

D Emperor 2421

Chapter 2421: First prince

Kang Duo turned into a huge furnace and swallowed Lu Ming directly.

Seeing Lu Ming swallowed into the furnace, many alien chiefs exhaled.

"That kid, it's over!"

"The Burning Furnace, Kang Duo's strongest genius, inherited from the blood, once swallowed, only burned to ashes!"

"Look at that boy's arrogance, this is dead!"

Those rejoicing remarks.

Not far away, Chiayi's eyes flashed and he wanted to rescue him, but he knew that there were kings watching in the depths of the sky. The kings didn't tell him to shoot, and he wouldn't naturally shoot.

Deep in the sky, the kings were indeed watching.

"What should I do, do you want to save him? He has the blood of the sacred ancestor, but he can't die!"

There is an alien king.

"I think looking at it again, the blood of the Sacred Ancestor of the Heart is on him. I don't think he will die so easily!"

"Good, look again!"

The other alien kings nodded one after another, and felt that it would be better to let Lu Ming ask for mercy.

As soon as Lu Ming was swallowed into the incineration furnace, he felt that endless flames wrapped him, and he was blazing, and the terrible high temperature would burn him to ashes.

Lu Ming applied eighty-one rules to cover the whole body, while running the indestructible ancient scripture, resisting the burning power outside.

However, that kind of flame is indeed terrifying, and its power is so amazing that even if multiple laws are intertwined, it must be burned.

One rule after another has been burned through.

It's not that Lu Ming's law is not powerful, but that the law is a bit lower compared to their current strength.

You know, the Great Emperor Realm corresponds to the Avenue.

Therefore, even mysterious laws such as the law of fate, at this time, it is difficult to play a too mysterious role, but also have to be burned through.

Through the law, a terrifying heat flow circulates Lu Ming's whole body, and the muscles of Lu Ming's whole body have to be burned apart. A stinging pain spread throughout Lu Ming's body.

The clothes and hair on his body instantly turned into fly ash.

Lu Ming runs the ancient scriptures and resists them with all his strength.

Nowadays, the resilience of the indestructible ancient scriptures is even more amazing. After his muscles were burned, he recovered immediately, as white as jade.

Lu Ming just insisted on the immortal ancient scriptures.

"This furnace is really powerful, but it's still for me. I can borrow the flames here to quench the body!"

There was a smile on Lu Ming's face.

Over the past 100 years, there has not been a very good treasure of heaven and earth. Let Lu Ming cultivate his body. "The Seven Gods Xuan Gong" has been gradual and progressive, and has reached the fifth mid-term limit, but it has been stuck on a bottleneck, this time , May be able to find a breakthrough opportunity.

Lu Ming slightly weakened the power of the indestructible ancient scriptures, and let some flames help to refine the flesh.

嗤嗤嗤...

Some flames permeated Lu Ming's body, and the terrible heat penetrated into Lu Ming's bones, internal organs, and even every cell. Lu Ming was to be burned to ashes.

Lu Ming started "Seven Gods Mysterious Skills" and began to refine the flesh.

In this way, the time passed, three hours passed.

Outside, countless aliens looked at the furnace in the sky and waited patiently.

"Did that boy be refined?"

"It's been three hours. Ordinary masters of the same level as Kondo are sucked into the furnace, and within half an hour, they will be refined!"

"But Kondo didn't stop. The kid shouldn't be refined yet!"

"For so long, won't Condor be able to hold on?"

Many aliens started to talk about it, and some could not figure out the situation.

In an instant, two more hours passed, and Lu Ming was sucked into the furnace for five hours.

"Huh? How did the power of the flames weaken and become weaker and weaker!"

Lu Ming was puzzled in the furnace.

"It seems that to maintain the high temperature of the furnace also requires energy consumption, then Kondo, can't hold on!"

Lu Ming guessed.

However, Lu Ming was satisfied.

After five hours of tempering, Lu Ming's body has made great progress.

He felt that his physical body could break through at any time.

Once the breakthrough, "Seven Gods Xuan Gong" breaks through the fifth stage, he can suppress the general peak emperor with his physical strength alone.

Coupled with the power of the world, 81 rules, Lu Ming's combat power will skyrocket.

In the past half an hour, the flame power in the furnace became weaker, and it did not play much role in Lu Ming's smelting.

"It's time to go out!"

Lu Ming's eyes flashed cold light, holding the Great Waste Gun and rushing to the side.

boom!

Lu Ming stabbed with one shot, stabbed on the furnace wall, and the furnace vibrated violently.

boom! boom! boom!

Lu Ming broke out with all his strength and continued to attack. The furnace vibrated even more, as if to burst.

Outside, all the aliens were taken aback.

"No, that kid is not dead, attacking the furnace!"

"It's terrifying, I haven't died for so long, what a pervert that kid!"

"The furnace can't resist!"

Many aliens shouted, very shocked.

boom! boom! boom!

The furnace was shaken violently, as you can see from the outside, the wall on one side of the furnace was constantly agitated and raised, and finally, a series of cracks covered the wall.

boom!

In the end, the entire furnace burst, and a wave of heat swept through all directions.

A scream spread throughout the world, and everyone saw that Kondo's body flew away from the distance, his face was pale, and his breath was extremely weak.

Kondo's third eye was closed, but blood continued to flow out.

The furnace was broken and Condor was hit hard.

Holding a spear, Lu Ming stood in the void, and his breath was so strong that nothing happened.

"You lost!"

Lu Ming spoke.

"Hey!"

Kang Duo sighed, said nothing, flew to the side, sat cross-legged, a layer of flame filled his body, and began to heal.

The aliens at the scene looked at each other.

Condor was defeated!

Even Kang Duo is not invincible. Who can rival Lu Ming on the Wanshou List, or, under the Emperor Realm Realm?

Could it be that the vast Evil God Realm, the great Evil God Clan, is being bullied by a human race kid?

No way!

"Now it seems that under the Emperor Realm, only the first prince can suppress him!"

At this time, someone spoke.

This remark shocked all the aliens at the scene, and then their eyes lit up.

"Good, only the first prince is invited!"

"The first prince has the richest blood of the holy ancestor, and his talent is the first in our race since ancient times, and he can definitely suppress him!"

"Yes, the first prince, only a few hundred years since cultivation!"

Sounds sounded, and those aliens seemed to have strong confidence in the first prince.

"First prince? What a weird name!"

Lu Ming moved.

However, the other party has been practicing for hundreds of years, and is actually admired by so many aliens, but the talent is amazing.

"Lu Ming, the first prince of my family, is on the holy mountain, but it is in retreat. I am afraid it will take some time, dare you wait here!"

Someone called out.

"Don't you dare?"

Lu Ming smiled faintly.

Chapter 2422: Physical breakthrough

"Well, then you wait, I tell you, the first prince of my family is the first in the Wanshou list!"

Humane.

Then, someone flew towards the Holy Mountain, apparently to invite the first prince.

Lu Ming flew to the side and sat cross-legged in a huge stone mountain.

"That first prince, I am afraid that the fighting power is amazing, absolutely above that Kondo, with my current strength, I am afraid it is difficult to beat!"

"But my physical body will break through quickly, and I will take this opportunity to break through in one fell swoop!"

Lu Ming took his attention, and then took out a bunch of imperial medicines, and began to operate the "Seven Gods Xuan Gong" method, absorbing the power of the imperial medicines, and hit the fifth level of "Seven Gods Xuan Gong".

Lu Ming's flesh, after being smelted in the previous furnace, has almost broken the bottleneck and can be broken at any time. At this moment, Lu Ming has cultivated, and his flesh seems to be very hungry and madly absorbing external energy.

Huh...

Lu Ming's flesh is like a black hole, devouring energy from the outside world.

"No, it's better to enter the mountains and rivers to practice!"

Lu Ming thought.

Here, being stared by so many people makes Lu Ming very uncomfortable.

Moving in my heart, the mountain and river map emerged, and Lu Ming turned into a light and entered the mountain and river map.

"The treasures of the heavens!"

Many interracial whispers didn't care.

The mountains and rivers are here, and Lu Ming cannot escape.

Especially the characters in the Great Emperor Realm can completely break through the attacks of the heavenly treasures and bombard the people inside.

