D Emperor 2451

Chapter 2451: grandfather

The alien two-star Heavenly Emperor was beheaded, and the three alien Heavenly Emperors fell completely.

Bubbles and others, with a large army chasing and killing aliens for a while, beheading and killing a large number of aliens, and the remaining aliens escaped.

"Lu Ming, amazing, I didn't expect to be surpassed by you again!"

Dan Lu looked at Lu Ming with a depressed look on his face.

"Hey, it is not normal to be surpassed by me. Who am I, the invincible Tianjiao!"

In front of Dandan, Lu Ming's face was thicker than him.

Sure enough, Dandan was even more upset, revealing a shocked look.

"Go, we continue to kill the enemy!"

Lu Ming arrived and looked at the alien barracks in the distance.

There, a large army in the realm is fighting against the alien army.

"kill!"

Once he gritted his teeth, he should be depressed for Lu Ming and vent his head on the alien.

Seeing Lu Ming and the two coming over, the aliens were frightened and quickly backed away, retreating into the barracks and starting a large array of resistance.

Lu Ming and the two came outside the barracks.

"See the two emperors!"

In the army of heaven, many people respectfully and respectfully hold their hearts.

Even in this army of heaven, there are some people who are more familiar with Lu Ming. For example, there were two people in the heavenly kingdom at that time.

But at this time, they looked at Lu Ming's eyes, but full of awe.

Obviously, Lu Ming has stepped into Heavenly Emperor, and since then, he has been standing tall.

They want to be the Emperor of Heaven, and do not know how many years it will be and how many things they will experience.

The former opponents have already become Heavenly Emperors, surpassing them too much, their hearts are very complicated.

"You are welcome!"

Lu Ming waved at will.

After saying that, Lu Ming glanced at the barracks of the alien race, and found that most of the aliens, except the large formations, opened and then evacuated to the rear.

"Brother Lu Ming!"

At this time, Bubble and others also flew over, and Bubble directly rushed into Lu Ming's arms.

"Bubble, you grew up!"

Lu Ming touched the little head of the bubble.

I haven’t seen it for more than 100 years, and the bubble has finally grown up. It looks like a little girl who is seven or eight years old, even more cute.

"Of course!"

The bubble grunted and blushed.

"We will leave here first and return to the Two Realms!"

Lu Ming said.

It is believed that what happened here will soon reach its aliens, and by then, there will definitely be stronger aliens.

With Lu Ming's current strength and the Great Waste Gun, even if he encounters the Samsung Emperor, Lu Ming is confident and can protect himself even if he is not defeated.

But it is difficult to protect other people.

If you come to a four-star Heavenly Emperor level peerless powerhouse, he is even difficult to protect himself.

"Okay, go back!"

Dan Dan also nodded.

Including another army, they also intend to return to the Two Realms.

Together, they flew towards the Two Realms. There was no accident on the way. Soon afterwards, they returned safely to the Two Realms.

Friends haven't seen them for many years, naturally there are many topics, Dandan, Bubble, Huang Ling, they are very curious about Lu Ming's experience over the years, and pull down to drink together while chatting.

Lu Ming also gave a brief account of these years of experience, and the audience was thrilled.

During this period, Lu Ming learned that Long Chen had also returned to God's Shortage and was married to Xie Nianlin. Lu Ming was also happy for him.

Some of his grievances with the Xie family, as time passed, he also let go.

Until the next day, all the talents dispersed.

Lu Ming came to a Beyond House and stayed here. He planned to return to Yuanjie in two days and visit his parents.

But after only one day, a group of people like Dandan, Bubble, and Longchen came to the other courtyard where Lu Ming lived.

"Hahaha, Lu Ming, see who brought us!"

Laughing.

"Who!"

Lu Ming smiled and glanced.

Then he saw a young man in the crowd.

It seems that in his twenties, Ji Yuxuan, handsome and extraordinary, is similar to Lu Ming.

"Shenhuang!"

Lu Ming's eyes lit up.

Although more than 100 years have passed, Lu Ming immediately recognized this young man as Lu Shenhuang through his breath.

"father!"

Lu Shenhuang shouted, and his eyes were full of surprises.

Then, Lu Shenhuang took a young woman's little hand and came over.

This woman is very beautiful, no worse than Huang Ling, Qiuyue and others. In her hand, she also holds a little girl, two or three years old, and also has two claw braids.

"father!"

The young woman blinked her big eyes, looked at the landing curiously, and yelled softly.

"Chi'er, Grandpa!"

Lu Shenhuang looked at the little girl.

"Grandpa, Grandpa..."

Cried the little girl with milky voice.

"What?"

Lu Ming gaped, froze there.

Obviously, this young woman is Lu Shenhuang's wife, little girl, and his daughter.

He spared a circle from Evil God Realm, but did not expect that Lu Shenhuang had married a wife and had a daughter.

"Hahaha, Lu Ming, are you stupid!"

Laughing.

"roll!"

Lu Ming scolded Dan Dan, then looked at Lu Shenhuang with a smile on his face, and his smiling face blossomed, saying: "Good, good, good!"

Lu Ming said several times, and his heart was full of warmth.

These are his relatives.

"Shenhuang, what's their name?"

Lu Ming asked.

"Dad, she's called Muwanxuan, this little guy, called Lu Chi!"

Introduction of Lu Shenhuang.

"Okay, okay, Lu Chi, Chi'er, come, let grandpa hug!"

Lu Ming reached out to Lu Chi.

The little girl didn't recognize her life at all, and climbed directly to Lu Ming, rolling in Lu Ming's arms.

Lu Ming carefully used a force of the world to support the landing pool, for fear that she would fall.

"After two years, you can call her to practice!"

Lu Ming laughed and ordered Lu Shenhuang.

"Well, recently laid the foundation for her with elixir and asked her to practice after two years!"

Lu Shenhuang nodded.

"Have you seen your grandparents?"

Lu Ming asked again.

Lu Shenhuang froze a little, then shook his head and said, "No!"

"Tomorrow, go and meet them with me!"

Lu Ming said.

"it is good!"

Lu Ming Shenhuang nodded.

Everyone talked and laughed, and after a while, Dandan and others left consciously.

In the yard, only Lu Ming, Lu Shenhuang, Muwanxuan, and Lu Chi were left.

The little girl was always in Lu Ming's arms and couldn't bear to come out.

"brat..."

Lu Ming smiled, and then his body was filled with this purple-gold light, which enveloped Lu Chi.

This is the power of domination.

Dominating the power, dominating the world, and supreme, Lu Ming will use the dominating power to lay the foundation for Lu Chi and improve his body.

What mysterious power of **** can adjust Lu Chi's body to the best.

Lu Shenhuang and Mu Wanxuan naturally knew what Lu Ming wanted to do, standing quietly on the side without speaking.

The whole day passed before Lu Ming ended.

And Lu Chi's body has undergone earth-shaking changes, becoming pure and scale-free. He will start practicing in the future, and the speed of cultivation will be extremely alarming.

Chapter 2452: I will live up to you in this life

"Shenhuang, your mother, how is it now?"

Lu Ming hesitated and asked.

This is what Lu Ming cares most about.

"Mother is still the same as before!"

Lushen Road.

"Well, when we come back from Yuanjie, we will go find your mother!"

Lu Ming said.

It's time to solve Xie Nianqing's affairs, otherwise, Lu Ming is always worried.

"Go!"

Lu Ming got up and several people of Lu Shenhuang followed, heading toward the passage back to Yuanjie.

Lu Ming had returned to Yuanjie several times and had already been familiar with it. It didn’t take long for Lu Ming to pass through the void channel and return to Yuanshan, Yuanshan.

Yuanjie is still peaceful.

At the beginning, the aliens used the bones of the previous generation of space-time spirit rats to open a channel to the Yuan Realm, but fortunately they were discovered by Lu Ming.

In that battle, Lu Ming was caught, but the Titan beetle, the two strong men of the Nine Life Demon Silkworm arrived, and rescued Dan Dan and Bubble, as well as Tu Yi Lei Yi.

Then pass this news to the heaven.

A large number of strong men were sent from Heaven, guarding the passage.

The aliens seem to know that things cannot be done. In recent years, they have not continued to open up passages, nor have they invaded from there.

Therefore, Yuanjie is still peaceful.

Lu Ming took a few people and flew towards the Emperor City.

At that time, the people of Longshen Valley and Longmeng occupied the original Hengjia and Hejia sites respectively. In the back, Chaos Hall sent some puppet masters to guard the two, making the two solid as a golden soup. These years, stable development and emergence A lot of masters.

The strength of Dragon Valley and Dragon League is steadily improving.

