

D Emperor 2441

Chapter 2441: Against the third bloodline

Alien ancestors bombarded the huge stone tablet with a palm, the stone tablet condensed by all the masters of the prison world shook wildly, and then burst apart.

puff!

Some of the prison prison circles are weak, such as the virtual emperor realm, and their bodies are shaking wildly, and they spit out blood.

"carry on!"

Elder Liu, and other elders drink, shot again.

The endless light shone, and they condensed a huge stone tablet and flew out.

Attacking from the inside, the mask of the large prison formation will not be blocked in the slightest.

"A group of ants, look for death!"

The ancestral ancestors roared, and a beam of destruction was shot on their eyebrows, bombarding the huge stone tablet, the stone tablet exploded in an instant. This time, many people from the virtual emperor's realm jail world, their bodies seemed to be hit by a mountain, and they flew directly back. Spit blood and was seriously injured, unable to fight anymore.

Even some strong men in the real emperor realm shed blood from the corners of their mouths.

"I'm together!"

Qing Cang rushed out, gathered in a large formation, and transformed into a huge nine golden lions, cooperating with the large attack.

Uh! Uh!

Then, Wu Tai and others rushed out and joined the large formation.

"kill!"

Countless powerful people shouted and once again blasted a stone tablet.

boom! boom! ...

Next, the roar continued, and the masters of the prison prison world set up a large array, and cooperated with the large prison array, to resist the alien ancestors together, and immediately slammed a dozen moves.

However, the people on the prison side of the town are completely at a disadvantage.

The large formation under the alien strong, the reason why they can block Zulong, is because they inscribed the large formation a few months in advance, and the large formation is extremely perfect.

In addition, the number of their masters is also much greater than that of the prison prison world, and they have the position given by the alien ancestors, which can block the ancestral dragon.

The people in the prison prison world, in a hurry, set up a large formation, and the number of masters is far inferior to the alien, naturally it is difficult to contend with the alien ancestor.

bump! bump! ...

Masters in the prison world were shocked and flew far away, fell to the ground, spit blood, and lost the power to fight again.

In the end, even the great emperors, even the heavenly emperor, were mad and pale.

In particular, some of the strongest, such as Qing Cang, Elder Liu, and others, who served as the core of the large formation, received much greater recoil.

Their bodies trembled slightly, and blood bleed from the corners of their mouths.

"Block it!"

Liu Changlai and others waited, the old body was shaking, but his determination was firm and he would not retreat.

"Can only do that!"

Later, Lu Ming held his fists together, and finally sighed.

Up to now, there is no way, there is only one way, that is to make the jail monument unite.

The jail monuments unite, and the power of the jail formation is greatly increased, so that the attack of the alien ancestors can be blocked.

As for the sacred heart ancestor, we can only take one step at a time.

If this is not possible, Lu Ming will not let himself be swallowed up by the Sacred Ancestor.

"The prison monument, come out!"

Lu Ming sipped, his body glowed, and the jail monument appeared.

Buzz!

As soon as the prison monument came out, it shook violently, suddenly became larger, and gave out infinite brilliance.

Buzz! Buzz! Buzz!

In the prison world, that piece of debris, as well as eight deputy steles, all shook violently and seemed very excited.

"No, Lu Ming, don't be impulsive!"

Qing Cang shouted.

"Think twice!"

Wu Taiji also shouted.

If the sacred ancestor is reborn, the consequences will be more serious.

But Lu Ming's eyes were firm and unmoved.

"go with!"

Lu Ming took a light drink, waved his hand, and the jail monument flew deep into the jail world, as fast as lightning.

Then, Lu Ming completely cut off the connection with the prison prison monument. The prison prison monument went faster and stepped into the void. In an instant, he came deep into the town prison boundary and came to the debris.

When the two approached, the debris of the Zhenru boundary flew directly from the mountain peak and flew to Lu Ming's prison monument.

Buzz!

The two collide together and then merge together.

The main prison monument, all the fragments, are merged together into a complete prison monument, and there is also the soul of the main monument.

At this moment, the main monument of the prison was once again enlarged, and it was as high as the sky, emitting amazing fluctuations.

The other eight deputy steles were also shaken madly, and the ray of light was full, and all the ray of light gathered together and turned into a large array of prisons.

In an instant, the power of the Great Prison Array surged, and the cracks that had appeared had disappeared.

boom!

Alien ancestors bombarded the Great Prison Array with only one stroke, but there was only a trace of ripples, but the ripple was not as big as before.

A complete battle of prisons, even in the heyday of the alien ancestors, will take a short time to break through.

Now, if you want to break apart, I am afraid it will take longer. By then, Zulong will be out of trouble.

But this is that the ancestors of the alien race stopped instead and laughed in the sky: "Hahaha, it's really stupid. Without the suppression of the prison monument, see how you can resist the devouring of killing heart!"

At this moment, Lu Ming's body has indeed undergone earth-shaking changes.

As soon as the prison monument left, the third bloodline immediately turned upside down.

Rumble!

The sound of the endless wave slamming sounded, and the third bloodline seemed to turn into a sea of blood. The sea of blood rolled, and the infinite energy swept toward the landing.

"Kill, kill, kill!"

A roar, filled with innumerable killings, impacted Lu Ming's consciousness of the sea, and he should devour Lu Ming's consciousness and completely occupy Lu Ming.

In an instant, Lu Ming's eyes, blood red, and his hair were the same. Even his body grew a bone spur, which was extremely unbearable.

"Hahaha!"

Outside, the ancestral ancestors laughed.

"Lu Ming, hold up!"

Qing Cang turned the lion's roar and gave a roar to help Lu Ming suppress the killer, making Lu Ming a little sober.

However, without the suppression of the prison monument, the power of the third bloodline is too strong, and the killing power is even more terrifying.

In an instant, Lu Ming's consciousness was almost swallowed clean.

Lu Ming finally knows how lucky he was before, completely because of the suppression of the prison monument, he was not swallowed by the third bloodline. Only when he actively borrowed the power of the third bloodline, the third bloodline would have an opportunity. take advantage of.

Otherwise, he would have been swallowed by the third blood.

The same is true. The blood vessels of the prison monument are obviously very advanced, but Lu Ming has not been able to exert too much power, mainly because the blood vessels of the prison monument have to concentrate on suppressing the third blood vein.

"Swallow, respawn, kill!"

The sea of blood rolled, forming a giant face, constantly changing, and constantly shaking the consciousness of landing.

"dominate!"

Lu Ming suddenly screamed, and began to run the way to dominate.

His body suddenly radiated a bright purple gold brilliance.

In an instant, the power of the third bloodline was actually sorted out a little.

Lu Ming's consciousness was also a little sober.

"it works!"

Lu Ming was overjoyed.

The power of the Dominating Way is useful and can block the erosion of the third bloodline.

Chapter 2442: Succeeded

Lu Ming immediately sat cross-legged, wholeheartedly, running the way of domination, and his whole body was filled with purple-gold radiance, covering him.

For a time, the purple light and blood red light on his body kept rolling.

"Dominate, dominate the world, dominate everything, any power, let me go!"

Lu Ming shouted in his heart, the power of the dominating way, put his soul, the guardian in the middle, and the law would not invade.

Rumble!

Blocked, the third bloodline seemed to be angry. The blood was violent and extremely violent. Lu Ming was to be completely submerged, and Lu Ming was constantly impacted.

"Not good, the power of the world is rapidly consuming..."

Lu Ming's face changed, and he controlled the way of the master to resist the erosion of the third bloodline. The world's power was consumed very quickly. In this way, he could not resist it for a long time.

"Wait, the way to dominate, dominate the world, the whole world can dominate, the energy of the world, nature can do too!"

Lu Ming moved his heart, and then vented his mind. At this moment, he seemed to be one with the whole world.

He seemed to be the master of the world.

Huh...

Moving in my heart, the infinite energy between heaven and earth was dominated by Lu Ming and controlled by him to help him resist the erosion of the third bloodline.

Suddenly, the consumption of his world power was greatly slowed down.

"it works!"

Lu Ming's eyes lit up.

The way of **** is really magical. He has a feeling. Now that the way of **** has just been realized, the fire is still weak. If it continues to grow in the future, the way of **** will be stronger as his cultivation practices continue to improve.

At that time, maybe it can really dominate the whole world, borrowing the power of the whole world, how terrifying that power will be?

For example, if you control the force of an entire universe to attack the enemy, how powerful will it be? It's unimaginable.

