

D Emperor 2231

Chapter 2231: The despair of the stellar river

The combat strength of the strange young people, they know very well, but it is a very good arrogance in the heaven realm, the combat power is far above Luo Cangqiang, even if it is not weaker than the stellar river.

But now, Lu Ming was killed by a stroke.

Isn't Lu Ming's combat power stronger than the current stellar river?

Isn't Lu Ming a waste body?

They can't figure it out, what they think now is to run.

The Stellar River and Luo Cangqi, almost at the same time, retreated backward.

"Seeing no match, I will run, have you asked me? Ha ha!"

Lu Ming sneered, stepped on his foot, like a ray of light, and instantly caught up with Luo Cangqiang.

In Luo Cangqiong's eyes, all was frightened.

The fighting power of the strange young man above him was killed by Lu Ming's first move. Lu Ming wanted to kill him without a second move.

"Lu Ming, you can't kill me, you killed me, my grandpa won't let you go!"

Luo Canghou shouted.

"Your grandfather? You have already dealt with me in Yuanjie, but unfortunately, he is now seriously injured. I don't know where to go to heal the wound. I will take the head of myself in other days!"

Lu Ming sneered.

For Luo Cangqiang, he will kill.

At the beginning, Qiuyue was in a desperate situation because of Luo Cangqiang.

Behind, the grandfather of Luo Cangqiong, the great emperor Tianluo, the great emperor of the Mu Family, went to the ancient moon holy land to kill him.

It can be said that he and Luo Tianzong, and the Luo family, have long been dead enemies and never die.

Luo Cangqiong will not find him, he will also go to Luo Cangqiong.

Since he met today, he will not let go of each other.

"impossible!"

Hearing Lu Ming's words, Luo Cangqiong shouted in disbelief.

"Go!"

Lu Ming spoke indifferently, pointing out with one finger.

puff!

Without any suspense, Luo Cangqiong's eyebrows were penetrated by his fingers, his soul was destroyed, and he fell on the spot.

At this point, the two royal bodies of Da Luo Tianzong were all killed by Lu Ming.

After killing Luo Cangqiong, Lu Ming chased towards the stellar river.

At this time, the stellar river flew with full force and speed.

He has a feeling that if he doesn't leave today, he can't leave.

Lu Ming's combat power exceeded his imagination.

However, he still has hope.

Lu Ming is nothing but a waste body. He can never become an emperor, and he cannot become an emperor. Even if the combat power can be improved, it is limited.

And he can continue to improve, he does not believe, after he broke through the true emperor, he could not kill Lu Ming.

As long as he is alive, he can kill Lu Ming.

So he used the strength of feeding and fled desperately, but when he looked back, his soul was scared.

Because Lu Ming is not far away from him.

"Hengxinghe, let's go with Luo Cangqiong, lest he be alone!"

Lu Ming spoke indifferently.

He cast six **** wings with amazing speed. Under a pair of transparent wings, he was near the stellar river.

"kill!"

The stellar river stopped, shouted, and an eternal clock appeared, shaking.

Now, the cultivation of the stellar river is much stronger than it was then, and it has reached the three-star virtual emperor, and the eternal law has reached the second realm. In addition, it has controlled a kingly rule.

Therefore, the power of the eternal **** clock is also much stronger than it was back then.

Layers of sound waves came out, turned into swords, and beheaded Lu Ming, terrifying.

"This trick again, Stellar River, this trick is useless to me!"

Lu Ming spoke lightly and came out with a blast.

boom!

The void exploded, and the terrible palm, like a row of mountains and rivers, rushed towards the stellar river.

The swords transformed by the eternal **** Zhong Yinbo burst and collapsed.

With his palm, he flocked to the stellar river and bombarded the eternal clock.

Boom!

The eternal **** clock shook wildly, and a crack appeared, and the body of the stellar river flew out like a shell, coughing up blood in the air.

"how is this possible?"

The stellar river roared with incredible sound.

How could Lu Ming's combat power be so strong?

In the five years since he came to the Celestial Realm, the Stellar River has obtained a lot of resources. Some big people even value him and accept him as a disciple. That is a Heavenly Emperor. He worships under the Heavenly Emperor and is cultivated by the Heavenly Emperor. .

The fighting power has skyrocketed, but even so, five years later, when Lu Ming was encountered again, he was even more vulnerable.

He is difficult to accept!

"These people are so spicy chicken, come to kill Lu Ming?"

Dan Dan lip straight, just feel speechless.

"Uh, this is totally to die!"

Gu Yingzhong is also speechless.

And the people watching around are also talking.

"Who is that man? What a strong fighting force!"

"Listen to them, what is going on?"

"I do not know!"

"I know, I heard that Yuanjie had a peerless waste body, and before it became an emperor, it controlled a variety of laws, and even controlled the two strongest laws!"

"What? Control the two strongest laws?"

The scene was noisy and many people exclaimed, but more people were disbelief.

They don't believe that someone can control the two strongest laws, which is impossible. In history, no one has done it.

In the high sky, Lu Ming kept standing and continued to kill the stellar river.

With six wings of magic wings, Lu Ming's speed reached its extreme point. The wings flickered across the void, and Lu Ming immediately caught up with the stellar river.

Boom!

Lu Ming broke out with another palm and bombarded the Eternal Clock of the Stellar River.

This time, the eternal clock that covered the stellar river exploded directly, and the stellar river sounded the sound of broken bones. The body flew out and vomited blood.

This is still Lu Ming didn't use his full strength. In the palm of his hand, there are only four rules.

The law of chaos, the law of engulfment, the law of penetration, and the law of extreme force.

In recent years, Lu Ming has improved too much.

Refining a trace of energy in Zulong's blood, so that his physical strength surged.

At the same time, the laws of the Dao Dao, the law of the Tao, and the law of penetration are completed one after another. The body and the divine power are refined again and again, and the body and the divine power of Lu Ming have also improved a lot.

The strength of the Stellar River is not weaker than that of Lan Yun and Yan Xi, whom Lu Ming encountered three years ago.

At that time, Lu Ming needed all his strength to fight against a master like Lan Yun or Yan Xi.

But now, Lu Ming also uses four kinds of rules, and he can achieve rolling without complete tricks.

"Get on the road!"

Lu Ming chased towards the stellar river.

The stellar river exploded in madness, trying its best to escape.

"Lu Ming, you can't kill me, my master, but the emperor..."

At the same time, the stellar river shouted and moved out his master, hoping to make Lu Ming have some scruples.

But he also knew in his heart that he knew Lu Ming very well. Lu Ming was a lawless character, and scaring could not be scared at all.

Sure enough, Lu Ming remained unmoved and continued to chase after him.

The stellar river reveals the color of despair.

"Lu Ming, stop for me!"

At this moment, a roar, and then a terrifying punch, from the high altitude to the landing blasted to kill.

Chapter 2232: Successive enemies

Originally, Lu Ming wanted to kill the Stellar River completely to solve this trouble.

But at this moment, a punch, traversing the void, slamming towards the landing, the power is extremely amazing.

"Chaos Law!"

In this boxing effort, Lu Ming felt the fluctuation of the law of chaos, and without thinking, Lu Ming slammed out.

boom!

Lu Ming's palm, with that fist, heavy bombardment, the void burst, constant vibration, extremely violent wind, sweeping all directions.

The stellar river shuddered, was shaken by the aftermath, swept away, and spit out a few sips of blood.

Lu Ming's eyes looked toward the sky.

A burly figure came out of the sky, conquering Lu Ming.

"Yuanxin!"

Lu Ming's mouth slightly raised.

It was a coincidence today, and met old acquaintances in Yuanjie successively.

"The law of chaos, that is Yuanxin, the son of Chaos from Yuanjie!"

"I have heard of him. This person has amazing talents. When he came to Heaven Realm, he was immediately accepted as a disciple by a master. He was trained by a lot of resources and progressed quickly. The prestigious Tianjiao!"

"I have also heard that this person's talent is indeed amazing, and he is expected to compete with Jiu Ju in the future!"

"This time, there are indeed a lot of amazing talents in Yuanjie. In addition to Yuanxin, there is another person who is even more terrifying. The natural child of destiny controls the laws of destiny!"

"There are also several arrogances of the ancient system, which are also terrible!"

