

D Emperor 2271

Chapter 2271: Alien siege

Lu Ming took out a heart of the world, wiped away the power of the above laws, and began to refine and improve his cultivation.

Piece by piece, for the next two months, Lu Ming has been passing through the heart of refining the world.

Lu Ming devoted himself to cultivation and knew nothing about the outside world.

When Lu Ming was practicing, outside the two cities, an infinite number of aliens came to kill.

Interracial, siege!

Rumble!

The huge warships, all black, like majestic mountains, came out of the air and stirred up endless winds.

Each battleship has a large number of strong aliens.

At a glance, I don't know how many aliens and how many battleships there are.

The two world cities were naturally disturbed.

"Alien Siege!"

The roar spread through the two realms.

In the two cities, countless figures rose from the sky, and the gorgeous rainbow light interweaves in the air, which is beautiful and abnormal.

Numerous strong men appeared on the walls of the two worlds.

"Turn on the big formation!"

There are voices spreading through the two realms, this is definitely the Emperor of Heaven.

Dense runes emerged everywhere in the two boundary cities, especially on the walls.

Endless runes are intertwined into a terrible array.

In both cities, the atmosphere was extremely depressed.

This is a big siege of aliens.

Over the past 100,000 years, the large-scale siege of aliens has rarely changed, because over the years, the Taiqing Tianyu has not been breached, and the actions of the large-scale siege of the aliens have become fewer and fewer.

Many people speculate that aliens must have accumulated strength or have other plans.

This time, the aliens attacked the city again. Did the aliens have lost their patience? Do they have to use powerful means to break through the two cities?

"Rush over and break through the walls of the two realms!"

A roar came from the interracial.

Rumble!

A huge battleship rushed towards the two realms.

However, although the warships are huge, they are still very different from the walls of the two boundary cities.

"attack!"

When the alien warship flew into a certain distance, some people gave orders on the walls of the two realms.

boom! boom!

Above the walls, endless runes, dazzling, turned into a large formation, and then turned into a series of attacks, attacking alien warships.

There are giant swords as big as mountains, and swords that can break the sky.

In addition, there is a huge crossbow above the city wall.

Each of these bows and crossbows is the size of a small mountain pack, with arrows as long as several tens of meters. The power is very terrifying, and one arrow shoots out, killing the peak of the true emperor.

In addition, there are original stone cannons.

This giant artillery was made from a refining vessel, engraved with large formations, and urged with raw stones.

As long as enough original stones are added, a terrible attack can be launched, even if it is tens of thousands of miles away, it can be hit. Once hit, the powerful person of the eighteenth order of the true emperor will die.

Even the emperor did not dare to ignore it.

These are the big killers of war.

Rumble!

Various attacks, densely packed, bombarded alien warships.

On the alien battleship, an energy shield was lit up to resist the attacks of the Two Realms.

Endless attacks fall on the energy hood, which continuously vibrates.

"Fight back!"

There were aliens roaring, and there were various attacks on the warships that slammed into the Two Realms, but were blocked by the light outside the Two Realms.

The two sides attacked remotely, you came and went, and the whole sky was submerged by the brilliant light.

boom!

Suddenly, in the two realms, a sword light burst out, and in all the light, it was extremely dazzling.

The sword light is filled with vast Tianwei, which is shot by a heavenly emperor.

However, among the aliens, a giant axe came out and blocked the sword light.

Then, a burly figure appeared in the air, emitting a breath of earth and earth.

"Sky Emperor, come out and fight me!"

This burly alien opened his mouth, and his voice was like thunder, spreading throughout the audience.

"I'm afraid you won't succeed!"

In the two realms, a bright sword light rushed towards the aliens.

boom!

The two made a match and then went deep into the sky.

These two people are undoubtedly the characters of the Heavenly Emperor Realm.

The attacks on both sides continued.

Rumble!

Finally, another warship of another race was defeated, and the endless attack landed on the warship. The warship was exploded and various metals flew.

On the battleship, countless aliens flew around, but many of the falling attacks were instantly killed.

call out!

A dozen-meter-long arrow penetrated through the void, shot through the alien of a true emperor's peak, and took it thousands of miles away.

boom!

Another strong man at the peak of the True Emperor was hit by a beam of light and burst directly.

However, there are several figures in it, which are extremely powerful and impact vertically and horizontally, blocking a large number of attacks.

These are the characters of the alien emperor realm.

"Chong Chong!"

The warships of different races constantly rushed towards the Two Realms.

In the process of rushing out, another battleship was exploded, and aliens were constantly killed.

However, the warships of different races are getting closer and closer to the two world cities.

Finally, when the aliens paid a dozen warships and lost thousands of masters, they finally rushed to the frontier of the Two Realms.

boom! boom! boom!

Those warships directly hit the mask outside the two boundary cities.

The violent shaking of the mask was actually torn apart.

"Kill in!"

The aliens roared and rushed in from those mouths.

"kill!"

There are also a large number of strong men on the walls of the two boundary cities, rushing to these mouths, beside the torn out mouth, fighting with the foreign races, very fierce.

At the same time, the large formations on the walls of the two boundary cities are still in operation, turning into a series of attacks and killing those aliens.

This is the advantage of the Celestial Realm. Relying on the Two Realms, although they have far fewer masters than aliens, they can still block the aliens and prevent the invasion of the other side.

"Kill, kill!"

Fighting is extremely tragic, here, there is no endurance, no kindness, only fighting.

This is a battle between the two realms. It is about the survival of one realm. Only by killing your opponents can you survive!

On both sides, the strong ones keep falling down and stay here forever.

Relatively speaking, the Celestial Realm has the advantage, because the Celestial Masters only need to block the torn mouths, and with the help of the large formations, they are much easier. Although there are also war dead, but the aliens are Kill more than double it.

boom! boom! boom!

The Void vibrates, and among the aliens, there is a figure coming out of the air, exuding a wave of horror.

The emperors are all emperors. There are more than a dozen emperors.

More than a dozen emperors appeared at the same time, the breath of the explosion was too strong, and the world seemed to be moaning, unable to bear such terrible pressure.

But at the same time, in the two realms, some emperors rushed out and blocked each other.

war!

There is nothing to say. The emperors of the two sides fought together, some of them went deep into the sky, and some entered the dark space.

Chapter 2272: Challenges from aliens

This fight took place for three days.

The aliens paid a terrible price, but in the end they did not break through the two world cities, the drums of the battle sounded, and the aliens began to withdraw their troops.

Rumble!

One battleship backed away.

Outside the two cities, the torn mouth also healed.

"Clean up the battlefield!"

Someone ordered.

The Celestial Powers began to pack up, sorted and assembled the dead bodies of the aliens, and the creatures killed in the Celestial Wars were also packed.

Many people are in a heavy mood. Although there are more aliens fighting in this battle, Heaven Realm has also paid a heavy price, and a large number of strong men have died in battle.

"This is the first time in 30,000 years that aliens have carried out such a large-scale siege!"

Someone sighed.

Although a few years ago, because of the void channel, the aliens also attacked the city once, but the scale was not that large.

After cleaning up, all of these resources will be collected into the exchange hall by the high-rises of the Two Realms as public resources.

On the city wall, we still waited for it, beware of aliens attacking the city again.

In a blink of an eye, half a month passed.

Rumble!

In the distance, huge warships rushed over again.

Interracial, siege again.

The war broke out again in half a month.

This battle was even more tragic than last time. Countless strong men were killed in battle. Even the characters of the Great Emperor Realm were successively killed, and some characters of the Heavenly Emperor Realm were seriously injured.

In the end, the aliens saw that they could not attack and retreated.

"How did the interracial launch large-scale attacks one after another, for the first time in 100,000 years!"

Someone's face is very dignified.

Many people are wondering whether the aliens have lost their patience and intend to forcibly break through the two world cities at any cost.

"I heard that as early as more than ten years ago, in another battlefield, the interracial had already attacked in a big way. Over the years, fighting has continued!"

Someone spoke again, and the atmosphere of everyone was even more depressed.

The battlefield of Taiqing Tianyu is not only one of the two worlds, but also one.

It was also a passage, but not with the Hunyuan Tianyu, but with another piece of heaven.

The Taiqing Heavenly Territory, which is in common with the two Heavenly Territories, has the same path, and these two channels naturally become battlefields.

The other battlefield is not weaker than the two cities, and there are also a large number of strong guards, fighting all year round.

