

D Emperor 2361

Chapter 2361: Great War

Lan Kang gave the order, and his figure rushed towards the landing.

The other masters of the Lan family rushed towards the landing.

Roar!

Lan Kang covered the purple light with a punch, and the purple light condensed a male lion and rushed towards the landing.

In Lan Kang's eyes, the killing was extremely cold.

At the scene, apart from the Lan family, there were several Lu Ming. He had decided in his heart to kill Lu Ming on the spot and kill all the unrelated emperors.

Anyway, the scene was full of people from the Lan family. At that time, a few of them would not speak out. No one knew that Lu Ming was killed by them. The emperor behind Lu Ming could only think that Lu Ming fell in an adventure, or it was killed by the Evil God Clan.

In this way, not only can you get the debris of the avenue, but you can also kill Lu Ming, killing two birds with one stone.

Thinking of this, Lan Kang's eyes flashed with excitement.

boom!

At this time, Lu Ming also shot.

This time, Lu Ming did not retreat, but confronted head-on, punching Lan Kang with a punch.

"court death!"

In Lan Kang's eyes, the sharp edge is more intense.

Lu Ming's strength, he heard Blue Film mentioned, is very strong and can defeat the Second Star Emperor.

But according to his speculation, it is impossible to be the opponent of Samsung Emperor. After all, the gap between each star is very large.

If Lu Ming chooses to give in and evade, he may spend more on his hands and feet, but Lu Ming chooses to confront him hard, which is simply looking for his own way.

boom!

The two collided fiercely together, and a deafening roar erupted. The place where the fists collided, the gorgeous glow, made people unable to open their eyes.

Then, the two figures shuddered like an electric shock, and backed off again and again.

Lu Ming and Lan Kang, this move, equally divided.

"how is this possible?"

Lan Kang stepped back five or six steps in a row, stabilized his body, yelled in his heart, his eyes widened, revealing incredible colors.

Right, he felt that Lu Ming's power was as thick as the sea and unfathomable.

how can that be?

How could Lu Ming have such a strong power?

The light of the law of eleven colors, what is that? Eleven laws?

In Lan Kang's heart, he turned the river!

The others in the Lan family were shocked, especially the blue film, almost burst into the eyes.

"Samsung Emperor, but so!"

Lu Ming spoke indifferently.

"I haven't tried my best, don't be proud!"

Lan Kang said coldly, his eyes were extremely cold, and said to the other Lan family: "You take the three old guys first, and Lu Ming will hand it to me!"

"Yes, these three old guys, leave it to us!"

The humanity of the other Lan family then rushed to the three emperors of the phaseless.

But when they started, these people were shocked.

Because, the three unrelated emperors are all two-star emperors.

The three two-star emperors teamed up, and the fighting power was also very amazing, and they were all defensive.

"Damn!"

Lan Kang roared and screamed to the landing personally.

He put out all his strength and kept roaring.

Lu Mingsi was not afraid, and he fought against him continuously, and he fought a dozen battles in a blink of an eye, but he was still difficult to win.

With Lu Ming's current combat strength, head-to-head battle is not weaker than Samsung Emperor.

Just as the two sides fought fiercely, some figures flickered and someone came again.

This time, there were more than twenty people here, all of which are creatures from the heaven.

Needless to say, everyone was shocked to see that Lu Ming could actually fight Lan Kang indiscriminately.

Lan Kang's complexion was extremely gloomy.

When the rest of the world came, he would not dare to kill Lu Ming blatantly.

"You guys, let's go together, this person Lu Ming got a lot of road fragments!"

Lan Kang shouted, trying to pull others to shoot together.

"What? Fragment of Avenue!"

Many people's eyes were fiery, looking at Lu Ming, revealing greed.

The fragment of the avenue was too tempting for the emperor.

"Who dare to take action, if I don't die, wait until I return to the Taiqing heavens, I will take people to your forces, one by one "visit"!"

Lu Ming spoke coldly.

Many people are chilling.

The strength behind Lu Ming is amazing. There are more than a dozen characters in Heavenly Realm, and no one can withstand it.

If Lu Ming does not die, it is them who die.

Thinking of this, although many people are hot, they dare not take action at all.

"Lan Kang, no one can help you. Today, it will be you who died!"

Lu Ming spoke indifferently.

boom!

At this moment, Lu Ming completely broke out. He disregarded the defense and played desperately to launch a stormy attack.

In this way, Lu Ming was directly hit by Lan Kang. Lan Kang hit Lu Ming's chest with a punch and collapsed Lu Ming's chest.

However, Lu Ming also seized the opportunity and punched Lan Kang on the shoulder.

Click!

The sound of broken bones sounded, Lan Kang's shoulders burst directly, his body staggered back, his face pale.

His defense is no match for Lu Ming.

bump!

Lu Ming's footsteps took a heavy step, regardless of the injury, and continued to kill Lan Kang.

"Lu Ming, what do you want to do? You are too selfish. Your cultivation is nothing more than a real emperor realm, and there are no fragments of Avenue at all. My cultivation has reached the peak of Samsung Emperor. As long as you give me the fragments of Avenue, I will soon be able to break through to the Four Star Emperor!"

"As long as I break through the four-star emperor, as a result, we can destroy the Evil God Clan, seize eight positions, and walk out of this place, otherwise we may all die. You are for your own sake, regardless of the others. Life, you are selfish!"

Lan Kang shouted, still wanting to pull others into the water.

Many people's faces changed.

Indeed, in this large formation, their number one opponent is the Evil God Clan.

And Lan Kang's cultivation practice did indeed reach the peak of the Samsung Emperor, which is the most promising breakthrough on the heaven side.

If he gets the fragment of the avenue, it is really possible to break through, so that they will be able to defeat the evil **** clan.

Some eyes flashed.

"Oh, don't put gold on your face, without you, Evil God Clan, I will still destroy it, kill!"

Lu Ming sneered and attacked wildly.

After Lu Ming desperately, Lan Kang fell completely down.

He is sure to hit Lu Ming, but the price is that he will also be hit by Lu Ming.

His vitality and defensive ability are not as good as Lu Ming's, and he suffers a great loss from this two-player game.

"Damn it!" Lan Kang roared in his heart, and could only give up the opportunity to hit Lu Ming, and defended dodge with all his strength.

bump!

Suddenly, Lu Ming stepped hard, and his body suddenly reversed his direction. Instead of attacking Lan Kang, he attacked the blue film and others.

"not good!"

Lan Kang's face changed wildly.

Blue Film and others did not expect that Lu Ming would suddenly change direction, and he was shocked and wanted to dodge. It was too late.

Lu Ming's figure immediately appeared behind the blue film, and his palm was like a sword, and he inserted it into the blue film's Dantian position.

boom!

This palm directly penetrated the blue film of Dan Tian, tearing his small world.

Chapter 2362: All out

Lu Ming hit the blue-filmed Dantian with a palm, and the terrible strength tore the blue-filmed Dantian into pieces.

"Ah, my Dantian, my cultivation base is..."

Blue film screamed hysterically, despair in his eyes.

"I said last time, if there is another time, I will kill you, you really think, I dare not kill you, or I can't kill you?"

Lu Ming spoke indifferently, making the despair in the blue film's eyes more intense. In despair, there was also a deep panic.

"No... want!"

The blue membrane screamed in the throat.

"Relax on the road!"

Lu Ming spoke indifferently, his palms shook suddenly, terrible power burst out, and the blue film's body was torn apart.

"kill!"

Lu Ming Changxiao killed the others in the Lan family.

bump!

A two-star emperor, who was blown into a crush by Lu Ming, almost shattered, his body retreated, blood splattered, and he was terrified.

boom! boom! boom!

Lu Ming fisted in succession, like a tiger falling into the flock, killing in a vertical and horizontal direction, the one-star emperor realm, could not stop Lu Ming's one move, and was directly killed by a second.

Even the two-star emperor, under full defense, was still seriously injured by a boxing by Lu Ming.

In this way, the three emperors of the unrelated, the emperor of the sky, and the emperor of the sky fire released their hands, and while the other party was seriously injured, they even cut several people.

"Lu Ming!"

