's flesh, Mulan and Jianfei flowed into the cave behind him, and suddenly a layer of brilliance filled the Mulan and Jianfei flow.

boom!

The strong man of the Evil God Clan rushed into it, a terrible attack, bombarded above that brilliance, but the brilliance was immovable and no ripples were produced.

"Master!"

Jian Fei exudes great joy.

Then, in the cave, a figure came out.

This is an old man with white hair and grey robes, and his face is grim.

In him, others didn't feel any breath, nor did they know how to cultivate, just like an ordinary person.

But after his eyes were swept, everyone was covered with sweat and there was a great horror.

"No, go!"

A high-level true emperor of an evil **** clan, with a look of horror, shouted loudly and backed wildly.

"Evil God Clan, kill!"

The old gray robe spoke coldly.

As soon as he opened his mouth, a long sword appeared in the air, and he shot it out in a hurry. All the evil spirits were all pierced through the eyebrows.

Whether it is a virtual emperor or a real emperor, under the sword light, there seems to be no difference, just like a baby, it is unbearable.

In an instant, all the Evil God Clan, more than 100 people, all died.

Sisi...

On the side of heaven, everyone took a breath.

This gray-robed old man is definitely a terrifying strong man, at least also the cultivation of the Great Emperor Realm, otherwise, it is impossible to easily kill the high-level true emperor.

However, how did the powerful in the Great Realm come here?

Does the other party live here?

However, one thing is certain, the other side is from the side of the heavens, it is a friend to a enemy!

"It turned out to be this guy, this guy is not dead yet!"

Dandan came to Lu Ming and muttered in a low voice.

"You know him?"

Lu Ming sent a voice to the bubble.

"Recognize, there was a connection at the time, but it was just a junior. When you see me, you should call the seniors respectfully!"

Dan Dan sent a voice to Lu Ming and started bragging again.

However, Lu Ming is still very shocked.

Obviously, this is a figure from the same era as Dandan, a strong man in ancient times, and has lived to the present.

Obviously, after the World War I, the other party did not die.

"Master!"

Jian Feiliu saluted the old man respectfully.

"Ok!"

The old man in gray robe nodded, and then glanced at the people in heaven, a cold voice came out: "You leave here, this is the old man's place of repair!"

"Senior!"

Some people clenched their fists, dared not to say much, saluted the old man, and turned away.

"Master, the two of them are disciples' friends!"

Jian Fei Liu pointed to Lu Ming and Dan Dan.

"They can stay!"

The old man in gray robe glanced at Dandan and Luming, especially after a few more glances.

"Senior, can you let me take them both away!"

Blue cloud opening.

At this moment, he has broken the chain with the help of his men. He understands that he can't get the treasure, but he doesn't want to let Lu Ming and Dandan go, and wants to take Lu Ming and Dandan away.

"roll!"

The old man in gray robe answered only one word.

"Seniors, juniors are descendants of the Blues, and give the seniors a face..."

Blue Cloud clenched fists.

"roll!"

This time, the voice of the old gray robe was a little colder, and a powerful force erupted with the word "roll", and rushed to Lanyun and others.

Lan Yun and other people's faces changed greatly, their bodies flew out, fell to the ground, and vomited blood one by one.

Even the Six-Star True Emperor is the same, without the slightest resistance.

"Master, let's go, let's go!"

The Six-Star True Emperor, with a blue cloud, a group of people retreated in a state of embarrassment, and suddenly disappeared.

"Hahaha, evil swordsman, I haven't seen you for a long time. I didn't expect you to be dead!"

After the people in the heaven left, they laughed and walked over to greet the old gray robe.

Jian Feiliu looked dumbfounded.

The old man in gray robe glanced coldly and said, "It's you guy who is greedy and afraid of death. You really didn't die. It's really a good person who doesn't live forever.

"Hey, you... what are you talking about?"

Unhappy, his eyes rolled round.

The old man in gray robe did not care about every day, his figure flashed into the cave.

"Hahaha!"

Lu Ming laughed.

"Boy, you laugh so far..."

Dan Ming glared at Lu Ming. He just bragged that the old man in gray robe was his junior, but now he is treated like this by the old man in gray robe.

"Hey, people's hearts are not old, it seems sad to me to look at my low-cultivation now.

Sighed.

"Lu Ming! Long time no see!"

At this time, Jianfei Liu came over and greeted Lu Ming.

"It's really gone for a long time, ten years, almost two decades!"

Lu Ming said, lamenting that time has passed so fast.

It was such a long time apart, but fortunately, Jianfeiliu was not only okay, but his cultivation base had skyrocketed, and he had become an emperor. It was really unpredictable.

"This senior is..."

Jianfeiliu looked to Dandan with a respectful look on his face.

