

D Emperor 2401

Chapter 2401: Tianda's secret

After seeing some information and pictures in the crystal tower, Lu Ming was shocked.

Not only Lu Ming, Dan Dan, Bubble, Tu Yi, but also Lei Yi, but they were equally shocked, revealing incredible colors.

Because of the information in the crystal tower, they learned that the aliens actually had to open a huge channel to the Yuan Realm.

Yes, this project has been carried out by interracial people for many years.

A picture emerged from the crystal tower.

In this picture, an unknown area, endless alien gathering, is arranging a large formation, and the foundation of this large formation is some bones.

With these bones as the foundation, a huge channel is opened.

"Choo Choo Choo..."

Seeing this picture, the bubbles kept screaming, looking very sad, anxious, and angry.

"The bones of the space-time spirit rat, **** it, the bones of the previous generation of space-time spirit rats were obtained by aliens and used to open a passage!"

Dandan also shouted in anger.

The bones of a space-time spirit rat!

Lu Ming understands everything!

It seems that after the death of the previous generation of space-time spirit rats, the body fell on the hands of aliens.

The space-time spirit mouse controls the space-time, and uses the space-time to the extreme. A drop of blood and a hair on the body are all related to the space-time.

It is indeed possible for the aliens to lay a large array with the bones of the space-time spirit rats, and it is indeed possible to open a huge and stable passage in the infinite void, which can allow a large number of aliens to pass through.

And the destination of this channel is in Yuanjie.

"Where is it?"

Lu Ming became anxious and continued to watch the information in the crystal tower. Soon after, they found out.

On a huge island, each figure in black flashed, and in the sky, there was a huge vortex.

Obviously, the people of the kingdom of death are cooperating with the evil **** clan to open the channel on the Yuan boundary.

"Overseas!"

Soon, they finally reached a specific location.

Not on Yuanlu, but overseas.

This crystal tower actually hides such a secret, no wonder that the alien is also dying to die.

Lu Ming was afraid of them secretly!

If the aliens opened this channel, the army invaded and the Yuan Realm was over.

As soon as the Yuan Realm was over, the Taiqing Tianyu was also dangerous.

After watching it carefully, they checked the information in the crystal tower, and then they stopped.

"Go, let's kill the people of the kingdom of death first, and then go to notify the powerful of heaven, and let heaven send people to stay there!"

In Lu Ming's eyes, there was a cold murder.

He was secretly afraid, but fortunately they were discovered, otherwise, the consequences would be disastrous.

"Kill, you must kill them, tweeted!"

The bubble also cried, dancing all over, with a fierce look.

The previous generation of space-time spirit rats was equal to the mother of Bubbles, but nowadays, the dead bones are used by aliens for this toss, and she is not full of killings.

The plan was finalized, they immediately left here, and then flew north.

According to the information they learned, the destination of the alien passage is in the endless sea north of Yuanlu.

There, like the God Wasteland, is called a wasteland.

However, there is no such contradiction as Shenhua Continent, nor is it so far away from Yuanlu.

Tu Yi and Lei Landing Ming, Dan Dan, Bubble Three, rushed towards the north of Yuan Lu.

Taking the cultivation of the two emperors as their realm, the speed is too fast. Soon after, they left Yuanlu and came to the boundless sea.

They walked north along the sea.

Two days later, they finally approached their destination.

In front, there is an island, huge.

Rather than saying that this is an island, it is better to say that it is a continent, a continent similar to Shenhua Continent, and its area is even larger than that of Shenhua Continent.

Just compare with Yuanlu, it is like an island.

Above the island, a huge vortex hovered there, covering the whole island.

It can be seen that once this channel is opened, how huge it will be, and in an instant, it can flood into countless evil gods.

From a distance, they can see a shadow flashing in the island, all killers of the kingdom of death.

"Depending on the situation, that channel should not have been opened yet. The Kingdom of Reaper is here to cooperate with the Evil God Race and wants to open the channel as soon as possible!"

Whispered.

"We shot, first killed the people of the kingdom of death, and then destroyed the large formation here!"

Lu Ming said.

The others nodded.

Uh! Uh!

They moved, not hiding their bodies, rushing towards the island, breathing a few, and they were near the island.

"Someone!"

"No, it was discovered!"

"Kill them!"

One by one, the men in black rose from the island, and there were thousands of them. They attacked the landing.

call out! call out! ...

Thousands of sword lights, from all directions, like a raindrop, slamming them towards the landing.

"dead!"

Lei Yi drank coldly, shot with a palm, and the endless thunder formed like a cobweb in the air, rushing towards those people in black.

Those in black were difficult to resist, and were directly killed. Thousands of people in black looked from a distance. Like thousands of mosquitoes, they fell to the ground.

"kill!"

Lu Ming drank coldly, rushed away, and rushed into the island.

This island is really big, like a continent.

On this island, I don't know how many killers live in the kingdom of death, and obviously, the other creatures of this island have been killed by them long ago.

As Lu Ming went deeper, people in black rushed out all over the island.

"Human race in Yuanjie, kill!"

Suddenly, bursts of roar sounded, and deep inside the island, there was a burly figure, and they burst towards the landing, and their breath was extremely amazing.

Emperor!

At least dozens of great emperors rushed towards them. The most amazing thing is that these great emperors were all evil gods.

How can there be so many evil gods in Yuanjie?

"No, that channel may have been torn apart, so some Evil God Clan entered!"

As soon as his face changed, he was very dignified.

If this is the case, then this channel is completely open, not far away.

In an instant, those Evil God Races have rushed over.

"Die to me!"

In Lu Ming's hands, the Great Wilderness Gun appeared. The Great Wilderness Gun flicked and flew out a rifle, suddenly killing several aliens in the Great Emperor Realm.

At the same time, Tu Yi they also shot.

The two heavenly emperors shot, the emperor was simply invincible, and was continuously killed.

However, in the depths of the island, there are constant figures flying out, all of which are evil gods. The number is huge and amazing. From the perspective of breath, the powerful in the Great Emperor Realm actually exceeds 100.

And it is still increasing, and the number of pinnacle emperors is not small.

"How many come, how many kill!"

In the first glance of the soil, the murderous opportunity permeated, and in his hand, the meteor hammer appeared, exuding a terrible breath.

boom!

The meteor hammer blasted out suddenly, like a planet smashing forward.

Chapter 2402: in danger

The Meteor Hammer is a heavenly soldier. It is extremely terrifying. In the urge of Tu Yi, the power is even more amazing.

This blow is like a huge star hit, if it hits the ground, the island will be crushed.

"Tian Dao Bing, is the Emperor of Heaven!"

"not good!"

The faces of those evil gods changed wildly and retreated quickly.

But their speed, where there is a meteor hammer is fast, it seems that the meteor hammer will hit them.

"People from the Yuan Realm, dare to kill the strong of my race, to death!"

At this moment, a deep roar came from the depths of the island, and then a huge palm extended from the depths of the island.

This palm is covered with dark scales, covering the sky and the sun, and bombarded with the meteor hammer.

boom!

Just like the end of the world, after a violent roar, the meteor hammer actually shook and was returned by this palm.

The palm was nothing.

There was a move against Tian Dao Bing, and there was no abnormality in the palm of the hand, even a scale did not fall.

The palm of his hand stretched back, and then a figure suddenly appeared in the sky.

This is an evil spirit family, covered with black scales.

It seems that this is like an ordinary evil **** clan, but his body type is very different from the ordinary evil **** clan.

Ordinary Evil God Clan, each with a tall and burly figure, but this Evil God Clan has a figure similar to that of ordinary people, and its physique is slender.

In addition to the whole scales, there is the third eyebrow eye, which is no different from the human race.

However, the breath he radiated from him was terrifying and extremely powerful.

"No, it's a peerless powerhouse!"

Tu Yi's face changed wildly and shouted in silence.

Here, there is actually a peerless strongman, and the existence of the four-star heavenly emperor can be called a peerless strongman.

"kill!"

The Peerless Peerless Strong drank coldly, waved his big hand, his palm suddenly enlarged, and pressed towards the soil. At the same time, in his third eye, a beam of destruction burst out into a sword of destruction. Landing Ming cut them over.