Lan Kang burst into roar and his eyes were red: "Lu Ming, you are killing people on the side of Heaven Realm, do you want to ignore the lives of all people on the side of Heaven Realm? They are all the backbone forces against the evil gods! "

Lan Kang wanted to use this method to arouse the hearts of others with the enemy and fight against Lu Ming together.

However, for a time, no one shot at all, Lu Ming's combat power was horrifying.

"Ignore the lives of other people? Ha ha, why didn't you think about this when you started working on us? Also, the retention of these wastes will not have much effect. Evil God Clan, I will deal with it! "

Lu Ming spoke indifferently, and the gorgeous glow of the sun drowned him. He punched out, and a two-star emperor who had been seriously injured was directly killed.

"Lu Ming, you remember for me, my Lan family will not let you go."

Lan Kang roared, turned and ran, rushed out of a passage, and disappeared.

Lan Kang fled without a fight.

"Damn!"

The remaining few of the Lan family shouted, full of despair.

"Lan family, all these things!"

Lu Ming sneered, started with no mercy, and with the help of the unrelated emperor, the remaining members of the Lan family were killed by them all in a short time.

Lu Ming, a couple of unrelated emperors, took away the storage ring of the Lan family, and then flicked away, leaving here.

Next, Lu Ming continued to explore in this palace, but then, there was no gain.

During this period, they met with the Evil God Clan and had a big battle. Lu Ming killed more than ten Evil God Clan and killed the Evil God Clan.

In the end, they came to the deepest part of the palace, where they have gained something.

Here, they got some chaotic stones, original stones, and most importantly, Lu Ming got a rare treasure of heaven and earth.

"Wooden God Liquid!"

Lu Ming was in a jade bottle. Lu Ming recognized this rare spirit and was ecstatic in his heart.

This spirit fluid contains the extremely rich essence of life, which is no worse than liquid fire. If Lu Ming cultivates with it, he has the opportunity to impact the fifth mid-term of the Seven Gods.

Originally, according to the step-by-step practice, Lu Ming wanted to break through the middle of "The Seven Gods Xuan Gong", which required a long time to accumulate.

Archaic body training is not easy and hard to practice.

The same is true for the cultivation of "Seven Gods Xuan Gong". Every breakthrough is very difficult.

However, if you can get some rare treasures, it is another matter.

For example, rare fires such as liquid fire and wood **** liquid, which contain rich and huge essence of life, can make the flesh quickly improve and break through.

This makes Lu Ming unhappy, as long as "Seven Gods Xuan Gong" breaks through the fifth middle stage, his combat power will skyrocket.

At that time, the flesh and the law will cooperate, not to mention the Samsung Emperor, even the four-star Emperor, it will be correct.

The four men packed their things up, their bodies flashed, and left here, heading out of the palace.

In this line of business, they have harvested enough. The top priority is to find a place to practice and improve their strength.

In the palace, in a hidden secret room, Lan Kang's body flickered into a big hand, catching a ray of light in his hand.

These light groups are actually fragments of the avenue, and there are more than ten pieces.

"Hahaha, the heavens bless me, I have these ten pieces of avenue debris, and the cultivation base will definitely break through the four-star emperor, Lu Ming, and it will be your death time!"

In Lan Kang's eyes, there was a cold glory.

The four Lu Ming went out of the palace and flew towards the distance. Halfway, Lu Ming stopped suddenly, and an array appeared in his hand.

I saw that the eight pits on the array were all shining.

"Eight blocks, all found!"

Lu Ming's eyes moved.

"All eight positions are born. It seems that the storm is coming!"

Emperor Wuxiang said.

All eight positions were born. Next, the two sides killed. Whichever side wins, which side can live out. This is destined to be a tragic fight.

"Let's find a place to practice first and let others fight first. Now, it is king to improve our strength!"

Lu Ming said.

Several phaseless emperors nodded.

Anyway, they have an array in their hands, not afraid that others will go out first, they can't get out.

Soon after, they came to the top of a mountain.

This mountain is the highest mountain in this area. Standing on the top of the mountain, the view is wide and you can see a long distance.

They plan to practice at the top of this mountain, so that they can look into the distance, know the situation of the outside world, and grasp the situation.

At the moment, they divided the things they got before.

The three unrelated emperors, as long as a part of the road fragments and other treasures, were left to Lu Ming.

After dividing, they are here to practice.

Lu Ming took out the wooden **** liquid, poured out a part, and began to refine it.

His physical strength began to increase rapidly again.

However, the situation outside is somewhat different from Lu Ming's guess.

The two sides did not fight, and disappeared one by one, hiding.

During the period, Lu Ming refined some wood **** liquid and went out to investigate some situations. After discovering this situation, he was a little surprised.

"Perhaps, during this time, everyone has some gains. Their thoughts are the same as ours, and they plan to retreat and improve their cultivation first, and then destroy each other!"

Lu Ming guessed and turned around, Lu Ming returned to the mountain and continued to wash his face.

In a few days, someone came to their peak and originally wanted to occupy it. After seeing Lu Ming, their faces changed and retreated.

Lu Ming has repeatedly killed many of the Lan family's strongmen, and it has already spread among the people on the side of the heaven. When others see Lu Ming, they naturally retreat in fright.

Chapter 2363: Lu Ming's idea

Time flies, and it takes three months.

In three months, Lu Ming refined all the wood **** liquid, and "The Seven Gods Xuan Gong" finally broke through and entered the fifth mid-term in one fell swoop.

Lu Ming's physical strength also surged at the same time.

Now, Lu Ming can suppress the four-star emperor simply by his physical strength.

Every breakthrough of "Seven Gods Xuan Gong", the physical strength will skyrocket, and the increase is extremely amazing.

For example, in the fifth pre-stage of "Seven Gods Xuan Gong", the power of the flesh alone can suppress the general one-star emperor.

And "Seven Gods Xuan Gong" breaks through the fifth mid-term to suppress the four-star emperor, and the fifth post-mortem can suppress the peak emperor.

Every breakthrough, the strength will surge.

Now, with the power of the flesh and the power of the law, Lu Ming will not be too difficult to kill the four-star emperor, and he can even fight against the five-star emperor.

"The time has come. With my current strength, it is enough to sweep everyone in this large formation!"

Lu Ming showed a confident expression.

However, now that the three emperors of Wuxiang are still practicing, Lu Ming did not rush to leave, continue to cultivate, and consolidate his cultivation behavior.

On a mountain a thousand miles away from Lu Ming, a strong breath suddenly erupted.

Uh!

A figure rose into the sky, breath like a gust of wind, sweeping all directions.

"I finally broke through!"

The man muttered to himself, his eyes shone with horror.

This person is Lan Kang!

After months of hard work and refining a few pieces of avenue fragments, he finally broke through the bottleneck and stepped into the four-star emperor.

The four-star emperor is already regarded as a high-level emperor, and his combat power has increased greatly.

Lan Kang's amazing breath also alarmed the people nearby.

"What an amazing breath, this is the four-star emperor!"

"Lancang broke through and entered the four-star emperor!"

"Great, we have a four-star emperor, and finally can wipe out the evil **** clan!"

There were voices, shock and ecstasy.

Before, whether it was Evil God Clan or Celestial Being, the strongest was Samsung Emperor.

The birth of a four-star emperor will definitely break the balance and give the sky realm an absolute advantage.

boom!

But at this moment, in a distant place, a breath of terror burst out. This breath was extremely alarming, rising like a wolf smoke.

This breath is also equivalent to the four-star emperor!

"This... this is a person of the Evil God Clan, and someone of the Evil God Clan has also broken through!"

Someone exclaimed in heaven, his face pale.

How could this be?

Lan Kang just broke through and stepped into the four-star emperor. Originally, he thought that he could wipe out the Evil God Clan. Unexpectedly, there were also people who broke through and entered the four-star emperor.

This sank everyone's heart.

In this way, the outcome is unpredictable.

Lan Kang's complexion was gloomy and a little ugly.

"There are also people from other races who have broken through to the Four-Star Emperor. I killed the door, and I am not sure. I must upgrade the cultivation base to some more!"

"By the way, look for Lu Ming. There are a lot of road fragments in this boy's hand. I sneaked over, killed him, seized his road fragments, and then found a place to retreat. After breaking through to the five-star emperor, you can easily solve the aliens. Now!"

Lan Kang's eyes shone coldly.

