

D Emperor 2391

Chapter 2391: Kill Mu Family

"Retreat!"

The elder Xuan family shouted, the strength of the Xuan Lin, and the already stunned Eastern Xueyu, retreated backward, and disappeared without a trace.

Retreated?

All around, everyone looked ashamed!

They thought that the veteran of the Xuan family would do it, but did not expect to retreat directly.

How could the Xuanjia elders retreat? Afraid of Lu Ming, dare not to start?

impossible?

No one can figure it out.

Lu Ming did not pursue.

The purpose of his coming to the ancient city was not the Xuan Family, but the Mu Family.

The Xuan family didn't look for death, so he didn't bother to bother.

"The Mu Family should gather all strengths together, I hope the Heng Family, He Family and Daluo Tianzong are here, don't let me run for nothing!"

Lu Ming looked in the direction of the Mu Family and chuckled.

Among the crowd, some people's eyes flickered, and then they all left here.

These people are naturally Mujia people.

Next, Lu Ming and Qiuyue went shopping for a while, and then returned to their place of residence.

Regarding Lu Ming's return, he defeated Xuan Lin with one move, killed three true emperors with one boxing, and even scared away one emperor of the Xuan family.

Not only spread throughout the ancient city, but also spread all over the land of fate, which shocked countless people who heard the news.

Lu Ming broke the emperor!

Many people know that Lu Ming has rushed into the realm of Emperor Wu, and the Emperor's assertion was broken.

Next, will the Xuan family start with Lu Ming?

Many people guess!

The place where Lu Ming lives naturally attracted more people's attention.

Many people keep an eye on the place where Landing Ming lives, and follow the progress of events.

There are even many people coming from other places.

Xuan family, the discussion hall, a group of people are discussing things.

These are all high-level members of the Xuan family, and most of them are powerful in the Great Emperor Realm.

"Kill, you must kill Lu Ming, you veterans, please ask you to shoot!"

Xuan Lin said loudly.

The blood in his eyes was full of grim murderous opportunities.

During this time, about his being abused by Lu Ming easily, his reputation has plummeted, and his reputation has collapsed.

He was crazy about Lu Ming's hatred, and he wished that Lu Ming would be crushed.

"I also think that Lu Ming will be beheaded!"

Others spoke.

"Lao Jiu, tell me, why did you retreat before?"

At the top is a particularly old man, looking at the old man who saved Xuan Lin before.

The old veteran before was the nine veteran of the Xuan family.

Nine Yuan Lao frowned, thought for a while, and said: "I feel a terrible breath on Lu Ming. I have an illusion. If I do it, I am afraid I will die in Lu Ming's hands!"

"what?"

Everyone else was shocked, and Xuan Lin's eyes widened unbelievably.

"How is it possible? Lu Ming can still threaten the emperor's failure? Even if he breaks into the Wu Emperor's realm, he can't impact the Emperor's realm so quickly, impossible!"

Xuan Lin was hard to accept and shook his head again and again.

"Don't Lu Ming really have reached such an amazing level?"

The other elders whispered in earnest and their eyes were dignified.

The higher the cultivation level, the more accurate the intuition. The feeling of an emperor is generally not wrong.

"This son Lu Ming can't be treated with common sense. Once he breaks through the Emperor Wu, he will be like a real dragon into the sea. There will be no restraints. Even if he really has the fighting power of the emperor, it is not impossible!"

"I suggest that we don't do anything with Lu Ming for the time being and observe the situation first!"

The oldest veteran road.

"I agree!"

"I agree!"

The other elders nodded one after another.

The remaining elders, as well as Xuan Lin, although they wanted to get started, but most of the elders disagreed with their shots, and they had no choice.

...

The time flickered and five days passed.

Where Lu Ming lives!

"Brother Lu Ming, I have discovered that the Heng family, the He family, and the big Luo Tianzong are all at the Mu Family!"

"Also, the great emperors of the Mujia almost returned to the Mujia headquarters, it seems to be on alert!"

Bubble conveyed some information to Lu Ming.

In the past few days, the news that Bubble and Dandan have gone out to explore the Mujia family has finally yielded.

Lu Ming came to the ancient city. Needless to say, the killers of the two batches of kingdoms of death have failed.

Lu Ming's strength shocked Mujia and it was natural to call masters to deal with Mujia.

"It's time, Mu Family, Heng Family, He Family, Da Luo Tianzong, today, destroy!"

Lu Ming spoke indifferently, and then strode out toward the direction of Mujia.

Lu Ming's actions naturally alarmed those who were concerned about Lu Ming.

"Where is Lu Ming going?"

"The body is murderous, is it going to kill the Xuan family, is it impossible?"

"No, this direction is not the Xuan Family!"

In the dark, many people talked, and secretly followed Lu Ming.

Soon, in front, the mountains stood tall, countless palaces, can not see the side at a glance, this is the Mu Family.

boom!

Lu Ming took a sudden step, and in the sky, endless power gathered to form a giant foot, covering the sky and covering the sun, and stepped towards the headquarters of the Mu Family. The mountains tremble under the giant feet.

Lu Ming actually wanted to start with Mujia?

All the people who followed were stunned for a while, and their hearts were shocked.

Mujia's strength is a bit stronger than Xuanjia.

What shocked them even more was that Lu Ming's strength, this foot, was like a god's foot, and it was incredible.

Emperor!

This is the strength of the emperor!

Everyone took a breath.

Lu Ming, actually has the strength of the emperor, no wonder that the veteran of the Xuan family will retreat.

In the Mu Family's palace, a figure flew out, facing the giant foot, it was impossible to panic and fly around all day long.

"presumptuous!"

Among the Mu Family, there was a long roar, and a huge palm flew out of the Mu Family, which turned into the giant palm of the sky and bombarded with Lu Ming's giant feet.

boom!

The mountains shook, the void collapsed, and terrible strength swept all directions.

Bigfoot and big hand dissipate together.

In the sky of the Mu Family, a middle-aged man appeared, with a terrifying momentum.

"Master of the Mu Family!"

In the distance, someone whispered and recognized the person.

"God, the master of the Mu Family is said to be a Samsung Emperor. He shot just now and blocked Lu Ming's blow. Lu Ming has already become like this!"

"Quick, spread the news, big events, Lu Ming wants to start with the Mujia!"

"fast!"

Many people talked in shock, and the news spread out one by one.

The ancient city burst into a pan, and countless people rushed to the side of the Mu Family.

The people of Xuan family were stunned when they received the news, and then sent masters to Mujia to pay attention to the development of the situation.

call out! call out! call out! ...

Since the appearance of the head of the Mujia family, there are constantly figures rushing out of the depth of the Mujia family.

Each of these figures exudes an immense breath, and the road is overwhelming, and these are all powerful in the Great Emperor Realm.

There are more than twenty!

Mu Family has more than 20 characters from the Great Emperor Realm.

Chapter 2392: Shock shot

Mu Family, more than twenty great emperors, lined up one by one, breathing like a sea of oceans, so that the entire ancient city is filled with a terrible pressure.

This line-up, so that the people around the Quartet have changed their complexion, terrified.

However, Lu Ming's face was indifferent, as if he didn't see so many emperors, his eyes glanced at the people of the Mujia family, frowning, and said, "No need to hide it, those people from all the families will come out to me. !"

The family members he mentioned naturally refer to Heng Family, He Family, and Daluo Tianzong.

But the Master of the Mu Family sneered and did not answer Lu Ming's question, but instead asked: "Lu Ming, today you attacked my Mu Family for no reason. Is it true that my Mu Family is bullying? If you don't give a statement today, you don't have to leave. Now!"

"Why did I come here, do you not know? You will really pretend, your Mu Family, and the Heng Family, He Family, and Da Luo Tianzong of the Yuanshan Land hired people from the Kingdom of Death to kill me. Forget it!"

Lu Ming's voice spread throughout the audience.

"What? The Mujia hired people from the kingdom of death to kill Lu Ming? Really?"

"It's very possible that Lu Ming killed Mujia's strongest arrogant man at that time. This is a deadly enemy. Will the Mujia be willing to give up?"

"Indeed, I am afraid it will be true, otherwise Lu Ming will not kill the Mu Family!"

"Lu Ming is also really bold, and actually killed the Mu Family himself. Today, what do you think the result will be?"

"It's hard to say, if Lu Ming is not sure, why would he dare to come in a hurry, but the inheritance of the Mu Family is endless, and the inside is unpredictable, and the result is unpredictable!"

Lu Ming's remarks caused an uproar, and many people discussed it.

