

## **D Emperor 2491**

### Chapter 2491: War Dole

One's own breath can be concealed, but the breath of the world is difficult to conceal.

What is the breath of the world?

For example, if you were born in the Heaven Realm or Meta Realm, and practiced in these two worlds for a long time, you will understand the laws of the two worlds, absorb the original energies of the two worlds, and your body will naturally carry the breath of the two worlds.

This kind of breath is contained in the essence of life, and it is difficult to hide or remove it. This is the essence of the world.

The old man, just after entering the gate, was detected the breath of heaven, and was killed.

Who would specifically look for the creatures of heaven? It must be the Evil God Race!

Obviously, the Evil God Clan created this kind of gate, but anyone who wants to enter the city will be tested for the breath of heaven.

Evil God Realm, or people native to Huangquan Mountain, has no breath of heaven!

"let's go!"

Lu Ming spoke to everyone, then silently turned and left.

A group of people left here, and two days later, they came to another big city.

But they found that this big city was also questioned by people, and there was also a kind of gate that could measure the breath of the heavenly people.

They left silently.

Over the next half month, they traversed a long distance, passing five or six forces, seven or eight cities.

But all are the same, all forces, all cities, have someone to check.

"What's going on? Is all powerful forces controlled by the Evil God Clan?"

Someone growled and their eyes were red.

Lu Ming and others also have a dignified face, and the hunch in their hearts is getting stronger and stronger.

Trouble!

Judging from the current situation, those big forces seem to be controlled by the Evil God Race.

In this way, the creatures of heaven do not know how many masters to lose.

Moreover, some important cursed places, they can not enter, they must be occupied by the evil \*\*\*\* clan.

"what should I do now?"

Someone asked.

Going to those cursed places will be ambushed by the enemy, and they will not be able to enter some important cities.

Now, where should I go?

"Go to the Huangquan Empire!"

Lu Ming said.

"Huangquan Empire?"

The faces of other people have changed.

The Huangquan Empire is the most powerful force in the world of Huangquan. There are more than one \*\*\*\* sitting in the town, and the powerful are like clouds.

Moreover, the biggest cursed place is in the Huangquan Empire. I am afraid that Zulong and the alien ancestors will all rush to the Huangquan Empire.

Some of them go to the Huangquan Empire, some of them are not enough to watch.

"Yes, when I go to the Huangquan Empire, I always feel that what happened to the Huangquan Empire. Otherwise, these big forces around you will not listen to the orders of the evil gods!"

Lu Ming frowned.

"Okay, let's go!"

"it is good!"

The others nodded.

Immediately, they flew in the direction of the Huangquan Empire.

They specialize in flying to remote places without passing through those big cities.

boom! boom!

When they flew for a few days, a sudden roar came suddenly ahead.

when!

With a terrifying collision, they saw a spear rise into the sky as if to pierce the sky.

At the same time, a huge battle axe appeared, traversing between the world and colliding with the spear.

The heavens and the earth are smashed, even if they are separated by a long distance, they can all feel the terrible coercion.

"This is... the pinnacle emperor is fighting!"

Liu Sheng Tian Zun and others, their faces changed wildly.

Moo!

At this time, a roar of cattle echoed between the world and the world was shaken, and many mountains directly exploded.

"Titanium beetle..."

Lu Ming exclaimed.

Lu Ming will never misunderstand the voice of the Titanic. He has heard it several times.

Obviously, Titan beetle and others encountered strong enemies.

"go!"

Without any hesitation, Lu Ming flew straight ahead.

Liu Sheng Tian Zun and others also flew towards the front.

After flying over a distance, I finally saw the scene in front.

Lu Ming saw the Titan Beetle and the Nine-Life Demon Silkworm. There were more than fifty people on the heaven side.

However, they were besieged by a group of people.

Among them, there are Evil God Clan, but also the local masters of Huangquan Mountain, the number is more than 100, which is double that of the heaven.

The Celestial Realm is entirely defensive.

On the side of the heaven, the Titan beetle and the Nine Life Demon Silkworm are not the strongest. They are all seriously wounded. They only have the fighting power of the Five Star Heavenly Emperor and the Six Star Heavenly Emperor.

On the side of the heaven, there is a big man wearing a war armor, armed with a spear, with unparalleled combat power, he is a peak emperor.

However, the other party also has a peak Emperor.

Dole!

Lu Ming's eyes flashed, and the other's peak emperor, Dole, was in the world of Evil God at that time, guarding Dole in the cage of the world.

He is inseparable from the warrior in the realm of heaven.

However, others in the realm of the realm fell.

Because the Evil God Clan, the Six-Star Heavenly Emperor, has nine people. The masters of this level are completely above the Celestial Realm.

Titan beetle, Nine Life Demon Silkworm, as well as several other masters of Heaven Realm, fully defended, but still falling on the downside. In this way, defeat is a matter of time.

"Rush, rush out!"

Titan beetle roared, turned into a body, and the horns were like sharp swords, struggling to impact.

However, he was injured so badly today, and now only Wuxi Tiandi's cultivation practice has been reversed by the opponent's six-star Tiandi.

The other party's master is too much, they can not rush out.

"Titanium beetle, Nine Demon Silkworm, ancient war, you were lucky to survive. This time, you will be sent to the road completely, and you will try your best to kill them as soon as possible!"

Dole spoke indifferently.

The offensives of others were even more violent.

At this time, Lu Ming and them rushed over.

Many people looked at Lu Ming without help.

"Lu Ming, it's you!"

After seeing Lu Ming, Dole uttered an angry roar, and the cold killer wanted to freeze the world.

At the beginning, he was guarding the cage of all ages, but Lu Ming fled with a group of people, which made him punished by the senior leaders of the evil gods.

Not only that, he was also ridiculed by others from the Evil God Clan.

You know, since the ancient world, no one has escaped since ancient times, but during his stay in Dole, he was escaped, and so many masters have escaped.

All of this is Lu Ming, blaming Lu Ming!

Dole thought this was a shame and shame. Every day he thought about how to find Lu Ming.

Seeing Lu Ming at this moment, it is really very jealous.

The Titan beetle, Nine Demon Silkworm, they saw Lu Ming, but their face changed greatly.

"Lu Ming, go away!"

Titan beetle shouted.

The other party's master is too much, Lu Ming's current cultivation is still weak, rushing up, is simply to die.

"Haha, now I want to go, late, let me take him on the road!"

A six-star Heavenly Emperor Evil God clan laughed and came directly to the landing.

"kill!"

Lu Ming did not retreat, directly controlled the Jiulong Shending, blasted towards the other party.

boom!

The Jiuling of Jiulong cracked down, and the power of terror burst out, crushing towards each other.

Chapter 2492: Zulong's life and death are unknown

Nine respected Kowloon God Tripods, all of them erupted, with the power equivalent to the Peak Emperor, what a horror.

The attack of the Evil God Clan was instantaneously defeated, struck by the force of terror, his body shook wildly, retreated backward, and vomited blood.

Everyone's heart is mad.

A Six-Star Heavenly Emperor was actually repelled by Lu Ming and he vomited blood. How is this possible?

Lu Ming is so strong?

Even the Titan beetle blinked vigorously with big bulls' eyes, thinking he was looking at the eyes.

"kill!"

Repel the opponent, Lu Ming shouted, continue to control the Kowloon Shending, killing the opponent.

"Come and help me!"

The Evil God Clan was shocked and retreated.

Uh! Uh!

At this time, three more people rushed to Lu Ming.

All three are six-star emperors.

Plus the previous Evil God Clan, a total of four six-star heavenly emperors.

Two evil gods, two native people.

The four of them exploded in full force, teamed up to strike, and made a terrible blow.

boom! boom! ...

The attacks of the four Six-Star Heavenly Emperors bombarded the Jiulong Shending one after another. The Jiulong Shending continued to vibrate, but the four powerful men were also backed up and nearly vomited blood.

"Peak Heaven Emperor!"

One person spoke, his face extremely dignified.

Lu Ming's combat power is already equivalent to the peak of Heaven Emperor.

"kill!"

Lu Ming continued to control the Jiulong Shending and blasted towards the opponent continuously.

Nine statues of the gods resonate with each other, dragons are in bursts, and they are extremely powerful.

The four six-star Heavenly Emperors of the opponent teamed up and lost, and was suppressed by Lu Ming and kept retreating.

At this time, the Six Saints of Heaven have arrived, killing each other and fighting each other.

