D Emperor 2351

Chapter 2351: Void Tower

"Another human race!"

The five evil **** clan emperors flashed murderous eyes.

boom!

At this time, Lu Ming broke out.

At first glance, everyone was shocked.

Because Lu Ming's breath is the breath of the real emperor realm.

"Is it true emperor?"

At first glance, the five Evil God Clan showed contempt.

It's just the true emperor. Even if you can come in here, where can your fighting strength be?

"Come to die!"

An evil spirit sneered.

The faceless emperor, the heaven emperor, and the sky fire emperor changed their faces.

"Lu Ming, go, go!"

"Go away, don't worry about us!"

The three unrelated emperors shouted, very anxious.

With Lu Ming's talents, there will be unlimited achievements in the future, and they cannot involve Lu Ming.

But Lu Ming looked relaxed.

"Three deans, long time no see!"

Lu Ming smiled, stepped forward, and walked toward the Wuxiang Emperor and others.

"Lu Ming, go away, go away!"

Emperor Wuxiang was even more anxious.

"It's okay, wait until I kill these aliens, and don't go too late!"

Lu Ming chuckled, as if those aliens were lambs that could be killed.

"Crazy, a true emperor, also wants to kill us, in my opinion, he is a bluff, and I will cut him!"

A one-star Great Emperor Realm Evil God clan stepped out and forced toward the landing.

But Lu Ming stood there, motionless, just a deep flash of cold light in his eyes.

The three emperors without phases flashed doubts in their eyes.

They knew that Lu Ming would not be so arrogant, and must rely on it.

Is it the puppet?

A thought flashed in the heart of Wuxiang Emperor. He had seen Lu Ming use that puppet to defeat Hejia Emperor.

"Dead!"

The evil **** clan emperor, holding a mace, roared towards the landing.

Buzz!

Lu Ming's muscles shook and his body burst out, instantly appearing in front of the opponent, punching him out.

bump!

Under this punch, the opponent did not have the slightest resistance, and was directly torn by Lu Ming's violent force, and his body exploded and split.

One punch, second kill!

The Emperor Wuxiang, the Great Emperor, the Great Emperor Tianhuo froze.

Other Evil God clan also froze.

A one-star emperor who was killed by a punch, what kind of combat power is this? Even the general two-star emperor is difficult to do!

"kill!"

Lu Ming burst into tears, bursting his speed to the extreme and killing the remaining Evil God Clan.

In an instant, he was close to each other.

"Join together, join hands, kill him!"

The Evil God Clan in the two-star Great Realm shouted and attacked the landing.

Other evil spirits also launched attacks.

"Do it!"

The Emperor Wuxiang, the Emperor Tianhuo, and the Great Emperor Huntian also started their attacks. They attacked the Evil God Clan of the two-star Emperor Realm, preventing the other party from attacking Lu Ming with all their strength.

boom! boom! boom! ,,,

Lu Ming punches continuously, terrifying punches, bringing up a fierce space storm and drowning several evil gods.

bump! bump! bump!

Three Evil God Clan in the One-Star Great Emperor Realm burst directly, leaving no bones and nothing left.

"how is this possible?"

The remaining roar of the Evil God Clan in the two-star Great Realm was unbelievable.

How can a real emperor kill the emperor, like chopping melons and vegetables?

Of course, this is only Lu Ming's cover. His rule system is only the real emperor realm, but his physical body is already the emperor realm.

Otherwise, no matter how powerful and perverted the true emperor is, it is impossible to kill an emperor easily.

Of course, this was deliberately done by Lu Ming. He deliberately concealed his breath and shocked the Evil God Race. In this way, the combat power naturally weakened.

"kill!"

Lu Ming broke out with all his strength and killed towards the Evil God Clan in this two-star emperor realm.

The end of this Evil God Race is already doomed.

Lu Ming alone is enough to kill him. In addition, the three phases of Great Emperor, Huntian Emperor, and Tianhuo Emperor help each other. This evil **** family, even if they want to escape, cannot escape.

Lu Ming continued to punch his fist, nine colors of light shining, like an invincible **** of war, completely crushing the other party.

bump! bump! ...

The terrible punching force bombarded the Evil God Clan, breaking the bones he had beaten, and finally his body burst apart.

After Lu Ming's shot, the five Evil God Clan were all killed.

"This..."

Emperor Wuxiang, Emperor Tianhuo, and Emperor Tianhuo looked at each other with a deep shock in their eyes.

Before that, they thought Lu Ming had a lot to rely on and had a strong external force, so they were so calm. Unexpectedly, Lu Ming used his own combat power to kill five evil gods.

The point is that this is totally crushing, in order to destroy the decay and kill the five evil gods.

Compared with the killing of Wu Xiu and Wu Bo, Lu Ming's strength improved a bit.

The laws of reincarnation and the laws of Hongmeng are quite popular, and it is naturally easier to integrate them and kill the general two-star emperor.

"Three deans, don't come unharmed!"

Lu Ming went over and clenched his fists.

At the beginning, the three emperors of no phase, sky fire, and mixed sky created Yuanshan Shengyuan. The purpose was to cultivate the arrogance of Yuanshan Shengyuan, and the Duke was selfless.

At that time, Lu Ming also received a lot of help at the Yuanshan Shengyuan, otherwise, it may not be able to achieve today's achievements.

Therefore, he still respects the three deans.

"Lu Ming, I didn't expect it to be more than 20 years old. Your combat strength has actually reached this step, already far above us!"

The Great Emperor Hengtian sighed and felt a lot.

For more than 20 years, for the emperor, it was just a short shot.

When Lu Ming saw Lu Ming for the first time in that year, although Lu Ming was very talented, in their eyes, it was just a little guy, and he was far away from the Great Emperor Realm.

But now, Lu Ming's strength is actually above them, and they can't imagine it.

They felt that they were also happy for Lu Ming's achievements.

"Without the guidance of the three deans, how could Lu Ming have today's achievements!"

Lu Ming smiled and said: "Several deans, when you entered the gate of the horizon, where did you appear? How come you came to the Void God Island?"

Lu Ming asked.

"We had good luck. After entering the gate of the horizon, it happened to be in Taiqing Tianyu. The aliens of the Great Emperor Realm were also killed by the powerful people of Taiqing Tianyu!"

The Great Emperor explained.

Afterwards, things became simple. Afterwards, the Emperor Wuxiang found Huntian and Tianhuo. The three men practiced together. After that, the Void God Island was born.

"We entered here and had good luck at the beginning. We also got some adventures and treasures. But some time ago, we were going to the Void Ancient Pagoda, but we encountered these aliens and were chased by them!"

The Emperor Wuxiang then explained.

"Void Tower?"

Lu Ming was stunned, a little curious.

This is the first time he heard this name.

Chapter 2352: Hostility, the two sides join forces

"Void God Tower, an ancient building on Void God Island..."

See Lu Ming did not know, the Emperor Wuxiang explained.

Void God Island is a dojo that exists supremely. On it, there are naturally many ancient ruins and buildings.

Many are left by the disciple of the supreme existence, and generally contain some treasures.

The Void Pagoda is a well-known building in a large area around the world. The evil gods and the powerful of the realm also found that now, both sides are competing for the control of the Void Pagoda. Many people heard the news and rushed to the void. The **** tower is over.

The three emperors of Wuxiang also rushed there after hearing the news. They did not expect to meet the evil **** clan halfway and were chased and killed all the way.

"It turns out so!"

After listening, Lu Ming nodded.

To be honest, he has been to the Void God Island for more than a year, and he hasn’t seen the building here yet.

"Lu Ming, do you want to see it together? It may contain a lot of treasures, even Heavenly Dao soldiers!"

Emperor Wuxiang said.

When it comes to the Heavenly Dao Bing, even the few Emperor of the Phaseless Emperor have fiery colors in their eyes. The Heavenly Dao Bing is too precious. Even if the Heavenly Emperor has to fight for it, how can ordinary people not be bothered?

"Okay, during this time, I have been closed, thinking of walking around!"