Obviously, five years have passed, and those Tianjiao who came to Yuanjie are rapidly rising, and have made a great reputation in Tianjie, which is well known by many masters of Tianjie.

Yuan Xin was condescending, exuding light in his eyes, staring at Lu Ming, and filled with a strong fighting intention.

"Lu Ming, I didn't expect that you have also come to the Heaven Realm. Although you can't become an emperor, but your combat power can achieve this step. It is really amazing, but this is also good. When you kill you, you feel more!"

With that, Yuan Xin's eyes showed a stern look.

"Remember that I said a word to you during the Battle of the Ten Places, as long as you are defeated by me once, after that, you will never be my opponent!"

Lu Ming spoke lightly, full of disdain.

"It's a big talk, a waste body, you can never become an emperor, where do you come from?"

Yuan Xin drank coldly and said nothing, and an amazing breath broke out in him.

Four Star Emperor!

This is what Yuanxin is doing now!

The four-star virtual emperor is already a high-level virtual emperor, which is much stronger than the Samsung emperor.

The powerful power of the world is surging, and the power of the law is surrounding, making Yuanxin look like a **** of war.

"Three laws, the law of chaos, is already the second realm!"

With a move in Lu Ming's heart, he had a rough judgment on Yuanxin's combat power.

"Now, are you still confident?"

Yuan Xin spoke, full of strong self-confidence.

Meeting Lu Ming today is great news for him.

In the battle of the ten places, he was defeated by Destiny and Lu Ming successively, with a grudge.

Today, he just defeated Lu Ming and defeated Destiny again. He wanted to prove to everyone that he was Yuan Lu's first arrogance.

In the future, he will also defeat the strongest Tianjiao of Tianjie and stand on the top.

This is his ambition.

"Lu Ming, it's ours!"

At this moment, a cold voice sounded, and in the distance, a few rainbow lights flew at speed.

At the next moment, several figures appeared in the sky.

The strong breath, and the cold killer, unabashedly, squeezed towards the landing.

"Blue Cloud, Yan Xi!"

Lu Ming's eyes moved.

It seems to have met several old acquaintances, it is Lan Yun and Yan Xi.

When they looked at Lu Ming, the two looked extremely cold.

"Lu Ming, I will kill you today!"

Blue Cloud spoke indifferently.

That day, because of Lu Ming, he was so miserable that he was tortured, and later, because Lu Ming prevented him from getting the treasure.

Immediately, the eyes of the two swept away Dan and Mulan, and even a cold killing broke out, of course, there was greed.

They recognized Muran.

At the beginning, there was a small tower above Mulan's head, which was absolutely a supreme treasure.

Today, since it happened, let's take it together!

They were ecstatic.

This is not a battlefield, there are not so many rules, it is normal to fight against each other.

"You, surround those people!"

Blue Cloud shouted and waved his hand.

Following Lan Yun and Yan Xi, there were also several middle-aged big men. At the moment, they flashed their bodies and surrounded Dandan, Mulan, and Gu Yingzhong.

These middle-aged great men are all the cultivation of the real emperor realm. The terrible atmosphere makes Muran and Guying's face dignified, but once a face is black, the fierce light flashes in his eyes.

"Lu Ming, see who can save you today!"

Lan Yun and Yan Xi, flashing in shape, surrounded Lu Ming in the middle.

"Haha, Lu Ming, it seems that you have a lot of offended people!"

Yuan Xin sneered.

"A bunch of beaming clowns!"

Lu Ming said lightly.

"What are you talking about? Looking for death!"

Lan Yun shouted, the breath was even colder.

In the past few years, Lan Yun and Yan Xi have undoubtedly become stronger. Their cultivation practices have reached the four-star virtual emperor, and the law is closer. The surface looks no weaker than Yuan Xin.

Three young masters surrounded Lu Mingtuan.

"This waste body from the Yuan Realm actually offended so many people?"

"It's too self-controllable. It's just a waste body. It can never be an emperor. Dare to be so arrogant, isn't it death?"

"I heard that he was in Yuanlu, but he was famous and won the first place of Yuanlu's younger generation!"

"This is normal. Before becoming an emperor, he controlled a variety of laws. The combat power must be very strong. Unfortunately, there is no potential to become an emperor. I think he is arrogant, so he has not recognized his situation!"

"Other people can keep making progress, he is still so arrogant, not much time to live, it is estimated that today is dead!"

Some people argued that Lu Ming was dead today.

Lan Yun, Yan Xi, Yuan Xin, each one is a lot stronger than the stellar river.

Now the three of them have made it clear that they have to deal with Lu Ming. Lu Ming still has a chance?

"Brother Lu Ming!"

At this moment, a joyful voice sounded, the voice was crisp and nice, and then the sky flashed, and a figure suddenly appeared on Lu Ming's shoulder.

Lu Ming did not evade because he knew who he was when he heard the sound.

Bubble!

"Bubble!"

Lu Ming screamed, a smile appeared on his face.

It seems that the bubble has arrived!

I haven't seen it in five years, the bubble is still the same as before, not much, still like two or three years old.

"Brother Lu Ming!"

Bubble hangs on Ming Ming's neck, and a small head rubs **** Lu Ming's body, unwilling to come down.

Seeing the bubble coming, Yuan Xin's eyes revealed a dignified color.

Bubble is a time and space spirit rat. Once it comes to heaven, it is reused and greatly cultivated. Cultivation is improved more quickly. Its current strength is not weaker than him at all.

Chapter 2233: Let's go together

After a while, Bubble raised his head and looked at Yuanxin, Lan Yun, and Yan Xi.

"What do these guys want to do? I owe it!"

Bubble grunts, looking at Lan Yun, Yan Xi and others with unkindness.

"It's her, that space-time spirit rat!"

Lan Yun and Yan Xi also recognized the bubble.

The top ten war beasts in childhood are too rare, and their talents are amazing.

Bubbles caused a sensation as soon as that year. Many people knew that a space-time spirit rat came from Yuanjie.

And as soon as he came, he was taken in as a disciple by a terrifying beast, teaching him carefully, improving the speed of the gods, the progress was amazing, and the fighting power was even stronger.

During this time, a lot of arrogance has been lost to her.

Lan Yun and Yan Xi naturally know it.

At the same time, they are also quite afraid of the existence behind the bubble.

They didn't expect that Lu Ming actually knew Bubble and had a good relationship.

"Hey, say, is it you, and you, want to fight against brother Lu Ming? To get started, pass me first!"

Bubble's little fist waved, glancing across Lan Yun and Yan Xi.

"It has nothing to do with you!"

Blue Cloud spoke coldly.

"Who said it doesn't matter!"

The bubble glared at the blue cloud.

"You'd better not care about this matter, my Lan family, may not be afraid of the one behind you!"

Blue Cloud spoke again.

"Nonsense, just hit it, chirp!"

Bubble is angry, you have to start.

"Bubble, these people, I am enough to deal with myself!"

Lu Ming smiled and stopped the bubble.

"Oh, okay, brother Lu Ming, give me pain, tweeting!"

The bubble screamed, and then looked around, seeing Dandan, his big eyes immediately lit up, his figure moved, and immediately appeared on Dandan's shoulder.

"Little Turtle, long time no see, tweeted!"

Bubble blinked his big eyes and looked carefully at Dandan.

Although Dandan turned into a human form, and also exerted a mysterious method of convergence, but Bubble and Dandan are the top ten fighting beasts, and their sense of sensitivity is extremely keen. With a glance, Bubble recognizes Dandan.

Once a face, it was even darker.

"You are the little turtle, and your whole family is a little turtle!"

Said unpleasantly.

"You're obviously a little turtle, don't you admit it? Tweet!"

Bubble grumbled.

"Don't compare this seat with the ordinary little turtle..." Dan Dan said angrily, squinting with Bubbles, and quarreling there.

Lu Ming smiled and glanced at Lan Yun, Yan Xi, and Yuan Xin, the indifferent voice sounded: "You all want to kill me, then go together, so as not to waste time!"

This remark surprised other people on the scene.

"What? This body, actually asked Lan Yun to go together, is he crazy?"

"Although he has a good fighting strength, he is so arrogant that he is just looking for death!"

Others were surprised. Lan Yun and others were more gloomy.

Lu Ming wanted to fight the three of them one by one, it was just to death, this was an insult to them.

"To deal with you, I am alone!"

Lan Yun took the lead, and he punched out with a lion roaring through the sky.

