

D Emperor 2381

Chapter 2381: Huiyuan

"I haven't seen you for many years. Your cultivation is very fast!"

Lu Ming touched the head of the bubble.

Not seen for many years, Lu Ming found that the cultivation practice of the bubble was abruptly approaching the peak of the true emperor. This kind of cultivation practice, in the younger generation of Heaven, I am afraid that there are not many people who can be enemies.

The speed of such cultivation is already terrifying. Of course, it is still incomparable with Dandan.

After all, after all, it was the world turtle of ancient times, and although the bubble is a top ten fighting beast, it is new, and everything must be understood by itself.

"Not as good as Brother Lu Ming!"

Bubbles hung around Lu Ming's neck, dangling.

"Lan family, the Yan family are here!"

At this moment, a voice came, and many people looked in one direction.

There, a group of people flew into the air.

It is led by the ancestor of the Lan family, a peerless strong man.

Behind the blue family ancestor, followed by the blue family owner blue city, and Yan family heaven emperor.

In the back, there are some high-level two.

The upper levels of the Lan and Yan families were almost here. They landed on the square and approached Ming Ming.

Ancestor Lan's face was full of smiles, Ming Ming fisted to the landing, said: "We are late, brother Lu Ming forgive me!"

"polite!"

Lu Ming spoke with a faint smile on his face.

"There is not much gossip about the old decay. I came here today to indemnify the younger brother Lu Ming. Over the years, the Lan family has done too much in some respects and has offended the younger brother Lu Ming. Please also ask Lu Ming. Little brother Haihan!"

The Lan family ancestors clenched their fists.

Even though it was known that the Lan family was going to indemnify, at this time, seeing the amiable ancestor of the Lan family talking to Lu Ming, many people were still in a daze for a while, suspected in their dreams.

You know, the ancestor of the Lan family is a peerless strongman, the four-star Heavenly Emperor.

These characters have already stood at the peak, and their fighting power is shocking. Now, they whispered to a younger generation to make a guilt, which is rare in ancient times.

But Lu Ming did not want to accept each other's guilt so easily.

"Oh, I would like to know, in what ways do you offend me? Lord Lan, would you like to help me remember?"

Lu Ming sneered and looked at the Blue City.

Lan Cheng looked ugly.

However, he still squeezed out his smile and stepped forward, saying: "In the past, the Lan family did offend Lu Ming's brother in some places. Please forgive me!"

"Forgive me? What you said is an understatement. I asked you, what offended me. Make it clear one by one. Speak it out. Do you not understand?"

Lu Ming said coldly.

Lancheng was so angry that if other juniors dared to talk to him like that, he slapped him directly.

But Lu Ming didn't dare.

He bet that there are probably many emperor figures in this neighborhood. Once he starts, he will be shot dead.

In the end, he could only hold back his anger and answer honestly.

"In the beginning, it was my blue family, Tianjiao Lanyun, who offended the younger brother Lu Ming and repeatedly aimed at the younger brother. The two sides complained!"

Blue City answered honestly.

"anything else?"

Lu Ming asked.

"Also, also, I was blinded by greed for a while, coveting your immortal ancient scriptures, and sending people to kill you on the battlefield outside the two realms!"

As soon as Lancheng gritted his teeth, he also said the matter.

He knew that the reason why Lu Ming made them publicly guilty was to make everything public, and he would not say today that Lu Ming would definitely not give up.

As soon as this remark came out, the audience was in an uproar, and everyone suddenly realized.

At the beginning, the Lan family said that Lu Ming hunted the Celestial Powers on the battlefield of the True Emperor in order to win the treasure. All this was framed.

Everything is because of the Blue City, the Emperor Yan Jiatian coveted Lu Ming's immortal ancient scriptures and wanted to kill Lu Ming.

"Despicable, really mean!"

"It turns out that this is the face of the Lan family, despicable villain, we are all cheated by him!"

"I already knew that Lu Ming would not do such a thing!"

Many people roared and glared at the Lan family.

Lancheng's teeth gurgled, but now, such bitter fruit can only be swallowed by himself.

Who offended him was such a perverted Lu Ming.

"Lan's family is offended, please ask Brother Lu Ming for forgiveness!"

"Yan's family is offended, please ask Brother Lu Ming for forgiveness!"

The Blue City and Emperor Yan Jiatian clenched their fists and saluted Lu Ming.

"Brother Lu Ming, here is a little thought from the Lan and Yan families. Please accept it!"

The ancestor of the Lan family made a smile and took out a storage ring. With a wave of his hand, the storage ring slowly flew to Lu Ming.

Lu Ming reached out and took it, swept his consciousness, and found that it was exactly five hundred chaotic stones.

"Remember, people don't commit me, I don't commit anybody. The previous things can be cancelled in one lump, but if they commit me again in the future, I will die and wait for the door!"

Lu Ming put away the storage ring and turned away, no longer glancing at everyone in the Lanjiayan family.

"Phoenix Ling, Long Chen, Brother Ouyang... How about we have a drink, the harvest is good today!"

Lu Ming looked to Long Chen, Huang Ling and others.

"My hair, drink it, be sure to drink it, and drink it!"

The unscrupulous monk shouted first.

"You monk drink a fart!"

Famine force despised, everyone laughed, in the laughter, a group of young people left here.

Lu Ming bought a lot of fine wine and came to Lu Ming's place of residence. Lu Ming took out a lot of gods and beasts.

Over the years, Lu Ming has hoarded a lot of blood of the gods and beasts, all of which are above the emperor level. Everyone started to do it. Soon, this place is full of meat.

Everyone stuttered meat, drank a large bowl of wine, and talked about the interesting things encountered in these years.

During this period, Lu Ming took a lot of resources and distributed it to everyone.

Such as the top grade original stone, Hongmeng stone and chaotic stone.

Everyone began to push back because it was so precious.

But when Lu Ming took out a bunch of them, they did not refuse anymore, and everyone accepted some of them. These resources, indeed, can greatly speed up their cultivation.

Until the evening of the next day, the crowd dispersed.

"It's time to go back to Yuanjie!"

Lu Ming whispered, and then found Emperor Hengyu, asking about the way back to Yuanjie.

It is relatively simple to travel to Yuanjie in Taiqing Tianyu because there are many passages.

There are such passages in the two world cities.

Lu Ming was alone, and Hengyu Heavenly Emperor, came to a valley, where there were strong guards.

In the valley, the space is extremely unstable, and the cracks in the space continue to emerge. It can be clearly seen that behind the cracks in the space is a void channel.

This passage is not large, but it is enough to accommodate dozens of people passing at the same time.

"Senior Hengyu, take care!"

Lu Ming clenched his fists, and then stepped out into the crack of space. Under a flash, Lu Ming came to the void channel.

Lu Ming stepped forward, as if to see the endless void, passing by him.

I don't know how long after that, a bright light appeared in front, Lu Ming rushed out and found him standing in a high altitude.

Below, is the boundless earth.

Yuan Ming, Lu Ming is back!

Chapter 2382: Three concerns

Lu Ming stood at high altitude and looked around, all below the vast mountains.

"According to Senior Hengyu, this should be the place of Yuanshan, that is, I don't know where is the place of Yuanshan, and find someone to ask!"

Thinking of this, Lu Ming's figure moved, directly breaking through the space, traveling through the void, and the speed was almost extreme.

After a few minutes, Lu Ming saw a city, went in and asked, and found that it was north of Yuanshan.

Lu Ming found a large force nearby, and borrowed the opponent's teleportation array to go to the ancient moon holy land, one of the nine holy sites in the land of Yuanshan.

In less time, Lu Ming returned to the ancient moon holy land.

When Lu Ming walked out of the teleportation field outside the ancient moon holy land, it immediately caused a shock and was recognized by the people nearby.

Lu Ming is very famous in the ancient moon holy place.

At that time, Lu Ming united with more than ten powerful forces in the ancient moon holy land, and at once wiped out the wind clan, as well as the powerful forces of the Sirius Tower, Jinwu family, Wanjia, etc., let the forces of the ancient moon holy land reshuffle and change the ancient moon holy land. Pattern.

Lu Ming is in the holy land of the ancient moon.

However, after that, Lu Ming disappeared, and now after many years, Lu Ming reappeared, naturally causing a sensation. Not long after, all forces in the ancient moon holy land knew that Lu Ming was back.

At this time, Lu Ming had come to the Dayan Dan Temple and saw Kong Bo.

After many years of absence, Kong Bo seems to be older, with wrinkles on his face.

Kong Bo's cultivation practice should be the two-star emperor, but according to Kong Bo's statement, he was seriously injured in the last sky-tribulation, hurting the origin, and has not recovered so far, so the combat power is only a little stronger than the one-star emperor. But did not force too much.

