

D Emperor 2241

Chapter 2241: Emperor persecution

A strong man stepped out and stopped the middle-aged puppet. Some people recognized that this is a strong man in the realm of heaven.

"What's the matter?"

The middle-aged puppet stopped and asked.

"Dare to ask Brother Dao, if the ancient scriptures are not destroyed, are they born?"

The emperor asked.

"Indestructible ancient scriptures, he has found his descendants!"

The middle-aged puppet left a sentence, and then stepped out, the figure disappeared in the immortal mountain.

boom!

Then, the immense and immortal mountain shook up, exuding terrible coercion, and the piece of void directly shattered, exposing the dark endless void.

Rumble!

The majestic immortal mountain roared, began to move, flew into the endless dark void, disappeared, and then, the cracked space re-healed and returned to its original state.

Immortal mountain disappeared. Will sink into darkness and vanity forever!

But at the moment, everyone can't care about the disappearance of Mount Indelible, and their attention is all focused on the words of middle-aged puppets.

The immortal ancient scriptures have found his descendants!

This shows that the indestructible ancient scriptures have been acquired by people, and they are in the thousands of young arrogances.

Everyone's eyes looked at the thousands of young arrogance.

Including those who are strong in the realm of heaven.

And the thousands of young arrogants looked at each other.

Finally, the eyes of more than a dozen young people fell on Lu Ming.

These dozens of arrogances have passed the first assessment in the Mount Everest assessment, but they have all failed in the second assessment.

They all saw Lu Ming passed the second round of assessment and continued to move forward.

If anyone has an immortal ancient scripture, it must be Lu Ming.

In some people's eyes, deep jealousy appeared.

"Who got the immortal ancient scripture, stand up!"

A strong Emperor of Heaven Emperor opened his mouth, a scent of breath filled his body, like heaven, representing the world and making people tremble.

Lu Ming frowned and didn't speak.

"Who is it, stand up!"

Another emperor stepped out step by step, his eyes were like two rounds of stars, exuding a brilliant light, glancing at Lu Ming and others.

"Master Tiandi, I know who got the immortal ancient scriptures!"

Suddenly, a young man opened his mouth, and Lu Ming forgot the past. He was a young man with long hair.

"Oh? Who is it?"

Asked a god.

"It's him, Lu Ming!"

Cunfa Youth pointed to Lu Ming.

"What? It's him!"

There was an uproar at the scene, and many people did not believe it.

Lu Ming, hasn't he yet become an emperor, and actually can get the immortal ancient scriptures, what's going on?

"It is indeed him. Among us, only he came to the end. If anyone got the immortal ancient scriptures, then he alone!"

Another young man also said.

Then, there were a few young people who spoke up, and it was Lu Ming who got the immortal ancient scriptures.

"Actually he got it, hateful!"

Lan Yun, Yan Xi, and the Stellar River showed a lot of jealousy.

At the scene, almost everyone's eyes fell on Lu Ming.

"Lu Ming, did you get the indestructible ancient scripture? It's better not to lie!"

A heavenly emperor, looking at Lu Ming, his voice was cold and high above him.

"It is the emperor of the Lan family!"

Nearby, someone whispered, Lu Ming's eyes moved.

It seems that this emperor comes from Lan Yun's family.

"Yes, I got the immortal classic!"

Lu Ming frowned, but finally admitted.

After all, so many people saw him passing the second pass, and only he came to the end. As long as he is not stupid, he can know that the immortal ancient scripture must have been obtained by him, and it is useless to deny it. It is better to admit it directly. .

Many people's eyes light up.

The Emperor Lanjia, as well as some other emperors, had extremely bright eyes, flashing through the hot flames.

"Now, hand over the immortal ancient scriptures!"

The Emperor of the Lan Family opened his eyes, his eyes were fiery, and his staring eyes screamed.

The strong man of the Heavenly Emperor Realm, it is reasonable to say that such fluctuations are difficult in his heart. Why not destroy the ancient scriptures, the temptation is too strong, but that is the ancient scriptures of the famous Zhentian Realm.

"Good, come out quickly!"

Another Heavenly Emperor also spoke coldly.

They, with a high-profile appearance, a cold and strong tone, with an aggressive attitude, let Lu Ming hand over the ancient scriptures.

As if they were speaking, Lu Ming had to do this and had to follow.

"What is your attitude?"

Unhappy, he shouted and shouted, "This is Lu Ming's chance, which is his personal chance. Whoever he wants to give it to?"

Emperor Lanjia glanced coldly at the eyes and said: "It's ridiculous, the invincible ancient scripture, the treasure of heaven, is he the one who can swallow it and hand it over, so that everyone's combat power can be improved, this It is beneficial to the whole heaven!"

"What if it is this? After all, this is what Lu Ming obtained through his own efforts. It is his own. Ask others to take out his treasures. Is this your attitude? An aggressive look, the request will not say?"

Shouted.

"Bold, what kind of character is Emperor Tian? Ask him to come up with an ancient scripture. Why use it? Does he bear it?"

Blue Cloud shouted.

"Oh, Heavenly Emperor is nothing great!"

Dip your lips.

"Bold, dare to insult Heavenly Emperor, you are a death sentence!"

Lan Yun roared.

But he lipped his lips and ignored him directly.

Emperor Lanjia and several other emperors glanced at Dandan indifferently. With their eyesight, they could naturally see Dandan's body. Without further ado, he continued to look at Lu Ming.

"Lu Ming, hand over the immortal ancient scriptures!"

The Emperor Lan Jia opened his mouth and still had a tall appearance, as if it was called Lu Ming to hand it over, for granted.

Brutal teeth.

"My seniors, if I can hand it over, I will definitely hand it over. Unfortunately, in fact, I can't hand it over!"

Lu Ming clenched his fists and said.

Although he was angry in his heart, he understood that in the face of the powerful Emperor of Heaven, he could only compromise and could not resist, because the difference was so great that the other person breathed, and he could crush his bones.

Even Heavenly Emperor's flesh is useless.

"Can't hand it over? What do you mean?"

Lanjia Tiandi, and several other Tiandi, flashed cold light in his eyes.

"Because, the Emperor Immortal was besieged by aliens, and the soul was scattered, and there was no secret code of the immortal ancient scripture. It was just a mark of heaven, bearing the immortal ancient scripture, and flying back to the immortal mountain!"

"What I get is the immortal emperor's mark of Heavenly Dao, but the mark of Heavenly Dao is too mysterious. With my current cultivation practice, I can never inscribe the immortal ancient scriptures, so I can't hand it over!"

Lu Ming explained it again.

"Bullshit, he is just talking nonsense, and the words are yellow!"

Yan Xi cried.

"Yes, he didn't want to hand over the immortal ancient scriptures, he wanted to swallow, so he was looking for such a ridiculous reason, he was too selfish!"

Lan Yun shouted.

Emperor Lan Jiatian and others looked at Lu Ming, also with deep doubts, obviously unbelief.

Chapter 2242: Emperor Hengyu

Lu Ming swept the blue cloud coldly, Yan Xi glanced, then said: "If you don't believe me, I can project the picture at that time!"

After speaking, Lu Ming looked at Dandan and said, "Dandan, you project the picture in my memory so that everyone can see it clearly!"

"it is good!"

Dandan came to Lu Ming and pointed at Lu Ming's eyebrows.

Dandan this is to perform the soul-searching technique, and then project the picture in Lu Ming's soul.

This is not difficult, as long as Lu Ming does not resist, anyone can do it.

Soon afterwards, a wave appeared, and a picture appeared in the sky.

This picture is exactly the picture of Lu Ming's Baiyu Square in Mount Everlasting before.

In the sky, the bright imprint of Heavenly Dao flew into Lu Ming's eyebrows, and then there was the picture that Lu Ming could not engrave, and the explanation of the middle-aged man.

Everything is clear, Lu Ming did not lie.

"How could this be? Damn it!"

Someone roared, showing deep disappointment.

The same was true of the Emperor Lan Jiatian and others, who were extremely disappointed.

And Lan Yun, Yan Xi and others have ugly faces.

Unexpectedly, the facts are the same as Lu Ming said.

At this time, when the work was finished, the screen disappeared.

"Everyone, this is the fact. I can't hand over the immortal ancient scriptures now!"

Lu Ming said.

"Unable to surrender, only stripping your soul will strip the ancient scriptures!"

At this time, the Blue Family Heavenly Emperor spoke coldly.

This remark made Lu Ming's pupils contract.

And once in a while, the bubble is furious.

"Senior, this is too much. The seal of Heavenly Dao has been integrated into Lu Ming's soul. If it is forcibly stripped, Lu Ming's soul will absolutely be unbearable and will be abandoned!"