On his fist, a lion was jumping, roaring, and it was astonishing.

This is a magical technique passed down by the Blue Cloud family, which comes from an ancient scripture.

Compared with three years ago, Lan Yun was undoubtedly more powerful. Not only did he become a breakthrough, but the rules were more advanced. He has realized the third rule, and reached the point of perfection in the first state.

With a punch, the lion roared into the sky, the wind screamed, and crushed towards Lu Ming.

But Lu Ming's face was calm, and he simply slammed it out.

In this palm, Lu Ming still only uses the laws of chaos, the laws of maximum force, the laws of swallowing and the laws of penetration.

But Lu Ming's flesh shook, and a stronger force erupted.

boom!

Lu Ming's palm collided with Lan Yun's fist, and an amazing shock erupted.

Then, Blue Cloud retreated, and the lion on his fist wailed, bursting apart.

bump! bump! bump! ...

Lan Yun retreated dozens of steps, his eyes were shocked, and there were incredible colors.

Lu Ming actually retreated him with a shock, how is this possible?

Three years ago, Lu Ming's strength was only a little stronger than him.

After a lapse of three years, his fighting power soared, but why was Lu Ming stunned?

Isn't Lu Ming a waste body, and he can't become an emperor? He couldn't figure it out.

Others couldn't figure it out, opening their mouths one by one.

Yuan Xin's pupil also shrank, and his heart shook.

"I said, you three go together, so as not to waste my time!"

Lu Ming said, the voice spread far away.

Lan Yun, Yan Xi and Yuan Xin's faces were ugly.

At this time, neither retreat nor war.

"You don't want to do it, then I will come!"

Lu Ming was very strong, stepped out of the air and shot directly.

boom! boom! boom!

He split three palms in succession, three powerful palm prints roared out, toward Yuan Xin and Lan Yun, and Yan Xi and the three drove away.

"Since you are looking for death, then you are all done. Let's do it together!"

Yan Xi shouted.

He started, and a sword appeared in his hand, slashing towards Lu Ming.

Roar!

Lan Yun followed the shot, and his double fists continued to bombard. On both fists, there was a lion jumping, roaring constantly, and the power was very amazing.

At the same time, Yuan Xin also shot, he broke out with all his strength, waved his fists, condensed into a mountain with all his strength, and blasted to the landing.

Yuan Xin is undoubtedly stronger. He will fight in ten places. He just masters the magical power of a single law. Now, he has mastered the advanced magical power. With each blow, there are several laws of eruption, with the law of chaos as the core. The power is amazing.

The three joined forces, and the void was boiling, completely exploded.

boom! boom! boom!

The attack of the three men was bombarded with Lu Ming's palm prints. The void continued to roar, and the strength swept through all directions. Some were weak, and they retreated one after another.

But what is shocking is that after the collision, Lu Ming was motionless, standing in the void and his face was very calm.

He has one enemy and three, without the slightest feeling of falling downwind.

"impossible!"

Yuan Xin roared in his heart, and the power of the world exploded in all directions. Mountains and hills rolled towards the landing, and Lu Ming was crushed into pieces.

At the same time, Lan Yun and Yan Xi also roared to the landing.

"But so!"

Lu Ming spoke, this time, he pointed three fingers in a row.

This is the chaos finger, but the power has far exceeded the chaotic ring.

Because of this finger, Lu Ming integrated five laws.

The law of chaos, the law of engulfment, the law of extreme force, the law of penetration, the law of formation!

In the Gu Family, Lu Ming often consults with Dan Dan. Dan Dan's understanding and application of the rules have reached an unbelievable level. Lu Ming has also benefited a lot, and his application of the rules is far beyond their hearts.

The convergence of the five laws is amazing.

Five huge fingers, surrounded by five colors, bombarded toward Yuanxin three.

Chapter 2234: Rolling

Three huge fingers, shining in five colors, squeezed all over the sky, like a **** holding out three fingers.

In this attack, Lu Ming used five rules, one more than before and more powerful.

boom! boom! boom!

Three fingers collided with the attack of Yuanxin, Lanyun and Yan Xi.

The mountain condensed by Yuanxin was violently shaken, and then exploded directly.

Lan Yun used magical powers to condense a huge lion, whining and bursting, and Yan Xi's sword light shattered.

The terrible power surged toward the three men, and the three men retreated, their bodies shook like electric shocks, and blood spewed in their mouths.

A rule has been added to increase Lu Ming's attack power and damage Yuan Xin, Lan Yun and Yan Xi in one fell swoop.

The people watching around were stunned. It's hard to believe what I saw.

Yuan Xin, Lan Yun, and Yan Xi, each of them, stepped into a four-star virtual emperor, all high-level virtual emperors.

Moreover, they are all top-level arrogance, and their combat power cannot be measured by Xiu. However, now the three men besieged Lu Ming, but Lu Ming was injured by a stroke.

how can that be?

Lu Ming has not yet become an emperor.

Before he became an emperor, with the quasi-empirical cultivation practice, he was able to leapfrog over such a major cultivation process and overwhelm the three top-level Tianjiao.

Everyone felt crazy, because it broke common sense and never happened.

Lian Yuanxin, Lan Yun, and Yan Xi were all suppressed by Lu Ming, so wouldn't ordinary Xu Emperor go up and be killed by Lu Ming.

Isn't Lu Ming capable of suppressing ordinary five-star virtual emperors, or even six-star virtual emperors?

This is crazy.

However, this is far from Lu Ming's strongest fighting power. If they know that Lu Ming still retains a lot of fighting power, I don't know how it feels.

Lu Ming was too lazy to care what other people thought. At this time, he continued to kill Yuanxin three.

call out! call out! call out!

Lu Ming continued to point out his fingers, and there was another finger that killed three people.

The three roared, bursting out all their strength and attacking Lu Ming.

It can be seen that Yuan Xin is indeed stronger, and the combat power is higher than that of Lan Yun and Yan Xi, and the injuries suffered are also lighter.

But not much, and still crushed by Lu Ming.

Three roars, three of them retreating, spitting blood.

"kill!"

Lu Ming shouted, running six feather wings, and appeared in front of Lan Yun in a flash.

Lan Yun was shocked, the whole person was shining, and a giant lion pounced out.

But Lu Ming shot it with five palms on his palm, bombarded with the palm of the giant lion.

The palm of the giant lion shattered directly, and the palm then bombarded the giant lion's head. You can see the giant body of the giant lion, bursting inch by inch. The last touch, the burst, bursting. Body.

Lan Yun screamed, his body was penetrated, he vomited blood, and his body flew out like a sandbag.

"Master!"

"Damn!"

Those real emperors who had surrounded Dandan and Mulan suddenly roared and wanted to rescue Lanyun.

"Come here if you want, leave if you want, have you asked me?"

Dan Dan spoke coldly, and then he moved, and his body looked like a lightning bolt, killing those true emperors.

Between the waves of his hands, nine colors pervaded his body, and that was the explosion of nine laws at the same time.

Moreover, all nine laws are in the second realm, and even some have reached the third realm.

"you..."

The real emperors were shocked, and their fighting power made them tremble.

There are five true emperors, the highest one, even reaching the five-star true emperor.

These true emperors, at the same time, shot towards the Dandan.

There are a few true emperors, the fighting power is also very amazing, the rule of law is very deep, but compared with the Dandan, there is still a gap.

Once and for all, there is one enemy to five, and it does not fall at all, and even prevails.

This surprised other people.

They had never imagined that this seemingly ordinary, young priest, was so strong.

Not only did Xiuwei reach the true emperor, but his combat strength was even more outrageous.

Obviously, the cultivation behavior revealed by Dan Dan is still only one-star Zhendi, but the fighting power is so amazing that even the five-star Zhendi is not his opponent and is suppressed by him.

"His laws are too horrible. One Star True Emperor has actually cultivated nine laws to such a level. It is incredible!"

Some senior figures sighed.

For the Emperor Emperor, or the True Emperor, it is the law that determines the combat power.

Although cultivation can also affect combat power, it is not as great as the law.

Especially the real emperor's realm, how much control the law, the strength of the fire, will greatly affect the combat power.

Many people, practicing hundreds of thousands of years, even millions of years, may not be able to cultivate the law to such a state.

This is a talent!

The true emperors of the Lan family and Yan family were dragged by Dandan and could not be rescued.

