

D Emperor 2371

Chapter 2371: Eyes are the way

The two sides confronted each other and were cautious, but did not start.

Now, there is nothing here. When the time comes, there will be a fight, but instead of getting nothing, is it not a loss?

"Perhaps, this statue has a secret!"

After a while, someone spoke and stared back at the statue.

Here, there is nothing but the statue. If you have a chance, you can only fall on this statue.

"I'll break him!"

An indifferent voice sounded, and a very burly evil spirit clan stepped out. In his hand, there was a battle axe, as dark as ink, but exuding a terrible sharp meaning.

Heavenly soldiers!

Everyone was shocked.

All Dao are unified, no matter it is the system of laws, the ancient system of cultivation, the Evil God Clan, and at the end of cultivation, they will all touch the heaven.

That is to say, after arriving in the Heaven Emperor Realm, the major systems are actually very similar, and the Heavenly Dao Soldier, which contains the Heavenly Dao, is the Supreme God Soldier common to all systems.

The supreme warrior used by the Evil God Clan is also a heavenly soldier!

"You can help me!"

The burly Evil God Clan looks to other Evil God Clan.

Suddenly, five or six Evil God Clan came out, all of which existed at the peak of the emperor.

A total of seven Evil God Clan peaks at the same time, control the battle axe at the same time.

Buzz!

The tremendous shock of the battle axe, the sharp edge of the air, the breath of the heavenly path radiated out, putting a huge pressure on the body.

But at this moment, the change suddenly occurred.

The tomahawk, which had suddenly become larger, seemed to be frightened by something. It began to continue to shrink, and finally reduced to the size of an ordinary tomahawk. When it fell on the ground, there was no more arrogant breath, like an ordinary axe.

Everyone was dumbfounded!

"The pressure here is too strong, and the breath of Heavenly Dao among the Heavenly Dao Soldiers is coming out, which is directly suppressed by the pressure here!"

Some people speculate.

Everyone was shocked.

Most likely, that's it.

The pressure on the Void God Island is supreme and transcends the Heavenly Dao. It can suppress the Heavenly Dao and prevent the existence of the Heavenly Emperor Realm.

Here, it is normal that the pressure is so extreme that it can suppress the Heavenly Path.

The strong men who borrowed the Heavenly Dao Bing had a difficult look.

They originally thought of relying on the Heavenly Daoists to overwhelm the leader and take the lead. But now, the Heavenly Daoists can't use them at all, they can only rely on their own strength.

Some people without Heavenly Dao soldiers' eyes light up.

Like Lu Ming and others, without Heavenly Dao soldiers, they would have no fear.

"Huh, without Heavenly Soldiers, I still hacked you!"

An evil **** clan screamed and waved a huge iron rod, bursting up and blasting towards the statue.

The iron rod suddenly became large and became tens of thousands of meters long. It was so amazing that it shattered the void and fell towards the statue.

This shot of the evil **** family, everyone is powerful, but it is a peak emperor.

boom!

A huge iron bar hit the statue's head, and the iron bar shook violently, but the statue had nothing at all, and no trace of it remained.

"So hard..."

Many people were shocked, a pinnacle emperor, with a full blow, with the power to destroy the world, but this statue has nothing.

"Look, the statue responded..."

Suddenly, someone called out.

As soon as everyone's eyes lit up, the statue did respond.

Previously, the statue was carved from ordinary boulders, and the material looks very ordinary.

But now, on the statue, there is a layer of milky white light emerging, holy and unparalleled.

call out!

Suddenly, the milky white light turned into a sword light, breaking out of the sky, and the target was the evil **** clan that bombarded the statue just now.

The Evil God Clan was frightened, but here, under the pressure of terror, his speed became extremely slow, and he could not avoid it at all.

boom!

He once again threw out the iron rod in his hand.

The iron rod penetrated the void and blasted toward the milky sword light.

However, the results were unexpected.

Jianguang flashed, and with a puff, the iron rod was cut off directly, and Jianguang kept on cutting towards the evil **** clan, with incredible speed.

Blood was splattering, and the eyebrows of the evil **** clan were directly penetrated by Jianguang.

His eyes widened, his eyes full of incredible, but there was no more breath.

Soul flying!

With a single blow, the soul of the Evil God Clan was destroyed.

Many people took a breath.

This is a pinnacle emperor, so he was beheaded and there was no resistance.

"not good!"

Many people were frightened and backed madly, afraid of ending the same.

However, after taking Jianguang to kill the Evil God Clan, it automatically dissipated, and the milky white light on the statue disappeared.

It seems that that kind of light emerged to kill the evil spirit family.

Not humiliating!

This statue is a statue of supreme existence, not to be humiliated!

The Evil God Clan who wanted to sacrifice the Heavenly Dao soldiers to attack the statue before, sweated in cold sweat.

Buzz!

At this moment, the statue gave a slight tremor, which caused everyone's heart to shake suddenly and lifted it up.

Then everyone saw that the statue's eyes had changed.

At this time, the eyes of the statue were not stone, but two vortexes.

The left eye is milky white.

The right eye is dark.

In the next moment, from the two eyes, there were rays of light extending from each other, which actually turned into two paths.

Two roads, one to the left eye and one to the right eye!

How did the two eyes of the statue suddenly become two paths?

Is there another universe in the eyes of the statue? Inside, are there treasures?

Many people think about it.

"Left is the road of life, right is the road of death, life may be death, death may also be life, choose one of life and death!"

Suddenly, a sound rang out from the statue.

Everyone was shocked, it seems that this statue is really not that simple, it seems to know that they are coming.

"Two roads, one live road, one dead road!"

The crowd looked at the two roads and their eyes flashed.

In this case, it is likely that there is really a chance. This is an opportunity left behind by Heaven Emperor. How precious should it be?

The kind of supreme existence that can refine Heavenly Dao soldiers, even if they leave some 'garbage', is probably an unimaginable treasure for them.

Many people show greed in their eyes.

But for a while, no one acted, because no one knew whether it would be dangerous to embark on two roads.

Life and death, life may be death, death may be life, no one is sure, everyone wants to let others go first.

Everyone was silent, you look at me, I look at you.

In the end, someone couldn't help but gritted his teeth and stepped forward.

At this time, a **** beast of heaven, he left for the life of his left eye.

The result was unexpectedly smooth.

He set foot on that road, without any abnormality, and kept going upward. When he reached the left eye of the statue, he stepped out, his figure entered the milky vortex of his left eye, and disappeared.

Chapter 2372: In the right eye

The left eye gave way, without any abnormality, and entered smoothly, which made many people's eyes light up.

With the first one, there is the second one!

Then, someone stepped towards the left eye and was a master of the evil **** clan.

Like the previous one, there is no abnormality, and it smoothly entered the milky vortex in the left eye and disappeared.

After that, more people entered the left eye.

However, some people have shown doubts.

Is it really so easy?

What is the significance of that other way?

Lu Ming and Dan Dan also had this idea.

"Hum, put it to death and then live to get a chance, and I will go to death!"

Someone spoke, his eyes flashed with madness, stepping forward, and actually walking towards the dead end.

Many people look at this person, and they all want to see if they are dead, whether they will really die!

bump!

The man stepped on his way to death, his body trembling, his face pale for a moment, and he seemed to be hit hard, and then screamed, his body flew backwards, fell heavily on the ground, and vomited blood.

But he is not dead, he is still alive!

"What is there on the road to death?"

Someone immediately asked.

"Pressure, very heavy pressure, bombard the body and soul!"

The man only said one thing, and immediately sat cross-legged, working hard to heal.

"Stress? In this way, it is not necessarily a dead end. As long as it can withstand that pressure, the dead end is also a dead end!"

Many people's eyes light up.

Since then, someone has gone to death.

Because many people think so, the way of life is too simple, and entry may not be beneficial. Perhaps, the big chance will be in the dead end.

Next, there are people who are constantly walking towards the dead end.

However, the right eye is dead, and the pressure is so amazing that those who set foot on it have been hit and flew, it is difficult to board.

"I come!"

A burly evil spirit crow roared, stepped forward, and embarked on a dead end.

bump! bump! ...

