

D Emperor 2251

Chapter 2251: The terrible eighth catastrophe

The fifth thunder, Lu Ming easily passed through.

Then, the sixth heavy thunder came!

The sixth heavy thunder robbery, thunder and lightning!

The terrible thunder and lightning turned into a terrible weapon and slammed towards the landing.

There are war swords, war knives, spears, giant axes, etc., each kind of power is terrible.

At this point, Lu Ming started to run the law confrontation, but it is enough to just run the two laws.

This heavy thunderstorm, Lu Ming is the same as crossing the fifth weight, while also confronting, while using the power of thunderjacking to refine the flesh and the holy power.

This heavy thunder disaster also took an hour, and Lu Ming's physical body and sacred power became stronger.

Finally, when this heavy thunderstorm did not help Lu Ming, he broke out several more rules and exploded all these weapons.

The sixth thunderstorm was also passed.

"It has already passed the sixth heavy. Next, it is the seventh heavy thunder robbery, the seventh heavy thunder robbery, but the refining world robbery bell!"

"Yes, it is the refining world robbery bell. I heard that every son of God will face the seventh heavy thunder robbery when he strikes the Emperor Wu.

Around, some people whispered.

After the sixth heavy thunder disaster ended, the seventh heavy thunder disaster did not come for the first time. The robbery cloud was rolling, and it seemed to be brewing.

Hiss, hiss...

Countless lightnings are roaming, converging, and finally converging into a bell.

A huge thunder bell!

Buzz!

The big bell shuddered and fell from the sky to the landing.

The big bell of thunder robbery, Lu Ming's unavoidable, was suddenly shrouded in it by the refining bell of the world.

The big clock, with terrible energy, shone toward the landing. This is a refining force, and Lu Ming must be completely refined.

"Refining the World Clock, come on, help me improve!"

Lu Ming whispered and sat cross-legged.

At the beginning, he crossed the Emperor Wu Tribulation, and the last major disaster was the refining bell.

At that time, he was almost killed by the refining clock, but fortunately, he finally came through, and with the help of the refining clock, his strength greatly increased, and even in his flesh, he made a trace of chaos.

This time, he also used the refining clock to hone himself.

Compared with those days, Lu Ming now is even more perverted and more anti-sky.

The power of destruction in the World Refining Clock can only become Lu Ming's help, helping Lu Ming to refine his body and his holy power.

Even the law can be tempered.

Lu Ming feels that some of his laws are constantly becoming more refined, approaching the second realm.

Similarly, refining the world robbery clock can also refine the soul.

As long as it can be blocked, there are many benefits.

Those martial emperors have to go through a catastrophe every three hundred thousand years. If they can survive it, every time, they can be transformed and become stronger, and even some people can take this to break through and cultivate.

Heaven is fair, and crisis often brings opportunities.

In the void, a big clock floated, and everyone looked at it and waited quietly.

As soon as the time passed, a day passed.

Boom! Boom!

One day later, the big clock vibrated and buzzed, and finally burst directly, and it disappeared into energy.

Lu Ming's figure appeared, standing in the air, with long hair flying.

"Don't Lu Ming have survived the Heaven Tribulation, and will become the Emperor!"

Many people have such a thought in their hearts, and their hearts tremble involuntarily.

I really can't imagine how powerful Lu Ming will be.

"No, the robbery is not over yet, and it is even more terrifying!"

Someone exclaimed.

Yes, at this moment, the robbery continued to roll, and there was roaring roaring, seemingly roaring in anger, terrifying coercion, and letting out some unwilling people, with a pale complexion and terrified fear.

"Oh my god, it really hasn't stopped, there really is a stronger thunderbolt!"

"Lu Ming is too perverted, too defiant, his disaster is definitely more terrifying, and it will not be an ordinary thunder!"

"Eighth Thunder Tribulation, he has to face the Eighth Thunder Tribulation, how many years hasn't it!"

Many people exclaimed, but more people were curious about what the Eighth Thunder Tribulation would be.

You know, the Son of God, when he was emperor, he only had the seventh thunder.

The Eighth Heavy Thunder Tribulation is just the legendary Thunder Tribulation. The Eighth Heavy Thunder Tribulation occurs only when the exceptionally terrifying and extremely horrifying arrogance appears.

In the eighth heavy thunder disaster, not many have appeared in the history of the Celestial Realm.

Everyone who has survived the Eighth Thunder Tribulation has achieved terrifying achievements as long as he does not die.

Legend has it that the Emperor Undying and Chaos Emperor have no enemies. When they embarked on the Emperor's Tribulation, they passed the Eighth Thunder Tribulation.

This kind of legendary thunder robbery has appeared again.

Rumble!

Thousands of miles of cloud robbing became more and more powerful. In the end, the infinite thunder and lightning burst out, but did not hack toward the landing, but intertwined, and finally formed a world.

In a world with a radius of hundreds of miles, mountains, rivers and lakes are clearly visible. You can even see the creatures living inside, a **** and beast roaring.

Completely condensed by lightning.

One side of the world, suppressed to the landing.

"This... this is the Beast God's Heaven, Thunder Tribulation actually condensed into the Beast God's Heaven!"

An emperor figure suddenly exclaimed.

Many people are thrilled.

Beast God Heaven, one of the nine heavens in the Celestial Realm.

Thunder Tribulation, actually condensed into a side of heaven, this is incredible.

According to legend, the eighth heavy thunder robbery, different people crossing robbery, the situation encountered is different.

Previous records have never been such a thunder.

The endless vast world of beast gods, gathered into a world of a hundred miles in size, suppressed to the landing Ming.

At this moment, Lu Ming's eyes were very dignified.

Under this kind of thunder, he felt a crisis.

In the hands of Lu Ming, the Hammer of Chaos appears, containing seven laws.

Rumble!

The beast **** celestial field, suppressing down, terrifying, just like the real party celestial domain, suppressing down, terrifying.

"broken!"

Lu Ming Changxiao, holding the hammer of Chaos, soared into the sky and blasted towards the beast
**** heaven.

boom!

A huge hammer of chaos slammed into the sky of Beast God, and you can see that the endless mountains and rivers were shattered by the hammer of chaos and annihilated under the hammer of chaos.

Roar! Roar! ...

In the world of Beast God, infinite creatures roared and rushed out to fight Lu Ming.

Just like the fifth thunderstorm, the thunderjacket is transformed, but there are too many.

Endless creatures rushed to Lu Ming.

"My God, this is too scary!"

Someone swallowed a spittle, a very dignified opening.

"kill!"

Lu Ming Changxiao, holding the hammer of Chaos, bombarded continuously.

A large number of creatures were exploded, and the terrifying power constantly bombarded the beast
**** heaven.

Rumble!

The robbery cloud rolled, the infinite thunder and lightning filled, interweaving in the air, and another world condensed out.

"It is Jiuyou Tianyu, one of Jiutian Yuyu!"

Another emperor exclaimed.

Actually, another side of heaven condensed out and suppressed Lu Ming.

Chapter 2252: Nine Thunder Tribulation

Before and after, two heavens appeared, and thousands of them were condensed by thunder and lightning, which was terrifying and terrifying.

Some people stepped back involuntarily and stayed away from the robbery.

Such a horrible sky-tribulation is really shocking. If they are shrouded in, they will definitely be dead.

Especially those who have hatred against Lu Ming, such as the Lanjia Tiandi and others, fearing that Lu Ming would take this revenge and rushed towards them during the robbery and enveloped them.

They are always on guard.

However, Lu Ming apparently did not have this plan. The characters of Heavenly Emperor Realm are too fast. How could he catch up with each other?

He is now seriously fighting the heavens.

"Broken, broken! Broken!"

Lu Ming constantly waved the hammer of chaos, constantly bombarding the beast **** heaven.

In the blink of an eye, a dozen hammers were exploded, and the Beast God Territory finally couldn't resist and was exploded in the air by Lu Ming.

Many people took a long breath, this scene is too impactful.

It seemed that there was really a side of heaven, which was exploded by Lu Ming.

At this time, the second-party heavenly domain, Jiuyou Heavenly Domain, had already pressed against Lu Ming.

boom!

Lu Ming waved the hammer of Chaos and bombarded the Nine Nether Sky.

In the Nine Serenity Realm, there are also constant creatures rushing out and fighting towards Lu Ming.

But at this time, in the robbery, there was infinite thunder and lightning, and a world was condensed.

This is also one of the heavens, one of the nine heavens of the Celestial Realm.

"Does the Nine Heavens finally appear?"

Someone said dryly.

The third-party sky, with amazing speed, suppressed to the landing.

