

D Emperor 2511

Chapter 2511: Pressing the Peak Emperor

However, at this stage of the cultivation of the Seven Gods Xuan Gong, there is no way to cultivate!

"Seven Gods Xuan Gong" has a seventh level, but the seventh level has only four words!

Ten thousand yuan to one!

This is the entire content of the seventh layer of "The Seven Gods Xuan Gong", Lu Ming is confused.

boom! boom!

At this time, there were roaring sounds in the distance, and the magma giant appeared again.

"Boy, hide for so long, and finally dare to show up, come and eat me a punch!"

The magma hadn't arrived yet, and Lao Yuan punched out.

A huge fist formed by the coagulation of magma, screaming towards the landing, is astonishingly powerful.

If Lu Ming had just landed on the island, Lu Ming couldn't stop it and would be injured by this boxing.

But now?

boom!

Lu Ming's muscles vibrated and punched out with a punch.

In this punch, Lu Ming did not use the power of the dominating way, but the pure physical strength.

With a punch, the void was directly penetrated, and a dark dark void appeared, an endless void storm, condensed into a fist, and slammed into the magma fist.

boom!

The two of them attacked hard, and the whole island was shaking.

Then, dissipate in pairs.

"Hahaha, boy, it seems that you have broken through, come and play with my uncle!"

The magma giant laughed and strode toward the landing.

"Today, I want to hurt you!"

In Lu Ming's eyes, a fierce light flashed, his musculoskeletal shock, his body, directly through the space, appeared in front of the magma giant, his fists blasted continuously.

The magma giant also showed a strong fighting intent, and as soon as his body moved, a magma fist roared towards the landing.

The two started a fierce confrontation, and for a time, it was difficult to distinguish the outcome.

"Haha, boy, yes, I can fight against me, but, if you want to beat me, it's a little bit worse!"

The magma giant grinned.

"Then add a bit, just just move the muscles!"

Lu Ming sneered.

Just now, he was indeed moving his muscles.

His physical body has just broken through, his power has skyrocketed, and he needs to adapt to it. Therefore, he did not use the power of the dominating way just now, but simply relied on physical power.

Now, it's almost adapted.

boom!

Lu Ming's body became stronger, and his whole body was covered with a layer of purple gold light.

After adding the way to dominate, Lu Ming's combat power is undoubtedly stronger. Although the bonus is not particularly large compared to his physical strength, it is enough to suppress the magma giant.

boom! boom!

Lu Ming began to attack again, the purple gold fist broke into the air, and suddenly defeated the attack of the magma giant, forcing the opponent back again and again.

After more than a dozen moves, Lu Ming seized the opportunity and punched on the chest of the magma giant. The chest of the magma giant exploded and a large transparent hole appeared.

However, the whole magma giant seems to be formed by condensing magma, and a big hole was blown out. It was all right, and it recovered in a flash.

"Boy, yes, you won!"

Cried the magma giant.

"Come again, not finished, continue!"

Lu Ming shouted and kept attacking.

Lu Ming was flattened by the magma giant several times before, and he was really angry. He came back flat and couldn't get angry.

"Nest, boy, I let you win, you still fight, ah..."

The magma giant yelled, a careless one, was hit by Lu Ming in the face.

Half of his face burst apart, but in an instant, he recovered.

But Lu Ming kicked another foot, kicked on the stomach of the magma giant, kicked the magma giant out, Lu Ming stepped out, chased up, and continued to attack.

"Ah, ah, you are shameless, you still attack, you stop, nest..."

The magma giant screamed nonstop, but his vitality was so tenacious that he was hit by Lu Ming in succession, and it was like nothing.

But after he was hit, there was still pain, so he screamed nonstop.

After being hit by Lu Ming for dozens of times in a row, Lu Ming stopped, and at this time, the magma giant looked at Lu Ming's eyes, that murmur.

It was like a girl in a flower season who was insulted by a mob.

"Careful eyes, revenge!"

The magma giant muttered.

"what did you say?"

Lu Ming stared.

"It's nothing? You have passed the level, continue to the next island!"

The magma giant turned around and ran away, and immediately disappeared.

Lu Ming smiled.

His current strength finally stood at the pinnacle of Heaven Realm, Evil God Realm.

Without Jiulong Shending, he could suppress a peak emperor with his own strength.

Today's Heaven Realm, Evil God Realm, in addition to the invincible strongman who half stepped into the God of War, there is also the true God of War, he has no opponent.

However, there are several other heavens and evil spirits, demigods and martial gods!

Once, the realm that required him to look up, the existence of looking up, through his step-by-step efforts to move forward, finally reached.

"What is the next island?"

Lu Ming stepped forward and came to the other end of the island. Sure enough, here, Lu Ming found a pontoon leading to the next island.

Without hesitation, Lu Ming stepped on the pontoon and headed towards the next island.

Soon, Lu Ming came to the next island.

On this island, it is diametrically opposed to the previous one. This island is full of vitality, shaded by trees, and the air is filled with a touch of fragrance.

Lu Ming wandered around the island and wandered around for a long time. Lu Ming came to the center of the island.

Here, there is a huge mountain peak, below which there is a cliff.

"That is..."

Lu Ming's eyes widened suddenly.

He found a huge statue under the cliff.

This statue is exactly the same as the statue Lu Ming had seen in other cursed places before.

It's just that it is many times bigger.

Moreover, this statue is also full of dominance, and it is extremely rich, far apart, Lu Ming feels that a strong sense of dominance pervades all directions.

Then Lu Ming looked up and found a large character engraved on a cliff above the statue.

A word of "war"!

war! war! war!

When Lu Ming looked at the word "war", suddenly a roar came out from this "war" and filled with this endless war intention.

It seems that an invincible strongman is fighting against people.

At the next moment, this voice disappeared, but in Lu Ming's eyes, the word "war" began to distort, and a profound and mysterious mood appeared in Lu Ming's mind.

It is as if the word 'war' represents all battles, combat power, and combat skills. It is extremely mysterious and unfathomable.

"Curious, wonderful!"

With just a few breaths, Lu Ming seemed to have a new understanding of the various combat skills and magical powers he had previously practiced.

"It's good to be able to reach this island!"

Just then, behind Lu Ming, there was a voice.

Chapter 2512: The mysterious word war

Behind Lu Ming, there was a sound suddenly, which shocked Lu Ming.

There was someone behind him, but he didn't find it at all.

With his current cultivation practice and strong spiritual consciousness, he was actually found standing behind him, and he didn't find it.

Lu Ming exuded a layer of cold sweat on his back, and quickly turned around to see a middle-aged man with a pair of transparent wings behind him.

He stood not far away, smiling at Landing Ming.

Lu Ming looked dignified in his eyes and said, "Are you the gatekeeper of this island?"

"No, I am not a gatekeeper!"

The transparent-winged man shook his head and said, "Strictly speaking, those are the gatekeepers!"

His finger pointed to the statue and the word 'war'.

"That's the gatekeeper?"

Lu Ming looked puzzled.

"Yes, I know you understand the way of domination. This level is very simple. As long as you can understand the meaning of the **** on the statue within one hundred years, and you can fully understand the word "war". , Even if you pass the level!"

Transparent wings men's road.

"What if I don't understand it within a hundred years?"

Lu Ming asked.

"Without understanding, I will come and kill you!"

The transparent winged man smiled and said lightly.

Lu Ming's eyes narrowed, and he had no doubts about the other party's words.

This transparent winged man gave Lu Ming an unfathomable feeling. Lu Ming felt that he was definitely not the opponent of the other party.

This person is at least a demigod, even a martial god.

"Take the time and get a good understanding!"

The transparent winged man left a sentence, then turned around and stepped out, his figure disappeared directly.

Lu Ming didn't see how the other party disappeared at all.

call!

Taking a deep breath, Lu Ming walked towards the cliff.

a hundred years!

Lu Ming didn't believe it. He couldn't understand the meaning of the master on the statue and the word "war".