Lu Ming completely blocked the erosion of the Third Blood Vessel with the way of domination. It was useless to let the Third Blood Vessel go crazy.

"This power... how is it possible? How is it possible? How can someone in this world control this power!"

Outside the prison area, the pupils of the alien ancestors screamed sharply and shouted unbelievably.

"He knows my power?"

Lu Ming moved.

As far as he knows, no one should ever control this power in history?

What do the foreign ancestors mean?

"This power... Hahaha, good, good!"

At this time, Zulong laughed, but contrary to the ancestors of other races, he laughed uncomfortably.

"blocked!"

Qing Cang, Wu Tai, Liu Changlai and others were all ecstatic.

Lu Ming can stop the erosion of the Sacred Ancestor of the Heart, and everything will turn.

"Damn, I want to destroy you all!"

The alien ancestor roared, and his body exuded a terrifying breath. A huge battle axe appeared in his hand, and an axe was slashed toward the prison.

boom!

The big prison camp, crazy vibrations, filled with layers of ripples, but in the end it was blocked, much better than before.

"Broken, broken, broken!"

Alien ancestors, crazy attacks, axe, shattered everything.

However, despite the shock, the Great Prison Array was still steadily blocked. It seems that within a few hours, the alien ancestors will certainly not be broken.

"Lu Ming, hold on for at least half an hour, and I will be able to break this seal!"

Zulong's voice sounded. His huge dragon body was covered with huge chains. He struggled frantically, causing many interracial faces to pale for a while.

"Seniors rest assured, half an hour, no problem!"

Lu Ming's voice sounded.

"Okay! Roar!"

Zulong shouted, bursting into infinite dragon power.

The alien ancestors also roared and attacked the jail insane.

Both sides are fighting for time.

Either side can take the lead and win.

If the ancestors of aliens took the lead in breaking through the large prison, then everyone will die and all their efforts will be in vain.

Or, if Lu Ming couldn't resist and was devoured by the Sacred Ancestor of the Heart, then they would have to finish playing.

There is also a situation in which Zulong took the lead in breaking through the alien ten-party seal formation, then he could enter the prison formation and completely wipe out the killing ancestor.

The Sacred Ancestor of the Heart, although it is also a supreme strongman, exists at the same level as the Zulong, but now, there is only a blood line left. It is impossible to be an opponent of the Zulong. Facing Zulong, it must be wiped out.

Therefore, whichever side has the first chance can change the situation.

Of course, alien ancestors can also change their methods to attack Zulong.

However, Zulong was only stopped by the large seal, and did not lose its fighting power. Even if the alien ancestor attacked Zulong, he could not help Zulong.

Perhaps the violent forces of the two men's war can actually make the ten-party seals burst faster.

The alien ancestor originally thought that everything was under his control, but he did not count, and Lu Ming could actually stop the erosion of the killing ancestor.

Now, everything is no longer under his control.

Time passed, one by one.

Everyone is waiting, waiting for the result.

The people in the prison area were very worried, for fear that Lu Ming could not resist.

In an instant, half an hour passed.

Roar!

Long Yin shook the sky, and the shaking earth and earth shook wildly.

Countless strong aliens, body violently, vomiting blood.

bump! bump! bump!

On Zulong's body, the chain formed by the runes exploded into energy.

After a few breaths, all the runes exploded and were as strong as the king of the ten royal families, all of them violently shook their bodies and retreated.

Zulong, out of trouble.

"Damn!"

The alien ancestor roared, stopped the attack on the large prison, and turned to attack the dragon.

However, now Zulong didn't touch him hard, Zulong's body shrank sharply, and became a dozen meters long, flashing like a lightning, and rushed towards the large prison.

As long as Zulong rushed into the large prison, and wiped out the blood of the Sacred Ancestor, they would be considered a victory.

"Come on!"

Alien ancestors, don't know Zulong's plan, the body also shrunk, trying to stop Zulong.

However, the two are of equal strength, Zulong is not in love, and he is determined to charge towards the prison, and the alien ancestors can't stop it.

"Sullen heart, retreat!"

The alien ancestor exploded.

Even if he tried his best, he couldn't stop Zulong for long.

Rumble!

The sea of blood surrounding Lu Ming shook wildly and seemed extremely unwilling. In the end, all the sea of blood and blood gas shrank into a blood drop, turned into a blood-red lightning, and flew out of the prison formation.

Lu Ming, completely disconnected from the third bloodline.

call out!

The blood droplets transformed by the bloodline of the Sacred Ancestor were incredibly fast. In a flash, they burst out of the prison.

Uh! Uh!

Zulong and the alien ancestor slammed towards the blood at the same time, incredible speed.

However, the Sacred Ancestor deliberately avoided the Zulong and flew to the Alien Ancestor, so the Alien Ancestor took a quicker step and grabbed the blood of the Xingxin in his hand first, then brandished a battle axe and cut an axe towards the Zulong, The two made a match and moved back together.

Chapter 2443: Kaitenkai

"unfortunately!"

Zulong sighed, and the blood of the Sacred Ancestor of the Heart of Death fell into the hands of alien ancestors.

But it has already fallen into the hands of alien ancestors, and it is certainly impossible to completely destroy the killing ancestors.

With a flash of figure, Zulong entered the prison formation.

"Today, I will spare you. It won't take long. The prison world and the heaven world will be destroyed. I will be able to open the sky to succeed. You stubborn people, all will die!"

The indifferent voice of the alien ancestor sounded, and he was ordered to let the aliens retreat.

Uh! Uh! Uh!

Countless aliens rose from the sky and disappeared without a trace.

The ancestor of the alien ancestor glanced at Lu Ming indifferently, then stepped out and disappeared between heaven and earth.

This is the end of a war.

"Thank you Zulong for helping each other!"

"The junior meets the senior!"

Qing Cang, Elder Liu and others flew over and saluted Zulong.

It is said that Zulong is the ancestor of all real dragons between heaven and earth. His seniority is too high, and he has lived an endless years.

No one knows how Zulong appeared or how many years Zulong lived.

"Free gift!"

Zulong turned into a humanoid figure and was a burly old man. He waved his hand at will, then moved his figure and appeared in front of Lu Ming.

Look carefully at Lu Ming.

At this time, Lu Ming is recovering with all his strength. Just now, in order to resist the third blood line, he consumed too much, and the power of the world is about to dry up.

In the end, fortunately, the force of the outside world was continuously poured into Lu Ming's body, and Lu Ming's world power was rapidly recovering.

After a moment, Lu Ming took a long breath and closed up.

"The third bloodline has finally left!"

Lu Ming felt very relaxed.

The third bloodline is always a time bomb, which always threatens the safety of Landing Ming. Although Lu Ming can sometimes help Lu Ming, Lu Ming would rather not.

At this time, the third bloodline, that is, the bloodline of the Sacred Ancestor of the Heart, left, and Lu Ming felt relaxed, as if the boulder that had been pressed into his heart for many years was removed.

Opening his eyes, Lu Ming saw Zulong.

Although Zulong turned into a human form, his breath could not be changed. Lu Ming quickly got up and clenched his fists to salute: "Younger Lu Ming, I have seen Senior Zulong!"

"Haha, don't need more gifts!"

Zulong smiled boldly, and when he watched Landing Ming, his face was full of smiles.

"Unexpectedly, really unexpectedly, in this world, some people can control this power, dominate the power..."

Zulong sighed softly.

"what?"

Lu Ming was shocked.

Zulong said that the power to dominate is obviously the power controlled by Lu Ming.

But the name of this force was chosen by Lu Ming at random, is it correct?

"Senior, do you know this power?"

Lu Ming asked curiously.

"Knowing is knowing, but this kind of power is too little, even if it's there... it's very little, too, specifically, I don't know very well!"

Zulong said, then looked at Lu Ming again, said: "You have to practice well, keep going, maybe you can break the limit and step into the supremacy!"

"Yes!"

Lu Ming nodded.

Then Zulong looked at Elder Liu and other people in Zhenru Realm and said, "You have been in Evil God Realm for a long time. To have the power to fight against aliens!"

"Senior, we also want to go to Heaven Realm, but there are countless people in the prison realm of Zhen Town, and we can't take it!"

"Yeah, although Heavenly Emperor is at its peak, there is no need for space channels, it can tear the space directly, cross the long void, and enter other worlds, but it can only act by itself, and it can't bring people at all!"

"Even if there are treasures in the sky, they will be crushed when crossing the long void!"

Several elders in the prison world opened their mouths.

Being able to go to Heaven Realm and join forces with Heaven Realm, and the two parties join forces, they are naturally willing.

