

D Emperor 2431

Chapter 2431: Emperor Spike

Sure enough, half a month later, Dole summoned everyone to compete again, no doubt, Lu Ming was called up again.

Lu Ming did not show the way to dominate, but with the power of the flesh and a part of the power of the world, he fought hundreds of tricks with a one-star Heavenly Emperor.

"Breakthrough!"

Dole's eyes flashed, and he could naturally see that Lu Ming broke through.

However, even if Lu Ming breaks through, it is only the emperor's realm, and he doesn't care much.

In his view, Lu Ming's physical strength is too strong, even if the law breaks through, it will not improve the overall combat strength.

After more than a day, the duel ended and Lu Ming each returned to the stone room.

After returning to the stone room, Lu Ming waited quietly. About a few hours later, Lu Ming opened the stone door and headed towards Qing Cang's stone room.

After coming to Qing Cang Shi Room, he found that Qing Cang Shi Room, besides Qing Cang, had another big man.

This big man, not knowing Lu Ming's plan, was invited by Qing Cang.

Soon, Wu Tai took two people to the stone room of Qing Cang.

"Mr. Wu, Brother Qing Cang, you asked us to come, what is it?"

The two who followed Wu Tai asked.

The two men did not know the specific plan.

"I have something to do with you, just follow us!"

Qing Cangdao said, walk out of the stone room first, Lu Ming and others followed.

Those people were curious, but without asking more, they drove away after landing.

Lu Ming they entered a passage, strolling around at will, and headed towards the periphery of Wanshi prison.

At this moment, many people have started to act. Those who know the plan, either inviting one person, or inviting two or three people, stroll around at will, and greet the landing at the place they agreed.

Several people Lu Ming turned east to west, bypassed several passages, and then came to a relatively large stone chamber.

This stone room is considered to be the outermost stone room. You can walk to the edge of the ban through the passage outside the stone room.

When Lu Ming arrived, several people were waiting here.

As time passed, in the end, more and more people came here.

After a while, there were 133 people.

Of the 133 people, there are a hundred and three others, with chain armor on them, indicating that they all exist in the Emperor Realm.

Only thirty people are under the emperor.

"You guys, you brought us here, what is the so-called thing?"

Someone asked that those who were invited were also very curious.

Qing Cang and others did not answer.

"Everyone is here, let's go!"

Qing Cangdao walked directly.

Those who are invited are more curious.

However, someone who can be invited usually has a good relationship with each other, so they did not ask much and followed Qing Cang with them.

Gradually, they approached the entrance to the tunnel, and even could see the banned light curtain outside through the entrance to the tunnel.

"Do you want to escape?"

Finally someone guessed what Lu Ming was going to do, and his face suddenly changed wildly.

This prohibition can't be broken at all, and all of them above the emperor of heaven, carrying chain armor, are repaired to be sealed, and it is impossible to escape.

In this way, there is only a dead end.

"Do you want to die?"

Someone is anxious.

"Unsure, will we do this, just follow!"

Humane.

Many people's faces are very dignified and changeable.

They didn't expect that Qing Cang, they actually wanted to escape.

Since the endless years, no one has escaped.

"What do you want to do?"

Just then, a roar came from the passageway, and a burly figure appeared.

He is an alien, wearing blood red armor, with a strong breath.

Everyone's face changed wildly.

Normally, this channel is free of aliens.

Because the aliens are assured of their prohibition of a hundred, so the guard is very loose, and here, there is no alien guard.

Today, an alien has actually appeared, and it seems that the cultivation is very advanced, and it is an alien of the Heavenly Emperor Realm.

Unlucky, really bad.

Qing Cang, Wu Tai and others were extremely ugly.

An alien from Heavenly Realm is in trouble.

Qing Cang can see that this is an alien of one star heaven emperor realm.

You know, all the characters above the Heaven Emperor Realm are wearing chain armor. Only the Heaven Emperor is not wearing armor.

They couldn't help this emperor at all. Once the other party made a noise and alarmed Dole, it was all over.

All plans must be squandered.

Many people who know the plan are in a hurry.

How to do?

Uh!

At this moment, a figure burst out, slaying towards the alien emperor.

Lu Ming!

Lu Ming started directly. At this time, there is nothing to hesitate. Only by killing this alien, they can escape. Otherwise, they will all finish playing.

Lu Ming's speed is amazing, and his whole body is filled with purple brilliance. As soon as he shot, he used his full strength and used the way of domination.

In the process of rushing out, the Great Waste Gun appeared in the hands of Lu Ming, and Lu Ming erupted with all his strength.

"this is..."

The pupils of the alien Emperor Tian contracted sharply because Lu Ming felt a fatal threat.

An emperor gave him such a feeling, it was incredible.

But at this time, he had no time to think about it, he roared, burst out all the strength, and formed a lot of defense.

As long as he blocked this move, and then fled from another direction, spreading the matter here, Lu Ming they are finished, and he can also make a contribution.

In the blink of an eye, Lu Ming's attack has been attacked.

The complexion's face suddenly changed.

Because of the defense he laid, Lu Ming couldn't stop the attack.

Wherever Gunman passed, all of his defenses collapsed in an instant.

"No, no, how is it possible..."

The alien emperor shouted.

puff!

A spear pierced through the void, pierced directly through his eyebrow, and pierced through it.

Buzz!

The spear was shocked, the alien emperor was torn apart.

died!

Everyone was stunned and completely stunned.

One Emperor and One Star Emperor, was killed by Lu Ming's move.

God, what is this strength?

Lu Ming is only in the realm of the Great Emperor. He can actually kill a one-star Emperor in a single move. Such fighting power is really terrifying.

In fact, this is also normal.

The power of **** is too strong. Even Lu Ming's world power contains a hint of purple-gold power. Lu Ming called it the power of domination.

Now, Lu Ming doesn't need a physical body, and by the rule of law alone, he feels that he can kill a one-star Emperor.

Just now, combined with physical strength and the power of the Great Waste Gun, it is not surprising to kill a one-star Heaven Emperor in one move.

Uh!

After killing the alien emperor, Lu Ming rushed out of the passage without stopping at all.

Chapter 2432: Race against time

After Lu Ming rushed out of the tunnel, he put away the Great Waste Gun and shot directly towards the banned light curtain.

"What does he want to do?"

Those who did not know the plan were shocked in their hearts and their faces changed wildly.

Lu Ming attacked the banned light curtain like this, it is impossible to break open, and it will also alarm Dole.

But they wanted to stop it, it was too late.

Buzz!

Lu Ming's palm, with purple-gold light, bombarded the banned light curtain, and the banned light curtain was rippled.

Lu Ming used the way of **** to break the ban.

The way to dominate, dominate everything, even this banned light curtain can dominate.

The light curtain was banned, and layers of ripples appeared, Qing Cang et al., with wide eyes, looked nervously.

Although listening to Lu Ming said that he could break the ban, they did not see it with their own eyes, and they were inevitably nervous.

Buzz!

Suddenly, the forbidden light curtain shook, and then a crack appeared on it, and the crack suddenly became larger, forming a huge hole.

opened!

The banned light curtain opened!

Qing Cang and others were ecstatic, his face showing a look of excitement.

And those who were invited and didn't know the plan originally were dumbfounded, and it was hard to believe their eyes.

The forbidden light curtain was actually opened, and it was opened by Lu Ming, a man who did not break into Heavenly Emperor. How could this be possible?

According to legend, the banned light curtain of the cage of all ages was formed by a treasure of alien ancestors. It is sturdy and immortal and cannot be broken at all. Even the Peak Emperor is difficult to break.

But now, it was broken by Lu Ming.

Snapped!

Someone slapped him hard.

"what are you doing?"

Someone asked in surprise.

"Let me see if I'm dreaming. Is it because I want to go out too much before I daydream? It turns out not, hahaha!"