Not far from the statue, Lu Ming sat cross-legged and began to understand the meaning of the master on the statue.

The dominance in this statue is richer and deeper than the dominance in the statue Lu Ming encountered before.

And it is many times richer and deeper.

It is naturally much harder to understand.

However, Lu Ming was still very excited.

He felt that as he realized the statue, every time, he had a new understanding of the way of domination, and he became more and more comfortable with it.

He himself, using the way of domination, is just using it, and he can't exert some of the wonders of the way of domination.

However, this statue can also be used to understand the application of some dominating ways, and Lu Ming naturally hungrily realized and absorbed it.

Cultivation has no years, time flies, and haste for five years, passing by quickly. Lu Ming's comprehension of the way of **** is fast. Lu Ming has felt that he is about to break through.

However, Lu Ming did not rush to break through, but continued to learn for two years, and then took out a large number of **** stones and began to absorb the **** stones and impact the state.

Soon after, Lu Ming successfully broke through, and Xiu Wei stepped into the Six Star Emperor.

"Haha, with this statue, I cultivated too fast to ascend. I need to understand these, why do you need a hundred years!"

Cultivating as a breakthrough, Lu Ming was in a good mood and full of confidence.

After consolidating some cultivation practices, Lu Ming continued to understand.

Next, it was harder to break through. This time, Lu Ming spent more than 20 years before successfully comprehending.

Click!

After Lu Ming understood the meaning of the master on the statue, the statue appeared a crack, just like the statue Lu Ming had encountered before.

"Everything is understood. With my current understanding of the way of domination, I can completely break through, then break through!"

Lu Ming's eyes were bright, and he continued to take out the God Stone and madly refined it.

This time, it took several months for Lu Ming to make a breakthrough in one fell swoop, and cultivated his way into the Qixing Peak Emperor.

The power of the world in his body, the purple-golden energy, more and more concentrated, he moved his heart, all over his body, covered with purple-golden domination.

Lu Ming felt that he was now full of endless energy, and with a single blow, he would be shocked.

The way of **** entered the peak emperor, and Lu Ming could rely on the way of **** alone to suppress the peak emperor.

Coupled with the power equivalent to the peak Emperor, Lu Ming's current combat power is terrifying.

"I don't know if I have any confidence in the invincible strong in the first half of the realm!"

Lu Ming thought.

He was not very clear without fighting, but he knew that the invincible strong man in the demigod realm was much stronger than the peak emperor.

He hadn't had a fight before, and he didn't know what to do.

"In less than thirty years, I realized this statue, and then I will fully understand the word "war"!"

Lu Ming thought, after consolidating some cultivation, Lu Ming looked at the word "war".

A wonderful mood emerged in Lu Ming's heart, and Lu Ming carefully realized.

But a few months later, Lu Ming ended his cultivation, and he was a little surprised.

After months of insights, he felt that the word 'war' was simply unfathomable and mysteriously unimaginable.

At first, he seemed to have benefited a lot, but with constant understanding, he became more and more confused and puzzled.

The word 'war' is not a martial art, combat skill, or magical power.

It seems to be a kind of artistic conception, an extremely profound artistic conception.

It is as if the word "war" is the source of all battles, whether it is combat skills, martial arts, supernatural powers, etc., are included in this word "war".

All-encompassing, true Paul Vientiane.

Lu Ming has a feeling that as long as he understands the word 'war', then any combat skill is superb, and he can use it with any weapon, and he can use any weapon with ease.

"Wonderful, wonderful!"

Lu Ming was not surprised but rejoiced. He had a feeling that this was a great opportunity. As long as he grasped it, he would benefit greatly.

Lu Ming began to understand again.

Lu Ming still underestimated the difficulty of understanding the word "war".

In the first decade or two, Lu Ming seems to have been wandering in doubt, and it is difficult to really have a big gain. The difficulty of understanding the word "war" is much more difficult than the way of domination.

Twenty years later, Lu Ming finally got started, and with a lot of gains, he was on the right track.

By this time, he had been on the island for fifty years.

He has entered the world of Huang Quan for more than a hundred years.

Lu Ming was obsessed with self-cultivation and practiced wholeheartedly, just like a sponge, desperately absorbing the water outside.

Soon, Lu Ming came to the island for eighty years, and there are still twenty years left before the one-hundred-year period.

Lu Ming is still comprehending, and it is not over.

In the center of this Huangquan Sea, there is a huge island. This island is the largest island in this sea area.

Above, the mountains are undulating, and there are countless peaks. Many peaks have built huge palaces.

This is Huangquan Island!

Chapter 2513: Fruit of life

Huangquan Island is the core here.

At the moment, on the shore of Huangquan Island, there are two pontoons that emerge almost simultaneously, extending from a small island in the distance.

The two figures ran on the pontoon and headed towards Huangquan Island.

The two figures, one is an ancestral dragon and the other is an alien ancestor.

The two of them boarded Huangquan Island almost at the same time, and were also the first people to board Huangquan Island.

When the two men boarded Huangquan Island, they found each other and collided with intense sparks in each other's eyes.

"Zulong, you are quite fast!"

The alien ancestor sneered.

"You are not slow!"

Zu Longdao, both of them, filled with cold killing opportunities.

But after all, they both have scruples with each other and haven't done it.

"That is..."

At this time, the two found at the same time, not far from them, there was a towering tree.

This big tree is huge, with a diameter of at least a few hundred meters, towering into the clouds, and a whole tree, not only the trunk but also the leaves, is filled with glowing rays.

However, the most striking is the fruit on the tree.

There are a total of eighteen fruits, each of which is only the size of a fist, but at once, it attracts the eyes of Zulong and alien ancestors.

"The fruit of life is the fruit of life!"

The ancestral ancestors whispered a blazing flame in their eyes.

He finally found the fruit tree of life.

He entered the world of Huang Quan, isn't his purpose just for the fruit of life?

With the fruit of life, his injury can be healed, and even enough fruit of life, the injury of the Sacred Patriarch of the Heart can also be recovered, and then, when the heaven is leveled, it will be relaxed.

Similarly, Zulong's eyes also showed a blazing glow.

Uh! Uh!

Almost at the same time, the two moved and rushed towards the fruit of life.

The two reached out their palms at the same time and grabbed the fruit of life.

But at this moment, the whole fruit tree of life was glowing, and then from the ground, two root hairs were found and pumped to the Zulong and the alien ancestor.

bump! bump!

The power of the beard was incredible, and the big hands protruded by Zulong and the Ancestral Sect were directly defeated, and the two of them retreated suddenly.

Both of them changed their faces, and some were dignified.

Then the next moment, the two moved again, bursting out their full strength, exposing their strength to the extreme, and rushed to the fruit tree of life.

Wow!

This time, the ground swelled, and a dozen or so roots appeared all of a sudden, pumping towards the two like a storm.

bump! bump!

The two collided with the roots continuously, and then their bodies shook wildly, retreating far away, and spitting blood at the same time.

Both of them were actually injured!

They, but the existence of two Martial Divine Realms, were actually hurt by the roots of the fruit trees of life. If they were seen by the people of Heaven and Evil God Realm, they might be stunned.

Both eyes were a little gloomy.

Zulong is nothing, especially alien ancestors, his face is particularly ugly, his desire for the fruit of life is too strong, far more than Zulong.

"Damn!"

The ancestors of different races roared and came here with all their hardships. Can't they get the fruit of life?

At this moment, above the fruit tree of life, the space was filled with waves, and then, a figure appeared out of thin air.

This is a middle-aged man, wearing a white robe, looks very elegant, this person must be a refined elegant son when he was young.

The alien ancestors and ancestral dragons looked at this person, their eyes were alert.

Because they simply do not see through this person's cultivation as the realm.

"This time, the martial arts coming in, just you two!"

Ruya middle-aged swept Zulong and alien ancestors, whispered something, seemed a little puzzled.

"Now, only the two of us are the gods of the outside world!"

Interracial ancestors.

"There are only two Martial Gods left. Strange, what happened outside? Where is this place?"