The lone family head finally couldn't see it and said.

A small number of people are left, too.

But most people are indifferent.

"What about abolition?"

Emperor Lan Jiatian was extremely powerful and coldly said: "He is a waste body and can never become an emperor, occupying the immortal ancient scriptures, it is pure waste, and stripping it out, although it is impossible for everyone to see it, it can be given A great arrogance is always better than staying with him!"

"Blue City, are you embarrassed to persecute a junior with the respect of the heavenly emperor!"

Just then, a disdainful voice sounded.

Many people were shocked. Who dare to talk to Emperor Lan Jia this way?

At this moment, the sky was filled with waves, with a snorting, the space split, and a figure stepped out of the space crack.

This man looks like he is in his thirties, wearing a white shirt, and his style is peerless.

Seeing this person, Lu Ming's eyes suddenly widened.

Because of this person's appearance, he is too familiar.

Emperor Hengyu!

This person is actually Emperor Hengyu. Like Ming Hengyu, Emperor Lu Ming will never admit his mistake. After all, the body of Emperor Hengyu is still in Lu Ming's hands.

At the beginning, Emperor Hengyu told him that he had been seriously injured and his soul was almost destroyed. He didn't expect to break up and stand back to condense a flesh. Later, Emperor Hengyu left

the flesh of the stone body in Yuan World and suppressed it in the Lotus World Among them, Emperor Hengyu himself came to the Heaven Realm and fought in the Heaven Realm.

Lu Ming didn't expect to see Hengyu Tiandi here.

"Hengyu, it's you!"

Emperor Lanjia's face was heavy.

Sure enough, Hengyu Tiandi, Lu Ming was overjoyed.

"Of course I am, why? I'm so upset to see me?"

Emperor Hengyu smiled faintly.

"Hengyu, do you want to stop me?"

Emperor Lan Jia said coldly.

"Nonsense, this little guy can get the indestructible ancient scripture, that is his own chance, even if he can inscribe it, then whoever he wants to give it is his freedom, not to mention, he can't inscribe it now, you It's ridiculous that the Emperor Tangtang actually wanted to strip the immortal ancient scripture from his soul!"

Emperor Hengyu said, his voice was full of anger.

"Hengyu, this is for the sake of the Celestial Realm. Now, my Celestial Realm is besieged by aliens. It is at stake. I don't know when it will be defeated by the aliens. Anyone who can enhance my strength in the Celestial Realm cannot be missed!"

"And Lu Ming, an obsolete body, keeps the immortal ancient scriptures, which is pure waste, and strips the immortal ancient scriptures to another Tianjiao, which is the most beneficial to the heavenly realm, Hengyu, I know you and Like Lu Ming, from Yuanjie, but this time, you can't be selfish!"

Emperor Lanjiao said.

"Hahaha, selfishness? Blue City, who is selfish in the end, everyone knows it, I ask you, if you strip it out, who do you plan to give the immortal ancient scriptures to?"

Emperor Hengyu said.

"This, you don't have to worry about it!"

Emperor Lanjiao said.

"Hengyu is here with me. See who can move Lu Ming today!"

Emperor Hengyu spoke very powerfully.

"Hengyu, you think you can stop me from waiting alone!"

The Emperor Lan Jia coldly said with a terrible breath.

At the same time, there are several other Heavenly Emperors, too, staring at Hengyu Heavenly Emperor with poor eyesight, among them, the Master of the Hengxing River, the old gray robe.

In addition, the Emperor of Yan family is also among them.

"Do we really bully!"

At this moment, a rough voice sounded, the void then cracked, and two figures came out.

A middle-aged burly man, an old man, standing next to Hengyu Heavenly Emperor, all exuded a terrifying breath.

All are emperors!

"Why? You Heaven Emperor of Yuan Realm, want to rebel, do you want to betray Heaven Realm first?"

The Emperor Lan Jia roared, quite a little afraid.

Emperor Hengyu, the next two emperors came from Yuanjie, and their strength is very amazing, powerful and terrible.

Especially Emperor Hengyu and Emperor Lanjia were very embarrassed.

"Ridiculous, few of you can't represent heaven!"

Emperor Hengyu sneered.

"Then one battle, see if you can protect Lu Ming. I really don't understand, what use is it for you to protect him from a waste body? I don't know the big picture!"

The Master of the Stellar River, the old man in gray robe spoke indifferently and stepped out, very strong.

"Hahaha!"

At this moment, Lu Ming laughed, and the laughter was full of sarcasm.

"Boy, what are you laughing at?"

Lan Jiatian's eyes swept coldly towards Lu Ming.

Now, there is a dialogue between their emperors, Lu Ming dare to laugh so wildly, this is disrespect to them.

"I laugh at you!"

Lu Ming pointed to the Lanjia Tiandi, the gray robe old man, the Yanjia Tiandi and others.

"what?"

Many people are thrilled.

Lu Ming actually dared to laugh at the emperors, this is bold and generous, this is death.

Several people from the Blue Family Emperor's eyes showed a cold light and a terrible breath, and they burst out, but they were blocked by the Hengyu Heavenly Emperor.

"Boy, you better make it clear!"

Emperor Lanjia coldly said coldly.

"You keep saying that it is a waste to leave the indestructible ancient scriptures in my eyes. In my opinion, this is funny. The indestructible ancient scriptures are a waste to other people. Only by staying with me can you make the most of it. The role!"

Lu Ming shouted loudly, the voice spread throughout the audience.

Chapter 2243: Prove with strength

The indestructible ancient scriptures can only play their greatest role if left on me, and it is a waste to others.

Lu Ming's voice spread throughout the audience, full of strong self-confidence.

"Ridiculous, ridiculous, you are a waste body, you can never become an emperor, I don't know where your confidence comes from!"

Lan Yun couldn't help but immediately refuted, full of ridicule.

"Yes, the indestructible ancient scripture. It is better for any one of us than for you. You are a waste body, do you understand?"

Yan Xi also screamed.

"Abandoned body, huh, defeated, are you not as good as a waste body, I don't understand, where do you have a face, shouting in front of me, if I were you, I committed suicide directly, what is left in this world, shameful?"

Lu Ming scolded.

"Yes, the curse is good, the curse is good, these guys were stripped by my clothes, and they still have faces to meet people. I really did. I can't help them, just serve them!"

It is called strangely.

"you guys..."

Lan Yun and Yan Xi, with a flushed face, were ashamed and indignant, and wished to find a hole in it.

"Nice teeth, it turns out that you are a waste body!"

Emperor Lan Jiatian spoke coldly.

"Well, since that is it, today, I am here to challenge all of them, whoever can beat me will get the immortal ancient scriptures!"

At this time, Lu Ming opened his eyes and glanced at those young Tianjiao.

Everyone was shocked.

Lu Ming actually wants to challenge all the arrogance, so bold, is he crazy?

Although, a few months ago, Lu Ming defeated Yuan Xin, Lan Yun, and Yan Xi joined forces to show their powerful fighting power.

However, Yuan Xin, Lan Yun, and Yan Xi were only four-star Emperors.

However, the youth arrogance at the scene is at least more than half of the heavenly arrogance. Among them, there are many five-star virtual emperors, six-star virtual emperors, and even seven-star virtual emperors.

Although Lu Ming is strong, he will definitely not be an opponent of these people, because the difference is too great.

"It's really arrogant!"

Tian Jiao, a young man, spoke indifferently, and wanted to take action immediately to teach Lu Ming.

"Okay, that's what you said. If you lose, obediently let us strip out the indestructible ancient scriptures, Hengyu. Don't intervene at that time!"

Emperor Lan Jia said coldly.

The immortal ancient scriptures, contained in the immortal emperor's heavenly mark, have been merged with Lu Ming's soul and forcibly stripped away. Lu Ming's soul will definitely be hit hard, even disintegrate, and fall on the spot.

However, the Emperor Lan Jiatian would naturally not consider this. What does Lu Ming's life and death have to do with him?

Emperor Hengyu glanced at Lu Ming, then nodded and said, "Then do it, let the young people do it for the young people themselves!"

"Rewind!"

Then, Emperor Lan Jiatian opened his mouth, and a force came out, and everyone retreated, giving Lu Ming enough space to flow out.

"Who will come to the battle first? Lan Yun, Yan Xi, aren't you very arrogant, come on!"

Lu Ming looked at Lan Yun and Yan Xi.

The two men looked even uglier, but they understood that they were not Lu Ming's opponents at all.

"Crazy, I will defeat you!"