Lu Ming nodded.

Immediately, three unrelated emperors led the way, and a group of four left in the direction of the Void Tower.

Next, their luck was good, and for a few days, they did not encounter the evil **** clan.

Three days later, they arrived at their destination.

Very far apart, they saw a giant tower, which seemed to be made of bronze, straight through the sky, towering into the clouds.

When Lu Ming came to the bottom of the giant tower, they found a lot of figures.

On one side, there are evil gods, and there are more than 100 people.

On one side are the creatures of heaven, and the number is more than one hundred.

These are all the existence of the Great Emperor Realm. At this time, the two sides are facing each other, and the atmosphere is extremely suppressed.

Lu Ming's eyes swept, and found that under the giant tower, the potholes were all traces left by the war, and even saw the evil **** clan, and the dead bodies of the heavenly creatures.

Obviously, there was a war just a while ago.

The four Lu Ming arrived, and many people looked at them.

"Lu Ming, it's you!"

A cold voice sounded.

Lu Ming looked over and found a ‘acquaintance’ among the crowd.

Lan Mu, an emperor of the Lan family, was defeated by Lu Ming in the campus of Liangjie City.

Beside the blue film, there were several other people, looking at Lu Ming, all very cold, vaguely, there was a murderous flash.

"Are they all from the Lan family?"

Lu Ming guessed.

As soon as he saw him, he showed his killing. Lu Ming guessed that those people were probably all from the Lan family or the Yan family.

Lu Ming ignored them and flew to the heavenly crowd with the three emperors without a phase, meeting with everyone.

Some people show a happy look. After all, the more people there are in the heavenly realm, the stronger their strength will be.

Lu Ming looked around and found that the giant tower had a gate, which was closed and not open.

Lu Ming found out about the people around them and learned that the gate was covered with formations. Both sides had attacked the giant tower before, but they did not break it.

Later, the conflict between the Celestial Realm and the Evil God Clan broke out, and the two sides fought a battle, but the two sides had the same strength, and they did not divide the victory and loss, and each suffered losses.

Uh! Uh! ...

Shortly after they came here, Lu Ming broke into the air again, and several figures flew over, but they were people of the Evil God Race.

Obviously, someone on both sides heard the news and rushed over.

With the passage of time, the number of people on both sides has increased, but it has not started.

Both sides have similar strengths and have concerns.

In this way, the tense atmosphere has been maintained for seven or eight days.

"Heavens, if we go on like this, no one of us can enter this giant tower. It is better to do this. Let's join hands and break the gate of this giant tower. After entering the giant tower, how can we divide the victory or defeat?"

At this time, a burly evil **** clan stepped out and the sound rang.

On the heaven side, many people looked at each other and were consulting each other's opinions.

"I think it is feasible. If you go on like this, it will only waste time. Waiting in the giant tower, it is not too late to kill the aliens!"

A middle-aged man in a blue robe said.

This person is a master of the Lan family. It is said that Xiu Wei reached the Samsung Emperor, and he is one of the top masters in the group of people in the heaven.

"I also think it works!"

There is also a Samsung Emperor Road.

Soon, the two sides reached an agreement, ready to break the gate of the giant tower first, and then talk about others.

Both sides took one direction and began a long-range attack.

call out! call out! call out! ...

After a series of attacks, the broken void blasted towards the gate of the giant tower.

When the two sides added up, there were hundreds of great emperors who shot together, and the momentum was terrifying.

Hundreds of attacks blasted towards the gate, but when these attacks were about to fall on the gate, the gate glowed, and a strange pattern appeared on it, forming a mask.

boom! boom! ...

Those attacks, which fell on the mask, were blocked by the mask. The mask kept shaking, but it was not broken.

"carry on!"

Someone shouted, and the crowd continued to attack.

The Evil God clan almost uses their third eye to launch attacks, and the rays of destruction are transformed into various weapons and beasts, and they pounce on the gate.

On the side of heaven, all kinds of magical skills.

The avenues are intertwined and colorful, with all kinds of magical powers, and Lu Ming is dazzled.

The big formation was absolutely amazing, so many emperors joined forces to bombard them, but they did not break open for a while.

However, the mask was very violently vibrating, and it seemed that it would not last long.

Click!

A moment later, a crack appeared on the mask, densely cracked, densely spread on it.

boom!

Finally, the mask shattered.

One attack after another fell on the gate of the giant tower.

boom! boom! boom!

The gate vibrated, but the strange thing was that after so many attacks fell, the giant tower did not vibrate, and it was stable as a rock.

Creak!

Then, under numerous attacks, the gate slowly opened, and after a while, the gate opened completely.

However, behind the gate, there was a confusion, and there was nothing to see behind the gate.

"Go in!"

Someone from the Evil God Clan shouted and rushed in.

"We go in too!"

The people on the heaven side roared and rose into the air, rushing towards the gate.

Lu Ming they, also mixed in the crowd, rushed in.

Hundreds of people rushed into the gate in an instant.

After Lu Ming rushed into the gate, they felt as though they had passed through a misty wall, and then appeared in an open land.

Click!

When they came in, the door closed automatically.

Chapter 2353: Can't get out

"here is..."

After the people entered the gate of the giant tower, they looked forward and were surprised.

Because the situation here is very different from what they imagined.

Originally, they thought that when they entered the gate, they would come to the inside of the giant tower, but they looked far ahead and were very empty.

In front, the mountains are stacked, and on top of the peaks, huge palaces are built.

This is not like the inner space of a giant tower, but like a paradise.

"There is definitely a chance here!"

Many people's eyes light up.

"Look, what is that?"

Suddenly, someone pointed to the sky and exclaimed.

Everyone looked towards the sky and found that there was a striped road in the sky, and those lines, like the runes, radiated a brilliant light.

Then, a teenager who looked like a teenager appeared.

"Someone here?"

"No, this person is not an entity, but an incorporeal!"

The appearance of this young man surprised many people, but he also discovered that this young man was not a physical entity and had no breath of life.

"Hahaha, no one has come in for many years, now someone finally comes in, and finally some play!"

The teenager widened his eyes and looked at Lu Ming, seemingly excited.

"who are you?"

Someone asked.

"Am I? I'm a group here, don't you find it, is it surrounded by a large group?"

The teenager smiled and turned his eyes, seeming to be more interested.

"Jingling!"

Many people moved in their hearts and were surprised.

Only some very mysterious and powerful formations, and after a long period of time, it is possible to form a formation. The formation is spiritually intelligent, just like ordinary people.

"Tell you one thing, you can't get out when you enter here!"

The teenager continued to smile.

This statement changed everyone's face.

What does it mean if I can't get out?

"What do you mean?"

A strong man of the evil **** clan said ugly.

"If you can't get out, you can't get out, that is, you will stay here all your life!"

The teenager pouted and reinterpreted.

"I don't believe it, since we can come in, we can go out as well, as long as we break through this large formation, it will be fine!"

The Samsung Emperor of the Lan family shouted.

Many people's eyes light up, yes, they can penetrate the large array, they can penetrate the large array.

"You guys, we join forces to break through the large array and open the gate!"

Shouted the Samsung emperor of the blue family.

"Okay, go!"

Others responded.

boom! boom! ...

On the side of heaven, a hundred and dozens of masters of the Great Emperor Realm all shot, and a brilliant light blasted towards the gate.

This time, there was also a glorious flow at that gate, and a layer of light curtain appeared.

All the attacks fell on the light curtain, but they turned into a sea like mud. There was no movement and no arousal.

Everyone's face is a little difficult to look at.

Before, when they were outside, they bombarded the gate, at least making the photomask violently vibrate, unlike now, there is no wave at all.

"carry on!"

The Samsung emperor of the Lan family shouted, and everyone continued to bombard, but the result was the same, without any waves.

"Everyone, let's do it together, otherwise, you will stay here too!"

Some people look at the strong of the evil **** clan.

"Okay, let's go together!"

The strong of the Evil God clan nodded. In the face of this situation, the two of them had to join forces again.

In the sky, the teenager smiled and looked at him in full time, with a slight contempt on his face.

