

D Emperor 2341

Chapter 2341: Great War

Once "Seven Gods Xuan Gong" breaks through to the fifth level, Lu Ming can only compare with the realm of the emperor by virtue of his physical strength, and his combat power can definitely increase dramatically.

As soon as his figure moved, Lu Ming left here.

Tens of thousands of miles away, Lu Ming rushed into the desert, went hundreds of miles below the desert, and then entered the mountain and river map.

After entering the mountain and river map, Lu Minglika took out the liquids he had obtained and began to refine them.

These liquids contain huge essences of life. Lu Ming runs the "Seven Gods Mysterious Skills" to absorb these essences of life and strengthen the body.

Buzz!

The muscles and bones of Lu Ming's body were violently shaking, and in an instant, they were shaken hundreds of millions of times.

This kind of vibration produces a terrible energy, absorbs the essence of that spirit fluid, penetrates into muscles, bones, internal organs, blood cells, penetrates into any tiny corners of the body, and enhances Lu Ming's physical strength.

Half a month later, Lu Ming had absorbed all the spirit liquid.

However, "Seven Gods Xuan Gong" did not break through, and it was still in the late fourth stage, but it had reached its limit.

"Unfortunately, it's still almost!"

Lu Ming sighed.

It is too difficult to cultivate the Seven Gods Xuan Gong to the fifth level.

Swire cultivation system, no matter whether it is Swire body cultivation, Swire martial arts, Swire demon road, Swire magic road, etc., the difficulty of cultivation is more difficult than the rule system.

It also consumes more resources. Otherwise, during the Taikoo period, the Taikoo cultivation system will not be defeated by the rule system.

"Seven Gods Xuan Gong" wants to break through the fifth level, it must require more resources.

However, those spirits were not wasted. Although Lu Ming did not break through, the strength of the flesh still improved, and the strength was stronger.

"Void God Island, there are many treasures of heaven and earth, I can definitely find enough resources to make the physical breakthrough!"

Lu Ming's eyes flashed, and then he withdrew from the mountain and river map and continued to search in this desert.

But in the next few days, Lu Ming found nothing and did not meet other people.

On this day, Lu Ming was on his way. Suddenly, the desert exploded, and a terrifying axe struck the landing.

Lu Ming was shocked and retreated at a rapid speed while slamming his fists.

boom!

With a loud noise, Lu Ming slid a distance along the desert before stopping.

Ahead, a burly figure appeared.

Evil God Race!

This is an Evil God clan, covered with purple scales, tall, holding a battle axe, looking coldly at the landing.

"A true emperor who dared to enter the island of Void God can still block my blow. It seems that you are a peerless genius in the heavenly realm, haha, it seems that I am lucky!"

The Evil God Clan grinned and their eyes were extremely cold.

"One Star Emperor!"

Lu Ming judged the opponent's realm based on the other party's breath and just a touch.

The other party is just a one-star emperor, but as a noble among aliens, the combat power cannot be underestimated.

However, Lu Ming was not afraid. He hurriedly resisted just now and was repulsed by the opponent. He was far from using his full strength.

"One Star Emperor, take your surgery!"

Lu Ming spoke coldly.

"What are you talking about? Take me to surgery?"

The Evil God Clan grinned, and the ants of a real emperor realm in the realm said that it was a joke to say that he would be operated on.

bump!

This evil **** clan stepped on the footsteps, and the dust was all over the sky. He rushed towards the landing, and the battle axe in his hand slammed toward the landing.

Lu Ming was filled with nine colors of brilliance, the physical strength and the power of the world also turned to the extreme, rushing towards the other party.

boom!

The two slammed at each other, and the energy spread like water waves in all directions, and the sand was rolled up, like a sea wave, rushing in all directions.

Below the two, a deep pit with a length and width of thousands of miles appeared.

Uh!

A figure retreated one after another. This time, it was not Lu Ming, but the Evil God Clan.

"you..."

The three eyes of the Evil God Clan were very staring, and it was incredible to see the landing song.

He seemed unbelievable and would be repelled by a true emperor.

"Your strength is nothing more than that, kill!"

Lu Ming shouted and killed him.

bump! bump! bump!

The two turned into two streamers and collided constantly, fighting dozens of moves in a flash.

But the Evil God Clan fell completely down, lost to Lu Ming, trembles all over his body, and his arms hurt.

Before entering the Void God Island, Lu Ming was able to defeat the blue film in a battle with the blue film.

At that time, Lu Ming's cultivation practice was only a six-star true emperor.

Now, Lu Ming's cultivation is to enter the Seven Star True Emperor, and his physical strength is stronger.

This alien great, although stronger than the blue film, is still not Lu Ming's opponent and is completely suppressed by Lu Ming.

call out!

Lu Ming's palm was like an Excalibur, and he stabbed it out and stabbed it on the alien.

The aliens are covered with purple scale armor, and their defense is amazing.

However, Lu Ming's palm is covered with nine kinds of laws. The laws are intertwined and combined into a supernatural power, which is even more terrifying.

In addition to Lu Ming's physical strength, he directly broke the opponent's scales, leaving a hole in the opponent's body, blood flowing.

"Damn!"

The alien great roared, his figure receded, his eyes showed fear, and then he turned and ran.

He understands that he is not Lu Ming's opponent. If he barely fights, he will not only be unable to kill Lu Ming, but will also be beheaded by Lu Ming.

"Sky Realm, how could there be such a terrifying Tianjiao, the true emperor, the combat power is actually stronger than me, this is too horrible, no, I must spread this news and let others kill this kid, otherwise , Being raised by him, is a big disaster for my family!"

The alien emperor was thinking.

But Lu Ming, how could he let him escape, cast six feather wings, and chased past.

"Although you are stronger than me, it is impossible to kill me!"

The alien emperor shouted.

Lu Ming is stronger than him, but there is no strong ridiculous. As long as he escapes with all his heart, Lu Ming cannot kill him.

"is it?"

Lu Ming's mouth slightly raised, and a big bow appeared in his hand.

It is the star bow!

Lu Ming struggled to pull the falling star bow, and the bow string of the falling star bow bent.

At present, Lu Ming still cannot fully pull the falling star bow completely, only about half, nine kinds of laws, and the power of the world, continue to infuse into the falling star bow.

The falling star bow exudes a brilliant brilliance, and a nine-color arrow forms.

Buzz!

Lu Ming let go of his hand, the bow string vibrated wildly, and the nine-color arrow flew out, bursting at the alien emperor.

The alien emperor shouted, and an axe shot at the nine-color arrow.

when!

With a tremendous roar, the alien emperor was in a tremendous tremor, and his figure receded, almost unable to hold the battle axe in his hand.

"how is this possible?"

The alien emperor was shocked by the power of the falling star bow.

Buzz!

Lu Ming once again pulled the falling star bow and shot another nine-color arrow at the other party.

Chapter 2342: Act together

Arrows broke through the sky, dragging a long tail in the air, nine colors, gorgeous and dazzling, but the speed is incredible, the power is also amazing.

The alien emperor roared, and in the third eye, the light of destruction was emitted, and the tomahawk burst out at the same time.

when!

Nine-color arrows hit the alien axe's battle axe for the second time. The opponent's battle axe shook violently, and then flew out directly.

The alien Great Emperor's body tremored continuously, retreating continuously, the tiger's mouth was cracked, blood was flowing, and one arm completely lost consciousness!

Now, Lu Ming's cultivation base has reached the seven-star true emperor, and nine laws have reached the third level. Pulling the bowstring, the power is more powerful than before, I don't know how many times stronger.

Ordinary one-star emperors are difficult to resist.

call out! call out!

Lu Ming continued to draw a bow, and two arrows were shot.

The alien emperor gave out unwilling roars and tried his best to resist, but everything was in vain, just dying.

Two arrows were shot, one pierced from the chest of the alien emperor, and the front and back were translucent, nailing the other party to the ground. The second arrow shot from the eyebrow of the other party. This arrow directly killed the alien emperor.

An emperor was beheaded by Lu Ming.

This is the first time without borrowing the Emperor's flesh.

Lu Ming also sighed.

Unconsciously, he has grown to this point and is able to kill the emperor.

More than ten years ago, when he was in Yuanlu, the emperor saw in his eyes how high he was, and he could not climb.

At that time, Lu Ming couldn't compete with the Emperor except for the Emperor's flesh. With his real strength, the Emperor could slap him to death.

