

D Emperor 2281

Chapter 2281: True Emperor Rank 13

"My law has improved again. This blood-swordsman is actually good at the law of death, the law of formation and the law of devouring!"

Lu Ming's eyes radiate a shimmer.

Blood Swordsman is definitely a very suitable training object. Among the rules of control, there are three of them that are the same as Lu Ming.

The battle with the Blood Swordsman just now, although short, has a great feeling for Lu Ming.

In particular, the other party has three rules like Lu Ming, fighting with the other party, let Lu Ming understand these three rules faster.

Lu Ming will not let go of the blood knife hand.

Lu Ming is here to understand the laws and digest the gains from the previous war.

Two days later, Lu Ming ended his practice.

"Keep on fighting!"

Lu Ming whispered, and rushed directly to the cave where the blood knife hand lived.

call out!

Far apart, Lu Ming appeared with a spear in his hand and stabbed it out.

A huge spearman, as big as a mountain, pierced the cave.

The cave burst directly.

"Who!"

A roar came out, the blood knife hand rose up into the sky, the endless blood burst, and shattered the mountain stone.

Then he saw Lu Ming!

"Boy, I'm not going to find you. You dare to take the initiative to come to the door, just to death, kill!"

The Blood Knife screamed and slammed towards the landing.

boom! boom! boom!

The two collided several times in a row. Like the last time, Lu Ming was still invincible, completely crushed and hit hard.

"The third realm of the law of death turns out to be like this, it turns out like this, ha ha ha!"

Lu Ming laughed in his heart. From the battle with the Blood Sword, Lu Ming captured a hint of inspiration from the opponent's death law.

He felt that a breakthrough was expected.

"Blood Swordsman, don't fight today, fight another day!"

Lu Ming laughed, cast six feather wings, and flew to the distance.

The Blood Knife roared and chased wildly, but after chasing for a while, he could only stop helplessly.

"This kid's life-saving energy is too strong, and the speed is fast, unless it is suddenly hit to the point of no return, it will be difficult to kill!"

The blood-knife gritted his teeth, and finally walked away.

This time, the blood knife's constantly changing position was to fear that Lu Ming would follow him secretly.

He guessed right, Lu Ming did follow, and the Blood Sword did not find it at all.

The Blood Swordsman was very familiar with the core area of the True Emperor's battlefield. After running for a distance, he looked around, did not see Lu Ming, and hid in a secret place.

Lu Ming practiced not far away.

He left a trace of mind to observe the movement of the blood knife hand, and most of the mind was used to understand the laws.

His understanding of the law of death continues to deepen.

Finally, a few days later, the law of death broke through, broke the limit, and entered the third realm of the law in one fell swoop.

This is the highest state of the law, the limit of the law.

The breakthrough of the law of death, Lu Ming's combat power skyrocketed.

This is the strongest rule, and the improvement of combat power is particularly amazing. Lu Ming's combat power reached the peak of the 12th order of the real emperor in one fell swoop, which greatly improved the first order of combat power.

"it is good!"

Lu Ming smiled.

He was planning to continue to fight the blood knife hand, but at this time, he saw a figure flashing out, it was the blood knife hand.

Bloodknife looked around for a while, then flashed away in one direction.

Lu Ming followed in secret.

Soon after, Lu Ming saw the blood knife hand ambushing on a mountain peak, and then saw a figure flying over in the distance.

It is a creature in heaven.

This guy wants to hunt the creatures of the heaven.

Uh!

The blood-knife shot, and a blade of light burst out, slashing towards the creature.

The celestial creature was frightened, turned into a tiger, and with a long roar, a beam of light spewed out of his mouth.

However, this tiger, with only the 12th order of the True Emperor, was not at all enemies. He was cut by the blood knife and the beam of light was shot at him. Has been hit hard and has no power to fight again.

"Blood Knife!"

The tiger roared, full of despair.

"Dead!"

The blood-knife hands grumbled.

"Blood Knife, your opponent is me!"

At this time, Lu Ming also rushed out, stabbed with a gun, and a horrible lance, towards the blood knife.

The blood knife hand was too late to kill the tiger, and he could only turn back and cut a knife to Lu Ming.

boom!

The guns were broken up, Lu Ming's attack was blocked, and the spears shook endlessly.

"Boy, it's you again, your fighting power!"

The blood knife was shocked, he found that Lu Ming's combat power actually improved a lot compared to the last time.

"Blood Swordsman, the battle between you and me is not over yet. Continue!"

Lu Ming rushed up and fought against the blood knife.

"Senior, go away!"

Lu Ming also transmitted the sound to the tiger.

"Little friend, thank you!"

The tiger thanked Lu Ming, then turned and left.

In a blink of an eye, Lu Ming and the blood knife hand have already fought over ten moves.

Lu Ming is still invincible, not the opponent of Blood Sword, but it is much better than before.

Although Lu Ming fell completely below and was injured by the opponent, it was not heavy and could barely resist.

Lu Ming went to great lengths to fight against the blood knife.

boom! boom!

The two men fought for more than 20 moves, and Lu Ming finally retreated after being seriously injured.

"gone!"

Lu Ming cast six **** wings, turned and walked away, the speed was faster than before, and the blood knife hand could not catch up.

"Damn, damn, damn!"

The blood knife's hands were unstoppable, and the roar was roaring again and again.

He knew that he was stared at by Lu Ming and could not be shaken off.

I knew it was like this, and I didn't do anything to Lu Ming at the beginning. He regretted it.

Next, let the Blood Swordsman come up with all the ways to get rid of Lu Ming.

After a while, Lu Ming will find him and fight him.

But he did not dare to leave the battlefield and return to the Two Realms City, because Lu Ming had been staring at him. When he returned to the Two Realms City, he would be reported by Lu Ming, and there would be no place to die.

In this way, six months have passed.

In the past six months, Lu Ming and Blood Sword Fighters have fought a dozen games, and Lu Ming has made amazing progress.

The Blood Swordsman is really the best magic refining stone. The combat power is higher than Lu Ming, but not too high. Every time, Lu Ming can do his best to fight.

In the past six months, Lu Ming's law of devouring, as well as the law of formation, broke through successively and entered the third realm.

The breakthrough of two kingly laws made Lu Ming's combat power soar to the 13th rank of the real emperor.

"It's time to end him!"

At this time, Lu Ming decided to resolve the blood knife.

boom!

Lu Ming caught up with the blood knife and launched an attack.

"Boy, let's all die!"

The Blood Swordsman is going crazy, attacking Lu Ming crazy.

But now, Lu Ming's combat power is only one order lower than that of the blood knife, and he is not afraid of him at all.

Lu Ming used a combination of both defeats and wounds, and finally hit the blood knife hand, while his own injury quickly recovered.

"Send you on the road!"

Lu Ming spoke indifferently, his spear was like a rainbow, and he pierced the void.

Chapter 2282: Undercurrent surge

The blood-knife lost his hand, and was finally pierced with a shot by Lu Ming, destroying his soul.

"For your part in accompany me to practice for half a year, I don't take the heart of your world!"

Lu Ming whispered, after taking away the storage ring of the blood knife hand, shot it with a palm, blasted a big hole in the ground, and buried the body of the blood knife hand into the hole.

It is also considered to have repaid the sparring training for half a year, so that Lu Ming's combat power has been upgraded to two levels of 'Ende'.

Then, Lu Ming flickered and left here.

Soon after, Lu Ming came to a secret place, took the storage ring of the bleeding knife hand, and looked up.

"This guy has a lot of resources!"

Lu Ming found that there are at least one hundred alien crystal nuclei in the storage ring of the blood knife hand, which are all alien crystal nuclei of the real emperor realm, and there are also dozens of hearts in the world.

"Cultivate for a while!"

Lu Ming intends to upgrade Xiu to some extent.

Now, of his nine laws, three have entered the third realm, and the other six are also at the peak of the second realm.

It's time to improve and repair.

However, Lu Ming did not take out the Chaos Stone for cultivation, but took out the heart of the world and cultivated it.

To wipe out the rules above the heart of the world, Lu Ming began to refine.

...

And just when Lu Ming refined the heart of the world and improved his cultivation.

In a hall of the Lan Family in the Two Realms, the Lan City and the Lan Master are discussing.

"Lu Ming, entered the battlefield of the True Emperor again, are you sure?"

Lan Cheng asked an old man in Lan's family.