Uh! Uh! ...

This time, the Evil God Clan and the creatures of the Heaven Realm shot together, and the momentum was astonishing.

However, the result was no different than before, and their attack, which fell on the light curtain, did not provoke any waves.

Not even a trace of ripples.

"carry on!"

Someone shouted, they kept attacking, but it was useless.

"Useless!"

Lu Ming also looked a little ugly, and stopped.

"How could this be?"

Someone shouted in disbelief.

Just now, they just broke through the formation outside, opened the door, and rushed in.

Why now, they will not work.

"I tell you that the formation was penetrated by you just now. I did it intentionally. At that time, the power of the formation was only one percent of what it is now. Unbreakable!"

The teenager spoke lightly.

"What? Heaven Emperor Realm can break through!"

Everyone's face is ugly.

"I can not!"

Someone shouted and rushed towards the gate, but halfway, he was blocked by a light curtain.

He bombarded constantly, but the terrible energy bombarded behind the light curtain and disappeared directly.

"Since attacking the gate is not successful, then attack this formation, take him down, and force him to open the gate!"

Someone shouted.

"Yes, take this team!"

"Shoot!"

Suddenly, there were at least hundreds of masters, rising from the sky, the evil spirits and the creatures of the heavens.

Lu Ming didn't move. He had an intuition in his heart that wouldn't be that simple.

Sure enough, when hundreds of masters approached the Jinling, a streak appeared in the sky, and a layer of light curtain covered the Jinling.

Hundreds of masters shot, and various attacks blasted towards the spirits.

However, as with the effect of the previous attack on the gate, all attacks were blocked by that layer of light curtain, and did not arouse a little waves.

"Damn!"

Many people roared, but it was useless. No matter how they attacked, they could not attack the formation.

"Useless, give up. Without the cultivation of the Emperor, you can't break this big formation!"

"No one has come in the endless years, you can stay here with me at ease, ha ha ha!"

The boy laughed and excited.

After he was born with wisdom, no souls came in for endless years, he was lonely, and now someone came in, he was naturally excited.

"Are we really going to be trapped here for life!"

Someone is desperate.

Only Heavenly Emperor can break through. The entire Void God Island has a supreme coercion, and Heavenly Emperor cannot enter.

Heaven Emperor could not come in, and no one could save them.

"You don't have to think about other exits, here is the only one!"

Jin Ling smiled happily, as if seeing other people desperate, he felt funny.

"Is there really no way out?"

Someone asked unwillingly.

"Of course, there is no way, my master, that is, the people who laid this large array, left a way of life!"

At this time, Ling Ling thought about it, said.

Everyone is ecstatic!

"What way?"

Someone asked excitedly.

As long as there is a way to live, if there is a way to live, there is hope for going out. If there is hope, you will always find a way.

All eyes are on the teenager, waiting for his answer.

Chapter 2354: Drive Lu Ming away

"I tell you, the master left eight targets here, and as long as eight targets are found, this door can be opened!"

Juvenile Ring Road.

"Eight targets? Excuse me, where are the eight targets?"

Someone asked.

"In this mountain and river, in this palace!"

The young man pointed to the mountains in front, the temples, and said, "There may be positions in all places, and there are eight positions in different positions!"

"Okay, we will find these positions!"

Humane, although this place is vast, it should not be difficult to find eight targets.

"Wait, don't worry, I have another condition!"

Jin Ling turned his eyes and swept to the Evil God Clan and the Celestial Realm, saying, "You people should be divided into two factions. My condition is that only one of you two factions can go out!"

"That is to say, in the end, you can only get out of here by having a group of people alive and gathering eight positions!"

After talking, Jinling smiled happily and seemed to look forward to it very much.

"Only one group can go out alive!"

Many people felt shocked.

boom! boom! ...

At this moment, everyone burst into breath and killing intent, looking at each other.

"Exactly, kill these heavenly creatures, let's get out of here!"

Evil God Clan, some people grievously said.

"Kill us all? It's you who died!"

There are also people in the sky.

The two parties were originally endless, and now, the formation of such conditions, the scene can be imagined.

Suddenly, the scene was full of gunpowder.

"kill!"

"It's you who died!"

The closest people on both sides suddenly started to work together, fighting together.

It was like a fuse and instantly ignited the audience.

"Kill, kill the Evil God Clan!"

"Kill all the debris from these heavens!"

The people on both sides rushed together to fight fiercely.

The scene continued to roar, and the next moment, someone screamed and was killed here.

Lu Ming, Emperor Wuxiang, Emperor Huntian, and Emperor Tianhuo were also killed together with several evil **** clan.

However, Lu Ming did not explode with all his strength.

He found that the fighting powers of the two sides were not much different, and he should not be born or die now.

Sure enough, after fighting for a while, after the two sides killed a dozen people, the strong sides of the two sides retreated and began to confront each other.

Both sides have similar strengths. If they continue to fight, I am afraid that they will lose both sides and no one will be able to get out.

The two sides confronted each other, struggling!

"In my opinion, we first look for positions, and this place, there must be a chance, while looking for positions, while looking for opportunities to hunt aliens, weaken the strength of the aliens, and then wipe out the aliens!"

"Yes, I also think it is feasible. If we encounter any chance, we can also enhance our strength. It will be much simpler to kill aliens at that time!"

Some people negotiated in secret.

In the end, there was agreement on the side of heaven.

However, the Evil God Clan seems to have the same idea. After a confrontation between the two sides, they retreated towards the rear.

"go!"

In the end, the people of the Evil God Race headed to the right and rushed towards the mountain and the palace.

"Let's go too!"

The people on the heaven side rushed to the right.

"I hope you will have fun!"

In the sky, the young formation showed a smile of anticipation, disappeared under a flash of figure.

Lu Ming them, after flying a distance.

"Wait!"

Suddenly, someone called and everyone stopped and looked at the person who just spoke.

"It's him!"

Lu Ming's eyes moved, and it was the Samsung Emperor of the Lan family who had just stopped everyone.

"Brother Lan, you told us to stop, what's the matter?"

Someone asked.

"Some of us are not qualified to walk with us!"

The Samsung Emperor of the Blue Family, the middle-aged man said indifferently, and looked at Lu Ming.

Lu Ming's eyes moved, the emperor of the phaseless, the emperor of the sky, and the emperor of the sky fire all had a heavy complexion.

Other people's eyes also looked at Lu Ming, revealing a sudden look.

The grievances of Lu Ming and Lan's family are spreading in the sky, and not many people do not know.

Now, people in the Lan family are in trouble.

"Lu Ming, please leave. You are not welcome here!"

Lan's middle-aged man said indifferently.

Aside, the blue film sneered, staring coldly at the land.

Bright and upright, the people of the Lan family did not dare to kill Lu Ming, because behind Lu Ming, there were too many emperors standing, and if it spread, they would not be able to carry the Lan family.

However, they just let Lu Ming leave, so that the Emperor behind Lu Ming could not say anything.

Now, the spirits and evil spirits of the realm are endless.

Lu Ming, they were separated from the big army. Once they were touched by the Evil God Clan, the Evil God Clan would definitely not let them go, and would kill them, weakening the strength of the Celestial Realm.

This is the blue family's strategy.

"Let's leave, there are so many people here, but it's not your Lan family who has the final say!"

Emperor Wuxiang responded.

"Oh, is it so?"

The Samsung Emperor of the Lan family sneered, and then glanced at others, saying, "You, do you want to cooperate with Lu Ming, or do you want to cooperate with my Lan family? Home, not accompany!"

At the end of the talk, there were a few people standing next to the Samsung Emperor of the Blue Family. There were more than a dozen people.

These dozens of people, there are people from the Lan family headquarters, and there are also people like the Yan family who have good relations with the Lan family.

Hearing the words of the middle-aged man of the Lan family, many people's eyes flashed.

"I am willing to cooperate with Lanjia!"

"I am naturally willing to cooperate with Brother Lan!"

Soon, some people walked to the Lan family with a smile.

