

D Emperor 2501

Chapter 2501: The role of tokens

In the dialogue between the white-haired old man and Zulong, Lu Ming and others did not intervene, and the Titan Aquarius shut up honestly. This is a character from the Wushen Realm. Such a character can only be qualified with Zulong, who is also a Wushen. Dialogue with the other party.

Otherwise, if there is no ancestral dragon, I am afraid that the other party will not even see them.

"Yes, cooperation, we cooperate, you help us enter Huangquan Island, the treasures we get on Huangquan Island, we are divided into five or five, it is good for everyone, how?"

Zulong Road.

"Huangquan Island?"

The old man with white hair froze for a moment, and then sighed, "It seems that you are from the outside of the sky, the time has passed so fast, you are in a hurry, and the hurry has passed!"

The voice of the white-haired old man was full of complex emotions.

The old man with white hair seemed to think of something. After a while, he said: "Let's go, my Huang Quanzong, I'm not interested in Huangquan Island!"

"not interested?"

Zu Long's eyes were fixed, and Lu Ming and others were shocked. Is this going to fail?

"Daoyou, so, as long as you do us a favor, we enter Huangquan Island, all the treasures we get belong to you, how?"

Zulong was not reconciled and continued.

"I said, no interest, drop off!"

The old man with white hair waved his sleeve and turned to leave.

"You guys, please!"

The previous middle-aged man waved his hand.

Lu Ming et al. looked a little ugly.

Unexpectedly, the people of Huang Quanzong did not care about the treasures in Huangquan Island.

Can't find the people of Huang Quanzong to help, how can they confront the alien ancestors and the Huangquan Empire?

Titan beetle and others are all worried, but they can't imagine.

"Hey, let's go!"

Zulong also looked helpless, turned and walked down the mountain.

Soon, they came to the foot of the mountain.

"If you don't help, you won't help. It's a big deal. We're going to save ourselves. It's nothing more than a death!"

Titan beetle scolded, very unhappy.

However, at this time, Lu Ming stopped and continued to look at the stone monument in front of Huangquanzong Mountain Gate.

The more he looked at it, the more he felt the stone tablet, familiar.

"Right, that token..."

Suddenly, Lu Ming thought of the token, and when he thought about it, a token appeared in Lu Ming's hands.

This token is exactly the core place on the island of Void God, and finally he and Dandan won the token together.

This token looks very similar to the stone monument in front of Huangquanzong Mountain Gate.

Previously, the stone tablet was covered with moss. Lu Ming looked at it but felt a little familiar. At that moment, Lu Ming thought it up.

Buzz!

When Lu Ming took out this token, the stone monument in front of the Huangquanzong Mountain Gate suddenly shook, and the word "Yellow" suddenly filled with bright light.

At the same time, the token in Lu Ming's hand also shook with it, and the light continued to flow out.

At the next moment, Lu Ming was surprised to find that a word suddenly appeared in the middle of this token, a word 'yellow'.

Lu Ming was surprised that he had not studied this token since he got it, but he has not found anything, and there was no writing in the middle of the token.

But now, the word "yellow" suddenly appeared, so that this token and this stone tablet look exactly the same.

Zulong, the Nine-Life Demon Silkworm, the Titanic Beetle, and others, were also shocked and did not understand what was going on.

At this moment, a figure flashed, and the old man with white hair reappeared.

He looked at the token in Landing Ming's face with surprise, and then looked at Lu Ming, said: "Huangquan token, how do you have Huangquan token, how did you get it?"

"Huangquan token?"

Lu Ming's heart moved. It turned out that this token was called Huang Quan token.

"Senior, this token, was obtained by a junior in a Void God Island..."

Lu Ming said.

"Void God Island?"

The old man with white hair was puzzled and said, "Tell me, who left you with the token and what does it look like?"

Immediately, Lu Ming described the statue on the Void God Island.

"It turned out to be him, it turned out to be him, God!"

The old man with white hair sighed, then looked at Lu Ming and said: "At that time, the man was kind to Huangquan Zong. I had given him this token. I promised him that year, if someone will bring this token to me in the future Zong, my Huang Quanzong will help each other unconditionally!"

"what?"

Hearing this, Lu Ming, Zulong and others were overjoyed.

Help one time unconditionally? Wouldn't it be possible to ask Huang Quanzong's help.

"What's your name?"

Asked the gray-haired old man.

"Younger Lu Ming!"

Lu Ming said.

"Well, Lu Ming, what are your requirements, just mention it!"

The white-haired old man said.

"Senior, like this..."

Immediately, Lu Ming briefly talked about the grievances between the Celestial Realm and the Evil God Clan, and then talked about the situation here.

"The juniors urge the seniors of Huang Quanzong to help each other, fight against the Huangquan Empire, and finally enter Huangquan Island!"

Lu Ming made his own request.

"Entering Huangquan Island, I am afraid that it is difficult for us to rely on us alone!"

The white-haired old man said.

"Ah? What's going on?"

Lu Ming was surprised.

"You don't know yet. There are a group of puppets guarding the entrance to Huangquan Island. There are four puppets in this group of puppets, which is equivalent to the realm of martial arts.

The white-haired old man said.

"The puppet of the Four Martial God Realms?"

Lu Ming, Zulong, Titan longhorn and others looked at each other.

This Huangquan Island is too terrifying. At the entrance, there are actually four puppets of Wushen Realm. That is Wushen.

You know, in Evil God Realm and Heaven Realm, there are only two Martial Gods in total, and they are all injured.

Lu Ming finally knew why the alien ancestor had never entered Huangquan Island. That was because he could not enter.

"So, if you want to enter Huangquan Island, you must cooperate with Huangquan Empire!"

The white-haired old man said.

"Cooperation?"

Lu Ming pondered.

"Senior, please invite you to help me to save us!"

Lu Ming said.

"Also, I'll gather people and set off!"

The white-haired old man said, and as soon as he turned around, he entered Huang Quanzong and disappeared.

"Brother Lu Ming, great!"

Qing Cang and others are overjoyed.

Unexpectedly, this trip went through three waves, and finally, relying on a piece of Lu Ming's token, invited the people of Huang Quanzong to help.

Lu Ming also secretly lamented that the world is really wonderful and unpredictable.

He did not expect that a token he had obtained on the Nether God Island was actually used in Huangquan World.

I am afraid that this token will allow them to change the entire battle situation.

Soon after, from the peak of Huang Quanzong, a large number of masters flew out.

On the edge of the white-haired old man, there is also a white-haired old woman, who is also the existence of a martial **** realm.

Together, they flew towards Huangquan Emperor.

Chapter 2502: Warriors gather

Emperor Huangquan, a hall of the Golden Luan, the ancestors of different races, the emperor of the Huangquan Empire, and an elder of the Taishang are also discussing matters.

"Your Majesty, is there no way to enter Huangquan Island?"

Interracial ancestors.

"There are four puppets of Wushen Realm at the entrance of Huangquan Island. We can't do it by our strength alone. We can only cooperate with Huangquanzong!"

"But the two old guys of Huang Quanzong are old and stubborn, and have a holiday with me. Even if we go to invite them, those two old guys may not agree!"

Emperor Huangquan said.

"Anyway, always give it a try, so, after I solved the Zulong people, I went to Huang Quanzong in person to see if I could invite the two to go out!"

Interracial ancestors.

Several people chatted for a while, and the alien ancestor left.

...

Lu Ming set off, joined with everyone in the heavenly realm, and then headed towards the Huangquan Emperor.

The imperial capital of Huangquan, outside the East City Gate, Longchen, Huangling and other nearly two hundred people were tied outside the City Gate for more than a month.

"It has been more than a month, and no one has come to rescue you. It seems that the people of your heavens have given up on you, ha ha ha!"

Dole stood above Longchen and others, indifferently taunting.

Long Chen and others looked indifferent and did not respond.

"I tell you, there is no hope in your heaven, you are completely defeated, this time in the Huangquan world, my family will kill all your strongmen, and then go out and step down to heaven, kill you Do not stay!

Dole grumbled.

"Dole, now, will you only use your tongue?"