Every step he stepped on gave a tremendous shake. He was trembling and obviously under great pressure, but he gritted his teeth and kept pace, slowly approaching his right eye.

Eventually, the person came to the end and stepped out. His body entered the vortex of the statue's right eye and disappeared.

Succeeded!

Finally someone successfully stepped into the right eye.

"It seems that the Six Star Great Emperor should be almost able to enter!"

Lu Ming whispered.

The Evil God Clan just now is the level of the Six-Star Emperor.

Then, more people stepped into the dead end, but it was difficult to climb up to the Six-Star Emperor, at least the Six-Star Emperor was required to ascend.

"Lu Ming, which way do we go?"

Dan Dan sent a voice to Lu Ming.

"Naturally is the dead end of the right eye!"

Lu Ming said.

"Can you do it?"

Dip your lips.

"If you try, you will know!"

Lu Ming smiled.

bump!

After talking, Lu Ming stepped forward and stepped towards the dead end of his right eye.

boom!

When he stepped on, a force of terror exerted on him, penetrating every corner of the flesh and the soul.

At this moment, Lu Ming's body kept shaking, and at the same time, seventeen laws covered the whole body and resisted the pressure of the outside world.

Although Lu Ming's combat power is worse than that of Six-Star Emperor, Lu Ming's defensive power is definitely not worse than that of Six-Star Emperor.

Although he walked very hard, he stepped forward step by step and was very firm.

Dandan followed Lu Ming, this guy seemed rather relaxed.

His cultivation base is that although he is a six-star emperor, his combat strength is absolutely comparable to that of the pinnacle emperor, even suppressing the pinnacle emperor.

After a moment, Lu Ming finally approached the statue's right eye.

call!

Lu Ming took a long breath and felt sore all over. Under that terrifying pressure, he also suffered some injuries.

However, under the influence of the immortal ancient scriptures, his injuries are recovering quickly.

Uh!

Taking a step out, Lu Ming stepped into the dark vortex of his right eye, and suddenly turned around like a long-distance teleportation. At the next moment, Lu Ming found that he appeared in a huge chamber.

This secret room is really huge. It is long and wide, like a world.

Moreover, as soon as Lu Ming entered here, he suddenly found that the pressure on his body disappeared without a trace, just like in the Taiqing Heavenly Territory. It was very easy.

Lu Ming felt full of strength!

With a glance of his eyes, Lu Ming found that all the people who had entered the right eye were all in this secret room, flashing back and forth, seeming to see what.

However, this secret room was empty and there was nothing.

Not even a dust!

At this time, not far from Lu Ming, a figure flashed, and the figure of Dandan appeared.

As soon as Dandan appeared, his eyes looked away, but he immediately showed disappointment.

"There's nothing here, we won't guess wrong this time, let's run for a while!"

A bitter face.

"Wait and see!"

Lu Ming touched his nose, this time really walked in vain.

Everyone waited patiently, and as time passed, more and more people entered here.

Evil God Clan and the top group of masters in Heaven Realm have almost entered here.

In addition to Lu Ming, the six-star emperor and the seven-star pinnacle emperor are all in number.

After a few hours, no one came in. Obviously, all who could come in.

"We won't go out!"

Suddenly, someone spoke.

Everyone jumped in their hearts and their faces were a little ugly.

Indeed, although it is large, it is surrounded by stone walls, and no one has any way out.

They come in and don't really get stuck here forever.

Everyone looked at each other, and some of them looked pale.

Dead end!

They thought of the right eye as a dead end, wouldn't it be true!

Buzz!

Just when everyone was anxious, the void gave a slight vibration, and a striped road emerged, and then these lines formed a figure.

This is a young and beautiful woman. What is peculiar is that behind this woman is a pair of beautiful snow-white wings.

Very similar to that statue!

Everyone's eyes looked at this woman, showing curiosity.

"I am the clans here!"

Young woman speaks.

"Jingling!"

Lu Ming's eyes moved, and he thought of the giant tower before, and a gang was born.

It seems that in this area, the formation method is too advanced, and after years and years, spiritual wisdom is born.

"I was created by the master of the year, my master is the body of this statue, an invincible figure, here is the eyes of my master statue!"

Jingling explained.

"This senior, your master, where is it now?"

Asked by people in heaven.

The owner of this statue is a supreme strongman, stronger than the Heavenly Emperor. If it is still alive, it will have a great impact on the battle between the Celestial Realm and the Evil God Clan.

If he stands on which side, he will win.

Chapter 2373: Fight for treasure

Jingling pondered for a while and said, "My master, before the endless years, left!"

"left?"

Many people showed doubts.

What does it mean to leave?

Did you leave this Void God Island?

"Yes, I listened to the master's self-talk, he said that his task has been completed, to leave this world, go back!"

Jinling tried hard to recall the way.

"This..."

Everyone is more puzzled.

Leaving this world? gone back? Back to where?

Does this side of the world refer to the celestial realm, the primal realm, or the evil spirit realm, or does it all refer to it?

Only once and for all, there was a trace of shock in his eyes, and a trace of expectation, but it was well hidden and no one found it.

"When the master left, he said that after he left, the dojo he practiced would be found sooner or later. If someone enters here, he can give away some things that he left useless in those days, which is also a fate!"

"Also, I tell you, only when you enter the right eye, you enter the left eye, but you get nothing!"

Jingling said again, blinking cunningly like a girl.

Many people's eyes suddenly lit up.

The useless things left by the big man, that is the supreme strongman, useless to him, but for his people, I am afraid it is also a supreme treasure.

"You have got the treasure, leave this place, leave this **** island, the master's dojo, I don't want to be disturbed by that time, when all of you have to leave!"

Jingling spoke again, this time she finished, a small silver bag appeared in her hand.

She opened the bag and collapsed, and suddenly, a lot of radiance of Huang Mengmeng flew out of the bag.

It was a storage ring, storage bracelet, covered with a layer of yellow light, like stars in the night sky.

Everyone's eyes are fiery.

These storage rings and storage bracelets are definitely not empty. Most of them contain treasures.

"its mine!"

"mine!"

A loud roar sounded, everyone could not hold back, burst out, and rushed towards the storage rings and storage bracelets.

"Go away!"

"court death!"

Suddenly, the war broke out, and the fierce fighting began.

Here, there is no Evil God Clan, and there is no distinction between the souls of the heavenly realm, because everyone has selfishness and wants to take the treasure as it is.

There is a civil war between the evil spirits and they are fighting each other.

There was also a civil war among the creatures in the heaven, killing each other.

what!

A scream rang out, and a six-star Great Realm Evil God Clan was cut in two by another Axe God Clan and fell on the spot.

The other one, a Celestial Human Race, was torn apart by a real dragon in the Celestial Realm and was torn apart.

Cruel!

Here, there are only treasures, no camps.

Lu Ming and Dan Dan also moved.

Lu Ming burst into the air and grabbed a storage ring shining with yellow brilliance, while Dandan rushed to a storage bracelet.

"dead!"

An evil **** crow roared and killed the landing.

This evil **** family, with the cultivation of the Six-Star Emperor, has an extremely amazing combat power.

Buzz!

Lu Ming's muscles vibrated at the highest speed, and at the same time, he cast six **** wings to increase the speed to the extreme.

Uh!

With a flash of light, Lu Ming avoided the attack of the Evil God Clan and appeared on the edge of the storage ring, grabbing the storage ring in his hand.

"court death!"

The Evil God Clan was furious and slammed toward the landing.

His third eye burst forth with a beam of destruction and turned into a fierce beast, screaming and rushing towards the landing.

Lu Ming didn't touch hard, but continued to use his body to avoid the other party's attack.

With his own fighting power, Lu Ming has been able to fight against the Six-Star Emperor. Although he can fight in one battle, most of them are not opponents of the other party.

As for the Emperor's flesh, Lu Ming didn't want to use it.

Because, the array was suspended high above the sky, still holding the bag.

Who knows, is there any higher-level treasure in that bag?

Wait until there is a higher level treasure, let's talk about it.

On the other side, Dandan also successfully grabbed a storage bracelet. He was extremely powerful. With a few strokes, he vomited blood from a six-star emperor and easily got the storage bracelet.