"A lot of nonsense, my Mu Family wants to kill you, why not hire someone from the kingdom of death, just send a person, you can kill you!"

Mujia owner sneered.

"Anyone can kill me? Then I have to try it. Your Mu Family, do you have this skill?"

Lu Ming sneered, said nothing, stepped out, and walked towards the Mu Family.

bump! bump! ...

Every step Lu Ming stepped on, the void was constantly vibrated, and a ray of light shone from Lu Ming's body.

That is the glory of the law.

One, two, three...

A variety of laws are constantly emerging.

When more than ten laws emerged, the scene was dead, everyone was open-mouthed, and their eyes were almost staring.

"God, what did God see? The law of chaos, the law of death, the law of life, the law of reincarnation, he controlled the four strongest laws!"

"No, no, there is, the law of eternity, the law of void, the law of Hongmeng, the law of time and space, eight kinds, he controls the eight strongest rules!"

"There are also nine kinds of kingly rules, 17 kinds of rules, he controls 17 kinds of rules!"

"And seventeen kinds of laws, he was trained to the limit, reached the third realm, how is this possible, how is this possible, metamorphosis, this is a metamorphosis!"

When Lu Ming revealed all the rules, everyone shouted hysterically in all directions, and it was difficult to control his mood.

This cannot be described by shock. Their mood is ten times, one hundred times, one thousand times stronger than shock...

The truth of practice is that one person can only control one of the strongest laws at most, and not everyone can control the strongest laws. One of the strongest laws is the highest genius between heaven and earth.

But now, there is a person who not only controls the strongest rule, but not one, two, three, but eight.

This is not just breaking the truth, but stepping on the truth into a sparse, everyone's mood can be imagined.

The people of the Mu Family also opened their tongues, their eyes squinted round, horrified.

In the depths of the Mu Family, the Heng Family, He Family, and Da Luo Tianzong masters hiding in the dark were almost scared to death when they saw this scene.

Lu Ming was shrouded in seventeen lights and stood in the sky, just like the gods, and the martial arts.

"Come on, see who of you can kill me!"

Lu Ming's eyes burst out with two divine lights, staring at the people of the Mu Family.

"How about controlling the seventeen laws, after all, it is only the real emperor realm, I will kill you!"

Among the Mu family, a burly old man stepped out like a lion.

The cultivation of this old man reached the Samsung Emperor.

After all, the Mujia dare not underestimate Lu Ming. Although Lu Ming looks like a real emperor, the rules he controls are as many as seventeen kinds, the most important of which are eight of them.

With so many laws united, Lu Ming's combat power must not be measured with common sense. It is possible for the leapfrog war to one-star emperor or even two-star emperor.

But they directly sent Samsung Emperor.

True Emperor, and Samsung Emperor, are too far apart.

They did not believe that Lu Ming could kill Samsung Emperor.

Even if Samsung Emperor lost, he could at least save his life and test out Lu Ming's true combat power.

bump! bump! ...

The old man like a lion, with a mad breath, stepped on the void, faster and faster, and rushed towards the landing.

"cut!"

Suddenly, a sword appeared in the old man's hands, slamming down towards the landing, the sword light shook the sky, illuminating Tianyu, as if to split the sky of the ancient city in half.

"kill!"

Lu Ming spoke indifferently, and before his words fell, a spear appeared in his hand, a spear condensed by the law and the power of the world.

The muscles in Lu Ming's arm bulged, and he suddenly threw the spear out.

call out!

The spear flew out like a ray of light, faster than lightning.

This spear contains not only the power of Lu Ming's world power, the power of the law, but also the power of the flesh.

The moment the spear collided with the opponent's knife light, the opponent's knife light was directly destroyed. The speed of the spear did not drop at all, and continued to stab at the opponent.

The Samsung Emperor of the Mu Family didn't expect it at all. He hit with all his strength, but he couldn't bear a blow in Lu Ming's hands. He was slightly shocked. His fate was already doomed.

puff!

Lu Ming's spear penetrated directly through his Dantian hole, smashed his small world, took this person's body, flew out, flew deep into the Mujia, and crashed into a palace.

boom!

The palace burst directly, and a large group of figures flew out of it.

This group of people are the people of Heng Family, He Family, and Daluo Tianzong.

The Mu Family is the Samsung Emperor, who was pierced by Lu Ming's spear and nailed to the ground, screaming sternly.

"My cultivation, my cultivation..."

A scream of sorrow spread throughout the audience.

Hiss...

Throughout the audience, there was a breath of cool breath.

A Samsung emperor, actually nailed to the ground by Lu Ming, was abolished and repaired. This picture is too impactful.

Samsung Emperor, can't bear a blow!

how can that be?

Has Lu Ming's combat power actually reached such a terrible level? Everyone seems to be dreaming.

The crowd in the distance is also being watched by the Xuan family. There are several veterans, including Xuan Lin and Dongfang Xueyu.

At this moment, they were completely petrified and kept breathing.

"How is it possible? How is it possible?"

Xuan Lin whispered like a dementia.

A move to abolish a Samsung Emperor, such strength is simply terror, he also wants to compete with Lu Ming, it is ridiculous, it will make people laugh.

Chapter 2393: Kill

"Heng Family, He Family, Daluo Tianzong people, it really is here!"

Lu Ming looked at the Heng family and his family, with a sneer in the corner of his mouth.

The people of the Mu Family, including the He Family of the Heng Family and the Tianzong Family of the Luo Family, were ugly looking mortal, and they were shocked in their eyes.

"Lu Ming, you have no reason to abolish the cultivation of my Mujia emperor. Today, you must pay the price!"

The Emperor Mujia shouted.

boom! boom! boom!

At this moment, more than twenty emperors of the Mujia family shot at the same time. More than twenty emperors of the Mujia family, from the one-star emperor to the five-star emperor, more than twenty people shot together, and the void collapsed instantaneously. Attack, attack the landing.

Lu Ming's combat power, far beyond the imagination, made them terrified, they want to kill Lu Ming instantly, so that his bones are gone.

Buzz!

Lu Ming's muscles shook suddenly, shaking a few billion times in an instant, the void collapsed, and Lu Ming's figure burst out.

At the moment Lu Ming rushed out, he also displayed six feather wings to make him faster. In an instant, he avoided the joint attack of the opponent and rushed towards the twenty emperors of the Mujia family.

"Gather together, gather!"

The master of the Mu family shouted, and more than 20 emperors of the Mu family gathered together to form a circle, so that they could be prevented from being broken by Lu Ming.

"Is it useful to join forces?"

Lu Ming's indifferent voice sounded, and a spear appeared again in his hand.

However, this spear was not condensed by Lu Ming's law, but a real spear.

Great waste gun!

Heavenly soldiers!

Although Lu Ming can't play the power of Heavenly Dao among the Heavenly Dao soldiers, the material of the Great Wilderness Gun is solid and immortal, which can let Lu Ming's all strengths play to the full, and also increases Lu Ming's combat power.

boom!

Lu Ming held a great waste gun and exploded his power to the extreme, sweeping it out with one shot.

The sky was constantly bursting, and the Great Waste Gun rolled up an endless void storm and blasted towards the more than twenty emperors of the Mu Family.

It's astonishingly powerful, as if to take a shot and crush all the more than 20 emperors of the Mujia family.

"Join together!"

The Master of the Mu Family shouted, and all the Great Emperors of the Mu Family joined forces to launch an attack and attacked Lu Ming.

Among the more than 20 Mujia emperors, there are several five-star emperors with amazing strength.

With so many people joining forces, they can fully compete with the Six-Star Emperor.

boom!

Their attack collided with Lu Ming's spear, and a horrible roar erupted, and the energy swept across all directions.

"Retreat, retreat!"

The people who watched the battle all around backed away frantically, pulling away enough distance.

Most of those who watched the war did not have the emperor's cultivation practices, and they dared not rely on them too close, otherwise they would be involved in Lu Ming, and they would only have to die.

After the roar, Lu Ming shook his body and backed away.

However, the more than 20 strong members of the Mujia family have also retreated, especially some who have been weakened, and they are shocked all over, spitting blood on their mouths and being seriously injured.

Lu Ming's current combat power, physical body, world power, law power, and the Great Barren Gun are completely able to compete with a six-star emperor.

Head-on collision, those one-star emperors, two-star emperors, where to resist.

"Come again!"

Lu Ming stepped back a few steps, stepped in the void, stabilized his body, armed with a great waste gun, and killed the Mujia Emperor again.

boom!