But now, this is not what he used to be. Unconsciously, his strength has grown to an astonishing height.

After the nine-color arrows shot and killed the alien emperor, they turned into energy and dissipated automatically.

Lu Ming just had to fly over to collect the body of the alien emperor. In the distance, there were two rainbow lights flashing, and he flew towards this side very quickly.

"It's them!"

Lu Ming's eyes moved.

Among the two rainbows, it was actually the twin brothers.

The two apparently discovered Lu Ming from afar, so the flight speed was very fast, and in a blink of an eye, he came to Lu Ming's side.

The eyes of the two looked at the alien emperor, and there were surprises in their eyes.

"Brother Lu Ming is really powerful. He actually killed an emperor with his own skills, admire, admire!"

One of them was humane, with a look of wonder in his eyes.

"Good luck!"

Lu Ming smiled lightly and walked over to collect the body of the alien emperor.

"Brother Lu, did you kill all the crows that day?"

The man who spoke before asked again.

"No, I rushed out!"

Lu Ming answered at random.

"Oh?"

The twin brothers glanced at each other, then nodded: "Brother Lu Ming, it seems that we are destined. Next, why don't we act together?"

"It is good!"

Lu Ming thought for a moment and nodded.

He is unfamiliar with this place, and the two of them are not weak at the moment. Lu Ming can't use the body of the Emperor now. If more people come together, he can help if he is in danger.

"Two, do you know how big this desert is?"

Lu Ming asked.

"This desert is very large, these days, we have been wandering in this desert, this desert is dead, there is no chance, we are here, it is a waste of time, as long as we continue to go deep into the island of Void God, Sure to get out of this desert!"

One of the twin brothers is humane.

This man is the boss of the twin brothers.

Lu Ming also nodded. Indeed, in this desert, there would be no gains. He wandered around for a few days, and he just harvested an imperial medicine and some spirit liquid.

Immediately, the three discussed some things before heading towards the center of the Void God Island.

On the way, Lu Ming knew the names of the two.

One is Wu Xiu and the other is Wu Bo, both of whom are two-star emperors.

Along the way, they also encountered a wave of interracial, only two people, a two-star emperor, a one-star emperor.

Naturally, Lu Ming and the three of them besieged and finally killed.

Later, they met a group of interracial, full of seven or eight people, originally, Wu Xiu proposed that Lu Ming take out the "puppets" to kill these interracial, but Lu Ming turned and left.

The puppet in Wu Xiu's mouth is the Emperor's flesh, but the energy of the Emperor's flesh is exhausted. Wherever he can kill the enemy, Lu Ming turns around and walks away.

Fortunately, they were fast enough so that they were not surrounded by aliens and successfully escaped from the encirclement.

In this way, they flew for half a month before going out of the desert area.

The main thing is that in this area, the pressure is too strong, and their flight speed is thousands of times, tens of thousands of times slower than outside.

So it takes so long to cross this desert.

Through the desert, they came to a red ground.

In this land, the temperature is even more alarming. From time to time, magma flows out of the ground.

Under the earth, there are constantly amazing high temperatures permeating out.

It stands to reason that such an environment is more deadly and less vegetation than the previous desert, but the fact is the opposite.

Here, you can see the vegetation from time to time.

A fiery red vegetation, rooted in the hot land, some, even rooted in magma.

"That's Liuyan wood, and flint grass..."

Soon after coming to this land, Lu Ming discovered several kinds of imperial medicines, all of which were very valuable, and were taken away by three people.

This land of flames is simply a treasure land, the three eyes searched fieryly.

A few days later, each of the three men received more than ten strains of imperial medicine.

On this day, the three men suddenly stopped after turning over a large mountain.

Because, in the previous canyon, several figures appeared, the three quickly concealed and watched from afar.

Evil God Race!

In that gorge, there are Evil God Clan, a total of five people.

In the canyon, there is a dark-painted cave, and five Evil God clan wander back and forth outside the cave, and there is a strong breath filled with body.

"Three two-star emperors, two one-star emperors!"

Wu Bo looked solemn and whispered.

"Brother Lu Ming, these five Evil God Clan, have been wandering outside the cave. I estimate that there are treasures in that cave. Such an opportunity should not be missed, but the other two three-star emperors and two one-star emperors have better strengths. We are strong, not something we can deal with!"

"Why didn't Brother Lu Ming take out the puppet and kill the five Evil God Clan? If there is any treasure, then Brother Lu Ming can take the big head!"

Wu Xiudao.

"This strategy doesn't work, let's observe and observe!"

Lu Ming said.

Wu Xiu and Wu Bo glanced at each other again, and there was a flash of light in their eyes.

Lu Ming and others waited quietly here.

Chapter 2343: Dragon-shaped Beast

Five Evil God Clan wandered in the valley. After a while, a Evil God Clan of the Two-Star Great Realm suddenly rushed into the cave.

Roar!

In the cave, there was a roar immediately. This roar was like a dragon song, and hissed like a python, and it was extremely harsh.

Immediately afterwards, a strong roar came from the cave, and the whole valley started to vibrate.

Less than a minute later, the Evil God Clan that had previously rushed into the cave rushed out of the cave, and outside the cave, the four Evil God Clan were solemn and waited in strict array.

Roar!

With a loud roar, a huge slender body rushed out of the cave.

"this is..."

In the distance, Lu Ming's eyes moved.

It was a strange animal, like a real dragon, covered with scales, but only four claws, and behind it, a pair of winged wings, stretched out, very huge.

This is a strange animal that Lu Ming has never seen before.

Roar!

The beast roared, covered with blazing flames, flesh wings flew out, as fast as lightning, and rushed towards the evil **** clan.

The previous Evil God Race quickly rushed to the other four Evil God Races.

"Do it!"

One of the Evil God Clan shouted, and all the Evil God Clan started to work together. The four rays of destruction shot from their third eye and then turned into various attacks.

Some turned into war swords, some turned into war swords, or all kinds of fierce beasts.

Uh!

Dragon-like beasts, flesh wings fan out, like a sky knife cut through the void, cut off the space, want to block the attack of the evil **** clan.

However, only part of it was blocked, and there were a few attacks that broke through the encirclement and bombarded the beast, causing the beast to roar and stop his body.

"Full shot, killed this beast!"

A two-star Great Emperor's Evil God clan shouted, and five Evil God clan surrounded the beasts and launched a siege.

The fighting power of the monster is very powerful, stronger than any evil spirit clan in the two-star emperor realm. However, it is not much stronger. It was besieged by five evil spirit clan and suddenly lost.

The monster's defensive strength is amazing, the scales are solid and immortal, and the one-star Great Realm's Evil God Clan is difficult to break. Only the two-star Great Evil God Clan can cause damage, so for a time, although the beast is injured, it can still withstand.

Roar! Roar!

The beast roared, seemingly unwilling, violently abnormal, and the flames of his body became hotter. Finally, its huge body began to shrink. The body that was hundreds of meters long was finally reduced to three meters in length.

However, on its body, there was a kind of crystal light flashing, and the biggest change was its wings, which became fiery and red, like a fiery red fire jade.

Uh!

The wings of the beast flickered faster than before, like a rainbow of light, rising into the sky and instantly rushing out of the encircling circle of the Evil God Race.

"Be careful!"

A Crow of Evil God cries.

Roar!

The beast roared, like a red lightning, from the heights of the sky, towards a one-star Great Realm Evil God Race, the speed was extremely fast.

The Evil God Race was shocked and wanted to retreat, but it was too late.

Poof!

The claws of the beast caught and broke through the opponent's defense, tearing off one of the opponent's arms directly, and at the same time, one of its wings came out sharper than the sword of the sky.

puff!

The Evil God Clan was split in half directly.

A one-star Great Realm Evil God Clan was directly beheaded.

"court death!"

The other evil gods roared, and various attacks came towards the beast.

The beast is very fast, trying to dodge, but still being cut by an axe, scales flying, leaving a wound on his body, blood flowing.

The beast was injured, more furious, and roaring constantly, and then rushed towards the remaining one-star Great Emperor Realm Clan.

The speed of the beast is too fast, who wants to attack, it is almost difficult to dodge, and can only attack head-on.

The Evil God Clan of the One-Star Great Realm desperately fought back, and the other three Evil God Clan of the Two-Star Great Realm also continued to attack.

But in the end, the strange beast was hit by a trick, but it also successfully rushed to the side of the evil **** clan in the one-star emperor realm, and the claws and wings were used together to kill this evil **** clan.