"I'm sure, and, Lu Ming, during this time, I often deal with blood knife hands!"

The old man said.

"Blood Knife? What fighting power?"

Blue City asked.

"I heard it was the 14th order of the true emperor!"

The old man said.

"What? Real Emperor's 14th-order combat power? Lu Ming has already been able to deal with the strong man of the 14th-order combat power of the True Emperor. The progress is too fast. It must be the indestructible ancient scripture, it must be!"

Blue City was a little shocked, greedy in his eyes.

"The order will continue, but when the master of my blue family's experience on the battlefield of the real emperor meets Lu Ming, he will kill him without pardon, and strip the immortal ancient scriptures from his soul!"

Lan Cheng asked with a sullen face.

"Tiandi, if you do this, I am afraid that it will be targeted by other powerful people!"

The old man said.

"Then don't let people know, start secretly, and, contact Yan Family and join forces with Yan Family!"

Blue City ordered.

.....

Lu Ming piece by piece has been refining dozens of pieces of the world's heart, and Lu Ming's small world has expanded again.

Rumble!

Lu Ming's small world is getting bigger and bigger, and it finally turned into a radius of 300,000 miles before stopping.

At the time of the breakthrough, the size of the small world was 100,000 miles. After each breakthrough, the length and width of the small world would increase by 100,000 miles.

Previously, Lu Ming's cultivation practice was a two-star true emperor, with a small world of 200,000 miles.

Now, Lu Ming has refined a large amount of the heart of the world, and the cultivation base has made another breakthrough, and the small world has expanded to a radius of 300,000 miles.

And Lu Ming's combat power finally finally went further, barely reaching the 14th rank of the real emperor.

It's just barely reaching the rank 14 of the real emperor. In the rank 14 of the real emperor, it is considered weak.

Lu Ming did not stop, took out a chaotic stone, absorbed the chaotic gas, and continued to refine and improve.

Continuously refining five chaotic stones, Lu Ming's cultivation was promoted to the peak of Samsung True Emperor.

After this step, Lu Ming continued to refine several chaotic stones and stopped.

He had planned to make a breakthrough in one fell swoop and rushed to the four-star True Emperor, but found that it was not feasible at all.

The four-star true emperor is a high-level true emperor. There is a hurdle. He breaks too fast and needs time to consolidate and accumulate, otherwise it will not break this cut.

"Now, my combat power has barely reached the fourteenth rank of the real emperor, plus the star-falling bow. In this core area of the real emperor, I can barely protect myself, go out to hunt aliens, and hone it!"

Lu Ming thought.

Only when fighting and ascending, it is very fast.

If Lu Ming is not fighting here, but staying in the two realms to practice hardly, even if he stays under the ancient tree of Wudao every day, there can be no such improvement.

Lu Ming left here, turned around in the core area of Zhendi, looking for aliens.

At this moment, a message spread throughout the battlefield of the True Emperor.

Somewhere on the battlefield of the True Emperor suddenly appeared the entrance of a small world.

It is speculated that this small world is probably floating in the eternal void space for endless years, and accidentally docked with this space before an entrance appeared.

The small world that can float in the eternal void space, at least the small world of the peak emperor, or even the small world of the heavenly emperor, otherwise, the small world will surely dissipate and collapse in the past so many years.

Only a very powerful and condensed small world can float in the eternal void space for so many years and still exist.

If it is a small world left behind by the powerful Emperor Realm, it is likely to be worthless, and there are supreme treasures.

All the creatures on the battlefield of the True Emperor were alarmed after hearing this news, and they were all looking for the entrance.

Even some real emperors outside the real emperor's battlefield are looking for masters to go together and want to touch the chance.

Bai Tai also contacted some powerful Zhendi and headed towards the core area of Zhendi's battlefield.

The big forces such as the Lan family and the Yan family also have a lot of powerful fighting forces to find the entrance to the small world.

Among the mountains, there is a huge plateau, and the entrance to the small world is in this area.

But now, around the field, a large number of alien masters are lurking.

"This time, taking advantage of this opportunity, it just happened to kill the master of heaven!"

An alien strong man said coldly.

They discovered the entrance of this small world one step earlier, but did not go in for the first time to investigate, but ambush a large number of strong men here, they can wait for the strong men of heaven to come to the door and kill them one by one.

The real emperor battlefield, the killing is rampant, the undercurrent surges.

Lu Ming didn't know all this.

He calmed down by himself and wandered around the core area of the True Emperor's battlefield. However, after searching for a few days, none of the aliens met, but he was a master of the heavens, and he met a few.

On this day, Lu Ming came to the mountains.

Ok?

Coming here, Lu Ming stopped, because he felt that there was a wonderful wave in the space ahead.

"This kind of fluctuation is like the spatial fluctuation of the entrance of the small world. Is there an entrance to the small world in the mountains? Go and see!"

Master Lu Mingyi was bold and went towards the mountains.

He has a falling star bow, and Tiandi flesh, naturally fearless.

Lu Ming flew into the mountains and was naturally discovered by the aliens ambushing here.

"It's a human race in heaven, how can there be only one!"

"There is only one, let's kill this person first, so as not to frighten the snake!"

Immediately, the alien sent a master to kill Lu Ming.

Lu Ming was flying. Suddenly, a rainbow of light rushed towards him, and a black axe came to the landing.

"It's an alien, twelfth order combat power!"

Lu Ming's eyes moved.

Chapter 2283: Hunting and anti-killing

He was killed by a burly evil spirit clan with three eyes and a killing opportunity.

"kill!"

In Lu Ming's hand, a spear came out, and a shot was stabbed out.

The gunman was shocked, and he defeated the opponent's axe in one fell swoop, passing through the opponent's eyebrows.

Spike!

Then, the world's forces rolled up the other party's storage bracelet and dug out the other party's crystal nuclei.

"Damn, this person has the rank 14 of the true emperor!"

An ambush roared.

Originally, they saw that Lu Ming was so young, and expected that the combat power would not be so high. Sending a strong man of the 12th rank of the real emperor to take the shot would definitely solve it.

Unexpectedly, Lu Ming easily solved it.

"Send some more people to kill this person, hurry up, don't be found by other people in heaven!"

Orders from different races.

Suddenly, an alien killed him and killed Lu Ming.

This time, there were six people.

"and also!"

Lu Ming's eyes narrowed slightly.

The six aliens exploded into an amazing air plane and slammed towards the landing. At a distance, the six lights of destruction slammed into Lu Ming.

Uh! Uh! ...

Lu Ming waved his spear, stabbing a lance, blasting the light of destruction of the aliens.

boom! boom! boom!

Continuous collisions occurred, and Lu Ming's body shook wildly, backing up again and again.

"Two real emperors of the fifteenth order, four real emperors of the fourteenth order!"

With a move in his heart, Lu Ming judged the strength of the other party.

This lineup is more than enough to deal with a fourteenth order combat power.

However, their opponent is Lu Ming.

Although Lu Ming was wounded, his injuries were recovering quickly, and there was no harm at all.

"kill!"

The six aliens killed Lu Ming one after another, and various attacks attempted to overwhelm Lu Ming.

"bring it on!"

Lu Ming's eyes were filled with war intent, holding a spear and killing the past.

The two sides continue to collide and fight fiercely.

Although Lu Ming fell in the downwind, it was impossible for the aliens to kill him for a while.

After more than ten strokes, Lu Ming struggled to get injured, and shot an alien of the real emperor's fourteenth order in one shot.

"Damn, this Celestial Clan, why is it so strong, the vitality is not ridiculous!"

The ambushing interracial, some people roared, and then more interracials, killed.

This time, more than a dozen aliens were killed. The strongest, the combat strength has reached the 16th order of the real emperor.

"So much, is this a nest of aliens?"

Lu Ming's eyes were solemn.

With so many aliens and the 16th rank of the True Emperor, Lu Ming is clearly not an opponent.

boom!

Lu Ming repelled a 14th-order combat force with a single shot, then his body rushed forward at the speed, and at the same time, the falling star bow appeared in his hand.

Buzz!

Lu Ming pulled the falling star bow, and nine nine-color arrows flew out, shooting at an alien of the 15th order of the true emperor.

bump!

This alien was shot directly in the air.

Buzz! Buzz!

Lu Ming pulled the bow one after another, the bow string vibrated, and several arrows flew out in a row, and each arrow could shoot an alien.