Many aliens are waiting here.

The first prince is in retreat, even if someone asks, he doesn't know how long it will take to get out.

After Lu Ming entered the mountains and rivers, he did not restrain and took out a large amount of imperial medicine, sacred medicine, and excellent original stone.

Huh...

As long as Lu Ming used the method of "Seven Gods Xuan Gong", Lu Ming's flesh turned into a black hole, devouring energy frantically.

The energy of imperial medicine, holy medicine, and the energy of the top grade raw stone are all absorbed by Lu Ming's body.

As soon as these energies enter Lu Ming's body, they penetrate into every cell in Lu Ming's body to help Lu Ming increase the strength of his body.

As time passed, Lu Ming's body became stronger and stronger.

boom!

Half a month later, Lu Ming's physical strength rose to the extreme, and then with a bang, his breath rose sharply.

At the same time, the bones and muscles of his whole body were violently shaking and undergoing transformation.

His skin exudes a layer of precious light, like the light of a **** soldier.

A moment later, the musculoskeletal of his body stopped shaking and calmed down.

By this time, Lu Ming had made a thorough breakthrough and cultivated "The Seven Gods Xuan Gong" to the fifth post-stage.

Lu Ming's power surged, and he felt like he was full of useful force.

At the same time, his muscle strength, defense, and vitality also surged, reaching an incredible level.

Lu Ming has a feeling that he can now be invincible with the power of the flesh.

"Hahaha, well, the first prince of the alien race, let him come!"

Lu Ming laughed, Lingzhi exuded through the mountains and rivers, observed the movement outside, and found that the first prince had not yet come.

Lu Ming didn't care, continued to run "Seven Gods Xuan Gong" to consolidate the realm, and slowly moved towards the fifth heavy late limit.

Reaching the fifth stage of "The Seven Gods", the next step is to hit the sixth stage.

Once "Seven Gods Xuan Gong" reaches the sixth level, the strength of the flesh alone can be comparable to the heavenly emperor, then it is truly horrible.

However, if there is no great opportunity, it is difficult to break through.

The archaic body has been cultivated for a long time, but only a handful of people who have reached the heaven emperor's realm know how difficult it is to practice "Seven God Xuan Gong" to the sixth level.

Lu Ming quietly practiced, and in the blink of an eye, half a month later.

At this time, there was finally a movement outside.

A figure appeared silently at high altitude, overlooking the mountains and rivers.

All the aliens came to an end silently.

It's just a young, interracial, similar to the human race, obviously a royal family.

However, it is different from other royal families.

He is extremely handsome, and his hair is golden, bright under the sun.

His three eyes, also golden, were filled with supreme majesty between the opening and closing.

First prince!

The first royal clan of the evil **** clan, known as the strongest arrogance of the ancient **** clan, has reached the peak of the emperor in less than three hundred years of cultivation.

He is said to have the bloodline closest to the alien ancestor, and the combat power is even more amazing. The master of the same level is in front of him and can't bear a blow.

"Participate in the first prince!"

Countless aliens salute to the first prince of the emperor, even some emperors, they are filled with awe.

The first prince is destined to be invincible in the future.

"What about people?"

The first prince spoke.

"In that treasure of heaven!"

Someone pointed to the picture of mountains and rivers.

The golden eyes of the first prince looked at the pictures of mountains and rivers.

boom!

The first prince suddenly stepped on it, and a huge foot formed, suppressing it towards the mountain and river.

He actually shot directly, abnormally overbearing.

Uh!

The mountains and rivers turned into a streamer and flew out, avoiding this blow.

Then a ray of light flashed, Lu Ming's figure appeared, and the mountains and rivers were put away.

"Shoot, I don't waste so much time!"

The first prince carried his hands on his shoulders, and looked indifferently towards Lu Ming.

Indifferent, overbearing, full of infinite self-confidence.

This is the first prince!

He stood high, like a god, looking down on the world, as if nothing could enter his eyes.

"Since there is no time, please come back, and I don't have so much time to spend with you!"

Lu Ming also spoke indifferently.

The attitude of the other party made him uncomfortable.

"ignorance!"

The first prince said indifferently.

Lu Ming's words did not make him angry because Lu Ming was not qualified to make him angry.

In his view, Lu Ming is just an ignorant ant.

boom!

At this time, the first prince was filled with a strong breath.

Looking at the realm, it is indeed the breath of the peak emperor, but it gives a terrible pressure, as if facing a heavenly emperor.

Uh!

The first prince stepped out, his body turned into a golden streamer, rushed towards the landing Ming, and then punched out.

He still carried one hand, as if to say that to deal with Lu Ming, only one hand was needed.

Buzz!

Lu Ming shook his muscles, and he also punched out.

In this punch, Lu Ming did not use the power and rules of the world, but pure physical strength.

boom!

The two fists bombarded together, and a heavy roar erupted. Then, a figure retreated backwards, withdrawing for a hundred miles.

Lu Ming!

It is Lu Ming, the first prince, who has not moved.

"What a terrifying power!"

Lu Ming was shocked.

Just hit a punch just now, Lu Ming actually fell completely down.

Chapter 2423: First Prince of War

You know, he can now suppress the general peak emperor by his physical strength alone, but he was completely out of the punch just now.

He felt that the flesh of the first prince was also terrifying than other peak emperors. Of course, the most amazing thing is the energy of the other party's cultivation, such as the energy of the ancient cultivation system.

"The one who can stop me from punching without being hurt. There are very few under the emperor. Your strength is good. No wonder you can beat Kondo!"

The first prince spoke, but his voice was still indifferent, high above him, full of infinite confidence.

However, some strong emperors around the emperor's eyes showed shock in their eyes.

They were not shocked by the fighting power of the first prince, but by Lu Ming.

Because just now, Lu Ming did not apply the law, but only by the flesh.

The flesh alone caught the first prince's move, which was amazing. They had seen Lu Ming's shot. Before Lu Ming, the physical strength was not so strong.

"Did he hide his strength before, or break through this month!"

Many aliens have a thought in their hearts.

"First prince, be careful!"

An alien emperor reminded.

"You are underestimating me!"

The first prince looked at the man, and his golden eyes radiated cold light.

The Emperor's face changed, and he quickly said: "No, how dare I look down on the prince..."

"Only without it, a humanoid kid, I can easily suppress it!"

The first prince spoke indifferently, looked at Lu Ming again, stepped out, and blasted Lu Ming again.

Still carrying one hand, only one hand!

This punch is more powerful than before.

"bring it on!"

Lu Ming's eyes showed the fighting intent, and all kinds of brilliance filled his body, and there were dozens of them.

boom!

With the blessing of the law, Lu Ming's combat strength is stronger, and another punch is blasted.

Another violent roar!

This time, Lu Ming did not retreat, successfully blocking the attack of the first prince.

Ok?

The first prince was stunned, and there was some surprise. It seemed that he didn't expect that under this punch, Lu Ming did not retreat.

call out!

But the first prince was only a little surprised, but his movements kept on, turning his fist into a palm, and the palm was like a knife, slashing towards Lu Ming.

Lu Ming also responded very quickly and waved to resist.

bump! bump!

The two acted like lightning, and in a flash, they collided with dozens of moves and then drifted back.

"This is your strength? Isn't that great!"

Lu Ming chuckled.

The golden eyes of the first prince were a little cold.

Lu Ming's strength is indeed somewhat beyond his expectations.

In the past, unless the cultivation level was higher than him, otherwise, he would solve it in one hand at the same level.

Even Kondo, ranked second in the Wanshou list, can't force his second hand.

But now, he can't solve Lu Ming.

"Some strength, but in front of me, you are still far away!"

The first prince spoke indifferently, and his other hand finally reached out.

Uh!

The first prince looked like a streamer, rushed to Lu Ming, and a terrible attack broke out.

"Good to come!"

Lu Ming Changxiao, there is another law diffused out of him.

bump! bump! bump!

The two rushed together again, fighting fiercely.

This time, the fighting is fiercer than before Lu Ming and Kang Duo.

"This Lu Ming, how is it so strong, how is it possible?"

"Did he fight with Condor before, he didn't use his full strength?"

Many aliens, shock can not be added.