In a huge courtyard, Lu Yuntian and Li Ping are chatting.

Although more than a hundred years have passed, the two have not grown older, but have become younger and younger.

Lu Ming left a lot of resources at that time. Although Li Ping's talent for cultivation was very poor, under the guidance of a lot of resources and some masters of the Great Emperor Realm, Xiu Wei still reached the Emperor Wu Realm.

Emperor Wu could live for 10,000 to 20,000 years, and her face naturally looked very young.

"Hey, Ming'er hasn't returned for more than 100 years. I don't know how it is now?"

Li Ping sighed, eyes full of miss.

"Madam, the young master is going to retreat. I believe that as soon as I get out, I will come back to see you!"

On the edge, Qiuyue Road.

At that time, Lu Ming's aliens did not tell Li Ping and Lu Yuntian that they had been hiding from them, only that Lu Ming was in retreat.

Qiuyue has been with Li Ping and Qiuyue all these years.

"That is, it's really a family of women, you see you are all in the Emperor's Realm, and you don't have any knowledge. How is Minger doing today, it is not normal to retreat for 100 years at a time!"

Lu Yuntian said Li Ping.

"Just your heart is wide!"

Li Ping gave Lu Yuntian a glance.

At this moment, Qiuyue seemed to feel something, looking up at the sky.

The deserted sky suddenly shuddered, and a space crack appeared, and from the inside, several figures emerged.

It was Lu Ming.

Qiuyue froze for a moment, then her body shivered, and tears ran down, and she whispered in her mouth: "Master, Master is back, it's Master..."

Qiuyue, knowing the news that Lu Ming was captured by the alien, she was naturally very worried. At this time, she was not excited when she saw Lu Ming.

Hearing Qiuyue, Li Ping and Lu Yuntian also looked to the sky.

"Naruto..."

The two were also overjoyed.

"Let's go down..."

Lu Ming's face was full of smiles, and then stepped down, fell into the yard, Lu Shenhuang several people followed.

"Dad, mother!"

Lu Ming smiled.

"Naruto, you are finally out of the border..."

Li Ping was also very excited, and said, looking at Lu Shenhuang several people, at first glance, could not help but stunned.

Because Lu Shenhuang and Lu Ming are too similar.

"Naruto, they are..."

Lu Yuntian was also somewhat stunned.

"Cough!"

Lu Ming coughed a few times and introduced: "Dad, mother, this is my son, called Lu Shenhuang, that is Shen Huang's wife, Mu Wanxuan, and, this little guy, Shen Huang's daughter, my granddaughter, Lu Chi!"

"what?"

Li Ping and Lu Yuntian were stunned there.

But only for a moment, the faces of the two were full of smiles.

Unexpectedly, they haven't seen them for more than 100 years. They even have grandchildren. Not only that, grandchildren have married and daughters.

After adding so many descendants at once, the old couple was naturally excited.

"grandparents!"

"grandparents!"

Both Lu Shenhuang and Mu Wanxuan stepped forward to salute Li Ping and Lu Yuntian.

"Grandpa, Grandma..."

The little guy shouted with milk and milk.

"Okay, okay, okay, don't be polite!"

The old couple couldn't help but laugh.

A family, blood is thicker than water, and the familiar nature is very fast. After a while, Li Ping hugs Lu Chi and chats with the wooden bowl. He is very happy.

"Okay, Minger's style, haha!"

Lu Yuntian patted Lu Shenhuang's shoulder and laughed.

The family is happy.

Qiuyue stood aside, eyes full of envy.

How she hoped that she could give birth to Lu Ming.

"Ming'er, God Frenzy is..."

After a while, Li Ping asked Lu Ming.

"It's Nianqing..." Lu Ming said.

"What about her?"

Li Ping asked with concern.

"She has something wrong now, mother, don't worry, it won't take long, I will take her to see you!"

Lu Ming said.

Everyone chatted. Soon after, Lu Yuntian told him to go down and prepare the banquet.

The news of Lu Ming's return was also spread out, attracting the cheers of the Dragon League and the Dragon Valley.

Lu Ming is their backbone, Lu Ming is not there, they always feel uneasy.

There is even a rumor that Lu Ming has fallen. There is always an uneasy atmosphere in the Dragon League and Dragon Valley. Now Lu Ming appears and everyone is naturally happy.

...

At night, the moonlight scattered, and the ground seemed to be covered with hoarfrost.

Outside the Heavenly Emperor City, on a mountain peak, Qiuyue stood still here, looking quietly into the distance.

Hey!

For a long time, Qiuyue sighed softly.

"Qiuyue, what are you sighing for?"

Suddenly, a voice sounded.

Qiuyue was frightened, turned around and saw Lu Ming, looking at her with a smile.

"Young...Master..."

Qiuyue turned red.

Lu Ming went over and took Qiuyue's little hand.

"Qiuyue, thank you!"

Lu Ming said.

Qiuyue's thoughts, how could he not know.

"Master, thank me for what?"

Qiuyue Road.

"Thank you for taking care of my father and mother for so many years!"

Lu Ming said.

"This is what I should do..."

Qiuyue hasn't finished talking yet, her warm lips have been sealed by Lu Ming's lips.

Qiuyue's body shook slowly, and closed her eyes slowly. Two drops of crystal-like tears shed down her white cheeks.

For a long time, lip points.

"Qiuyue, I Lu Ming, I will not let you down in this life!"

Lu Ming's firm voice rang in Qiuyue's ear.

Chapter 2453: Suppress Xie Nianqing

You will live up to you in this life!

This is Lu Ming's oath to Qiuyue!

In the Evil God Realm for more than 100 years, Lu Ming figured out many things.

Some people cannot let down!

Like Qiuyue, she devotes too much to Lu Ming, and she never asks for anything. Will Lu Ming not know and Lu Ming will not be bothered.

"Master, thank you!"

Qiuyue leaned against Lu Ming's arms and hugged the landing tightly, as if he would not let go for a lifetime.

The moonlight sprinkled, pulling the shadows of the two very long and long, as if they were one.

...

This time, Lu Ming stayed in the Heavenly Emperor City for three months. During these three months, Lu Ming did not practice much. He and others, such as Lu Shenhuang, accompanied Li Ping and Lu Yuntian.

Of course, Lu Ming also took the time to preach.

In addition to the Dragon League and the Dragon God Valley, other forces of the Heavenly Emperor City also flocked together to hear Lu Ming preaching.

As soon as Lu Ming said, that kind of breath shocked everyone.

Lu Ming is like a **** dominating the world, explaining the mysteries of the world to the fullest.

God!

Some people speculated that Lu Ming must have reached the Heavenly Emperor Realm, and the Emperor absolutely had no such momentum.

Rumors about Lu Ming being the Emperor of Heaven, walked without a trace and shook the entire city of Emperor Emperor, and then the whole land of Yuanshan was shaken.

And this news spread to other places and the whole Yuanjie at a terrifying speed, and there was a strong wind.

Lu Ming became the emperor, this news, I don't know how many people were shocked.

Lu Ming spent a few months in the Heavenly Emperor City, and then took a few people to the land of Gods and returned to Heaven.

After returning to heaven, he rushed towards the place where Xie Nianqing lived.

For more than a hundred years, Xie Nianqing's place of residence has not changed. It is still that place.

Far away, Lu Ming saw that on a mountain, Xie Nianqing was practicing, and he was covered with a strange layer of black power.

"Peak Emperor!"

Sensing Xie Nianqing's breath, Lu Ming was delighted.

He was afraid that Xie Nianqing's cultivation level was too high. If Xie Nianqing also reached the state of Heavenly Emperor, then he would be more troublesome if he wanted to restrain Xie Nianqing.

Xie Nianqing's cultivation practice was only in the realm of the emperor, and Lu Ming was sure.

"You stand here, don't come over!"

Lu Ming urged Lu Shenhuang a few people, and then stepped forward to Xie Nianqing.

When Lu Ming approached Xie Nianqing for a distance, Xie Nianqing suddenly opened his eyes, his eyes full of cold light.

"Humble ants, it's you, die!"

Xie Nianqing Jiao shouted, his body turned into a black streamer, rushed to the landing Ming.

call out!

As Lu Ming approached, a long sword appeared in Xie Nianqing's hand. One sword was cut out, and a dark sword light slashed towards Lu Ming.

Lu Ming showed his dominance, his palms were filled with purple-gold light, and his palms split.

boom!

Lu Ming's palm collided with Xie Nianqing's Jianguang, and a violent roar erupted.

Xie Nianqing's sword light collapsed, her body shook and she could not help but back two steps.