Lu Ming's figure flashed at the moment, and next to Yan Xi, a palm burst out. Yan Xi stepped into the blue cloud's footsteps and was beaten with a gulp of blood.

"You want to kill me, today, you will be completely cut!"

Lu Ming spoke indifferently, and his voice was very cold.

He understands that the Lan family and the Yan family are all very powerful families of Heavenly Realm.

Killing Lan Yun and Yan Xi will cause big trouble.

But the other party repeatedly wanted to kill him, so Lu Ming moved his heart, but it was a big deal to kill them, find a place to hide, or go to a lonely house to practice in seclusion.

Although Lan Yun and Yan Xi were seriously injured, they were still not dead. At the moment, their terrified body trembled, exerting the strength of the whole body and receding wildly. At the same time, he shouted: "Come and save me!"

"Junior, how dare you!"

With a roar, a burly old man rushed out of the crowd, lifted a giant hammer, and slammed towards the landing.

"True Emperor!"

Lu Ming's eyes narrowed and he didn't dare to make a hard connection. Six feather wings flew, avoiding the bombardment of the giant hammer.

"Kill me, kill him!"

Lan Yun recognized that it was a master of the Yan family, and immediately shouted.

"kill!"

The burly old man, holding a giant hammer, slammed towards the landing and wanted to kill Lu Mingge.

"Tang Tang Zhendi, to deal with a quasi-empire, Zhen Nima shameless, I will be your opponent!"

Once he roared, he made several moves in a row. His attacking method was very special. All the laws were transformed into runes, and the runes could condense all kinds of terrible attacks and powerful and terrifying.

bump! bump!

The two real emperors in front of Dandan suddenly vomited blood and retreated quickly.

And every day, killed the burly old man.

"There is a great hammer, look at my hammer and smash it!"

After yelling, he raised his fist and smashed it towards the other party.

As his fist smashed, the runes filled, and a huge hammer formed, which was bigger than the opponent's, and crashed down.

Boom!

The two sledgehammers collided together, and the void shook. The burly old man's body shook wildly, his arm burst directly, and he vomited blood and retreated.

"Quickly save the young master!"

The real emperors who had been besieging Dandan finally got away and rushed to Lan Yun and Yan Xi.

Chapter 2235: The strong

The real emperors who had besieged the Dan family before the Lan family and Yan family finally seized the opportunity. A few flashes of their bodies appeared next to Lan Yun and Yan Xi. The power of the world rolled up, holding the two of them towards the distance. Running wild, did not dare to stay.

Many people were stunned, Lan Yun and Yan Xi came strong, and even brought the real emperor realm to kill Lu Ming, but in the end, they fled in embarrassment.

The powerful of the real emperor realm, the speed is too fast, Lu Ming is far away, Lu Ming is difficult to catch up.

Lu Ming's eyes turned to another direction.

There, Yuan Xin rushed with the stellar river, and dared not stay at all.

"Humph!"

Lu Ming snorted coldly, cast six feather wings, and under one fan, chased toward Yuanxin quickly.

The speed of Yuanxin, where can be compared with Lu Ming, was quickly caught up by Lu Ming.

"Damn!"

Yuanxin roared, and the stellar river showed a terrified look.

Lu Ming is determined to kill them.

"kill!"

Lu Ming spoke indifferently and pointed out.

A huge finger bombarded towards Yuanxin.

"Chaotic body!"

Yuan Xin roared and exhibited the Chaos Divine Body. Now his Chaos Body is very different from that of the past. It is an improved one that can integrate multiple laws. The power is amazing.

boom!

He continuously punched, trying to block Lu Ming's attack.

But before the three of them were not Lu Ming's opponents, he alone was farther apart.

Huge fingers rolled down, ruined, and crushed Yuanxin's fist.

Yuan Xin's body shook wildly, receding wildly, and vomited blood.

The stellar river was also swept by the aftermath and flew out, causing more serious injuries.

"Lu Ming, my master is the emperor..."

The stellar river roared, really a little afraid, be afraid of being slain here by Lu Ming.

"Does it make sense to lift the people behind?"

Lu Ming sneered and strode forward to kill the Stellar River first.

Stellar River Qiang resisted the injury and was reluctant to be killed. He backed away.

boom!

But Lu Ming didn't give him a chance. He pointed out with one finger, with a sharp finger, very sharp, pierced the void, and shot at the stellar river.

"Do not..."

The stellar river roared, because he couldn't stop it, and was going to be killed by this trick.

At this moment, a glory suddenly appeared in front of him.

This glorious, like a shield, Lu Ming's fingers bombarded on it, to no avail.

boom!

Then, from a distance, a large hand was probed.

The big hands are huge, the speed is amazing, the breath is very scary.

"Emperor!"

Lu Ming was shocked.

This big hand exudes the coercion of heavenly power and is incredibly powerful.

"Master!"

The Stellar River shouted, excited.

His master also came to the ancient city of Yaoguang. He knew that he would be fine.

However, the big hand didn't shoot them at Lu Ming. As soon as they grabbed it, they grabbed the Stellar River and Yuanxin, and then quickly retreated, disappearing. Others around, took a long breath.

Heavenly Emperor's pressure is too strong, and they are far apart. When a big hand is protruded, it makes people feel like they are crushing a mountain.

At the other end of Shaoguang Ancient City, in a luxurious and huge courtyard, the stellar river and Yuanxin's figure appeared. In front of them, there was an old man in gray robe standing with his hand down.

"Thank you Master for saving!"

Stellar River quickly thanked.

"Thank you senior!"

Yuan Xin also bowed to salute.

"Ok!"

The old man in gray robe nodded.

"Master, you should kill Lu Ming because of his shot. That guy is very arrogant and doesn't take your old man's eyes at all!"

Stellar River, trying to persuade the old man to kill Lu Ming.

"To shut up!"

The old man drank coldly, and his eyes burst into an amazing light.

The icy breath made the star tremble in his heart, and he was cold and sweating.

"Emperor Wudi, but not a quasi-emperor's opponent, was severely wounded. I have rescued him. I am already cheeky. You want me to be an emperor. Because his disciples are invincible, he will kill a junior. Others will What do you think of me?"

The old gray robe opened his eyes, his eyes getting colder and colder.

Stellar River's face was pale, and his face was cold and sweaty.

Yuan Xin bowed his head and dared not speak.

Although they are all top-notch Tianjiao, they are nothing in front of Heavenly Emperor.

In the future, they may not be able to enter the realm of heaven.

Any Heavenly Emperor is a stunningly brilliant generation. When he was young, he was no worse than them.

So in front of Heavenly Emperor, they did not have a little arrogance.

"Also, do you think that I really shot and killed that Lu Ming, wouldn't the other Heavenly Emperors control it? The Heaven Realm now faces the enemy, there are some rules, understand?"

The old gray robe continued.

"Disciples know the wrong!"

The stellar river nodded again and again.

"The grievances between you will also need to be resolved by yourself. After this time the Undestructed Mountain incident is over, go back to retreat, do not break the true emperor, don't come out!"

The old man in gray robe ordered.

"Yes!"

The stellar river nodded, and its eyes shone coldly.

"Lu Ming, in the future, I will definitely kill you with my own hands. If you cannot become an emperor, I will not believe it. Your combat power can continue to improve!"

The stellar river shouted.

In Yuan Xin's eyes, there was also a cold light, and the same idea as the stellar river.

In the future, he will personally cut off Lu Ming's head and take Chaos Sutra over.

"The Chaos Sutra is mine!"

Yuan Xin shouted.

"Tiandi's flesh is mine!"

The stellar river gritted its teeth.

On the other side, Lu Ming also sighed.

This time, you could have killed Yuanxin and the Stellar River, but unfortunately, the Master of the Stellar River was in the ancient city of Shaoguang, and it failed.

Lu Ming could also guess that the emperor could not hold his face to deal with him as a prospective emperor.

"It doesn't matter, as long as you become an emperor, dealing with these small shrimps is not a matter of minutes!"

Dandan came over and laughed.

He is very clear that Lu Ming has not yet become an emperor, he can understand a variety of laws, even the strongest rules, once he becomes an emperor, there will be amazing changes.

"Good job, tweeting!"

Bubble again jumped from Lu Dan's shoulders, onto Lu Ming's shoulders, hung on Lu Ming's body, rubbing back and forth.