An indifferent voice sounded, and a young man with an inch of hair stepped out and came to Lu Ming.

This person is the young man who first pointed out that Lu Ming got the immortal ancient scriptures.

He was extremely jealous and greedy, and wanted to take the immortal ancient scriptures for himself.

Now there is a chance, he naturally rushed out first.

"You just came!"

Lu Ming said coldly, the cold light flashed in his eyes.

He didn't know this person, but because of his greed, he wanted to put Lu Ming in danger. How could Lu Ming not report this hatred.

It just happened to abuse this person!

bump!

Lu Ming directly shot, stepped into the void, and the whole person rushed towards the young man like a shell, and the speed was extremely fast.

Cunfa Youth snorted coldly, his body retreated sharply, and at the same time, his hands quickly pinched Yin Ju, and a figure suddenly appeared in front of Lu Ming.

This is a figure wearing iron armor, more than two meters tall, holding a huge iron sword, and slashing towards Lu Ming.

The sword screamed and the power was amazing.

Lu Ming shot it directly with one palm and used five rules.

when!

Lu Ming's palm, with the armor figure, bombarded together, the armor figure was blasted out by Lu Ming, and Lu Ming's offensive was also blocked.

"This is...dead!"

Lu Ming's eyes moved.

The figure of the armor just now is not a living creature at all, because there is no vitality at all, but a dead spirit, full of death.

At this time, Cunfa Youth continued to pinch the Indian tactics, and in the air actually appeared two more than two meters high armor figure, all wearing iron armor, holding a broad war sword.

"This is... a puppet? No, it was summoned. This person controls the law of summoning and the law of death. This is a magical technique!"

Lu Ming's thoughts changed sharply, and in a flash, he realized the key.

Cunfa Youth controls several rules, including the death rule, which is one of the strongest rules, combined with the summoning rule, can summon the undead to fight.

At this time, the three undeads slammed towards the landing at the same time, and the iron sword turned into the sky, with amazing power.

call out! call out! call out!

Lu Ming pointed out three fingers in a row, and the three fingers darted to the three armored figures, but they were all blocked.

The three armored figures were shot and flew out, but Lu Ming's fingers were also blocked.

"Five Star Emperor!"

As Lu Ming can see, Cunfa Youth's cultivation is a five-star virtual emperor, and he controls three kinds of laws, because the undead he summoned contains not only the laws of death, but also other laws.

The stronger the summoner cultivates, the stronger the summoned undead will be, and the more laws contained in it, the stronger.

Therefore, the fighting power of these three undead is very amazing.

But this is not over yet. The call of Cunfa Youth has not stopped, and there is a continuous figure flashing in the space. Finally, there are nine iron armor figures in full, slamming towards the landing.

"Humph, Lu Ming is defeated!"

Lan Yun sneered.

Cunfa youth can constantly summon undead, with endless sources and energy consumption and energy consumption.

As long as Lu Ming loses, he will be stripped of the indestructible ancient scriptures, when his soul is damaged, he will become an idiot, and he will fall.

Thinking of this, he felt at ease.

"Such a strength, I also want to challenge all Tianjiao, do not limit myself!"

Yan Xi also spoke indifferently.

At this time, nine iron armor figures had already killed Lu Ming.

boom! boom! ...

Lu Ming blasted out nine palms in a row, fighting against the nine armored figures. His body was retreated back and forth.

"Defeat me!"

Cunfa Youth showed excitement.

"Is this the strength? That can be over!"

At this moment, Lu Ming spoke lightly, and a giant hammer appeared in his hand.

Hammer of Chaos!

There are six laws in this hammer of chaos.

Chapter 2244: First win

Lu Mingshi exhibits the hammer of chaos, which contains six laws.

Chaos, formation, weapon, devour, try, penetrate!

The six laws blend into each other, and the six different powers complement each other and burst out with amazing powers.

boom!

Lu Ming lifted the Chaos Hammer, and the Holy Force kept pouring into it, making the Chaos Hammer bigger and bigger and smashed towards the front.

bump!

An iron armored undead, bear the brunt, was swept away by the hammer of chaos, his body exploded directly, and turned into iron armor fragments, bone fragments flying around.

Then, Lu Ming hit it again with a hammer.

The second armored necromancer also entered the footsteps of the previous one and was smashed open.

The face of Cunfa Youth changed, his hands, pinching the seal more quickly, and the void was surging, seeming to penetrate a wonderful world. Then, a roar came, and a giant appeared in the air.

This is a real dragon, no, to be precise, it is a huge keel, but it is covered with iron armor, and it has a strong sense of death.

This is a necromancer!

"kill!"

Cunfa Youth shouted, this undead keel is his strongest trick at present.

The remaining nine armored necromantes brandished war swords and killed Lu Ming one after another.

Roar!

The undead keel roared, stepped on the void, meandered, and rushed towards the landing.

"Crush me!"

Lu Ming's body glowed, and the surging holy power continuously poured into the hammer of chaos.

The Hammer of Chaos is getting bigger and bigger, and finally becomes like a mountain, sweeping out.

This time, there were three armored undeads in an instant, which were burst by Lu Ming's hammer.

bump!

Lu Ming stepped on the void, the hammer of chaos, constantly waving out.

It's totally crushed!

Every time it is smashed, there will be an armored necromancer, smashed by Lu Ming, a few breaths, and nine armored necromancers, all of which will be smashed open.

At this moment, a huge dragon claw caught towards Landing.

Lu Ming waved the Chaos Hammer and drove towards the Dragon Claw.

There was a violent roar, a huge undead keel, and the body vibrated.

Lu Ming followed, holding the hammer in both hands to launch a stormy attack.

The youth of Cunfa is very powerful, and the cultivation of the five-star virtual emperor controls three rules, one is the strongest, and two rules are kingly.

Among them, the strongest law is the law of death, and another rule of kingship is the law of summoning, both of which are cultivated to the second realm.

In addition, there is a rule of corrosion, and practiced to the first level.

The three laws are combined into a wonderful magical power, which can summon terrible undead and has a very strong combat power.

However, Lu Ming now has nine rules to achieve the first level of perfection. After the nine rules have been refined, the flesh and the divine power have reached an astonishing point.

In addition, Lu Ming's application of the law has greatly deepened, and the use of his own hammer of chaos is more amazing than before.

Six laws broke out, and Lu Ming's strength was completely above the youth of Cunfa.

boom! boom! boom!

The Hammer of Chaos is constantly bombarded with the Necrotic Dragon.

The Undead Bone Dragon lost ground, backing up again and again, the huge body kept shaking, and even a dragon claw was exploded.

"Hold me!"

Cunfa youth roared, and the power of the whole world continuously poured into the undead keel to enhance the power of the undead keel.

However, it is superfluous after all.

boom!

Lu Ming held the hammer of chaos in both hands. The hammer of chaos was like a hill, and he slammed toward the undead keel.

The undead keel glowed all over, and the air of death was mixed with the power of the law of corrosion, and roared towards Lu Ming.

Several dragon claws, continuously grabbed, collided with the hammer of chaos.

bump!

Click!

The dragon claws of the undead dragon bones exploded and turned into broken bones flying around.

Then, under the shock of Chaos Hammer, it bombarded the head of the undead keel.

The head of the undead keel is covered with a thick layer of iron armor, but under this vertical bombardment, the armor bursts, and the skull of the undead keel is covered with cracks, like a cobweb.

bump!

Lu Ming jumped up and stepped on the skull of the undead keel, struggling to step on it, the skull of the undead keel exploded, and then the entire keel exploded.

Cun Faqing was shocked, heaved blood, and his face was pale.

Uh!

Lu Ming, with the help of his stomping force, looks like a terrifying figure, and instantly rushes to the front of Cunfa Youth.

"I..."

Cunfa Youth was shocked and wanted to concede defeat, but Lu Ming didn't give him this opportunity at all, and fell down with a hammer.

thump!

Cunfa Youth was directly hit by a hammer, and his body fell like a meteorite downward, hitting heavily on the ground.

The ground roared, the smoke filled, the ground was smashed into a big pit, the young man lying in the big pit like a dead dog, bloodthirsty, twitching nonstop.

This is Lu Ming's mercy, otherwise, this person has been killed by Lu Ming.

"Just like this waste, I still remember the indestructible ancient scriptures. Is it even more wasteful for such a person?"

Lu Ming's disdainful opening looked at the Lanjiatiandi blue city, and his voice revealed a strong sarcasm.

Lan Cheng's face was extremely gloomy, and his heart was filled with anger.

In his view, Lu Ming was just a ants, a ants, dare to provoke him, taunt him, is simply bold.

