D Emperor 2521

Chapter 2521: Longhuangfeng

"If you want to make a breakthrough now, you must constantly understand the way of domination, and let yourself use and understand the way of **** more and more deeply!"

"At the same time, you must constantly improve your combat power. When your combat power reaches a certain height, you can use powerful force to break through the blockage of Heavenly Dao and forcibly enter the Heaven Emperor Realm!"

Zulong Road.

In Lu Ming's heart, suddenly bright!

Zulong is worthy of being a strong player in Wushen Realm, and he clearly pointed out the direction for him.

After his cultivation, the focus should be on the way of **** and the word of war. As long as the combat strength is strong enough, it can penetrate the heavenly path and enter the realm of heaven.

"Thank you senior!"

Lu Ming was very happy to thank you.

"Don't thank you, Lu Ming. Now, you are a variable of this war, and also my hope on this side of the heavens. The victory or defeat of this war depends on you!"

Zulong Road.

"Seniors said it seriously!"

Lu Ming said.

"It's not a matter of words, it's a fact. Now, our heaven is completely passive!"

"Alien ancestors have received enough fruits of life. He and the sacred ancestor of the heart will definitely recover with all their strength. Even if I fight desperately with the ancestor of the alien ancestor, he can block me and leave time for the sage of the heart. Recover, wait for the holy ancestor to recover, we are in trouble!"

"And I don't go to the alien ancestors to fight and wait for both of them to recover. I can't resist both of them, and the other demigods, it is impossible to step into the martial **** realm, so we are completely passive! "

"But you are different, as long as you dominate the way, step into the heavenly emperor, and dominate the power of the heavens and the earth, it is possible to contend with a martial god, so to say, you are the hope of heaven!"

Zulong said a long line of gravity.

Lu Ming also fell silent, he understood that Zulong was right.

"The juniors will do their best to break through the realm of heaven!"

Lu Ming Zheng focused on the head.

"With the injuries of me and the ancestral ancestor Mo Ke, with the help of the fruits of life, it will heal for up to a few hundred years, but the sacred ancestor of the heart-killing trauma is more serious and it will definitely take more time, but according to my estimation, the most Thousands of years, the sacred ancestor will recover!

"So, there is at least a thousand years left for us!"

Zulong Road.

"A thousand years?"

Lu Ming whispered, clenching his fists.

He must break through the realm of heaven within a thousand years.

"Lu Ming, the way to dominate, is too advanced. I have only heard of it before, never seen it, and can't give you much guidance, everything, and you have to rely on yourself!"

Zulong Road.

"This time, I still want to thank my senior!"

Lu Ming bowed and clenched his fists.

"Well, if you have other questions in the future, please come to me at any time and go!"

Zulong Road.

Lu Ming turned around, left the Zulong Nest, and returned to Heaven.

"At most thousand years, time is running out!"

Lu Ming whispered that after a thousand years at most, a decisive battle would break out.

In this millennium, not only did he want to break through, but Lu Ming also wanted to break through his relatives and friends, as well as break through as soon as possible, as soon as possible. Fortunately, when the catastrophe came, he had enough self-protection.

Lu Ming plans to choose a good place in Tianjie, gather all his relatives and friends, and gather resources for everyone to practice.

In fact, his current small world is already big enough, but big is big enough, but the cultivation conditions are still incomparable to the realm of heaven.

Lu Ming left the two realms and looked up in the realm.

A few days later, Lu Ming appeared in the southern area of Taiqing Tianyu, standing on a vast mountain.

"This is it!"

Lu Ming smiled.

This mountain is extremely rich in gas, and there is a main peak, which is as high as 100,000 feet, directly breaking through the sky.

Taking a step forward, Lu Ming appeared at the top of this mountain, and then, with a thought, his small world emerged.

"Get up!"

Lu Ming sipped. In the small world, the Taoist ancient trees rose up and brought a lot of soil, and flew out of the small world and fell on the top of the mountain.

As soon as it fell on the top of the mountain, the roots of the ancient trees of Taoism wriggled and plunged into the soil of the mountain, where it took root.

Lu Ming intends to plant the ancient tree of Wudao first, plant it here as a holy place for cultivation, and gather all his relatives and friends here.

Now, the ancient trees of Wudao are three thousand meters high, covering the sky and the sun.

Between each branch, there is the breath of the road.

Woo...

Roar...