"Let's continue shopping!"

Lu Ming smiled, and everyone wandered around the ancient city of Yaoguang again.

At the same time, Lu Ming learned from the bubble that Long Chen, Ouyang Wushuang and others were still practicing retreat and did not come here.

After this battle, Lu Ming's name was completely transmitted.

Before he became an emperor, he controlled a variety of rules. Legend has it that he controlled different strongest rules, and defeated Yuanxin, Lanyun, and Yan Xi with such powerful combat powers.

In the past, Lu Ming's name was only spread in a small range of arrogance. Now, many people know it.

However, there are also many people who do not believe and hold a skeptical attitude, thinking that it is too strong to control different strongest laws. They do not believe it.

Since ancient times, no one has been able to control two different strongest laws, which is regarded as truth.

Now, it is actually said that a person who has not yet become an emperor can control different strongest laws, how can they believe.

Even those who have seen Lu Ming's shot are suspicious.

Because Lu Ming and Lan Yun, Yuanxin, during their war, they only applied the law of chaos, but did not exert the strongest law.

Chapter 2236: strict condition

Lu Ming's name has become a resource for many people to wait for the rest of the mountain.

In the following days, it was quite calm, Lu Ming they lived in closed places and practiced.

As time passed, more and more people shook the ancient city.

Almost every day, there are people who try to climb the indestructible mountain. There are martial arts of all levels, from Wusheng to Heavenly Emperor, but no one can climb the indestructible mountain.

Everyone can only wait patiently.

In a flash, a month passed. On this day, the mountain was not extinguished, and suddenly there was a tremendous radiance of light. At the same time, a bell rang and spread throughout the ancient city of Shaoguang.

Everyone was alarmed and flew out of their place of residence.

"There is movement in the Unending Mountain!"

"Can you enter!"

"Go and see!"

Countless people flew high into the sky and flew towards the indestructible mountain.

Lu Ming and they also woke up from cultivation, followed the lonely family heads and others, and flew to the indestructible mountain.

For a time, the indelible mountain was surrounded by people, and the real people and people were completely unknown.

The temptation of the immortal ancient scripture is too strong.

With the immortal ancient scriptures, it is almost equivalent to death. As long as it is not extinguished, it can be restored to any serious injury, which is equivalent to many more lives.

With the immortal ancient scriptures, you can go to many dangerous forbidden places to take risks, obtain treasures, and quickly improve your cultivation. Whoever doesn't care about such ancient scriptures.

Didn't you see that many Emperor Tian came, even Heavenly Emperor, it was difficult to calm down.

Countless people surrounded the indestructible mountain and waited nervously.

At this time, a figure appeared in the immortal mountain.

A burly figure slowly walked out from the depths of the indestructible mountain, and many people could not help staring at their eyes.

"Someone at Undestructed Mountain, does Emperor Zundi not die?"

"impossible!"

Many people were shocked, some doubted.

Soon, a tall figure appeared in front of everyone, a middle-aged man.

"No, it's a puppet!"

Some Emperor Tianqiu spoke and saw his eyebrows.

This middle-aged man is a puppet.

"It turned out to be a puppet, it should have been left by the immortal Emperor Zun!" Many people moved their hearts and their eyes focused on the puppet.

The middle-aged man's puppet opened his mouth with a loud voice, spreading all over the Quartet:
"Under the death of the immortal emperor, the immortal ancient scripture, will be born and reappear in the world!"

This remark makes everyone's heart beat faster and their eyes shine.

The immortal ancient scriptures are really about to be born.

Many people's eyes shone with fiery light.

"However, Emperor Immortal has a life, and if you want to get the immortal ancient scripture, you need to pass the assessment!"

Middle-aged puppet, continue to speak.

"Dare to ask, what kind of assessment is required?"

Asked the powerful emperor.

"It's very simple. First, let's start with the emperor. Become the emperor within ten thousand years. Please step into the immortal mountain and pass the assessment to get the immortal ancient scriptures!"

"You don't have to think about deceiving, I have my own way to know if you have broken through the emperor in ten thousand years!"

Puppet Road in Central South.

"What? Become the Emperor in ten thousand years, how is this possible?"

Suddenly, the characters of the Heavenly Emperor Realm were not calm.

Others are also stunned.

It would be too difficult to become the Emperor of Heaven within ten thousand years.

After reaching Emperor Wudi, it was very difficult to ascend.

Some people with insufficient talents may retire for more than ten thousand years.

For some people, it may take more than 10,000 years to upgrade a small realm, and it may even take tens of thousands of years.

It is too harsh to be the Emperor of Heaven within ten thousand years.

"It seems not!"

Middle-aged puppet sighs.

"Is this condition too harsh!"

Some emperors are unwilling.

"This is the rule set by the emperor, I have no right to change!"

Middle-aged puppet said.

The emperors sighed, very unwilling, but unfortunately no one met the conditions.

"Since not, let's go down. Within a thousand years, those who break through the emperor can enter the Undestructed Mountain Assessment!"

The middle-aged puppet continued.

"Thousand-year-old Emperor?"

The strong men in the Great Emperor Realm are all white.

The thousand-year-old great emperor, although not as exaggerated as the ten thousand-year-old great emperor, is not so difficult, but only relatively speaking. In essence, the difficulty is also amazing.

The emperors looked at each other, and finally shook their heads.

No one can meet the conditions.

"Isn't it? Then continue to go down, the one who became a true emperor in a hundred years, can enter the Undestructed Mountain for evaluation!"

The middle-aged puppet continued.

"A hundred years into a true emperor, ha ha ha, isn't this tailor-made for this seat, I will come too!"

He smiled broadly, excited.

In a sense, Dandan has been born again. This life is a new one. He did enter the real emperor's realm within a hundred years.

In addition to Dandan, there were also other people who flew high into the sky.

There are more than a dozen people.

A hundred years into a true emperor, the number is still quite large.

"All the nine skills of the younger generation are all breakthroughs of the true emperor within a hundred years, and there are some other arrogances. The age is approaching a century!"

"Look, there are nine young people, at least seven!"

On the edge, someone exclaimed.

Lu Mingning looked at it. Sure enough, there were indeed some of the dozen people who looked extremely young, like men in their twenties, with men and women.

There are others, who look like thirty years old.

These people have become true emperors within a hundred years.

Lu Ming learned before that the nine youths are the most outstanding nine arrogances among the younger generation in the world today. Each of these nine people has stepped into the realm of true emperor.

Countless people showed envious eyes.

Being able to enter the immortal mountain assessment means that there is hope to get the immortal ancient scriptures.

More than a dozen people flew towards the Indestructible Mountain. When approaching the Indestructible Mountain, the middle-aged puppet waved his hand and a light door appeared in the air.

"Go in!"

Middle-aged puppet said.

Immediately, more than a dozen people rushed into the light door and disappeared.

"The assessment will take a while, wait slowly!"

The middle-aged puppet said nothing, sat cross-legged, closed his eyes to refresh himself.

Others waited quietly, but one day passed, and more than ten days passed. The people who entered it did not come out.

Lu Ming simply took out an imperial soldier, he sat cross-legged on the imperial soldier, closed his eyes to understand the law.

Now, he has left the law of life, and has not reached the first state of consummation. As long as the law of life reaches the first state of consummation, he can start to impact Wudi Realm, so he has to seize the time.

Time goes by day by day.

In a blink of an eye, two months have passed.

At this time, the Undying Mountain finally made a move.

The Everlasting Mountain shone with light, and under a slight shock, a dozen figures appeared outside the Everlasting Mountain.

It was a dozen people who had entered the Indestructible Mountain before.

Everyone's eyes fell on them, full of anticipation.

Of these dozen people, does anyone get an immortal ancient scripture?

However, more than a dozen people were downcast, full of unwillingness.

"How is it? What's inside?"

Many people started asking questions.

Dandan also flew back.

Chapter 2237: In the indelible mountain

"Dan Dan, what's inside? Have you got the immortal ancient scripture?"

Lu Ming quickly asked.

"Don't ask me, I want to be quiet!"

Dan Dan pulled a face, extremely depressed and unwilling.

"This guy must have failed, tweeted!"

Bubble sarcasm.