At this moment, a sarcasm sounded.

"Who?"

Dole turned sharply and glanced coldly.

"I!"

The voice sounded, and then the sky rose, and a figure appeared suddenly.

This person is Lu Ming.

However, only he appeared alone.

"Lu Ming!"

Seeing Lu Ming, Dole's eyes burst into cold murder.

Buzz! Buzz! ...

The Void Vibration splits, and a figure emerges from the cracks in space. They are all masters of the Evil God Clan and the Huangquan Empire. There are no less than ten peak heavenly emperors. The terrible breath completely enveloped Lu Ming.

Seeing Lu Ming, Long Chen, Huang Ling and other people's faces changed greatly.

"Lu Ming, go away, leave now!"

Huangling Longchen and others shouted.

"Leave, where are you going?"

"Lu Ming, you are the one who dare to come. It is really stupid, then stay!"

Dole sneered.

"Really? See who this is?"

Lu Ming smiled faintly, then stretched out his hand to catch in the void, a figure suddenly appeared in Lu Ming's hands.

"First prince!"

Seeing this man, Dole and others, his face changed greatly.

"Lu Ming, release the first prince!"

Dole shouted anxiously.

He never imagined that the first prince was actually in Lu Ming's hands.

"If you want me to let him go, you can let them go first!"

Lu Ming said.

"Okay, let's put one, you put one!"

Dole said.

"Hahaha, ridiculous, you put one? You put them all, I exchange all of you with the first prince, understand?"

Lu Ming laughed.

"Let all? Impossible, you don't want to!"

Dole yelled.

"If you don't let go, he will die!"

Lu Ming spoke indifferently, and there was a cold murder in his body.

Dole and others, whose face became ugly, hesitated for a while.

The identity of the first prince is not the same as Xiaoke. He is the son of the king of the first royal family. He is extremely talented, and his blood is closest to the alien ancestor. He is known as the strongest talent in the history of evil gods.

If such identities are dead, they cannot afford them.

"Leave it or not!"

Lu Ming said coldly.

This is their plan.

Lu Ming first exchanged the first prince for Longchen and others. If they can exchange successfully, then naturally it is the best and there is no risk.

After all, if it is done, the scene is in chaos, Long Chen, Huang Ling, they can not fight back, there are still risks.

Dole, as well as other strong people of Evil God Clan, hesitated.

For a time, the scene froze.

boom!

At this moment, the sky cracked open, and a horrible palm protruded out and drove to the landing.

The power of this palm is terrifying, giving people an unstoppable feeling.

Even the pinnacle of the heavenly emperor, in this palm, must be wiped out.

Valkyrie!

Obviously, the alien ancestor shot, to kill Lu Ming, even the first prince, shrouded in it.

Roar!

With a sound of Longyin shaking the world, a huge dragon claw formed, grabbing at the giant hand, and with a trembling roar, the giant hand collapsed and the dragon claws shrank back.

At the next moment, there was a figure beside Dole.

This figure, with long blond hair, is an alien ancestor.

And beside Lu Ming, Zulong's figure also appeared.

"Zulong, you really came!"

The alien ancestor said indifferently, and his long golden hair fluttered in the wind, full of majesty.

"Mo Ke, you're so ruthless, did you even kill your descendants in order to kill Lu Ming?"

Zulong Road.

"Anyway, his cultivation has been abolished, a waste, and if he kills, he will kill!"

The alien ancestor said indifferently.

"Oh, Mo Ke, you are still as ruthless as ever!"

Zulong sneered.

"Zulong, I expected you to show up, all of you from heaven, come here, and stay here forever today!"

The foreign ancestors spoke coldly, and a terrible breath burst out.

Buzz...

The space shook, and two figures suddenly appeared beside the sound of alien ancestors.

One is the emperor of the Huangquan Empire, and the other is a great elder of the Huangquan Empire.

In the Huangquan Empire, the existence of two martial arts realms appeared.

"Mo Ke, do you think I will come without preparation?"

Zulong sneered, his face calm.

At the next moment, beside Lu Ming, two figures appeared suddenly, it was Huang Quanzong's two martial gods.

"It's you!"

Seeing the two martial gods of Huang Quanzong, the emperor of Huangquan Empire, his eyes widened in surprise.

"Unexpectedly, the two of you said that you don't want to know anything about the world.

The emperor of Huangquan Empire spoke with a slight sarcasm.

"Our business, you don't need to worry about it, Longyan, let it go!"

Huang Quanzong said white-haired old man.

Longyan is the name of the emperor of Huangquan Empire.

"It's not that easy to let people go!"

The alien ancestor opened his mouth, his face extremely gloomy.

Long Yan once said that the two martial gods of Huang Quanzong, who are not stubborn in the world, are old and stubborn, and it is difficult to get out of the mountain. He did not expect that the other party would actually walk with Lu Ming and them.

In this way, he has no advantage on this side, he can feel strange in a good mood, almost vomiting blood.

The advantage he had worked so hard was gone.

"Mo Ke, it seems that you want to go to war!"

Zu Longdao, the body of Longwei, is getting stronger and stronger.

Chapter 2503: Shock Huangquan Island

Outside the east gate of the Huangquan imperial capital, six martial gods appeared.

The six martial gods confronted each other, exuding terrible fluctuations, and that kind of breath permeated the world and enveloped the entire Huangquan Emperor.

All the spirits of Emperor Huang Quan felt a big stone in their hearts, and they wanted to vomit blood uncomfortably.

The breath of the six gods of war is really terrifying.

If you do it, I am afraid it will be shocking.

The atmosphere at the scene is extremely dignified.

"How about this..."

At this time, Emperor Huang Yan of the Huangquan Empire opened his eyes and looked at the white-haired old man, saying: "Huang Lao, you promised to join us to break through the puppet block outside Huangquan Island and help them enter Huangquan Island. These people, we can let go! "

Longyan still wanted the alien ancestors to enter Huangquan Island, because they had already negotiated the conditions. If the ancestors of the alien ancestors got the treasure on Huangquan Island, they would be divided into five or five.

Huangquan Island, they can not get in by themselves. If this opportunity is missed, they will have to wait for years of catastrophe.

The eyes of the alien ancestor flashed without a word.

He also wanted to enter Huangquan Island!

"Lu Ming, what do you say?"

The white-haired old man looked at Lu Ming.

The alien ancestors, Long Yan and others were very surprised.

The white-haired old man, a generation of Wushen, actually asked Lu Ming's opinion. What is their relationship with Lu Ming?

"Promise them, but we will also enter Huangquan Island together!"

Lu Ming said.

Today's plan, in order to save Longchen, they can only do so.

"Okay, let's join forces, but they will also enter Huangquan Island together!"

The white-haired old man pointed to Zulong and Lu Ming said to them.

"Okay, that's it!"

The alien ancestors, Long Yan and others pondered for a while and nodded.

Although they didn't want Lu Ming to go in, they wouldn't be able to enter without the help of the white-haired elderly and others.

Now, only enter Huangquan Island first, and then, after entering, each has its own ability.

"As long as I get the fruit of my life, I and the heart-wrenching injury will recover, and then, see how you die!"

The alien ancestor thought.

"Release!"

Long Yan gave the order.

Suddenly, there was someone for Longchen, Huang Ling and they unlocked the seal, and everyone was free.

"Lu Ming, you saved me again!"

Came to Lu Ming, Long Chen sighed.

"Lu Ming!"

Huang Ling cleverly smiled and came to Lu Ming's side.

"You are all right!"

Lu Ming laughed.

After a brief chat, Lu Ming knew that Long Chen and they were exploring in some cursed land, and then came out and were rounded up.

"Lao Huang, when do we start?"

Long Yan looked at the white-haired old man.

"One year later!"

The white-haired old man said.

This is the time set by Lu Ming.

They need time to convene people from other heavens.

Only when more people enter Huangquan Island will they have a greater chance of gaining an opportunity.

"Okay, then one year later, we will meet here!"

Long Yandao said, they returned to Huangquan Emperor Capital.

Lu Ming and they also left here.