"This is not the time for a war. I just broke through and need to consolidate. You always pay attention to the movements of the aliens. If there is news, notify me immediately!"

Lan Kang ordered others.

Now, his cultivation base has reached the four-star emperor, and he has become the strongest person on the side of the heavenly realm.

"Okay, we will!"

The others nodded quickly, looking for a flattering look.

Now, if they want to go out alive, they can only rely on Lan Kang. Without Lan Kang, they will be slaughtered by aliens.

The aliens didn't come to attack, obviously they also sensed Lan Kang's breakthrough, and they were somewhat afraid.

Lan Kang flew to the mountain where they landed.

Lu Ming, they occupied the highest mountain in the vicinity, they had been known by others, and Lan Kang had heard the news.

It didn't take long for Lan Kang to arrive at Lu Ming's mountain.

On the mountain peak, Lu Ming, sitting cross-legged, opened his eyes at this time, his eyes were like stars, and he looked at Lan Kang.

"Lan Kang, I didn't go to you, you came!"

Lu Ming spoke lightly.

"Lu Ming, hand over the fragments of the avenue you got!"

Lan Kang said coldly.

"Want my road fragment, just see if you have the skill!"

Lu Ming said.

"is it?"

Lan Kang, with his hands on his back, stood at a high altitude and looked like a solemn person.

bump!

Then, Lan Kang took a step suddenly. With this step, a terrible breath erupted from Lan Kang.

The Emperor Wuxiang, the Great Emperor, the Great Emperor Tianhuo woke up when he came to Lan Kang. At this time, his eyes widened in shock and exclaimed: "Four Star Emperor, you broke through the Four Star Emperor!"

"Ha ha!"

Lan Kang chuckled and looked down at Lu Ming and said, "Lu Ming, are you desperate now?"

"Desperate? Are you talking about yourself?"

Lu Ming smiled, his face calm.

I don't know why, seeing Lu Ming's smile, Lan Kang's heart shivered for no reason and gave birth to a bad feeling.

"Pretending to be calm, although his combat strength is strong, it is absolutely impossible to compare with the four-star emperor!"

Lan Kang warned himself.

His practice was originally at the limit of the Samsung Emperor, and with the help of the avenue fragments, he could break through the practice so quickly.

Lu Ming, despite his strong combat power, is only a true emperor. It is impossible for him to break through as fast as he can and compare it with the four-star emperor.

Having figured this out, Lan Kang was relieved.

"So it's mysterious, don't hand it over, then I'll take it myself!"

Lan Kang opened his mouth, then flashed, rushing towards the landing.

Roar!

The lion roared through the sky, Lan Kang punched towards the landing, and a purple Tianshi condensed out and rushed towards the landing.

"Be careful!"

The faces of the phaseless emperor changed a lot.

"It's this trick again, bored!"

Lu Ming's faint voice sounded, and then he slammed it out.

Boom!

Lu Ming's palm was like a sky knife, cutting off the void, and the figure of Tianshi condensed by Lan Kang shattered like bubbles.

Lan Kang's pupil contracted sharply.

His move just now, although he didn't use his full strength, can definitely hit a Samsung emperor.

With Lu Ming's strength, he should have been hit hard by his move at this time, but Lu Ming's understatement defeated his attack.

"No, it's wrong!"

Lan Kang shouted in his heart, his eyes flustered, and he had already retired.

"Lu Ming, fight again in another day!"

Lan Kang shouted, turned and ran.

"Now I want to go, late!"

Lu Ming spoke indifferently, cast six **** wings, and a pair of wings appeared behind.

Buzz!

Lu Ming's muscles vibrated, every second, at least billions of times. His body burst away, and the speed was indescribable. Seeing it instantly, he was near Lan Kang.

Chapter 2364: Kill Lan Kang

Lan Kang panicked, burst into a roar, exploded with all his strength, and made a move to Lu Ming.

However, Lu Ming punched out, and Lan Kang's attack was directly destroyed. His terrible punch, like a storm, stormed towards Lan Kang.

Click!

Lu Ming's fist bombarded Lan Kang's fist, and Lan Kang's fist burst directly, turning into flesh and bones flying around.

The surging fists kept bombarding Lan Kang's body. Lan Kang screamed, his body flew out hundreds of miles and broke a mountain.

Lan Kang, just broke through the four-star emperor, Lu Ming is too far apart, completely crushed.

"How is it possible?"

Roaring blue hysterical, the figure madly retreated backward.

At the same time, the undisguised outbreak of breath aroused the heavenly creatures in the distance.

In the distance, the creatures of the heaven realm found the movement here and rushed towards this side.

Lao Yuan, they saw an amazing scene, Lan Kang, was being hunted down by Lu Ming.

"You guys, help, Lu Ming hates me to kill me!"

Lan Kang shouted.

Lu Ming always had a faint smile on his face, and he hurried away towards Lan Kang.

Isn't Lan Kang letting him know what despair is? Then let him taste what is despair!

"what?"

The creatures in the sky in the distance, dumbfounded, an unbelievable expression.

Lu Ming, want to kill Lan Kang!

Has Lan Kang already broken through the four-star emperor? Why did it fall like this?

how can that be?

"Yeah, yeah, see who can save you today?"

Lu Ming took a good time and slowly approached Lan Kang.

"Lu Ming, you can't kill me, I break through the four-star emperor, I am the main force against the evil **** clan, you can't kill me, you kill me, everyone in the heavens will die!"

Lan Kang shouted frantically.

"It's stupid. Without you, people in the heavens will die? How do you get the logic? You can't treat me like a decoration?"

Lu Ming spoke, with a strong sense of sarcasm.

"I..."

Lan Kang gaped.

With Lu Ming's combat power, he still needs his blue health. I am afraid that with his own strength, it will be enough to wipe out the evil **** clan.

In the distance, everyone in the heaven stopped and even turned around to avoid Lan Kang.

Yes, Lu Ming is the hope now. With Lu Ming, they can go out alive. As for Lan Kang, die.

"Everyone, Lan Kang has repeatedly targeted me, just ran to kill me again, you said, should I kill him?"

Lu Ming looked at the creatures in the heavens.

"Damn, such a despicable villain, it is not a pity to die!"

Immediately, someone spoke, looking at Lan Kang with a disdainful look, and then nodded to the landing and nodded.

"Yes, it's time to kill, such a mean person. If I don't cultivate enough, I'll kill him already!"

"Yes, it is!"

Others echoed.

Just kidding, now Lu Ming is far more powerful than Lan Kang. They need to rely on Lu Ming to go out alive. Naturally, they directly turn to Lu Ming.

As for Lan Kang, what is he?

"You...you..."

Lan Kang roared, his eyes showing despair.

boom!

Lu Ming banged out with a fist, and his terrible punch, like a row of mountains and rivers, rolled towards Lan Kang.

bump!

Lan Kang's body, like a broken sack, flew away from a distance, hit a mountain, vomited blood, and his breath was extremely weak.

"Now, do you know what despair is?"

Lu Ming stood above Lan Kang's head, speaking indifferently.

Lan Kang kept vomiting blood, and the color of despair in his eyes was more intense.

At this moment, he was not only worried about his life, but also worried about the Lan family.

Lu Ming is too perverted, and has atmospheric transport.

Before entering the Void God Island, Lu Ming's strength was only similar to that of the blue film. It took a lot of effort to win the blue film.

But now, it has only been more than two years since he entered the Void God Island. Lu Ming's strength has soared to this point, which can crush the four-star emperor. This is simply appalling.

For more than two years, for an emperor, it was just a blink of an eye.

A great emperor wants to break through a realm, the time required is in ten thousand years, even one hundred thousand years, hundreds of thousands of years.

But Lu Ming, in more than two years, has skyrocketed to this point and continues to grow, the Lan family will surely die.

At this moment, he really wanted to tell the emperor of the Lan family, the ancestor of the Lan family, and Lu Minghua to turn the gods into jade silk, and Lu Ming to resolve the grievances.

If it cannot be resolved, Lu Ming must be eliminated at all costs.

Otherwise, in a few years, the Lan family will be destroyed.

Unfortunately, these words, he is destined to take out.

"On the road!"

Lu Ming spoke indifferently, stepped out, and a terrible force erupted, flooding Lan Kang.