However, so many people here, in his identity as the emperor, are naturally not good at shooting, and can only hold back their anger and sneer.

"This guy, so powerful?"

Lan Yun, Yan Xi, and the Stellar River, including Yuanxin, have gloomy eyes.

Destiny, a white robe, stood in the void, with a contemplative look in his eyes.

Others were also shocked.

For the first time, many people saw Lu Ming shot, their eyes widened unbelievably.

Quasi-Emperor only, can not only cross the big realm and fight with the Emperor Wu Realm, but also cross so many small realms.

Cunfa Youth, but the five-star virtual emperor, and not the ordinary five-star virtual emperor, is the top-level Tianjiao. The difference is so big that they were defeated by Lu Ming.

This is unheard of, unprecedented, and never happened in history.

No matter whether Lu Ming can become an emperor, this kind of combat power has created history.

"Who else will fight!"

Lu Ming glanced around, the battle was like a rainbow.

"I come!"

Immediately, a voice sounded, a young man in black with long hair flying, stepping out of the air.

He was very fast, as if traveling through the void, stepping out in one step, and suddenly appeared not far from Lu Ming the next moment.

"It's Mingsheng, he's going to shoot!"

"According to the fact that the student has already reached the Six-Star Emperor, the comprehension of the law is more profound, and this time, he can definitely defeat Lu Ming!"

"Yes, Mingsheng's core law is the law of time and space. In conjunction with other laws, the magical power evolved is unpredictable, and the strength is unpredictable!"

As soon as the youth in black came out, there was a discussion in the crowd. Obviously, the youth in black had a great reputation.

Chapter 2245: War Six Star Emperor Tianjiao

Ming Sheng is black and black, and he is very handsome. He stands in the void, but his body is changing, as if he is not in this time and space.

"The Law of Space and Time!"

Lu Ming's eyes moved slightly.

The law of space and time is the most unpredictable and mysterious. It is one of the ten most difficult rules to deal with.

If combined with other laws, the magical art formed is absolutely mysterious.

Lu Ming's spirit is highly concentrated, and he is very spirited and dare not relax.

Uh!

Suddenly, Ming Sheng's figure moved, and under a flash, he quickly rushed towards the landing, but, halfway through the rush, Ming Sheng's body suddenly disappeared.

"not good!"

Lu Ming was shocked, and without thinking, the Hammer of Chaos swept towards the rear.

The huge hammer of chaos, as huge as a mountain, crammed into the sky, and the void continued to explode.

However, he did not hit Ming Sheng. He was not behind Lu Ming, but on top of Lu Ming's head.

boom!

Ming Sheng stepped out, and the terrible power penetrated the void, forming a terrifying killing force, and bombarded the head of Landing Ming at an amazing speed.

At this moment, Lu Mingshi exhibited six **** wings, a pair of transparent wings, and under one, his figure disappeared on the spot, appearing thousands of kilometers away, avoiding Mingsheng's attack.

At the same time, the hammer of chaos in Lu Ming's hands also disappeared.

Although Hammer of Chaos is powerful, it is not fast, and it is not suitable for characters like Mingsheng.

"Interesting, then let us compare the speed!"

Ming Sheng saw Lu Ming avoiding the past, a sneer appeared in the corner of his mouth, his figure flashed again, and disappeared from his place.

With a move in Lu Ming's heart, the six-winged **** wings flickered and left the place.

The speed of the two is amazingly fast, and they are constantly flashing in the void. Some people who are weak are unable to see the movements of the two.

"It's a very fast speed. Mingsheng controls the laws of time and space. The speed is understandable. Why is Lu Ming's speed so amazing?"

"His magical skills, curiosity, can keep up with Mingsheng's speed!"

Many of them are high, their eyes wide, and they stare at the field carefully, for fear that they will miss anything.

The speed of the two is too fast to disappear. If the cultivation is insufficient, they can't see the people at all, only see an empty void.

Lu Ming and Ming Sheng flickered in the void at a very fast speed. Within a few minutes, the two flashed thousands of times without encountering a single move.

Uh!

Suddenly, Ming Sheng's figure appeared, he didn't move anymore, and his face looked a little gloomy.

In terms of his strengths and speed, he actually did not suppress Lu Ming, feeling a bit shameful.

Ming Sheng stopped, Lu Ming also stopped not far away.

"It's fast, it's useless in front of me!"

Ming Sheng spoke indifferently, and a strong breath filled his body.

"Sure enough, it is Six-Star Emperor!"

Lu Ming's eyes moved.

The cultivation practice of Mingsheng is higher than that of the Cunfa youth before, reaching the Six-Star Emperor.

"Mountain palm!"

The life was vivid, he rose into the sky, and then his palm shot down.

A huge palm print was formed. As soon as this palm print came out, it quickly evolved into a mountain and river world.

It can be seen that there are mountains and lakes, like a world, suppressing the entire void, and suppressing down to the landing, the scene is extremely terrifying.

Faced with such an attack, there is no way to avoid it, only a hard connection.

In Lu Ming's hands, the Hammer of Chaos appeared again, and suddenly became larger.

Lu Ming lifted the hammer of chaos with both hands, waved it out, and blasted towards the world of mountains and rivers, as if to explode the world.

boom!

A roaring sky shook and the world of mountains and rivers shook wildly, but the hammer of chaos in Lu Ming's hands shook even more violently. He felt that an extremely powerful force was coming towards him.

As if he was really shaking a world.

His body shook, his body receded again and again, and his body was full of qi and blood.

"What a powerful force, this person has already controlled four laws, and three of them have reached the second level!"

Lu Ming took a deep breath to stabilize the qi and blood in his body.

The two made a match, Lu Ming felt Mingsheng's strength.

It is very amazing. Cultivating to reach the Six-Star Deficiency Emperor, and control four laws, one of the strongest laws, three kinds of kingly laws, of which the time-space law and two kinds of kingly laws have reached the second realm.

Moreover, this person's supernatural power is composed of four laws, which is quite amazing.

Some people, although they control multiple laws, for example, some people control five laws, but his magical power is only composed of three laws, and he cannot exert the full power of this person.

Take Lu Ming as an example. Although he controls nine laws, his magical skills are not composed of nine laws.

It can be said that Mingsheng's combat power is very amazing, and it is several times stronger than the previous youth.

"Can take me a palm, yes, see if you can take me a few palms, double mountain river palm!"

Ming Sheng spoke indifferently, exuding a radiant radiance all over his body.

This time, two worlds of mountains and rivers were formed, and the force of landing down to suppress the landing was even more amazing.

"bring it on!"

Lu Ming Changxiao, the power of the flesh, was turned to the extreme, condensing the strong divine power, and continuously poured into the hammer of chaos, and a hammer blasted toward the other party.

It was also a roaring roar, with four volumes of energy, and a figure backing up again and again, also Lu Ming.

This time, he was still in the wind and was repelled.

"Come again!"

Ming Sheng shouted and launched attacks continuously.

This time, a triple world was formed, pressing against Lu Ming.

This time, Lu Ming also exploded with all his strength, exhibiting seven laws.

Chaos, devouring, vigorously, penetrating, formation, pill path, weapon path!

Except that the law of death and the law of life were not integrated, Lu Ming used all his strength.

The power of Chaos Hammer is even more amazing, and it blasts against the world of mountains and rivers.

This time, Lu Ming directly penetrated the opponent's triple mountain river, causing Ming Sheng to retreat again and again.

Hiss...

At the scene, there was a burst of breath.

Lu Ming, was actually able to fight Ming Sheng, even repel Ming Sheng, which is too horrible.

Mingsheng has the cultivation of Six-Star Emperor, plus, Mingsheng's own talent to defeat the general Seven-Star Emperor is also a breeze.

However, Lu Ming can repel Lu Ming.

What does this mean?

This shows that Lu Ming can also defeat the general seven-star virtual emperor.

Lu Ming is only a prospective emperor, but he can defeat the general seven-star virtual emperor, which is equivalent to crossing a whole realm.

Many people looked at each other, and if they hadn't seen it with their own eyes, it's really hard to believe that all this is true.

"I heard that Lu Ming also controls the two strongest rules, I don't know whether it is true or not!"

"I don't know, it's incredible to control the two strongest rules!"

"In my opinion, maybe it's true. Didn't you find out that he has already used seven kinds of laws. This is an incredible thing. I will not be surprised to control one of the strongest laws."

"However, even if he controls the two strongest laws, it will not have much effect on his combat strength, because the strongest laws cannot be merged, and it is impossible to construct supernatural powers!"

"That's good!"

Chapter 2246: Break the mountain river

In all directions, countless people who watched the battle were all talking.