This time, Lu Ming held the Great Wilderness Gun in both hands, and it fell like a mountain.

boom!

The Great Wilderness Gun suddenly became larger, as thick as a mountain, as if it could crush everything.

More than two dozen emperors of the Mu Family shouted, all exploded, and used their strongest force to blast towards the Great Wilderness.

The attacks from both sides collided again.

Buzz!

Dahuang Gun continued to vibrate, and then flew out.

But those of the Mu family were even more uncomfortable. Several one-star emperors, who were covered with huge earthquakes and whose bodies were cracked by the terrifying anti-seismic force, were covered with blood, and their breath was weak, and they were unable to fight anymore.

"You heal first!"

The master of the Mu family shouted.

But at this time, Lu Ming's third move was attacked again.

In this collision, the two-star Great Emperor of the Mu Family also suffered a huge earthquake and were almost shocked to death, unable to fight anymore.

"Come again!"

Lu Ming is like a **** of war of Emperor Wu, and the offensive is constantly attacked like a storm.

The emperor of the Mu Family is getting fewer and fewer, and it is no longer Lu Ming's opponent. In the back, every collision falls in the wind.

In the back, even Samsung Emperor and Four-Star Emperor started to get injured, and Five-Star Emperor, they all looked pale and panted.

Those in the Quartet watched the storm, and the shock was beyond reproach.

Lu Ming's combat strength is too strong, completely pressing the Mujia fight.

Could the Mu Family be destroyed today?

In the depths of the Mujia, the Hengjia Emperor, the Hejia Emperor, and the Tianluo Emperor were pale, and their eyes were unbelievable.

It seems difficult to believe that Lu Ming's combat power has actually reached this step. With Lu Ming's current combat power, to kill them, as long as one move, he can completely kill in seconds.

"How could this be?"

They shouted in their hearts and could not accept this fact.

boom! boom!

Lu Ming continued to attack, and the offensive became more and more violent. In the end, the five-star emperor of the Mu Family was injured and lost to Lu Ming.

"kill!"

Suddenly, Lu Ming's offensive changed, bypassing those five-star emperors, the Great Waste Gun suddenly shuddered, and instantly scored dozens of guns.

His goals are those lower-ranking emperors.

"No, block it!"

The high-ranking emperors of the Mu Family's face changed wildly and exploded with all their strength, trying to block Lu Ming's attack.

But no matter how hard they tried, they only blocked half of the guns, and the remaining guns were still stabbing towards the low-level emperors.

Those low-level emperors, especially the one-star and two-star emperors, despite their full resistance, did not help.

puff! puff! puff! ...

Those one-star emperors and two-star emperors, one by one, were pierced by guns, and their souls were destroyed.

died!

The one-star Great Emperor and the two-star Great Emperor of the Mu Family suddenly disappeared, and a total of eight people died.

The eight emperors were instantly destroyed.

This shocked everyone's heart, but also made the people of the Mu Family angry, full of murderous opportunities.

"Lu Ming, I want you to die without a burial place!"

The master of the Mu family roared, his eyes were blood red, and his face was grim.

Eight great emperors, what a great loss this is, his heart is bleeding.

Their Mu Family, inheriting the endless years, rely on a long time to accumulate before accumulating so many emperors.

But now, eight died at once.

This is an unbearable loss.

"Now I know that my heart hurts. I knew it so. Why should you think of this day when your Mu Family wanted to kill me? At this moment, in this world, it is impossible for you to kill others, and others will not come to kill you!" "

Lu Ming spoke indifferently, without the slightest intolerance and sympathy.

He is a deadly feud with the Mu Family, either you die or I die!

One party must be destroyed.

Chapter 2394: Every day

The people of the Mu Family were speechless and could only watch the landing song full of killing.

"kill!"

Lu Ming spoke indifferently, holding a spear, and killed him again.

Today, he will not stay at the top of the Mu Family.

"Sin barrier, die!"

At this moment, a roar came from the depths of the Mu Family, the voice was full of vicissitudes of life, and then a terrifying knife light was cut from the depths of the Mu Family, terrifying.

"Peak Emperor!"

As soon as the sword light came out, Lu Ming's eyes narrowed slightly.

Mu Family, it was unfathomable, and there were powerful people who did not shoot, and there was actually the peak emperor dormant.

"Hahaha, this seat has been waiting for this moment!"

A loud laugh came, and a huge turtle shell emerged out of thin air between the world and the sky, blocking it in front of the sword.

It's a shot!

Before, he had been standing by and watching with Bubble, without any intention of shooting, just in case the screen house had a stronger presence.

when!

The knife light was chopped on the turtle shell, the turtle shell vibrated and dissipated, but the knife light was also blocked.

boom! boom! ...

Then, in the depths of the Mu Family, a breath of terror erupted.

There are a total of five breaths, bursting out, the vast, terrible pressure, pervading between heaven and earth.

Then, the five old men stepped forward and appeared in front of everyone.

The five old men are very old, with white hair and dry and wrinkled skin, like five dead bones.

"Ancestor!"

The head of the Mu family was overjoyed.

"It's the ancestors, the ancestors did not die, they are out!"

"This time, see how they die!"

The others of the Mu Family are also ecstatic.

"The Mu Family really has the details, these should be the old monsters of the Mu Family!"

Someone who watched the battle from a distance, some people said.

Mujia, in the ancient city, is definitely one of the most powerful forces with a deep heritage.

Legend has it that in the long past, the Mu Family even went out to the Emperor, but the Emperor behind the Mu Family died in battle.

But it also shows how strong the Mujia is.

It has always been a legend that in the depths of the Mu Family, some old monsters closed their doors and practiced with all their heart.

When the non-Maku family survives, they will not go out.

Today, after the emperor of the Mu Family was killed in a row, these old guys came out.

"The background of the Mu Family is really deep. If there is a rescue today, Lu Ming will die!"

Emperor Hengjia, Emperor Tianluo and others were also ecstatic.

"Three six-star emperors, two seven-star emperors, Dandan, leave it to you!"

Lu Ming sent a voice to Dandan.

"Relax, quickly clean up!"

Dandan is very confident.

When he was on the Nether God Island, Dandan was only a six-star emperor, and he could suppress other peak emperors and even kill.

What's more, Dandan has now broken through to the seven-star pinnacle emperor. With his combat power, it is easy to kill people of the same level.

The five elders of the Mu Family, with their eyes like electricity, swept towards Lu Ming, and the cold and shriveled voice sounded: "Kill the people of the Mu Family, there is no pardon!"

"Kill your sister, try this invincible turtle boxing!"

Dandan rushed out directly, and the speed was so fast that he punched a peak emperor of the Mu Family.

Its punch, endless runes shine, as if condensing a world.

The ancestral ancestor of the Mu family was shocked and quickly laid a lot of defense.

However, these defenses were completely useless. They were directly punched by Dan Dan, and then Dan Dan's fist hit the old face of the ancestor of the Mu family.

bump!

Click!

The sound of broken bones spread throughout the audience. The ancestor of the Mu family screamed, and his body flew away far away, smashing a palace in the Mu family.

"This..."

Everyone was dumbfounded.

One of the ancestors of the Mu Family, who was terrifying and terrifying, was the pinnacle emperor. As soon as he appeared, he shocked everyone.

But it hasn't been a few seconds before he was directly punched and flew out.

And it was a teenager who looked like a teenager wearing a robe.

A teenage teenager Taoist.

Once upon a time, this picture, this picture, really makes people ignore him, because it is really not good?

But at the moment, the impact on everyone is also the biggest.

"Lu Ming really has a helper. The fighting strength is amazing. A boxing flies to a peak emperor. No wonder he dares to kill Mujia!"

"Horror, is it true that the Mujia today is over!"

Many people talked.

Among them, belong to the Xuan family, the most shocked.

Xuan Lin and Dongfang Xueyu swallowed spit violently, their faces cold and sweaty.

Their clothes were wet with cold sweat. At this moment, they secretly rejoiced that they did not start with Lu Ming, otherwise, their Xuan family would be finished.

The strength of the Xuan family is not as good as that of the master, and it is really dead.

"Perverted, perverted, I will never mess with this pervert again!"

Xuan Lin shouted in his heart, and he was really scared.

At this moment, the remaining four elders of the Mu Family, standing upside down with their hairs, instinctively retreated, and opened the distance between them.

"In front of this work, I still rely on the old to sell the old, I don't know what to do, kill!"

Dan Dan waved the sleeves of his robe and looked like a peerless master, and then killed the ancestors of the Mu Family.