Ruya middle-aged murmured a few words, and then looked at Zulong and the alien ancestor, and said:
"You want the fruit of life, life fruit, endless years, only mature once, now, it is not yet time to mature!"

"Not yet mature?"

Zulong and alien ancestors are shocked.

"Yes, it is not mature yet, so if you want to pick, the fruit tree of life will automatically launch an attack, but once it is mature, as long as you do not damage the fruit tree of life, he will not fight back!"

Elegant and middle-aged explanation.

"How long will it take for the fruit of life to mature?"

The alien ancestor asked.

"Quick, the fruit of life this time is about to mature. As for the specific time, I can't say for sure. It will be a few years, and a few hundred years. You just have to wait a minute!"

Ruya middle-aged smiled and said, his eyes, looking away, whispered: "Can that little guy complete the test?"

"Hopefully, since the endless years, there is finally a way to control the master, at least, there is some hope!"

After talking, he turned and stepped out, disappearing here.

Zulong and the alien ancestor glanced at each other, and in each other's eyes, there was a flash of murderous opportunity.

For hundreds of years at most, it is nothing to them, just wait a moment.

When the fruit of life matures, the two of them will definitely have a fierce battle to compete with each other.

Especially Zulong, he really wants to do it now and kill the alien ancestors.

Because once the other ancestors get more fruits of life, this side of the world is dangerous.

But after all, I was still not sure, neither of them shot easily, sat aside, and waited.

Time passed quickly, and a few years later, finally a third person came to Huangquan Island, the Emperor Tianlei on the side of heaven.

In a few months, there was also an invincible strongman from the Evil God Race.

Next, more and more people came to Huangquan Island.

Ten years later, on each side, hundreds of people came to Huangquan Island.

Each of them passed the test differently, not to say that if the cultivation level is low, it must not pass the test, so among the people on both sides, the cultivation level also has high and low.

When they came here, they were naturally warned by Zulong and the alien ancestors, and they dared not approach the fruit of life.

Under the God of War, if the root of the fruit tree of life is drawn, then there is really only one way to die.

Everyone waited quietly.

Suddenly, a strong scent came from the fruit tree of life.

This scent makes people feel comfortable when they smell it. The pores of the whole body are stretched out. Some people have a dark body and are recovering quickly.

The fruit of life is ripe!

Everyone was shocked!

Uh! Uh!

Zulong and alien ancestors have the fastest response and the fastest speed, rushing directly towards the fruit tree of life.

This time, when they approached the fruit tree of life, the fruit tree of life did not attack.

The fruit of life is really ripe!

"Zulong, die for me!"

The alien ancestor suddenly shouted, turned his body, and slayed towards Zulong.

"It's you who died!"

Zulong, holding the same idea, also killed the alien ancestor.

The two martial arts strongmen fought together at once.

Chapter 2514: Only got seven

The two great martial arts strongmen, fierce confrontation, no one can approach the fruit of life.

The people under the God of War also seized the opportunity and rushed toward the fruit tree of life.

There are more than one hundred people on each side, and where is the eighteen fruits of life enough, naturally there are fierce battles together.

In more than a hundred melee battles, the two sides have similar strengths, and the difficulty of the battle is inseparable. Soon, some people fell.

Heavenly Thunder Emperor Zun, a demi-fighting battle with the Evil God Clan, Qing Cang, Titan Aquila and others all have their own opponents.

Near the fruit tree of life, it boiled completely, and the energy was chaotic.

bump! bump!

Zulong and the ancestral ancestors fought to a high altitude and have fought hundreds of moves in a row.

Both sides want to get the fruit of life, but they don't want the other to get it, so naturally they have to work hard.

"Don't fight for war, grab the fruits!"

The alien ancestors gave voices to the men.

All Evil God Races, struggling to attack the souls of the heavenly realm, then seize the gap and rush towards the fruit of life.

"No, grab the fruits of life!"

The creatures on this side of the heaven also shouted and rushed towards the fruit of life.

For a time, each of the eighteen fruits of life was stared at by a dozen people.

Around the fruit of life, everyone started another round of scuffles.

However, there are still fruits of life taken away.

The first fruit of life was taken away by the demigod of the evil **** clan, but then, Emperor Tianlei also got one.

When you come and go on both sides, a few fruits of life are taken away.

Uh!

Suddenly, one of the ordinary appearances of the Evil God Clan was filled with amazing blood, and then a drop of blood flew out, transformed into a human figure, unable to see the appearance clearly, and the whole body of blood was wriggling, exuding an amazing murderous opportunity.

"kill!"

This **** figure rushed out, and the blood was like a sword, killing several creatures in the heavenly realm, and those creatures with the cultivation of the heavenly emperor were directly beheaded.

"Sacred Ancestor!"

Zulong shouted.

"Haha, although the killing heart is far from being restored, but it also has the power of a demigod, how do you stop it?"

The alien ancestor shouted.

The sacred ancestor of the killing heart has the power of a demigod, and it is almost an immortal body. It is too strong. On the side of Heaven Realm, no one is its opponent except Heavenly Thunder Emperor Venerable.

Kill the ancestor of the heart, and capture several fruits of life in a row.

Soon, eighteen fruits of life were all picked.

The Sacred Ancestor of the Heart, aimed his gaze at some heavenly creatures who had harvested the fruit of life, and killed these people.

"Damn! Stop thinking!"

Zulong roared into a huge real dragon, and layers of flames filled his body. His breath was rising sharply.

"Zulong, you're crazy, don't kill yourself!"

The alien ancestor shouted in shock.

"Big deal, die together!"

Zulong roared and rushed toward the alien ancestor madly.

boom! boom!

Several consecutive roars, the alien ancestor was repulsed, and his body was shaking.

The Zulong desperately tried to burn the source of life, and wanted to kill and kill the Sacred Patriarch of Heart and the Sacred Patriarch of Alien Race.

Now, there are more life fruits on the other side. If the other party recovers, the consequences will be serious. It is better to die with the other party now.

"madman!"

The alien ancestor screamed, dared not to fight, flashed in shape, and rushed towards the killing ancestor. The killing ancestor turned into a blood and disappeared into the body of the alien ancestor.

"go!"

The alien ancestor shouted and rushed towards the depths of Huangquan Island.

"Leave me!"

Zulong roared, staring at the alien ancestor, and went wild.

The two fought all the way and collided in succession. The alien ancestor was wounded. The alien ancestor did not want to fight at all and ran away.

Now the aliens get more fruits of life. He doesn't need to fight with Zulong now, as long as he recovers in the future, they will succeed.

Ancestral dragons and alien ancestors headed all the way to the depths of Huangquan Island, while other aliens rushed toward the peaks and palaces of Huangquan Island one by one.

Huangquan Island is very large and endless, with countless mountains and countless palaces.

Although the celestial beings are struggling to pursue, but their strength is not stronger than that of the other party, they soon lose the trace of aliens.

Zulong chased for a while, after all, he did not catch up with the alien ancestor, was escaped by the other party, and disappeared into the vast mountains.

Zulong's face was unusually ugly, and he retreated and began to gather the souls of the heavens.

He just desperately burned the source of his life, and at this moment he seemed weak and his breath was weak.

Soon, celestial beings gathered here.

"Senior Zulong, you burned the source of life, quickly swallowed a fruit of life, and stabilized the injury!"

A celestial being walked out and sent out a fruit of life.

Although the fruit of life is extremely precious and he can't bear it, he understands that the ancestral dragon is the key to the heavenly realm. Without the ancestral dragon, he would get no more life fruit.

"Okay, this fruit of life, I wrote it down, and I will compensate you accordingly!"

Zulong little bit, also polite, took the fruit of life, swallowed it in the mouth, refined it.

A few days later, Zulong's breath stabilized.

"It's a fruit of life!"

Zulong sighed.

The effect of the fruit of life is really amazing. Now, the energy of that fruit of life is far from being refined, but he was stabilized by the consumption of the source of burning life.

In the future, as long as he continues to refine the fruit of life, his previous injuries will slowly recover.