As soon as Tu broke out, he controlled the meteor hammer and blasted past.

And Lei Yi, with a mouthful of spray, a war sword shining with thunder flew out, exuding a terrible atmosphere, and attacked the Evil God Race.

This is Lei Yi's Heavenly Dao Bing.

The Chaos Hall originally had two Tiandao soldiers left behind, one in Lei Yi and one in Jin Yi.

boom! boom!

Two consecutive horror roars, Lei Yi and Tu Yi, were actually blocked, but they couldn't help each other.

"Tian Dao Bing, two pieces of Tian Dao Bing, ha ha ha, I have good luck, all belong to me!"

The Peerless Peerless Master laughed, broke out with all their strength, and slayed towards Tu Yi and Lei Yi.

Tu Yi and Lei Yi also exploded in full force, fighting with each other, but for a time, it was difficult to distinguish the victory and defeat, the two were entangled and could not get away.

"Young Master, go away!"

The soil shouted.

This time, it was impossible for them to destroy each other, and things were beyond their expectations.

The aliens have already torn this channel apart, not only a large number of strong men have entered here, but even a peerless strong man has entered here.

This peerless master has the cultivation of the four-star Heavenly Emperor and is extremely powerful.

Both the Tuyi and Lei Yi's cultivation bases are in the two-star Heavenly Emperor. Even with the cooperation of the Heavenly Dao Bing, the two teamed up to face each other and only barely protect themselves.

This is because the opponent does not have Heavenly Dao soldiers. If the opponent also has Heavenly Dao soldiers, they will die.

Today's plan, only they first hold each other, let Lu Ming run away, and spread the news to the heaven.

"Tu Yi, Lei Yi..."

Lu Ming shouted.

"Hurry up, young master, you must go. The news here must be spread. Don't worry about us. We have our own way to get out!"

Lei Yi also shouted.

"go!"

As soon as Lu Ming gritted his teeth, he no longer hesitated and turned away.

But this is that a large group of evil gods have surrounded them and attacked them one by one, killing them.

"kill!"

Lu Ming slapped his eyes, and his spears kept sweeping out.

bump! bump! ...

Anyone who was swept by Lu Ming's spear directly burst his body.

Whether it is a true emperor or an emperor.

"Boy, die!"

An unusually burly evil spirit clan, armed with a battle axe, slammed Lu Ming.

A terrifying force rushed in, and Lu Ming's body shook, and he couldn't help but retreat.

Peak Emperor!

Lu Ming's heart sighed!

With Lu Ming's current combat power, he exploded with all his strength. Six-star emperor, he can compete with him, but the peak emperor, he is definitely not an opponent.

In addition, Dandan and Bubble also encountered strong enemies.

The repair of the bubble has not yet broken into the emperor. In this battle, it did not play a big role. He stood on Lu Ming's shoulder to assist Lu Ming.

Dandan was besieged by several pinnacle emperors.

However, once the battle was extremely strong, he completely pressed the few peak emperors to fight, and the opponents who fought back repeatedly.

Uh!

Suddenly, when he gave up his attack, his figure flashed and rushed to Lu Ming's side. He flew out the evil **** clan that attacked Lu Ming and vomited blood.

"Lu Ming, follow me and rush out!"

Every time he shouted and killed, every time he shot, it was like a round of world bombardment, and even the Great Emperor could not stop it.

bump! bump!

Several consecutive peak emperors were blasted out and vomited blood.

"Everyone stopped them and couldn't let them escape!"

The peerless elite of the Evil God clan shouted.

"kill!"

"Kill them!"

A large group of Evil God Races rushed over and killed Lu Ming with their lives.

"Time and space!"

Bubble little hands are constantly waving, to block time and space and block those aliens.

It is a pity that the repair of the bubble is too weak. Those below the emperor are blocked by him, but those above the emperor, especially those high-level emperors, the bubble can't stop it.

As soon as the other party struggled, he broke free of the time and space power of the bubble.

And those pinnacle emperors, even ignoring the power of time and space of the bubble, constantly killing Lu Ming.

There are too many!

Although Dandan's combat power is strong and can crush the strong players of the same level, but the opponent is too much, continuous bombardment, Dandan can't eat it.

For a while, there were at least ten pinnacle emperors. During the siege, their road was blocked and it was difficult to rush out.

Rumble!

It was here that the vortex over the island gave a deafening roar. It seemed that someone was struggling to bombard the passageway and wanted to pierce the passageway here.

Lu Ming, they were anxious, if more powerful evil **** clan came, then they were really over.

Roar!

Once yelled, turned into the body, the attack power is stronger.

puff!

An evil **** clan peak emperor was careless and was hit by Dandan once, and the form and spirit directly hit were destroyed.

But at the same time, dozens of attacks fell on Dandan.

These attacks are all six-star emperors, even the peak emperor's attacks, so many together, even if the defensive strength is amazing, they can't stand it, and they are beaten back again and again.

Chapter 2403: Crazy borrowing

"Kill the two weak first!"

There was an evil **** clan shouting. Suddenly, the two evil **** clan in the peak emperor realm bypassed Dandan and slammed towards Landing Ming and Bubble.

It has not yet arrived, and two horrible lights of destruction have struck the landing.

Lu Ming exploded with all his strength. Seventeen laws covered the whole body, his muscles kept shaking, and the Great Waste Gun swept out.

boom! boom!

Two lights of destruction directly bombarded the Great Wilderness Gun, and the Great Wilderness Gun vibrated wildly. The power of the law above was directly defeated. Two forces rushed in, Lu Ming's body violently screamed, he vomited blood, and a wound appeared on his body, blood DC.

In the face of the two pinnacle emperors, Lu Ming lost his opponent and was wounded by a stroke.

Fortunately, Lu Ming's defensive strength is amazing, and the unstoppable ancient scripture is displayed. His injuries are recovering quickly, which has little effect on his combat power.

"How to do?"

Lu Ming thought quickly in his head.

With his own strength, he simply lost to the pinnacle emperor.

The energy of the Tiandi flesh does not store much. If you want to deal with the peak emperor, the energy of the Tiandi flesh must reach 100%, otherwise it will be useless.

And under such circumstances, even if the energy of the Heavenly Emperor's flesh reaches 100%, I am afraid it is useless. There are too many aliens.

At this moment, the pinnacle emperor of the alien race has already reached nearly twenty, while the emperors of other ranks are more numerous.

In the depths of the island, aliens continue to rush.

This island is actually stationed with an army of aliens.

Lu Ming also has a star-falling bow, but Lu Ming's cultivation practice is, after all, a real emperor realm. Even if he uses a star-falling bow, it has little effect.

In addition, Lu Ming also has Jiulong Shending. Unfortunately, after the first battle, Jiulong Shending seemed to have really run out of energy. In these years, there has been no movement, and Lu Ming cannot control it.

Now, there is only one of his cards, that is the third blood.

Previously, he had not dared to use the Third Blood Vessel. The Third Blood Vein was too evil, and his power seemed endless, but every time he borrowed the Power of the Third Blood Vein, it seemed that he would be eroded by the Power of the Third Blood Vessel and become a statue. Kill the puppet.

But today's situation, he had to use it, otherwise, they will stay here.

They must have someone escape and spread the news. Otherwise, it is about the safety of Tianyuan and the two realms, as well as the safety of Lu Ming's relatives and friends.

"bring it on!"

In Lu Ming's eyes, a fierce color flashed, his heart moved, the third bloodline emerged, and a force flowed out of the third bloodstream into Lu Ming's body.

"Kill, kill, kill!"

A loud roar suddenly sounded in Lu Ming's mind, and Lu Ming's body was filled with cold killing opportunities.

His eyes turned blood red, as did his hair.

call out! call out!

Lu Ming stabbed two guns, two guns, and collided with two Evil God Clan in the Great Emperor Realm.

With two roars, Lu Ming shook his figure and stepped back a few steps, but the attacks of the two evil gods were also blocked by Lu Ming.

"what is this?"

The two evil gods flashed doubt and dignity in their eyes.

Lu Ming's power suddenly surged, which puzzled them.

"Not enough, not enough, come again!"