A huge world emerged, vast and immense, exuding the pressure of Wei An and suppressing toward the other party.

Others, even if they condense the small world, it is impossible to directly take the small world out against the enemy, because relatively speaking, the condensed small world is not so stable and will be easily defeated by others.

But every day.

He is the world turtle, the word world, not screaming.

His control of the world has reached the point of reaching its peak. The small world is extremely stable, with powerful power and indestructible defense.

A round of small worlds, covering the sky and covering the sun, suppressing down, the few ancestors of the Mujia family can't escape, they can only face it.

boom! boom! boom!

The old man of the Mu Family took four shots and attacked the small world of Dandan. Later, including the old man who was almost killed by a punch of Dandan, he also barely shot.

However, the attacks of the five people only shook the small world once and for all.

boom!

The infinite power suppressed it, and the three six-star emperors screamed, vomiting blood in a big mouth, and their bodies were all cracked, covered in blood.

The two pinnacle emperors were slightly better, but they were also hit hard.

Uh!

Once turned into a phantom, he rushed directly to the **** slaughter.

Several consecutive screams sounded, and the three six-star emperors were instantly beheaded.

"Do not..."

The head of the Mujia family and others, yelling in horror, could hardly accept such a result.

"kill!"

At this moment, Lu Ming Changxiao also launched a violent offensive.

Although the strong men of the Mu Family fought desperately, the result was already doomed.

There were constant screams, and the Great Emperor of the Mu Family, one by one, died in Lu Ming's hands.

As for the two emperors, Pinnacle Great Emperor, they are not opponents of Dandan at all.

Chapter 2395: Mu Family Ruin

"Go, go!"

In the distance, Hengjia Tiandi, Tianluo Emperor and others, almost scared to death, and then took their respective subordinates, turned and ran away, fled away from the screen house.

Lu Ming's strength has far exceeded their imagination. They know that if they don't run, they will die.

"Go, everyone in the Mu Family, go!"

At this moment, the master of the Mu Family also roared, and the voice came from far away.

He knew that today, the Mu Family is over.

The Mu Family will be removed from the place of God's Order, but he does not want the Mu Family to be destroyed from now on. He wants to let the others escape.

"Homeowner!"

Mu Family, someone mourned.

"Go, go!"

The master of the Mu Family shouted, but his roar stopped abruptly.

Because, Lu Ming's spear has pierced his Dantian, and abolished his cultivation behavior. He let out a stern roar, his eyes full of despair.

"go!"

The strong men below the Emperor of the Mu Family turned into a rainbow of light and flew in all directions, as countless meteors pierced the void.

"Want to leave, have you asked this seat?"

Once sneer, his hands waved, and the runes were submerged into the void. Then, in all directions, the endless runes suddenly appeared, forming a mask, covering the entire home.

Formation!

In the past few days, Dandan had already set up his formation quietly around the screen house.

Today, no one can escape.

"Do not..."

Seeing the emergence of the Great Array, Emperor Hengjia, Emperor Tianluo and others issued a desperate roar, and then attacked and attacked the light curtain.

However, this had been used for a few days to form the formation, based on their cultivation practices, how could it be broken, one attack fell on the light curtain, and the light curtain did not even produce a trace of ripples.

"No, no, no..."

The people of the Mu Family also roared and attacked with despair.

"Why is this so?"

A veteran of the Mu family sighed in the sky.

They just offended a younger generation, and a younger generation killed it.

Their Mu Family inherited the time so long, they did not know how many so-called Tianjiao offended, nor how many so-called Tianjiao were killed.

Those natural arrogances, despite their extraordinary talents, were crushed into powder in front of their strength.

They couldn't even dream of it, this time offended a Tianjiao, but sent their Mujia to the end.

Deep in the sky, I don't know how tall, there are two figures standing there, everything below falls in the eyes of both of them.

These two people are the Stellar River, and his master, Nine Demon Heavenly Emperor.

"Master, it seems that Lu Ming brought the world turtle. There should be no Heavenly Emperor by his side. Should we do it now?"

Stellar River asked.

"Are you worried about the Heng family?"

Nine Demon Heavenly Emperor asked back.

"No!"

Stellar River shook his head and said, "I just think the time is almost up!"

"Look again!"

Jiu Mo Tianzun said: "After the killing of Lu Ming, the people of the Heng family must also die, and they will be slain by the Heavenly Emperor behind Lu Ming. No matter what, they will not survive, so you don't have to worry about it, observe again, Haste is not enough, understand?"

"Disciples know!"

Stellar River bowed and nodded.

The two continued to watch.

The battle below is nearing its end. Once and for all, he slaps and kills several five-star emperors of the Mu Family. The remaining emperors are all beheaded by Lu Ming.

The Great Emperor of the Mu Family, one will not stay!

This scene is really shocking. The people watching around are all ups and downs, and it is difficult to calm down.

Dominating the endless years of the ancient city, even in the land of destiny, is regarded as the top strength of the curtain master, and all the emperors were so beheaded by a young man.

It's really impermanent.

The elders of the Xuan family, Xuan Lin, Dongfang Xueyu, have been wet with cold sweat, and their faces are pale, and they are afraid.

If you didn't hold back before and hurriedly shot against Lu Ming, I am afraid that it would be the Xuan Family who is now annihilated.

bump! bump! ...

Holding a spear, Lu Ming stepped towards the Hengjia Emperor, Hejia Emperor, and Tianluo Emperor.

"Lu Ming, don't kill us. The stellar river has already apprentice to a heavenly emperor. If you destroy our stellar family, the galaxy will not let you go!"

Emperor Hengjia shouted.

"At this time, it's really stupid to threaten me, stellar river guy, I will kill him by hand in the future!"

Lu Ming spoke indifferently, and his steps became faster and faster.

Emperor Hengjia and others were extremely desperate and retreated, but behind them, they were blocked by the large formation.

"People don't commit me, I don't commit people. I haven't provoke you from the beginning. Everything is yours to blame. Today, let it end, kill!"

Lu Ming Changxiao, stabbed out.

puff!

This shot stabbed the emperor Tian Luo and killed him in the air.

"Do not..."

Emperor Hengjia and Emperor Hejia flew to both sides in horror, but Lu Ming shot two more times. The two entered the footsteps of Tianluo Emperor and were killed by Lu Ming.

"Kill, kill, kill!"

Then, Lu Ming shot madly, without a trace of softness, turned into a killing machine.

The endless spear burst out of his hand and rushed towards the remaining strong men of the Mu Family, as well as the big Luo Tianzong and the He Family.

Only the Heng family, Lu Ming's men are merciful!

It was on the face of Hengyu Tiandi.

The Heng family, after all, is the descendant of Hengyu Tiandi. Hengyu Tiandi helped Lu Ming a lot, and Lu Ming did not want to kill Heng Family.

Lu Ming just killed a few seniors of the Heng family. Others, Lu Ming did not kill.

However, Mu Family, He Family, and Da Luo Tianzong, Lu Ming did not show any mercy.

All the characters above Wu Emperor were killed by Lu Ming.

For a time, this area was filled with blood, like **** on earth.

"Heng Family, I look at the face of Emperor Hengyu, don't destroy you, get out!"

Lu Ming looked at the rest of the Heng family.

"Go, go!"

The rest of the Heng family rushed in one direction.

As soon as he waved his hand, the large formation automatically separated and did not stop them.

"Under the Emperor Wu, I am not willing to kill more. If you want to take revenge in the future, just come to me and get out!"

Finally, Lu Ming looked at the people under Emperor Wu.

Those people, if they were granted amnesty, also fled towards the Quartet. Soon afterwards, there was no one left at Nuoda's Mujia.

The Mujia, who dominated the ancient city, was destroyed.

Being destroyed by a young man with one hand.

"Dandan, Bubble, Qiuyue, let's go!"

Lu Ming spoke and turned away.

He did not want to create more killings, but in this world, not as you wish, if you want to set foot on the peak, there will be some obstacles.

"This boy is still too soft!"

Dang Dan pouted and stepped out with the landing.

But just then, his face changed wildly, looking deep into the sky.

At this moment, Lu Ming also stood upside down, and a terror crisis came.

Chapter 2396: Heavenly Emperor

Lu Ming felt a horrible crisis coming. This crisis came from the depths of the sky.

call out!

At this moment, a sword lighted up deep in the sky.

The light of this sword light is dozens of times brighter than that of the sun. It shines through the heavens and the earth, and the vast heavenly roads pressure, and there is a great horror in everyone's heart.

"Emperor Tian, behind this, there really is Emperor Tian who intervenes. Who is it?"