After he got the storage bracelet, he stared at another storage bracelet.

Lu Ming's figure flashed rapidly, evading the attack of the Evil God Clan, and rushed towards another storage ring.

On the edge of this storage ring, there are two six-star emperors competing.

The two six-star emperors, one of the Evil God Clan and the other of the strongest in the realm of the realm, the two fought continuously, fiercely, and were injured.

Lu Ming rushed over and alarmed the two.

"Come on!"

The two attacked Lu Ming at the same time.

Lu Ming raised his speed to the extreme. His muscles vibrated billions of times per second, and six feather wings flickered extremely fast, successfully avoiding one's attack.

But the other one, Lu Ming, was not hit and was hit.

Lu Ming flashed a fierce color in his eyes, directly hit the past, and took a hard blow.

boom!

Lu Ming was hit, and his body shook wildly, as if his body was about to be torn, but Lu Ming gritted his teeth and resisted this blow, while running the ancient scriptures and recovering with all his strength.

As a result, Lu Ming appeared next to the storage ring under a flash, grabbed it and put it away.

Lu Ming successfully won two storage rings.

"Hand over the storage ring!"

"court death!"

The three strong men were taken away by Lu Ming from the storage ring.

Lu Ming dodges the other party's attack while running the indestructible ancient healing.

At this moment, the entire secret room is fighting.

Six-star emperor, seven-star peak emperor, fight each other, and people continue to fall, extremely tragic.

Those storage rings and storage bracelets were also taken away.

Soon, there were few storage rings on the field.

"Boy, hand over the treasure!"

A purple-haired middle-aged man stared at Lu Ming and killed him towards the landing, which was amazingly powerful.

This is a pinnacle emperor!

Moreover, it is also a royal family among the evil spirits, with extremely terrifying strength.

Lu Ming's face changed, and faced with such a strong man, if he didn't have to appear out of Tiandi's flesh, he would not even be an opponent.

"It's not time yet!"

Lu Ming's eyes flickered and his figure flashed rapidly, avoiding the other party's attack.

"Are you gone, in my hands, you will die!"

The evil **** clan royal family spoke indifferently and killed Lu Ming, so that the three six-star emperors who had just hunted down Lu Ming showed a terrified look and stopped.

"My sister will die, I will meet you later!"

At this moment, a disdainful voice sounded, and then a huge palm blasted toward the evil **** clan royal family.

The palms are covered with various runes, intertwined with the power of terror.

The Clan of the Evil God Clan was shot with one palm, and bombarded with this palm, a loud roar broke out.

Then, the lord of the Evil God Clan was shocked and retreated.

Uh!

Dandan appeared next to Lu Ming.

Chapter 2374: Nineteen Heavenly Path Soldiers

Seeing Dandan arrive, Lu Ming breathed a sigh of relief.

Dandan's combat power was indeed powerful, and he actually repelled a royal family of evil spirits, and was also a peak emperor.

The evil **** clan royal family, with constant purple flashes in their eyes, stared at Dandan and said indifferently: "World turtle, no matter what, just remove your turtle today, so as not to become a scourge in the future!"

boom!

A dazzling purple brilliance erupted from the evil **** clan royal family, as dazzling as the purple flame burning in the flames.

On Dandan, endless runes shine, and in his body, a round of the world slowly emerges.

The battle between the two sides is on the verge!

But at this time, the storage rings and storage bracelets poured out by the array were all robbed.

"Don't worry, there is!"

Above, the spirits chuckled, picked up the bag, and fell again.

This time, another group of Huang Mengmeng's glory flew out of the bag.

This time, the number of light clusters flying out is not much, only a dozen, but each of the radiances is very bright, ten times more dazzling than before.

Every light group is a weapon.

Nearly twenty pieces, each one exudes a terrifying breath.

That's the breath of heaven!

Heavenly soldiers!

Everyone was trembling in their hearts, and a hot flame burst into their eyes, staring at nearly twenty weapons.

To be precise, it is nineteen weapons!

Nineteen heaven soldiers!

"Mine is mine!"

"Tian Dao Bing, it's mine!"

In the eyes of many people, all are greedy greed.

Uh! Uh! Uh!

Everyone moved at the same time and rushed to the sky.

Heavenly soldiers are so precious that many emperors do not have them.

The people here are all six-star emperors, pinnacle emperors, and the next step is to attack the emperor.

Once successfully breaking through the Heavenly Emperor, with the addition of Heavenly Daoists, the strength will skyrocket, and in the Heavenly Emperor, you will be able to stabilize your footsteps.

Even if you can't break through the Great Emperor and sell it to the Heavenly Emperor, it is worthless.

No one is interested in such treasures.

The horrible war broke out in an instant.

In the previous battle, more than a dozen people died in battle, but there are about 60 people left.

Sixty people, only nineteen heaven soldiers, destined to fight for life and death.

"kill!"

"kill!"

This time, it was even more tragic. The pinnacle emperors tried their best. In an instant, several six-star emperors were killed.

Lu Ming and Dan Dan also rose into the sky for the first time, and each selected their goals.

This time, Lu Ming did not hesitate, and sacrificed the Emperor's flesh for the first time.

Lu Ming and Heavenly Emperor's flesh blended together, and the speed was so extreme that they rushed to a spear.

There were three others who were also rushing towards the spear.

Two six-star emperors and one seven-star emperor.

"kill!"

Lu Ming shouted, and the stone sword in his hand burst out.

bump!

A six-star emperor, cut by Lu Ming, flew out directly and vomited blood.

The energy of Heavenly Emperor's flesh has reached 100%, and its power is extremely strong, and it is no weaker than Peak Emperor.

The other six-star emperor was also hit by another peak emperor, and then, together with Lu Ming, pounced on the spear.

Uh!

Lu Ming took the first step, held out his big hand, and grabbed the spear.

"court death!"

The pinnacle emperor drank coldly and drove towards Lu Ming.

But Lu Ming did not shy away.

This is Heavenly Emperor's flesh, strong and immortal, and its defensive power is amazing. Unless Heavenly Emperor's shot, otherwise, Emperor Realm, Lu Ming doesn't believe it can be broken.

boom!

The other party's attack blasted on the body of the Heavenly Emperor. The body of the Heavenly Emperor shook violently, but successfully blocked the other party's attack. There was no trace on it.

Lu Ming resisted the attack, grabbed the spear, and put it into the small world.

"Hand over the heavenly soldiers!"

The peak emperor was furious and launched a stormy attack.

"Don't think I'm afraid of you!"

Lu Ming drank coldly, completely ignored the defense, and rushed past.

The other party's attack fell on Lu Ming, only to make Lu Ming vibrate for a while.

The other party was frightened and retreated quickly, but it was still one step slower. After being swept by Lu Ming's blade, a deep scar appeared on his body and he was nearly cut in two.

"kill!"

Lu Ming drank coldly and seized the opportunity to kill the past.

The energy of Tiandi's flesh is 100%, and the combat power is not weaker than the peak emperor.

However, the defensive power of Heavenly Emperor's flesh is amazing, and Lu Ming can completely ignore the defense. In this way, he can completely crush a peak emperor in a head-on battle.

The other side was injured, the combat power weakened, and it was not Lu Ming's opponent. After a few strokes, Lu Ming was blown out and half of his body was cut off.

The other party was frightened and did not dare to fight Lu Ming and retreated quickly.

"dead!"

At this moment, a figure suddenly appeared behind the other party, a palm full of runes blasted towards the other party.

what!

The other party yelled, but it was too late for someone to sneak in and wanted to avoid it.

bump!

The opponent was directly hit, his body was intact and he fell on the spot.

A peak emperor was just killed.

It was natural to kill him.

Dandan has already captured a Heavenly Soldier, and that person, just retreated to Dandan, Dandan directly hit the other party with a blow.

"Dandan, let's join forces!"

Lu Mingfei passed by.

"Okay, there is one!"

Dandan shouted and flew towards a heavenly soldier, followed by Lu Ming.

There, a few people are in fierce competition and fierce confrontation.

The two rushed over and shot directly at a pinnacle emperor.

This pinnacle emperor is the Evil God Clan.

boom!