Lan Kang, die!

Then, Lu Ming put away the storage ring of Lan Kang and swept his mind, and found that there was an array in the storage ring of Lan Kang.

"Who in your hands still has the market, leave it to me!"

Lu Ming's eyes turned to the creatures in the heaven.

"I have got!"

"I have a piece!"

Two celestial beings walked out, each taking out an array.

In this way, Lu Ming had four positions in his hand.

"It seems that other positions are in the hands of Evil God Race, and it's time to leave here!"

Lu Ming whispered, then looked at the three emperors of Wuxiang, and smiled: "Three deans, let's go to aliens!"

"it is good!"

The three uninformed emperors were excited.

Immediately, Lu Ming took the lead, and they went in the direction of the gathering of aliens.

"Lu Ming is going to kill the aliens, let's go and see!"

"Haha, you can go out this time!"

The creatures in heaven were overjoyed, and quickly followed Lu Ming.

Soon, they came to the place where interracial gather.

Uh! Uh!

The figure in front flashed, nearly a hundred aliens, gathered together, looking at Lu Ming.

"The ants of the heaven, you are finally here, let us decide the winner!"

Among the aliens, there is an extremely burly evil spirit clan. At this time, the mouth is cold, and the breath of his body is very amazing. It is equivalent to the four-star emperor.

bump! bump! ...

When he came here, Lu Ming kept on standing, stepped on the void, and walked towards the alien.

"A kid with a hairy head, who is so bold, is really looking for death. I will kill him!"

A thin, thin alien with four arms, swaying and rushing towards Landing Ming.

This kind of alien is known for its speed and its speed is extremely extreme. After a few flashes of his figure, he disappeared from the place. At the next moment, four sharp edges appeared suddenly from Lu Ming's side, slashing to his vital point.

However, Lu Ming stood there, as if not knowing that someone was attacking him.

Seeing that the four frontiers were about to be cut on Lu Ming, Lu Ming suddenly stretched out a big hand and grabbed toward the void.

Suddenly, all the sharp edges disappeared, and a shocking scene appeared.

Lu Ming clasped the alien's neck with one palm.

Chapter 2365: Get out of trouble

Lu Ming clasped the alien's neck with one hand. The alien was struggling like a baby. His two feet, arms and legs were constantly waving, his face flushed, and his eyes protruded.

"Two Star Great Emperor, can't bear a blow!"

Lu Ming spoke lightly.

Hiss...

Fortunately, there was a breath of cold breath from the other side.

A two-star emperor, and an amazingly fast two-star emperor, in Lu Ming's hands, it is really like a baby.

how is this possible?

All the people of different races have their pupils contracted, including the four-star emperor.

"It seems that you who broke through the four-star emperor is you?"

Alien four-star emperor said.

Lu Ming smiled faintly, unsure.

The other party thinks he is the four-star emperor, which is normal.

In addition to the four-star emperor, who has this strength and can easily win a two-star emperor?
Samsung Emperor will not work.

bump!

Lu Ming's palm burst into strength, killing the thin alien.

Aside, the Emperor Wuxiang, the Great Emperor, the Great Emperor Tianhuo lamented.

Unconsciously, Lu Ming has grown to this point, killing a two-star emperor, like pinching an ant.

This is the two-star emperor, placed in the land of Yuanshan, that is, a party hegemony, standing high and coercive in all directions.

"Then let's fight it out!"

The alien of the four-star emperor realm came out step by step, with a battle axe in his hand, a powerful breath, and a full explosion.

"No more playing with you, let's finish!"

Lu Ming whispered, and the muscles in him suddenly shook.

Uh!

Lu Ming's figure burst out, and the speed was so fast that it exceeded the reaction of the human being, and it was just in front of the four-star emperor of the alien race.

"how come?"

The alien four-star emperor, his pupils contracted suddenly, almost scared to death, and then exploded all his strength to defend.

boom!

Lu Ming banged out with a punch, and the boxing power of the river turned towards the alien in front of him.

bump!

The alien's body flew out directly, and a large transparent hole appeared in the body. He vomited blood in a big mouth, his breath was weak, and one stroke was seriously injured by Lu Ming.

"escape!"

The other aliens reacted, almost scared to death, then turned and ran.

They understood that they met an opponent who was incapable of fighting the enemy, and even the four-star emperor was seriously injured by a stroke. They faced each other and only had a dead end.

"kill!"

Lu Ming screamed and killed himself in the past, his fists blasted continuously.

Fisting through the void, they slammed into the aliens.

Among the aliens, there are several Samsung emperors who were hit by Lu Ming's fist and were directly killed and exploded in the air.

"Kill!"

The phaseless emperor shouted, and the sky emperor and the sky fire emperor rushed to the aliens.

"Shoot together!"

Other creatures in the heavens also shouted and killed aliens.

Only after killing the aliens, they can go out, which is related to their lives, naturally one by one full force.

This is a massacre, no accident.

Lu Ming enters the unmanned state, his figure keeps blinking, and every time he blinks, several aliens are killed by him, and the alien storage ring is put away by him.

"You can't go away!"

Lu Ming stared at the four-star emperor, this alien, who wanted to run away at this time, but he was hit hard by Lu Ming's move and could not escape at all.

Lu Ming rushed up and killed the alien with two strokes. After putting away his storage bracelet, he turned to kill other aliens.

Those aliens flee desperately, but they cannot escape at all, and they are caught up by Lu Ming and beheaded one by one.

After a moment, all the strangers at the scene were killed by Lu Ming.

"Look, are there any positions in their storage bracelets!"

Lu Ming told him to take out the storage ring he got from the alien and check it.

There is no doubt that Lu Ming got the most storage bracelets, with a total of fifty or sixty, and finally Lu Ming found three sets.

Others found a piece.

Eight targets, all together!

"The formation said that it was necessary to kill the other party before going out. The aliens may still have fish in the net, hiding somewhere. During this time, you can look around and search out the fish in the net! "

Lu Ming said.

The others nodded again and again.

Now, Lu Ming is undoubtedly the strongest, and what he said was naturally subconsciously followed by others.

The creatures of the heavenly world are divided into groups, and they are scattered to search for the fish of the strange net.

Of course, Lu Ming didn't bother to manage such a thing. He found a place to practice with peace of mind and to understand the laws.

Now that both the Law of Reincarnation and the Law of Hongmeng have reached the third level, Lu Ming began to enlighten the other strongest laws.

Next, Lu Ming chose the eternal law and began to understand.

The more laws of comprehension, the more easily Lu Ming comprehends the rules of law, and it goes very smoothly. A few days later, the eternal law begins.

Time passed day by day, and three months passed.

In the past three months, everyone in the heavens has turned over this area. Sure enough, there are alien fishes in the net that are found and killed by them one by one.

Now, they concluded that the aliens no longer have a net.

At this time, the crowd gathered and flew towards the gate that had come in.

As soon as they arrived, the figure of the young formation emerged.

"Unexpectedly, it's really boring that you completed my request so quickly!"

That array sighed.

There was a sudden rush in the hearts of the people, and this group would not regret it, and made some wonderful requests.

"You won't regret it?"

Lu Ming asked.

"Of course I won't. Although I'm bored, I've said it's done. You take out your position!"

Jin Ling whispered.

Lu Ming waved his hand and eight blocks emerged.

Jinling stretched his hand a little, a ray of light flashed over, and the eight disks shook, radiating a brilliant light, and flew towards the gate, then flew into the gate, and actually merged with the gate.

Click!

The door opened.

Everyone is ecstatic!

"go!"

Someone was overjoyed and rushed out. This time, there was no obstruction. The man rushed out of the gate and disappeared.

"Go, go!"

The rest of them also rushed towards the gate, as did Lu Ming, Emperor Wuxiang and others.

When they rushed out of the gate, they found that they had left the giant tower and were outside the giant tower.

"so boring!"

In the giant tower, the sound of the spirit came, and then the gate of the giant tower closed.

"Three deans, let's go!"

Lu Mingdao, together with the three deans, left here.

Others have also left here.

Next, Lu Ming and the Emperor Wuxiang, the Great Emperor of Heaven, and the Great Emperor of Skyfire went towards the depths of the Void God Island.

Roar!

