

D Emperor 2481

Chapter 2481: Beheaded Fengming Kingdom Lord

Swept by Lu Ming's indifferent eyes, Lord Fengming shivered involuntarily.

Then he took a deep breath and showed a terrible color on his face, saying: "It's up to you, I will cut you off now!"

Uh!

Feng Mingguo took the initiative and a bright sword light slashed towards the landing.

Lord Fengming has the four-fold cultivation method of transforming the virtual realm. In the realm of heaven, it is equivalent to a peerless master of the four-star heaven emperor realm, and its combat power is much stronger than that of Samsung heaven emperor.

The sword light was extremely sharp and approached Lu Ming instantly.

boom!

Lu Ming directly punched out, striking at an amazing speed, accurately bombarding the blade of Lord Fengming, the war sword in the hands of Lord Fengming kept shaking, and the body of Lord Fengming was also shaking wildly, backing off again and again , Withdrawing dozens of steps in a row, before standing firm.

"You... your combat strength, why?"

Lord Fengming was shocked.

In that move, he felt that Lu Ming's power surpassed him completely.

how can that be?

A few months ago, he had seen Lu Ming and Rama do it. At that time, Lu Ming was stronger than Rama, but not much stronger.

He is confident and can win or even kill Lu Ming.

Unexpectedly, in just a few months, Lu Ming's strength surpassed him.

how can that be?

You have to know that Xiu Wei has reached their stage and it is difficult to improve a little. It takes a long time and how can it be improved in just a few months.

"The cursed land must be that he got the supreme opportunity in the cursed land, so the fighting power surged!"

Master Fengming thought.

"Kill, you must kill him and take his chance!"

Lord Fengming shouted in his heart. The original war sword disappeared in his hand and replaced with a black war sword.

Buzz!

The war sword vibrated, and the sword was so angry.

"This is... Tiandao Bing!"

Lu Ming moved.

It is not considered as a heavenly soldier, because the weapon of the opponent does not contain the strength of the heavenly soldier, but the level is equivalent to the heavenly soldier.

Lord Fengming, as the leader of a country, and the cultivation of the four levels of the virtual realm, with weapons equivalent to the heavenly soldiers, is also normal.

Uh!

Lord Fengming moved again and killed Lu Ming.

While other aliens haven't shot for a while, with the Fengming Kingdom leader taking the lead, they are happy to sit back and enjoy their success.

They stopped in the Quartet to prevent Lu Ming from escaping.

In Lu Ming's hand, the Great Waste Gun appeared, and a purple-gold glow filled his body, and he shot it out.

This time, Lu Ming broke out with all his strength.

The power of the flesh, the power of the master, and the power of the Great Waste Gun.

boom!

The two collided again.

Buzz!

The war sword in the hands of Fengming Guozhu, the crazy shock, the power of terror, crazy towards the Fengming Guozhu.

Lord Fengming spurted blood directly and flew backwards.

His eyes glared round, an incredible look.

He has tried his best, but in front of Lu Ming, he is still vulnerable.

"kill!"

Lu Ming's momentum was like a rainbow, his muscles were shaking, his body burst out, and he was slaying towards the master of Fengming Kingdom. The speed was almost extreme.

The people inside Huangquan Mountain are generally more powerful than the outside.

Lord Fengming's strength is also stronger than the general four-star Heavenly Emperor.

And Lu Ming cultivated "Seven Gods Xuan Gong" to the sixth mid-term, and the power of the flesh alone can suppress the ordinary four-star Heavenly Emperor.

Therefore, he is equivalent to the lord of Fengming by his physical strength alone.

Lord Fengming has a war sword equivalent to the Taoist soldiers, and Lu Ming also has a great barren gun, both of which are the same.

However, Lu Ming has the power to dominate the road, and this explosion completely crushed the Fengming Kingdom.

boom!

The Great Waste Gun vibrated and became extremely immense, slamming toward the Fengming Lord.

Lord Fengming was shocked and raised his sword to resist.

Great barren gun, heavy bombardment on the war sword of Lord Fengming.

The power of terror caused the arm of Fengming Kingdom to explode directly, and the war sword came out and flew out.

Lu Ming exerted the power of **** and put away the opponent's war sword in one roll.

The body of Lord Fengming, like a meteorite, hit the ground.

boom!

The earth shook, and Lord Fengming smashed the ground into a big pit, vomiting blood.

All around, everyone was ignorant.

As strong as Fengming's sovereign, in Lu Ming's hands, he could not withstand a blow.

"No, join forces, join forces to kill him!"

An interracial roared.

"Shoot!"

Other aliens also shouted and killed Lu Ming.

There are three four-star heavenly emperors, and others include three-star heavenly emperor, two-star heavenly emperor, and one-star heavenly emperor.

A total of nine aliens killed Lu Ming.

Attacking in all directions, screaming towards the landing.

However, Lu Ming did not connect at all, and turned into a streamer directly, and fell down towards the ground. The whole person, like a spear, pierced the Lord Fengming.

"Do not..."

Lord Fengming shouted, but he was seriously injured and wanted to avoid it, he couldn't escape at all.

bump!

Lu Ming's footsteps stepped heavily on Lord Fengming, and the whole body of Lord Fengming exploded directly, and turned into ashes under the power of terror and rage.

Only one storage ring flew out, and Lu Ming was caught in his hand.

bump!

Then, Lu Ming stepped **** the ground, the ground vibrated, and a big pit was exploded, covered with cracks like spider webs.

Lu Ming's body rose into the sky, and the Great Waste Gun burst out.

call out! call out! call out!

One after another, through the world, stab those aliens.

Those one-star emperors, two-star emperors, and even three-star emperors could not resist at all. They were directly penetrated by guns and were assassinated in the air.

Only three four-star Heavenly Emperors could block it, but it was also a violent physical shock and was blown out by Lu Ming.

These three four-star emperors, alone, are not as powerful as Fengming Kingdom.

"No good, go away, please let the stronger come to kill Lu Ming!"

An alien showed a horrified look, turned and ran.

The other two interracial races ran faster than him.

Lu Ming's combat strength is not at all their enemy, not running, only dead.

Three people running in three directions.

Even Lu Ming can only chase one person.

"Want to go!"

Lu Ming spoke indifferently, covered with purple and gold light, and became even brighter.

"dominate!"

Lu Ming whispered, the way to dominate, blending with heaven and earth, instantly acting on three aliens, wanting to dominate them.

The bodies of the three aliens suddenly stiffened.

This rigidity is enough.

call out!

Lu Mingren's guns unite into a purple-golden gun spear, piercing the void and stab an alien.

puff!

That alien was directly assassinated into the air by Lu Ming.

By this time, the other two aliens had reacted, and they were terrified.

Just now, they felt a powerful force, acting on them from the bottom of their bodies, and stiffened their bodies.

"Run, run, run!"

The two aliens were trembling with fear and fled.

Chapter 2482: Cultivation as a breakthrough

"It seems that my dominating power can only affect the master of the Four Star Heavenly Realm for a moment!"

Lu Ming moved.

This is still in the cursed land, he realized the meaning of the master on the statue. Lu Ming's understanding of the way of the master has greatly improved one step before this step can be achieved, otherwise, he can't do it yet.

However, it is enough to affect the four-star emperor in a flash!

Such as the four stars below the emperor, I am afraid the impact will be greater.

For the weaker, Lu Ming can dominate the opponent even if he is standing still, so that the opponent cannot attack him.

Buzz!

Lu Ming continued to control the way of Domination, acting on the remaining two aliens.

The two aliens have another stiff body.

"no no..."

The two aliens roared in their hearts.

call out!

A gun rushed past and an alien was killed.

Next, there was one last alien left, who had lost the idea of running away and went crazy to land.

As a result, it was naturally doomed, and after a few strokes, Lu Ming was killed in the air.

The storage bracelets, storage rings, etc. owned by all the strangers were all collected by Lu Ming.

All around, the men of Fengming Kingdom scattered away.

Liu Sheng Tian Zun, as well as others in the heaven realm, were dumbfounded.

With the addition of Lord Fengming, a total of four four-star emperors were actually killed by Lu Ming, none of them escaped. Lu Ming's methods are simply strange and unpredictable.