Lu Ming roared in his heart, and in the third bloodline, energy continued to flow into Lu Ming's body, making Lu Ming's killing power stronger.

"kill!"

Lu Ming shouted and killed two Clan of Evil Gods.

This time, Lu Ming's power increased greatly, completely suppressing the two evil gods.

bump! bump!

The two Evil God Clan were blown out by Lu Ming, but it was not a big deal, only a slight injury.

"Not enough, not enough!"

Lu Ming shouted.

Today, borrowing a little bit of power is not enough. You must have overwhelming power to get out.

boom!

In the third blood vein, it looks like a boundless sea of blood, full of boundless power.

At this time, the sea of blood rolled, and a wave of power continuously poured into Lu Ming's body.

On Lu Ming's body, blood mist continued to diffuse, and even from Lu Ming's body, a bone spur appeared.

Lu Ming's image became unpretentious, and the bubbles were horrified, flying away from Lu Ming's body.

"Brother Lu Ming!"

Bubbles are anxious.

The image of Lu Ming was seen before by Bubbles. At that time, Lu Ming was almost lost and became a killing puppet.

"Bubble, leave!"

Lu Ming screamed. At this moment, his will was seriously challenged. His heart was filled with endless killing thoughts. He only retained a trace of will and controlled himself.

Roar!

Then Lu Ming snarled and rushed towards Dandan.

At this moment, Lu Ming simply put away the Great Waste Gun, because his claws became extremely sharp.

"kill!"

Lu Ming burst into roar, grabbing an alien pinnacle emperor.

puff!

The alien pinnacle emperor, who was totally unable to resist, was directly defeated by Lu Ming to attack and defend, and then Lu Ming grabbed his body, struggling to tear it and tear it in half.

Then, Lu Ming killed other aliens.

"Sacrifice of the Sacred Heart of the Heart, is the ancestor of the Heart of the Heart, and the ancestor of the Heart of Life is alive, hahaha, we must win the boy!"

In the sky, another test of the channel came with a very excited voice. Then, the channel shook wildly, and the clouds changed color, as if it would be torn apart at any time.

Those aliens became even crazier when they heard this voice, and drove away to the landing.

"Die, die!"

Lu Ming's eyes were blood red, his claws were like swords, and he went away.

puff! puff!

One by one, they were torn by Lu Ming.

Even Pinnacle Emperor couldn't stop Lu Ming, and the ones below Pinnacle Emperor couldn't bear a blow. They were killed by Lu Ming in groups.

"Dan Dan, bubble, rush out with me!"

Lu Ming roared, struggling to kill, where he passed, the aliens continued to fall, and he was killed by a **** path.

At this time, the bubble flew to Dan Dan, Dan Dan took her, followed Lu Ming behind, and rushed out together.

"Hugh wants to go!"

The peerless strong man who fought with Tu Yi and Lei coldly wanted to give up Tu Yi and Lei Yi and killed Lu Ming.

However, the outbreak of Tu Yi and Lei Yi killed the power of the Heavenly Dao soldiers to the extreme. They bit the other side tightly, and it was not easy for the other side to get away for a while.

Hiss!

Just then, there was a roar in the passage in the sky, and then a crack opened abruptly.

As you can see, there are two hands on both sides of the opening, supporting the opening, and tearing hard, the opening gradually becomes larger and becomes a space crack.

boom!

A towering figure suddenly rushed out of the crack and appeared over the island.

This majestic figure was burly, covered with purple scales, and exuded a terrible breath.

God!

This is a strong man in the realm of heaven.

Although this alien is not as powerful as the peerless powerhouse, it is indeed a powerhouse of Heavenly Emperor Realm.

"not good!"

Tu Yi, Lei Yi, and Dan Dan, their faces changed wildly.

Chapter 2404: Masters constantly

At a critical moment, a strong man of alien emperor realm traversed the void and descended from another world. Even an ordinary emperor might change the situation.

This alien has a terrible gaze, looking at Lu Ming and Dan Dan, and stepping out, they appear above Lu Ming.

boom!

A spiked mace appeared in his hand, so huge that he swept down directly towards the landing.

The mace has not yet arrived, and the terrible strength has made Dandan and Lu Ming feel uncomfortable.

Dandan and Lu Ming shot at the same time.

Dandan opened his mouth and spouted out a round of the world, blasting out, and Lu Ming, his fists blasted out continuously, converging into a **** fist, slamming toward the mace.

boom! boom!

Two consecutive violent roars, Dandan ejected the small world, shaking wildly, and then flew back into Dandan's body, Dandan's body retreated, and a spit of blood was continuously spit out.

Lu Ming's fist strength was also defeated, his body exploded, and his body seemed to be torn apart.

God, too strong!

Although the power borrowed by Lu Ming now can kill the pinnacle emperor, he is still invincible to the heavenly emperor.

"All die to me!"

The alien emperor, with a terrifying look, killed Lu Ming again.

"That kid has the blood of the sacred ancestor of the heart, can't kill, take it, others, kill without forgiveness!"

Opposite that channel, another voice sounded.

The alien Emperor's eyes flicked, waving his mace, and drove towards Dandan.

"Come on!"

Lu Ming rushed over and blocked the move, but his injury was more serious.

Rumble!

At this moment, the channel, the crazy vibration, the crack, is getting bigger and bigger.

Uh!

At this time, there was actually another figure, rushing out of the crack, this is also an alien strong, coming from the breath, he is also a heavenly emperor.

"Damn!"

Tu Yi, Lei Yi burst into roar, very anxious.

Interracial this is a fight, and constantly send over strong interracial.

That channel has not yet been fully opened, and forcing the strong to come over with such aliens will definitely have to pay a heavy price.

But the interracial seem to ignore.

"Finished, this seat will be here today!"

Dan Tian sighed.

Two consecutive alien emperors appeared, they could not escape.

"Hahaha, just grab your hands!"

The previous alien Emperor laughed, and his mace waved, and they hit the landing again and smashed them.

Later, the alien also killed here.

"Go on like this, fight, strength, strength, I want strength!"

Lu Ming roared in his heart.

"as you wish!"

In the third bloodline, there was a cold voice, and the sea of blood was surging, forming a huge human face.

Rumble!

An even more powerful force poured into Lu Ming's body.

Lu Ming's power is rising.

"This kid..."

The two alien emperors had dignified eyes in their eyes.

"It is the power of the Sacred Ancestor, kill it, take it down!"

Opposite the passage, a majestic voice came.

Rumble!

That channel, with more crazy vibrations, the aliens seem to be uneasy and want to send more powerful ones.

"kill!"

At this moment, Lu Ming looked up to the sky.

At this moment, his will was completely overwhelmed by endless killing thoughts.

At this moment, in Lu Ming's heart, there was only endless killing thoughts, and nothing else.

He has forgotten everything, completely controlled by instinct, and controlled by killing.

"Kill, kill, kill!"

Lu Ming Changxiao killed the two alien emperors.

The two alien Heavenly Emperors had dignified faces, dared not to keep their hands, launched their full strength, and fought against Lu Ming.

The continuous roar came, and the two alien emperors and Lu Ming were inseparable from the battle.

The alien emperor was actually blocked by Lu Mingsheng.

"Brother Lu Ming!"

Bubbles are anxious.

"It's over, this kid is completely controlled by Killing Nian!"

Dan Dan is also very anxious.

"Little guy, we must rush out, if no one rushes out, then everything is really over!"

Dangdan sent a voice to the bubble, and then struggling to rush out.

However, there are too many aliens, and those aliens are constantly rushing towards Dandan, blocking the pace of Dandan.

They are completely passive.

Tu Yi and Lei Yi were blocked, Lu Ming and the two alien emperors fought fiercely, and once they were blocked, they continued to be left sooner or later.

"Strength, strength..."

Lu Ming has no consciousness, only instinct.

He instinctively tore the enemy in front of him, and beheaded all the creatures he saw.

Therefore, the third bloodline still has a steady flow of power, pouring into Lu Ming's body.

Lu Ming's strength is getting stronger and stronger. At first, Lu Ming could only draw a tie with the two alien emperors, but slowly, Lu Ming began to gain the upper hand and began to suppress the two alien emperors.

The two alien emperors were beaten back by Lu Ming repeatedly.

puff!