In Lu Ming's head, he turned very fast.

Just now, after he destroyed the Mu Family, he thought it was the Mu Family, the Heng Family, the He Family, and the Da Luo Tianzong, who was behind the scenes, and thought it was over.

But as soon as the sword light came out, Lu Ming knew that things were not over.

There is also a strong man in Heaven Emperor Realm, who has been hiding behind his back until he finally shot.

cautious!

This Emperor of Heaven is extremely cautious, and even if it is the last shot, it is also shot from a distance.

"Come on!"

At this moment, with a loud shout, infinite runes filled the whole body. Around the curtain house, the large formation emerged again, forming a ray of light that shrouded the world.

Then, as soon as he waved his hands, the turtle shells emerged out of thin air, blocking the direction of Jianguang's thorn toward Lu Ming.

In the hands of Lu Ming, the Great Waste Gun also appeared!

puff!

At this time, Jianguang had arrived.

The formation under the formation was extremely amazing, but when the sword light stabbed on the light curtain, the light curtain shook sharply and was passed by.

Jianguang passed through the light curtain at a constant speed and bombarded the heavy turtle shell under the dandan cloth.

bump! bump! bump!

The tortoise shell under the dandan cloth burst continuously, terrifying strength, sweeping all directions.

Finally, he snorted, his body flew away from the body, and a spit of blood spewed out.

However, after continuous blockade, the power of the sword light has been weakened a lot, but it still keeps on killing Lu Ming.

"Block it!"

Lu Ming roared, revealing a hint of madness, all 17 kinds of laws exploded, covering the Great Waste Gun, and then Lu Ming stabbed with all his strength.

This shot was Lu Ming's strongest shot, and all the forces burst out at this moment.

Keng!

The Great Waste Gun and Jianguang collided together, and Lu Ming immediately felt that a force of terror followed the Great Waste Gun and rushed towards him.

Buzz!

Da Huang's guns shook endlessly, Lu Ming's body receded, and his arms and bodies were covered with sword marks. It seemed that he was hit by hundreds of swords in an instant.

But in the end, blocked!

Lu Ming worked hard to keep the ancient scriptures intact, and his injuries were recovering quickly.

Deep in the sky!

"It seems that there really are no other Heavenly Emperors, Lu Ming, today, everything about you will be mine, Tu'er, go!"

The face of Nine Demon Heaven Emperor showed ecstasy, and then a stellar river rolled downward.

The sword just now was just a temptation.

If the Emperor had just shot, he fled immediately.

However, looking at how Lu Ming and Dan Dan struggled to resist, he concluded that no Emperor of Heaven followed Lu Ming.

Not far in front of Lu Ming, the light flashed, and two figures emerged out of thin air.

"Hengxinghe, Nine Demon Heavenly Emperors, it's you!"

Seeing the Stellar River and the Nine Demon Emperor, Lu Ming's eyes narrowed, and the cold light flickered.

It seems that the people behind the scenes are the Nine Demons.

He didn't let Tu Yi and Lei Yi come out just now, just to lead the other to show up.

"Lu Ming, you are killing innocent people indiscriminately. Today, my master will be on the way for Heaven!"

The stellar river shouted.

"Oh, for the way of heaven, don't say so grand, stellar river, I used to underestimate you, you really have no humanity, even the Heng family must use it, and watch the Heng family perish, do not shoot!"

Lu Ming sneered.

"Lu Ming, you are a man who understands everything, remember everything, remember it, the old man will give you a happy!"

The Nine Demon Heavenly Emperor spoke, and his body breathed out.

Heaven Emperor Realm can use the power of Heavenly Dao. That breath is too horrible. It is like Heaven's Dao pressed. All the people in the ancient city changed their faces and felt the pressure of terror.

"Emperor, God, it is Emperor!"

"Behind this, there was an emperor, and Lu Ming was finished, he actually offended an emperor!"

Many people shouted in horror, but they did not dare to export at all, fearing to offend Heavenly Emperor.

Heaven Emperor Realm, in the eyes of all people in the ancient city, it is the supreme existence.

Now, there is a heavenly emperor who wants to kill Lu Ming, and Lu Ming is dead.

"Nine Demon Heavenly Emperor, it seems that you are thinking about the treasures on my body. It is easy for you to kill me, but if this matter is spread, you will have no place to stay!"

Lu Ming said calmly.

"Hahaha, the world is so big, just hide at that time, who can find me?"

Nine Demon Heavenly Emperor laughed, looking at the great barren gun in Lu Ming's hand, full of fiery flames, full of greed.

"If you want my treasure, you can take it yourself, and if you want me to hand it over, it is impossible!"

Lu Ming said, 'intentionally' stepped back slowly.

"Negative and recalcitrant, Gouyan greedy!"

Nine Demon Heavenly Emperor said coldly, his figure flickered, and rushed towards the landing.

Quick, too fast!

The speed of Heavenly Emperor was so amazing, so incredible. When everyone hadn't responded, he had already reached Lu Ming, his claws like hooks, and grabbed Lu Ming's eyebrows.

At such a fast speed, Lu Ming couldn't avoid it even if he wanted to avoid it.

However, Lu Ming did not intend to avoid it at all.

Lu Ming stood there calmly, letting the other person paw and grab him.

"Lu Ming is dead!"

Many people have such a thought in their hearts.

But at this moment, Lu Ming suddenly had an extra arm, and a khaki arm, directly from Lu Ming, blasted out, and into the claws of the Nine Demon Heavenly Emperor.

It seemed that Lu Ming had an extra arm out of thin air.

boom!

With a deafening roar, Nine Demon Heavenly Emperor's figure was shocked, and he could not help but retreat again and again, and he was shocked for hundreds of miles.

On Lu Ming, a figure also appeared, a figure in earthy yellow, a burly figure, like a mountain.

It is Tuichi!

"Chaotic Hall, Tu Yi!"

Nine Demon Heavenly Emperor's face was ugly and he was going to die.

"Nine Demons, it seems that you think your life is too long, and dare to beat my young Master Chaos Hall's idea!"

Tu Yi coldly opened his eyes, and his eyes were awful.

Around, other people were dumbfounded.

This change was beyond everyone's expectations.

I thought Lu Ming was dead, but I didn't expect that a figure would suddenly appear on Lu Ming, and this figure was clearly a heavenly emperor.

Behind Lu Ming, there is also Heaven Emperor Realm.

And listening to the meaning, this Emperor called Lu Ming the young master and ordered Lu Ming.

Nine Demon Heavenly Emperor's complexion is extremely ugly.

But Stellar's face was even more ugly.

"Damn, how is it possible?"

Stellar River roared in his heart.

They have tried several times, and almost sure that there is no Emperor Tianming following Lu Ming. Unexpectedly, Lu Ming still carries Tiandi with him.

And hidden so deep, before encountering a life crisis, will not let Heavenly Emperor come out.

Chapter 2397: Heavenly Emperor

"go!"

Emperor Nine Demon shouted, and a force rolled up the stellar river, retreating backward.

After the soil came out one by one, he knew that today, Lu Ming would have no choice but to retreat, and life-saving is the first.

"Now I want to go, late!"

An indifferent voice sounded, and then a thunder and lightning flashed, and behind the Nine Demon Heavenly Emperor, a figure appeared.

This figure, covered with lightning, was Lei Yi.

The figure of Nine Demon Heavenly Emperor stopped in an instant, and his face was ugly.

Lu Ming's side not only followed Tu Yi, but also Lei Yi, a total of two Emperors.

The two heavenly emperors joined together and he was in danger.

The stellar river is even more desperate.

"Lu Ming, what happened today is a misunderstanding. How about I indemnify you in public?"

A flattering smile appeared on the face of Nine Demons.

"Misunderstanding? Ha ha, kill him!"

Lu Ming spoke lightly and gave the order directly.

He will not give Jiu Mo Tian Di any chance. Jiu Mo Tian Di must die!

"kill!"

Thunder screamed, and there was an endless thunderbolt, and he slammed toward the Nine Demon Heavenly Emperor.

"Lu Ming, who is the dead?"

Nine Demon Heavenly Emperor's eyes were fierce, and with the stellar river, he rushed towards the landing directly.

The soil stepped out one step at a time, and punched at the Nine Demon Heavenly Emperor with one punch.

But at this time, Nine Demon Heavenly Emperor waved his hand, and actually threw the stellar river out towards Tuyi.

"Master..."

The stellar river roared with despair.

"Go with peace of mind, and the teacher will avenge you..."