"hateful!"

Those aliens who were ambushing finally couldn't sit still, and there were several extremely terrible aliens who were even more furious.

"Rush out, kill this person!"

A leader-level alien roared and rushed out.

This time, the Quartet Mountains rushed out more than two hundred aliens, each of which had a combat power above the tenth order of the real emperor.

The strongest, even reached the seventeenth order of the real emperor.

"so much!"

Lu Ming's complexion really changed.

Hundreds of aliens rushed out all of a sudden, all of them were of rank 10 or more. This is definitely not a coincidence, but has been ambushed here for a long time.

Although Lu Ming didn't know what happened, he was very clear that he had bad luck and accidentally walked into an ambush circle of aliens.

Hundreds of aliens, all of whom existed with the tenth-level combat power of the true emperor, rushed to Lu Ming from all directions, and the whole void was vibrated, just like the whole army.

"kill him!"

One of the aliens shouted, this one has the appearance of a human race, with purple hair, is actually a royal family.

call out! call out!

A few rays of destruction burst forth, letting the void continually shake.

In Lu Ming's hand, a stone sword appeared, and at the same time, the flesh of the Emperor Tian also emerged, floating in front of Lu Ming's body and growing bigger.

Lu Ming stepped out, his body integrated into the body of Heavenly Emperor.

Faced with so many strong aliens, Lu Ming cannot be an opponent at all. I am afraid that in a flash, he will be overwhelmed by so many alien attacks and exploded by so many attacks.

Only the Emperor's flesh is available.

Uh!

Manipulating Tiandi's flesh, Lu Ming cut it out with a sword.

A sword spirit, vast and mighty, straight through the clouds, cut through the attack of the aliens, and cut towards a group of aliens.

puff! puff!

There are several aliens in a row, all of which are the existence of dozens of orders of the real emperor, and they were directly split into two halves by this sword gas and fell on the spot.

At this moment, not far from here, a group of people came.

This group of people is really the strong of the Lan family and the Yan family. There are dozens of people in it, and there are many terrible true emperors.

The strong of the Lan and Yan families are naturally also looking for the entrance to the small world.

They saw the mighty sword spirit in the distance.

"There is a strong war in front, so terrifying power, pay attention to concealment!"

A strong blue family whispered.

Immediately, these people converged and flew forward carefully, then landed on a mountain and looked forward.

At a glance, Lu Ming manipulated Tiandi's flesh and fought against aliens.

Of course, Lu Ming merged into the body of Heavenly Emperor, and they did not recognize it.

Seeing so many aliens, these people almost scared to death.

"There are wonderful space fluctuations in front, is that the entrance to the small world right here? Do these aliens lie here, wanting to ambush my strong man on the side of heaven!"

The key points of the Lan family and Yan family are easy to think of.

At the thought of this, they looked pale.

They understood that someone had entered here first, otherwise they would be over.

"Who is that huge stone man, so powerful!"

"That should be a puppet!"

The strong members of the Lan and Yan families whispered.

At this time, Lu Ming cut several interracial, which made the interracial angry.

"Take shots together, take shots together!"

The alien clan roared.

Everyone's aliens shot, hundreds of attacks attacked Lu Ming.

So many attacks are attacked by the existence of the true emperor's tenth-level combat power, and the power is too amazing. Even the ordinary emperor dare not take it hard and can only avoid it.

However, the Emperor's flesh is the Emperor's flesh, and it is stony and enduring. Even the Emperor can't wear it, let alone the True Emperor?

Lu Ming directly ignored the attacks of the Quartet, holding the sword of the Heavenly Emperor, and rushed to the alien.

"kill!!!"

Lu Ming Changxiao, a sword was cut out, the sword was as long as a hundred miles, and three aliens were cut and exploded in the air.

Chapter 2284: Energy exhausted

Lu Ming slashed three aliens with one sword, and then the war sword cut across the situation, and then slashed two aliens.

The attacks of hundreds of aliens fell on the body of the Emperor Tiandi and roared continuously, but the body of the Tiandi had nothing.

Lu Ming's war sword kept on cutting out.

The huge swordmans, the size of a mountain, sweeps across the sky and is astonishingly powerful.

Over the years, Lu Ming will have time to take the time to integrate the energy of the energy spar from the aliens into the body of Heavenly Emperor.

The energy of the Heavenly Emperor's flesh is close to 30%, and it is extremely powerful.

bump! bump! bump!

The sword-mans of the big mountains are pressed down, and the alien bodies explode and fall on the spot.

In a few breaths, dozens of aliens were beheaded.

No matter what the fighting power is, Lu Ming couldn't stop the move.

The energy of the emperor's flesh is close to 30%, and even if it is an ordinary one-star emperor, it is dangerous and may be killed by Lu Ming, not to mention the true emperor.

The eighteenth-order combat power of the true emperor only corresponds to the realm of the real emperor.

Even the strongest eighteenth-order combat power is only the peak of the true emperor. In the face of the emperor, he still has to be killed in seconds.

Therefore, no matter how many levels of combat power, facing Lu Ming, there is only one end, that is, a spike, no enemy.

"kill!"

Lu Ming shouted, if a tiger entered the flock, rushed to kill, the sword of war continued to cut out, each sword would take away the lives of several aliens.

In less than a minute, more than two hundred interracial, more than one hundred died under Lu Ming's sword.

"Go, go!"

The remaining interracial, finally panicked, yelling in horror, turned and ran.

"kill!"

Lu Ming stared at the alien royal family.

The heterogeneous royal family, a small number of pitiful, but there is no doubt that every talent is amazing, as long as they are adults, they have terrible combat power.

The arrogance in it is even more horrible, and since it is seen, it must not be let go.

Lu Ming chased down to the alien royal family.

"Block him!"

The alien royal family showed a terrified look and ran desperately, ordering other aliens to block Lu Ming.

In the alien race, the rank is strict and extraordinary.

The identity of the royal family is very precious. The ordinary people of the evil gods and the nobles must unconditionally obey the royal family.

In the face of crisis, it must be unconditionally blocked in front of the royal family, otherwise, there will be a big disaster.

At this moment, although the other aliens were frightened, they still rushed towards the landing.

Among them, there is no shortage of the seventeenth order of the real emperor.

"kill!"

Lu Ming showed no mercy, and rushed past, the sword was cut out, and all the aliens were killed.

Among them, there is the existence of a seventeenth-order combat power of the true emperor.

In the battlefield of the true emperor, the seventeenth order of the real emperor is already the most powerful.

Because of the existence of the eighteenth-order combat power of the real emperor, all aspects have reached the peak of the real emperor, and most of them are retreating to prepare for the impact of the emperor.

Manipulating the body of Heavenly Emperor, Lu Ming is invincible in the stage of True Emperor.

Lu Ming rushed past, killed dozens of true emperors, and quickly rushed to the alien royal family.

puff!

Cut off with a sword, the alien clan shouted in horror, but was still split in half by the war sword.

"Run away!"

Other aliens fled.

Lu Ming stopped and did not continue to pursue.

The fierce fighting just now consumed a lot of energy for the physical body of heaven and earth.

These aliens are all of the ranks of the real emperor of the tenth or higher. Lu Ming kills it, it seems simple, but it must consume a lot of energy.

Killing a hundred or dozens of strong aliens in a row, the energy of the Heavenly Emperor's flesh is almost exhausted.

Killing so many powerful men in the real emperor realm is no easier than fighting a one-star emperor.

Up to now, the energy in Tiandi's flesh is almost consumed.

After the aliens fled, Lu Ming's figure appeared and put away the Emperor's flesh.

"It seems that there should be an entrance to a small world. These aliens are ambushing here, just to ambush heaven and earth creatures!"

Lu Ming thought about it and guessed the intention of the alien.

At this time, the Lan family and the Yan family stared at their eyes in shock.

"Lu Ming, that is Lu Ming!"

"It's him, he has such a terrible puppet!"

These people in the Lanjiayan family turned pale.

They were ordered to kill Lu Ming if they had a chance in the battlefield of the True Emperor.

But Lu Ming actually had such a powerful puppet, which made them afraid after a while. If they acted against Lu Ming, it would be a dead end.

"No, such a powerful puppet, it must be possible to control it, and it cannot be easily controlled!"

"Just now the alien raced away, but he didn't pursue it. This is not like his character. Isn't that puppet useless?"