As a result, the pressure on the heaven side is greatly reduced.

"Haha, okay, okay!"

The Titan beetle laughed and rushed to kill.

His strength is really amazing. Even if only the cultivation of the Five Star Heavenly Emperor remains, he can also fight against a Six Star Heavenly Emperor for a while.

boom! boom!

Continuous collision, each collision, the opponent must retreat, Lu Ming fully prevailed.

puff!

Finally, the Evil God Clan that was previously injured by Lu Ming couldn't bear it, and he vomited blood.

"Come and help us!"

The Evil God cries shouted.

A total of nine Six-Star Heavenly Emperors and two others wanted to rush over to help Lu Ming together.

However, Titan beetle, Nine Life Demon Silkworm, and others tried their best to entangle each other.

As a result, the battle situation became a stalemate, and even Lu Ming on their side, still had the upper hand.

"Damn, \*\*\*\* it!"

Dole roared, a face twisted.

Lu Ming again, and was destroyed by Lu Ming again.

Today, it was possible to kill several masters of the heavens in one fell swoop, but now, because of Lu Ming's appearance, the battle situation has again tilted.

"Lu Ming, die for me!"

Dole's face was very distorted with a distorted face, angry roaring, and took the time to attack Lu Ming, but Lu Ming was blocked by Jiulong Shending.

Lu Ming now controls the Jiulong Shending, completely fearless of Dole's attack.

"Dole, don't come unharmed, right, you look like it's not very good, haha!"

Lu Ming laughed sarcastically and stepped up the offensive, causing the opponent to back off again and again.

Four Six-Star Heavenly Emperors can only block him for a short time, but they won't last long.

"Retreat, retreat!"

Dole roared, and then a crazy attack erupted, and he made a few moves against the warlord, and took the time to attack Lu Ming, blocking Lu Ming's Jiulong Shending.

The four six-star heavenly emperors quickly took a chance to retreat and merged with the other five six-star heavenly emperors.

Lu Ming continued to kill the past.

However, the other party did not like to fight and retreated quickly.

Dole also threw away his opponent, joined other people of the Evil God Clan, and retreated while fighting.

Dole and their forces are only a little weaker than Lu Ming, and at this time they are reluctant to retreat, and Lu Ming and it is difficult for them to stay.

After chasing for a while, he was eventually retreated by Dole and others.

"Lu Ming, I didn't expect your strength. You have reached this point. This time, thanks to your help!"

Titan longhorn came over to thank.

"Predecessors said too much, I also rely on Jiulong Shending!"

Lu Ming smiled slightly and put away the Kowloon Shending.

Then, everyone introduced each other.

Lu Ming knew that the warrior in the armor, named Zhanli, was the top strong man who emerged after the First World War in ancient times. The cultivation practice of the Peak Emperor Tiandi had been practicing in the Zulong Nest before.

"Seniors, do you know what happened? We walked all the way and found that the great local forces seemed to be cooperating with the evil \*\*\*\* clan!"

Lu Ming asked.

"A big deal!"

Sigh away.

Titan beetle, Nine Life Demon Silkworm and others also have a dignified face.

Lu Ming, Liu Shengtianzun felt a shock in his heart, and even the strong men such as the Titan beetle, the big men who had seen the big winds and waves, what happened?

"The surrounding big forces all listened to the Evil God Clan and cooperated with the Evil God Clan to deal with my heavens with all their strength. That's because the orders issued by the Huangquan Empire!"

Titan beetle said.

"Huangquan Empire, really it is Huangquan Empire, senior, Huangquan Empire, what happened?" Lu Ming asked.

"Huangquan World, the biggest cursed place, is within the Huangquan Empire. According to legend, there are fruits of life in it. Even the most serious wounds can be cured, and even the damage of the gods can be cured!"

"However, if you want to enter this cursed place, you must get the assistance of the upper level of the Huangquan Empire. Therefore, Senior Zulong and the alien ancestors all came to the Huangquan Empire and wanted to cooperate with the Huangquan Empire. There will be competition with each other!"

"We got the news that the senior Zulong was defeated, the alien ancestor, won the trust of the high-level Huangquan Empire!"

Titan beetle explained.

"what?"

Lu Ming and others were shocked.

In the competition of the Huangquan Empire, Zulong was defeated!

They finally understood why the big forces around them would cooperate with the Evil God Clan and deal with the people of the Heaven Realm together.

That was ordered by the Huangquan Empire, ordered by the Huangquan Empire, who would dare not obey the world of Huangquan?

"Senior Zulong..."

Someone asked, his voice was dry.

"Life and death are unknown..."

Titan beetle said.

Rumble!

As if there was a thunder, it exploded in everyone's mind.

Life and death are unknown!

The life and death of Zulong are unknown. This is an unbearable blow for any celestial being.

Heaven, Zulong is the backbone.

At present, only Zulong is the only one who has reached Wushen Realm.

The Evil God Clan, however, has alien ancestors, and there is a sacred ancestor with a blood line left.

In the realm of Wushen, they are already in a disadvantage, and they always have a sense of crisis.

If even Zulong had an accident, there would be no hope for that realm and Yuan realm, and it would never be an opponent of the evil \*\*\*\* clan, destined to be destroyed.

Liu Sheng Tian Zun and others showed their despair.

Chapter 2493: Yu Xie Nianqing

If there is no Zulong, how can you fight this battle?

"Senior Zulong, who has experienced an ancient battle, has never encountered any dangerous dangers. Moreover, Zulong Senior is a strong man of Wushen Realm. The means are not comparable to ours. I think Senior Zulong will not be that great. Easy to accident!"

Lu Ming said.

"I also think that we don't have to fear fearlessly. What we have to do is to improve ourselves as much as possible and kill the evil spirits!"

War away also said.

Having said that, everyone still has a big rock in their hearts and it is difficult to let go.

There are more than one deity in the Huangquan Empire. If you work with the alien ancestors to deal with Zulong, then the situation is not easy to say.

After all, Zulong is also unhealed and not in peak condition.

"Lu Ming, where are you going?"

The Titan beetle asked.

"We were going to the Huangquan Empire to investigate the situation. Now, I decided to go to Huangquan Emperor!"

Lu Ming said.

"Go to Huangquan Emperor Capital?"

The expressions of the Titan beetle and others changed.

"Yes, I want to inquire about the specific situation of Senior Zulong. Anyway, now there are other forces and other places of curse. We can't go, just go to Emperor Huangquan!"

Lu Ming said.

Rather than evading everywhere and wasting time, it is better to go to the Huangquan Empire and explore the situation.

Only by knowing the specific situation can they cope better.

"However, the gates of the Huangquan Emperor Capital were all moved by the Evil God Clan. As soon as the creatures of our heaven approached, they would be detected and could not enter the Huangquan Emperor Capital!"

War away sigh.

"Senior, I won't take risks easily. If I can't get in, I will be near the Huangquan Empire to see if I can gain anything!"

Lu Ming said.

"Well, let's go together, there is a lot of people to take care of!"

Nine Life Demon Silkworm is rare to speak.

"Okay, let's go together!"

The war away, the Titan beetle and others all nodded.

"Yes, seniors, you all enter my small world. I can do it by myself!"

Lu Ming said.

"it is good!"

The others nodded.

Lu Ming's thoughts moved, his small world emerged, and everyone turned into a ray of light and entered Lu Ming's small world.

Afterwards, Lu Ming changed his appearance, left alone, and headed towards Huangquan Emperor.

The Huangquan Empire, the master of the Huangquan World, has a vast territory.

The territory of the Huangquan Empire alone is probably comparable to the Taiqing Heavenly Territory.

Around the Huangquan Empire, there are other forces of all sizes.

Lu Ming acted alone, his speed soared, and he walked through the void, not knowing how many times faster than before.

Less than a day later, Lu Ming came to the nearby capital of Huangquan.

The imperial capital of Huang Quan is extremely magnificent, bigger than the two worlds, and bigger than any city that Lu Ming has seen.

One by one avenues leading to the Huangquan imperial capital.

And tens of thousands of miles around the Huangquan Empire are towering mountains.

Lu Ming appeared on a large mountain and looked far.

Sure enough, the city gates of the Huangquan imperial capital, all of them have moved their hands and feet, as long as they entered, they could be detected out of the breath of heaven.

Lu Ming changed direction continuously, and looked at the other gates, all of which were the same. There were even gates, and Lu Ming also saw the traces of the Evil God Clan.