Later, they merged with the Titanic Beetle and came to a famous mountain together.

This famous mountain is extremely famous in the world of Huangquan, as long as you ask a little, you will know.

Then they released the news and summoned the people of the heavens to meet here.

At the same time, Zulong, as well as some strong men, shot in person and went to some cursed land to find people in the heaven.

At the same time, the Evil God Clan also spread the news, summoning the Evil God Clan scattered in various places to join the Huangquan Emperor.

For a time, the evil **** clan scattered in various places, the spirits of heaven, gathered towards these two places.

Time passed quickly, and in a flash, a year passed.

The spirits of the heavens have basically come together. Those who have not come are mostly fierce.

Lu Ming calculated, they gathered only a thousand people.

When they came in, there were thousands of people, and the number was reduced by half, showing how many people fell.

When the time was up, they set off and headed to Huangquan Emperor.

When they arrived, thousands of people had already gathered outside the east gate of the Huangquan imperial capital.

There are evil gods, and there are also strong men of the Huangquan Empire.

"go!"

The two parties gathered, and Long Yan was heading in one direction.

Huangquan Island is not in the capital of Huangquan, but in the south of Huangquan.

After flying for several hours, an abyss appeared in front of them.

This abyss is very broad, and I don't know how long it is, it is unfathomable.

Rumble!

Under the abyss, the sound of rumbling water was heard. Everyone looked at the side and found that under the abyss, there was Huang Mengmeng water.

Yellow spring water!

Everyone was shocked.

Do Huangquan water flow here?

"Huangquan Island is just across from this abyss, but this abyss cannot be passed by creatures. It is difficult for any creature to fly through. If you want to fly by force, it will fall into the abyss!"

"The only way to pass this abyss is through the bridge ahead!"

Long Yan Road.

Everyone flew along the abyss for a while, and really saw a stone bridge.

The stone bridge is very large and wide, leading to the other side of the abyss.

However, as they approached, the area around the stone bridge was constantly shining with light, and figures appeared one after another.

puppet!

However, these puppets are all humanoid, wearing blood-red armor, with blood in their eyes.

"Is this a puppet on the battlefield?"

Lu Ming whispered.

Before, he had learned from the white-haired elders that the puppets formed by this stone bridge were puppets of the road, and they were condensed out of large groups.

Even if they are killed and defeated, they will reunite after a while.

"A trespasser, kill!"

A huge puppet shouted, and the momentum was shocking.

Wushen Realm!

This puppet, with the realm of martial arts, is terrifying.

Not weaker than this puppet, there are three others.

A total of four puppets of the martial arts realm.

In addition to these four statues, there are more than a hundred puppets, all of which are terrible, all above Heavenly Emperor Realm.

Everyone showed dignified color.

"According to the plan, the four of us each hold a puppet of Wushen Realm. The two of you are not at their peak, assist one of them, kill one puppet with all our strength, and then help the others!"

Long Yan's gaze looked at alien ancestors and ancestors.

The two martial gods of the Huangquan Empire and the two martial gods of the Huangquan Sect can hold a puppet of a martial **** respectively.

The alien ancestors and ancestral dragons joined forces to help one, first defeating a puppet of a martial god.

"it is good!"

Huang Lao nodded.

"If you are above the virtual realm, kill me!"

"Anything above the virtual realm, go!"

Long Yan, Huang Lao spoke successively, and then stepped forward, rushing towards the puppets.

"A trespasser, kill without amnesty!"

A puppet of Wushen held a spear and killed Longyan.

boom! boom! ...

This area suddenly burst into shocking roar, and the War of Gods broke out.

Chapter 2504: Passed, fierce battle broke out

The Huangquan Empire, the Huangquan Sect, and the four gods of martial arts faced the puppets of the four gods of martial arts and launched a war.

Their attack is very simple, without very complicated fancy, every punch, every palm, is very direct, but powerful, but terrifying.

Every punch, every palm, has the power to destroy the world, and every move, a peak emperor, must be beaten.

The puppets of the four gods of war, dressed in blood-red armor, each holding a spear, like an invincible warrior, the spear broke through the air, killing Wushuang.

Eight people on both sides, the difficulty of the battle is difficult to separate.

Zulong and the alien ancestor glanced at each other, and both eyes shone brightly.

According to the past, they could not join forces, but now, they can only join forces.

The two moved, and pounced on the puppet who fought against Long Yan.

The three teamed up and attacked the puppet as they could.

Zulong, the alien ancestor, although injured, is not in the peak state, but the two teamed up, still equivalent to a martial god.

The three joined forces and immediately suppressed each other.

No one dared to come close to the area of the war of war.

Lu Ming and others, and other puppet wars, also broke out, but also in the area of the War of Gods War, separated by a long distance.

These puppets, the fighting power is also extremely amazing, there are many masters, the pinnacle of the heavenly emperor, and even half of his feet stepped into the presence of Wushen.

But the number, after all, is less, only about one hundred.

Lu Ming has more of them.

Celestial, Evil God Clan, Huang Quanzong, and Huangquan Empire.

The four sides add up, and the number is far above the puppet.

boom! boom! ...

Lu Ming controls the nine dragon gods of the Nine Dragons and joins hands with Xie Nianqing to fight a puppet of the highest heavenly emperor realm.

This kind of puppet is made of a large array of coalesces, but it is made of a very hard metal. It is indestructible, and it is powerful. It is against the Kowloon Shending and it keeps shaking.

Xie Nianqing was filled with black light, and a lot of lotus swords were condensed. They were extremely sharp and attacked from the side. On the puppets, there were sword marks.

The puppet is strong, but the two of them join forces and still suppress each other.

Such as Qing Cang, Titan Longhorn, and so on, almost two people, or three people teamed up, they have the upper hand completely.

Of course, this is because they have joined forces in multiple parties to have such a fighting power. Otherwise, neither one or both parties can be the opponents of these puppets.

bump! bump!

Soon, a puppet was exploded and dissipated into energy.

The puppet that fought against Lu Ming was cut off with a sword by Xie Nianqing. Lu Ming manipulated the Jiulong Shending, suppressed it, and smashed the opponent.

Qing Cang, Titan Longhorn, and the Evil God Clan all achieved victory. A puppet was crushed.

After a while, more than a hundred puppets were all crushed and the scene was cleaned up.

Now, there are only four puppets of martial arts.

At this moment, Zulong, the alien ancestor, and Longyan have achieved absolute superiority. The puppet of the martial god, precarious, was beaten with cracks.

"Awesome power!"

Dandan stood there and sighed, envious.

"Magic power?"

Lu Ming looked at Dandan.

"The power controlled by Wushen is divine power. It is a terrifying power. What laws, roads, and heavens, in front of the divine power, can't withstand a blow, like tofu!"

Once more, I became more envious.

Not to mention him, which of the pinnacle emperors is not enviable.

Lu Ming also saw that whether it was an ancestral dragon, an alien ancestor, or the martial **** of the Huangquan world, the power used had nothing to do with the law and heaven and earth, and it was a terrifying and indestructible force.

This kind of power enveloped their entire body, making their attacks indestructible. Similarly, their defensive strength was also amazing.

"This kind of power is a bit similar to Xiaoqing's power, but it is many times stronger than Xiaoqing's power!"

Lu Ming thought to himself.

The crowd watched from a distance, they could not get in the battle of the war of gods.

bump!

At that moment, one of the puppet's arms shattered and his breath began to weaken.

Zulong, alien ancestors, and Longyan were all refreshed, and various attacks poured out like a storm.

bump! bump! ...

As they attacked, the puppet's body continued to explode, bursting into redness, bursting apart, and dissipating into a burst of energy.

With the destruction of this puppet, the ending is doomed.

The three of them joined forces to kill another puppet of Wushen and joined forces with the other one.

This time, the puppet was exploded without using much time.

In this way, many of them besieged one, each of them broke down, for more than ten minutes, all the remaining puppets of Wushen were crushed.

Uh! Uh!

As all the puppets of Wushen were crushed, Zulong and the ancestors of different races moved back to their respective forces and faced each other cautiously.