"Fart/fart, how could this seat fail? I tell you, this seat alone succeeded, but the old guy who doesn't destroy Emperor Zun revenge, he just didn't pass the immortal ancient scriptures to me, ah, I'm not reconciled, The old guy is vengeful, narrow-minded!"

Yelling, it seemed crazy.

Lu Ming, Bubble, Gu Yingzhong and others stared.

Dandan really succeeded? Passed the assessment?

Isn't it bragging?

On the side, other people naturally heard Dandan's words, but they cast their disdainful eyes on Dandan one by one.

If you don't pass, you don't pass. You're still bragging here, and you're talking like Emperor Undead.

No one believes at all.

"Why don't the Emperor Immortal pass the Ancient Immortals to you?"

Lu Ming asked, he really believed that Dandan passed the exam.

Dandan this guy, but one of the top ten war beasts of the world's turtle, the previous memory is fully restored, the combat power is amazing, if even Dandan can not pass, then no one can pass.

"That guy was careful and narrow-minded, didn't he just take something from him before, as for the vengeance to the present?"

It's very uncomfortable to grind teeth there.

"Took something?"

Lu Ming knew, this guy definitely took more than a few things, it was estimated that he had offended the Emperor Zun before.

Around others, other people are even more contemptuous, this guy said as if it were true.

"and many more!"

Lu Ming suddenly thought of something, and sent a voice to Dan Dan: "According to your opinion, is the Emperor Zun still alive, not dead?"

"It's dead, it's dead, it's his revenge, I guessed it, otherwise why didn't he give me the immortal ancient scripture?"

Poured his lips once and for a long time.

"Dan Dan, what is the content of the assessment?"

Lu Ming asked.

"No one gets the indestructible ancient scriptures. Now, those who become emperors under the age of fifty will enter the assessment and hurry up!"

The middle-aged puppet urged people who didn't seem to want to enter before to reveal too much of the inside.

"Emperor under fifty!"

Gu Yingzhong, Muran and others, all eyes are bright.

"let's go!"

Gu Ying said a lot, because at this time, there was already a figure flying towards the indestructible mountain.

"Become an emperor under the age of fifty, and I have not become an emperor, can't I go in? No, try it!"

Lu Ming turned his thoughts in his head, without much thought, and flew along.

There were many people who became emperors within the age of fifty, and there were thousands of them.

I thought that when the ten places battled, there would be one or two hundred people in Yuanjie, who would become emperors within the age of fifty.

Heaven Realm, no matter whether it is the cultivation environment or the cultivation resources, is better than the Yuan Realm, the inheritance is more perfect, and now it has been more than five years since the battle between the ten places, and naturally more people will become emperors.

Therefore, there are a lot of people who became emperors at the age of fifty.

This is just a part of it. There must be people who haven't come, otherwise there will be more.

Among the crowd, Lu Ming saw the Stellar River and Yuanxin, as well as Lan Yun and Yan Xi.

They also saw Lu Ming.

"Senior, this person has not become an emperor. He wants to fish in muddy water and mix in!"

Lan Yun suddenly cried at the middle-aged puppet.

There was a glimmer of gloom in Lu Ming's eyes.

The middle-aged puppet looked at Lu Ming, and his eyes were as fine as if he wanted to see Lu Ming through.

Lan Yun, Yan Xi, Stellar River and others, sneered.

Lu Ming still wants to mix in, how is it possible?

This time, it must be punished by middle-aged puppets.

At the moment, the eyes of middle-aged puppets showed surprise, seeming very surprised, then nodded and said: "He is in a special situation, you can go in!"

what?

Lan Yun, Yan Xi were a few dumbfounded, and looked stunned.

"hateful!"

Subsequently, several people gritted their teeth.

"These idiots, tweeted!"

The bubble cried, gloating.

Lan Yun's faces were ugly, and he dashed into the light gate.

Lu Ming, Bubble, Mulan, Gu Yingzhong and others also entered the Light Gate.

The next moment, Lu Ming discovered that he appeared on a platform.

At the moment, at least more than 100 people gathered on the platform.

In front of the platform, there is a wide road that goes straight up and extends upwards.

"Here, is it inside the indestructible mountain, does this road lead to the top of the mountain?"

Lu Ming thought.

Then his eyes turned to other directions.

He found that there were nine platforms, and in the middle of the platform, there was a dark abyss separated from each other.

Every platform has a wide road, slanting upward.

Nine platforms, nine roads.

On each platform, there are more than a hundred people and thousands of people, divided equally among the nine platforms.

Bubble, Mulan and Guying are all on Lu Ming's platform.

At this moment, a figure suddenly appeared in the air, looking exactly like the middle-aged puppet before it, but it was obviously just a phantom.

"The first level of assessment, as long as you set foot on this road until you reach the end of the road, even if you pass the level, let's go!"

The figure opened his mouth and disappeared.

Uh! Uh! ...

Suddenly, someone rushed to the road and ran towards the front, fearing that one step would be slower and others would take the lead.

boom! boom! ...

But as these people rushed to the road, there was a rumbling voice.

Above the road, a thunder came out of thin air, chopping towards them constantly.

bump!

Someone couldn't resist and coughed up blood.

Someone blocked the Thunder and continued to move up, but the Thunder continued to slash towards the crowd.

"This road is not so simple, let's go up!"

Lu Ming said, several people rushed to the road.

This road looks very old, but it is very wide, with hundreds of people walking side by side, without any problems.

When they set foot on the ancient road, thunder came out of thin air, slamming toward them.

Lu Ming waved his hand and crushed his thunder.

"This Thunder's power is very weak!"

Lu Ming was surprised and found that the thunder striking him was not powerful at all and was easily blocked by him.

At the same time, the bubbles, the shadows are heavy, and Muran and they all blocked the Thunder.

"No, it seems that people with different cultivation behaviors face different thunder and power. This test is based on cultivation behaviors!"

Lu Ming discovered the secret.

Obviously, cultivation is high, and there is no advantage here.

The assessment here will eradicate the cultivation and adjust the power of the Thunder.

Relying on cultivation is impossible, and requires talent and leapfrogging combat power.

No wonder the thunder that splits towards Lu Ming is not powerful, because Lu Ming's cultivation behavior is not high originally.

Several people Lu Ming stepped forward and started a paragraph, they were very relaxed.

Chapter 2238: Take the ancient road

Lu Ming is naturally very relaxed. The Thunder here has no pressure on him.

The bubble is a time-space spirit rat, naturally there is no pressure.

Lonely shadow is heavy, but the top Tianjiao also has no pressure.

Muran, who inherited the mantle of a peerless powerhouse, was also very strong, and was equally easy to move forward.

But others are not so relaxed.

Many people were spitting blood from the Thunder, and they were all black, and had to retreat to the platform.

Some people were unwilling to go to the air and rushed straight up, but found that it would not work at all. There was a powerful force that suppressed them and prevented them from flying.

Many people can only stop and know that the immortal ancient scriptures have no chance with them.

Some stronger Tianjiao continue to move forward.

In particular, those who control multiple laws, and even the strongest ones, are very fast and keep improving.

Lu Ming, the four bubbles, move forward at a uniform speed, the more upward, the more powerful Thunder.

Hiss!

The thunder turned into the air, chopping toward the landing constantly.

On Lu Ming's body, there are laws pervading, and he has laid a defense. Those thunders cannot break through Lu Ming's defense at all.

Several people in the bubble also followed the landing and continued to move forward.

what!

A scream, a young man who was scorched by thunder, almost cracked his body, screamed, his body was blasted out, fell on the platform, but did not die.

Here, it seems that the most serious injuries will not occur.

Every time someone walked forward, someone was flying down.

This old one, I don't know how long it is. Lu Ming and they walked for three days. Within three days, they were constantly hit by thunder.

Three days later, at least half of them were eliminated.

After three days of walking, the Thunder finally stopped.

But before they were happy, as they continued to move forward, the temperature on the ancient road dropped sharply, and endless chills burrowed towards their bodies to freeze them.

As they continued to move forward, the chill dropped more severely, and the temperature dropped to an alarming level.

Someone couldn't resist, the whole body was frozen directly, turned into an ice sculpture, and then touched, this frozen person was thrown away.

It is estimated that it was left behind that platform

Huh...

The cold winds flew, the chill chilled, and there was snow falling in the sky.

what!

A scream, a young man, was nearly split in half by a snowflake, and flew out with vomiting blood.