In that battlefield, as long as more than ten years ago, the interracial launched a large-scale offensive, and these years, the fighting has been continuous.

In this way, the calm days passed half a month later, and half a month later, the aliens began to attack again.

But this time, the aliens stopped tens of thousands of miles away.

"What the **** are they doing?"

Everyone is puzzled on the side of heaven.

At this time, a group of people flew out of the other race, and they flew towards the Two Realms City, stopping a thousand miles away.

"Listen to Tianjie in these years, Tianjiao came out in large numbers. Among the younger generation, countless powerful people were born. It just happened that some Tianjiao figures were born in our world. It is better to discuss with each other!"

Over there, a figure stepped out, and the voice spread throughout the audience.

This interracial, rich **** like jade, purple hair, very handsome, almost indistinguishable from the human race, except for the eyebrow eye.

This is an alien royal family, a terrifying god.

Interracial, this is to send a genius to challenge, many people moved.

"How are you going to fight?"

A big man in the heaven opened his mouth, and everyone looked away. It turned out to be the Six Saints.

"You go out!"

The alien clan opened his mouth, and then, among the aliens, came out five figures.

These are four young people of different races. Although they are difficult to recognize from their appearance, from the perspective of life, they are indeed younger generations, and their age is not large.

"This is the four young arrogances in our world. You can also send four arrogances to fight!"

Interracial royal family said.

"What the **** is this interracial?"

"It's very simple, this race is to attack my morale through this trick. If their arrogance can crush our arrogance, then many of us will feel hopeless and feel hopeless. !"

"On the contrary, the morality of the alien race will increase!"

Many people talk about it.

Many people suddenly realized that it was true.

This time, Heaven Realm, Yuan Realm, can be described as the golden age, and endless arrogance was born.

Many people regard this group of arrogances as the hope of the heavenly realm, and even use a lot of resources to cultivate, various cultivation holy places, come and go at will.

It is to hope that these arrogances will grow up and will reverse the situation in the future.

But what if the alien pride is defeated?

In this way, it does not prove that even if Tianjiao's arrogance grows up, what use is it, it is still not an alien opponent.

How desperate is this? Morale is not strange.

But this battle can't be stopped. If not, it will also affect morale!

This is both an interracial strategy!

Many people's eyes turned to the alien pride.

One of them was burly, covered with purple scales, and his three eyes were open and closed, with a brilliant light.

There is another, less than one meter tall, with four arms.

The third is the strangest. The figure is not much different from the human race, and there are no scales on the body, but it is like a shadow. The body is constantly twisted, the eyebrows, and the third eye.

The fourth is to make many people's eyes condense.

This is a young man with purple hair, handsome and unreasonable, three eyes narrowed slightly, a faint smile on his face.

This is a heterogeneous royal family.

"Who are we sending?"

Someone spoke.

"The four people of different races are definitely the top arrogance. We only have nine shots to be sure!"

"Some nine are absolutely in the two realms, but they seem to be retreating!"

"Send someone to find!"

A voice sounded, and then, a strong man from the Heavenly Emperor Realm entered various holy places in the Two Realms to find Jiu Ju.

The aliens waited quietly outside the city walls.

Soon after, several figures flew from the two worlds to the city wall.

"found it!"

Many people's eyes light up.

There were four young men behind the emperor that day.

"Just right, nine of them, there are just four people in the two cities!"

The emperor smiled.

Others also smiled.

The nine youths are the strongest nine arrogances in the younger generation of the realm of heaven. They have already reached the real emperor realm, and all are geniuses who are against the sky.

Nine must have shot, certainly sure.

"Is it them?"

In the Nine Skills, a young man spoke coldly and proudly, full of strong self-confidence.

If Lu Ming is here, it must be recognized at a glance that it is naturally Xuanwu Lin. He was defeated by him and almost withdrew from Jiu Ju.

During this time, Xuanwu Lin has been retreating in the two realms, and the combat power has been greatly improved.

"Haha, I happened to be closed for a long time, just want to move my muscles!"

A bald young man grinned.

Chapter 2273: Nine Jueshi Interracial Heavenly Pride

Xuanwu Lin was very confident.

In the younger generation of heaven, they are all standing at the pinnacle of existence, and their talents are unparalleled.

They firmly believe that as long as they grow up, they will be able to reverse the current situation of the Celestial Realm, defeat the aliens, and even bring the Celestial Army to the Evil God Realm.

They did not take the pride of alien youths in their eyes at all.

"I will accompany you out!"

The Six Saints of Heaven Sovereign spoke and stepped out, followed by several Heavenly Emperors.

The four great arrogances such as Xuanwu Lin also stepped out, appearing outside the two-tier city and stopping not far from the aliens.

"Finally, I thought you would not dare to fight!"

A stranger spoke lightly.

"Only the competition of the younger generation, my heavens, no fear of people!"

The Six Saints respected coldly.

"In this case, let's start, the four arrogance of our world, you can choose at will!"

Heavenly Emperor of the royal family of the alien race said.

At this time, the four Xuanwu Lin were also looking at the Tianjiao of four young people of different races.

When they saw the youth of the alien royal family, their eyes were dignified.

As we all know, the number of alien clan is extremely rare, but each one has terrifying fighting power and endless potential.

Other alien arrogance, they do not care, but for the alien royal family, they have to pay attention.

"I'll come first!"

Xuan Wulin took the lead in opening and stepping out, gazing at the four alien Tianjiao, and finally fell on the burly alien.

The burly aliens are the most extensive and the largest among the aliens, and the people in the heavenly world also know this family the most.

Xuanwu forest, natural selection is the most certain.

"You, fight me!"

Xuanwu pointed to the burly alien.

"Choose me?"

A burly alien, with three eyes open and closed, filled with cold killing opportunities.

The first one was selected, he felt underestimated.

"Boy, the first one to choose me is your bad luck, boy, remember, the one who beat you is called Vimo!"

The burly alien came out step by step, his body filled with a strong breath.

True Emperor!

There is no doubt that the alien youth Vimal has entered the realm of the real emperor.

"True Emperor also has strengths and weaknesses, kill!"

Xuanwu Lin started his hands. As soon as he pushed with both hands, two stars appeared, and he blasted towards Vimal.

"Trick and worm!"

Vimordan opened his mouth and burst into the third eye with two rays of destruction.

bump! bump!

The two stars attacked by Xuanwu Lin were easily defeated by the opponent.

Xuan Wulin's face sank slightly, and his hands were fastened, and stars appeared one after another around his body, for a total of 360.

"Zhou Tianxing Quanquan!"

Xuanwu Lin did not retain anything at all, and directly used the strongest killing trick to raise the combat power to the extreme.

call out! call out! call out!

Stars, puncturing the void, with a long tail, slammed toward Vimor.

"Xuanwu Lin's combat power has improved a lot!"

"Yes, a few years ago, when he battled Lu Ming in the ancient city of Shaoguang, it was only equivalent to the third-order combat power of the Zhendi. Now, there is already the fifth-order combat power of the Zhendi. "

On the side of the heaven, many people showed joy.

I want to come back, Xuan Wulin suffered a big loss in the battle with Lu Ming.

They believe that this battle is stable!

But at the next moment, everyone in the heavens changed his face wildly.

I saw a long scream of Vimor, the body was filled with crystal purple light, and a battle axe appeared in his hand. The burly body, like a beast, rushed towards the Xuanwu Forest.

Uh! Uh! Uh!

At the same time, Vimal held a battle axe with both hands, chopping out constantly, slashing towards the stars.

bump! bump! ...

Those stars, like bubbles, were easily split by Vimor.

Wei Mo strode forward, the battle axe continued to split, one star after another was formed, and was broken.

Xuan Wulin's face changed, he roared, and his palms suddenly pushed forward.

In an instant, there were two hundred stars full of stars, blasting towards Vimor.

"broken!"

Wei Mo drank coldly, and immediately split out hundreds of axes, all over the sky.

Those stars burst one by one.

"kill!"

In the end, Vimor roared, chopping out a shocking sky.

A huge battle axe, with a high energy of 10,000 meters, stood between the heavens and the earth, and suddenly cut towards the Xuanwu Forest.

Xuanwu Lin's pupils contracted sharply and exploded with all his strength. He merged all the stars into one and turned them into a huge star, blasting toward each other.