Ming Sheng's face was very ugly.

With his cultivation practice, he was repulsed by a prospective emperor, which is absolutely shameful.

"Four mountains and river palms!"

Mingsheng shouted, conquered, and his palms kept shooting.

This time, there were continuous four-fold mountain and river palm prints, which rang towards the landing.

This power is astonishing.

Lu Ming's face was also very dignified, feeling terrible pressure.

He cultivated his whole body and urged it to the extreme. At the same time, he held the hammer of Chaos on his right, and held it in the void with his left hand. A war sword was formed, which was a sword of death. It was also composed of seven laws.

"The law of death, Lu Ming really controls the two strongest laws!"

Someone exclaimed.

I heard that it was one thing, but it was another thing to see it with my own eyes. At this moment, I saw Lu Mingshi exhibiting the two strongest laws. This impact was too great for them.

"It's a pity that you can't become an emperor with such talents. If you could become an emperor, how amazing would it be?"

A figure from Heavenly Realm sighed.

The Emperor Lanjia, Emperor Yanjia, and the Master of the Stellar River were a bit gloomy.

"Break me!"

Lu Ming, holding the Chaos Hammer and the Death Sword, rose into the sky and killed each other.

boom! boom!

The hammer of chaos, and the sword of death, blasted towards each other continuously.

The world is boiling, there is a constant explosion of sound, and the void is constantly exploding.

bump!

The opponent's first heavy mountain and river world collapsed instantly, then, it was the second heavy, then the third heavy.

At the last roar, Lu Ming broke the fourth heavy mountain world.

However, Lu Ming himself was also blasted out by the terrible force, flying tens of thousands of meters away, blood tumbling, almost spitting out blood.

However, Ming Sheng was also uncomfortable, his palm power was broken, and Lu Ming's terrifying attack force also rushed towards him, causing his figure to recede wildly.

This time, evenly divided.

As soon as Lu Ming stopped, six feathers fluttered and fluttered like a lightning, drawing an arc in the air and killing Ming Ming.

"Four mountains and river palms!"

Ming Sheng shouted, and once again exhibited the Sie Shan Shan Palm, the Sie Shan Shan World formed, and pressed towards the landing.

The two collided again, and then quickly backed away.

"It is said that the mountains and river palms, cultivated to the highest level, can produce the nine-fold mountain and river world, terrifying to the extreme, and now it seems that Mingsheng only cultivates to four levels!"

"It's good, but the fourfold mountains and rivers palms are absolutely amazing. Unexpectedly, Lu Ming can fight like this with Ming Sheng!"

Some people lamented that even when they saw it with their own eyes, they had an incredible feeling.

Lu Ming and Ming Sheng have the same fighting strength. The two men collide in ten consecutive moves, both of which are invincible.

Ming Sheng's complexion became more and more ugly.

The display of the fourfold mountain and river palm is very amazing for the consumption of the power of the world. If he goes on like this, he will not be able to persevere.

"No, I can't lose, how can I lose to a prospective emperor, I want to defeat him and get the indestructible ancient scripture!"

Mingsheng shouted.

At this moment, Ming Sheng's breath became stronger, and the power of the world seemed to be burning.

Mingsheng, you're desperate!

Many people flashed a thought.

Lu Ming's eyes also dignified.

"Five layers of mountains and rivers!"

Ming Sheng shouted and his hair fluttered. His palms seemed to push the world, slowly rolling out. With the rolling of his palms, the world of mountains and rivers formed again and again.

In the end, a total of five layers of mountain and river worlds were superimposed together and roared towards the landing.

With Ming Sheng's cultivation practice, he can't display the Wuzhong Mountain World at all. Now, if he forcibly displays it, he will also be bitter and suffer serious injuries.

But now, in order to win Lu Ming, he can no longer care about it.

"Defeat me!"

In Ming Sheng's eyes, the glorious color flashed.

Wuzhong Mountain World is more powerful than Sizhong Mountain World. This trick is enough to crush Lu Ming and defeat Lu Ming.

The indestructible ancient scripture is his!

Mingsheng shouted.

At this moment, Lu Ming stood still in the void, Wuzhong Mountains and Rivers World, enveloped the void, and pressed against Lu Ming. Under the Wuzhong Mountains and Rivers World, Lu Ming was as small as a ant.

"Lu Ming, after all, he will lose!"

Some people lamented.

Before, Lu Ming should have reached the limit. If it has reached the limit, it cannot be the opponent of this move.

Only once and for all, there was a sneer on the corner of his mouth.

But he knew that Lu Ming had no way to use it.

Rumble!

The world roared, the sky shook, the world of five mountains and rivers, suppressed, down, closer and closer to Lu Ming.

At this moment, Lu Ming held his hands high, grasping Chaos Hammer in one hand and Death Sword in the other.

Now, Lu Ming actually folded his hands together, merging Chaos Hammer and Death Sword.

At the moment of the merger, Lu Ming held a sword with both hands, bursting out with a brilliant brilliance, then, a long spear appeared in Lu Ming's hands.

This spear contains eight laws.

Chaos, death, devour, extreme force, penetration, formation, weapon path, pill path!

"Infinite Dragon Gun!"

Lu Ming shouted, this is the name he gave to this trick, the same as the name of a spear he used earlier.

The spear burst out of the sky, a stunned lance, pierced the void, and stabbed towards the world of Wuzhong Mountain and River.

bump! bump! bump! bump! bump!

Wuzhong Mountain and River World, one after another, exploded, and in an instant, the Wuzhong Mountain and River World completely collapsed, and the terrible power rushed to Mingsheng.

Ming Sheng screamed and flew out, his body almost burst apart, covered with wounds, his face was pale, and he vomited blood.

He reluctantly played the world of Wuzhong Mountains and Rivers and was already injured.

Now, even after being swept by the aftermath of Lu Ming's defeat of Wuzhong Mountains and Rivers World, his injuries are even heavier and languishing.

At the moment, Lu Ming's arm was covered with wounds, and blood was flowing.

The long gun in Lu Ming's hand disappeared. He operated the law of life, and the wound on his arm healed quickly.

"A lot better than before!"

Lu Ming showed a happy look.

When he was in a lonely house before, he combined the law of chaos and the law of death to form a magical art, and the bursting power was stronger, and his injuries would be heavier.

But now, it is much lighter.

This is because, in the immortal ancient city, he has made more progress in applying the laws than before, and it is easier to manipulate the two strongest laws.

With just a few breaths, the wound on Lu Ming's arm was healed.

This scene is seen by some powerful beings.

"That...that is the law of life!"

There was an emperor, his eyes squinted and his voice trembling, full of incredible.

"God, it's really the law of life!"

"This little guy not only controls the law of chaos, the law of death, but also the law of life!"

Some strong men couldn't help but exclaimed.

The words stirred up thousands of waves, the scene began to be quiet, and then there was a hustle and bustle.

Chapter 2247: Invincible

The scene boiled, a shocked discussion, shouted, exclaimed.

Even the characters of the Emperor of Heaven are hard to keep calm and shocked.

"God, a prospective emperor can not only control a variety of laws, not only the two strongest laws, but now also the three strongest laws!"

"Three strongest rules, how can this be done!"

"The law of chaos and the law of death are the main attack, the law of life can heal itself, this is a perfect match!"

"If he can become an emperor, who can be his opponent at the same level, even if it is the most amazing genius since ancient times, it cannot be his opponent!"

Many people shouted, but it was shocked.

One person is in control of the two strongest rules, which is shocking enough. Now, he still controls the three strongest rules.

Chaos, death, life!

This is a perfect match.

"impossible!"

Lan Yun, Yan Xi, Stellar River, Yuanxin several people, shook his head frantically, his eyes were full of incredible colors.

It is difficult for them to believe that all this is true and difficult to accept.

"Even if you have more rules under control, what good is he? He can't become an emperor. After all, his combat power is limited. I will definitely suppress him in the future!"

They shouted in their hearts and could only use this reason to comfort themselves, otherwise, the heart of martial arts would be unstable.

In Ming Sheng's eyes, there was also an incredible look.

"Do you want to fight again?"

Lu Ming's eyes fell on Ming Sheng, and the fighting was like a rainbow.

After a while, Lu Ming's injury has healed, and his fighting intentions have climbed to the top. At the same time, a large pile of raw stones appeared around Lu Ming. Lu Ming exerted the principle of swallowing, and the large pile of raw stones turned into raw gas and entered Lu Ming's body. The holy force Lu Ming had just consumed was recovering quickly.

"Abnormal!"

Many people sighed that Lu Ming's combination of these laws was invincible, like a war machine.