"Controlling a puppet requires energy, and energy will be exhausted!"

The Lan family and the Yan family communicated in secret.

Some of these people have lived for hundreds of thousands of years, or even millions of years. How rich are their experiences? They are all old foxes, and they can guess a rough idea in a few moments.

Their eyes lit up, and there was a cold murder.

This is an excellent opportunity. If Lu Ming's puppet can't really be controlled, killing Lu Ming at this time is undoubtedly the most appropriate.

"Fight!"

The Lan family, the strong of the Yan family, showed a decisive look in their eyes.

The senior officials gave orders to find a chance to kill Lu Ming and deprive Lu Ming of the immortal ancient scriptures. If they can complete it, there will be a reward.

And now, there are no other people in the realm around, and Lu Ming's puppet can't be used, which is the perfect time to shoot.

"Go kill Lu Ming!"

A strong man led by the Lan family gave a voice to everyone and then rushed out.

Others rushed out.

A rainbow of light rushed towards the landing.

Ok?

Lu Ming was going to go towards that small world, and suddenly found that dozens of people were flying towards this side.

He didn't recognize these people, they belonged to the Lan and Yan families.

Lan Family and Yan Family have no special signs, and these people are all true emperors, and Lu Ming has not seen them before.

He thought that the other party was just an ordinary person in heaven.

"Are these people coming for the small world?"

Lu Ming moved.

Uh! Uh! ...

The people of the Lan and Yan families stayed not far from Lu Ming and did not do it for the first time. They were still a little afraid of Lu Ming's methods.

"Are you... Lu Ming?"

The leader of the Lan family, pretending to have just recognized Lu Ming, said with surprise.

"It's just below, I don't know if you are here, what is the so-called thing?"

Lu Ming said.

"Under the left coupon!"

The leader of the Lan family lied, with a smile on his face, and walked to the landing, saying: "Recently, there is a small world that has been floating in the eternal void for a long time, and it is in line with the real emperor battlefield. Perhaps there are extraordinary treasures, many people have arrived, Brother Lu also came for this small world!"

The leader of the Lan family, with a smile on his face, is very gentle and makes people feel like a spring breeze.

Chapter 2285: Lu Ming's killing

"It really is a small world!"

Lu Ming's heart moved, but his face remained silent, saying: "Yes, I came because of the small world!"

At this time, the leader of the Lan family glanced at those alien corpses, saying: "Are so many alien corpses killed by Brother Lu?"

He clearly saw it, but pretended not to see it, just trying to test Lu Ming.

"No, I have just arrived!"

Lu Ming said.

"Oh, does it mean that someone has already taken a step first and entered that small world? Then let's hurry in!"

The leader of the Lan family pretended to change his face, strode forward, and approached Lu Ming.

At this moment, a terrible light burst out of the hands of the leader of the Lan family and slammed towards the landing.

At this time, the two were very close, and if Lu Ming was not prepared, he could not escape.

However, just when the leader of the Lan family just shot, behind Lu Ming, six feather wings appeared suddenly. Under a flash, Lu Ming's figure went away quickly, avoiding the opponent's blow.

The leader of the Lan family, his face changed, and he was somewhat gloomy, staring at the landing and saying, "How did you find out?"

"You pretend to be good, but others, the pretense is not so good. Someone killed me and thought I couldn't find it? Who are you?"

Lu Ming's face was a bit gloomy.

If it weren't for his keen sense of consciousness, and among the Lan and Yan families, some people had a strong killing opportunity. Although they tried their best to cover up, they were still caught by Lu Ming, so they had already been alert.

"Even if it is discovered by you, you are going to die like today, shot!"

The leader of the Lan family shouted, did not hide, broke out with all his strength, and slammed towards the landing, showing extremely terrifying combat power.

"True Emperor Rank Seventeen!"

Lu Ming's face changed.

Although Lu Ming has barely entered the rank 14 of the real emperor, it is still far away from the rank 17 of the real emperor. He is not an opponent at all.

Not to mention, there are others.

The Lan family and the Yan family also shot. The combat power of each one is extremely amazing, all of which are more than tenth rank of the real emperor.

These people, if Heavenly Emperor's flesh is still intact, are completely ignored, but now, Lu Ming is absolutely invincible.

Lu Ming casts six feather wings, retreats at a rapid speed, avoids the attack, and the star-falling bow appears in his hand.

"Where to go!"

Attacks one after another, pierced the void, and blasted towards the landing.

"Are you from the Lan and Yan families?"

Lu Ming shouted.

As soon as the opponent shot, the unique magical power could not be concealed at all and was recognized by Lu Ming.

Because of his enmity with the Lan and Yan families, Lu Ming specially studied the ancient scriptures and supernatural powers of these two inheritances, so he recognized them at a glance.

"kill!"

The Lan family and Yan family shouted, and the killing was extremely cold.

Buzz!

Lu Ming stepped back and pulled the falling star bow.

call out!

An arrow shoots, flying at speed, and pierces the void, like a star.

The Lan family, a strong fifteenth-ranking power of the true emperor, was directly shot by Lu Ming in the air.

"Damn!"

The leader of the Lan family shouted, bursting the speed to the extreme, as if traveling through the void, the speed was reaching the extreme, no slower than Lu Ming's six wings of gods.

In addition, there is also one person from the Yan family, who is also the 17th-order combat power of the true emperor.

call out! call out!

Lu Ming continued to draw a bow, two nine-color arrows, shot at two people of the seventeenth order of the real emperor, but the seventeenth order of the real emperor was really powerful, and he stiffly blocked the arrow, but only the body The shape is blocked.

"True Emperor's seventeenth order combat power, so strong?"

Lu Ming's eyes were solemn.

"Lu Ming, you are dead today, obediently hand over the immortal ancient scriptures, as well as the ancient scriptures you practiced, we can give you a happy heart!"

The leader of the Lan family spoke indifferently.

But at this moment, his face changed.

The Lan family and the Yan family also changed their complexions.

Because, in the distance, an rainbow flashed, and someone came.

The Lan family and Yan family couldn't help but stop.

Because there are rules in the realm of heaven, you can't kill each other on the battlefield. If it violates, even the Lan and Yan families must be punished.

The rainbow light gathered, a total of six people, appeared not far away.

"Lu Ming!"

A voice sounded.

"Senior Baitai!"

Lu Ming was also stunned. Unexpectedly, one of them was Bai Tai.

Taking Baitai's cultivation as an act, isn't it activity outside the real emperor's battlefield? How did you come to the core area of the True Emperor battlefield?

"Is it because of that small world!"

Lu Ming thought a moment.

"You guys, what's going on?"

Bai Tai looked at the Lan and Yan families.

Just now, they were far away, as if they saw someone here.

Then Bai Tai and the others glanced at the alien corpse, his face changed.

Could it be that the Lanjiayan family and others just started fighting with aliens.

At this moment, the leader of the Lan family has a very gloomy face, and the murderous opportunity flashes by.

"Shoot, kill these people together!"

The leader of the Lan family gave a voice to others.

The other people's faces changed. On the battlefield, killing people on their own side and spreading them, the Lans and Yans could not protect them, but now, there is no one else present, as long as they kill and kill their mouths.

"Shoot!"

The leader of the Lan family passed on the voice.

"No, Senior Baitai, go away!"

At this moment, Lu Ming shouted, he felt the murderous sentiment filled by the Lan family and others.

These people were so bold that they wanted to kill Bai Tai and others.

When Lu Ming yelled, his figure rushed towards Bai Tai.

However, the 17th-order powerful man of the Yan family of the Yan family had already killed Baitai.

At the same time, the leader of the Lan family killed Lu Ming and attacked all the forces.

Lu Ming can only do his best to dodge, and the rescue is not urgent.

"you guys..."

Bai Tai was shocked. Unexpectedly, the people of the Lan and Yan families would suddenly shoot at them.

Baitai's combat power is only the seventh-order combat power of the real emperor. Where is the opponent's opponent, the heart that was directly penetrated by the opponent's one stroke, the terrible power made Baitai's body burst.

"Senior Baitai..."

At this moment, Lu Ming's eyes were red, revealing a terrible murderous opportunity.

He and Baitai have cooperated to hunt aliens for two years outside the battlefield of the True Emperor, and have forged dozens of battles.