But even if the Peak Emperor can directly enter the long void and enter another realm, he cannot lead people.

Even lower-level imperial soldiers cannot bring them. During the long process of the void, they will be torn by the void storm, even if they are placed in the sea.

Therefore, even if there are treasures in the sky, it is useless to put people in it. It is also useless to cultivate a small world.

"It turns out that Emperor Pinnacle can directly cross the long void, from one realm to another realm!"

Lu Ming moved.

He thought of when he was caught by Moroga, when Moroga passed through the void and took him down.

Moroga is a pinnacle emperor.

"This, I naturally understand that if it didn't work before, it doesn't mean it doesn't work now!"

Zu Long smiled and explained: "Now, nine prison prison monuments are gathered together. As long as it is manipulated, a prison prison space can be formed, which can accommodate an endless population. At the level of the prison prison monument, even across a long void, it can Block it!"

"That's great!"

"Haha!"

The people in the prison world are all ecstatic.

"I used to be an old friend with Jail Prison, and I know some methods of manipulating the Prison Pen. Let's do it now!"

Zulong Road.

After speaking, Zulong exuded a strong breath, and his hands pinched the Yin Ju.

Buzz!

The nine prison monuments of the Zhenru world began to vibrate, and then slowly suspended in the air. The nine prison monuments resonated with each other and a space was born.

That is the prison space, and the treasure of the sky, which means the same.

"Go in!"

Zulong drank low, and a strong attraction emerged. The entire prison area and the endless population all flew into the prison space.

Finally, Lu Ming, Qing Cang, Elder Liu and others also entered the prison space.

The prison space is also a world of immense boundlessness and endless mountains.

"Before, we didn't find out!"

Elder Liu and others were overjoyed, and began to arrange people to let the endless population of the prison community live and multiply here.

Zulong put away the nine prison monuments and stepped out one step. The space was split directly, traveling through the void and heading towards the sky.

I don't know how long it has passed, Zulong's figure appeared in the prison space.

"It's already in heaven!"

Zulong smiled.

"So fast!"

Everyone was overjoyed and at the same time secretly shocked. The strength of Zulong was really unfathomable. So quickly, he returned from Evil God Realm to Heaven.

"You follow me!"

Zu Long waved his hand, Lu Ming, Qing Cang, Liu Changlai and others disappeared here. The next moment, they appeared in a high altitude.

Standing high in the sky and looking down on the four sides, they found that at their feet, there was a huge giant mountain. On the giant mountain, many buildings were built.

Around the giant mountain, there are huge cities.

"A lot of masters!"

Lu Ming was shocked to find that this giant mountain exuded a terrifying breath, there were Heavenly Emperor Realm and Great Emperor Realm, the number was staggering.

Although there are not as many sacred mountains as the aliens, it is not much worse.

Chapter 2444: Zulong Nest, old people meet

"Where is this place? Is this the essence of heaven?"

Lu Ming turned his thoughts.

In the past, he was in the Two Realms City, or the masters he encountered, and the number could not be compared with the aliens, or even far from the prison world. Lu Ming has been curious how to fight against the aliens with such strength.

Lu Ming also speculates whether there is power hidden in the heaven.

Now it is found that it is very likely that here is the hidden power of heaven.

"Here, where I live, it is an independent world, and the outside world is called Zulong Nest!"

Zulong explained.

"Ancestral Dragon Nest!"

Lu Ming remembered this name.

At this time, a rainbow of light flew out of the mountain below, and under a flash, it appeared in front of everyone.

This is a middle-aged man, burly, wearing a scale armor, majestic and handsome.

"Five elements, haha, long time no see!"

Seeing this middle-aged man, Qing Cang laughed and greeted him.

The middle-aged man saw Qing Cang, glared at him, and seemed a little surprised. Then he smiled and said, "It turns out that you are a lion. After so many years, I thought you died early?"

"Bah, your unicorn is not dead, how can I die?"

Qing Cang deliberately pulled his face and saw the acquaintance, he was very happy.

"Five Elements? Kirin, is it the Five Elements Kirin among the top ten fighting beasts?"

Lu Ming moved.

Among the top ten fighting beasts, there is a five-element unicorn, which is absolutely powerful. Most of them are so familiar with the opponent and Qing Cang.

"Have seen seniors!"

Five elements salute to Zulong.

"Five Elements, you just came, I brought all the people in the prison world. You go to arrange it and arrange their place of residence!"

Together, Zu Long waved his hands, and nine town prison monuments flew out to Elder Liu. Elder Liu reached out to catch him.

"Okay, everyone, please follow me!"

Five elements waved one hand and flew in one direction. Elder Liu and others followed.

At the scene, only Zulong, Lu Ming, Qing Cang and the few people who were originally from the realm of heaven.

"Senior, I'll wait to say goodbye!"

"Senior Zulong, I have to say goodbye too!"

Those people said goodbye to Zulong.

They are the people of heaven, and they have been captured by the aliens for endless years. I miss my relatives and friends here. When I meet at this moment, I naturally want to see them as soon as possible.

"Go, there are portals in those cities, you can go by yourself, you can take the portal to leave!"

Zulong Road.

Everyone saluted, and then said to Lu Ming: "Brother Lu Ming, you have our transmission token in hand, if you have something to send us a message!"

"it is good!"

Lu Ming nodded.

Then those people left one by one, leaving only Lu Ming and Qing Cang.

"Senior, I'm leaving now too..."

Lu Ming also wanted to leave.

At first, he was taken away by aliens, Dandan, Bubble, and other relatives and friends. He must be very worried. After more than a hundred years, he can't wait to see them back.

For more than 100 years, it was extremely long for him, and ordinary people have not had such a long life.

Don't know what happened to his parents?

How about others?

"Lu Ming, don't rush back home, stay here for a few months, after a few months, I have something to find you!"

Zulong Road.

"A few months? That's good!"

Lu Ming nodded, more than 100 years have passed, and he doesn't care about months.

"During this time, you can go around in Zulong Nest!"

Zulong Road.

"Lu Ming, you are going around here, I'm leaving!"

At this time, Qing Cangdao said goodbye to Lu Ming and Zu Long, and left here.

Lu Ming and Zulong landed in front of a palace in the giant mountain below. Zulong gave Lu Ming a dragon-shaped token. With this token, Lu Ming could freely enter and exit Zulong Nest.

After that, Zulong entered a hall, presumably went to practice, and Lu Ming wandered around.

This giant mountain is really huge. There are millions of miles, and caves and palaces are everywhere.

Lu Ming turned around casually, and in many caves and palaces, he could feel a strong breath, many of which exuded the breath of Heavenly Emperor Realm.

"The heavens have been handed down from ancient times, ancient times, and ancient times. The endless years have passed. The accumulated masters are amazing!"

Lu Ming moved.

Coupled with the strong in the prison world, in this way, in order to have a war capital with the aliens.

Lu Ming turned around, and suddenly heard a violent roar coming in front, someone was fighting.

Lu Ming was curious and strode forward.

In front, there is a huge palace, in front of the palace, there is a square, there are two figures, fighting fiercely on the square.

Jian Qi is full of excitement!

"True Emperor Realm!"

At a distance, Lu Ming felt that the cultivation of the two figures was in the real emperor realm.

On this mountain, the cultivation of the true emperor is still very few, Lu Ming speculated that it should be a disciple of a strong man.

"That is..."

Lu Ming was approaching. When he saw the appearance of the two fighting figures, he could not help but stunned.

Two acquaintances!

Moreover, they are two acquaintances who have not seen for a long time.

Xuanxiang, Xuanfeng!

Lu Ming was really stunned. He didn't expect to meet Xuan Xiang and Xuan Feng here.

At the time, when Lu Ming was still practicing in the Eastern Xuanyu area, Xuanxiang and Xuanfeng's family were destroyed by the Heavenly Corpse Sect. Because of the ancient city, they fell to a small island in the Heaven Realm.

Above that small island, Lu Ming was besieged by the evil **** clan.

Finally, the ancestor of the Xuan family awakened and killed the Evil God Clan.

Later, the ancestor of the Xuan family took Xuan Xiang, and Xuan Feng left. This time, Lu Ming never saw them again.

Later, Lu Ming sent people to search in Shenhuang Continent. In Yuanlu, he also sent people to inquire, never heard of Xuanxiang from them.

He never imagined that he would meet Xuanxiang here.

"It seems that the ancestor of the Xuan family is definitely a terrible existence!"

Lu Ming thought.

His present knowledge is naturally different than before, and many things can be inferred.