The man laughed.

other people""

"Go, go, or wait for Dole to find that none of them can go!"

Qing Cang roared and ran towards the front.

Others woke up as soon as they dreamed and ran wildly.

"Quick, I won't last long!"

Lu Ming also shouted. He found that to open the banned light curtain, the energy consumed was terrifying. Now, the power of his world is passing by at an alarming rate.

Uh! Uh! ...

Qing Cang, Wu Tai and others quickly rushed out and finally came out of the light curtain.

At this time, Dole, who was shutting down, suddenly opened his eyes, and his face became extremely ugly.

"Damn!"

Through the treasure of the alien ancestor, he instantly discovered Lu Ming and them.

Inwardly, he was extremely shocked.

Lu Ming, can actually open the banned light curtain, which is unprecedented.

"Damn, none of you can leave, die for me!"

Dole burst into roar, manipulating the holy treasure.

Buzz!

At this moment, the round bead above the cage of the world was shaking violently, exuding a terrible atmosphere, and the light curtain was prohibited from shaking madly.

puff!

Lu Ming felt a horrible force coming, his body trembling, heaving blood.

The hole opened by him is healing in madness.

Fortunately, everyone escaped. Lu Ming was shocked with muscles and rushed out. Before the light curtain healed, he rushed out of the light curtain.

"None of you can go away!"

In the cage of the world, Dole's roar was heard, and a terrifying breath erupted out, covering a million miles.

Dole was mad, Peak Emperor was mad, Shi Potian was terrified, so horrible.

At this moment, those who did not flee in the cage of All Forever were shocked one by one.

"what happened?"

"What happened? Dole went crazy!"

"Does anyone want to escape, who is so bold!"

Many people have speculated.

"Everyone shot me, chasing the fugitives, killing no amnesty!"

Dole's voice sounded again, and he chased them to the landing at a very fast speed.

In the cage of all ages, all the aliens were alarmed, and they chased to the landing Ming.

"Someone escaped!"

Those who had not escaped were stunned in shock.

Someone could actually escape.

Roar!

At this moment, outside the light curtain, Qing Cang looked up at the sky and screamed with a roar, shaking the sky.

A bright golden light erupted from Qing Cang, and the endless golden light was hitting the chain armor.

bump! bump! bump!

Chain mail armor, continuous explosion, Qing Cang's breath is getting stronger and stronger.

Qing Cang, one of the top ten war beasts at that time, the existence of the pinnacle heavenly emperor, the combat strength is amazing.

With his own strength, he can break the chain armor.

However, in the light curtain before the ban, even if he broke the armor, he could not get out, and he would be suppressed by Dole controlling the holy ancestor weapon.

But now that he is outside, he has no worries.

"Qing Cang!"

In the distance, there was a loud roar and a burly figure appeared.

It's Dole!

Dole arrived!

Uh!

In Dole's third eye, a burst of destruction light burst out. This destruction light turned into a giant hand, directly passed through the forbidden light curtain, and bombarded them towards the landing.

He went directly to the killer, to kill Lu Ming, Qing Cang them.

Roar!

Qing Cang Changxiao, a force of terror, erupted from the body, directly destroying the chain armor.

The chain armor was destroyed, and Qing Cang's breath was even more terrifying. There was a lot of golden light on his body, and his body changed rapidly, turning into a giant lion.

A giant lion with nine heads and golden body as if carved from gold.

Ten strong war beasts, nine golden lions.

Roar! Roar! Roar!

Nine heads shouted one after another. The entire cage of the world was shaken violently. The space exploded into sparseness in an instant.

The destruction hand that Dole hit was also shaken wildly and was blocked.

At the moment, Wu Tai and others are also madly hitting the chain armor.

However, their strength is not as good as Qing Cang.

And in the distance, a powerful breath rose, and other strong people from other races were coming.

"Brother Wu, let me help you!"

Lu Ming came to Wu Tai's side and exerted his power to help Wu Tai crack the chain armor.

The power of the master can even break the banned light curtain under the cloth of the alien ancestors, and should also be able to break this armor.

Sure enough, after the power of the master poured into the armor, the seal on the armor was quickly destroyed by the power of the master, and in an instant, all the power of the seal was broken.

boom!

Wu Tai broke out, the armor burst, and Wu Tai's body was filled with terror.

"Hahaha, finally out of trouble!"

Wu laughed so much, his breath was like smoke, rising up into the sky and stirring the situation.

Wu Tai, although not as strong as Qing Cang, is also a terrifying existence, and Xiu Wei has reached the Six Star Heavenly Emperor.

It's not too far from the Peak Emperor.

"Damn!"

Dole roared, erupted with full force, and attacked a terrifying attack.

However, Qing Cang didn't fear him at all, and the nine lion heads roared, spurring a beam of light and fighting against Dole.

The two are equal, and the two are inseparable.

Chapter 2433: Get out

At this time, some strong people of other aliens also rushed out of the forbidden light curtain to kill here.

"Brother Lu Ming, you help others, I will block them!"

Wu Taidao, he strode forward and killed those aliens.

Lu Ming rushed to another person to help him crack the chain mail.

With Lu Ming's help, the man also broke through the armor with a few strokes, and his body was filled with terror.

This is also a strong man who is not weaker than Wu Tai, a six-star heavenly emperor from the town of prison.

This time, among the people they fled, belong to this person, and Wu Tai, Qing Cang is the strongest.

"Brother Lu Ming, thank you!"

The man clenched his fists, and then rushed to Wu Tai, and Wu Tai fought against the strong foreign race.

There are not many strong aliens guarding the cages of all ages.

There are only eighteen Emperor Realms.

Because, there are alien ancestral weapons, and Dole, the pinnacle of the heavenly emperor, is enough.

Eighteen Heavenly Emperors, one killed by Lu Ming before, and another seventeen.

Among them, there is only one of the Six Star Heavenly Emperors. At this time, the two Six Star Heavenly Emperors shot.

Many people took a breath.

Safe, at least, now their power has no fear of aliens.

Lu Ming continues to help others crack the armor.

There are more and more masters on their side, more and more people join the battle group, the other side is completely invincible, and several consecutive Emperors have been killed, and the remaining interracial Emperor, who dare not fight at all, retreated to Banned inside the light curtain.

"Damn!"

Dole roared again and again, his face looking ugly to death.

He can only fight against Qing Cang, and he can't freely deal with others.

This is outside the banned light curtain, and he cannot control the power of the ban to deal with them.

"That kid, that kid, Lu Ming..."

Dole roared in his heart and glanced at Lu Ming, full of fierce murderous opportunities.

All of this is Lu Ming. Without Lu Ming, Qing Cang could not escape.

He wished that Lu Ming would be upset.

Now, he regretted not knowing that, so he should bring Lu Ming with chain armor.

"Dole, I will meet you when I come!"

Wu Taichang Xiao, killed towards Dole.

Another six-star heavenly emperor, and two five-star heavenly emperors, also killed Dole.

And Lu Ming, continue to help others crack the armor.

Qing Cang's combat strength was not weaker than Dole. At this time, with the addition of four other masters, Dole suddenly fell.

Roar! Roar! ...

Qing Cang's body, as big as a mountain, covered with golden light, was extremely powerful. In nine heads, he attacked nine different magical powers.

However, Wu Tai few people practiced the ancient system, and the power of attack was extremely powerful. Between the waves, there was a terrifying sword light, and the swords burst out, and they could break the sky.

Dole lost his opponent for a while and was forced to retreat again and again.

Qing Cang seized the opportunity, rushed over, grabbed it with a claw, and caught a deep wound on Dole.

Dole looked pale and receded quickly.

"kill!"

Qing Cang shouted, did not want to let Dole off, and launched a fierce attack.

Wu Tai and others also tried their best.

"hateful!"