This area, outside the Void God Island, is active and is all low-level emperors.

High-ranking emperors with four stars or more have already entered the depths of Void God Island to find a better chance.

This time, the one who entered this formation was the highest, the Samsung Emperor.

Among them, Samsung Emperor, few.

Each of them, among them, is the peak fighting power, and each one is crucial to the battle for the future and to hunt the evil **** clan.

You should know that there are several Samsung Emperors on the side of the Evil God Clan. If there is no Samsung Emperor, there is no way to compete with the Evil God Clan.

And the Samsung Emperor of the Blue Family, almost standing at the pinnacle of Samsung Emperor, is extremely amazing.

Cooperation with Lu Ming? Are you kidding me?

Now, they naturally choose to cooperate with the Lan family. In their impression, Lu Ming is just a true emperor. Although the fighting strength is amazing, but at most it is equivalent to a one-star emperor, which has no impact on the overall situation. .

The souls of the heavens, standing next to the Lan family, Lu Ming, the four unrelated emperors, were slowly isolated.

The middle-aged man of Lan's family, Blue Film and others, smiled.

Lu Ming left the team and was later killed by the Evil God Clan, so you can't blame them.

Chapter 2355: Looking for treasure

"It's mean!"

The Emperor Wuxiang, the Great Emperor, the Great Emperor Tianhuo looked very ugly.

"Why, since they don't welcome us, those three deans, let's go!"

Lu Ming spoke, very simply, and turned to leave.

The three non-phase emperors followed Lu Ming.

"Humph, hope to be killed by the evil **** clan!"

Lan's middle-aged man sneered. His name was Lan Kang, but he was an uncle of Lan Yun.

At that time, in the Lan family, Lu Ming humiliated the Lan family in public, and also killed the Lan Yun. Many people in the Lan family were resentful of Lu Ming.

Lan Kang is even more so!

If it were not for the emperor behind Lu Ming, he had already shot Lu Ming himself.

"let's go!"

After Lu Ming left, everyone in the heavens flew towards the mountain.

The four Lu Ming did not fly, but moved forward along the ground. Soon after, they came to the foot of a large mountain, and then took out some rough stones and began to recover from refining.

They have also experienced a great war just now and need to recover.

Soon after, they fully recovered.

"Lu Ming, what are your plans next?"

Emperor Wuxiang said.

"This area should be a strong man's cave, and there may be some chances. If we missed it, wouldn't it be a pity?"

Lu Ming laughed.

Even if he left the crowd, Lu Ming was not worried.

His current combat power is enough to kill the two-star emperor, coupled with the powerful restoration ability of the indestructible ancient scripture, even if he is against the Samsung emperor, he is not afraid, enough to protect himself.

Immediately, a group of four also rushed towards the mountain palace.

Soon, they came to a mountain, this mountain, there was a palace, but in the palace there was a shadow flashing, but it was the other creatures in the heavens, which had obviously been occupied.

The four Lu Ming left here and went in a different direction.

This area is so vast that it can't be seen at a glance and is vast and endless.

Soon, they came to another mountain with a palace, which was also occupied.

The four did not stop, and continued to move forward. Slowly, their direction of travel deviated from the original direction and approached to the left side.

"Someone in front!"

After a while, Lu Ming whispered that he noticed something moving ahead.

Several people found a hidden place and looked forward.

In front, there is a cliff, which is very common, and there is no abnormality.

But at this time, there were several evil **** clan, wandering under the cliff, patrolling.

"Is there anything unusual here?"

The four Lu Ming moved their hearts and then observed them patiently.

Under the cliff, a total of four Evil God clan, constantly searching on the cliff wall.

"Are you sure there are treasures here?"

An evil **** clan asked with some uncertainty.

"There shouldn't be any mistakes, I can sense that there is something unbelievable here, looking for it, there must be something stupid!"

An evil spirit clan with four arms said, his figure was flexible, and he kept flashing under the cliff.

"Yes!"

Suddenly, the Evil God Clan with four arms made a surprise. He lay on a cliff, his fingers continuously pointing out, and a ray of light did not enter the stone wall.

Click!

The stone wall suddenly cracked, and a stone crack appeared.

"Haha, there is!"

Several evil spirits were overjoyed.

In the distance, Lu Ming's eyes lit up.

Unexpectedly, an ordinary cliff, there is another universe.

This place is so secret, I am afraid there are really treasures in it.

"There are only one two-star emperor among the four evil gods. We can easily solve it!"

Lu Ming gave a voice to the three emperors without phase.

All three nodded, a glimmer of light flashed in their eyes, and then the four of them converged and ran down the ground towards the cliff.

After a few breaths, the four were approaching the cliff.

"who?"

When approaching, an alien was found and shouted.

Uh!

Lu Ming shot directly and rushed towards the two-star emperor.

The three unrelated emperors also rushed to the other three evil gods.

Four people to four people!

"Human race, find death!"

The Evil God Clan in the two-star Great Realm had four arms, and four sharp blades appeared on the four arms. The figure flashed, the speed was amazing, and the four sharp blades slammed toward the landing.

call out! call out! call out! call out!

Four sharp edges, the speed is amazing, cut to Lu Ming everywhere!

Buzz!

The musculoskeletal vibration of Lu Ming's body, in an instant, the frequency of vibration exceeded one billion times.

Super vibrating, bursting out the power of terror, the void burst, the endless void storm, rolled in all directions, the opponent's blade was directly defeated.

boom!

Then, Lu Ming banged out with a punch, and the fist was crushed, and the evil **** clan smoldered, his body flew out like a shell, his mouth vomited blood, and his face was pale.

One stroke, seriously injured.

"No good, go!"

The Evil God Clan knew that it had encountered an invincible opponent and shouted and wanted to escape.

But Lu Ming's speed is faster than him, a flash, he caught up with each other.

boom! boom!

Lu Ming fists continuously, and there are eleven kinds of lights shining on his body, eleven kinds of laws bursting at the same time.

The opponent had no resistance at all, and Lu Ming's fist was crushed directly, screaming, and his body was torn apart.

After killing this Evil God Clan, Lu Ming did not stay at all, his figure flashed, and rushed towards the other three Evil God Clan.

The three evil spirits are nothing but a one-star emperor realm. They are too far away from Lu Ming. They can't escape even if they want to escape. Lu Ming punches one punch and kills them all.

After killing the four evil spirits, Lu Ming collected the bodies of the four evil spirits into the small world.

Then the four came to the crack.

Behind the crack, it seems to be a passage.

Without much hesitation, the four entered the channel one after another.

The passage is not very long, only a few thousand meters, across the passage, suddenly bright ahead.

In front, there is a huge stone chamber, but this stone chamber is empty and contains nothing.

"There is an entrance!"

Lu Ming looked forward, inside the stone room, there was a stone door, half open.

Several people walked over and found a stone ladder behind the stone gate, obliquely downward.

Several people walked down the stone ladder all the way down. Soon after, they came to a huge underground chamber, which was also very empty. There were only two iron boxes in the middle of the chamber.

Several people's eyes light up.

Several people approached the iron box carefully, worrying that there would be a large array on it, but the four people approached without any abnormalities.

When Lu Ming stepped forward, he came to an iron box, opened it, and suddenly found that there were rings in it.

A total of nine storage rings.

Lu Ming picked up one, swept his consciousness, and suddenly ecstatic.

The original stones and storage rings are all original stones, and they are all superb original stones. I don't know how many of them are there.

Then, Lu Ming picked up another storage ring and found that the inside was also the original stone, and they were all the top quality original stones.

Chapter 2356: Big harvest

Then, Lu Ming looked at the eight storage rings in a row, all of which were original stones, all of which were the best original stones.

"Hahaha, sent it!"

Lu Ming laughed.

Need for the original stone, even in the Great Emperor or even the Heavenly Emperor, can be used. Absorbing the original gas of the original stone can also help condense the small world and enhance the power of the world.

However, the speed is not as fast as Chaos Stone and Hongmeng Stone.

"what is inside?"

The three unrelated emperors are also looking forward to.