"Okay, you can cross the bridge. We in Huangquan World cannot pass!"

Long Yandao, with the people of Huangquan Empire, retreated to the side.

The people of Huang Quanzong also retreated to the side.

"Zulong, after we cross the bridge, let's decide the winner!"

Alien ancestor, look at Zulong.

"Just what I want!"

Zulong spoke.

At the next moment, people from both sides moved and rushed towards the stone bridge.

The stone bridge is very wide, and the people on both sides occupy one side, staring at each other and rushing across the stone bridge.

This stone bridge is really long, thousands of miles long, showing how wide this abyss is.

But for them, the length of thousands of miles is just a blink of an eye.

Soon, they passed the stone bridge.

Opposite the stone bridge is an endless hilly area.

"kill!"

Zulong shouted and rushed towards the alien ancestor.

"war!"

The ancestors of the alien race battled the skies and were fighting with Zulong.

"kill!"

"kill!"

The Evil God Clan, the creatures of the heavenly realm, also kills the skies, turning into a rainbow of light, colliding together.

boom! boom! ...

This territory is completely boiling, the space is torn, and the terror is full of vigor.

Roar!

Qing Cang turned into nine golden lions, nine heads shouted, and wanted to kill Dora.

Titan beetle, also turned into a body, a horn like a war sword, and a peak **** emperor clan war.

In addition, Nine Life Demon Silkworm and others have also fought against each other's powerhouses.

Lu Ming controls the Jiulong God Ding, waving continuously, and will explode a six-star Heavenly Emperor, an evil **** clan.

"Lu Ming, die!"

A figure suddenly killed Lu Ming at an alarming speed.

This is a royal family of evil gods, with purple hair like a waterfall and majestic power, giving Lu Ming a strong pressure.

Lu Ming manipulated Jiulong Shending and blasted at this person.

boom!

This person slammed out and collided with Jiulong Shending.

Buzz!

The crazy vibration of Jiulong Ding Jiulong flew directly backwards. Lu Ming felt a force of terror coming, his body violently shaken back and forth, and a spit of blood spewed out.

"This is... the invincible strongman who stepped into Wushen with half a foot!"

Lu Ming was shocked.

Chapter 2505: Fazu disciples

Half a foot stepped into the existence of Wushen, known as the demigod, also known as the invincible strong, Wushen could not out, and the world was invincible.

Such people are extremely scarce, and every one is shocked, so powerful and terrifying.

Chaos Emperor, Hunyuan Sect Master, and Immortal Emperor, are all such characters.

The entire heaven, or the evil spirit world, will not be too much.

Originally, Lu Ming thought that this time when he entered Huangquan Mountain, this level of characters did not come in, but stayed outside to guard against the enemy. Unexpectedly, the evil **** clan still brought this level of characters in. To kill Lu Ming.

"kill!"

This evil **** clan was cold and murderous, with a momentum like the sea, stepping continuously, slamming toward the landing, and blasting several scary palm marks.

Lu Ming did not dare to have the slightest care, and urged the power of Jiulong Shending to the extreme.

call out! call out! ...

Sword Qi is vertical and horizontal, and on the side, Xie Nianqing is also killed. The endless black lotus sword qi gathers in three ways and cuts to the deity of the evil **** family.

The attacks from both sides collided together, and a violent explosion occurred in this area.

Jiulong Shending shook frantically, and Lu Ming felt a terrifying and incomparable force coming in. His body flew out, and another spit of blood spewed out.

Fortunately, his vitality is extremely tenacious, and if he is replaced by another person, he may be injured more seriously.

Xie Nianqing, a little better than Lu Ming, but also backed off again and again, his face pale.

The two of them joined forces, and neither was their opponent.

Demigod, this kind of character is too strong and is called invincible, not just to talk about it.

Even the two pinnacle emperors cannot be opponents of a demigod.

"Ok?"

The demon **** demigod, looking at Xie Nianqing, was full of shock.

He did not expect that in addition to Lu Ming, Celestial Realm also has such a young strong.

This kind of character, the Evil God Clan has not appeared since ancient times.

kill!

The more genius, the more to kill.

The demon **** demigod, purple hair flying, the momentum is strong to the apex, staring at the landing sound, killing the landing sound.

Relative to Xie Nianqing, he wanted to kill Lu Ming first.

Because the ancestors of other races ordered that Lu Ming must get rid of the opportunity.

In his hand, a purple war sword was condensed, and the sword was so angry that it was terrifying.

"As a demi-god, to deal with a younger generation, really shameless, your opponent is me!"

An indifferent voice sounded, and immediately, countless lightnings, like a thunder dragon, blasted towards the demon **** demigod.

Every lightning flashed a heart-pounding breath.

With Lu Ming's current cultivation practice, they all felt a strong sense of crisis.

The demigod clan demigod, his face also changed, and the direction of the purple war sword turned, chopping out a series of tremendous swordsmanship, colliding with those lightnings, and full of terror.

In the end, both Jian Qi and Lightning dissipated.

In front of Lu Ming, a figure suddenly appeared.

A human race, wearing a thunder and lightning suit, thunder and lightning swam across it.

The man is tall, slender, and looks like he is only about thirty years old.

Of course, this is just the surface. In fact, you may not know how many years you have lived.

"Tianlei, it's you. Unexpectedly, you came in too!"

The eyes of the demigods' demigods were cold.

"Tianlei? Is it Emperor Tianlei!"

Lu Ming felt a shock.

He has been in the realm of heaven for so many years, some top strongmen, he has heard of it.

Heavenly Thunder Emperor, known as Emperor Emperor, Emperor Emperor among Emperors, there is no doubt that this is an Emperor of Chaos and Emperor Chaos.

A demigod, an invincible strong.

Moreover, he has another identity, that is, a disciple of Fazu.

Who is Fazu?

That was in the last years of the Taikoo period, a peerless strongman who created the law cultivation system, a stunningly unique, rare and rare earthly figure.

Such a character is really amazing. With one person, he created the rule system, and made the rule system strong to the extreme, surpassing many ancient cultivation systems.

However, Fazu suddenly disappeared in the last years of Taikoo, I don't know where to go.

Therefore, in ancient times, the Evil God Clan invaded the heavens, and the Fazu did not appear.

Emperor Tianlei, a disciple of Fazu, had a different origin.

"If you can come in, I can naturally come in too. I haven't played for many years. I will fight again today!"

Emperor Tianlei was extremely powerful, and the whole person was shrouded in thunder and turned into a beam of thunder, killing the demigod of the evil **** family, and the two started a fierce confrontation.

Lu Ming and Xie Nianqing killed other evil gods.

Ok?

During the war, Lu Ming suddenly found that this area was foggy, and from the underground, a continuous mist filled out.

boom!

Lu Ming manipulated the Jiulong Shending and bombarded an evil spirit clan. He was about to hit the opponent, but he didn't know why. He suddenly hit an empty space. The opponent's figure disappeared in a blink of an eye.

The other party did not have time to retreat in the future, as if the space between them was suddenly pulled apart.

Not only he but the others on the scene discovered the anomaly, because when they attacked, they were all at a good distance.

But when he attacked, he found that the distance between them and the enemy went away in an instant.

At this time, the fog here is getting thicker and thicker, obstructing the sight in the eyes.

Their line of sight is constantly shortening.

Everyone stopped, without looking, looked at the Sifang in surprise.

"this is..."

Lu Ming suddenly discovered that the people farther away from him were completely enveloped in mist and could not see the slightest figure.

"Gather!"

Zulong shouted and called the people of Heaven Realm to gather.

"set!"

The alien ancestor also called.

Uh! Uh! ...

People from both sides rushed towards Zulong and the ancestral ancestors.

However, in the process of rushing out, they found that Zulong, or the ancestors of other races, were getting farther and farther away from them, and then disappeared in front of them.

"senior!"

Lu Ming rushed over, but found nothing, Zulong disappeared.

Lu Ming turned around and found that more people disappeared. The figures of Long Chen, Huang Ling, Lu Xiangxiang, Ouyang Moli and others disappeared in Lu Ming's sight.