"Senior Six Saints, how is your injury?"

Lu Ming walked over and asked.

"Fortunately, it has stabilized!"

Six Saints Heavenly Path.

Just now, he was hit hard by Master Feng Ming. Fortunately, he did not attack the head and Dan Tian. Although the injury was heavy, but he could not die, with his vitality of the peerless strong, the resilience is amazing, and it has stabilized at the moment.

"Then, let's go, let's rob Fengming Palace!"

In Lu Ming's eyes, a cold light flashed.

"go!"

Others also showed a terrible color.

Immediately, they flew towards the palace.

When they came to the palace, the palace was completely chaotic.

The news of the murder of Lord Fengming has been reported that the masters of the palace have been in complete chaos and have begun to **** the treasures of the palace.

In order to **** the treasures and fight against each other, the royal palace fell into the killing.

"kill!"

Lu Ming they arrived and killed them directly.

They specially selected the strong men in the Heaven Emperor Realm to kill.

Feng Mingguo, in addition to the thirteen commanders, there are still some other powerful emperors of heaven, Lu Ming saw them kill one by one.

Lu Ming successively killed two Heavenly Emperor Realm strongmen and snatched each other's storage ring.

There are many **** stones carried by these emperors.

The resources Lu Ming needed to cultivate afterwards were terrifying.

You should know that his real cultivation behavior is only the Great Emperor Realm, and the resources he consumes are comparable to others.

If he breaks into Heavenly Emperor Realm, what horrible resources would he consume?

Therefore, what he most wants to do now is to hoard resources.

"Run away!"

Seeing Lu Ming kill them, the masters in the palace dispersed.

Lu Ming killed them directly into the palace, and finally they opened a treasure trove.

Inside, there is a treasure trove of the palace, where a lot of resources are hoarded.

Various medicinal materials, refining materials, as well as war soldiers, **** stones, etc.

It is a pity that no weapon equivalent to the Emperor Tiandi was found. The highest level is only the Great Emperor.

There are also a large number of Shenshi, Lu Ming and others, all divided.

Undoubtedly, Lu Ming had the greatest credit. He took the big head, and Lu Ming also accepted it politely.

Scavenging the palace, Lu Ming left the Fengming capital and flew towards the distance, flying hundreds of thousands of miles, before they found a secret place to stop.

Liu Sheng Tian Zun, healed here, and Lu Ming entered the mountain and river map and began to count the harvest this time.

Lu Ming took out the storage rings and storage bracelets and counted them.

Those heterogeneous storage rings are mostly spar-specific spar, which is not very useful for Lu Ming, but there are also some **** stones in the heterogeneous storage bracelets that Lu Ming collected together.

The biggest gain is still the master of Fengming.

Lord Fengming not only contributed a war sword equivalent to the Taoist soldiers, but also a large number of **** stones.

Lu Ming finally piled up all the **** stones in one piece and counted them. There were about 30 million pieces.

Thirty million **** stones, each of which is worth ten thousand pieces of original stone, is an amazing asset.

"Now, you can break through to repair!"

Lu Ming smiled.

His comprehension of the way of **** has reached the standard.

Now, you can break through cultivation practice. Once you achieve cultivation breakthrough, you can reach the four-star emperor. Lu Ming's combat power can also increase dramatically.

With a wave of his hand, Lu Ming took out a large number of magic stones and began to absorb the energy breakthrough inside the magic stones.

This time, Lu Ming did not use Chaos Stone to break through, and intended to use pure Shen Stone.

Chaos Stone, he now only has about 10,000 pieces left, intending to keep it first, maybe it will be useful later.

bump! bump! bump!

Piles of piles of **** stones exploded and turned into the unique spirit of Huangquan World, which was absorbed into Lu Ming's body.

Lu Ming runs the way to dominate, refining and refining, turning these energies into the power of the world.

Lu Ming began to impact the four-star emperor.

In a blink of an eye, two months later, Lu Ming's breath soared, and he was shrouded in purple and gold light, and he looked very noble.

After two months of cultivation, Lu Ming finally broke through and cultivated into a four-star emperor.

The area in the small world inside the body has expanded dramatically again.

The power of the world is even stronger, and among the powers of the world, the power of **** is also more intense.

Lu Ming's combat power has skyrocketed, and now, relying solely on the way to dominate, Lu Ming has the ability to crush a four-star Heavenly Emperor.

The master's way cooperates with the flesh, and now Lu Ming can even kill the Five Star Heavenly Emperor.

What is really strong is still the way to dominate.

You know, Lu Ming's current cultivation practice is only the four-star emperor. It is enough to kill an enemy across a large realm. The potential for improvement is very great. In the future, how powerful should he be if he enters the Heavenly Emperor Realm, can he compete with Wushen? ?

In this regard, Lu Ming is looking forward to it!

After finishing the cultivation, Lu Ming came out with a picture of mountains and rivers.

"Lu Ming, your cultivation base has broken through again!"

Feeling the breath on Lu Ming, Liu Sheng Tian Zun was shocked.

"A lucky break!"

Lu Ming smiled slightly.

Liu Sheng Tian Zun and others took a breath.

Lucky breakthrough?

They smiled bitterly, why didn't anyone else get this fluke?

They cast their eyes on Lu Ming, the five-body that they had admired.

At what age Lu Ming is now, he has been able to continuously kill the Four Star Heavenly Emperor. Now that he has cultivated and made breakthroughs, how powerful will the fighting power be?

You know, the four-star Heavenly Emperor, in Heaven Realm, has been respected as Heavenly Venerable.

Lu Ming can now kill Tianzun continuously. In this world, he is almost at the top.

In a few years' time, I am afraid it will really be unmatched.

They know that they are witnessing an enemies without enemies, rising rapidly.

Chapter 2483: Posing as dragon

"Lu Ming, what are your plans next?"

Liu Sheng Tian Zun asked.

"Go to the Dragon Empire!"

Lu Ming said.

Before, when he checked the classics, he knew that there was a cursed land in the Dragon Empire, which was much larger than the cursed land of Fengming Kingdom.

"Go to the Dragon Empire?"

Liu Shengtianzun and others all changed their complexions.

"Lu Ming, the Dragon Empire, but there is an alien six-star heaven emperor, and has gained the trust of the Dragon Empire, it is estimated that he is exploring the cursed land!"

Liu Sheng Tian Zun said, his face dignified.

Six Star Heavenly Emperor is really too strong. Going one step further is the Peak Heavenly Emperor.

"I'm not going to fight hard with each other, I'll be easy to go over, this time to check the situation, if the other party has already searched the cursed place, then I will leave directly, if the other party has not searched, we said I might be able to take advantage of the opportunity to fish in the muddy water and grab a fish!"

Lu Ming laughed.

"In this case, let's be with you, anyway, we don't know where to go now!"

Six Saints Heavenly Path.

The others nodded.

Now they really don't know where to go.

"Okay, not as good as this. You advanced my little world, I am alone, Yi Rong goes, or act!"

Lu Ming said.

"Okay, just do it!"

Liu Sheng Tian Zun and others nodded, and then entered Lu Ming's small world.

After everyone entered the small world, Lu Ming performed the breathing technique, and his body began to change, turning into a dark-skinned youth, leaving here and heading towards the Dragon Empire.

The Dragon Empire is a small country separated from Fengming Kingdom.

Lu Ming rushed all the way, and it took three days to arrive at the Dragon Empire.

The Dragon Empire has a vast territory, at least ten times larger than the Fengming Kingdom.

In the Dragon Empire, there are many races, including human races, snake races, etc., but the largest number is the dragon race.

Dragon people have two dragon horns on their foreheads and a long dragon tail. Some of them have some dragon tails on them, and they have dragon scales. Other than that, they are no different from ordinary people.

Lu Ming walked in a city and looked at these dragons, secretly wondering.

These dragons, half-man and half-dragon, exude a strong dragon spirit, with a burly figure, each of which is more than two meters in height.

"There are so many races in Huangquan Mountain. Senior Zulong said that Huangquan Mountain is from Tianwai. What kind of place is Tianwai? Are there many races? Ten thousand races hegemony?"

Lu Ming's thoughts flowed, and the imagination joined together.

He was very curious about that 'outside the sky'.