"The original stones are all original stones!"

Lu Ming handed the eight storage rings to the three emperors without phase.

The three of the phaseless emperor were also overjoyed.

So many rough stones, even if they are the Great Emperor Realm, can be used for a long time.

Lu Ming picked up the ninth storage ring, and swept the consciousness. At the next moment, Lu Ming's eyes glared, and his mouth widened.

In the ninth storage ring, not the original stone, but the chaotic stone, and the Hongmeng stone.

The ninth storage ring is actually Chaos Stone and Hongmeng Stone, and the number is staggering.

Lu Ming roughly calculated that the number of Chaos Stone and Hongmeng Stone in it was not less than 10,000.

Ten thousand chaotic stones, what is this concept?

At that time, the Lan family held a big feast and took out a hundred chaotic stones as rewards. They all alarmed the heavens and made everyone gather together. Lin Xiaofeng, who was originally the first of nine, also went to the Lan family for the purpose of a hundred chaotic stones.

A hundred chaotic stones have such value, then, 10,000 pieces, if this is passed out, it will not cause a sensation.

Hongmeng Stone, although the effect is not as good as Chaos Stone, but three Hongmeng Stones can also be equivalent to two Chaos Stones.

Here, there are about 10,000 yuan each.

You should know that Chaos Stone and Hongmeng Stone are both products of the beginning of heaven and earth, and are non-renewable treasures. Use one piece and save one piece.

In the endless years, the number of Chaos Stone and Hongmeng Stone has been very scarce.

But here, there are 10,000 yuan each, which is an unimaginable wealth.

Seeing Lu Ming's daze, the three unrelated emperors were also curious.

Halfway through, Lu Ming slowed down and handed the storage ring to the Emperor Wuxiang to watch. After watching the three emperors, they directly petrified.

"This this..."

After a while, the three people reacted, their eyes widened, and they were full of surprises.

Then, the four people looked at another big box.

There are so many treasures in one box, and what kind of treasure should there be in the other box, they are very much looking forward to it.

Lu Ming went over and opened the box directly.

As soon as the box was opened, there was a bright light shining in it, and then a group of glories rushed directly out of the box.

"What is it?"

Lu Ming was shocked, his body retreated sharply, looking at the light groups.

There are thirty-six groups of light clusters. In each group of light clusters, there is a piece of glass-like pieces, exuding a bright and mysterious atmosphere.

"The breath of the avenue..."

Lu Ming's eyes glared. He felt the breath of the avenue in every light group, very similar to the breath of the Great Emperor Realm.

"It's the fragment of the avenue!"

"Really shards of the avenue!"

The Emperor Wuxiang, the Great Emperor, the Great Emperor Tianhuo shouted excitedly.

"Shard of Avenue!"

Lu Ming's eyes were also very bright.

The people in the Emperor Realm understand the Avenue, and the fragments of the Avenue, the characters in the Emperor Realm, can be directly refined, enhance the understanding of the Avenue, improve the cultivation, and even help the Emperor break through the bottleneck.

However, the avenue fragments are extremely rare and difficult to appear.

In theory, after the characters in the Great Emperor Realm are killed, there is also a certain chance that there will be major road fragments, but that chance is extremely small.

Also, in the Emperor Tian nature, it is also possible to conceive avenue fragments.

Even invincible characters can condense the avenue fragments from the Heaven and Earth Avenue.

But this kind of thing is simply in short supply, and once it appears, it will be snatched away by the characters of the Great Emperor Realm.

The fragment of the avenue is an invaluable treasure for the figures of the Great Emperor Realm.

Uh! Uh! ...

Thirty-six regiments of light flew all over the sky, and some even flew in the direction of the exit.

"Hurry up, don't let the avenue fragments fly away!"

The phaseless emperor yelled, flew up, and rushed to the avenue fragments.

At the same time, Lu Ming, Emperor Tianhuo and Emperor Huntian also moved, flashing their bodies and rushing to the fragments of the avenue.

Lu Ming was extremely fast, with a big hand, a huge palm, condensed out by the law, grabbed a mass of road fragments, and then put it away with a storage ring.

Then, fly to other avenue fragments.

The four shot together. The speed was very fast. Within a minute, the fragments of the 36th Avenue were collected by the four.

"Hahaha!"

The Emperor Wuxiang laughed a lot, and this time the harvest was too great.

A large number of superb original stones, there are more than 10,000 pieces of chaotic stone and Hongmeng stone, and there are 36 pieces of avenue fragments. If others know it, I am afraid that it will cause a sensation and cause **** competition.

Great chance, this is really great chance.

This place is so secret, there are a lot of treasures.

Then the four people searched the place again to make sure that there were no other treasures.

"Go, let's leave here first!"

Emperor Wuxiang said.

The others nodded, and they headed towards the exit, through the passage, and out of the cliff.

But as soon as they came outside, all four face moved.

Because someone is outside.

Blue film!

Lu Ming saw the blue film at a glance. In addition, there were six people, plus the blue film, a total of seven people.

"Lu Ming!"

Blue film also saw Lu Ming for the first time.

Seven people, their eyes flashed hotly, staring at Landing Ming.

"Lu Ming, what did you get inside? Hand it over!"

Shouted the blue film, his eyes gleaming coldly.

"We are inside, and get nothing!"

Lu Ming replied at random.

"Nothing? Do you think I am an idiot, this place is so secret, there must be treasures, you give us your storage ring, and open the small world, let us search, I don't believe there are no treasures!"

Blue film coldly.

"are you an idiot?"

Lu Ming glanced indifferently at the blue film and said coldly: "Also, what do you count, even if there are treasures in it? Why should I let you search?"

"Lu Ming, you..."

Blue film had a gloomy face and gritted his teeth: "Today, if you don't let search, we have to search, you have no choice!"

boom! boom! ...

On the edge of the blue film, a strong breath and strong pressure erupted from the other six people, pressing against the four Lu Ming.

"Two two-star emperors, the others are one-star emperors!"

Lu Ming instantly judged the strength of the other party, his mouth slightly raised.

No wonder Blue Film is so confident.

The two two-star emperors are indeed very strong. In the blue film idea, it is enough to crush Lu Ming.

After all, before coming to Void God Island, Lu Ming was only slightly better than him.

Chapter 2357: Beg for mercy

A total of seven people, all breathing out, the pressure of the Great Emperor's realm, like a storm, was pressing toward the landing Ming four people.

Especially the two two-star emperors, the breath is even more amazing, so that the three phases of the emperor, the emperor, the emperor, and the emperor Tianhuo tremble, and they take two steps back slightly.

"Lu Ming, just take it, and hand over the storage ring!"

Blue film sneered.

"Have the ability, come and get it yourself!"

Lu Ming spoke lightly, facing the seven masters, Lu Ming's face did not change a little.

"Stubbornness, do it, beat him!"

The blue film opened indifferently, stepped out, and slammed towards the landing.

In his view, Lu Ming was only slightly better than him. He started, plus one or two assistants, enough to win Lu Ming within a few moves.

He rushed towards Landing Ming, but at the next moment, his pupil contracted suddenly, because Lu Ming's figure suddenly disappeared, and when he appeared again, he had already reached him.

"How come it's so fast, bad!"

In the blue membrane brain, it was too late to turn around such a thought, and wanted to fight back. It was too late. He saw Lu Ming's palm zoom in quickly in front of his eyes, and then pressed on his face.

A terrifying force came from Lu Ming's palm. This force, Blue Film couldn't resist it at all. He even heard the sound of his neck bones breaking.

boom!

Lu Ming slapped his hand on the blue film's face and slammed him towards the ground.

There was a violent roar, the earth shook, the rocks rocked, and a huge deep pit appeared on the ground. The blue film lay in the deep pit, twitching, vomiting blood, and all the bones were broken.

He is not dead yet, but his eyes are full of horror and incredible!

How long has it been since he last played against Lu Ming.

Last time, Lu Ming could only barely defeat him. Lu Ming was not capable of fighting head-on. He was able to win in the end, relying on the immortal ancient scriptures.