"How many fruits of life did we get this time?"

Zulong asked.

"Senior Zulong, I am one!"

"I also have one!"

...

Immediately, those celestial beings who got the fruit of life came out one after another.

A total of six, plus the one swallowed by Zulong before, a total of seven.

Zulong, and the Celestial Beings, all looked a little ugly.

In this way, the Evil God Clan has a total of eleven.

"Eleven, enough Mo Ke and killing heart recovered!"

Zulong whispered, his face somber.

Although the injury to the Sacred Ancestor of the Heart is serious, only a ray of blood is left, but there are so many fruits of life that will definitely be able to recover. This will be a big disaster for Heaven.

"Senior Zulong, I would like to dedicate this fruit of life to you!"

"me too!"

Those who received the fruit of life handed it over to Zulong.

Priority, they still know.

"Okay, I'll accept it. Heal the wound first. If so, I will give other injured strongmen to help them recover. And, what do you need, despite speaking!"

Zulong Road.

At this time, he was not polite.

What's more, the ancient battle was extremely tragic, not only the Zulong was injured and difficult to heal, but also other strong men.

Like the Peak Emperor, like the former Titan Beetle and the Nine Life Demon Silkworm, but now, their injuries have been cured.

In the Heaven Realm, like them, the wounded in ancient times are not a few, and even exist in the level of demigods.

Chapter 2515: On the God of War

"This Huangquan Island, covered with mountains and palaces, may contain opportunities. Let's team up and go in and explore!"

Then, Zulong's eyes looked at those peaks, and then let the spirits of the heavens form a team, enter the vast mountains, and start exploring to see if they can get the chance.

Lu Ming, still on that island, understands the word 'war'.

He has been on this island for ninety years.

After so many years of insight, he has benefited a lot.

The word "war" is too subtle. With Lu Ming's understanding, his experience of fighting has greatly deepened.

Although there is no magical skill, but now Lu Ming once shot, he will fight the sky, raised his hands and thrown his feet, are full of powerful combat power.

His previous combat skills, supernatural powers, exerted a great deal of power.

The word 'war' is amazing, that is to say, no matter what combat skills or magical skills Lu Ming practices in the future, his power can be strengthened.

No matter what weapon is used, it can be handy and exert the strongest power.

This is 'war', and as long as it is related to combat, it will improve.

In the past few decades, Lu Ming's cultivation practice has not been improved at all, but his combat strength has been strong.

Now he is more confident.

In the past, he did not have much confidence in facing the invincible strong of the demigod level. Now, he has a confident battle.

Uh! Uh! ...

boom! boom! ...

Under the cliff, Lu Ming flickered and danced in a vertical and horizontal direction, exhibiting various magical powers. Under the blessing of the word 'war', all of his powers increased.

This practice is nine days and nine nights.

Nine days and nine nights later, Lu Ming stopped.

call...

Lu Ming took a long breath and his eyes were bright.

"Happy, really happy!"

Lu Ming laughed.

Click!

At that moment, there was a trace of cracks in that battle word, and then there were more and more cracks. At the last touch, it burst apart, exactly like the previous statue.

The word "war" has been thoroughly understood by Lu Ming.

When the word "war" splits, the void flashes, and the transparent-winged man reappears.

"Yes, I can understand this "word of war" in a hundred years, and my talent is good!"

The transparent winged man nodded, a deep flash of excitement flashed in his eyes.

"Senior, can I go to the next level?"

Lu Ming said.

"The next level? No more, this is the last level!"

The transparent winged man smiled.

"The last level? Then I can go to Huangquan Island!"

Lu Ming was very happy.

"Well, I will send you over!"

The transparent-winged man nodded, then waved his hand, and a disk flew out, hovering above Lu Ming's head, and a beam of light burst out from the disk, covering Lu Ming.

Lu Ming felt that he had stepped into the teleportation array, and the next moment, his body disappeared here.

The void spins for a while, and Lu Ming finds that he appears in a large hall.

"Where is this? Is it Huangquan Island?"

Lu Ming was a little dazed.

He originally thought that he would appear on the island. Unexpectedly, he appeared in a hall.

Lu Ming looked around, the hall was empty, only the top, there was a statue.

Lu Ming was shocked. Wasn't this statue exactly the one he had seen before?

However, this statue here does not have the slightest sense of domination, and Lu Ming is slightly disappointed.

At this moment, in the void, light and shadow flashed and a figure appeared.

It is a gentle and middle-aged man in a white robe.

This middle-aged man really appeared above the fruit tree of life before, reminding Zulong their man.

"Congratulations, come here through all the cards!"

The elegant middle-aged man smiled.

"Junior Lu Ming, have seen seniors!"

Lu Ming clenched his fists.

"My name is Baiya!"

Ruya middle-aged smiled, and then said: "Lu Ming, you control the way of domination, talent is rare, very similar to the master's practice!"

"The way to dominate, senior, between heaven and earth, is there really this way? This is my own random name!"

Lu Ming quickly asked.

"Randomly taken? Hahaha, that's a coincidence, yes, there is indeed a way of **** between heaven and earth. Once you break through the martial realm, you can control the power of the master. That is a very high level of power!"

White teeth.

"Wu God Realm, dominate the divine power?"

Lu Ming wondered.

"That's something related to Wushen Realm, you are now weak, you don't need to worry about it!"

Bai Yadao: "The most important thing is that you come here through all the relevant cards, and also cultivate the way of the master, which can inherit the inheritance of the master!"

"inherited?"

Lu Ming's eyes lit up.

"I tell you, my master, but an extremely powerful being, with an ingenious talent and unfathomable cultivation. The entire Huangquan Mountain is a treasure of my master!"

White teeth.

Lu Ming took a breath, and his heart was full of shocks.

The entire Huangquan Mountain is a treasure of Master Baiya.

God!

The area of Huangquan Mountain is comparable to the total of the nine heavens of the heavenly realm. It is vast and endless. There are countless creatures, and even the existence of Wushen Realm.

In addition, in this Huangquan Island, Lu Ming continuously encountered masters. The previous transparent-winged man and the elegant man in front of him were unfathomable. Lu Ming suspected that they all existed in the Wushen Realm.

So obviously, the master said by Baiya is definitely stronger than Wushen.

Stronger than the **** of war, there is such a existence in the world?

Before this, Lu Ming thought that Wushen was the strongest existence in the world, but now it seems that it is far from it.

There is also a stronger existence than Wushen.

Legend has it that Huangquan Mountain came from outside the heavens. There must be a stronger existence than Wushen Realm.

In Lu Ming's heart, yearnings and expectations arose.

When Xiuwei reached this stage, he was almost at the peak.

The entire Celestial Realm, the Evil God Clan, has no more opponents. Now knowing that there is a stronger person above the Wushen Realm, Lu Ming has a higher pursuit.

"Can I get this legacy of existence?"

Thinking of this, Lu Ming was fiery.

"My master is named Jing Yu. This statue is my master. You should have seen my master's statues in many places before. That's because this treasure is my master's, so many places, All enshrined my master's statue!"

White teeth.

Lu Ming suddenly realized that he finally understood why there was a statue in every cursed land.

"Unfortunately, my master died and was harmed by the adulterer, and we and this Huangquan Mountain were sealed here. Our generations will never be able to get out!"

Speaking of which, in the eyes of white teeth, there was a trace of grief, and a trace of murderous opportunity.

Chapter 2516: Inheritance of Jing Yu, a picture

The white teeth just overflowed with a breath, and Lu Ming felt cold all over. With his current practice, facing the white teeth is like an ant, facing an elephant, without any resistance.

Horror, terrible!

This is Lu Ming's feeling, he has a feeling, if the white teeth want to deal with him, the finger can kill him, this is not felt on the Zulong or the alien ancestor.

Lu Ming was even more shocked!

The existence of Baiya is actually sealed here, and it is difficult for generations to go out.

In addition, the owner of Baiya's master, Jing Yu, must have been stronger, but was killed. How strong should their enemy be?