Otherwise, Da Luo Tianzong's Tian Luo Great Emperor dare not arrogant in front of Kong Bo.

But now, it is not many years since Kong Un is the next sky-tribulation. In his current state, Kong Un can't pass it.

"Master, your cultivation base is..."

When Uncle Kong saw Lu Ming, Lu Ming felt extraordinary.

Lu Ming's cultivation practice, although it was only the peak of the true emperor, but his blood was extremely thick, like a wild beast, giving a terrifying feeling.

Even if it is empty, I feel the strongest pressure.

This shocked Kong Bo and was overjoyed at the same time.

The stronger Lu Ming is, the happier he is naturally.

"Uncle Kong, I went to Heaven Realm some time ago and got some adventures. I practiced the archaic body training. The flesh is already equivalent to the Great Emperor Realm!"

Lu Ming said briefly, Kong Bo was more happy.

"Uncle Kong, haven't the Mujia come to trouble these years?"

Lu Ming asked.

When an emperor of the Mu Family died here, he was always afraid that the Mu Family would come to trouble.

"The Mujia wanted to find trouble and avenge the Mujia emperor, but a powerful force in the Divine Land intervened. The Mujia have been scrupulous in these years and have not started!"

Uncle explained.

Lu Ming nodded and said, "Makujia, it's okay if you don't come. If you don't give up, I can only go to Mujia!"

After saying that, a storage ring appeared in Lu Ming's hand and handed it to Kong Bo, saying, "Kong Bo, this is for you!"

"this is..."

Uncle took it, swept the consciousness, and couldn't help widening his eyes.

"The shard of the avenue, this is the shard of the avenue, the lord, these treasures, it is too wasteful for me this old guy, or the lord himself keeps it!"

Uncle Kong quickly handed the storage ring to Lu Ming.

Lu Ming smiled and said, "Uncle Kong, please accept it. I have a lot of fragments of the avenue. I have enough for myself!"

But Kong Bo still wanted to return the fragment of the avenue to Lu Ming, but Lu Ming's attitude was firm, and finally Kong Bo accepted it.

Lu Ming gave Kong Bo a total of 18 pieces of avenue fragments, enough for Kong Bo to impact Samsung Emperor and even the Four Star Emperor.

As long as Kong Boxiu breaks through, his injuries will heal naturally, and he will be able to survive 100% in the face of the next Sky Tribulation.

Next, chat with Kong Bo for a while.

The next day, Lu Ming went to meet some old people.

Lu Ming, a holy place in the ancient moon, also had some friends, such as Mu Qingxue and Ye Dongfang. Their talents were limited and they did not go to heaven.

Lu Ming stayed in the ancient moon holy place for more than ten days. Talking with these friends about martial arts, Lu Ming's current state and insights into the rules are simply unfathomable to Ye Dongfang and others.

Lu Ming's random dialing can make them feel better and benefit greatly.

More than ten days later, Lu Ming left some resources for Ye Dongfang and others, and then said goodbye to Kong Bo, left the ancient moon holy land, and headed towards Cangzhou.

When he came back from this trip, the important thing was to go back to Cangzhou, go back to the God Wasteland and take a look, and then transfer relatives and friends to the place of cultivation.

...

A few days after Lu Ming returned to the ancient moon holy land, this incident spread to the ears of the Heng family in the Tiandi city, the He family, and Daluo Tianzong in the ancient holy land.

The He family and the Heng family were originally enemies, but now they are gathered together to discuss matters.

In a hall of the Heng family, there were Hejia the Great, Heng's the Great, and Tianluo the Three.

"The two, Lu Ming disappeared for many years, and now suddenly appeared, I am afraid it is not good for us!"

Emperor Hengjia spoke, his face dignified and dignified.

"Lu Ming can't become an emperor, he is not afraid of himself, but he can control the body of Tiandi, which is indeed a troublesome thing!"

Tianluo Emperor said that at that time, he had seen the power of the Emperor's flesh, even the two-star Emperor of the Mu Family was beheaded.

"What should we do then? We all wanted to kill him at that time, and Lu Ming was already a deadly enemy. He would definitely not let us go!"

Emperor He family said.

The three men looked dignified. For a time, they didn't know what to do.

The three of them are one-star emperors, but Lu Ming controls the body of the emperor, and even the two-star emperor can be killed. Even if they join forces, they are all dangerous.

At this moment, someone outside reported that there was significant news, and the Heng Family Great Emperor let the man in.

"Homeowner, Master Xinghe is back!"

An old man came in and said excitedly.

"Xinghe is back, hurry, please!"

Emperor Hengjia was overjoyed.

The Stellar River traveled to the Heaven Realm for a few decades, and now it is back. I don't know what the realm is. The Heng Family Great Emperor is looking forward to it.

The three met out together and soon saw the Stellar River.

The stellar river stands alone, with a feeling of standing above it.

"The three great emperors are there, just right!"

Seeing the three great emperors, the stellar river just nodded lightly, without the kind of respect that year.

He had seen too many great emperors in the realm of heaven, and heaven emperors had seen many of them. Naturally, there was no such awe for the emperor.

The three emperors of the Heng family were not surprised, because Lu Ming was shocked when he saw the Stellar River.

"True Emperor, Xinghe, have you broken through the real emperor realm?"

Emperor Hengjia said excitedly.

"Just broke through not long ago!"

Stellar River nodded, with a faint pride on his face.

"Okay, hahaha!"

Emperor Hengjia laughed and excited.

On the side, Emperor He and Emperor Tianluo were envious and jealous.

So young, you have reached the real emperor realm. This kind of talent is simply amazing. Breaking into the emperor in the future is a matter of rigidity, even higher.

How could the Heng family be so envious when they were so proud?

Chapter 2383: Stellar River Master and Apprentice Conspiracy

"Xinghe, my Sun Cangqiang, didn't you come back with you?"

Tianluo Emperor said, there are some expectations.

The stellar river stepped into the real emperor, then, his grandson Luo Cangqiang, to what level, he looked forward to it.

"Luo Cangqiang, dead!"

The stellar river spoke lightly.

"what?"

The emperor Tian Luo was trembling in his heart, his pupils contracted sharply, and at the next moment, his eyes turned red, and he growled: "The sky is dead? How is it possible? How did he die?"

"Slain by Lu Ming!"

Stellar river.

At this point, he did not lie. At that time in Luoguang Ancient City, Luo Cangqiang was indeed killed by Lu Ming.

"Lu Ming, Lu Ming, and Lu Ming again!"

Tianluo Emperor roared, eyes red, full of endless murderous opportunities.

Lu Ming, his two great arrogants, Luo Tianzong, both died in Lu Ming's hands. At that time, he was also injured by Lu Ming.

Damn it, **** it!

Emperor Tianluo roared in his heart. Of course, as for why Luo Cangqiong and others would die in Lu Ming's hands, he would not care.

"Today, you are together because of Lu Ming's thing. I heard the news and Lu Ming returned to Yuanjie, didn't he?"

The stellar river then spoke.

"Return to Yuanjie? What do you mean? Did Lu Ming also go to heaven?"

Emperor Heng's face changed.

"Not bad!"

Stellar River nodded.

"How is it possible? Isn't it that Lu Ming can't become an emperor and can't go to Heaven Realm? How did he go to Heaven Realm?"

Emperor Hengjia and Emperor Hejia were very surprised.

"I don't know how he got to heaven, but he did come to heaven, otherwise how could Luo Cangqiang die in his hand?"

"Moreover, Lu Ming has become an emperor in heaven!"

Stellar River Road, said here, he looked a little somber.

"What? Lu Ming became an emperor. How could he control multiple laws at the same time, as well as different strongest laws. Heavenly Emperor said that he could not become an emperor, how could he become an emperor?"

The three emperors of the Heng family shouted in surprise.

"Not only has he become an emperor, Lu Ming's current strength is extremely amazing, and he can already fight against the emperor!"

The stellar river said coldly.

Hiss...

This time, Emperor Hengjia, Emperor Hejia and Emperor Tianluo took a breath and were shocked.

Lu Ming, not only became an emperor, but also a battle with the emperor, what is this metamorphosis? There was a huge wave in their hearts and it was difficult to calm down.

How to do?

Several emperors of the Heng family were anxious.

The stronger Lu Ming, the more dangerous they are.

Lu Ming came back this time, will they just come to trouble them? The more they think, the more urgent.

In fact, Stellar River also concealed some things.

For example, Lu Ming's combat power.

Because there are rumors recently, Lu Ming's combat power has been able to kill the four-star emperor. With such terrifying power, the Hengxing River did not speak out, fearing to scare the Heng family emperor.