"How can it be mixed into Huangquan Emperor Capital?"

Lu Ming frowned.

It is difficult to get useful information if you cannot enter the Huangquan Emperor Capital.

"Who?"

Suddenly, Lu Ming turned to drink coldly, his eyes sharp as a sword.

He felt a change in the space behind.

"Lu Ming, your spiritual consciousness is becoming more and more acute!"

A light smile came out, and then the figure flashed, and a stunning woman appeared.

"Xiaoqing!"

Lu Ming was overjoyed.

This stunning woman is not Xie Nianqing, and who is it?

Lu Ming did not expect that he would meet Xie Nianqing here.

"Lu Ming, you have made great progress!"

Xie Nianqing smiled, dumped sentient beings, came over, and pulled Lu Ming's big hand.

"As your man, can you do it without ascension, you will be surpassed by you!"

Lu Ming smiled.

At the same time, he also found that Xie Nianqing also improved greatly.

Now, Xie Nianqing's cultivation base has reached the Five Star Heavenly Emperor.

You know, when they entered Huangquan Mountain, Xie Nianqing's cultivation practice was the two-star heavenly emperor. In just twenty years, Xie Nianqing's cultivation practice, but broke threefold, which is extremely amazing.

Xie Nianqing's practice is, but the Emperor of Heaven is not the Emperor. Every step of the Heavenly Emperor's promotion is very difficult.

In the past 20 years, the triple has been broken. If you say this, you should scare the dead.

Lu Ming found that since Xie Nianqing's memories in her life engulfed the memories of previous lives, her practice speed was even more terrifying, and it was much faster than before she did not devour it.

However, even so, it won't be like this soon. Lu Ming knows that in Huangquan Mountain, Xie Nianqing mostly had adventures.

Moreover, Xie Nianqing's combat power is extremely powerful.

When he was at the pinnacle emperor, he was able to fight Lu Ming. Now, Xie Nianqing's cultivation practice, although he is a five-star emperor, can definitely fight against the pinnacle emperor, even stronger.

"Smelly, believe me or not, I will beat you down now!"

Xie Nianqing gave Lu Ming a blank look, but his face was full of smiles.

"Xiaoqing, why are you here?"

Lu Ming asked.

"Everywhere, there are shadows of the Evil God Clan, and other forces are cooperating with the Evil God Clan. I heard the news that Zulong had something wrong here, so let's take a look!"

Xie Nianqing said.

"Unfortunately, the Evil God Clan has all sorts of formations that can measure the atmosphere of the heavens in the city gates everywhere. We can't go in at all, otherwise, we can go in and find out the news!"

Lu Ming said helplessly.

The entire wall of the Huangquan Empire was covered with a large array, and it was impossible to fly in directly. If you want to enter or leave, you must enter through the Sifang City Gate.

"This is easy to handle, I have a way to cover up the breath of heaven!"

Xie Nianqing said.

"You have a way to hide the breath of heaven in your body?"

Lu Ming was surprised, very surprised.

Cover your own breath.

But the realm of the world, such as the heavenly realm and the Yuanjie realm, is intangible and intangible, and usually cannot be sensed, but it is inscribed into the bone, and the soul is indelible.

You are the creature of the heaven and the realm, and you are born with the marks of these two worlds. Xie Nianqing, can you actually hide it?

After thinking about it, Lu Ming was relieved again.

Xie Nianqing, swallowed and merged memories of previous lives.

The origins of her previous life are probably amazing, unpredictable, with all kinds of wonderful means, and it is normal.

"Well, I know how good I am!"

Xie Nianqing smiled, and then his hands were like a lotus flower blooming, a strange pattern emerged, and finally a black lotus flower condensed.

The black lotus flew to Lu Ming and merged into Lu Ming's body.

"All right!"

Xie Nianqing said, and then continued to seal, she also emerged a lotus flower in her body, flashed away.

Chapter 2494: Life and death pill

"Okay, let's go!"

Lu Ming said.

Naturally, he would not doubt whether Xie Nianqing's method is useful. For Xie Nianqing, he has 100% confidence.

The two of them changed their appearance, condensed their breath, and flew towards the gate of the Huangquan imperial capital.

When they came to the city gate, they looked closely. They found that both sides of the city gate were inscribed with a rune. This is the large formation under the evil \*\*\*\* clan.

As long as there are heavens and the souls of Yuan Realm enter, those runes will immediately respond.

On both sides of the city gate, there is a team of sergeants wearing armor guarding.

"Every Emperor!"

As soon as Lu Ming sensed, he found that these sergeants who guarded the city gates were all powerful in the heavenly realm.

In addition, there are some masters lurking near the city gate. Although it is very secret, Lu Ming controls the way of domination, dominates the world, and has a sense of sensitivity. It is extremely sensitive and naturally feels easily.

They are all strong, and there are even peak emperors, and more than one.

Lu Ming was shocked by the strength of the Huangquan Empire.

The strength of the entire Huangquan World is definitely stronger than that of Heaven Realm or Evil God Realm. Even if the two parties join forces, they cannot compare with Huangquan World.

Fortunately, the people of Huangquan World have been cursed for generations, and it is difficult to leave Huangquan Mountain. Otherwise, the pattern outside has already changed.

The two swaggered into the imperial capital of Huangquan.

In the Huangquan imperial capital, there are people of all races and many human races. Naturally, no one pays attention to Lu Ming and the two of them.

Lu Ming and the two turned around and found no trace of the Evil God Clan. They tried to find someone to test their tone and did not get much useful information.

The two simply found an inn to stay.

In the next ten days, the two appeared everywhere in Huangquan Emperor, but they didn't get much useful news.

On this day, the two hung out in the largest square city of Huangquan Emperor.

In Huangquan World, there are many treasures that are not available outside, and the two also bought some by the way.

"That's... the first prince!"

Suddenly, Lu Ming's eyes lit up.

In front, he saw a young man with blonde hair.

This young man is the first prince ranked first in the list of evil gods longevity.

The first prince's eyebrows are closed, the third eye is closed, and his hair is blonde, no different from a human race.

He is very handsome, like a natural sun, wherever he can attract the attention of others.

Around him, some young women looked at Prince Di Yi frequently, and their eyes shined.

However, when they saw a woman beside the first prince, their eyes dimmed.

It was an extremely beautiful woman, wearing a purple one-piece dress, highlighting her perfect figure.

Compared with her, the women around them all looked ecstatic.

The most important thing is that this woman comes from a giant family in Huangquan Emperor, the largest family of refining medicine in the Huangquan Empire, the European family.

Ou Xing, the eldest lady of the Ou family, how dare those women compare?

The first prince and Miss Ou Xing, Ou Xing, were intimate, shopping together and shopping.

Lu Ming pulled Xie Nianqing and followed them far away.

Since he met the first prince, would Lu Ming easily let go.

The first prince has a high status among the evil gods and should know many secrets.

After strolling around with the first prince and Ou Xing, they left Fangshi and walked towards a bustling street. Soon, they entered a wide mansion.

Lu Ming and the two followed.

Taking Lu Ming and Xie Nianqing's current practice as the first prince and Ou Xing, it is impossible to discover.

Behind the mansion, there is a huge courtyard. In the courtyard, there is a lake. In the middle of the lake, a pavilion is built.

The first prince and Ou Xing came to the pavilion, and the first prince took Ou Xing's waist in one hand, and Qing Qing talked to me.

Lu Ming and Xie Nianqing appeared not far away. Lu Ming waved his hand and the space was directly split. He and Xie Nianqing entered the crack of the space. The next moment, they appeared above the pavilion.

When Lu Ming was in the real emperor's realm, he realized the law of time and space, and now he has become the master ruler.

The two of them were in the space above the pavilion. The first prince and Ou Xing didn't notice it at all.

What's more, what they said was clearly heard in Lu Ming's ears.

"Xing'er, I heard that there is a life and death pill in your European family, but is it true?"

The first prince asked.

"Of course it is true, my European family, but the Huangquan Empire, the first refining medicine family!"

Ou Xing chuckled lightly, with a little smugness in his tone.

"Life and Death Pill, is it really as magical as the legend?"

The first prince asked again.

"That is, of course, you should know that the largest cursed land in the Huangquan Empire, there is a fruit tree of life on Huangquan Island. The fruit tree of life will produce a fruit called life fruit every long period of time. !"

"The fruit of life has the magical power of earth and earth, no matter how serious the wound is, it can be cured, even the wound of the gods can be cured!"