But Lu Ming's body was also violently shaken, and he stepped back several steps.

"What a terrifying power!"

Lu Ming was shocked.

A collision with Xie Nianqing, she felt Xie Nianqing's power, amazing power, even the power of the master must be torn apart.

Lu Ming's current cultivation practice is that although it is only a one-star emperor, Lu Ming can suppress or even kill a one-star emperor with his mastery alone.

This combat power was actually repelled by Xie Nianqing.

Xie Nianqing's combat strength is also amazing. With the cultivation of the pinnacle emperor, he can completely leapfrog and even kill the emperor.

"kill!"

Xie Nianqing drank and killed Lu Ming again.

In Lu Ming's palm, a spear was condensed and swept towards Xie Nianqing.

Lu Ming did not explode the power of the flesh, and simply battled Xie Nianqing with the power of the dominating way.

boom! boom! ...

The two collided in succession, and in a blink of an eye, they fought dozens of moves.

Lu Ming was shocked to find that he actually fell.

He is not Xie Nianqing's opponent by a dominating way alone.

He could not help being secretly thankful, but fortunately Xie Nianqing did not break through the Heavenly Emperor, otherwise, he really could not suppress Xie Nianqing.

Buzz!

Lu Ming's musculoskeletal vibrations began to explode his physical strength.

The combination of physical strength and dominance, Lu Ming's combat power increased greatly, the spear was shocked, and the power of terror rushed towards Xie Nianqing.

Xie Nianqing's body receded, his face pale.

Lu Ming seized the opportunity and rushed to Xie Nianqing. The spear swept again to Xie Nianqing.

Xie Nianqing drank, and his black light was extremely intense, bursting out a bright sword light, but after the sword light collided with Lu Ming's spear, he was directly defeated.

Xie Nianqing retreated again.

Lu Ming kept up.

In the distance, several people in Lu Shenhuang watched anxiously.

"Relax, Lu Ming won't hurt your mother, it's helping her!"

A figure suddenly appeared beside Lu Shenhuang, but it was Xie Nianjun.

Xie Nianjun's breath was unpredictable in white clothes.

"Ok!"

Lu Shenhuang nodded.

Uh!

Lu Ming rushed to Xie Nianqing, the spear disappeared, turned into a big hand, and caught towards the young.

Xie Nianqing drank it, the black light was more intense, and then turned into a lotus flower, which enveloped Xie Nianqing in the middle.

Lu Ming's big hand was caught on the lotus, but was blocked by the lotus.

This kind of lotus, the defense force is amazing.

"So strong!"

Lu Ming narrowed his eyes, then rushed over, and his fists continued to bombard.

boom! boom! boom!

The lotus flowers around Xie Nianqing's body are roaring continuously, and the lotus flowers are constantly exploding into energy.

"Give me!"

Lu Ming shouted, the power of the dominance permeated the whole body, broke the lotus flowers, and then stretched out his hands to hold Xie Nianqing's slender waist.

"Humble ants, find death!"

Xie Nianqing struggled to resist, the strength was amazing, the shaking Lu Ming's arm numb.

Lu Ming broke out with all his strength, grabbing Xie Nianqing's slim waist, and with the other hand, grabbed Xie Nianqing's two arms, and then dominated the power, constantly pouring into Xie Nianqing's body, suppressing her strength.

The power of **** is indeed very advanced and amazingly powerful, slowly suppressing the power of Xie Nianqing.

Xie Nianqing's resistance is getting smaller and smaller.

"Ant ants, ants, you die..."

Xie Nianqing kept drinking.

"Shut up, wait a minute and see how I conquer you!"

Lu Ming drank coldly.

Anyway, this is not Xie Nianqing, but Xie Nianqing's past memory.

"You guys are waiting here!"

Lu Ming said to Lu Shenhuang, took Xie Nianqing, flew to the distance, came to a secret place, and then entered the mountain and river map.

"What do you want to do?"

Xie Nianqing drank.

"I have Xiaoqing and my children. My husband and wife. What do you want me to do?"

Lu Ming smiled strangely.

Xie Nianqing's face was pale, revealing fear, and shouted: "No, you don't, I won't let you go..."

Hiss!

Lu Ming was too lazy to talk nonsense, directly tore Xie Nianqing's clothes, palms into Xie Nianqing's body, began to walk.

Chapter 2454: Conquer Xie Nianqing

Lu Ming was familiar with the car, and his palm was walking on Xie Nianqing's body. Xie Nianqing's skin was like jade, silky and silky like silk, making Lu Ming's abdomen burst into a wicked fire.

Touched by Lu Ming's palm, Xie Nianqing shook her body, and then struggled violently, but now she was completely controlled by Lu Ming, where she broke free.

"Ant, I will kill you, I will kill you..."

Xie Nianqing kept cursing, but Lu Ming moved faster and faster. Xie Nianqing's clothes turned into pieces, like black butterflies.

Then, Lu Ming's palms along Xie Nianqing's flat abdomen, into the grass below, Xie Nianqing trembling more powerfully, two cheeks flushed blushing.

In the end, she simply closed her eyes.

Lu Ming's attack continued, and finally, the two bodies were superimposed together. With Xie Nianqing humming, Lu Ming entered Xie Nianqing's body.

At this moment, Xie Nianqing shivered suddenly, then whispered: "Lu Ming!"

"Xiaoqing, it's you!"

Lu Ming was overjoyed.

It seems that the memory of Xie Nianqing's past life has receded, and the memory of this life is dominant.

"Lu Ming!"

Xie Nianqing hugged the landing sound tightly, his legs wrapped around the landing sound, and cooperated with the landing sound.

Lu Ming fought hard to slay, and the two started a violent battle.

This battle only ended after 300 rounds of battle.

Xie Nianqing slept aside, Lu Ming put on her clothes and sat cross-legged on the side.

He didn't dare to sleep, because he didn't know when Xie Nianqing's memories of his past life would dominate again. In that case, he would definitely have to deal with him.

Sure enough, the next morning, Lu Ming felt a cold murder.

"Humble ants, dare to defile my body, die!"

Xie Nianqing drank, holding a long sword and slamming towards the landing.

Lu Ming moved his body, evaded Xie Nianqing's attack, and then returned.

This battle, as before, had few moves, and Xie Nianqing was won.

"It seems that yesterday's battle was not enough, then come again today!"

Lu Ming said with a wicked smile.

"You... dare you?"

Xie Nianqing's body shivered.

"Don't you dare?"

Lu Ming ‘glorified’ and started to go up and down again, and then Xie Nianqing’s ‘righteousness on the spot’.

Xie Nianqing's memory of past life, simply give up dominance, let Xie Nianqing's memory dominate in this life.

In this way, Xie Nianqing's memories of this life will gradually prevail.

"Lu Ming, I can definitely win!"

After the fierce battle, Xie Nianqing lies in Lu Ming's arms.

"I believe you, now there is a child in Shenhuang, we want a family reunion!"

Lu Ming said.

In the following days, Xie Nianqing's memory of past life, when he had a chance, launched a counterattack, wanting to kill Lu Ming, but every time he was subdued by Lu Ming, a sprint made Xie Nianqing obedient.

In a blink of an eye, three months have passed.

As a result, Xie Nianqing's memories of this life gradually took the upper hand, and each day, the memories of this life dominated the time for longer and longer.

Sometimes, they would go out with Lu Ming to accompany Lu Shenhuang and tease Xiao Luchi.

In this way, a virtuous circle is formed.

Accompanying Lu Ming and the children, Xie Nianqing's obsession is getting stronger and stronger, and he is absolutely unwilling to give up and fight with the memories of the previous life.

But the fighting intentions of the memories of previous life are getting weaker and weaker.

Because of the memory of the past life, the origin is not the same as the small one, high above the other, the goddess of one side has not put Lu Ming in his eyes at all.

Although Lu Ming's current cultivation base has reached Heavenly Emperor Realm, in her eyes, she is still a humble ant.

Heaven Emperor, what is in her eyes, even the supreme strong man who surpasses Heaven Emperor, looks like ants in her eyes.

However, she is now being repeatedly violated and tarnished by a ant. She can't stand it anymore. She would rather fall, rather than be memorized by Xie Nianqing's life.

The memory of the past life has no war, and naturally the memory of this life has the upper hand. Slowly, the memory of Xie Nianqing's previous life is getting weaker and weaker.

In this way, the time flickered and another three years passed.

For three years, Xie Nianqing's memories of his past lives were almost wiped out and swallowed up. Xie Nianqing spent most of his time in this life.

Even if the occasional memory of the previous life dominates, it has changed from before. Instead of killing Lu Ming, he is startled.