The indifferent voice of Nine Demon Heaven Emperor sounded in the ear of the stellar river.

what!

The stellar river uttered an unwilling scream. His body, under the terrifying fist of the soil, directly turned into powder, without the slightest resistance.

The Emperor Nine Demon took this opportunity to flash a figure and rushed towards the landing.

He wants to take Lu Ming, take Lu Ming as a hostage, escape from birth, and even get all resources from Lu Ming, such as the immortal ancient scriptures.

"court death!"

When the earth exploded with a roar, a meteor hammer appeared in his hand. In a wave, the meteor hammer exploded towards the Nine Demon Heavenly Emperor like a meteor. The speed was incredible, and it exuded terrible heavenly pressure.

Nine Demon Heavenly Emperor's pupils contracted sharply, and a desperate roar came out: "Tian Dao Bing..."

This meteor hammer is naturally a heavenly soldier sent by Lu Ming to Tuyi.

The speed of the Meteor Hammer, incredible, quickly caught up with the Nine Demon Heavenly Emperor. He had no time to fight Lu Ming and could only turn around and defend.

call out! call out! call out!

A long sword appeared in the hands of the Nine Demon Heavenly Emperor, and a few hundred swords and hundreds of sword lights were punctured in an instant, converging into a sword and blasting towards the meteor hammer.

But it was useless, he couldn't stop it.

Tu Yi's strength was originally stronger than that of the Nine Demon Heavenly Emperor. In addition, the Heavenly Dao Bing's strength soared, and its combat power has already far surpassed the Nine Demon Heavenly Emperor.

boom!

With a violent roar, the meteor hammer was destroyed and destroyed, and the unstoppable momentum crushed the sword light of the Nine Demon Heavenly Emperor and blasted towards the Nine Demon Heavenly Emperor.

At a critical moment, Nine Demon Heavenly Emperor can only resist with a sword of war in front of him.

However, the meteor hammered on the war sword, and this top-ranking great imperial soldier exploded directly. The terrible power hit the Nine Demon Heavenly Emperor heavily.

Nine Demon Heavenly Emperor screamed, and his body flew out directly. His body exploded directly into two pieces. Although he was not dead, he was hit hard, his breath was pale, and his face was pale.

Hit by the Heavenly Dao Bing, the strength of the Nine Demon Heavenly Emperor cannot be saved.

"Lu Ming, Lu Ming, I surrender, don't kill me, I can recognize you as the Lord, for you to drive!"

Nine Demon Heavenly Emperor shouted in horror.

He is really scared now. In the face of Tu Yi, who is in control of the Tian Dao Bing, he has no chance and must be beheaded.

For the first time in endless years, he was in such a state of panic.

"Not interested, kill!"

Lu Ming spoke indifferently.

"Dead!"

The earth roared roaringly, and the meteor hammer blasted towards the Nine Demon Heavenly Emperor.

"Lu Ming, you must not die....ah..."

The Nine Demon God Emperor hysterically roared and tried all means to escape, but they were useless. Under the attack of the Heavenly Dao Bing, all his means were superfluous.

bump!

The body of the Nine Demon Heavenly Emperor exploded in the air, including the soul. Under the attack of the Heavenly Dao Bing, the sky was wiped out.

Nine Demon Heaven Emperor, a figure in Heaven Emperor Realm, died like this.

At this moment, the crowds around were numb, unable to make a sound, completely stunned there, watching the landing stunned stunned.

Heaven Emperor died, a Heavenly Emperor, was killed by Lu Ming's subordinates.

This scene, this picture, is really too impactful, so shocking.

Heaven Emperor, in Yuan Realm, that is the legendary figure, supreme, there will never be a Heavenly Tribulation, Shou Yuan is endless, lives the same life with heaven and earth, and has unlimited fighting power.

Such a person usually has a hard time trying to meet, but now, one of them has fallen in front of them.

Moreover, it is because of a young man.

"Young Master, that guy's storage ring!"

When Tu Yi flew back, he handed a storage ring to Landing Ming, which was left by Emperor Nine Demon.

Lu Ming nodded and put away the storage ring.

"Go!"

Lu Ming spoke, just about to leave.

"Young Master Lu Ming, please wait!"

At this moment, a sound rang, Lu Ming stunned slightly, stopped, and turned to look.

Five or six figures came over, and two of them, Lu Ming also knew that it was the Eastern Snow and Xuan Lin.

"How? You Xuan family, still want to trouble me?"

Lu Ming said coldly.

Xuan Lin, Dongfang Xueyu, and several veterans of the Xuan family shivered, and a wrinkled veteran veiled his face with a smile on his face and clenched his fist: "Brother Lu Ming laughed, how dare we Do it with you, we are here to pay you off!"

"Xuan Lin, Dongfang Xueyu, you haven't stepped forward, make a guilt to Brother Lu Ming!"

In the end, the old man looked coldly at Xuanlin and Dongfang Xueyu.

Just now, they saw that the Mu Family was destroyed, and finally even one Heavenly Emperor was killed. They almost scared to death. They were afraid that because of Xuan Lin, Lu Ming killed Shang Xuan Family. The Xuan Family must be destroyed.

So when Lu Ming was about to leave, he quickly came out and made a complaint to Lu Ming.

Xuan Lin and Dongxue Xueyu stepped out of their pale faces, clenched their fists, and bowed to salute: "Before we had no eyes, and offended you, please ask your adults to ignore the minors, and don't know us in general!"

Lu Ming was noncommittal, waved his hand at random, did not speak, and then stepped away.

Qiuyue, Bubble, Dandan, Tu Yi and Lei Yi followed Lu Ming and disappeared without a trace.

Xuan Lin, Dongfang Xueyu, and the members of the Xuan family, panting and unclear what Lu Ming really meant. After a while, they went back unwillingly, and the Xuan family was filled with anxiety, For fear that Lu Ming will come to the door.

Chapter 2398: Expansion

However, Lu Ming didn't pay attention to the Xuan family's affairs at all.

Now, in Yuanjie, his enemies are basically eliminated by him, and he is almost at ease.

Next, Lu Ming still has two things to do. The first thing is to solve the kingdom of death.

The second thing is that of the inheritors of the Hunyuan Sect.

At the beginning, he passed the assessment of Hunyuanzong and obtained the position of gold inheritor of Hengyuanzong. At that time, he got a list.

The list contains all the inheritors of Hunyuanzong since ancient times, such as the silver inheritors and the bronze inheritors.

According to the rules, these inheritors must take orders from Lu Ming.

However, in the past, Lu Ming did not dare to rely on his own identity as a gold heir, and went to the door to order these people.

Because most of these people are now in the presence of Emperor Wudi.

Inside, there are even figures from the real emperor and even the emperor realm.

Looking for these people with Lu Ming's previous strength, I am afraid they will be slapped to death by these people.

But now it's ok!

Lu Ming intends to conquer all these people first, and then remove the kingdom of death.

However, if you want to conquer those people, you have to wait for a while and wait for things from the ancient city to spread out. In that case, it will be much more convenient to handle.

Lu Ming and they lived in Wan Gu City.

As for the World War I, the speed of hurricane spread out.

Not only spreading in the land of the gods, but also spreading to other regions.

For a time, a twelve magnitude earthquake occurred on the mainland of Yuanjie.

Lu Ming returned with a strong return, and wiped out the masters of the overwhelming forces of the ancient city in one fell swoop.

But the most amazing thing is that in the end there was a character from the Heavenly Emperor who wanted to kill Lu Ming, but he was easily killed by Lu Ming's subordinates. There were actually terrible characters of the Heavenly Emperor.

Everyone who heard the news shook violently.

They knew that Lu Ming rose against the sky.

At that time, Lu Ming was asserted by the Emperor Tianren that he could not become an Emperor in this life, and was called waste and waste body by many people.

But how many years are it now? Lu Ming rose strongly, his own combat power was so powerful that it was terrible, and he alone beheaded dozens of emperors.

That's a dozen great emperors. What kind of record is this? It's almost to scare people alive.

Even more frightening is that Lu Ming and Heavenly Emperor are his men.

After people heard it, there was a daze and speechlessness.

Everyone knows that an enemy-free object has risen with an irresistible trend.

Time rushed, and a month passed.

This month, the entire Yuanlu was talking about Lu Ming.

"It's time, the first one, Liu's family, just in Vanguard City!"

In an inn in an ancient city, Lu Ming smiled at the corner of his mouth, and then took Dandan and others in one direction.

The Liu family, a powerful force in the ancient city, is no weaker than the Xuan family.