"The Life and Death Pill is made from the fruit of life. Before the Ten Thousand Tribulation, there were people from outside the world like you. From Huangquan Island, they brought out the fruit of life. My Ou family, I was fortunate to get one. Refined into nine life and death pill!"

"Although the life-and-death pill's medicinal effect is far less than the fruit of life, it is only useful for the gods. No matter how serious the injury is, the one below the gods can be cured even if the source of life is seriously damaged!"

"After so many years of consumption, my European family has only three left!"

Ou Xing explained that the color of pride is even stronger.

"Life and Death Pill!"

Lu Ming's eyes filled with fiery meaning.

Life and Death Pill is actually made from the fruit of life. Even a serious injury can be cured by one, even if the source of life is injured.

Lu Ming moved!

Life is injured, but it is not an ordinary injury.

Ordinary injuries are nothing to the characters of the Great Emperor and Heavenly Emperor Realm. Even if the body bursts, it can heal.

But if the source of life is injured, it will be very difficult.

Many strong people, if the war is too tragic, the source of life will be injured.

For example, Titan beetle, Nine Life Demon Silkworm, even Zulong or alien ancestor, is the source of life injury. In the past so many years, it has not been cured.

However, Life and Death Pill can make these injuries heal quickly.

If you get the life and death pill, can the Titan beetle and the Nine Life Demon Silkworm's wounds heal quickly and return to their peak state?

Lu Ming and Xie Nianqing, continue to listen.

"It's so magical, Xing'er, I'm really curious. Can you show me Life and Death Pill?"

The first prince said.

"Show it to you? This will not work. If my father and ancestor knew that, I wouldn't be able to walk around!"

Ou Xingdao.

"Xing'er, I'm just curious, I want to see, see, see, see, you take it back, they won't know, don't you even believe me?"

The first prince said softly.

At first, Ou Xing refused to agree. After some soft grinding and hardening of the first prince, Ou Xing finally agreed to secretly show the life and death pill out to the first prince.

Lu Ming and Xie Nianqing glanced at each other, their eyes lit up.

Chapter 2495: why you?

The first prince and Ou Xing, after three days of appointment, met here, and then left.

Originally, Lu Ming planned to take the first prince now and listen to some news, but now he changed his attention and planned to wait another three days.

He naturally got the idea of life and death Dan.

After the first prince and Ou Xing left, Lu Ming and Xie Nianqing were in the courtyard, waiting.

Three days later!

Three days later, night fell, and the first prince waited here long ago.

In the middle of the night, a figure came out of the air, it was Ou Xing.

"Xing'er, Life and Death Pill, did you bring it?"

The first prince asked quickly.

"Bring it, but I'll put it back quickly. If my dad finds it, it's not good!"

Ou Xingdao.

"Relax, I'll just take a look and see for a long time!"

The first prince smiled.

Ou Xing nodded and moved his hand. A jade bottle appeared in his palm, and some inscriptions were inscribed on the jade bottle.

Ou Xing hand-directed the dance, and runes flew towards the Jade Bottle, and then the Jade Bottle shone with light. After a while, the light dimmed.

"All right!"

Ou Xing smiled and handed the jade bottle to the first prince.

The first prince took it in a hurry and poured out a panacea.

A medicine of the size of a pigeon's egg is milky white and exudes a very strong fragrance, even if Lu Ming and Xie Nianqing are hidden in the void, they can smell it.

"Is this the life and death pill?"

The first prince whispered, lowered his head and looked carefully, his eyes showed a rich greed.

After looking around for a while, the first prince put the life and death pill back into the jade bottle, handed the jade bottle to Ou Xing, and smiled: "Xing'er, I'm fine, I'll give it back to you!"

"Well, I will go back!"

Ou Xing reached out with a smile.

But at this moment, the palm of the first prince glowed like a war sword, blasting towards Ou Xing's Dantian, as fast as lightning.

With such a close distance and the first prince's sneak attack, most people can't avoid it.

But at the moment when the first prince blasted out, Ou Xing's body glowed, and a bright brilliance emerged, transformed into a pair of armor, covering the whole body, and at the same time, Ou Xing's body receded quickly.

boom!

The power of the first prince bombarded Ou Xing's armor, which was easily removed by the armor.

Ou Xing stepped back 100 meters and stood above the lake, his face looking ugly to death.

"First, why, why?"

Ou Xing shouted, his face full of disappointment.

"It turns out that you have been prepared for me!"

The first prince was gloomy and said coldly. Then he took the jade bottle in his hand and sneered: "Life and Death Pill, under the gods, no matter how many injuries, one can be cured, each one is equivalent to one Life, this peerless medicine can only play its role and reflect its value if you follow me, do you understand?"

"You said you would stay in Huangquan World after you and stay with me all your life, are they all fake?"

Ou Xing asked.

"Nonsense, I still have big things to do, how can I stay in this place? It's just a cursed place!"

The first prince sneered.

"Hey, I'm so naive!"

Ou Xing sighed, disappointed even more.

"Originally, I still wanted to give you a chance. If you don't do it today, I will treat you wholeheartedly. I can even ask my father to give you a life and death pill. Unfortunately, you have let me down!"

After Ou Xing finished speaking, his eyes suddenly burst into cold killing, and his jade hand waved.

Hiss!

Behind Ou Xing, the space suddenly split and two figures appeared.

These are the two old men, dressed in black robes, exuding a terrible breath.

This is the powerhouse of two Heavenly Emperor Realms, one Samsung Emperor and one Two Star Emperor.

Seeing the two of them, the first prince had a somber face and said, "Bitch, you not only guarded me all the time, but also brought someone in secret, did you want to kill me?"

"Originally, I brought them, just in case, if you don't have any changes, they won't show up. Unfortunately, you are too disappointing me. Give me the life and death pill, I can leave you whole body!"

Ou Xing said coldly.

"Hahaha, bitch, do you think I'm unprepared? I've guarded you already, you don't trust me, I haven't trusted you, come out!"

The first prince waved his hand.

There was a shock in the void, and a figure suddenly appeared in the surrounding space.

There are a total of six people, all of them are Evil God Clan, and all are strong in the Heavenly Emperor Realm, and even there are two peerless strongmen in the Four-Star Heavenly Realm.

Seeing these people, Ou Xing's pretty face turned into a fiasco.

"First, I'm kidding you, let me be in your feelings, let me go!"

An ugly smile appeared on Ou Xing's face.

"Leave you? I don't want to be an enemy of your Ou family. Although your Ou family, there is no Wushen, I am not afraid, but it is always a trouble, you can go with peace of mind, these three life and death pill, I will be good Play, do it!"

The first prince sneered, his voice cold, and gave orders.

"Miss, go away!"

Behind Ou Xing, the two old men took Ou Xing and struck in one direction.

However, the six evil spirits also started, blocking the world, surrounding the three groups, and blasting a terrible attack.

The difference in strength between the two sides is too great. The two old men brought by Ou Xing are not opponents at all.

"First dog thief, you must not die, you must not die..."

Ou Xing cursed madly.

But at the next moment, she was hit by several Heavenly Emperor's attacks and instantly turned into flying ash, destroying both form and spirit.

In the void, Lu Ming and Xie Nianqing looked rather speechless.

But this is equivalent to a dog biting a dog, before, the two would naturally not shoot.

Killing Ou Xing and two Ou Jia masters, the first prince was ecstatic, took out the jade bottle again, and poured out three elixirs in a row.

All of them are life and death pill, and the fragrance is very strong.

"Hahaha, what a great harvest, let's go, we will leave here soon!"

The first prince laughed, then put away the jade bottle, and turned to leave.

But he flew for a while, but found that the six evil spirits were still standing in the air, motionless.

"I told you to go quickly, didn't you hear?"

The first prince turned impatiently.

But as soon as he turned around, his pupils suddenly widened.

Because the six aliens seem to be confined in the air, unable to move, and only have a frightened expression on their faces.

"Who?"

The first prince stood upside down, shouted, and quickly turned to check.

"Old friends, don't you welcome?"

A light laughter came and the space split, and Lu Ming and Xie Nianqing came out.

"Lu Ming, Lu Ming, how are you? How could you come in here?"

The pupil of the first prince suddenly grew larger, hissing and roaring, revealing an incredible look.

The gates of the imperial capital of the Huangquan Empire are all inscribed with formations, which can measure the breath of heaven and the spirits of heaven.

The first prince never imagined that Lu Ming would be encountered here.