Dan Dan actually knew him, he naturally regarded Dan Dan as a senior.

"I am invincible..."

He carried his hands on his back and started bragging.

Lu Ming immediately interrupted his words: "A **** stick, bragging all day long, don't care!"

"What? Lu Ming, what did you say?"

Unhappy, he gritted his teeth and watched Landing.

"By the way, Brother Jian, what happened to you at that time? And, Sister Muran, how could it be here, what is she doing now?"

Lu Ming asked several questions in a row, but he did have a question.

"Mulan is your sister?"

Jianfei was surprised.

"Yes, she is my sister. Before, there was a change in Shenhuang Continent, and a passage appeared. Sister Muran stepped into that passage six years ago. I never stepped back. I also entered that passage not long ago. Just came here!"

Lu Ming said it briefly.

Chapter 2209: Evil God's goal

Lu Ming briefly explained how he got here, and Jian Feiliu also briefly explained his experience.

It turned out that Jian Fei Liu Xiu was abolished, seriously injured and dying. After entering the pool of blood, he was taken by a mysterious man. That mysterious man was his master, the old gray robe old man, the evil swordsman in the mouth .

According to Jian Feiliu, at that time, the channel of God's Wasteland Jiulong City had already been cracked. The evil swordsman brought Jian Feiliu from Wanxuechi to wash the Scriptures for him, and then cultivate evil. Swordsman's unique swordsmanship.

The unique swordsmanship of the evil swordsman has very peculiar cultivation conditions. At first, Jianfeiliu Xiu was scrapped, which just fits the unique swordsmanship of the evil swordsman.

Over the years, he has been practicing here with evil swordsmen. His cultivation progress is fast, and now he is already a two-star virtual emperor.

Lu Ming nodded, evil swordsman, is definitely a very powerful existence, knew in ancient times, and Dandan, and can participate in the war of the year, and finally survived, it can be seen. Under such strong training, and in a good training environment like Tianjie, it is normal for Jianfeiliu to make rapid progress.

"Sister Muran, what's going on with her?"

Lu Ming's eyes turned to Muran again.

"Six years ago, Master was at the entrance of the tunnel, and she rescued the girl Mulan, and the girl Mulan was also a coincidence, resonating with the inheritance of a friend of the master, and inheriting the inheritance of the predecessor, It's been five years since this moment!"

Jianfei Liudao.

"Five years? You mean, Sister Muran, has been this way for five years?"

Lu Ming asked.

"Yes, according to Master's speculation, Ms. Mulan should wake up soon!"

Jianfei Liudao.

Lu Ming nodded, he was here to wait for Muran to wake up.

Next, Lu Ming and Dan Dan stayed here for a long time.

...

The Taiqing Tianyu is adjacent to the Hunyuan Tianyu. The passage between the two heavens has long been reduced to a battlefield. The two realms have been fighting for many years and are buried in countless bones.

On one side of the battlefield is Taiqing Tianyu. Two boundary cities traverse here, blocking the entrance of Taiqing Tianyu.

On the other side of the battlefield, it is the territory occupied by the evil gods.

There are a lot of weird buildings here, and countless strong people of the evil gods gather here.

In one of the buildings, a group of Evil God Races are discussing.

Most of these evil spirits are covered with purple scales, and only a few are covered with black scales. The breath is extremely scary and amazing, and they are all terrible strong people.

The most amazing thing is that there is an Evil God Clan at the top. This Evil God Clan's body is almost the same as ordinary people. Its height is slightly higher than that of the Clan. It is about two meters. There are no scales on his body, but his eyebrows have a third. The eyes and purple hair are very eye-catching.

This is the royal family of Evil God Clan!

"The ancestors have heard again that the channel has not been completely sealed, and there is hope of breaking open, so this time, anyway, the channel must be broken!"

"Once there is that channel, our army can go straight to Yuanjie, and then through the Yuanjie, enter the Taiqing Heavenly Territory, and wipe out the Tianyuan and the Two Realms in one fell swoop!"

"You guys, send someone into that battlefield!"

The royal family of evil gods gave orders.

"Yes, at all costs!"

Many evil spirits led the order, and soon afterwards, they flew towards the battlefield and flew to the ancient battlefield where they landed.

Among these people, there is no shortage of characters from the Great Emperor Realm.

The characters of the Heavenly Emperor Realm dare not go in, because once the characters of the Heavenly Emperor Realm enter, they will attract all the imprints of the strong and will be chased and killed by all the imprints of the strong, endlessly!

Unless the cultivation is strong and certain, it is not weaker than those peerless strongmen of the year, so that you can fear those marks, such as several ancestors of the evil **** clan.

...

The time is very fast. In a blink of an eye, half a month has passed.