Finally, Dole let out an angry roar, turned around, and rushed into the banned light curtain.

No way, without the prohibition of the light curtain to help, the masters who are guarded by the aliens in the cage of the world are not their opponents.

"Go, let's leave!"

Qing Cang shouted, turned around and left, a powerful force curled around others, turned into a golden light, flew towards the distance, and disappeared here in an instant.

"Come on, report the news, send people along the way to attack Qing Cang and others, be sure to take them down!"

Dole yelled and gave the order.

All of a sudden, he escaped more than a hundred Emperors, as well as a peak Emperor like Qing Cang. If he could not catch them, he would definitely be punished.

Immediately, they spread the news to the ten royal families.

And Lu Ming, they are also hurrying.

Next, their destination is the prison world.

This is what they planned long ago.

Nuo Da's Evil God Realm, and only the Prison Realm, can let them contain it.

Otherwise, even if they escape, they will be surrounded by aliens, and sooner or later they will be caught or killed.

It is only safe to escape into the prison world.

Now, they must seize the time and get to the prison prison as quickly as possible.

To be sure, next, the aliens will definitely send strong men to suppress them.

However, what is beneficial to them is that Ten Thousand Cages are not far from the prison world.

Qing Cang, Wu Tai and others, wrapped in other people with strength, and hurried on their way.

Lu Ming continued to help the remaining people get rid of the armor.

Only more people can restore their fighting power, and even if they meet the encirclement and suppression of other races, they will be able to fight.

They specially picked some barren hills to fly unmanned.

Soon after, everyone's chain mail armor was cracked by Lu Ming, and everyone recovered their fighting power.

Over a hundred emperors, this is an extremely terrifying force.

They speed up and travel through space.

On the way, no obstacles were encountered.

More than a hundred Emperors of Heaven are so horrible. Even if the alien received the news and temporarily mobilized such strong men, they couldn't keep up with Lu Ming.

If you want to send someone to snipe, you can only send Lu Ming masters in front of them, but Lu Ming in front of them, for a time, where can gather so many masters.

Even if some masters discovered Lu Ming, they dare not stop them.

Therefore, Lu Ming and them, all the way, unblocked, half a day later, almost to the prison prison.

...

The Prison Realm is not a world outside of Independence and Evil God Realm. He is just a part of the Evil God Realm. A vast area is shrouded in layers of black mist.

In the dark mist, it is the prison world.

There are a large number of interracial troops stationed in the four sides of the prison area, and the two sides have been fighting for endless years.

Interracial here, invested a lot of masters.

Because the strength of the prison prison world is also very strong, it will often send people to attack the aliens, and the strength of the dispatch of the aliens is not strong.

Outside the town and prison, to the east, the mountains are vast.

A group of people shone in the mountains. This group of people, about a hundred or so, are all human races.

They are the human races from the prison world. Among them, there are six emperors, and the others are all emperors.

This time they came out, they attacked the aliens and hunted the aliens.

Such a thing, for countless years, I don't know how many times it has happened.

They are convergent and cautious.

Because they hunt for aliens, they may also be killed by aliens.

Through the vast mountains, a military camp appeared in front.

Here, an army of aliens is stationed.

Their goal today is to destroy this army.

"kill!"

Headed by a burly big man with the cultivation practice of Samsung Emperor, he is the leader of this group of people.

Chapter 2434: Scared to death

Uh! Uh! Uh!

They turned into a stream of light, rushed out and killed the barracks.

Suddenly, one attack after another, leaning out mercilessly, a large number of aliens were killed.

"Enemies!"

The roar went through the barracks.

Throughout the barracks, a figure flew out.

This is an army of tens of thousands of people, and the worst is the Emperor Emperor Realm.

The strongest general is also a strong man in the Heavenly Realm.

There are two emperors in this army.

"Kill them!"

As soon as the two Heavenly Emperors appeared, the human clan leaders of the prison prison world stared at them and killed each other.

"No good, retreat!"

The alien Emperor Tian, who found out of the prison realm, had six of the Emperor Realm Realms.

All the aliens rose into the sky and receded towards the rear. At the same time, there was a brilliant brilliance that rose into the sky and did not enter the depths of the sky.

This is a signal to summon other aliens to come to the rescue.

"kill!"

The human race in the prison world launched a crazy killing.

They are all elites, a total of six heavenly emperors, and others are great emperors.

All the aliens were beheaded, and in a short time, they chased 100,000 miles and killed thousands of aliens.

However, after chasing here, they dare not chase any more, and if other alien strongmen come to rescue, they are in danger.

"Retreat!"

The commander of the prison sector gave orders and more than 100 people quickly retreated.

However, they didn't go back far, their faces changed.

Because of the rear, there were dense figures, all of them alien.

At least there are tens of thousands of aliens, some of them led by aliens, terrified breath.

There are ten emperors.

Behind the scene, there are ten alien emperors, the human race in the prison world, and his face is ugly.

"No, we ambushed among us, rush forward!"

Shouted the commander of the prison world.

However, his words just fell, and the aliens who had just fled in front of him went back and forth, and the number was even greater.

Moreover, the number of headed emperors has changed from two to six.

Moreover, one of the aliens has a terrifying breath far above the other emperors.

Peerless strongman among aliens, this is a four-star emperor.

"Oh, you want to attack us, don't think we don't know, just wait for your suit!"

An alien emperor sneered.

Everyone in the prison world showed a look of despair.

Obviously, aliens set traps and wait for them. Once they start, they will fall into the siege of each other.

There are six alien emperors in front, one of them is the four-star emperor.

Behind, there are ten alien emperors.

And they have only six Heavenly Emperors. The difference in strength is too great to be an opponent at all. Today, they may not be able to leave one.

"Kill, fight with them!"

"Yes, fight with them, kill one enough book, kill two and earn!"

The people in the prison world are all red, revealing the color of decay.

Since you can't go away today, let's fight hard.

Even if it is dead, you have to let the other person lose a piece of meat.

"Do it!"

The peerless strongman of the alien race gave orders.

"kill!"

The people in the prison world also shouted and rushed towards the aliens.

The two sides collided fiercely.

Suddenly, the screams were undulating with each other. There were interracial and human races.

However, although the humans in the prison world are elite, there are too many aliens, and there are more masters than them. Once they fight, they are completely in the disadvantage, and some people are being killed.

"Kill, kill!"

A great man holding a war sword, with the cultivation of the pinnacle emperor, cut out and killed a foreign emperor, but then he was cut in two by an alien emperor and an axe, and fell here.

Tragic, extremely cruel!

More than a hundred people in the prison world were half killed soon after.

If this continues, the whole army will be wiped out sooner or later.

Rumble!

At this moment, a violent roar came from the distance.

It was that the void was constantly bursting, and the roaring sound was getting stronger and stronger, approaching here very fast.

Even the people who fought on both sides stopped in unison and looked over there.

boom!

The void burst, and there was suddenly more than a hundred people in the void not far away.

"This... so many masters!"

Feeling the breath of more than one hundred people, those aliens were almost scared to death.

That breath was terrifying, more than a hundred breaths gathered together, and some weak aliens were directly crushed.

"Brother Wu, it's Brother Wu!"

The leader of the prison world shouted in excitement.

These more than one hundred people are naturally Lu Ming.

After they approached the prison prison, they found that there was a war in the distance. The war here must be the prison prison and aliens. They naturally rushed over immediately.

"Wu Lu, it's you!"

Wu Tai's eyes looked at the commander, and then he looked at the scene. When he saw the dead body of the human race in the prison world, Wu Tai's eyes were red.

"Miscellaneous interracial, dead, all to die!"

Wu Tai roared.

"Kill them all!"

Others also yelled, suddenly started, and launched a fierce attack on the aliens.

More than one hundred Emperors shot, plus thirty emperors, they were too strong, and the aliens were no match.