"This person, Lu Ming, is too perverted. If he is allowed to grow up like this, we will die in the future, so we must get rid of him first while he is not yet strong and outrageous!"

In the eyes of the stellar river, there was a cold glory.

"Get rid of him, how to get rid of it? Now Lu Ming's own combat power can match the emperor, and there is also the physical body of the heavenly emperor. With our strength, how can we get rid of him?"

Emperor Hengjia said anxiously.

The same is true for Hejia Emperor and Tianluo Emperor.

They all wanted to kill Lu Ming, but with their strength, they couldn't do it at all.

"You can find a helper, Lu Ming and the Mu Family in the Land of Destiny, isn't it a dead enemy, we can use the power of the Mu Family to get rid of Lu Ming!"

Stellar river.

Several people's eyes lit up.

"Yes, yes, the Mu Family sent an emperor to the ancient moon holy place to kill him. Unfortunately, Lu Ming used the Emperor's flesh to kill him back. Moreover, Mu Jia's peerless Tianyang Muiyang died in Lu Ming's hands. I want to get rid of Lu Ming more than we do. We contact Mujia, and Mujia will definitely shoot!"

Tian Luo the Great said excitedly.

Luo Cangqiang died in Lu Ming's hands, and Tianluo Emperor's thoughts of killing Lu Ming were so extreme.

"Lu Ming is in the heavenly realm. Is there any backing? After killing him, won't it cause any trouble?"

Emperor Heng's thoughts are more meticulous.

"Relax, I was in Heaven, and I worshipped a master, but he was a strong man in Heaven Emperor Realm. However, his old man was inconvenient to shoot, but he would help us with the aftermath, there would be nothing!"

Stellar river.

"What? Xinghe, you worshipped an emperor as a teacher, good, good, hahaha!"

Emperor Hengjia laughed and excited.

Emperor Hejia and Emperor Tianluo only had envy.

Since the Master of the Stellar River was the Emperor of Heaven, they had a lot of confidence and started to prepare, contact the Mu Family and discuss **** Lu Ming.

That night, the Stellar River came to a hidden place in the Emperor City and met an old man.

This old man is the master of the stellar river, a strong man in the heavenly realm.

In heaven, this old man is known as the Nine Demon Heavenly Emperor.

"Is everything done?"

Nine Devil Heavenly Emperor asked.

"If it is done, the Heng family, the He family, and the great emperor Luo Tianzong will go to the Mujia team to kill Lu Ming!"

Stellar river.

"that's OK!"

Nine Mo Tiandi nodded with satisfaction.

"Master, Lu Ming's performance on the Void God Island is really amazing. With his current strength, even with the Mu Family, it is not easy to kill Lu Ming!"

Stellar river.

"I didn't plan to let them kill Lu Ming, just let them try and test Lu Ming's side. Is there any Emperor Tian followed, if not, the teacher will naturally kill him personally!"

Nine Demon Heaven Emperor spoke, a cold light flashed in his eyes.

"Master, now behind Lu Ming, there are more than ten emperors standing, even if we kill him, those emperors might not let us go!"

"And the Heng family, I am afraid it will be destroyed!"

The Stellar River is somewhat tangled.

"Stupid, to return to the women's benevolence now, how can you achieve great things without sacrifice? It is important for the Heng family or your own future that people do not die for themselves."

Emperor Nine Demon scolded.

Stellar River's face changed, revealing a bit of fierce color, said: "Master, I understand!"

"Well, to do great things, a little sacrifice is inevitable. Lu Ming's son, with great luck, has come all the way, I am afraid that he has obtained countless adventures, as long as I kill him, get the adventures in him, and treat him The immortal ancient scriptures in the soul are stripped out, and then we, the teacher and the disciples, will find a place to hide, who can find it?"

"We hid and practiced, and the evil **** clan and heaven were killed and killed. As long as we have great skills and invincible strength, no matter which party is in charge of this heaven and earth, we will have our foothold!"

Nine Demon Heaven Emperor said, the cold light in his eyes was more intense.

"Master, Tu'er everything listens to Master's instructions!"

In the eyes of Stellar River, the look of expectation also appeared.

"Lu Ming, all your adventures will be mine!"

The stellar river shouted.

Chapter 2384: Shift position

A few days later, Emperor Hengjia, Emperor Tianluo, and others contacted the Shangmu family, and the two of them would naturally hit it off.

However, the Mu Family seemed to be more cautious, and they planned to invite the killer of the Death Kingdom to assassinate Lu Ming.

In this way, several people, Hengjia Emperor and Tianluo Emperor, were naturally overjoyed.

The death of the kingdom of death can save them a lot of trouble.

Lu Ming naturally did not know all this.

He stayed in the ancient moon holy land for more than ten days, and then headed towards Cangzhou. At his speed, soon, he came to Cangzhou.

Today, Cangzhou is all under the control of Longshen Valley, a prosperous scene.

Lu Ming flew directly towards Dragon Valley.

At this moment, Dragon Valley is in a meeting.

On the top of a mountain, there is an empty square. In the middle of the square, there is a battle platform with two figures on it, fighting each other.

If Lu Ming is here, he must be able to recognize at a glance that a figure on the battle platform is the fat man flying in, and the other person is Lu Ming's brother, Tian Hao.

The attacks of the two were straight and straight, and they were tough.

boom! boom!

One person was holding a battle axe, and the other was holding a giant hammer, and the constant bombardment stimulated terrible energy.

I haven't seen it for many years. The training of air advancement is a big advancement. It has broken through the great holy realm. However, Tian Hao is naturally stronger than air advancement.

There were many people sitting on the edge of the battle platform.

Master Lu Ming, Lord of Yunlong Valley.

There are also Xie Chao of Shenhua Continent, Jiuyang Supreme, Yan Fanatic and others.

Longshen Valley sent people to the Shenhua Continent, the two places have been connected.

There were dozens of battles between Skywalker and Skyhammer. Skywalker was completely suppressed. Finally, Skyhammer slammed on the ground with a hammer, and his body was trembling.

"Don't fight, don't fight, I'm not your opponent, I will fight again later!"

Cried into the air.

"Aren't you arrogant before, hahaha!"

Tian Hao laughed.

"Well, it's not normal for you to cultivate in Yuanlu since you were young!"

Skimming into the air.

"Haha, fat man, are you beaten up?"

Just then, a clear laugh came from the air.

Hearing this laughter, the fat man glared, then exulted, yelling: "Lu Ming, haha, it's you Lu Ming, where have you been all these years?"

At the same time, Tian Hao, Lord Yunlong Valley around the battle platform, Xie Chao, Xia Jiuyang and others, their eyes are also bright, looking towards the sky.

There is no one in the sky.

But at the next moment, a figure flashed, and Lu Ming's figure appeared out of thin air.

No one could see how Lu Ming appeared.

"Lu Ming, really Lu Ming!"

Many people were overjoyed and took off.

"Master, Senior Xie, Senior Jiuyang, Brother Yan..."

Lu Ming clenched his fists and saluted everyone.

"Lu Ming, where did you go? For more than 20 years, there are no figures!"

Kong Jin skimmed his lips and walked over to hammer Lu Ming.

"I went to Heaven Realm, no, did you come back to see you!"

Lu Ming smiled.

"skyline?"

Kongjin's eyes lit up and said: "You actually went to Heaven Realm, how are you? How many Masters are there?"

"There are naturally many masters, Emperor Wu walks everywhere!"

Lu Ming said.

Everyone else looked forward to looking forward to it.

"Minger, what happened to your cultivation behavior?"

Yunlong Valley Master asked.

Many people also looked to Lu Ming. They heard rumors that Lu Ming could not become an emperor.

"Master, rest assured, I have become an emperor!"

Lu Ming laughed.

"it is good!"

Lord Yunlong is overjoyed.

"Congratulations to the leader!"

Xie Chao, Xia Jiuyang and others are also overjoyed.

At the scene, rejoice.

"Oh, my parents, are they still in the Shenhua Continent?"

Lu Ming asked.

"No, I have come to Yuanlu. I don't know why. The passage in Kowloon City suddenly collapsed, and the original gas of the Shenhua Continent has thinned down again. Now many people in Longmeng have come to Yuanlu to practice!"

Xie Ran explained.

Lu Ming nodded, as expected.

Subsequently, the news of Lu Ming's return quickly spread out, and Dragon Valley was suddenly full of excitement.

Longshen Valley, the Dragon League people also gathered.

Soon after, Lu Ming met his parents and other acquaintances.

"I came back this time, and I plan to take you to another place to practice in another place with better conditions!"

