

D Emperor 2461

Chapter 2461: Catching the Jade Blood Fox

bump!

Lu Ming's finger clicked on the opponent's claw. After a roar, the opponent's body shook and flew back, repeatedly backing away, his face pale.

"This kind of cultivation method is a bit like the ancient cultivation system, but it is not, but it is more similar to Xiaoqing's cultivation method, but it is far from the exquisiteness of Xiaoqing!"

Lu Ming's thoughts changed sharply.

"This kid, a little able, I will take him down!"

A middle-aged woman opened her mouth. This middle-aged woman, who grew up to five big and three thick, actually used a large knife with a knife body that was faster than the palm of her hand.

Uh! Uh! ...

The middle-aged woman moved, slamming towards the landing, and immediately cut out hundreds of knives, and the bright light of the knife was about to wipe out Lu Ming.

In every blade of light, there is only pure power, no indestructible power, and no rules or fluctuations in the avenue.

Lu Ming's figure moved like a butterfly, and shuttled in the light of the knife, carefully sensing the other's cultivation path.

The middle-aged woman, with the cultivation of the four-star emperor, changed her face at the moment, shouted, and burst out the power of all people, and the sword of war continued to cut towards Lu Ming.

However, Lu Ming couldn't even touch a piece of clothing, Lu Ming could always avoid it delicately.

On the edge, the others looked dignified.

"Shoot together and take him down!"

The big man of the five-star emperor ordered.

This person is the highest among this group of people.

Lu Mingzhan's strength is too strong. Even the four-star emperor was turned around by him. Even if he shot himself, I am afraid that Lu Ming can't help it, so let everyone shoot together!

"Shoot!"

Dahe took a sip and slammed Lu Ming first, his palms exploded, and his palms were like mountains and seas.

At the same time, more than thirty other people also shot, of course, except for the young woman, she did not have the cultivation of the Great Emperor Realm.

More than 30 great emperors jointly shot, the power is amazing, all kinds of attacks, from all directions, landing toward the landing.

"Stop here!"

Lu Ming whispered, the purple light flashed on his body, and Lu Ming instantly shot more than thirty palms.

bump! bump! ...

More than thirty consecutive roars sounded, more than thirty figures receded backwards, one by one pale, shocked staring at the landing.

Lu Ming, only one move, repelled them instantly.

They understand that Lu Ming's strength is too strong, far above them, just Lu Ming's men have shown mercy, otherwise, they will all die.

The young woman even whirled with tears and stared at Ming Ming, saying, "Why did Moyou try to kill me all the time, my father has been seriously injured, won't we let him cure him?"

"Did you catch the jade blood fox to heal people?"

Lu Ming asked back.

"You are still confused, Moyou sent you, don't you know? Moyou hurt my father, only the blood of the Jade Blood Fox can cure my father's injury!"

The young woman said.

Those of the Dahan, however, cautiously surrounded the young woman to prevent Lu Ming from starting the young woman's hands.

"Where is the Jade Blood Fox, maybe I can help you catch it!"

Lu Ming touched his nose and said, after all, he disturbed the other party to capture the Jade Blood Fox, and he was also a little embarrassed.

Moreover, if he can help the other party to catch the Jade Blood Fox, he will definitely win the favor of the other party. Lu Ming first arrived, and he also needs to pass the people in Huang Quanshan to get news.

"You help us? Although you are advanced, you can't catch the Jade Blood Fox. The Jade Blood Fox goes without a trace, lives in no place, and has a superb speed. It is difficult to find the trace unless you use the Jade Blood Grass to attract it to appear. , But jade blood grass is too scarce and rare in the world. Do you know how much effort we spent before we bought a jade blood grass? Where do we go now to get jade blood grass?"

Talking, the young woman was about to cry, looking at the landing with a grudge.

"What? Jade Bloodgrass? Rare and rare?"

Lu Ming was shocked.

He remembers that there is also a kind of spirit grass called Jade Blood Grass in Tianjie, although it is not a popular product, but it is also very common. Lu Ming has no fewer than hundreds of plants.

Is it just the same name?

Lu Ming was a little uncertain.

"Girl, are you talking about jade blood grass?"

With a move in Lu Ming's heart, a splendid grass appeared in his hand and handed it to the young woman to watch.

The young woman, and others, had wide eyes.

"Jade blood grass, do you also have jade blood grass? You...can you sell this jade blood grass to us?"

After the young woman finished speaking, she threw out her tongue and accused herself of being stupid. The other party was to destroy them to capture the jade blood fox. How could they sell them to the jade blood grass?

It is estimated that they came to blame them?

The young woman had thoughts in her head.

But the next moment, her eyes suddenly widened.

Because Lu Ming's hands were gleaming with light, a pile of jade blood grass appeared, and there were dozens of plants.

"This... so much? How is it possible?"

The young woman looked dazed.

Others are not much better.

Although jade blood grass is not a very high-level spirit grass, it is rare and rare. They spent a lot of time to buy one, which has been used before.

But Lu Ming took out dozens of them all at once, making them think they were dreaming.

"No need to sell, since I was disturbing you to capture the Jade Blood Fox, I should atone for the atonement, help you, and catch the Jade Blood Fox!"

Lu Ming smiled.

"Are you really going to help us? Are you really not sent by Moyou?"

The young woman asked.

"Of course not. I really fell here unintentionally. I used to fight with the enemy at high altitude, but I lost to the other party and was bombarded by the other party!"

Lu Ming lied.

"It turns out that it seems that we have wronged you, sorry!"

The young woman put out her tongue and smiled, very cute.

"Then let's start, how to use jade blood grass?"

Lu Ming asked.

"As long as it is lit, the jade blood grass will ignite, and it will emit a peculiar smell, which can attract the jade blood fox!"

"But we are going to change the place. I just disturbed it here. The Jade Blood Fox is extremely cautious. I'm afraid it won't be the second time. Let's go ahead!"

The young woman said.

"it is good!"

Lu Ming nodded and flew towards the front.

The gravitational force here is too large, which is thousands of times higher than the sky. As a result, flying here requires thousands of times of effort, and the speed is naturally much slower.

The young woman, as well as more than thirty others, also rose into the sky and drove away with the landing.

"My name is Xu Rong, what is your name?"

On the way, the young woman asked.

"Lu Ming!"

Lu Ming answered.

Soon, they flew tens of thousands of miles, intending to capture the Jade Blood Fox here.

Lu Ming directly ignited ten jade blood grasses, and Xu Rong and others who watched were heartbroken.

The jade blood grass exudes a peculiar smell and drifts far away.

Lu Ming and they stepped back hundreds of miles, surrounded the area, and waited quietly.

Chapter 2462: Ming Dynasty

Jade blood grass is very resistant to burning and burns very slowly. A jade blood grass can burn for ten days.

They waited for six days.

Suddenly, in the forest in front, there was a red lightning, which was heading towards the burning jade blood grass at an extremely fast speed.

It wasn't a lightning. Lu Ming saw it clearly. It was a blood-red fox with a small body, less than half a meter long.

"coming!"

Xu Rong's eyes lit up.

"Shoot!"

The big man shouted, and then, more than thirty people, from all directions, rushed to the Jade Blood Fox, forming a circle.

Creak...

Jade Blood Fox was frightened, screamed a few times, stared at all four limbs, like a flash of lightning, and retreated towards the rear.

"Stop me!"

In that direction, several powerful men of the Great Emperor Realm shouted, and their strength formed a big hand, grabbing towards the Jade Blood Fox.

The Jade Blood Fox dashed from left to right, but all the space was blocked and there was no way to escape.

Squeak...

Jade Blood Fox screamed, suddenly jumped forward, his body transformed into a sword light, and rushed past.

flutter!

One of the great hands condensed by the emperor was directly penetrated by the jade blood fox. The jade blood fox rushed past, turned into a lightning, and left quickly.

"No, hurry up!"

Xu Rongjiao drank.

Others are ugly.

This jade blood fox is inconsistent with the rumors.

According to rumors, the Jade Blood Fox was cautious and alert, living in no fixed place, coming and going without a trace, the speed was amazingly fast, but the cultivation base was not high, the combat strength was not strong, and an emperor was enough to deal with it.