On this day, Xie Nianqing accompanied Lu Chi to land, and several people in Lu Chi.

Lu Ming, sitting on a mountain peak, was completely covered in purple and gold light.

After several years of cultivation, Lu Ming's way of **** became deeper and deeper.

"Now, you can break through!"

Lu Ming whispered, and then took out a piece of chaotic stone, and began to devour the chaotic gas in the chaotic stone, ascending to cultivation.

Huhuhu...

A large number of chaotic stones were swallowed by Lu Ming, refined and transformed into the power of the world.

Lu Ming's small world began to expand rapidly again.

However, the resources consumed are also amazing.

When Lu Ming broke through from the real emperor to the realm of the emperor, he consumed three thousand chaotic stones and a large number of original stones.

Now, Lu Ming has gone from one-star emperor to two-star emperor, consuming more resources.

Over time, Lu Ming's resources have increased.

Half a month later, Lu Ming consumed six thousand chaotic stones.

There are also 30% of the original stones in the whole body. His cultivation behavior finally made a breakthrough in one fell swoop and reached the two-star emperor.

His small world has doubled, reaching a radius of 20 million miles.

In his world power, that kind of purple-golden energy is more and more concentrated.

The reason why Lu Ming consumes so many resources, many resources, is converted into this purple-golden energy.

This purple-golden energy is not the power of the world, it is higher than the power of the world. Lu Ming is called the power of domination.

"If you go on like this, the resources on me are simply not enough!"

Thinking of this, Lu Ming smiled bitterly.

Originally, enough resources were obtained from the Void God Island. Lu Ming thought that at least it would allow him to use it for a long time, but now it is found that it is not enough.

Now, it is only the two-star emperor. More than 20,000 pieces of chaotic stone have consumed 9,000 pieces, and there are more than 20,000 pieces of Hongmeng stone.

And the original stone is even more used.

In this way, these resources can at most allow Lu Ming to cultivate to the four-star emperor. In the future, there will be no resources.

Without resources, by slowly absorbing the world's original energy and practicing, to raise a state, I don't know if it will be the year of the monkey.

"Go step by step!"

Lu Ming sighed.

The improvement of Xiuwei has greatly increased Lu Ming's combat power.

The dominance is even stronger. Lu Ming can now suppress or even kill a two-star emperor with the dominance alone.

With the physical strength, and the Great Waste Gun, defeating a Samsung Emperor is not a problem.

Not far away, Xie Nianqing and others also looked over.

"Fuck!"

Xie Nianqing whispered, with a sigh in his eyes, and a hint of unwillingness.

In another place, she still has something to do.

Chapter 2455: Samsung Emperor

Xie Nianqing's eyes flashed a complex look.

A voice came into Xie Nianjun's ear: "Xie Nianjun, that thing can only be given to you!"

"Relax, I will definitely finish that thing!"

Xie Nianjun also sent a voice to Xie Nianqing.

When Xie Nianqing heard it, he smiled slightly, then his body shook suddenly.

boom!

At this moment, Xie Nianqing had a very powerful breath. Then, she sat cross-legged and a black lotus emerged, covering her inside.

"mother..."

Lu Shenhuang was surprised.

Lu Ming shook his figure and also came near.

"No need to worry, your mother has succeeded. The memory of this life has completely taken the initiative and engulfed and merged the memory of the previous life.

Xie Nianjun smiled.

Lu Ming was also overjoyed, it seems that Xie Nianqing finally succeeded.

Lu Ming glanced at Xie Nianjun again. In his eyes, Xie Nianjun became more and more unfathomable. Xie Nianqing was far behind Xie Nianjun because of the confrontation between the two memories.

Even Lu Ming cannot see what Xie Nianjun is doing.

"Xiao Qing and Xie Nianjun, what was their past life?

Lu Ming thought.

He always felt that the past life of the two was certainly amazing.

However, he is now standing in the realm of the heavenly emperor, and has almost reached the peak. Even strong men such as Zulong and Shengzu have seen it, but Xie Nianjun still gives him an impenetrable feeling.

He once asked Xie Nianqing about this question, but Xie Nianqing shook his head and didn't say much. It just said that it wasn't the right time. He seemed to have some scruples and Lu Ming didn't ask.

Xie Nianqing's momentum is getting stronger and stronger, and he is breaking through the key to Heavenly Emperor Realm, and everyone is waiting in the distance.

In a blink of an eye, it was a month, Xie Nianqing had not finished the breakthrough, and at this time, Lu Ming received a message, which was passed to him by Emperor Hengyu.

Outside the Two Realms, the passage to Yuan Realm was reopened.

Lu Ming was shocked.

That passage leads to Yuan Realm, from which Lu Ming first came to Heaven Realm.

In the first battle, the channel was destroyed by Lu Ming's control of the Kowloon God Ding. At first, the evil swordsman said that about one hundred years, the channel would be reopened.

Now more than a hundred years have passed, and that channel has finally reopened.

Lu Ming was a little worried, fearing that an army of aliens would seize the passage and enter the Yuan Realm.

"Shenhuang, you are here waiting for your mother, I have something important, go back to the two realms first, wait for your mother to break through, come to the two realms to find me!"

Lu Ming said.

"Dad, be careful!"

Lushen Road.

Lu Ming nodded and stepped out in one step. The space was split directly. Lu Ming entered the space crack and disappeared.

At Lu Ming's speed, it didn't take long before he hurried back to the Two Realms.

After rushing back to the Two Realms City, I learned that there were some peerless strongmen in the Heaven Realm, entered the ancient battlefield, and guarded the passage.

That battlefield is terrifying, with the imprint of the peerless strongman of that year, ordinary heaven emperors are dangerous to enter, and only the peerless strongman can enter safely.

Nowadays, there are many strong players in heaven.

Zulong Nest came out of a group of strong men, plus the strong men in the prison world, many masters.

This time, the aliens did not move, and they still focused on defense.

Knowing this news, Lu Ming was relieved.

Now that the prison realm has come to the heaven realm, the two parties have joined forces and their strength has greatly increased.

The aliens do not seem to want to fight hard, but want to wait for the sacred ancestor to recover.

Lu Ming knows clearly the plans of the aliens, but they have no choice.

In the Celestial Realm, defense is fine, but if you want to gather all your strength and go to the Evil God Realm, you can't do it until you kill the Sacred Ancestor.

All they can do now is to improve themselves as much as possible.

The final war will definitely come.

The passage was fine, Lu Ming sent his heart down, and returned to Xie Nianqing, waiting for Xie Nianqing to break through.

In the past few months, the breath of Xie Nianqing's body has been extremely strong, breaking through a limit.

Heaven Emperor Realm!

Xie Nianqing finally broke through!

"strange!"

Lu Ming's eyes showed doubts.

Xie Nianqing broke through the Heavenly Emperor, but it felt different from other Heavenly Emperors.

Regardless of whether it is in Heaven Realm or Evil God Realm, after breaking through Heavenly Emperor, no matter what kind of cultivation system is practiced, they are all the same, belong to Heaven Dao, and involve the power of Heaven Dao.

Of course, Lu Ming's **** is the exception.

But Xie Nianqing and Lu Ming didn't have anything on her, and felt the slightest sense of heavenly air. Some of them were pure power, but they felt extremely scary.

Lu Shenhuang's practice is also Xie Nianqing's method, which does not belong to any cultivation system of Heaven Realm and Evil God Realm.

Lu Ming knew that it was Xie Nianqing's past practice.

"Lu Ming, Shenhuang..."

Shortly after the breakthrough, Xie Nianqing's breath converged, opened his eyes, looked at Lu Ming and Lu Shenhuang, and smiled.

"Mother, are you completely well?"

Lu Shenhuang said with great joy.

"All right!"

Xie Nianqing smiled.

Then glanced at Xie Nianjun, Xie Nianjun smiled, turned and stepped away, and disappeared in an instant.

Next, the family gathered together and enjoyed themselves.

Lu Ming stayed here for another few months. During these months, Lu Ming completely relaxed and did not get too entangled in cultivation.

A few months later, they returned to Yuanjie, and they met with Lu Yuntian and Li Ping. After a while, they came to the Two Realms City.

Afterwards, Lu Ming intends to stay in the Two Realms City, while fighting with the aliens and practicing again.

The days seem to be flattened out, and the time is in a hurry, which is twenty years.

Twenty years later, Lu Ming finally made another breakthrough, and he was promoted to Samsung Emperor.

However, the resources used are also amazing.

This time, he used Hongmeng stone, 20,000 pieces of Hongmeng stone, which were used up by Lu Ming at one time, and the original stone, Lu Ming, left only 30% of the total.