"I have the essential blood of Kowloon, and I practiced the dragon body. I have refined some dragon's pith before. I also have a strong dragon spirit on my body. It is not as good as that. I am easy to be a dragon!"

Thinking of this, Lu Ming's eyes lit up.

If he was a Jackie Chan, he would do well in the Dragon Empire.

Immediately, Lu Ming's body changed dramatically.

There were two dragon horns on his forehead, and some scales appeared on his body, and there were long tails on his buttocks.

And there is a strong dragon gas on his body, exactly like a dragon.

"Haha!"

Lu Ming smiled, then walked on the street with a big swing.

On the street, the creatures of other races all showed awed expressions when they saw Lu Ming.

In the Dragon Empire, although there are many races, they are also classified.

There is no doubt that wherever the Dragons go, they must be respected and enjoy privileges.

"Go, go to the Dragon Kingdom!"

Lu Ming smiled and flew towards the Dragon Kingdom.

After a few more days, Lu Ming came to the Dragon Kingdom.

Lu Ming wandered around in the Dragon Kingdom.

"Huh, an evil spirit family!"

After walking for a while, Lu Ming's eyes suddenly lit up, and he saw an Evil God Race.

This evil **** clan looks very young, and the cultivation is definitely less than ten thousand years. It should be a arrogance on the list of alien longevity, only the cultivation of the Great Emperor Realm.

Lu Ming smiled and walked over directly.

"You, a foreigner, dare to be indecent to my beauty, simply find death!"

Lu Ming glared at the alien and strode towards the person.

"What?"

This alien is ignorant.

"Kneel down for me and catch my hand!"

Lu Ming grinned and slapped in the past.

The other party was shocked and wanted to resist, but it was so far away from Lu Ming that Lu Ming was slapped in the face directly and stunned.

Around, many dragons watched Landing curiously.

"This guy, I'm not good at being a dragon beauty, should I teach?"

Lu Ming said carelessly.

"Yes, the lesson. The three-eyed alien recently has been arrogant. It is the lesson!"

"It's a good lesson. I dare to be rude to my beauties, it's awful!"

"Abolish him!"

Shouted one by one.

Lu Ming smiled, then grabbed this alien and strode out of here.

After a few laps, he came to a precarious place. No one was around. Lu Ming reached out his finger and clicked on the man's brow.

Lu Ming used his soul-searching method to search for this person's soul and obtain information.

The person's body trembled, and soon, Lu Ming got some useful information.

There is indeed a master of the Six Star Heavenly Emperor Realm, which has been valued by the Dragon Empire, and cooperated with the Dragon Empire to enter the cursed land, search for treasures, and share it with the Dragon Empire.

This time, the aliens gathered fifty or sixty masters in the Dragon Empire.

As early as a few months ago, the aliens entered the cursed land, but they encountered difficulties.

There are dangers and obstacles in the cursed land, and the aliens are advancing very slowly. During this time, they have been trying to overcome the cursed land.

Moreover, in some areas that have been conquered, the aliens have gained a lot and obtained many treasures.

"Not yet captured, good!"

Lu Ming's eyes lit up.

The cursed land has not been completely broken, but there are many treasures in the broken place.

This shows that this cursed place has not been explored by anyone, and it will certainly be very rewarding.

Lu Ming decided that he must explore this cursed land.

bump!

Lu Ming waved his hand, a burst of energy exploded, and killed the alien, then fired him into ashes.

Then Lu Ming went towards the cursed land.

The cursed land is just west of the Dragon Kingdom, among the mountains.

Soon, Lu Ming came to that place.

In these mountains, there are a lot of dragons and strong men guarding, but seeing Lu Ming is also a dragon, those dragons think they are their own people, they don't have much control.

Anyway, the locals of Huangquan Mountain could not enter the cursed land.

Lu Ming easily walked across the mountain and arrived at his destination.

Among the mountains, there is a castle, which covers a very large area.

This is the land of curse.

In the vicinity, many dragons are wandering around, waiting.

Chapter 2484: Slash alien

Lu Ming walked past with a big swing, and the dragons didn't care too much when they saw it.

Lu Ming wandered around for a while, and suddenly rushed towards the cursed land.

"what are you doing?"

"You are looking for death!"

On the edge, the dragons shouted.

The people of Huangquan World have been cursed for generations. They cannot enter the cursed land. Once they enter, they will fall.

In their view, Lu Ming is looking for death!

But Lu Ming kept running at a constant speed, and ran away, approaching the castle in a blink of an eye.

"It's okay, he's okay!"

The dragons looked at each other.

According to their experience, as long as they are within a certain range of the cursed land, they will be cursed and fall on the spot, but Lu Ming ran to the castle, but nothing happened.

"Fake, damn, he must be fake, posing as our dragon!"

"hateful!"

When these dragons thought about it, they knew that Lu Ming was posing, and only outsiders could enter the cursed land.

But they can only watch, not dare to pursue.

The castle is huge, the gate is open.

Lu Ming rushed straight in.

Behind the gate is a passage, dark and dark.

Lu Ming slowed down and moved forward carefully, because this cursed place was dangerous.

However, this passage is not dangerous. When Lu Ming is about to come to an end, nothing happens.

However, at the exit of the passage, two aliens were there.

"you are..."

When they saw Lu Ming, they froze.

Because Lu Ming still looks like a dragon, can the dragon enter here? So they did not respond for a while.

Uh!

Taking advantage of this opportunity, Lu Ming directly killed the past, with his palm like a knife, and it came out across the cross.

Touch! Touch!

Two roars, two aliens were directly killed by Lu Ming, and Lu Ming passed by.

Behind the passage is a huge platform. In front of the platform, there are two roads, both of which are very wide.

Two roads lead to different directions.

The road on the right, in front of the road, was dark, covered with blood and mist, and looked very scary.

On the left side of the road, there is also a white fog, which obstructs the view and makes people unable to see what is ahead.

On the platform, there are more than a dozen interracial or sitting or standing, there are also a few interracial standing there at the intersection on the left.

Only the intersection on the right, there is no alien.

As soon as Lu Ming came in, dozens of aliens looked at Lu Ming.

"Dragon?"

"No, it is definitely not a dragon. Someone is posing!"

"Who is he? Without my family's breath, it must be heaven, kill him!"

A cold breath bloomed, and a cold voice sounded.

Uh!

An alien, with four arms, is extremely fast, and is the first to kill the landing.

This alien, with the cultivation of Samsung Tiandi, is very powerful.

But what he met was Lu Ming. Lu Ming's body was filled with purple-gold light, and the dominating power condensed a spear, which burst out.

Lu Ming looked like he stabbed into a void, but when he stabbed, there was a screaming sound. I saw that the alien with four arms appeared out of nowhere, and his head had been pierced by Lu Ming.

A Samsung Emperor was directly killed by a spike.

"No, this person is very strong. Let's take a shot together!"

"kill!"

More than a dozen aliens, except for a few who are less than the emperor, all other aliens, all of them are the emperor of the emperor.

A few people are very scary.

Two four-star heavenly emperors and one five-star heavenly emperor.

Lu Ming did not hide his strength, and tried his best.

The Great Waste Gun appeared in the hand, Lu Ming was bathed in the purple-gold light, the long gun vibrated, and several consecutive shots were stabbed.

The two four-star Heavenly Emperors were directly flew out by Lu Mingzhen and vomited blood.

And the five-star Heavenly Emperor, his body shook wildly, retreating again and again.

Lu Ming is now erupting with all his strength. How powerful is the Five Star Heavenly Emperor.

"No, this person fights, call your lord!"

The five-star Heavenly Emperor roared.

"Call your lord!"

There were several aliens who were guarding the intersection on the left and rushed into the road at the moment.

"kill!"

Lu Ming was holding a spear, and the killer was as cold as a knife, killing those aliens.

When the spear was swept away, several aliens were swept away, their bones broken and broken, and they fell on the spot.

"Damn!"

The five-star Heavenly Emperor roared, and in the third eye, a yellow monstrous stone flew out, exhaling a strong breath, and slammed directly towards the landing.

"This is...Tian Dao Bing? No, there is no Tian Dao breath, it is the weapon of this world!"

Lu Ming moved.