Ming Sheng was a little sad and shook his head back.

He was seriously injured and could not be Lu Ming's opponent.

"Blue City, what do you say now? Lu Ming's strength is obvious to all!"

Emperor Hengyu, looking at Emperor Lanjia.

"Huh, there are many rules of control, no matter how powerful the battle is, but it can't become an emperor, what's the use? After all, the strength is limited, and any true emperor can suppress him!"

Lan Cheng sneered, still with disdain.

He just wanted to catch this point.

"Everything that is impossible to become an emperor is false, so it is still a waste to keep the ancient scriptures on him, and it needs to be stripped out to give stronger arrogance!"

Blue City continued.

"Haha, what a stronger arrogance? Are these people vulnerable to a blow, a battle at the same level, I am invincible!"

Lu Ming laughed, showing his madness, full of strong confidence, and I was invincible.

This is true even in front of Heavenly Emperor!

Many people shook their hearts, looked at the young man in front of them, and sighed.

This young man is terrific. No matter from the perspective of mind, perseverance, talent, martial heart, etc., they are all top-notch, but they can't become emperors.

Once he becomes an emperor, I am afraid it will shake the ancient world.

"and also..."

At this moment, Lu Ming then opened his eyes, staring like a star, looking at the Blue Emperor, saying, "You have said twice that I can't be an emperor, why do you think I can't be an emperor?"

Why do you think I can't be an emperor?

This remark made many people stunned.

Does Lu Ming still think he can become an emperor?

But in the history of Celestial Realm, it is not that no one under the Emperor Wu controlled various laws, but could not become an Emperor? No one can make an exception.

Later, there are many peerless strongmen who have studied and all have come to the conclusion that if they control multiple laws under the Emperor Wu, the road to martial arts will be broken and they will never become emperors.

"Hahaha!"

Blue City himself was stunned for a while, and then laughed, full of ridicule, said: "Under the Emperor Wu, control over a variety of laws, can not become an emperor, this is the truth since ancient times, no one can break, you are still delusional Emperor Cheng, it's ridiculous!"

"Who is ridiculous?"

Lu Ming immediately retorted, his eyes gleaming brightly, saying: "In the ancient times, all the heavens were the ancient cultivation system. At that time, some people thought that there will be a law cultivation system. Later, it was not created by others. There is no ancients before, and the road is straight!"

"The ancients can't do it, it doesn't mean that future generations can't do it, it doesn't mean that no one can do it, and they don't even understand this truth, and you are the emperor!"

Lu Ming's voice spread throughout the audience, full of boundless pride, and unyielding, unyielding to fate.

Many people are deeply touched. Indeed, the ancients can't do it, will the descendants certainly not?

"you..."

Lancheng was speechless for a moment, and at the same time a cold murderous thought filled his heart.

Lu Ming actually dared to hit him, so that he could not step off the stage. If it were not for the large crowd, he slapped Lu Ming to death.

"Bold, Lu Ming, a junior, dare to talk to Lord Tiandi in this way, this is a great disrespect, and his sins should be blamed!"

At this moment, a cold voice sounded, and a young man stepped out.

The young man, wearing a black iron suit, was full of sharp air.

"It's him, Ou Yebing!"

"The younger generation known as the realm of heaven, the strongest virtual emperor, Ou Yebing, he is going to shoot!"

Immediately, someone recognized the young man.

"Disrespectful? Ridiculously, some people also have places that deserve respect. Why don't people deserve respect? Of course, there is an exception to deliberately slap the horse!"

Lu Ming spoke lightly, pun.

First of all, Blue City is not worthy of respect at all. In addition, Ou Yebing is nothing more than a slap.

"Come on, let me teach you how to be a man!"

Ouyang Bing was furious, and a terrible breath broke out on him.

boom!

Ou Yebing shot directly, stepped out, and continued to narrow the distance between him and Lu Ming. At the same time, his palm glowed, and with a wave of his hand, a small black tower appeared, suddenly enlarged, and suppressed towards Landing Ming.

Lu Ming's eyes narrowed!

This small tower is not an imperial soldier, nor an entity, but a magical technique, condensed with the power of law and the world.

In Lu Ming's hands, the hammer of chaos condensed out, and a hammer blasted out.

Boom!

A dull roar sounded, Lu Ming's body thrilled, backed up again and again, and a spit of blood spewed out.

What a terrible power!

Lu Ming's eyes were dignified.

On the other party's black tower, amazing power came from Lu Ming.

"Seven Stars Emperor Emperor, there are at least four laws to reach the second realm!"

On one move, Lu Ming can only roughly judge the strength of the other party.

"On this strength? See how you can take me!"

Ou Yebing spoke indifferently, waving his hand, the giant tower came back to suppress the landing.

At this moment, the hammer of chaos in Lu Ming's hand disappeared and replaced with a spear.

A spear with eight laws.

Buzz!

Lu Ming swept out with a single shot, and the spear grew large, bombarding the giant tower.

Chapter 2248: The impact of Emperor Wu

Lu Ming's use of the Infinite Dragon Gun contains eight kinds of rules, but it is Lu Ming's strongest blow now, with incredible power.

The spear bombarded the giant tower, the giant tower kept shaking, and then was shot and flew out.

However, Lu Ming himself was flicked out, his hands covered with wounds, and another spit of blood in his mouth.

However, Lu Ming's operation of the law of life, the injury is recovering quickly.

Humph!

Continuously blocked by Lu Ming, Ou Yebing showed an unpleasant look and snorted.

He is known as the strongest virtual emperor in the younger generation of heaven.

Even many emperors who have lived for a long time are not his opponents.

"Come again!"

Ou Yebing's palms were more brilliant, and then another weapon appeared.

This is a vase, and it is not a substance, but also a result of the law and the power of the world.

"kill!"

Ou Yebing shouted, and the giant tower came to suppress the landing again. At the same time, the bottle mouth of that vase actually exuded a brilliant brilliance. Then, the bottle mouth of the vase burst out with a sword spirit.

Infinite sword spirit, extremely sharp, directly cut the space and cut to Lu Ming.

Lu Ming held a spear, and inside the spear, the laws of chaos and death continued to collide, inspiring terrible power.

boom!

The spear swept out again, blocking the giant tower's attack, but the sword slashes followed, powerful.

Although Lu Ming quickly resisted with a spear, he could not stop it.

boom! boom! boom!

With a burst of sound, the spear in Lu Ming's hand collapsed. His body receded at a rapid speed, but he was still swept by Jianguang, and his body was almost torn apart. There was a sword wound, and the devastating power continued. Drill into Lu Ming's body and destroy Lu Ming's body.

Even if the law of life is operated, Lu Ming's injury can only be recovered slowly.

"Five laws of the second realm, one of the strongest laws, is the rule of imagination, and there are four kinds of kingly laws!"

At this time, Lu Ming finally saw the strength of Ou Yebing.

Ou Yebing has actually realized the five laws, and all have reached the second realm, and then cooperate with his seven-star virtual emperor's cultivation behavior, the combat power can be called terror.

"After all, Lu Ming's combat power is limited!"

Someone shook his head.

"Haha, he is finally going to lose, not becoming an emperor, after all it is a waste!"

Lan Yun, Yan Xi laughed a few people.

"This is your ultimate strength? Not an emperor, but a ants, after all, it can't withstand a blow, and I, at any time, may break through and become a true emperor. Then, I will kill you in the mind!"

"Lu Ming, you admit your fate, you can't control the ancient scriptures!"

Ou Yebing spoke coldly, full of high taste.

"Emperor Cheng, Emperor Emperor, isn't that Emperor Emperor? Then become Emperor!"

Lu Ming spoke, and at the last sound, it turned into a long roar.

boom!

On Lu Ming, a breath of breath erupted, the law of life worked at a rapid speed, and his injuries recovered quickly.

At the same time, Lu Ming manipulated nine laws and entered the Sacred Heart.

Nine rules, arranged in a circle.

One of the strongest rules, separating two kinds of royal rules, then another strongest rule, and then two kinds of royal rules.

Nine laws, spaced apart from each other, reached a balance, burst out of infinite brilliance, and began to evolve the heart of the world.

That's right, now, Lu Ming is going to attack Emperor Wu's realm.

Lu Ming originally wanted to find a place to consolidate and then attack the Emperor Wu Realm. In that case, he had a greater grasp.

However, Lu Ming understood that in today's situation, he had to break the emperor in advance.

Once he breaks the emperor, he is a world of arrogance and arrogance. He has supreme potential. See how Blue City and others move him.

boom!

At this moment, Lu Ming exuded a supreme brilliance, and a force of terror burst out, flying Ou Ye's weapons out.