In a flash, thousands of aliens were killed.

"Go, go!"

The remaining aliens yelled in horror. Where did they dare to resist, and fled in horror.

More than a hundred emperors, how to fight this.

"Don't even want to go one, kill!"

"kill!"

Large groups of aliens were killed and the body fell to the ground.

Even the alien Heavenly Emperor was instantaneously exploded.

Lu Ming among them, there are also a few of them who are above the four-star Heavenly Emperor.

"Kill, haha, kill!"

The remaining fifty people in the prison area, shouted ecstatically.

Originally, they thought that this time they were dead. Unexpectedly, a group of masters were suddenly killed halfway, and the number of strong men was scary, completely crushing the aliens.

They launched a counterattack.

"Run, run!..."

The alien emperors were frightened and fled with all their heart.

However, surrounded by so many emperors, how could they escape.

"Die to me!"

Wu Tai resisted the four-star Heavenly Emperor of the alien race and killed him.

"Six Star Heavenly Emperor!"

The other side is desperate and doesn't understand why so many powerful people suddenly appear.

He desperately fought back, but the difference between the four-star heavenly emperor and the six-star heavenly emperor was too great.

One stroke, he was hit hard by Wu Tai, and the second stroke was directly killed.

Qing Cang didn't shoot because it was unnecessary.

Lu Ming didn't shoot either.

Before, when opening the banned light curtain, he was very expensive, especially after Dole was discovered to manipulate the banned light curtain, he was injured.

Plus, along the way, to break the armor for others, now he needs to recover.

Lu Ming took out a large number of the best original stones, engulfed the original gas of the original stones, and recovered.

This is a one-sided battle. There is no suspense. A large number of aliens are harvested and beheaded.

Chapter 2435: Another piece of prison monument

Soon after, the aliens at the scene were beheaded.

Tens of thousands of different races, a total of sixteen emperors, all destroyed!

"Brother Wu, how did you escape? I heard that you were imprisoned in an alien cage..."

Wu Lufei came over and looked at Wu Tai, excited.

Before she was caught, Wu Tai had a good relationship with Wu Lu. At this time, she was naturally happy to meet.

"It's a long story, thanks to Brother Lu Ming, let me introduce you!"

Wu Taizhi called Landing Ming and Qing Cang and introduced them to Wu Lu and others.

"Nine-headed golden lion!"

When Wu Lu and others knew Qing Cang's identity, he was unavoidably surprised.

"Okay, first clean up and go back to the prison area to talk!"

Wu Taidao.

Then, the people took away the storage bracelets left by the aliens and various weapons, and then flew towards the prison world.

The prison world is like a black diffused light mask, which is upside down on the earth of Evil God Realm, forming a world with a vast territory.

They quickly approached the town prison boundary, Lu Ming found that a mask in front of them blocked the way.

The reason why the Zhenru Realm can resist the attack of the aliens depends on this mask, covering all directions, and the aliens cannot attack this mask at all.

Here, Lu Ming moved slightly.

Because, he felt the blood veins of the prison monument in his body, constantly buzzing, exuding a glowing glow.

As if excited.

Buzz!

In front, the mask trembles.

"what happened?"

Wu Tai, Wu Lu and others were shocked.

The mask of the Zhenru Realm is immortal. Even if the Peak Emperor bombards, there will be no slight vibration, but why did it suddenly shake a moment ago.

People in the prison world looked at each other with anxiety in their eyes.

Lu Ming was also shocked.

"The prison prison world, is it really related to the prison monument? Otherwise, how could the prison monument appear abnormal!"

Lu Ming turned his thoughts.

He felt that the jail monument seemed to have a feeling of flying away, Lu Ming quickly suppressed and manipulated the jail monument, so that the jail monument was hidden in his body.

The prison monument is the key to suppressing the third bloodline. If the prison monument is flying away, God knows what will happen.

At least, for the time being, the Zhenlu monument could not be allowed to fly away. The third bloodline gave Lu Ming the feeling of a time bomb.

Wu Lu heard the news. Soon after, the mask automatically opened a portal, and Lu Ming and they walked into the mask.

Walking into the reticle, Lu Ming felt that the movement of the prison monument in his body was stronger.

When they all walked into the mask, the mask was closed again.

"Wu Lu, are you okay!"

Immediately, someone greeted him.

Lu Ming glanced away, there were many people, all of them were human races.

"Elder Liu, look, who is back!"

Wu Lu walked forward with a laugh, and greeted an old man with white hair.

The old man glanced at Lu Ming and others, revealing ecstasy.

"Wu Tai, Wang Qi, you are all!"

The old man saw Wu Tai and exclaimed in surprise.

This time, most of those who escaped were people from the prison world. There were not many people from the heaven world. The people of the town prison world were ecstatic when they saw Wu Tai coming back.

"Elder Liu!"

Wu Tai and others greeted him.

"You are all back, well!"

Elder Liu smiled broadly, as did everyone else.

So many people are back, and they are all powerful in the Heavenly Realm. The strength of the prison world can be enhanced.

"I heard that you were locked in a cage of all ages. Since that time, no one has escaped. How did you come out?"

Someone asked.

Others also curiously looked at Wu Tai and them.

"Thanks to Brother Lu Ming..."

Wu Taixian introduced Lu Ming to them, and then briefly said how they escaped.

After listening to it, Elder Liu naturally secretly wondered.

At a young age, Lu Ming was able to break the ban of the Ten Thousand Cages and even kill the Heavenly Emperor. They were shocked.

"Just come back, leave. I will inform the Presbyterian Church and give you a celebration!"

Elder Liu said, and then spread the news.

Then, they flew inside the town prison.

The range of the prison world is very broad, no different from a world.

They flew over large mountains and rivers. Suddenly, Lu Ming's pupils contracted sharply and were shocked.

Because, after flying for a while, a stone tablet appeared in front of them.

This stone monument is incomparably huge, standing on the ground, standing on top of the earth, I do not know how many meters high.

It exudes endless brilliance, with a beam of light rushing out of the monument and breaking through the sky.

There are three big characters on the stele: the jail stele!

There is a prison monument here!

And it seems that it is not virtual, but entity!

There are two or more prison monuments?

At this moment, Lu Ming turned his thoughts.

Buzz!

At this time, within Lu Ming's body, the jail monument shook even more violently, especially the three characters "Jun prison monument", which were shining brightly.

Buzz!

Ahead of that, the huge 'monitoring monument' also suddenly shook, and a terrifying wave permeated between heaven and earth.

"what happened?"

All the people in the prison world changed their faces.

The jail monument suddenly shook, which was very rare.

However, things are not over yet. The prison monument standing between the world and the earth is shaking more and more and buzzing constantly.

boom! boom! ...

Not only that, but in other directions, violent roar came, and the whole world was shaking.

"All the prison monuments are shaking, how is it possible?"

Elder Liu exclaimed in silence.

The prison monument is the root of the prison world.

The prison prison world is because there is a prison monument. The prison prison monument produces that kind of mask to isolate the outside world, so the aliens can not enter.

If there is no such mask, the aliens gather all the armies, the prison prison world is definitely not an opponent, and will be destroyed.

There has never been such a violent shaking in the prison monument. What happened?

This matter, Lu Ming's body prison monument, also madly shaking, more and more violent, in the end, Lu Ming could not suppress.

Buzz!

Lu Ming's body radiated a bright light, and then the jailstone emerged from his body, and then quickly grew into a huge monument, which resonated and echoed with the jailstone in front. .

"This...this is the main monument to the prison!"

Elder Liu, Wu Tai, Wu Lu and others saw the Ming prison monument on Lu Ming's body and shouted inconceivably.

"The main monument of the prison!"

Lu Ming's heart moved, and his thoughts changed sharply. At this moment, he thought a lot.