However, they did not fly far, and a roaring roar came from the front. The whole world was shaking, and a terrifying breath came from the front.

Chapter 2366: Quartet Beast

A roar, the world changed color, the earth was shaking, and a terrible killing air came from the front.

Lu Ming, Emperor Wuxiang, Emperor Hundred Days, Emperor Tianhuo, his face changed greatly.

Because the roar gave an extremely terrifying feeling and made people stand upside down.

Uh! Uh! ...

Then, Lu Ming and others saw the sky in the distance, and a rainbow of light flew at a very high speed, all from the depths of the Void God Island.

In every rainbow, there is a strong man, and each one is very scary, and no one is weaker than Lan Kang.

This shows that these people are all high-ranking emperors, and some of them have a terrifying breath, which makes Lu Ming feel terrified.

Peak Emperor!

Lu Ming judged that a few of them had reached the state of the pinnacle emperor. Inside, there were creatures from the heavenly realm, as well as evil spirits.

But now, these people seem to have encountered something terrifying and are fleeing quickly.

Roar!

In the depths of Void God Island, another roar came out, and then, a behemoth appeared in the sky.

A white giant tiger, standing on the ground, with his back higher than the mountain peaks, roared, and the mountains exploded. Even if they were far apart, Lu Ming felt a terrible pressure.

"This... is it the White Tiger, one of the legendary Quartet beasts!"

The Emperor Wuxiang hissed and exclaimed.

"What? Quartet Beast!"

Lu Ming and others, their faces also changed wildly.

The Four Beasts, the four legendary beasts, the Blue Dragon, the Suzaku, the White Tiger, and Xuanwu!

Legend has it that these four-corner beasts are very ancient beasts in the heavenly realm, extremely powerful, not weaker than the top ten war beasts, and exist at the same level as the top ten war beasts.

In all places, there are legends of the Sifang Gods and Beasts, and even the Sifang Gods and Beasts are infested, but those are not the four legends, but the blood of the four gods and beasts.

Now, does one really appear?

"Impossible, the real Sifang beast is not weaker than the top ten war beasts. Although this one is powerful, it is not as strong as that!"

Lu Ming changed his face.

Roar!

The white tiger roared like thunder, his limbs stepped on the ground, the mountains collapsed, the gravel shook the sky, and the huge figure rushed towards those flying masters.

In its eyes, it became silver-white, and two silver-white sword lights were cut out.

There was a scream of sorrow, at least one of the five-star emperor's existence was killed by two sword lights in the air, and there was no resistance at all.

"let's go!"

Lu Ming yelled, turned around with the Emperor Wuxiang and ran away.

However, the people in the rear, as well as the white tiger's speed is amazing, the distance between them is constantly narrowing.

"Unlucky!"

Lu Ming, the emperor Wuxiang sighed in their hearts, they just got out of that formation, they encountered such a terrifying white tiger, it was really unlucky.

"Let's not go in the same direction with those people!"

Shouted the Emperor Wuxiang.

There is probably a reason why the White Tiger pursued those people. Immediately, they turned around and rushed to the side.

In doing so, there is a risk that once the white tiger is staring at them, it will be easier to catch up with them.

But now there is no way, with their strength, they must be able to surpass those five-star emperor, six-star emperor, even peak emperor.

If you continue to run, if you are overtaken by the white tiger, I am afraid you will be slapped to death.

They can only take risks.

They bet correctly, Baihu Changxiao did not stare at them, but chased after the strongest masters.

Lu Ming did not stay, they ran a distance again before stopping.

At this point, the white tiger was chasing other people and had run away.

"It seems that the white tiger is staring at some of the strongest people. It is estimated that those people offended the white tiger!"

The Great Emperor speculated.

"Unexpectedly, there is such a terrifying white tiger on this Void God Island. The strength of this white tiger is definitely above the Great Emperor Realm, is it the existence of the Heavenly Emperor Realm!"

Emperor Wuxiang said.

Several people's faces are dignified.

Void God Island, Heavenly Emperor cannot come in. If the White Tiger is really the existence of Heavenly Emperor Realm, then it will be terrifying and will be unmatched.

Immediately, they left here and went towards the distance, trying to stay away from the white tiger.

But after a few hours, their complexion changed greatly.

Because in front, there was a tweet, very sharp, pierced the time and space.

A large group of people flee desperately, there are heavens, there are evil gods.

Behind these people, a huge phoenix spreads its wings, chasing those people.

"Suzaku!"

The four Lu Ming looked at each other with a dry voice.

I saw the White Tiger first, and now I see Suzaku again. Do the Sifang Divine Beasts all show up?

"Go~!"

Without any hesitation, the four turned around and ran. This time, they had experience and ran in the other direction. Sure enough, the Suzaku stared at a group of the strongest.

Soon after, they managed to get away.

"White Tiger and Suzaku, all appeared. What happened deep in the Void God Island?"

Lu Ming is full of doubts.

Next, they found a hidden place to hide. In the next few days, they would hear the horror roar from time to time. After a few days, the roar disappeared.

At this time, they went out of hiding and met some strong men, many of whom were high-level emperors.

They inquired about each other and they knew a lot.

In recent years, the Great Emperor of Heaven and the Great Emperor of the Evil God Clan have been wandering in the Void God Island, fighting and looking for treasures.

Although the area of Void God Island is large, it has almost been turned over in the past few years.

Some time ago, everyone found a hidden place, where the core of the Void God Island is suspected, and it is likely to be the real preaching of the owner of the Void God Island.

This discovery is remarkable.

What kind of person should be the master of the Nether God Island, who should be beyond the Emperor of Heaven, if it is really the place where he really preached, I am afraid there will be a great chance.

Many powerful people gathered and planned to enter the place to explore, but there were four horrible monsters in the place, exactly the same as the legendary square monsters.

However, the combat power is not as strong as the four mythical beasts in the legend, and should barely reach the Heaven Emperor Realm.

Even if it barely reached the Heavenly Emperor Realm, it was not something that the Great Emperor could contend with. The four gods and beasts rioted, the Celestial Realm and the Evil God Clan, a large number of strong men fell, and the rest were chased by the four gods and beasts.

This was the scene that Lu Ming had met before.

"Now, the four mythical beasts are cruising deep in the Void God Island. All the strong men have withdrawn from the depths of the Void God Island. They dare not go in, otherwise they are extremely dangerous!"

A high-level emperor sighed.

Lu Ming sighed.

Originally, he has advanced his fighting power now, and had planned to go to the Void God Island and bump into the chance. It seems that he can only cancel this plan now and stay honestly outside the Void God Island.

"There must be a chance in that core place, and now many powerful people are lurking outside the Void God Island and waiting for opportunities!"

The strong man left another sentence and left.

Chapter 2367: Seventeen laws

Lu Ming can only give up his intention to enter the Void God Island. They find a hidden place, hide it, and plan to practice with peace of mind here.

For Lu Ming at this stage, the principle of enlightenment here is originally a great opportunity to save him a lot of time.

Even if other opportunities are not available, Lu Ming is satisfied.

Lu Ming was calmly appreciating the law, and several people from the unrelated emperor were dedicated to refining the debris of the avenue, hoping to get closer and rush to the Samsung emperor.

Time has just passed day by day.

During this period, the emperor Wuxiang, the emperor Huntian, and the emperor Tianhuo will take turns to inquire about the news and explore the current situation.

Now, on the Nether God Island, whether it is the creatures of the heavens or the strong of the aliens, they are like them, lurking, and dare not move.

Because, in the depths of the Void God Island, there are four terrible **** beasts, two of them are in the core land, and the other two are wandering around. Once the heavenly creatures or evil gods are found, they immediately start killing.

Therefore, it is simply impossible for those strong men to try to hit that core place.

Lu Ming is also at ease to practice, no matter what.

For Lu Ming, Void God Island is more effective than any cultivation holy land. After leaving Void God Island, where can I find such a good cultivation holy land?

However, there is one thing that Lu Ming will not forget.

That's the body of Heavenly Emperor.

Previously in that giant tower, Lu Ming killed a large number of Evil God Clan, with a total of fifty or sixty people.

The storage rings of these Evil God Clan fell into his hands.

These Evil God Races are all figures of the Great Emperor Realm. Their storage ring contains a large amount of black spar, and the quality is very high, which contains powerful energy.