Lu Ming hadn't exploded the Nine Nether Heavenly Domain, and the third-party Netherland came, and overlapped with the Nine Nether Heavenly Domain.

boom!

The heavens of the two sides coincided, the power soared, and the terrible power was suppressed to the landing.

Lu Ming's body shook violently, his figure receded again and again, and his face was pale.

"He can't break through, haha!"

Lan Yun laughed, excited.

He hoped that the landing Mingdu robbery would fail, and he would die.

Stellar River, Yuanxin, and others have the same idea.

Lu Ming is really terrible, he can defeat them without becoming an emperor, and the fighting power is terrifying.

Before, they could comfort themselves, and Lu Ming could never become an emperor. After that, they could certainly easily suppress Lu Ming.

But if Lu Ming became an emperor, they could no longer find an excuse to comfort themselves. With Lu Ming's combat power, once he became an emperor, he could suppress them by turning over his hand.

They were very much looking forward to Lu Ming's failure to cross the robbery. At this moment, Lu Ming was repelled by the sky robbery, and he was very happy.

Rumble!

The heavens of the two parties are suppressing down to the landing, while the clouds are condensing the fourth heaven in the sky.

"kill!"

Lu Ming shouted, and with the other hand, a sword of death appeared, rushing towards the two heavens.

Constant bombardment in the sky.

boom! boom!

Roaring continuously, Lu Ming completely bombarded regardless of his own defense.

Finally, Jiuyou Tianyu was also exploded by Lu Ming, but in return, Lu Ming was scarred.

However, Lu Ming has the law of life. He runs the law of life, and his injuries are recovering quickly.

At this time, the fourth party's celestial field, superimposed on the third party's celestial field, suppressed from landing, and the fifth party's celestial field was rapidly condensing.

Lu Ming bombarded constantly, wanting to blast open the third-party heaven before the fifth-party heaven condenses.

Unfortunately, it is still a step late.

Lu Ming hasn't blasted the third-party sky, and the fifth-party sky is superimposed.

boom!

Lu Ming's body was directly blasted out, vomiting blood and was hit hard.

However, according to the law of life, Lu Ming's injury is recovering quickly.

"kill!"

Lu Ming didn't dare to delay, and his footsteps, like a lightning, rushed towards the sky.

In his hands, the two weapons were fused into a single rifle.

A shocking sky burst through the hole, stab at the third-party heaven.

The third-party celestial domain, which had been bombarded by Lu Ming before, was broken directly, and even the fourth-party celestial domain was crumbling.

But at this time, the Sixth Party Sky was also condensed.

"broken!"

Lu Ming roared, mobilized all his strength, and bombarded the fourth party sky.

boom!

Just when the Sixth Party Sky was superimposed, he finally blasted the Fourth Party Sky.

However, Lu Ming was also struck by a terrifying force, covered with wounds, and many bones were broken.

He was hit hard.

Regardless of the injury, Lu Ming rushed to the upper heaven while running the law of life to heal the wound.

He must now rob the sky with the sky. If he is superimposed on the sky by more than three times, he is in danger.

Uh!

The spear broke the air, which contained eight laws, the chaos law and the law of death continued to stir, with the power to destroy tears, rushed to Lu Ming, a wound appeared on Lu Ming's arm, but, the role of the law of life Next, healed quickly.

Lu Ming bombarded the Fifth Heaven.

Finally, when the seventh heavy heaven was superimposed, Lu Ming finally bombed the fifth heaven.

In this way, Lu Ming ignored the injury, bombarded wildly, and robbed the time with the sky, and bombarded one side to another.

Behind, Hunyuan Tianyu and Taiqing Tianyu condensed out one by one and suppressed Xiangming Lu.

Lu Ming was coughing up blood, his arm was about to explode, and he was seriously injured.

If there were no laws of life, he would have lost the enemy and was suppressed by the Heavenly Tribulation.

But in the end, Lu Ming bombarded the nine heavens.

The Ninth Heaven Realm dissipated, and Lu Ming's injury was quickly healed, and even the physical body and the holy power became stronger and refined.

At the same time, Lu Ming found that his application of the law was also stronger.

Especially for the application of the law of chaos and the law of death, the two laws are weaker and the power becomes stronger.

In the process of crossing the robbery, Lu Ming's strength is constantly increasing.

"After passing, Lu Ming has passed the eighth major disaster!"

"Is it true that he succeeded?"

The scene was full of hustle and bustle, some people were excited, some were upset, some were pale.

But the next moment, all the sounds disappeared again.

Because the robbery did not dissipate.

On the contrary, it was more turbulent and roared with horror.

Everyone closed their mouths, staring at the robbery clouds in the sky.

Could it be that the Sky Tribulation is not over yet? There is the ninth heavy thunder?

Nine Heavy Thunder Tribulation, unheard of!

"Nine-layer Thunder Tribulation, actually Nine-layer Thunder Tribulation, how is it possible? This is not a legend, will there be a Heavenly Tribulation that breaks through that supreme state? How could it appear on Lu Ming?"

The whisper of dumbness is also dumbfounded, followed by endless worries.

He lived a long time, knowing some secrets that most people do not know.

"Hahaha, there is the ninth heavy thunder robbery, he almost died in the eighth heavy, the ninth heavy absolutely can not pass!"

Lan Yun, Yan Xi, and the Stellar River were ecstatic in their hearts.

Originally, they were all desperate, but now, there is hope again.

Chapter 2253: Dangerous

At this point, 100,000 miles of cloud robbing began to shrink and began to gather, but the power of thunder and lightning was even more terrifying and amazing.

Between heaven and earth, the breath is more and more suppressed.

Lu Ming stood in the air, running the law of life with all his strength, restoring his injuries, and elevating his state to the extreme.

He has a feeling, the ninth heavy thunder, will be particularly terrifying, one careless, I am afraid there is a danger of falling.

"Look, what's that on the robbery cloud?"

Suddenly, someone exclaimed.

No need to ask others, everyone else saw it.

In the robbery, a palace actually appeared.

A huge palace emerged from the robbery cloud, also formed by the power of thunder and lightning.

In front of the palace, there seems to be a square, but the whole palace and square are in the robbery, and they can't be seen.

tread! tread! ...

Just then, in front of the palace, footsteps sounded.

Yes, it was footsteps.

Even in the thundering sound, the footsteps are very clear.

Then, a burly figure appeared in front of the palace.

Just a middle-aged man, with a burly figure, wearing a purple-gold armor and holding a purple-gold spear, exuding breath.

Everyone was dumbfounded, including the characters of Heavenly Emperor Realm.

In the ninth heavy catastrophe, a palace appeared, and a figure appeared in the palace, which was unheard of.

"No, this figure is not an entity, but also formed by the condensation of thunder!"

Someone spoke and saw it.

Many people take a long breath, condensed by thunder and lightning, and can easily accept some. If a real person appears, it is really difficult to accept.

Facing this figure, Lu Ming's pupils contracted and his eyes were dignified.

Faced with this figure, he felt a fatal crisis.

"kill!"

This figure suddenly roared, jumped forward, and slammed towards the landing.

The speed is too fast, like a purple-gold ray of light, shot at Lu Ming.

call out!

A sharp gunshot pierced Lu Ming's eyebrows.

Lu Ming cast six divine wings to avoid it very quickly. However, the opponent's spear swept the situation and directly exploded the void. Lu Ming was to be shot with a single shot.

In Lu Ming's hand, a spear was condensed, and the eight laws were merged and stirred, and the same shot was swept out.

Boom!

Lu Ming's body shook violently, receding continuously, and only felt a sharp pain in his arm.

However, the other party was also repelled by Lu Ming.

"Good strength!"

Lu Ming was shocked.

Lu Ming has survived eight major disasters in a row, and his strength has become stronger and stronger in the process of crossing the robbery, which is a lot stronger than before he did not cross the robbery, but he is still flying.

"kill!"

The other party shouted and slammed towards the landing. Without fear of life and death, the only purpose was to kill Lu Ming.

boom! boom!

The two men broke out in a fierce battle, and in a blink of an eye, they fought dozens of moves.

But at this time, among the robbery, in front of the palace, footsteps sounded again, and another big man wearing purple gold armor appeared.

"kill!"

The big man with purple gold armor appeared in the back, also shouting, killing Lu Ming.

Two big men with purple gold armor, attacking Lu Ming together, each one is extremely powerful.

Lu Ming was shocked, cast six **** wings, wanted to dodge, but was still swept by the opponent's long gun, there appeared a wound, blood and flesh separated.

"kill!"

"kill!"