"I am afraid that the remaining resources are not enough for me to break through the four-star emperor!"

Lu Ming smiled bitterly.

However, the breakthrough of the Samsung Emperor, the power of the world's power, has become more intense, and his combat power is undoubtedly stronger.

However, there is no breakthrough in the physical body. "Seven Gods Xuan Gong" is still in the early stage of the sixth heavy layer. It will take a long time to break through the sixth heavy medium stage.

Wow la la...

On this day, Lu Ming was chatting with Xie Nianqing, and suddenly heard a clattering sound of flowing water. This sound seemed to come from a very far distance.

And the sound is getting louder and louder, like a big river.

"What sound is this?"

Both Lu Ming and Xie Nianqing were very strange and flew into the sky to watch.

As soon as they flew into the sky, they were all shocked, because there were people flying into the sky from all corners of the Two Realms, and looked in a direction beyond the Two Realms with doubts.

This voice came from outside the Two Realms and spread throughout the entire Two Realms.

"Did it come from aliens?"

Someone wondered.

"Go and see!"

Many people flew towards the walls of the Two Realms.

Chapter 2456: Zulong Call

Lu Ming and Xie Nianqing also flew towards the walls of the two boundary cities. After arriving here, they found that countless people had gathered on the walls.

But outside the city walls, there was no movement, and no figure of an alien was found.

"Senior Hengyu, what's going on?"

Lu Ming and Xie Nianqing saw Emperor Hengyu and walked over to ask.

"I don't know, there is a strange noise outside the two realms. We have sent people to check it out!"

Emperor Hengyu said.

Everyone waited quietly.

Soon after, more than a dozen figures flew back from outside the Two Realms.

"What happened outside the city? Why is there the sound of a big river flowing?"

Someone asked immediately.

"In a battlefield outside the city, the space suddenly split and a big river appeared?"

An old man answered.

"A big river suddenly appeared?"

Many people are puzzled.

"Yes, a big river with a huge yellow sky is very wide, and there is overflow of the river. It is extremely terrifying. An emperor was splashed by the river and directly eroded by the river and died!"

The old man said.

"what?"

Many people took a breath, what river? The river water is so terrifying, an emperor was splashed, and will be corroded to death.

"It looks like the legendary Huangquan River in the Nine Serenities!"

The old man answered.

"What? Huang Quanhe, how could Huang Quanhe appear on the battlefield here?"

"It is said that the Huangquan River has no end and flows into the sky. Maybe it will pass through this battlefield?"

"But why did it overflow?"

Many people are very puzzled.

"Huangquanhe!"

Lu Ming felt a shock, he concluded that it must be Huang Quanhe.

At first, he inadvertently went to the Wanling Heavenly Territory. Later, he made a line with the Archaic Body and entered the Nine Nether Heavenly Territory. He used the Huangquan River to return to the Taiqing Heavenly Territory.

He knew very well that the Huangquan River did pass the battlefield outside the city.

"Go and see!"

"go!"

Many people flew outside the city and flew towards the source of the sound.

"Lu Ming, do you want to check it out!"

Emperor Hengyu looked at Lu Ming.

"it is good!"

Lu Ming nodded, and immediately, he and Xie Nianqing, as well as Hengyu Tiandi and others, flew toward the source of the sound.

Soon after, they came to a battlefield and stopped from afar.

In front, there are cracks in the space, and you can clearly see a large river with a yellow mist flowing through it.

This big river is so wide that it flows through the void and I don't know where it is going.

From time to time, Huang Mengmeng river overflowed and landed on the ground, and the ground was corroded into deep pits.

"It really is the Huangquan River!"

Lu Ming whispered that he had seen Huang Quan and would never be mistaken.

But why did the space suddenly split and the Huangquan River overflowed?

This has never been documented.

Lu Ming was very puzzled.

There are countless figures on the other side of the overflow of the Huangquan River, which are aliens.

Obviously, the aliens were also disturbed, and looked at in amazement.

"Look, there is a mountain on the Huangquan River!"

Suddenly, someone shouted in shock.

Without his calling, others also saw it.

In front of the flow of Huang Quan, I don't know how far away, there is actually a big mountain emerging, looming.

Countless people were shocked. Legend has it that no one knows where the end of the Huangquan River is. Even the Heavenly Emperor does not know it. It is extremely mysterious.

It can be said that it is one of the most mysterious places in the world.

Lu Ming also widened his eyes. When they fled from the Jiuyou Tianyu to the Tianqing Tianyu by the Tongtian battleship, they also saw such a big mountain.

At that time, they had guessed whether this was the end of the Huangquan River.

No one noticed that there was a figure deep in the sky.

This figure is Zulong.

"Are you finally here? Mo Ke is waiting for this day. Endless years. Is the legendary Huangquan Mountain reappearing?"

Zulong whispered, dignified and expectant in his eyes.

"It's time to prepare!"

Zulong said, and then turned away.

Three days later, a sound of Longyin sounded throughout the Taiqing Heavenly Territory, and even the Two Realms were clearly heard.

In the two realms, Lu Ming rose suddenly.

"Zulong, Zulong's voice!"

Lu Ming was shocked.

Zulong's Dragon Song suddenly sounded in Taiqing Tianyu. What's going on, what happened?

This sound of Longyin shocked Taiqing Heavenly Territory, and countless people came out of it.

Afterwards, a piece of news spread throughout the Taiqing Heavenly Territory and even Yuanjie at a whirlwind speed.

Zulong Nest appeared, Zulong appeared.

Zulong is the supreme strongman who surpassed the heavenly emperor.

When the news came out, Taiqing Tianyu was boiling.

After all, in this world, not many people know Zulong.

Most people do not know the existence of Zulong, even some Emperors.

"God, Zulong, the supreme man who surpassed the emperor?"

"The world actually has such a existence. In the past, I thought it was just a legend?"

"Hahaha, I have such a strong man in heaven, fortunately!"

"It is said that there are countless strong men in Zulong's nest?"

"Don't be afraid of aliens now!"

Zulong appeared in the world, so that the morale of the heavens rose.

But Lu Ming was not so optimistic.

"Zulong suddenly appeared, is it possible that the final battle is coming?"

Lu Ming whispered and had a bad feeling.

Is it true that the Sacred Ancestor of the Heart has been completely restored, impossible, how many years?

At this time, Zulong sent a large number of masters to invite some people to gather at Zulong Nest.

This included many Tianjiao characters, Lu Ming and Xie Nianqing, who also received invitations.

In addition, there are also Emperor Hengyu, as well as Dandan, Bubble, Huang Ling, Long Chen, Ouyang Wushuang and others.

There are no rules, some are high and some are low.

Lu Ming and others departed immediately to Zulong Nest.

A few days later, they came to the Zulong Nest and gathered at a huge square under the big mountain where Zulong lived.

"A breath of many strong men!"

"too horrible!"

Hengyu Tiandi They felt the breath of those powerful people on the mountain, Hengyu Tiandi and others were shocked.

"Hahaha, for so many years, this seat is here again!"

He smiled broadly.

"Dan Dan, have you come often?"

Lu Ming asked.

"That is of course, what kind of person is this person, naturally ordinary people, but unfortunately, I have seen Senior Zulong once!"

Once and for all.

"I really want to see the style of Senior Zulong!"

"The supreme power beyond the emperor, the legendary character!"

Huang Ling, Long Chen and others were also very excited.

Everyone talked first, there are more and more people here.

Lu Ming saw many acquaintances.

Such as destiny, violent virtue, etc., as well as those nine heavenly celestial beings, Lin Xiaofeng, Fu Liu and others.

These are all arrogant characters.

Lu Ming also saw some strong men, from the Great Emperor Realm to the Heaven Emperor Realm.

"That's... Titan beetle?"

Lu Ming suddenly saw a big man, beside him, there was a tall and thin man.

Chapter 2457: The remaining top ten beasts

That year, before Lu Ming was captured by aliens, the Titan Beetle, and the middle-aged man, had helped each other.

Later, Lu Ming knew from Dandan that the middle-aged man was the Nine-Life Demon Silkworm, one of the top ten war beasts.

"Lao Niu, Jiu Ming, you have also come, come, come and see my old man!"

Dandan shouted at the Titan Beetle and the Nine Life Demon Silkworm.

Titan beetle and Jiu Ming demon silkworm glanced once and then came step by step.

"Have seen two seniors!"

Huang Ling, Long Chen, and even Hengyu Tiandi, all hurriedly saluted.

They knew that these two were two of the top ten beasts of war, and naturally they did not dare to neglect.