Lu Ming's strength seems to be bottomless. They come out with stronger people. Lu Ming's strength is also stronger and never ends.

In a blink of an eye, Lu Ming and Prince Yi Yi fought hundreds of moves.

"Destroy, kill!"

The first prince Chang Xiao, in the third eye, burst out with golden brilliance, like a sword, slashing towards Lu Ming.

Together, the offensive is stronger.

However, there are more and more laws in Lu Ming's body. At this moment, Lu Ming has exploded the forty-nine laws.

boom!

The two slammed into another move and moved back together.

"If you have such strength, then lose!"

Lu Ming spoke indifferently. The laws on him were more and more, and his breath became stronger and stronger. Finally, eighty-one laws covered the whole body, and Lu Ming's breath rose to the top.

This makes all the interracial faces look very ugly.

Could the first prince be defeated?

no, I can not!

Many aliens shook their heads frantically.

"You can force me to this point. For hundreds of years, you are the first, then let you try my strongest strength!"

"Supreme... Advent!"

The first prince Chang Xiao, in his third eye, erupted into the most brilliant light, golden light, more dazzling than the sun.

Then, in the third eye of the first prince, a figure appeared, and this figure stepped out one step from the third eye of the first prince.

This is a burly figure, but it is shrouded in a golden brilliance, and the appearance is not clear, but the kind of breath is terrifying.

"Holy Ancestor...Ancestral Breath!"

"Holy Ancestor is coming, not right, it is the power of the Ancestor!"

"The blood of the first prince is closest to the ancestor, and he has been able to borrow the power of the ancestor!"

Many aliens roared.

"kill!"

The first prince shouted, and the figure stepped out and slammed towards the landing.

Lu Ming's eyes showed a dignified color. On this figure, he felt the crisis and pressure.

But he is not afraid!

This is just the power cultivated by the first prince, and it cannot be the alien ancestor itself.

boom!

Lu Ming broke out with all his strength and killed him, fighting fiercely with that figure.

boom! boom! boom!

The two men fought a fierce battle, and the dozens of moves in the past were evenly divided.

"Fuse me!"

The first prince shouted again, and the figure retreated, turned into a light, and merged into the first prince. The breath of the first prince was great.

"kill!"

The first prince went to the landing, and the two fought together again.

The void collapsed, and hundreds of thousands of miles of space was in chaos, and an endless space storm was rolled up.

The battle between the two is too powerful to destroy the world.

"Horrible, horrible!"

"Is this still the emperor? The emperor could have such a combat power?"

"Oh my god, this is simply the battle of the emperor!"

The two men fought to the extreme, and the outbreak of power was too strong, far exceeding the ordinary peak emperor.

The other peak emperors went in, and I was afraid that they would be killed in a single move.

The strength revealed by the two has far exceeded the level of the emperor.

Peak matchup, true peak matchup.

bump! bump! bump!

After the war, the two killed madly, collided wildly, and were hit continuously.

Both of them were hit, but didn't care, and continued to fight.

Lu Ming has an indestructible ancient scripture, although he is hit, he can recover quickly.

The first prince is also very scary. In this state, the resilience is also amazing.

Chapter 2424: Eternal cage

In this battle, more than a thousand moves were made.

At this stage of the battle, the comparison is not combat strength, but endurance.

In the end, Lu Ming had an indestructible ancient scripture, unparalleled in flesh, and began to gain the upper hand slowly, beginning to suppress the first prince.

At the moment, both men were bathed in blood, because they were hit too many times.

puff!

Lu Ming hit the first prince again with another boxing, and his body almost burst apart.

At the same time, Lu Ming was also hit, the injury was also very heavy, but his recovery is faster than the opponent.

"kill!"

Lu Ming did not give the other party a chance to recover at all, and killed him in the past.

The greater the war, the more severe the injury of the first prince, and he was no longer Lu Ming's opponent. In the end, he was completely suppressed by Lu Ming.

Click!

The first prince was hit in the chest, his bones were broken, his body flew away from a distance, his mouth vomited blood, and his breath was extremely weak.

Lu Ming was about to slam his head and completely suppress the other party.

But at this moment, a light and shadow flashed, and a figure appeared in front of Lu Ming.

This figure, wearing a crown, exudes a breath of earth and earth. Under this breath, Lu Ming can't move at all, not even one finger.

Alien King!

This is an alien king, powerful terror, the gap between Lu Ming and the other party is really too big.

"enough!"

The alien king spoke coldly and his face was somber.

"Join the King!"

Many people salute.

The Evil God Clan has ten royal families, and the king of each royal family is supreme and respected by most aliens.

"Today's World War I, so far, everyone, step back!"

The alien king ordered.

"Yes!"

Many aliens bowed to salute, and then flew towards the Holy Mountain.

However, in their hearts, they were shocked, especially Mo Tian Luo, a few people in the storm, and they were a little lost.

They understood that even if an alien king appeared, he could not change the fact that the first prince was defeated.

In the history of the so-called Evil God Clan, the strongest arrogance was also lost to Lu Ming.

Lu Ming alone, penetrated the entire Longevity List.

This was not what they had dreamed of before.

The first prince, standing in the distance, with golden eyes shining icy light.

"kill!"

The first prince drank coldly, turned into a streamer, and killed Lu Ming.

He has always been invincible, and now he has defeated him, and has a strong murderous opportunity against Lu Ming.

However, halfway through, he was blocked by a force, the power of the alien king.

"You can't kill him!"

The alien king spoke.

"This person is a human race, must be killed, and then suffer endlessly!"

The first prince shouted.

"Kill and don't kill, we have our own merits and leave!"

The alien king scolded.

The first prince's face changed for a while.

Although he is known as the strongest arrogant in the history of Evil God Realm and has a very high status, he still dares not be arrogant in front of the alien king.

The ten kings of the Evil God Clan are the ten people with the highest status except the Holy Progenitor in the Evil God Realm.

"Get back!"

There was another sound in the ear of the first prince.

Hearing this voice, the first prince changed his face again, because it was the voice of his father.

The golden eyes gave Lu Ming an indifferent glance, and the first prince turned into a rainbow and flew towards the Holy Mountain.

At the scene, only Lu Ming and Chiayi were left.

Lu Ming didn't talk about living. He was in Evil God Realm and couldn't help himself. He was ready to deal with what the other party wanted to do.

However, Hugh wanted to make him succumb.

Deep in the sky, several alien kings were discussing matters.

"what should I do now?"

Asked an alien king.

All this was completely beyond their expectations and completely out of their control.

Their plan was to let Lu Ming see the power of their evil spirit world, let Lu Ming despair, and let Lu Ming succumb.

But they never imagined that Lu Ming's talent was so high, and the combat power was so strong.

Actually broke through the longevity list!

In this way, it was them who were hit, it was the Evil God Race, not Lu Ming.

Under Heavenly Emperor, no one can defeat Lu Ming, how can Lu Ming succumb?

Their plan fell through.

"I really didn't expect this talent to be so powerful. It's no wonder that the Sacred Ancestor of the Heart will choose him. Once the Sacred Ancestor of the Heart recovers from him, he will definitely be able to return to the peak!"

"Yes, it's a pity that there is a hindrance monument!"

Several alien kings are very ugly.

For a time, they couldn't think of a way.

They can't deprive the prison monument, and Lu Ming doesn't give in. They really have no way.

"Are you going to invite the Holy Father?"

An alien king spoke, but several other alien kings were silent.

"No, the holy ancestors have been sleeping and restoring their wounds after World War I. If there is no urgent matter, they can't be disturbed!"

"Yes, I suggest, wait another period of time, we will spend some time to study, I don't believe it, we will not find a way to strip the prison monument!"

Several other alien kings spoke one after another.

For hundreds of years, thousands of years, and even tens of thousands of years, in their eyes, it was just a snap.

Big deal, they spent another tens of thousands of years, or even hundreds of thousands of years of research, do not believe that there is no way.

"I proposed that Lu Ming be imprisoned in the Wanshi prison. This kid, not even two hundred years old since he was born, may have been locked in the Wanshi prison. He might have surrendered for thousands of thousands of years!"

"Not bad!"

Several alien kings nodded and reached a consensus.

"I'll take him!"