Two big men with purple gold armor, with similar fighting power, besieged Lu Ming from two directions.

Lu Ming tried his best to confront, but he lost.

bump!

Lu Ming was swept by a gun, his body flew out like a shell, and was almost drawn in two.

Had he not been extremely arrogant now, I am afraid he could not stop it.

Lu Ming coughed up blood and tried his best to repair the injury.

But the two heroes in purple gold armor were killed again.

Lu Ming is only fighting!

In such a situation, only a dead fight can lead to a living path, otherwise, there is only one dead path.

This is a difficult battle. Lu Ming has been hit hard. If there is no law of life, it can't resist.

However, one of the heroes in purple gold armor was also uncomfortable. He was hit by Lu Ming with two strokes, the armor was penetrated, two holes appeared in his body, and there was a constant flash of thunder and lightning.

Lu Ming, to replace the injury with injury, the profound mystery of the law of life, drag the other party to death.

"Lu Ming!"

Muran and others are worried.

Lan Yun and others were nervous and looking forward, hoping that Lu Ming would be beheaded.

But at this time, the palace on the robbery cloud sounded footsteps again, and a big man with purple gold armor appeared.

The third!

"How come?"

Mulan shouted, very worried.

"Brother Lu Ming!"

The bubble is even tearful.

The lonely family, Hengyu Tiandi and others are also extremely worried.

Two heroes with purple gold armor, Lu Ming has completely lost, now three, how to fight?

This is no longer alive, only a dead end.

"it is good!"

Lan Jia Tiandi and others were overjoyed and sneered.

Uh!

The third big man with purple gold armor also killed him and killed Lu Ming.

Lu Ming tried his best to avoid it, but each of the three purple gold armor heroes was not weaker than his peak period. Now that the three besieged him, he couldn't stop him. He was swept by a spear on his shoulder and half of his body exploded. , One arm also shattered.

"Restore me!"

Lu Ming runs the law of life, covering his whole body, his muscles are wriggling fast, and he wants to recover.

However, the three heroes with purple gold armor would not give him a chance, but they would kill him again.

Lu Ming can only dodge with all his strength.

He secretly regrets that he is still not ready. If he spends some time practicing the indestructible ancient scriptures, he will definitely not be so passive.

The resilience of the immortal ancient scriptures is much stronger than the resilience of the simple law of life. I am afraid that such injuries can be recovered quickly. At the same time, the cultivation of the immortal ancient scriptures is also much stronger.

Breaking the emperor in a hurry makes Lu Ming fall into a fatal crisis.

bump!

He was hit again, his body flew out, his body was penetrated, and he vomited blood.

"He is going to die!"

"It's over, Lu Ming can't survive the disaster after all!"

Many people sighed.

Lu Ming can be said to have shook the ancients, and he has not become an emperor. He has control over a variety of laws, and there are even three strongest laws. Such a character could not have become an emperor, but Lu Ming broke the truth and created a miracle.

He actually led to Heavenly Tribulation, as long as he survived Heavenly Tribulation, he could become an emperor.

He has already passed the eighth catastrophe, should he fall to the end?

Many people sighed for Lu Ming.

Only a few people sneered, hoping that Lu Ming died under the thunder.

"Lu Ming, integrate the law of life into it!"

Shouted.

call out!

But everything, it was late, a spear pierced towards the landing Ming hole.

This is a must-kill shot. If it is stabbed, the soul will be destroyed, and Lu Ming will die.

Chapter 2254: Lu Mingcheng Emperor

A long spear pierced Lu Ming's eyebrows as fast as lightning, and Lu Ming avoided it.

"It's over!"

This is the idea in everyone's mind. They think that Lu Ming is dead, and finally he can't survive this rare ninth heavy disaster.

Lu Ming's pupil contracted sharply.

He was not willing to fall on this, and he had reached the last step. He had a feeling that as long as he survived this heavy disaster, he would become an emperor.

Having reached this point, he was not reconciled.

Roar!

At that moment, at the heart of Lu Ming, the drop of Zulong blood suddenly gave out the sound of Long Yin.

The sound of Longyin seemed to have a magical power, shaking Lu Ming's soul.

Buzz!

At this moment, Lu Ming was extremely peaceful, and he fell into a wonderful state.

Life and death ethereal realm!

In this state, like an epiphany, his comprehension of the law has rapidly improved.

"Life, all inclusive, all inclusive!"

In Lu Ming's mind, he turned his thoughts.

His understanding of various laws became clearer.

Now, he has a feeling, he feels that he now merges the law of chaos and the law of death without conflict.

Even, he can integrate the law of life into it.

Previously, Lu Ming could only barely merge the law of chaos and the law of death, and the conflict between the two would excite amazing power and hurt him.

As for the integration of the laws of life, it is even more impossible.

This is not a simple rough fusion, but a fusion of magical powers, which blends the mysteries of different laws perfectly, thus bursting out amazing power.

This is very difficult, the three strongest rules merge, the difficulty is many times more difficult than the two do not know.

But now, Lu Ming feels he can do it.

In Lu Ming's feelings, he seemed to have realized a lot of things, but in fact, in the eyes of outsiders, it was only a moment.

Zijin's long armoured armor is about to stab Lu Ming.

At this moment, Lu Ming suddenly pointed a finger.

There are nine laws converging on Lu Ming's fingertips, which actually converged into a magical power, which turned into a lance, and stabbed a gun shot at the purple gold armor.

Ding!

A sharp and harsh voice rang throughout the audience.

The two gunpoints collided, stimulating amazing fluctuations, but at the next moment, the lance of the Zijin armor hero became curved, forming a curvature, and then flew out of the Zijin armor hero.

"kill!"

Lu Ming Changxiao, like a rainbow, holding a spear in his palm, composed entirely of divine power and laws, containing nine kinds of laws.

Among them, the three strongest laws swayed each other, and there was a truly terrible power pouring out, tearing Lu Ming's arm out of a wound.

The three strongest laws, which constitute magical powers, are still difficult to control and hurt yourself.

However, the power is skyrocketing.

call out!

Lu Mingren combined guns to kill the big man in purple gold armor that he shot off at an amazing speed.

puff!

Before the big man in Zijin armor responded, Lu Ming pierced his eyebrow with a shot, and then the long gun vibrated, the power of nine laws exploded, and the body of the big man in Zijin armor exploded directly.

At this time, two other heroes with purple gold armor had already killed Lu Ming.

Buzz!

The spear vibrated, suddenly increased, swept out, and collided with the two heroes in purple gold armor.

The Void vibrates, the energy is wanton, and the Thunder is constantly abused.

Two big men with purple gold armor backed away.

Lu Ming, though stepped back a few steps, stopped immediately.

At the same time, the muscles of his body continued to squirm, repairing the wound, and one of his arms quickly grew out.

"Hahaha, succeeded, this kid, succeeded!"

He laughed and excited.

And Lan Yun, Yan Xi, the Stellar River, and others, the teeth bite rattled, depressed.

I originally thought Lu Ming was dead, but at a critical moment, Lu Ming's combat power actually increased greatly, reversing the situation.

Others also took a long breath, feeling very nervous, and some of them even exuded cold sweat.

"This child's talent is really amazing, and he is in crisis, but has stimulated the potential and improved the control of the law by a big step!"

A heavenly emperor sighed, his eyes were full of admiration, which aroused the approval of many people.

"Kill, kill!"

At this time, two big men with purple gold armor drove to the landing.

Lu Ming raised the gun and fought with the two, while repairing the wound quickly.

In the robbery, no one else walked out of the palace.

Lu Ming fought against the two heroes in purple gold armor, and he gained the upper hand. His injury healed quickly, and the other arm grew completely.

At this time, Lu Ming launched a counterattack, the offensive was like a rainbow.

The two heroes in Zijin armor were not Lu Ming's opponents. After dozens of battles, Lu Ming was beaten one by one.

"Destroyed, Lu Ming wiped out the creatures that came out of the robbery cloud. Has he survived the catastrophe?"

Everyone's eyes are on the robbery clouds in the sky, but their thoughts are different.

Most people expect that Lu Ming has survived the catastrophe and justified himself.

However, those who have hatred against Lu Ming, such as Lan Yun, Yan Xi, Stellar River, Yuan Xin and others, as well as Lan Jia Tiandi, including some young Tianjiao, regard Lu Ming as the enemy, and even envy Lu Ming's , All hope that the Heavenly Tribulation is not over, let Lu Ming die under Heavenly Tribulation.

However, they are destined to be disappointed.

The looting clouds in the sky began to fade quickly, and quickly dissipated. There was no trace of disappearance between them.