Once the palm was shot, the endless runes permeated, and there was a small world in his palm, which was suppressed towards the other party.

The other party was shocked and hurried back.

But Lu Ming also rushed over, a lifeless play, completely disregarding the defense, and slashed out with a sword.

After being besieged by the two, the one suddenly lost, was cut by Lu Ming with a sword and cut in half.

The other party was still dead, and backed away in horror.

The two did not pursue, but put away the Tiandao soldiers and rushed towards the other.

The two joined forces, and they were invincible.

The next Sky Dao soldier was also obtained.

In this way, the two of them got two pieces of Heavenly Dao soldiers respectively.

The two of them joined forces and also aroused the vigilance of others.

Some good relations have also begun to join hands, especially some of the pinnacle emperors.

Nineteen Heavenly Dao soldiers, fewer and fewer, were taken away one after another.

"That guy, got two pieces of Heavenly Soldiers!"

Dan Dan's eyes looked toward a purple-haired middle-aged.

That person is the former Clan of the Evil God Clan.

This person's combat power is amazing, stronger than the average peak emperor.

"kill!"

Lu Ming was very direct and rushed to the evil **** clan royal family.

The energy in the flesh of the Heavenly Emperor is limited and must be determined quickly.

Dan Dan's body flashed and killed him.

Chapter 2375: The last treasure

"The miscellaneous pieces of Evil God Clan, come to fight!"

Dangdan shouted, opened his mouth, and hung a long river towards the other side, like Tianhe, like a war sword.

boom!

The dazzling purple light pervades the evil spirit clan royal family, and a war sword appears in his hand.

The evil gods generally use heavy weapons such as battle axes, giant hammers, maces, and iron rods, and rarely use swords.

Keng!

The sword roars endlessly, the evil **** clan royal family, cuts out two swords at the same time, two purple sword lights, respectively cut towards Lu Ming and Dan Dan.

A purple sword light collided with the long river spewing out, and a roar erupted, disappearing in twos.

But Dandan's figure was already close to each other, and he slammed out.

Lu Ming, however, did not connect with each other's sword light.

Hard to hit, extremely energy consuming, Lu Ming now wants to save energy as much as possible.

Lu Ming flickered, avoided the sword light, and rushed towards the other party.

At this moment, Dandan and the evil spirit clan royal family have collided with the second move.

boom!

This time, it was a real hard hit, both of them were shocked and backed away.

However, the evil **** clan royal family retreated even more, he was at a disadvantage.

"you..."

The evil **** clan royal family was shocked.

The Clan of the Evil God Clan is already very powerful, and it has far more power than other Evil God Clan at the same level.

But once and for all, it was only the cultivation of the Six-Star Emperor, and he hadn't reached the peak of the Emperor, but he was even stronger than him, which shocked him.

"Dead, miscellaneous!"

Dandan once again killed the other party, the killing opportunity was extremely cold.

Dan Dan hated the Evil God Clan very much. In ancient times, he was seriously injured by the Evil God Clan and barely strengthened into an egg. He was reborn after meeting Lu Ming.

Therefore, when he saw the Evil God Clan, he would be killed.

This time, Lu Ming also arrived, the two joined forces, and the evil **** clan royal family was even more invincible.

Although he tried his best, he was still hit hard and retreated.

"Come and help me!"

The roar of the evil **** clan.

The royal family has a very high status among the evil gods.

Even in the face of such a situation, everyone wanted to capture the Heavenly Dao soldiers, but there was still a peak emperor who rushed towards the landing.

"No one can save you!"

Shouted and launched a stormy attack.

Lu Ming also launched a crazy attack.

puff!

The evil spirit clan royal family barely blocked a few moves, but eventually lost, and was cut off with an arm by Lu Ming.

The other party's storage bracelet was carried on this arm, and Lu Ming put the arm away when he rolled a world power.

"Ah, ah, shit, **** it!"

The evil **** clan royal roared. All his treasures were in the storage bracelet, including two pieces of heavenly soldiers.

No, three pieces!

He also borrowed one from the strong man of the Evil God Clan's Heavenly Emperor Realm, which he used to kill the green dragon.

His eyes were red, and there was blood in his heart, but he didn't dare to stay, but could only back away frantically.

At this time, nineteen Taoist soldiers were taken away.

Lu Ming and Dan Dan gained the most, and got a total of six pieces.

At the scene, there were more than 20 corpses.

Inside, there are a few, even the peak emperor, but they all fell here.

The rest of the people flashed their eyes, and someone stared at Lu Ming.

Because Lu Ming and Dan Dan just did have amazing gains.

However, there were more people staring at the formation, and there was thick greed in their eyes.

How many treasures are there in the bag in that gang?

An evil spirit clan with four arms is full of greed in his eyes. He has been blinded by greed, and he took the lead in attacking the gang.

"Hand over that bag!"

The four-armed Evil God Clan is also a pinnacle emperor, and the speed is almost to the extreme. At the same time, the four weapons in the four arms are slashing towards the spirits.

"Actually I want to shoot me, it's interesting, then send you on the road!"

Jingling whispered, then opened his mouth and vomited slightly.

It seemed that there was a stream of air spitting out of Zhenling's mouth. Then, an amazing scene happened. The four-armed Evil God cries, screaming, and the body exploded directly, and then turned into fly ash to dissipate, leaving nothing.

Everyone's heart shook like a plate of cold water, splashed on everyone, extinguished their greedy fire.

In a breath, blow up a pinnacle emperor, what strength is this?

"It's really looking for death, but this is the formation produced by the large formation under the supreme power. With the power of the large formation here, the emperor will die when he comes, let alone him!"

Diandan sent a message to Lu Ming, gloating and gloating.

Others' faces were ugly, and they no longer dared to attack Clans.

"I have the last treasure now, and I will give it to you!"

The spirits spoke again, and then the bag fell, and a ray of light flew out.

This time, there was only one ray of light, dazzling, which was ten times more dazzling than those of the heavenly soldiers before.

In the light, there is a token.

It looks very simple, it seems very old, but there is no slight breath above it, it looks very ordinary.

However, everyone's eyes are very hot.

The array remained on the last one before taking out this token, and the light above this token shone ten times more than the light on the Heavenly Path Soldier.

According to previous judgments, the more precious treasures seem to be, the more shining the light above them becomes.

Although I can't see the wonder of this token, it is absolutely precious.

At this moment, everyone moved and rushed towards the token.

boom! boom!

At the scene, a horrible war broke out, and this secret room was shocked.

bump! bump!

Several six-star emperors were directly torn apart and fell on the spot.

The remaining Six-Star Emperor was frightened and retreated back and forth, daring not to intervene.

So many people, snatching a token, the war is too fierce, all the pinnacle emperors are crazy, and the six-star emperor is involved. There is really only one way to die.

This time, Lu Ming and Dan Dan did not shoot.

They are conserving their strength, they don't have to think about it, they will definitely face a fierce battle now.

Although Lu Ming and Dan Dan are strong, they are now going to fight for that token and must face the attack of other pinnacle emperors.

The best strategy is to wait and see.

Of course, in the face of such treasures, it is not easy to achieve this. It may be a treasure that is ten times more precious than the Heavenly Dao Bing. Who can remain calm, even if the Heavenly Emperor comes, it will be crazy.

But once in a while, this old monster, who has not lived for many years, has a strong heart, and at this time he refrained.

Lu Ming, who is also very human, has gone through all the way and experienced too much. His mentality is stronger than many old monsters who have lived endless years. At this moment, he has also refrained.

At the same time, he also took out a large amount of energy spar to supplement the energy of Heavenly Emperor's flesh.

Just after the first battle, the Emperor's flesh lost a lot of energy, and it is just time to add some.

Chapter 2376: Token in hand

On the spot, the competition for that token was fierce.

The Evil God Clan, the pinnacle emperor on both sides of the heavens, adds up to nearly thirty.

Nearly thirty pinnacle emperors are fighting frantically.

At this moment, there are no races, no ethnic groups.

Only personal greed, others, are competitors.

In such a tragic battle, casualties occurred soon after.

A weaker pinnacle emperor was torn apart by two other pinnacle emperors.