An alien king spoke, and his figure disappeared.

Suddenly Lu Ming felt a powerful force enveloping him. He was dark before he saw nothing.

"Look at what tricks you play!"

Lu Ming's face was calm and he sat cross-legged and waited quietly.

I don't know how long it took, Lu Ming was swept by a force, then left the darkness, and there was light in front.

"This is where?"

Lu Ming looked at it.

He found that he appeared in a stone room with the door closed.

"It seems that I was locked back in the secret room again!"

Lu Ming smiled slightly.

As soon as it came, it was settled down, Lu Ming sat cross-legged and exercised power to adjust interest.

In the previous battle, he suffered some injuries. Although there are indestructible ancient scriptures, he was not cured. After some healing, it didn't take long for Lu Ming to return to his peak state.

In the following time, Lu Ming will enlighten the law every day and refine the body.

In a blink of an eye, three months passed.

Click!

On this day, the door of the stone room opened and entered an alien wearing a red armor.

"Emperor!"

Seeing this alien, Lu Ming's heart moved. This alien is a strong man in the heavenly realm.

"Come with me!"

The red armor aliens spoke coldly, then turned away.

Lu Ming groaned a little, and then he followed.

Chapter 2425: Prison World

Lu Ming walked out of the stone chamber and followed the blood-red armor interracial.

"So many stone chambers?"

Lu Ming was shocked.

Outside the stone, there is a stone channel. On both sides of the channel, there is a stone door. Obviously, this is a stone room.

This place is very different from the place where Lu Ming was initially detained for a hundred years.

Here, definitely not the king city.

At this time, the door of the fan stone room opened and a figure emerged from it.

"Human race!"

Lu Ming was taken aback.

Those who walked out of the stone room were actually human races.

In each stone room, one person walked out.

Are these human races captured from the sky?

Soon after, Lu Ming saw some **** beasts again, but all of them turned into humanoids.

In addition, Lu Ming also found a characteristic that some people, like him, did not wear anything on their bodies, just like they were outside before.

But some people wear a silver chain armor and even cover their arms and legs.

"What is this place? Where is the prisoner of heaven?"

Lu Ming turned his thoughts in his heart.

Others also saw Lu Ming, showing curiosity.

However, no one spoke, because there were many aliens wearing blood-red armor, all of which were cultivation practices of the Emperor Realm. Lu Ming saw that there were no fewer than ten.

Along the passage, all the way forward, not long after, the passage came to an end.

At the end of the passage is a huge cave, very huge, above the cave, there is a hole, there is a beam of light, shot from the hole.

Lu Ming guessed that this might be the interior of a mountain.

Around the cave, there are passages, and from each passage, people gather.

Most of them are human races, as well as gods and beasts. Even Lu Ming saw the aliens and wore silver chain mail armor to look like a prisoner.

Around the cave, there are aliens wearing fiery red armor. Of course, it is impossible that all are Emperor Tian, most of them are Emperor Realm.

But the number is very large, more than two hundred.

This place, the strength of the gathered aliens is amazing.

"Is this a cage for aliens?"

Lu Ming speculated in his heart.

"This little brother, newcomer, I haven't seen you before!"

At this moment, a big man with messy hair came over and greeted Lu Ming.

"Yes, I have just been here for a few months!"

Lu Ming said, and looked at each other.

The other person looked like he was in his fifties, his hair and beard were messy, but he could barely see that he was very handsome, and there was a sense of majesty between his blinking eyes.

He also wore a chain mail armor.

"You should have come from the Celestial Realm, and it should have been from the Celestial Realm. It should be less than a thousand years. There is a smell of the Celestial Realm, a familiar and strange smell!"

The big man sighed, showing a nostalgic expression.

"Brother comes from heaven?"

Lu Ming asked.

"Yes, but that was many years and years ago, I don't know how many years ago, I heard people say that it should be ancient times!"

The big man sighed.

"ancient time!"

Lu Ming was taken aback.

Is it that the other party was caught here by aliens during the war in ancient times?

It is really unimaginable how many years it has been from the ancient time to the present.

"Are the human races and mythical beasts here all predecessors of heaven?"

Lu Ming asked again.

"No, from heaven, only a small part!"

The big man shook his head.

"A small part?"

Lu Ming was shocked,

"Haha, you wouldn't think that only Heaven Realm and Yuan Realm are human races. In fact, Evil God Realm is also human race!" Dahan laughed.

"Evil God Clan, there are human races?"

This time, Lu Ming was even more shocked.

He had never heard that Evil God Realm, but also of the human race, is Evil God Realm not all aliens?

The top ten royal families and aliens occupy the whole evil spirit world.

"Haha, I am the human race here, Qing Cang, this little brother, who came from heaven?"

At this time, a fiery red-haired man came over and looked like he was in his fifties, also wearing a chain mail armor.

The old man with messy hair was called Qing Cang.

"Not bad!"

Qing Cang nodded and introduced, "His name is Wu Tai, he is the human race on the side of Evil God Realm, little brother, what is your name?"

"My name is Lu Ming!"

Lu Ming introduced herself, and then chatted with Qing Cang and Wu Tai.

Both are very bold, and Lu Ming knows a lot about this place during the chat.

This place, called the Wanshi prison, is a place where aliens are detained for recidivism, meaning that once the prison is in, it is difficult for Wanshi to go out.

These people, being detained, were given drugs on the spot.

Yes, it is medicine. Every time an inter-ethnic group sends people to draw their blood, use their blood to refine the elixir for some inter-ethnic groups to take to improve their cultivation.

Moreover, Lu Ming learned that in the Evil God Realm, there is a human race, and still there, he stays in a place called the Zhenru Realm to resist the alien race.

Moreover, the power of the prison world is very powerful.

"The prison prison world? The name is so similar to the prison monument!"

Lu Ming thought a lot in his heart.

Perhaps, the alien race was held back by the prison realm part of their strength, so they could not fully attack the heaven.

"Here, why are there other aliens here too!"

Lu Ming asked again.

"Because there are some aliens who are also against attacking the Celestial Realm, you see, the dozen or so aliens there are all very powerful, but in the ancient years, they opposed the aggression to the Celestial Realm, so they were imprisoned here!"

Qing Cang pointed to the left.

Lu Ming looked over and saw a dozen aliens, all of whom were aliens, wearing silver chain armor.

"It turns out so!"

Lu Ming suddenly realized that not all the aliens were in favor of attacking the heavens, and some were against it.

In fact, Lu Ming has been wondering why the aliens must attack the heavens and overthrow them. Isn't it better for everyone to live together peacefully?

"Brother Qing Cang, you have been imprisoned since ancient times. Hasn't anyone escaped from here for so many years?"

Lu Ming asked again.

"No!"

Qing Cang shook his head and sighed, "The entire cage of the world is covered with a treasure, and a horrible prohibition is placed. It is said that the treasure is the treasure of the ancestor of the evil **** family. Once it is placed, the prohibition is completely broken. not open!"

"And the prohibition also has the power of terrible killing. As long as there is a movement within the prohibition, the prohibition is launched, and even the Peak Emperor must be killed!"

Lu Ming was shocked that the Peak Emperor was going to be slaughtered, which was too scary.

Pinnacle Emperor, that is the most powerful in the world. Lu Ming can't imagine how strong his strength is.

"Lu Ming, brother Qing Cang, but a peak emperor!"

On the edge, Wu Tai spoke.

"What? Emperor Pinnacle!"

Lu Ming was shocked and dumbfounded. Unexpectedly, Qing Cang was a pinnacle emperor.

Chapter 2426: Top ten war beasts, nine golden lions

Qing Cang, is actually a pinnacle heavenly emperor!

Peak Emperor, whether in Evil God Realm or Heaven Realm, is the most pinnacle of existence, and the fighting power is beyond imagination.

There are not many such characters, whether they are Evil God Realm or Heaven Realm.

As far as Lu Ming knows, the top ten war beasts were the peak emperor at the peak.

And this one in front of me looks ordinary and can't feel the slightest breath, it is actually a peak emperor.

"Qing Cang used to be in the realm of heaven, but the famous people in the world, haven't Brother Lu Ming heard it?"

Wu Tai looked at Lu Ming curiously.