The robbed cloud disappeared, and the sun shone again on the earth.

"Successful!"

"Brother Lu Ming succeeded!"

Muran, bubble, shouting excitedly.

"This kid, succeeded, deserves to be the person I like!"

Dan Dan also smiled.

"Hahaha!"

Emperor Hengyu laughed, extremely happy.

"Successful!"

Many people took a long breath and were happy for Lu Ming.

Only Lan Yun and others looked ugly.

"Damn, how is it possible, how could he succeed?"

Lan Yun, Yan Xi, and the Stellar River several people roared in their hearts, extremely unwilling, but there were some panic.

Emperor Lu Ming, how strong will it be?

Can they keep up with Lu Ming's footsteps?

At this time, Lu Ming's Dantianzhong has undergone earth-shaking changes.

In the Sacred Heart, the heart of the world condensed by nine laws is completely formed, and the Sacred Heart has begun to evolve towards the small world in an all-round way.

The holy power in Lu Ming's body began to change towards the power of the world.

The power of the world is stronger than the Holy Power.

boom!

In Lu Ming's body, an amazing breath broke out, that was Diwei.

Lu Ming became an emperor, not a prospective emperor, but a real emperor Wu.

At this moment, it is a star emperor!

Rumble!

The incomparable sacred power is constantly changing towards the power of the world, and Lu Ming's breath is getting stronger and stronger.

For a moment, Lu Ming's breath reached the peak of the one-star Emperor.

But this does not end.

Chapter 2255: breakthrough! breakthrough! Continuous breakthrough!

Lu Ming's breath is getting stronger and stronger.

When he reached the peak of the One-Star Emperor, his breath did not stop, he continued to rise.

boom!

Then, a stronger breath erupted from Lu Ming.

Two-star Emperor!

Lu Ming broke through to the two-star Emperor in one fell swoop.

Many people took a breath.

It is worthy of being the person who controlled a variety of laws before the emperor became too amazing. As soon as he broke through, he rushed to the two-star virtual emperor.

Ordinary people, when they first became emperors, they were only the primary stage of one-star Emperor Emperor, and they needed time to consolidate. If they want to rush to two-star Emperor Emperor, even if they are top arrogance, with good resources to help, it will take one or two years.

Ordinary people, it will take a longer time, but Lu Ming has just broken through, and has rushed to the two-star virtual emperor.

However, this is not over, Lu Ming's breath is still rising.

Soon after, Lu Ming's breath reached the peak of the two-star Emperor.

"Lu Ming, the battle between you and me is not over yet. Continue!"

A cold voice sounded, Ou Yebing came out of the air, his hands sealed, a giant tower, and a huge vase condensed out.

boom!

The giant pagoda is as big as a mountain, and it suppresses down to the landing, and the mouth of the vase bursts out an infinite sword gas, which is extremely sharp.

"mean!"

"So shameless!"

Mulan, the bubbles shouted.

Ou Yebing, this was deliberately chosen to shoot at this time, just to interrupt Lu Ming's breakthrough.

Lu Ming became an emperor with nine kinds of rules, which had never existed in ancient times, and even survived the Nine Heavy Thunder Tribulation.

But if it is interrupted, I am afraid that if you want to break through again, it will take a lot of time.

"roll!"

At this moment, Lu Ming shouted suddenly, the sound waves rolled, and at the same time, a long spear appeared in Lu Ming's hand and swept out.

This gun contains nine kinds of laws, powerful and sweeping all directions.

boom!

The giant tower was swept away by a long gun and burst open directly.

At the same time, the infinite sword energy also shattered one by one, turning into nothingness.

The spear continued, and he continued to bombard Ou Yebing.

Ou Yebing's face changed wildly and he shouted: "Shen Bing Seals the Fa!"

His hands snapped together, and in front of him, pieces of weapons condensed out.

This is a terrible magical power. The law and the power of the world interweave a handful of magical soldiers with infinite power.

However, when Lu Ming's spear swept over, all of these magical soldiers exploded into nothingness.

"not good..."

Ou Yebing's face changed wildly, his body receded wildly, but it was too late.

The terrible force of the spear directly penetrated the void and smashed the space. The terrible force bombarded Ou Yebing's body. Ou Yebing screamed, and his body flew out, flying tens of thousands of meters away, and fell heavily. On the ground.

His lower body was completely burst, only the upper body was there, and he vomited blood in his mouth.

The breath is extremely weak.

He took out a lot of immortality and stuffed it into his mouth, doing his best to restore the broken body.

"Humph!"

Lu Ming sneered, and ignored Ou Yebing, and continued to hit the realm.

Just now, he was already merciful, otherwise he could kill Ou Yebing in one move.

boom!

Lu Ming's breath became stronger and stronger, and Ou Yebing didn't bother him at all.

At this point, it had reached the apex of the two-star Emperor Emperor. At the next moment, a violent roar came from Lu Ming's body, and his breath suddenly rose.

The blood is like a wolf smoke, breaking through the clouds.

Rumble!

At this moment, Lu Mingdan Tanaka, also began to undergo huge changes.

The previous Sacred Heart has completely changed.

The infinite filament of law, covering every corner of the Sacred Heart, allows the Sacred Heart to evolve towards the small world.

The turbid gas drops, the clear gas rises, and the ground is vaguely evolving.

However, it is impossible for any creature to survive now, because the small world is extremely unstable, the void is chaotic, and the space is extremely unstable.

This represents the virtual emperor realm, the small world has not yet formed.

However, with the improvement of cultivation practices, the small world will become more and more stable, and the area of the small world will become larger and larger.

In the real emperor's realm, the small world will be completely stabilized, and the creatures can survive.

At this time, Lu Ming's cultivation base has reached the Samsung Emperor.

"In one breath, it rushed to Samsung Emperor, which is too amazing!"

Many people marvel.

This speed is too fast.

"how is this possible?"

The Stellar River roared, extremely unwilling, envious and jealous.

It was thought that at the time of the ten battles, he entered the world left by the beginning of the Yuan Realm, and then broke through to one star Emperor.

Later, when he came to the Celestial Realm, a famous teacher gave instructions and used a lot of resources. It took more than five years to reach the Samsung Emperor.

But now Lu Ming is better. Once he becomes an emperor, he directly rushes to the Samsung Emperor.

It is strange that he is not jealous.

Lu Ming's impact hasn't stopped yet, reaching the Samsung Emperor, he is still ascending and slowly approaching the summit of the Samsung Emperor.

Mainly, Lu Ming accumulated too much when he was not an emperor.

His divine power, after nine hardenings by nine laws, became extremely condensed and strong, as was the Sacred Heart, which was brilliant and brilliant.

Quantitative changes cause qualitative changes, and his divine power is not weaker than the power of the world.

Now a breakthrough, his cultivation behavior, naturally madly improved.

It wasn't until the peak of the Samsung Emperor, Lu Ming's rising trend, that it slowed down, and his accumulation was finally exhausted.

"Fighting up, rushing to the four-star virtual emperor!"

In Lu Ming's eyes, a shimmering light flashed, and three airflows suddenly appeared in his hand.

"That's Hongmeng Qi!"

Someone exclaimed.

That's right, the three air currents in Lu Ming's hands are the spirit of Hongmeng, which was obtained through the examination of Hunyuanzong.

The qi of Hongmeng is the same as the qi of chaos. The heaven and the earth are created at the beginning, refining and condensing the small world, increasing the power of the world and impacting the realm.

Lu Ming took a deep breath, three breaths of Hongmeng, sucked in from Lu Ming's nose, and then rushed towards Dan Tian, into the small world.

Lu Ming fully exerted his power to run the world and began to refine the three rays of monstrosity.

Rumble!

The spirit of Hongmeng is as heavy as a mountain, and it is constantly being refined into a part of Lu Ming's small world.

The area of Lu Ming's small world began to grow rapidly, and at the same time, it became relatively more stable.

boom!

Lu Ming's breath, which had already stopped, rose again. When Lu Ming's breath reached a peak, it seemed that a certain zero point had been broken by Lu Ming, and his breath rose to another height.

Four Star Emperor!

Many people looked at each other, completely speechless.

As soon as he became an emperor, he rushed to the four-star virtual emperor in one fell swoop. This speed would scare the dead. If he had not seen it with his own eyes, he would not believe it.

"Fairy, wicked!"

Someone sighed.

"Brother Lu Ming is amazing!"

The bubbles yelled, and the big eyes were all excited.

"This kid is worthy of being valued by this person, and has a certain style!"

Dandan laughed and opened his mouth.