There is also a very powerful pinnacle emperor, who broke out of the encirclement and rushed to his token. When he was about to approach the token, he was joined by everyone and beaten to ashes.

Peak Emperor, one by one fell.

Others who have not fallen have also suffered different degrees of injuries.

Tragic, extremely cruel!

This is the pinnacle emperor, the emperor cannot come out, who will compete with each other!

Wherever it is placed, it is a strong party, which is expected to impact the Heavenly Emperor, but now, it is worthless, some are killed by the enemy, and some are killed by the strong party of their own side.

The more you kill, the crazier the crowd will be, and you will kill red eyes!

Uh!

Finally, someone rushed to the edge of the token and grabbed the token in his hand.

This is a real dragon with golden body. It is an extremely powerful golden real dragon among the real dragons.

When he grabbed the token in his hand, he roared, struggling to break through, trying to rush out.

However, immediately there were a few extremely strong masters who rushed over and attacked variously, constantly flooding towards the golden dragon.

Although the Golden Real Dragon is strong and its defense is amazing, but it can't resist, there is a wound on his body, almost tearing his body.

With a look of horror in his eyes, he threw the token out, and the scene fell into a dogfight.

"Lu Ming, you step up your recovery, I will arrange it first!"

Dan Dan sent a voice to Lu Ming, and then his figure flashed quickly, and a rune emerged from Dan Dan's hand, and disappeared into the void and disappeared.

Lu Ming knew that Dandan was arranging a big battle.

Dandan's control of the rune way reached an unbelievable level, as long as he was given a little time, he would be able to arrange a terrible array of power.

Lu Ming constantly took out the energy spar and the top grade original stone to accelerate the energy storage of Heavenly Emperor's flesh.

bump! bump! ...

Large piles of energy spars from Evil God Clan, as well as the top-quality original stone exploded, turned into rolling energy, absorbed into the body of the Heavenly Emperor, of course, some of it was wasted, dissipated in the void, but Lu Ming did not care.

Normally, Lu Ming will not let Tiandi flesh store energy in such a brutal way, because it is too wasteful, and some of the energy cannot be absorbed and dissipated, but now, he can't care so much.

In the air, Jinling glanced once, with a smile on the corner of his mouth, he seemed to see something, but didn't say much.

At the scene, the competition for tokens entered a fierce stage, and the fighting was extremely fierce.

The constant peak emperor was killed and fell here!

At the beginning, there were nearly thirty peak emperors, and now, only about twenty are left.

The remaining twenty or so pinnacle emperors were all injured.

Uh!

At this moment, Dan Dan appeared next to Lu Ming and said, "How is it? Can you do it?"

"can!"

Lu Ming said.

"Okay, let's go together and take that token into the hands at the fastest speed!"

Nodded.

Almost at the same time, the two moved.

The two rushed out at the same time.

"Endless world!"

When he roared, he manifested his body, and his body was covered with endless runes. Then he opened his mouth and a world spewed out of him.

It's really a round of the world, but this is not a condensed small world, but a magical technique.

This kind of supernatural power is extremely terrifying, as if a world is really suppressing the enemy.

boom!

A pinnacle emperor who was standing in front of Dandan was already injured. In addition, Dandan shot suddenly and did not react at all, and was directly killed by Dandan.

There were also two peak emperors, who were sent off by Dan Dan.

Uh!

Lu Ming seized the opportunity, rushed by, and waved towards the token.

He and Dandan cooperated seamlessly, and Lu Ming grabbed the token in his hand.

"court death!"

"Release the token!"

"kill!"

Suddenly, the other peak emperors roared, and after a terrifying attack, they roared towards the landing.

boom! boom! boom!

Lu Ming was suddenly overwhelmed by various attacks. The Emperor Tian fluttered wildly, flew out, and flew thousands of miles away, hitting the wall of the secret room.

However, Lu Ming was fine. The emperor's body was able to block other people's attacks.

If this is replaced by other peak emperors, being hit by so many attacks, it will definitely be a dead end, and the soul will be scattered.

However, with Ming Tian's flesh, Lu Ming blocked these attacks and successfully collected the token into the small world.

"Not yet dead!"

"kill him!"

The others were startled, and then went crazy to the landing.

"Lu Ming, come here and enter the big formation!"

Dan Dan's voice rang in Lu Ming's ears. At the same time, Dan Dan's hands waved at a rapid speed. In the void, a sword light appeared, killing those peak emperors.

Half of the pinnacle emperors were stopped by Dandan's control.

The rest, continue to rush to Lu Ming.

bump!

Lu Ming kicked heavily on the wall, and his body was like a cannonball, rushing towards Dandan.

call out! call out! call out!

After attacking, Lu Ming drove towards the landing, but Lu Ming ignored them and let those attacks blast on him.

Under Heavenly Emperor, no one can break the defense of Heavenly Emperor's flesh.

Lu Ming rushed past, approaching Dandan at a rapid speed.

"kill!"

A middle-aged woman with purple hair appeared in front of Lu Ming and slashed to the landing with a sword.

It was the royal family of the evil **** clan. He was cut off one arm by Lu Ming and took away the storage bracelet, always thinking of taking it back.

At this moment, his arm had grown out again, seizing the opportunity and slamming towards the landing.

"Go away!"

Lu Ming shouted and went out with a sword.

when!

The two swords intersect, and a violent roar erupts. Lu Ming's figure is blocked and stops.

But Lu Ming's footsteps once again, madly rushed towards the evil **** clan royal family.

Not only the War Sword, but also the whole person slammed into each other. There was no tricks at all, no magical skills, only brutal shocks.

call out! call out! ...

The Clan of the Evil God Clan instantly pierced hundreds of swords, and hundreds of swords were extremely sharp, but Lu Ming didn't seem to see them, but ran into it.

Those sword lights only left some shallow traces on Lu Ming.

bump!

Lu Ming even brought a sword and hit the evil **** clan royal clan. The evil **** clan royal clan snorted, and his body was knocked out. Lu Ming, passing by, successfully came near Dandan.

"Great array, get up!"

Boldly shouting, waving his hands, endless runes emerged, and pieces of turtle shells appeared out of thin air, covering Lu Ming and him in the middle.

Chapter 2377: go away

Dandan controls the large formation, and endless runes emerge, forming a piece of turtle shell, such as a piece of shield, surrounding Lu Ming and Dandan in the middle.

boom! boom! boom! ...

Just when the turtle shell just rose, the surrounding attacks arrived.

Every attack was issued by the pinnacle emperor, and it was amazingly powerful. However, when bombarded on the turtle shell, it was blocked by the turtle shell. No one attack can break the turtle shell.

"Hahaha, you also want to break through the formation under this seat. Although the time is short, it is still possible to lay down a formation against you."

He laughed and was proud.

"Damn, watch me break your turtle shell!"

"Break me!"

The rest of the pinnacle emperors shouted one after another, showing their unique tricks one by one, attacking Dan Dan and Lu Ming.

However, there are so many tortoise shells that block everyone's gaps, and all attacks fall on the tortoise shell. The tortoise shell just vibrates, but it can't be broken.

"Everyone attacks a little bit!"

Someone shouted, wanting to concentrate everyone's attack, attack a little, and break the turtle shell.

call out! call out! ...

Suddenly, all the attacks were concentrated on a turtle shell.

Sure enough, this trick worked, the turtle shell vibrated violently, and then a crack appeared on it.

The people were overjoyed, but Dandan's face was very calm, even with a touch of sarcasm.

boom!

The turtle shell was crushed and exploded, but the next moment, a new turtle shell came out.

The people were stunned, and then raged into the sky to re-launch the attack.

But it didn't work. Every time they crushed a turtle shell, a new turtle shell came out.

Dangdan showed a faint smile, a leisurely expression, almost spitting those popular blood.

After attacking for a while, there was no effect at all, and those people had to stop.

"What's the use of hiding in the turtle shell, we're waiting here. Sooner or later, he will come out, and once they come out, he will crush them to pieces!"

The evil **** royal family said coldly.

Others also showed a cold light.

"You forgot what I said before?"

At this moment, the spirits in the air began to speak, and a clear voice rang in everyone's ears: "The things have been given, you have got the things, I will send you out, and give you half an hour, half In an hour, I will send you all away at the same time!"