The ancestor of the Xuan family was probably seriously injured in the ancient times and the alien battle. As the ancient city fell to the Yuan Realm, it was an extremely powerful existence.

From his understanding of Dandan and his attitude towards Dandan, it can be seen.

At this time, Xuanxiang and Xuanfeng also felt that someone was approaching, and could not help but stop and looked over.

When they saw Lu Ming, the two subconsciously froze, then widened their eyes, opened their mouths wide, and dumbfounded.

"Lu...Lu Ming..."

The two were obviously also very surprised. Unexpectedly, they would meet Lu Ming here.

"Hahaha, Xuanxiang, Xuanfeng, haven't seen you in years, don't come unharmed!"

Lu Ming had reacted, laughed and flew past.

"Brother Lu Ming, really you!"

Xuan Xiang smiled and greeted him.

"Naturally it's me, like fake replacement!"

Lu Ming smiled.

Chapter 2445: True Dragon Provocation

It's been a long time since the two sides met. It's been more than a hundred years. At this time, it seems that there are endless topics and chatting.

Even Xuan Feng, who has always been unsmiling, has a smile on his face.

During the chat, Lu Ming learned about Xuanxiang's experience over the years.

At that time, the ancestors of the Xuan family, with Xuan Xiang, Xuan Feng, and Lu Ming separated, traveled all over the place. They traveled all over the place, went through the forbidden ground, and practiced everywhere. It has been more than ten years. With them, they came to heaven.

In the ancient times, Xuanjia ancestor was an extremely powerful existence in heaven. Naturally, he knew the ancestral dragon nest. When he came to heaven, Xuanjia ancestor brought Xuanxiang, Xuan Feng came to Zulong nest, and settled here. Zu was determined to recover from cultivation, and he would take time to direct Xuanxiang and Xuanfeng.

This stay is more than a hundred years.

Xuanxiang and Xuanfeng's talents are not particularly good, but the cultivation environment is so good. Zulong Nest, Zulong's dwelling place, cultivation environment can be said to be the best in heaven.

Coupled with the guidance of the ancestors of the Xuan family, a lot of resources have been accumulated. For more than 100 years, the two men have been practicing hard to the real emperor realm.

Lu Ming also briefly talked about his own experience.

Although it was just a brief talk, the two who listened were thrilling.

Lu Ming had no place to go in Zulong's Nest, so he lived here.

Occasionally, Xuanxiang and Xuanfeng would look for Lu Ming to discuss. Lu Ming only shot at will. Both of them were not opponents at all, and they admired Lu Ming even more.

The two of them have the best cultivation environment, and the strong ones give instructions, but Lu Ming is on his own, step by step to today, but the achievements are far above the two, and the two naturally admire them.

Time passed, and three months passed.

On this day, Lu Ming received a message from Zulong and asked him to wait at the place where Zulong closed.

Lu Ming said to Xuan Xiang and Xuan Feng, and walked towards the palace at the top of the mountain.

Lu Ming came here and found that there was no one left, so Lu Ming waited here.

Soon, Lu Ming heard footsteps, and at first glance, a few people came over.

A total of four people, two old people, a middle-aged man, a young man.

"Dragon qi, all true dragons!"

With a move in Lu Ming's heart, he felt the dragon spirit on these four people.

He has the Jiulong blood veins himself. The spirit body at that time was the dragon **** war body. He was very sensitive to dragon spirit and could easily feel it.

"It's you kid..."

Seeing Lu Ming, the young man strode over, his eyes showing a hint of unwholesomeness.

Lu Ming was inexplicable. He and this young man met for the first time without offending each other. As soon as the other party saw him, he showed bad intentions to him. Be sick!

Lu Ming frowned, but this is Zulong's nest, and the other party is a real dragon. Most of them are related to Zulong, and he is too lazy to have general knowledge with the other party.

"Dragon pulp pool, opened every ten thousand years, this time, only I am qualified to enter the dragon pulp pool, I really do not understand why the ancestor let you enter the dragon pulp pool, ancestor he is..."

The young man was uneasy.

"Ao chaos, pay attention to words!"

Before the youth finished, an old man quickly interrupted him.

The young man called Ao Chao, his face slightly changed, he stopped and said nothing, but his eyes were even colder, staring at the land and said: "Boy, the Dragon's Pill Pool opens every year. Only the most talented person can enter. I have been here for thousands of years. The dragon has the highest talent, what are your qualifications to enter?"

"Dragon pulp pool?"

Lu Ming moved.

Did Zulong keep him waiting for a few months, just to let him enter the dragon's pond?

Most likely, otherwise this young dragon will not target him like that.

"Who does Senior Zulong let go in, naturally has his reason!"

Lu Ming said.

"You mean, your talent is better than me?"

The young man spoke indifferently, with cold light flashing in his eyes.

Lu Ming smiled and did not answer, but the meaning was self-evident.

"Hahaha, okay, okay, in front of me, there are people who are so confident, then I have to try, what the **** are you doing, and now, I challenge you, get rid of it!"

Ao Chao laughed anxiously, a strong breath filled his body.

Six Star Great Emperor!

This awful cultivation practice is really amazing.

Of course, the time for Ao Chao to practice is not too short, Lu Ming speculates that he has practiced for at least thousands of years.

In fact, Ao Chao has been practicing for more than 5,000 years.

It is also extremely rare to be able to cultivate as a six-star emperor within five thousand years.

Even if it is placed on the Longevity List of Interracial, it can be ranked in the forefront.

This is definitely a rare genius, no wonder so confident.

On the side, the two old dragons and the middle-aged man looked blankly, without any intention to stop.

"You, not my opponent!"

Lu Ming shook his head slightly.

With his current cultivation practice, the Six-Star Emperor, he really can't take much interest.

He was telling the truth, but Ao Chao was completely exploded.

"It's a big talk, I want to see you, how many pounds are there!"

Ao Chao was furious, stepping on his foot, running like a thunder, rushing towards the landing Ming, bending his claws, and grabbing Lu Ming.

Grabbed out with one claw, the void burst, amazingly powerful.

"Ancient Demon Road!"

In Lu Ming's heart, this chaos, cultivation system is not illegal, but Taikoo Yaodao.

call out!

Lu Ming pointed his finger like a sword, spurting it out, piercing the opponent's claw like a true peerless sword, as fast as lightning, peerless and sharp.

bump!

Lu Ming's fingers collided with Ao Chao's claws, and there was a violent roar. Ao Chao's body shook like an electric shock and flew backwards.

"Archaic sports training!"

Ao Chao's face was a bit gloomy.

Lu Ming just used the power of the physical body just now. He thought that Lu Ming was pure physical repair.

Roar!

A sound of Longyin shook the sky, and Ao Chao turned into a real dragon, with a meandering body, dragon claws stepping into the air, and rushed towards the landing.

Five dragon claws stepped down to the landing continuously, and the dragon claws were covered with a terrible demon power.

Turned into the body of a real dragon, Ao Chao's combat power rose to its peak.

Lu Ming looked slightly cold.

He is already merciful, but the other party doesn't know how to advance and retreat, so don't blame him for the heavy hand.

Uh!

Lu Ming's muscles shook, his body burst out, and his fists waved continuously.

bump! bump! ...

Lu Ming's fist continuously collided with Ao Chao's dragon claws, and every time he collided, Ao Chao shook all over and backed up again and again.

After more than ten consecutive moves, Ao Chao retreated more than 100 miles, completely crushed by Lu Ming.

"Good physical body, this person has cultivated the physical body to the peak of the emperor!"

On the side, the middle-aged big man whispered, his face gloomy.

Ao Chao is one of his nephews.

But at this time, Lu Ming broke into a storm, grabbed a dragon claw of Ao Chao, and sprang up and smashed it towards the ground.

Roar!

Ao chaos shouted and struggled, but it didn't help, and was caught by Lu Ming. He couldn't help himself.

Chapter 2446: Show strength

"stop!"

On the side, the middle-aged man roared, his body burst out, and he grabbed Lu Ming with a paw.

The terrible force squeezed towards the landing.

Obviously, this person is a strong man in the realm of heaven.

Lu Ming's complexion changed, throwing Ao Chao out, his body retreating wildly, avoiding the attack of the middle-aged man.

"Six Uncle, teach me to teach him, teach me to teach him fiercely!"

Ao Chao stabilized his body and shouted.

The middle-aged man looked at Lu Ming and said, "The younger brother looks younger, but he is so advanced. I really admire it. I am also pleased. How about the younger brother to accompany me?"