Uh! Uh! ...

At this time, a rainbow of light flew in the distance. In each rainbow, there was a strong man, an old man, a middle-aged man, a man and a woman, all with a strong breath, all of them are heaven and earth.

"The main monument of the prison!"

When they saw the town prison monument above Lu Ming's head, they exclaimed one by one.

Chapter 2436: The origin of the prison monument

In the prison world, a group of powerful beings looked at Landing in shock.

They felt the change here and came over to check it very quickly. I didn't expect to see such a scene.

"No, not only the main prison monument, but also the soul of the main prison monument, ha ha ha, really blessed by the ancestors!"

"The main monument of the prison and the soul of the main monument return, and the nine monuments will gather together from now on!"

The masters in the prison world, like crazy, laughed.

But at this time, Lu Ming's body has undergone a change.

The third bloodline screamed, and the blood sea was filled with infinite blood, and Lu Ming was covered with a layer of blood gas, as if to swallow Lu Ming.

Buzz!

Above Lu Ming's head, the jail monument shook, emitting infinite light, and a powerful force of repression was suppressed on the third bloodline.

Rumble!

The third bloodline shook wildly, bursting out amazing power to fight against the prison monument.

The jail monument hummed continuously, then shrank back, flew back to Lu Ming's body, suspended above the third blood vein, and suppressed toward the third blood vein.

The third bloodline was finally suppressed by the powerful force of repression, and slowly flew back to Lu Ming's spine and hid.

Lu Ming took the opportunity to control the blood veins of the jail monument, so that the blood veins of the jail monument also flew back to the spine.

The huge jail monument in front of it also quieted down and everything returned to normal.

Everyone's eyes fell on Lu Ming.

"This little brother, how did you get the main prison monument and the soul of the main prison monument?"

Elder Liu looked at Lu Ming, full of fiery light.

"The main prison monument? Is there a lot of prison monument?"

Lu Ming did not answer, but asked.

"There are nine prison monuments, one main monument, and eight auxiliary monuments, which are the mortal treasures of my ancestors in the prison world. However, in the ancient war, the main monument of the prison was shattered and the soul of the main monument disappeared. The two fragments of the main stele disappeared, and now there are only eight deputy steles and one piece of main stele remaining in the prison prison community, which together form a large prison prison formation and guard the town prison community!"

Elder Liu explained patiently.

"It turns out so!"

Lu Ming nodded.

He didn't expect that there were nine prison monuments, one main monument and eight auxiliary monuments.

The main stele was shattered, and the two fragments that Lu Ming obtained were the fragments of the main stele.

No wonder Lu Ming moved here as soon as Lu Ming came here.

"Little brother, how did you get it, even the soul of the main stele, we thought that the soul of the main stele had disappeared!"

Elder Liu then asked.

"Senior, you said that the soul of the main stele was automatically awakened from my body when I was practicing, it is my bloodline!"

"As for the two pieces, I got them by chance!"

Lu Ming explained.

"The blood awakened from the body?"

Elder Liu and others were stunned and surprised.

"According to the old man's opinion, the soul of the prison master's stele did not dissipate, but took the opportunity to rebirth from the body of this little brother!"

In the prison world, another white-haired old man spoke.

This man is also an elder in the prison world, and his cultivation is unfathomable!

"Yeah, haha, the ancestor really blessed me!"

Others in the prison world, all smiled.

"Little brother, please come with us!"

Elder Liu's face showed a gentle smile, and then flew deep into the prison area.

Others in the prison world also flew with them.

Lu Ming, Qing Cang and others are also together.

Large swaths of mountains and lakes passed under their feet. I didn't know how much distance they had flown. They had reached the depths of the prison boundary.

In front, a towering mountain appeared in front of me.

There is also a stone tablet on top of the mountain.

However, this stone tablet is just a fragment, only one piece, standing on top of the mountain.

Like the previous prison monument, this remnant of the monument also rushed into a black light and rushed into the sky.

"This is another fragment of the main prison monument, combined with the two fragments in the body of the little brother, is the complete prison monument!"

An elder in the prison world smiled softly.

Lu Ming's eyes also glowed.

He walked along the way and never gave up looking for other fragments of the prison monument, but after so many years of searching, there was no clue. Unexpectedly, the last fragment was originally here.

Lu Ming felt that the jail monument in his body kept shaking, as if he was about to break away.

"Brother Lu Ming, we have a heartless request!"

Elder Liu looked at Lu Ming.

Lu Ming thought, "Senior, please?"

"The Nine Monuments of the Prison Prison is the lifeblood of the ancestors of the Prison Prison World. In the ancient war, the war between the ancestors and the enemy has fallen, leaving only the monument of the prison, and guarding our line, but the nine monuments of the prison are not complete after all, It is difficult to exert the most power!"

"The old man represents the prison prison world and wants to ask Brother Lu Ming to return the prison monument to my veins and let the nine monuments become one. In this way, the nine monuments of the prison can play the greatest effect!"

Elder Liu said.

"Sure enough!"

Lu Ming's eyes flashed.

When Elder Liu said that there was a ruthless request, he guessed that the other party would make this request.

Others in the prison world also hoped to see Lu Ming.

Lu Ming smiled bitterly and said, "Senior, this condition, please forgive the juniors for not being able to agree!"

"Can't promise?"

Elder Liu's face changed slightly, and said, "Brother Lu Ming, you rescued Mrs. Wu and them. It stands to reason that we cannot make such a request to you, but the main prison monument is too important for us. Please return it. I will be compensated for my imprisonment. What conditions does the little brother have?"

"Senior, I don't mean this, it is really difficult to return!"

Lu Ming shook his head.

Elder Liu's face is a little difficult to look at, and so are the others in the prison world.

"Your kid, I don't know any good. Elder Liu said that he will compensate you. Moreover, the prison monument is originally from my vein of prison, you have to pay it if you don't pay it!"

In the crowd, a big man shouted.

"What did you say? Shut up!"

Wu Tai cold drinking, glanced coldly at this person.

Lu Ming is the life-saving benefactor of Wu Tai. This person threatens Lu Ming in this way, and he is naturally upset.

"Why? You can't rob the prison world?"

Qing Cang also spoke indifferently, exhaling a strong breath, which was shocking.

"Don't get me wrong!"

Elder Liu smiled bitterly, then looked at the big man who had just spoken and said, "Brother Lu Ming is a distinguished guest from my prison line, pay attention to your words!"

"Yes, elder!"

The big man's face was pale, and he nodded again and again, not daring to talk.

However, most people in the prison world still eagerly watch Landing Ming. Obviously, the prison monument is indeed very important to them.

"Senior, it's not that I am stingy and unwilling to return the prison monument, but I have a bitter feeling!"

Lu Ming sighed.

Chapter 2437: The origin of the third bloodline

"Bitterness? The little brother has any hardships. I might as well say it. I'm going to prison and I will do my best to help!"

Elder Liu said.

Lu Ming pondered for a while, and said, "Seniors, do you know the sacred ancestor?"

"What? Sacred Ancestor!"

Elder Liu exclaimed with a cry of cold murder in his eyes.

"When I'm in prison, how can I know **** the Holy Ancestor!"

Others in the prison world also showed cold killing opportunities one by one, as if there was a common hatred.

"Little brother, is this matter related to the murderous ancestor?"

Elder Liu asked.

"In my body, in addition to awakening the blood vessels of the prison monument, I also awakened another kind of blood veins, which may be related to the killing heart ancestor!"

After speaking, Lu Ming's heart moved, and the third bloodline flew out, exuding a cold murderous opportunity.

boom! boom! boom! ...

At this moment, everyone in the prison world burst into a terrifying atmosphere, rising like a smoke.

"What an amazing strength!"

Lu Ming was shocked.