Xie Nianqing, who is the closest to Lu Ming, is getting thinner and thinner at the moment.

"Xiaoqing..."

"Lu Ming..."

Both rushed towards each other, but they were very strange.

The two of them, apparently not far away, are placed in the usual way, one step away, but now, no matter how they impact, they find that each other's figure is getting weaker and weaker, and then completely disappeared into sight.

"Xiaoqing..."

Lu Ming yelled and rushed to the place where Xie Nianqing just stood, but found nothing and heard no response.

Everyone disappeared like this. Between heaven and earth, apart from the thick fog, Lu Ming was alone.

"Here, there should be a big formation that separates everyone!"

Lu Ming thought.

This should be the most likely.

Chapter 2506: Huang Quan encountered a crisis at sea

Looking around, all of them are white and foggy, and the sight distance is two meters.

Two meters away, there was no one to see anything. At the same time, there was no sound in the world.

Lu Ming concentrated his energy, paying attention to the Quartet, and dared not carelessly.

No one knows what kind of dangers they will face next.

Lu Ming waited for a moment, but found that there was no movement at all. Except for the dense fog, there was no one, and there was nothing abnormal.

After another moment, Lu Ming decided to start the action and could not wait here.

Lu Ming discerned the direction of the previous abyss according to his feelings, and then walked in the opposite direction of the abyss.

Lu Ming's speed is not fast, keep moving at a constant speed.

In front, all are hilly areas, Lu Ming has been moving forward, has been walking for more than ten days, no longer knows how far.

During this time, there was nothing abnormal, nothing attacked him, and no danger was encountered.

Wow!

At this moment, a burst of sound came from the front.

Lu Ming's spirit was greatly boosted.

For more than ten days, it feels uncomfortable to move forward in a mist without any sound and with a sight distance of less than two meters. If ordinary people have been driven crazy.

However, the practitioners are determined, and ten days are nothing but uncomfortable. Lu Ming was overjoyed when he heard the sound at the moment.

Lu Ming strode forward. After a while, bright light came in front of him, and Lu Ming's vision suddenly widened.

In front of it, there is no fog, what is in sight is a sea, an endless ocean.

And Lu Ming is now in a beach.

"This sea water..."

When Lu Ming saw the sea water, his eyes narrowed.

Because the water here, Huang Mengmeng, is clearly the water of Huang Quan.

"So much water from Huangquan, is it all flowing here?"

Lu Ming was very surprised.

Standing on the beach and looking out, you can see the islands in the ocean.

Some islands, very close to Lu Ming, look like little black dots.

Ok?

Then, Lu Ming saw a small boat by the beach.

The boat looked like it was made of wood, but it floated on the water of Huangquan, but nothing happened.

"This cursed place is called Huangquan Island. Is it a small island in this ocean, and to go to Huangquan Island, you must take this boat?"

Lu Ming thought.

At the next moment, a great soldier appeared in Lu Ming's hand, and Lu Ming threw the great soldier away.

call out!

Lu Ming's strength was so great that the Great Emperor's soldiers were thrown out, flying like lightning.

However, when the Great Soldier flew into the Huangquan Sea, it seemed to be subjected to a strong resistance, and the speed was extremely slow. At the same time, in the Huangquan Sea, like a gravitational force, the Great Soldier fell into the ocean and disappeared.

Lu Ming shook his head bitterly. Sure enough, flying was not feasible, only to take this boat.

However, Lu Ming did not immediately board the ship and went to sea, but searched nearby to find other people.

It's a pity that he didn't find anything, and there seemed to be only him left between heaven and earth.

"It is estimated that everyone's encounter is similar to mine. They should see a small boat, and then take the boat to the sea. I believe that when we reach Huangquan Island, we can meet each other!"

Lu Ming thought about it, and then jumped into the boat without hesitation.

Forced by force, the boat drove out like an arrow.

"Go to the nearest island first!"

Lu Ming headed towards the nearest island.

It seems that it is not very far away from the island, and really rushed over there, only to find that the distance is really far away.

The main thing is that the sea water here is all yellow spring water. He urged the boat and could not get up fast, so he had been sailing for more than an hour before sailing for a short distance.

Lu Ming didn't notice that a figure suddenly appeared in the sea not far from him.

This figure, the upper body, is a humanoid figure, and the lower body is a snake body.

This is a snake man!

However, he could actually survive in Huangquan Water, and if Lu Ming saw them, he would definitely be surprised.

"Hey, hey, is it the past again? I haven't been active for a long time, I hope I won't be disappointed!"

The snake man sneered, then slammed into the sea and disappeared.

Lu Ming continued to control the boat.

Suddenly, Lu Ming was shocked, and there was a sense of crisis.

Without thinking, Lu Ming suddenly turned around and slammed into the rear with a punch.

A terrible punch, penetrated the void and blasted out.

Hula!

In the sea behind, there was a figure rushing out. It was the snake man. He glowed all over, condensed a spear, and spurred Lu Ming. He was hit by Lu Ming's fist and burst with a blow, Lu Ming's fist exploded. Broken, powerful force, with landing clan and small boat, receding at speed.

"Snake man? It actually came out of Huangquan water!"

Lu Ming was taken aback.

"Boy, is the reaction good?"

The snake man sneered, his eyes narrowed with excitement.

"who are you?"

Lu Ming asked.

"Want to know, beat me first!"

The snake man sneered.

"Alright, then beat you!"

Lu Ming opened his mouth, his thoughts moved, and the Kowloon Shending emerged.

However, Jiulong Shending had just appeared, as if suppressed by a powerful force, and then shrunk sharply, and then turned into a ray of light, flying into his brow and disappearing.

"This..."

Lu Ming was a little dazed.

"Hahaha, I still want to use treasures to deal with me. I tell you that there is no way to use all treasures in this place. You can only rely on your own strength. Do you understand?"

The snake man laughed.

"You can be defeated without treasure!"

Lu Ming took control of the boat and rushed towards the Snake Man. At the same time, Lu Ming's body radiated purple gold.

Lu Ming used the way of **** to condense a purple-golden spear, and at the same time, the physical strength also erupted.

With one shot, Lu Ming used all his strength, sweeping it out, and the purple-gold long spear sharply enlarged, sweeping towards the snake man.

"This... this is the way to dominate, how is it possible?"

This was when the Snakeman was completely stunned. He stared at Landing Ming with a very shocked expression and completely forgot the defense.

boom!

Lu Ming shot directly on the snake man, and the snake man's body exploded and disappeared into energy.

"Huh? Not the body, just a projection!"

Lu Ming's eyes moved.

At the same time, I was curious and surprised.

Because the snake man just said the way to dominate!

Snake man, actually know the way to dominate?

Lu Ming was even more puzzled. At the beginning, Zulong also said that this was the power of the master, and now, the snake man also said that this is the way to dominate.

The key is that Lu Ming's name was taken by Lu Ming himself, because this power has a dominating charm.

It seems that there are other people in the world who control this power, and the name is also called this.

Chapter 2507: The first island

"There is a statue in the cursed land here. The statue contains the meaning of domination, and a snake man here recognizes my way of **** at a glance, so surprised, what is the connection?"

Lu Ming kept thinking about it and turned his thoughts.

After a while, Lu Ming shook his head. He couldn't figure it out, and he didn't want to. Lu Ming continued to control the boat and headed towards the nearest island.

But at this moment, on the island where Lu Ming was going, there was a snake man, screaming and laughing with excitement.

"Hahaha, the way of dominance is actually the way of dominance. I originally thought that this time I would have a hopeful understanding of the way of dominance. It was already a blessing, but I came directly to a person who has realized the way of dominance. people!"

"Hahaha, I didn't expect it. Didn't I wait forever? No, this matter, tell others!"

This snake man, excited and dancing, was the same one who attacked Lu Ming before.

After talking to himself for a while, this snake man glowed, and then another snake man appeared, rushed out, plunged into Huang Quanhai, and disappeared.

Soon after, the snake person projected, appeared on another island, and merged with several other creatures.

"What did you call us to do so in a hurry?"

A whole body of fire, like a magma's life path.