The two weakest Evil God Clan were successively killed by strange beasts. On the scene, there were only three Evil God Clan in the two-star Great Realm.

The two people were beheaded in succession, and the Evil God Clan was also furious, and various fierce attacks continued to blast towards the beast.

With a very fast speed, the beast continually dodges and slays the evil spirit family towards a two-star emperor realm.

However, the two-star emperor is not so easy to kill.

In a single battle, the alien beast may be stronger than any other evil **** clan, but when the three evil **** clan join forces, the alien beast will lose.

You have come and gone between the two sides and have fought a dozen moves.

An Evil God clan was almost torn into two halves by the beast, and was badly hit, but the beast itself was also bloody, and the injuries were also quite serious.

Uh!

Finally, the beast stared at the seriously wounded evil spirit clan, madly rushed towards the other party, and launched a fierce hunt.

The whole body of the beast is full of weapons and can attack. The offensive is like a storm, and it is unpredictable.

puff!

The Evil God Clan had been seriously injured and was no longer invincible. The chest was pierced by the tail of the beast. The terrible power tore the Evil God Clan into several pieces.

However, the attacks of the other two Evil God Clan also arrived.

A giant axe was cut towards the beast, directly cutting off one of the wings of the beast.

There is also a mace, which bombards the body of the beast, and the skeleton of the beast makes a clicking sound, hitting the valley with a heavy body.

boom!

The ground vibrated, the smoke filled, and a large pit appeared on the ground.

This time, the beast was hit hard and dying with serious injuries.

"Kill, kill!"

The remaining two evil gods have extremely cold eyes, and they do not give the beast a chance to breathe. All kinds of attacks are constantly pouring down.

Roar!

The strange animal roared, extremely unwilling, and rushed towards the cave.

"Don't let him go back to the cave!"

A Crow of Evil God cries.

Two Evil God Races, struggling towards the dragon-shaped monster, various attacks bombarded the monster, the monster has more wounds, the tail is cut off, and the claw is also cut Down.

bump!

The beast was unable to return to the sky and fell heavily on the ground. There was no more breath.

"Sinister, dare to kill my people, today, I will take you as a wine dish!"

An evil **** clan Sen Leng opened his mouth and flew towards the beast.

As he approached the dragon-shaped beast, he cut off an axe and wanted to cut off the head of the dragon-shaped beast.

But at this moment, the dragon-shaped beast suddenly roared, shining all over, and rushed towards the evil **** clan.

The two are too close apart. The evil **** clan saw that the dragon-shaped beast was dying and didn't have much precautions. At the moment, it was shocked, and it went back crazy. At the same time, the third eye burst into light.

puff!

The rainbow light directly broke through the destructive light of the Evil God Clan and passed through his body.

The Evil God Race retreated, and a translucent hole in the front and back was penetrated through the body, which was hit hard.

Chapter 2344: Cardinals

The dragon-shaped beast launched its final blow and severely damaged a Clan of Evil Gods, but after all he ran out of light and fell to the ground without any breath.

"brute!"

The devastated evil spirit clan was furious, and with an axe, he cut off the head of the dragon-shaped beast, and dug out a fist-sized spar from the inside.

Then, the eyes of the two evil spirits looked at the cave, flashing fiery light.

In the distance, Lu Ming, Wu Xiu and Wu Bo glanced at each other.

"Shoot!"

Wu Xiu whispered.

Lu Ming and Wu Bo nodded.

At present, there are only two people left in the Evil God Clan. Although they are both two-star emperors, they are comparable to Wu Xiu and Wu Bo, but now one of them has been injured and the combat power has weakened.

Without any hesitation, the three of them rushed out at an alarming speed.

"Sky Realm!"

As soon as the three of them rushed out, the two Evil God Clan discovered them and immediately roared.

call out! call out!

The two evil spirits directly launched the attack. In the third eye, the light of destruction was shot, one into three war swords, and one into a tiger, culling towards three.

In Lu Ming's hands, the infinite dragon spear came out, containing nine kinds of laws, and thrust forward.

Boom!

The spear pierced a war sword and made a huge roar. The war sword was shot and flew out, but Lu Ming's spear also kept shaking and buzzing.

"Good strength!"

Lu Ming felt his arms numb.

The two-star emperor is indeed powerful.

If Lu Ming does not use the star-falling bow now, with his own combat power, although he can suppress the general one-star emperor, he may be a little bit worse when he encounters the two-star emperor.

"Broken empty hand!"

On the other side, the twin brothers Wu Xiu and Wu Bo also used their housekeeping skills.

The magical powers they used were exactly the same. The palms of the two became transparent, but there was a breath of breath.

The two waved out and slammed forward.

Wu Xiu, hit the tiger.

Wu Bo, bombarded the remaining two war swords.

boom! boom!

The violent roar sounded, the tiger, and two war swords, were directly defeated by the two.

"Good power!"

Lu Ming's eyes narrowed slightly.

The attack of the Evil God Clan was defeated, and the three people kept standing and quickly approached the two Evil God Clan.

"I deal with this uninjured one, you join forces to kill the injured one, and come to help me again!"

Wu Xiu sent a message to Lu Ming and Wu Bo, and then killed the unharmed Clan of Evil Gods, and the two killed together.

Lu Ming and Wu Bo killed the wounded evil **** clan.

boom! boom!

Wu Bo's palms are really transparent, like a pair of transparent crystals, they are bombarded with amazing power.

Where his palm passed, the space exploded and shattered directly.

"Human, kill!"

The Evil God cries shouted, holding a battle axe and slashing towards Wu Bo.

when! when!

Wu Bo's palm directly collided with the Tomahawk of the Evil God Clan, making a violent roar, such as the intersection of gold and iron.

After several violent shocks, Wu Bo's figure shook, while the burly figure of the Evil God Clan retreated.

This evil spirit clan was mortally countered by a dragon-shaped beast, severely injured, and its combat power weakened a lot. It was not a opponent of Wu Bo at all.

At this time, Lu Ming also launched an attack.

Lu Ming directly took out the falling star bow.

Although the opponent is injured, after all, it is the two-star emperor. After a desperate battle, the combat power is still amazing. To kill the opponent, only the star bow is the most effective.

Buzz!

The bowstring vibrated, and a nine-colored arrow hit the other side.

The terrible power makes the other party discolored and can only resist as much as possible.

when!

The other party cut off with an axe, blocking the attack of the nine-color arrows, but the figure was receding, which affected the injury and made the evil gods's injury worse.

Will Wu Bo let go of this opportunity and launch a stormy offensive against the other party.

This evil spirit clan was originally injured, and it was not Wu Bo's opponent. With the threat of falling star bow, he was naturally invincible.

With few moves, the opponent was hit by Wu Bo.

bump!

Wu Bo's palm was bombarded on the opponent's body at that position, which had been penetrated by a dragon-shaped beast before. At this time, he was bombarded, directly burst, and flesh and blood flew.

The Evil God cries screamed, his body flew out like a sandbag, and his breath was weak.

Lu Ming seized the opportunity and shot an arrow.

puff!

The arrow pierced through the opponent's head, and the opponent roared, and he lost his breath.

Under the cooperation of Lu Ming and Wu Bo, the injured Evil God Clan was easily resolved by the two.

And the last Evil God clan saw this scene, was shocked, and blasted Wu Xiu a few tricks in a row, turned and ran.

He understands that with him alone, facing the three Lu Ming, he will definitely die.

"Stop him!"

Wu Xiu shouted and chased toward the other party.

call out! call out!

At this time, Lu Ming continued to draw bows and star bows, two nine-color arrows, flew out, gliding out a semicircular arc in the air, ran to the front of Evil God Clan, and shot at Evil God Clan.

This Evil God Clan can only use the mace to resist. Although he blocked the nine-color arrows, his figure was blocked.

Wu Xiu quickly arrived, and his palms continued to bombard.

And Wu Bo quickly arrived and joined the battle group.

The two brothers joined forces and the fighting power soared. The Evil God Clan could no longer escape the encirclement and could only resist it.

Lu Ming appeared not far away, holding a star-falling bow, which made the Evil God Race even more disturbed, and should pay attention to Lu Ming.

Lu Ming took out a pile of original stones and began to devour the original gas in the original stones to restore the power of the world.

During this period, Leng Buding shot an arrow.

Every time Lu Ming shoots an arrow, he is looking for a neutral gear and shooting, so that the opponent is undefeated.