However, after the giant axe was cut off, the stars exploded directly, like a sun exploding in the sky, Xuanwu Lin screamed, his body flew away from the distance, and flew tens of thousands of meters all the time, fell to the ground, and vomited blood.

Defeated!

Xuanwulin defeated!

The heavens are strong and their faces are ugly.

The Xuanwu Forest, as strong as one of the nine, was defeated without causing much trouble to the other party.

"This Weimo's combat power is at least the sixth order combat power of the True Emperor!"

Someone solemnly spoke.

Many people took a breath.

Are there such terrible births of aliens?

How could this be?

Heaven, Yuanjie, came to the golden age, only a lot of heavenly arrogance was born, but how can aliens have such strong heavenly arrogance?

"It must be individual. There can be no such arrogance among aliens, impossible!"

Some people shouted, and some were difficult to accept.

"This is the top Tianjiao in Tianjie? Can't withstand a blow!"

Vimo spoke coldly, looked at Xuan Wulin disdainfully, carried the battle axe, and walked back.

Liu Sheng Tian Zun, as well as several other emperors, looked a little ugly.

The defeat of Xuanwu Forest will affect the morale of the heavens.

"The second game, you must win back!"

The Six Saints Honored the remaining three Tianjiao.

"This scene, I'm coming!"

The bald young man stepped out.

This man's combat strength was very strong. He had also shot in the ancient city of Shaoguang to deal with Lu Ming. Later, he was stopped by Dan Dan and showed amazing combat strength. It was much stronger than the Xuanwu Forest at that time.

The bald-headed youth's gaze swept across the remaining three of the aliens, and finally landed on the thin aliens with four arms.

"You, come out and fight me!"

Bald Youth Road.

"Then complete you!"

The thin and thin aliens smiled lightly and stepped out in one step. They appeared in front of the bald youth at an alarmingly fast speed.

Uh!

Then, the thin young man shot, his figure flashed, and his thin body disappeared. At the next moment, four sharp sharp edges appeared in the bald youth and cut towards the bald young.

"So fast!"

Many people were shocked.

The speed of this thin alien is so amazing that between the flashes of the figure, it's almost to the extreme and it's totally impossible to catch.

"Mad Fist!"

The bald-headed youth roared, and his fists continuously exploded, like a mad demon, with terrifying punches sweeping in all directions.

Keng! Keng! ...

The sound of metal tremors spread everywhere.

In a blink of an eye, the two met hundreds of tricks, and the speed was almost extreme.

Chapter 2274: Alien prince

The speed of the bald-headed youth boxing is also surprisingly fast, and it can actually block the other party.

"Interestingly, I can keep up with my speed, but I tell you, my speed is only half of it!"

The thin alien sneered. Suddenly, his speed increased again. The four sharp weapons also greatly increased the attack speed, doubled from the previous one.

The bald-headed youth was frightened and roared, turning his fist to the extreme.

But still not defeated, faster than the other side.

puff!

A wound appeared on the bald-headed young man, almost chopping his body in two, blood flowing.

The bald-headed youth retreats and wants to avoid the other party's attack, but the other party's body continues to attack and the attack can't be avoided at all.

puff!

The bald-headed young man was struck again, and his body was cut. This time, one of his arms was cut off, and he vomited blood in a big mouth, revealing a look of despair.

"Dead!"

A thin, alien, with a terrible look, killed towards the bald youth.

"I admit defeat, I admit defeat!"

At a critical moment, the bald head shouted.

"Die to me!"

The thin young people never stopped, and continued to kill the bald youth.

"enough!"

Beside the Six Saints of Heavenly Sovereign, a Heavenly Emperor shot, a force enveloping the bald youth, rolled him up, and rolled to his side.

"Oh, the Emperor Tian is needed, it's a waste!"

The thin and thin alien sneered, looked at the bald young man with disdain, and then stepped back.

The bald young man's face was ugly and dying, he even spit a few sips of blood, and then sat cross-legged and exercised his power to heal the wound.

Liu Sheng Tian Zun and several Emperors, their faces are also very ugly.

Just now the Emperor Tian shot out to rescue the bald-headed youth. The other's Heavenly Emperor didn't try to block it. Perhaps, the other side was intentional.

The bald-headed youth suffered a fiasco and the Heavenly Emperor was forced to take action. All these, countless people on both sides looked at it. This was a huge blow to the Heavenly Realm.

Their top-level Tianjiao is invincible, and it is ironic to need the Emperor to rescue him.

"How could this be?"

Some people in the realm of heaven are showing despair.

The overall strength is not comparable to aliens, and even the arrogance of this generation is not comparable to aliens, what hope is there in the world?

Gou Yan's panting, sooner or later, will be defeated and destroyed by the opponent.

At this moment, there are still two Tianjiao among the aliens who didn't shoot. The shadow-like alien came out step by step, and a cold, harsh voice sounded: "Who are you, fight me!"

On the side of heaven, there are two young arrogance.

One is a beautiful woman, and the other is a young man in blue shirt and personable.

"I'm going to deal with this person, the alien clan, it's up to you, I'm definitely not an opponent!"

At this moment, the beautiful woman said to the blue shirt youth.

The youth in the heavens are also unique.

The blue shirt youth is among the top among the nine, and can be ranked in the top three.

"Okay, no matter what, we can't lose in the next two games!"

Blue Shirt Youth Road.

The beautiful woman nodded, and came out without saying a word, fighting with the shadow-like evil **** clan.

The combat power of the two should be the seventh rank of the real emperor, and the combat power is equivalent. This battle is very fierce.

However, the opponent's body is extremely strange, not only erratic like a shadow, but also capable of launching a soul attack.

After dozens of moves, the beautiful woman fell.

"How could this be?"

People on the heaven side shouted and couldn't believe it.

Interracial, how can there be so many powerful arrogances that are more terrifying than the heavens? This is really desperate.

"No, I can't lose!"

The fierce color flashed in the eyes of the beautiful woman. Suddenly, she no longer defended, letting the other party stab at herself, seizing this opportunity, she struggled to make a move.

This is a game of losing both sides, but it is also effective. Obviously the other party did not expect that the beautiful woman will be so ruthless and hit by a stroke.

boom! boom!

Both of them stepped back out. The beautiful woman vomited blood, and her body was almost torn by sword gas, which was hit hard.

But the other party was also uncomfortable, and was hit by a beautiful woman with all her strength, and was also seriously injured.

Both defeats hurt!

On the side of the heaven, under the desperate move of the beautiful woman, she finally tied.

But on the heaven side, no one is happy, and some are desperate.

Evil God Realm is also born with such a strong arrogance. What hope does Heaven Realm have?

"It seems that you are prepared today. The four of them should be the strongest arrogants in your world!"

A heavenly emperor spoke in heaven.

Many people's eyes are bright. It is possible that the aliens are prepared. It is possible that the strongest aliens will be brought in, so they are so powerful.

In the heaven realm, Jiu Jue hasn't come together, and there are still some arrogances that are still growing. If so, then there is hope.

"You don't need to deceive yourself anymore. Let me tell you the truth. The three people who just played in our world can't even enter the top ten!"

An alien emperor sneered.

"Can't enter the top ten? Impossible, absolutely impossible!"

"Fake, it must be alarmist, it is estimated to strike us!"

"We don't believe it!"

Everyone in the heavens was in an uproar, and no one believed it.

The three people that the aliens have just played are already incredible and incredible. The Nine Skills on the side of the heavens are not opponents. With such fighting power and cultivation ability, they can not enter the top ten of the alien youth, which is too desperate.

They naturally do not believe it.

"It's really sad, no wonder you will lose, I swear in the name of God, all this is true!"

The alien emperor said lightly.

Everyone in heaven is desperate, what the other person said is true?

"This is a prince in our world. His talent is amazing. He ranks ninth among the younger generation in our world!"

Then, the alien emperor, pointing at the alien royal youth.

The youth of the alien royal family stepped out and their eyes fell on the blue shirt youth: "Remember, my name Demon Tianluo will crush you!"

"war!"

The blue shirt youth stepped out directly, launched an attack, and attacked the alien prince, Motian Luo.

call out! call out! call out!

The blue light of the gods turned into an astonishing attack. As soon as he shot, the blue shirt youth showed a terrible combat power.

"True Emperor's eighth order combat power!"

Everyone in the heaven, his eyes lit up, and he saw hope.