"Half an hour, hateful!"

Others' faces changed drastically, and then they launched attacks one after another, attacking Dan Dan and Lu Ming one after another.

They had to break through the big formation within half an hour.

However, everything is futile and useless at all.

Some people even bombarded the void, smashed the void, and wanted to destroy the formation of the large formation.

However, the formation that branded the runes in the void could not be destroyed at all, unless the power was so extreme that all particles in the void were directly annihilated, it would be possible to break the void.

Time passed quickly, and soon, half an hour was up.

"Okay, time is up, you all leave!"

At this moment, Jin Ling spoke, and her body exuded a radiant radiance.

A very powerful force, acting on Lu Ming.

boom!

Their bodies, repulsed by a powerful force, flew out of the statue in an instant, and then flew out of the Void God Island.

At this moment, a terrifying, supreme power erupted from the statue and spread in all directions.

All the people on the Void God Island were rushed towards the periphery of the Void God Island by this force.

But the strange thing is that the monsters and beasts that originally lived on the island of Void God have nothing at all.

Lu Ming was in the air, completely unable to help himself, as if in the sea, was pushed by a huge wave, and flew towards the back at a rapid speed.

At the same time, he saw the other directions of Void God Island, one figure was being pushed, flying in all directions.

The scene is extremely spectacular.

Soon after, Lu Ming and they were pushed to the edge of the Void God Island and stood in the Void. At that time, that power disappeared.

On the edge of the Void God Island, there are standing figures, there are evil **** clan, and there are creatures in the heaven.

Except for Lu Ming and a few of them, most of them looked at each other and did not know what happened.

Ah~!

Suddenly, a scream rang, someone started.

An Evil God clan suddenly started, tearing a strong man of heaven.

Because, on the edge of the Void God Island, the creatures of the Evil God Clan and the Celestial Realm were mixed together. After a short period of stun, someone reacted and started directly.

"court death!"

Immediately, there was a counterattack on the side of the Celestial Realm. On the edge of the Void God Island, a field battle immediately occurred.

There are two two stars, Samsung's emperor attacked Lu Ming and was directly killed by Lu Ming.

"Dan Dan, let's go first!"

Lu Ming rushed towards Dandan, because Dandan happened not far away from him.

Soon, the two converged and rushed towards the void outside, looking for Hengyu Tiandi to converge.

"Leave me!"

With a loud roar, an evil **** clan with fiery eyes rushed towards Lu Ming and the two.

This evil **** family is a pinnacle emperor.

There were nearly twenty peak emperors left in the statue before, but the force was rushed in all directions and completely dispersed.

Here, there is only this peak emperor.

"Alone want to stay me and die for me!"

Dandan's eyes flashed in a terrible color, and he was slain towards the Evil God Clan in this peak emperor realm.

As for Lu Ming, he had already put away Tiandi's flesh. Without Tiandi's flesh, he would naturally not be the opponent of Peak Emperor, so he didn't shoot.

boom! boom!

After a few strokes, he vomited blood from the mouth of the peak emperor.

The other party was shocked and backed off again and again, daring not to fight Lu Ming.

Lu Ming and Dan Dan converged and rushed out.

"Go, now is not the time for a decisive battle!"

On the side of heaven, some people shouted, and then flew out one by one.

The people of the evil spirits dare not chase, because the direction of all the people in the heavens is in the direction of the heavenly emperor. They chase out, and there is only one way to die.

The people of Evil God Clan turned around and flew in the other direction.

Slowly, the battle on the edge of Void God Island stopped, and everyone chose the right direction and left Void God Island.

Lu Ming and Dan Dan are flying very fast, and the Void God Island is getting farther and farther away from them, and getting smaller and smaller.

Finally, they saw the figure in front of them, the emperor on the side of the heaven, there were a dozen people.

Among them, Lu Ming saw Emperor Hengyu.

These emperors looked at Void God Island anxiously. Obviously, they also sensed the changes on Void God Island.

Seeing Lu Ming, Emperor Hengyu's eyes lit up and flew over.

"Lu Ming, what happened to Void God Island?"

Emperor Hengyu asked.

The other emperors looked at them curiously.

Chapter 2378: Divide treasures

"Senior Hengyu, this matter is complicated, let's go back and talk!"

Lu Ming said.

"Okay, I will take you back!"

Emperor Hengyu nodded, then waved his hand, led by Landing Ming and Dandan, and headed towards the passage they had come from.

At the entrance of the passage, there was also guarded by the emperor.

Emperor Hengyu brought Landing Ming and Dandan into the passage and returned to Taiqing Heavenly Field smoothly.

"Lu Ming, you are waiting for me here, and I have to pick others up!"

Emperor Hengyu said.

There are a lot of emperors entering the Void God Island, but the number of emperors is limited. Naturally, each emperor has to run many times.

"Senior Hengyu, so, let's go back to the Two Realms City and wait for you.

Lu Ming said.

"Alright, you go back to the Two Realms City first!"

Emperor Hengyu nodded, then turned into the passage.

Lu Ming and Dan Dan flew towards the Two Realms.

At the beginning, Hengyu Tiandi took them from the two realms to take only one hour, but their speed was naturally far less than that of Hengyu Tiandi. The two of them flew at their full strength, and it took two days. Go back to Two Realms.

Lu Ming and Dan Dan began to divide the treasures in the other courts where Lu Ming lived.

What they divided was mainly Tiandao Bing and that token.

The two took out all the heavenly soldiers.

The two of them jointly robbed six pieces of Heavenly Dao soldiers, and one piece was brought in by the evil **** clan royal family, a total of seven pieces.

The seven Heavenly Daoists exuded a terrifying breath, and the terrified Dan quickly set up a formation to cover up the breath.

In addition, there is that token.

"Dan Dan, how do you choose?"

Lu Ming looked at Dan Dan.

Dan Dan's eyes were extremely fierce and swept on the Heavenly Dao Bing and the token, and they all wished to have their own.

"I will study this token first!"

Dan Dan held the token in his hand and studied it carefully.

However, Dandan exhausted all methods and found nothing.

"how come?"

The suspicion was revealed.

"Let me see!"

Lu Ming took the token and studied it carefully, but he found that this token, in addition to its special material and solid and immortal, had no special place.

"A very common piece of token, is this really more important than a heavenly soldier?"

Lu Ming wondered.

Dandan scratched his head there, too, and could not understand his mind.

"Dandan, so, seven Heavenly Daoists, three for one person, and four for one, but how about those three Heavenly Daomen, plus this token?"

Lu Ming looked at Dan Dan.

"it is good!"

He nodded once, but his eyes turned sharply, obviously hesitating how to choose.

"Well, I will take three pieces of Heavenly Soldiers, plus this token!"

Lu Ming took the lead in speaking.

"You choose this token? Your kid will choose!"

Clenched teeth.

"Dan Dan, this token may not be of any use at all. You have studied it. I brought it purely for curiosity. How precious is the Heavenly Dao Bing. I let you get one more. You make a lot of money!"

Lu Ming said.

"Go, go, your kid coaxes the three-year-old kid. This token is extremely mysterious. It was taken out by the last one of that gang, and may contain the secret of heaven. Your kid wants to swallow it alone, don't think I don't know!"

Once he gritted his teeth and stared at the token, he couldn't bear to look away.

"Dan Dan, so, I always feel that I am destined to this token. I hold it first. If I discover any secret in the future, I will definitely take you with me. How?"

Lu Ming said.

He did not want to give this token to Dandan. Seriously, he really had a feeling that this token might be of great use in the future.

This is an intuition!

Once he gnashed his teeth there, obviously he was still reluctant. The last one gnawed and said, "Boy, if you really discover any secrets in the future, you must tell me, otherwise, you and I will never end!"

After all, Dandan selected among the seven Heavenly Dao soldiers.

"Dan Dan, this spear is more suitable for me, the rest is up to you!"

Lu Ming put away one of the spears.

Dandan didn't care, and the Tiandao soldiers in the form of spears were of little use to him.

In the end, Dandan chose four Tiandao soldiers and put them away, leaving two for Lu Ming.

The remaining two pieces, one is a war sword and one is a meteor hammer.