Where the opponent was distracted, where could he block the attacks of Wu Xiu and Wu Bo? His body was hit continuously, purple scales flew, and his bones broke.

The evil **** clan roared, but the result was doomed, and after a few strokes, the evil **** clan was penetrated by Wu Xiuyi's head and fell completely.

The five evil spirits all fell, and the eyes of the three looked at the cave.

Obviously, this cave was the cave house of the dragon-shaped beast before. Five evil gods clanged at it, and there were definitely treasures in it.

The three landed before the cave.

"Let the three of us go in together. Be careful. Although the dragon-shaped beast in the cave has been killed, there is no other danger!"

Wu Xiudao looked cautious.

Lu Ming and Wu Bo nodded, then the three of them walked towards the cave carefully.

As soon as I walked into the cave, I felt a scorching temperature rushing over, and the three felt like they were all burning.

Lu Ming has the power to run the world, and there are nine kinds of laws that cover the whole body and resist the temperature in the cave.

This is a passageway, very huge, high and wide, tens of meters in length.

Deep in the cave, a fiery red brilliance filled out.

Chapter 2345: Liquid fire

The three of them walked all the way along the passage. After about a thousand kilometers, they crossed the passage and came to a cave.

The cave is large, red, and the temperature is even more amazing, like a stove.

If they were not advanced, they would definitely not be able to resist.

"That is..."

As soon as they entered, their eyes were attracted by a small pool in the middle of the cave.

There was a red liquid in the small pool, and the terrible temperature was coming out of the red liquid.

This is not magma, because inside, there is a very rich essence.

"This is...liquid fire!"

Lu Ming whispered.

Wu Xiu and Wu Bo's eyes also light up.

Flames are generally gas-like, visible and untouchable.

However, in places where the flame energy is extremely rich, after hundreds of millions of years of evolution, a peculiar treasure will be formed, that is, liquid fire.

Liquid fire, an extremely rare treasure, contains a huge amount of flame essence, which is of great value to the practitioners.

The point is, no matter which one you practice, you can use it.

The system of cultivation rules can be used to refine the power of the world and condense the small world.

Those who practice Archaic Devil's Path, Archaic Demon Road, can also be used to temper unique powers.

Archaic body repairs can be used to refine flesh.

Even the Evil God Clan can be used for cultivation.

No matter which one, the effect is very amazing.

No wonder the previous five Evil God Races wanted to rush in, and the dragon-shaped beast did not want to leave.

The eyes of the three became hot.

"The liquid fire in this pool has a lot of weight. The three of us share equally. How?"

Wu Xiu glanced at Lu Ming.

"I have no opinion!"

Lu Ming said.

"I'll collect some first!"

Wu Bo spoke, then waved his hand, and a jade bottle appeared.

Wu Bo manipulated the Jade Bottle and flew towards the small pool, wanting to scoop some, but when the liquid fire entered the Jade Bottle, the Jade Bottle burned directly and disappeared into the shadowless disappearance of ashes.

"This high temperature!"

Several people were taken aback.

"I won't believe it!"

Wu Bo waved again, and a box appeared in the air.

This box, made of metal, is engraved with runes on it, and the breath is very amazing.

"This is a true emperor soldier!"

Lu Ming moved.

Wu Bo manipulated the box and flew over, trying to collect the liquid fire into the box.

However, when a liquid fire flew into the box, the middle of the box made a sneering noise. Within a few seconds, the box burned up. After a few minutes, the box stepped into the dust of the previous jade bottle and disappeared into ashes.

Several people looked at each other, and the temperature of this liquid fire was so amazing, even the true imperial soldiers burned directly to ashes.

"Do you want to use the Great Emperor Soldier!"

Wu Bo gritted his teeth.

"I come!"

Wu Xiudao then sacrificed an imperial soldier.

This emperor soldier is really an emperor soldier, like a bowl.

However, when the liquid fire was put into the bowl, the bowl still made a snorting sound, and a burst of light smoke drifted out of the bowl.

Wu Xiu's face changed greatly, he quickly poured out the liquid fire, and then looked at the bowl, there were already a few potholes in it.

Wu Xiu was heartbroken to death. After a while, the Emperor Soldier was damaged. If the delay is longer, I am afraid that the Emperor Soldier will be burned through.

"Can't take it away at all!"

Wu Xiu sighed, a little speechless.

These liquid fires can't be taken away at all, the temperature is too high, and even the great soldiers can be damaged.

Do you need Heavenly Emperor soldiers!

But Heavenly Emperor Soldiers are so precious and extremely rare. Many Heavenly Emperors have no Heavenly Emperor soldiers. They naturally cannot have them.

You can't take it away, you can only refine it slowly here. However, in the Nether God Island, the Celestial Realm and the Evil God Clan have entered a large number of masters. There is no time when it will be discovered by other powerful people and stay here to refine. ,very dangerous.

"I'll try!"

At this moment, Lu Ming opened his mouth, and then his eyebrows were shining, and a great tripod emerged.

This is the Kowloon God Tripod!

Jiulong Shending is a weapon of Jiulong. It is astonishingly powerful and sturdy and immortal. Lu Ming speculates that it is an absolute soldier.

Even if it is not able to exert its power now, but the materials are there, the liquid fire should be able to do nothing about the Jiulong.

Lu Ming controlled the Jiulong Shending, flew out, and flew into the small pool, and then the Jiulong Shending, exuded a strong attraction, sucking the liquid fire into the Shending.

There is no problem at all, Jiulong Shending, there is nothing abnormal.

Taking the Jiulong Shending back to take a look, it was found that there was no abnormality, just like a normal liquid, filled in a water tank.

"Can do it!"

Wu Xiu and Wu Bo are ecstatic.

Lu Ming also calmed down and continued to control the Jiulong Shending to absorb the liquid fire.

Soon, a small pool of liquid fire was all sucked into the Kowloon God Tripod.

Jiulong Shending flew back and was taken away by Lu Ming.

"We are looking for a secret place where the three of us split equally, and then slowly refine, how?"

Lu Ming looked at Wu Xiu and Wu Bo.

"Okay, this time thanks to Brother Lu Ming, let's leave here quickly!"

Wu Xiu's face was full of smiles, as was Wu Bo.

"go!"

Lu Ming nodded and turned away.

But at the moment Lu Ming turned around, Wu Xiu and Wu Bo were in a difficult situation, their palms turned into transparent colors, and they blew towards the landing, which was amazingly powerful.

This change was extremely sudden.

"you guys..."

Lu Ming noticed the crisis and roared, and nine laws filled his body, covering his whole body.

Lu Ming only had time to respond, and Wu Xiu and Wu Bo's attacks bombarded Lu Ming.

boom!

Lu Ming's body flew out and hit the wall of the cave heavily.

Everything in the Void God Island is under the terrible pressure at all times, so it becomes extremely strong, but now, Lu Ming hits the wall, the whole cave shakes violently, the wall bursts, and a huge Deep hole.

Lu Ming lay in the deep pit, vomiting blood, his face pale, and his breath faded.

"You... why are you?"

Lu Ming shouted, and his anger was abnormal.

"Why? Hahaha, who told you there are too many treasures!"

Wu Xiu laughed.

"Yes, the puppets of the past, even the Samsung Emperor and the Four Star Emperor, can kill. If they fall into the hands of our brothers, how powerful will they be?"

"Also, the big tripod in your hand can hold even liquid fire. It is absolutely extraordinary. The first arrogance in heaven is really extraordinary. Lu Ming, the treasures in your body, I am afraid there is more than that. If we get it, Will be able to fly into the sky, hehe hehe!"

Wu Bo laughed coldly, his eyes full of greed.

There are too many treasures on Lu Ming, and there are definitely many adventures in the first arrogance of Heaven. If Lu Ming's adventures are taken away, their two brothers will definitely rise against the sky.

It may not be impossible to become the pinnacle of heaven in the future.

Chapter 2346: Waiting for an escape

"You guys, aren't you afraid that I will manipulate that puppet and kill you!"

Lu Ming asked, showing the immortal ancient script at the same time, and healing the wound with all his strength.

Of course, on the surface, he had to pretend to be "weak" and confuse them.

"Of course scrupulous, at first, we dared not take action against you. However, after encountering the Evil God Clan several times later, I deliberately mentioned that you should control the puppet and kill the Evil God Clan, but you did not do it, which made me uncomfortable. No doubt, your puppet needs energy. When facing so many crows, it is estimated that the energy has been exhausted!"