But now, in front of Lu Ming, he has no power to fight back and is more vulnerable than a baby. Lu Ming is rubbed on the ground by a stroke.

The remaining six are also shocked!

"Join him against him!"

A two-star emperor shouted.

Suddenly, the two two-star emperors rushed towards the landing at the same time.

Lu Ming's one move made the blue film half dead, and such fighting power made them frightened and decided to join forces to win Lu Ming.

"Just right!"

The cold light flashed in Lu Ming's eyes, and there were eleven laws radiating from his body. His body muscles were shocked, and the whole person rushed to the other party.

"This is... eleven rules, five strongest rules..."

After seeing the shining light on Lu Ming's body, the two two-star emperors shook their hearts, and their faces looked incredible.

boom! boom!

At the same time as the two were shocked, Lu Ming's attack had arrived. Lu Ming's fist, like a storm, slammed into the two.

The terrible punches made it hard for the two to breathe.

The two screamed and shot with all their strength. The breath of the avenue permeated and performed the magical art to contend with Lu Ming.

Several deafening roars sounded, and the two figures retreated.

It is two two-star emperors!

At the moment, the two were shocked.

They felt that the arm bones were about to split, Lu Ming's attack, the power was amazing, the two of them joined forces, and both fell in the wind.

boom! boom!

After Lu Ming repulsed the two, he did not give them a chance to breathe and launched an offensive in succession. Moreover, Lu Ming did not care about his defense at all, and he played desperately. This allowed Lu Ming’s combat power to be able to Ten out of ten.

The two two-star emperors tried their best, but they were completely invincible. Every time they collided with Lu Ming, their bodies were violently shaking, constantly receding, their blood tumbling, and blood was flowing from the corner of their mouth.

They were shocked, Lu Ming's fighting power had already chased the Samsung Emperor, if they were all alone, they would have lost.

"Defeat me!"

Lu Ming Changxiao, his body rushed towards one of the two-star emperors, completely disregarding the attack of another person.

bump!

bump!

Two collision sounds came out. An attack by the two-star emperor hit Lu Ming, but at the same time, Lu Ming's attack also hit another two-star emperor.

The two-star emperor hit by Lu Ming screamed, his body flew out, hit the wall of the cliff, vomited blood in a big mouth, and his chest was penetrated through a big hole, and was seriously injured.

Lu Ming was hit, and although he was also shot and flew out, but just spit out a blood, but the breath is still strong, and there is no harm.

Uh!

Lu Ming turned back, swept his legs like a steel whip, and swept one leg on the back of the two-star emperor. This person's body flew out like a shell and was also seriously injured.

The two two-star emperors had only a few moves against Lu Ming, and were hit by Lu Ming successively.

The remaining one-star emperor, who was fighting against the three emperors of the phaseless, was shocked and retreated.

The most shocking thing is the blue film, almost staring, almost scared to death.

The two two-star emperors were seriously injured by Lu Ming in an instant. What kind of combat power is Lu Ming? How can he progress so fast?

Lu Ming's indifferent eyes swept towards the blue membrane, causing the blue membrane to tremble and pale.

"Forgive life, forgive life!"

Blue Film actually knelt up and struggled, begging Lu Ming for mercy.

It is also rare for him to kneel down and beg for mercy from a younger generation in the position of his emperor.

"This time, I spare you not to die, and there will be next time, kill!"

Lu Ming spoke indifferently, and then flashed with the three figures of Wuxiang Emperor, and left here.

It is not that he is soft-hearted, but that in this large formation, their biggest opponent is the Evil God Clan.

If you kill the blue film and others, it will weaken the strength of the Celestial Realm, which is not good for them.

However, if the opponent has to score, he will not keep his hand.

Four people Lu Ming, away from here, heading towards the right, came to a relatively remote mountain.

The four opened a cave, sealed the entrance, and entered the cave.

Then took out all the original stones, Chaos Stone, Hongmeng Stone, and the Avenue Fragment.

"Lu Ming, these Chaos Stones, Hongmeng Stones, hold it, it will have a great effect on you!"

Emperor Wuxiang gave Lu Ming the storage ring with Chaos Stone and Hongmeng Stone.

"How does this work, these things are obtained by us together, deserve us to share equally!"

Lu Ming said.

"No, Lu Ming, without you, with the three of us, how can we get such a great opportunity, and we have a lot of grades, limited potential, occupying a lot of resources, and it is also a waste. It is left to you in order to achieve the maximum. For the purpose, we can take a few pieces of avenue fragments!"

The Great Emperor also said.

"The debris of the avenue is temporarily not for me. The three deans are useful. Let's take it!"

Lu Ming pushed the thirty pieces of the avenue to the three emperors of the phaseless.

However, the three emperors of the phaseless shook their heads. The three took eighteen avenue fragments and gave them to Lu Ming.

Of the eight original stones for the storage ring, three of them took one, and the remaining five were all given to Lu Ming.

The three men had a firm attitude, and Lu Ming was helpless and could only put it away.

Chapter 2358: One after another

Immediately, the emperor of the phaseless, the emperor of the sky, and the emperor of the sky fire planned to close the debris of Refinery Avenue to see if they could break through the bottleneck.

And Lu Ming, also just retreat, understand the law.

Anyway, the eight positions are not so easy to obtain, and only one of the Celestial Souls and Evil God Clan can go out. When the time comes, the two sides must definitely fight each other. Then let them fight. They are currently improving their strength. Kingly way.

Without strength, if the Celestial Realm wins, it is better to say that if the Evil God Clan wins, they must be killed, and only then will anyone be slaughtered.

And Lu Ming's flesh, just after a breakthrough, was raised to the fifth peak in one fell swoop with a liquid fire, and it was impossible to break through in the short term.

Now if you want to improve your strength, only the law of enlightenment!

Lu Ming's enlightenment is the strongest law. Every time he enlightens one more, it intersects with the other laws. His combat power will certainly be improved.

Four people, sitting in four positions, began to practice.

The Emperor Wuxiang, the Emperor Tianhuo, and the Great Emperor Huotian each took out a piece of avenue fragment and refined it.

The fragmentation of the avenue is not so easy to refine, it takes a short time.

Lu Ming is at ease to understand the law.

Now, his main goal is still the Law of Reincarnation and the Law of Hongmeng.

He intends to first cultivate these two laws to the third realm, and then to enlighten other laws.

Cultivation has no years, time passes quickly, and in a flash it is half a year.

Here, the law of enlightenment is very fast. Even if there is no battle of life and death, Lu Ming still breaks the Hongmeng law into the third realm, and perfectly integrates with the original nine laws to form the magical art.

The law of reincarnation also reached the limit of the second realm.

However, the three unrelated emperors are still sharding the Refining Avenue.

They have separately refined a piece of avenue fragments, and are now refining the second piece.

"Go out and see what's going on outside!"

Lu Ming thought.

For half a year, I don't know what the situation is outside. Have eight positions been found?

Immediately, Lu Ming went out of the cave and went out.

boom!

Soon after he came out of the cave, Lu Ming saw someone fighting, the creatures of the heaven and the clan of evil spirits.

There were more than a dozen people, and both sides continued to bombard and roar continuously.

"Have eight targets already been found!"

Lu Ming moved.

Eight targets were found, and the two sides will definitely start a decisive battle.

After observing for a while, Lu Ming found that this was not the case, but that the two sides were fighting for a palace.

Lu Ming's eyes narrowed slightly, and then he used Divine Breath to completely converge his breath, like a stone.

Then Lu Ming's body did not enter the ground, and quietly walked towards the palace.

Quietly, no one found that Lu Ming successfully entered the palace.

Unfortunately, there is no treasure in this palace. Lu Ming searched around and found nothing.

It seems that the last time they got so many treasures, it was really inexplicable,

"Huh, that's..."

Suddenly, Lu Ming's expression moved, and in the last partial room of this palace, Lu Ming discovered.

A cluster of light is suspended in the air. In the cluster of light, a disk is suspended, emitting a gray light.