The combat effectiveness of the blue shirt youth has reached the eighth order of the true emperor. In this young age, this step is absolutely powerful.

"A little strength, but not enough!"

Demon Luo spoke indifferently, bursting out a light of destruction in his eyes, turned into a dozen sword lights, and chopped towards the blue shirt youth.

Jianguang roared, directly breaking through the attack of the blue shirt youth, so that the blue shirt youth retreated.

"What? So strong!"

Many people were shocked.

The blue shirt youth was forced to retreat in one move.

"kill!"

Mo Tianluo shouted, Jianguang roared, and slashed towards the blue shirt youth.

The young man in the blue shirt roared in the sky, cast a terrible magical power, broke the sword light, and killed Motian Luo.

"Defeat you!"

Mo Tianluo spoke indifferently, rose into the sky, and burst out with a palm.

Chapter 2275: Chaos Stone, with falling

Motianluo is so powerful and brave that he shoots with a palm, directly penetrates the void, and penetrates all attacks of the blue shirt youth.

The young man in the blue shirt's face changed wildly and wanted to back away to avoid it, but it was too late.

bump!

The terrible palm print hit the blue shirt youth's chest. The blue shirt youth screamed. The chest was penetrated. The body flew tens of thousands of meters away. The big mouth coughed up blood and was hit hard.

"No, impossible!"

On the heaven side, some people shouted, unacceptable.

The blue shirt youth, in the ninth world of heavenly youths, can be ranked in the top three, and the combat power has reached the eighth rank of the real emperor. However, the battle with the alien prince was only a few moves and was hit hard.

This gap is too big!

The point is, really, as the alien emperor puts it, is Motianlu ranked ninth among the alien younger generation?

That way, there was really no hope in that world!

When this generation of arrogance grows up, it is not hope, but despair!

Many people shouted, unwilling to accept all this.

Waiting for the endless years, fighting for the endless years, finally, in the golden age, the age of arrogance, this generation is destined to rise and give birth to the top strong.

Everyone is looking forward to, waiting for the rise of this generation, and then killing it back, taking back the heavenly domain Jiutianyu.

But what was waiting was this result.

Many people's faces were pale, and at this moment, there was no morale.

Fight, fight desperately, what's the use?

"Oh no!"

Liu Sheng Tian Zun sighed in his heart.

He knows that this is a huge blow for everyone, and for Heaven, the situation is quite bad.

"Hahaha, the so-called golden age of heaven, but in this way, it's unbearable, do you still have arrogance? All come out to fight.

The aliens laughed loudly, full of disdain and ridicule.

Today, their purpose was successfully achieved.

Tianjiao's morale is weak, and it will definitely collapse after a while.

"There are still many arrogances in my Celestial Realm. They are not in the Two Realms. Otherwise, they will not be weaker than you!"

Six Saints Heavenly Speaks, at this time, absolutely must not weaken the momentum.

"Really? Then give you time to send someone to find Tianjiao. I'm afraid that what you find is also vulnerable."

The alien emperor smiled lightly.

"Go, find the top two of Jiu Ju's top rankings. This time, the morale must not be weakened!"

Six Saints of Heavenly Venerable, a voice to a heavenly emperor.

"I'm afraid of the other party, there is a stronger Tianjiao!"

The emperor sighed.

"Can't control so much, now, there is only one battle!"

Six Saints Heavenly Path.

The Emperor nodded, his figure flashed and left here.

Those of different races stood still on the battlefield and waited, looking calm and relaxed.

...

At this moment, Lu Ming ended his cultivation.

"There is not enough energy to break through the real emperor realm!"

Lu Ming sighed.

Although he refined a lot of the hearts of the world, he just rushed Xiu to the peak of the seven-star virtual emperor, and he could not do it if he wanted to attack the true emperor, unless there were a large number of chaotic stones or Hongmeng stones.

"Forget it, continue to the Battlefield of the True Emperor. With my current cultivation practices, outside the Battlefield of the True Emperor, there is no one invincible, hunt some exotic crystal cores, and come back to exchange for Chaos Stone!"

Determined to pay attention, Lu Ming came out of the mountain and river map and flew towards the outside of the Two Realms.

Approaching the city wall, Lu Ming felt wrong, and the atmosphere of the two worlds was extremely dignified and depressed.

"There is a war!"

Don't think, Lu Ming can also guess that there must be a war.

When he came to the city wall, he found helplessness and despair in the eyes of many people, and seemed to have lost hope.

After a brief inquiry, Lu Ming understood what was happening.

"Alien pride? There are also alien princes. With that, the Chaos Stone has fallen!"

Lu Ming whispered first, and then his eyes lit up suddenly.

Lu Ming looked away and saw Hengyu Tiandi and others on the city wall. Lu Ming hurried towards Hengyu Tiandi.

"Lu Ming!"

Emperor Hengyu noticed Lu Ming and smiled.

"Senior Hengyu, please let me out!"

Lu Ming said.

"Are you going out?"

Emperor Hengyu revealed a strange look.

"Yes, I will meet the pride of aliens!"

Lu Ming nodded.

"This..."

Emperor Hengyu, as well as several other emperors, looked at Lu Ming and hesitated.

Although Lu Ming's talents have not existed since ancient times, after all, he had just become an emperor, and he was in the ancient city of Shaoguang a few years ago. Although Lu Ming was not weak, he could defeat Xuanwu Forest at that time.

But now, Xuanwu Lin has made great progress, but he is still not an alien opponent.

Even if Lu Ming progresses faster and is stronger than Xuanwu Lin, it cannot be an opponent of the alien prince.

"it is good!"

But Emperor Hengyu, with a little consideration, nodded in agreement.

Lu Ming has pioneered history and became an emperor with multiple laws. There is no ancient man before. Even if Lu Ming progresses fast, there is nothing surprising.

The light of hope flashed in their eyes, hoping that Lu Ming could defeat the alien pride and restore the morale of the heavens.

Immediately, Emperor Hengyu ordered to open the formation and let Lu Ming go out.

Lu Ming flickered and flew away from the Two Realms.

Suddenly, it attracted everyone's attention.

"That's... Lu Ming!"

"It's him, it's Lu Ming. Why did he go out, is he going to fight the alien Tianjiao?"

"When Lu Ming was not an emperor, he controlled a variety of laws, and even controlled the three strongest laws. Against the sky, he became an emperor. Since ancient times, he became a four-star virtual emperor and overwhelmed the Xuanwu Forest. By the way, Lu Ming is definitely stronger, maybe he can fight the alien Tianjiao!"

Many people showed their hopes.

"I don't think it is necessary. Even if he is strong, he cannot be an opponent of the alien prince!"

Someone splashed cold water.

It is a master of the blue family.

"Why raise others' breeze and destroy your morale, you will know after battle!"

Emperor Hengyu glanced at the master of the Lan family, and said coldly, the master of the Lan family changed his face, not daring to say anything.

Lu Ming was extremely fast, like a flash of lightning, and came to them beside the Six Saints.

"Lu Ming!"

Liu Sheng Tian Zun several people, looked at Lu Ming, nodded.

"Senior, let me fight!"

Lu Ming said.

"Are you going to fight? Ridiculously, haven't you seen how strong the opponent is? If you go to fight, it will only make us one more defeat, and more morale!"

Xuanwu Lin preemptively said.

"Do you think you are the same as you?"

Lu Ming glanced at Xuan Wulin disdainfully.

"you..."

Xuanwu Lin blushed, but he did fail just now, unable to argue.

"Lu Ming, fight hard!"

The Six Saints of Heaven opened their mouths.

Lu Ming nodded, stepped out, and walked ahead, a breath of seven-star virtual emperor burst out completely.

"Seven Star Xudi, impossible? How can he improve so fast?"

Xuanwu Lin's pupils contracted sharply, and his heart shouted incredulously.

Chapter 2276: Lu Ming shot

Xuanwu Lin roared in his heart, incredible, was shocked by Lu Ming's repair.

Others are not much better. They gape and breathe in cool air.

A seven-star virtual emperor is nothing, but this seven-star virtual emperor became an emperor more than two years ago, which is terrifying.

Several other members of Jiu Ju, such as the bald youth, the blue shirt youth, and the beautiful women, were shocked to see the landing song.

"It is good!"

Liu Sheng Tian Zun, several other emperors, were overjoyed.

Lu Ming is so talented, if he continues to grow, he can really become a pinnacle.