An alien emperor was careless, swept by Lu Ming's sharp claws, and was suddenly caught with a large piece of flesh, causing the alien emperor's complexion to go back and forth.

"kill!"

Lu Ming shouted, the claws were swept out, the surrounding aliens under the heavenly emperor were swept away, and they exploded and turned into

The ashes dissipated.

The frightened aliens below the Heavenly Emperor retreated one after another, and did not dare to approach Lu Ming at all.

"Waste, all waste!"

An angry roar came from that channel.

Opposite the channel, the opposite side of the endless void is another world, the world of aliens, Evil God Realm.

In a vast and unpopular place of the Evil God Clan, there is a huge array. The base of this large array is formed by condensing the bones of the space-time spirit rat and filled with endless runes.

At the moment, a few aliens stood in the sky.

These aliens have the same appearance as people, with purple hair and a third eyebrow.

This is the royal family of Evil God Clan.

Behind these several evil **** clan royal families, there is a dense, endless army of aliens.

Above the huge array, there is a huge channel with a range several times larger than the vortex on Lu Ming's side.

At this moment, at least dozens of strong aliens are using the power of the large array to bombard the tunnel and want to open a gap.

"The bloodline of the Sacred Ancestor of the Heart, must be brought back. Once the Sacred Ancestor of the Heart is resurrected, our family will be invincible in the world and conquer the heavens, just around the corner!"

The most middle one of several evil **** clan royal families spoke.

This person has a national face, full of majesty, and seems to be in control of supreme power.

"Yes, the blood of the Sacred Ancestor of the Heart must be brought back. It seems that it is necessary for us two to take a trip in person!"

Beside the majestic royal family, there are two other evil **** clan royal families.

"Alright!"

The majestic royal family in the middle nodded, and then the voice came out: "Continue to add spar, at no cost!"

Suddenly, all the aliens flew out, and a large number of spar flew into the large formation, the large formation glowed, and the power was stronger and stronger.

Uh! Uh!

The figures of the two royal families rushed out into the passage.

Chapter 2405: Titan beetle is coming

At this time, the war has entered into fierce heat.

Lu Ming completely suppressed two or two alien emperors, and the offensive was getting fiercer.

"kill!"

Lu Ming shouted, and one of the alien emperors was grasped by Lu Ming, struggling to tear the alien in half.

"help me!"

The alien did not die, yelling in horror.

boom!

Another interracial seized the opportunity and launched a sudden attack on Landing Ming. Lu Ming's body shuddered and took a few steps back, throwing the alien's body out.

The body of the alien emperor merged, his face pale.

The powerful in Heavenly Emperor Realm is not so easy to die, but it was scared enough just now.

Lu Ming's breath was too terrifying, and the killing was as cold as a knife. If no one else helped him, he would really die in Lu Ming's hands.

The two alien emperors have ugly faces. If they go on like this, they will really die here.

Rumble!

At this time, the channel shook wildly, more violently than before.

Then, the crack grew bigger and bigger, and then everyone saw that two purple lights rushed out of the crack.

Two purple brilliances converged, revealing two figures.

"Two adults!"

Seeing two figures, the two alien emperors were ecstatic.

These two figures are precisely the two royal clan strongmen.

"Nest, really finished!"

Shouted.

There were too many strong aliens, and they could hardly resist them. Now there are two more, and they are still two alien royals.

As can be seen from the expressions of the two alien emperors, these two alien royal families are absolutely terrifying.

"A bunch of waste, let me go!"

One of the alien royals stepped forward, with purple hair flying, and a bright purple radiance filled him.

At the same time, he slapped out.

A purple palm, huge, suppressed to the landing.

That kind of momentum is simply earth-shattering.

"Peerless Powerhouse, this is Peerless Powerhouse!"

Exclaimed.

Today is really over. This alien royal family is a peerless strongman above the four-star heavenly emperor. Its strength is even stronger than that of the peerless strongman before.

In addition, there is another alien royal family who did not make a shot, but the strength is absolutely terrifying.

But in the face of this trick, Lu Ming didn't have the slightest panic, or that he didn't even know what panic is now.

In his heart, only kill!

"Strength, strength, kill, kill..."

Lu Ming roared wildly, which would have enabled him to constantly borrow the power of the third bloodline.

The surging power surged out of Lu Ming's third bloodline and poured into Lu Ming's body.

puff! puff!

On Lu Ming's body, cracks began to appear, and blood was flowing out continuously.

Lu Ming can never endlessly borrow the power of the third bloodline, because his physical strength is limited, too much power, will burst his physical body.

He can use such a strong force to suppress Heavenly Emperor, and thanks to his strong physical body, otherwise it is impossible.

Now, Lu Ming has reached the limit.

Roar!

Lu Ming rises to the sky like a beast and punches the palm of the alien royal family.

boom!

With a trembling roar, Lu Ming's body thundered, like a broken kite, flying backwards, his body cracked, and his mouth coughed up blood.

This is still the other party's mercy, the alien royal family, obviously do not want to kill Lu Ming, they have to catch Lu Ming alive, it is useful.

"Negative stubborn resistance!"

The alien royal family spoke indifferently, and once again probed their hands, and came to suppress the landing with another palm.

Lu Ming roared, without fear, and once again confronted the opponent, this time, Lu Ming was blasted again, and the injury was more serious.

"What are you still stunned? Go and kill those people, a time-space spirit rat, a world turtle, just get rid of it!"

The alien royal family who didn't make a shot coldly commanded.

Originally, the faces of the two alien emperors changed, and they stepped out at the same time, killing them towards Dandan.

And the alien clan that didn't make a shot, went towards Tu Yi and Lei Yi both of them.

They want to put an end to this battle.

at this time...

Moo...

In the distance, a roar of cows suddenly came, and the sound was terrifying, with terrifying power, swept across.

Those low-level aliens, all aliens below the Great Emperor, were rushed by this voice, and their bodies exploded directly, destroying both form and spirit.

Even the aliens in the Great Emperor Realm were struck by lightning, their bodies cracked, and their mouths vomited blood.

In an instant, I do not know how many aliens fell on the spot.

But the strange thing is that Dandan and Bubble are nothing at all.

And Lu Ming, slammed by this cry, had been completely overwhelmed by the killing consciousness, and there was a trace of sobriety.

Can barely discern his current situation.

"This voice..."

Lu Ming's heart filled with joy.

"Lao Niu, it's the old Niu, ha ha ha..."

He laughed wildly.

In the distance, a giant cow that was as tall as the sky came step by step. It seemed to be very slow. In fact, it was amazingly fast. In a flash, it rushed forward.

Moo!

The giant cow roared again, a terrifying sound wave, rushing towards the alien clan and the alien emperor.

The faces of the two ordinary alien emperors changed wildly and fought hard to resist, but they were still lifted off and vomited blood.

"Titanium beetle..."

He shouted at Lu Ming's alien royal family, glowing all over, shooting with both palms in a row, fighting against Yin Lang.

boom! boom!

The violent fluctuations sounded, and the body of the alien clan kept shaking, actually receding again and again.

Titan beetle, yes, this giant cow is the Titan beetle.

Lu Ming also never imagined that at a critical moment, the Titan Beetle would dare to come to help.

Isn't the Titan beetle guarded in a forbidden place in Cangzhou?

"A seriously injured sick cow, do you think you can save them here? Let's stay together today!"

Earlier, the alien royal family who didn't make a move spoke indifferently, and stepped out, and a breath of horror broke out on him, stronger than the previous royal family.

"What about me?"

On the edge of the Titan beetle, a figure suddenly appeared.

This is a middle-aged man, tall and thin, but handsome, with sharp eyes, but full of vicissitudes of life.

But there was an unfathomable breath in him.

"Nine lives, you, ha ha ha, you are all here to save this seat, ha ha ha!"

Laughing.

"Interestingly, today, the top ten war beasts in the Celestial Realm, four came, get rid of them together!"

The alien clan, who had not done it before, spoke indifferently, covered with purple light, stepped out in one step, and punched towards the tall and thin middle-aged with a punch.

And another alien royal family, killed the Titan beetle.

A fierce fierce battle began.

"Go, go!"