But this jade blood fox, who could actually become Jianguang, penetrated the attack of an emperor, which they did not expect.

They chased wildly, but the speed of the Jade Blood Fox was faster than them. Like a red lightning, they went away very fast, and they were about to be run away.

This time Jade Blood Fox was rounded up and fled. With Jade Blood Fox's cautious personality, it was difficult to attract him.

Xu Rong almost cried.

At this moment, a figure rushed out, the speed was almost to the extreme, faster than the Jade Blood Fox, and there was no trace in a flash.

"So fast..."

Xu Rong and others were a little dazed, because Lu Ming rushed out just now.

In their hearts, hope rose, hoping that Lu Ming could catch it.

They gritted their teeth and hurriedly chased them. After a while, they saw Lu Ming stepping forward from the air, carrying a little blood-red fox in their hands, struggling there.

It is the Jade Blood Fox.

"Caught, caught!"

Xu Rong jumped up excitedly, the others were also ecstatic.

"Miss Xu, fortunately not humiliating!"

Lu Ming smiled and handed the Jade Blood Fox to Xu Rong.

"Lu Ming, thank you, thanks to you this time!"

Xu Rong's excited little face turned red, and he quickly took the Jade Blood Fox and put it in a jade bottle.

Her father was saved, and there was a smile on her face.

"Lu Ming, where are you going next?"

Xu Rong asked.

"It's true, I'm asking for advice. Where is this?"

Lu Ming asked.

"You don't know where we are?"

Xu Rong was curious.

"I'm actually from a distant place. I was chased and killed by someone before. I ran away all the way. I didn't know where to go. Now I don't know where I'm going?"

Lu Ming said with a bitter smile.

"This is the ten square forest of Fengming Kingdom. The Daming City where our Xu family is located is one of the great cities of Fengming Kingdom!"

Xu Rong said.

"Fengming Kingdom, Daming City?"

Lu Ming whispered.

Zulong said that there are thousands of countries in Huangquan Mountain, which seems to be the case.

"Lu Ming, since you are not here, why not go back to Daming City with us first, and then find a way to go back?"

Xu Rong said.

"You can only do this first!"

Lu Ming nodded helplessly.

Xu Rong was overjoyed, and then a group of people appeared and returned to Daming City.

Shifang Forest is not particularly far away from Daming City, only a distance of more than one million miles, but the flight speed here is much slower, and it took everyone a few hours to come to Daming City.

Daming City is a male city. It is huge. Even in the vast Fengming Kingdom, it can be ranked in the top 20.

On the way, Lu Ming also learned from Xu Rong how her father was injured.

Her father challenged a person named Moyou and was injured by the other party.

And Mo You, a ***** of Feng Mingguo.

Along the way, Xu Rong twitter and Lu Ming talked a lot.

Feng Mingguo advocates the use of force and governs the country by force.

Under the leadership of Fengming Kingdom, there are thirteen commanders, each commanding an army and guarding one side, all of which are extremely powerful.

Daming City, under the rule of one of the commanders, has 18 guards under his command. Moyou is one of the guards under his command and has a very powerful combat power.

However, Feng Mingguo has a stipulation that all positions are based on strength and can also be won by strength.

As long as the opponent is defeated, they can take the place of the opponent.

For example, by defeating Moyou, or even killing Moyou, you can replace the opponent's position and become the leader's guard, standing high and rampant.

"My dad, it's not that he wanted to lead the other's guard, but that he was forced by Moyou to challenge him!"

Finally, Xu Rong sighed.

"Oh? What's going on?"

Lu Ming asked.

"Moyou design, let my elder brother bet against him, and finally lost, owe a debt, those debts, even if I sold my entire Xu family, I can't afford it!"

Xu Rong sighed.

Lu Ming nodded, probably understood.

A group of people walked into the city gate and walked towards the Xu family.

"So many races?"

As soon as he entered the city gate, Lu Ming was taken aback.

Inside the city, the streets are wide and people come and go.

But not only many races, but also other races.

For example, the long horns on the head are similar to the race of the human race.

There are also races with long tails, and races with a humanoid upper body but a snake body with a lower body.

These races are not caused by metamorphosis of gods and beasts, but by nature.

At a glance, Lu Ming saw at least four or five races.

These races have no such races in the Celestial Realm, Yuan Realm, or Evil God Realm.

"Zulong said that Huangquan Mountain is from Tianwai. Are these all races outside Tiantian?"

Lu Ming thought.

Then, he thought of the statue in the core of Void God Island.

The statue, with a pair of wings behind it, is also a race that has never been seen before. Is there any connection between them?

However, Lu Ming found that the number of human races is still the largest.

Around a few streets, a huge mansion appeared in front. This mansion is the Xu family.

But at this time, the Xu family was full of people outside.

"what happened?"

Xu Rong and others changed their faces and rushed past quickly.

"It's Xu Rong!"

Many people saw Xu Rong and quickly gave way to let Xu Rong pass them.

Chapter 2463: Command Guard

Lu Ming They passed through the crowd and found that two groups of people were facing each other in front of the Xu family gate.

One of them, headed by a sturdy man, dressed in iron armor, opened his eyes open and closed, with a grim color flashing.

Beside him, there are also a group of strong men wearing iron armor, all races have a strong breath, and they are all strong in the realm of the emperor.

"Moyou!"

Xu Rongjiao drank.

The strong man heard the voice and looked over. After seeing Xu Rong, he laughed: "It turns out to be Miss Xu Family, you just came back!"

This big man is Moyou.

Opposite them at Moyou, there was also a group of people, led by a man who looked like he was in his 60s, but his qi deficiency was extremely weak, weak, and pale, and at first glance, he knew he was seriously injured.

"Rong'er, come here!"

Cried the man in his sixties.

"Dad, how are you?"

Xu Rong quickly ran over, worried.

This person is Xu Rong's father, Xu Yuanshan.

"It's okay, I'm okay!" Xu Yuanshan said, but said a few words, his face was white again and he gasped for a long time.

"Moyou, what are you doing with my Xu family?"

Xu Rong glared at Mo You.

"What? Your elder brother owes me the **** stone, hasn't paid it yet? Of course I came to ask for the account!"

Mo You sneered, and when he looked at Xu Rong, his eyes flashed a fiery light.

"How much God Stone does my big brother owe you?"

Mo Youdao.

"800,000 **** stones!"

Mo Youdao.

"You... you bullshit, I obviously owe you only 300,000 yuan!"

On the edge of Xu Yuanshan, a young man shouted. This young man is Xu Rong's elder brother, Xu Feng.

"Doesn't interest? You have owed a year, plus interest, 800,000!"

Moyou sneered.

"A half a million yuan a year? Why don't you go grab it?"

Xu Rong was angry.

"Here, it is this rule, repay the debts, justified, and quickly repay?"

Moyou scolded.

"Eight hundred thousand **** stones, even if I sold my Xu family, it would not be enough!"

Xu Yuanshan Road.

Xu Rong's eldest brother did not dare to speak, his head dropped deeply.

"Not enough, okay, Miss Xu Rong's national beauty and heavenly fragrance, you can come to me, your Xu family, plus Miss Xu Rong, it's almost the same, as for the rest, I don't care!"

Moyou Road, looking at Xu Rong, the fiery light is more intense.

Xu Rong's face was pale.

"You... want to play Rong'er's idea, you don't want to!"

Xu Yuanshan roared.

"Come on? Since you can't get it out, don't blame me!"

Mo You savagely said.

There was a terrible breath in him.

"Peak Emperor!"

Lu Ming's eyes narrowed slightly, Moyou's cultivation base was at the peak of the emperor.

Moyou's men also burst into a strong breath, pressing against the Xu family.

The people of the Xu family could not resist it, especially Xu Yuanshan, who was squashed by the other party's breath, his body staggered back, his face pale, and a spit of blood spewed out.

"father!"

Xu Rong was extremely worried.

Xu Yuanshan was already seriously injured. At this time, the injury was added to the injury, and it would be dangerous to continue this way.

"If you don't do it, the Xu family will be destroyed today!"

Mo You said coldly.

No one spoke around.

Feng Mingguo, Wu Ligu, everything speaks by force, the strong stand in high positions, the weak like ants, very cruel.