Lu Ming put them all away, satisfied.

This time, I got three Heavenly Path soldiers, which is a huge gain.

"Lu Ming, during this time, I practiced in the Two Realms City. If you find anything, remember to find me!"

Once he had collected his things, his figure flickered and left here.

Lu Ming smiled, then took out two storage rings and looked up.

These two storage rings were obtained from that array of spirits. Lu Ming was curious about what was in it.

Lu Mingling swept across, and his eyes lit up immediately.

The stuff in the storage ring is very complicated and contains everything.

Raw stones, various refining materials, immortality, etc.

"Chaos Stone!"

Lu Ming's eyes lit up. In one of the storage rings, he discovered the Chaos Stone. This time, the number was also staggering, exceeding 10,000.

This is an amazing harvest.

"Also, Avenue Fragment!"

Then, Lu Ming found the avenue fragment again, locked in a box, there are more than 100 pieces.

Even if Lu Ming was prepared, he was overjoyed.

If this wealth is taken out, it will make people crazy.

Get rich, and really get rich.

Lu Ming now has more wealth than many emperors.

The three heaven soldiers are not a joke. You know, most of the heavenly emperors have no heaven soldiers.

"This trip to Void God Island has been very rewarding!"

Lu Ming sighed himself.

This time I practiced for seven or eight years on the Nether God Island, and everyone in Lu Ming has made great progress.

The ten strongest laws, Lu Ming has cultivated eight kinds to the third realm, and there are also three kinds of kingly rules to the third realm.

In addition, "Seven Gods Xuan Gong" was also cultivated by Lu Ming to the fifth mid-term, and his strength was comprehensively improved.

"Unfortunately, if you practice more in it for a while, the remaining two strongest laws may be able to practice successfully!"

Lu Ming sighed.

The ten strongest laws, the law of cause and effect, have only just been introduced, and the law of destiny has not yet been introduced.

Lu Ming's enlightenment laws are dozens of times faster than outside, and Lu Ming is really excited.

It is a pity that I cannot enter in the future.

"I have such a great harvest, it is already very rare, not too greedy!"

Lu Ming smiled, then gathered his things, sat cross-legged, the soul entered the small world, and began to understand the law of cause and effect.

The time flickered and half a month passed.

On this day, Emperor Hengyu arrived. Obviously, all the characters from the Emperor Realm who entered the Void God Island were brought out.

Immediately, Lu Ming told Emperor Hengyu about what happened in the Void God Island.

Chapter 2379: Great Gun

Emperor Hengyu was also amazed to know what happened to Void God Island.

"Senior Hengyu, this weapon is for you!"

Lu Ming moved his hand, and a war sword appeared in his hand.

It is one of the three Heavenly Dao soldiers.

"This is... Tiandao Bing!"

When Emperor Hengyu saw the war sword, his eyes lit up suddenly.

"Exactly!"

Lu Ming smiled.

"Lu Ming, Dao Bing this day, is too expensive. If you sell it, the price is immeasurable, I cannot accept it!"

Although Emperor Hengyu kept his heart on, he shook his head.

This is Lu Ming's adventure, how can he take it?

"Senior Hengyu, accept it. I have a great harvest this time. I also have the Tiandao soldiers I used. This war sword is useless for me to keep!"

Lu Ming said.

Indeed, this time he has gained a lot, and has all kinds of resources.

There is no need to sell Tiandao soldiers, he does not lack resources.

And he walked all the way, Hengyu Tiandi was too helpful to him, especially Tiandi flesh, helped Lu Ming to turn the danger into danger many times, and sent a Tiandao soldier to Hengyu Tiandi, it should be.

Seeing Lu Ming's firm attitude, Emperor Hengyu hesitated for a moment and then put it away.

"Lu Ming, what do you need, despite the opening, I can do it for you!"

Hengyu heaven and earth.

"Senior Hengyu said seriously!"

Lu Ming said quickly.

Hengyu Tiandi carefully looked at the war sword in his hand, and the more he looked, the more he liked it, and there was a smile on his face.

His cultivation base is that in the Samsung Emperor Realm, with this Heavenly Daoist soldier, his combat power will explode. Even if he meets the peerless strong of the four-star Heavenly Emperor, as long as the opponent does not have Heavenly Daoist soldiers, he can contend.

Even, he can use the Heavenly Dao in the Heavenly Dao Bing to make Xiuwei one step closer, breaking through the bottleneck, breaking into the four-star Heavenly Emperor, and becoming a peerless powerhouse, a figure of Heavenly Realm and Heavenly Respect.

This Heavenly Dao soldier has too much effect on him.

After a while, Hengyu Tiandi took away the Taoist soldiers, then chatted with Lu Ming for a while, and left.

He needs to refine the heavenly soldiers as soon as possible, so that he can exert his power.

After Emperor Hengyu left, Lu Ming went to the Hall of Chaos again, and gave the remaining piece of Heavenly Path Soldier, that is, the meteor hammer, to Tuyi.

When Tu Yi got the Heavenly Path Soldier, he was naturally ecstatic.

In fact, the Chaos Hall also has Heaven Dao soldiers left, but there are only two pieces in total, which are not suitable for one purpose.

One is in the hands of Jin and the other is in the hands of Lei. Others have long been envious of it. Now that Tu gets one, he is naturally overjoyed and grateful to Lu Ming.

Lu Ming smiled, and Tu Yi and others completely obeyed him. The stronger the strength, the better for him.

After Lu Ming returned to his residence, his thoughts moved, and he entered the mountain and river map.

Then, a spear appeared in his hand.

This spear is the Heavenly Soldier.

boom! boom!

All of Lu Ming's power exploded, the power of the flesh, the power of the world, and the power of the law all exploded. The spear radiated a brilliant light and swept out.

The void is broken and broken in an instant, the endless space storm roars, it is almost ruined.

"Cool, great!"

Lu Ming stopped a few times in a row.

With his current cultivation practice, it is naturally impossible to exert the power of the Heavenly Daoists, nor to inspire the power of the Heavenly Dao.

However, the material of the Heavenly Dao Bing is solid and immortal. Once excited, it is heavier than the mountains.

Lu Ming can explode all his powers unscrupulously.

Previously, Lu Ming condensed the Infinite Dragon Gun with the law, and could not completely let Lu Ming's power explode. At least the power of the flesh could not be fully exerted. Once a too strong collision occurred, the Infinite Dragon Gun would collapse.

Therefore, Lu Ming often uses his fists to fight the enemy, in that case, he can better display his strength.

But now, with this spear, Lu Ming can explode with all his strength.

Moreover, the increase in the spear has somewhat increased Lu Ming's combat strength.

There are three words on the handle of the spear: Dahuang Gun!

"Da Huang Gun, accompany me to the world!"

Lu Ming smiled, then put away the Great Waste Gun.

"After a while, go back to Yuanjie and see!"

Lu Ming thought.

It has been many years since he entered the heaven from the Kowloon City of the Shenhua Continent, and now his strength has improved rapidly. It is time to go back and see.

In addition, some accounts should be calculated.

Such as the Heng family in the Emperor City, the He family, and Daluo Tianzong.

Mujia in the Land of Destiny.

These people, when they wanted to put him to death, it was time to liquidate.

However, before Lu Ming went back, he planned to find Bubble, Dragon Chen, and Phoenix Spirit. Now he has too many resources in his hand, and he intends to give them some, so that their practice speed can also be improved.

Lu Ming found a few acquaintances and asked them about the news of Bubbles and others. While inquiring, he waited.

At this time, in a hall of the Lan family, the senior members of the Lan family and the senior members of the Yan family were discussing matters.

"Lu Ming, bullying too much!"

The Lanjia Tiandi Blue City gave a roar, filled with endless murderous opportunities.

The same is true of the rest of the Lan family, but they are still frightened in their eyes while exuding the killing.

Because, in the Nether God Island, the news about some of the great emperors of the Lan family who were killed by Lu Ming has been known to them.

After all, a lot of people were alive on the side of Heaven Realm, and as soon as they came out, they passed the news to the Lan family.

Upon hearing this news, the senior blue family was shocked and immediately summoned the senior officials to discuss matters with Emperor Yan Jiatian.