Among these people in the prison world, there are too many masters, and Lu Ming even felt a few breaths that were not weaker than Qing Cang.

Breath of the Peak Heaven Emperor Realm!

It's really terrible, this may only be part of the strength of the prison world.

It's no wonder that the Zhenru Realm has been entangled with the aliens for so many years, which has dragged down some of the aliens' military strength, and its own strength is really amazing.

"Sacred Ancestor!"

"It's really the Sacred Ancestor of the Heart, the Sacred Ancestor of the Heart is not dead!"

The people in the prison world kept exclaiming, and the cold killing opportunity made no secret.

With a move in Lu Ming's heart, the third bloodline flew back into Lu Ming's body.

Elder Liu was deeply shocked and took a long breath before calming down.

"I see, I finally understand why the soul of the prison master stele awakened in you!"

Elder Liu suddenly realized.

"Senior, Sacred Ancestor, who is it?"

Lu Ming asked.

"Sacred Heart Ancestor, is a terrifying powerhouse, a supreme powerhouse that kills the world!"

Liu Changlai opened his mouth, seemingly caught in memory, his eyes flashed with horror.

"In ancient times, a terrifying war broke out, and aliens attacked the heavens, and my ancestors who were in prison were also human races, and naturally opposed, that time, the terrifying war broke out!"

"Legend, there are only a few strong men in the world, divided into two camps, fighting against each other, my ancestors in prison are standing in the heaven, standing on the side of the human race, and the holy ancestors are standing On the other side!"

"In ancient times, the ancestors and the sacred heart ancestors battled. In that battle, the battle was broken, and even the main monument of the prison was cracked. Finally, the ancestors and the sage heart slayed together!"

"Now it seems that the Sacred Patriarch of the Heart has not completely disappeared, but it still leaves a trace of blood and was reborn in your body, hoping to wake up again, but the ancestor apparently also left a hand, so that the soul of the prison master monument is in you. Rebirth in the body to suppress the blood of the sacred ancestor!"

Elder Liu explained.

"Yes, that should be it!"

Others in the prison world also nodded.

"It turns out so, it turns out so!"

Lu Ming suddenly realized.

He has always felt very mysterious about his two bloodlines, and I do not know where it came from. Now, I finally understand it.

This is a game between two supreme powerhouses spanning hundreds of millions of years, but just changed a battlefield and replaced it with him.

A layer of cold sweat oozed from behind Lu Ming, so to speak, he was really in danger all the time. Without the suppression of the prison monument, I am afraid he would have been swallowed by the third bloodline.

At the same time, Lu Ming also thought of a problem.

When he broke through the Emperor Wu, he needed to blend a bloodline with his body and turn it into a spiritual body. Fortunately, he chose the Jiulong bloodline. If he chose the jailstone or the third bloodline, he might not succeed at all.

"Seniors, therefore, I am having difficulty returning the jail monument. If I return the jail monument, I am afraid that the Sacred Ancestor will be resurrected!"

Lu Ming smiled bitterly.

"Hey!"

Elder Liu sighed and said, "Since this is the case, don't return it. You must not regenerate the Sacred Ancestor of the Heart, otherwise, the alien Patriarch and the Sacred Heart of the Sacred Heart will join forces. !"

Others in the prison world also nodded.

Priority, they still know.

Anyway, now, the large prison formation formed by the jail monument can still resist the offense's attack.

"However, it is also a big disaster to keep the bloodline of the Sacred Ancestor of the Heart, and you should find a way to completely destroy it, it is the kingly way!"

Elder Liu said.

"Seniors have a way?"

Lu Ming's eyes lit up.

Although he can use the power of the third bloodline, he can greatly increase his strength, and he can turn over at a critical moment.

But that was a time bomb. If it could be removed, Lu Ming would rather not have that kind of force.

"Sacred Ancestor of the Heart, that is the supreme strongman who surpassed the Heavenly Emperor. In ancient times, such a strongman, known as the Ancestral Emperor, completely entered another level of existence. It is too strong to be a Heavenly Emperor at all. The realm can count on it, even if it is just a trace of blood, I am afraid that it cannot be destroyed by the people of the Heavenly Emperor Realm!"

"It is only possible to let the existence of the same level as the sacred ancestor of the killing heart!"

Elder Liu said.

"Existence of the same rank as the Sacred Ancestor?"

Lu Ming smiled wryly, where to find such an existence?

"Predecessor Zulong of Heaven Realm is a supreme strongman. If you can return to Heaven Realm, there is a way!"

At this moment, Qing Cang spoke.

"Zulong?"

Lu Ming's eyes moved.

"Everyone, you still live first, and think of a solution later!"

Elder Liu smiled.

Immediately, the crowd left here and came to an ancient city deep in the town and prison, and Elder Liu arranged a place for them.

Lu Ming stayed here and practiced with peace of mind.

...

There are ten royal families of Evil God Clan, which are the races of Evil God Clan that are closest to the alien ancestors, and each of them is high and dominates one side.

However, there are also high and low strength among the ten royal families.

Among them, the most powerful royal family is called the first royal family.

For example, the first prince ranked first on the Wanshou list is the prince of the first royal family.

The main hall of the royal palace of the first royal family is discussing matters.

At the top of the hall is the king of the first royal family.

On both sides of the hall, sitting, are the kings of the other nine royal families.

The kings of the ten royal families gathered together.

"You, Lu Ming, have escaped into the prison world, what should I do now?"

An alien king spoke.

"Well, that Dole is really a waste, let him guard the cage of all ages, and actually escaped, I wish I could kill him with a slap!"

Another alien king coldly drinks.

"Now is not the time to blame anyone, but how to solve it. That Lu Ming, who has the bloodline of the Sacred Patriarch of the Heart, must be won, and the Patriarch of the Sacred Heart must be awakened. This is related to my clan plan!"

At the highest point, the king of the first royal family spoke.

Chapter 2438: Alien Patriarch Awakens

The audience calmed down, frowning and thinking about countermeasures.

"The prison prison world is guarded by a large prison guard. That is the treasure left by the ancestors of the prison prison. With our power, it is difficult to break through!"

A strange king sighed.

The other alien kings also nodded. If they could break apart, they would have broken apart all these years, so why wait until today.

In the hall, he fell into silence again.

"The sacred ancestor is a matter of great importance. It must not be sloppy. I decided to invite the sage!"

After a while, the king of the first royal family spoke.

"Please Holy Father!"

The other alien kings were shocked.

The ancestors of different races were seriously injured during the World War I. They have been sleeping and healing. If there is no 100,000 urgent things, they will not alarm the ancestor.

But now, I have to do it.

Because, killing the ancestors is too much.

Since ancient times, this world has been unable to give birth to the supreme powerhouse.

There are so many of them, and each one can determine the direction of the battle.

Once the Sacred Ancestor of the Heart is resurrected and reborn, he returns to the top, then it is easy to destroy the prison world and the heaven.

This matter is worthy of alarming the alien ancestor.

"Okay, I agree!"

A noble royal family nodded.

"I agree!"

"I agree!"

...

Other alien kings also nodded their heads and finally reached agreement.

Immediately, they set off.

Alien, holy mountain, emptiness trembling, ten king figures appeared in the air.

As soon as the ten kings appeared, they were discovered.

"God, what did I see? Ten kings come together?"

"Ten kings come to the holy mountain, what is this for?"

Many interracial shocked the discussion.

The ten kings stepped out and walked directly towards the top of the mountain.

The ten kings do not need to climb step by step like other aliens, they have the right to go directly to the top of the mountain.

Many interracial people were alarmed and broke through, paying attention to the development of things.

Ten kings came together and set foot on the top of the sacred mountain at the same time, this is definitely a major event.

There is a cave at the top of the holy mountain, and there is a stone door at the entrance of the cave, tightly closed.

Here, is the sleeping place of alien ancestors.