If the Xu family had the strength and killed Moyou, that leader would not say anything.

"Moyou, you must not die!"

Xu Rong cursed.

"Humph, who can kill me?"

Mo You savagely said.

"I!"

At this moment, a voice rang and spread throughout the audience.

Many people felt shocked. Who would dare to be so bold and say they could kill Moyou?

In Moyou's eyes, there was even a cold killer, following the voice and looking at the speaker.

Finally, he set his eyes on Lu Ming.

The person who spoke just now was Lu Ming.

"Boy, you said... are you going to kill me?"

Mo You said one word at a time, killing her coldly like a knife, looking at Lu Ming's eyes, just like looking at a dead person.

"It seems that your ears are not deaf!"

Lu Ming smiled faintly and said, "I heard that as long as I challenge you and defeat you, I can take your place and become the leader's guard?"

"Oh, do you want to be the leader guard? The ambition is not small, I tell you, it is true, just see if you have this skill!"

Mo You savagely said.

"Lu Ming, don't, Mo You has the cultivation base of the peak of the hole virtual realm, and the strength is the top of the hole virtual realm!"

Xu Rong sent a message to Lu Ming, very worried.

"Dong Virtual Realm? Isn't it the Great Emperor? Isn't the realm division of Huangquan Mountain different from Heaven Realm and Evil God Realm?"

Lu Ming moved.

But now, it is not the time to ask in detail.

"Moyou, I'm officially challenging you now. Do you dare to fight?"

Lu Ming shouted directly.

Lu Ming has his own plan.

The local forces in Huangquan Mountain are extremely powerful, and even the powerful people of Wushen Realm, if they want to get a chance in Huangquan Mountain, or even kill aliens, they must take advantage of the power.

Leveraging the power of Huangquan Mountain's souls.

In this way, it is not only difficult to kill not only aliens but also obtain resources.

I believe that people of different races will do the same. Now it depends on who is fast.

First ascend to the position of leader and guard, and then continue to climb up, when you have control of Fengming Kingdom's certain rights, you can use the power of Fengming Kingdom to find the spirits of the heaven and the strong of the aliens.

Gathering the souls of the heaven, killing the alien strong, looking for opportunities, multi-purpose.

Challenge Moyou?

Around, many people were shocked.

Xu Yuanshan and others were also shocked.

Lu Ming looks so young, he must challenge Moyou, this courage is too big.

"Lu Ming..."

Xu Rong showed concern.

Although Lu Ming is a strong man, he defeated more than 30 masters in one move, but Mo You is a strong man at the pinnacle of Dongxue Realm, not comparable to her men.

"Are you going to challenge me?"

Moyou's eyes kept flashing, revealing cold light.

"Why not?"

Lu Ming said contemptuously.

"Hahaha, boy, how dare I, but let me see your strength, if there is no strength, what kind of kittens and dogs will challenge me, how can I have so much time?"

Moyou sneered.

"Admiral, let me try his strength!"

Behind Moyou, an armored man walked out.

This big man, with a pair of horns on his head, is as sharp as a knife.

"Okay, you try it, you can kill him directly!"

Mo You said coldly.

"Subordinates understand!"

The big horns Hansen coldly said, then stepped towards the landing Ming, a tomahawk appeared in his hand, said: "Boy, let's go!"

Uh!

As soon as the bull's voice fell, Lu Ming moved, and a gun was assassinated towards the bull, the speed was almost extreme.

Before the big horns responded, Lu Ming was nailed to the ground by Lu Ming's gun.

Chapter 2464: One shot kill

Spike!

Many people are stunned.

The cultivation of the ox horns is not weak, with five holes in it, was he killed by a second?

When many people looked at Lu Ming, the chill that appeared in their eyes was completely opposite to what they had just said.

The ability to kill the horned man with a single stroke is enough to illustrate Lu Ming's combat power and should not be underestimated.

Mo You's eyes also narrowed slightly, a flash of dignity flashed through.

"Now, can I challenge you?"

Lu Ming's eyes turned to Moyou.

"A little skill!"

In Moyou's eyes, a fierce light flashed, and a wave of his hand showed a blood-red war knife in his hand, filled with **** smells.

This shows that usually in Moyou's hands, I do not know how many people have died.

"Little brother, let him take out the guard token, so that if you defeat him, you can get him the position of commanding the guard!"

Aside, Xu Yuanshan made a reminder.

"Humph, do you think he can beat me?"

Moyou snorted, but still took out the guard token according to the rules and inserted it on his belt.

"Shoot!"

Mo You savagely said.

"Or do you shoot first, I will give you a shot!"

Lu Ming said.

The implication is that once I shot, you have no chance.

Moyou looked ugly, revealing a cold murderous opportunity, and said: "Since you are looking for death yourself, then I will complete you!"

bump!

Moyou's figure, like a flash of lightning, rushed towards the landing, and the sword in his hand came out violently.

Quick and accurate, amazing power.

Lu Ming stood still, and in the palm of his hand, the dominating power condensed into a long spear, with a rail in front of him.

when!

Moyou's war sword stood on Lu Ming's spear, and Lu Ming's body was as steady as Mount Tai, motionless.

And the huge anti-seismic force made Moyou's body violently shaken back and forth.

"The fighting power is really strong!"

Lu Ming moved.

Moyou's combat power, if placed in the Celestial Realm, can be considered a strong man among the pinnacle emperors.

In the same realm, there are strengths and weaknesses in the battle. Moyou is considered strong among the pinnacle emperors.

However, in Lu Ming's eyes, it was nothing.

At this time, Mo You was extremely shocked.

The trick he had just used, he had put out all his strength, intending to kill Lu Ming in one move, but the final result was that Lu Ming was motionless, but instead he was shocked.

At this moment, he understood that Lu Ming's strength is above him.

"No, I can't give up the guard position without giving up!"

Moyou shouted.

In Fengming Kingdom, there are only 13 leaders in total, each commanding the army, sitting on one side, and having high power.

And each commander has only 18 guards.

It is conceivable how much power is in this position.

Uh!

He turned and ran, and fled without a fight.

"Since I have agreed to the challenge and want to run, don't you think it's too late?"

Lu Ming's indifferent voice sounded, his muscles shuddered, his body rushed towards Moyou like lightning, and the spear in his hand came out with a thorn, almost to the extreme.

Moyou is terrified, and it is too late to turn around and defend.

puff!

A spear pierced through Mo You's head and killed him.

Moyou's body hit the ground with heavy weight, and his eyes were so wide that he couldn't die.

When he came this time, he had originally planned to put the Xu family in his pocket, and by the way, put the Xu family's flowery jade into the crotch. Unexpectedly, he would bury his life here.

Lu Ming reached out and sucked, and the guard token on Moyou's belt flew into his hand.

Moyou's men showed their fears one by one, then turned around and ran away.

"Moyou is dead!"

Xu Rong, Xu Yuanshan and others were a little dazed and then ecstatic.

Moyou is dead, then, the **** stone that Rong Xu owes to Moyou will naturally be eliminated, and no one will find their trouble again, they are naturally happy.

"Thank you Brother Lu Ming for his kindness!"

Xu Yuanshan was already at Xu Rong, knew Lu Ming's name, and came to thank him.

"You're welcome, I also want to get his **** position before I shot!"

Lu Ming smiled, then picked up the token in his hand and asked, "Senior, how should this token be used?"

"This is simple, as long as you hold this token and see the commanding master, as long as the commanding master nods, you will naturally inherit the position of commanding guard. Under normal circumstances, the commanding adult will agree, because your strength is stronger, It's good for commanding adults!"

Xu Yuanshan explained.

When Moyou forced the Xu family, Xu Yuanshan challenged Moyou, hoping to defeat Moyou and get his position as a guard. In this way, the danger of Xu family could be solved. Unfortunately, it was not the opponent of Moyou, but was beaten by Moyou Seriously injured.

"Dad, thanks to Lu Ming this time, we can catch the Jade Blood Fox!"

Xu Rong said.

"Catch the Jade Blood Fox?"

Xu Yuanshan was overjoyed, and then solemnly thanked Lu Ming.

Lu Ming is really the noble of their Xu family.