"Goal!"

Lu Ming's eyes lighted up, is that the array that the array said, is this array.

Lu Ming waved his hand, and the power of the law condensed into a big hand. With a grasp, he grabbed the array in his hand.

The array is very old. I don’t know how many years have passed. There are eight pits on it. At this time, there are eight pits with five sparkles.

"Congratulations, get an offer!"

Suddenly, a voice sounded, and then a young boy emerged, it was that formation.

"Now, five positions have been found by you, and there are three more. You must make persistent efforts. I remind you again that only one of you can go out. I look forward to your performance!"

After talking, the body of Jinling disappeared directly.

"Five pieces appeared, so to speak, the number of shining pits on this array is the number of arrays found!"

Lu Ming moved.

Then put away the position, Lu Ming continued to breathe out of the palace.

Outside, people from both sides were still fighting, and Lu Ming left quietly again.

Then, Lu Ming turned around outside, and there was nothing to gain. Lu Ming returned to the former closed place.

Now that he has an array in his hands, he will feel more at ease.

Anyway, even if the other seven blocks came out, without him, other people would not be able to get out, and he could calm down and practice.

Returning to the place of retreat, Lu Ming continued to retreat to the law of enlightenment.

Lu Ming did not go to the new law, but to perceive the law of reincarnation. At the same time, he constantly explored the magical power.

His magical skills are all self-created, so every time he learns more, his magical skills must be reorganized and explored again.

Only by constant exploration, his magical skills, can continue to become exquisite, more and more powerful.

Time is in a hurry, and half a year has passed.

It has been more than two years since Lu Ming entered the Void God Island. At this time, Lu Ming finally practiced the law of reincarnation to the third realm, and cooperated well with other laws to form a new magical power.

A magical technique composed of five strongest laws and six kingly laws.

With a hands-on approach, the magical power of eleven kinds of laws broke out, and the power was amazing.

Undoubtedly, Lu Ming's combat power has improved a bit.

Now, with all his strength, even if he meets the Samsung Emperor, he has no fear and is confident that he can fight.

It is worth mentioning that the three emperors of the phaseless emperor, after refining three pieces of Avenue debris, each of them broke through, and stepped into the two-star emperor.

The three have been trapped in the one-star emperor for a long time, and now they have finally broken through the two stars and have made great strides.

Coupled with Lu Ming's combat power, the strength of the four of them is pretty good.

"Congratulations to the three deans!"

Lu Ming smiled.

"Hahaha, luck, luck, but we want to break through the Samsung Emperor, it is difficult. Our talents are limited. Even if there are road fragments, it is not so easy!"

Emperor Wuxiang smiled very cheerfully.

I haven't loosened the bottleneck for many years. Once I broke through, I was naturally happy.

The three chatted for a while, planning to go out and see.

Now there are seven blocks in the market, as long as the eighth appears soon, I am afraid that the two sides will start a fierce fight.

Moreover, now Lu Ming's four of them have made great progress, and they want to go out to try their luck to see if they can gain some chance.

The four went out of retreat and went towards the depths of the area.

Soon after, they made a discovery.

Because, they found that there are constantly people going deep into this area.

"The crowd gathers and most of the major discoveries ahead!"

Emperor Wuxiang said.

"Go and see!"

Tianhuo Emperor's temper was the most urgent.

Chapter 2359: Bloodthirsty bat

They secretly followed a few people and went deep.

Flying over a large mountain, they came to a plain. This plain was dug out of a huge deep pit. In the deep pit, there was actually a huge palace.

This is a palace buried under the ground, it was actually discovered.

The door of the palace was opened, and a few people in front flew in directly.

Uh! Uh! ...

Not far away, a few more figures flew over and turned out to be Evil God Clan.

Several evil **** clan, indifferent eyes swept Lu Ming a few of them, did not start, but also rushed into the gate in that palace.

"It seems that this underground palace is very remarkable, attracting the strong on both sides!"

Emperor Wuxiang said.

The others nodded. They have been trapped in this large array for a year. The array has been found. Seven corners are estimated to be rummed.

The last array, most likely, is in this underground palace.

And this palace, buried deep underground, perhaps, contains great opportunities.

"Let's go in and see too!"

Heavenly Fire Emperor said.

"go!"

Lu Ming opened his mouth and flew towards the gate of the palace first.

Behind the gate, there is a huge passageway that extends all the way forward. As soon as they flew in, they found that there was light shining ahead.

Several evil spirits who had flown in before were under attack, because the walls on both sides of the passage glowed, a mysterious pattern emerged, and a glory condensed, attacking several evil spirits.

Several evil spirit clan struggled to resist, while resisting, while moving forward.

"There are formations here!"

Lu Ming made a reminder that the four men had a spirit of 120,000.

As soon as they entered the passage, on the walls on both sides of the passage, there was indeed a bright light burst out, blasting towards them.

These brilliances, like a divine light, are amazingly powerful.

The four men laid heavy defenses on their bodies to resist these glory.

Fortunately, although these glorious powers are strong, there is a certain threat to the one-star emperor, but to them a few men, the threat is not great, and the four of them go forward quickly, and go deep into the passage.

The several evil gods in front saw Lu Ming's speed so fast, their face changed greatly, and they showed their full strength. They wanted to pass through the channel quickly, fearing that Lu Ming would catch up with them.

However, they have three people in total, and there are two two-star emperors. The other one-star emperor is not as fast as Lu Ming. After more than ten minutes, they were overtaken by Lu Ming.

"kill!"

Lu Ming spoke indifferently, and encountered the Evil God Clan, there was nothing to say, only kill.

"It's you who died!"

A two-star Great Emperor Realm Clan roared and killed Lu Ming.

However, Lu Ming's current combat strength is not weaker than Samsung Emperor. How powerful is it. After one move, Evil God Clan spit blood and flew back.

Then, Lu Ming stepped up and killed this evil spirit clan with one move.

The three unrelated emperors also threatened the persecution of the remaining two evil gods.

Lu Ming turned back and killed, and the remaining two Evil God Races were easily resolved by them.

After tidying up, the four went on, and this time, in a few minutes, they passed the passage.

After the passage, there are a total of six corridors, leading to different directions.

The four Lu Ming chose one at random and rushed forward.

Soon after, they found some rooms, but these rooms were empty and vacated.

Lu Ming they understand that they are late, I am afraid that many people have come in long ago.

Then they encountered several rooms, all of which were evacuated.

Immediately, they stopped staying and rushed forward.

what!

Suddenly, they heard a scream, very sad.

The faces of the four people changed and someone was killed.

The four men quickly gathered their breath and moved forward.

boom! boom!

In front, there was a fierce roar.

"Go away!"

"kill!"

There was also a roar of roar.

Lu Ming They crossed a corridor and came to a large hall, and found a group of people under siege.

There are evil spirits, and there are creatures in the heavens. The two parties did not attack each other because they had a common enemy.

In the hall, the black light flashed continuously, the speed was extremely amazing.

This is a kind of bat, covered in black, like cast iron, but its eyes are red, like blood.

The enemies of the Evil God Clan and the creatures of the heaven are such bats.

In the main hall, some corpses of evil spirits and celestial beings were already lying, and each corpse was shrivelled, as if blood had been swallowed.

Buzz...

A strange wave came, and Lu Ming, the phaseless emperor's faces changed.

"It's a sonic attack, be careful!"

Remindless Emperor.

Several people quickly defended their skills and resisted the invisible fluctuations.

That kind of invisible wave is very terrible. Once hit, it directly attacks the soul and makes people dizzy.

Obviously, many people have been hit, attacked by this bat, their heads fainted, where there is still the power to fight back, directly attacked by this bat, and fell to the spot.

咻咻!

There are dozens of black bats in the hall, and the creatures of the evil gods and the heavens are stopped here. They can’t move forward at all, and they are even dangerous to protect themselves.

Opposite the main hall, there is a door that seems to be able to move forward.

"We rushed over!"

Lu Mingdao, and the three emperors of Wuxiang, rushed towards the front.