It was still the square, but this time, countless figures gathered.

Lu Ming stood at the highest place and said.

"Change place? Minger, where are you going?"

Yunlong Valley Master asked.

"The first of the nine holy places in the land of Yuanshan, the Emperor City!"

Lu Ming spoke word by word.

Cangzhou's cultivation environment is still too bad. This time, Lu Ming came back and was shifting his position, facing the Heavenly Emperor City.

The Heng family, He family, and Lu Ming in the Heavenly Emperor City will be removed and used to house the people of Longshen Valley and Longmeng.

"Emperor City!"

Yunlong Valley Lord's eyes lit up. This holy place, for them, is simply unimaginable.

Lu Ming, can actually take them to the Emperor City?

"Now, everyone can enter my small world first!"

Lu Ming said nothing. In Tan Tanaka, a small world emerged. Lu Ming was surrounded by the bright light of the world.

"World Divine Light, Real Emperor Realm, this is Real Emperor!"

"The legendary true emperor!"

At the scene, there was a lot of noise and everyone was shocked and ecstatic.

Especially Lu Ming's father Lu Yuntian and mother Li Ping were ecstatic.

The higher Lu Ming's achievements, the more joy they will be.

For the people of Cangzhou, or Shenhua Continent, the Emperor Xu, it is the supreme existence, not to mention the True Emperor, they have never heard it before.

The small world is getting bigger and bigger, and finally reduced to a hundred miles in size, covering the square.

"walk into!"

Yunlong Valley Master, Xie Chao and others rushed into Lu Ming's small world.

Later, Lu Ming's parents and others also rushed in.

One figure after another rushed into Lu Ming's small world and disappeared.

Soon after, hundreds of thousands of people entered Lu Ming's small world.

When everyone entered Lu Ming's small world, the small world shrank and flew back into Lu Ming's Dantian.

Lu Ming's soul power, condensed in the small world, is no different from a real person.

"It's so rich and original, the original here is stronger than Cangzhou!"

"This is Lu Ming's small world, really broad!"

Everyone looked carefully and flew around curiously.

Lu Ming's small world is as wide as 700,000 miles. Although it is tiny compared to the outside world, it is not worth mentioning, but hundreds of thousands of miles are more than enough to practice here.

When Lu Ming took everyone to the ancient trees of Wudao, everyone was shocked.

Because here, their cultivation speed has skyrocketed, and some people have felt on the spot, and cultivation has made a breakthrough.

Holy land, cultivation holy land, many people do not want to go out.

Chapter 2385: Press

After that, everyone started to arrange.

The owner of Yunlong Valley sent some people to collect some resources of Dragon God in Cangzhou into Lu Ming's small world.

Some elixir, sacred medicine and the like are planted in Lu Ming's small world.

Today, Lu Ming's small world is quite different. After decades of reproduction, the green grass is everywhere, and the trees have fully grown up, even taller than a hundred meters long.

There are also various elixir, holy medicine, dotted between the peaks.

Even, Lu Ming took the time to buy a large number of low-level monsters and sent them into his small world, which made the small world appear vibrant.

It seems that there is no difference from a normal world.

Yunlong Valley Master left a small group of people, staying in Cangzhou, others entered Lu Ming's small world, intending to shift positions.

After Cangzhou was busy, Lu Ming went to Shenhua Continent again.

Lu Ming appeared and the Shenhua Continent shook naturally.

Now that the Shenhua Continent is completely under the control of the Dragon League, Lu Ming asked the senior leaders of the Dragon League to gather all the talented people of the Dragon League.

Then I asked everyone for their opinions. Those who were willing to leave Lu Ming entered Lu Ming's small world.

Naturally, most people are willing to leave.

With the practice, anyone wants to climb higher peaks, leave the gods, and enter a better place for cultivation. Who doesn't want to?

After everything was prepared, Lu Ming left the Shenhua Continent, returned to Cangzhou, and then turned back toward the ancient moon holy land without looking back.

He planned to go to the ancient holy land first, and then go to the Heavenly Emperor City to deal with the Heng and He families.

However, just as Lu Ming was approaching the ancient moon holy land, Lu Ming's eyes suddenly moved.

Because, in the sky, Lu Ming felt a cold killing opportunity.

call out!

At this moment, a sword light, suddenly punctured from the void, the speed was almost extreme.

This sword is a kill in one blow, fast and accurate, and extremely powerful.

In the sword light, there is the breath of the road.

The person who assassinated is an emperor!

As soon as Jianguang came out, the terrible murderous air came, and Jianguang was near Lu Ming's eyebrows.

But Lu Ming, his face was very calm!

He restricted his back. When the opponent's sword light hadn't pierced his eyebrows, his **** had caught the sword light.

Then, the sword light was fixed and it was difficult to move forward.

It was a man in black with a mask on his face and a mask of death.

At this moment, the pupil of the black man contracted sharply.

He was brewing for a long time to kill a sword, and was actually caught by Lu Ming's two fingers, no matter how he broke out, Lu Ming's fingers, his long sword, are difficult to move.

Horror, terrifying strength!

He understands that Lu Ming's strength is too horrible, which is inconsistent with the news they received.

"retreat!"

He yelled, then released the long sword in his hand and retreated as quickly as possible.

He has the cultivation of the Great Emperor Realm, and he is good at speed, and the speed is extremely fast.

However, Lu Ming is faster than him.

Lu Ming's figure flickered and appeared behind him. He stretched out a palm and buckled his neck, and the power of terror poured in. The man in black, whose body was sore, had no kinetic energy at all.

At this moment, he was terrified!

His cultivation base is a one-star emperor.

Taking his cultivation as an example, in Lu Ming's hands, there is no resistance at all. How is this possible?

How could Lu Ming's strength be so strong?

"Reaper Kingdom, hehe, now I want to go, it's too late!"

Lu Ming sneered and looked forward, and then his body muscles shook, his figure burst out, and he didn't know how much distance he rushed out in a flash.

In front, there is also a man in black with a mask of death on his face, running wildly.

This person's cultivation behavior is stronger than that of the black man in Lu Ming's hands. There is actually the cultivation practice of the two-star emperor.

However, he did not dare to stay at all now.

A one-star emperor, in Lu Ming's hands, is as fragile as a baby and can't withstand a blow. Lu Ming's strength is definitely far above that of the two-star emperor.

He had to escape, otherwise, he would be dead.

However, escape is also a dead end.

boom!

Lu Ming banged out with a fist, a terrifying punch, crushing the void, and the man in black, who was running, felt a deadly threat, broke out with all his strength, and cut a sword backward.

This sword is not weak, but under Lu Ming's boxing strength, it is unbearable.

After the fist was crushed, the sword energy collapsed, including the black man himself, also burst under this blow and turned into fly ash.

A two-star emperor was killed by a blow.

The black man in Lu Ming's hands had rounded pupils.

"Damn it, got pitted!"

The man roared in his heart.

According to the news they received, Lu Ming's strength was only equivalent to that of a one-star emperor, but he had a powerful body of Heavenly Emperor.

However, in the eyes of these killers, it is the strength, external force, and uselessness of the other party.

They can kill in one blow, and they can't use it even if they have the flesh of the emperor.

However, Lu Ming's current strength is more than one star emperor.

Even Samsung Emperor is not so strong, it is simply a high-level emperor.

"Reaper Kingdom, hehe, say, who asked you to kill me?"

Lu Ming looked at the man in black in his hand and spoke indifferently.

"You never want to know anything from my mouth!"

Humane in black.

"Oh, is it so!"

Lu Ming spoke lightly, the world's power rolled, the other party's mask turned into fly ash, revealing a pale middle-aged man's face.

boom!

Lu Ming suddenly shot, the law was as powerful as a knife, and he cut off one of the opponent's arms.

However, the other party just groaned without even frowning.

These killers, after rigorous training, are mentally tough and far from others.

What's more, the other party is still a strong in the Great Emperor Realm.

"You don't have to worry about it, kill me!"

The other party looked at Lu Ming coldly.

"Want to die, how can it be so easy!"

Lu Ming whispered coldly, then punched on this person's Dantian.

The terrible power directly tears this person's small world, completely abolishing this person's cultivation.

Xiu was abolished, and the person made a roar, staring at the land with red eyes.

For a great emperor realm, it is harder to die than to die for a lifetime.

"Say it!"

Lu Ming said indifferently.

"I won't say it, you give up!"

The man in black roared.

"If you don't say it, you can only search the soul!"

Lu Ming said nothing, fingers pointing at each other's eyebrows, a powerful force poured in.

He wants to conduct a soul search to find out the secret that the other party knows.

By the way, Lu Ming wanted to find the headquarters of the kingdom of death, and wiped out this force in one fell swoop.