First he helped them to catch the Jade Blood Fox, his injury was healed, and he killed Mo You. Without Lu Ming, their Xu family was really over.

He was naturally grateful to Lu Ming.

"Brother Lu Ming, sit inside, come and prepare for the banquet!"

Xu Yuanshan welcomed Lu Ming into the Xu family, and ordered people to prepare a banquet.

And the people who watched around also dispersed.

For them, there is nothing unexpected for them.

In Fengming, such challenges often occur.

Not only people challenge the command guards, sometimes even people challenge the command guards.

The Xu family warmly treated Lu Ming as a guest of honor.

Afterwards, Lu Ming spent a few days at Xu's house, read through the large amount of data collected by Xu's house, and learned more about Huang Quanshan.

There are many races in Huangquan Mountain.

There are dozens of races, such as bull head race, scale armor, snake human race, etc.

Moreover, the cultivation realm in Huangquan Mountain is also very different from the heaven realm.

Some of the previous realms are basically the same, but after Wudi Realm, they are very different.

The Emperor Wu Realm of Huangquan Mountain can be divided into the virtual realm, the real virtual realm, the cave virtual realm, and the virtual realm. Each realm is divided into seven levels.

Corresponding to Xu Di, Zhen Di, Da Di, and Tian Di respectively.

Such as Moyou, it is the pinnacle of the hole virtual realm, which is equivalent to the pinnacle emperor.

But the spirits of Huangquan Mountain do not cultivate the law, nor the avenue, nor even touch the heavenly Tao, and they cultivate pure power.

Above the virtual realm, it is called the divine realm, which is called the god. This is the same as what Zulong said.

The creatures here call Huangquan Mountain Huanghuang World.

In Huangquan World, there are hundreds of forces and nations, each occupying one territory and commanding one.

The Fengming Kingdom is just a small country on the edge of the Huangquan world.

In addition, Lu Ming also saw records about the cursed land.

There are some places in Huangquan World where the creatures here can't enter at all, and when they go in, they die, and they are called the cursed land by the spirits of Huangquan World.

Chapter 2465: First guard

"Curse Land!"

Lu Ming has bright eyes. This cursed land is where they are looking for.

People in Huangquan Mountain cannot enter because people in Huangquan Mountain have been cursed from generation to generation, but outsiders can enter.

There may be a chance.

Moreover, what made Lu Ming overjoyed was that Fengming Kingdom had such a cursed place in the capital of Fengming Kingdom.

"It seems that I chose to be the commanding guard, and it's right!"

Lu Ming smiled slightly.

Lu Ming stayed with the Xu family for two days, and said goodbye to them in Xu Rong's reluctant gaze.

Then, Lu Ming walked toward the House of Command of Daming City.

The leader who guards here, named Yi Yang, can be said to be the most powerful person in Daming City. He commanded dozens of cities and towns in the vicinity, with millions of troops.

Dominating the house, then in the center of Daming City.

Soon after, a vast mansion appeared in front of Lu Ming.

At the gate of the mansion, there was a team of Hans wearing iron armor guarding.

"Who? Stop!"

Lu Ming was stopped as soon as he came.

"I want to see Yi Yang command!"

In Lu Ming's hands, the guard token appeared.

"Guide the guardian token!"

The gatekeeper's face changed, and then he smiled and said, "Originally, you have a guardian token. Please wait a minute, we will report to the leader!"

Possessing the **** token means that Lu Ming has defeated an escort, and it is very likely that he will inherit the position of the escort. Then the identity will be far above them. They naturally dare not offend Lu Ming.

"It is good!"

Lu Ming nodded, put away the guard token, and waited quietly.

After a while, the gatekeeper came out to report: "The leader wants to see you, please follow me!"

Talk, turn around and go inward.

Lu Ming followed and entered the mansion of the governor, followed the other party, bypassed several corridors, passed through several courtyards, and came to a hall.

At the entrance of the hall, the gate-keeper didn't dare to go in and signaled Lu Ming to go in, but he himself retreated.

After Lu Ming stepped inside and entered the hall, he found that the hall was already full of people.

At the top, sits a middle-aged man with a dark complexion. His eyes are narrow and long, and his eyes are open and closed, giving a cold feeling.

But what attracted Lu Ming's eyes most was the person's lower body.

This person's lower body is a snake tail.

This is a snake man, and his breath is amazing.

"Emperor!"

Lu Ming felt at the first time that this person's cultivation practice was the Emperor of Heaven, the virtual world of Huangquan World.

On both sides of the hall, a dozen people sat.

There are males and females, older and middle-aged, all with strong breaths and the same pinnacle emperor.

"This is the commander and his guard!"

Lu Ming felt a move in his heart, and then stepped forward and clenched his fist: "Under Lu Ming, I've seen Master Lord!"

"It's you, killed Moyou?"

At the top of the hall, Yi Yang asked.

"Not bad!"

Lu Ming nodded.

"Take your guard token and show it!"

Yi Yang Road.

Lu Ming nodded and moved his hand, and the guard token appeared in his hand.

"Master, please, can I inherit the position of escort?"

Lu Ming asked.

"Hehehe, it's really ridiculous, just because of you, you want to inherit the guard position?"

It is not the leader of Yi Yang who speaks, but the middle-aged man on the top left. This life has a pair of horns and eyes as big as bronze bells.

"According to the rules, if I kill Moyou, I can inherit his position. Why can't I inherit the position of escort?"

Lu Ming asked back.

"Ridiculous, I received news that you attacked Moyou from behind by sneak attack, otherwise, would you be his opponent, such a despicable person, and wanted to inherit the position of escort, it was ridiculous, now you I dared to come here. Fortunately, today, I will avenge Moyou!"

The Niu Tauhan spoke indifferently, stepped out, and with a strong breath, squeezed towards the landing.

This bull-headed man, named Binbu, usually has a very good relationship with Moyou, and he is also the strongest of the 18 guards under Yi Yang.

He received news that Mo You was killed by Lu Ming from behind. He was furious and was planning to avenge Mo You. Unexpectedly, Lu Ming came to the door by himself.

Yi Yang sat on the head with a sneer on the corner of his mouth, and did not stop.

He also received news that Mo You was stabbed to death by Lu Ming from behind.

He also wanted to see if Lu Ming had the ability, and if he didn't have the ability, then being killed by Bingbu was also a white kill.

"It's just you, I'm afraid it's worse!"

Lu Ming glanced at Binbu at will.

Even a peak emperor, even if he is strong, Lu Ming did not care about it.

"The mean villain who will only attack from behind, dare to run wild with me, die me, and kill with a whirlwind!"

In the hands of Binbu, a large battle axe appeared. After lifting the battle axe, he slammed towards the landing.

In the process of rushing to Lu Ming, the whole person of Binbu spun up at a rapid speed, bringing up a battle axe like a whirlwind, rolling towards Lu Ming, and the power was extremely amazing.

"The whirlwind kills, it's the whirlwind kills. Brother Bingbu used the trick as soon as he shot!"

"That kid is over, Brother Bingbu used his killing tricks. In the hole virtual realm, there are not many people who can be defeated. The kid is dead and is going to be strangled into minced meat!"

The other guards sneered one by one, as if watching a play.

They seemed to have seen the scene where Lu Ming was strangled.

boom!

At this time, Lu Ming moved, he stepped out, and then punched out, the whole hall roared.

Boom!

Lu Ming's fist collided with Binbu's battle axe, a huge roar erupted, and then saw Binbu's battle axe, and flew away from a distance.

Then he heard a scream, Binbu's burly body, crushed by Lu Ming's fist, flew out from a distance, fell heavily on the ground, and vomited blood.

In one move, Binbu was hit hard.

In the hall, a cold breath sounded.

The guards widened their eyes, revealing incredible colors.

Binbu, but the strongest among them, but now, in the case of the show of killing tricks, Lu Ming was defeated by a move.

Lu Ming's combat power is shocking.

They understand that Lu Ming's killing Moyou, where there is a sneak attack, even in a head-on battle, you can easily kill Moyou.

"On this point of combat power? How strong I thought it was really disappointing!"

Lu Ming shook his head and glanced at Bingbu disdainfully.

Just now, he was looking at Yi Yang's face, and his men showed mercy, otherwise he punched, and Bingbu promised that there would be no **** left.