Contrary to them, Lan Yun, Yan Xi, the Stellar River, Yuanxin, and others, their faces were extremely ugly, with intense fear in their eyes.

Chapter 2256: Fight nine

Yes, Lan Yun, Yan Xi they are afraid.

Before Lu Ming became an emperor, he was able to suppress them. At this moment, he became an emperor and cultivated madly, so I might kill them with one finger.

Didn't see that Lu Ming was the two-star virtual emperor just now, could he kill Ou Yebing half dead?

When Lu Ming had not yet made a breakthrough, Lu Ming was not Ou Yebing's opponent. Once he made a breakthrough, he did not know how many times his fighting power had increased.

"This kid..."

The Lanjia Tiandi Blue City, Yanjia Tiandi, Master of the Stellar River, these people are also very uncomfortable.

There was also a trace of horror in his eyes.

At this moment, Lu Ming's breath finally stabilized.

The first stage of the four-star virtual emperor, this is Lu Ming's current practice.

"What a terrifying power!"

Lu Ming felt the power in his body carefully, and even he was a little surprised.

The immense power of the world flows from the small world, passes through the meridians, and spreads throughout the body.

At the same time, when he became an emperor, the holy power was transformed into the power of the world, which was also refined into Lu Ming's flesh, making Lu Ming's flesh stronger.

He felt that he was now full of endless power.

Lu Ming's eyes, like the swordsman's eyes, swept toward those young men.

Those who had been swept by his eyes, all covered with sweat and full of strong sense of crisis, lowered their heads involuntarily, and dared not look at Lu Ming's eyes.

"Who else? Fight me!"

Lu Ming spoke again, and the voice spread throughout the audience.

None of those youths spoke.

Ou Yebing, who claims to be the first person of the younger generation of Emperor Emperor Realm, was killed halfway by Lu Ming's attack. Where else, dare to go?

For a time, no one played!

"No one else?"

Lu Ming whispered.

"Have!"

At this moment, a voice rang, and then a young man in blue shirt stepped from afar, a terrible breath blooming from him.

A layer of world divine light diffused from him.

Real emperor, this is a real emperor!

"Xuanwu Forest, one of the nine!"

Someone exclaimed and recognized the young man.

Lu Ming's eyes narrowed slightly.

Among the younger generations in the realm of heaven, there are nine strongest arrogances, known as Jiuju!

Each of these nine people is amazingly talented and unique. Each of them has reached the real emperor realm, far above the others.

These are the nine strongest young people in heaven.

Before that, JiuJue had entered the immortal city, but no one got the immortal classic.

Nine must be shot!

"He is rampant, and I want to fight him!"

At this time, a young man came out in another direction.

This man is bald, with a face full of flesh and a very burly figure.

"Giggle, it's funny, and the little girl would like to meet him!"

With a smirk, a beautiful young woman came out step by step.

"Nine must, all nine!"

Some people recognized that the two young people who came out behind were also one of the nine.

The three peerless arrogances all exuded the atmosphere of the real emperor's realm, standing in the three directions of Lu Ming, forming terrible pressure, and pressing toward the landing.

"JiuJue!"

Lu Ming's eyes narrowed slightly, showing a strong fighting intention.

Heavenly Realm is absolutely unique, every one is shocked to be absolutely gorgeous, talents are rare in the world, and all are strong metamorphosis, plus the resources of Heavenly Realm, terrifying one by one, have reached the real emperor realm early.

Among the many arrogances in Yuanjie, only destiny and bubbles are the most optimistic, and it is estimated that they will be able to stand side by side with Jiuju in the future.

It can be seen how strong Jiu Jue's talent is.

Before, Lu Ming hadn't become an emperor, and because of their status, it was not easy to shoot. After all, the difference between cultivation and cultivation was too big. If you did, you would have to be teased.

But now, Lu Ming became emperor, and they stood up directly.

"Who are we?"

Xuan Wulin spoke first of the nine out of nowhere.

"Naturally I come!"

The bald young man grinned.

"Don't you know that ladies have priority!"

That beautiful woman said.

All three wanted to shoot, defeat Lu Ming, and capture the immortal ancient scriptures.

"Wo Chao, a few real emperors, actually want to deal with a person who has just become an emperor. Isn't it ashamed, and should I have a face? Come, come and fight, right here with you!"

Aside, he shouted uncomfortably, and walked in the air. After a few steps, he rushed to Lu Ming near them.

boom!

Dandan was very direct and shot directly. Two fists blasted out and hit two huge turtles. The turtle's shell was shiny and there were endless runes shining like two worlds.

Two turtles pounced on the bald young and the beautiful woman.

Every day's attack is no different. The bald-headed young people and the beautiful women do not dare to carelessly, but can only fight with all their strength.

boom! boom!

A violent explosion sounded, and Dandan and the bald youth, the beautiful women fought together, and it was difficult to distinguish the outcome.

"This is... the world turtle, is there a successor to the world turtle?"

Many people were shocked to see Dandan's body.

"It seems that it is very young, is it like the ethereal rat at that time, is it a new world turtle?"

Even some heavenly emperors were surprised.

Many emperors made breakthroughs after ancient times. Before, they had never seen Dandan at all. Naturally, they thought that Dandan was a new world turtle. They thought that the world turtle in ancient times had already fallen.

To put it this way, Dandan is also a younger generation. It is not easy for others to intervene.

"Boy, leave the weakest one for you, you can solve it yourself!"

Dan Dan's voice rang in Lu Ming's ear.

"This guy, why not solve it together?"

Lu Ming pouted and looked at Xuanwu Lin.

At this time, Xuan Wulin showed a smile, he was overjoyed, but wanted to thank Dandan.

Dandan blocked the bald-headed youth and the beautiful woman, and this time, he was left alone, and no one competed with him for Lu Ming.

"Lu Ming, let me try, how strong are you!"

Xuan Wulin spoke, and the words fell, and he shot directly, fearing that others would **** him.

As soon as he waved his hand, a splendid star appeared in the void and then roared toward the landing like a shooting star.

Lu Ming did not display nine kinds of laws, but displayed eight kinds, condensing a war sword, one sword slashed out, and slashed towards that star.

boom!

The sky exploded, and the star was cut open by Lu Ming's sword.

"Good strength!"

Lu Ming's arm slightly numb.

The other party is worthy of one of the nine skills, the combat power is extremely powerful, and the understanding of the law has reached a very high level.

Compared with Ou Yebing, the combat power does not know how much stronger.

"Just try your strength with you, kill!"

Lu Ming Changxiao rushed towards Xuanwu Lin.

Uh! Uh! ...

The sword of war in his hand was interwoven by eight laws.

Among them, contains the law of chaos and death.

At this time, Lu Ming has used these two laws, there is no conflict, the perfect fusion, the power is amazing.

Several sword lights, cut through the void, and beheaded towards the Xuanwu Forest.

Chapter 2257: Zhou Tianxingquan

"Zhou Tianxing Quanquan!"

Xuanwu Lin screamed, bursting out with all his strength, the power of the world was rolling, and the power of the law was intertwined. His body appeared in all directions, and one star after another appeared.

A total of three hundred and sixty are formed, appearing in all directions in the Xuanwu Forest. He stands in the middle of the stars like a god.

"It's Zhou Tian's star boxing, the star school's mastery!"

Someone speaks and is excited. This supernatural power has a very high reputation in the heavenly realm.

"You said, Lu Ming and Xuan Wu Lin, who can win?"

"I think it's Xuanwu Forest. Although Xuanwu Forest is the last one of the nine ranks, it has already reached the true emperor. Its combat power is very amazing. It is estimated that it has reached the third-order real emperor's combat power!"

"I also think that Lu Ming is strong, but after all, he has just become an emperor. The unskilled use of the power of the world should not be the opponent of Xuanwu Lin!"

Some people had a lot of discussion, and at this time, Lu Ming and Xuan Wulin had already launched a fierce confrontation.

Xuanwu Lin waved his hands, one star after another, like a meteor, crashed towards the landing, knocking out several sword lights cut by Lu Ming.

Lu Mingren's swords are united, and they are slain towards the Xuanwu Forest.

"Break me!"

Lu Ming continued to produce swords, and immediately cut out dozens of swords to the stars.

boom! boom! boom!

The sky is constantly exploding, and Lu Ming seems to be a god, standing in the void of the universe, turning into a supreme giant, splitting a star with a sword, the scene is very visually impactful.

A dozen consecutive explosions, and dozens of formations were destroyed by Lu Ming, but Lu Ming's body was also blocked.

"But so, kill!"

Xuanwu Lin shouted, covered with the light of stars, and waved, dozens of stars rushed towards the landing.