As soon as the ancient tree of Wudao came out, countless monsters and beasts were felt in the mountains around the four sides, and they came together frantically towards this side.

"roll!"

Lu Ming drank coldly, and a terrible breath erupted, covering all the mountains.

It was as if a giant dragon was looking down on a group of ants, and all the monsters were almost scared to death, and they ran away after pulling their legs, one by one.

Uh! Uh! ...

Lu Ming's figure moved, and began to inscribe a large array near this mountain range, including a million miles in a square.

It took Lu Ming a whole month to engrave a big battle.

"It's not enough for me to cultivate my position. In the future, I will pull that guy into hard work and engrave a big battle!"

Lu Ming smiled.

Then send a message to Tu Yi and Lei Yi and let them come.

Soon, Tu Yi, Lei Yi and others arrived here.

"In the future, you will sit here!"

Lu Ming said.

"Yes!"

Tu Yi they lead the life.

"Also, these six weapons, you hold!"

In Lu Ming's hands, six weapons appeared, and they were handed over to Feng Yi and Huo Yi.

"This...wonderful weapon!"

The fire was shocked when one or six people sensed it.

"This is a weapon equivalent to Heavenly Path Soldiers, as long as you inject energy, you can use it!"

Lu Ming said.

Lu Ming brought dozens of weapons of this rank from Huangquan Mountain.

Tu Yi, Jin Yi, Lei Yi and Trio all had Heavenly Dao soldiers. Lu Ming did not give them, but gave Huo Yi one of them.

"Thank you young master!"

The fire thanked gratitude, and then they took other puppets in the Chaos Hall and built it in this area.

Soon, huge palaces and various cultivation places spread out centering on the ancient trees of Taoism.

Next, I went to the battlefield outside the two realms and found the evil swordsman and Jianfeiliu.

The evil swordsman, the ancient battle, also hurt the origin. Lu Ming gave the evil swordsman a fruit of life. After the evil swords customer service, the injury was cured soon.

The original cultivation practice of the evil swordsman was the Five Star Heavenly Emperor. Not only did the wound heal now, but soon after, it also broke through and reached the Six Star Heavenly Emperor.

Of course, Lu Ming did not stay long. After he gave the evil swordsman a fruit of life, he left and returned to Yuan Realm, bringing the people of the Dragon League and the people of the Dragon Valley to the heavens, and came to open up new ones. On the site.

The arrival of the Dragon League suggested that this place be called Longhuangfeng, and Lu Ming had no objection.

Chapter 2522: Lu Mings face

Afterwards, Archaic Body Training, along with a large number of physical training, came to Longhuangfeng to practice.

In addition, Bubble, Phoenix Spirit, Longchen, Ouyang Wushuang and others also brought people to Longhuangfeng.

After all, the ancient trees of Wudao are not everywhere, especially the ancient trees of Wudao that have grown to three thousand meters. The cultivation environment here is better than many places.

Some people who have a good relationship with Lu Ming, as well as some forces, have come to Longhuangfeng to practice. For a time, a large number of masters have gathered here.

And Lu Ming, the soldiers he got from Huangquan Mountain, gave them out one after another.

For example, several emperors of the Taikoo sportsmanship, Lu Ming gave each a soldier equivalent to the Taoist soldiers.

Lu Ming himself sat in Longhuangfeng and practiced with peace of mind.

Xie Nianqing, Lu Shenhuang and others are naturally at Longhuangfeng, often accompanied by Li Ping and Lu Yuntian, and the old couple are happy every day.

In a flash, it was half a year later.

The matter about Longhuangfeng has also spread, shaking many people in heaven.

"Unexpectedly, Lu Ming actually has an ancient tree of Taoism!"

"This is among the pinnacles, only a very few people have it!"

Many people are talking about heaven.

The time is in a hurry, and it is another year.

There are no impenetrable walls in the world. About Lu Ming's hands, there are weapons equivalent to Tiandao soldiers. Even Lu Ming's hands and the fruits of life have spread.

This time, it really caused a big shock in heaven.

Countless people have greed in their hearts, and all powerful forces are full of strangeness.

Among a powerful force, several senior leaders are discussing this matter.

"Sovereign, this person Lu Ming, not only controls the ancient trees of Taoism, but also weapons of the level of Taoist soldiers, and even the treasures of the sky like the fruits of life. If we get them, our strength will definitely increase!"