"No!"

Lu Ming shook his head.

"Hahaha, Mrs. Wu, I am in the realm of heaven. When did that happen? For so many years, who still remembers my name!"

Qing Cang laughed, not thinking.

"Nine-headed golden lions, famous parties, but even the evil spirit world was thunderous..."

Wu Tai grinned.

"What? Nine-headed golden lion..."

This time, Lu Ming's eyes widened in shock.

Nine golden lions, of course he knew.

One of the top ten war beasts, the nine golden lions, who doesn't know?

But it is said that in the ancient war, the nine golden lions had already died. Qing Cang in front of him was actually one of the top ten fighting beasts, the nine golden lions.

It turned out he was not dead.

"Have you heard?"

Wu Taidao.

"Of course, who has not heard of the nine golden lions, one of the top ten fighting beasts?"

Lu Ming said.

"Everything is just a name, it is not a prisoner!"

Qing Cang laughed at himself.

"Brother Qing Cang and Brother Wu, why are you wearing this chain armor, but I haven't?"

Lu Ming asked curiously.

"This kind of armor can seal people's cultivation, and it is covered with formations. It can be used to seal people's seals through acupuncture points. People above the heavenly emperor wear this kind of armor. High, even if you don't wear armor, the Evil God Clan can easily suppress it, so they don't wear it!"

Wu Tai explained.

Lu Ming suddenly realized that it was no wonder that some people wore armor and some did not. This turned out to be the case.

There is a prohibition around here, with a terrifying defense and killing power. The Heavenly Emperor can't get out, let alone under the Heavenly Emperor.

Moreover, there are so many masters of the aliens who are guarding here, and those under the heavenly emperor can't turn up the waves at all.

"coming!"

Suddenly, Qing Cang spoke, looking at one side.

Lu Ming and Wu Tai also looked in one direction.

A middle-aged bald man walked past with a group of aliens wearing fiery red armor.

The middle-aged man with bald head looks just like the human race, but the third eye of the eyebrow tells everyone that he is alien.

He exudes a terrifying atmosphere, such as the universe of heaven and earth, standing high above it, the coercion is born in ten places, and there are eight wild in the universe.

"too horrible!"

Lu Ming felt a little cold, and felt cold sweat and his heartbeat accelerated.

"This person's name is Dole, but he is the commander of the cage of all ages, and he is also a pinnacle god!"

Wu too whispered.

"Peak Heaven Emperor!"

Lu Ming's eyes narrowed, no wonder the feeling was terrifying.

A pinnacle of Heavenly Emperor guards here, even if there is no prohibition, I am afraid not many people can escape.

"Dole cultivates a strange way of warfare, and he needs to absorb a strong fighting spirit, so every once in a while, he will gather everyone together, and then pick people to compete, to fight, to fight, and he, then, Can absorb the fighting spirit of others' wars!"

Wu Tai continued to explain.

Lu Ming nodded and finally understood what happened to these people gathering here.

Dole came to the middle of the cave and waved his hand. A battle platform emerged and fell in the middle of the cave.

"According to the old rules, who I ordered, who went up to fight, if anyone did not do their best, perfunctory things, afterwards, I will drain his blood!"

Dole opened his mouth coldly, his eyes gleaming like electricity, and he swept all directions.

The faces of those who were swept by him all changed and looked dignified.

Dole was ruthless, and he definitely made it.

Many people have been detained here for countless years, and naturally it is clear.

"Liuji, Wang Mang, go up!"

Dole named.

Then, Lu Ming saw two figures and went to the battle platform.

Both of them wore silver chain mail armor. Obviously, they both existed in the Emperor Realm.

After the two set foot on the battle platform, Dole waved his hand, and the armor on the two of them flew away and fell into Dole's hands.

boom! boom!

As soon as Jiazhou flew away, an amazing breath erupted between Liu Ji and Wang Mang.

"This is... Samsung Emperor!"

Lu Ming's eyes narrowed.

Randomly set foot on two people, the Samsung Emperor, this master of imprisonment in the world is amazing.

Liu Ji and Wang Mang glanced at each other, then stepped suddenly and rushed towards each other.

boom! boom! ...

The two fought fiercely on the battle platform.

The two men were equal, and broke out with all their strength. There was no trace of keeping hands, and the battle was extremely fierce.

"This... is not a rule system!"

As soon as they started, Lu Ming discovered that what they cultivated was not a rule system at all, but an archaic martial art similar to the archaic system.

"The two of them are from the prison world of me, and the cultivators should be different from the current world, right?"

On the edge, Wu Tai spoke.

"Yes!"

Lu Ming nodded.

The rule system was raised at the end of the Taikoo period, and the prison world should always be in the evil spirit world, and the practice is not the same, it is normal.

The two men fought for hundreds of moves, and finally Liu Ji won slightly and defeated Wang Mang.

Dole looked aside, his eyes flashing with excitement, and there was a layer of light flashing and changing in him.

After the battle between Liu Ji and Wang Mang, Dole called the two to go up against each other, and he was also a strong player in the Heavenly Realm.

Every group of people has the same level of cultivation, so the battles are extremely fierce, and the fighting intentions are skyrocketing. This is great for Dole.

In this way, several groups were fought in a row.

There are heavenly emperor realms and there are also emperor realm.

Lu Ming found that there was no system of cultivation rules. Qing Cang informed that there were not many people caught in the heavenly realm. Most of the human races here were from the prison realm.

"Recently, we have a newcomer here, a peerless arrogance of heaven!"

Suddenly, Dole spoke, and then looked at Lu Ming.

Others looked at Lu Ming involuntarily.

Here, as young as Lu Ming, it really isn't.

"I heard that you are very strong, go to battle!"

Dole said.

Lu Ming's eyes moved, he didn't speak, stepped out, and landed on the battle platform.

"You, go up against him!"

Dole pointed at an old man again.

The old man leapt onto the battle platform, his body filled with a strong breath.

Is a pinnacle emperor.

"Little brother, you have to be careful, the old man's cultivation behavior is the pinnacle emperor!"

The old man kindly said.

He thinks Lu Ming is really young, so young, even if he is strong, where can he be? So kindly remind.

Chapter 2427: Emperor Zhantian

"Thank you senior, senior, please!"

Lu Ming smiled.

"Be careful!"

The old man opened his mouth, and then suddenly rushed towards the landing Ming, his palm like a knife, and his palm split.

Buzz!

The palm of the old man shook and there was a strange power running, really like a war sword.

The old man, who is also practicing Taikoo Budo, has amazing attack power.

Since he shot, he would not keep his hand, because Dole did not allow anyone to keep his hand.

Lu Ming took a deep breath and punched out with a punch.

This punch is very plain, but a punch blows out, the space on the battlefield bursts, the wind screams, and the power is amazing.

However, there was a layer of light curtain around the battle platform, blocking the wanton energy.

"This..."

The pupil of the old man suddenly widened, because the power of Lu Ming's punch was so amazing that he was horrified.

Uh!

The old man's moves changed, his arm shuddered, and he suddenly cut out dozens of times.

Dozens of blades of light burst out and cut Lu Ming's fist.

However, Lu Ming's fist blasted, the knife light cut by the old man, the inch burst, the terrible fist force rolled over, and collided with the old man's palm.

The old man trembles like an electric shock, and then retreats backwards, always withdrawing from the battle platform, hitting the light curtain on the edge of the battle platform, his face pale.

"So strong!"

At the scene, many people felt shocked and couldn't help re-examining Lu Ming.

Before, they saw Lu Ming being so young, and felt that even a genius would not be so outrageous. It would have been amazing to have the power of an emperor.

But Lu Ming surprised them with a shot.

With one punch, he defeated a peak emperor.

"This little brother Lu Ming is really not bad. He looks really young. He can't cultivate for more than a thousand years, and he has such a fighting power, which is really amazing!"

Wu Tai sighed.

In Qing Cang's eyes, he was also full of surprises and said: "Looking at his cultivation, it should be a physical training. He has already cultivated the level of the Dao Peak Emperor. Eternal prison is here!"

Qing Cang sighed.

The same is true of Wu Tai.

At such a young age, there is such a fighting power. If you have enough time, you can definitely become a terrifying powerhouse. Unfortunately, being caught here by aliens is like cutting off hope.