At the same time, the stars crushed by Lu Ming condensed out around his body, and around his body, he always maintained 360 stars.

Lu Ming exploded in full force, the power of the world, madly poured into the war sword in his hand, the war sword buzzed, eight kinds of laws intertwined, a variety of different laws, different mysteries interwoven, burst out amazing power.

bump! bump! bump! ...

Lu Ming slashed out continuously, and each sword could burst a star.

However, there are too many stars, and each star is astonishingly powerful, like a real star, full of terrible destructive power.

No

Every time a star is split, Lu Ming himself is also bombarded by terrible forces.

"Look how many can you block me!"

Xuan Wulin spoke indifferently, his hands quickly pinched the printing tactics, and pushed forward. This time, there were hundreds of stars flying to Lu Ming.

Finally, after Lu Ming resisted continuously, he was retreated by stars.

"Nine is absolutely powerful, it seems that nine laws still need to be used!"

Lu Ming's eyes narrowed. Suddenly, the war sword in his hand dissipated. The next moment, a spear condensed out. This spear contains nine kinds of laws.

Lu Ming found that the fusion of the strongest laws and the evolution of magical skills were extremely difficult, but when they succeeded, the bursting power was also terrifying.

Each additional one, the power will skyrocket.

After adding the law of life, the power is much stronger than before.

call out! call out! call out! ...

The spear shuddered and stabbed forward, spurs, piercing the void, piercing the stars.

bump! bump! ...

Those stars are constantly bursting apart.

In an instant, hundreds of stars were all detonated by Lu Ming.

"kill!"

Holding a spear, Lu Ming, like a **** of war, killed Xuanwu Lin.

Xuan Wulin changed his face, waved again, and stars flew to Lu Ming again.

Lu Ming's spear continued to puncture, and the stars continued to burst, unable to stop Lu Ming's footsteps.

"Zhou Tianxingquan, gathering of stars!"

Xuanwu Lin roared, gathered all the stars into a huge star, and pressed it against Lu Ming.

"broken!"

Lu Ming just made a faint sound, and the guns of others merged into a dazzling lance, piercing the void.

In the sky, there seemed to be two meteors bombarded together, one big and one small.

But in the end, the small one, more powerful, directly penetrated the big star, passed through, and killed towards the Xuanwu Forest.

"Damn!"

Xuanwu Lin roared, his face looking ugly to death.

His strongest move was broken by Lu Ming.

Is he going to lose?

"No, I can't lose!"

Xuanwu Lin shouted in his heart, and his face was twisted.

Once he lost, Lu Ming could naturally take his place and become the new Jiu Ju.

And he, will be beaten down the altar, which he cannot accept.

"Lu Ming, you forced me, then die!"

Xuanwu Lin roared in his heart, his eyes burst into murder, his brow glowed, and a weapon flew out.

This is a pair of scissors, huge and radiating starlight all over.

call out!

The scissors suddenly grew larger and cut towards Landing Ming.

"This is the Great Soldier, despicable!"

Someone shouted.

In the same battle of the same generation, Xuanwulin used the great soldiers, which was too much.

This is beyond the scope of a fair war.

But the scissors were too fast. In a flash, Lu Ming reached the top of his head and cut Lu Ming in half.

"Weapon, don't think you only have it?"

Lu Ming sneered in the corner of his mouth, the spear in his hand disappeared, and a big bow replaced him.

Falling star bow!

Lu Ming suddenly pulled the bowstring.

It still didn't pull apart, and the bowstring could only be pulled up a little arc, but it was much larger than when Lu Ming didn't become an emperor.

Lu Ming's law poured into the star-falling bow, and the power of the world poured in like crazy. An arrow that radiated nine colors condensed out.

Buzz!

Lu Ming loosed his hand, and the arrow flew out, shooting at the huge scissors.

when!

The arrow hit the scissors, and the scissors were shaken crazy, and they were directly flew out.

Scissors, although they are great soldiers, but with Xuanwu Lin's cultivation practice, it is impossible to exert all their power. They are directly hit by Lu Ming's arrows and shaken endlessly.

Xuanwu Lin was also repulsed, his body violently shook back and forth, and a mouthful of blood spewed out of his mouth.

A flash of cold light flashed in Lu Ming's eyes, pulling the bowstring again, and a nine-color arrow hitting Xuanwu Lin.

Just now, Xuanwu Lin obviously wanted to kill him.

"Do not..."

Xuan Wulin was shocked and shouted in horror.

Lu Ming felt the threat of death with this arrow. He knew that if he was hit by this arrow, he would definitely die.

His position changed wildly, but this arrow, as if locking his breath, would also change direction constantly.

"Bold!"

At this moment, a roar sounded, and a figure suddenly appeared before the arrow, reaching out a hand to grab the nine-color arrow, and squeezing hard, the arrow broke into a spot of light and dissipated. up in the air.

Chapter 2258: Call Heaven to roll

This sudden appearance, and the figure of the crushed nine-color arrows, is the blue emperor, the blue city.

Blue City looked cold, looking at Lu Ming, and said, "Lu Ming, your means are so vicious, but just a fair discussion. You actually want to take his life, so kind of mind, you must not be left!"

"Ha ha!"

Lu Ming immediately sneered, his heart filled with anger.

"Aren't you blind? Who did it first? Who first used the emperor soldiers to kill me? Where did you go just now? Now I ran out and crooked, get out!"

Lu Ming was completely angry, soaring completely, no matter what the emperor, he still yelled.

His impression of Blue City was so bad.

At the beginning, he was targeted by the opponent everywhere, but the opponent was the emperor. He had been enduring before, but now, he can't bear it anymore.

Many people took a breath.

Lu Ming was brave and arrogant. He dared to call Blue City and called Blue City to go!

This is a heavenly emperor, this is just looking for death!

"presumptuous!"

Lan Cheng was angry, screamed, and took a palm shot, to shoot Lu Ming alive.

A junior, dare to say so to him, he will not kill, how to convince the crowd in the future?

But in the rear, Emperor Hengyu moved and appeared in front of Lu Ming, also expelled with a palm, defeating the attack of Blue City.

"Hengyu, this kid, has no esteem, do you want to protect him?"

Blue City shouted.

"You have no respect? You don't look at what you did? If I were Lu Ming, I would still say that, the emperor is all about a younger generation, can't I say it?"

"Also, it is normal for young people to be full of blood and toss a few words against each other. Isn't it true that you, the Emperor of Heaven, don't have this kind of cultivation?"

Emperor Hengyu sneered.

"you..."

The Blue City was burning with anger, but there was nowhere to go.

"That battle wasn't counted just now. After all, both of them used extraordinary weapons, which was unfair!"

At this time, the Master of the Stellar River stepped out to make a clearance for the Blue City, and then said: "In this battle, even if Xuanwu Lin and Lu Ming tied, Fu Liu, you come to fight Lu Ming!"

The Master of the Stellar River, the eyes of the old gray robe, looked at another young man.

"Yes!"

The young man stepped out.

Fulu is also one of the nine must, but the ranking is far above Xuanwu Forest.

"No need to fight!"

Emperor Hengyu opened his mouth and sent a strong breath, causing Fu Liu to retreat.

"Hengyu, do you want to interfere in the duel between the younger generations?"

Blue City seized the opportunity, Sen Leng said.

"What intervention? This battle was originally due to the immortality of the ancient scriptures. Earlier, you said that Lu Ming could not become an emperor and was not qualified to control the immortal ancient scriptures, which triggered this duel!"

"But now, Lu Ming has become an emperor. This battle will naturally stop. There is no need to fight anymore. Who is more suitable to control the immortal ancient scriptures than Lu Ming?"

Emperor Hengyu said coldly.

"The indestructible ancient scriptures are naturally the stronger ones and the stronger natural arrogance, in order to realize their value!"

Blue City is still not giving up.

"Fart, well, you tell them that they will all be repaired like Lu Ming, fighting at the same level, see who is more suitable?"

Emperor Hengyu shouted.

Blue City shut up.

A joke at the same level.

As soon as Lu Ming became an emperor, he reached the four-star virtual emperor, and the strength he just showed was obviously still above Xuanwu Forest.

In this battle against the sky, no one is Lu Ming's opponent at the same level in the first battle, and there is no suspense.

"Heng Yu is right, Lu Ming has become an emperor, and his potential is amazing. There will be unlimited achievements in the future. It is the most appropriate for him to control the immortal ancient scriptures!"

At this time, another Heavenly Emperor also spoke.

This Emperor of Heaven did not come from Yuan Realm, but the Emperor of Heaven Realm.