At this moment, Lu Ming reluctantly regained a trace of wisdom, shouted at Dandan, and then killed the two ordinary alien Heavenly Emperors.

Chapter 2406: Was caught

Lu Ming was covered with **** mist, turned into a streamer, and killed two alien emperors.

Some other aliens continued to burst apart along the way.

The two alien Heavenly Emperors, whose faces changed greatly, did not seek meritoriousness but never fought for nothing. The two teamed up to defend together, but they were still spitting blood by Lu Ming's beating and almost fell.

"Retreat first!"

The sound of the Titan beetle resounded through the sky, and the horns of the horns were like scimitars, slashing towards each other.

"With your two seriously injured bodies, you also want to save people, and today you don't want to go either!"

The clan roar of the alien king was drowned in purple brilliance, and he was extremely powerful. He fought fiercely against the Titan beetle.

If Titan longhorn was the peak state in ancient times, he could not be the opponent at all, but in the ancient war, Titan longhorn was seriously injured, and he has not been healed so far.

Moo!

Titan beetle roars, cow roars shake the sky, the void collapses, the power is horrible.

In the distance, Tu Yi and Lei Yi still fought against a peerless peerless strongman, but at this time, the roar of the Titan Aurora rushed in, and the face of the peerless peerless strongman changed, struggling to resist, and retreated a few steps.

In this way, Tu Yi and Lei Yifu finally found a chance, came out, and walked back thousands of miles to Lu Ming.

"Master, let's go!"

The soil shouted.

"go!"

Lu Ming was under the influence of the Titanic Beetle at this time, reluctantly recovering a trace of clarity, and also understand the current situation and take the best course of action.

Uh! Uh! Uh!

They retreated backward.

"Stay!"

At this moment, there was a loud drink in the sky, and then, the sky cracked open, and a big purple hand protruded directly from the sky, covering the sky and covering the sun, extremely huge, screaming to the landing, Tu Yi, Lei Yi Several people grabbed it.

The pressure is so terrifying that it is the best master Lu Ming has encountered so far.

"how is this possible?"

Lu Ming's pupils contracted sharply.

The opponent did not shoot through that channel, but directly broke through the void.

If the person on the other side is in Evil God Realm, they can directly break through the void to attack. This kind of strength is too scary.

"No good, Heavenly Emperor in Peak Realm, retreat!"

Shouted.

However, in the face of this huge palm, there is no retreat at all.

"Young Master, go away!"

The soil shouted, and then exploded with all his strength, urging the meteor hammer to the extreme, blasting towards the big hand.

At the same time, Lei Yi also urged Tiandao soldiers to attack the big hand.

Roar!

In Lu Ming's eyes, it was all cold killing opportunities, covered with bone spurs, extremely terrible, and also blasted towards the big hand.

The three joined forces and were so powerful that they bombarded the big purple hand.

boom! boom! boom!

Three consecutive roars of tremors broke out, and the air and waves roared like mountains and seas.

The two Heavenly Dao soldiers frantically shook, and then flew back, and Tu Yi and Lei Yi were backlashed with vigour, and were directly flew tens of thousands of miles away.

Lu Ming also had a violent body shock, vomiting blood, and flew back.

However, when his body was about to fly backwards, that big purple hand burst out with a very powerful suction, sucking Lu Ming, but flew towards the big purple hand.

"not good!"

Taita Tianniu, and the tall, thin man named Jiu Ming wanted to rescue, but was entangled by two alien royal families.

Uh!

Lu Ming flew directly to the palm of that big hand.

Roar!

Lu Ming exploded madly, bombarded with all his strength, but they were all useless. The big hand was solid and immortal, and its strength was so extreme that it could not blast at all.

At the next moment, that big hand held Lu Ming directly in his hand.

At this moment, a terrifying force of terror poured into Lu Ming's body, and Lu Ming was shocked. The only bit of consciousness was also lost in ambiguity and lost consciousness.

After that big hand grabbed Lu Ming, he shrank back.

"Little Lord!"

Tu Yi and Lei shouted at one or two, wanting to rescue.

"Don't be impulsive, the person who shoots is the existence of the peak of the Emperor. Although he shot at an infinite distance, his power has been greatly reduced, but Lu Ming has been won by him at this moment. With our strength, he can't save it, retreat first!"

Titan beetle shouted.

The breath on his body grew stronger and stronger, and he shouted suddenly, pushing the opponent back again and again.

"Titan, you take them away first, I will block the aliens!!"

The tall and thin middle-aged man, his breath is getting stronger and stronger, and the power of attack is even more amazing. He actually blocked two alien royal families.

"Severely injured body, barely broke out, and I never wanted to return to the top of my life!"

A foreign royal family roared.

However, the two of them were blocked by tall and thin men, and the huge body of the Titan beetle rushed towards them.

Moo!

He screamed, even the earliest alien peer could not stop it, he was shocked, and he stepped back and forth.

Two ordinary ordinary emperors of different races exploded their bodies directly, destroying both form and spirit.

The aliens under the emperor died that day.

Taita's huge body came next to Dandan, a roll of strength, rolled them up, and rushed towards Tu Yi and Lei Yi.

"Brother Lu Ming!"

Cried the bubble, eyes staring at the front.

At this time, the big hand that had grasped Lu Ming had already retracted and disappeared into the eternal void space.

Hey!

Titan beetle also secretly sighed.

It is not that he does not save, but that he cannot save at all.

The other party is too strong, but the existence of the peak of the emperor, the true peak strong.

If he is in the heyday, he can contend with the other party. Unfortunately, he was seriously injured in the first battle of ancient times. He has not recovered so far, and his strength has been greatly damaged. He is not the opponent of the other party.

"Go, inform the powerful Celestial Realm, send someone to guard here!"

Titan beetle launched another force, rolled up Tu Yi and Lei Yi, and hurried away towards the distance.

"Damn!"

The two alien royals roared and attacked wildly, trying to kill the tall and thin men.

However, the strength of the tall and thin man is still above the Titan Beetle. At this time, regardless of the injury, an amazing attack broke out, repelling the two in one fell swoop, and his body shook, broken and vanished, disappearing here.

The two heterogeneous royal families are extremely gloomy.

"The remaining people, first return to our realm, wait for the passage to be fully opened, and then enter here, Heaven and Yuan Realm, sooner or later will enter the hands of my family!"

A foreign royal family shouted, then flashed back.

Soon after, Yuanlu, a mountain peak, Dandan, Bubble, Tu Yi, Lei Yi, Titan longhorn, and tall, thin men gathered.

"Titanium, nine lives, this time, thank you for your help!"

Sighed.

"I also accidentally discovered this anomaly, so I came to the Titans together. I didn't expect to encounter this scene!"

The tall, thin man sighed.

This tall and thin man is the Nine Life Demon Silkworm, one of the top ten war beasts.

"Brother Lu Ming, will he be alright?"

Bubbles are extremely worried.

"Should not be, Lu Ming's bloodline is amazing, listening to the other party's conversation just now, should not kill Lu Ming!"

Once and for all.

In the previous war, the other party yelled not to kill Lu Ming, and there was no pardon for killing other people, which made Dan Dan think a lot.

"hope so!"

Tu Yi, Lei Yi sighed.

"Let's go back to heaven first and spread the news!"

After a while, all the people flashed and left here.

Chapter 2407: Evil God Realm, Awaken

Evil God Realm, an ancient secret room, Lu Ming lay in the middle of the secret room, covered in thick blood and murderous.

Around Lu Ming, stood a dozen figures.

More than half of these figures are all alien clan with purple hair.

Those who were at the entrance of the tunnel were all there.

The other aliens are also powerful and terrifying.

These are the top powerhouses of the Evil God Clan, the worst, and their cultivation bases are all above the four-star Heavenly Emperor.

At the moment, dozens of aliens stared with fiery eyes.

"Really killing the ancestor of the heart, I did not expect that in the war of the year, the killing ancestor of the heart did not die, leaving the blood of the natal life, reborn on a human race, I really can't think of it!"

An old man sighed.

This old man is also a foreign royal family, but very old, with wrinkles on his face, purple hair, and loss of luster.