"The big discovery, the big discovery, it's the ten thousand robberies, and the creatures outside have come in again!"

Cried the snake man.

"Nonsense, do you think we don't know? Now many people have set off to be tested, and even some people have landed on some islands!"

The creature like lava is somewhat contemptuous.

"I'm not talking about this, do you know that I just discovered a foreign human race, and actually mastered the way of domination, the way of domination, hahaha!"

The snake man laughed excitedly.

At the scene, all of a sudden quieted down, the other creatures stared at the Snakeman in a daze, and then began to breathe heavily.

"You... what do you say? You say...that someone controls the way of domination?"

A bunch of transparent wings of humanoid creatures of an elderly person speaks with open mouths and a very excited expression.

"Yeah, yeah, absolutely right, absolutely nothing wrong!"

The Snake nodded again and again.

"Hahaha, well, great, great!"

"We have hope!"

"Hahaha!"

Next, several creatures laughed wildly, as if they were crazy.

"No, this matter must be reported to the lord, wait for me, I will report this matter to the lord, let the lord decide!"

Humanoid creature with transparent wings.

"Go, go!"

Others urged.

Then the humanoid with wings flew up into the sky, left here, disappeared in a blink of an eye, and the others waited patiently.

They did not wait too long, the transparent wings of humanoid creatures went back and forth.

"How? What do the adults say?"

Others quickly asked.

"Adult said, adjust the assessment method for that person, the specific assessment method is like this..."

The transparent winged creatures will talk about the assessment method.

"so tough?"

Others stared down.

"Adult said, it's not difficult. If you can't even pass this, then we don't have much hope. If he passes the level, there is only a chance to help us do that!"

Winged souls said.

"What if he doesn't pass?"

Others asked.

"Then kill!"

In the eyes of winged creatures, there was a cold killer.

"This...okay!"

Others sighed, and then left here one after another, and began to decorate.

...

Lu Ming naturally did not know that in front of him, there were already some difficulties waiting for him. He drove the boat and kept on going. Finally, after a few hours, he came to the nearest island.

The island is not large, with lush greenery and vegetation.

Lu Ming leapt onto the island.

When Lu Ming leaped onto the island, the small boat, with a touch, dissipated and disappeared.

Lu Ming frowned slightly. It seems that here, he can only move forward, not back.

Without much thought, Lu Ming walked towards the depths of the island.

call out!

Lu Ming didn't go very far. Behind him, he suddenly remembered the violent sound of breaking the sky, a sharp edge, and hit the back heart of landing Ming.

Lu Ming didn't think about it, a purple-gold spear appeared in his hand, swept out, blocking the next blow.

boom!

With a roar, Lu Ming drifted back slightly, and at the same time he saw a figure drifting back.

"you again!"

Lu Ming's eyes narrowed, and he was the snake man again.

But this time, Lu Ming saw that the other party was from the real body.

"Boy, that one was just my projection!"

The Snake sneered.

"Who the **** are you? Also, how do you know my domination?"

Lu Ming repeatedly asked several questions.

"Want to know, let me say it after winning!"

The Snake sneered, his body flicked, and he slammed towards the landing.

call out!

The spear in the snake man's hands is as fast as lightning and amazingly powerful.

Lu Ming exploded with all his strength. The flesh and the way of the master were all displayed. The spear shook and killed the snake man.

The two confronted each other in a row, and they had dozens of moves in a blink of an eye.

"His strength is similar to mine!"

Lu Ming moved.

He found that the power of the snake man was almost the same as his.

It won't be so coincident, unless the other party intentionally suppresses the power to be like him.

Uh!

Suddenly, the attack of the snake man changed, and the spear transformed into hundreds of virtual shadows, stabbing at Lu Ming, which was difficult to see clearly.

Lu Ming's eyes narrowed slightly, his spirit was highly concentrated, his figure retreated, and all his eyes were full of those spear ghosts.

Suddenly, Lu Ming moved and only shot a shot. This shot did not pierce the shadow of any spear, but pierced into a void.

bump!

When Lu Ming stabbed into this void, a roar sounded. In this void, a spear suddenly appeared, while the other spear shadows disappeared completely without a trace.

"Boy, your fighting consciousness is not bad, but with this, it is not enough, come again!"

The Snakeman's eyes shone slightly, and then he attacked again.

His body flew, and he quickly attacked the landing. This time, his attack was more strange, more tricky, and more unpredictable.

For a time, Lu Ming was beaten back again and again.

The opponent's strength is similar to that of Lu Ming, but the attacking method is more mysterious than Lu Ming and can often be unexpected.

"With the same strength, I will lose? No!"

Lu Ming shouted in his heart, his spirit became more and more concentrated, and entered a mysterious mode, as if everything in the world was to be controlled by him.

call out! call out!

Lu Ming's spears stab continuously, each shot can block the other's attack.

bump! bump! ...

In an instant, Lu Ming played hundreds of moves with the other party, and Lu Ming had completely adapted to the other party's attack.

Chapter 2508: Scary magma giant

After so many moves in the war, Lu Ming has completely adapted to the other party's attack. Although the other party's attack is strange, but every time, Lu Ming can be blocked.

Sometimes, Lu Ming does not even have to deliberately block it, as if it is an instinct. When the other party attacks together, he instinctively can make a move to block the other party's attack.

Uh! Uh! ...

After Lu Ming adapted to the opponent's attack, Lu Ming started a counterattack, and every move attacked the opponent's flaws.

Lu Ming can often find the other party's flaws and make counterattacks at a time when there is no room for attack.

"This fighting consciousness..."

The snake man was more and more frightened as he fought, and likewise, there was excitement.

In a blink of an eye, the two again engaged in a hundred moves. This is that the Snake Man has completely fallen into the downwind, and Lu Ming has repeatedly backed away.

"No more, no more!"

Suddenly, the snake-man spear Yi Yang burst into amazing power, and Lu Ming was directly bounced away.

That is clearly the power of the Peak Emperor.

After the Snakeman bounced off Lu Ming, instead of chasing, he cried and stopped fighting.

"I won?"

Lu Ming asked.

"you win!"

The snake is humane, but not unhappy, but very excited, a pair of eyes, sweeping around Lu Ming, as if looking at a treasure.

Goose bumps on Lu Ming's skin.

"Cough, Senior, who the **** are you?"

Lu Ming asked again.

"Am I? The gatekeeper here!"

Snake humane.

"Guardian?"

Lu Ming wondered.

"Yes, gatekeepers, you outsiders, to enter Huangquan Island, both have to be tested. Our gatekeepers will send you to different islands based on your performance!"

"I tell you, many islands will contain some opportunities, which will be of great benefit to those of you who are foreign!"

Snake humane.

"What will happen to Huangquan Island?"

Lu Ming asked again.

"Naturally, you pass all the relevant cards. Just now, I tested your fighting consciousness. Your fighting consciousness is very good. You have passed this level!"

Snake humane.

"Senior, how do you know that the power I control is the way of domination, have you seen it before? Also, I will see some statues in some cursed places outside. Those statues contain a strong sense of domination, How is this going?"

Lu Ming asked a series of questions again.

"These questions will naturally be known when you pass all the relevant cards. Now, you cross this island and go to the next one!"

Snake humane.

"Here we go to the next island. Doesn't it mean that many islands have a chance, this island?"

Lu Ming's eyes looked around randomly.

"Don't watch it, this island has nothing!"

After the snake man finished, his figure disappeared as soon as he moved.

"..." Lu Ming was speechless.

Others have the chance to pass the game, he passed the game, nothing.

Lu Ming walked depressed, crossed the island, and then saw that there was a pontoon on the beach in front, which extended all the way down to the island.

From a distance, the island was red and seemed to be full of flames.

Obviously, his way has been arranged, and he can only go to this island, because only this island has roads, other islands have no roads.

Lu Ming stepped on the pontoon, and his speed increased, and he drove forward very fast.

When Lu Ming approached the island, it was found that the island was really covered with flames, like a mountain of flames.

The scorching breath can be felt far apart.

Soon, Lu Ming officially came to this island.