Suddenly, several black bats stared at them, blood red eyes swept towards them, and flew towards them.

Buzz...

The invisible wave rushed towards them.

Lu Ming's control rules, eleven rules, covering the whole body, especially the ears, have the strongest defense.

But even so, Lu Ming felt the power of the law, still shaking for a while, but he was blocked by him.

The three unrelated emperors, however, were not so relaxed. Their bodies shook slightly and their faces pale slightly.

Hey! Hey!

A few bats rushed towards the landing Ming people.

"dead!"

Lu Ming drank coldly, stepped forward, and punched a few punches.

boom! boom!

The Void Shock, the invisible wave, was directly defeated by Lu Ming's fist strength. The terrible fist strength was crushed by, and a few bats burst their bodies directly.

"go!"

Lu Ming took the lead and rushed forward.

Several non-phase emperors followed Lu Ming.

Taking Lu Ming's cultivation practice, as well as his powerful physical energy, his defensive power is amazing, even if the sonic attack of the bat, it will not hurt him.

The four headed by Lu Ming, like a pair of scissors, rushed forward as fast as possible. On the road, Lu Ming killed several bats again.

"That was Lu Ming, he was so powerful!"

Someone recognized Lu Ming and was shocked.

"Lu Ming, help us!"

Someone shouted, looking forward to seeing the landing.

"Ha ha!"

Lu Ming sneered, too lazy to ignore these people.

Chapter 2360: Another piece of avenue was found

Lu Ming is too lazy to ignore these people.

These people are now in trouble, and in crisis, and think of Lu Ming? Called Lu Mingxiang to save?

At the beginning, when the Lan family wanted to rush Lu Ming away, why didn't these people come out to say a word for Lu Ming, and they still stood by the Lan family.

It's not that they despise Lu Ming and feel that Lu Ming is weak.

Now, seeing Lu Ming's strength, and wanting Lu Ming to rescue him, how can there be such a good thing in the world?

Lu Ming and the others went straight ahead and rushed into the gate opposite the main hall.

Entering the gate is also a corridor that leads to the depths ahead.

Shortly before they went on, their faces changed, because there was also a corpse lying there in the hallway, the body was shrivelled, obviously killed by that kind of bat.

The four did not dare to carelessly and defended wholeheartedly.

call out!

Suddenly, under the body, a few black shadows rushed out towards Lu Ming.

It's the black bat.

boom! boom!

Lu Ming punches continuously, killing several bats.

They continued to move forward, and sure enough, along the way, from time to time they would be attacked by that kind of bat.

But if Lu Ming opened the way, they were still in full swing, moving forward.

On the way, occasionally, there will be corpses falling here, creatures from the heavens, and evil spirits.

The palace was very large. They bypassed a few corridors and passed through unknown rooms. Finally, they came to a huge hall.

There was no one in the hall.

It seems that they came to this hall instead.

In the mid-air of the main hall, there is a light curtain, which is round, like a bubble, suspended in mid-air.

When Lu Ming saw the things in the light curtain, their eyes were straight!

Avenue fragments!

In the light curtain, all are road fragments, and the number is alarming, at least dozens of pieces.

More than they got last time.

The eyes of the four people immediately became hot.

The fragments of the avenue, taken outside, are completely valuables without market value. Any emperor will be impressed. For the emperor, there is nothing more precious than the fragments of the avenue.

Emperor Wuxiang, Emperor Tianhuo, and Emperor Huntian were trapped for a long time in the realm of One Star Emperor, but after refining and smelting three pieces of avenue debris, their cultivation behavior broke through.

One can imagine that the debris of the avenue is precious.

You should know that the Great Emperor Realm is also faced with heavenly disaster.

A catastrophe once in more than 300,000 years, and many emperors, it is normal that there is no progress in repairing for more than 300,000 years.

Cultivation did not progress, but the Heaven Tribulation will become stronger and stronger. In this case, sooner or later, he will die under Heaven Tribulation.

But with the avenue debris, their cultivation can be improved, so that it is much simpler to deal with the sky-tribulation.

"fast!"

Several people glanced at each other, their bodies flashed, and rushed towards the light curtain.

They must grab ahead of others and take away all the fragments of the avenue, otherwise, they will go through some fighting.

Lu Ming had the fastest speed, approaching the light curtain in an instant, and took a closer look, grabbing towards the light curtain.

However, when Lu Ming's palm was caught on the light curtain, the light curtain was like a copper wall and iron wall. It was extremely hard and blocked Lu Ming's palm.

"So hard!"

Lu Ming's face changed, the strength of the whole body, and the power of the law exploded, punching on the light curtain.

boom!

The light curtain shook wildly, but it didn't get blown away.

At this time, the three unrelated emperors also arrived. The three of them attacked and madly attacked the light curtain. The light curtain shook violently, but it was still not broken.

"We focused on attacking a point and broke through him with all our strength!"

Lu Ming said.

"it is good!"

The Emperor Wuxiang nodded.

On Lu Ming's body, the law circulated, and a long spear appeared in the palm of his hand. This was the infinite dragon gun condensed by the power of the law.

Buzz!

Lu Ming vibrates the Infinite Dragon Gun. The Infinite Dragon Gun spins at a rapid speed, like a drill bit, stabs towards the light curtain.

Zizizi...

Suddenly, the light curtain violently shook, and the place stabbed by the spear pointed into the pit and made waves.

boom! boom! boom!

The Emperor Wuxiang, the Great Emperor Huntian, and the Great Emperor Tianhuo also shot at the same time, exhibiting the strongest attack. The attack was at the point where Lu Ming attacked, making the light curtain vibrate more violently.

However, the light curtain has not been broken.

"carry on!"

Lu Ming shouted and continued to attack.

boom! boom! ...

The four people kept attacking, and the light curtain was shaking more and more violently.

After four consecutive attacks by four people, the light curtain finally changed.

Click!

Above, the sound of cracking came.

The four of them were overjoyed and immediately excited, launching a stormy attack.

Click! Click!

The cracks on the light curtain are getting bigger and bigger.

Countless tiny cracks eventually turned into a huge crack.

The light curtain is about to be broken.

But at this moment, another passage in the hall rushed in with some figures.

There are eight people in total.

"Lu Ming!"

When these people saw Lu Ming, someone roared.

"Blue film, people from the blue family!"

As soon as the eight people came in, they naturally disturbed Lu Ming.

I didn't expect such a coincidence. Here, I met the Lan family again.

"That's... Avenue fragments, all are Avenue fragments!"

"God, so many."

"Must get it!"

Immediately, the eight members of the Lan family saw the avenue fragments in the light curtain, and their eyes suddenly filled with bright light.

That was the radiance of greed, very hot.

Especially the person headed by the Lan family is Lan Kang.

"These road fragments are mine!"

Lan Kang shouted.

"Break me!"

At this moment, Lu Ming erupted all his strength, and the human-gun united into a dazzling lance, puncturing a crack in the light curtain.

The light curtain was originally covered with cracks and was about to break apart. At this time, Lu Ming's attack was like crushing the camel's last straw.

boom!

The light curtain exploded directly.

Dozens of avenue fragments were revealed.

"Shoot, the Avenue Fragment is ours!"

Lan Kang shouted and threw them at Landing Ming.

"Close!"

Lu Ming took out the mountain and river map directly, and the mountain and river map suddenly became larger, and the mountain and river appeared inside, covering all the debris of the avenue.

In an instant, all the fragments of the avenue were collected by Lu Ming into the mountain and river map, and then the mountain and river map became a light, flying into Lu Ming's eyebrows and disappeared.

"Retreat!"

Lu Ming and Emperor Wuxiang retreated sharply, avoiding Lan Kang's attack.

"Lu Ming, hand over the fragments of the avenue!"

Lan Kang shouted, greedy in his eyes.

"This is what we discovered first, it's ridiculous to return it to us naturally and give it to you!"

Lu Ming sneered, showing sarcasm.

"Today, if you don't have to pay, you have to pay.

Lan Kang shouted, his eyes very cold, and rushed towards the landing.