The Huang Mengmeng stone sacrificed by the opponent is a weapon equivalent to the Heavenly Path Soldier, a weapon in the Huangquan Mountain, inscribed with wonderful formations, which can be activated by inputting energy.

boom!

Lu Ming shook his spear and swept it out, blasting it with this stone.

The stone was shocked and flew out, and the alien five-star Heavenly Emperor, who was also struck by Lu Ming's powerful energy, retreated.

Lu Ming strode forward, his spear pierced continuously.

puff! puff!

One by one, all died under Lu Ming's gun.

With Lu Ming's current combat power, those below the four-star Heavenly Emperor could not stop him.

In a blink of an eye, there were more than a dozen interracial, leaving only five or six.

The remaining interracial, showing fear, did not dare to fight, and turned and ran.

"court death!"

At this moment, there was an angry roar inside the road on the left, and you could see a burly figure rushing out of the road, rolling up white mist like a hurricane.

The man hasn't come out yet, the violent breath has already squeezed towards the landing.

"Six Star Emperor?"

Lu Ming whispered, without fear, striding forward, the terrible purple-golden gunman killed towards an alien four-star Heavenly Emperor.

The alien, struggling to resist a stroke, vomited blood, burst an arm, and was hit hard.

"Sir, help!"

The interracial shouted.

"you dare?"

Inside the road, the voice roared.

"kill!"

Lu Ming was very decisive, and once again killed, the gun broke through the sky, directly piercing the injured four-star Heavenly Emperor, picking and killing the sky.

Uh!

At this time, a tragic white knife light was cut from the intersection, and the amazing power, terrifying strength, directly hit Lu Ming's face.

Lu Ming's arm was shocked, and the Great Wilderness Gun changed its direction at a rapid speed, with a rail in front of him.

when!

With a violent shock, Lu Ming felt a violent force and rushed towards him, and Lu Ming could not help backing up again and again.

Then, at that intersection, came out of a burly alien with a war sword.

This interracial, three eyes, shining cold light, exudes a strong breath.

Six Star Heavenly Emperor!

Then, the figure flashed, and five or six figures came out of the road on the left, each of which was a master.

"Four five-star heaven emperors!"

Lu Ming saw the other's cultivation behavior.

One six-star heavenly emperor, four five-star heavenly emperors.

Chapter 2485: Kowloon Shending Recovery

A six-star heavenly emperor and four five-star heavenly emperors formed a situation of encirclement and surrounded Lu Ming, and the cold killing opportunity shrouded Lu Ming.

"Miscellaneous in heaven!"

The Six-Star Heavenly Emperor spoke coldly.

This is a noble aristocrat, tall, covered with purple scales, holding a war sword, wide and huge, taller than ordinary people!

bump!

The opponent shot directly. The burly body approached Lu Ming in an instant. The huge sword came out violently, and the space exploded directly. The power was amazing.

Lu Ming was full of bright purple and gold light, which urged the power to the extreme.

When Lu Ming's power was urged to the extreme, he could not continue to maintain his appearance, showing his original appearance.

Buzz!

Dahuang Gun shook frantically, swept out, and collided fiercely with the opponent's battle knife. A violent roar, Lu Ming was repelled again.

Now, even if it broke out in full, he is not an opponent of Six Star Heavenly Emperor.

Heaven Emperor Realm, there is no small gap between each weight.

"Lu Ming, it's you!"

As soon as Lu Ming appeared, the other party recognized Lu Ming.

"kill him!"

"Shoot together!"

The other four five-star Heavenly Emperors also shouted and shot together.

Five five-star heaven emperors joined forces, and the power was extremely terrifying.

Lu Ming blocked the air from the long rifle and resisted the opponent's attack, but his body was still struck back again and again, and his body was full of blood and blood.

"kill!"

The Six Star Heavenly Emperor also killed the past and cut out a pale white sword.

Lu Ming wasn't hard-wired, his muscles were shaking, he moved 100 meters laterally, avoiding the other party's attack, and then rushed towards the road on the right.

There is no alien guarding that road.

The five strong aliens are hotly pursued.

Uh!

Lu Ming was very fast, and in an instant, he came to the intersection, rushed past without any pause.

The five aliens stopped.

"Are we chasing?"

Asked a five-star Tiandi alien.

"No more chasing, this road is more dangerous than the one on the left, and the difficulty is much higher. This kid is also a dead end!"

"Leave two people guarding here, we continue to attack there, if there is any movement here, immediately notify me!"

The alien Six Star Heavenly Emperor ordered.

"Yes!"

The others nodded.

They waited for a while and saw that Lu Ming did not come out. Several of them returned to the road on the left, leaving two people waiting nearby.

Lu Ming entered the road on the right and went straight ahead.

This road, filled with blood-red mist, blocked the view and could not see the scenery ahead.

"The aliens did not come, it seems that there is danger here!"

Lu Ming thought.

He fought with twelve points, covered by the power of the master, holding the Great Waste Gun, moving forward step by step and carefully.

There were more than ten miles ahead, and in front of me, there was a sound of Longyin suddenly.

Yes, it is Long Yin!

"Here... is there a real dragon?"

Lu Ming was puzzled.

move on.

Roar! Roar!

The sound of Longyin was getting louder and louder, and suddenly, the fog was tumbling, and two blood-red lights appeared in the fog, like two rounds of blood moon, and then, a huge real dragon appeared in the blood fog.

The real dragon, covered in blood red, stared at blood red eyes, full of cold murderous opportunities.

Roar!

"True dragon, there really is a real dragon!"

Lu Ming was puzzled.

Here, Huangquan Mountain comes from outside the sky.

In the Celestial Realm, Zulong is known as the ancestor of all true dragons. In this way, is it true that there is a real dragon only in the Celestial Realm?

Is there a real dragon outside the sky?

Then it is debatable that Zulong is the ancestor of all true dragons.

"No, it is not an entity, but an incorporeal!"

Then, Lu Ming's eyes moved, and he found that this real dragon looked like an entity, but there was no breath of life on his body, but a condensed energy.

Roar!

As soon as this real dragon saw Lu Ming, he roared and rushed towards the landing.

"One Star Heavenly Emperor!"

As soon as this real dragon started, Lu Ming judged that the opponent was equivalent to Yixing Tiandi's cultivation.

Yixing Heavenly Emperor is not Lu Ming's opponent. Lu Ming stabs out and destroys this true dragon.

However, after the real dragon was defeated, it turned into a wave of energy and drifted back, and then condensed into an entity.

Roar! Roar!

Then, more roars came, and a blood red real dragon appeared between the blood mist.

The breath exudes strength and weakness, but the weakest is Yixing Tiandi, and the strongest has already reached Samsung Tiandi.

As soon as these real dragons saw Lu Ming, they roared and killed Lu Ming.

Lu Ming, holding a great waste gun, killed the past.

The long gun vibrated, stabbing a lance, and thrust them through the heads of these real dragons, destroying them.

But as soon as these real dragons were defeated, they immediately coalesced and could not be killed at all.

"kill!"

Lu Ming rushed over and went deeper.

However, he found that more and more real dragons appeared, and there were already four real dragons in the realm of the four-star heaven. There were more than 20 lines surrounding Lu Ming Tuan.

"How come there are so many real dragons, these are the dragon souls?"

Lu Ming guessed.

More than 20 real dragons continually pounced on Lu Ming. After being defeated by Lu Ming, they condensed out again.

However, Lu Ming finally discovered that every time these true dragons were defeated, they would become weaker.

It is not completely unkillable, as long as it kills several times, it can still be killed.

Lu Ming's spears continued to vibrate, and the sharp and sharp guns continued to explode, exploding these real dragons.

"Ok?"

At this moment, Lu Ming's face changed.

He felt that Jiulong Shending, who had been quiet in his knowledge of the sea, had actually moved.

Jiulong Shending, since it consumed energy more than a hundred years ago, has not moved at all, but now, there have been movements.

Is it related to these real dragons?

Lu Ming didn't want to think about it, and directly summoned a Kowloon God Tripod.

Buzz!

As soon as the Kowloon God Tripod came out, it shook violently. The carving of the real dragon on the tripod radiated a dazzling light. The real dragon above seemed to be alive.

Roar!