Binbu breathed out two more breaths of blood, ashamed of death.

"Hahaha, okay, okay, your name is Lu Ming, right now, you will be the guard of this command, the first guard!"

First, Yi Yang laughed, his eyes showing excitement.

Chapter 2466: Leadership Conference

"Thank you for your leadership!"

Lu Ming clenched his fists.

"Okay, you will live in Moyou's mansion in the future. What's the matter, just mention it to me!"

Yi Yang laughed.

"It is good!"

Lu Ming nodded.

"Congratulations to Guard Lu!"

"Congratulations to Brother Lu!"

On the side, the other guards smiled one by one, and said to Lu Ming that it was completely opposite to the situation just now.

Now, Lu Ming has proved his strength, and has been valued by Yi Yang. Yi Yang is called the first escort. Of course, they must have a good relationship with Lu Ming.

As for Binbu, let him go.

This world has always been so realistic.

Bingbu stood aside, his face looking ugly to death.

Afterwards, some people brought the landing song and went towards one place, spared two circles, they came to a mansion.

This mansion, which was the former residence of Moyou, now belongs to Lu Ming.

As soon as Lu Ming entered the mansion, he saw a group of people greet him, and when he saw Lu Ming, he bowed.

"Subordinates see Master Guard!"

There were hundreds of people, and they bowed to the landing.

"Well, be rude!"

Lu Ming nodded.

These people, formerly under Moyou's men, are now his men.

"Master Guard, what do you ask?"

Someone looked at Lu Ming with a smile on his face, revealing a flattering look.

"What are you going to do?"

Lu Ming waved his hands and let everyone go, while he found a room to stay.

Sitting cross-legged in the room, Lu Ming began to practice.

Between heaven and earth, that kind of mysterious energy keeps converging towards the landing.

Halfway through, Lu Ming opened his eyes.

"Now practicing, the role of the ancient tree of Taoism is getting smaller and smaller!"

Lu Ming whispered.

He found that since he realized the way of domination, the ancient trees of Wudao had little effect on him.

The way of domination, Lu Ming seems to be able to blend with the heavens and the earth, and even dominate the heavens and the earth, you can directly understand the way of the master from the heavens and the earth, and the effect of the ancient trees of the enlightenment has become extremely small, and it has little help for Lu Ming. .

The ancient tree of enlightenment has a great effect on the enlightenment of laws, avenues, and heavens, and it is not very useful for dominating the way.

After thinking for a while, a storage ring appeared in Lu Ming's hands.

This storage ring is Moyou,

Lu Ming killed Mo You, and naturally got the other party's storage ring.

Spiritual consciousness probed into it. At the next moment, several soldiers appeared in Lu Ming's hands.

"What a strange warrior!"

Lu Ming took the soldiers and looked carefully.

The weapons of Huangquan World are also very different from the outside.

"It's really amazing!"

Lu Ming injects the power of the world into the soldiers, sensing it carefully, revealing the color of wonder.

He found that within the soldiers here, there were actually formations inscribed with each other. These formations interacted with each other to form a magical effect. Once the energy was injected, these formations were activated, allowing the soldiers to burst out with amazing power.

Moreover, Lu Ming found that even injecting the power of the world could activate the formation inside.

Lu Ming tried it a few times and found that these soldiers were all equivalent to Great Emperor soldiers, not equivalent to Heavenly Emperor soldiers.

Think about it too, Moyou is nothing more than an emperor's cultivation, how can he have a weapon equivalent to the Emperor's soldiers.

"If you are in Huangquan World and get some soldiers equivalent to Heavenly Emperor Soldiers, take them out, and the strongest of Heaven Realm can also be used, then it can greatly enhance the strength of Heaven Realm!"

Thinking of this, Lu Ming's eyes were bright.

Then put a few soldiers away, and in Lu Ming's hand, a brilliant stone appeared.

This stone is about the size of the original stone.

"Is this the God Stone of Huangquan World?"

Lu Ming whispered.

Then run the exercises to absorb the energy of the **** stone.

The energy inside the **** stone is exactly the same as the energy that Huang Quanshan dissipated between heaven and earth, but it has to be many times richer.

The energy of a piece of magic stone was sucked into Lu Ming's body, and was quickly refined by Lu Ming to be transformed into his world power.

"A **** stone actually contains so much energy, which is equivalent to 10,000 pieces of superb original stone!"

Lu Ming was shocked.

The energy of this **** stone is too full, and one piece is equivalent to 10,000 pieces of top grade original stone.

Lu Ming clicked, and the number of **** stones in Moyou's storage ring was 500,000.

Converted to the top grade rough stone, it is 50 billion top grade rough stone.

Fifty billion yuan of top grade rough stone is already amazing enough.

You have to know that Lu Ming has obtained a large number of superb raw stones in the Void God Island.

Today, only about 100 billion is left.

The magic stone on Mo You is equivalent to half of Lu Ming's original stone.

"Haha, if you get enough **** stones here, then you don't have to worry about my cultivation!"

Lu Ming was overjoyed.

He practiced and consumed too many resources.

Now, there are only more than ten thousand chaotic stones left in his hand, and there are one hundred billion original gems.

These resources are simply not enough.

However, once there are enough **** stones, it will be fine.

Breakthrough cultivation is not necessary for chaotic stone and hongmeng stone. A single superb original stone is also possible, but the quantity required is too amazing.

Therefore, before Lu Ming, the original stone has been cultivated together with chaotic stone or Hongmeng stone.

This can greatly save the consumption of raw stones.

But for more than 10,000 chaotic stones, I am afraid that Lu Ming will break through again, and it will run out. However, as long as Lu Ming has enough **** stones, he can also break through.

Lu Ming started to figure out how to collect more **** stones. In that case, even if he went out of Huangquan Mountain in the future, he still had enough resources to practice.

Sorting things out, Lu Ming continued to practice and understand the way of domination.

The time flickered and two months passed.

These two months, it was very calm, nothing happened, Lu Ming felt at ease to practice.

On this day, Yi Yang sent someone to come to Lu Ming and said that he had something to see Lu Ming.

Still the last hall, Lu Ming saw Yi Yang.

In addition to Yi Yang, there are two others.

One is precisely the Bingbu defeated by Lu Ming, and there is a woman who looks about thirty years old, looks very beautiful, graceful, has a mature charm and is full of powerful temptation.

This is not difficult to find from the moment when Bingbu swept to her from time to time, the flames of desire filled his eyes.

Lu Ming recognized this woman, who was also one of Yi Yang's guards, named Liao Min.

"I came to you today to lead the conference!"

Yi Yang came straight to the point and directly stated his purpose.

Bingbu and Liao Min were calm, and it was clear that this matter had long been known, but Lu Ming was stunned and a little puzzled.

"You don't know Lu Ming, let me tell you!"

Yi Yang looked at Lu Ming and said: "There are 13 leaders in Fengming Kingdom, each defending one side, but the territory of defense is large and small, and the army that commands it also has strengths and weaknesses. Everything is the ranking of the leader!"

"Feng Mingguo, every 100 years, a leadership meeting will be held, and the ranking of the leaders will be determined. In half a month, it will be the new leadership meeting!"

Chapter 2467: Leadership

Lu Ming suddenly realized that Yi Yang had come to them just to lead the conference.

Lu Ming did not speak, waiting for Yi Yang's following.

"The rules governing the conference are very simple. Each commander can take three guards to participate together. When the time comes, they will challenge each other, and finally the host will re-rank according to the record!"

"And the three of you are the strongest three of my guards, so this time, you and I will go to the country to participate in the leadership conference!"

Yi Yang announced.

"Yes!"

Lu Ming, Binbu and Liao Min nodded.

"A country?"

In Lu Ming's eyes, there was a flash of light.

He also wanted to go to the capital, because there is a cursed place in Fengming Kingdom, which is exactly what he wants.

"Okay, you are ready to go tomorrow!"

Yi Yang Road.

The crowd dispersed and the day passed quickly.

The next day, Yi Yang led the landing trio, and other guards, and rode a huge bird toward the capital of Fengming Kingdom.

After flying for three days, they came to the capital of Fengming Kingdom, a huge and vast ancient city.