Each of the top ten war beasts is a terrifying existence, standing at the pinnacle of Heavenly Emperor.

In ancient times, in addition to Chaos Emperor, Immortal Emperor, and a few invincible strong, no one was the opponent of the top ten war beasts.

Of course, Zulong has already surpassed Heavenly Emperor.

"Ok!"

The titanic beetle and the nine-life fiendish silkworm nodded, indicating that everyone needed no more gifts.

"Lao Niu, don't you guard a void channel in Yuanjie? How did you come here?"

Asked sternly.

"Senior Zulong sent someone to let me come, and there are already Zulong sent to guard it!"

Titan beetle replied, then glared, said: "Old turtle, you guys, know a lot of secrets, you know this time, Zulong called us to come, what is the so-called thing?"

"Should it be related to Huangquan Mountain?"

Dandan's eyes turned around.

"Huangquan Mountain? Is it the looming mountain on the Huangquan River?"

Titan beetle, Nine Life Demon Silkworm and others are puzzled.

"It should be, but I don't know the specifics!"

Dan frowned.

"Haha, what a coincidence today!"

At this moment, a loud laugh came, and then, a flash of golden light, a big man with messy hair appeared in the air.

"Brother Qing Cang!"

Lu Ming smiled.

The coming person is the nine golden lions, Qing Cang.

"Old Lion, you are not dead!"

Seeing Qing Cang and Titan Longhorn, it was a blazing eye.

"Nonsense, your old cow is not dead, how can I die!"

Qing Cang also glared, glanced at once, and said again: "Also, this damaging old turtle is not dead, how can I die!"

"Hey, what are you talking about? Be careful!"

Once angry, his eyes were rounded.

"Dan Dan, what have you done before that hurts?"

Lu Ming asked curiously.

"Yeah, what harm is it? They are framed..."

The eyes are bigger than the Titan beetle.

"Framed, who used to steal the ancestral tombs of people every day? Once, they stole it from Emperor Immortal Emperor, and they were taught a good lesson by Emperor Emperor Emperor. They almost became roasted turtles..."

Qing Cang disdain.

Suddenly, Lu Ming finally knew why the unstoppable ancient scriptures were born, why they couldn't get them.

Dare to love this guy, who had stolen the ancestral tomb of Emperor Zun before.

This guy is really unreliable.

"Wait, what's this guy's name? Dandan? Hahahaha!"

Titan beetle spoke, and he laughed wildly.

"Dan Dan? Eggs? Hahaha!"

Qing Cang also laughed, and even the Nine Life Demon Silkworm couldn't help laughing.

And Huang Ling, Long Chen, they even wanted to laugh but did not dare to laugh, his face flushed flushed.

"You...you..."

Once angered, he jumped there.

Around, many people turned their heads frequently, and some people recognized the identity of Qing Cang, Titan Beetle and others, and were shocked.

These are the top ten fighting beasts. The giant crocodiles of ancient times now have many people together.

Nine golden lions, Titan beetle, Nine Life Demon Silkworm, world turtle, and, space-time spirit rat, there are five. This is the number of years that has not passed.

"This is... the space-time rat? So to say, back then..."

After laughing for a while, Qing Cang looked at the bubble, then sighed.

Titan beetle, the Nine Life Demon Silkworm did not smile, and his face was a little sad.

"I was captured by aliens very early in the war, and I don't know the others. What happened?"

Qing Cang asked.

"The World War I was so terrible. Jiu Ming and I were seriously injured. After so many years of recovery, the old turtle was more seriously injured. You were arrested. Only Wuxing Qilin was better injured. For these years, I have been with Zulong. As for Almost everyone else fell!"

Titan beetle sighed.

"Kowloon, fell into Yuan Realm, Holy Spirit Ants, Undead Sky Phoenix, Archaic Dragon Elephant, all fell. She was even more miserable in time and space, and even her bones were used by aliens!"

Nine Life Demon Silkworm is also a sigh.

Even the eyes are a little sad.

In the ancient times, the top ten war beasts were so beautiful. At first, although some of them had some friction and hatred, but with the first world war, those hatreds have long disappeared.

Today, there are only a few of them left.

Aside, Lu Ming sighed secretly. The more he knew, the more he could imagine the brutality of World War I.

Too many strong men have died in battle.

It is almost as strong as the Hundred Yuan Sect.

During this time, Lu Ming learned from Tu Yi and Lei Yi.

The Hundred Yuan Sect, in ancient times, once ruled the Hundred Yuan Heavenly Field and was extremely powerful.

Under the Hundred Yuan Sect, there are nine halls.

Like the Chaos Hall, it is one of the nine halls of the Hunyuan Sect, as well as the Space-Time Spirit Hall.

The lords of the Nine Halls are almost the highest emperor, but the Emperor Chaos is the head of the Nine Halls.

The Hunyuan Sect Master is a terrifying figure, not weaker than Chaos Emperor.

Such a powerful strength was also wiped out in the World War I.

The Nine Great Hall Masters, as well as the Hunyuan Sect Master, all died in battle.

Only the Hall of Chaos has left some puppets.

As for the headquarters of Hunyuanzong, there are no masters left, only the spirits inside.

At the beginning, Lu Ming arranged them to enter the Heng Yuan Sect's assessment, it was the Jinling.

These things, he has learned from Tu Yi them.

Everyone chatted, and at this time, thousands of people gathered in the square.

Suddenly, the big mountain flashed with light and flew out several figures.

The person headed is Zulong.

Behind Zulong, there were several people, some of whom were the five elements of Qilin.

The other one, each with an unpredictable breath, is obviously also a terrifyingly powerful one.

Zulong flew out and stood in the air, and there was a supreme breath filled with his body. Even Heavenly Path must be suppressed.

Although most people have never seen Zulong, but they feel this breath, they all understand that this is Zulong.

"See Senior Zulong!"

Thousands of people all saluted respectfully.

"Free gift!"

As soon as Zulong waved his hand, everyone felt that a force supported them and allowed them to get up. Even Peak Emperor, it was difficult to resist.

"I believe you are very curious, why did I suddenly summon you here this time?"

Zulong Road.

Chapter 2458: Ancient Secrets, Huangquan Mountain

The spirit of the crowd was shocked, Zulong, finally want to say the purpose of calling the crowd?

They are also very curious.

Zulong pondered for a while and said, "There are several aspects involved!"

"First, it is the existence beyond the realm of the heavenly emperor. Like me, many people call it the supreme realm, or ancestor emperor. In fact, this realm is called the martial realm, the realm above the emperor Wu!"

Zulong Road.

"War God!"

Many people startled and their eyes light up.

It turned out that above the Emperor Wu, there was the War God Realm.

God, god, it turns out that there really are gods in the world.

Especially Qing Cang, the pinnacle emperors, showed their longing in their eyes.

They have already stood at the peak of Heavenly Emperor, and the next step is to impact the realm of Wushen, transcending Heavenly Dao, and not bound by Heavenly Dao.

The imagination of the people, Zulong began to explain: "In ancient times, there were four Martial Gods in the Celestial Realm and the Evil God Realm. I, the master of the prison prison monument, is also the ancestor of the town prison world, named the town ancestor!"

"There is also a holy ancestor of a different race, and the last one is called the sacred heart!

"The four martial gods are divided into two camps, the ancestral ancestors and me are friends, and the sacred ancestors of the heart and the ancestors of aliens are together. They want to invade the heavens, destroy the human race and the mythical beasts, and the ancient battle , From this!"

"There are two martial gods on each side!" Everyone moved their hearts and even listened to their hearts. They knew that they were about to know some ancient secrets.

"That battle, the fighting was fierce. The four of us, fighting in the dark void for a hundred years, finally, the ancestor of the prison and the ancestor of the killing heart died together, both fell!"

Zulong went on to say that some of the people in the prison world showed a sad face.

"And I and the ancestors of the alien race were both defeated. The source was injured. Even now, they have not recovered. These years, they have been healing. The aliens are also scrupulous of me and they dare not attack with all their strength!"

Zulong continued.

Everyone suddenly realized that although the overall strength of the aliens was strong, the Wushen did not have the upper hand and did not dare to fight hard. It was normal.

"Predecessor Zulong didn't say why the aliens attacked Heaven!"

At this time, Lu Ming thought of a problem.

This question was always confusing in his heart, but Zulong didn't say it, and he was not easy to ask.

"However, the situation has changed now, killing the Holy Ancestor, not dead!"

Zulong spoke.

"what?"

Except for a few people such as Lu Ming, others were shocked and shocked.

The sacred ancestor did not die?

Does that mean that there are two martial gods in the evil spirit world.