These spars, absorbed by the spirits of the heaven, are very difficult, but the body of the heavenly emperor can completely absorb and store energy.

Lu Ming divided a part of his mind, manipulated Tiandi's flesh, absorbed the energy of these spars, and stored it.

In this way, time flies, spring to autumn, five years hastily passed.

This can be said to be the longest retreat since Lu Ming practiced.

This time retreat, Lu Ming has gained a lot.

The law of eternity, the law of emptiness, and the law of time and space were all cultivated to the third realm by Lu Ming.

However, the remaining two laws of the top ten laws, the law of destiny and the law of cause and effect, are very difficult to practice.

The law of fate, mysterious and mysterious, is very difficult to grasp. Lu Ming tried it a few times and didn't get started.

The law of cause and effect is generally understood by those who are Buddhists.

Buddhism pays attention to the cycle of cause and effect. Without that state of mind, it is difficult to comprehend.

However, Lu Ming has now cultivated the eight strongest laws to the third realm. The understanding of the laws has reached an amazing level. With his amazing understanding, Lu Mingsheng has introduced the law of causality to the enlightenment.

Not only that, in the past five years, Lu Ming has also learned about other royal laws.

For example, the laws of undead fire, the Vajra rule, etc. required for the cultivation of the indestructible ancient scriptures. There are three types of rules of the kingly way, which were cultivated by Lu Ming to the third level.

Moreover, Lu Ming also spent a lot of time to merge these laws and evolve into magical powers.

In five years, not only the three strongest laws and three kingly laws have been enlightened to the third realm, and they have evolved into magical powers. This is absolutely impossible outside. I am afraid it will take more than 100 years.

But here, it took five years.

Now, Lu Ming already has 17 kinds of laws, reaching the third realm, and the 17 kinds of laws are combined, which is amazingly powerful.

However, for Lu Ming's combat power, the improvement is not great.

The main reason is that Lu Ming's physical state is too high, and the four-star emperor can be suppressed by the physical body alone.

Great Emperor Realm, the more powerful the future, the greater the gap.

Laws, after all, are just laws, which cannot be compared with Dadao, even if there are more laws.

Lu Ming may be able to challenge the one-star emperor or even the two-star emperor by virtue of a large number of rules, but the further back, the rules alone will make it difficult to challenge.

Unless Lu Ming uses these rules to rush into the Great Emperor Realm and evolve into a avenue, that power will skyrocket.

However, Lu Ming now has no plans to impact the emperor. At least, he has to practice all ten strongest laws to the third realm.

Even, even more rules of the king's way were also practiced in the third realm. At that time, it would be so amazing to break into the realm of the emperor.

Lu Ming was unimaginable and looked forward to it.

Therefore, Lu Ming estimates that he is now fully committed to suppress the general five-star emperor, it should be similar, but it is certainly not the opponent of the six-star emperor.

The emperor's flesh, absorbing a large amount of black crystals of the evil **** clan, was full of energy long ago.

Yes, the energy stored by the Tiandi flesh has reached 100%. Now, with the Tiandi flesh, it is enough to compete with the peak emperor.

Uh!

At this time, a figure flickered, but it was the Emperor Wuxiang. Before that, the Emperor Wuxiang went out to find out the news.

The Emperor Wuxiang came back, and both the Great Emperor and the Heavenly Fire Emperor opened their eyes.

"Everyone, there is important news outside!"

The Emperor Wuxiang said quickly as soon as he came back.

"what news?"

Lu Ming was interested.

"During this time, the strong side of the Celestial Realm and the strong side of the Evil God Clan have reached an agreement, intending to join hands to deal with the four gods and beasts, and enter the core land!"

Emperor Wuxiang said.

"Joined together? The fighting power of the four mythical beasts have all reached the Heaven Emperor Realm. Even the weakest Heavenly Emperor is far stronger than the Great Emperor. Even if the two parties join hands, it is impossible to be an opponent of the Heavenly Emperor!"

Skyfire Emperor is suspicious.

"Yes, but this incident has already alarmed the Heavenly Emperors outside the Void God Island. The Heavenly Emperor on the side of the Heaven Realm intends to support two Heavenly Dao soldiers to kill the four Divine Beasts!"

Emperor Wuxiang said.

"Tian Dao Bing!"

Several Lu Ming's eyes glared, showing shock.

It's a big hand, actually supporting two pieces of Heavenly Dao soldiers. Obviously, the emperors outside Void God Island value the core of Void God Island very much.

"It is said that those Heavenly Emperors borrowed from some peerless strongmen, and the Heavenly Emperor strongmen over the Evil God Clan also had to bring out several soldiers of the same level to deal with several God Beasts!"

Emperor Wuxiang said.

"When do you start?"

Lu Ming asked.

"At most for half a month, now, the strongest in the Celestial Realm and the strongest in the Evil God Clan are negotiating specific hands-on plans!"

Emperor Wuxiang said.

Lu Ming pondered, and finally, he decided to take a trip.

The core is not to be missed.

The four mythical beasts, the combat power is only barely reaching the heavenly emperor. If there are multiple peak emperors urging the heavenly soldiers, it is possible to kill the four mythical beasts, and then they can enter the core land.

Now Lu Ming's combat power is not weak in itself, and his life-saving ability is stronger, and he has the flesh of the Heavenly Emperor, so he may not be able to touch the chance.

"Lu Ming, be careful if you are going!"

A few people from the phaseless emperor warned.

With the cultivation of the non-phased emperor, it is definitely impossible to go, and even below the high-level emperor, he will die.

Chapter 2368: Core land

Next, several people from Lu Ming ended the retreat and paid close attention to the outside world.

Ten days later, the strong man of the heaven realm spread the news, summoning all the high-level emperors to gather together and head to the core place.

It's not that those strong people have such kindness and benefits, but they need strength.

Even if they killed four gods and beasts, they must face the power of the evil **** clan in the back. They must increase their strength. Otherwise, after the four gods and beasts are destroyed, they will probably be destroyed by the evil **** clan.

Lu Ming said goodbye to the Wuxiang Emperor and went in one direction. After flying a long distance, they came to a land of depression.

Here, it is relatively secret.

When Lu Ming came here, he found that a lot of people had gathered here.

"More than three hundred!"

Lu Ming was shocked.

There are more than three hundred celestial beings gathered here. This number can be described as amazing.

You know, almost all of them came here.

These people are of all races.

There are the most human races, and there are various races of gods and beasts. Although most of them are humanoid, Lu Ming can still sense it by virtue of his breath.

"He is... Lu Ming!"

As soon as Lu Ming came, someone recognized Lu Ming and showed shock.

Lu Ming actually dared to come here. You know, almost everyone who can come here is a high-level emperor. Does Lu Ming already have the strength of a high-level emperor?

impossible!

Most people shook their heads, thinking that Lu Ming just came to touch the chance.

However, there are a few people with dignified eyes.

Because Lu Ming was in the giant tower, and easily killed the strong of the four-star emperor, it has been spread, and some people have heard of it.

Lu Ming came, walked aside, and waited with peace of mind.

As time passed, more and more people came.

The number gradually exceeded five hundred.

Suddenly, Lu Ming's eyes lit up.

He saw a little Taoist with a thief's head and thief's brain, aiming everywhere, not just that stuff, who could it be?

Lu Ming smiled at the corner of his mouth, and once this thing came, he came to the Void God Island. Where there are treasures, this guy must be indispensable.

"Dandan!"

Lu Ming screamed.

"Who is it?" Dan Dan was frightened and jumped up. His eyes swept around. When Lu Ming swept, he smiled and flew over.

"It turned out to be you guy, why did you break through the realm of the emperor? Dare to come here?"

With a smile, a pair of thieves' eyes squinted at Lu Ming, and then his eyes kicked in shock, saying: "Your boy, you have such a strong blood, you are practicing Taiko body training, and your body is amazing..."

This guy deserves to be one of the top ten beasts of war. With his broad knowledge, he can see some of Lu Ming's secrets at a glance.

"You guys have made amazing progress!"

Lu Ming smiled, and there was a trace of surprise in his eyes.

Because his cultivation behavior is unfathomable in his eyes.