The people on the heaven side were shocked, but on the other side, they were stunned and despised.

They didn't know that Lu Ming was an emperor more than two years ago.

"Are you really no one in Heaven? Did you actually send a virtual emperor to die?"

A foreign emperor made a mockery.

"What about Xu Emperor? It's enough to defeat your so-called Tianjiao!"

Lu Ming spoke, provocative, full of disdain.

"Crazy, this boy, leave it to me!"

Among the four arrogances of the aliens, the arrogant, arrogant, purple-scaled arrogance stepped out, a huge axe appeared in his hand, and his eyes were grim.

This person is called Vimor, and he had easily defeated Xuanwulin in the previous battle with Xuanwulin.

There is no one to stop the aliens, in their view, to deal with a virtual emperor, Wei Mo alone is enough.

bump! bump!

Vimo was filled with purple light, and his body was four meters tall, more than twice as tall as Lu Ming. Every step on the ground, the ground roared, like a giant beast walking.

"Boy, I will hack you with an axe!"

Wei Mo's grim opening, three eyes burst into a grim light.

Lu Ming raised a middle finger, revealing disdain.

"court death!"

When Vimo stepped on the ground, the ground burst, and his burly figure rushed towards the landing very quickly. In the air, an axe slammed toward the landing, and a terrible axe split the void into two. half.

"True Emperor's Tier 6 combat strength is too weak!"

Lu Ming whispered, his figure rose into the sky, and the whole person rushed towards the other party.

When encountering the opponent's slashing down, Lu Ming slammed out.

With this move, Lu Ming used an indestructible golden body, like a peerless soldier, and at the same time, the power of the law covered his palm.

boom!

The axe was like tofu, unable to withstand a blow, and was directly defeated. Lu Ming kept sprinting and rushed to Vimor.

Wei Mo was shocked, but he didn't expect that the blow he struck out could not withstand a blow in Lu Ming's hands, which was completely beyond his expectations.

In his view, a virtual emperor, how strong he is, must be hacked to death with an axe.

At this point the reaction came and wanted to avoid it, it was too late, Lu Ming had arrived.

bump!

Lu Ming slaps on Vimo's face, Vimo screams, half of his face burst apart, his body hit the ground heavily, smashing the ground out of a big pit, lying inside and twitching nonstop Half dead.

The audience suddenly fell silent.

Everyone's eyes widened involuntarily, a little dazed.

Just now, the extremely powerful Vimal, easily defeated the Xuanwulin's Vimal. Facing Lu Ming, he was completely vulnerable. It was just a move. He was crushed by Lu Ming and seriously injured. This impact is too strong. .

"it is good!"

"well played!"

On the side of the heavens, the shouts of shouting broke out, and two cities were boiling.

Many people shouted and were very excited.

It's so cool, it's so cool.

The Tianjiao's Tianjiao has been suppressed by the other party just now. Now Lu Ming shoots and slaps the other party's Tianjiao directly. This scene is as cool as drinking a cold beer in the summer.

Originally, many people were somewhat desperate, but now, they can't help but show their hope.

Heaven, there is a stronger Tianjiao.

Although the alien pride is strong, it is not invincible.

Of course, there are a few people who do not like to resent, such as Xuanwu Forest, and Blue City, and other people who complained to Lu Ming.

"Damn, why is he so strong, hateful!"

Xuan Wulin shouted in his heart, difficult to accept.

Before, he was easily defeated by Weimo, but now, Weimo is vulnerable in front of Lu Ming. Does this mean that he is too garbage?

His face was somber and grim.

"Humph!"

Lan Cheng snorted slightly, and his face was not good-looking.

Similarly, the strong people of different races have a ugly face.

Their alien pride was actually defeated by Lu Ming in such a strong way, and a trick on the face was really ugly, and it was not good for their plan.

"This is your arrogance? Too weak, change one!"

Lu Ming said carelessly, looking at the three remaining Tianjiao.

The remaining three, with the exception of the alien prince Motian Luo, had dignified faces.

The two of them, even if they are stronger than Weimo, can't be much stronger. They can never crush Weimo easily like Lu Ming.

They go up, certainly not Lu Ming's opponent.

"Eight Emperor Qixing, with such a combat capability, a little interesting, I will meet you later!"

Mo Tianluo stepped out, purple hair flying, very handsome.

In addition to the third eye of this person's eyebrows, it is filled with a sense of evil, if you enter the human race, I am afraid that you will mesmerize thousands of girls.

Lu Ming smiled, and his goal was Mo Tian Luo.

"Shoot, don't be sloppy!"

Lu Ming said carelessly, an expression that did not put Mo Tian Luo in his eyes at all.

A gloomy color flashed in Mo Tianluo's eyes, a purple hair flying, and the whole body was filled with purple qi.

call out!

In his eyes, a radiant brilliance burst out into a huge war sword, slashing towards Lu Ming, the power is amazing.

Lu Ming narrowed his eyes and turned the power of the world to the extreme. At the same time, a spear appeared in his hand, which contained eight laws.

Faced with Mo Tianluo, Lu Ming's surface was bold, but he didn't dare to carelessly.

The opponent's combat power has reached the 9th order of Zhendi, and the current combat power is also in the 9th order of Zhendi, which is equivalent to Motianluo.

Keng!

Lu Ming's spear soared and bombarded with the opponent's war sword, sending out a sonorous sound.

The opponent's war sword was defeated by Lu Ming, and Lu Ming's figure also took a few steps back.

"blocked!"

"So strong!"

The eyes of the people on this side of the heavens light up.

Lu Ming, blocking the opponent's blow, shows that there is a battle.

At this moment, although many people were shocked by Lu Ming's combat power, they all hoped that Lu Ming could fight against and even defeat each other.

"kill!"

Seeing Lu Ming blocking his own move, Mo Tianluo shouted, and in the third eye, continued to shine, turned into a dozen war swords, and slashed towards Lu Ming.

At the same time, he struck himself to kill Lu Ming.

The long gun in Lu Ming's palm stabbed continuously, blocking more than a dozen war swords, and finally made a move with Mo Tianluo, his figure drifted back.

Chapter 2277: Lion big mouth

Lu Ming and Mo Tianluo had a match, and his figure retreated.

"Good strength!"

Lu Ming felt his arms tingle slightly. It seems that with eight rules, the strength still has to fall.

Then nine rules!

Lu Ming added the law of life to the spear.

Buzz!

The spear buzzed, its power increased greatly, and turned into a skylight, pressing towards Motianluo.

"kill!"

Mo Tianluo's palms are crystal-like like purple jade, killing Lu Ming, continually blasting out, colliding with Lu Ming's gun, bursting into a terrifying roar.

The two constantly collided, and in a blink of an eye they fought dozens of moves, making it difficult to distinguish the outcome.

After Lu Ming used nine rules, the combat power was in the ninth-order combat power of the True Emperor, which was comparable to the opponent and was not weaker than the opponent.

"It's so strong, Lu Ming is so strong, and can completely fight each other~!"

"Haha, yeah, who said that my heavenly arrogance is not as good as the alien race, just didn't come out before!"

"Lu Ming created a miracle and became an emperor with a variety of rules. In the future, he will definitely become a peerless powerhouse. This is the hope of heaven!"

Many people have argued that these words fell in the ears of Blue City, making his face more gloomy, with cold lights constantly flashing in his eyes, not knowing what he was thinking.

The war continues, Lu Ming and Mo Tian Luo, the war to high altitude, fierce battles in a row.

"Defeat, give me defeat!"

By this time, Mo Tianlu was agitated.

The main thing is that Lu Ming's cultivation base is too low to be a virtual emperor. He can't even win a virtual emperor. This battle is passed back to the evil spirit world. He must be suppressed and ridiculed by other princes.

His offensive became more and more violent.

"about there!"

There was a sneer in Lu Ming's mouth, and the gunshot suddenly changed, turning into a rotating trend, strangling towards the other party, and completely laid down his defense.

"court death!"

Mo Tianluo's eyes lit up and a palm hit Lu Ming, but he was also swept by Lu Ming's spear.

The two flew out at the same time, vomiting blood and suffered serious injuries.

However, Lu Ming has an immortal classic.

He runs the ancient scriptures and his injuries are recovering quickly.

Uh!

Lu Ming killed him again.

The two had a big battle together, Lu Ming completely ignored the defense, only attacked, it was a posture of replacing injuries with injuries.