Wu Xiu sneered.

Lu Ming's face was a little gloomy.

"No need to say, we still kill him first, this person is a peerless arrogance, and later changes!"

Wu Bodao.

"Not bad!"

Wu Xiu also nodded, his eyes flashing coldly.

For Lu Ming, they did not dare to carelessly, just the raid just now, the two attacked together and used their full strength.

"Wait a moment, I met those crows before. I saved you. Speaking of it, I am still your life-saving benefactor. Do you treat your life-saving benefactor like this?"

Lu Ming shouted.

"Save the benefactor? Hahaha, what kind of **** saves the benefactor, because of your generation's arrogance, I still believe in this, this world, the interests are supreme, do you understand?"

Wu Xiu laughed, full of mockery.

Wu Bo also sneered, the two stepped towards the landing Ming.

However, both of them were very cautious, laying a lot of defense around their bodies, afraid of Lu Ming dying back.

Although, just before the raid, the two have used their full strength and their power is amazing. They have this confidence. Lu Ming is not dead. It is already a miracle. There is absolutely no trace of resistance.

But Lu Ming's reputation was there, and they had to be cautious.

"Hey!"

At this time, Lu Ming sighed.

"You don't need to sigh, your adventures, we will help you carry forward!"

Wu Xiu sneered.

"I sigh, I sigh the ancient scriptures on me, and will be lost from now on!"

Lu Ming said.

"Ancient Classic?"

Both Wu Xiu and Wu Bo's eyes lit up.

"Yes, Chaos Classics!"

Lu Ming said.

Wu Xiu and Wu Bo glowed with fiery fire in their eyes.

"Hand over the Chaos Classics, we can give you a happy one!"

Wu Xiudao.

"No, unless you promise to spare me not to die, I will give you the ancient Chaos, as well as the treasures on me. Otherwise, you will only get my treasures, the ancient Chaos, you will never take it away! "

Lu Ming said.

The eyes of Wu Xiu and Wu Bo flashed.

"How to do?"

Wu Bo sent a message to Wu Xiu.

"Pretend to promise him, give him two minutes, let him engrave the ancient Chaos into the jade amulet, the injury he suffered is extremely serious, there will be no improvement in a few days, within a few minutes, he can't play Come out tricks!"

Wu Xiu sent a message to Wu Bo, and the two silently nodded.

"Okay, we promise not to kill you, you will inscribe the ancient Chaos into the jade rune!"

Wu Xiudao.

"You think I will believe that you swear, swear blood!"

Lu Ming said.

"Boy, until now, you still talk to us about conditions, you have to understand your situation, you are not qualified to talk to us about conditions, if you talk nonsense, we are not a big deal, don't chaotic ancient scriptures, kill you now, yours The treasure is still ours!"

Wu Xiuyin said coldly.

"Lu Ming, hurry to inscribe, we have no time to talk nonsense with you!"

Wu Bo drank coldly, and the killing chance became colder.

"Okay, I hope you have faith!"

Lu Ming Road, pretending to be a helpless look, took out a jade charm and inscribed it.

Soon, two minutes passed, and Lu Ming was still inscribed.

"Boy, why is it so slow? You better not play tricks!"

Wu Xiu said coldly.

"The ancient scriptures of Chaos are the ancient scriptures of the Emperor of Chaos. They are extremely mysterious. There is such a good inscription. If you want a broken ancient scripture, I will give you now!"

Lu Ming scorned his lips.

"Lu Ming, we will give you another three minutes. After three minutes, you are not good, don't blame us for being ruthless!"

Wu Xiuyin said coldly.

He was still not at ease and felt he could not continue to delay time.

Lu Ming continued to inscribe.

Soon, three minutes passed.

"All right!"

At this moment, Lu Ming spoke, and then waved his hand, and Yu Fu flew to Wu Xiu.

Wu Xiu was ecstatic, reaching for it, and quickly checked it.

At first glance, Wu Xiu was shocked, and then showed a rage.

"Empty, Lu Ming, you dare to lie to us..."

Wu Xiu shouted.

But at this moment, Lu Ming's figure suddenly rushed out at an alarmingly fast speed.

Behind Lu Ming, there is a pair of wings, fanning at a rapid speed, rushing directly to the passage and rushing out of the cave.

"Damn, chase!"

"court death!"

Wu Xiu and Wu Bo were furious and chased toward Landing Ming.

All three were very fast, rushed out of the cave in an instant, and flew towards the distance.

However, Lu Ming was very fast. Although Wu Xiu and Wu Bo did their best, they couldn't catch up with Lu Ming for a while.

"Damn, how can he have the power?"

Wu Xiu and Wu Bo roared.

Before, the two of them joined forces in a surprise attack, and the power was amazing. Even the other two-star emperors would definitely die.

Lu Ming was not dead, it was already a miracle. They thought that Lu Ming was definitely hit hard and had absolutely no spare time to escape the string. Unexpectedly, Lu Ming could actually explode at such an amazing speed.

In fact, Lu Ming's injuries were far less serious than they thought.

Lu Ming's physical body is now extremely powerful, and his defense and vitality are both amazing.

At the same time, Lu Ming didn't trust Wu Xiu and Wu Bo so much. In the dark, Lu Ming always operated the golden body, making his body as hard as a magic weapon.

The immortal gold body plus the already strong physical body, the defense power is very amazing. Even if Wu Xiu and Wu Bo suddenly attacked, Lu Ming was hit hard, but it did not reach the point where he did not have the strength to fight back.

In addition, behind Lu Ming deliberately and nonsense with the other party, deliberately delaying time, the operation of the ancient scriptures, full treatment of injuries, Lu Ming's injury has been much better.

Just now, Lu Ming pretended to engrave the ancient chaotic scriptures, and gave the jade symbol to each other. Wu Xiu and Wu Bo were overjoyed, and their spirits were relaxed. Taking advantage of this opportunity, Lu Ming suddenly acted and escaped smoothly.

"Lu Ming, you can't escape, I'm overtaken, I want to smash you corpses!"

Wu Xiu shouted.

"is it?"

Lu Ming sneered, cast six **** wings, flying at speed, at the same time, the star bow in his hand appeared.

call out! call out!

Two nine-color arrows flew towards Wu Xiu and Wu Bo. The two could only attack to resist. With the strength of both of them, although they were able to block the attack of nine-color arrows, they were inevitably blocked and slowed down. Down.

Taking advantage of this opportunity, Lu Ming quickly went away, and the distance between the two sides was greatly enlarged.

Chapter 2347: Tempered flesh

Lu Ming flew while attacking with a falling star bow.

The distance of the falling star bow attack was extremely far away. The figures of Wu Xiu and Wu Bo were blocked, and Lu Ming took the opportunity to fly forward for a while, which opened the distance between the two sides.

"Today's event, I wrote down Lu Ming, the two of you have their heads on first, I will definitely take it by myself in other days!"

A cold voice came from Lu Ming's mouth.

Wu Xiu and Wu Bo, Lu Ming will kill!

"Damn!"

Wu Xiu and Wu Bo roared with anxiety.

They knew that Lu Ming wasn't just talking, and he would definitely do it.

The key is that with Lu Ming's talents, he will definitely be able to do it in the future. This is beyond doubt. It will not take long for Lu Ming's combat power to exceed them.

Not to mention Lu Ming's talents, even the power behind Lu Ming is terrifying. The Lan family matter has spread throughout the heavens so that everyone can realize Lu Ming's powerful energy.

The Emperor behind Lu Ming, whoever was alone, could kill them.

Therefore, Lu Ming must not be allowed to leave.

At this moment, the two regretted a little, not regretting to shoot Lu Ming, but regretting that they shot, they were too confident and gave Lu Ming too much time.

To deal with a person like Lu Ming, once he shoots, he must be killed with a thunder. After a minute and a second, there will be accidents.

They just gave Lu Ming a few minutes, and Lu Ming fled from under their noses.

Unfortunately, they now understand that it is too late!

Wu Xiu and Wu Bo erupted with all their strength, chasing Lu Ming, and biting and landing Mingming.

Lu Ming was absolutely injured and could not support it for a long time. After a long time, he must be overtaken by them.

call out! call out!

At this time, two more arrows were shot at them, and they could only wave their hands to resist the arrows.

As a result, their figure was blocked again, and the distance from Lu Ming was greatly extended.

"Damn, **** it!"

The two roared in their hearts, chased like crazy, but still could not change, the fact that the distance between them and Lu Ming became more and more.