Needless to say, this guy is afraid to have reached the emperor's realm long ago, but also reached a very deep realm.

"Hahaha, then you don't look at who this seat is!"

Dan Dan grinned.

Of course, the two people chatted by voice, so as to avoid some secrets from being heard by others.

The two haven't seen each other for a long time, chatting there.

In the back, the number of people coming here has gradually decreased.

Three days later, there were more than 600 people gathered here, all of whom were strong men above the high-ranking emperor. Anyone who took them outside was a master.

"You guys!"

At this time, a group of people stepped out.

About a dozen people, each with a strong breath, is unfathomable.

"All are the pinnacles of the emperor!"

Once he sent a message to Lu Ming, Lu Ming nodded secretly. These people are estimated to be the strongest group of people on the side of heaven.

A big man with a big beard and a bearded face, like a lion, glanced around and said, "Introduce yourself, I am Hong Shi!"

Speaking here, paused and said, "I will now talk about what we are going to do. There is a place deep in the Void God Island. It is very likely that it is the real dojo left by the owner of this island, but there are four **** beasts. The guard, the four mythical beasts, with the blood of the legendary four-party mythical beasts, the combat power barely reached the heavenly emperor realm!"

"First of all, our goal is to solve the four mythical beasts, two of the four mythical beasts have been guarding around the core land, and two have been patrolling outside and cruising!"

"So, in fact, it is enough to solve two, and those two have been cruising, as long as it is enough to send people to attract!"

"Send someone to attract?"

Many people's faces fell, and sent people to attract those two cruising beasts. It was absolutely very dangerous. Who would go?

Hong Shi saw the thoughts of everyone and smiled: "You don't have to worry about this. We have sent people to set off before. All of them are good at speed and life-saving ability, which is enough to attract that **** beast for a while!"

"And the other one is handed over to the Evil God Race!"

"This time, we have negotiated with the Evil God Clan. The four mythical beasts deal with two each. The one cruising outside now has been resolved. Next, we must deal with the two mythical beasts guarding the core land! "

"The same is true for us and the Evil God Clan. One side deals with one, and finally enters the core land, each one has its own ability to compete for treasure!"

Hong Shi said a lot, and everyone little by little, basically understood.

"It's almost time, let's go now!"

When Hong Shi finished, he should first fly towards the Void God Island.

More than six hundred strong, all keep up.

They have sent people to attract a **** beast, they naturally know the safe route, so they are very fast and fly towards the island of the void **** without fear of touching the **** beast.

One day later, they have arrived at the central part of Void God Island.

At this point, they slowed down, and soon they came to a mountain and looked out into the distance.

In front, there is an area with a haze, as if covered by heavy fog, with their eyesight, they can't see through the fog.

Only in the south direction, there is a huge arch, this arch is open, far away, you can see a stone ladder behind the arch.

"Here, this is the core, but the fog is formed by a large formation, and you can't enter at all. You only want to go in from the arch!"

"However, as soon as we appear, those two beasts will also appear, so we must first resolve those two beasts!"

Hong Shi explained.

"The people of Evil God Clan should also be here. Now I will contact the people of Evil God Clan and wait a moment to work together to solve a **** beast!"

A white-haired old man spoke, and then flickered, and left here.

Soon after, the white-haired old man went back and forth.

"Evil God Clan has arrived. Ten minutes later, let's go together!"

The white-haired old man said.

Everyone nodded and waited patiently.

In an instant, ten minutes passed.

"set off!"

Hongshi Road.

Everyone converged and flew toward the core.

In the other direction, they saw a large area of Evil God Clan and flew towards the fog.

Chapter 2369: Fighting Xuanwu

"so many people!"

Many people's hearts sank slightly, and they found that the number of Evil God Clan was eight or nine hundred, a few hundred more than them.

The strong of both sides quickly approached the core.

boom! boom! boom!

Lu Ming When they were about to approach the core, there was a violent roar in the thick fog, the ground was constantly shaking, and then a giant appeared.

This is a huge turtle!

This tortoise is larger than the mountains, carrying a thick turtle shell on its back, with a dragon head, a snake tail, and Xuanwu, which is one of the legendary quartet beasts.

Roar!

Xuanwu roared loudly, his mouth shouted, the earth shook, and countless rocks actually wriggled into a stone sword, chopping towards them.

"Sacrifice Heavenly Dao Soldier!"

Hong Shi shouted, waved his hand, and a purple-golden war sword floated out, exuding breath and pressure.

Five or six pinnacle emperors shot together, and the avenue and the power of the world were injected into the purple and gold war sword.

The purple-golden war sword, with the sound of sword roar, grows sharply and the sword roars.

This is the Heavenly Dao Bing!

Five or six pinnacle emperors teamed up to control the Tiandao soldiers. Although it is impossible to fully exert the power of the Tiandao soldiers, it is absolutely terrible.

Keng!

The purple-golden war sword vibrated, and a faint heavenly pressure spread out. At the same time, a purple sword burst forth, breaking the stone swords attacked by Xuanwu one by one.

In addition, there were some peak emperors who sacrificed another Heavenly Dao soldier.

This time, a total of two Tiandao soldiers were borrowed.

The second piece of Heavenly Dao is a round bead, dark and ink-like, but the power is also terrifying.

There are seven or eight pinnacle emperors, who control this heavenly soldier, and the black beads have become huge, and they are suppressed towards Xuanwu.

More than a dozen pinnacle emperors, controlling two pieces of Sky Dao soldiers, attack Xuanwu.

Xuanwu shouted, an amazing breath erupted, the earth kept shaking, endless rock and soil, forming various attacks, attacking two pieces of heavenly soldiers, and fierce battles broke out on both sides.

Roar!

At the same time, in the other direction, there was a sound of dragon chanting, a huge blue dragon appeared, the body was meandering, and the momentum was like madness, killing the evil **** clan.

The Evil God Clan also sacrificed two warriors with infinite power and started fighting with the Green Dragon.

boom! boom!

On the side of heaven, two pieces of heavenly soldiers erupted with terrible power. This power completely surpassed the level of the emperor and entered the level of the heavenly emperor.

The two Heavenly Dao soldiers shot at the same time, and immediately defeated some of Xuanwu's attacks and bombarded Xuanwu.

Keng!

A purple-golden sword light cut towards Xuanwu, but Xuanwu's body moved, and the sword light was only cut on the turtle shell. On the turtle shell, only a shallow trace was left.

"The defense is so strong!"

The people on this side of the heaven are all ugly.

boom!

At this time, the black round bead also suppressed, but Xuanwu still avoided the key point. The round bead hit the turtle shell. Xuanwu just shook a little and stepped back a few steps.

At this time, there was a wailing from a distance, that blue dragon was hit by the soldiers of the evil **** clan, and a deep wound appeared on his body.

The green dragon was injured, and the evil **** clan took advantage.

"Damn, our luck was so bad that we encountered Xuanwu!"

Hong Shi roared, somewhat unwilling.

It is not the strength of Xuanwu. It is stronger than that of the green dragon. No, the strength of the two is not much different. They should be able to suppress each other and even kill each other with two pieces of heavenly soldiers.

However, Xuanwu's defense is too strong.

Xuanwu is known for its defense.

Xuanwu's defensive power is far above the green dragon, and its vitality is tenacious, making it more difficult to deal with.

Before they started, they were afraid of encountering Xuanwu. Unexpectedly, they did.

"Everyone, get together!"

Hong Shi shouted, calling on everyone to take action.

"Kill, kill!"

Everyone started, more than six hundred people, all of them are high-level emperors, shot together, amazingly powerful.

A brilliant beam of light bombarded towards Xuanwu.

However, Xuanwu's head and limbs were directly retracted into the turtle's shell. All the attacks landed on its turtle shell. Only a loud roar was heard. Xuanwu was okay and could not break through the other party's defense.

More than a dozen pinnacle emperors, controlling Tiandao soldiers to attack, were also blocked by the other party.

However, as soon as the people on this side didn't attack, or the attack weakened, Xuanwu would immediately counterattack, and with the strength of Xuanwu, they threatened them greatly.

Not far away, Qinglong wailed, and there was another wound on his body.

Qinglong's defensive power is far inferior to that of Xuanwu. At this moment, he is losing ground, and his defeat is sooner or later.