The two were continuously hit by each other, but Lu Ming's injury recovered quickly, while Mo Tianluo's injury was getting heavier, his breath was getting weaker and weaker, and the combat power was rapidly weakening. In the end, he was not Lu Ming's opponent at all. Rolling.

boom!

Lu Ming took a shot at Motianluo and blasted Motianluo down to the ground, the earth shattered, Motianluo's head was circulated, his mouth vomited blood, and his breath was extremely weak.

But Lu Ming's figure kept on, and he continued to kill Mo Tianluo.

"Senior, help me stare at each other's God!"

At the same time, Lu Ming sent a voice to the Six Saints.

what!

Mo Tianluo roared, rushed out of the ground and tried to escape, but was caught up by Lu Ming instantly, and a shot was drawn on the other party. The other party's body flew out like a shell, and the direction of the flight was two. The direction of Boundary City.

"enough!"

A foreign emperor roared, and stretched out a big hand, trying to grab Mo Tianluo.

But the Six Saints Clan waved their hands and defeated the opponent's big hand.

"What do you want to do? Do you want to go to war?"

The alien Heavenly Emperor roared and launched an attack at the same time, making a shocking blow, but the Six Saints Heaven Sovereign was stronger and blocked the opponent.

And Lu Ming has caught up with Mo Tian Luo.

At this moment, Mo Tian Luo had almost no power to fight back, and was stepped on the body by Lu Ming, causing the bones of his body to break, and the injury was more serious.

Then, Lu Ming grabbed Mo Tianluo's neck and ran towards the two realms.

"Let my prince!"

Several emperors of the different races were furious and shot at the same time, but the Six Saints and Heaven Emperors also shot, blocking the other party's attack, and then rolled up the blue shirt young people, rushed to the two realms, and caught up with Lu Ming , Liu Sheng Tianzun rolled up Lu Ming and flew to the Two Realms.

Behind, several alien emperors were furious and quickly pursued.

But in the two realms, Hengyu Tiandi and others shot, and attacked and flew out, blocking each other.

In this block, the Six Saints of Heavenly Sovereigns have returned to the Two Realms and landed on the walls.

Won!

Lu Ming won!

At this moment, the eyes of all the heavens fell on Lu Ming, radiating surprise.

Their eyes are full of hope again.

It's not that Tianjiao's arrogance is inferior to others, but it's stronger that it didn't shoot. Did Lu Ming win the opponent without seeing it?

Moreover, Lu Ming is just a virtual emperor.

The Emperor Xu is so strong, how amazing will it be?

They saw the hope again. In the future, Tianjie may not have the opportunity to fight against the aliens or even counterattack.

"Hand over my prince, otherwise you will not be kept!"

Several alien emperors stopped outside the two cities and roared.

"Oh, I'm so scared. Come and attack. It seems like you hand it over, you won't attack!"

Lu Ming sneered, clasped Detian Luo's neck, and stood above the city wall.

"Boy, you will die miserably, I swear!"

Demon Roar roared.

bump!

Lu Ming carrying Mo Tian Luo and smashing the city wall heavily.

The walls of the two boundary cities were refined with special materials and inscribed with innumerable inscriptions, so hard.

Mo Tian Luo was smashed with seven meats and eight primes, and his whole body didn't know how many pieces he had broken, especially a face, which was completely unrecognizable, and where there was the handsome look before.

"No more nonsense, pickled you directly!"

Lu Ming spoke coldly, and Mo Tianluo shut up.

At this time, several emperors of different races were furious and wished to dump Lu Ming for eight pieces, which could be said to hate Lu Ming.

This time, their plan is to use the younger generation to combat the morale of the heavens.

Originally, their plan has been perfectly completed, and the morale of the people in the heavens has been weakened many times.

Unfortunately, at a critical moment, a Lu Ming ran out, completely ruining their plans, losing their natural arrogance in a row, and saving the morale of the heavens.

Even the alien prince fell into Lu Ming's hands.

Alien princes are not only distinguished in their identities, but also have great talents.

"How are you going? Can you let my prince go?"

One of the alien emperors spoke.

"Originally, I was going to kill him directly, but for your attitude of "sincerity", just let him go. So, you take out a thousand chaotic stones, and I let him go!"

Lu Ming said with a big mouth.

"What? A thousand chaos stones, it's impossible, you have a big appetite!"

An alien emperor roared.

A thousand chaotic stones, kidding, you think the chaotic stone is Chinese cabbage, a few are very precious, and a thousand.

"Can't get it out, just collect him for him!"

Lu Ming said with a cold face.

"One thousand dollars is too much, it is impossible!"

An alien **** said.

Chapter 2278: One hundred chaotic stones

"Okay, then I will take a step back, a hundred chaotic stones, no less!"

Lu Ming pretended to think about it and said.

Directly from one thousand to one hundred.

In fact, he was indeed a big lion before, and he knew that a thousand dollars was simply impossible, just for bargaining.

"A hundred dollars, still too much, and less!"

An alien emperor also wanted to bargain.

bump!

Lu Ming mentioned Mo Tian Luo and smashed it against the city wall again, making Mo Tian Luo scream.

"Okay, one hundred is one hundred, let's go together!"

After all, the aliens were helpless, and then an alien emperor returned to the army of aliens to join the Chaos Stone.

"I am against exchanging Chaos Stone with alien princes!"

At this moment, on the side of heaven, a person stepped out and said coldly.

Lu Ming looked, but it was Blue City.

Blue City looked around and said to everyone in Heaven: "This alien prince, the talent is too high. If you let him go back and grow up in the future, it will be a great enemy for us. Such a good opportunity must be beheaded! "

This remark made many people's eyes blink.

Yeah, this alien prince has amazing talents. Even the top three arrogances of the Jiuju are not opponents. They are placed on the side of the celestial realm, which is the arrogance at the top of the pyramid.

How terrible will such a character grow in the future?

Many people were moved by Blue City!

Blue City sneered.

Lu Ming wants to exchange resources with Motianlu. How can it be so easy, he just wants to stop it.

And beheaded Mo Tianluo, the aliens must remember Lu Ming, which for him, Baili is harmless.

"Fart/fart, Mo Tian Luo Nai is Lu Ming's captive, how to deal with it, he has the final say, others have no right to intervene!"

Emperor Hengyu came over and scolded directly.

Won't he see the thoughts of Blue City? It is really mean and shameless.

"Hengyu, you can't say that. Ordinary captives can naturally be disposed of at will, but this alien prince, whose talent is too high, is related to the safety of my heavenly realm, and he can't handle it capriciously!"

Blue City quibbled, holding on to the safety of heaven.

"Ha ha!"

At this moment, Lu Ming sneered, full of ridicule.

Lancheng looked at Lu Ming, cold light flashed in his eyes, said: "Lu Ming, what are you laughing at?"

"I laughed at you!"

Lu Ming said.

"You... you are bold!"

Blue City was furious, Lu Ming dared to face so many people, so he didn't make sense.

"I finally understand why there is defeat on the side of heaven, that is, there are too many people like you, there is no confidence at all, there is no confidence, there is no belief that there is no way to win, how can you win?"

"I can beat this alien prince today. I can crush him in other days, not to mention an alien prince, even ten? What can I do to suppress it in other days!"

"Since I dare to let him go, this person, I will solve it in the future, so there is no need for you to worry here!"

Lu Ming spoke, full of strong confidence.

"Haha, yes, this alien prince, in your Blue City's eyes, may be an enemy in the future, but in Lu Ming's eyes, it is just a clown who jumps on the beam, what are you afraid of?"

Hengyu laughed.

"Who is right about the future?"

Lan Cheng said sullenly.

"Since you're not sure, what else are you saying, maybe I will kill him tomorrow!"

Lu Ming smiled coldly, then turned around and ignored the Blue City.

Click!

Lan Cheng's fists clenched tightly, and there was a cold murder in his eyes, but he was well covered up by him.

He was the Emperor of Heaven, and Lu Ming dared to speak to him like this, it was almost death.

Of course, he would not think about why Lu Ming has such an attitude.

Because of Lan Yun's reasons, in the ancient city of Luanguang, Lu Ming was targeted by Lan Cheng everywhere and wanted to deal with him repeatedly.

Emperor Tangtang, but everywhere against the younger Lu Ming.

The clay figurine still has a three-pointer fire, Lu Ming is really intolerable, and simply does not give Blue City a good face.