"Ha ha!"

Lu Ming sneered, hit the small one, and the old one came out.

He just revealed the power of the flesh, and the realm shown is the pinnacle emperor.

The middle-aged man is a heavenly emperor. Although he is a one-star heavenly emperor, he is far above the pinnacle emperor. Now Lu Ming is asked to accompany him for a few tricks.

However, if only one star and one emperor, Lu Ming would be afraid?

Lu Ming's mouth twitched with an inexplicable smile and nodded: "Okay, the seniors are invited, how dare the juniors not follow?"

"accepted?"

The middle-aged man, as well as the two old men, were shocked.

They originally thought that Lu Ming would not dare to fight, and then retreated due to difficulties, voluntarily gave up entering the dragon's pond. Unexpectedly, Lu Ming actually agreed.

In the middle of the middle-aged man's eyes, a flash of cold light flashed, then he took this opportunity to teach Lu Ming a good lesson.

Lu Ming is the person Zulong fancy, he naturally dare not kill Lu Ming, but a lesson is no problem.

"Haha, the little brother is really brave Lingyun, then pay attention!"

The middle-aged big man smiled and stepped out abruptly, his body rushed towards Landing Ming, the speed was astonishingly fast, and then grabbed Landing Ming with a paw.

In this claw, he has used eight layers of skill to deal with a peak emperor.

boom!

Lu Ming, also punched out, hit the middle-aged man.

"It's a stunned head who dared to carry him head-on!"

The middle-aged man scorned in his heart.

A pinnacle great emperor, dare to carry a heavenly emperor hard, is it not stupid?

bump!

The two attacked and collided together.

At this moment, Lu Ming's fist radiated a bright purple gold.

The way to dominate!

The moment when the two met, Lu Ming broke out to dominate.

The middle-aged man's complexion instantly changed, and his eyes popped out, revealing a shocked look.

At this moment, he felt a terrifying power, surging towards him. At the critical moment, he exploded his full strength, but it was too late.

With a violent roar, the middle-aged man's body was like a broken sack. He flew out and flew thousands of miles before he stabilized his body, and a mouthful of blood spewed out, and one of his arms was already bent. It looks like.

What?

On the side, Ao Chao, and two old men, were stunned.

one move!

Lu Ming actually used only one trick to fly the middle-aged man out of the air, vomiting blood.

Middle-aged man, but a god.

Several people's minds couldn't turn at once.

Lu Ming did not have any surprises. He now has the power to dominate, enough to suppress or even kill a one-star Heavenly Emperor, and just now, under the care of a middle-aged man, he is naturally not Lu Ming's opponent.

Roar!

The middle-aged big man roared, his body turned into a real dragon, and the vast dragon's power spread out, slamming toward the landing.

He didn't believe it. He broke out with all his strength and could not win Lu Ming.

Lu Ming's cultivation practice is clearly only the emperor's realm.

The huge dragon body flew to Lu Ming's head in an instant.

"Really looking for abuse!"

Lu Ming spoke indifferently, shrouded in purple and gold light, like a **** dominating the world.

Uh!

He turned into a purple-golden light, rushing towards the other side, at the same time, the purple-golden light condensed into a spear.

This is a spear that is condensed from the way of domination. It is solid, immortal and indestructible.

boom!

Lu Ming took a shot and pulled it out.

This gun is not only the power of the dominating way, but also the power of the flesh.

The middle-aged big man roared, and the dragon horn on the faucet exuded a radiant brilliance, bursting out two divine lights, like a heavenly sword, slashing towards Lu Ming.

At the same time, his dragon claws continuously grabbed, converged into a golden dragon claw, and grabbed Lu Ming.

Several kinds of attacks broke out at the same time, and the middle-aged man had already exerted his full strength.

However, his face changed when his attack collided with Lu Ming's lance.

His attack collapsed continuously, and Lu Ming's spear, destructive and decayed, defeated his attack and pumped towards him.

The dragon body of the middle-aged man shrank sharply and receded madly, but Lu Ming's attack could not be avoided at all, and Lu Ming's long gun was pumped around his waist.

The middle-aged man screamed, his body was pumped tens of thousands of miles away, smashed into a barren mountain, and the smoke was filled.

Hiss...

Ao chao, and two old men, took a breath.

This time, the middle-aged man could be said to have exploded with all his strength, but Lu Ming was still shot in one shot, completely crushed.

This young man, where he came from, is amazing.

It was half loud before they reacted.

"It's just for discussion, you are too heavy to start!"

One of the old men said coldly.

"Not dead again!"

Lu Ming flicked his lips, not thinking.

"you..."

The old man had a somber face.

"All right!"

At this moment, a voice rang out, the voice of Zulong, came from the palace, and then, a figure appeared in the air.

This figure is not an entity, but a projection of Zulong.

"See Ancestor!"

Ao chaos, the two old men's complexion changed, and got up to salute.

"Lu Ming is the person I like. Do you have any objections to my decision?"

Zulong swept Ao Chao and glanced at the two old men.

The three men's faces changed wildly, and they quickly bowed their heads and said, "Dare not, dare not!"

"Then I doubt my eyes on people?"

Zulong said again.

"No, ancestors, no, ancestors are so bright!"

The two old men said quickly.

Ao Chao did not dare to say anything.

If Lu Ming is really a waste, he has to fight for anything for the Dragon's Heart Pool, but now Lu Ming's strength is really amazing. Don't say, it's terrifying that a heavenly emperor was killed by Lu Ming.

"I tell you that it has been less than two hundred years since Lu Ming practiced!"

Zulong said again.

"Wh... what? Less than two hundred years?"

This time, Ao Chao and the two elders were almost scared to death.

They will never doubt that Zulong will use this to deceive them.

God, if you practice less than two hundred years, you can crush a heavenly emperor. What kind of monster is this?

There is such a person in the world?

No wonder Zulong chose Lu Ming to let him enter the dragon's pith pool. Now, Ao Chaofu is obedient and does not dare to put one.

Compared with Lu Ming, he is just rubbish.

Chapter 2447: Emperor

"Lu Ming? Lu Ming? Isn't that Lu Ming who is known as the celestial realm for more than 100 years, the first generation of the younger generation of the Yuan realm, the one who became the emperor by various laws?"

One of the old men whispered, and suddenly his face changed, remembering something.

"Not bad!"

Zulong nodded.

"It's him, it's him!"

Ao Chao, the two old men, were shocked.

"You have no objections, just leave!"

Zulong waved his hand.

"Yes!"

The two old men and Ao Chao bowed and bowed for a ceremony, then retreated, flew tens of thousands of miles away, picked up the middle-aged man, and quickly left.

"Lu Ming, come with me!"

Zulong smiled slightly, then turned and flew to the right.

Lu Ming touched his nose and smiled bitterly. He estimated that Zulong had known about the previous situation, but he did not show up deliberately, that is, to let Lu Ming take action, let Lu Ming show his strength, so as not to be dissatisfied by Ao Chao and others.

Following Zulong, circling east and west, came to a valley. At the mouth of the valley, there was a layer of light curtain, which was obviously blocked by a large array.

Zu Long waved his hand, the large array opened, and Lu Ming walked in.

In the valley, there is a vortex.

"Lu Ming, you go in. After the vortex, there is the dragon's pond. There is the essence of the dragon's pulp born naturally in heaven and earth. It is only opened once every ten thousand years. You absorb

the essence of the dragon's pulp. It is enough to bring your body closer and reach the emperor. territory!"

Zulong Road.

"Can I make my flesh break through the realm of heaven?"

Lu Ming was taken aback.

This is remarkable.

He is now practicing the Seventh God Xuan Gong to the end of the fifth level, and he wants to reach the sixth level. If there is no top-level treasure, he will cultivate slowly on his own, even if Lu Ming is extremely talented, without thousands of years of cultivation, I am afraid Difficult to break through.

But now I can make a breakthrough with the dragon pulp pool, which shows that the value of the dragon pulp pool is high. No wonder that Ao Chao is looking for Lu Ming's trouble.

"Thank you senior!"

Lu Ming solemnly saluted Zulong.

"No need to say thanks. The situation is urgent now. The sacred ancestor is not dead. Although there is only a blood line left, Mo Ke will definitely find a way to restore him. Also, that place is about to open, you are Now the only variable, we must increase our strength as soon as possible!"

Zu Longdao, his eyes full of this worry.

"That place is about to open? The only variable?"

Lu Ming was puzzled.

What do these mean?

Also, what was the "open sky" that the holy ancestor of the alien race said?