This force is not the first time to send someone to assassinate him.

In that year, he was assassinated by this force before the Battle of the Ten Places. At that time, he almost fell.

If it were not for Xie Nianqing to replace him, that time, he was really in danger.

He had long wanted to get rid of this force.

Chapter 2386: Looking for a helper

Lu Ming pointed his finger at the eyebrows of the man in black. The powerful force and Lu Ming's own soul power poured into the other party's sea of knowledge, rushed to the other's soul, and searched for the soul.

However, when Lu Ming's soul approached the other's soul, Lu Ming's face suddenly changed.

Because, near the soul of the other party, he felt a force of horror and darkness.

As soon as Lu Ming's soul power approached, the dark power burst out, devouring the soul of the black man.

The man in black screamed terribly, struggling violently, and with just a few breaths, his soul disappeared without a trace.

Lu Ming's power receded, his face gloomy.

In the vicinity of the soul of the man in black, the prohibition has been placed. Once someone searches for the soul, the prohibition will erupt and will be destroyed by the soul of the soul-searcher.

No wonder the kingdom of death is extremely mysterious. For many years, no one can find the headquarters of the kingdom of death, it makes sense.

At this point, the man in black has completely become an idiot.

Lu Ming waved his hand, flew the man in black out, and then pondered.

"The kingdom of Bleach will not shoot me for no reason. It should be the killer who asked the kingdom of Bleach, who is it?"

"In Yuanjie, the most likely are the Heng family, the He family, and the Da Luo Tianzong, but the kingdom of death is a huge power in the land of destiny. The master is like a cloud, the Heng family, the He family, and the Da Luo Tianzong does not have this energy. It's the Mu Family..."

Lu Ming turned his thoughts in his heart and reasoned about things in all directions.

"However, it cannot be ruled out that there are other forces who want to get rid of me, or it is the strongest of the heavens who wants to get rid of me. This matter, we must check it clearly. This time, the kingdom of death failed to kill me. Next time, go find someone to help!"

Thinking of this, Lu Ming went on, entered the ancient moon holy land, and returned to the Dayandan Temple, let everyone know that he was back.

Then, he performed Divine Breathing Technique, Yi Rong changed his appearance, went out of the Dayan Dan Temple, and came to the passage where he came back from the Heaven Realm last time.

Through the passage, Lu Ming came to the Taiqing Heavenly Territory and directly transmitted voice to Dandan.

Once and for all, this guy is tricky and has many means, and maybe there is a way to find out.

At the same time, Lu Ming also transmitted sound to the bubble.

Bubble's current time and space laws are already extremely sophisticated and may help.

Soon after, Dandan and Bubble came one after another.

"Brother Lu Ming!"

When Bubble saw Lu Ming, he hung it on his neck.

"Lu Ming, what are you looking for?"

Asked sternly.

It was only a short time before I disappeared, and the cultivation behavior of this guy, Dan Dan, actually broke through and reached the Seven Star Emperor.

"Something for you!"

Lu Ming said.

"Hahaha, this seat knows that you have something to ask me for help. If you look for me, it's the right person. Say, what is it?"

Dan Dan grinned, a triumphant look.

Immediately, Lu Ming said it again.

"Someone killed Brother Lu Ming, the bubble went to destroy them!"

After hearing the bubble, it was extremely uncomfortable.

"Boy, do you want this seat to help you find souls, find the people behind the scenes, and the headquarters of the kingdom of death?"

Asked every day.

"Not bad!"

Lu Ming nodded.

"It's hard to lay a ban in the soul to search for the soul!"

Frowning once and for all.

"Don't you say I found the right person?"

Lu Ming despised.

Dan Dan's eyes glared and said: "How? Underestimate this seat, this seat tells you that although this matter is difficult, but it still can't fail this seat, but this little guy needs help."

After all, he looked at the bubble.

"Bubble help?"

Lu Ming wondered.

"Yes, we'll know by then, let's go!"

Once and for all.

"Wait, just in case, just find two more helpers!"

Lu Mingdao, then, Lu Ming heard another news.

Soon after, the void flashed and two figures appeared.

The two figures are Tu Yi and Lei Yi respectively.

Lu Ming was worried that there was a strong player in the world, so he came to Tu Yi and Leiyi just in case.

"See Young Master!"

Tu Yi and Lei salute.

Immediately, Lu Ming said it again.

"Tu Yi, Lei Yi, the two of you will enter my small world first, so as not to beat the grass!"

Lu Ming said.

"it is good!"

Tu Yi and Lei nodded, then entered Lu Ming's small world.

Lu Ming let Dan Dan also enter the small world, only carrying bubbles, after passing that passage, returned to Yuan Realm, and quietly returned to the Dayan Dan Palace.

Back to Dayandan Temple, Lu Ming stayed for more than ten days before Lu Ming set off and went to Heavenly Emperor City.

This is the time he deliberately responded to the other party.

Lu Ming swaggered and did not hide his appearance and breath.

Sure enough, halfway through, he was assassinated again.

This time, the Kingdom of Reaper dispatched three strong men, and the cultivation was astonishingly high.

One four-star emperor and two three-star emperors.

Obviously, the last time the assassination defeat of the national costume of death, the two strong men never returned, let them be cautious, this time, directly sent three masters.

This lineup, plus the assassination, the four-star emperor is dangerous, there is a great possibility of death.

Unfortunately, they met Lu Ming.

This battle was almost crushed.

The four-star emperor was killed by Lu Ming with a few punches.

The two Samsung emperors were also seriously injured by Lu Ming with one punch.

One of them was scrapped and repaired by Lu Ming, which blocked all actions and threw it on the ground.

Lu Ming pressed the question, and the other party did not say a word.

As soon as the thoughts moved, Dandan's figure appeared.

"Dan Dan, what should I do?"

Lu Ming asked.

"All of their souls are banned. It is very difficult to search for souls. When they move close to their souls, their souls will self-destruct, so my method does not pass their souls!"

"Every creature has an infinite number of meridians in their brains. Some meridians, called meridians, have a memorizing effect. My method is that I control this person's consciousness through the formation method and let the bubbles spread for time. Looking back, through the memory nerve of this person, see what happened in the past!"

Dandan explained.

Lu Ming's eyes lit up, indeed, this method is absolutely feasible.

With the bubble now controlling the law of time and space, it is possible to trace back time without any problems.

"you guys..."

On the side, the Samsung Emperor who had not been scrapped was frightened and wanted to struggle, he was trampled to death.

Then, Dandan began to set up.

Runes, did not enter the other party.

After a while, the other person's eyes were loose, as if he was demented.

"Small, shoot!"

Shouted.

"Tweet!"

Bubble shot, the powerful force of time, enveloped the man in black, and then, once waved his hand, a picture appeared in the void.

These pictures are the memory pictures of the other party.

Such as the pictures of the other party ambushing Lu Ming, the pictures of coming here on the road and so on.

Picture after picture, it seems as if time is going backwards.

Chapter 2387: Enter the City of Heaven

Once in a row, control the consciousness of the other party, backtrack the time when the bubbles are added, and project the memory picture of the other party.

Soon after, Lu Ming saw a picture.

It is the man in black who is discussing matters with several others.

"Emperor Hengjia, Great Emperor Luo..."

Lu Ming saw at a glance that there were a few of them who were the Hengjia Emperor, the Great Luo Emperor, and the Hejia Emperor.

In addition, there are two people, Lu Ming did not know, except for them, the rest are the black people in the kingdom of death.

"Sure enough, it was these people from the Heng family!"

Lu Ming's eyes flashed cold light.

"Also, Mujia!"

Although there is no sound from the memory screen, but through the mouth shape of these people, he can clearly judge what the other party said.

"Heng Family, He Family, Da Luo Tianzong, Mu Family, I didn't go to you, but you repeatedly want to kill me, then there is no need to stay in the world!"

Lu Ming spoke indifferently.

The picture is remembered and there is no stopping, and it continues to go back.

Soon after, Lu Ming's eyes lit up.

He saw what he wanted to see, and that was how to find the headquarters of the kingdom of death.

The headquarters of the Kingdom of Reaper is actually an underground city, an ancient city underground, and this ancient city is not stationary but moving.

After a while, it will move to another place.

Moreover, the method of going to this dungeon is also very complicated. It is almost one step away and you cannot find this dungeon.

"No wonder so many years, no one has found the headquarters of the kingdom of death!"

Lu Ming whispered, a cold murder in his eyes.

He also wants to destroy the headquarters of the kingdom of death.

"what!"

Suddenly, the man in black yelled, twitched, fell to the ground, and foamed in his mouth.