At this time, the Heavenly Emperor who had gone to join Chaos Stone had returned.

"Chaos Stone is here, and my prince is about to be released!"

The Emperor said.

"Senior Six Saints, trouble you!"

Lu Ming handed Demon Luo to Liusheng Tianzun.

Only Liu Shengtianzun exchanged to be foolproof. When he exchanged, he must be slapped by the other party.

Liusheng Tianzun nodded, took Demon Luo, and flew out of the Two Realms.

The other party had no choice but to honestly hand over the Chaos Stone to the Six Saints of Heavenly Lord and exchanged it back to Motian Luo.

Liusheng Tianzun returned and handed a storage bracelet to Lu Ming.

Lu Ming took a look, and there were exactly one hundred chaotic stones in the storage bracelet.

Lu Ming was overjoyed, a hundred chaotic stones, but this was a huge asset.

He had been killed on the battlefield of the True Emperor for more than two years, and the alien crystal core he obtained could only be exchanged for three Chaos Stones.

And now, one hundred chaotic stones were obtained at once.

With these Chaos Stones, his cultivation behavior will surely break through to the real emperor realm.

Many people looked at Lu Ming, their eyes fiery.

Envy, jealousy and so on.

Like Xuan Wulin, he played and was beaten up by the other party, while Lu Ming played and got a hundred chaotic stones. This gap is too big.

A few people in the blue city had a somber face.

The more resources Lu Ming gets, the faster he grows.

"Boy, my family and Tianjiao are here to continue the battle!"

At this time, an alien emperor roared and stared at the land.

Now that this is the case, the morale here is not weak, but it is greatly increased. The morale is weak, but it is on the other side.

Not reconciled, they called for stronger Tianjiao and wanted to fight Lu Ming to fight against the morale of the heavens.

"No time!"

Lu Ming's answer, only two words, then waved his hand and flew towards his residence.

With Chaos Stone in hand, Lu Ming just hurried back to break through, how could he have a mind to fight.

"Damn, what other arrogance is there in the realm of heaven, call it out, and fight against our arrogance!"

The alien emperor roared.

"No time!"

This is the answer of Six Saints.

How can he be so stupid?

Lu Ming just won a big victory and restored his morale. How could he be silly and call for a duel again, then be abused by the other party, what should he do if his morale is weak?

Anyway, now they have a big victory and they will close when they see it.

The alien emperor, anger vomiting blood.

He sent Tianjiao to invite wars outside the two realms, but on the side of the realm, he just ignored it.

In the end, the aliens had no choice but to retreat.

Their plan this time was completely defeated by Lu Ming.

After returning to his residence, Lu Ming went directly into the mountains and rivers, took out a pile of original stones, devoured the energy of the original stones, and restored the state to its peak.

Then he took out a chaotic stone, and he would use the chaotic stone to impact the real emperor realm.

The impact of the real emperor realm requires a lot of energy, but there are a hundred chaotic stones, which is more than enough.

Taking a deep breath, three chaotic air flew out of the chaotic stone and was sucked into Lu Ming's mouth.

Lu Ming began to refine the gas of mixed drops, impacting the realm.

Chapter 2279: Break through the real emperor realm

Once the virtual emperor breaks into the real emperor, the small world will become stable. In the small world, creatures can enter into survival or even practice inside.

Naturally, the energy required is also amazing.

Now, Lu Ming is refining chaotic gas much faster than before, and he can refine a chaotic stone in three days, that is, three strands of chaotic gas.

After refining a piece, Lu Ming took out another piece.

Soon after a month passed, Lu Ming had refined ten chaotic stones and still had no breakthrough.

Lu Ming continued to refine.

In the blink of an eye, the past three months.

The speed of Lu Ming refining Chaos Stone is getting faster and faster.

In three months, more than 30 pieces have been refined.

boom! boom!

At this time, Lu Ming's accumulation has reached the apex, his small world rumbling and expanding continuously.

In the end, Lu Ming's small world reached an area of 100,000 miles. This area is almost the same as the mountain and river chart.

"evolution!"

Lu Ming thought, and in the small world, mountains, rivers and lakes appeared.

However, there is no soul.

If you want to evolve the born spirit, you must at least reach the realm of the emperor and control the avenue.

Buzz!

At this time, Lu Ming was filled with a layer of radiance, this is the world's divine light.

The divine light of the world shows that the small world is completely stable and stepped into the realm of the real emperor.

"True Emperor Realm has finally broken through!"

Lu Ming was overjoyed. Now, he feels that his world power is five or six times stronger than before, and he is extremely strong.

After refining more than thirty chaotic stones, Lu Ming finally broke into the real emperor realm and became a one-star real emperor!

"My current combat power should reach the tenth rank of the real emperor!"

Lu Ming estimates his combat strength.

Before the breakthrough, his combat power was in the 9th rank of the real emperor.

But the improvement of combat power is multifaceted, and the most important thing is the law.

However, from the Emperor Emperor to the Emperor Emperor, the power of the world has increased five or six times, so the combat power has also risen sharply to the tenth rank.

Generally, it is difficult to improve so much by fighting for a small breakthrough.

"The true emperor is divided into eighteenth ranks of combat power, and only the cultivation of the seven-star peak, and the nine rules controlled by them, have reached the third realm, and master the powerful magical power, it is the eighteenth rank of combat power!"

"However, I don't have to reach this step at all, I can reach the eighteenth order!"

Lu Ming smiled.

He is different from others, and his physical strength is far more than ordinary people.

Moreover, he is in control of the three strongest laws, and the others are kingly laws.

If he cultivates to reach the peak of the Seven Stars, and all nine laws reach the third realm, his combat power naturally exceeds that of the Eighteenth Order of the True Emperor.

"There are more than sixty chaotic stones, but now it is just a breakthrough. You need to consolidate it first and then break through. Now you should practice the law!"

Lu Ming planned the future direction of cultivation.

When the law reaches the second level, there are also differences in strength.

Many of his laws, just after breaking through the second realm, have not reached the peak of the second realm, and have room for improvement.

Moreover, there is no bottleneck, and it is the best choice to enlighten and enlighten the ancient trees of Taoism.

Lu Ming came out of the mountain and river map and went directly to the mature ancient tree of Wudao in the Two Realms.

In the following days, Lu Ming joined the law of enlightenment under the ancient tree of enlightenment.

The two realms have also calmed down.

After a few strong attacks, the aliens suffered heavy losses, but suffered heavy losses. The subsequent plan to fight the morale of the heavens was also unsuccessful. During this time, they calmed down and did not continue to attack.

But everyone knows that it is impossible for aliens to give up, this is just the tranquility before the storm.

Time flies, and a year later.

This year, Lu Ming has been under the mature ancient tree of enlightenment and enlightenment.

His nine laws are all advancing by leaps and bounds and progressing rapidly.

After breaking through the second realm, there were no bottlenecks, and various laws quickly moved towards the peak of the second realm.

In a year, there are at least six or seven kinds of rules, reaching the peak of the second realm.

This made Lu Ming's cultivation capacity more powerful, and Lu Ming estimated that there should now be an eleventh-level combat power of the True Emperor.

However, until now, many laws have encountered a bottleneck again. Moving forward, it is the third realm of the law. It is difficult to break through hard work.

Lu Ming decided to continue to go to the battlefield of the True Emperor, and only by fighting with the aliens can he break through quickly.

However, before leaving, Lu Ming returned to his residence, refined 20 chaotic stones, and allowed Lu Ming's cultivation to enter the two-star Zhendi in one fell swoop.

Xiu Wei made a breakthrough, but Lu Ming's combat power was still at the 11th rank of the real emperor, but it had reached the peak of the 11th rank.

Everything is ready, Lu Ming quietly left the two realms and headed towards the battlefield of the True Emperor, without letting others know.

Soon after, Lu Ming returned to the battlefield of the True Emperor.

Like the Emperor Battlefield, the True Emperor Battlefield, and the Great Emperor Battlefield, they are all specially developed. If the aliens want to attack the Two Realms City, they generally will not pass through these battlefields.

"With my current combat strength, there are no challenges outside the Zhendi battlefield. Only the core of the Zhendi battlefield is challenging!"

Lu Ming thought.

The powerhouses in the core area of the True Emperor's Battlefield are all of the True Emperor's tenth-level combat power, which is the most suitable for Lu Ming's fighting and training.