In this way, after Lu Ming shot arrows several times, they had flown out of this hot land and came to a relatively normal place.

This place has beautiful mountains and rivers.

After coming to this place, Lu Ming rushed down the ground and ran along the forest. Soon after, Wu Xiu and Wu Bo completely lost Lu Ming's trail.

"Damn!"

Wu Xiu and Wu Bo stopped on a mountain, screamed like wild beasts, slapped their palms arbitrarily, and dreaded palm prints bombarded the mountain.

At this time, Lu Ming had entered a hidden cave, and then went deep underground, along the underground, and moved forward, without a trace of breath.

puff!

Lu Ming spit out blood while moving forward, his face pale.

Although he has amazing defensive strength and extremely strong vitality, Wu Xiu and Wu Bo are, after all, the existence of the two-star emperor realm, and they have joined forces to attack in full force. The power is really terrible, and Lu Ming's injury is still very heavy.

There was an outbreak of full strength just now, which continuously pulled the falling star bow. His injury naturally deteriorated a little.

But it doesn't matter, with the mystery of the immortal ancient scriptures, no matter how serious the injury is, it's nothing.

Lu Ming went deep in the ground, and kept going, not knowing how much distance he had traveled, and then entered the mountain and river map, and began to operate the ancient healing healing.

Lu Ming's injury recovered at an alarming rate.

In the distance, Wu Xiu and Wu Bo are looking for Lu Ming like crazy.

"Lu Ming must hide somewhere to heal, he must find him and kill him!"

Wu Xiu roared.

If Lu Ming is not killed, their best destination in life is to hide in the Void God Island and not go out. Once they return to the heaven, they must be killed by the Emperor behind Lu Ming.

Therefore, Lu Ming must die!

Time, day by day!

Three days later, Lu Ming's injury has completely recovered and his condition has reached its peak.

Then, Lu Ming's thoughts moved, his eyebrows, a big tripod appeared, fell in front of him.

It is the Jiulong Shending. In the Jiulong Shending, there is a liquid fire.

"Liquid fire can be said to be the top treasure for refining the flesh. Refining these liquid fires, "Seven Gods Xuan Gong" will definitely break through!"

Lu Ming whispered, and then manipulated the power of the world to roll out a liquid fire.

嗤嗤嗤...

The liquid fire, the high temperature is amazing, and even the power of the world must be burned, making a snorting noise.

Lu Ming withdrew the power of the world and grabbed the liquid fire in his hand.

嗤嗤嗤...

Immediately, a burning smell came out of Lu Ming's palm, burning Lu Ming's palm.

However, Lu Ming's physical strength is extremely amazing, and with the immortal golden body, it is almost comparable to ordinary great soldiers.

At the same time, the ancient scriptures are running. Although Lu Ming's body was burned, he recovered at a faster rate.

Then, Lu Ming manipulated the power of the world, spread this liquid fire, and evenly wrapped the body of Landing Ming.

Lu Ming started to run the "Seven Gods Mysterious Power" to refine the liquid fire, and with the power of the liquid fire, he began to refine the flesh.

Three days later, this mass of liquid fire was refined by Lu Ming. Lu Ming's flesh improved a bit, but still did not break through the bottleneck.

"This practice is too slow and too gentle. I went directly into the Ding. With the strength of my physical body, I should be able to resist it!"

Lu Ming whispered, his eyes flashing insanely.

He intends to go directly to the Jiuling Ding Jiulong and soak in the liquid fire. In this way, the speed of his cultivation will definitely increase greatly.

It can be said that this is an extremely crazy idea. If someone else knows it, he will be scared to death.

Liquid fire, even the great soldiers can burn, flesh and blood enter, I am afraid they will be burned directly.

Of course, this is just ordinary people, excluding Lu Ming.

With his physical strength, combined with the restoring power of the immortal ancient scriptures, he can completely resist it.

When he thought about it, Lu Ming went directly into the Jiulong Ding. Of course, his clothes had been taken off long ago.

With a thump, Lu Ming was submerged in a liquid fire. Suddenly, a burst of tearing pain covered Lu Ming's body.

Lu Ming's flesh, although very strong, was still slowly burned by liquid fire, and he was to be burned.

Lu Ming immediately runs the indestructible ancient scripture, and his body begins to recover quickly, but that kind of pain will not be relieved at all.

Lu Ming concentrated on the mind, dismissed the misunderstandings, and started to practice "The Seven Gods Mysterious Skills", and began to practice.

The liquid fire contains huge energy essence, which is constantly absorbed by Lu Ming. At the same time, the burning of the liquid fire can also help to refine the flesh.

Under the double action, Lu Ming's flesh quickly rose.

Half a month later, "The Seven Gods Xuan Gong" finally broke through and entered the fifth level in one fell swoop.

Breaking through the fifth level, Lu Ming's physical strength and physical strength are madly improved.

At this step, Lu Ming could compare with the realm of the emperor by his physical strength.

This is a qualitative leap.

His flesh is astonishingly strong and hard. It is even more perverted than ordinary soldiers. He feels that his body is full of infinite power.

Chapter 2348: Combat power skyrocketing

"Seven Gods Xuan Gong" broke through the fifth level, the physical strength, stepped into the realm of the emperor, Lu Ming's physical fitness was comprehensively improved.

Every cell in the whole body is tempered and extremely powerful.

To be honest, the flesh has reached this step, even if there is no immortal ancient scripture, his vitality is also extremely powerful, even if the body is torn, it can be restored quickly.

Now, Lu Ming can withstand the burning of the liquid fire even if it doesn't run the indestructible ancient scriptures.

"carry on!"

Lu Ming whispered and continued to run "Seven Gods Mysterious Power" to refine the liquid fire.

There are still some liquid fires in the Jiuling of Jiulong, and Lu Ming intends to go out after refining.

It took another half a month for Lu Ming to refining all the remaining liquid fire, and "The Seven Gods Xuan Gong" had reached the peak of the fifth initial stage.

But did not break through the fifth mid-term, the physical improvement, after all, is limited.

"Seven Gods Xuan Gong", only by breaking through the bottleneck, the strength can skyrocket.

If the initial breakthrough of the middle stage, the strength will skyrocket, if there is no breakthrough, even at the peak of the initial stage, the strength will be limited.

However, compared with before the breakthrough of "Seven Gods Xuan Gong", Lu Ming's strength is still greatly improved.

call...

Lu Ming took a long breath and ended his cultivation. He walked out of Jiulong Shending, and Jiulong Shending suddenly became smaller, flew into Lu Ming's eyebrows, and disappeared.

"Now my combat power should be able to kill the two-star emperor realm!"

Lu Ming whispered.

Before there was a breakthrough, all his methods combined to suppress a general one-star emperor.

And "Seven Gods Xuan Gong" broke through, and reached the fifth peak of the initial peak, he can kill a one-star emperor with his physical strength alone, even if he is the most powerful one-star emperor, he can also kill.

With the power of the world and various laws, he is now able to kill a two-star emperor.

"Wu Xiu, Wu Bo, don't let me meet you!"

In Lu Ming's eyes, a cold light flashed.

Later, Lu Ming came out of the mountain and river map and came to the ground.

After coming to the ground, Lu Ming went deep into the Void God Island.

Lu Ming did not deliberately search for Wu Xiu and Wu Bo. The Void God Island is too big. Now that a month has passed, who knows where the two have gone.

"Huh? The rules here are so gentle and comprehensible, it seems particularly easy!"

Suddenly, Lu Ming stopped his body, his face surprised.

He felt it carefully, and indeed it is. The rules here are indeed very gentle and easy to comprehend.

I didn't have this feeling in the land of flames and deserts before, but now I come to this normal land, this feeling is very obvious.

"Is it because of that horrible pressure?"

Lu Ming guessed that it was very possible.

That kind of terrible pressure, supreme, even Heavenly Path, must be suppressed, let alone said.

Under this kind of pressure, the law becomes very gentle and extremely easy to perceive.

Just like a horse, outside, the law is like a wild horse with a manic personality, which is extremely difficult to tame and naturally difficult to comprehend.

Here, the law is like a docile house horse, easy to touch, easy to tame, and naturally easy to comprehend.

"Holy land, this is simply a holy place for enlightenment!"

Lu Ming's eyes filled with fiery radiance.

Lu Ming felt some emotions and found that the speed of enlightenment here is at least tens of times to hundreds of times faster than the outside world.