And on their side, there is only one Wushen, how to fight this?

If this is the case, Celestial Realm is not an alien opponent at all.

The overall strength of the aliens should have been stronger than the Celestial Realm. With the two Wushen Gods, wouldn't Celestial Realm be destroyed?

In some people's eyes, there is a look of despair.

"However, although the Sacred Ancestor of the Heart is not dead, he was also seriously injured in the battle with the ancestor of the prison, and only a trace of blood was left. This relates to what I will talk about next. It is Huangquan Mountain!"

Zulong continued.

"Huangquan Mountain?"

Many people were shocked.

"Yes, Huangquan Mountain, I believe many people have seen it or heard of it. Outside the two cities, the space is split, and the Huangquan River appears. At the end of the Huangquan River, there is a big mountain looming, that is Huangquan Mountain!"

"Huangquan Mountain, an extremely secret place, even I have never been inside!"

Zulong Road.

Everyone was shocked. Zulong, as the strongest of Wushen, was detached from heaven, and the real invincible character in the hearts of everyone should be an omniscient character. Even Zulong had never been to it. What kind of place should it be?

"I have also seen a few records from some extremely ancient books. Legend has it that Huangquan Mountain is not from Heaven, Yuan, or Evil God Realm, but from outside the heavens!"

Zulong Road.

"Outside the sky?"

Many people look dazed.

Heaven? What do you mean?

Are there other worlds besides Yuan Realm, Heaven Realm, Evil God Realm?

"Apart from heaven?"

He whispered and frowned, as if he knew something.

"Outside the sky?"

Bubble whispered, his eyes showing doubt.

"Bubble, what do you know?"

Lu Ming sent a voice to the bubble.

"I don't know, some pictures will appear inexplicably in my head, but I can't see clearly!"

Bubble said.

Lu Ming was puzzled and unclear.

He glanced at the bubble once and said nothing more.

"Senior, what is heaven?"

Someone couldn't help asking.

"Apart from heaven?"

Zulong looked up at the sky, and the vicissitudes of his eyes seemed to flash the color of recollection, half-sounding, before saying: "That is a vast place, this matter, I will talk about it later, let's talk about Huangquan Mountain first!"

"According to legend, Huang Quanshan is from the heavens and is extremely old and mysterious. Usually, it is covered by a layer of prohibition, even if it is me, I can't get in!"

"However, it is not impossible to go in forever. According to legend, Huang Quanshan's embargo will be opened once every ten thousand robberies, and then it can be entered!"

Everyone was even more shocked that even Zulong could not enter, who else could enter?

Also, Wan Tribulation opened once.

Thousands of years, how long is that?

Every robbery is 33,333,333. Wasn't robbery more than three billion years?

Everyone looked at each other.

"According to ancient records, the Huangquan Mountain, like a world, contains infinite treasures, treasures of the level of the Taoist soldiers, which can be seen at will, and even some treasures have the effect of turning against the sky. No matter how many injuries are suffered, they will be cured quickly! "

"And this time, it will be time for Huangquan Mountain to open, so there will be frequent visions!"

"Alien ancestors haven't shot, just waiting for this opportunity, he, with the killing ancestor, entered Huangquan Mountain, to get the chance, not only his own injury is good, but also, the killing ancestor's injury is also good , In that case, we are even more unable to resist!"

"So, this time, I call you to take you to Huangquan Mountain. Once you come, you can stop the aliens. Second, you can also get the chance. If you can get the big chance inside, I am afraid that you will be able to cultivate it. Advance by leaps and bounds!"

Zulong explained.

Everyone suddenly realized that this was the purpose of Zulong summoning them.

Stop the aliens, and then get the chance to improve your cultivation.

"Most of you are people with deep luck. After entering, you can also have a greater chance to gain opportunities. However, I want to remind you that in Huangquan Mountain, it is very dangerous. This time, the aliens will also be with many people. Enter, this is for sure!"

"Moreover, the vast expanse of Huangquan Mountain is recorded in ancient books. The area inside is vast and unimaginable. I am afraid that it is not smaller than the total area of the nine heavens of the heavens!"

"Moreover, there are endless creatures in it, there are human races, there are other races, to build a country, prosperous and powerful to the extreme, even inside, there is the existence of Martial God Realm!"

Zulong looked dignified and warned seriously.

"what?"

Everyone was dumbfounded.

Chapter 2459: set off

Zulong's words made everyone dumbfounded.

In Huangquan Mountain, it is actually vast and immense, the area is not smaller than the total of the Nine Heavens of the Celestial Realm, and there are also various creatures that form a kingdom. There are even powerful people in the Wushen Realm.

This is too incredible. In Huangquan Mountain, it is another heaven or evil spirit world!

"But one thing, you can rest assured that any creature in Huangquan Mountain, no matter how powerful, even the God of War, can't come out and can never come out!"

"It is said that the people in Huangquan Mountain have been cursed forever and will be trapped in Huangquan Mountain for generations to come. For generations, they will be accompanied, and even in some places in Huangquan Mountain, the cursed creatures are Those who don’t go can only enter if they are not cursed, so this is our chance!"

Zulong continued to say, all thoughts were turning in everyone's heart.

"So, entering Huangquan Mountain, although there will be big opportunities, but it is also very dangerous. When we go in, we must not only face the aliens and fight with the aliens, but also possibly, but also fight with the spirits in Huangquan Mountain, so I also Don’t force you, if you want to quit, you can leave now!”

Zulong's voice spread throughout the audience, but no one left.

Listening to the meaning of Zulong, Huangquan Mountain, from outside the sky, is extremely mysterious, with many treasures, the existence of the Wushen Realm is staring, and even the Zulong has not entered, only the Tribulation opened once, and there is definitely a great chance.

Although it will be accompanied by dangers, but when you practice together, when will there be no danger?

Even if you don't go in, in the future, the war **** of the alien race will be restored, and you will die as if you were in heaven.

"Okay, since that's the case, then those of us will go in!"

Zulong announced.

It is impossible to bring too many people in, otherwise, they will go in. If an alien strikes, wouldn't it be done.

I believe that the same is true for interracial, and dare not send too many people in.

"However, after you go in, remember a few points!"

"First, after entering, see the alien, kill!"

"Second, try to find those places where the creatures in Huangquan Mountain can't enter. Those places have a great chance of being connected!"

"Third, remember to take advantage of the situation. Sometimes, you can take advantage of the spirit of Huangquan Mountain to kill the aliens. If you can use the martial gods of Huangquan Mountain to destroy the alien ancestors and killing ancestors, you can protect my heaven. No problem!"

Zulong cautioned seriously.

Everyone nodded, in unison.

"Of course, I haven't been in it. These are the things I saw based on extremely ancient books. It has passed away. I have no idea what happened in Huangquan Mountain, so after entering, the most important thing is , Is adaptable!"

"Okay, Huangquan Mountain, it will open a month later. After a month, you will come here to get together. I am afraid it will take a short time to get out. What do you have, arrange in advance!"

Zulong ordered.

"Yes!"

Everyone took orders, and then left here one after another.

Lu Ming and Xie Nianqing left here, intending to say goodbye to Li Ping and Lu Yuntian. This will take a short period of time. Even Zulong said it is not short, it must be really not short.

And Lu Ming will not miss this trip.

Lu Ming wants to improve quickly. The step-by-step training will definitely not work, which is too slow. Moreover, he needs too much resources to improve his cultivation.

The resources on him are simply not enough for him to promote, so going to Huangquan Mountain may be a chance.

Returning to the Emperor City, he said goodbye to Li Ping and Lu Yuntian, saying that they would retreat for a while, let Lu Shenhuang, Muwan Xuan, and Lu Chi stay in the Emperor City to accompany Li Ping.

A month passed by hurriedly, Lu Ming and Xie Nianqing returned to the square in Zu Long's Nest.

Everyone, get together again.

Zulong stood in the air, waved his hand, a small boat emerged, and then suddenly grew larger.

"This is...Tongtian Battleship? No, it's not the archaic one!"

Lu Ming's eyes moved.

He found that the boat brought out by Zulong was very similar to the sky-high warships brought out by the ancient archaic body repairer, and could float on the Huangquan River.

"The archaic body repair once said that the sky-warming warship was acquired by a ancestor of body repair in a ruin and could withstand the treasures of Huangquan water. Could it be that Huangquan Mountain obtained it?"

Lu Ming turned his thoughts.

"This ship is named Tongtian Battleship, you all come up. If you want to enter Huangquan Mountain, you must use this treasure to cross the Huangquan River!"

Zulong Road.

"Yes!"