Then, on top of the Kowloon God Ding, there was a fierce dragon-yin sound, and then, a phantom of Kowloon emerged, his mouth wide open, and a long roar.

A dreadful swallowing force emanated from the mouth of Jiulong.

Those blood-red real dragons showed fear and wailed, but at the next moment, these blood-red real dragons turned into a ray of red light, flew into the mouth of Kowloon, and disappeared.

More than twenty consecutive blood-red real dragons, regardless of strength or weakness, were swallowed into the entrance by the Nine Dragons.

Buzz!

The Jiuling of Jiulong shook violently, and above it exuded a strong breath.

Jiu Ming Shending recovered, Lu Ming was overjoyed.

Chapter 2486: Combat soar

Lu Ming didn't expect that Jiulong Shending had devoured this blood-red true dragon, and actually recovered, exuding powerful fluctuations.

Although it is much different from the original heyday, it is also quite amazing.

"Haha, this blood-red real dragon is actually useful for Jiulong Shending. Come on more, it's better!"

Lu Ming laughed in his heart.

Just now he was quite depressed because of these blood-red real dragons.

Lu Ming thought about it, and put away the Kowloon God Tripod and went on.

Roar! Roar! ...

The sound of Longyin kept coming out, and with Lu Ming's deepening, blood-red real dragons kept appearing, more and more, and the cultivation base became stronger and stronger.

Behind, there actually appeared a five-star heaven emperor realm.

However, when Lu Ming summoned the Kowloon God Tripod, he swallowed these blood-red dragons directly.

If one fails, two will be summoned.

This road is very long. Lu Ming walked thousands of miles before reaching the end.

And Lu Ming, there have been several revivals of Jiulong Shending.

At the end of the road, there is a huge wasteland, and there is a huge mountain in the center of the wasteland.

Roar! Roar! ...

There were dragons and dragons resounding all over the world.

"so much..."

Lu Ming dumbfounded.

He saw that **** red dragons were cruising on the wasteland.

At a glance, I don't know how many there are.

The breath varies in strength, some one-star heavenly emperors, and some even reach six-star heavenly emperors.

Lu Ming was not surprised but rejoiced.

So many blood-red real dragons are baby in Lu Ming's eyes.

These blood-red real dragons are simply killing stars for others.

For example, for aliens, it is a terrible kill star.

Those aliens, the strongest talent, Six Star Heavenly Emperor, if rushed here, I am afraid there is only one way to die.

"No wonder there is no alien on this road on the right. It turns out to be so dangerous, hahaha!"

Thinking of this, Lu Ming laughed.

In Lu Ming's eyes, these real dragons are all tonics, the tonics of Jiulong Shending.

If Jiulong Shending is fully recovered, with Lu Ming's current cultivation practices, the power of Jiulong Shending can definitely be fully exploded.

After seeing Lu Ming, those blood-red real dragons roared and rushed towards the landing.

Lu Ming smiled and rushed over, and at the moment he rushed out, a great Ding flew out of his heart.

A total of nine great tripods, all floating out, exuding a dazzling brilliance, and then condensed a figure of Kowloon, opened a big mouth, and exploded a powerful swallowing force.

The power of engulfing, covering those blood-red true dragons, below the Six-Star Heavenly Emperor, had no power to fight back at all, and directly turned into a blood-red light, flying into the void of the Kowloon Shadow, turning into the energy that inspired the Jiuling.

The nine statues of the Kowloon God Ding all radiate brilliance, the breath is getting stronger and stronger, and the dragon-shaped carving on it seems to come alive.

Soon, the Scarlet Dragon in this area was swallowed up, Lu Ming immediately moved to the place to devour the Scarlet Dragon in other areas.

If the few aliens knew that Lu Ming was so cool to enter here, it was estimated to be alive and dead.

Lu Ming continued to run, devouring the blood-colored real dragon here. In just a few hours, the blood-colored real dragon here was swallowed by Lu Ming for more than half.

The reason it took a few hours was mainly due to the blood-colored true dragons equivalent to the Six-Star Heavenly Emperor Realm.

boom!

Just as Lu Ming was about to continue to control the Jiulong Shending to devour the **** true dragon, the big mountain suddenly shook in the middle of the wasteland.

Then, radiate a bright blood red light.

Roar!

Suddenly, there was a dragon chant, and it came from the mountain, and it was shocking.

"This mountain also has a real dragon. Wait, this mountain will not be a tomb, a real dragon tomb!"

Lu Ming couldn't help guessing.

And the more it looks, the more it looks.

It is very likely that this mountain is buried with an extremely powerful real dragon. Many years after his death, the dragon soul exuded and turned into blood-red real dragons.

This is very possible!

Jiulong Shending, after consuming this dragon soul, recovered.

Roar!

That mountain, Dragon Yin became louder and louder, and then, a dazzling blood-red light filled, a huge blood-red real dragon rushed out of the mountain, exuding a powerful and amazing breath.

"Seven Star Peak Emperor!"

Lu Ming's eyes narrowed.

This blood-red true dragon, with its breath, has reached the peak of Heavenly Emperor, and is extremely terrifying.

"I don't know how many years after death, only the remaining Dragon Soul can reach the pinnacle of Heaven Emperor. This true dragon was not a powerful existence of the Wushen Realm before his death!"

Lu Ming guessed secretly.

Roar!

At this moment, the illusion of Jiulong also shouted. Nine Dragons of the Nine Dragons exuded brilliant light.

Nine Dragons virtual shadow, directly rushed towards the blood-red real dragon in the peak heavenly emperor realm, and that blood-red real dragon also rushed to the Nine Dragons virtual shadow, two giant dragons, entwined in the air, fierce fighting.

The vast dragon power, pervading all directions, other blood-red real dragons, creeping on the ground, did not dare to move.

The two dragons are inseparable from each other.

It's not that the Nine Dragons' shadow combat power is so powerful that it can be compared to the peak Emperor. This is not the case, but it seems that Nine Dragons naturally restrain each other, or rather the Dragon Soul.

Therefore, the two are inseparable.

This fight is a long-lasting battle.

Because once the blood-red true dragon is defeated, it will condense again.

But every time the opponent was defeated, Jiulong would take the opportunity to devour some of the other's dragon souls, but the mountain was filled with dragon spirits.

Therefore, the blood-red true dragon has always remained at its peak, fighting with Jiulong.

This fight, a full fight for a month.

Lu Ming was speechless, and simply practiced aside.

However, after a month of fighting, Nine Dragons Virtual Shadow finally prevailed.

Because, in that big mountain, there is finally no Dragon Soul to add, no supplement, every time the opponent is defeated by Kowloon, devouring a part, it will become weaker and weaker.

In the end, the real dragon was defeated by Jiulong, and then turned into a ray of light, completely swallowed by Jiulong.

Buzz!

After swallowing the real dragon, Jiulong Shending was violently shaken, dazzling and dazzling, and his breath reached its peak.

Kowloon Shending has completely recovered.

Lu Ming thought that he could control it.

"What a terrifying power!"

Lu Ming manipulated the Jiulong Shending and felt the power emanating from it. Lu Ming was overjoyed.

He feels that he now controls nine Nine Dragon Gods at the same time, I am afraid that the power of the Peak Heavenly Emperor can erupt.

Lu Ming was overjoyed, that is to say, with Jiulong Shending in his hand, he was able to fight against a pinnacle emperor.

"carry on!"

Lu Ming controls Jiulong Shending and continues to devour the remaining blood-red true dragon.

Soon after, the blood-red true dragon on the wasteland was swallowed up by the Jiulong Shending, and there was no one left.

Chapter 2487: Jiuding

Directly opposite the wasteland, there is also a road that keeps going forward, not knowing where to go.

Lu Ming did not hesitate and stepped on the road directly.

He had a lot of confidence, and now, with the help of Jiulong Shending, he is not afraid even when he meets the peak of Heavenly Emperor.

Now, the only threat to Lu Ming is the invincible powerhouse and the existence of Wushen Realm.

However, there are so few of them.

The existence of Wushen Realm, now only the alien ancestors and ancestors.

But the number of powerful emperors of the Emperor Wu is not large.

Such as Chaos Emperor, Immortal Emperor, all fell.