Also, there are many cursed places in Huangquan Mountain, are they also their enemies, the means of laying down?

Lu Ming turned his thoughts.

"However, there is no way out of the world. In the midst of life, there is a ray of life. Every ten thousand years, the seal of Huangquan Mountain will loosen, and people outside you can come in!"

"We have been looking for the right person, looking for someone who can inherit the inheritance of the master. Unfortunately, every time, there are not many people coming in from outside, and there are very few talented people. We have waited for a long time, Finally waiting for you!"

White teeth.

"Senior, should I have a request to inherit the inheritance of Jing Yu?"

Lu Ming said.

Bai Ya looked at Lu Ming, revealing the color of appreciation, and said: "You are very clever, yes, there are demands!"

"I can tell you that the master was framed, wronged, and died with injustice. The master's line is always sealed here. So, if you want to inherit the inheritance of the master, you must swear on the origin of life. Revenge of the master, Shen Zhaoxue, save us out!"

Sure enough, Lu Ming knew it was not easy.

Lu Ming said with a bitter smile: "Senior, you can do it or you can do it." Where can I do it?"

"You can't do it now, you may not do it in the future. There is no time limit for this matter. With your talents, you may not be able to surpass the master in the future. Although this matter is difficult, there is still some hope!"

"I can tell you that what you have gained and realized before is only one of the hundreds of millions of inheritance of the master. If you can get the inheritance of the master, you can take a lot of detours in the future!"

White teeth began to seduce Lu Ming.

Lu Ming thought quickly.

Baiya's owner Jing Yu was obviously a terrifying existence, and Xiu Wei exceeded Lu Ming's imagination.

There will definitely be a great danger in avenging such people.

But Lu Ming immediately thought of Evil God Clan.

If both the alien ancestor and the killing ancestor recovered, he might not even pass the level of the evil **** clan. All the people in heaven must die, including his relatives and friends.

And agreeing to Bai Ya's request to help Jing Yu avenge his revenge, it is not known how many years later, and even if it fails, he will die only by himself.

Moreover, if there is a level of Jingyu, if they can get the other party's inheritance, there may be a way to fight against the evil **** clan.

Thinking of this, Lu Ming has already made a decision.

"Okay, Senior, I promised!"

Lu Ming said.

"It is good!"

Bai Ya was overjoyed and said, "However, you still have to swear on the origin of life!"

Swearing on the origin of life is completely different from blood oath.

Blood oath, to the Wu Emperor Realm, has been able to confront.

However, swearing on the source of life directly affects the source of life. Not to mention the Emperor Wu, even the God of War, it is difficult to contend. If you violate the oath, you will be punished terribly.

Immediately, Lu Ming took the oath of the origin of life according to Bai Ya's request.

"Senior, now I don't know who is the enemy of Senior Yu Yu?"

Lu Ming said.

Even the enemies do not know who it is, how to avenge it?

"Do you know the Taixu pilgrimage?"

Bai Ya asked for a moment.

"Taixu Holy Pilgrimage? Never heard of it!"

Lu Ming shook his head.

"Have you not heard it? It's normal if you haven't heard it. Those guys must have sealed us to a very remote place. The Promise Galaxy, you should have heard it?"

White teeth.

"Promise Galaxy?"

Lu Ming was even more embarrassed.

"The Promise Star River has never heard of it, what about the wilderness universe? Should I have heard it?"

White teeth.

Lu Ming shook his head hard.

"Have you not heard of Honghuang Universe?"

Bai Ya himself was so dumbfounded that he watched the landing and opened his mouth.

Lu Ming couldn't help but touch his nose. He really hasn't heard it. Isn't it a shameful thing?

"Those guys, where did we seal our seals? I haven't even heard of the Honghuang Universe. No wonder there are so few geniuses coming in these years!"

"Ruthless, those guys, so cruel, this is for us to never turn over!"

White teeth looked somber, and gritted their teeth there.

Lu Ming was very clever and didn't say a word.

It took a while for Baiya to recover.

"You don't know at all, I told you, you can't tell clearly, so, you inherit the master's heritage first!"

After Bai Ya finished speaking, a picture scroll appeared in his hand. After opening the picture scroll, a young man was drawn on the picture scroll. He was handsome and lifelike.

It is the owner of White Fang, Jing Yu!

Moreover, the significance of the dominance exuded in this portrait is astonishingly rich, which is countless times richer than Lu Ming's exposure to any statue.

"Lu Ming, use your master's way to resonate with the master's portrait, and you can naturally inherit the master's heritage!"

White teeth.

Lu Ming little by little, the way to dominate immediately.

Sure enough, as soon as he worked his way to dominate, the picture was filled with a purple-gold light.

After a while, the picture turned into a ray of light and flew into Lu Ming's mind.

At this time, Lu Ming seemed to see a young man, carrying his hands on his back, standing in his sea of knowledge, and radiating a bright purple-gold light all over his body.

"war!"

At this moment, the young man shouted, and a word 'war' flew out.

This word "war" is full of ancient atmosphere, as if crossing the endless years, coming from the river of time.

It seems to represent the origin of all battles in this world. It is mysterious and unfathomable, and it is countless times more mysterious than the word 'war' that Lu Ming enlightened before.

For a while, all the visions in Lu Ming's brain disappeared. In his knowledge of the sea, there were only two things left.

A picture!

An ancient word "war"!

As for other information, Lu Ming was disappointed that there was not a little bit of it or any secrets of exercises.

"How? What do you get from the master's heritage?"

Bai Ya asked quickly.

"Just like two, a picture scroll, an ancient word "war", there is no other information!"

Lu Ming said disappointedly.

"It turned out that I understood that the master sealed everything in the scroll. It must be that your current cultivation level is too low, so I didn't get any information!"

White teeth.

Chapter 2517: 180 fruits of life

Lu Ming is really speechless!

His cultivation level is too low?

You know, his physical body and the way of the master now add up, and all his combat power has exploded. He has confidence and a demigod battle.

Now, how many people are his opponents in the whole heaven, evil spirit world and meta realm?

But in Bai Ya's eyes, his cultivation base was too low.

"Relax, as long as you cultivate in the future, the seal in the scroll will also open. Not only will the master practice the exercises, but also some information about the master's enemies!"

White teeth.

"Ok!"

Lu Ming nodded.

"Boy, you look disappointed. You just don't know how to be in a blessing. Do you know how envious I am?"

"Do you know, how mysterious is the word "war" you got? How big did it come from? That is the ancient characters of the original source, do you understand the ancient characters of the original source? If it is placed in the vast universe, I am afraid there will be countless The head of the terrifying existence is bloodshed!"

Bai Ya shouted, her eyes full of envy.

"The original ancient characters?"

Lu Ming continued to be forced, he found that he almost couldn't understand what Bai Ya said.

"Forget it, you won't understand so much. Remember, when you walk in the universe of the wilderness, you must try not to expose the secret of this "word of war", otherwise, it will cause you a big disaster!"

"Furthermore, the word "war" that you enlightened before is only one-millionth of the original ancient word, no, it is one of hundreds of millions of parts, so you need to learn more about this "word of war" in the future 'The benefits to you are unimaginable!'

"This tactics of war is also unintentionally discovered by the owner, and they have not yet realized much. Other people don't know it at all, otherwise, those guys will never leave the inheritance of others!"

White teeth crackled again and said a bunch.

Lu Ming seemed to understand, but could only remember it in his heart.

"Also, this is for you!"

A storage ring appeared in Baiya's hand and was thrown to Lu Ming.

Lu Ming took it and was overjoyed.

Storage ring, there should be some treasures.

Lu Ming's spiritual consciousness probed into it. At the next moment, Lu Ming showed a trace of disappointment.

The things in the storage ring are very simple, only two.

A war sword, and a huge wooden box.

When the thoughts moved, the war sword appeared in Lu Ming's hands.

"This weapon..."