They did not have a holiday with Lu Ming, they had no selfishness, they simply felt that the immortal ancient scriptures remained on Lu Ming. If Lu Ming grew up, he would be most helpful to Heaven.

"Yes, that's true!"

"No need to compare!"

Then, several Heavenly Emperors spoke, all of whom are Heavenly Emperors.

Blue City, Emperor Yan Jiatian, old man in gray robe, with a somber face.

Lan Yun and others naturally bite their teeth, knowing that the immortal ancient scriptures must belong to Lu Ming.

Because Lu Ming has proved his value and potential.

In the past, everyone thought that Lu Ming could not become an emperor, could not become an emperor, and his strong combat power was useless.

But now, Lu Ming has become an emperor, and that potential is amazing.

Buzz!

At this moment, there was a wave of void, and an old man with white shirt and white hair stepped out of it.

Seeing this old man, Blue City, Emperor Yanjia, Emperor Hengyu, and so on, his face changed suddenly, and he bowed to salute: "I have seen Master Tianzun!"

This remark made many people at the scene tremble.

Tianzun, this old man, is Tianzun!

Heavenly Venerable is the respect of Heavenly Realm for the strong. Only peerless strongmen above the four-star Heavenly Emperor are eligible to be respected as Heavenly Venerable.

Obviously, this old man is a peerless strongman with four stars and above.

"Have seen Lord Tianzun!"

Countless people bowed down to meet.

"Ok!"

Baifa Tianzun nodded, looking at Lu Ming, exposing the admiration, said: "The previous thing, the old man already knows, this little guy, the talent is amazing, there is no such thing in ancient times, and the ancient scriptures are not destroyed. Right!"

"Thank you Tianzun!"

Hengyu Tiandi and several other powerful people from Yuanjie thanked.

"Thank you Master Tianzun!"

Lu Ming also stepped forward to thank.

Blue City and others were helpless, Tianzun spoke, and they were even more unable to refute.

"Tianzun, I think that not only the indestructible ancient scriptures should be left on him. With his talents, the future achievements are difficult to limit. My Celestial Realm should concentrate resources and vigorously cultivate!"

"No, I object!"

Hearing this, Blue City immediately jumped out against it.

"Tianzun, the resources of my Celestial Realm are limited, and we must never concentrate on training one person!"

"And now there is a war between the two realms, dangerous and abnormal, no one can guarantee that they can stay alive. If they fall halfway, then all the resources will be wasted, and the eggs should not be put in a basket. I propose that it is the same as before. Resources are distributed to all Tianjiao, so that there is the greatest hope!"

Blue City quickly said.

"This guy..."

Emperor Hengyu was extremely upset, but he could not refute.

Indeed, no one can guarantee that it will not fall. If Lu Ming falls halfway, then resources will be wasted and resources will be distributed to all Tianjiao, so that even if someone falls, there will always be people rising, which is the most beneficial to the heavenly realm.

The old man with white hair thought for a while and nodded: "It's reasonable, just like before. There should be some, no less, but no more. If you want more resources, you need to fight for it yourself. Good growth, today's things, that's all for now!"

"let's go!"

Lan Cheng waved his hand and took the people from the Lan family and left here.

Then, Yan family and others also left here one after another.

Chapter 2259: Return to Two Realms

The battle for the immortal ancient scriptures has come to an end, and everyone has dispersed.

Zhafa Tianzun also left here.

Soon after, this side was empty, and there were not many people left!

"Senior Hengyu, thank you for your help!"

Lu Ming came to Hengyu Tiandi and saluted respectfully.

"Haha, this is your own skill, I don't have any help!"

Emperor Hengyu smiled and said again: "You just broke through cultivation practice, hurry and go back to consolidate cultivation practice, solid foundation, if there is anything, I will say it later!"

"it is good!"

Lu Ming nodded, and immediately, He Dandan, Bubble, Mulan, and the orphans returned to their place of residence.

As soon as he returned to his place of residence, Lu Ming sat cross-legged, constantly running the power of the world, and consolidating his cultivation.

This time to break the emperor, Lu Ming's cultivation was soaring, soaring all the way to the four-star virtual emperor, it really needed to be consolidated.

In a blink of an eye, it was ten days, and his cultivation behavior was completely stable.

Lu Ming finished his practice and moved his muscles in the courtyard.

Suddenly, the space moved, and a figure suddenly appeared in the courtyard.

"Senior Hengyu!"

Lu Ming saluted the person who came, it was Hengyu Tiandi.

"I sensed that you had finished your cultivation, so I hurried over. The cultivation base should be stable!"

Emperor Hengyu smiled.

"Stable!"

Lu Ming nodded, then said: "Senior Hengyu, your original stone body, I also brought it over, this is for you!"

In words, a stone man appeared in Lu Ming's hands, the long one was exactly the same as Hengyu Tiandi.

Emperor Hengyu looked at the stone man, his eyes flashed complex colors, and then smiled: "This stone body, I have faded, and re-condensed into the flesh. This stone is equivalent to a puppet, and it is not big to me. Use it, just keep it, put it away!"

Lu Ming pondered for a while, seeing that Emperor Hengyu had a firm attitude, and he didn't say much. He put away the emperor's body.

"Lu Ming, what are your plans next?"

Emperor Hengyu asked.

"What do you plan to do next? I want to find a place to hone, improve my cultivation, and understand the law!"

Lu Ming said.

Since he came to Heaven Realm, he does not intend to go back for the time being. He has just become an emperor, and it is when he is advancing by leaps and bounds that he intends to stay in Heaven Realm to practice first.

"In this case, I recommend that you go to the Two Realms City, enter the battlefield, and fight with aliens, so that your progress will be the fastest!"

"Also, there are many cultivation treasures in the Two Realms. With your current talents, you can freely enter and leave those cultivation treasures. Moreover, the seniors of Heaven Realm will also give you some rewards, just like other top arrogances. There are these benefits!"

Emperor Hengyu said.

"Okay, I also want to go to Two Realms!"

Lu Ming nodded, wanting the fastest improvement and cultivation, the best place is the fight between life and death, and the battlefield outside the two realms is the best place.

Lu Ming himself also intends to go to the Two Realms City.

"Okay, I'm also in the war in the Two Realms. You are going to go with us!"

Emperor Hengyu said.

"Senior Hengyu, when will you set off, I will say goodbye to some friends!"

Lu Ming said.

"Tomorrow!"

Emperor Hengyu said afterwards that he had a few words with Lu Ming and agreed to the time of departure, and left.

Lu Ming was heading towards the other courtyard. Before entering the other courtyard, he heard Dandan and Bubble yelling and walked in. He found that the two were discussing.

Everyday a senior looks like a senior, pointing bubble practice.

"Small, you can't do it, the laws of space and time are all used by you, they haven't exerted their power at all, and they are too far away from your mother!"

"Well, when your mother sees me, she has to be called big brother too. For this sake, I will point you at you!"

"Stand up for me!"

Dan Dan bragging while pointing bubble training.

Not to mention, this guy's experience is indeed unique, and he easily sees through several weaknesses of the bubble and gives pointers.

Lu Ming went in.

"Brother Lu Ming, tweeted!"

Bubble immediately laid down Dandan, rushed to Lu Ming's shoulder, and hung on him.

"Nest, run so fast, who directed you just now, ungrateful!"

Dandan was very unhappy, squinting at Lu Ming.

Lu Ming directly ignored Dandan.

"Brother Lu Ming, the bubble is about to go. Master sent me a message to let me go back to practice!"

Lu Ming hasn't spoken yet, but the bubble spoke first.

Lu Ming had known before that Bubble had worshipped a Master in Heaven. It is said that he was a peerless strongman. When he met Bubble's mother, he was an old antique that survived from ancient times.

And, he is very good at the law of space and time.

"Well, I just had to leave and go to the Two Realms City to practice. If I have time later, I can go to the Two Realms City to find me!"

Lu Ming said.

"But, the bubble is reluctant!"

Bubble hangs on Landing Ming, rubs around, but is reluctant to come down.

Lu Ming persuaded, finally bubble promised to go back to practice.

"Boy, this seat is about to leave. The sky is vast, there are many kinds of forbidden areas, and there are countless opportunities. This seat is going to look for opportunities, quickly improve cultivation, or you will be overtaken by your kid!"

Dandan also walked over and said.

"Haha, next time I meet, it will definitely exceed you!"

Lu Ming smiled, then took out a few bottles of fine wine, handed it to Dandan and Bubble, and the three drank.

Everyone has their own way to go. Only by taking the path that suits them best can they grow quickly.