"The prohibition placed on the side of his soul has been launched. This person's soul has been destroyed, the nerves are dead, and the memory picture is no longer visible!"

Once and for all.

"Enough is enough, I want to see, I have already seen it!"

Lu Ming said.

Bubble ended and sat on Lu Ming's shoulder to recover his luck.

Using time backtracking consumes a lot of bubbles.

"Lu Ming, do you deal with the Mujia Heng family first, or do you deal with the kingdom of death first?"

Asked every day.

"First destroy the curtain family, the Heng family, so as not to beat the grass and startle the snake, and the kingdom of death is not in a hurry. They certainly don't know that we have found a way to their headquarters!"

Lu Ming sneered.

Immediately, Lu Ming turned the bodies of several death kingdom killers into flying ash, and then continued to head towards the Emperor City.

It didn't take long for them to arrive at the Emperor City.

When Lu Ming came to Heng's house and He's house, he found that the two big families had already been left empty, leaving only those who were low-cultivated to guard.

"It's still quite fast. It's estimated that they all went to Mujia!"

Lu Ming sneered, then his breath burst out.

boom!

Lu Ming's breath, like the wild beasts, blood boiling, terrifying.

The terrible breath, like mountains and tsunami, pressed towards the endless palace of Heng family.

Where can the rest of the Heng family withstand such pressures, kneeling on the ground in fear, like facing a god.

"Who is that? A terrifying breath!"

"It's Lu Ming, it's Lu Ming!"

"What? Lu Ming, didn't he say he couldn't become an emperor? This kind of breath is almost unfathomable!"

"I'm afraid Lu Ming has become an emperor, and the cultivation is unfathomable!"

Around, someone found the situation here and talked in shock.

Obviously, Lu Ming succeeded in his cultivation and came back to find Heng's trouble.

This news spread out at the speed of a hurricane. In the Emperor City, countless figures flew towards the Heng family.

Around Heng's house, there was a tight airtight for a time.

"Strange, why is there no one out of the Heng family?"

"In the Heng family, there is no stronger breath, and all are very weak. Does the Heng family know that Lu Ming is coming, and the masters of the Heng family have all retreated?"

"It's very possible!"

"It seems that the Heng family is going to die today!"

Many people speculate and then get excited.

The Heng family and the He family are the two strongest forces in the Emperor City. There are emperors sitting in the town, and they are arrogant and arrogant on weekdays. Other forces have to look at their faces.

It's really going to be destroyed now, it's almost popular.

"Everyone in the Heng family listens, from now on, the Heng family belongs to me, wait, leave all, give you an hour, if you don't leave, kill without pardon!"

At this moment, Lu Ming spoke, and his voice spread everywhere.

All are some weak people, and Lu Ming doesn't bother to do anything.

Because there are too many of these weak people, hundreds of thousands, millions.

Lu Ming is not a killer, nor will he kill these weak people.

To kill, kill the strongest group of people.

"go!"

The people of the Heng family did not hesitate, and Lu Ming's words fell, and they rushed out of the Heng family one after another.

In the face of such enemies as Lu Ming, with their cultivation practices, it is impossible to resist, and there is only one way to go.

The seniors of the Heng family are gone, and there is no need to swear to protect the Heng family.

Soon after, there was no one left in the Heng family.

"Dan Dan, help me set up the formation!"

Lu Ming sent a voice to Dandan.

"it is good!"

Once he nodded, his figure moved, flew out, his hands waved, and endless runes filled out.

This time, it took three days to form an array, and a huge formation was formed, which covered the endless palace of the Heng family.

Taking Dandan's current practice as a practice, it took three days to set up the formation, unless the Emperor came, or no one could break it.

Then, Lu Ming entered it, and then entered the small world, and discussed with Xie Chao, Yunlong Valley Master and others, and sent people to the conservative family.

Finally, the owner of Yunlong Valley led the people of Dragon Valley to guard the He family.

"It's so rich and original!"

Yunlong Valley Master and others came out of Lu Ming's small world and looked around with excitement, feeling the original energy around them, excited.

Heavenly Emperor City, but the head of the nine cultivating holy places in the land of Yuanshan, the cultivation environment is much better than Cangzhou.

They are naturally excited.

Moreover, the Heng family is open, and although there are many people in the Dragon Valley, they can also easily live.

After making arrangements here, Lu Ming came to the He family.

Like the Heng family, the masters of the He family were gone. Lu Ming easily occupied the He family and let Dandan set up a large group. Then Lu Ming released the people of Longshen Valley and his parents and lived in the He family.

Although there are ancient trees of Taoism in his small world, the natural energy of heaven and earth is far inferior to the city of heaven.

For the time being, the cultivation environment of the Emperor City is better.

Moreover, Lu Ming's current small world does not plan to stay with so many people, because he has encountered many dangers along the way, and he does not know what will happen in the future. If he is in danger, the people in his small world will be equally dangerous.

"In the future, the industry of Hengjia and Hejia will belong to my name Lu Ming!"

On this day, Lu Ming's voice spread throughout the Emperor City.

Chapter 2388: Oriental Snow Jade

On this day, Lu Ming's voice spread throughout the Heavenly Emperor City, and the terrible breath permeated every corner of the Heavenly Emperor City.

Emperor!

It was a powerful breath comparable to that of the emperor, and it was shocking.

Everyone was shocked beyond reproach.

After a while, Lu Ming has reached the realm of emperor?

"He family, the Heng family has a lot of evildoings, and now it is removed, which is really popular, and we must assist the emperor!"

Some people responded, calling Lu Ming directly the word emperor.

The industry left by the Heng family and the He family is very amazing. If they are not deterred by powerful forces, I am afraid that some people will compete. However, Lord Yunlong Valley, they are too weak to compete with these forces of the Heavenly City, Lu Ming can only deter everyone with his powerful strength.

With his shock, I believe these people and dare not act rashly.

"It seems that some puppets from the Chaos Hall will come to guard later!"

Lu Ming thought.

The puppets in the Chaos Hall are masters like clouds.

In addition to Tu Yi and Jin Yi, nine of them are Heavenly Emperor, others, Great Emperor Realm, True Emperor, Virtual Emperor, Holy Realm, etc., everything.

It is enough to send some puppets from the Great Emperor Realm to guard.

Lu Ming stayed in the Heavenly Emperor City for a few days. After things here were almost stable, Lu Ming went to Guyang Holy Land again.

Like the Heng family and the He family, Da Luo Tianzong almost left the high level, leaving only some weak guards.

Lu Ming directly helped Ouyang Wushuang's family to occupy the territory of Luocong Tianzong.

"Heng Family, He Family, Da Luo Tianzong, you think you can hide from the Mu Family, I can't do anything with you? Just, a pot!"

Lu Ming sneered.

He stayed in the Heavenly Emperor City for a period of time, leaving a lot of resources, and then left the Heavenly Emperor City to go to the land of God's destiny.

However, there is one more person in this line, that is Qiuyue.

He and Qiuyue have disappeared for many years, and Qiuyue misses him for a long time. Now that they meet each other, they will naturally be reluctant to separate.

Taking Lu Ming's current practice as an example, the road is very smooth. He crossed the sea and entered the territory of God's Destiny.

Lu Ming did not stay, and went directly to the ancient city.

Mujia is one of the strongest forces in the ancient city.

Lu Ming, Qiuyue, Biaobu, and Dandan, after entering the Wan Gu City, did not immediately start, but first found a place to live.

However, Lu Ming did not conceal his identity. His purpose was to disturb the Mujia and let all the masters of the Mujia gather together, and then save the trouble.

"Qiuyue, let's go around!"

Lu Ming said to Qiuyue.

"Okay!"

Qiuyue smiled all over his face, and pulled Lu Ming's hand away.

The two hang out in the ancient city, and behind them, they walk into a huge square.

This place is the largest Fang city in the ancient city, with all kinds of treasures in it, dazzling.

Lu Ming had been to Vanguard City before the Battle of the Ten Places. However, there was pressure from the Battle of the Ten Places. Lu Ming had not visited it so much. This is the first time this square city has come.

"Qiuyue, what do you want, just say!"

Lu Ming smiled.

"Okay!"

Qiuyue blinked her big eyes a few times, then looked around randomly.

Later, they walked into a miraculous shop, where various war soldiers were sold, such as holy soldiers, virtual emperor soldiers, and real emperor soldiers.

"Master, I want that!"

Qiuyue looked at it for a while and pointed to a hairpin.

This hairpin is polished with a peculiar jade and looks very delicate.

"This girl has a vision, this hairpin is made of thousands of years of warm jade. With her body, she can not only beautify her face, but also have some help for cultivation and enlightenment rules. It belongs to the top virtual emperor soldier! "

A tall, thin middle-aged man smiled.