These characters, half of their feet, have entered Wushen Realm. There are not many heavens and evil spirits combined.

According to Lu Ming's knowledge, this time, neither Heavenly Realm nor the Evil God Clan came in and stayed outside.

Of course, this is only a superficial look. Whether there is such a character in the dark, Lu Ming is not sure.

Going all the way, but the next road, there is no danger, calm.

Lu Ming traveled at least thousands of miles.

Lu Ming was a little speechless. The castle looked big from the outside, but it was not so exaggerated. After entering, I found out that the space inside was amazing. I am afraid that space technology was used.

Thousands of miles later, the road became narrower and could only pass by several people side by side.

After traveling thousands of miles, Lu Ming's eyes lit up because a door appeared in front of him.

It's over!

Lu Ming strode forward, shielded himself with Jiulong Shending, and rushed into the door.

Behind the gate is a vast hall filled with gorgeous light.

Lu Ming froze at a glance.

The source of light in the hall is a group of light.

In the hall, there are light groups, each light group is dazzling, and there is a treasure in each light group.

Yes, it is a treasure.

Most of them are soldiers!

Others are storage rings or storage bracelets.

All are treasures and there are hundreds of them.

"Hahaha, sent it!"

Lu Ming was ecstatic, and then flew up, grabbing towards a ray of light.

Uh!

But when Lu Ming approached the ray of light, the ray of light seemed to be spiritual and flew away directly.

"Huh? Want to go, stop thinking!"

Lu Ming smiled gently, his muscles vibrated, his body burst out, and the way to dominate, a big hand was condensed, and he grabbed the light.

This time, the light could not fly away, and Lu Ming was caught in his hand.

However, after grasping the light group, Lu Ming did not take out the soldiers inside because it was blocked. The light group seems to be formed by the above formation method. It is not so easy to remove the treasure inside.

"Make me!"

Lu Ming erupted the dominating power and began to refine the mass of light.

Fortunately, the light group's defense was not so strong. After a few minutes, it was opened by Lu Ming, and a soldier with a spear-like appearance fell into Lu Ming's hands.

"Only equivalent to the Great Soldier!"

Lu Ming looked a bit disappointed.

This spear is just equivalent to the Great Emperor's Soldier, and it is of no use to Lu Ming.

But it was good to take it out for others to use, and Lu Ming put it away.

Then, Lu Ming grabbed another light group.

This light group is also a soldier and a sword of war.

After being caught by Lu Ming and refined for several minutes, Lu Ming took out the war sword.

"Equivalent to Heavenly Dao Bing!"

This time, Lu Ming was ecstatic.

This war sword is actually equivalent to the Heavenly Dao soldier.

There are layers of peculiar arrays, Lu Ming injects energy, wields a war sword, and bursts into amazing power.

It is equivalent to the weapon of the Tiandao soldiers, but its value is immeasurable. Lu Ming has not obtained many pieces so far.

Even if Lu Ming doesn't use it himself, take it out and use it for the Heavenly Emperor, it can greatly enhance the combat power of the Heavenly Realm.

Obtaining a soldier of the level of Taoist soldiers, Lu Ming was fierce in his heart and continued to capture other light groups.

Next, Lu Ming grabbed dozens of light groups in a row.

However, the number of Heavenly Dao soldiers is not very large, but there are also five Heavenly Dao soldiers in more than 30 light regiments, and the others are almost of the ranks of great soldiers.

In addition, those storage rings and storage bracelets are mainly based on Shenshi.

A lot of **** stones.

Lu Mingle blossomed.

This time it really happened.

Lu Ming has been very satisfied with more than 30 beams of light, and there are five weapons of the level of Tiandao soldiers.

But there are hundreds of light groups here, don't they have dozens of weapons of the level of heaven soldiers?

To speak out, to scare the dead.

In addition, a large number of **** stones, Lu Ming will not have to worry about resources for a long time.

Lu Ming was more excited to receive those light groups.

Just then, in the other direction of the hall, behind a door, there was a figure flashing and rushed in dozens of figures.

Evil God Race!

They were all the evil spirit races that Lu Ming encountered before.

It seems that after so long efforts, these aliens finally got through the road on the left, the two roads on the left and the right, and finally led to this hall.

As soon as they saw the light clusters in the hall, these evil spirits burst into flames.

When they saw Lu Ming, the fiery brilliance turned into a cold murder.

"It's Lu Ming, damn, he didn't die!"

The alien six-star Heavenly Emperor roared.

Lu Ming entered the road on the right, but did not die, and entered here earlier than them.

Let them be puzzled.

But now, they didn't think much, because they saw Lu Ming was collecting those treasures, and their eyes were red.

They worked hard for a few months, in their view, these treasures are all theirs.

"kill him!"

The alien Six Star Heaven Emperor drank coldly, armed with a sword, and took the lead to kill Lu Ming.

The cold knife slashed towards Lu Ming.

At the same time, other aliens also attacked Lu Ming and wanted to kill Lu Ming.

"I originally wanted to collect these treasures and went to find you. Now you send it up by yourself, then send you on the road!"

Lu Ming spoke indifferently, and his thoughts moved, and nine Nine Dragon Goddesses flew out.

Buzz!

Jiulong Shending shook and exhaled a terrible atmosphere, suppressing dozens of aliens.

"not good!"

Feeling the power dissipated by the Jiulong Shending, the alien of the Six-Star Heavenly Emperor was shocked and broke out with all his strength, turning the attack into a defense.

However, other interracial, the reaction is not so fast.

boom!

When Jiulong Shending bombarded, the weak aliens' bodies exploded directly.

Even the five-star Heavenly Emperor was torn apart by the vast power of Jiulong Shending and fell to the spot.

Only the Six-Star Heavenly Emperor did not fall, but was also seriously injured and spit out blood.

Jiulong Shending and Nine Zun broke out together, but the power is equivalent to the peak emperor. How can these aliens stop it.

"escape!"

The alien Six Star Heavenly Emperor, without thinking, turned and fled.

But it is too late!

Nine statues of the Great Ding suddenly grew larger, suppressed all directions, and enveloped it.

"Do not!"

The aliens roared, and the swords came out violently, cutting out hundreds of sword lights.

Chapter 2488: Big harvest

This alien is indeed very strong. The cultivation practice of Six Star Heavenly Emperor and the sword in his hand are also Heavenly Dao soldiers.

However, the Jiuling of Kowloon is not an ordinary heavenly soldier.

Zulong told Lu Ming that Jiulong Shending was produced by Zulong who helped Jiulong refining it, and spent the endless effort of both Zulong and Jiulong. In the end, Jiulong used to suppress the passage. comparable.

Even beyond the scope of the heavenly soldiers.

when! when! when!

The war swords of the alien six-star Heavenly Emperor were continuously chopped on the Jiulong Ding, and Mars was shining and shaking.

However, each time he collided with the Jiulong Shending, the body of the alien six-star Tiandi had to shake, and a powerful force blasted him, causing him to be hit hard.

After hundreds of consecutive collisions...

puff!

The other party vomited blood, a series of cracks appeared in the body, and blood leaked out.

"Lu Ming, this time, the ancestors of our tribe, and the ancestors of the heart of death, will definitely be able to return to the peak. At that time, the heavens will be destroyed, and you will die without burial!"

The alien emperor roared.

"Self comfort, let's go on the road!"

Lu Ming spoke indifferently, tried his best to control the Jiulong Shending, and bombarded down.

In the end, the alien six-star Heavenly Emperor finally couldn't resist, his body cracked, and then burst apart, destroying all forms.

With a wave of his hand, he put away the storage bracelet of the alien race. Lu Ming did not rush to collect the treasures, but rushed towards the passage that the alien race had just entered.

Kill all the aliens first, and then collect the treasure with peace of mind.

When I came to that passage, there was also a blood-red dragon.

However, the number is much less than the road on the right, and it is not too strong, but much weaker. No wonder those aliens can rush over.

Lu Ming, without any politeness, manipulated the Jiulong Shending and devoured all these blood-red true dragons.

Along this road, when I walked outside, I saw that there were still some aliens there, all of them beheaded by Lu Ming.

Then, Lu Ming returned to the main hall and began to collect those light groups.