Chapter 2496: Life and Death Dan

"Is it difficult to come in here?"

Lu Ming smiled faintly and said, "We are passing here too. I didn't expect to see a good show, Life and Death Pill, good. It's a waste to stay in your hands. Give it to me!"

"If you want life and death, you dream!"

The first prince snorted and turned and ran.

But at the next moment, a figure suddenly appeared in front of him, but it was Lu Ming.

boom!

Lu Ming suddenly erupted into a terrible breath, pressing against the first prince, who was violently stunned, vomiting blood, and pale.

"Your cultivation..."

The first prince, something incredible.

He was completely vulnerable in front of Lu Ming.

When he and Lu Ming battled against the evil \*\*\*\* clan sacred mountain, they were similar. His cultivation behavior was the peak emperor.

After years of cultivation, his cultivation practice has reached the Heaven Emperor Realm, and he is the Two Star Heavenly Emperor.

In a few decades, the breakthrough from the pinnacle emperor to the two-star emperor has been extremely alarming.

But compared with Lu Ming, he was a thousand miles away.

Lu Ming's breath alone can shock him and vomit blood.

"Shoot, let's go!"

The first prince shouted at the other six evil gods.

However, the six evil spirits could not move at all.

"No effort at all!"

Xie Nianqing spoke, her body filled with black brilliance, like the witch's death.

She reached out and pressed, and suddenly a black lotus emerged from the six Evil God Clan, which enveloped them.

Just a few breaths, the black lotus flower dissipated, and the six evil gods inside disappeared without a trace, leaving only six storage bracelets floating in the air.

The first prince, his pupils contracted sharply, revealing a terrified look.

In raising his hand, he killed the six Evil God Clan. What kind of combat power is this?

You know, there are two strong four-star heaven emperors.

Can this be done, at least if it is Peak Emperor?

Thinking of this, the first prince was even more frightened.

"Lu Ming, I urge you to let me leave me obediently. Today, Zulong is defeated. My ancestors and the God of War of the Huangquan Empire cooperate. Your heavens are destined to be defeated and irretrievable. You let me go now, I can also make a few words for you, and save your life!"

The first prince said.

"Keep me alive? Haha, I can be trusted, but you, even the woman who trusts you, must kill. What else can you do?"

Lu Ming sneered, and took a sudden step, terrible pressure, pressed against the first prince, so that the first prince's body thrilled, and another spit of blood spewed out.

"Say, what happened to Senior Zulong? Emperor Huang Quan, what happened?"

Lu Ming pressed.

"Zulong, hahaha, I tell you, he is dead, he was killed by our clan ancestor, and skin cramps!"

Seeing that Lu Ming would not let him go, the first prince simply went out and laughed.

"Senior Zulong is dead? No, impossible!"

Lu Ming was shocked, and then shook his head again.

"If you want to deceive me, then I will search for myself!"

Lu Ming's eyes were cold and he pointed out.

The fingertips were like guns and pierced the first prince's Dan Tian. The first prince was shocked and backed wildly, trying to avoid.

But now, Lu Ming's combat strength is much stronger than him, he can't avoid it at all, and instantly hit his Dantian.

bump!

Dan Tian, the first prince, was penetrated by Lu Ming, and the repair was abandoned.

"what..."

The first prince screamed hysterically, but as soon as he cried out, the voice came to an abrupt halt.

Lu Ming pointed at his eyebrows and began to search the soul.

In the soul of the first prince, pictures of memory were seen by Lu Ming.

It took a long time for Lu Ming to end his soul search, and then waved his hand to earn the first prince into the small world.

The first prince has a special status and it may be useful to keep it.

But the storage bracelet of the first prince fell into Lu Ming's hands.

"go!"

Lu Ming pulled Xie Nianqing, tore open the space, and left here.

"Lu Ming, what happened, Zulong?"

Soon after, they returned to the inn, Xie Nianqing quickly asked.

"Senior Zulong didn't die..."

Lu Ming smiled and briefly told Xie Nianqing what he saw.

It turned out that soon after they entered Huangquan Mountain, Zulong and the alien ancestors both came to Huangquan Empire.

Their goal, obviously, is the cursed land of the Huangquan Empire.

For the existence of the level of Zulong and alien ancestors, the other cursed places are of no use to them.

What they want to enter is the biggest cursed place, and the fruit of life inside is the most useful.

But it is not easy to enter the cursed land, and it must have the support of the Huangquan Empire.

Therefore, the two of them competed in the Huangquan Empire, each supporting a big figure in the Huangquan Empire, competing for the power of the Huangquan Empire.

Unfortunately, after decades of fighting, the side supported by Zulong was defeated and killed by the door. Zulong also escaped from the capital of Huangquan with wounds and unknown whereabouts.

Moreover, Lu Ming also learned that the alien ancestor has not yet entered the cursed land, and the first prince did not know the reason.

Zu Long didn't die, and Lu Ming finally let go.

Zulong is the key to fighting against the alien ancestors, and is the only martial \*\*\*\* in heaven.

In addition, Lu Ming also found a clue. During this time, the aliens found a secret place of curse, but that place seems to have been entered by the people of heaven. During this time, the aliens always pay attention to the place of the curse. Send people to encircle the celestial beings in the cursed land.

"You can't let them succeed!"

Lu Ming discussed with Xie Nianqing and then left the inn. Soon after, they appeared outside a huge mansion.

Soul search from the first prince learned that this is the headquarters of the Evil God Clan in Huangquan Emperor Capital. If the Evil God Clan would send a master, it would definitely start from here.

By then, they just have to follow.

The two lurked in darkness, watching the mansion.

Lu Ming took out the storage ring of the first prince and began to count.

The resources of the first prince are amazing.

There are two weapons equivalent to the Heavenly Path Soldiers, and there are a lot of \*\*\*\* stones.

Lu Ming didn't care, he found the jade bottle directly.

In the jade bottle, there are three life and death pill.

Lu Ming intends to give the life and death Dan first to the Titan Beetle and the Nine-Life Demon Silkworm to restore their injuries.

As soon as his thoughts moved, the Jade Bottle appeared in his small world, and Lu Ming appeared in his small world.

Since entering the realm of emperor, Lu Ming's own real body can also enter his own small world. After he enters the small world, the small world will automatically hide in the dark void.

Lu Ming took the jade bottle, stepped out, and came to the place where he planted the ancient Taoist tree.

Over the years, the ancient Taoist trees have grown to two meters high, so huge that they cover the sky.

Titan beetle, Nine Life Demon Silkworm and others are just under the ancient tree of Taoism, some are practicing and some are chatting.

Chapter 2497: Ready to shoot

Seeing Lu Ming, Titan longhorn and others flew over.

"Lu Ming, what is the situation now? Where are you?"

The Titan beetle quickly asked.

"I am now in Huangquan Emperor Capital!"

Lu Ming said.

"Huangquan Emperor Capital, how did you come in?"

The eyes of Titan Titan were very surprised.

The same is true of others.

"It's still my wife, through a secret method that can hide the atmosphere of the heavens, so I came in. I have found the news of Senior Zulong!"

Lu Ming said.

"How is Senior Zulong?"

Titan beetle, Nine Life Demon Silkworm and others, all looked nervously at Landing, fearing to hear news of Zulong's accident.

"Senior Zulong didn't die, just escaped Huangquan Emperor." Lu Ming briefly said what he knew.

"That's good!"

When everyone heard that Zulong was okay, everyone took a long breath and let down their hearts.

"I also found a message that the Evil God Clan might send masters to lay siege to a cursed land. There should be masters of the Celestial Realm. We are afraid of a battle!"

Lu Ming said.

"War, we must fight!"

"Yes, I'm going to kill the gang of evil gods!"

Titan beetle and others roared.

"Two seniors, Lu Ming has something for you!"

Lu Ming's eyes looked at the Titan Beetle and the Nine Life Demon Silkworm, and the jade bottle appeared in his hand.

"Something for us?"

The Titan beetle and the Nine Life Demon Silkworm both showed their doubts.

"This is a panacea that I got from a family of refining medicine in the capital of Huangquan Emperor. It is called Life and Death Pill, and it has the effect of making earth and earth alive. Under the God of War, no matter how many injuries, even if it is the source of life, it can be cured! "

Lu Ming said.

"What? There is such a panacea in the world?"

Everyone opened his mouth in shock.

"Lu Ming, how can we collect such a valuable immortality!"