"Yes, we might as well take it away!"

Several high-level suggestions.

"No, now the common enemy of the Celestial Realm is the Evil God Clan. If we deal with Lu Ming, I am afraid that Zulong will not let us go!"

"Moreover, I heard that Lu Ming has a good relationship with several top ten beasts!"

This patriarchal rule.

"Ming is not good, we can come secretly and steal Lu Ming's treasure!"

Someone suggested, showing a fierce look.

"No, there are many masters around Lu Ming, not only the nine Heavenly Emperors of Chaos Hall, but also the strong men in the archaic body repair, but there are peerless strong men, it is not easy to deal with!"

This patriarchal rule.

As for Lu Ming's own strength, they didn't care much.

After all, what happened in Huangquan Mountain was ordered by Zulong to keep everyone secret, so it was not disclosed.

"so what should I do now?"

Someone asked.

"Lu Ming is a genius, there are too many strong people behind him. To deal with him is too risky. Let's observe and observe first. If someone takes the lead, it's best!"

This patriarchal rule.

Not only this force, but many other forces did not dare to take the shot easily in the end, intending to observe first.

For a time, Taiqing Tianyu was a bit dark.

Long Huangfeng, in a courtyard, Lu Ming and Xie Nianqing also chatted.

Every time Lu Ming practices, he takes time to rest and accompany his family.

"Now you have weapons of the level of the Taoist soldiers, as well as the fruits of life, which are all spread out. These are all worthless things. Are you afraid of being remembered?"

Xie Nianqing smiled.

"Are we afraid?"

Lu Ming smiled.

With their current strength, who is afraid of being remembered?

Xie Nianqing also smiled. Whoever is worried about it can only be considered the bad luck.

"However, it is not good to be missed every day. After all, people who belong to the heaven realm will also fight against the enemy in the future. I have dispelled their thoughts!"

Lu Ming laughed.

...

A few days later, a message spread throughout Taiqing Tianyu.

Three months later, Lu Ming asked the nine-headed golden lion Qing Cang, one of the top ten war beasts, to preach at Longhuangfeng. At that time, everyone was welcome to come and listen.

As soon as this news came out, it caused an uproar in Taiqing Tianyu.

What is the existence of the nine-headed golden lion Qing Cang? It was in the ancient times, and it was named as the soul that shook the world, and the cultivation practice of the Peak Emperor was extremely powerful.

Lu Ming, could actually ask Qing Cang to preach at Longhuangfeng, which is enough to show how hard the relationship between Lu Ming and Qing Cang is.

Those powerful forces who had been thinking about the treasures on Lu Ming's body heard this news, like a pot of cold water, splashed on their heads, and immediately dispelled the idea of Lu Ming.

Just kidding, there were rumors before that Lu Ming had a good relationship with the top ten war beasts, but that was rumor after all.

But now, Lu Ming can invite him to preach, that relationship is more than good.

Isn't it death to fight against such a strong man?

In the following three months, Taiqing Tianyu, countless strongmen, gathered towards Longhuangfeng, and there were even a lot of strongmen in the Heavenly Emperor Realm.

For a time, Longhuangfeng masters gathered.

And on this day three months later, Qing Cang arrived as scheduled and preached.

A pinnacle emperor's understanding of spiritual practice has reached an extremely high level. This sermon has benefited countless people, and even some emperors have been greatly inspired.

You know, there are not many heavens in the heavenly emperor, especially after the First World War, the dead, the wounded, and the wounded are all retreating hard, or healing, and who will come out to preach, Very few.

After this preaching, Lu Ming released another important news.

Ten years later, he will invite another peak emperor to preach at Longhuangfeng.

Everyone was even more shocked. Lu Ming could actually invite Pinnacle Emperor to preach. This kind of energy was shocking.

Those forces who thought Lu Ming completely extinguished the thoughts in their hearts.

Although treasures are important, they must be fought.

Everyone is looking forward to it, looking forward to ten years later.

Ten years, for the strong, the blink of an eye.

Ten years later, Lu Ming invited a peak emperor from the prison world to speak at Longhuangfeng.

This time, there were more people coming to Longhuangfeng to hear, and it was almost crowded.

At the same time, after the sermon was over, Lu Ming promised that ten years later, there would also be a peak emperor who would preach at the altar.

Everyone was shocked, Lu Ming could still bring in such an existence, how many strong men is he related to?