According to Hun Yuanzong's list, Liu's ancestors were the heirs of Heng Yuanzong, and they were also silver heirs.

The Liu family is one of the strongest forces above the heirs of the Hunyuan lineage.

As soon as Lu Ming moved, he was immediately known to those who pay close attention to Lu Ming all the time. Immediately, countless people followed Lu Ming from afar.

"Where is Lu Ming going?"

"This direction seems to be the direction to Liu's!"

"Is Lu Ming going to Liu's house?"

Many people secretly guessed.

Now, it can be said that Lu Ming's every move is touching people's hearts.

The Liu family also got the news early, the entire Liu family's high-level was alarmed, and some of the veterans of the Liu family who had closed the prison were leaving the customs.

The Liu family was caught in a tense atmosphere.

Lu Ming wants to come to their Liu family? What are you doing? Did someone from the Liu family offend Lu Ming?

The seniors of the Liu family were very anxious.

Lu Ming's speed is not in a hurry. Soon after, the Liu family arrived.

As soon as Lu Ming arrived, a large group of figures flew out of the Liu family. Some of the heads were old men with white hair and white flowers. They were all strong men of the Liu family. There were more than a dozen emperors.

"Lu Ming's little brother came to visit, it is really far away to welcome!"

Master Liu Jia stepped forward, clenching fists again and again, smiling all over, smiling very politely.

Not to mention others, it is worth being polite to say Lu Ming's own strength alone.

Now, no one will treat Lu Ming as a younger junior, but as an unpredictable great emperor.

"polite!"

Lu Ming clasped his fists at will.

"I don't know what little brother Lu Ming came to my Liu family, what is the so-called thing?"

Liu Jia asked tentatively.

"I want to see Liu Gao!"

Lu Ming bluntly stated that Liu Gao is the ancestor of the Liu family.

"Do you want to see the ancestor?"

The expression of Liu Family's head changed.

"What? No?"

Lu Ming said.

"Of course, but the ancestors are retreating, we can go to the public, and brother Lu Ming can sit inside first, how?"

The Liu family is the master.

"it is good!"

Lu Ming nodded, then followed the people of the Liu family, entered the Liu family, and the Liu family immediately served wine and food.

Lu Ming smiled slightly, this is the change brought by strength.

If he didn't fight against the Mu Family, didn't play the prestige, and had no strength, Lu Ming rushed to the Liu Family and said that to see the other party's ancestor, I'm afraid he will be slapped to death by Liu's master.

But now, the other party has to politely serve him, as long as he waits.

Lu Ming, Qiuyue, they talked first, while chatting and waiting.

They didn't wait too long, the head of the Liu family and others walked along with a wrinkled old man.

"Old man Liu Gao, have met Brother Lu!"

The old man greeted him with a smile on his face.

This old man, Liu Gao, the ancestor of the Liu family, was also the silver inheritor of the Hundred Yuan Sect.

Obviously, he had heard about Lu Ming, so he was so polite.

"Senior is polite!"

Lu Ming smiled slightly.

"Brother Lu Ming came to the old man, and I don't know what happened?"

Liu Gao asked, his eyes showing doubt.

"Senior, remember what this is?"

A token appeared in Lu Ming's hands, and this token was exactly the gold inheritor token of the Hundred Yuan Sect.

Seeing this token, Liu Gao's face suddenly changed and blurted out: "Hundred Yuanzong gold heirs!"

"Senior, do you remember the oath?"

Lu Ming asked with a smile.

Liu Gao's complexion changed dramatically.

Taking his cultivation as an example, the oath at that time could not restrain him at all, and he could completely break the shackles of the oath.

But this man in front of him, but Lu Ming!

A quirky and natural arrogant, who has just extinguished the curtain family, is unparalleled in his own talents, and behind him are standing several terrifying heavenly emperors.

He had to be cautious.

"Liu Gao naturally remembers the oath!"

At the end of his speech, Liu master moved, and a token appeared in his hand. It was the token of the Hyunyuanzong silver inheritor.

Lu Ming did not speak, waiting for Liu Gao's following.

Liu Gao's eyes flickered, and he seemed to be thinking, and finally his eyes calmed down, as if he had made a decision.

Chapter 2399: Killing the kingdom of death

"The old husband sensed the presence of the gold inheritor decades ago. I didn't expect it to be you, the old husband Liu Gao, see the young master!"

After speaking, Liu Gao clenched his fists and bowed deeply to Landing Ming.

On the edge, the head of the Liu family looked dumbfounded.

"Senior does not need to be polite, please get up!"

Lu Ming smiled.

Liu Gao's move was tantamount to submitting to Lu Mingchen.

"What are you still doing? You haven't saluted the young patriarch. From then on, my Liu family will be headed by the young patriarch Ma Shou. From now on, if there is any command from the young patriarch, the Liu family swore to follow!"

Liu Gao looked at the Liu family head and others.

"It turned out to be the gold inheritor of Hunyuanzong!"

The senior Liu family, moving in their hearts, had already guessed what was going on.

They looked at each other and then saluted Lu Ming one after another.

If an ordinary Tianjiao came with the Hengyuanzong gold inheritor token, they would drive it out even if they were not killed on the spot.

But Lu Ming is different. Lu Ming's talent is too amazing. Now his strength is also very profound. The future is unlimited. Their Liu Jiachen served Lu Ming.

"Please get up!"

Lu Ming hurriedly raised the top of the Liu family.

If the other party can submit to him, naturally he is fancy with his strength and potential. He naturally will not put on a domineering look.

"You can remember this matter. I have to go elsewhere and say goodbye!"

Lu Ming said nothing and walked away.

After Lu Ming came out, many people speculated that they did not know what happened to Lu Ming in Liu's family.

Lu Ming did not stay. Soon after, he left the ancient city and went to the next goal.

Heaven asked the door, a huge force in the land of God's destiny, the strength is not worse than the Liu family.

An ancestor of Tianwenmen is also a silver heir to Hunyuanzong.

After Lu Ming's arrival, Tianwenmen went up and down, which was polite.

This trip was also very smooth. The ancestors of Tianwenmen willingly surrendered.

The main reason is that the World War I killed a Heavenly Emperor. This deterrent force is too strong. Those sectarian forces dare not resist, nor dare to rebel.

If Lu Ming was going to destroy them with anger, they could not resist.

Next, according to that list, Lu Ming left one after another.

There are large forces and small forces, not limited to the land of fate, but also other regions.

It took Lu Ming three full months to walk through these forces.

In the past three months, Lu Ming has almost traveled to Yuan Lu.

None of those forces dared to resist the pit, all obediently surrendered.

In this way, Lu Ming's invisible power has become extremely terrifying, spreading all over Yuanlu.

At that time, as long as Lu Ming swings his arm, the strong will gather, and it will definitely shake the world.

After these things were done, Lu Ming went back to Heavenly Emperor City and let Qiuyue stay in Heavenly Emperor City.

"It's time to solve the kingdom of death!"

A cold light flashed in Lu Ming's eyes.

If this force is not removed, he is always at ease.

At the moment, he brought Dandan, bubbles, and Tu Yi and Lei Yi to the land of God's destiny again.

After coming to the land of God's Life, Lu Ming went to a barren place according to the memory of the killer kingdom that he saw at the beginning.

Here, they found a partial teleportation array. Through this teleportation array, they came to a secret cave.

But here is far from the end. They left the cave and found a teleportation array in a hidden place tens of thousands of miles away.

In this way, they passed nine times before and after, and after the ninth time, they finally reached their destination.

Underground, on a huge square, suddenly radiating a dazzling light, Lu Ming, Dan Dan, bubbles, Tu Yi, Lei Yiwu figure appeared.

"Who are you?"

Lu Ming heard a cold drink as soon as they appeared.

Lu Ming glanced around, and found several figures around the square, looking at them in shock.

"The people who killed you!"

Lu Ming spoke indifferently and banged out with a punch.

These people, but when they first entered the realm of Emperor Wu, where could they block Lu Ming's punch, and they were directly bombarded with scum.

"A big city!"

Lu Ming they looked towards the front.

In front, a huge city stands there, and the walls of the city are inlaid with shining stones, giving this place a little light.

This ancient city is underground.

It is the ancient city in the memory of the killer kingdom, the headquarters of the kingdom of death.

And where they are at the moment is a square in front of the ancient city gate.

"Enemies!"

At this moment, a sharp cry came out of the ancient city, which alarmed the whole ancient city.

Uh! Uh! Uh!

In the ancient city, there are constant shadows flashing, all of them are the killers of the kingdom of death.