"Little brothers have amazing fighting power, they are invincible, admire, admire!"

On the battle platform, the old man clenched his fists, his eyes full of admiration.

"Senior is polite!"

Lu Ming politely said.

"Dole, I'm really invincible, so let's go!"

The old man looked at Dole.

"Waste, get out!"

Dole waved his hand at will, and the old man walked off the battle platform.

"The strength is really good, Ao Jing, you go!"

Dole looked at a middle-aged man wearing a silver chain mail.

"I?"

The man was stunned.

But he was the cultivation of Heavenly Emperor Realm. Dole actually asked him to go up against a great emperor?

"Dole, you're over. Lu Ming is just the emperor. It doesn't make sense to call him and Ao Jing!"

Qing Cang cried.

"I act, when is your turn to intervene? Qing Cang, remember your current identity, you are just a prisoner, don't think of yourself as a top ten beast!"

Dole glanced at Qing Cang coldly, then looked at Ao Jing again, and said, "Go up and fight, and do your best!"

Ao Jing had no choice but to set foot on the battle platform, Dole waved his hand, and the armor on Ao Jing flew away.

Roar!

A dragon chant sounded, and Ao Jing was filled with a strong breath.

Ao Jing is a true dragon, and Xiu Wei is a star emperor.

"Little brother, be careful!"

Ao Jing reminded.

"Senior, it's all you can do!"

Lu Mingdao showed a strong fighting intention in his eyes.

This is his first time to fight against a heavenly emperor.

Heavenly Emperor is much stronger than Emperor. There has never been an Emperor who can fight against Heavenly Emperor.

As strong as the first prince of aliens, known as the strongest arrogance of the ancients of the aliens, the fighting power is shocking, and I am afraid that in the face of the weakest one-star emperor, I am probably not an opponent.

Lu Ming is looking forward to his full-time outbreak, and how far he can fight with a one-star Emperor.

Moreover, although he now controls eighty-one laws, the application of eighty-one laws is not very satisfactory.

At least, he cannot intertwine all the laws together to form a magical technique.

It can't be rounded.

All of this is difficult to learn by yourself slowly, but in a fierce battle, you can often get big gains.

Therefore, Lu Ming is looking forward to it and has a strong fighting spirit.

Buzz! Buzz! ...

All kinds of light appeared on Lu Ming, that was the light of the law.

"That's... the rule!"

Under the battle platform, Qing Cang was taken aback.

He did not expect that Lu Ming actually practiced the law.

"Wait, there are so many kinds, right, wrong, several strongest rules, what's going on? My God, it's still increasing..."

Qing Cang's eyes suddenly turned round.

Because the laws on Lu Ming's body constantly flashed out.

More than ten kinds, twenty kinds, fifty kinds...

The strongest rules are also increasing.

Qing Cang's eyes grew bigger and bigger, and finally turned into a dementia.

Qing Cang, the cultivation system is not the rule system, but the ancient demon way.

However, in ancient times, the rule system dominated the heavenly world, and it was extremely prosperous. He naturally knew very well.

At the moment, seeing Lu Ming's laws, he was really stupid.

Not only him, but all around the battle platform, but anyone who understands the rule system is also stupid.

In an instant, Lu Ming's eighty-one rules all emerged, forming a suit that covered the whole body.

Lu Ming exploded his strength to the extreme.

"Senior, please!"

Lu Ming reached out and reminded Ao Jing.

"Little brother, great!"

In Ao Jing's eyes, there was also amazement, and the breath of his body also rose to the extreme.

boom! boom!

The two moved at the same time, rushed towards each other, attacked a terrible move, a violent roar, the two hard touched a move, and then, both bodies retreated backward.

The difference is that Ao Jing only took three steps on the hind legs, while Lu Ming took 15 steps back.

"What an amazing power!"

Lu Ming secretly panicked.

What Ao Jing cultivates is also illegal, but it is Taikoo Yaodao.

Taikoo Yaodao, practicing flesh and demon power.

The combination of demon body and demon power is extremely powerful.

I just made a right move. Ao Jing's power is completely above Lu Ming.

He didn't know, but the others were even more shocked.

"Blocked, an emperor, actually confronting the emperor head-on, incredible!"

"Ao Jing didn't keep his hand, it was incredible, it could be called a wicked evil!"

"Unfortunately, he was imprisoned in the cage of all ages!"

Many people sighed, regretting Lu Ming.

"Come again!"

Lu Ming shouted, at this moment, his fighting intentions are getting stronger and stronger.

boom!

He rushed towards Ao Jing again, elevating his strength to the extreme and fighting against Ao Jing.

Ao Jing was not willing to show his weakness and killed Lu Ming.

bump! bump! ...

The two fought fiercely, and the battle became fierce.

Chapter 2428: Rule system, breaking through the emperor

In an instant, Lu Ming fought dozens of battles with Ao Jing.

"Happy, happy!"

Lu Ming's Vietnam War, the more excited, the fighting intent.

Although he fell completely down and was suppressed by Ao Jing, it was not so easy for Ao Jing to win him.

Fighting with Heavenly Emperor, Lu Ming was able to explode all the powers, and the other side could always give him strong pressure, so that he could master the rules more proficiently and have a deeper understanding.

boom! boom!

During the war, Lu Ming evolved various laws to the extreme, blasting out various magical powers.

"Good, good, good!"

Under the battle, Dole made three sounds.

He cultivates a tactic of warfare and needs to absorb the fighting spirit.

He found that Lu Ming was fighting against people with a very strong fighting intention, which allowed him to absorb more fighting spirit.

He was already thinking about it, and he would let Lu Ming play more in the future.

"Awesome fighting power!"

Others were also amazed and shocked by Lu Ming's strength.

Lu Ming's strength is almost close to Heavenly Emperor Realm.

The Great Emperor Realm, in Lu Ming's hands, is definitely vulnerable.

This battle is a few hundred moves.

After so long in the war, Lu Ming finally lost, was hit by Ao Jing, hit the light curtain, and spit blood.

He lost, but his eyes were full of excitement.

The war just now has deepened his application of various laws.

"Seniors are powerful, and juniors are no match!"

Lu Ming clenched his fists.

"It's you who is terrific. If I'm not relying on cultivation to be high, where is your opponent!"

Ao Jing exclaimed.

Indeed, if you let him fight with Lu Ming at the same level, I'm afraid he can't even stop Lu Ming's move.

Subsequently, the two went off the battle platform.

Dole called on others to go to battle.

A day later, Dole seemed contented, and let everyone disperse and return to their secret chamber.

"That Lu Ming, don't draw his blood, it will work for me!"

After the crowd dispersed, Dole ordered his subordinates.

After drawing blood, people will definitely be weak and will not be able to fight for some time.

He wants to keep Landing Ming to fight with others, so that he can absorb the fighting spirit.

Others have been detained here for too long, and they have become numb. Even if they go all out in the battle, they will not stimulate too much fighting spirit.

But when Lu Ming fought, the fighting spirit was high, and the fighting spirit he excited was extremely strong, which made him happy.

"Yes!"

Other aliens lead their lives.

After Lu Ming returned to the stone chamber, he continued to practice, recalling the battle just now, and letting him gradually apply the law.

The time flew, just a few months.

A few months later, Dole summoned them again for a duel.

This time, Dole called Lu Ming again to fight against another one-star Emperor.

In this battle, Lu Ming was still at a disadvantage, but he also fought hundreds of moves. After several hundred moves, Lu Ming was defeated.

In this way, every few months, Lu Ming has to play once, he has gained a lot, and he is more and more comfortable with the application of various laws.

There are more and more magical powers he has realized.

Moreover, no one came to draw Lu Ming's blood.

Time flies, and Lu Ming has been in the cage of the world for ten years.

For ten years, Lu Ming has been very familiar with the people here.

I am familiar with many people.

In the past ten years, Lu Ming has been consciously aware of various laws and has made remarkable progress.

He was finally able to intertwine eighty-one rules together to form a kind of magical power.

Eighty-one laws are intertwined and turned into a spear, which has amazing power. This makes Lu Ming's combat power improve a little, and can really be tied with a one-star Emperor.