"What a high temperature!"

Lu Ming secretly shocked.

Lu Ming felt that the temperature of this island anywhere was as high as tens of thousands of degrees.

This temperature, not to mention ordinary people, even if it is a lot of hard refiner materials, some peculiar metals, must be reduced to ashes here.

Even Lu Ming has to work hard to resist.

Lu Ming set foot on the island. When Lu Ming set foot on the island, the pontoon in the Huangquan Sea disappeared directly.

Lu Ming patrolled everywhere.

Nothing!

The island is silent, without any vegetation or creatures.

"This island should be the second hurdle, what will happen?"

Lu Ming did not dare to carelessly, and was cautious.

boom! boom!

Suddenly, Lu Ming felt the ground shaking, and in front of him, there seemed to be a giant walking towards this side.

boom! boom! ...

The roar is getting louder and louder.

"That is..."

Suddenly, Lu Ming's eyes narrowed, he saw a giant and walked towards this side.

A flaming flame covered his body like a giant made of magma, tens of meters high, like a hill.

boom!

After a violent interval, the giant raised his fist and slammed towards the landing.

In the process of smashing, the giant's fist wriggled into a giant hammer.

The terrible power shocked Lu Ming.

"Not hardwired!"

Lu Ming turned a thought in his heart, and his body retreated.

"In my hands, you can't retreat!"

The giant hummed, stepped, and actually jumped up. It was amazingly fast. He approached Lu Ming at the fastest speed. His fists blasted out continuously, and a mass of magma flew out of his body. Xiang Luming.

There are too many magma fists, and each one is extremely fast.

Lu Ming tried his best to evade, and could not avoid everything.

Lu Ming could only condense a long spear by the way of domination, swept out, and swept a few magma fists.

boom!

Lu Ming felt a horrible force coming towards him. His body flew out directly, hit a small hill, and vomited blood.

"Peak Heaven Emperor!"

Lu Ming's eyes were very dignified.

The cultivation behavior of this magma giant is the highest emperor.

And here, as before, Lu Ming can't control the Jiulong Shending at all.

Can't control the Jiulong Shending, Lu Ming alone can only reach the level of the Six Star Heavenly Emperor, even if the physical strength and the power of the master broke out, it is impossible to be the opponent of the other party.

bump!

The magma giant stepped forward and rushed towards the landing, so fast that he attacked again.

When it was pushed with both hands, a huge meteorite was formed, and the whole body was wrapped in magma and roared towards the landing.

Lu Ming did his utmost to puncture a shocking sky.

However, under the bombardment of the meteorite, Lu Ming's spear fell apart, and the huge meteorite bombarded Lu Ming directly.

Lu Ming was blown out again and vomited blood.

Lu Ming feels that his body is about to split, terrible magma, wrapped in Landing Ming, Lu Ming feels that his body is going to be ashes.

If he hadn't run the ancient scriptures, he would desperately resist them, I'm afraid they could not bear it.

However, the magma giant didn't stop his hand at all, and punched again.

Lu Ming was injured at this time, where there was still strength to resist, and was directly blasted out, the injury was even worse. The bones of the whole body are completely broken into small pieces.

Chapter 2509: Strong pressure

Lu Ming is not an opponent of the magma giant at all. Even if he does his best, he is only equivalent to a six-star emperor, which is very different from the peak emperor.

Lu Ming was severely wounded and had no strength to fight back.

"Did I die here today?"

In Lu Ming's mind, there was a thought.

He is unwilling, he is extremely unwilling.

At the same time, he was also very worried about Xie Nianqing and Lu Xiangxiang.

The difficulty he encountered is so great, so dangerous, what about Xie Nianqing, what will happen to them?

He was not reconciled, he wanted to resist, he desperately urged Jiulong Shending, but there was a force between heaven and earth that was too strong and completely suppressed Jiulong Shending.

bump!

The magma giant landed beside Lu Ming, looking down on Lu Ming.

"You are too weak!"

The magma giant spoke, and the magma was flowing, and he couldn't see his expression at all.

"Kill kill, kill me, don't think about it!"

Lu Ming said coldly.

"Relax, now, I won't kill you!"

The magma giant seemed to smile, and then said: "I do not kill you now, does not mean that I will not kill you in the future, I will give you a chance now, I will give you fifty years!"

"In these fifty years, you can only stay on this island. Within these fifty years, you have to find a way to defeat me. If you cannot defeat me after fifty years, I will kill you. Let you destroy everything, do you understand?"

After talking, the magma giant turned and left, and soon disappeared here.

"Give me fifty years, are you testing me?"

Lu Ming thought.

Then, Lu Ming sat cross-legged, running the ancient scriptures with all his strength, and began to heal.

Although he was seriously injured, he didn't hurt the origin. Under the influence of the immortal ancient scriptures, he recovered quickly. After a while, Lu Ming recovered.

"In fifty years, if I want to defeat the magma giant, my combat power will at least surpass that of the ordinary Peak Emperor!"

After the injury was healed, Lu Ming had to think about this issue.

Fifty years, it seems to be very long, that is for ordinary people, for the person of Lu Ming's realm, in a blink of an eye.

It's hard to want to exceed the ordinary peak emperor in 50 years!

According to Lu Ming's current situation, the fighting power wants to surpass the general peak emperor, there are only two roads.

The first one is a physical breakthrough!

"Seven Gods Xuan Gong" is now cultivated to the sixth mid-level, the physical strength is equivalent to the four-star heaven emperor, or it can suppress the general four-star heaven emperor, as long as the "seven **** xuan Gong" is practiced until the sixth stage, his Physical strength can skyrocket, which is equivalent to the pinnacle of Heavenly Emperor.

Coupled with the power of the dominating way, Lu Ming has the confidence to defeat the magma giant.

However, "Seven Gods Xuan Gong" practiced to this point, if you want to further improve, it is difficult.

If it is a step-by-step practice, even if it takes tens of thousands of years, or even hundreds of thousands of years, it is normal.

Those masters in archaic body training spent a long time for each breakthrough.

Why did Lu Ming break through so fast before? That was really because he had too deep a chance to obtain a variety of rare treasures one after another. Each of these treasures is a rare treasure all over the world.

Such treasures as refining and chemical, and Lu Ming's flesh, broke through one after another.

If it is a step-by-step practice, Lu Ming's physical realm is far from this step.

It is almost impossible to cultivate the flesh to the peak of Heaven Emperor within fifty years.

The second way is to cultivate the way to **** to the peak emperor.

Lu Ming's way of **** is too powerful to be able to cross a whole realm. As long as he masters the way and cultivates to the pinnacle emperor, Lu Ming's combat power is equivalent to the pinnacle of heaven emperor.

Then, with the power of the flesh, you can defeat the magma giant.

However, if you want to cultivate the way of **** to the pinnacle emperor in fifty years, it is harder than a physical breakthrough.

The higher the state, the more difficult it is to break through.

Before Lu Ming, it was because he realized the dominance of that kind of statue that his realm was able to break through continuously, but it also took decades.

Now, it is even more impossible for him to realize himself and make breakthroughs within fifty years.

However, Lu Ming must do it.

Lu Ming has no doubt that if he did not defeat the opponent after fifty years, he must be killed by the opponent.

"What should I do?"

Lu Ming thought quickly.

"This must be a test. If it is not a test, then the other party can kill me now!"

"Since it's a test, there will definitely be a ray of life. By the way, the snake man said that some islands will have a chance. Maybe this island has a similar chance to let me break through!"

Thinking of this, Lu Ming's eyes lit up and began to search on the island.

The island is not very large, thousands of miles away, and was quickly overturned by Lu Ming.

Nothing!

This island has no vegetation and no living creatures. Besides flame, it is still flame. In addition, there is only one magma lake, which is full of horrible magma. The temperature is the highest, at least ten times outside, hundreds of times outside.

"Nothing, how can I break through?"

Lu Ming fell into deep contemplation.

Rumble!

Just here, the violent roar rang again, and the giant magma giant came again.

"Boy, if you are in a daze here, will you be able to beat me? See me hammering you!"