"Hahaha, this treasure will belong to us!"

The people of the Evil God clan laughed very much.

As long as they kill the Green Dragon first and enter the core land first, the treasure in the core land is theirs.

"Shoot together!"

On the side of the Evil God Clan, they also called on everyone to take action together, and eight or nine hundred high-level emperors took action together, which was almost ruined.

Suddenly, Qinglong's injury was heavier, wounds continued to appear on his body, his breath became weaker and weaker, and he was no longer an opponent.

"Damn!"

There are many people roaring in the sky. If they go on like this, they won't get anything. Wouldn't it be cheap evil **** clan.

Even if it is cheaper, it can't be cheaper.

"It seems that this seat is going to be launched in person!"

On the side, he opened his mouth.

Lu Ming's eyes lit up, and Dan Dan was the world's top ten tortoise beast, also a tortoise, and the pinnacle of turtles.

Even if the real Xuanwu is only equivalent to Dandan, not to mention that this is just some blood with real Xuanwu.

As soon as it soared into the sky, the body changed drastically, and it turned into a giant tortoise. Then it became bigger and bigger, and almost filled the sky.

The turtle shell is covered with mysterious lines, like a world.

"Junior, when you see this seat, you still don't kneel!"

Dan Dan's eyes looked at Xuanwu, the huge coercion, pressed towards Xuanwu.

In the eyes of Xuanwu, there was a shocked look, and at the same time, there was fear.

This is the fear of the inferiors facing the superiors.

Even though the cultivation base is not as good as the other party, the world turtle, among the turtles, is definitely the most superior.

"Shoot!"

At this time, Hong Shi and others seized the opportunity to control the Heavenly Dao soldiers and kill Xuanwu.

Xuanwu was frightened by Dandan's breath, his heart shook, his movements were much slower, and he was hit by a sudden head.

puff!

The purple-gold Heavenly Dao soldiers are so huge that the entire sword body is inserted into the head of Xuanwu.

The tortoise shell of Xuanwu has amazing defensive power, but its head and limbs have very weak defensive power, which is weaker than other gods and beasts.

Xuanwu's head was pierced, and he was severely hit, mourning.

Chapter 2370: A statue

The others immediately seized the opportunity and launched a fierce attack.

boom!

The huge black bead, cracked down, bombarded Xuanwu's head, causing Xuanwu to be injured more seriously.

Then, the attack of the powerful players in the heavens also attacked the wound on the head of Xuanwu, causing Xuanwu to be injured more seriously.

Roar!

Xuanwu wailed, and finally the huge body came directly to the crowd.

Everyone's face changed, Xuanwu desperately fought back, how amazingly powerful, if he was hit by him, he must be crushed.

Everyone evaded.

Xuanwu took the opportunity to retract four heads and his head into the turtle shell, and then, like a ball, he rolled to the distance and escaped.

The people looked at each other, but they didn't expect Xuanwu to escape directly. They thought Xuanwu would swear to protect it.

Perhaps it is the role of the world turtle!

Everyone's eyes looked at Dandan and guessed.

Xuanwu may have been scared by the world turtle, and because he was hit hard, he escaped.

After all these years, in the heaven and earth, many people have already known his name.

"Haha, Xuanwu ran away, let's go in!"

Someone laughed and rushed towards the arch.

"Damn!"

The people of Evil God Crowd roared that they thought they would take the lead, but they didn't expect to be taken advantage of by Heaven.

"Kill, kill, kill!"

The people of Evil God Clan were anxious and attacked desperately. Suddenly, the green dragon was more seriously injured and the dragon claws were cut off.

Lu Ming and they have arrived at the gate.

The arch is very huge, with a height of 10,000 meters. They are hundreds of people and can easily pass through.

Their eyes were fiery and they rushed into the arch.

At this time, Dandan had turned into a humanoid figure, and together with Lu Ming, rushed into the arch.

Behind the arch is a mountain. In front of them, there is a stone ladder leading to the top of the mountain.

As soon as they walked into the arch, they felt a terrible pressure.

That kind of pressure is the same as the pressure in other parts of Void God Island. It can suppress Heavenly Path, but here, this pressure is stronger and more amazing.

In other places, they can still fly, but here, they find that they can't fly, even walking hard.

bump! bump! ...

Someone took a step and walked up the stone ladder with difficulty.

Can't fly, can only walk.

Lu Ming and Dan Dan also climbed towards the stone ladder.

That pressure was so strong that they walked very slowly.

Only those pinnacle emperors are better, the fastest, one stone step at a time, going up.

Some four-star emperors are as slow as snails, and Lu Ming's speed is among the upper-middle level among these people.

"Lu Ming, your speed is not enough!"

After a few steps, the speed is not slower than those of the peak emperors.

"Dan Dan, have you reached the pinnacle emperor?"

Lu Ming asked.

"No, Six Star Great Emperor, but my strength is definitely not worse than them!"

Dandan looked confident.

The crowd used all their strength to climb, but soon afterwards, the evil **** clan rushed in. Obviously, the green dragon was also resolved by them.

Eight or nine hundred evil gods also began to climb, but they were also under tremendous pressure, but some of the peak emperors were still very fast, constantly moving forward, and soon surpassed the four-star emperor on the side of heaven.

"What is that? A statue!"

After walking for a while, they saw the end of the stone ladder and a body appeared, which was obviously a statue.

The statue was carved by a middle-aged man. Although it was just a statue, there was still a kind of arrogant, solemn spirit.

"That kind of pressure seems to come from that statue!"

Lu Ming moved.

He really felt this way, as if that kind of pressure came from that statue, and even filled the entire island of Void God.

After a while, the top emperor of Heaven Realm, who had walked in the front, had already walked through the stone ladder and walked to the top, his figure disappeared.

Everyone was anxious and climbed with all their strength.

After a moment, Lu Ming finally reached the end of the stone ladder and came to the top.

Similar to him, there are some strong men in the peak of the great emperor realm.

At the end of the stone ladder is the top of the mountain, but there is nothing here, only a statue.

The statue exudes terrifying coercion.

A dozen of the heavenly emperors who first stepped on the stone ladder earlier stood just below the statue with a gloomy face.

boom! boom!

Coming here, the pressure is stronger, the ground roars every step.

"What's going on? What did you get here?"

A strong man of Evil God clan forced the strong man of heaven.

"Nothing, this mountaintop, nothing but this statue!"

The greatest emperor of heaven.

"Nothing!"

The strong man of Evil God Clan has a gloomy face.

They borrowed Heavenly Dao Bing and came here with great effort. As a result, they didn't have anything.

"What race is this statue..."

Lu Ming looked at the statue curiously.

It is completely certain now that the horrible pressure of the entire Void God Island, the pressure that can suppress Heavenly Dao, came from this statue.

A statue is only capable of exuding such terrible pressure. It is really terrifying. Needless to say, this statue, carved, is mostly the master of the Void God Island, the supreme existence.

Even, it is the supreme being who carved it himself.

Moreover, this statue looks very strange.

This statue, adult type, is a middle-aged man, very handsome.

However, behind him, there are a pair of snow-white wings, all of which are covered with snow-white feathers, stretched out, full of coercion.

He pressed his hands against the hilt of a huge war sword, which was inserted on the ground.

"Is the master of this statue a bird beast?"

Lu Ming guessed.

"No, ordinary gods and beasts, if they leave statues, they will leave the statues of the gods and beasts, but this kind of bird-like wings and humanoid figures generally don't stay like this. I speculate that this body of existence is like this. !"

Once and for all.

"Ontology is like this? There is no such race in Heaven Realm and Yuan Realm. There should be no such race in Evil God Race!"

Lu Ming is full of doubts.

"Maybe it is the endless years of the past, the race that has appeared, or it is from other worlds, no one knows, there are other worlds between heaven and earth, besides heaven, yuan, and evil spirit world!"

Opening up and down.

"Other world?"

Lu Ming felt a shock in his heart, and immediately imagined.

When they chatted and observed, there were more people climbing the stone ladder and looking around curiously.

Unfortunately, nothing was found.

Except for this statue on the top of the mountain, there is really nothing.

In the past half an hour, all of the Celestial Realm and the Evil God Clan have climbed to the top of the mountain, standing on two sides and guarding each other.