Lu Ming found that as his cultivation practice improved, he knew more and more, but he did not know more and more.

This world seems to have many secrets that he does not understand.

But Zulong obviously didn't want to say more, "Go in!"

"Yes!"

Lu Ming nodded, then stepped forward and entered the vortex.

The next moment, Lu Ming appeared in a wonderful place.

This is an underground cave, very wide, and Lu Ming heard the sound of dragon chanting as soon as he entered.

"this is..."

Lu Ming looked at this underground cave and found an extremely wonderful scene.

The walls of this cave are covered with dragon-shaped traces. These traces are not like artificial carvings, but are more like natural generations and lifelike.

Also, around the cave, the growth of some spirit grass, holy medicine, etc., are all in the shape of a dragon, like a small real dragon, crawling everywhere.

In the middle of the cave, there is a small pool with some golden liquid in it, and the sound of dragon chanting came from the pool.

Lu Ming took a look and found that there were nine golden real dragons in the pond swimming around.

No, it is not really a real dragon, but the essence formed by the condensed energy, which is full of extremes.

"Wonderful, really wonderful, dragon's pond, formed naturally by heaven and earth, nature is really wonderful!"

Lu Ming sighed, then took off his clothes and entered the dragon pulp pool, sitting cross-legged. The water in the dragon pulp pool just happened to be above Lu Ming's head.

As soon as Lu Ming entered the dragon pulp pool, the water in the pool turned into tiny real dragons, and he desperately drilled into Lu Ming's body.

Immediately, Lu Ming began to run the "Seven Gods Xuan Gong", began to absorb the energy in the dragon's pulp pool, and refine the flesh.

The energy in the dragon pulp pool was absorbed by Lu Ming and penetrated into all parts of Lu Ming's body. In every cell, Lu Ming's flesh was rapidly promoted, at least hundreds of times faster than usual practice.

Lu Ming cultivated wholeheartedly, forgetting everything, forgetting time, leaving everything behind, and practicing wholeheartedly.

Time flies, time passes day by day, January and month pass.

The water in the dragon's pond is also declining slowly.

In a flash, it was three years.

Roar!

Suddenly, a dragon chant came out from Lu Ming's body, and then, from his body, there were sounds of bone shaking.

The vibration sound became stronger and stronger, and Lu Ming's breath became stronger and stronger.

boom!

Finally, a burst broke out.

A breath of terror filled the cave.

Heaven Emperor, this is the coercion of Heaven Emperor.

Lu Ming finally made a breakthrough, breaking "The Seven Gods Xuan Gong" to the sixth level.

Lu Ming's physical strength has completely reached the Heavenly Emperor Realm. Now, Lu Ming's physical strength alone can suppress the general One Star Heavenly Emperor.

In addition to the power of the dominating way, Lu Ming's strength has skyrocketed.

Then, Lu Ming continued to practice for two months, consolidating his cultivation behavior before ending the cultivation.

call!

Lu Ming took a long breath, his lungs agitated, and there was a sound of a dragon in his throat.

"I am really destined to the dragon!"

Lu Ming smiled, then got up and felt the situation in his body.

The whole body is full of the power to destroy the world, and the blood is surging like a river, surging.

Heaven Emperor Realm!

After more than a hundred years of cultivation, Lu Ming finally entered the Emperor's Realm, but it was the way of physical cultivation, and he took the lead in entering.

"I don't know how long it has passed!"

Lu Ming whispered and then left here.

When he walked out of the vortex, the light and shadow flashed in the sky, and the projection of Zulong appeared.

"It seems to have broken through!"

Zulong smiled.

"Thank you senior!"

Lu Ming clenched his fists and asked, "Senior, I don't know how long I have practiced!"

"Three years!"

Zulong Road.

"Has it been three years?"

Lu Ming whispered.

"Did you really want to leave? Go! If something happens, I will find you!"

Zulong Road.

"Yes!"

Lu Ming nodded, he was indeed heart-shaped, and wanted to go back and take a look to see what is happening now.

Immediately, Lu Ming followed Zulong and left here, and then Lu Ming went to Xuan Feng and Xuan Xiang and left them, saying goodbye to them. Lu Ming came to a nearby ancient city and took the teleportation array, leaving Zulong Nest.

After leaving Zulong's Nest, Lu Ming appeared in the northern part of Taiqing Heavenly Territory, and then Lu Ming took another teleportation array and headed towards the Two Realms.

Two days later, Lu Ming returned to the Two Realms.

Chapter 2448: Offensive Interracial

Upon returning to the Two Realms City, Lu Ming found Hengyu Heaven Realm for the first time.

"Lu Ming!"

Emperor Hengyu saw Lu Ming with surprise.

More than a hundred years ago, Lu Ming was captured by aliens. Many people believed that Lu Ming was far less fierce. He had never expected that Lu Ming would suddenly appear in the two worlds after more than 100 years.

"Lu Ming, how did you come back?"

Emperor Hengyu's excited voice shivered a little.

Lu Ming was quite touched, and simply talked about these years.

"Sacred Ancestor of the Heart, Ancestral Alien, Zulong..."

Emperor Hengyu was shocked and seemed to be digesting this information.

In Heaven Realm, there are many Heavenly Emperors who don't know the existence of Zulong. This is the case with Hengyu Heavenly Emperor. At this moment, he knows so many secrets and naturally needs to digest it.

Emperor Hengyu was shocked in his heart. Unexpectedly, Lu Ming experienced so much in Evil God Realm, which can be described as magnificent.

"Lu Ming, have you broken through the realm of heaven?"

Emperor Hengyu looked at Lu Ming for a while, and felt that Lu Ming's body was full of blood, and his eyes widened.

"The flesh broke through, and Xinzi got help from Senior Zulong, otherwise it would take at least a thousand years!"

Lu Ming said.

"Okay, okay, okay!"

Emperor Hengyu said a few good words.

"Senior, what is the situation now?"

Lu Ming asked.

"Three years ago, a large number of strong people suddenly appeared in my Celestial Realm. They came to the Two Realms and battled on another battlefield. They claimed to be the people in the prison world. !"

"With the joining of the masters of the Prison Realm, I have greatly increased the combat power of the Celestial Realm. In recent years, the aliens have no idea what is going on. Out of the city, to the alien military camp opposite the battlefield, there are still large forces attacking there!"

Emperor Hengyu explained.

"Aliens turned into defenses?"

Lu Ming was slightly surprised.

It stands to reason that even if there is the addition of the prison realm on the side of the heaven, the overall strength is not as good as that of the aliens, and it is still worse than the aliens.

The aliens will not shrink to defend.

"Does the aliens want to save their strength and wait for the holy ancestor to recover, and then launch a general attack?"

Lu Ming couldn't help moving, thinking of this possibility, his eyes deepened.

This possibility is the biggest.

"Lu Ming, some of your friends are now following the army and attacking aliens. They want to catch an important person in the other party and ask for your news!"

Emperor Hengyu said.

"my friend..."

A movement in Lu Ming's heart, it may be Dandan, bubble them.

"Senior, let me see!"

Lu Ming said.

"Well, be careful, come with me!"

Emperor Hengyu said, after he finished, he flew towards the city wall.

"That's... Lu Ming?"

"Wo Nest, who do I see? Lu Ming?"

"Lu Ming was not captured by aliens, how did he appear here?"

"Is everything rumored?"

Along the way, those who saw Lu Ming were stunned and gaped.

More than a hundred years ago, Lu Ming was captured by aliens and caused a great shock in Taiqing Tianyu.

Lu Ming's talent is too high, and he has high hopes from many people. He did not expect to be taken away by aliens, which is a huge loss.

Many people think that Lu Ming was captured by aliens, and it took more than a hundred years to go. Most of them were fierce and unlucky. Unexpectedly, Lu Ming would appear in the Two Realms.

Coming to the city wall, Emperor Hengyu opened the formation and Lu Ming flew out.

After flying out of the Two Realms, Lu Ming erupted directly and flew towards the opposite side of the battlefield. The speed was amazing, and the void continued to burst.

"It's fast!"

Those who saw Lu Ming's speed, stunned with shock, and in the blink of an eye, Lu Ming disappeared into everyone's field of vision.

At Lu Ming's current speed, it was too fast. Soon after, a barracks that could not be seen at a glance appeared in front of him. At this time, he was fighting.

From the side of the heaven, actively attacking and attacking the barracks of foreign races, the two sides are fighting very fiercely.

At this time, an army of aliens was attacked by an army of heaven.