Afterwards, Nine Demon Silkworm shook his head again and again.

"Seniors, the Elixir is just a dead thing. If it can't be effective, it will not show value. If the two seniors can return to the peak, it is a blessing for us in Heaven. !"

Lu Ming said.

"Yes, that's exactly it!"

Others nodded one after another, exhorting the two to accept it.

Once the Titan beetle and the Nine Life Demon Silkworm return to their peaks, they are the two peaking emperors.

There are not many heavens that can achieve this step.

"Okay, Lu Ming, your kindness, my veteran jotted down!"

Titan beetle is relatively simple, nodded and agreed.

In fact, they are also very interested.

After all, after the World War I, the endless years, they can not return to the peak, this feeling is really uncomfortable.

Lu Ming poured out two Life and Death Pills and handed them to the Titan Beetle and the Nine Life Demon Silkworm. The two picked up each and chose a place, sat cross-legged, swallowed the Life and Death Pill, and began to refine the medicine.

Lu Ming, leaving the small world, appeared beside Xie Nianqing and continued to pay attention to the mansion.

In a flash, a few days passed.

The mansion finally moved.

A group of strong men of the Huangquan Empire appeared and entered the mansion. After a while, a large group of people flew out of the mansion.

There are evil spirits, and there are also strong men of the Huangquan Empire, with hundreds in number.

They went directly to the west gate.

Lu Ming and Xie Nianqing followed behind from afar.

Soon after, the masters of the Evil God Clan and the Huangquan Empire went out of the city gate and headed west.

Lu Ming and Xie Nianqing also successfully walked out of the city gate and followed in the distance.

They dare not get too close, because there are too many masters in these evil gods and the Huangquan Empire.

There are even peak emperors, and not one or two, at least five or six.

In addition, the number of Six Star Heavenly Emperors and Five Star Heavenly Emperors is also quite large.

This is an extremely amazing force.

When so many powerful people are dispatched at one time, it is clear that the cursed heaven and earth creatures will be wiped out in one go, and one will not stay.

After flying for more than a day, they came to a very remote place, in front of which a hot breath came.

It turned out that there was a large group of volcanoes in front, which could not be seen at the end.

Rumble!

There are continuous eruptions of volcanoes, magma soaring into the sky, the air is filled with black smoke and pungent smell.

The cursed land is among the volcanoes.

The people of the Huangquan Empire could not get in. They were ambushing around the volcano.

The people of Evil God Clan rushed into the volcano.

Rumble!

Soon after, a terrifying roar erupted among the volcanic clusters.

The war broke out, and the terrifying energy penetrated the earth, and the endless magma rushed into the sky. This area is even more heated.

Roar!

In the depths of the volcano, there is a golden lion with nine heads.

The surrounding volcanoes exploded one after another, very powerful.

"Brother Qing Cang!"

Lu Ming was shocked.

That is clearly the nine-headed golden lion Qing Cang.

Qing Cang is the pinnacle heavenly emperor, very powerful, but the evil \*\*\*\* clan also has pinnacle heavenly emperor.

Among the volcanoes, a terrible breath rose into the sky, colliding with each other.

"There are two peak emperors in heaven, but there are three evil gods!"

In Lu Ming's heart, a little heavy.

Peak Emperor, there is one more Evil God Clan, and Lu Ming can feel that the number of Five-Star Heavenly Emperor and Six-Star Heavenly Emperor is also more than Evil God Clan.

In this way, the Celestial Realm is definitely not an opponent.

In addition, the periphery of the volcano is also home to the power of the Huangquan Empire. The number of masters is greater than that of the Evil God Clan. If the spirits of the Heaven Realm rush out, it is really dangerous.

"I don't know what happened to the two predecessors, the Titan Beetle and the Nine Life Demon Silkworm.

Lu Ming was anxious.

If you wait a moment, the number of strong players on their side is not enough.

Lu Ming controls Jiulong Shending and is regarded as a pinnacle emperor.

Xie Nianqing, also regarded as the last peak emperor.

Coupled with the war away, there are only three peak emperors, not enough.

Lu Ming could feel that there were four of the peak emperors in the Huangquan Empire, and three of the Evil God Clan had reached seven.

In addition, there is Six Star Heavenly Emperor.

If Titan Tianniu and Jiu Ming Demon Silkworm are recovered, then don't worry.

"rush out!"

Among the volcanoes, Qing Cang roared.

Then, a group of powerful players from the heavens rushed towards the outside, and the people of the evil \*\*\*\* clan were chasing after them.

"not good!"

Lu Ming's face changed, then his thoughts moved, and he entered the small world. He wanted to see if the Titan Beetle and the Nine Life Demon Silkworm recovered.

At this moment, the two people are filled with bright light, the breath is very powerful.

"Peak Heaven Emperor!"

Lu Ming felt the two people's breath and couldn't help being overjoyed.

Life and Death Pill is worthy of being a peerless medicine, with amazing effects.

It's only a few days. The Titan Beetle and the Nine Life Demon Silkworm have almost recovered, and their breath has returned to the peak of Heavenly Emperor.

## Chapter 2498: Fierce battle

At this moment, the situation outside is already quite critical.

Qing Cang and others rushed out of the volcano and came to the periphery of the cursed land.

But at this time, the people of the Huangquan Empire appeared, and the horizontal bar was in front of the Qing Cang and others. A terrible breath erupted, causing the Qing Cang and others to suddenly change color and stopped.

"Another four Pinnacle Heavenly Emperors have dispatched a total of seven Pinnacle Heavenly Emperors. You really deserve our respect!"

Qing Cang sneered, nine heads, looking around.

Beside Qing Cang, there is a phoenix, flapping its wings, full of black flames.

This is a black phoenix, also a peak emperor, like the king of the Phoenix family today.

"Haha, Qing Cang, today, see how you die!"

Behind, there was a big laugh, and the masters of the Evil God Clan blocked Qi Cang's back road and made them escape.

"Dole, why don't you go to guard the cage of all ages, be careful and get away!"

Qing Cang sneered, full of ridicule.

The evil spirit clan just spoke was Dole.

Hearing Qing Cang's words, Dole's eyes were extremely cruel, and he roared, "How about Qing Cang, even if you escaped from the cage of the world forever? It's not about to die in my hand, and Lu Ming's kid, I will sooner or later Break him to pieces!"

"Rush back to the cursed land!"

In the dark, Qing Cang transmitted sounds to the creatures in the heaven.

Only by rushing back to the cursed land will they have a chance. Outside, they will have to face the double siege of the evil \*\*\*\* clan and the Huangquan Empire.

"That's too late!"

In the small world, Lu Ming was anxious, and then transmitted the sound to the Titan Beetle and the Nine Life Demon Silkworm.

"Senior, wake up!"

"Senior, wake up!"

Lu Ming kept transmitting.

boom! boom!

The breath of Taita Tianniu and Jiu Ming Demon Silkworm suddenly exploded, and then contracted sharply, then opened their eyes one after another.

"Are you going to war!"

The Titan beetle asked.

"Yes, things are urgent, and you can only disturb the two!"

Lu Ming said.

"It's okay, I've recovered almost. Let's go out and fight!"

Titan beetle said.

"go!"

Lu Ming controls the small world. At the next moment, everyone in the small world appears outside.

At this time, Qing Cang and others also started.

They rushed directly towards the Evil God Clan in the rear, trying to rush back to the cursed land.

"kill!"

The Evil God Clan, the strong man of the Huangquan Empire, also started.

"kill!"

At this moment, Lu Ming roared, screamed in all directions, and then rushed towards the people of the Huangquan Empire.

"what happened?"

Suddenly, the Evil God Clan, the people of the Huangquan Empire, could not help but stunned slightly.

In this moment, they have rushed.

Lu Ming directly controlled the Kowloon God Ding and killed towards the pinnacle of the Huangquan Empire.

At the same time, Xie Nianqing also shot with Lu Ming to attack one person.

Taita Tianniu and others have also launched attacks.

On Lu Ming's side, the peak of Heavenly Emperor's fighting power was five. They suddenly appeared and hit the Huangquan Empire side by surprise.

The peak emperor attacked by Lu Ming and Xie Nianqing was beaten and flew out suddenly, spitting blood and was hit hard.

The other powerful players in the Huangquan empire also retreated back and forth and suffered minor injuries.

"Titan, nine lives, you, ha ha ha, kill!"

Qing Cang found the Titan Beetles, and they couldn't help being ecstatic, and they turned to kill the master of the Huangquan Empire.