Bai Tai, his ancestors, all died in the hands of aliens. His greatest wish in his life was to hunt aliens, without any other heart.

At the same time, he knows that his talent is limited. When he hunts aliens, he will deliberately give Lu Ming more hearts of the world, allowing Lu Ming to improve faster.

It can be said that this is a respectable old man who has hunted aliens all his life, but now, he has died under the greed of the Lan and Yan families.

In Lu Ming's heart, all were cold killing opportunities. At this moment, he wished to kill the people of Guanglan and Yan.

"Lan Family, you must not die!"

"what!"

All those who came with Baitai were also killed.

"Lu Ming, no one can save you, die!"

The leader of the Lan family constantly attacked Lu Ming.

At the same time, others also flew towards the landing.

Chapter 2286: Space collapse

The people of the Lan family and the Yan family flew towards the landing together, forming a siege, and wanted to surround Lu Ming.

But at this moment, the faces of the Lan family and Yan family changed again.

Because in the far distance, there was a faint rainbow light, obviously, someone came again, and this time, there were a lot of people, dozens of people, more than the Lan and Yan families.

"Damn!"

Both the Lan and Yan families shouted. They could kill Lu Ming with a little more time. Unexpectedly, someone came again.

"Quick, put away the dead body, quick!"

The leader of the Lan family shouted, laid down Lu Ming, and quickly put away the alien corpses.

The Lan family and the Yan family were unknown, but they followed suit and collected all the alien corpses, leaving only the bodies of those who came with Bai Tai.

call out! call out! call out!

The rainbow flashed, and dozens of people appeared in the sky.

All are creatures from heaven, and some people are extremely powerful.

"what happened?"

Afterwards, people glanced over the bodies of Bai Tai and others, and their eyes flashed.

"Everyone, Lu Ming, who is brave and arrogant, seeks money and lives, and actually kills us in the realm of the heavens, which was just discovered by us and was about to win him!"

The leader of the Lan family roared first, directly framed Lu Ming and killed Bai Tai and others.

"What? Lu Ming, you are so bold!"

Later, everyone in the heavenly world looked at Lu Ming with anger flashing in their eyes.

"Hahaha!"

Lu Ming smiled angrily and said, "The Lan family and the Yan family want to kill me, deprive the immortal ancient scriptures, and they are killed when they are hit by other people. Now they dare to slander me, it is ridiculous!"

"Nonsense, everyone, this person Lu Ming, who can speak well, can't be deceived by this person, I propose, take this person first, abolish his cultivation behavior, and bring back to the Two Realms City for interrogation!"

The leader of the Lan family shouted.

"Lan Family, Yan Family, today's things, I will definitely make you pay in the future!"

Lu Ming shouted and turned away.

He knows that today, he is in a weak position, and he is arguing to no avail. He has to get out first, and then find a way to make the crimes of the Lan and Yan families public.

Lu Ming cast six **** wings and flew towards the distance at a rapid speed.

"Chasing, don't let him escape! He wants to escape in fear of sin!"

The leader of the Lan family shouted, and together with the masters of the Yan family, chased down to Landing Ming.

The other people in heaven looked at each other, they didn't know who was real and who were fake, they could only watch, not easy to shoot.

"Lu Ming, you can't escape!"

The leader of the Lan family shouted, a jade symbol appeared in his hand, and then crushed the jade symbol, a cyan energy, covering his body, his speed suddenly increased suddenly, and he quickly approached Lu Ming.

Lu Ming's face changed, and he turned to draw a bow, and an arrow shot towards the person.

A war sword appeared in the man's hand, a sword was cut out, collided with the arrow, and the arrow was exploded. His own body was slightly stagnate, and he continued to chase down to the landing.

call out! call out!

The leader of the Lan family, several swords were cut in succession, and the sword screamed and slashed towards Lu Ming.

Lu Ming kept evading, but was still chopped with a sword. Lu Ming vomited blood and flew forward.

"No, you can't escape this way, go to that small world and try your luck!"

Lu Ming thought, and rushed directly to the place with spatial fluctuations.

The masters of the Lan family and Yan family are hotly pursued.

While chasing at the same time, the leader of the Lan family kept cutting out his sword spirit.

Lu Ming can only open the bow to resist, while trying to dodge.

But after a few strokes, Lu Ming was hit again, and his body was almost torn apart.

However, there is an immortal ancient scripture, Lu Ming is fine, and his injuries are recovering quickly.

After a while, a huge black vortex appeared in front.

Obviously, this is the entrance to the small world.

Without looking back, Lu Ming rushed straight in.

The leader of the Lan family also rushed in, and the two of them were the fastest, while the others were a little slower.

As soon as Lu Ming rushed into the vortex, the next moment appeared in a void.

But the scene printed in the eyes made Lu Ming's eyes narrow.

In this small world, the earth cracked, and a fierce crack appeared, and the world was barren.

In the sky, there are one space crack after another, flashing constantly.

"go!"

Too late to think, Lu Ming rushed forward.

Behind him, the fluctuation came, and the man who led the Lan family also appeared.

As soon as he came out, he was shocked by the scene before him.

But after seeing Lu Ming, his eyes filled with killing opportunities and went to the landing to kill Ming.

Uh! Uh!

The leader of the Lan family, the power of the world is surging, exerting all the power, and the seventeenth-order combat power of the true emperor is undoubtedly revealed.

Jian Qi cut through the void, and the space exploded directly.

"this is..."

Lu Ming's eyes narrowed, and he wanted to resist with the falling star bow, so he stopped.

The leader of the Lan family also changed greatly.

Rumble!

At this moment, the whole world shook violently, and the sky continued to explode.

The swords of the leader of the Lan family seemed to ignite the fuse, and the whole world began to collapse and burst.

"not good!"

The leader of the Lan family realized that it was not good, and they turned to go out of the entrance.

But with a bang, the entrance also burst open.

The exit collapsed!

Rumble!

The earth collapsed, and the sky showed dense cracks in space.

"Damn, **** it!"

The leader of the Lan family kept roaring and terrified.

"This is a small world about to collapse!"

Lu Ming is also bitter.

At this point, he did not understand.

This small world should have floated in the eternal void for endless years, and it is about to collapse, and they rushed in, broke out to repair, and suddenly broke the balance, let this world collapse completely.

When a small world collapses, its power is terrifying.

In particular, this small world is likely to belong to a powerful being with greater power.

boom!

Hiss!

The earth exploded, the sky was covered with fissures, and the fissures were growing, revealing dark voids, terrible space storms, sweeping all directions.

In terms of the combat power of Lu Ming and the leader of the Lan family, it is fine to enter the dark void, but if it is caught in the space storm that the small world collapsed, it will definitely die.

The two tried to dodge.

However, after a while, the whole world, the whole space, are all space storms, and there is almost no place to hide.

"Damn, damn, it's you, it's you, I want you to die!"

The leader of the Lan family roared wildly, blaming everything on Lu Ming's head.

If Lu Ming didn't rush in, how could he chase in?

If Lu Ming didn't flee and let him kill, how could there be such a thing?

He roared and rushed towards the landing.

However, in a space storm, the leader of the Lan family screamed, and the lower half of the body was directly torn, leaving only the upper half of the body to escape, almost falling.

Chapter 2287: Enter a strange sky

At this time, Lu Ming encountered danger, space storm, sweeping all directions, he was almost caught.

"Kowloon Shending, hide in the Kowloon Shending!"

Lu Ming thought of the Jiulong Shending, and his thoughts moved. Before him, there appeared a Jiulong Shending. Lu Ming rushed directly into the Jiulong Shending.

Although, the energy of Jiulong Shending seemed to have been exhausted and fell into a deep sleep, Lu Ming couldn't excite that terrifying power.

However, the material of Jiulong Shending is extremely hard. Now, only Jiulong Shending can resist the storm of space outside.

Wow!

As soon as Lu Ming hid in Jiulong Shending, Jiulong Shending was caught in a space storm.

The terrible space storm burst out with amazing power, constantly cutting the Jiuling.

However, the material of Jiulong Shending is extremely hard. Although the power of space storm is powerful, it can't help Jiulong Shending.

The leader of the Lan family also saw this scene.

"Save me, Lu Ming, help me!"

The leader of the Lan family shouted.

"moron!"

In the Kowloon God Tripod, Lu Ming made a faint voice.

"No, save me, you can't save yourself from death, we are all people in heaven..."