Immediately, thousands of people rose into the air and flew towards the battleship.

"Sure enough, it is also called the Sky Battleship!"

Lu Ming's eyes moved, holding Xie Nianqing's small hand, and flew to the Tongtian battleship.

The Sky Battleship is very large, with thousands of people, and can only occupy a small area.

After everyone entered the Tongtian battleship, the Tongtian battleship shrank quickly, and then was taken away by the Zulong. Then, the Zulong stepped out, and disappeared in the Zulong nest. The next moment, the battlefield outside the two realms, the space trembles. Zulong's figure appeared.

The speed is incredible.

"Mo Ke!"

Zulong looked forward, and under the shock of the void in front, a figure also appeared. It was the alien ancestor, Mo Ke!

"Zulong, this time, you are defeated. My heart and I will recover from Huangquan Mountain and take your first rank!"

Alien ancestor Mo Ke spoke indifferently.

"Look who can laugh to the end!"

Zulong responded coldly, stepped out, dashed into the space crack, and came over the Huangquan River. Then, with a wave of his hand, the Tongtian battleship suddenly enlarged and landed on the Huangquan River. Zulong landed on the deck of the Tongtian battleship.

At the same time, the alien ancestor also entered Huangquan. He also took out a battleship, which was very similar to the Tongtian battleship, and also fell on the Huangquan River.

The two battleships went side by side, heading towards Huang Quan.

The masters of both sides looked at each other and collided with sparks.

"First Prince, Condor..."

Lu Ming saw several extremely evil characters on the alien warship list.

The top evils in the longevity list are all there.

Obviously, the idea of alien ancestors, like Zulong, chooses people to enter Huangquan Mountain not by cultivation, but by luck.

Only those with stronger luck can have adventures, and even behead their opponents.

The two sides didn't do it. Now if they do it, it will only hurt both sides. No one is sure.

The two warships continued to move forward, and a large mountain in front of the Huangquan River seemed to be very distant.

They have been driving for three months, and still haven't reached the end of the Huangquan River. Moreover, the big mountain is always in front. I don't know how far away it is.

"Soon!"

At this moment, Zulong spoke, and everyone's spirit was shocked.

Is it finally here?

"Look, that mountain is gone!"

"No, in front, there is a vortex!"

Suddenly, someone exclaimed.

In front, the mountain is gone, replaced by a huge vortex, all the yellow spring water flows into that vortex.

Is this the end of Huang Quan?

Chapter 2460: People of Huangquan Mountain

At the end of the Huangquan River, it was actually a vortex, huge and huge. The huge sky-rocket warship was like a little ant in front of this vortex.

Rumble!

The deafening roar came, and the water flow was too fast, forming a terrifying attraction, acting on the Tongtian warship, and the Tongtian warship should be involved.

"No, go!"

Many people's faces changed wildly, wanting to rise up and leave here.

The water of Huangquan is terrifying, even if the emperor is involved, it is dangerous. Under the emperor, there is death.

If this is involved in this vortex, it will be dead.

"Stable, only through this vortex can we enter Huangquan Mountain!"

At this moment, Zulong shouted loudly, and sounded like Hong Zhong, striking everyone's heart.

The crowd barely stabilized their minds, Zulong, will not harm them.

On the other side, after a commotion, they were also suppressed by the foreign ancestors.

Rumble!

With the water of Huangquan, the two sky warships were caught in the vortex of the water of Huangquan and disappeared.

Lu Ming and others felt a terrible pressure. It was dark all around, and they could not see anything at all. Even the sound could not be heard, and there was silence all around.

Wow!

At the next moment, they seemed to pass through something, and the light around them suddenly lit up.

"this is..."

At this time, Lu Ming suddenly widened his eyes and made an amazing discovery.

At this time, they were in a high altitude, and they were not above the sky warship. The sky warship did not know where to go.

All of them, including aliens, were in the high altitude and were thrown down by a powerful force.

This force, even Lu Ming now, is difficult to contend with.

And below, there is a big mountain, they are falling towards that big mountain.

At first, the mountain looked small, but as they moved closer to the mountain, the mountain looked bigger and bigger.

And all of them have deviated from each other, and they are farther apart from each other.

"Xiaoqing..."

Lu Ming saw that Xie Nianqing, Dan Dan, Bubble and others were also getting farther and farther away from him, flying to different positions in the mountain.

Their falling speed is actually getting faster and faster, because there is a terrible gravity in the mountains.

"What a big mountain..."

The closer to the mountain, the more Lu Ming discovered the huge, terrifying and majestic of this mountain.

Looking from afar, it was nothing. When they came close, they discovered that this big mountain, with a bump, a flat ground, is a vast expanse of plain.

Big, too big, this mountain really looks like a huge world.

As they get closer, they can even see large rivers and huge cities.

All of them fell into different positions. Lu Ming could no longer see Xie Nianqing and Dan Dan. He looked up and saw only a few figures, far away from him.

Uh!

Lu Ming fell to the edge of the mountain. As he approached, Lu Ming found that there was a dense forest below, which was endless.

A terrifying gravitational attraction attracted the landing crows and fell towards the forest.

"What a terrible gravity, on this mountain, gravity is thousands of times outside!"

Lu Ming was shocked in his heart, running the power of the world, stabilizing his figure and falling towards the forest.

boom!

Lu Ming landed heavily in a forest, directly stepping the ground out of a big pit, a powerful shock wave, smashing the ancient trees around.

call...

Lu Ming took a long breath and finally arrived at Huangquan Mountain.

"The original gas here, no, no, this is not the original gas..."

At the next moment, Lu Ming's eyes lit up.

He found that between heaven and earth, there is a kind of energy, not the original gas, but an energy higher than the original gas, the quality is higher than the original gas, and he can also absorb refining, the effect is more than the original gas , At least ten times better.

"This..."

Lu Ming was shocked, which meant that he practiced here much faster than outside world. Although it may not be ten times faster, at least it can be five times faster.

"What is the origin of Huangquan Mountain and the cultivation conditions are so much better than the realm of heaven?"

In Lu Ming's heart, the imagination was connected.

Uh! Uh! ...

At this moment, the light and shadow flashed around, and at the next moment, a figure appeared to surround Lu Ming Tuan.

"Human race!"

Seeing these figures, Lu Ming was shocked.

These figures are actually human races, and there are more than 30 in number. Moreover, the cultivation base is astonishingly high.

As soon as it appeared, there were more than thirty great emperors, even if they were placed in the heavenly realm, they were powerful forces.

More than thirty people, all with murderous eyes, stared at Ming Ming, gritted their teeth, and wished to unload Lu Ming by eight pieces.

Lu Ming lost his mind, he had just arrived, didn't offend these people, why are these people looking at him fiercely.

In particular, there is a young woman who looks like flowers and looks like jade. At the moment, you look at Landing Ming with a grudge, as if Lu Ming did something harmful.

"Boy, who the **** are you? Why destroy us to capture the Jade Blood Fox?"

A big man glared at Lu Ming and exuded a strong breath on his body.

This is a five-star emperor with great strength.

"Destroy you to capture the Jade Blood Fox?"

Lu Ming looked dazed.

He didn't, he just came.

"You still want to pretend to be stupid. It took us three months to attract the Jade Blood Fox. Seeing that it was about to be caught, you fell from the sky and made such a big move that the Jade Blood Fox was taken away. You Say no?"

The woman stared at Naruto and gritted her teeth.

"what?"

Lu Ming finally understood.

He just fell from the sky just now, and the other party, who just happened to catch the jade blood fox here, happened to be taken away by him.

This is too coincidental!

Lu Ming smiled bitterly, really speechless.

"Everyone, I didn't mean it intentionally, and caused your losses, I am willing to compensate!"

Lu Ming said.

"Compensation, how to compensate? The number of jade blood foxes is extremely rare and extremely difficult to capture. Can you catch it?"

The young woman continued to hate.

"Miss, why talk to him nonsense, I think he was the guy from Moyou who sent us to destroy us to capture the Jade Blood Fox!"

The big man in the five-star emperor realm said angrily.

"Yes, it must have been sent by Moyou!"

"Yes, he doesn't want us to heal the owner!"

Others roared one by one.

"In my opinion, take him down first, and interrogate and talk!"

An old man with gray hair rushed towards the landing, and with a big hand, he kept a huge claw, and grabbed toward the landing.

This old man has the cultivation of the two-star emperor.

"Huh? This cultivation system..."

Lu Ming's heart moved, and then only a little strength, a finger.

Lu Ming was very curious about the cultivation methods of these people. He wanted to try it out. All of them did not use their full strength, just a trace of strength.