"How many rough stones, I want it!"

Lu Ming said.

"Five thousand original stones!"

Tall and thin middle-aged smiled.

"Five thousand original stones, so expensive, young master, I don't want it!"

Qiuyue was shocked when she heard it.

Five thousand pieces of top grade original stone, this is the top grade original stone, the highest grade of the original stone, even the emperor and the emperor used the top grade original stone to practice, it can be seen how precious.

Five thousand yuan, the price is indeed not low.

However, for Lu Ming, 5,000 pieces of superb rough stones are nothing more than a piece of cake.

"Silly girl, since you are fancy, you have to buy it even if it is too expensive!"

Lu Ming smiled, waved his hand, and a storage ring appeared, throwing it to the tall, thin middle-aged, saying: "The shopkeeper, five thousand pieces of superb original stone!"

The tall, thin, middle-aged man took it, swept his consciousness, a smile appeared on his face, and then handed the hairpin to Lu Ming.

As soon as Lu Ming took over the hairpin, a voice sounded.

"Wait a minute, this hairpin, I want it!"

As the sound rang, a group of people came over.

Headed by a young woman, she looks very beautiful, but it is a bit worse than Qiuyue.

Behind the young woman, followed by a young woman dressed as a maid, and two old men.

Seeing this woman, the shopkeeper's face changed, and then she smiled and said, "It turned out to be Miss Dongfang. Miss Dongfang came to our shop and it was Peng Xunshenghui!"

"The shopkeeper, that hairpin, sell it to me!"

The young woman spoke directly, with a commanding tone.

The shopkeeper smiled bitterly and said, "Miss Oriental came a step late. This hairpin has already been bought by this son!"

"Ok?"

The young woman gave a cold huh, and looked at Lu Ming, with a touch of arrogance, leaning her neck and continuing to say with command: "You give me this hairpin, how many original stones, I Give you!"

"Sorry, this hairpin is not for sale!"

Lu Ming smiled.

"Not for sale?"

The young woman's gaze narrowed, flashing an unpleasant look, and said: "Are you going to lift the plateau stone and say, how many original stones do you want?"

"I said, don't sell, I don't lack original stones!"

Lu Ming said.

"Boy, what are you saying? My young lady is fancy. You have to sell it if you don't sell it. You probably don't know who my young lady is. My young lady is Dongfang Xueyu. The first day of God's Destiny, Xuanlin's Fiancee, are you clear?"

The girl behind the young woman jumped out and scolded, threateningly watching Landing.

"The first day of arrogance?"

Lu Ming muttered.

It seems that Destiny, Yuanxin and others have been in heaven for decades, and a new batch of Tianjiao has appeared in the land of Divine Destiny.

"I'm afraid now, I tell you, Master Xuanlin, is the young master of the powerful Xuan family in the ancient city. If you feel uncomfortable today, you don't want to go out of the ancient city!"

The maid continued to clamor.

And the young woman, Dongfang Xueyu, was proud.

"Xuan Lin, Dongfang Xueyu, haven't heard of it, you can go!"

Lu Mingdan spoke, then turned around and walked towards Qiuyue.

"Qiuyue, I will bring you!"

Lu Ming smiled softly, then took the hairpin to Qiuyue.

Chapter 2389: Challenge Lu Ming

Qiuyue is already extraordinary, and with hairpins, it is more beautiful, and the blush on the cheeks is even more touching.

On the other hand, Dongfang Xueyu shivered with rage.

Lu Ming actually asked her to get away?

Who is she? A generation of arrogant daughters, and the fiance is still the first day of arrogance in the land of destiny today, Lu Ming actually told her to roll?

Look for death, this is look for death!

Dongxue Xueyu shouted in her heart, especially after seeing Qiuyue's beauty, she was crazy and jealous.

Woman, jealousy is heavy.

Dongfang Xueyu has always been proud of her beauty, but now she is completely compared with Qiuyue, and her light is completely covered by Qiuyue.

"Bitch, dare to take my hairpin, I will tear your face!"

Dongfang Xueyu screamed, like a lightning, and flew towards Qiuyue, his claws like a knife, and grabbed Qiuyue's face.

"roll!"

Lu Ming drank coldly and slapped out.

Lu Ming's speed was so fast, Dongfang Xueyu couldn't avoid it, and was directly slapped on the face by Lu Ming.

Snapped!

A crisp sound rang, Dongfang Xueyu screamed, his body flew out, fell to the ground, and a face swelled up.

This is naturally Lu Ming's hand, otherwise, she will not stay ashes.

Dongfang Xueyu was stunned, and the others in the shop were also stunned.

Lu Ming dared to slap Dongfang Xueyu's slap.

"Kill, kill, kill him for me, kill this bitch!"

Dongfang Xueyu was stunned for a moment, then reacted and screamed.

"Boy, look for death, immediately kneel down and admit your mistake!"

There were two old men who came with Dongfang Xueyu. At this time, one of them shouted and rushed towards the landing whistle. The terrible breath burst out, and strong pressure drove down to the landing whistle.

Beside, the others backed off again and again.

Emperor Wu!

This old man is a Emperor Wu, but only a star Emperor, belonging to the weakest Emperor Wu.

"roll!"

Lu Ming drank coldly and kicked out directly, as fast as lightning, and kicked on the other side's face.

The old man also screamed and flew out into the footsteps of Dongfang Xueyu, his face swollen like a pig's head.

"So strong!"

Everyone was shocked.

One move to solve a one-star emperor, this kind of combat power is also remarkable.

Moreover, Lu Ming seems to be very young. At this age, he can reach the Wu Emperor Realm.

"Go, never go, kill!"

Lu Ming drank coldly, and the cold murderous opportunity came out.

"Lu Ming, he is Lu Ming!"

Suddenly, someone yelled at the side.

Lu Ming won the first place in the Ten Battles that year, and his reputation was well known. Many people have seen Lu Ming, and at this time he was finally recognized.

"What? Lu Ming? Which Lu Ming?"

"Nonsense, naturally it was the first ten-place battle that year, to overwhelm the heroes and win the first Lu Ming!"

"It's him, he has disappeared for decades, and I didn't expect to appear again!"

Suddenly, the people around were talking about this legendary figure curiously.

Lu Ming's reputation is very loud, and as long as he is higher, he has basically heard it.

The first ten battles in the tenth place were the most talented, but they could not become emperors.

"It turns out that you are Lu Ming, a waste body, a waste body that can never become an emperor. You dare to beat me. If you have the ability, don't leave. I want to smash you tens of thousands of corpses!"

At this moment, the Eastern Xueyu screamed again.

"Oh, yeah, I'm going to see how you smashed my body, and I'll wait for you here!"

Lu Ming said, simply sat down in the chair beside.

"You waste body, waste, you wait for me!"

Dongfang Xueyu screamed a few times and hurried away with people.

"Lu Gongzi, you should go quickly. Dongfang Xueyu must go to Xuan Family to find Xuan Lin. Xuan Family is one of the strongest forces in the ancient city, and its strength is unpredictable!"

The shopkeeper hurriedly warned.

"Anyway!"

Lu Ming smiled.

It's okay to make things bigger, so make the Mujia well prepared.

Lu Ming just wants to give time for the other party to prepare.

Unable to persuade, the shopkeeper shook his head back.

Lu Ming and Qiuyue waited slowly.

And the news here also quickly spread out.

Lu Ming reappeared in the first battle of the ten places.

And also slapped Dongfang Xueyu in the public, this is not a trivial matter.

Dongfang Xueyu's fiancée is the first arrogant place in today's destiny, will the two collide?

Moreover, the Xuan family will not give up, how should Lu Ming respond?

Suddenly, countless people who heard the news came over and watched outside this shop.

"Xuan Lin is here!"

Lu Ming didn't wait long, and there was an exclamation outside.

A group of people came out of the air.

Headed by is a young man, very handsome, dressed in a black iron suit, powerful and extraordinary.

This person is the first arrogance in the land of God's destiny today, Xuan Lin.

Dongfang Xueyu was right next to Xuan Lin, at this time her face had been swollen, her face was covered with teardrops, and she was wronged by Tianda.

Behind them, they followed some people, all masters of the Xuan family.

"Lu Ming, get me out!"

Xuanlin came outside the shop door and shouted loudly.

"Samsung Virtual Emperor, about 50 years old, far worse than Destiny and others!"

Lu Ming didn't go out, and after sweeping his spiritual knowledge, he knew Xuan Lin's cultivation behavior and age.

About fifty years old, reaching the Samsung Emperor, is indeed far worse than a few people in Destiny Yuanxin.