The leader of the Lan family shouted and wanted to rush towards the Kowloon Shending.

However, at this moment, the whole world had almost collapsed. The endless space storm swept through. The leader of the Lan family was directly involved in the space storm, and issued a desperate scream, and then there was no sound.

Outside of the small world, other people from the Lan and Yan families would have rushed into the small world, but they were just near the vortex, and the vortex shook violently and then burst.

"what happened?"

The people of Lan and Yan were shocked.

Rumble!

Then, the violent shaking of this space, the people of Lan Family and Yan Family were shocked and retreated quickly.

People from other heavens also came here and looked at them in surprise.

Hiss!

There was a crack in the place where there was a whirlpool, and you could vaguely see the ruined scene inside.

"This is... the small world collapsed, the small world collapsed!"

Everyone is very experienced, and I can't think of this scene.

They also speculated that the small world must be too old, and then collapsed completely.

"Lu Ming is dead!"

Someone whispered.

Everyone's face is dignified, facing the collapse of a small world, the powerful of the real emperor's realm, I am afraid that it will die.

The Lan and Yan families were afraid after a while.

Fortunately, they did not rush in, or they would die.

"It's a pity that the ancient scriptures don't die!"

The Lan family and Yan family sighed.

Lu Ming's life and death, they don't care, but it is a pity that the ancient scriptures will not be destroyed. They will accompany Lu Ming and will be buried in the void forever.

They did not leave, but watched not far away.

But at this time, the small world has completely collapsed, and endless space storms have swept through the Kowloon Shending.

Boom! Boom! Boom!

Even if Lu Ming was hiding in the Jiulong Shending, he was protected by Jiulong Shending, but the power formed by the terrible shaking still penetrated into Jiulong Shending, and Lu Ming was attacked by fear.

Lu Ming was surrounded by the power of the law around his body.

At the same time, the golden body was indestructible and resisted the terrible power, but he was hit hard, his bones were broken, his muscles were torn, and he vomited blood.

This small world is definitely a small world where the Emperor Realm is strong. The energy formed by the collapse is terrifying.

The Jiuling of Jiulong is like a flat boat in the boundless sea, drifting with the waves, being swept into the boundless dark void by the space storm, and drifting into the distance.

I don't know how long it took, Jiulong Shending suddenly made a violent roar, and then a violent explosion erupted outside. Then, everything calmed down.

"What's going on? Has it been drawn out of the dark void?"

With a move in Lu Ming's heart, he found that bright light was shining in through Shen Dingkou.

Lu Ming was overjoyed, it seemed that he really came out of the dark void.

Lu Ming crawled out along Dingkou.

Outside, birds scent and flowers, he is on top of this mountain.

However, just now Jiulong Shending smashed this mountain and smashed it halfway into the mountain.

Lu Ming waved his hand and put the Jiuling Shending away.

"This is where?"

Lu Ming looked around.

What is in sight is the endless green mountains, lush, vigorous and lush.

This is not at all on the battlefield of the True Emperor, or even outside the battlefields of the Two Realms.

Because the battle on the battlefield has been fighting all year round, it has been dead, and no vegetation can survive.

Unlike here.

"Did I get caught in a place in Taiqing Tianyu by the space storm?"

Lu Ming thought about it, but in the next moment he thought about another possibility.

If it can be involved in the Taiqing Heavenly Realm, can it also be involved in other heavenly realms?

Is there any other heaven here?

The Celestial Nine Celestial Domain, except for the Taiqing Celestial Domain, the other eight Celestial Celestial Zones were all occupied by aliens.

"Heal first, then talk!"

Lu Ming shook his head. He was seriously injured. No matter where he was, healed the injury first and adjusted his state to the peak.

Lu Ming sat cross-legged, running the indestructible ancient scriptures, and began to recover from his injuries.

But he had just healed his wounds, and there was a rainbow of light flying in the distance. Lu Ming's complexion changed, and he could only stop the healing, and looked towards the rainbow lights.

"Interracial!"

At first glance, Lu Ming's face was even more ugly.

There can be no aliens in the Taiqing Heavenly Realm, and here is not a battlefield outside the Two Realms, then there is only one possibility.

Here are the other heavens of the Celestial Realm.

Lu Ming was bitter in his mouth. Unexpectedly, he really came to the other realms of the Celestial Realm.

"It's a human race, a human race that missed the net, killing without amnesty!"

Those aliens also saw Lu Ming, and they all killed at the landing.

Far apart, there was a ray of destruction that killed Lu Ming.

"The strongest is the tenth order of the real emperor, kill!"

From the other party's attack, Lu Ming sensed that among the aliens, the strongest combat power should be the tenth rank combat power of the true emperor.

Such fighting power does not threaten Lu Ming.

Regardless of the injury, Lu Ming condensed an infinite dragon gun in his hand and killed him.

puff! puff! ...

One shot after another, stabbing at the aliens, assassinating each alien here.

More than a dozen aliens were instantly killed by Lu Ming.

Collecting dozens of corpses of aliens into the small world, Lu Ming flickered and left here.

Lu Ming should not stay here for a long time. Lu Ming wants to find a secret place to heal.

He just forcibly shot, and his injury was even worse.

But at the next moment, his face changed.

Because in the other direction, there was also a group of aliens who killed here.

"It's the man who missed the net, kill him!"

Those aliens rushed towards the landing, dozens of people.

Chapter 2288: All Souls

Dozens of aliens came to the landing and Lu Ming could sense that there were very terrible strongmen.

Although there is no great emperor, there are definitely the 16th order of the real emperor and the 17th order of the real emperor.

Lu Ming is now seriously injured, it is impossible to be the opponent of these aliens, can only avoid the edge.

Lu Ming cast six **** wings and flew towards the distance at a rapid speed.

Those interracial, chasing behind.

"Here, what kind of heaven is it? The other party said that the human race is a fish that missed the net. It seems that there should be human races in this heaven!"

Lu Ming thought while flying, while thinking.

In the rear, the speed of the aliens is very fast, especially with a few aliens, the strength is amazing, and it is slowly closing the distance with Lu Ming.

"My injury is too heavy to use my full strength!"

Lu Ming frowned, thinking about countermeasures.

After a while, it flew tens of thousands of miles in an instant.

But at this time, another group of aliens appeared in front, with a total of more than 20 people.

Lu Ming had no choice but to change direction and rushed out to the left. In this way, the opponent's strongman was closer to him.

"How to do?"

Lu Ming thought about the countermeasures very quickly.

He could actually take out the Jiulong Ding, to resist the other party's attack, but in that way, it became a trap in the urn.

Under such circumstances, it is simply not desirable.

Lu Ming can only continue to fly.

"Human, die!"

Several aliens slowly approached the landing.

Lu Ming took out the falling star bow and fired several arrows in a row, but these aliens were very powerful and were blocked by them.

Forcibly pulling the falling star bow made Lu Ming's injury worse.

Uh!

Lu Ming flew past a peak rising into the clouds and into a grand canyon.

Those aliens also rushed into the Grand Canyon.

call out! call out! call out! ...

Just then, an attack broke out in the Grand Canyon.

These attacks were not directed at Lu Ming, but those of different races.

Suddenly, seven or eight aliens were beheaded, and the aliens chasing Lu Ming were also blocked.

"Kill, kill these aliens!"

In the Grand Canyon, there were roars and more than twenty figures rushed out.

"Human race, mythical beast!"

Lu Ming was a little stunned and then overjoyed.

These rushed out are actually human races, also have gods and beasts, and their combat power is very powerful.

In particular, one of the middle-aged strong men, armed with a battle sword, was chopped out with a sword, and the sword was powerful. Was hit hard.

"This is the pinnacle of true emperor, the real emperor of the eighteenth order!"

Lu Ming's eyes lit up.

In addition, there are a few of the seventeenth-order combat power of the real emperor and sixteenth-order combat power of the real emperor.

It was completely one-sided, and dozens of aliens were constantly beheaded.

Lu Ming also did not care about the injury, constantly pulling the falling star bow and shooting several aliens who had fled.

A total of forty or fifty aliens were killed shortly afterwards, and the bodies were collected by those people.

Then, those people looked at Lu Ming.

"You guys, thank you for your help!"

Lu Ming thanked with clenched fists.

"Who are you? Why have you never seen it before? Is there any other small world that has not been broken by aliens?"