"Homeowner, what should I do now?"

Someone asked Blue City.

"Kill, you must kill, you can't let Lu Ming grow up, otherwise, we will all die!"

Lancheng said coldly.

"silly!"

At this moment, an old voice sounded, making everyone's face changed.

At the next moment, an old man with white hair and sackcloth appeared in the hall.

Everyone in the Lan family quickly got up and bowed to salute: "See the ancestor!"

The Emperor Yan of the Yan family also got up to salute and said, "See Lord Tianzun!"

Above the four-star Heavenly Emperor, known as Tianzun.

The ancestor of the Lan family looked at everyone, and finally landed on the blue city, saying: "Now, do you still want to kill Lu Ming?"

"Ancestor, Lu Ming killed so many great emperors of our Lan family, why would we not kill him, and let him go on like this, our Lan family is in danger!"

Blue City Road.

"Oh, how about you kill it?"

The ancestors of the blue family.

"How to kill?"

Blue City froze.

"Is it safe to send the emperor with Lu Ming's current strength? The emperor is not sure. Do you and I personally take action? If you and I do, in case someone is noticed, will the emperor behind Lu Ming go crazy?"

"Also, everyone in Heaven Realm now knows that Lu Ming has enemies with my Lan family. If Lu Ming was secretly killed by someone else, would anyone else suspect that we did it? Those Heavenly Emperors behind him might also kill us directly Blue Family!"

The ancestor of the Lan family said coldly.

Chapter 2380: Blue family guilt

Lan Cheng's face was pale, and he said, "Ancestor, what should we do? Do we sit still and die?"

"Confused, now we and Lu Ming haven't reached the point of endless death, so, please guilty, we ask Lu Ming for guilt, reconcile with him, and resolve the grievances of both parties, this is the best policy!"

The ancestors of the blue family.

"Please guilt, we guilty, we were killed by Lu Ming so many people, but also we guilty!"

The blue city shouted unbelievably.

At the beginning, in the Blue Moon City, Lu Ming not only destroyed their plan, but also killed the top blue arrogant Lan Yun of the Lan family in public, as well as many real emperors of the Lan family.

This time, on the Nether God Island, Lu Ming killed many emperors of the Lan family.

The Lan family can be described as a heavy loss!

Now, their blue family, should actually ask Lu Ming for guilt?

They are really difficult to accept.

"If you don't do this, what better solution do you guys have?"

The ancestor of the Lan family said coldly.

Lan Cheng and others showed confusion.

Indeed, besides this, are there any better ways for them?

"This son of Lu Ming, who is astonishingly talented, possesses supreme luck, but he is the protagonist of the suppression of an era. Such characters have also appeared in history. When you grow up and kill, otherwise you will be the one who perishes!"

"Now, Lu Ming has become a climate, and there are a lot of strong men standing behind him. By that time, enemies against him are unwise, stupid, and self-defeating. Now the best strategy is to deal with him. Resolve the grievances, so that our blue family can continue to survive!"

"Otherwise, our Lan family will, like those forces that have already perished, disappear forever in the long river of history, pass me orders, prepare a grand ceremony, and plead guilty to Lu Ming!"

After speaking, the ancestor of the Lan family directly issued an order.

...

On this day, Lu Ming was practicing, and suddenly Emperor Hengyu came to him.

Emperor Hengyu looked strangely at Landing.

"Senior Hengyu, what is it?"

Lu Ming was a little hairy seen by Hengyu Tiandi.

"Ha ha ha, of course it's a good thing. Just now, the blue family and blue city asked me to bring you a message, saying that the blue family and the Yan family want to ask you to sin, and prepare a generous gift, and ask you to forgive, and want to resolve your grudges!"

Emperor Hengyu smiled.

"What?"

Lu Ming was shocked when he heard that, his face became strange.

He did not expect that Lan Jiaran would ask him to guilt and resolve his grievances.

He thought that the Lan family would secretly send someone to kill him.

"The people of the Lan family are a bit brave!"

Lu Ming smiled.

Obviously, the Lan family already knew about the Void God Island, and he must have been shocked by his progress.

Lu Ming's rate of progress is too horrible. If this continues, it will not be long before he becomes an unmatched figure.

Lan family, this is afraid!

"Haha, I didn't expect that the Lan family would have such a day. This is a big deal, Lu Ming. What is he going to do? Accept or not?"

Emperor Hengyu smiled.

"Since they are so sincere, why don't they accept it? However, I am also conditional. Senior Hengyu, please give me a message to the Lan family. If you want to ask sin to resolve the grudge, I have two conditions!"

"First, Lan Family and Yan Family, prepare 500 Chaos Stones!"

"Second, the Lan and Yan families, want to publish this matter to the world, and then in the two realms, ask me to confess guilt in public!"

"I will promise these two conditions, otherwise I will avoid talking!"

Lu Ming said.

To be honest, Lu Ming doesn't really care about the 500 chaotic stones. He has more than 20,000 chaotic stones on his body, as well as more than 20,000 pieces of Hongmeng stone.

Five hundred chaotic stones are nothing more than nine cows.

However, the five hundred chaotic stones are nothing to Lu Ming, but it is enough for the Lan and Yan families to bleed.

"Hahaha, I will tell them your conditions, I really want to know their expressions!"

Emperor Hengyu laughed and turned to leave.

In the Lan Family Hall, the angry roar of Blue City came out.

"Five hundred chaotic stones, why didn't he grab it?"

"Also, telling the world, guilt in public, the beauty he thinks about, where will our blue family face go in the future?"

Blue City's eyes were blood red, like a crazy male lion.

Emperor Yan's face was not much better.

Others in the Lan family also looked ugly, but did not speak.

Now, do they still have a way out?

Weak flesh and strong food, who makes them weak?

"Promise him!"

The ancestor of the Lan family spoke indifferently.

"Ancestor..."

Blue City shouted, extremely unwilling, and his eyes were red.

"You want to die, don't hold the Lan family together!"

The Lan family ancestor glanced coldly at Lan Cheng.

Blue City shut up immediately, his chest undulating rapidly, and after a long time, he sighed.

Of course he doesn't want to die. He is the emperor of heaven, without disaster and without disaster.

Before, I just couldn't let go of this face.

"how do you say?"

The ancestor of the Lan family looked at Yan Jiatian again.

Emperor Yan Jiatian sighed and said, "Whatever the Lan family will do, I will do the Yan family!"

"it is good!"

"Subpoena, tell the world, my blue family, ten days later, in the two realms, ask Lu Ming for guilt and resolve the grievances with Lu Ming!"

The blue family ancestor gave the order.

Then, a message, like a whirlwind, spread throughout the heavens and caused a great shock.

Everyone was dumbfounded.

The Lan family and the Yan family actually wanted to blame Lu Ming in public and resolve their grievances with Lu Ming.

An ancient family with a peerless strongman who wants to sue a younger generation has never happened since ancient times.

Celestial Realm, Taiqing Celestial Territory, seems like a dozen earthquakes.

Everyone is talking about this.

Many others rushed to the Two Realms City and wanted to witness this matter with their own eyes.

For a time, countless people gathered in the two worlds.

Soon, the time agreed by both parties has arrived!

On this day, in a huge square in the Two Realms, a crowd of people gathered in countless figures.

The human race, as well as the various races of the gods and beasts, have all turned into humanoids to see the excitement.

"My hair, Lu Ming is so good, if I can get to this point, I will die without regret!"

Among the crowd, the unscrupulous monk pronounced the Buddha's number and envied it.

"Master, the monks are not empty, don't you care about fame and fortune?"

Someone asked.

"That's other monks, not me!"

The unscrupulous monk has a thick skin.

Around, Longchen, Huang Ling, Ouyang Wushuang and others despised.

They also heard the news, hurried to see the excitement, and met Lu Ming by the way.

"Lu Ming is here!"

Some people shouted, and everyone looked in the same direction.

Over there, Lu Ming came out of the air and landed on the square.

At this moment, Lu Mingwan attracted much attention.

"Brother Lu Ming!"

A figure flashed, and bubbles appeared on Lu Ming's shoulders.

I haven't seen it for years, and the bubble seems to have grown up a bit.