However, Dole et al. reacted slightly after being stunned for a while, killing Qing Cang and others.

The scene, caught in a scuffle.

The two sides add up, and the number of the pinnacle of the Heavenly Emperor is the same, they are all seven.

But just now, Lu Ming attacked each other under the sneak attack, and the number of the pinnacle emperor, they instead had the upper hand.

When a fierce melee broke out, Lu Ming and their side had a weak upper hand. If the Huangquan Empire and the Evil God Clan Six-Star Heavenly Emperor were more in number, I would be overwhelmed.

"Lu Ming, \*\*\*\* it, \*\*\*\* it!"

Dole roared in his heart.

Lu Ming again, every time, he was destroyed by Lu Ming, Lu Ming is his nemesis.

He couldn't contain his anger, and he wished that Lu Ming would be crushed.

"If you want to kill me, come on!"

Lu Ming controlled the nine dragon gods and drove crazy towards Dole.

Dole also broke out frantically, trying to kill Lu Ming, the two collided in succession, but both were difficult to win or lose.

what!

At this moment, a scream, a six-star Heavenly Emperor of the Evil God Clan, was slashed with a sword by Xie Nianqing.

Lu Ming, Titan Longhorn and others all have an opponent and fought against each other.

But Xie Nianqing, but no peak emperor stopped him.

The peak emperor of the Huangquan empire was seriously injured from the beginning. His strength is as much as a six-star emperor. There are five or six six-star emperors, besieging Xie Nianqing.

But Xie Nianqing's combat power exceeded their imagination, becoming more and more courageous, attacking strange and unpredictable. After dozens of wars, he successfully beheaded a six-star heavenly emperor.

"Off!"

Xie Nianqing whispered, and the whole body was filled with black and dark black lights. These black lights turned into black lotus flowers, and then the petals of these lotus flowers flew out again, forming a black war sword and chopping to the opponent.

Opposite, the five Six-Star Heavenly Emperors, who were beaten by Xie Nianqing's attack, were in a precarious state.

"Come and help us!"

A six-star Heavenly Emperor shouted.

But at this time the melee is fierce. Everyone has opponents. Where can we draw the strongest?

puff!

Suddenly, another Six-Star Heavenly Emperor was pierced by Xie Nianqing's Jianguang Cave and fell to the spot.

"Ah, \*\*\*\* it!"

Dole roared and wanted to repel Lu Ming and attack Xie Nianqing.

But Lu Ming manipulated the Jiulong Shending, desperately confronted him, and blocked him, so that he had no spare power to attack Xie Nianqing.

"Meet together, join together!"

A peak emperor of the Huangquan Empire shouted.

At this moment, they fell in the wind and must gather strength to defend.

All the evil spirits and the people of the Huangquan Empire began to gather, approaching each other and becoming a state of defense.

Lu Ming, they had only a slight advantage to gain the upper hand, at this moment the other party intends to defend, they can not win each other.

Soon, the Evil God Clan and the people of the Huangquan Empire gathered together to form a Tietong-like defensive formation, which blocked Lu Ming's attack and finally stabilized the situation.

The two sides fought for a while, separated the two camps and confronted each other.

They all know that if there is no accident today, who can't help anyone?

However, Lu Ming's goal of saving people has been achieved.

Dole et al. looked ugly.

Today, they failed to kill, but instead fell a few six-star heavenly emperors, which is really a loss.

"When the ancestor of our race recovers, you will all die and leave!"

The peak \*\*\*\* Emperor of the Evil God Clan spoke indifferently. Then, the Evil God Clan and the Huangquan Empire retreated unwillingly.

Lu Ming they did not pursue, the other party intends to defend, even if they pursue, it is useless.

Chapter 2499: Anger, Zulong appeared

The people of Evil God Clan and the Huangquan Empire disappeared in a blink of an eye, and disappeared.

"Haha, Lu Ming, amazing!"

Qing Cang laughed and looked at Lu Ming, with gratitude in his eyes and a deep shock.

He remembered that when he and Lu Ming met for the first time, Lu Ming's strength was reluctant to deal with one of the weakest one-star Emperor.

But Lu Ming, Lu Ming has actually been able to fight against the Peak Emperor, although it has the role of Jiulong Shending, but also amazing.

It's only been a few decades!

For decades, for them, it was just blinking.

He has lived a long time and has never seen such a stunning character as Lu Ming.

"Who is this..."

Then, Qing Cang's eyes turned to Xie Nianqing.

Beside him, the black phoenix also turned into a human form, a middle-aged woman with a good figure, at this time also looked at Xie Nianqing.

Xie Nianqing is very young, but the combat power is actually very powerful. It is a character who truly reaches the peak of the power of the heavenly emperor. The key is that they do not know and are naturally curious.

"This is my wife!"

Lu Ming took Xie Nianqing's little hand and said.

"Your wife..."

Qing Cang, Black Phoenix and others were all taken aback.

"Excuse me, how many years has it been since my brother and sister practiced?"

Qing Cang asked curiously.

"Xiaoqing is about the age of me!"

Lu Ming smiled.

"This..."

Qing Cang and Black Phoenix looked at each other, looked at each other, and they were completely ignorant.

"Hey, old, old, I think I have a good talent. Compared to you two young people, it's a waste!"

Qing Cang sighed, looking shocked.

Lu Ming touched his nose and smiled wryly.

"Old lion, are you okay to find Lu Ming and compare them, aren't you looking for a blow?"

Titan beetle laughed.

"Hahaha, too!"

Qing Cang laughed.

After chatting for a while, they left the place, fearing that the other party would send a stronger one.

After leaving here, they chatted while walking, Qing Cang and they also knew the news of Zulong.

"Don't know Senior Zulong, where is it?"

"Yeah, if you go on like this, the biggest cursed land will be entered by the alien ancestor. If he gets the fruit of life, then it will be over!"

Titan beetle and others sighed.

Titan beetle and Nine Life Demon Silkworm have taken Life and Death Pill and know the efficacy of Life and Death Pill. Life and Death Pill is made from the fruit of life.

If the ancestors of different races get the fruit of life, maybe they can really heal the wounds.

In particular, there is the Sacred Ancestor of the Heart. If even his wounds healed, they would have no hope.

Everyone worried, but also helpless.

With their strength, they simply cannot compete with each other.

After that, they plan to enter some cities and inquire about the news.

If an alien ancestor wants to enter the biggest cursed land, there should be news coming out.

Soon after, they came to a big city, everyone else entered Lu Ming's small world, and Lu Ming and Xie Nianqing, cast secret methods and entered this big city.

After that, the two stayed in this big city, while cultivating, and searching for news.

In a blink of an eye, half a month passed.

On this day, they heard a message that angered the two.

In Huangquan Emperor Capital, the Evil God Clan released news that they caught some of the Celestial Beings and tied them outside the East Gate of Huangquan Emperor Capital. After three months, they will all be beheaded.

The news spread all over the world at a whirlwind speed.

When Lu Ming told Titan Titan about them, they were furious.

"Kill, kill the past, rescue those people!"

The titanic beetle was the most grumpy and roared.

"Don't act rashly, the Evil God Clan's move is to attract us in the past, and it will definitely be a trap!"

Nine Life Demon Silkworm Road.

"Did you just watch those people die? If those people have your relatives and friends?"

Titan beetle glared.

"I mean, you can't act rashly, and think of a perfect solution!"

Nine Life Demon Silkworm Road.

"Let's go and observe the situation first!"

Lu Ming said.

"I think so too. Let's take a look and make a decision. Even if you want to do it, you need to merge more people!"

Nine Demons Silkworm Road.

After that, the others still stayed in Lu Ming's small world. Lu Ming and Xie Nianqing, transfigured Yi Rong, and left for Huang Quan.

Soon, they came to the east gate of Huangquan imperial capital, looking forward on a mountain outside the east gate.

Outside the east gate of the Huangquan Empire, some people were bound there, one by one with a haggard expression and a slack breath.

The number is very large, nearly two hundred people.

"Long Chen, Huang Ling, Ouyang Wushuang..."

Among those people, Lu Ming saw Long Chen, Huang Ling, and Ouyang Wushuang.

"Damn!"

Lu Ming was anxious.

These are all his best friends.

Even in the crowd, Lu Ming saw Yuan Xin, the son of fate, but now he can't control his own destiny and is tied there.

In addition, there are some senior figures, Lu Ming have also seen.