The capital of Fengming is very lively, and Lu Ming has seen more races.

"It's Yi Yang's command!"

They were recognized as soon as they entered the country.

"The once-in-a-century commanding conference is coming again, and the country is lively again!"

"I don't know if this time, the ranking among the major leaders will change!"

"It's hard to say, in my opinion, the biggest suspense is still the battle between the first and second place. A hundred years ago, those two leaders fought a thousand moves before they were able to decide the victory!"

"Good, look forward to it!"

In the discussion, Lu Ming they crossed several streets and came to a huge mansion.

This mansion is the mansion that Yi Yang commands in the capital. It is also vast and huge. A large number of masters are also stationed in the mansion.

As soon as they came, Yi Yang had someone to greet them and arrange accommodation for them.

Next, wait for the convening of the congress.

Time rushed, more than ten days passed, and the conference came.

Yi Yang, with Landing Ming, Binbu and Liao Min, headed towards the palace.

When they came to the palace, they were naturally received, and they were greeted to a wide area.

This place, surrounded by rows of seats, serves as a viewing platform. In the center, there is a huge battle platform.

Obviously, the duel will be on that battle platform.

"Haha, Yi Yang, you came very early!"

A loud laugh came.

The crowd looked around and saw another direction, and four people also flew.

The first one is an old man with a horn on his forehead, looking at Yi Yang, with a sneer on the corner of his mouth.

"You are not too late!"

Yi Yang coldly said.

"Hey, Yi Yang, this time, I will definitely take your place!"

The old man sneered.

"On you? It's still far away!"

Yi Yang sneered, fighting against each other, both of them filled with cold breath, colliding with each other.

Of course, they understood that now it was not time to fight, all snorted, looking for a stand to sit down.

"That old guy, called Border Town Commander, ranks 10th among 13 Commanders, and our commander, 9th, that guy has always wanted to take the place of our Commander!"

On the side, Liao Min sent a message to Lu Ming, explaining.

Along the way, this Liao Min walked closer to Lu Ming, showing Lu Ming frequently, and looking at Lu Ming's eyes, her eyes were silky.

Let Binbu aside, jealous.

"Oh, no wonder!"

Lu Ming nodded and smiled at Liao Min.

At this time, people continued to fly over.

All other leaders, one leader, with three guards.

Liao Min also introduced Lu Ming in turn.

"It is the Rama rule, and the Jade War ruler, the two of them came together!"

Suddenly, Liao Min spoke, his voice very dignified.

Lu Ming also looked at the past.

Four people on each side.

The most striking is, naturally, the two who are at the forefront.

The two, one of them, is a middle-aged man in a white robe, but a human race.

And the other one, with a pair of black wings in the back, eyes cold.

Through the introduction of Liao Min, Lu Ming learned that the middle-aged man in white robe was the leader of the 13th Jade Warlord.

The one with black wings is the second-ranked leader of Rama.

The two men, extremely powerful, fought each other for endless years.

The strength of the two is similar, but overall, the Jade War Commander is slightly better, so it always ranked first.

There are rumors that this time, Lord Rama will pull the Jade Warlord down to the first throne and replace it.

The two faced each other, collided with fierce sparks, and then sat down in their seats.

"These two are very deep!"

Lu Ming looked at each other and found that the two were very advanced, and they were probably far above Yi Yang.

Then, Lu Ming looked at the guards brought by the opponent.

"Emperor!"

Lu Ming found that among the guards brought by these two people, there is also the presence of the Heavenly Emperor Realm, which is not Yi Yang at all.

"Ok?"

Lu Ming saw that one of the people brought under the command of Rama was very mysterious, covered in black robe and unable to see clearly!

"I didn't see the strong man of the heavens, or the aliens!"

Lu Ming thought.

"The Lord is here!"

At this moment, a voice sounded.

Then, a pedestrian flew in the distance.

There are more than a hundred people, and the one headed is a human race. It looks like a fifties, wears a crown, and is majestic.

Obviously, this person is the sovereign of Fengming Kingdom.

A group of people, sitting on the top seat, in turn.

"See the Lord!"

Everyone got up and saluted the master of Fengming Kingdom.

"You are free, please sit down!"

The master of Fengming Kingdom waved his hand.

Everyone was seated.

"The once-in-a-century leadership conference is about to start again. The rules are still the old rules. Each person will bring three guards and the challenge will be challenged by the last leader in the ranking!"

"You can shoot as much as you like, and the final record, this king knows!"

The host announced.

"Yes!"

Everyone responded.

Then, the last leader in the ranking sent a **** and jumped onto the battle platform.

The other party challenged a guard who ranked 12th.

boom!

There is nothing to say, the two are fighting fiercely.

Both of them are the cultivation practices of the pinnacle emperor, and their fighting power is also quite equal. This battle is very fierce, and they battled hundreds of moves. In the end, both defeated and were injured.

"How? Do you have confidence!"

Commander Yi Yang secretly gave Lu Ming their voice.

"This kind of merchandise can't withstand a single blow, I can defeat it with ten moves!"

Binbu spoke with confidence.

But after glancing at Lu Ming, his face became gloomy again, but he was defeated by Lu Ming.

Lu Ming smiled slightly and didn't say much.

Chapter 2468: Evil God Clan Appears

The challenge continues.

Next, still the last leader in the ranking, sending people to fight.

It is still a battle between escorts.

But this time, after hundreds of moves, the twelfth-ranked leader's **** won slightly and won the opponent.

Then, it was the third match between the two guards. This time the two guards were also tied.

"Let's fight!"

In the end, the last leader in the ranking jumped onto the battle platform and looked at the guard who ranked 12th.

"war!"

The leader of the twelfth place is very simple, and jumped onto the battle platform.

boom!

The two men fought fiercely, with magnificent momentum and amazing scenes.

The cultivation practices of the two are equivalent to Heavenly Emperor Realm, but only equivalent to One Star Heavenly Emperor.

This battle was also a full-fledged battle with hundreds of moves. In the end, the 12th-ranked leader was slightly better than the other.

The leader at the end of the ranking was ugly.

He couldn't beat the 12th-ranked leader, and this time, he was destined to be the last one again.

"Okay, wait for everyone to recover, and then go on to fight, come on, prepare a wine feast!"

Lord Fengming announced.

Immediately, there were young girls of all ages, served with wine and food.

Everyone ate and drank, and even Lord Fengming called a group of beautiful women to dance and cheer on the battle platform.

The crowd waited while eating and drinking.

They are all equivalent to the Emperor Wudi Realm, they have time, not in a hurry.

People who have been waiting for the fierce battle just now have returned to their peak and challenged before continuing.

Twelfth leader, began to challenge.

However, he obviously did not dare to challenge the ranking too high, he chose to challenge the eleventh place.

This war was also fierce, but in the end, the eleventh leader won.

For a hundred years, for these emperors and emperors, it is very short.

Therefore, in a hundred years, everyone's combat power will not increase very much, so the ranking is difficult to change, almost the same as a hundred years ago.

Only a few people are full of suspense.

Such as Jade War Commander and Rama Commander.

After the first battle, the crowd continued to wait. After they recovered, the challenge continued.

In this way, two days later, it was finally the leader of the tenth-ranked border town and began to challenge.

He directly challenged Yi Yang to lead.

Many people are interested.

Because this scene is quite suspenseful.

Hundred years ago, the leaders of Border Town and Yi Yang had the same strength. When the final ruler ranked, Yi Yang was placed in front of the border town. Over the years, the leader of Border Town has been dissatisfied. Yang.

Uh!

On the side of the frontier, a tall guard leaped onto the battle platform. His eyes fell on Lu Ming, Binbu and Liao Min, and finally stopped on Lu Ming.

Bimbu and Liao Min, he knew each other, he was very powerful, and he was not sure.

But Lu Ming, he hadn't seen it before, plus he looked so young, he chose Lu Ming for the first time.

"Boy, come down!"

Dahan refers to the landing sound.

"Actually picked me? It seems that I feel so bullied!"

Lu Ming smiled.

Bimbo and Liao Min both tremble in their mouths, is Lu Ming bullying? They have mourned for the big man.

There was a smile on Yi Yang's mouth.