Created a miracle that no one can create throughout the ages.

"Eighty-one rules are finally as smooth as I can now, I can finally strike the emperor realm!"

Lu Ming thought, his eyes showed expectation.

Lu Ming has walked along the way and experienced too much, even in the face of adversity, he will not be discouraged.

He believes that as long as his strength is getting stronger, there will always be a way out.

Now, he intends to impact the emperor realm.

Eighty-one laws, including all the strongest laws and most of the laws of kingship, once the impact of the emperor succeeds, I don't know how powerful it will be.

Lu Ming is looking forward to it.

"Still enter the mountain and river map, otherwise, the movement caused by the breakthrough is too big!"

Lu Ming's heart moved, and then entered the mountain and river map.

Fortunately, his cultivation level was low, and the aliens did not control him or wear him chain mail armor. Otherwise, cultivation would be troublesome.

Entering the upper river map, Lu Ming took out a large number of chaotic stones and top grade original stones, placed them around, then sat cross-legged and began to practice.

Three days later, Lu Ming's state was adjusted to the extreme.

"Start!"

Lu Ming whispered, at this moment, the heart of the world in his small world exudes a brilliant light.

At the moment, the heart of the world is a fusion of eighty-one rules, and amazing changes are taking place at the moment.

The eighty-one laws are completely converged, intertwined, and fused together.

Quantitative changes cause qualitative changes. Eighty-one laws will slowly change into a more advanced one, that is, the avenue.

Ordinary people practice is this process.

This process cannot be accomplished overnight and takes time.

Time goes by day by day.

In a flash, it was two months.

At this time, in the heart of the world, eighty-one laws could not be seen at all. There was only one piece of chaos, a piece of gray, like the light of chaos, but there were differences.

boom!

At this moment, a violent roar came from Lu Ming.

A mysterious and incomparable breath emerged from Lu Ming.

At this moment, the color of Lu Ming's heart of the world changed from a gray color to a purple-gold color. In an instant, it completely became purple-gold color.

Full of noble breath, high above, dominates the world.

Lu Ming's body also filled with purple and gold light, making him look sacred and inviolable, such as the gods that dominate the world.

Breakthrough!

Lu Ming knows that he has broken through, and his current state has already entered the realm of the emperor.

"Swallow!"

With a move in Lu Ming's heart, his body, like a black hole, devoured the energy around him frantically.

bump! bump! ...

Piles of piles of top-quality original rocks exploded and turned into a very strong original gas tide, pouring into Lu Ming's body and rushing into his small world.

At the same time, there were also pieces of chaotic stone exploding, and a plume of chaotic gas was also absorbed by Lu Ming, refined by Lu Ming, and lost into Lu Ming's small world.

Lu Ming's small world expanded wildly.

Originally, Lu Ming was at the peak of the real emperor, and the area of the small world was 700,000 miles.

At this moment, the rapid expansion, as Lu Ming refining the energy entered, crazy expansion.

Seventy-five thousand miles, eight hundred thousand miles, nine hundred thousand miles...

Soon, Lu Ming's small world expanded into a million miles.

However, it has not stopped, Lu Ming's small world is still expanding.

Chapter 2429: Domination

Ordinary people, as soon as they reach the level of the Great Emperor, and the small world expands to one million miles, they stop.

However, Lu Ming did not stop at all, and continued to expand, and the speed was getting faster and faster.

1.1 million, 1.2 million, 1.5 million, two million miles...

"It is still expanding, then continue to refine, give me refine..."

Lu Ming constantly took out the best original stones and chaotic stones.

A large number of top grade raw stones are refined.

Fortunately, Lu Ming is rich in resources. In these years, he beheaded many opponents and accumulated a lot of resources.

In particular, he was on Void God Island and got too many resources.

There are more than 20,000 pieces of Chaos Stone and Hongmeng Stone respectively.

Needless rough stones are countless. Lu Ming didn't count them at all. If they are ordinary people, they can't afford them.

Lu Ming doesn't care about resources at all. No matter how many resources there are, the only real thing is to turn it into strength.

As a large number of resources were refined, Lu Ming's small world continued to expand wildly.

Three million miles, four million miles...

In the end, Lu Ming's small world expanded to 10 million miles, and then stopped.

Others, just after breaking through the emperor, the small world is only one million miles, while Lu Ming, the radius of the small world, is ten million miles, which is ten times that of others.

This is the long and wide distance. As for the area, I don't know how many times it is, at least a hundred times.

This is already comparable to the small world of the heavenly realm.

Of course, the resources consumed are amazing.

Chaoming Stone, Lu Ming fully consumed three thousand pieces.

As for the superb original stone, Lu Ming is even more amazing.

But everything is worth it. Lu Ming feels that the power of the world in his body is extremely rich, and it is not like the power of the world that the ordinary emperor realm can have.

"My current state is clearly one-star emperor, but the power of the world is stronger than other one-star emperors. I don't know how many times it is stronger!"

Lu Ming whispered, his current world power is really too strong.

"Hey, there is a different kind of energy in the power of the world!"

Suddenly, Lu Ming felt that the power of his world was mixed with a hint of purple-gold energy. Moreover, Lu Ming felt that this energy was extremely amazing and much stronger than the power of the world.

"Is it my avenue..."

Lu Ming thought of the avenue he controlled. When he touched Ming Ming's heart, he radiated a purple light in his body. There was a power under his control that was controlled by him. That kind of power was very mysterious, but it exuded terror. The power of it seems to dominate everything.

At this moment, Lu Ming seemed to be integrated with the whole heaven and earth, as if the energy of the whole heaven and earth could be used by him.

Dominate everything, Lu Ming seems to really dominate everything.

As soon as my thoughts moved, in the distance, a mountain peak in the mountain and river map directly disappeared into fly ash.

"this is..."

Lu Ming was dumbfounded.

This power, too terrifying, he just thought about it.

"This is my avenue, no. The avenue definitely does not have such a strong power. I seem to be integrated with time. Isn't this a manifestation of Tiandao? But it is different from Tiandao..."

Lu Ming thought, and was very puzzled.

He found that the avenue he controlled was not the same as the other avenues. He was determined that the other avenues were vulnerable to him.

But it's different from heaven.

Even his power of the world is mixed with this kind of power.

Different from the Avenue, and different from the Heavenly Way.

It seems to be a brand new Tao.

"It should be related to my cultivation. Eighty-one rules of my cultivation, so this wonderful way was born!"

Lu Ming analysis.

The most fundamental constitution of heaven and earth is the law.

There are thousands of laws, but the core is the ten strongest laws, as well as many royal laws.

Although there are many other common laws, their effects are far inferior to those of the ten strongest laws and those of kingly laws.

And Lu Ming, who controlled all the strongest laws, and most of the rules of the kingly way, after breaking through the emperor, controlled a wonderful way.

"I don't know, what kind of power is my way?"

Lu Ming thought, then closed her eyes and began to experiment.

When he carried this wonderful way, he seemed to be one with heaven and earth, his consciousness fluttered out, extended out of the stone chamber, and Lu Ming saw everything in the other stone chambers.

Continuing to extend, consciousness expanded outwards, and soon afterwards, Lu Ming saw a light curtain.

This layer of light curtain envelopes all directions.

At the top of the light curtain, there is a round bead, which radiates a bright brilliance.

The light curtain is formed by this round bead.

"Is this the prohibition of the cage of all ages, formed by the treasures of the ancestors of the evil gods!"

Lu Ming moved.

"If you can open this prohibition, you can go out!"

Lu Ming's eyes lit up, but he smiled helplessly.

Qing Cang said that this light curtain, even the Peak Emperor, could not be penetrated, and had the power of terrifying attack, even the Peak Emperor could be killed.

How can he open it?

However, Lu Ming wanted to give it a try, because there was always a feeling in his heart that he could dominate everything, even if it was the light curtain here, he could open it.

This is the kind of wonderful way that gives him the feeling.

"Try it!"

Finally, Lu Ming was ruthless and decided to give it a try.

A ray of purple and gold light flew to the light curtain, which is the kind of wonderful way.

Buzz!

The light curtain was filled with layers of waves, and finally, there was a crack.

"Successful, it really succeeded!"