A young woman came into the air and looked at Lu Ming curiously.

This woman is very beautiful, wearing iron armor, revealing a proud figure.

"Other small worlds?"

Lu Ming showed a confused color.

"You guys, what is this place? Which piece of heaven?"

Lu Ming then asked.

"Which piece of heaven? This is of course Wanling Heavenly Domain. Are you not a person of Wanling Heavenly Domain?"

The young woman spoke, very curious.

Others also came over, looking at Lu Ming curiously.

"Wanling Tianyu, I actually came to Wanling Tianyu!"

Lu Ming felt a shock, Wanling Tianyu, also one of the Nine Heavens of the Celestial Realm, had long been occupied by aliens.

It seems that he was swept into the Wanling Heaven Realm by the power of the collapse of the small world.

"Dissatisfied with you, I am from Taiqing Tianyu!"

Lu Ming said.

"What? Are you from Taiqing Tianyu?"

The young woman, and others, were all shocked with wide eyes.

Then, in their eyes, they all showed great surprise.

"We know from the aliens that the Taiqing Tianyu has not yet been breached and is still in the hands of the Heaven Realm. Is it true? How did you come to the Wanling Tianyu? Is there a secret passage?"

The young woman asked many questions in a row, and others were curious.

At this moment, Lu Ming's body shivered slightly, his face pale.

At this moment, he was seriously injured.

"Let's leave here first. The little brother was seriously injured. When he gets better, we can't ask again!"

An old man came and said.

"I'm so excited, let's hurry!"

The young woman said. Immediately, the young woman waved a force of the world, led the landing, and twenty people flew in one direction.

During this period, their non-stop changing direction seemed to be afraid of aliens chasing them. Soon after, they came to a secret place and entered a secret space through a secret place.

After coming here, Lu Ming sat cross-legged and meditated on the wound.

The immortal ancient scriptures were running, and his injuries recovered quickly, but within two hours, Lu Ming's injuries had healed and his condition had returned to its peak.

"So fast?"

Seeing Lu Ming recovered in just two hours, the people were stunned.

Lu Ming's injury is definitely not light. Such injury, for ordinary people, is difficult to heal in less than ten days and a half months, but Lu Ming recovered in just two hours, making them surprised and curious. .

"Thank you for your help before!"

Lu Ming got up and thanked everyone.

"They are all heavenly creatures, and it is appropriate to help each other!"

The young woman smiled, very bold.

Among these people, the young woman is a younger generation, and is the same age as Lu Ming.

"My name is Ren Chan, what is your name?"

Young woman asked.

"My name is Lu Ming!"

Lu Ming said.

"You can talk now, why did you come from Taiqing Tianyu?"

Ren Chan blinked his eyes and asked curiously.

"I accidentally entered a small world that is about to collapse..."

Lu Ming briefly said how he came here.

"It turns out that I thought there was a secret passage!"

Ren Chan sighed, disappointed.

Others sighed secretly.

Lu Ming entered here through a small world that is about to collapse. This is entirely coincidental and cannot be copied.

If there is a secret passage, they can go through the passage to Taiqing Tianyu.

"Oh, what's the situation here..."

Lu Ming asked about the situation of Wanling Tianyu.

Immediately, Ren Chan also talked about some situations in Wanling Tianyu.

Chapter 2289: True Emperor Rank 15

Wanling Tianyu, although before the endless years, was occupied by aliens.

However, Wanling Tianyu is incomparable, and there are so many wonderful places, and there are so many powerful people born that year, even the characters of Heavenly Emperor Realm.

In this way, there are naturally many small worlds, attached to the Wanling heaven.

Most of the entrances to these small worlds are extremely secret and difficult to find.

The place where Ren Chan and others live is one of the most secret worlds.

However, after the aliens occupied the celestial realm, they sent a lot of masters to find those small worlds and hidden celestial beings.

Over the years, countless celestial powers have been killed, and small worlds have been found and broken.

Nowadays, there is still a small world in the spirit world, and the remaining heavenly spirits are already very rare.

The rest of them were just Gouyan greedy, so they were so excited when they heard that Lu Ming was from Taiqing Tianyu. In Wanling Tianyu, the conditions were too difficult. I don't know when. Find the small world by aliens and break through the small world.

In Wanling Heavenly Realm, they are always facing danger. They certainly want to go to Taiqing Heavenly Realm to practice.

"This time, when we came out, we wanted to find a rough stone vein and grab some rough stones. I didn't expect to happen to you!"

Ren Chan said with a sigh.

Lu Ming has fully understood.

Ren Chan and others, hiding in a small world, have no ore veins at all. After a long time, the ores will naturally be exhausted. If there is no ores, how to cultivate?

So they will venture out and look for the original stone.

"However, most of the original stone ore veins in Wanling Tianyu are guarded by aliens. It is not easy to seize them. It will be dangerous. Our plan is to go to a small ore vein nearby. Brother Lu, do we want to go together?"

Ren Chan asked.

"it is good!"

Lu Ming nodded. Now in the Wanling Heaven Realm, they are all aliens. It is rare to meet people in the heaven. Lu Ming naturally wants to be together, otherwise it will be more dangerous to run alone.

Immediately, the people left here and went carefully in one direction.

Along the way, no more interracial.

In fact, there are not so many aliens in the Wanling Celestial Realm.

Because, the original gas of the Heaven Realm, although the aliens can also absorb refining, but the speed is very slow, the efficiency is very small, it is very unfavorable for the cultivation of the aliens.

Just like Lu Ming's absorption of spars, the speed is also very slow.

Therefore, there are not so many aliens staying in the Celestial Realm.

A group of aliens stayed for many years, and a group of aliens changed. Only in the battlefield of the Two Realms, a large number of aliens gathered.

Otherwise, they would not dare to come out.

About a day later, they came to a dense mountain forest.

Here, the ancient trees are towering and the grass is green.

Twenty people, all lurking nearby.

Through the leaves, you can see the distance, there is a huge mountain range, that is an original stone vein, there are strong guards of aliens.

"I'll investigate it!"

Ren Chan said, and then sat cross-legged.

Others are all around Ren Chan. Obviously, Ren Chan has a high status among these people.

On the way, Lu Ming already knew that Ren Chan's combat power is full of the tenth rank of the real emperor. At this age, such a combat power, even if it is placed in today's Taiqing Heaven, is enough to rank in the nine. The top ranks.

At this time, Ren Cichan's body was filled with a layer of green brilliance, and this layer of green brilliance resonated with the surrounding green grass and ancient wood, so that those green grass radiated a layer of crystal green .

After a while, Ren Chan opened his eyes and said, "In that mine vein, there is a strong man in the Great Emperor Realm sitting in the town. It seems that we need to wait for the opportunity!"

Lu Ming was startled. Was it just now that Ren Chong was exploring the enemy in that vein through green grass and ancient wood?

This method is extremely mysterious.

"Except for the Great Emperor, how is the True Emperor's combat power?"

An old man asked.

"Zhendi's eighteenth-level combat power, one person, Zhendi's seventeenth-level combat power, two people, and the rest are all under Zhendi's seventeenth-level combat power, about 50 people!"

Ren Chan said.

"True Emperor Realm is okay, as long as the emperor leaves, we can start!"

A middle-aged Dahan Dao.

"Lu Ming, we need to wait here for a while!"

Ren Chan came over and laughed.

"Anyway!"

Lu Ming smiled.

Afterwards, Lu Ming heard that Ren Chan really controlled the wonderful magical art.

One of the strongest rules controlled by Ren Cicada is the law of life. Combined with other rules, he has constructed a wonderful magical power that can perceive the situation of enemies in the distance through flowers and trees, and even cultivate the strength and weakness.

The farther the distance, the weaker the perception. Of course, it is also based on Ren Chan's cultivation practice. The stronger the cultivation practice, the greater the perception distance.

This kind of magical power is wonderful. No wonder Ren Chong has a high status in the hearts of everyone.

Next, they waited in this mountain forest.

Lu Ming wasn't idle either. On the side, the principle of peace of mind.

Today, he has three laws, the law of death, the law of devouring, and the law of formation, all of which have reached the third level.

The law of chaos, as the earliest law of Lu Ming's enlightenment, is also very close to the third realm.

Lu Ming is fully aware of the law of chaos. As long as the law of chaos breaks through, his combat power will skyrocket.