The magma giant roared, and his arm turned into a huge magma hammer, blasting to Lu Ming.

"Don't think I'm bully!"

Lu Ming was furious and fought with the other party.

But after a few strokes, Lu Ming was laid down and severely injured.

"Just look at you so bully, what's wrong? Have the skills, beat me!"

The magma giant yelled very flatly. After the call, he laughed and walked away.

Lu Mingqi almost vomited blood.

Along the way, he was suppressing others, but this time, he was suppressed by a silly man, it was really depressed.

"No, I must break through in fifty years, I will not die here!"

Lu Ming's eyes became firm and he began to heal.

After the injury was healed, Lu Ming began to understand the way of the master.

When Lu Ming was practicing, the magma giant did not come to deal with Lu Ming.

Years of cultivation have passed, and a year has passed.

This year, Lu Ming was dedicated to practicing the way of domination, but he had little gain and progress was slow.

"No, if I go on like this, it is impossible for me to break through to the peak emperor within fifty years!"

Lu Ming said to himself.

Such step-by-step enlightenment, even if the time is several times more, I am afraid it will not work.

Lu Ming's talent is already high enough. If you change to other people, if you don't have the opportunity, you can practice step by step, not to mention fifty years, not fifty thousand years.

Rumble!

It was here that the magma giant appeared again after a year.

As soon as he appeared, he threw his fist and smashed it.

Lu Ming was naturally not the opponent of the opponent, and soon he was seriously injured again.

"Boy, I haven't made any progress. I think you will be dead after fifty years!"

The magma giant left a word and left again.

Chapter 2510: Hone the body

Lu Ming was really vomiting blood, especially the under-beating look of the magma giant, and it tickled Lu Mingqi's teeth.

But then, Lu Ming had to reconsider the problem of cultivation.

"No, the way to cultivate the master, without the help of any external force, it is impossible to reach the peak of the emperor in fifty years!"

"It's better to cultivate the flesh, the flames are everywhere, the temperature is amazing, it is burning the flesh all the time, but it has a smelting effect, it is better to cultivate the flesh, but there is still a glimmer of hope!"

Lu Ming pondered for a moment, intending to cultivate the body.

Not only is there a reason for the environment here, but there is also a physical bottleneck. There is only one bottleneck. Once this bottleneck is broken, Lu Ming's physical power can reach the peak Emperor.

However, the way to dominate, Lu Ming is now only five-star emperor, want to reach the peak emperor, during this period, there are two bottlenecks.

Breaking through one bottleneck is certainly easier than breaking through two bottlenecks.

With a decision, Lu Ming put down the way of **** and began to practice the flesh.

Lu Ming removed the defense of the body surface and ran the "Seven Gods Xuan Gong". Suddenly, the temperature outside reached tens of thousands of degrees, covering Lu Ming's body.

嗤嗤嗤...

Lu Ming's body made a sneering noise.

Buzz!

Lu Ming's muscles vibrate. When the muscles vibrate, the high temperature outside penetrates deep into Lu Ming's body, helping Lu Ming to refine his body.

After practicing for a while, Lu Ming took out an imperial medicine, refined the energy of the imperial medicine, and assisted in cultivation.

A few days later, Lu Ming stopped practicing.

"It's a bit of an effect. The speed of cultivation here is several times higher than other places, but it can't be broken within fifty years!"

Lu Ming frowned and pondered.

Here, there is the kind of high-temperature assist, and the cultivation of the flesh is indeed faster than the outside, but it is not too fast to exaggerate. Lu Ming estimates that in fifty years, it will be difficult to practice to the sixth stage of the final stage.

"Go to that magma lake!"

Suddenly, Lu Ming's eyes lit up and thought of the magma lake.

On this island, there is a magma lake whose temperature is at least several dozen times higher than outside.

Lu Ming wants to use the magma lake to practice.

This is a cruel way, but also an extreme way, but now, Lu Ming has no way.

"go!"

Thinking of this, Lu Ming rushed directly towards the Magma Lake.

Coming to the edge of the Magma Lake, a terrifying heat wave rushed to Lu Ming, which was ten times warmer than anywhere else.

Just standing on the side, the temperature here is already terrifying.

Lu Ming was forced to resist.

"Get used to it first!"

Lu Ming didn't rush down the magma lake. The temperature below was too high, far from being comparable to ordinary magma. It was terrifying. Lu Ming jumped down directly, and with his physical strength, I am afraid it would be melted away.

Immediately, Lu Ming was at the edge of the magma lake, withdrew his defense, and began to practice.

As soon as the defense was removed, the terrifying heat enveloped Lu Ming's body, and Lu Ming's body seemed to be burning.

嗤嗤嗤...

A burst of green smoke rose from Lu Ming, and tears of pain came from all over the body.

However, Lu Ming did not frown, and this pain was nothing to him.

Sure enough, Lu Ming felt that practicing here had better results.

Lu Ming showed a hint of joy, then calmed down and practiced with all his heart.

Time rushed and three years passed.

Lu Ming has fully adapted to the high-temperature cultivation on the edge of the magma lake.

In the past three years, the magma giant has not come to Lu Ming again.

Uh!

Suddenly, Lu Ming opened his eyes, jumped forward, and jumped under the magma.

Three years of adaptation is enough. Now he has to use magma to refine his body.

It has been more than four years since he came to this island. The time is fast. Fifty years will pass, and he must seize the time.

After jumping off the magma, Lu Ming sank into the magma, and the horrible magma wrapped Lu Ming.

pain!

Very painful!

Lu Ming found that his skin began to melt, and then his muscles also began to melt.

"Block it!"

Lu Ming roared, while running the indestructible ancient scriptures, recovering at the fastest speed, while running "The Seven Gods Xuan Gong", with the help of the high temperature here, the body was refined.

After all, it was still blocked by Lu Ming.

Although not in pain all the time, but practicing here, the effect is indeed much greater.

This is an extremely extreme way of cultivation, and most people simply cannot bear it.

Because the body is not in the process of being melted and healed all the time, how many people can bear such pain?

In this way, Lu Ming focused on cultivation.

Time flies, time goes by, and in the blink of an eye, twenty years have passed.

Lu Ming has been on this island for almost thirty years.

However, Lu Ming's physical body still has no breakthrough and is still the sixth mid-term.

"Not enough, keep going!"

Lu Ming began to sink. The further down, the higher the temperature of the magma lake.

After a few hundred meters, the temperature here is several times higher than above.

Lu Ming continued to practice.

Not far away, the magma giant was watching.

"This boy is tenacious and decisive. He is very cruel to himself, not bad!"

The magma giant whispered, he turned and left here.

Lu Ming continued to practice, forgetting the time.

Every once in a while, he sinks violently. To the back, he almost sinks to the bottom of the magma lake.

"Give me a break!"

On this day, Lu Ming growled, his musculoskeletal tremors shook violently, and made a thunderous explosion, and there were bursts of Long Yin.

boom! boom!

The magma around it is constantly exploding, and the bottom of the entire magma lake seems to be a wild monster rolling.

boom!

Suddenly, the magma exploded and burst out from under the magma lake!

This figure exudes an amazing breath!

This figure is naturally Lu Ming. At this moment, his muscles are shaking, and the blood in the meridian is surging like the angry dragon, strong and extreme.

Breakthrough!

His physical body finally broke through, reaching the sixth stage of "Seven Gods Xuan Gong".

At this weight, the power of the flesh is equivalent to the peak of the heavenly emperor, almost cultivated to the peak.

It was half loud, and the breath on Lu Ming's body was hidden.

Lu Ming thought, a dress appeared and was worn on his body.

His clothes were burned long ago in the Magma Lake.

"Forty-six years, I finally broke through!"

Lu Ming's eyes were extremely bright, and a smile appeared on the corner of his mouth.

It has been forty-six years to come to this island. During these forty-six years, Lu Ming has not relied on any rare and rare treasures. She has relied solely on her perseverance to break the bottleneck and push her body to the top.

Forty-six, to practice the physical body to this step, if the old guys who were trained by the Taikoo body knew that it would be stunned.