"Today, Kingdom of Extermination!"

Lu Ming stepped away first.

The speed of the pedestrians was so fast that I could see the ancient city near me in no time.

In the ancient city, there is no defensive formation at all, because since the endless years of the kingdom of death, it has never been found, and naturally no defensive formation is needed.

They passed the city wall easily.

"kill!"

"Kill them!"

As soon as they entered the ancient city, in all directions, there was a sharp sword light, bursting at them.

But half of these sword lights were stopped, and they were all fixed in the air by the law of time and space.

"go back!"

With a small bubble wave, these sword lights exploded back at a faster speed than the original.

puff! puff! puff!

The blood was splattering, and the screams were screaming together. There were dozens of black killers in the black. They fell on the spot and were assassinated by their own sword lights.

However, in the ancient city, the dark shadows flashed, and more killers came toward here.

On Lu Ming's body, there were seventeen kinds of light, and these lights were condensed into a lance, and burst into all directions.

At the same time, Bubble and Dandan also shot, attacking one after another, attacking the Quartet.

puff! puff! ...

The killer in black was constantly killed, and the body fell to the ground like raindrops.

These black killers, the strongest but true emperor realm, is naturally not their united enemy, was killed by a blockbuster.

Tu Yi and Lei Yi did not shoot.

Bring them in, just in case, to deal with these killers, they don't need them at all.

They went all the way, like tigers entering the flock, and there were constantly black killers being killed by them, and they kept pushing towards the center of the city.

"You retreat!"

In the center of the city, a voice came out. In a flash, those black killers retreated quickly, disappearing without a trace.

But in the center of the city, there was a horrifying murderous opportunity.

One, two, three...

There are more than thirty breaths, each one is terrifying, and each one exudes a terrible chill.

Emperor!

These breaths are all powerful in the Great Emperor Realm.

The kingdom of death is really terrifying. When it appeared, it was more than thirty emperors, and its strength was stronger than that of the Mujia.

Chapter 2400: Kill all

Uh! Uh! ...

In the depths of the ancient city of the kingdom of death, there are flashing figures, and there are more than 30 great emperors.

"Lu Ming!"

When they saw Lu Ming's appearance, someone exclaimed.

The figure of more than thirty emperors stopped suddenly, with a look of horror in his eyes.

They didn't expect that Lu Ming was the one who killed here.

In the battle of the ancient city, the kingdom of death is naturally known. They never thought that Lu Ming could actually find the headquarters of the kingdom of death.

Their eyes, looking at Tu Yi and Lei Yi behind Lu Ming, were even more frightened.

"Exit, exit here!"

One of them shouted, his figure retreated.

Lu Ming's side, following the powerful of Heaven Emperor Realm, how to fight this, go up to the battle, it is just a dead end.

Now, they just want to escape and escape from here.

"Senior Tu Yi, Senior Lei Yi, please bother you!"

Lu Ming sent a voice to Tu Yi and Lei Yi.

So many emperors, if they want to kill them all, they can only ask Tu Yi and Lei Yi to take action.

"I am enough!"

Lei Yi first spoke, then turned into a thunderbolt, and rushed out.

Tu smiled one by one and didn't shoot.

Zizizi...

After Lei Yi rushed out, the sky suddenly filled with infinite lightning.

Thunder and lightning, thicker than the arm, covered the sky like a cobweb, and blasted towards the killer of more than thirty emperor realms.

These thunderbolts are naturally not ordinary thunderbolts, but the magic power that Lei Yi condensed with heaven and heaven, and the power is infinite.

bump! bump! ...

The killers of the Great Emperor Realm were struck by lightning, and even the screams were not issued, and they were directly burned to ashes.

Ordinary Great Emperor, faced with Heavenly Emperor, was only killed by spikes.

The killers of more than thirty great emperors were killed in an instant.

"All die!"

Lei Yi didn't stop, he waved with one hand, a group of thunder and lightning appeared in the sky, this group of thunder and lightning, suspended in the sky above the ancient city, and then burst out, turned into countless lightning, like raindrops, toward the ancient city The killers in the blast went away.

bump! bump! bump!

In an instant, in the ancient city, I don't know how many killers died under thunder and lightning and turned into fly ash.

Nuo Da's headquarters of the kingdom of death, I do not know how many killers, at this moment, almost completely destroyed.

"and also..."

At this moment, a flash of cold light flashed in Lei's eyes, heading deep into the ancient city.

Lu Ming and others quickly followed.

call out! call out! call out!

Deep in the ancient city, there are seven or eight figures, flashing very fast, and escaping in another direction at a very fast speed.

"Peak Emperor!"

Lu Ming was shocked.

These seven or eight figures are actually the pinnacle emperor.

The power of the kingdom of death is really terrifying. You must know that there are only two great emperors like the Mujia.

In the kingdom of death, eight great emperors appeared.

And their speed is amazing, if only Lu Ming and Dan Dan come here, I am afraid they cannot stop them.

But now, there is Tu Yi, Lei Yi and they come together, it will be different.

"Want to run in front of me?"

Lei sneered, stepped out, his figure turned into a flash of lightning, rushed out instantly, and in a flash, he caught up with the other party.

Zizizi...

In the hands of thunder, lightning filled, forming a spear of lightning, piercing through.

"Destroy the crystal tower..."

At this time, one of the eight people shouted.

bump!

At the next moment, these eight people were stabbed by the lightning spear.

Although the eight are the pinnacle emperors, they are useless in the face of the attack of the heavenly emperor.

"what!"

Several of them actually screamed harshly, and a dark shadow was twisting violently in their bodies.

This black shadow's eyebrows actually have a third eye.

"Evil God Race!"

Seeing this shadow, Lu Ming was shocked, and in an instant, he thought of many things.

At first, evil spirits and demons were also created by evil spirits.

Obviously, the kingdom of death, like evil spirits and demons, was created by evil spirits.

No wonder they often assassinate masters and Tianjiao in Yuanjie.

The figures were twisted a few times, and then turned into fly ash to dissipate.

Crystal Tower...

At the next moment, Lu Ming thought of the crystal tower.

The Evil God Clan yelled, "Destroy the crystal tower" when he was dying. A master of the Evil God Clan still remembered that the crystal tower was definitely important.

"Find that crystal tower!"

Lu Ming shouted.

"found it!"

The bubble opened, and then she waved her hands, a space-time channel appeared in the air, on the other side of the space-time channel, there was a crystal tower about three meters high, shining, covered with various runes.

There are two killers in black, and the anode is heading towards the crystal tower, obviously to destroy the crystal tower.

"In front of the old man, stop thinking!"

Zizizi...

Lei Yi rushed directly through the space-time tunnel, and two lightning bolts burst out, killing the two men in black.

Then, Lu Ming, Dan Dan, Bubble and Tu Yi, also rushed through the space-time channel to the edge of the crystal tower.

On the crystal tower, runes are dense and colorful.

"what is this?"

Lu Ming looked carefully and was a little puzzled.

Is it a large formation?

"It turned out to be this kind of thing!"

Dandan touched his chin, revealing his thoughts.

"Dan Dan, do you know what this is?"

Lu Ming asked curiously.

"Of course I know that this is the oldest tool for transmitting messages. It has almost been lost. It seems that the Evil God Clan still retains this tool for transmitting messages!"

Once and for all.

"A tool to deliver messages?"

Lu Ming's eyes lit up and said, "Dan Dan, can you interpret the information inside?"

Evil God Clan's tool for sending messages can make that Evil God Clan take such a serious attention, maybe there is no news in it.

"Young Master, I will solve the rest!"

Lei shook his figure and left here.

Dan Dan, wandering around the crystal tower, began to study.

After a while, Lei returned, apparently having solved all the killers, and brought back all the storage rings of those killers.

This is a huge harvest. The kingdom of death has accumulated for so many years, and the resources are amazing. Now it is all owned by Lu Ming.

Lu Ming put it all away.

In the future, Longmeng will definitely need huge resources if it wants to develop. The more it accumulates, the better.

Dandan continued to study, and it took several hours until Dandan started to work, and a rune was not entered into the crystal tower.

"open!"

When Dandan circled around the crystal tower for three hundred and sixty circles, he sipped and stepped, and countless runes covered the crystal tower.

Buzz!

The crystal tower suddenly buzzed, and the light above was vigorous, and then a message spread out from the crystal tower.

Very peculiar, they stand beside the crystal tower and can clearly access the information.

Even a picture emerged.

"this is..."

When Lu Ming came into contact with some information, his pupils suddenly widened and his heart shook.