"Hahaha, I am really blessing my family, and the sacred ancestor of the heart is not dead. Our family will be able to level the heavens, break the boundaries and open the sky, and achieve great glory!"

"It's good, when it's time to step on the horizon, it's as easy as a palm, Zulong Xiu wants to stop my family's footsteps!"

Other interracial, very excited, laughed.

They waited, waiting for the awakening of the murderous ancestor.

But just then, their faces changed wildly.

Because Lu Ming was filled with another kind of brilliance.

Buzz!

Lu Ming shook his body, and then a stone monument emerged, suddenly becoming larger.

The non-stop shaking of the stele radiated layers of black light and rushed to Lu Ming's body.

That's right, this stone monument is the prison monument.

The light emitted by the prison monument poured into Lu Ming's body, exuding a terrifying force of repression, suppressing the **** brilliance of the third blood vessel.

"Kill, kill, kill!"

Those **** brilliances continue to roar, and Lu Ming will be completely destroyed and replaced.

However, the prison monument is shining brilliantly, and the power of repression is extremely powerful, constantly suppressing those **** qi.

The blood of the third blood vein was suppressed by the power of the jailstone, and it slowly crept and slowly retracted into Lu Ming's body.

The blood on Lu Ming's body slowly became thinner.

A dozen interracial, dumbfounded!

"The jail monument is the jail monument. Damn, how could the jail monument be inside this person!"

"Damn, I see. The prison monument is also the bloodline of this person. It is specifically used to suppress the sacred ancestor of the heart. What a strong calculation!"

"Damn, let's take this and strip this prison monument!"

"Not bad!"

More than a dozen strong foreigners shouted.

boom! boom! boom!

There are three aliens, who shot at the same time. The cultivation of these three aliens is amazing. Each one is a five-star heavenly emperor and a six-star heavenly emperor.

The three shot, and the force formed the imprisonment force, covering the jail monument, and wanted to strip the jail monument from Lu Ming's body.

Buzz! Buzz! Buzz!

The prison monument shook violently, and Lu Ming's body also shook slightly.

"Stripping!"

The three roared, bursting out with all their strength, and their power was amazing.

But at this time, the jail monument suddenly shook, and at the same time the light was vigorous, and a force of terror emerged from the jail monument as if it could suppress the heavens.

bump! bump! bump!

The three powerful aliens who were shot made a big shock, as if they were attacked by horror, their bodies retreated, a spit of blood spewed out, and their faces were pale.

"It's worthy of being a prison monument. At that time, the man's natal magic soldier was not a trivial matter. Even if it was not complete, the power contained in it was extremely amazing. Let's do it together!"

A majestic alien royal family spoke.

"Okay, let's go together!"

The others nodded.

Immediately, dozens of aliens exuded a terrifying breath.

The worst of these aliens are the peerless four-star emperor. The strongest is the peak of the heavenly emperor. More than a dozen people shot together, and they can literally cross the world.

At the same time, more than a dozen people shot together, a dozen glorious, turned into imprisonment forces, want to imprison the prison monument, and then strip it out.

Buzz! Buzz! ...

The jail monument shook wildly, and then the volume began to grow, and a force of terror burst out of it.

The strength of this force is actually above a dozen aliens.

Buzz!

In the end, the jail monument suddenly shook, and a more terrifying force came out, destroying the imprisonment power of more than a dozen aliens.

In addition, dozens of aliens were backlashed by the power of the prison monument, and they retreated one after another. Several of them were slightly weaker and hit the walls of the secret room. Their faces were extremely pale, and blood oozed from their mouths.

A dozen interracial, his face is extremely ugly.

With their power, there is no way to do it.

"Damn, the power of this prison monument is too strong, let alone us, even the invincible strongman, I'm afraid it can't be stripped out, unless it is a figure of the same level..."

An interracial old man looked ugly.

Others' faces are a bit gloomy. Where can they find people of the same rank?

But the ancestor was seriously injured in the war, and has been sleeping, how can he now shoot?

"How to do?"

Someone asked.

"There is only one way to strip the jail monument. That is to make this boy willing, as long as he cooperates, it is easy to strip the jail monument, and the sacred ancestor will be awakened by then!"

The majestic alien royal family said.

"This kid, will you cooperate?"

Others do not believe it.

"There is no way but to wait until he wakes up!"

The majestic royal family said.

No way, everyone can only wait.

The Zhenru monument was suspended above Lu Ming, and the brilliance became brighter and brighter, forming a force of repression, pouring into Lu Ming's body. The **** mist on Lu Ming's body slowly faded away.

Lu Ming himself, his consciousness fell into the darkness, as if he had been floating in the darkness, without the concept of time, he did not know how long he had been floating.

I don't know how long after that, a beam of light penetrated the darkness, and Lu Ming rushed directly towards the beam.

boom!

Lu Ming felt his brain startled, and his consciousness recovered in an instant.

"what happened?"

"By the way, we found that the aliens are going to open the channel and go to stop, there is a terrible war!"

"I'm crazy to borrow the power of the third bloodline!"

"And the Titan longhorn, I was caught..."

Lu Ming whispered, everything appeared in his mind.

"Dan Dan, Bubble, Tu Yi, Lei Yi, how are they?"

"They're there with the Titan Beetle, it should be fine!"

Lu Ming worried, and suddenly opened his eyes.

What greeted us was a secret room, in which there were luminous stones inlaid, which illuminated the secret room like the day.

A middle-aged woman with purple hair and a national face, very majestic, carrying her hands on her back and looking at Lu Ming.

There is no one but him.

"You finally woke up, your name is Lu Ming, right?"

The majestic middle-aged man speaks, and his voice is quite majestic.

"Who are you? Wait, you are an alien..."

Lu Ming's eyes narrowed because he saw the other person's eyebrows and had a third eye.

Interracial royal family!

A thought flashed in Lu Ming's mind.

Chapter 2408: Hard to eat

"This seat is Moroga, a general who breaks the realm of Evil God Realm!"

Majestic middle-aged opening.

"Crack the general, break my heavens?"

Lu Ming sneered.

Moroga's eyes were calm and he didn't speak.

"Is this Evil God Realm? Did you catch me here!"

Lu Mingdao, carefully sensed, and found out that it is different from the Tianjie Yuanjie.

The space here is filled with a strange energy, which is very different from the original energy of the heavenly realm.

but...

Lu Ming's eyes lighted up suddenly.

He found that the laws of heaven and earth here are exactly the same as those of heaven and earth.

He originally thought that Evil God Clan and Tianjie Yuanjie are two different worlds, and the laws of heaven and earth will be completely different. Unexpectedly, they are exactly the same.

strange!

Lu Ming was surprised, but it was a good thing for him.

"Yes, I caught you!"

Moroga said, staring at Landing Ming, and said again: "Now, there is something that needs your cooperation!"

"I cooperate?"

There was a sneering smile on Lu Ming's mouth, and he said, "You talk about it!"

"You take the initiative to let me strip the jailstone from you!"

Moroko said.

"Do you know that I have a prison monument?"

Lu Ming's eyes moved.

From the beginning to the end, he never used the prison monument, how did the other party know?

Was the other party's cultivation base too strong, seeing everything through him, or what happened when he was in a coma?

"Wait, how can I wake up? I'm crazy to borrow the power of the third bloodline, and I have been engulfed by the endless killing of the third bloodline. How can I wake up to be a killing puppet?"

"It can't be the other party that saved me, is it the prison monument..."

Lu Ming suddenly thought that when he first got a drop of Zulong blood, he caused a third bloodline riot, but then, it was the jailstone that broke out and suppressed the third bloodline.

Could it be that this time the jail monument rescued him again?

Was the prison jail suppressing the power of the third bloodline, so he could wake up?

Most likely!

Therefore, the other party knew that he had a prison mark on him.

"What is the third bloodline?"

"Wait, kill the ancestor of the heart. In the previous war, the other party shouted to kill the ancestor of the heart. Could it be the third bloodline?"

"What is the Third Bloodline? What does it have to do with the alien race? Does the other party want to strip the jailstone, just want me to be completely swallowed by the Third Bloodline?"

At this moment, Lu Ming turned his thoughts.

How clever he is, according to some scattered clues, he actually speculates about things.