Lu Ming sensed it, and then entered the power of the world into it. It suddenly felt that this war sword was simply a bottomless hole, and there was a strong force of swallowing, which madly swallowed the power of the world in his body, and Lu Ming scared off quickly. His connection with War Sword.

It's terrifying, Lu Ming feels that if this war sword erupts, the power is many times stronger than the Heavenly Path Soldier.

"This is an artifact, a weapon dedicated to the Martial God Realm Powerful. With your current cultivation behavior, it can't be controlled at all, and it will be drained of energy, and you can use it later when you cultivate it for a breakthrough!"

White teeth.

"Artifact!"

With a move in his heart, Lu Ming finally knew what the Wushen's special weapon was called.

Because Zulong and the alien ancestor battle, both sides used this level of weapons.

Lu Ming was overjoyed. This weapon was an invaluable treasure. Lu Ming re-entered the storage ring, and then took out the wooden box. As soon as he opened it, there was a strong and mellow fragrance of medicine.

In the wooden box, there are crystal clear fruits, the essence of life is simply amazing.

"this is..."

Lu Ming was shocked. He felt that the medicinal fragrance exuded by this fruit was very similar to Life and Death Pill, except for its richness, which was far above that of Life and Death Pill.

"This is the fruit of life!"

Bai Ya explained: "The fruit tree of life on Huangquan Island will bear fruit once every long period of time. However, people outside you will only come here once, so the fruit that comes out at other times, I will Collect, there are a total of 180 tablets here, the medicinal properties of the fruit of life are not bad, you can use it!"

Boom! Boom! ...

Lu Ming's heart jumped wildly.

The fruit of life, and still 180.

Ecstasy, Lu Ming's real ecstasy.

As for Bai Ya's sentence, "The effect is good" was directly ignored by Lu Ming.

Not only does it work well, it's a superb treasure.

Lu Ming has seen the efficacy of the life-and-death pill. The Titan beetle and the Nine-Life Demon Silkworm are hard to recover from the endless years of injury. They are almost fine in a few days.

The medicinal effect of the fruit of life is even more amazing. Zulong and the ancestors of different races are killed or killed, not for the fruit of life?

But now, Lu Ming got 180 pieces at once.

Lu Ming quickly closed the lid of the wooden box and put it away.

Lu Ming was very happy and satisfied, and this time the harvest was too great.

"Okay, it's time to explain, I've also explained, I should give it, I also gave it, and now, I will send you out!"

White teeth.

"How do we get out?"

Lu Ming asked.

"There is a boat on the side of Huangquan Island. You can take the boat and go out directly. I will send a message to everyone on the island immediately!"

White teeth.

"Senior, wait!"

Lu Ming called out quickly.

"What's the matter?"

White teeth asked.

"Senior, is there some people with three eyes on this island?"

Lu Ming asked.

"Yes, among them, there is also a Martial God Realm!"

White teeth.

"Senior, can you take action to wipe out the existence of the three-eye Wushen Realm!"

Lu Mingdao, if he can directly kill the alien ancestor, then everything is solved.

"No!"

Bai Ya shook his head directly and said, "We are sealed here, subject to many restrictions, and we cannot help you kill people!"

"Those people are your enemies, or you can solve them yourself. If you can't even solve such weak enemies, how will you face stronger enemies in the future and how to help your master get revenge?"

After talking, the white teeth disappeared without a trace.

Lu Ming was speechless.

Weak?

That's the Wushen, it's weak!

Lu Ming has discovered that he and Baiya have completely different values and ideas, and there is no way to compare them.

After Baiya left, it didn't take long before he came back.

"Okay, I have spread the news. Now I will send you out!"

After speaking, Bai Ming waved his hand, and Lu Ming's body disappeared directly here.

The next moment, Lu Ming appeared on a mountain peak.

"Brother Qing Cang!"

As soon as Lu Ming appeared, he saw several people in the distance flying away in one direction.

"Brother Lu Ming!"

Seeing Lu Ming, Qing Cang was also overjoyed and flew over.

"Brother Lu Ming, go, Senior Zulong, call us together!"

Qing Cangdao.

"it is good!"

Lu Ming nodded, followed Qing Cang and flew in one direction together.

Soon after, they converged not far from the fruit tree of life.

"Xiaoqing, Dandan..."

Lu Ming saw Xie Nianqing and Dan Dan.

Chapter 2518: Back to heaven

Speaking of which, since they entered Huangquan Island, they haven't seen them for nearly 150 years.

Meet at this time, naturally happy.

Moreover, Lu Ming found that whether it was Xie Nianqing or Dandan, Xiu Wei had greatly improved.

Xie Nianqing's cultivation practice has already obtained the Seven Stars Peak Emperor.

Dandan has not fallen much, and there is also the realm of Six Star Heavenly Emperor.

At this moment, on the islands of Huangquan, all the islands have a pontoon, and on those islands, there is a figure running towards Huangquan Island.

Those who did not reach Huangquan Island and stayed on other islands.

Soon, Lu Ming saw Lu Xiangxiang, Ouyang Moli, Long Chen, Huang Ling and others...

None of his friends are okay, and cultivation is all advanced, Lu Ming relieved.

After a few hours, no one showed up on those islands.

"Everyone is here, let's go!"

Zulong led the crowd and rushed toward the side of Huangquan Island.

Along the coastline, they soon discovered two huge battleships.

Rumble!

One of the battleships roared, and actually started, galloping forward.

Above, there are alien ancestors, some other masters of Evil God Clan.

The Evil God Clan actually left first. You have to know that there are some Evil God Clan on the island that did not get on board.

Obviously, the alien ancestor was afraid of Zulong trying to find him desperately, so he abandoned some evil gods and drove the ship first.

"This guy is really mean!"

Zulong said angrily.

He really wanted to find alien ancestors to fight desperately, but unfortunately, now the alien ancestors specifically avoid him.

The remaining Evil God Clan sighed when they saw the alien ancestors and others leave.

They were abandoned, but fortunately, the world of Huangquan is so huge that staying here is not much different from staying in Evil God Realm.

They saw the gaze of the strongest in the realm of heaven, their faces changed, they ran away in the other direction, and they disappeared without a trace.

"go!"

Zulong greeted everyone to board the Sky Battleship.

Soon, everyone boarded the Tongtian warship, and the Tongtian warship began to start, riding the wind and waves and heading forward.

Soon after, a huge vortex appeared in front, and the aliens and their sky-high battleships rushed into the vortex successively.

This time, they didn't throw everyone out as they did when they first came in. The two sky-rocketed warships fell along the vortex.

Then, the water of Huangquan flows forward, forming a big river.

Is this the source of the Huangquan River?

Everyone couldn't help thinking.

The Huangquan River originated from here, then circulated around and returned to the world of Huangquan, forming a cycle.

Therefore, as long as they travel along the Yellow River, they will one day be able to reach the battlefield outside the two boundary cities of Taiqing Tianyu.

However, I am afraid it will take a short period of time.

The battlefield outside the two border cities is already relatively close to Huangquan Mountain, and it is probably far away to circle around here.

Everyone sought a place to practice.

Lu Ming, Xie Nianqing and others, got together, chatted for a while, and then dispersed.

Lu Ming was sitting cross-legged on a deck, and when he thought about it, the picture and the word "war" appeared in his mind.

Lu Ming's attention was focused on the word "war".

Suddenly, Lu Ming felt that there was an endless mysterious artistic conception, which emerged. This was an extremely mysterious feeling.

Mysterious and unfathomable, this is Lu Ming's feeling about the word "war".

The word 'war' that Lu Ming had experienced through the third pass came from here, but it was just a hint of fur.

Lu Ming began to understand with all his heart. The more he realized, the deeper he felt about the "fight".

The Huangquan River is really long. They have been driving like this for two years.

At this time, the alien ancestor in front shot, tearing open a space forcibly, and then rushed into the space crack with the sky warship.

"That's...Jiuyou Tianyu!"

Many people have seen and recognized the world after the cracks in space.

Obviously, alien ancestors and others directly entered the Nine Nether Heavenly Domain and intended to return from the Nine Nether Heavenly Domain.