Lu Ming flew towards the core area of the True Emperor's battlefield.

When he flies like this, he will definitely be targeted by aliens. On the way, he is ambushed by two waves of aliens, but these are the strongest, but the real Emperor's ninth-level combat power is easily killed by Lu Ming, but he has won many crystals. nuclear.

When Lu Ming entered the core area of the True Emperor's battlefield, Lu Ming slowed down, his breath converged, and he proceeded carefully.

call out!

when!

Soon after, a dazzling red light flashed in front, blood red dazzling, and the sound of weapon collision came from, obviously someone was fighting.

Lu Ming performed the Divine Breath technique, leaning on the ground carefully along the ground.

call out! call out!

Suddenly, there were two rainbow lights in front, one after the other, flying quickly to Lu Ming.

In front, there is a blue sword light, and the man who controls the sword light is an old man in a green robe.

Behind is a middle-aged man wearing a blood robe, holding a **** sword, and chasing the old man in green robe.

Obviously, both of them are from heaven.

"help me!"

The old man in green robe saw Lu Ming and shouted.

However, the blood robe middle-aged, the speed suddenly accelerated, the blood knife burst out.

The old man in the green robe screamed and resisted desperately, but it was useless. His defense was directly broken by the **** knife, and the whole person was cut in half.

Uh!

The blood robe passed by in his middle age, put away the storage ring of the old man in the green robe, and dug out the heart of his world.

"I met another one, still so young, so young, I dare to come to the core of the real emperor's battlefield, but I have the courage, but you are out of luck, and I met my blood knife, and you are unlucky!"

Blood robe middle-aged licked his lips, revealing a terrible color.

Lu Ming's pupil shrank slightly, his face dignified.

Chapter 2280: Blood Knife

Blood Stainer, the name, Lu Ming heard Bai Tai mentioned before.

There are regulations in the two realms, but all the creatures in the realm can not kill each other after entering the battlefield, and the violators will be severely punished.

However, there will still be people who take risks and hunt down the heavenly creatures on the battlefield to obtain huge profits.

Such people are generally modified by Yirong. They are an identity in the battlefield, and they are an identity when they return to the Two Realms.

Of course, there are great risks in doing so. Once recognized, there is only one way to go.

The blood knife hand is just such a person, and this person is extremely powerful. It is said that it is the 14th order of the real emperor, which makes people feel discolored.

Just now, he was a master in hunting the realm, just happened to be met by Lu Ming.

Now, he turned his goal and turned to Lu Ming.

However, Lu Ming did not retreat, his eyes filled with eager expression.

His combat power has reached the peak of the 11th order of the True Emperor, and is only one step away from the 12th order.

In addition to the indestructible ancient scripture, even the strongest of the 12th rank of the real emperor must be killed by him.

Therefore, he wanted to try to see how strong the 14th order of the real emperor is.

Even if he is not invincible, Lu Ming still has the star bow, and the emperor's flesh.

The blood knife was slightly surprised, but Lu Ming didn't expect to hear his name, but he didn't escape.

Don't run away, then die!

The blood knife's hand flashed like a blood of light, rushing towards the landing.

Buzz!

In Lu Ming's palm, the supernatural power—the infinite dragon gun emerged.

"kill!"

Lu Ming erupted with all his strength, and shot at the Blood Sword.

The guns roared, the void was broken, and the power was amazing.

This is Lu Ming's first shot after breaking through the real emperor.

"The eleventh order combat power, at a young age, just the two-star true emperor, has the eleventh order combat power. This is a peerless genius!"

The Blood Knife started to be a little shocked, but then it was replaced by greed.

At such a young age, there is the eleventh order of the true emperor. This is terrifying. In his understanding, only one or two people in the entire young generation of heaven have reached this step.

Is this young man in front of him one of the top two in Jiu Ju?

In any case, this kind of genius, the net worth felt scary.

The blood knife's eyes were fiery, and he slashed towards the landing.

The blood of the knife was cut on Lu Ming's gun mansions, Lu Ming's gun mansions, shaking violently, the wireless dragon gun interwoven with nine kinds of laws, continuous shaking, as if to be torn apart by the power of the other party .

At the same time, a terrible knife rushed towards the landing.

bump!

Lu Ming's body flew out directly, and his body was covered with knife marks, blood flowing.

Lu Ming vomited blood and was hit hard.

The 11th-order combat power of the True Emperor is very different from the 14th-rank combat power of the True Emperor.

If the ordinary real emperor's eleventh order combat power, under this trick, already dead.

But Lu Ming has immortal ancient scriptures, immortal gold bodies, amazing defense power, and even more terrifying resilience.

At this time, Lu Ming's injury was recovering quickly, and the knife wound was healing quickly.

"not dead!"

The blood-knife hand was shocked.

A man of the eleventh order of the True Emperor, who took him a stroke, did not die, which was beyond his imagination.

and many more!

The blood knife hand's eyes suddenly glared, revealing a very shocked look.

He thought of the match with Lu Ming just now, and felt that Lu Ming's magical power contained nine kinds of rules, three of which were actually the strongest rules.

One person can actually control the three strongest rules.

He has been on the battlefield of the True Emperor for decades, and he has never heard of Lu Ming's name.

But after the shock, it was a blazing fire.

"Boy, hand over your cultivation method!"

The blood knife was full of greed in his eyes, rushing towards the landing Ming.

He thought that Lu Ming relied on a certain ancient scripture to cultivate the three strongest laws. If he could get it, wouldn't he be able to dominate the world?

He must get it.

"kill!"

At this moment, Lu Ming's injuries were almost the same, holding a lance and killing the blood knife.

boom!

The two confronted another move, Lu Ming retreated and was seriously injured again.

However, Lu Ming's eyes were exceptionally bright.

Life and death fight, this is the life and death fight, facing the blood knife, he can feel the breath of death in every move, but this makes his spirit condensed to the extreme, and every trace of his body burst to the extreme.

The potential is also extremely exciting!

He can feel that his application of the law is constantly deepening.

"What kind of monster is this? The resilience is so amazing. The law of life can't have such an amazing recovery effect. I want to scrap this kid and search for his soul!"

The Blood Knife shouted in his heart, and did not give Lu Ming a chance to recover, so he slammed towards the landing again.

call out!

Lu Ming stabbed a shot, and this shot reached the highest point in history.

Keng!

This shot was cut with the blood knife of the blood knife hand, but the result was still Lu Ming retreating madly, covered with dense hemp wounds.

As soon as Lu Ming retreated, the Blood Sword continued to kill him. Before Lu Ming had time to recover, he was shot and flew out, causing more serious injuries.

"Boy, even if your resilience is strong, you will die!"

The blood knife said with a gruesome hand.

"about there!"

Lu Ming whispered and continued to fight, which is not good for him, even if there is an immortal ancient scripture, he must be killed by the other party.

Temporarily retreat!

Buzz!

Behind Lu Ming, a pair of transparent wings suddenly emerged. Under one fan, Lu Ming retreated quickly, and then turned around and left.

"Leave me!"

The blood knife was unwilling, chasing crazy towards the landing.

But the six-winged divine wing is a supernatural power, so subtle, once it is deployed, the speed is amazing.

Even if Lu Mingxiu is relatively low, but the speed is still faster than the blood knife.

Lu Ming went away quickly, and the distance from the blood knife hand was getting farther and farther away.

"Damn!"

After chasing for a while, seeing that he couldn't catch up, the blood knife hand roared and stopped.

In the end, the Blood Sword had no choice but to turn away.

Not far away, Lu Ming also stopped. His injuries were recovering quickly, and now he had recovered 30%.

Such a speed can be called terrifying. It is no wonder that the ancient scriptures are indestructible. It is called one of the strongest ancient scriptures in the heavenly realm. It is not unreasonable, and the life-saving ability is too strong.

"This blood sabre player is a rare object to hone, and he cannot be let go like this!"

Lu Ming thought, and then converged, spreading six feather wings, along the ground, quietly following behind the blood knife hand.

Lu Ming was very careful, covered with objects on the ground, and the breath completely converged, plus the blood knife hand was unexpected, Lu Ming was so bold that he dared to follow him, so he did not find Lu Ming at all.

After a while, the blood knife hand came to a hidden cave and went inside.

Lu Ming found a place nearby to hide his body and heal his injuries.

His injury recovered quickly, and soon returned to its peak.