"Autumn Moon, let's go, we will meet this first day of pride today!"

Lu Ming smiled, the clouds were light and windy, and walked out of the shop door together with Qiuyue.

All of a sudden, all eyes fell on Lu Ming.

"Lu Ming!"

Xuan Lin's eyes also fell on Lu Ming.

"How do you want to solve it?"

Lu Ming looked at Xuan Lin.

"Fight me!"

Xuan Lin came out step by step, his voice spread far, revealing a strong fighting intention.

Many people's eyes light up.

Xuan Ling, challenge Lu Ming.

One is the first arrogance now, and the other is the first arrogance decades ago.

The two, who is stronger.

"You said, Lu Ming and Xuan Lin, who is strong?"

"It's not easy to say, but I think it's Xuanlin. Lu Ming can't become an emperor. His cultivation was stuck in the quasi-imperial realm for a lifetime. Even if it has been in the past, he can't improve. According to Lu Ming's strength, he can't be Xuanlin. opponent!"

"Yes, I think so!"

Many people argue that Lu Ming is not Xuan Lin's opponent.

Emperor Tian said that Lu Ming could not become an emperor. This is not wrong.

Although Lu Ming was strong at that time, he could only fight against the top Tianjiao of the two-star Xu Emperor, and Xuan Lin's cultivation practice, but the Samsung Emperor, the rule of control is also the strongest rule, and the combat power is extremely powerful, suppressing the Lu of that year. Naruto, not to mention.

This is a collision between the strongest arrogances of the two eras. In the past, there was no comparison. Because Lu Mingxiu could not break through, this kind of thing could happen.

Chapter 2390: Scare away the emperor

"Fight against me? I don't want to bully the small!"

Lu Ming shook his head slightly, and Xuan Lin's cultivation practice was not worth mentioning in his eyes.

"Lu Ming, you dare not fight!"

Xuan Lin stepped out, aggressive.

In the ten battles that year, he was still young and under-repaired. He could not compete with Lu Ming and others, which was a pity.

He has a higher heart than the sky and wants to defeat Lu Ming, proving that if he was in that era, he could also become the world's first arrogant.

"You have to fight, I will fight with you!"

Qiuyue spoke.

"Huh, Lu Ming, do you want to hide behind a woman, it is really a waste body, waste, the first ten battles in the world, was actually won by you one of the world, it is ridiculous, shot, my ten strokes defeat you!"

Xuan Lin drank coldly, stepped continuously, and the powerful breath kept pressing against Lu Ming. Finally, a punch came out and a giant turtle formed, as big as a mountain, pressing against Lu Ming.

"You want to fight, then I will play with you!"

Lu Ming spoke lightly and stepped out in one step. With a loud sound, Lu Ming rushed towards Xuan Lin.

boom!

Lu Ming did not see his shot. Lu Ming's figure rushed over. The giant tortoise attacked by Xuan Lin directly exploded. Lu Ming's figure kept on appearing in front of Xuan Lin. They were only one meter apart.

Xuan Lin's pupils contracted sharply, shouting in horror and receding wildly.

But suddenly he found that his body could not move, and could not move at all. The space around him seemed to be imprisoned.

Lu Ming reached out a hand and grabbed Xuan Lin's throat.

Everyone at the scene couldn't help widening their eyes.

How is this going?

None of Lu Ming's shots, nor any strong breath permeated, how could Lu Ming catch Xuan Lin's throat.

It was as if Xuan Lin was there, motionless, let Lu Ming buckle up.

No one can figure it out!

"With your strength, would you like to challenge me?"

Lu Ming spoke lightly, his voice full of disdain.

Xuan Lin struggled frantically, his eyes flashing with horror.

"get out!"

Lu Ming shook his hand and Xuan Lin's body directly hit the ground. With a bang, a big pit appeared on the ground. Xuan Lin lay in the big pit and vomited blood.

Others were dumbfounded!

One trick, no, Lu Ming didn't even formally shoot, Xuan Lin was defeated, completely unbearable.

Isn't Lu Ming unable to become an emperor, how can he have such a strong combat power?

Is Lu Ming already an emperor?

Thinking of this, many people jumped in their hearts.

Under Emperor Wu, Lu Ming controlled a variety of laws, and even controlled the strongest laws, but it was against the sky.

Heavenly Emperors all asserted that Lu Ming would not be able to break through his whole life and would not become an Emperor.

But if Lu Ming created a miracle and turned into an emperor, how strong would that be?

"Lu Ming, I want you to die, kill, kill me!"

Below, Xuan Lin hysterically shouted.

He is proud of the first day of the land of God's destiny today. In the battle of his peers, he has never been defeated and never knows the taste of failure.

Just now, he came strong, and said that ten tricks were to defeat Lu Ming, but now, he was easily defeated by Lu Ming and could not withstand a blow.

Such a result, he was completely unacceptable, he hated madness, he wished to unload Lu Ming eight.

"The flowers in the greenhouse can't stand the wind and waves!"

Lu Ming shook his head, revealing a thick disdain.

It seems that Lu Ming's generation is the real golden generation. Tianjiao comes out in large numbers and competes against each other. Many people have strong minds and have experienced storms.

In this generation, it seems that Tianjiao is a lot less. At first glance, Xuan Lin seems to have gone all the way. Although his talent is good, his mind is not good, and they are far worse than destiny.

In the event of failure and setbacks, it will not work immediately and cannot bear it.

"Kill, kill me!"

Xuan Lin shouted, Lu Ming's words hurt his heart.

"Lu Ming, kneel and die!"

Several people who followed Xuan Lin rushed towards the landing, and a terrible breath radiated out.

True Emperor!

There are three, all powerful in the real emperor realm, surrounded by divine light, just like a god-man.

"Kneel!"

The terrible pressure of the real emperor's realm pressed down on the landing, and Lu Mingya knelt down.

"Press your sister, leave me all!"

Lu Ming scolded and punched out.

The void exploded directly, and the terrible punches rushed wildly towards the three true emperors.

"this is..."

The three true emperors, feeling Lu Ming's terrible punch, almost scared to death.

That kind of power is not something they can compete with at all.

They want to retreat, it is too late.

boom!

After the fist strength rolled over, the three people's bodies exploded directly, and then turned into flying fire under the fist strength.

The scene calmed down suddenly, with no sound.

Everyone's staring eyes were incredible.

Three true emperors, but three true emperors, they were actually assaulted by Lu Ming, how could this be possible?

How could Lu Ming's combat power be so strong?

Dongfang Xueyu froze there, his mouth slightly open, a dreamy expression.

Xuan Lin was also stunned, with a deep panic and incredible in his eyes.

"Send you on the road!"

Lu Ming looked towards Xuanlin and stepped on it. The giant feet that had been condensed by the power of the world stepped down towards Xuanlin.

what!

Xuan Lin screamed scaredly.

At this moment, a figure flashed as fast as lightning, before Lu Ming giant stepped down, Xuan Lin was swept away.

A flash in the distance in the distance, an old man with white hair and white robe appeared, holding the frightened Xuan Lin in his hand.

"Emperor!"

Lu Ming whispered.

"One of the elders of the Xuan family, an emperor!"

"The great emperor of the Xuan family appeared, it is estimated that he would deal with Lu Ming!"

"Lu Ming is still too impulsive. The Xuan family is one of the strongest forces in the ancient city. It is unfathomable. The emperor shot, seeing how Lu Ming responded!"

Some people spoke out and recognized the old man.

After Xuan Lin reacted, it was overjoyed.

"Veteran, ha ha ha, you came just right, killed me Lu Ming, killed the miscellaneous!"

Xuan Lin shouted.

Today, Lu Ming made him lose face, and he must kill Lu Ming to relieve his hatred.

Elder Xuan Family, a strong breath filled his body.

That was the pressure of the great emperor. Within a thousand miles, it was filled with terror pressure. Some who were weak were all knelt down.

Ordinary people face the Great Emperor, the difference is too far, and they can't compete at all.

"It seems that you want to die too!"

Unexpectedly, Lu Ming's face was calm and indifferent, actually threatening the emperor.

Everyone was dumbfounded.

They originally thought that Lu Ming would be afraid, frightened, and flee when facing the emperor.

Unexpectedly, Lu Ming actually threatened the emperor.

A cold light flashed in Lu Ming's eyes, sweeping towards the other party.

The elder Xuan family's heart jumped inexplicably, as if being stared at by a terrifying wild beast. The next moment, he would be torn and beheaded.

This feeling surprised him.

"What's going on? What a terrifying feeling, is Lu Ming's strength already far above me, no, let's retreat today!"

The veteran of the Xuan family dared not to do anything.