This is three months.

"A breakthrough!"

On this day, Lu Ming was practicing, and suddenly caught a hint of inspiration. He felt that the law of chaos had finally come to a breakthrough.

Lu Ming devoted himself wholeheartedly, his heart was unscathed.

boom!

Soon, Lu Ming was full of breath, breaking the law of chaos into the third realm in one fell swoop.

Around all eyes of Ren Chan and others fell on Lu Ming, wondering again and again.

During this time, they already knew that Lu Ming was in control of the three strongest laws. At the beginning, they were shocked. No doubt, even now, when they see Lu Ming practicing, they still sigh.

"Brother Lu Ming is estimated to be an invincible arrogant in Taiqing Tianyu. Unfortunately, if he lives in Wanling Tianyu, if he grows steadily in Taiqing Tianyu, he may become an invincible strongman in the future. !"

Someone sighed.

"indeed so!"

Others nodded, and now Lu Ming is living in Wanling Heaven, lacking resources and unable to go back. It is hard to say the way forward.

"And Ren Cicada!"

Many people looked at Ren Chan.

Ren Chan's talent is also rare in the world. Although their entire small world has concentrated resources to cultivate Ren Chan, under such conditions, resources are also limited.

Even so, Ren Chan has made such achievements. If he is in Taiqing Heavenly Realm, I am afraid his achievements will be even higher.

After a while, Lu Ming ended his practice and opened his eyes.

"My current combat strength should have reached the rank 15 of the real emperor!"

Lu Ming weighs his combat strength.

Previously, his combat power was the 14th rank of the real emperor, but the chaos law is not trivial. Once it breaks through, the combat power increases greatly.

Lu Ming has now reached the fifteenth order of the true emperor.

With Lu Ming's current combat power, and the falling star bow, unless he encounters the real Emperor's eighteenth rank combat power, otherwise, he is not afraid of any opponent.

Chapter 2290: Attack mine veins

They continued to wait, blinked, and ten days passed.

"That great emperor, left!"

Ren Chan shouted suddenly, very excited.

After waiting for more than three months, the emperor finally left.

"Is there only one great emperor leaving?"

Someone asked.

"Good, only the emperor left alone!"

Ren Chan nodded.

"It's not bad, the other party has a real emperor's eighteenth order power, two real emperors' seventeenth order power, but we have one real emperor's eighteenth order power and three real emperor's seventeenth order power, enough to suppress the opponent !"

Said a white-haired old man.

This white-haired old man is the most powerful of all people, and he has stood at the peak for the eighteenth rank of the true emperor.

In addition, among them, there are three rank seventeen combat power.

"Wait a minute, the other party's 18th-order combat power is handed over to me. Those two 17th-order combat powers of the real emperor must also be blocked. We have one more 17th-order combat power of the true emperor to assist others. Strangle other aliens, and then join forces to kill the strongest three!"

The old man with white hair spoke out the strategy.

Everyone nodded, this strategy is currently the best.

However, for the sake of insurance, they did not do it for the first time, but waited for a while to avoid the other party going back.

After a few hours, they confirmed that the emperor had really left before they started.

They converged, and pulsed from the forest to the mine.

Soon after, they came near the vein.

At the mouth of the mine, there are two guards of different races, both of which are the cultivation of the real emperor realm, but the combat power is not high, and the white-haired old man rushed over and killed him.

"Rush in!"

The white-haired old man growled and rushed into the veins.

"It's the fish in the sky, kill!"

As soon as they rushed in, they were spotted by aliens, roaring like thunder, and dozens of strong aliens rushed out of the mine veins.

There are more than fifty people, and the number is twice that of them.

"Kill! Celestial ants, die for me!"

An alien covered with purple radiance, exuding a terrible breath, came towards them.

This is a real Emperor of the eighteenth order.

"pass it to me!"

The white-haired old man rushed over and fought with this man.

The two have the same fighting power, and the fight is inseparable.

At the same time, the strongmen of the two ranks of the seventeenth ranks of the real emperors were also blocked by the two ranks of the ranks of the seventeenth ranks of the real emperors.

On their side, there is an extra seventeenth-order combat power of the true emperor.

Although there are fewer people on their side, they are all elites and their fighting power is obviously stronger.

"kill!"

Lu Ming also rushed over, a long spear was condensed in his hand, and one shot was stabbed, and an alien of the 13th order of the true emperor was killed.

Lu Ming found that among these aliens, purple scales are only a few, and most of them are ordinary evil gods with black scales.

This is also normal. The purple scale clan is a noble of the clan, and the number is naturally not that large.

You can see so much outside the battlefields of the Two Realms.

call out! call out!

Lu Ming was brave and invincible, and he killed two other aliens, and was finally targeted by an alien strongman.

This person is the existence of a fifteenth-order combat power of a true emperor.

This interracial, roared towards Lu Ming.

"kill!"

Behind Lu Ming, a fan of six feathers rushed towards this alien.

boom!

Both of them used the killing trick to collide fiercely.

Then both of them receded quickly.

The difference is that the other party vomited blood and exploded a large hole in the body, which was hit hard, but Lu Ming was only slightly injured.

The same combat power, but Lu Ming has an indestructible gold body, and his defensive power is amazing. The attack of the opponent hits him, which can only make him slightly injured, but he can easily seriously hurt the opponent.

"kill!"

Lu Ming continued to kill this person, and the two of them fought a few more battles. The other person's head was pierced by Lu Ming's head and fell on the spot.

With the same fighting power, Lu Ming has an absolute advantage.

Of course, the same combat power does not mean that the two have the same level of cultivation. In fact, the other's cultivation level is much higher than Lu Ming, but Lu Ming has a strong combat strength and can fight over the ranks, so the combat strength is the same.

At this time, Lu Ming had taken an absolute advantage on their side.

They are all elites, with high combat strength. Although the number of opponents is large, the combat strength is not as strong as theirs. At this moment, more than 20 people have been killed.

In particular, the powerful man of the seventeenth rank of the real emperor is unmatched, killing all sides.

It seems that they will win according to the plan.

At this moment, there was a sudden roar in a mine, and then, from the mine, two burly aliens rushed out.

"Damn heavenly remnants, kill!"

The two aliens roared into the sky and killed Lu Ming on their side.

bump!

what!

On Lu Ming's side, two strong men were shot and flew. One of them vomited blood, and the other was slightly weaker and was directly beheaded.

"No, the two strong men of the seventeenth rank of the real emperor. They used to stay deep in the mine. There was no vegetation, and I didn't find out!"

Ren Chan exclaimed.

"not good!"

Others were also shocked.

On the other side, there are still two strong men with seventeenth ranks of the real emperor. In this way, their high-end combat strength is at a disadvantage.

"Remains of heaven, die!"

The two aliens roared and rushed to Lu Ming.

"I'll block them!"

The real Emperor of the seventeenth order, rushed over and killed two aliens.

But he was one enemy and two, not an opponent at all. After a few strokes, he was injured.

This is not the same as the realm, but the fighting power is the same, and the fighting power is the same.

"How to do how to do?"

Ren Chan and others were anxious.

In their small world, the number of people is small, the masters are few, and the one that fell is a huge loss.

"pass it to me!"

At this moment, Lu Ming spoke, and he rushed towards that side, at the same time, the falling star bow appeared in his hand.

Buzz!

When Lu Ming pulled the bow string, the falling star bow slightly vibrated. The laws and the power of the world poured into the falling star bow frantically. A nine-color arrow hit one of the aliens of the seventeenth order of the true emperor.

Uh!

The alien, brandishing a battle axe, cut an axe towards the arrow.

boom!

There was a violent roar, and the alien battle axe shook endlessly, and there were cracks on it. The alien did not hold the battle axe, and the battle axe flew out of him. .

When Lu Ming's chaos rule didn't break through, his combat power was the 14th-order combat power of the True Emperor. Manipulating the falling star bow would be blocked by the existence of the 17th-order combat power of the True Emperor.

However, now Lu Ming's chaos rule has been broken, and the power of falling star bows has been greatly increased. The power of the seventeenth order of the True Emperor can't be stopped, and he was directly hit by Lu Ming.

call out!

Then, Lu Ming shot another arrow and shot at the hard-hit alien.

This time, the opponent could no longer stop him and was shot directly in the air by Lu Ming.

"it is good!"

Ren Chan and others were ecstatic.