The more eye-catching the performance of his guards, the higher the score will be, and the higher the ranking may be.

Lu Ming stepped out and appeared on the battle platform.

"Boy, what's your name? Lao Tzu, don't cut the unknown!"

Great Hansen said coldly.

This kind of duel is not limited to life and death, if you have the strength, you can directly kill the other party.

"Lu Ming!"

Lu Ming said lightly.

However, when Lu Ming reported his name, he had been sitting behind the leader of Rama, and the figure covered in black robe shocked, and then the cold murderousness filled him.

Ok?

Rama led the head curiously and glanced at the black robe.

Lu Ming also sensed the other party's killing opportunity for the first time and looked at the black robe.

After the other party reported his name, the other party revealed a killing opportunity, which was clearly aimed at him. Even now, the other party is still full of killing opportunities, without concealing it.

"As soon as I heard my name, it showed me a killing opportunity. Could it be the Evil God Clan!"

Lu Ming's eyes moved.

This is very likely.

The evil spirit family has a special appearance. There is no such thing in Huangquan Mountain. As long as the other party reveals his true body, the people on this side of the heaven can recognize it as soon as they see it.

The Heaven Realm has certain advantages, because there are many human races in Huangquan Mountain.

They are mixed in the crowd, the other party is not easy to find.

From the stand, Yi Yang commanded the direction of Rama command, his brow furrowed and his face gloomy.

"Boy, where are you looking, to death!"

The big man screamed and rushed straight towards Landing Ming. The sword in his hand was as fast as lightning and beheaded towards Landing Ming.

"roll!"

Lu Ming drank coldly without looking at it, and kicked out.

bump!

The opponent's knife light collapsed and was kicked by Lu Ming on his stomach. With a scream, he flew directly out of the battle platform and fell to the ground.

"So strong?"

Many people were shocked.

In one move, he defeated a pinnacle emperor. What fighting power is this?

Is Lu Ming a heavenly emperor?

The leader of the Border Town's complexion is ugly to die.

If Yi Yang had a heavenly emperor, he would lose.

After hitting the big man, Lu Ming looked at the black robe and said, "Since it's here, why hide your head and show your true face!"

"Hey, hey!"

The other party sneered, and then took off the black robe, revealing the true face.

This man, middle-aged, has long purple hair and is a royal family among the aliens. The three eyes are open and closed, and the cold light flashes continuously.

"So you are Lu Ming, hey, my luck is good, the first person to beheaded is you!"

Interracial royal family sneered.

Although he is not as obvious as he said, Lu Ming is very clear about the meaning.

The other party meant that he would be Lu Ming, the first celestial creature he beheaded in Huangquan Mountain.

"Really? This is exactly what I want to say!"

Lu Ming responded indifferently, stepped out, and returned to the stands.

"You have hatred with him?"

Yi Yang asked. His face was somber, and a ray of cold light flashed in his long and narrow eyes.

"Not bad!"

Lu Ming nodded.

"Haha, Yi Yang, it seems that your guard, and my guard have a hatred, it seems that we two will have a battle!"

Rama commanded Haha with a smile, his voice filled with coldness.

Yi Yang's complexion is ugly.

The other commanders looked at each one with a smile, especially the commander of the border town, but they were even more fortunate.

Lord Fengming Guo looked at it with a smile, but also did not speak.

These commanders have contradictions with each other, which is exactly what he wants, so that he can better manage.

Chapter 2469: Flip face

"Rama Lord laughed, where would I dare to deal with you!"

Yi Yang commander's ugly face squeezed a smile, and then looked at Lu Ming, narrow eyes, cold light, said: "Lu Ming, don't hurry to apologize to Rama and his guard!"

"You want me to apologize?"

Even Lu Ming was shocked. I didn't expect Yi Yang to come out.

Yi Yang didn't even know what kind of grievances there were between him and the aliens, so he asked him to apologize without asking.

"Good, hurry up, I don't care what kind of grievances you have, you go to apologize, and you must let Rama and his guard forgive you, no matter what method, no matter what the cost, do you understand?"

Yi Yang spoke coldly, and there was a thick threat in his voice, which he did not conceal.

What he meant was obvious. No matter what method Lu Ming used, even if he knelt down or paid a big price, the other party should forgive him, so that Rama would not lead him to challenge Yi Yang.

There are no rules governing the conference. Those with high rankings cannot challenge those with low rankings.

Now, only at the beginning, it is challenged by the beginning of low ranking.

Those with high rankings can also challenge those with low rankings, but in that way, they will leave a bad impression in the mind of the host.

Yi Yang was afraid of dying in his heart. Rama was ruthless and powerful. If he challenged him, he would die.

He screamed in his heart that Lu Ming offended anyone who was not good, but offended the guards commanded by Rama.

"Ha ha!"

Lu Ming sneered.

"Why are you laughing?"

Yi Yang's cold road, like a snake's eyes, has a darker cold light.

"I laugh, what do you count? What are the qualifications to order me?"

Lu Ming answered indifferently.

"what?"

Yi Yang glared, stunned.

What did Lu Ming say? Lu Ming actually said what is he?

A big dog gall, an angry flame, filled Yi Yang's chest.

Lu Ming is just one of his guards. In the final analysis, it is just one of his dogs. Now, he dares to say so to other leaders and the sovereign.

This made him extremely faceless and extremely embarrassed, and his heart was filled with cold murderous opportunities, and he wished to unload Lu Ming eight pieces.

In exchange for other guards, I dare not disobey him, what he said, what others have to do.

"Hahaha, this kid, he is looking for his own death!"

On the side, Bingbu laughed heartily, but Lu Ming was so stupid that he was looking for his own death.

"No more nonsense, he must die even if he kneels in front of me today!"

At this time, the alien royal family spoke indifferently.

This remark made Yi Yang's face even more ugly.

He turned his eyes a few times, then his eyes lit up, and said, "You, my guard, no one in your eyes, commit the following, such a person, what are you doing? I will expel him from my ranks now, what do you have with him Enmity, although you can go to him, it has nothing to do with me!"

"Lu Ming, hand over your guard token!"

Speaking of the back, Yi Yang looked at Landing Ming coldly.

"Actually expelled him from the guards!"

"This Yi Yang is decisive, but in this way, it is a wise choice to avoid fighting with the Rama leader!"

"Yes, if I were the only one doing this, I would fight Rama and fight to death!"

Around, the leaders talked about it.

The sovereign sitting above, with a calm face, was drinking there, not knowing what he was thinking.

"Guardian token, here you are!"

Lu Ming took out the security token and threw it to Yi Yang.

"Rama, now Lu Ming is no longer my escort. There is nothing to do with him, though!"

Commander Yi Yang looked at Commander Rama with a flattered face.

"Hey, this leader is really waste!"

The alien royal family smiled disdainfully.

Yi Yang's face was ugly, but he did not dare to refute it. The other party was Rama's escort. Offending him was tantamount to offending Rama.

"It's all Lu Ming, otherwise, how could I do this!"

Yi Yang looked at Lu Ming coldly, striking in a row.

This time, he expelled Lu Ming from the ranks of escorts in public. Not only did he have one fewer person on this side, I am afraid that in the mind of the host, this impression is also not good. , And will retreat, will be under the control of the border town.

He blamed Lu Ming on all this.

"I still want to kill me!"

Lu Ming naturally felt the killing in Yi Yang's body, and Lu Ming's eyes also revealed the killing.

"Guardian, now I challenge Lu Ming to resolve personal grievances, and ask permission from the master!"

The alien royal family clenched their fists to the host.

"can!"

The landlord said lightly.

It was just a few commanding guards, he didn't care.

Uh!

The alien royal family jumped onto the battle platform and glanced at Lu Ming, saying: "Lu Ming, come on a battle!"

Lu Ming sneered in the corner of his mouth, and his figure moved, and he jumped onto the battle platform.

Even if the opponent does not challenge him, he will find opportunities to challenge the opponent.

Interracial, seeing is killing without amnesty.

Kill one person, the strength of the alien will be weakened by one point.

boom!

The alien royal family broke out a strong breath.

"This is...the doubledness of the virtual realm, so strong!"

"What a terrifying strength, only a guard commanded by Rama, has the power to double the virtual realm!"