"Breakthrough, he wants to break through!"

Someone shouted.

"Looking for death, this is looking for death. He wanted to force the impact on the Emperor Wu Realm, and finally he must end like the ancients. The Sacred Heart shattered and his body was torn!"

"Without self-control, does he really think he can create miracles!"

Blue City and others spoke successively, full of disdain.

Ou Yebing stayed in the distance and did not continue to do so.

Now, Lu Ming is hitting the realm with all his strength, the power of the law is agitated, and the power he exerts is so amazing that he cannot get close at all.

"Lu Ming!"

Emperor Hengyu, as well as several other emperors from the Yuan Realm, were all worried.

They all thought that Lu Ming was forced to attack Emperor Wu in such an environment, in order to win a ray of vitality.

However, what they did not know was that Lu Ming was confident, and it was not that he did not have a certain degree of confidence before he went to shock.

"Lu Ming, you must succeed!"

Mulan, clasped his hands, although he knew Lu Ming got the method left by Gu Lingtian, she was still very nervous.

In addition, so are the lonely people!

After all, staying alone is the method. No one has ever practiced it, and no one knows whether it will succeed.

"Lu Ming, it will definitely succeed!"

Dan Dan's eyes were bright, staring at the landing.

At this moment, Lu Ming undoubtedly became the focus of everyone, and everyone's eyes fell on Lu Ming.

Many people who have no injustice with Lu Ming feel that Lu Ming's probability of success is very small, but still holding a glimmer of hope, hope Lu Ming can succeed.

It is so amazing that he has not become an emperor. Once he becomes an emperor, his future achievements will be limitless, which is definitely beneficial to the heaven.

At this moment, amazing changes have taken place in Lu Ming's Sacred Heart.

Nine laws, in the shape of a ring, burst out of immense power, shining bright, like a small sun.

The nine laws form a wonderful balance, the forces interpenetrate, and it seems to be evolving toward the heart of the world.

This time, no power leaked out, tearing Lu Ming's sacred heart and flesh.

Because the nine laws are arranged in a balanced manner, the forces of each other cancel each other out.

If Lu Ming is only in control of the two strongest laws, among which the rule of kingship, then no balance can be formed, and power will burst out, tearing Lu Ming's sacred heart and flesh.

Buzz!

Nine laws shake, as if to be one.

At this time, there was a thin thread ten million times thinner than the hair thread, which spread out from here and extended to various places of the Sacred Heart.

This is the law of filaments, very small, invisible to the naked eye, but it does constitute the foundation of a world.

Law filaments spread throughout the Sacred Heart, and every place is covered by law filaments.

Rumble!

When the law of filaments envelops the entire Sacred Heart, the Sacred Heart begins to vibrate and changes dramatically.

Some places of the Sacred Heart are collapsing, but immediately, they recovered.

Sacred Heart began to change towards the small world.

Taking the heart of the world as the core and the sacred heart as the outer shell will evolve a small world.

Rumble!

At this moment, outside, above Lu Ming's head, in the high altitude, suddenly the clouds gathered, and the endless dark clouds appeared as if out of thin air.

Chapter 2249: Thousands of miles

Above Lu Ming's head, large clouds suddenly appeared in high altitude.

Hiss...

Among the dark clouds, lightning and thunder, and countless lightnings, such as silver snakes, wandering in the dark clouds, a powerful coercion, diffused down, between heaven and earth, suddenly filled with suppressed breath.

"Robbing cloud, robbery cloud!"

Someone shouted.

"How is it possible? How could there be a robbery? Is Lu Ming about to break through!"

"Don't you say you can't break through? Under Emperor Wu, you can control multiple laws and you can't break through. Why is there a robbery!"

Someone kept roaring, and shock was beyond reproach.

The appearance of the robbery cloud indicates that the world robbery is coming. This is the emperor's robbery. As long as you pass the emperor's robbery, you can step into the emperor's realm.

However, wasn't Lu Ming under the Emperor Wu, who controlled a variety of laws, making it difficult to become an emperor?

Both Emperor Tian and everyone believed that Lu Ming couldn't make a breakthrough. If it were forced to break through, different laws and powers would excite the Sacred Heart and the flesh and fall on the spot.

In history, no one of these people can lead to Heavenly Tribulation.

The introduction of Heavenly Tribulation means that the breakthrough is about to take place, and Heaven and Earth will produce a sense, and only when a new Emperor Wu is about to be born will Heavenly Tribulation appear.

This shows that Lu Ming has surpassed all ancients and walked in front of all ancients, creating a miracle.

"Impossible, this is impossible!"

Lan Yun, Yan Xi, Stellar River, Yuanxin and others, yelling like crazy, could hardly believe all this.

Not only they, Emperor Lanjia, Emperor Yanjia, Masters of the Stellar River, etc., were unbelievable, dumbfounded, and then their faces were very gloomy.

"Hahaha, good!"

Emperor Hengyu laughed, extremely happy.

Mulan, Gu Yingzhong, Bubble and others are ecstatic.

"I knew that this kid could!"

Whispered.

"Is it true that he can create miracles and break into the realm of Emperor Wu!"

There are other heavenly emperors in Tianjie who are full of expectations.

Lu Ming is so talented, if it really impacts the success of Emperor Wu, it is definitely a miracle, and the future achievements are incalculable.

Rumble!

The thunder was rolling, and the clouds were thicker and thicker in the sky, and they became thicker and thicker. In a blink of an eye, the robbery cloud covered more than a hundred miles, but this did not stop at all and continued to expand at a rapid rate.

Two hundred miles, three hundred miles...

Soon, it reached a thousand miles, but the range of the robbery cloud has not stopped, and it is still rapidly increasing.

Two thousand miles, three thousand miles...

Ten thousand miles, twenty thousand miles...

Soon, the range of the robbery cloud reached an amazing size of tens of thousands of miles. The sky and earth became dark, completely blocking the sunlight, and even the corner of the ancient city of shaking light was enveloped by the robbery cloud.

The dull and terrifying pressure is shocking.

"Rewind, rewind!"

The four onlookers retreat insanely and dare not be shrouded in robbery.

This is not a joke. Lu Ming's robbery cloud actually covered tens of thousands of miles. This is terrifying. Once it is enveloped, it will lead to his own robbery.

Especially the warriors in the Emperor's Realm, every 33,333, there will be another big disaster, but if they enter the cloud of others, they will be triggered in advance, they will all be triggered in advance. Not ready, this is very dangerous.

Even Heavenly Emperor, backed away from this area.

Although the Emperor of Heaven has no big catastrophe, but who knows what will happen when entering the area where others cross the catastrophe, if it really attracts the catastrophe, the consequences will be unpredictable.

Everyone backed away, and there were also many people backed away in the ancient city of Shaoguang.

However, this is far from over, Lu Ming's robbery is still growing.

Fifty thousand miles, sixty thousand miles, and finally, it didn't stop until one hundred thousand miles.

The people around me retreat again and again.

"God, a tens of thousands of miles away, this... this is too scary!"

"How powerful should such a catastrophe be?"

"The more the people go against the sky, the more terrible the power of the sky will be!"

Many people widened their mouths in shock, and they knew that Lu Ming was too much.

Before becoming an emperor, he controlled nine kinds of laws, including three of the strongest laws. This is something that no one can do in history.

His heavenly disaster is so perverted.

At the beginning, Lu Mingdu's Wuhuang robbery was only two hundred miles away.

Ordinary people cross emperor robbery, the range of robbery cloud is generally only about a thousand miles, and Lu Ming's robbery cloud is indeed a full 100,000 miles.

"So strong apocalypse, see how you get through, die under the apocalypse!"

Lan Yun, Yan Xi and others secretly prayed.

Rumble!

The robbing of a cloud of a hundred thousand miles is really terrifying. Between the world and the sky, the dark clouds are completely blocked, and the sunlight is completely blocked.

Among the clouds, infinite thunder and lightning are walking, like silver, and there are dragons, roaring, very depressed.

Many people stepped back involuntarily. Under the robbery, they felt that their breathing was no longer smooth. There was a great horror that made people crazy.

Between the heavens and the earth, only Lu Ming stood under the boundless robbery and looked up at the sky.

"bring it on!"

In Lu Ming's eyes, there was no fear, only expectations.

As long as he passed the Heaven Tribulation and was tempered by Heaven Tribulation, he could truly make a breakthrough and prove his way to becoming an emperor. From then on, he entered the last realm of martial arts.

This is a realm that everyone dreams of.

Hiss!

Very abrupt, a flash of lightning, chopped down, like an Excalibur, tore the space apart, chopped on Lu Ming.