Soon, the space heals.

They continued to move forward to the Nine Serenity Realm, then the Taiqing Celestial Realm was not far away.

Everyone did not practice anymore, but waited.

Sure enough, it didn't take long for Zulong to shoot, and under the void, the space split.

It can be seen from the cracks in the space that the opposite is the battlefield outside the two cities.

"go!"

Zulong took the channel warship, passed through the space crack, and returned to the battlefield outside the two boundary cities.

came back!

Many people sighed.

This time, when I entered Huangquan Mountain, I went there for more than a hundred years. I experienced a lot, but when I came back, I felt like a dream.

Uh! Uh! Uh! ...

Everyone flew out of the Sky Battleship and flew towards the Two Realms.

Soon, they were close to the two realms.

"Senior Zulong, they are back!"

As soon as they approached, the strong men in the two realms found them, and quickly opened the large array to let them in.

After entering, I learned that during the past several hundred years, neither the Celestial Realm nor the Evil God Clan had changed, and had been stalemate.

Then all of them left.

This time, many people have encountered adventures in Huangquan Mountain.

Especially on the last Huangquan Island, many people have the opportunity to find a place to retreat and digest well.

Zulong also left and returned to Zulong Nest, he needs to use the fruit of life to restore his injury.

Now is the process of hurrying. It is foreseeable that the alien ancestors will also recover their injuries at the fastest speed.

Lu Ming, Xie Nianqing, Dan Dan, Lu Xiangxiang and others temporarily stayed in the Two Realms.

"Lu Ming, I'm leaving too. My cultivation base has reached the Six-Star Heavenly Emperor. I'm looking for a place to retreat, impact the Peak Heavenly Emperor, and return to the previous peak level!"

Dan Dan said goodbye to Lu Ming.

"Dan Dan, this is for you!"

Lu Ming waved his hand and a jade box flew towards Dandan.

Dandan reached out and took it, opened it, and there was a scent of extreme medicine in the nose.

Once the pupils contracted, showing fiery colors, exclaimed: "This is the fruit of life, your boy, how can there be a fruit of life?"

He can remember that when he was fighting for the fruits of life, Lu Ming was not there.

"Hush, be quiet!"

Lu Ming glanced at Dandan once. Fortunately, there were only two of them, but no one else.

"Who am I? I tell you, there are so many fruits of my life!"

Lu Ming proudly said.

"real or fake?"

Everyday doubts.

"Nonsense, of course, it is true. You can use this fruit of life to make your cultivation practice return to its peak!"

Lu Ming said.

The fruit of life is not only for the treatment of injuries, but also has the ability to make the world go.

It can help people solidify the foundation, develop potential, improve the foundation, and even break through to the state.

Chapter 2519: Doubts about cultivation

"You really still have one, give me another one!"

Dan Dan's eyes glowed and he began to aim at Lu Ming randomly.

"You guys, you know you are greedy!"

Lu Ming pouted.

"Hey, what is insatiable? Now I am fighting with aliens. I am to improve my cultivation. In ancient times, I was not far away from the demigod realm. You are giving me a fruit of life. I can definitely break through Half God Realm!"

Shouted.

"Okay, give you another one!"

Lu Ming waved his hand, and another jade box flew to Dandan.

Dan Dan took a look and swallowed droolingly, looking at Lu Ming's eyes, even more fiery.

"Go away, no more!"

Lu Ming scolded.

Finally, he left here reluctantly.

After leaving, Lu Ming found Xie Nianqing and gave Xie Nianqing two fruits of life.

Xie Nianqing's cultivation practice is at the peak of Heaven Emperor!

Although Xie Nianqing was not injured, but relying on two fruits of life can also develop potential, helping to impact the semi-deity.

After that, Lu Ming called Bubble, Lu Xiangxiang, Ouyang Moli, Huang Ling, Long Chen and others, and gave one each.

Lu Xiangxiang, Ouyang Moli and others, the cultivation base is not very high. Taking a fruit of life can definitely transform and have unlimited potential. If you practice in the future, you will definitely be smooth and fast.

After that, Lu Ming returned to Yuanlu and gave his parents, and Qiuyue, one fruit per life.

Lu Ming's parents, with Lu Ming's help, initially refined the fruit of life, and cultivated for a direct surge, breaking through the way, and within a month, they broke through to the state of Wu Sheng.

The fruit of life is so unfathomable that even Wushen has a great effect, and its medicinal effect can be seen.

Used on a Wu Emperor's person, it was a violent disaster, but Lu Ming didn't care.

Moreover, Emperor Wu and Wu Sheng could never refine the fruit of life, and if they take it, they may be boosted by medicine.

However, with the help of Lu Ming's dominance, naturally everything is fine.

Li Ping and Lu Yuntian broke through the Wu Sheng Realm and Shou Yuan reached more than 100,000 years. Lu Ming was satisfied.

Moreover, the medicinal effects of the fruit of life are too unfavorable. They are still far from being refined. In the days to come, their cultivation practices will definitely skyrocket.

With the help of the fruits of life, their speed of enlightenment is amazing.

Over time, break through Wudi, let alone.

As for Qiuyue, Lu Xiangxiang and them, in the next days, Xiu Wei will also advance by leaps and bounds.

In a lap, Lu Ming consumed 15 fruits of life.

After finishing these things, Lu Ming calmed down and thought about his next cultivation path.

Next, he has two paths.

One is to practice "The Seven Gods Xuan Gong" and break through the flesh.

He has already practiced to the peak of Heavenly Emperor, next step, he can start to attack Wushen Realm.

However, the seventh layer of "Seven Gods Xuan Gong" has only four words: ten thousand yuan.

This left him puzzled and clueless.

After thinking for a while, Lu Ming planned to put down the flesh first and cultivate the way of domination.

The way to dominate, he is now only the pinnacle of the Great Emperor Realm. Below, he can also break through the Heavenly Emperor Realm, and there is still a long way to go.

Moreover, the way to dominate, and the picture of Jing Yu as a reference, it will be much easier to practice.

With the decision, Lu Ming began to fully understand the way of domination.

Now, he has become a pinnacle emperor. The next step is to break through the realm of heaven.

Lu Ming concentrated on cultivation and it took a few months.

Lu Ming stopped training, his eyes flashed with doubt.

When he cultivated the way of domination, he felt that there was a powerful force in the world, blocking him, making it difficult for him to break through.

That power is like the power of this world, like the power of heaven.

"What's going on? Why is the power of this heaven and earth blocking me?"

Lu Ming frowned, wondering.

In his heart, a little anxious.

There is not much time left for him.

Now, the elder ancestors of the alien race have returned 11 fruits of life. He and the sacred ancestor of the heart will definitely take the fruits of life to restore their cultivation. Once they are recovered, the two sides will definitely have a terrifying battle.

The final battle is coming soon.

Lu Ming must break through to cultivate behavior before this.

Whether it is the flesh or the way to dominate, he must have the same breakthrough, otherwise, it is impossible to be the opponent of the alien ancestor and the killing ancestor.

"Go ask Senior Zulong!"

Lu Ming intends to ask Zulong to ask about it, and he still has a lot of life fruits in his hand. He plans to give it away to try to improve the combat power of the heaven.

Thinking of this, Lu Ming set off and tore through the space. Soon after, he came to the Zulong Nest and flew towards the mountain where Zulong lived.

Coming to a hall at the highest point, a figure flashed, stopping Lu Ming.

It is one of the top ten fighting beasts, the five-element unicorn.

"Seniors, juniors have important things and want to visit Senior Zulong!"

Lu Ming clenched his fists.

"Senior Zulong is recuperating to heal, I'm afraid it's inconvenient to see you!"

Five elements unicorn road.

"Are you recuperating?"

Lu Ming sighed and knew this already. When he first came back, he came to Zulong to ask.

"Anyway!"

At this moment, a figure flashed, and Zulong's figure appeared.

"Senior you..."

Five-star unicorn was stunned.