The commander-in-chief of this celestial army is exactly Dandan.

Dandan's cultivation practice in that year reached the peak of the emperor. After more than 100 years of cultivation, Dandan also successfully broke through and reached the heavenly emperor realm.

Followed by Dandan, there are Bubble, Huang Ling, Long Chen, Ouyang Wushuang and others.

More than 100 years have passed, and everyone's cultivation has made great progress, most of them have entered the real emperor realm.

In addition, there are some other masters of Celestial Realm.

"kill!"

Once roaring, it turned into a giant tortoise and fought against an alien emperor.

The two men fought extremely fiercely, but obviously they were stronger, and the other was not an opponent at all.

"There is an alien prince in this barracks. He must be caught and asked about Lu Ming's whereabouts. He can even exchange him for Lu Ming!"

Diandan spread the voice to everyone.

When Lu Ming was arrested, the other party had swallowed and could not hurt Lu Ming's life. Therefore, they still had expectations, hoping that they wouldn't die.

Bubbles and others, launched a fierce attack.

The cultivation of the bubble has also entered the realm of the emperor, and reached the emperor of Samsung. Now, the bubble controls the avenue. For the use of time and space, it is even more prosperous.

Her body flickered, and a large number of aliens were imprisoned, some of them were weak, and they were directly turned back in time, degraded to a weaker period, and were easily killed.

Even the same emperor, as long as the cultivation base does not exceed the bubble too much, it is hard to escape.

Deep in the barracks, there was an alien with purple hair, looking indifferently.

This person was actually an acquaintance of Lu Ming, the alien prince Motian Luo.

"Lu Ming's friend? See how you die?"

Motian Luo sneered, and then gave a voice to the emperor who fought against Dandan.

The Emperor of Heaven suddenly and Dandan banged a few tricks and pulled back.

"Withdraw, protect the prince!"

The alien Emperor shouted and retreated crazy.

"Want to leave, leave me!"

Dang Dan chased, but the other party's speed was also very fast, retreated to Mo Tian Luo, with Mo Tian Luo back quickly.

Once they rushed, they killed a large number of aliens along the way.

"Stop!"

Suddenly, he stopped.

"Why don't you keep chasing?"

Some people are puzzled.

"Be careful, the other party seems to deliberately lead us to this side. If there is a trap, it will be troublesome. Let's go back!"

After all, he has lived a long time and thoughtful.

The others nodded.

Immediately, instead of chasing, they retreated backward.

In front of him, Mo Tian Luo also stopped, his eyes cold.

"Don't chase? It's quite meticulous, but thought it would work? Kill me!"

Motian Luo shouted.

Uh! Uh! ...

With the roar of Motian Luo, under the ground, it suddenly exploded and flew out a figure, all of them are aliens.

There are two of them, the breath is amazing, they are actually strong in the realm of heaven.

Interracial, there really is an ambush here.

Chapter 2449: Lu Ming

"Go away!"

As soon as his face changed, he shouted.

The crowd flew towards the rear at high speed.

"Want to leave, don't think about it, don't even want to leave today!"

Mo Tianluo's face was extremely fierce. When he knew that these people were Lu Ming's friends, he had already designed it to wipe out Lu Ming's friends.

In Evil God Realm, Lu Ming let him lose his face, he hated Lu Ming.

"Catch up and kill, kill me, don't stay one!"

Demon Roar roared.

"kill!"

Those aliens, chasing them madly towards Dandan, the speed is amazing, especially the powerful three Heavenly Emperor Realms, and they are quickly narrowing the distance between them and Dandan.

Although Dandan is the emperor's realm, other people are not the emperor's realm, and the speed is naturally incomparable to the alien emperor.

"Spacetime..."

The bubble turned into the body, the body became bigger, and the whole body exuded a layer of strange light, covering all people, and everyone felt a sudden increase in speed.

At the same time, Dan Dan appeared after the army, his hands waved continuously, endless runes came out, and entered the space, and huge turtle shells appeared in the air, blocking the front of the aliens.

"broken!"

The three alien heaven emperors first caught up, and a terrible attack broke out.

Despite its strength, Xiuwei is still one-star Heavenly Emperor, while the other party has three, and one, Xiuwei has reached two stars.

Those who can cultivate to the Heavenly Emperor Realm are not peerless and arrogant. It is extremely difficult to fight over the ranks. With the talents of Dan, they can only suppress opponents at the same level at most. If you want to fight over the ranks, you can't do it.

He has one enemy and three opponents. Naturally, he is not an opponent. The turtle shell he condensed is constantly being crushed.

After retreating from battle to battle, the turtle shells are constantly coagulated to buy time for the bubbles.

Everyone was like a stream of light, breaking through the sky, and soon, it flew a distance of tens of thousands of miles.

They came to another barracks, where there was also a large army of heaven, attacking aliens.

Bubbles and others are overjoyed.

"You guys, come and help!"

Ouyang Wushuang shouted.

In this army of heaven, there are also powerful people in Heaven Emperor Realm. Seeing this scene, they just came to help.

However, in the alien military barracks, one by one suddenly flew out strong.

"Want to rescue, dream, and haunt them!"

Those strong aliens, entangled that heavenly army with their lives, and the two sides were inseparable from each other's battles.

"Hahaha, I want others to rescue, don't dream, my Evil God Clan's power is stronger than you, understand? During this period of defense, don't think we are afraid of you!"

Motian Luo laughed.

At this time, the three alien Heavenly Emperors have broken through Dan Dan's attacks, approaching Dan Dan.

"Don't be afraid of you, kill me!"

As soon as he was angry, his mouth spouted out a small tower, which exudes vast coercion.

Heavenly soldiers!

At that time on the Void God Island, Dandan was divided into four Heavenly Dao soldiers, but with Dandan's current cultivation practice, he can only control at most one Heavenly Dao soldier.

"It's Heavenly Dao soldiers, spread out!"

The faces of the three alien emperors changed and dispersed.

boom!

The Heavenly Dao soldiers shook and blasted forward. The two-star Heavenly Emperor rushed directly over, brandishing a battle axe and being heavily bombarded with the Heavenly Dao soldiers.

With a violent shock, the alien two-star Heavenly Emperor retreated back and forth, and the small tower was also flew back.

Dandan is a one-star Heavenly Emperor, manipulating Heavenly Dao soldiers, enough to leapfrog and fight against two-star Heavenly Emperor.

Uh! Uh!

At this time, the other two alien emperors flew towards the bubbles.

As soon as his face changed, he bubbled them, but there was no Heavenly Emperor, and he was not an opponent of Heavenly Emperor at all. If he was rushed by Heavenly Emperor, the consequences would be disastrous.

Once he gritted his teeth, he controlled the Heavenly Dao soldiers and blasted towards the two Heavenly Emperors.

"Your opponent is me!"

The alien two-star Heavenly Emperor sneered, rushed over again, brandished a battle axe, killed Xiang Dandan, and Dan Dan had no choice but to control the Tiandao soldiers and bombard each other.

Taking Dandan's cultivation practice as an example, even if he controls Tiandao soldiers, he can only resist one two-star heavenly emperor at most, and the other two one-star heavenly emperors can't stop him.

"No good, you run away, run away!"

Shouting, now one can escape one by one.

"Want to leave, don't even want to go!"

An alien emperor sneered at a very fast speed, and immediately caught up with them, and took a palm shot.

"Block it!"

In the army, there was an old man shouting, and the practice of the peak emperor broke out, and he exploded into the alien emperor.

In addition, there are more than a dozen masters, all of them also shot, rushed to this emperor together.

These dozens of masters are all high-level emperors, and they are the elite of this army.

boom!

The attacks of the two sides collided together, but after all, Heavenly Emperor is Heavenly Emperor. More than a dozen high-level emperors joined forces, and they are far from Heavenly Emperor's opponents.

On the side of heaven, dozens of high-level emperors threw their bodies violently, spit blood, and flew backward.

In particular, several of them were weak, but their bodies burst apart and fell on the spot.

At this time, another alien emperor was already near Bubble, Phoenix Spirit, Dragon Chen, Ouyang Wushuang and others.

"Fight!"

"Fight with him!"

Ouyang Wushuang, Long Chen and others were red-eyed and showed their full strength, even if they died, they would die.

call out!

At this moment, a distant purple light flew towards this side.

Quick, too fast!

In a blink of an eye, the purple-golden light flew over. This is a purple-golden spear. It was extremely sharp and stabbed at the alien emperor. It was terrifying.