This snowflake is sharper than the sky knife, and every piece of blur is a big killer.

The crowd resisted, and various attacks continued to blast out, colliding with the snowflakes and making a sonorous sound.

Someone couldn't resist and was blasted down, some carried the snowflakes and continued on.

As we move forward, the snowflakes become denser and denser, and in the end, the sky is full of snow, and the power is amazing.

Keng! Keng! ...

Pieces of snowflakes fell on Lu Ming's defense law, like a sharp weapon, cutting the landing Ming's defense law, and made the sound of gold and iron.

At the same time, there was a bone-chilling cold that was rushing into Lu Ming's body, and Lu Ming was blocked by the force of law.

There are fewer and fewer people who can come here.

Lu Ming found that the situation of the other eight ancient roads was exactly the same as theirs, and the test was the same.

In this way, after a few more days, they crossed this icy land, but they faced the land of flames.

In front, the flames are blazing, and the power is amazing.

Every time you step through an area, the test facing the next area will become stronger.

At this point, Mulan became a bit struggling.

After all, she soon became an emperor, and the comprehension of the law was a little weaker, already somewhat reluctant.

As he continued to move forward, Mulan turned pale.

"Sister Muran, if you can't resist, don't force it!"

Lu Ming said.

"It's okay, I can still hold on!"

Muran looked up stubbornly and continued on.

So, after a few more days, they crossed the area and came to a windy place.

The endless gusty wind, like countless sharp weapons, cutting them, the power is even more amazing.

When he arrives here, Lu Ming must be serious.

But Muran, finally unable to resist, groaned, his body retreated, his body was cut several wounds by the wind, blood flowed.

"Sister Muran, don't force it!"

Lu Ming yelled, "Here, we can't help each other, we can only rely on ourselves."

Mourin gritted his teeth and finally sighed, stepping on his feet and leaping backward.

In this way, it is tantamount to confessing failure, a force appeared out of thin air, and as soon as La Mulan, her figure disappeared here.

Lu Ming, Bubble, and Gu Ying continue to move forward.

This road is very long, as if there is no end.

Several people went all the way and went through all kinds of tests, ranging from poisonous land to cursed place to sword mountain and sword sea...

Almost a month later, Gu Yingzhong finally couldn't resist and was blasted away.

There are only a few people left on this road.

The same is true of other roads, and there are not many people left.

Like Lan Yun and Yan Xi, they were all eliminated.

However, Lu Ming saw Yuanxin and Destiny, and they all insisted.

After a few more days, Lu Ming left only three people on their way.

Lu Ming, Bubble, and a beautiful woman.

This woman's talent is also amazing, the rules of control are more important than Gu Ying, and the fire is more profound, so she can come here.

The other eight roads are similar, with only a few people left in each road.

"Road, it's over!"

Suddenly, the beautiful woman's eyes lit up.

Ahead, there is no road, the ancient road has come to an end.

Lu Ming's face also showed a happy look.

At this time, a figure emerged again.

"Congratulations, you have passed the first assessment, and then the second assessment!"

After talking, Lu Ming's ancient road in front of them suddenly wriggled, and then, three platforms appeared.

Three, one for each.

The same is true of other ancient roads, as many platforms as there are people.

"You choose a platform at will and stick your palm on it!"

The figure said.

Lu Ming stepped forward, randomly selected a platform, and then put their palms on the platform.

The platform is smooth and cold to start.

Buzz!

When their palms were affixed to the platform, the platform exuded infinite brilliance, and endless runes appeared on them, landing their palms smoothly, covering the whole body.

boom!

At this moment, Lu Ming felt that the sky was spinning and the surrounding environment had changed. He came to a void.

In the void, there was a gleam of brilliance, and then a ray of brilliance suddenly rushed towards the landing Ming, like a sword, slashing towards Lu Ming.

Lu Ming was shocked, quickly exploded the divine power, manipulated the law, and slapped out with a palm.

boom!

That glory was blown out by Lu Ming.

Chapter 2239: Breaking through the law of life

A ray of light flew towards Lu Ming, and Lu Ming flew by the palm of his hand.

However, the light did not dissipate. After the shock, it was suspended in the distance and the radiance was even more radiant.

"This is the power of... the law of chaos!"

Lu Ming moved.

call out!

The light that contained the law of chaos moved again, like a flying sword, across the void, and slashed towards Lu Ming.

The power of Lu Ming's control law was about to counterattack, but was immediately shocked.

Because in addition to this ray of light, there are other rays of light rushing towards the landing.

Every light is like a sword light, powerful.

Lu Ming didn't dare to carelessly, in his hand, the sword of death condensed out, turned the divine power to the extreme, and instantly cut the nine swords.

when! when! when! ...

The sword of death collides with nine kinds of light, such as a battle sword, colliding with each other, Mars overflowing, and the sound of gold and iron clashes.

The nine rays of light were blown out by Lu Ming respectively.

"Nine laws, corresponding to my laws!"

Lu Ming raised his eyebrows, and he saw that nine kinds of light represented nine kinds of laws, exactly the same as the nine kinds of laws controlled by Lu Ming.

The nine rays of light are suspended in the distance, and the radiance is getting brighter and brighter.

call out! call out! ...

Then, the nine rays of light moved again, and the speed was even more amazing than before, assassinating Lu Ming from nine different directions.

Lu Ming's spirit is highly concentrated, and all nine laws are used to surround the body. At the same time, the sword of death also contains seven laws.

Uh!

First of all, there is a sword light puncturing Lu Ming at the rear, but the sword light transformed by the penetration law is so fast that it exceeds the human response.

Lu Ming shouted and cut his back with his back, blocking the sword light.

However, in other directions, the sword lights transformed by the laws were attacked separately, like a stream of streamers, and the speed was almost extreme.

Lu Mingshi exhibited six feather wings, all evading with all his strength, and at the same time continually chopping out between deaths, chopping out the dense sword light, spreading everywhere.

Even so, the sword light transformed by the law leaked out, breaking through Lu Ming's defense, leaving a sword wound on Lu Ming's body, blood flowing, making Lu Ming's body numb.

Lu Ming quickly ran the law of life and finally sealed the wound and recovered quickly.

However, those laws of Jianguang's attack are far from over, just just the beginning.

call out! call out! ...

The light of Dao Dao is criss-crossing, and nine kinds of gorgeous light of law are constantly chanting towards the landing. The speed is getting faster and faster, and even the ability to evolve sword moves autonomously is even more amazing.

Lu Ming tried his best to resist and evade with all his strength. However, he still could not completely block it, and there was a wound on his body.

"No, my attacks are too scattered, so I can't completely block them, and the laws must be dispersed!"

Lu Ming's thoughts changed sharply, and then his heart moved. The nine laws he controlled were scattered and flew out separately. They also turned into nine rays of light and flew toward the sword light transformed by those nine laws.

However, Lu Ming controls nine laws at the same time, the speed is obviously much slower than the other party, not only did not stop, but let himself be attacked by more laws of sword light.

Lu Ming can only cast six feather wings to avoid, but was still chopped by a few sword lights, bloody.

"This method is right. My rules of control are too rusty. I am not skilled enough to use them, otherwise I will definitely be able to block them!"

Lu Ming dodges quickly while continuing to control the law to resist.

At the beginning, Lu Ming couldn't stop it, because he was too rusty to apply the law and could not keep up with the other party's speed.

However, as time passed, Lu Ming became more and more proficient at using the law, and finally was able to keep up with the opponent's speed.

Seven days later, most of the sword light was blocked by Lu Ming.

After this month, all sword lights can be blocked by Lu Ming.

Lu Ming feels that his application of laws has been greatly enhanced, and his understanding of each law has also deepened.

For Lu Ming, the benefits are unquestionable.

Now, he is exhibiting his own hammer of chaos, and the sword of death, and his power has been greatly enhanced. Lu Ming estimates that it is now finally small.

Moreover, it is also very helpful for Lu Ming to create new supernatural powers in the future.

Because Lu Ming is more familiar with the application of various laws, and with a deeper understanding of each law, he can naturally combine new magical powers according to different laws.

But at this time, the laws that attacked Lu Ming suddenly changed.

It is no longer a single sword light, there are rules for real dragons, rules for phoenixes, rules for unicorns, and rules for golden wings...

Nine laws have been transformed into nine different **** beasts, and they are all top-level **** beasts, which have evolved different attacks.