Lu Ming was ecstatic. The light curtain seemed to be dominated by him. This was an extremely mysterious feeling.

Then, Lu Ming quickly put away the wonderful way, and the light curtain returned to normal.

Dole was in control of the treasure, and Lu Ming was afraid to disturb the other party.

At the moment, Dole, who was practicing in a secret room, suddenly opened his eyes.

"Aren't some people attacking the ban? I really don't know what to do!"

Dole grumbled, and then observed through the round bead.

He is in control of the round bead and can observe everything in the light curtain at any time.

However, Dole found nothing and found no one attacking the light curtain.

"Is it an illusion!"

Dole frowned, then looked closely again, and didn't notice it without even discovering it.

At this time, Lu Ming was really ecstatic.

It really works, it really opens the ban, which means he can go out at any time.

"This wonderful way is so wonderful, so mysterious!"

Lu Ming waved his hand, exuding a purple-gold brilliance, which is the essence of that wonderful way.

"I haven't heard this kind of Tao, but it seems to be able to dominate the world, then call it the dominance!"

Lu Ming took a name.

The way to dominate!

"I don't know how strong my current combat power is!"

Lu Ming thought.

Before there was a breakthrough, Lu Ming broke out with all his strength, and he was able to draw a tie with a weaker one-star Emperor. Now Lu Ming breaks through, the power of the world surges, and he controls the way of domination. Lu Ming's combat power is also absolutely Skyrocketed.

Chapter 2430: Ready to escape

Lu Ming has a feeling that he does not use the flesh now, and can rely on the power of the world and the way of **** to kill a one-star Emperor.

You know, his current state is only one star emperor. If he can kill a star emperor, it is equivalent to killing the enemy across an entire realm.

What happened in the Great Emperor, Heavenly Emperor Realm is incredible.

The higher you go up, the higher your cultivation base becomes, the harder it is to fight over.

Who can cultivate to the realm of heaven, which is not a peerless genius?

Only by mastering the strongest laws can one practice to the heavenly emperor realm.

Therefore, it is extremely difficult to confront the enemy across a small realm in the future.

Not to mention, killing the enemy across a large realm.

Moreover, this is only Lu Ming's estimate.

Coupled with physical strength, Lu Ming's combat strength will be stronger.

From now on, Lu Ming has stepped into the ranks of the strongest in Heaven Realm, Yuan Realm, and Evil God Realm.

"It's not time to leave now. With my strength, even if I leave here, I will soon be found and will be caught up by the other party. And, even if I leave here, the vast Evil God Realm, where should I go?"

Lu Ming began to think again.

In the end, he planned to discuss with Qing Cang and others, and even fled with Qing Cang.

Lu Ming got up and got up, walked to the gate, pushed hard, and the gate was pushed open.

Forever, the management is not strict.

There are mainly treasures of ancestral ancestors, covering all directions, that prohibition, no one can break, so, like Dole, and other aliens, they are very comfortable, ordinary, Lu Ming they can freely enter and exit in various stone chambers of.

In Dole's view, Lu Ming could only move within the limits of the ban, and could not run.

Moreover, those above Heavenly Emperor, there are also chain armor seals banned and repaired, with a double insurance.

Lu Ming walked out of the stone room, along the passage, and soon, he came to the door of another secret room.

Knocked on the door, there was a voice inside the door: "Come in!"

Lu Ming pushed open the stone door and walked in. Inside, it was Qing Cang.

Qing Cang lay on a bluestone, drinking leisurely.

"Haha, Brother Lu Ming, you just happened to come and drink with me!"

Qing Cang smiled, took out a pot of wine, and threw it to Lu Ming.

This wine was still given to Qing Cang by Lu Ming. There was no wine to drink in the cage of the world.

Lu Ming took it and took a sip.

"Brother Lu Ming, did your cultivation base break through?"

Suddenly, Qing Cang's eyes lit up.

Although he was banned for cultivation by chain mail armor, his vision was still venomous, and at a glance, Lu Ming broke through.

"Just broke through!"

Lu Ming said.

"Let me see, what is the path you realize?"

Qing Cang said quickly, very curious.

Lu Ming is in control of eighty rules, and he is also very curious about what kind of avenue he will control when he breaks through the emperor.

Lu Ming nodded, and he was just about to ask Qing Cang.

Qing Cang lived for a long time, maybe he knew what the avenue he realized.

As soon as his thoughts moved, Lu Ming's body was filled with a breath that dominated all directions, and at the same time, a purple-gold light radiated from him.

"This..."

As soon as he felt the breath on Lu Ming's body, Qing Cang's face changed, and it became a little dignified.

"Brother Qing Cang, you know, what is this?"

Lu Ming asked.

Qing Cang shook his head and said, "It's strange, this way, I have never seen it, and I have never heard of it!"

Qing Cang looked at it carefully, revealing his astonishment, and said: "What a terrifying Tao, there is a will to dominate the world. In front of this Tao, I am afraid that the ordinary Dadao can't be attacked.

Only Tian Dao can contend, and , You are still weak in cultivation, and with the improvement of cultivation in the future, it will be more amazing and more and more powerful!"

"Hey, what a pity!"

At the end, Qing Cang sighed.

"Brother Qing Cang, what a pity?"

Lu Ming said.

"Unfortunately you are imprisoned here, otherwise, depending on your talents, you may be able to create a miracle in the future, break the last hurdle, and enter the supreme realm. In that way, Heaven Realm may be able to defeat the Evil God Clan, what a pity!"

Qing Cang sighed.

"Brother Qing Cang, we may not be able to go out!"

Lu Ming whispered.

"what?"

Qing Cang glared and said, "Brother Lu Ming, what do you mean?"

"Brother Qing Cang, don't hide from you. I gave this kind of avenue to me and called it the Master's Way. Before that, I opened the prohibition of the world's prison through the Master's way!"

Lu Ming said it again.

"what?"

In Qing Cang's eyes, there was a radiant brilliance, even if it was sealed by the chain armor, there was a terrifying breath.

"Brother Lu Ming, what you said... is it true?"

Qing Cang's voice shivered a little.

He was imprisoned here for too long, and he had no desire to go out. At this time, when he heard that he could go out, he was naturally excited.

"Yes, it's true, but after opening, I'm afraid it will be discovered by Dole soon, so I came to discuss with Brother Cangcang!"

Lu Ming said.

"It's okay, I can only get out of the ban. I can get rid of this seal armor, and even if Dole finds it, I won't be afraid of him!"

Qing Cangdao showed strong confidence.

Qing Cang is not the same as the Titan Beetle. The Nine-Life Demon Silkworm is different. Although he was captured in the ancient battle, he was not so seriously injured, and he had been healed long ago.

As soon as he broke free of the seal, he could immediately return to the peak of the emperor's cultivation practice, and he was not afraid of Dole at all.

"Then where do we go after we go out?"

Lu Ming asked.

"Go to the prison area, so look for Wu Tai and them together. This time, take this opportunity and take some more people out!"

Qing Cangdao.

Lu Ming nodded, and he also had this intention.

There are too many masters.

The number of powerful people in the Heavenly Emperor Realm is also surprisingly large. If they can be taken out, it will certainly cause great trouble to the evil **** clan, so that the pressure on the other side of the heaven can also be reduced.

This force cannot be given up.

Immediately, Lu Ming and Qing Cang discussed the details, and then went to Wu Tai to tell him about it.

After Tai Wu heard it, she was shocked at first, and then ecstatic.

The three discussed with whom to take.

This matter must be carried out closely, and must be brought with trustworthy people.

In case of this matter, by the way of the aliens, I am afraid that the aliens will directly seal Lu Ming, or even kill Lu Ming, then all is over.

After deliberation, Wu Tai and Qing Cang began to act, and revealed the matter to some trusted people, when to discuss when to start.

In the end, more than thirty people knew about it.

Of course, if you have to run away, there will not be only these 30 or so people. Each of them can find a reason to invite some people to go together. As long as they don't tell them specific details in advance, Lu Ming will open the ban, and everyone can Fled together.

In the end, they decided to wait for Dole to call them in action.

Because, at that time, Dole had absorbed the fighting spirit and definitely had to practice. At that time, Dole had the lowest vigilance.