The face of the alien Heaven Emperor changed, feeling a crisis, roaring, struggling to make a move and bombarding the purple-golden spear.

boom!

A tremendous explosion exploded, and the purple-gold spear burst, and the alien emperor violently shook his body backwards, one withdrew hundreds of miles, and the palm of his hand kept shaking, bleeding out.

"saved!"

Bubble, Ouyang Wushuang, Longchen, Huang Ling, they are overjoyed.

It seems that a predecessor of Heaven Realm arrived.

"Who?"

The alien emperor roared.

"The one who killed you!"

An indifferent voice sounded, and then, the purple gold flashed, and a figure suddenly emerged from the void.

"Lu...Lu Ming?"

"Lu Ming, Lu Ming!"

After seeing this figure, Huang Ling, Ouyang Wushuang and others were stunned first, showing an incredible expression, and then ecstatic.

It was actually Lu Ming. They were here and they saw Lu Ming.

Wasn't Lu Ming arrested in Evil God Realm? How did it appear here?

They also want to catch an important person in the other party and inquire about Lu Ming's news?

All this is really unexpected.

So, Lu Ming saved them just now?

Thinking of this, their hearts are even more shocked!

The gun just now drove a Heavenly Emperor back and wounded him.

"Brother Lu Ming!"

The bubble cried in surprise.

"Hahaha, Lu Ming, you kid, you know you are all right, hahaha!"

Dandan laughed even more.

Chapter 2450: Kill the Emperor

Lu Ming glanced at everyone and found everyone okay, secretly relieved.

"Lu Ming, it's you!"

Not far away, Mo Tianluo's eyes were extremely cold, full of gritty murderous opportunities, staring at the land.

After the war in the prison prison world, and then the entire prison prison world disappeared, Mo Tianluo naturally knew that. The people in the prison prison world came to the heaven realm, and he knew it long ago.

"Mo Tianluo, it's really a coincidence, I will send you on the road today!"

Lu Ming spoke indifferently.

"Hahaha, a big tone, kill me!"

Mo Tianluo shouted and called to kill Lu Ming.

Although Lu Ming has a strong combat power, he can even overpower the first prince, but there are several emperors here. Today, he wants Lu Ming to die here.

"kill!"

"kill!"

The two One-Star Emperors shouted and rushed towards the landing.

"Lu Ming, be careful!"

Huang Ling and others could not help exclaiming.

But Lu Ming's eyes were calm, and there was a sneer in the corner of his mouth, a purple-gold radiance filled his body, and a purple-gold spear condensed.

Buzz!

His muscles vibrated and his body rushed towards one of the Xingtian Emperors, the speed of which was extremely fast.

Now Lu Ming's flesh has broken through to Heaven Emperor Realm, and his muscles can vibrate for ten billion times in an instant. Wherever he passed, the void seemed to become a black hole, and everything was shattered.

boom!

The spear swept out, sweeping towards the one-star God.

"this is..."

Lu Ming swept it out, and the alien Emperor had a terrifying feeling, as if to be crushed by this gun.

He shouted hysterically and exploded desperately, trying to stop it, but everything was in vain.

bump!

The body of the alien Emperor, like a sandbag, was smashed and shattered into fine debris, flying around.

Everyone's eyes widened uncontrollably.

Not only Dandan, Bubble, Phoenix Spirit and others, but also a Celestial Army in the distance, are fighting against aliens, and so is the same at this moment, shock is beyond reproach.

That was a heavenly emperor, who was directly killed by Lu Ming and exploded in the air. This impact is too strong.

Demon Luo was shocked and stunned.

A few years ago, in the Evil God Realm, Lu Ming challenged the Longevity List. At that time, although the combat strength was strong, it was only a little stronger than the first prince. Although the vertical and horizontal emperors were invincible, they still had a gap compared to the heavenly emperor.

But now how long has it passed, Lu Ming was able to explode a Heavenly Emperor with one shot. This kind of combat power was too scary, and the promotion was too fast, which scared him.

At this moment, another alien emperor, almost scared alive to death, reacted and retreated crazy.

"Now I want to go, late!"

Lu Ming spoke indifferently, his muscles shook, his body burst away, and after a few breaths, he caught up with the alien.

"help me!"

The alien Emperor shouted and rushed towards the Two-Star Emperor.

He wanted the two-star Heavenly Emperor to save him, but Dandan fully controlled the Heavenly Dao soldiers, constantly bombarding each other, making it difficult for the other party to have a chance to help.

Lu Ming had already been killed, and the spear swept out, covering a thousand miles.

The alien Heavenly Emperor avoided unavoidably, let out a desperate roar, struggling to fight back.

But his cultivation practice was only one star heavenly emperor. How to stop Lu Ming's attack, the long gun swept through, he stepped into the footsteps of the previous alien and was hit in the air.

Lu Ming flashed away and put away the other party's storage bracelet.

"Run, run, run!"

When Lu Ming was killing the alien, Mo Tianluo had run back crazy.

The other large army of aliens flee wildly with him.

"You stop him for me, stop him for this prince, have you heard it!"

Mo Tianluo ordered his men.

But no one listened to him, made a joke, stopped to stop Lu Ming, it was a dead end, who was so stupid.

And at this time, Lu Ming chased to Demon Luo.

Mo Tian Luo almost cried and shouted wildly: "Stop him, stop him, you dare to disobey the order of this prince, I will kill you all, I will destroy your nine races..."

However, other interracial races run faster than him.

"No one seems to help you!"

A cold voice sounded behind Mo Tianluo.

Mo Tianluo jumped up in shock.

"Lu Ming, Rao Ming..."

Mo Tianluo screamed, the already terrified Six Gods had no masters, and did not dare to resist.

"You want to kill me twice, want to kill my friends, spare you, is it possible?"

Lu Ming sneered, the spear shocked, the power of terror, crushed to Mo Tian Luo, Mo Tian Luo screamed, his body turned into powder, and it fell.

boom!

At this moment, the two-star Heavenly Emperor desperately fought against Dandan and took a chance to escape.

"Don't want to go!"

Roaring every day, manipulating the Heavenly Dao soldiers, desperately chasing toward the other party, and above the Heavenly Dao soldiers, bursting out a powerful light, blasting towards the other side.

And Lu Ming also showed the speed to the extreme, chasing each other.

"Kill, kill all aliens!"

At this time, Bubble, Ouyang Wushuang and others, with a large army, chased and killed those who have escaped.

Lu Ming's speed is extremely fast, and the two-star Heavenly Emperor was bitten tightly by Dan Dan, and the speed was difficult to fully unfold. Soon, Lu Ming was approached.

call out!

Lu Ming threw out the spear condensed from the dominating way in his hand and shot it at the alien two-star Heavenly Emperor, the speed was extremely fast.

In the third eye of the alien two-star Heavenly Emperor, a burst of destruction light burst out and collided with Lu Ming's spear. Although blocked, his figure was stagnation.

As a result, Dandan took the opportunity to catch up and control the Heavenly Dao soldiers. The small tower turned into a giant tower, exuding vast Heavenly Dao pressure, and suppressed towards the other party.

In Lu Ming's hands, there was the Great Waste Gun.

Now, Lu Ming's physical body has reached the Heaven Emperor Realm, which can fully inspire the power of the Heavenly Dao soldiers.

Lu Ming's palms and muscles were shaken and transmitted to the Great Wilderness Gun. The Great Wilderness Gun also shook violently.

call out!

When Lu Ming arrived, Dahuang Gun burst out.

The alien two-star Heavenly Emperor, blocking Dandan's attack, holding a giant axe, split towards Lu Ming.

when!

With a deafening roar, the alien two-star Tiandi shook his body frantically, receding wildly, and spit out blood in his mouth.

One stroke, he was injured.

In addition, a crack appeared in the battle axe in his hand.

The two-star Tiandi is indeed much stronger than the one-star Tiandi.

However, he does not have Heavenly Dao soldiers, and now Lu Ming, even with his flesh and manipulating the Great Waste Gun, is enough to fight against a two-star Heavenly Emperor, plus the way of Domination, Lu Ming's combat power is completely in the two Star Heavenly Emperor on.

"kill!"

Lu Ming Changxiao, once again killed the past.

At the same time, Dandan also manipulated Heavenly Dao soldiers and killed the past.

After being besieged by Lu Ming and Dan Dan, the opponent is even more invincible, and even if he does his best, it will not help.

Reluctantly resisted a few strokes, Lu Ming was shot in the body, almost pulled his body into two pieces, and then he controlled the Tiandao soldiers to suppress it and completely killed the person.