In this way, Lu Ming is more difficult to deal with.

Because this is a more advanced application of the law, Lu Ming can't keep up and can only be beaten passively.

Suddenly, he began to be injured again.

Lu Ming began to try and evolved nine rules into different gods and beasts to fight against each other.

But this process is extremely difficult and more difficult than before.

Lu Ming did not give up because he knew that only this method would be feasible.

This time, after a longer period of time, Lu Ming finally succeeded after fighting against the nine laws for two months.

Roar! Roar!

Lu Ming evolved the nine laws into different gods and beasts, fighting against each other's nine laws and fighting against each other.

For a time, it was difficult to tell the difference.

"My law of life has finally broken through!"

Lu Ming's face was full of smiles.

During this time, after constant confrontation, his life law finally broke through and reached the first level of perfection.

The nine laws under his control have completely reached the limit of the first realm, and they are handy to use. Lu Ming feels that he can impact the Emperor Wu realm at any time.

"This time, even if you don't get the immortal ancient scriptures, the harvest is big enough!"

Lu Ming smiled more.

The biggest gain this time was not the breakthrough of the laws of life, but his application of the nine laws became stronger and his understanding of the laws deepened.

These are all invisible wealth, and they are not yet visible, but they will have a major role in Lu Ming's later cultivation process.

In the future, Lu Ming's cultivation will save him a lot of detours, which will also be of great help to him in creating his magical powers.

This is intangible wealth!

Buzz!

At this moment, the Quartet Void began to vibrate, and the beasts transformed by the nine laws collapsed and disappeared, and the Void broke apart like a mirror.

Lu Ming felt a whirlwind, and the next moment, he found that he was back on the ancient road, and his palm was still attached to the platform.

At this time, the ancient road at the foot of Lu Ming has changed.

Originally, this ancient road has come to an end. Now, it suddenly stretches out and extends to the front.

"Successful!"

Lu Ming showed a happy look.

Chapter 2240: Indestructible

Originally, this road has come to an end, but now, the ancient road continues, indicating that he succeeded.

"Brother Lu Ming, you succeeded, tweeted!"

Bubble exclaimed excitedly.

Lu Ming glanced and found that there was no platform in front of the bubble and the stunning woman, and the platform disappeared.

At this moment, from other directions, an amazing gas machine came, and Lu Ming glanced, and found that it was the young Tianjiao of the other eight roads. These people looked at the land with fiery eyes.

In front of them, the platform disappeared. Only Lu Ming still had a platform.

"Bubble, what's going on? Did you all fail?"

Lu Ming asked.

"Yeah, everyone else, half a month ago, all failed. As soon as they failed, the platform disappeared, and only you insisted on it until now!"

Bubble explained.

With a move in Lu Ming's heart, it seems that he alone succeeded.

"Bubble, let's go!"

Lu Ming laughed and stepped forward.

The bubble, and the stunning woman, also followed.

However, when the bubble and the stunning woman entered the new ancient road, they were blocked, blocked by an invisible force, and it was difficult to take a step.

But it didn't affect him at all.

"Brother Lu Ming, the bubble won't go up, tweeted!"

Bubble grunted, very upset.

"let me help you!"

Lu Ming came back and wanted to pull the bubble up, but found that even in this way, even he couldn't go up.

"Brother Lu Ming, go up alone!"

Bubble said.

In the end, Lu Ming could only give up and walk towards the ancient road alone.

The other youths on the eight roads all focused on Lu Ming. Some people sighed, some were envious, and some were jealous.

Lu Ming went all the way forward and slowly disappeared into everyone's field of vision.

"My physical body and holy power have improved again!"

As he walked, Lu Ming felt his own changes.

Before, the law of life reached the first level of perfection, and the flesh and the divine power were tempered. This is one of the strongest rules. The effect of the flesh and the divine tempering is very amazing.

His flesh became stronger, and his divine power became stronger and more condensed.

Lu Ming's current divine power is not worse than the world's power, or even stronger.

Lu Ming's combat power has undoubtedly improved a bit.

There was nothing unusual in the following road, and it was very calm. Lu Ming speeded up the pace, and soon after, the road came to an end.

In front, there is a huge and grand palace.

In front of the palace is a piece of white jade square.

In the sky of Baiyu Square, there is a ray of light, very bright.

"what is this?"

Lu Ming's eyes were attracted by the ray of light. Lu Ming narrowed his eyes and found that the core of the light was a small piece of glass-like fragments, shining brightly.

When Lu Ming stepped into Baiyu Square, the ray of light rushed directly towards the landing, and the speed was amazing.

Lu Ming was startled, and subconsciously wanted to avoid it, but it was too late. The light flew directly into Lu Ming's eyebrows and disappeared.

boom!

At this moment, a piece of debris appeared in Lu Ming's mind.

"This is...indestructible ancient scriptures!"

Lu Ming was overjoyed.

Because as long as his soul power is close to this piece, he can feel some information.

bump!

At this time, this piece of fragments actually exploded and turned into a wave of energy, which merged with Lu Ming's soul and merged uniquely. Then, a piece of information poured into Lu Ming's mind.

"Really immortal!"

Lu Ming felt that the indestructible ancient scriptures seemed to be the only one integrated with him. As long as he moved his mind, the indestructible ancient scriptures would emerge from his mind and be enlightened.

This is very different from Lu Ming's previous expectations.

Previously, Lu Ming thought that the immortal ancient scripture should be a book, or existed in a jade rune. Unexpectedly, in this form, he directly entered his mind.

"Can I inscribe the immortal ancient scripture!"

Thinking of this, a piece of jade symbol appeared in Lu Ming's hand. Lu Ming wanted to imprint the immortal ancient scripture cultivation method into the jade symbol.

However, when he wanted to inscribe, he was at a loss, not knowing where to start, completely unable to start.

He knew that as long as his thoughts were moved, the indelible ancient scripture cultivation method appeared in his mind, but when he wanted to inscribe, he still couldn't grasp the kind of charm, feeling high above him, and wondering where to start.

Lu Ming was stunned!

At this moment, a figure suddenly appeared and appeared in front of Lu Ming, the same figure as the middle-aged puppet before.

"Don't think about the inscription, your cultivation base is too low to be done at all!"

Middle-aged figure opening.

"Senior, what's going on? Why is it a mark?"

Lu Ming asked.

"Hey, it's pretty good to keep the next mark!"

"At that time, the master was besieged by aliens, and his body disappeared, and his soul was scattered. Finally, the master was buried unwillingly, and he used his last methods to make a piece of heavenly mark, and came back with the immortal ancient scripture. At the same time, he ordered me Some things, and then even the final consciousness disappeared, leaving only the immortal ancient scriptures!"

Middle-aged figure said.

"It turns out so!"

Lu Ming suddenly felt sad at the same time.

Even enemies like the indestructible Emperor have fallen, and finally only a mark of heaven is left.

This is also a helpless move. If something like this does not happen, Emperor Zunda can leave a book or a jade symbol, which can be passed on better.

At the same time, Lu Ming also understood why he could not imprint the immortal ancient scripture.

The immortal ancient scriptures are contained in the imprint of the heavenly path of the immortal emperor. The strong emperor of the sky and the heaven path are combined. This is too far for Lu Ming, and the mysterious and mysterious.

Therefore, Lu Ming couldn't grasp it at all and couldn't bear it down.

Only Lu Ming's future cultivation is strong enough to imprint the immortal ancient scriptures.

"Okay, the indestructible ancient scriptures, you have got it, and I have completed my mission, now I will send you out!"

After the middle-aged figure waved his hand, Lu Ming suddenly felt a powerful force enveloping him. At the next moment, the void appeared fluctuations, and Lu Ming disappeared directly, appearing outside the indelible mountain, outside the light door.

At the same time, the youths in the Indestructible Mountain also disappeared there and appeared outside the Indestructible Mountain.

"Come out, this time, for three months!"

"I don't know if anyone has an immortal ancient scripture!"

Many people's eyes lit up, and their eyes swept over the thousands of young Tianjiao who entered.

"Okay, my mission has been completed. From then on, following the will of the Emperor, without destroying the mountains, will sink into the endless void forever!"

On the immortal mountain, the middle-aged puppet opened his mouth and then turned away.

"This brother, please be slow!"

At this time, someone stopped the middle-aged puppet.