For the warriors below the emperor, this is simply a holy place for cultivation.

Unfortunately, the pressure here is too strong, the real emperor can not come in, the emperor can come in, but the emperor has passed the stage of enlightenment law.

Here, for Lu Ming, it can no longer be appropriate.

Lu Ming's way is different. He wants to enlighten all the strongest laws before breaking through the emperor.

If it is outside, it is not known how long it will take, but here, time will be greatly saved.

For Lu Ming, this is the opportunity of Tianda.

"Find a place, retreat and learn!"

Lu Ming showed an uplifting look.

In Lu Ming's heart, no matter what the fragment of the road or the heavenly soldiers are, it is not as important as the principle of enlightenment.

Those things, Lu Ming can't use them temporarily, and the law of enlightenment will greatly improve Lu Ming's strength.

Lu Ming would like to know how amazing it would be if he had fully comprehended the ten strongest laws and evolved into a avenue!

Uh!

Lu Ming moved forward, flying forward, planning to find a quiet, strong place to retreat and learn.

Lu Ming's speed is very fast, not long after, he flew hundreds of thousands of miles.

As Lu Ming flew over a mountain range, two rainbow lights suddenly flew out of the mountain range.

The rainbow light was extremely fast. Under a flash, two figures appeared one after the other, surrounding Lu Ming in the middle.

"Wu Xiu, Wu Bo!"

Lu Ming's mouth twitched slightly, revealing a weird look.

Unexpectedly, it was a coincidence that he met Wu Xiu and Wu Bo shortly after he left the border.

"Hahaha, Lu Ming, your luck is really not very good. The two of us are here in ambush, just to try our luck to see if we can touch you. Unexpectedly, you are really going in this direction!"

Wu Xiu laughed, but his voice was cold, and the murderous look in his eyes made no secret.

They searched Lu Ming for half a month, but they found nothing. They just waited here to see if they could meet Lu Ming. Unexpectedly, they were really hit by them.

"is it?"

Lu Ming said lightly.

However, Wu Xiu and Wu Bo did not start immediately, and watched Landing cautiously.

They had some scruples, and Lu Ming's puppet.

At the beginning, the power of the puppet was obvious to all of them. They were afraid that Lu Ming would fill the puppet with energy again this month.

"It should be impossible. That kind of puppet is so powerful. The energy required is absolutely amazing. I don't believe that he can fill it up so fast!"

Wu Xiu sent a message to Wu Bo, eyes full of greed.

"Good! If that puppet works, I'm afraid he has already done it!"

Wu Bo also said.

There are too many treasures in Lu Ming's body, they must not give up, their hearts are completely occupied by greed.

However, they still didn't do it for the first time, but approached Lu Ming slowly.

boom!

The breath on Lu Ming's body burst out completely, surrounded by nine laws.

Still the breath of the true emperor's peak!

"kill!"

Lu Ming rushed towards Wu Xiu.

"Lu Ming, no matter how strong you are, it is nothing but a true emperor, and you still want to fight me and die!"

Wu Xiu drank coldly, his eyes flashed fiercely, the palms of both hands became transparent, and he sang to the landing.

The transparent palms slammed towards the landing, and Lu Ming slammed with a punch. Seeing that the palms of the two would intersect, Wu Xiu showed a happy look.

Lu Ming did not use puppets, but with his own strength, he was not afraid at all.

Chapter 2349: Kill the twins

No matter how strong Lu Ming's combat power is, it is nothing more than a real emperor's realm. Wu Xiu has full control, suppressing Lu Ming, and even killing Lu Ming.

Lu Ming actually dared to confront him hard, not self-control!

Wu Xiu raised his strength to the extreme, he wanted to hit Lu Ming with a single stroke.

boom!

The fists of the two slammed together.

boom!

Click!

When the two men bombarded together, a loud roar broke out. The roar was accompanied by a sound of bone fracture.

"Your strength..."

Wu Xiu's body receded, and his mouth roared, incredible.

He and Lu Ming faced each other hard. He actually lost. The bones of Lu Ming who had been punched by a boxing punch, and the terrible power like a row of mountains and seas, knocked him back.

This makes him incredible. Lu Ming is nothing but a real emperor's realm. The cultivation base didn't improve. It was only a month. How could his strength soar?

His mind couldn't be turned for a while.

Lu Ming, will not miss this opportunity, taking advantage of Wu Xiu's stunned moment, Lu Ming launched a killing blow.

Buzz!

Lu Ming's musculoskeletal body was shaking at a rapid speed, and at least a billion times of shaking!

In an instant, one billion times, what a terrifying frequency. Lu Ming's muscles and space vibrated, producing a terrible driving force. Lu Ming's body rushed towards Wu Xiu at an instant, and the speed was almost to the extreme.

boom!

Then, Lu Ming punched out.

In this punch, Lu Ming used all his strength.

The fist broke the space, penetrated the void, and blew towards Wu Xiu's small world of Dantian.

"not good!"

Wu Xiuhan's hair blew up, his liver and gallbladder split, and at this moment, he felt the threat of death.

But he was stunned just now, and it was too late to fight back. He could only back away at a rapid speed, and then he lay a heavy defense on the surface of his body.

boom!

Lu Ming's fist, accurately bombarded Wu Xiu's Dantian position, terrifying power, rushed into Wu Xiu's Dantian.

The power of Wu Xi's avenue covering the body was torn apart by Lu Ming's power in an instant, and the surging power bombarded Wu Xiu's small world.

Rumble!

Wu Xiu's small world, crazy shaking, appeared a series of dense cracks, and then, the whole small world exploded.

Wu Xiu's body flew out like a meteorite, hit a mountain peak, and crashed the mountain out of a big crater.

Wu Xiu was lying in the big pit, yelling wildly.

"No, no, no..."

Wu Xiu shouted while vomiting blood.

He couldn't accept it. His small world was shattered by Lu Ming.

The small world was crushed, and his practice was completely abandoned, and he would not live long.

On the other side, Wu Bo was also dumbfounded and dumbfounded.

Lu Ming and Wu Xiu just started, and Wu Xiu was abolished. It only happened in a moment.

The time was very short, and Wu Xiu was scrapped in an instant.

"Now it is your turn!"

Lu Ming looked at Wu Bo indifferently.

Just now, he deliberately revealed the cultivation behavior of the real emperor's realm, that is to let Wu Xiu and Wu Bo carelessly.

Only in this way can he abolish one of them in an instant.

If Wu Xiu and Wu Bo join forces, Lu Ming is confident that he can win, but it is a bit difficult to kill both of them.

But now, Lu Ming has scrapped one and dealt with the other, which is much simpler.

Buzz!

Lu Ming's muscles vibrated and his body burst towards Wu Bo.

Wu Bo was ready and roared, bursting out of full strength, the palm of his hand continued to bombard, like a transparent palm, penetrated the void and slammed toward Lu Ming.

boom! boom! ...

Lu Ming's double fists continued to swing, and he immediately blasted hundreds of fists, confronting Wu Bo.

The two immediately slammed hundreds of moves, and then Wu Bo's body exploded and vomited blood.

His two palms and two arms were completely deformed, and the bones inside had been smashed by Lu Ming.

Wu Bo's face was pale, and after clenching his teeth, he turned and ran away. Now, he can no longer care about Wu Xiu.

"Want to go, can you go?"

Lu Ming's indifferent opening, musculoskeletal vibration, and the increase of six feather wings made Lu Ming's speed completely exceed Wu Bo.

In the blink of an eye, Lu Ming caught up with Wu Bo and punched out.

Wu Bo's arm was broken and he couldn't resist it at all. He wanted to avoid it. The speed was not as good as Lu Ming. He was directly hit by a punch on his head. His head burst like a watermelon, and his soul was also Lu Ming's. Fist, strangled into ashes.

Wu Bo, die!

puff!

Lu Ming reached out his claws, grabbed Wu Bo's Dantian, and grabbed a heart of the world from his Dantian.

The heart of the world in the Great Emperor Realm, but a rare treasure, contains powerful energy.

Then, Lu Ming put away Wu Bo's storage ring and walked to Wu Xiu.

"Lu Ming, you must not die, I curse you must not die..."

Wu Xiu knew he was going to die and cursed madly.

"Oh, it's really ridiculous, all this is just for your sins. Originally, we can divide the liquid fire equally!"

Lu Ming sneered.

Speaking of which, Lu Ming is their life-saving benefactor. Without Lu Ming, when they first entered the Void God Island, they had been torn apart by the crows.