Lu Ming remained motionless and did not resist, letting thunder strike him.

This is only the first thunderstorm, if this is the thunderstorm, Lu Ming has to work hard to resist, then there is no need to play.

puff!

Thunder struck Lu Ming and dissipated directly. Lu Ming didn't feel anything.

"Too weak, come again!"

Lu Ming looked up at the sky and whispered in his mouth.

Hiss!

Rumble!

Then, there was another thunder, which kept splitting on Lu Ming.

But Lu Ming stood in the void and stood still, fighting only with the power of his body.

Rumble!

In the sky, the dark clouds kept rolling, and the thunder exploded, making the heart beat faster.

Then there was another thunder, which fell from the dark clouds and slammed into Lu Ming.

This time the Thunderbolt is darker than the Thunder before.

The second thunderstorm came.

Lu Ming still only resisted with his flesh.

"Not enough, the power is not enough!"

Thunder struck, Lu Ming's flesh only felt a little numb. He wanted to use Thunder Trib to refine the flesh, but this Thunder Tribulation only played a role.

Soon after, the second heavy thunder disaster passed, but the third heavy thunder disaster came.

The third thunderstorm is the purple fire thunderjacket. The lightning is covered with a layer of flame.

The power is several times stronger than the second thunderstorm.

Lu Ming also experienced the third purple fire thunder robbery when he went through the Emperor Wu Tribulation, but now he is emperor robbery, so although it is the same kind of thunder robbery, its power is different by 18,000. in.

Now this Thunder Tribulation, as long as a thin strand of hair, can cut Lu Ming at that time into ashes.

Chapter 2250: Du Di Jie

Purple Fire Thunder Tribulation, each thunder is covered with a layer of purple flames, it is sky fire, the temperature is amazing, it can burn everything, and the power is endless.

boom! boom! boom!

The purple fire thunder and lightning, cut through the sky, continually split on Lu Ming, Lu Ming was covered with a ray of lightning, and a layer of flame enveloped Lu Ming.

Thunder and flames, constant attacks, constant burning of Naruto's body.

"It feels a bit, come on, come on, come more violently!"

Lu Ming's eyes showed excitement, and Ren Thunder's flame attacked his body, but he didn't resist at all.

His current physical body is too strong. The third thunderstorm can't hurt him at all. Instead, he can help him refine his physical body and increase the strength of his physical body.

"This pervert!"

Someone whispered.

This is the third thunderstorm, but looking at Lu Ming's state, it is very easy, and even the rules are not used.

The third thunderstorm, for ordinary people, is a life-and-death catastrophe, which may be split into fly ash at any time, but for Lu Ming, it is just an appetizer.

"I don't know Lu Ming, there will be a few major disasters!"

"It's hard to say, before he became an emperor, he controlled a variety of laws, and even had the three strongest laws, and the emperor's robbery was not in ancient times. Such people are completely against the sky, I am afraid that the thunder is also terrifying! "

"Yes, the robbery cloud covers 100,000 miles. Looking at this situation, there are at least seven major robbery, and even higher!"

"God, seven major disasters, how terrible should that be?"

"I can see you for a long time today!"

The people around looked trembling.

Lu Ming, completely submerged in the Thunder Sea at the moment, bathed in a purple sky fire.

His flesh is constantly being refined, becoming crystal and radiant, like a weapon of the Paladin, stronger than before.

Soon after, the Purple Fire Thunder Tribulation disappeared, and the third Thunder Tribulation passed.

However, the robbery was rolling, the thunder was roaring, and the breath was more suppressed.

Hiss!

After a thunder, tearing the void and splitting towards Lu Ming.

Thousands of miles robbed the cloud, almost no brewing, the third heavy thunder robbed just passed, the fourth heavy thunder robbed out, did not give the people who cross the robbery a chance to breathe.

This time the Thunder actually has four colors.

The four colors of lightning, the surface of each kind of lightning is different.

Some are covered with flames, some are covered with blasts, some are covered with ice, and some are covered with golden sharp air.

This kind of thunder robbery is several times stronger than the pure purple fire thunder robbery.

After a series of thunderstorms, Lu Ming was instantly overwhelmed.

This time, Lu Ming still did not have the law to resist, but simply resisted with the flesh, with the help of the power of Thunder Tribulation, to refine the flesh.

When Lei Jie splits on Lu Ming, Lu Ming's body trembles slightly, feeling a burst of tingling.

"Okay, that's how it feels!"

Lu Ming's eyes were bright, and a hint of madness was revealed.

On Lu Ming, a series of wounds began to appear, and blood flowed.

The power of thunder and lightning penetrated into the wound frantically, circulating Lu Ming's whole body and destroying Lu Ming's body.

However, Lu Ming's physical body has too much vitality. Even without the laws of life, his resilience is amazing.

As soon as his flesh was destroyed, he recovered immediately, and at the same time, he became more powerful.

The fourth thunder catastrophe, in this cycle, passed.

As soon as the fourth thunder robbed, a goshawk flew under the cloud, completely formed by thunder and lightning, and struck Lu Ming.

Fifth heavy thunder robbery, thunder and lightning!

These thunder disasters, Lu Ming went through the Emperor Wu Emperor's Tribulation, have experienced it, can be described as a familiar journey.

boom!

This time, Lu Ming did not simply rely on the flesh to resist, but carried the Holy Power.

Thunder Tribulation, one to one horror, and the fifth to Thunder Tribulation, the power of which is undoubtedly more amazing. Simply relying on the flesh, I am afraid it will be hit hard.

The flesh cooperated with the Holy Force, Lu Ming punched out and hurled towards the goshawk.

bump!

The goshawk was blown out by Lu Ming.

However, there was still a trace of thunder and lightning, and Ming Ming's fist was flooded into Lu Ming's body.

However, this thunderbolt is harmless to Lu Ming, and it can be used to refine the flesh and the divine power, and even pour into the Dantian Sacred Heart to help the evolution of the heart of the world and the evolution of the small world.

Heavenly catastrophe is both a disaster and an opportunity.

Those who can pass through can get infinite benefits from the heavens. Those who can't pass through are disasters and will be ashes.

A chirp sounded, and among the robbing clouds, there were constant goshawks condensing out and rushing towards Lu Ming.

In addition to goshawks, there are giant tigers, true dragons, and phoenixes.

One is more amazing than the other, and the number is increasing.

"bring it on!"

Lu Ming Changxiao, double fists bombarded continuously, fighting with a mythical beast transformed by lightning.

bump! bump! bump! ...

In the void, constant roaring, a mythical beast transformed by lightning, was blasted out by Lu Ming. Every time it collided with the mythical beast transformed by lightning, there was the power of thunder and lightning, which poured into Lu Ming's body and was accepted by Lu Ming for your own use.

Lu Ming felt that his physical body became stronger, his holy power became more cohesive, and the evolution of the heart of the world was faster.

However, among the robbery clouds, more and more beasts rushed out, and finally, reached an astonishing eighty-one heads.

The creatures transformed by the 80 thunder and lightning, and the continuous assault of Ming Ming surrounded Lu Ming under great pressure.

Lu Ming gritted his teeth, still did not use the law to resist, but resisted with flesh and holy force, so as to maximize the chance of thunder.

If you use the law to break up the thunderstorm at once, you can't use it to refine the flesh and the holy power.

"This guy is actually using Heaven Tribulation to improve himself, which is amazing!"

"Yes, it's really perverted. When other people cross the robbery, they think about hurrying over. He's good, he deliberately grinds, and uses the power of thunder robbery to hone himself!"

"This is horrible!"

Some powerful presences are discussed in a low voice.

Emperor Lan's Blue City, Emperor Yan's face, etc., look more and more gloomy.

In the fifth thunderstorm, Lu Ming spent the longest time and spent an hour.

Lu Ming felt that his physical body had improved again, and it was three layers stronger than before.

At the same time, Shengli also condensed three layers. Now if Lu Ming is fighting Ming Sheng, he can fight against his mountain and river palms without using the chaos law and the law of death.

An hour later, Lu Ming felt that this heavy thunder disaster had lessening effect on him.

This heavy thunderstorm is no longer useful to Lu Ming.

At this time, Lu Ming broke out the power of the law.

boom! boom! ...

Lu Ming's punching power suddenly soared, bursting a giant tiger with a punch.

Next, every fist of Lu Ming, there was a thunderbolt condensed creature, which was exploded by Lu Ming.

Eighty-one Thunder Tribulation souls were all blasted by Lu Ming in an instant, disappearing without a trace.

Fifth heavy thunder robbery.