This time, there are simply a lot of people who live near Longhuangfeng to practice and do not leave!

Anyway, Longhuangfeng has the ancient trees of Taoism and cultivation environment, and it is also the top in the heaven. Moreover, Lu Ming is also open-minded and welcomes others to come to practice.

This time, it didn't take long for Dandan to finally get out of the customs. His cultivation plan reached the peak of Heavenly Emperor. He had planned to go all out, and the retreat continued to hit the semi-divine realm, but was lured by Lu Ming, and he did three things near Longhuangfeng. After months of hard work, a large formation was laid.

After the formation of the large formation, Dandan ran away, I do not know where to go to retreat and broke through.

With the great formation under the blanket, Longhuangfeng has truly become a top-level cultivation place.

Chapter 2523: The Three Dark Kings

The large formation once formed not only has the function of defending against attacks, but also gathers the atmosphere of the world.

The natural gas between heaven and earth gathers near Longhuangfeng, so that the concentration of the original gas here is ten times that of other places.

For a time, Longhuangfeng turned into a holy place for cultivation, and countless people came to practice.

As soon as ten years had passed, Lu Ming invited the Nine Life Demon Silkworm to preach at the altar.

Many people were inspired to break through the bottleneck and improve themselves.

After that, every ten years, Lu Ming will invite a pinnacle emperor to preach, and this kind of thing has continued for sixty years.

Sixty years later, Lu Ming did not continue to invite the Peak Emperor to come.

But enough. The people in the whole world know Lu Ming's relationship, which is amazing. The master standing behind is so terrible.

Even though many people think Lu Ming is not very strong, he is shocked by his energy.

Sixty years later, although there was no peak Tiandi preaching, it seemed to form a tradition. From time to time, there were powerful Tiandi preaching and preaching here, which attracted many people to listen to it.

Some of these preachers are four-star heavenly emperors, and some are five-star heavenly emperors. Although they are far inferior to the pinnacle heavenly emperors, they are also rare opportunities for the creatures under those heavenly emperors.

Longhuangfeng has become a holy place for cultivation.

In a hurry, Lu Ming and they came out of Huangquan Mountain, and a hundred years have passed.

In the past 100 years, Lu Ming has been practicing besides spending time with his family or teaching disciples.

In a hundred years, his understanding of the way to dominate has become stronger and stronger, but Xiu Wei is still at the peak of the emperor, and there is no breakthrough.

His comprehension of the "war character formula" is getting deeper and deeper, and it has improved several times compared with when he first came out of Huangquan Mountain.

Others, such as Lu Xiangxiang, Ouyang Moli, and Longchen, and Huang Ling, have greatly improved.

They took the fruits of life, and their potentials exploded, and their cultivation base rose sharply. Now, all of them have entered the realm of the emperor.

Even Lu Ming's two named disciples, Zhuang Xiaoshan and Zhuang Xiaorou, became emperors.

On this day, Lu Ming and Li Ping were drinking tea and chatting in the courtyard.

"Ming'er, you and Xiaoqing's granddaughter are so old. Have you not done your business yet?"

Li Ping asked.

"This one..."

Lu Ming groaned.

His granddaughter Lu Chi showed amazing talents in cultivation, and now he has become an emperor for more than two hundred years, and has reached the emperor realm.

Without Lu Chi's wholehearted cultivation, there was no idea of getting married. Otherwise, Lu Ming's descendants do not know how many.

But his wedding with Xie Nianqing has never been done. Li Ping and Lu Yuntian both miss it.

"Ming'er, you are thinking about Qiuyue, as well as Huang Ling girl, Mu Lan girl!"

Li Ping glanced at Lu Ming as if smiling.

"Cough!"

Lu Ming coughed dry.

Indeed, now, his family and friends are gathered near Longhuangfeng to practice.

Xie Nianqing, Qiuyue is naturally there.

The Phoenix Spirit and Muran are also there. Their thoughts on Lu Ming, let alone Lu Ming, others can see it.

Therefore, Lu Ming has never known how to face it, so the wedding has been dragging.

"Your child, just like your father when he was young, likes to pour out sticky flowers..."

Li Ping said dissatisfied.

"Cough cough, you woman, don't talk nonsense, where am I sticking flowers everywhere?"

On the edge, Lu Yuntian hurriedly coughed and made a big red face.