Other leaders exclaimed one by one.

The duality of the virtual realm is equivalent to the two-star Heavenly Emperor.

You should know that some of the other leaders have only reduced the virtual realm to one degree, and some have also reduced the virtual state to two levels.

The Rama commander, a guard, is a double layer of virtual reality, and the gap is too great.

Rama sneered, and this was his killer skill. This time, he wanted to defeat the Jade Warlord and win the first place.

"Kill! Destroy the sword formation!"

The heterogeneous royal clan drank coldly. In the third eye, bursts of destruction light burst into a sword of war, forming a sword array, and struck the landing.

"Good to come!"

Lu Ming's face was calm, and he punched out, banging dozens of punches in succession.

This time, Lu Ming did not use the way of domination, but simply exploded the power of the flesh.

boom! boom! ...

Dozens of roars in a row, Lu Ming shook the other party's sword array away, but he himself also retreated continuously.

"Actually blocked!"

The other commanders were taken aback.

Lu Ming actually blocked the other party's attack, which is enough to show that Lu Ming is also the existence of Heaven Emperor Realm.

"That Yi Yang, there is actually a guard who reduces the virtual realm!"

The leader of the border city has a gloomy look.

"hateful!"

Yi Yang roared.

The stronger Lu Ming's performance is, the more uncomfortable he is. He can't help but think, if Lu Ming didn't offend Rama's guard, how good he would be, then he could be ranked higher.

Ok?

The lord of Fengming also became interested.

He has never seen Lu Ming and the alien royal family. Feng Mingguo suddenly had two more virtual realms, and he couldn't help being curious.

Chapter 2470: Challenge Yi Yang

"kill!"

The clan roar of the alien clan, the third eye was more radiant, the light burst out, and the war swords condensed more and more, slamming towards the landing.

At the same time, a purple light war sword appeared in his hand. The human swords were united and turned into a purple streamer, killing towards the landing.

He broke out with all his strength and wanted to kill Lu Ming as soon as possible.

"It seems that the power of the flesh alone is not the opponent of the two-star Heaven Emperor!"

Lu Ming turned his thoughts, and then his palms were held in the void, and the power of the purple gold masters gathered to become a spear.

Buzz!

Lu Ming's spear swept and swept across all directions, and those sword lights that cut towards him fell apart.

when!

Lu Ming's spear collided with the sword light of the alien royal family, and an amazing roar erupted.

The body of the alien clan shook with horror, and his body was pumped out by Lu Ming.

call out!

Lu Ming was killed with a gun, like a bolt of lightning, and the speed was extremely fast.

puff!

The alien royal family could not avoid it at all, and Lu Ming was directly stabbed into the eyebrow and penetrated his head.

Alien royal family, a two-star heavenly emperor, die!

boom!

Yi Yang suddenly stood up from his seat, his face full of shock.

Lu Ming's combat power actually became so strong that he could kill a powerful person who had doubled the virtual realm.

You know, he himself is nothing more than a duality of emptiness.

Others are also quite shocked.

"Oh, someone actually drove such a master out of the ranks of guards. It seems that someone is very confident!"

The Border Town leader sneered.

Commander Yi Yang looked ugly.

At this moment, he had a trace of regret in his heart, knowing that Lu Ming was so powerful, he would consider it.

With a helper like Lu Ming, he can definitely rank higher this time, even if he offends the Rama leader, it may not be unacceptable.

But now, regret is useless.

"Damn!"

Rama commanded the sky with anger.

Lu Ming, actually beheaded the alien royal family, causing him to lose a member of the general. This time, it hit him first and had a great impact.

"Haha, Rama, it seems that your men challenged someone who shouldn't!"

Commander Yu Zhan laughed. Among these people, he was the happiest.

Of the thirteen commanders, only the Rama commander threatened him.

Now Rama leads a powerful helper, and he is naturally happy.

"Humph, don't think I'm missing a guard, it's not your opponent!"

Rama commanded coldly, his eyes gleaming fiercely.

Lu Ming killed the alien royal family, stretched out his hand, and put away the other party's storage bracelets, and did not get off the battlefield. He glanced indifferently at the command of Yi Yang, and then turned to take a fist to the host, saying: "The country Lord, Lu Ming would like to ask, I now want to challenge a leader, I wonder?"

Lu Ming's words shocked some leaders.

Lu Ming wants to challenge the leader?

Is he going to take the position of commander?

In particular, the commander of Yi Yang was shocked in his heart, and there was a trace of fear in his eyes.

He was afraid, Lu Ming challenged him.

"Why, what are you? Not even a leader guard, but also want to challenge the leader. Now it's the leader meeting, don't leave me alone!"

Commander Yi Yang stood up and scolded.

"If I remember well, Feng Mingguo's rules, anyone can challenge the leader, as long as he defeats and kills the other party, he can replace the other party's status. Am I wrong?"

Lu Ming glanced at the commander of Yi Yang, mockingly said.

"Haha, of course you can challenge!"

At this time, Lord Fengming laughed.

He is naturally willing to see the challenges between his subordinates. Only in this way, the strong will replace the weak, and the strength of his rich country will become stronger and stronger.

"Which leader do you want to challenge?"

Lord Fengming asked.

Many of the thirteen leaders at the scene were nervous.

"I want to challenge Yi Yang to lead!"

Lu Ming reached out and pointed at Yi Yang.

Yi Yang's complexion paled, and a look of terror appeared in his eyes.

Lu Ming's combat power, he is completely incomprehensible, just killed a powerful double-demonstration.

He pays for his strength better than that of the alien clan, but he is not much stronger. He is not sure about Shang Luming.

"Damn, **** it!"

Commander Yi Yang roared in his heart and regretted it. He knew this, and he should not have accepted Lu Ming as his guard.

He blamed everything on Lu Ming's head, and he didn't think about it. Why did Lu Ming challenge him? He felt that everything he did was right.

"Yi Yang, don't fight yet, are you afraid of your own guard!"

The Border Town leader sneered.

Commanded by Yi Yang, his face flushed, and finally he was helpless. In this battle, he had to fight, otherwise, he was in Fengming Kingdom and could not be mixed up at all.

Uh!

He jumped onto the battle platform and watched Landing cry coldly.

He held a war sword and two war swords in his hands, emitting a dark light.

Suddenly, Yi Yang commanded his hands and started to become stronger. The two war swords turned into two cold viper snakes and slammed towards the landing.

At the same time, his lower body, the snake's tail, was like a sharp long sword, piercing Lu Ming.

Together, it is invincible.

But Lu Ming didn't need to defend at all, as long as he attacked.

Buzz!

The long gun vibrated and Lu Ming swept it out.

In the process of sweeping out, the purple-gold long spear rose up, turned into a few thousand kilometers, and crushed to Yi Yang.

Yi Yang's attack is tricky and useless. In the face of such a brutal attack, he can only make a hard connection.

The battle swords in his hands were continuously chopped out, and thousands of swords were chopped out in an instant. They were cut on the lance that Lu Ming condensed with the power of domination, and a dense roar was made.

But even so, Yi Yang commander was still shocked by the terrible power on the spear, and his face was pale.

bump!

Lu Ming stepped on the battle platform, leaping tall and tall, grabbing with both hands, and slammed into Yi Yang with Taishan's pressure.

A huge lance is pressed down like a mountain.

Yi Yang commanded his roar and tried his best. His body was shrouded in a layer of green light. At the next moment, he turned into a giant python and rose into the sky.

boom!

The long gun collided heavily with the python. The python screamed, and the body fell off the battle platform, revealing Yi Yang's appearance again.

At this moment, his breath was weak, he vomited blood, and his face was frightened.

call out!

Lu Ming's guns merged into one gun, killing Yi Yang.

"No, no, I admit defeat, I admit defeat..."

Commander Yi Yang screamed, full of terror.

However, Lu Ming's spear, without stopping, pierced down and directly penetrated the commander of Yi Yang.

"you..."

Yi Yang led the eyeballs round, staring at the landing cry in horror, and then lost his breath.

Commanded by Yi Yang, a strong man who doubled the emptiness, because of fear of the command of Rama, he drove away Lu Ming, but for his own sake, he caused the scourge of death.