During this time, Lu Ming waited for Muran to wake up while practicing.

On this day, Lu Ming was practicing. Suddenly, in the cave, light and shadow flashed, and a figure appeared, but it was an evil swordsman.

For half a month, the evil swordsman has not appeared.

According to Jian Feiliu, his master was hit hard in ancient times, and he was already a fluke. It was a fluke that he did not die, and he has been recuperating for healing in these years.

Now, why did it suddenly appear?

The evil swordsman looked up at the sky, seeming to have a heavy heart, and sighed for a long time: "It seems that the channel has not completely collapsed, it has not been completely sealed, and it can be opened!"

"aisle?"

Upon hearing this, Lu Ming couldn't help worrying and asked, "Senior, does the passage you said refer to the passage leading to Yuanjie?"

"Good, little guy, you should come here from Yuanjie through that passage!"

Evil Sword Guest Road.

"Yes, senior, is the evil **** clan going to enter Yuan Realm through that passage?"

Immediately, Lu Ming was worried and raised his heart.

If the people of Evil God Clan enter the Yuan Realm from that passage, the God Continent is over.

"It's not that easy, you see!"

The evil swordsman waved his hand, and in the air, a picture immediately appeared.

One figure after another, traveling in the air, are all people of the evil **** clan.

Suddenly, the sky was filled with light, and a figure appeared.

It is the imprint of a peerless powerhouse.

"kill!"

As soon as the imprint of the Peerless Powerful appeared, killing the monstrous sky, holding a spear, piercing the void, and immediately killing seven or eight evil **** clan, then the spear swept away again, and a terrifying figure was blown into the air. .

"That's... Evil God Clan in the Great Realm!"

Lu Ming was shocked that the last demon clan that had been exploded was definitely the existence of the Great Emperor Realm, but it still couldn't stop the strong man's mark.

"Spread out!"

The Evil God Clan roared and flew in all directions. The imprint of the Peerless Powerhouse stabbed spears continuously, killing several Evil God Clan powerhouses, but the other Evil God Clan escaped.

"This is just a corner. This time, the Evil God Clan came in a lot of powerful people, and there are many characters from the Great Emperor Realm. The purpose is the passage. Look again!"

Then, the evil swordsman waved his hand again, and the picture changed again.

On the screen, a void appeared.

The void, the space is extremely unstable, and from time to time, a space crack will pop up and flash away, very terrifying.

Not far from that void, there are many figures standing in the air, all of them are strong people of the evil **** clan.

I saw that some Evil God Clan bombarded the unstable void, and some Evil God Clan arranged a large array around them.

"Is this the previous entrance?"

Lu Ming guessed.

"Yes, this is the entrance of the tunnel. There was an amazing battle there. The tunnel burst and collapsed, but it was not completely sealed, and there was hope of opening!"

Evil Sword Guest Road.

"Senior, what the **** is going on? Why is there a passage here?"

Lu Ming was puzzled and became more anxious.

Chapter 2210: Must stop

Lu Ming was full of doubts, there would be a passage there, leading to the Shenhua Continent, and why the Shenhua Continent would have the Jiulong Shending and the Nine Dragon Veins to suppress it. Before that, the Jiulong Shending would fly away separately.

Lu Ming asked all these doubts.

The evil swordsman pondered for a while, and said, "That passage was created by the two realms of Tianyuan and formed naturally!"

"Naturally formed?"

Lu Ming whispered.

"Yes, this naturally formed channel is completely different from the artificially created channel. The naturally formed channel is difficult to be completely blocked. Even if it is blocked, he will slowly over time. automatically open!"

"It's like in a space, forcibly tearing a crack, or opening a channel, the space will soon heal and repair automatically, and the naturally formed channel, on the contrary, if you want to seal or seal, it will also naturally Open and restore the original state!"

Evil swordsman explained.

Lu Ming understood that the naturally formed channels are born innately and naturally forever, just like any piece of space.

You have the ability to tear any piece of space, but that piece of space will soon recover.

The same is true of the innate channel. If you seal it, it will open naturally.

"That passage leads to the Yuan Realm, so in ancient times, it became the main point of the attack of the evil **** clan, so here, there will be a peak battle, and a lot of peerless masters will die!"

"Later, Jiulong, one of the top ten fighting beasts, entered the Yuan Realm and sealed the other end of the channel, and on the side of the Heaven Realm, there were strong men who sealed the passage of this side!"

"However, that channel is a congenital channel. No matter how the seal is sealed, it will slowly restore. Even if the seal is displayed, it is a rare peak powerhouse. It is impossible to keep the seal forever. After so many years, the seal has finally been difficult. The channel is completely sealed, the channel is slowly opening!"

The words of the evil swordsman made Lu Ming suddenly open-minded. Many things that were previously unthinkable, all of a sudden.