After spending a few days, Lu Ming finally collected all the treasures in the light group.

Thirty-five weapons of the level of Taoist soldiers, the others are great soldiers, and there are a lot of **** stones. Lu Ming did not go to the point, anyway, it was enough for a while.

In particular, thirty-five treasures of the level of Taoist soldiers were brought out, which might cause a sensation.

"This Huangquan Mountain, although dangerous, is also accompanied by chance!"

Lu Ming sighed.

"I don't know, Xiaoqing, Bubble, Dandan, and Huang Ling, how are they?"

Lu Ming thought of Xie Nianqing and they were worried.

This Huangquan world can be said to be very dangerous.

Not only to face the aliens, but also to the powerhouses of Huangquan World. If you are not careful, you are in danger of falling.

Xie Nianqing and Dan Dan, fortunately, are in the realm of heaven.

But Bubble, Longchen, Huangling and others, their cultivation bases are still low, and there are two of his disciples. If they meet each other's Heavenly Emperor, I am afraid they will be in danger.

All this depends on chance.

...

The vast Huangquan Mountain is very huge and vast, and it is as large as the nine heavens of heaven.

Large and small kingdoms, forces, as many as hundreds.

In addition, there are large areas of wilderness.

Many wilderness areas are inaccessible, but there are also cursed areas.

On the side of a huge lake, the water inside is dark and exudes amazing magical energy.

A figure suddenly appeared here.

It is Xie Nianqing.

There was a smile on Xie Nianqing's mouth, and he stepped out, walked into the lake, and disappeared.

In another place, among the mountains, a mountain range suddenly cracked, the gravel splashed, and the smoke filled.

When the smoke and dust fell and the mountains split, a large tomb appeared, huge and exuberant.

A figure emerged from the gravel.

"Hahaha, this seat knows that there is a big tomb here. The treasure in this big tomb is here!"

This figure burst into the tomb with a laugh.

In the other direction, there is a peculiar terrain. The land here is covered with passages, which are connected like a honeycomb.

Two figures appeared in a passageway.

These two figures are Lu Ming's two disciples, Lu Xiangxiang and Ouyang Moli.

"Unexpectedly, in this barren mountain and wilderness, there is actually a cursed place, sister, are we going to explore it?"

Ouyang Mo Li asked.

The two of them had good luck. They didn't expect to encounter it soon after entering Huangquan Mountain.

"Now that we are here, of course we must go in!"

Lu Xiangxiang said.

Huh...

It was here that those caves like honeycombs suddenly blew a gust of wind, and a terrifying attraction spewed out.

"not good!"

Lu Xiangxiang and Ouyang Moli were just about to escape, but it was too late. They were swept into the cave by this force.

In other places, many people have adventures and enter some wonderful places.

People in Huangquan Mountain cannot get in these places.

Like Huang Ling and Long Chen, they met the top masters of heaven, and together with these masters, they explored several cursed lands.

Of course, there are also bad luck, encountered an alien, and was killed by the alien strong.

Or, he was killed by a local strongman in Huangquan Mountain.

Of course, there are also aliens, and those killed by masters of the realm, like Lu Ming, have already killed a lot of aliens after coming in Huangquan Mountain.

...

After collecting all the treasures, Lu Ming wandered around in the main hall. There were several gates around the main hall.

There are two gates, which were the gates before Lu Ming came in.

Others, Lu Ming explored one by one.

However, these gates lead to other partial halls, and those partial halls have nothing to gain.

Soon, the last door was left, and Lu Ming had not explored it.

Lu Ming walked in and walked through the passage to a small hall.

This hall is also empty, with only one statue.

Seeing this statue, Lu Ming's eyes lit up.

Because this statue is exactly the same as the statue that Lu Ming had seen in the relics of Fengming Kingdom before.

Moreover, this statue also exudes a strong sense of dominance, and its degree of richness is many times stronger than that of Fengming Kingdom.

"Could there be such a statue in every cursed land?"

Lu Ming's eyes were fiery.

The dominating meaning on this statue is more precious to Lu Ming than anything.

It can make Lu Ming's comprehension of the way of dominance deepen quickly.

"Understood!"

Lu Ming sat cross-legged directly under the statue and began to understand.

Lu Ming runs the way of **** and resonates with the statue. On the statue, the rich meaning of **** covers the whole body of Lu Ming.

Lu Ming carefully realized.

The dominance of this statue is much stronger than the statue of Fengming Kingdom, so it takes a lot more time to understand it.

This understanding of Lu Ming is two years.

Chapter 2489: Find the cursed land

In two years, Lu Ming has fully understood the meaning of the master in this statue.

Lu Ming's understanding of the way to dominate has improved a lot.

But Lu Ming felt that he wanted to break through the five-star emperor, but he was still a little bit worse.

Although the dominance of this statue is very rich, it is stronger than that of Fengming Kingdom.

However, as the realm rises, every step of the breakthrough is also more difficult and requires higher.

When the meaning of the master on the statue was fully understood, the statue, like the statue of Fengming Kingdom, cracked and was covered with cracks, and the last touch made it burst.

"It burst!"

Lu Ming looked forward very much and ran up to see.

In Fengming Kingdom, the statue exploded. Under the statue, there was a fiery red fruit. After Lu Ming refined it, the flesh broke through directly.

What will happen this time?

Nothing!

When Lu Ming looked up, he found that there was a flat floor under the statue and nothing.

Lu Ming was not reconciled and searched carefully in that area, but still found nothing.

"I'm too greedy!"

Lu Ming touched his nose and smiled bitterly.

It seems that there is a fiery red fruit growing under the statue of Fengming Kingdom, which is purely accidental.

Moreover, this time the harvest has been great, and Lu Ming is satisfied.

"It's been more than two years and it's time to leave!"

Lu Ming smiled, then left here.

After coming to the platform outside, Lu Ming thought, his body quickly changed, and finally turned into a purple-haired evil **** clan royal family, and a third eye appeared in the eyebrow.

Lu Ming swaggered out of this cursed land.

Outside the cursed land, a group of dragons are still guarding there.

"Out!"

After seeing Lu Ming, a group of dragons came to the spirit.

After all, it has been two years, and there is no movement in the cursed land. They thought that those evil gods had all died in it.

"how about it?"

"What are you gaining inside?"

After Lu Ming came out, a group of dragons surrounded Lu Ming.

"Everyone, we are inside, we have encountered difficult things, our manpower is not enough, our clan has another batch of masters, I want to answer it!"

Lu Ming said.

"So it turns out, then you go!"

Those dragons, without doubt, let Lu Ming leave.

Lu Ming easily left this place, and then found a hidden place, and turned into a dragon. He swaggered to the Dragon Kingdom.

In the Dragon Kingdom, Lu Ming began to collect a lot of materials about the cursed land.

If there is a statue in every cursed land, it will be of great effect to Lu Ming.

It is possible that in this Huangquan Mountain, he will cultivate the way of **** to a very high level.

Now for Lu Ming, what is missing is time.

After all, Lu Ming has been practicing for less than two hundred years. For those emperors who practiced hundreds of thousands of years and millions of years, it was just a fraction of the odds.

And this time if the trip to Huangquan Mountain is recovered by the alien ancestor, the alien ancestor, and the killing ancestor, the final decisive battle will come.

Before this, Lu Ming must seize all the time and improve quickly.

Lu Ming spent two months in the capital of the Dragon Empire, and read a large number of classics, all about the cursed land.

Huang Quanshan has many places to curse.

Some are located in some important places, such as the capital of Fengming Kingdom and the capital of the Dragon Empire. These places, often the native creatures of Huangquan Mountain, will send the strong to guard.

In those wild cursed places, the locals cannot enter because they are too partial, and they are rarely visited, often without human control.

Lu Ming's goal is the cursed land of these wilds.

"Go to Yanming Mountain!"

Lu Ming determined the goal, and then left the capital of the Dragon Empire, and left more than one hundred thousand miles, Lu Ming turned into a real body, and then called the Six Saints to respect them from the small world.

"Six Saints, I'm going to Yanming Mountain..."

Lu Ming talked about his goal.

"Let's be with you!"

Six Saints Heavenly Path.

"It is good!"

Lu Ming nodded and everyone moved together towards Yanming Mountain.