But Wu Xiu and Wu Bo, not only did not appreciate Lu Ming, but also greedy Lu Ming's treasures, attacked Lu Ming, and now they were defeated by Lu Ming. Instead, it was ridiculous to curse Lu Ming with resentment.

"Hahaha!"

Wu Xiu laughed, a flash of regret appeared in his eyes.

Lu Ming was right. They were self-inflicted. If they weren't greedy, how could they end up like this, not only wouldn't, but they would also get some liquid fire.

All these things were sought by them.

With one punch, Wu Xiu was overwhelmed with one punch, Wu Xi disappeared, and Wu Xiu also went out with gray fly smoke.

A punch before, smashed Wu Xiu's small world, and his heart of the world was also destroyed at the same time, but it was a pity for Lu Ming.

Putting away Wu Xiu's storage ring, Lu Ming rose to the sky and left here.

Lu Ming has been flying, flying a million miles before stopping.

The original gas here is very rich. Lu Ming opened a cave on a high peak. After flying into the cave, the cave was sealed. Lu Mingpan sat in the cave and began to understand the law.

Now, Lu Ming wants to understand the new law.

"The strongest rule of the remaining seven, which one should be enlightened first?"

Lu Ming thought.

The remaining seven strongest laws, fate, time and space, reincarnation, humility, nothingness, eternity, cause and effect.

These seven kinds, the strongest, no doubt, are the laws of fate.

However, Lu Ming did not intend to understand the law of fate for the time being.

The law of destiny is the most difficult to understand. Lu Ming intends to understand other laws first and put the law of destiny at the end.

After a while, Lu Ming made up his mind and planned to first enlighten the Hongmeng Law.

The rule of Hongmeng is very similar to the rule of chaos. Lu Ming has cultivated the rule of chaos to the highest level. If he learns the rule of Hongmeng, he will definitely do more with less.

Chapter 2350: Goodbye no phase, mixed sky, skyfire emperor

After the law of Hongmeng has a certain enthusiasm, Lu Ming intends to enlighten the law of reincarnation.

When I saw the reincarnation emperor, Lu Ming had experienced reincarnation and was very impressed with the law of reincarnation.

Lu Ming's understanding of these two will be relatively easier.

Determined, Lu Ming began to understand.

His Dantian glowed, the small world slowly emerged, and finally, Lu Ming appeared above his head.

The small world looks only one meter in size, but when you look closely, the mountains and lakes inside are vaguely visible.

On a vast plain, an ancient Taoist tree broke through the sky.

Now, the ancient Taoist tree is almost 800 meters high. It is very effective to practice under the ancient Taoist tree.

Lu Ming's soul condenses in the small world and sits under the ancient tree of Taoism.

In this way, the small world and the outside world communicate with each other, and the power of the outside world's laws flows into Lu Ming's small world, and the ancient trees of Taoism can be brought into play.

In this way, the speed of Lu Ming's law of understanding has been greatly improved.

In just a few days, Lu Ming had already started to understand Hongmeng's law.

The reason why it is so fast is because the law of Hongmeng and the law of chaos are very similar, and have something in common.

The second reason is that Lu Ming's realm is now higher, and he has cultivated nine laws to the third realm, and the different strongest laws can all be integrated. This shows that Lu Ming's understanding and application of the laws have reached an extremely high level.

Therefore, Lu Ming now comprehends other laws, and the speed is much faster than before.

All kinds of advantages are superimposed, Lu Ming's training speed is fast.

As time passed, Lu Ming's control of Hongmeng's law also increased rapidly.

In just two months, Lu Ming practiced the Hongmeng Law to the second realm.

During this period, Lu Ming also tried to integrate Hongmeng's law with other strongest laws, otherwise, Lu Ming would be faster.

Half a year later, Lu Ming has realized the rule of Hongmeng to the limit of the second realm.

At this time, Lu Ming began to understand the laws of reincarnation.

Simultaneously enlighten the two laws. Lu Ming's speed of enlightenment slows down. At the same time, he also has to enlighten while trying to blend different laws.

Even so, Lu Ming still practiced the rule of reincarnation to the second realm after Lu Ming closed for a year.

Moreover, the Hongmeng Law and the Law of Reincarnation have initially been able to merge with the other strongest laws to form a new supernatural power. Lu Ming has greatly improved his strength without using the flesh.

After all, it is the strongest rule, and every time you enlighten one more, after forming a supernatural power, Lu Ming's strength will skyrocket.

Lu Ming was completely silent in cultivation and forgot everything.

For him, practicing here is the greatest opportunity, which can greatly save his time. If he is practicing outside, it will take dozens of times longer.

A year here is worth the decades of hard work outside.

Lu Ming did not mean to stop at all, and continued to understand.

But not far from Lu Ming's retreat, three figures are flying away quickly.

If Lu Ming saw it, he would be surprised.

Because one of the three is the unrelated emperor.

The other two are awe-inspiring emperor and heavenly fire emperor.

At this time, they are being hunted down.

All three were injured and their bodies were stained with blood, especially Emperor Tianhuo. His face was pale, his breath was unstable, and he was the most injured.

The three of them flew at speed, but behind them, there were some figures behind them.

They are chasing after them, it is the strong man of the alien race.

"You can't escape, you will definitely die!"

Behind, an interracial cold drink.

"Go, don't stop, if you are lucky, if you meet the powerful of the heavens, maybe we can save!"

The phaseless emperor shouted, he and the sky emperor, with the sky fire emperor, flying at speed, but, as a result, their speed was reduced and slowly caught up by the aliens.

After chasing and escaping, they were close to the area where Lu Ming closed.

"kill!"

In the rear, there are five aliens.

Among them, there is a two-star emperor, and the other four are one-star emperors.

The four unrelated emperors are all one-star emperors.

At that moment, the alien two-star emperor had the fastest speed, and quickly approached the three non-phased emperors. In the third eye, a beam of destruction was emitted, which turned into a war sword and slashed towards the three unphased emperors.

The Emperor Wuxiang stopped helplessly, the war sword came out of the sheath, and he cut a sword.

when!

The two sword lights collided together, the sword was overflowing, and the body of the phaseless emperor was violently shaken, and he was flicked out, his face pale for a while.

Although the phaseless emperor has reached the limit of the one-star emperor, there is still a big gap compared with the two-star emperor, and he is simply not invincible.

"Go, go!"

Shoutless Emperor.

"Want to leave, no one can leave today!"

The alien two-star emperor spoke indifferently and attacked again to kill the emperor.

"I'll help you!"

The Great Emperor said, he rushed to the Emperor Wuxiang, and the two joined forces to fight each other.

Even so, they were still invincible, and they were backed off again and again, completely downwind.

And the other four one-star emperors arrived, and surrounded them, they were in desperation.

"Unexpectedly, the three of us will fall here today!"

The emperor Wuxiang looked at each other and sighed.

However, they will not catch quickly, even if they are desperate, they will have to fight.

But at this time, not far away, inside a mountain, Lu Ming sensed the movement of the outside world and ended his cultivation.

"Someone is fighting outside, wait, this breath..."

Lu Ming began to whisper, and then his eyes lit up suddenly.

Because there are three breaths outside, Lu Ming is very familiar.

Immediately, three figures appeared in Lu Ming's mind.

Emperor Wuxiang, Great Emperor, Tianhuo Emperor!

However, at that time, Emperor Huntian and Emperor Tianhuo did not solve the alien scourge, and used the gate of Alien Profound Realm to send some alien emperors into the Heaven Realm. ?

How would it appear here?

In Lu Ming's heart, thoughts emerged.

But at the moment, he couldn't allow him to think about it. Lu Ming thought, and the small world entered Dantian. His muscles were shocked, and Lu Ming rushed out.

boom!

The rocks exploded and the debris splashed. Lu Ming rushed out of the mountain and stood high in the sky.

The movements here naturally disturbed the three phaseless emperors, as well as the evil **** clan.

The eyes of everyone looked at Lu Ming involuntarily.

At first glance, Emperor Wuxiang, Emperor Hundred Days, and Emperor Tianhuo were stunned.

"Lu...Lu Ming?"

The three were completely ignorant. I never expected that they would meet Lu Ming here.

Here, but the Void God Island, only the Great Emperor can enter.

They actually met Lu Ming here. Has Lu Ming already broken through the realm of the emperor? Is this too fast?

For a time, the three of them couldn't turn their heads.