"Dad, mother, let me think about it, think about it..."

Lu Ming is also a headache. Today's plan can only be dragged first to find an opportunity to test Xie Nianqing's tone.

boom! boom!

Just then, in the distant sky, a few roars came suddenly.

Someone broke in!

Lu Ming thought for the first time that it was obvious that someone broke into and was attacked by a large array.

"Who? Dare to break into Dragon King Peak!"

"Leave me!"

Without Lu Ming's hands, Long Huangfeng immediately rushed out of five or six figures, flew into the sky, and launched an offensive.

It is Lei Yi, Tu Yi, Jin Yi and others.

Uh!

In the sky of Longhuangfeng, a dark shadow flashed rapidly, fighting against Lei Yi and others. However, after a few strokes, Lei Yi and others were completely invincible, and the attacked back again and again.

"Let the old man come to meet you!"

In Longhuangfeng, an old man stepped out of the air, **** like a mountain, slamming into the shadow.

This old man is an old man who is an archaic bodybuilder and the strongest one. He achieved the four-star heavenly emperor.

The two men fought a dozen tricks in a row, but the elders of Taikoo Sportsmanship actually lost, and were repelled.

"Hey, I heard that Longhuangfeng master is like a cloud, but that's all it is!"

A sneer sounded, and a figure appeared in the sky.

This is an old man in a black robe, with a thin figure and cold eyes.

"It's the Black Bat King!"

"The Black Bat King, one of the three Dark Kings!"

On Longhuangfeng, a voice suddenly came out.

Near Longhuangfeng, not only some of Lu Ming's family and friends practiced here, but also many others practiced here. Some people recognized this old man in black.

"It turns out to be the three kings of darkness!"

Lu Ming moved.

The name of the Three Dark Kings, he has also heard, is the three infamous three scum in heaven.

The so-called, Lin Zi is big, everyone has.

There are countless creatures in the heavenly realm, and not everyone is dedicated to fighting against the evil **** clan.

Among them, some people never go to fight with aliens, and often start to fight against the strongest in the realm, notorious.

The Three Dark Kings are among the best.

The three dark kings are not humans, but three gods and beasts.

And the cultivation base is amazing, two five-star heavenly emperors and one six-star heavenly emperor.

In addition, they act extremely cautiously, and never provoke themselves to become a high-powered person, and they live in a state of nowhere, haunted, and are good at speed. Some of the strongest people in the heavens want to get rid of them, but every time, they are The other party escaped.

When it comes to the Three Kings of Darkness, many people in the heaven realm have heard the color change.

"Black Bat King, you dare to come to Longhuangfeng, are you afraid to die?"

Lei Yi roared.

"Hey, don't think I don't know, our brother, after waiting for a hundred years and paying attention to it for a hundred years, we are sure to get it!"

"Recently, no one on Longhuangfeng preached, those above the five-star Heavenly Emperor, all left, who can help our brother!"

The black bat king laughed, and then stepped out, showing the cultivation behavior of the five-star Tiandi, undoubtedly.

"Lu Ming, get out of here and hand over the soldiers and the fruits of your life. Also, this ancient tree of enlightenment, our brothers also want it!"

After all, the Black Bat King reached out a big hand and grabbed the ancient tree of Wudao on the top of Longhuangfeng Mountain.

"Come on!"

Lei Yi and others, as well as the ancient emperor Tiandi, all rose to the sky and attacked the black bat king, blocking the black bat king.

But at this time, behind the black bat king, the space was split and two figures appeared.

The other two kings of darkness are here!

Chapter 2524: Hand over

The other two kings of darkness are here!

They are Black Eagle King and Black Wing King.

Among them, the cultivation of the Black Eagle King is the Six Star Heavenly Emperor, and the cultivation of the Black Wing King is the Five Star Heavenly Emperor.

The breath of the three spread out unscrupulously and enveloped Longhuangfeng in it.

On Longhuangfeng, many people looked white.

The Three Dark Kings must have been staring here for a long time. During this time, Longhuangfeng lacked the strong.

Sometimes, Longhuangfeng still has some five-star emperors and six-star emperors stranded, but during this time, these masters have left.

Obviously, the Dark Kings are here to take advantage of this gap.

"Lu Ming, surrender the treasures on you, our three brothers, you can save your life!"

The Black Bat King shouted again.

Behind Lu Ming, how many masters are standing?