"It seems that I don't take the initiative to cooperate, you can't strip the prison monument!"

Lu Ming's mouth smiled more intensely.

Moroga didn't answer directly, but said coldly: "You only need to actively cooperate!"

"Hahaha, I take the initiative to cooperate, I am afraid that after the prison monument is stripped, it is also my death period, how can I be so stupid?"

Lu Ming laughed.

"You don't deserve peace, there is only one way out!"

Moroga said indifferently.

"Oh, is it? Then you kill me now!"

Lu Ming said.

"you..."

A cold light flashed in Moroga's eyes, but Lu Ming was young, but so difficult to tangle.

If they could kill Lu Ming, they would have killed Lu Ming long ago, but if they killed Lu Ming and killed their ancestors, they could not wake up.

"Tell me, why are you stripping the prison monument, and who is the Sacred Ancestor?? What is the relationship with my third bloodline?"

Lu Ming stared at each other and asked several questions in a row.

Anyway, it fell into the hands of aliens, and he also got rid of it, just a big death.

"These questions are not what you should ask!"

Moroga's eyes were indifferent, staring at the land and crying: "It seems that you did not agree?"

"I agreed, I am afraid it is a dead end. Without the prison monument, I will be directly swallowed by the endless killing thoughts. Instead of turning into a killing puppet, you might as well kill me directly!"

Lu Ming smiled lightly and didn't care.

"If you promise, I can keep you from dying, but you can take your soul out and find you a suitable body to let you rebirth!"

Moroko said.

"Your kind intention leads!"

Lu Ming smiled faintly.

Pulling out the soul, changing to a flesh, joking, might as well kill him.

Moreover, he concluded that the aliens so desperately wanted to strip the jail monument and let the third bloodline devour him, there must be a conspiracy.

"Sacred Ancestor of the Heart, is my third bloodline, a terrified strongman of a different race born on me, want to borrow my body to be resurrected?

"However, my second bloodline is the jailstone, just suppressing the third bloodline?"

Lu Mingfu wanted to join hands.

If this is the case, he is even more unlikely to agree, otherwise, I am afraid that Tianjie Yuanjie will suffer.

"Don't think you don't agree, we can't do it!"

Moroga waved his sleeves and left with a cold face. The door of the secret room was closed, leaving Lu Ming alone.

Lu Ming smiled faintly, walked to the edge of the secret room, and observed the walls of the secret room.

The walls of the Chamber of Secrets were cast from an unknown material, with a mysterious rune sketched on it.

Lu Ming shook his head, and he understood that the other party had locked him here so confidently, that he might have broken the secret room and escaped.

"Now that comes, then settle down. Since the rules here are the same as those of the Heaven Realm, I can still practice!"

"And, in this case, the other party will not kill me, I am afraid that killing me is not good for their so-called sacred ancestor!"

Thinking of this, Lu Ming felt relieved.

As long as it does not die, there will always be a chance.

Lu Ming sat cross-legged, adjusted his state to the best, and then began to understand the law of cause and effect.

Now, among the ten strongest laws, Lu Ming still only has the law of cause and effect and the law of destiny, but he fails to understand.

...

After Moroga walked out of the chamber, he came to a hall.

In the hall, more than a dozen strong foreigners waited there.

"General, how is that? Did the boy agree?"

An old man asked.

"That kid, young, but extremely savvy. I'm afraid I have guessed a lot. I don't agree at all. I don't eat hard or soft!"

Moroga frowned.

"Do not eat hard or soft? That kid is looking for death, I will kill him..."

A burly alien was furious, but halfway through, he abruptly choked back his words and smiled awkwardly.

After killing Lu Ming, how can the sacred ancestors of the heart wake up?

"General, what should we do now?"

Someone asked.

"The boy was imprisoned here. Let's study and see if we can find a way to strip the prisoner's monument from the boy!"

"At the same time, send voices to other royal families, let them think of ways!"

Moroko said.

"Okay, this can only be done!"

"I don't believe that we can't strip a broken prison monument!"

The other aliens nodded and left here.

Chapter 2409: Hurry for a hundred years

Lu Ming stayed in that secret room and practiced wholeheartedly. No one bothered to disturb him. He was clean.

There are no years of practice, time flies, and two years have passed.

Lu Ming also has deeper control over the law of cause and effect.

At this time, Moroga came to Lu Ming for the first time. This time, he brought more than a dozen people, all of whom were strong, and cultivated extremely highly.

They use a special formation method, want to strip Lu Ming's body of prison markers out.

Lu Ming also did not resist, but did not cooperate, letting the other side perform.

It is a pity that the other party still failed in the end.

"Boy, do you cooperate or not cooperate? If you don't cooperate, I will let you die without a burial place!"

A burly alien roared with a terrible murderous roar.

"If you want to kill, then kill, why bother!"

Lu Ming said lightly.

"you..."

The alien almost vomited blood, if not for killing the ancestor, he had already slapped Lu Ming into a puree.

In the end, these aliens had no fruit and could only leave.

Lu Ming continued to practice.

The effect of practicing here is naturally not as good as Void God Island, but with the passage of time, Lu Ming's control of various laws is still getting deeper and deeper.

The time flickered and another three years passed.

Lu Ming has been here for five years.

In the past five years, in addition to the laws of enlightenment, Lu Ming is studying the magical power of the formation of different laws. As for "The Seven Gods Xuan Gong", Lu Ming will take time to practice.

However, "Seven Gods Xuan Gong" is very slow to cultivate without the help of top-level different treasures.

Lu Ming was not in a hurry, he slowly polished, as long as he practiced to the limit, he would naturally make a breakthrough.

In five years, Lu Ming finally cultivated the law of cause and effect to the third realm.

Then, Lu Ming began to understand the law of fate.

The law of destiny, if it is not the body of natural destiny, is very difficult to understand.

It took Lu Ming a full year to learn the principles of fate.

But after getting started, every step is very difficult to improve.

However, the law of destiny is indeed very wonderful, claiming to be able to control the destiny of sentient beings is not trivial.

After Lu Ming introduced the law of destiny and merged with the other ten laws, Lu Ming had a feeling that he felt that he seemed to be fused with this world. In the midst of darkness, he could feel the existence of heaven.

This feeling made Lu Ming very intoxicated.

He is even more dedicated to cultivation.

However, the law of destiny was too slow to enlighten, and during the period, Lu Ming also enlightened some other laws of kingship.

Several kinds of kingly laws cooperate with the laws of destiny to understand together.

Naturally, Lu Ming now comprehends the rules of the kingly way, which is surprisingly fast, and it will not take too long to practice to the third realm.

The law of fate has been increasing at a constant speed.

Spring and autumn come, time rushes, year after year.

At first, the aliens came to try to strip the prison monument every few years, but after five or six failures in a row, the aliens seemed to have lost their patience and simply detained Lu Ming in the secret room. It had not been a long time.

In this way, Lu Ming passed this century for a hundred years.

Yes, one hundred years!

Lu Ming has only practiced for decades since he embarked on the road of cultivation until he was caught in another world, but this time, he was imprisoned for a hundred years.

For a hundred years, for the powerful in Wudi Realm, it is just a snap.

For a hundred years, Lu Ming concentrated on practicing, and did not feel dull at all.

In the past 100 years, Lu Ming's cultivation practice has not improved, but his control of the law has reached an amazing state.

The law of fate has also been cultivated to the third realm by him.

In addition, the rule of the king, he has more than 70 kinds of control.

The rule of kings and the strongest rule add up, and Lu Ming takes full control of eighty kinds of rules, and they all practice to the third level.

When these rules merged, they were extremely powerful.

Lu Ming feels that he does not need the power of the body now, but simply uses the power of the law to easily kill the four-star emperor, even the five-star emperor.

You know, his realm is only true emperor.

The real emperor realm can easily kill the emperor, which is incredible.

"I don't know, once I break through the realm of the great emperor, what level of combat power will I reach?"

Lu Ming couldn't help looking forward.

Others control one of the strongest rules, plus eight other rules of kingship, and after breaking through the emperor, the one that controls the most powerful one.

And he has control over the ten strongest laws, seventy-one kingly laws, what path will it be once he breaks through the emperor?