"This is just my projection, my body is refining the fruit of life to heal!"

Zulong smiled.

Lu Ming and Wuxing Qilin both breathed a sigh of relief.

"Five elements, please step back first!"

Zulong Road.

"Yes!"

Wuxing Qilin bowed to his life and left here.

"Lu Ming, you are looking for me, what is it?"

Zulong smiled.

"Senior, this time I come, there is something for seniors!"

Lu Ming took out a storage ring and handed it to Zulong.

Zulong took it curiously and swept the consciousness. At the next moment, Zulong's eyeballs, staring rounded, his mouth opened.

Originally, with his mentality, there were few things in the heavenly realm that could make him so shocked, but there are storage rings given by Lu Ming.

Because Lu Ming's storage ring contains a hundred life fruits.

Lu Ming received a total of 180 fruits of life. Fifteen were used before, and 165 remained.

Lu Ming himself left sixty-five spares, and the rest was given to Zulong.

"The fruit of life, this is the fruit of life, so many!"

Zulong muttered to himself, even breathing, heaving up.

"Lu Ming, how did you get so many fruits of life?"

Zulong said something unbelievable.

"I was in Huangquan Island, and I had an adventure. I have searched for the fruits of life that Huangquan Island has produced over the years!"

Lu Ming smiled and continued: "I give these fruits of life to the seniors, but they can live in the seniors to heal!"

"No, it's too much, you leave some for yourself!"

Zulong Road.

"The juniors have left some!"

Lu Ming smiled.

Chapter 2520: Martial God's Secret

Zulong was speechless. After a while, he said: "Actually, we got seven before. If I healed, up to five would be enough. However, in the ancient battle of the year, I was in the realm, and many strong people were seriously injured. It hurts the source of life, and it is difficult to heal for so many years. These fruits of life can be given to them. In this way, the strength of my heaven can be greatly improved!"

"Then it's up to seniors to decide!"

Lu Ming said.

He gave these life fruits to Zulong, the original intention is the same.

"Lu Ming, you this time, but made great contributions to our heavenly realm, what do you have to ask, just mention it!"

Zulong smiled.

"Seniors and juniors really have questions and want to ask. Seniors and juniors want to ask, what is 10,000 yuan for one?"

Lu Ming asked.

"Ten thousand yuan one?"

Zulong looked at Lu Ming carefully and asked, "Your cultivation behavior has already reached this point. Show me!"

"it is good!"

Lu Ming nodded, then his muscles vibrated, his blood tumbling like a dragon, and his momentum was amazing.

This is the power of the flesh!

Then, a bright purple-gold light filled him, and Lu Ming will dominate the road, and the road will also explode.

"Good, good, good!"

Zulong's face showed a look of excitement, which was good three times.

In his eyes, Lu Ming's cultivation practice was also felt before, and it was extremely powerful. It was confirmed at this moment that he really couldn't hide the excitement in his heart.

Flesh is the pinnacle of Heavenly Emperor, the way to dominate, has also reached an amazing point, so young, this is simply a miracle.

He understands that he still underestimated Lu Ming, and Lu Ming's trip to Huangquan this time probably won an unimaginable opportunity.

However, the stronger Lu Ming is, for Tianjie, a good thing, the happier he is.

"Lu Ming, you are practicing, have you encountered a bottleneck!"

Zulong asked.

"Yes, please ask seniors for advice!"

Lu Ming nodded.

"Well, the next step of your physical way is the Wushen Realm. If you want to break through the Wushen Realm, you must understand this realm!"

"Wu Shen Realm is different from all the realms before Wu Shen Realm. Wu Shen Realm, known as the Spirit, has actually reached another category. Before Wu Shen Realm, it can be said to be the first step of cultivation. It is the first step to complete the cultivation, and the Wushen Realm is the second step into cultivation!"

Zu Long explained in detail that Lu Ming listened carefully and was shocked.

The cultivation before Wushen is only the first step of cultivation, and stepping into Wushen is the second step of cultivation.

Does that mean that the second step of cultivation also has many realms?

"Wu God Realm, very special, mainly cultivates divine power!"

Zulong said again.

"Magic power?"

Lu Ming wondered, thinking of Zulong, the kind of power used by the alien ancestors, their power is extremely amazing, is that divine power?

"Yes, divine power, but if you want to cultivate divine power, you need to get 10,000 yuan to one!"

"What is 10,000 yuan is one, is to blend and merge all forces, such as laws, artistic conceptions, avenues, heavenly paths, supernatural powers, physical power, world power, etc. No matter what power or system you practice, In the end, all of them must be fused together and transformed into a more advanced power, that is the divine power!"

"Only by doing this step can we enter the Martial God Realm. In fact, the so-called invincible strongman, that is, the demigod, has actually done this step. They have already united 10,000 yuan and ignited a ray of fire in the body!"

Zulong Road.

"All things must be unified, the small world in that body..."

Lu Ming asked in shock.

"Also, everything must be unified into divine power, divine power, supremacy, great power, and the power of the world, in the face of divine power, can't withstand a blow!"

"The master's way of your cultivation, when you step into Wushen Realm in the future, it will be transformed into the master's divine power, which is a terrible divine power!"

Speaking of this, Zulong was a little envious, but immediately turned into a sigh and said:
"Unfortunately, it is impossible to give birth to gods in this world!"

"It's impossible to have a god? What's going on?"

Lu Ming quickly asked, he felt that he would be exposed to some core secrets.

"Hey!"

Zulong sighed again, and was silent for a while, saying: "The conditions of Heaven Realm, Yuan Realm, or Evil God Realm, it is impossible to support a breakthrough of a god. In other words, the conditions are too bad, at most. Cultivate to the demigod state!"

"At most you can only practice to the demi-god?"

Lu Ming gaped, and after a while, he asked again: "Then you, and the ancestors of other races..."

"You are curious, how do we reach the Wushen Realm, that's because, we are not in the Heaven Realm, or the people of the Evil God Realm, we come from outside, when we come, it is the Wushen Realm!"

Zulong Road.

"what?"

This time, Lu Ming was really stunned.

Zulong, the ancestors of the alien ancestors are not the gods of the heavens or the evil gods, but come from the outside.

This is really beyond his expectations.

"Outside, is it the wilderness universe?"

In Lu Ming's heart, he turned his thoughts, and he remembered what Bai Ya said to him.

"Senior, does that mean that we can go outside and break through?"

Lu Ming asked.

"Hey!"

Zulong sighed again. After a moment of silence, he shook his head: "Now, I can't get out!"

"Can't get out?"

Lu Ming was even more puzzled.

"This matter involves a lot of things. It is not time to tell you now. I will have a chance in the future. I will tell you!"

Zulong shook his head, shifting the topic, and said, "So, you are not suitable for practicing the physical body now, because you can only attain a semi-divine state at most if you practice again. For the overall situation, it does not play a decisive role. You now, To concentrate on practicing the way of domination, as long as you break through the realm of heaven, there is hope to fight against a martial god, at least in heaven!"

Lu Ming also calmed his mind and pressed down the doubts in his heart, saying, "Senior, I practiced the way of the Lord before, but I always feel that the world is blocking me, as if the heavens are pressing me, don't know what's going on?"

"This is normal, this is because the way of **** is too domineering!"

Zulong said: "The way to dominate, can dominate the world, and it is extremely domineering. Even outside, it is an extremely rare force. Heaven, that is afraid!"

"Scared?"

"Yes, once you break through the Heaven Emperor Realm, you can dominate the world and dominate this world, including Heavenly Dao, so Heavenly Dad is afraid, and will desperately suppress you to stop your breakthrough!"

"So, when you broke through Emperor Wu, the power of Heavenly Tribulation was so powerful that Heavenly Path was stopping you!"

Zulong explained.

Lu Ming suddenly realized that this was the case. No wonder he was so difficult to break through Emperor Wu, and the power of Heavenly Tribulation was beyond imagination.

The reason is that Heaven is afraid!

Lu Ming is also speechless!