He finally understood what the Kowloon Shending and Nine Dragon Vessels used to seal the passage.

He used to think that the Kowloon God Tripod just happened to have the same name as Kowloon. Now it seems that it is a treasure of Kowloon.

More than ten years ago, the passage slowly restored and it was difficult to seal it again, so the continent of Shenhua and the heavens would penetrate, and the original gas would become more and more dense.

The reason why the Jiulong Shending will fly to the Celestial Realm separately is estimated to be to delay the time. The Jiulong Shending came to the Celestial Realm to stop the spread of the breath and make the Evil God Clan aware.

Sure enough, the evil swordsman continued to speak: "Sometimes ago, the anomaly of this channel was finally discovered by the evil **** clan. The evil **** clan sent out a few scary strongmen, wanting to occupy the channel completely, and the strongman guarding the passageway. After a battle, in the end, the strongman who guarded the passageway and the treasures left by Kowloon wanted to destroy that passageway. Now it seems that it is not completely destroyed!"

"Senior, that channel can be completely destroyed?"

Lu Ming asked in surprise.

"No, it can only be destroyed briefly, and after a period of time, it will automatically recover, otherwise, it will not be so troublesome to seal that year!"

The evil swordsman shook his head and sighed.

"Now, what should we do?"

Lu Ming was really anxious. This involved the safety of his parents, relatives, and friends. It was difficult for him to calm down.

"This channel must not be occupied by the Evil God Clan, otherwise everyone's efforts will be in vain since the ages!"

The evil swordsman opened his mouth with a cold voice, full of cold murderous opportunities.

"Senior, we can pass the news to the two realms, and the two realms should not just sit idly by!"

Lu Ming proposed.

This is not only about Yuan Realm, but also about Heaven Realm.

Once the Evil God Clan entered the Yuan Realm, through the passage of the Yuan Realm, directly entered the hinterland of the Taiqing Heavenly Territory.

"The guys who came in before came from the Two Realms, and passed the news to them, and let them spread the news to the people in the Two Realms!"

The evil swordsman nodded.

Buzz!

At this moment, the buzzing sounded.

There was no movement, Muran, there was movement.

Above her head, the little tower exudes a shining light, and the blood in the blood pool wriggles and permeates into Mulan's body.

Soon, the blood in the blood pool disappeared without a trace.

And Muran was filled with a strong breath.

"Prospective Emperor!"

Lu Ming's eyes moved.

Muran's cultivation is in the realm of the quasi-imperial!

The inheritance she obtained is definitely a legacy left by an extremely powerful existence, not even simple inheritance, otherwise, Muran will not reach the quasi-imperial state in just five or six years.

"This little guy's inheritance with that guy is so rare, it's rare!"

The evil swordsman whispered.

The envy that looked at every day.

Buzz!

The little **** tower shook slightly, then shrank rapidly, flew into Muran's brow, and disappeared.

Muran slowly opened his eyes, flashing blood red light in his eyes, then concealed.

She glanced at Lu Ming and others.

When her eyes fell on Lu Ming, her body shook uncontrollably, revealing incredible colors.

"Do I have hallucinations again?"

Muran murmured, his big beautiful eyes blinked hard, and the method had to be confirmed.

Lu Ming smiled and said, "Sister Muran, I haven't seen you for a long time, why don't you know me?"

"Lu Ming!"

Muran whispered, revealing surprise, and flew out of Koike, still unbelievable, saying: "Brother Lu Ming, why are you here?"

"Of course I don't care about you, I miss you, so I'm following you along that passage!"

It was not Lu Ming who spoke, but Dandan.

Lu Ming touched his nose and was speechless.

Mullan blushed.

"Two little guys, don't be flirtatious, it's time to do business!"

The evil swordsman opened her mouth, making Mulan's face redder, but she now cultivated so much that she reached the level of a quasi-emperor, and she was inherited by a peerless strongman, her self-confidence also soared, and her original character was fully displayed. come out.

She came to Lu Ming and stared at Lu Ming without blinking her eyes. She seemed unwilling to move away.

"Nest, a nasty comparison!"

It is called strangely.

"Brother, what happened?"

Muran directly ignored Dandan and asked Lu Ming.

Lu Ming explained the passage briefly. After Mulan heard it, her face turned pale and she understood the seriousness of the incident.

Moreover, her loved ones are also in Shenhuang Continent.

"I'm going to the channel right away, and I'll do it at that time. I'm afraid it's dangerous to stay here. You first enter my small world!"

Evil Sword Guest Road.

"Senior, I stayed outside, maybe I can help!"

Lu Ming said, no matter what, he still has the emperor's flesh. At a critical moment, it may be useful.

"I stay outside too!"

Once and for all.