"Now, I don't need to control more rules. Now, my goal is to integrate all of these rules and make them as smooth as possible. Then, I can break through the realm of the emperor!"

Lu Ming thought.

There are too many laws under his control.

It takes a lot of time to achieve real smoothness, and it will take some time.

Over the past 100 years, "Seven Gods Xuan Gong" is still in the fifth mid-term, without breakthroughs.

But the foundation has been extremely solid and reached the limit. I believe it will be able to break through soon.

As long as "Seven Gods Xuan Gong" breaks through the fifth stage, he can suppress other peak emperors with his physical strength alone.

With the power of the law, the emperor is invincible.

If he waits for the later rule system to break through, his strength does not know to what extent he will skyrocket.

...

At this time, in a large hall, a group of aliens were discussing matters.

Among them, there are Moroga and others.

However, among these people, Moroga's status is not the highest, and there are a few people whose status is higher than Moroga, all of which are terrifying.

The thing these people discussed was about Lu Ming.

"It has been a hundred years, is that kid still uncooperative?"

At the top, there is a middle-aged man, very handsome, wearing a crown.

This person is a king of alien royal family.

"King, the boy knows that we dare not kill him, and will not agree to life or death!"

Moroccan bowed to salute.

Ok!

The alien king nodded and said, "He doesn't agree, he still has hope, hope for heaven, he hopes that one day, someone in heaven will kill here to save him!"

"Someone from Heaven Realm came to rescue him and dreamed.

A strong person from an alien race said.

"However, my family has not yet leveled the heavens. He naturally has hope. Today's plan will only make him feel desperate. Only if he is desperate, and then give him hope, he will promise!"

Interracial kingship.

"King, what should I do?"

Moroga asked.

"Let him come out, let him feel the strength of my family, let him clearly understand that the heavens are not opponents of our family at all, he will naturally despair, and then give him hope to find him a

good physical body and let his soul Take the house, let him have some benefits, and promise him some conditions, he will naturally agree!"

The alien king is very confident.

"Great King Yingming!"

"I'll wait for this!"

Moroga and others bowed.

Chapter 2410: Top Ten Royal Family

At this point, there is no way for aliens.

For Lu Ming, killing can't kill, and the jail monument can't be stripped out. Only by letting Lu Ming cooperate voluntarily can the jail monument be stripped.

How can Lu Ming volunteer?

That is to let Lu Ming despair, let Lu Ming see the terrible strength of the aliens, and let Lu Ming understand that Heaven Realm is simply not an opponent of the Aliens, and the Heavens are destined to be destroyed by the Aliens.

Lu Ming, even if you don't agree, you can't change the ending.

Then give Lu Ming hope, give him a way to live, give him resources, and give his loved ones a way to live, so that Lu Ming will succumb and will only agree to the conditions of the aliens.

"Let him move freely in our world, but send an expert to follow him, lest he be killed by others!"

The alien king ordered.

This is Evil God Realm. If a human race walks on the road, it will really be killed.

"Yes!"

Moroga and others bowed their lives.

"Okay, just do it!"

The alien king commanded, then got up and left.

...

On this day, Lu Ming was practicing, the door of the Chamber of Secrets opened again, and Moroga and an old man came in.

"Come again, in my opinion, you don't have to worry about it, you can't strip the prison monument!"

Lu Ming mocked.

"Coming today, not stripping the jail monument, but letting you go out!"

Moroko said.

"let me out?"

Lu Ming was surprised for a moment.

He did not expect that the other party would let him out.

"Yes, I'll let you go, but you can only stay in my world. If you want to go back to heaven, don't dream in daylight, let's go!"

Moroga said nothing and turned away.

"What kind of medicine are sold in these gourds?"

Lu Ming was really puzzled.

But being able to leave here is better than staying in this secret room all his life, and there is nothing to think about. Lu Ming strode and followed Moroga to leave.

Lu Ming walked out of the chamber and came to a platform, Lu Ming's eyes flashed slightly.

Because the scenery printed in the eyes is really magnificent.

This secret room should be in an extremely high position. They stood in this position, towering into the clouds, with a very wide field of vision and a very long distance.

Impressed by the large buildings, these buildings are very strange, completely different from the buildings in the heavens, it looks more brutal, more majestic, and very grand.

This kind of building is endless and can't be forgotten at a glance.

Here, it is a huge city, even bigger than the ancient city of heaven.

In the city, there was a constant flicker of shadows.

All are aliens, with black scaly aliens, purple scales, four arms, short aliens, and shadow-like aliens...,

Too much!

These aliens did not cover up the breath, and a terrifying breath rose into the sky, and Lu Ming could clearly sense it.

"A lot of strong people..."

Lu Ming's eyes narrowed, but just a random induction, Lu Ming found that among these aliens, the masters were amazing.

Large groups and large groups are all in the state of Emperor Wu, and the number of true emperors is also very large.

There are even many emperors.

The comparison of the strong is too much.

"Here is the king city of my family!"

Moroga explained.

"Wangcheng, no wonder!"

Lu Ming moved.

Wangcheng is generally a gathering place for the strong, with many masters, and it is normal.

"However, this is just one of my family's royal cities!"

Moroga then added another sentence.

"One of the royal families, what do you mean?"

Lu Ming asked subconsciously.

"I have a total of ten royal families, and there are naturally ten royal cities. This is one of my royal cities. I might as well tell you that in these years, only three of the ten royal families have been attacking the heavens. , Not all!"

Moroko said.

"what?"

This time, Lu Ming was really mad at heart.

There are ten royal families in the alien race, and the celestial realms that have been attacking in these years are only the three alien royal families.

This shows that there are seven other royal families that have not attacked aliens.

If the three royal families attacked the heaven, they would force the heaven to fall. If all the ten royal families attacked the heaven, wouldn't heaven be able to resist?

This was really beyond Lu Ming's expectations. At this moment, he was really anxious.

Seeing Lu Ming's expression, Moroga smiled.

This is what he wants to see, shock, despair!

"Now, you know my clan's strength, Heaven Realm wants my clan to fight, it's all about hitting stones with eggs!"

Moroga sneered.

"How could this be? No, there must be hidden power in the heavenly realm, otherwise, it would have been destroyed by aliens!"

"Yes, it must not be that simple, there must be hidden feelings, otherwise the aliens will not drag on for so many years, and there is no extinction!"

In Lu Ming's mind, he turned his thoughts to calm down.

call...

After a moment, Lu Ming took a long breath and his eyes calmed down.

"This kid..."

Moroga was shocked, and Lu Ming's mental tenacity was beyond his expectation. Hearing that the alien strength was so powerful, he calmed down so quickly.

"Huh, then see the true strength of our family, and see how calm you are!"

Moroga snorted in his heart and commanded, "Chiayi, will he follow him from now on, understand?"

"Yes, General!"

Next to Moroga, the old man bowed to salute.

Uh!

Moroga stepped out, and his figure disappeared.

"If you come, you'll be at ease. Now that you're here, it's going to be better. If you can learn more about the secrets of the aliens, it will be helpful if you can return to heaven in the future!"

Thinking of this, Lu Ming leapt forward, jumped off the platform, and flew down.

Chiayi was not far behind Lu Ming.

Leaping down the platform, Lu Ming walked towards a street.

The heterogeneous buildings are simple and tall, each building is several hundred meters high, and the streets are extremely wide.

Lu Ming swaggered up and down the street.

But the aliens on the street were stunned, their eyes glaring larger than the bronze bell, staring at the landing.

"This... this person is not my family?"

"Like human race, yes, human race!"

"The people of the human race, my king's city is shopping in a big swing, this... what's going on?"

There is a lot of talk about the different races on the street.

And, this news, spread at the speed of the whirlwind.

Soon, this area is full of various aliens.

"Hello, let let, let let, you are blocking the road, do you have the quality?"

Lu Ming was very arrogant and blamed directly.

"Wo Chao, this human race is so arrogant!"

"A human race, in my clan royal city, dare to scold us and find death!"

The grumpy aliens shouted, revealing a cold killing opportunity.

But when I saw Chiayi, who was by Lu Ming's side, all of them were shivering.

The breath of Chiayi was terrifying.