"Must save them!"

Lu Ming's eyes flashed with firm light.

But he cannot be impulsive. Lu Ming estimates that near the East City Gate, there might be a strong man lurking in terror, and even a martial \*\*\*\* like an alien ancestor might be nearby.

If he rushed out, he just died.

"What should I do?"

Lu Ming was anxious, only three months away. After three months, Long Chen and Huang Ling were about to be killed.

"Lu Ming, don't worry, calm down!"

Xie Nianqing held Lu Ming's hand, and Lu Ming calmed down slowly.

Over the next few days, the two observed around this area while thinking about countermeasures.

However, the difference in strength is so great that they can hardly think of a countermeasure.

"Lu Ming!"

At this moment, a voice came into Lu Ming's ears.

Hearing this sound, Lu Ming was shocked.

Because this voice is the voice of Zulong.

Sure enough, a mountain not far away came out of the figure, not Zulong, who could it be?

Zulong stepped out and came to Lu Ming beside them.

"Senior Zulong, you're fine!"

Lu Ming was ecstatic.

Zulong appeared, they had hope.

"I was injured in Emperor Huangquan, but it didn't hurt!"

Zulong Road.

"Senior Zulong, what shall we do next?"

Lu Ming asked.

"Let's leave first, I will leave people here, guard here, if there are other people from Heaven, come and join us, gather people first, and find a way to save people!"

Zulong Dao, then they and Lu Ming left here and appeared in a secret place a million miles away.

Here, Lu Ming saw many acquaintances in the heaven.

Such as the five elements unicorn.

They are waiting here.

Sure enough, in the next few days, someone came here every day to meet.

Chapter 2500: Huang Quanzong

Zulong left people outside the Huangquan Emperor Capital. During this time, when the spirits of Heaven Realm heard the news, most of them would go to the periphery of the Huangquan Empire, so that they could come.

On the third day, Lu Ming saw Dandan, but did not see it for a while. Dandan's cultivation practice also skyrocketed, reaching the Four Star Heavenly Emperor.

Lu Ming and Dan Dan chatted for a while, knowing this guy, they also encountered some adventures.

On the fifth day, the bubble came. Now, the cultivation of the bubble has reached the peak of the emperor, and it is only one step away from the emperor.

On the sixth day, Lu Xiangxiang and Ouyang Mo came together, making Lu Ming overjoyed.

The repairs of Lu Xiangxiang and Ouyang Moli entered the realm of emperors.

Lu Ming finally breathed a sigh of relief, Lu Xiangxiang they were all right, Lu Ming let down.

Over time, more and more people come here to meet.

However, Lu Ming still did not think of a too effective method.

On this day, Lu Ming found Zulong.

"Senior, I have an alien pride in my hand, which is the son of the king of the first alien clan, and is called the strongest pride in the history of the evil \*\*\*\* clan. We may exchange it with him!"

Lu Ming said.

The first prince, still in Lu Ming's hands, has been placed in the small world.

He didn't kill the first prince at first, just thinking that it might be useful in the future. The identity of the first prince is not trivial, maybe he can exchange the Phoenix Spirit and Long Chen.

"I'm afraid it's difficult!"

Zu Long frowned and said: "The first prince, although important, is really important in the eyes of the alien ancestors. Once you show up, I am afraid that the alien ancestors will directly shoot you and kill you. Tianjiao!"

Lu Ming frowned, and he cultivated the way of domination. The alien ancestor seemed to know that maybe he didn't really care about the life and death of the first prince, but also wanted to kill him.

"Senior, is there a good strategy?"

Lu Ming asked.

"Today, no matter whether it is to save people or to fight against alien ancestors, there is only one way, that is Huang Quanzong!"

Zulong Road.

"Huang Quanzong?"

Lu Ming wondered.

"Yes, Huang Quanzong, it is Huangquan World, an extremely secret sect, no matter what the world is, and diligently concentrate on it. Even the people of Huangquan World, few people know that I also spent some time in Huangquan Emperor. Some classics know!"

"It is said that Huang Quanzong and the Huangquan Empire were the same when they were the earliest, but some people were passionate about secular power and created the Huangquan Empire, while some people did not like the secular power, so they retired and established the Huangquan Sect!"

Zulong explained.

"Is Huang Quanzong strong?"

Lu Ming asked.

"Strong, of course. Although the number is not as good as the Huangquan Empire, the cutting-edge combat power is not weaker than the Huangquan Empire!"

"As far as I know, there are two Wushen Realms in the Huangquan Empire, but there are also two Wushen Realms in the Huangquan Sect!"

Zulong Road.

"Two Valkyries!"

Lu Ming was shocked.

Not to mention anything else, but the two martial gods are already shocking enough.

"As long as we can get the support of Huang Quanzong, not only can we save people, but we can also fight against alien ancestors!"

Zulong said, when it comes to this, he sighed again, "If you can't get the support of Huang Quanzong, then we can only do it ourselves!"

Lu Ming nodded.

The time passed day by day, and one month had passed since the time given by the Evil God Clan for three months.

At this time, there were more than 500 people who came to gather in heaven.

At this time, Zulong was also preparing to set off for Huang Quanzong.

However, so many people did not go there, Zulong only brought Landing Ming, Xie Nianqing, Titan Longhorn, Jiu Ming Demon Silkworm and other ten people to Huang Quanzong.

Huang Quanzong, located in the extreme north of Huangquan World, almost reached the edge of Huangquan World.

Zulong took them and flew towards a mountain range.

There are countless mountains here and Junfeng countless.

Soon, they came to a high mountain.

At the foot of the mountain stands a huge stone monument. The stone monument is quaint and even covered with moss. There is a huge 'yellow' word in the middle.

At the gate of the mountain, it was empty.

Is this Huang Quanzong? Everyone was puzzled.

But already here, can only continue to move forward.

They did not fly, but walked along the steps of the mountain, all the way up.

When passing the stone tablet, Lu Ming looked at it curiously and felt a little familiar.

Soon, they came to the middle of the mountainside. Suddenly, when the space moved, four figures appeared in front of them, stopping Lu Ming from them.

"Come here and stop, here is Huang Quanzong!"

A middle-aged Dahan Dao.

"Everyone, we want to see your Sect Master!"

Zulong stepped forward and clenched his fists.

"Everyone, my Sect Master is not seen, please come back!"

The middle-aged man waved his hand, indifferent.

"I haven't seen it before, how do you know if I don't see it? We have something important to find your master!"

Titan beetle shouted.

"You guys, please come back!"

The middle-aged man continued to speak, but his voice was cold, and the intention of chasing customers was obvious.

"Don't listen to what we said, so we chase customers, what do you mean?"

The titan beetle shouted uncomfortably, a strong breath erupted from his body.

boom! boom! ...

Just as the Titan Aquila broke out, the four people in front of him also burst out with a strong breath.

Three six-star emperors, one peak emperor!

Lu Ming and others changed their face slightly.

The four people in front of me are already extremely amazing.

Not only that, but on the mountain peak, there was a breath of breath, like a wave of terror, pressing against this side.

Lu Ming felt that there was no less than ten breaths from the peak of Heaven Emperor.

Even, there are a few breaths, extremely amazing, still on top of the Peak Emperor.

"Wochao, so many masters, and the kind of enemies that half-footed into Wushen!"

The Titan long beetle grinned, a little shocked in his eyes.

This Huang Quanzong was really terrifying. The Titan beetle just broke its breath, just like stabbing the horse honeycomb, stabbing a bunch of masters.

Perhaps this is only part of it. In the dark, I don't know how many masters there are.

"Everyone, don't worry, I'm not malicious, I just came to seek cooperation!"

Zulong stepped forward, then looked at the top of the mountain, and a voice came out: "Two Dao friends, have something to see below!"

Zulong's voice came from afar, and at the same time exudes a wonderful breath.

"This Taoist, who came to Huang Quanzong, what is the so-called thing?"

At this moment, an old voice came from the top of the mountain. Then, the light and shadow flashed and a figure appeared in front of everyone.

This is an old man with fairy bones and white hair fluttering.

"See Sect Master!"

The people of Huang Quanzong saw the old man and saluted him respectfully.

Lu Ming and others felt awkward in their hearts that they knew that this old man was a Martial God Realm.

The two suzerains of Huang Quanzong both existed in Martial God Realm.

"This Daoist, we are here for your cooperation this time!"

Zulong Road.

"Cooperation?"

The white-haired old man was puzzled.