On the stone door, densely runes were carved.

The ten kings, with deep piety and awe in their eyes, then knelt down at the same time and bowed down.

As they bowed down, they glowed at the same time, turned into ten beams of light, and shot on the stone gate.

In an instant, the Shimen radiated a dazzling light, illuminating the entire holy mountain.

Click!

Suddenly, the stone door made a noise, and then slowly opened, after the stone door, a breath filled.

This breath is unspeakable, majestic and heavy, detached from everything, suppressing everything, powerful and unimaginable.

Under this breath, even Heavenly Path became extremely docile.

This is the breath of the supreme powerhouse!

"The Holy Father wakes up!"

The entire holy mountain, the hearts of countless aliens, were mad, and then showed a pious color, no matter how high or low the cultivation was, they bowed down respectfully.

Endless years, the holy ancestor finally awakened, so countless interracial, excited.

"Welcome to the Holy Father!"

On the top of the holy mountain, the salute of the ten alien kings respectfully.

"Why do you wake me up?"

A majestic and vicissuous voice spread throughout the holy mountain.

Let many aliens tremble with excitement.

They did not expect that it would be so lucky to hear the voice of the Holy Father during their lifetime.

"Holy ancestor, the blood of the sacred ancestor of the heart, awakened in a young human race!

The king of the first royal family answered respectfully.

"Heart killing? It seems that his plan succeeded, where is he now?"

The majestic voice sounded again.

"Holy Ancestor, something has happened unexpectedly. In the young man's body, in addition to the blood of the holy Ancestor of the Heart, there is also a prison monument!"

"Moreover, the young man has now fled into the prison prison world, and the prison prison world is just a piece of territory formed by the prison ancestors leaving the town prison monument!"

The king of the first royal family reported truthfully.

"It turned out to be the old guy in the prison, which is really a good plan. I understand that after three months, I will go to the prison prison world in person. Before that, you will gather as many strong men as possible in the prison prison world. In addition, lay a large array of ten seals, this is the position, you hold!"

A majestic voice sounded, and a stream of light flew from the cave.

The king of the first royal family stretched out his hand, and it turned out to be an array, covered with strange patterns.

"Thank you Holy Father!"

Ten alien kings rejoiced, saluted respectfully, and then retreated.

The gate of the cave was closed again.

That terrifying breath, disappeared without a trace.

"As long as the emperor is above, all go out, follow us to the prison prison!"

Ten royal families stood high in the sky, and the voice of the king of the first royal family spread throughout the holy mountain.

"Yes!"

"Leadership!"

On the holy mountain, countless voices sounded, and then, a figure flew from all over the holy mountain. The number was staggering.

In the sky, all the black ones are all figures above the emperor.

"You go to wait outside the prison area, I will wait to lead the army, and then I will arrive!"

The king of the first royal family ordered.

"Yes!"

Countless strong men took orders, and then turned into a piece of black pressure, flying towards the prison realm.

The kings of the ten royal families returned to their respective royal cities. Soon after, the royal cities of the ten royal families also flew a large number of strongmen to the town of prison.

For a time, countless alien strongmen gathered outside the prison area.

The prison world was naturally alarmed, and an emergency meeting was held.

"The aliens are committing a lot of crimes, and have dispatched countless strong men!"

"Looking at the formation, the top ten aristocrats of the alien race moved together. It seems that it was to kill the blood of the Holy Patriarch!"

"Never give them the blood of the Sacred Ancestor of the Heart of Death!"

"Yes, we have large guards in prison, they can't break!"

The senior officials in the prison sector negotiated and unanimously decided to resist to the end.

Lips die cold, they naturally understand this truth.

Once the bloodline of the Sacred Ancestor of the Heart is handed over, when the Sacred Ancestor of the Heart is restored, the first thing to be destroyed is the prison realm.

In the prison world, countless masters also moved, ready to fight.

However, the aliens did not attack, but were outside and began to arrange a large formation.

This makes the people in the prison world very puzzled. Is the other party going to attack in a large array?

But now, they can only wait.

"Are you coming?"

Lu Ming whispered, and also came to the periphery of the prison area to observe the situation.

Time rushed, blinking, and three months passed by.

On this day, there was a terrible breath of horror outside the prison.

This breath, indescribable, was too horrible. As soon as it appeared, heaven and earth were quiet, as if the laws of heaven and earth, heaven and earth avenues, and heaven and earth, all stopped functioning.

Only that breath is supreme!

Even through the large array of prisons, it can be clearly felt.

Chapter 2439: Crisis, the ancestor killed

"This breath..."

Lu Ming trembles in his heart, his pupils contract sharply.

He had felt this breath.

There is on the island of Void God, and the statue of Void God Island exudes this kind of breath, supreme and coercive to the world.

That's the breath of the same level, that's the breath of the supreme powerhouse.

Outside the prison prison, originally due to the relationship between the prison prison, there was a layer of black mist, enveloped all the year round. From the outside, they could not see through the prison prison, and from the prison prison, they could not see the outside.

But at this time, the black mist outside the prison area was completely dissipated by the breath.

It can be seen that there is a layer of light curtain between heaven and earth, covering all directions.

That is the mask formed by the large prison.

Outside the mask, countless aliens are either standing in the air or standing on the earth. The number is too large to count.

Suddenly, the space outside cracked, and a figure emerged from the space crack.

However, the figure was enveloped by a layer of black light, and it was impossible to see the specific appearance, but the supreme breath emanated from the figure.

As soon as he appeared, the breath was even more terrifying.

As if he were this heaven and earth, he was everything, and heaven and earth must be creeping under his feet.

"Meet the Holy Father!"

All interracial, respectful luggage.

"Holy Ancestor?"

In the prison world, everyone felt trembling.

"Holy ancestor, alien ancestor awakened!"

In the prison world, a white-haired elder spoke, his voice trembling, and his eyes were full of terror.

This is an extremely powerful existence, but when he saw the figure, he was full of fear.

Not only him, but many of the strongest in the prison world.

An alien ancestor, that is a supreme strongman, and the ancestor of the prison, is of the same level.

That kind of character is really too strong, transcending the heavenly path, transcending the realm of heaven, completely reaching another level of life.

The existence of the Heavenly Emperor Realm, in its hands, is vulnerable.

Now, the ancestor of the alien race is awake, and the real body comes.

"Take prisoner, be destroyed!"

The foreign ancestors spoke indifferently, full of supreme coercion.

boom!

The alien ancestor stepped out in one step, and the whole sky was violently shaken. Above the sky, a huge foot formed and stepped towards the prison world.

It's too big. It's even bigger than the whole prison area.

From a distance, you can see that there is a mask around the prison area, which is semi-circular and upside down on the ground.

And a huge giant foot, bigger than this mask, stepped heavily on the mask.

boom!

A shocking explosion came, and the whole prison was shaking madly, and countless buildings collapsed.

The mask formed by the prison monument is also shaking wildly, emitting waves of waves.

However, in the end, it was blocked. This foot did not break through the large prison guard, which stabilized.

"Hahaha, block it, block it!"

"He can't break through!"

The people in the prison world were startled and then ecstatic.

The large prison formation formed by the jail monument actually blocked the attack of the alien ancestors.

"Well, watching this breakout, can stop me a few tricks!"

The ancestor of the alien, indifferently speaking, saw that his eyebrow burst forth with a ray of destruction. This ray of destruction was turned into nine swords of war.

boom! boom! boom! ...

The roar of terror continued to sound, and the whole prison prison, like a flat boat in the sea, was hit by the waves and waved with the waves, as if it could be destroyed at any time.

The eight prison prison monuments shook and radiated infinite glory.

In the center of the town prison, the fragment of the main monument also exudes infinite brilliance, strengthening the town.