They all have a sense of urgency.

Now, although Taiqing Tianyu is still on the side of the Celestial Realm, the aliens have not given up their offense, and have been looking for various ways. A terrifying battle, I don't know when it will erupt.

Although they have become emperors now, and their combat power is not weak, they are not enough to watch in the battle between the two realms, and they must continue to improve.

The three chatted while drinking, and later Mulan also joined in. Lu Ming simply took a Jinwu from the storage ring and started barbecue.

Everyone drinks from day to night, and from night to day.

Daybreak, bubbles and Dandan, leave one after another.

Lu Ming and Muran walked towards the residence of Hengyu Tiandi.

Soon after, Emperor Hengyu and several Emperors from Yuanjie set off together to the Two Realms City.

The speed of Heavenly Emperor was too fast, and soon after, they came to the Two Realms again.

"Mulan girl, with your talents, can also freely enter some cultivation treasures of the Two Realms to practice!"

Emperor Hengyu gave Muran a token.

"Thank you senior!"

Mulan thanked Hengyu Heavenly Emperor.

"You're welcome, I also hope to see you grow up, especially since we are all from Yuanjie!"

Emperor Hengyu smiled and said to Lu Ming: "Lu Ming, Tianzun wants to see you, come with me!"

Lu Ming nodded, followed Hengyu Tiandi, and soon came to a partial hall.

Here, Lu Ming saw the white-haired Tianzun.

"Young people have seen the Six Saints!"

Lu Ming saluted Baifa Tianzun.

The Six Saints of Heavenly Sovereign is the name of White Hair Heavenly Sovereign.

Chapter 2260: Enlightenment of the indestructible ancient scriptures

Liu Sheng Tian Zun, with white hair and white hair, with a gentle smile on his face, could not feel the slightest breath on his body, just like a kind old man.

"Lu Ming, this time the old man came to you to give you some rewards!"

"As long as the top-level Tianjiao will be cultivated by the high-level seniors of the realm, you can freely enter and leave some cultivation holy places. This token, you hold!"

A token appeared in the hands of Liusheng Tianzun and was handed to Lu Ming, exactly the same as the one Hengyu Tiandi gave to Mulan before.

Lu Ming took it and accepted it.

"Among the tokens, there are specific records of those holy places to practice. Where do you go to practice afterwards, you can watch them inside, in addition..."

Speaking of this, the Six Saints raised their hands, and three gray stones appeared in the sky.

"This is... Chaos Stone!"

Lu Ming's eyes lit up suddenly.

This is definitely a Chaos Stone. Lu Ming will not admit his mistake. He got a piece at the auction in the Heavenly Emperor City. At that time, the Chaos Stone was considered to be dried up by Chaos, so the price was not expensive, otherwise, The price will be amazing.

And these three chaotic stones obviously did not dry up, they contained chaos and could be sensed.

Lu Ming was a little hot in his heart.

Chaos gas, better than Hongmeng gas, is the top treasure in the cultivation of the small world. After refining, the evolution of the small world can be accelerated, at the same time it will be more stable, and it can also improve cultivation.

"The three Chaos Stones you hold are extra rewards for you!"

Liu Shengtianzun finished speaking, waved his hand, three chaotic stones, flew to Lu Ming.

Lu Ming took it away and thanked the Six Saints.

"There are only so many things for you. After all, Celestial Realm has limited resources. If you concentrate on one person, many people will have opinions!"

Six Saints Heavenly Path.

"Again those Blue City people!"

Emperor Hengyu said uncomfortably.

Liusheng Tianzun smiled helplessly.

Lu Ming felt a move, and it seemed that the Two Realms City was not a monolithic one, and it was a lot of greasy inside. I am afraid that there were many factions.

Where there are people, there is competition, Lu Ming understands this truth very well.

"Lu Ming, consumables like Chaos Stone, Hongmeng Stone, or the Heart of the World can only give you so much. If you want to get more, you can only fight for yourself. As for those non-consumables, such as Some holy places do not have such scruples, you can enter freely!"

Liu Sheng Tian Zun added another sentence.

Lu Ming nodded, he also understood that Chaos Stone, Hongmeng Stone, etc. are being used less and less. How long is the history of the cultivation world. These treasures must be pitiful and limited.

And like some holy places for cultivation, such as places that can help people understand the Tao, such places can be recycled and naturally entered freely.

I believe the treatment of other Tianjiao is the same!

Lu Ming has been very satisfied, three chaotic stones, amazing value.

"Excuse me, if you want to get Chaos Stone, Hongmeng Stone, etc., how do you fight for it?"

Lu Ming asked.

"Hunting aliens, a kind of crystal nucleus will be condensed in the body, which is the energy source of the alien. As long as you take the crystal nucleus of the alien, you can exchange for treasures. As long as there are enough crystal nucleuses, all treasures can be exchanged, including chaotic stones !"

Six Saints Heavenly Path.

"Hunt aliens!"

Lu Ming shook his hands. Wasn't he coming to fight with aliens? He could just hunt for crystal nuclei and exchange for treasures.

Subsequently, Lu Ming and Hengyu Tiandi said goodbye to the Six Saints, and then Hengyu Tiandi arranged accommodation for him and Mulan.

In a separate courtyard, Lu Ming sat cross-legged, consolidating his cultivation.

The small world inside the body burst out with a strong attraction. From the outside, the infinite atmosphere gathered from the landing Ming, and poured into Lu Ming's body through Lu Ming's pores, and then into the small world, and turned into a small world. a part of.

Lu Ming was not in a hurry to refine the chaotic gas in the chaotic stone. His cultivation behavior only broke through shortly, and he planned to consolidate for a while.

A day later, Lu Ming stopped to absorb the natural gas.

Now, he intends to begin to understand the immortal ancient scriptures.

Lu Ming concentrated his mind, and in his mind, various mysteries about the immortal ancient scriptures emerged, and Lu Ming carefully realized.

"There are as many as 18 kinds of laws needed for the immortality of the ancient scriptures and cultivation to Dacheng!"

Lu Ming secretly panicked.

That is to say, if the immortal ancient scriptures are cultivated to Dacheng, eighteen laws can be deduced.

This is extremely amazing. The general ancient scriptures contain only a few rules. If you cultivate them to a great success, you can only control a few rules. The ancient scriptures containing nine kinds of rules are very amazing, which can make people Has been practicing to the emperor realm.

Without destroying the ancient scriptures, it contains eighteen kinds of laws. No wonder it is called one of the most famous ancient scriptures in the heavenly realm, which makes many people jealous.

Unfortunately, Lu Ming mastered only three of these eighteen laws.

The law of life, the law of array and the law of law.

The core law of the immortal ancient scriptures is the law of life.

Immortality, immortality is the extreme interpretation of vitality. Only by controlling the laws of life can we have the opportunity to cultivate the immortal ancient scriptures to great success, and we can exert the maximum effect.

If other sons of God come to practice, although they can practice, it is impossible to practice to a great success, because they have mastered one of the strongest laws, and it is impossible to control the laws of life.

On the contrary, it is an ordinary royal body. People who do not have the strongest laws to practice, may even practice to a great success, because they can use the immortal ancient scriptures to perform the laws of life.

In addition, there are rules of formation.

Lu Ming found that many people's magical powers contain the law of formation.

A few days ago, he had fought against him, and the laws of control contained the laws of formation.

The rule of formation can condense the endless runes and change the world. It is indeed the most ideal rule for constructing the magical art.

Lu Ming only controls three of the eighteen laws needed for the immortal ancient scriptures, but they can already be cultivated, and there are laws of life. The power of cultivation is certainly not weak.

"Cultivate supernatural powers, look for a place that helps to enlighten supernatural powers to practice!"

With a move in his heart, Lu Ming took out the token given to him by Liu Shengtianzun and looked closely.

After reading it, Lu Ming left the other courtyard and walked towards one place in the Two Realms.

Soon, Lu Ming came to an ancient palace, outside the palace, someone was guarding, but after Lu Ming took out the token, he easily went in.

Entering the ancient temple, there is a light door.

This light door leads to a small world.

Lu Ming stepped into the light gate without hesitation, the next moment, Lu Ming appeared on a mountain peak.

"Sure enough, an ancient Taoist tree!"

Standing on the mountain peak, Lu Ming looked into the distance, revealing amazement.

There is also an ancient tree of enlightenment in the two realms. This ancient tree of enlightenment has fully matured, covering the sky and covering the sun like a tree of the world, pouring into the clouds.

The branches are surrounded by avenues, which are extremely mysterious.

It is more than ten times higher than the ancient Taoist tree.