The Yanming Mountain is very remote, located in the wilderness and inaccessible, but there is a cursed place, the Yanming Underground Palace.

Flying a distance of tens of millions of miles, the crowd came to the Yanming Palace.

However, when they entered, they were attacked.

This underground palace has a puppet full of flames and is very strong.

Everyone broke through.

This underground palace should not have been ransacked by others, and everyone has gained a lot of good things, but compared with Lu Ming's harvest in the Dragon Empire, these are very few.

In the depths of this underground palace, Lu Ming saw another statue.

"What is the owner of this statue? In every cursed land, there is a statue. Is this the owner of Huangquan Mountain?"

Lu Ming guessed.

Moreover, this statue also has a strong sense of domination.

However, it is similar to the statue of the Dragon Man Empire's Cursed Land. Lu Ming took a while to fully understand.

The statue also shattered, and there was nothing under the statue.

After that, they left the Yanming Underground Palace and went to the next place of curse.

In the following days, Lu Ming and them went through the cursed land in the wilderness and wilderness. Some of them had gains, but some of them were empty, and they were obviously searched.

However, for Lu Ming, every place of curse is a treasure.

Because every cursed land has a statue.

Liu Sheng Tian Zun and others also know that this kind of statue has a great effect on Lu Ming, so they wait patiently in every cursed place.

Moreover, in some cursed places, they also encountered aliens and fought against the aliens, but with Lu Ming's current combat power, they naturally swept those aliens.

In this way, time rushed, and twenty years passed.

In the past two decades, Lu Ming has explored no less than twenty cursed lands.

It is a pity that many of the statues in the Cursed Land do not have a strong sense of domination. Lu Ming can easily understand that the improvement of Lu Ming's **** is not very great.

Even so, Lu Ming's cultivation practice still went one step further and entered the five-star emperor.

Lu Ming's strength has also improved.

Now Lu Ming has exploded with all his strength. The way of **** and physical coordination are enough to match a six-star emperor.

"Still find some large cursed land!"

Sitting under a statue in a cursed land, Lu Ming thought about it.

Over the years, Lu Ming has come up with rules, a small cursed land, and the dominance contained in the statue is relatively thin.

The larger the size, the stronger the sense of domination, and the greater its usefulness to Lu Ming.

Chapter 2490: Besieged, the situation has changed

However, many of those large cursed places are in the hands of some big forces.

For example, those forces that have invincible strong guards.

In addition, the biggest cursed place recognized by Huangquan Mountain is in the hands of Huangquan Empire, the first powerful force in Huangquan Mountain.

The Huangquan Empire, no doubt, is the master of the Huangquan world, and it is the only one with the power of gods to sit in the town.

Moreover, there are more than one deity, ordering the entire Huangquan world.

It can be said that all the forces of the Huangquan world are vassals of the Huangquan Empire.

"Huangquan Empire!"

Thinking of the Huangquan Empire, Lu Ming flashed the look of expectation.

When he checked the classics before, he knew that the biggest cursed place in the world of Huangquan was in the Huangquan Empire.

Legend has it that there are fruits of life in that cursed place, and even the most serious injuries can be cured.

Even the gods have great effects.

Moreover, it also contains other treasures.

Lu Ming estimated that Zulong, an ancestor of alien races, would definitely go to the Huangquan Empire, because only the fruits of life there could cure their injuries.

However, that place is not where he can go now. In the face of the existence of alien ancestors, etc., it is also a white go, or peace of mind to enhance strength first.

Lu Ming closed his eyes and realized the dominance of the statue in front of him.

The dominance of this statue is very weak. Lu Ming took only less than a month to fully understand.

After searching for nothing, Lu Ming merged with the Six Saints and headed out.

Out of the ruins, they chose a direction and flew away.

"and many more!"

After flying for a while, Lu Ming suddenly spoke, and then stopped.

Others also stopped.

"No, this area is too quiet!"

Liu Sheng Tian Zun, experienced, immediately felt something was wrong.

This area is silent, as if there are no creatures, even insects and ants, absolutely wrong.

At this moment, the Quartet's figure flashed, and a large number of figures appeared, surrounding Lu Ming and them.

Among these people, there are the cultivation of the Great Emperor Realm and the cultivation of the Heavenly Emperor Realm.

"You guys, who are you? Why surround us?"

Lu Ming asked.

"The people who killed you!"

An indifferent voice sounded, and two figures emerged from the crowd.

"Evil God Race!"

Seeing these two people, Lu Ming, Liu Sheng Tian Zun and others, their eyes narrowed.

"Lu Ming!"

When the eyes of the two evil spirits looked at Lu Ming, they even burst into cold killing opportunities.

"Kill me!"

One of the Evil God Clan gave orders.

Uh! Uh! Uh! ...

Immediately, the masters all moved, and they sang to the landing together, hundreds of attacks, to drown them Lu Ming.

"The strongest is Wuxing Tiandi!"

As soon as these people shot, Lu Ming judged each other's strength.

The strongest is the Five Star Heavenly Emperor. There are only two people.

Lu Ming directly summoned the Jiulong Shending. Nine Jiulong Jiuding was suspended around, blocking all attacks, and then shocked and bombarded the Quartet.

The power of Jiulong Shending is so powerful. Where are these people? The terror force bombarded, and screams rang out, and these people burst apart one by one.

Even the two five-star heavenly emperors, their bodies exploded and fell on the spot. The two evil **** clan, even worse, only one-star heavenly emperor was killed in an instant.

Lu Ming rushed past and put away all the storage rings.

"go!"

Lu Ming said, the crowd left here quickly, flying north.

However, along the way, their faces were somewhat dignified.

Those people just now, except for the two Evil God Clan, the others are obviously local people.

Could it be that the big forces are controlled by the Evil God Clan, so they are sent to stay in front of some cursed lands to hunt down the powerful of their heavens?

They guessed like this.

They flew all the way, and two days later, they came to another place of curse.

However, near the cursed place, they saw a fight.

A group of people are besieging a dozen celestial masters.

And those celestial masters obviously fell into the breeze, and seven or eight corpses have fallen on the ground.

The siege masters of heaven are obviously local people, but in them, they saw several evil gods.

"kill!"

Lu Ming did not hesitate to kill them.

Lu Ming now controls the Kowloon God Ding, which is equivalent to a peak emperor. There is no suspense in the war. Lu Ming completely wiped out these people and several evil gods.

"Thank you!"

The dozen or so masters of the realm, excited for the rest of their lives, thanked Lu Ming for them.

"You guys, what's going on?"

Lu Ming asked.

"We don't know yet. They have just explored this cursed land, and after a certain distance from the cursed land, they encountered a siege!"

Among the other party, a big man said.

"It's the same situation!"

Lu Ming frowned.

In the past two days, they have been on their way, and have left the scope of the previous force and come to another force, but the move made by this force is also the same as the previous force.

Could it be that the great forces around them are controlled by the Evil God Clan? Or have you cooperated with Evil God Clan?

In Lu Ming's heart, there was a bad hunch.

Afterwards, everyone joined together and left here together.

One day later, they came to a huge city.

However, the gates around the city were questioned.

"Let's go and see!"

Lu Ming discussed with them, then changed their appearance, converged, and walked towards a city gate.

"You guys, all people entering the city, have to pass through this door, understand?"

A tauren stared at the bull's eyes, scolding.

Lu Ming found that on the outside of the city gate, there was a dark gate, which was not large, and was engraved with wonderful lines.

Everyone who enters the city must pass through this door.

Buzz!

Suddenly, when a white-haired old man walked through the door, the door radiated a brilliant light.

"The breath of heaven, kill him!"

A cold drink sounded.

Then, masters were saved all around.

"A lot of strong people!"

Lu Ming's eyes narrowed.

There were two five-star emperors and one six-star emperor.

The old man with white hair shouted and his figure retreated, but it was too late.

bump! bump!

Several attacks hit the white-haired old man and killed him directly.

Lu Ming and they couldn't help but stop.

"Damn, it's the Evil God Clan!"

Someone shouted, but lowered his voice and did not spread it.

"Absolutely the Evil God Clan. The kind of gate they made can measure the breath of heaven in us!"

Six Saints Heavenly Path.