However, the attack power of the alien ancestors was too strong, and the terrible vibrating power made many of them weak, vomiting blood, seriously injured, and paralyzed on the ground.

boom! boom!

The mountains were shaken and burst directly, the gravel splashed, and the dust was all over the sky.

"No, I'm afraid I can't stop it for so long!"

"The ancestors of other races were also seriously injured in those years. After so many years, they are still far from returning to their peaks. Otherwise, the prison camp will not be able to stop it!"

"If the prison prison monuments gather together, maybe they can stop it!"

There were sounds, and many strong men in the prison world were very anxious.

The alien ancestor, after all, is the supreme strongman, and exists on the same level as the ancestor of the prison.

Although the alien ancestor was injured at that time and had no peak combat power, the Great Prison Formation was only formed by the treasure left by the Ancestor of the Prison. It was not his own manipulation, and the power was naturally very different.

What's more, it's just a residual lineup. How can it block the attack of the alien ancestors, and sooner or later it will be broken.

Now, they are in a dilemma.

Let Lu Ming return the main prison monument, the power of the large prison guard will definitely increase, but, in that case, I am afraid that the sacred heart will be resurrected.

If you don't return the main prison monument, you can't stop it, and you will die.

Lu Ming frowned deeply.

He is also considering whether to control the prison monument, let the prison monument gather, and strengthen the power of the prison prison.

But in that case, without the suppression of the jail monument, the third bloodline will definitely take advantage of Lu Ming's consciousness.

The situation is extremely dangerous.

"How to do?"

Everyone was very anxious.

Roar!

At this moment, between the world and the earth, there was a sound of Long Yin.

Long Yin shook the heavens and the earth, and a supreme coercion permeated between the heavens and the earth.

Wow!

In the distance, the void shook wildly, then split open, and within the void, a dragon claw suddenly stretched out.

This dragon claw is too large and immense, and it is caught towards countless aliens, and it covers them.

At this moment, countless aliens, including the king of the ten royal families, were terrified, feeling that they were going to die under this claw.

"It's you reptile!"

The alien ancestor roared angrily, his big hand waved, and a huge palm blasted out, banging with the dragon claw.

boom!

The roar of terror erupted, and the sky, which was millions of miles away, exploded directly, and numerous space cracks appeared.

The ground below, too, continued to explode, and countless magma washed up into the sky.

Horrible, terrible!

It's just a trick, it's almost ruined.

Those aliens, if not protected by the ancestors of aliens, will die a lot of terror.

Roar!

Long Yin shook the sky, the space exploded, and a huge real dragon appeared in the air.

This real dragon is too big, at least a million miles long, hovering in the sky and covering the sky.

Countless people were dumbfounded.

"Zulong is Zulong's predecessor!"

Qing Cang cried in surprise.

"It's Senior Zulong. Senior Zulong is here. Now, we are saved!"

Those strong men in the prison world also laughed wildly and were very excited.

Chapter 2440: Zulong is trapped and swears to death

Zulong, a million miles away, is really magnificent, its body hovering in the air, the dragon head has extended deep into the sky, and the dragon's eyes are open, as if there were two more suns suddenly in the sky.

"Zulong!"

Lu Ming whispered, with excitement in his eyes.

Archosaurs, the legendary heaven this side of the supreme strong, even Dandan, lift archosaurs, full of admiration.

At the beginning, Lu Ming once got a drop of Zulong blood and refined it into his body to increase the strength of his body.

Now, this ancestral dragon is obviously the real body.

Roar!

Zulong once again issued a dragon chant, his body meandering, and his powerful breath made countless aliens pale.

In front of the supreme powerhouse, the general Emperor Realm is vulnerable.

"Reptile, your injury is not good, do you think it is my opponent?"

The alien ancestor said indifferently. Although his figure was incomparable with Zulong, his momentum was not weak at all.

"Just a fight!"

Zulong spoke, thunderous sound, shaking the world.

"Tangbidangche, opening day of the day, you could not be saved, to all off!"

Patriarch alien indifference road.

"Only one battle!"

This is Zulong's response.

Then, Zulong protruded a dragon claw and killed towards the alien ancestor.

The body of the alien clan exudes infinite brilliance, and in the brilliance, his body grows sharply and becomes millions of miles in size.

Alien ancestors slammed their hands, collided with the ancestor dragon, the world exploded, and a scene of ruining the world.

"Bou Shifang Seal Great Formation!"

The voice of the alien ancestor came out.

"Arrange!"

The king of the first royal family shouted, and in his hand, an array appeared, emitting infinite light.

Numerous alien, flashing stature, pinching exotic Indian tactics, who also filled out a road runes.

Numerous aliens, innumerable runes permeated, with the king of the first royal family as the core, forming a large formation.

Endless Rune started to gather, form a section of an immense chain, winding away toward the archosaurs.

Zulong shouted and wanted to retreat, but was entangled by the alien ancestor.

The two fought fiercely, and innumerable chains, in an instant, covered the whole world, and enveloped the Zulong inside.

Zulong Changxiao, the collapse of the emptiness of the earthquake, struggling hard, want to break free, but this large array of ten-sealed seals was laid down by countless aliens.

Great Emperor Realm, the powerful of Heavenly Emperor Realm, I don't know how many. The power of so many masters is so amazing.

Even as strong as archosaurs, for a time, they can not break free.

"Mo Ke, do you think you can help me with this formation?"

Zulong shouted.

Mo Ke is the name of the ancestor of aliens.

"How can I not help you, it is enough to trap you for an hour, and after an hour, you are unable to return to heaven!"

The alien ancestor said indifferently, and then turned towards the prison realm.

boom!

The alien ancestor did not have any nonsense. He shot directly. The huge and immense palms slammed toward the prison prison world. At the same time, his eyebrows shot the light of destruction, turned into nine war swords, and continuously cut towards the town prison world.

Now, Zulong was trapped by a large array of seals from all directions, and the ancestral ancestors of the alien race began to do their best.

The immense ground of the town and prison is violently shaking, the mountains are collapsing, the river is cut off, the ground is collapsing, and a doomsday scene.

"What should I do? If I go on like this, I won't be able to stop it sooner or later!"

"Archosaurs predecessors trapped to an hour to get out, in accordance with the current situation, the town a large array prison did not stop one hour!"

Some strong men in the prison world are pale and anxious.

Before Zulong appeared, they thought they were saved. Unexpectedly, the alien ancestral ancestor expected this step long ago, and arranged a large array in advance to block Zulong.

As long as the battle is broken, they will die.

"How to do?"

Everyone was anxious, and many people looked at Lu Ming.

Now only Lu Ming can turn the tide.

"If the fragments of the prison prison monument in his body are combined with the soul of the town prison master monument and the town prison secondary monument, the power of the prison prison formation will definitely increase greatly!"

"But what about the sacred ancestor?"

"Before if swallowed him to kill Patriarch, kill him, is not to kill the Patriarch is dead?"

Some whisper, some ill-disposed to see Ming Lu.

"What are you talking about? Are you looking for death?"

Wu Tai coldly drank, his figure flashed, appeared in front of Lu Ming, a cold light flashed in his eyes, staring at those who spoke.

Qing Cang's figure also moved, appearing beside Lu Ming.

If someone dared to play Lu Ming's idea, he would shoot violently.

Their attitude says it all.

Those who spoke just now turned pale.

"You shut up, Lu Ming is our benefactor in the prison world, do you understand!"

Elder Liu drank coldly, then showed an apologetic expression to Lu Ming.

Lu Ming smiled, and did not get angry.

In this critical moment, some people have that idea, too normal.

If the sacrifice of Lu Ming alone can save everyone, many people will have this idea.

The world is shaking more and more, the attack of the alien ancestors is more and more violent.

He turned into a million li high, like a huge giant, standing between heaven and earth, like a supreme god, bombarding the prison world, as if to destroy the world.