As long as they snatched Lu Ming's treasures, find a place to hide, who can find it?

"It seems that it is necessary for me to stand up!"

There was a sneer in the corner of Lu Ming's mouth, a flash of cold light flashed in his eyes.

Obviously, most people are afraid of the power behind him and daring not to deal with him, but it does not mean that everyone does not dare.

Those who do not care about desperation, dare!

All of this is because many people think that Lu Ming's own strength is not strong.

Today, Lu Ming is going to put an end to these people.

Originally, the big formation under Dan Dan was enough to kill the Dark Kings, but Lu Ming did not intend to start the big formation this time, but had to take action in person.

"Dad, mother, I have something to go out!"

Lu Ming said to Lu Yuntian and Li Ping.

"Naruto, you have to be careful!"

Li Ping said with concern.

"Dad, mother, rest assured!"

Lu Ming smiled slightly, stepped out, and the next moment, he appeared in the high sky of Longhuangfeng, facing the three kings of darkness.

"Lu Ming, Lu Ming!"

"It's too dangerous for him to face the Three Dark Kings like this!"

Many people were shocked by the remarks.

"Hahaha, Lu Ming, you finally come out!"

The Black Wing King of the Dark Kings sneered.

"I think it's not easy for you to practice, surrender, and be my mountain guardian beast, I can spare your life!"

Lu Ming spoke indifferently.

"what?"

The Dark Three Kings froze, his eyes widened.

Lu Ming, actually asked them to surrender, and asked them to be his mountain guardian beast, is it crazy?

He thought that Long Huangfeng still has strong men in town?

They secretly lurked in Longhuangfeng for a hundred years, and knew the entry and exit of Longhuangfeng personnel well.

Want to scare them!

They thought that Lu Ming was bluffing.

"Lu Ming, you don't need to bluff, we know Dragon Wongfeng well, you can't scare us!"

Black Bat King sneered.

"Yes, today, you are the strongest dragon emperor peak, just the four-star heavenly emperor!"

The Black Wing King also sneered.

The boss of the Dark Kings, Black Eagle, has not spoken.

"Really? The strongest dragon emperor is the four-star heaven emperor? How did you come to this conclusion?"

Lu Ming's smile was stronger in the corner of his mouth, and then he stepped out continuously.

"Bluff, since this is the case, I will kill you, your treasure, it will still be ours!"

The black bat king screamed, his figure flickered suddenly, and disappeared.

The three dark kings are known for their speed, and the black bat king moves to the extreme speed.

People generally at the same level as him cannot keep up with his speed.

However, he encountered Lu Ming.

Lu Ming stood there, motionless, as if he hadn't seen the Black Bat King do it.

"not good!"

Lei Yi, Jin Yi, and others, as well as others from Longhuangfeng, were all in shock.

"We help the young master!"

Lei Yi, Jin Yi and others are about to rush towards the landing.

"Don't intervene..."

Lu Ming waved his hand and stopped Lei Yi and others from shooting.

call out!

At this moment, from behind Lu Ming, burst out a brilliant brilliance, piercing Lu Ming's back heart.

Black Bat King, launched an attack. The timing he grasped was very accurate. When Lu Ming stopped Lei and others, he showed flaws.

In addition, the Black Bat King shot, almost accurate, this move, he has full confidence, can stab Lu Ming.

Sure enough, he stabbed!

The long sword in his palm stabbed Lu Ming's back heart.

At this moment, everyone's face changed dramatically.

The other people's faces changed greatly because they thought Lu Ming was about to finish playing and would fall into the hands of the Black Bat King.

The reason for the black bat king's complexion is quite the opposite of others.

Because, he found that his long sword was stabbing Lu Ming's back heart, but he couldn't pierce it.

Lu Ming's body seemed to be harder than any magic soldier. His long sword stayed on Lu Ming's skin, and then he could no longer pierce him, let him explode his strength.

"not good!"

The black bat king shouted in his heart, trying to pull back, but he was shocked to find that a terrifying power was generated in Lu Ming's body, and he sucked him firmly, and he couldn't retreat at all.

Don't retreat, even if he wants to move, he can't move!

Horror, great horror!

At this moment, there was a great terror in the heart of the Black Bat King. He suddenly understood that what he faced was a terrifying existence.

Black Bat King's face turned uglier than crying.

Lu Ming slowly turned around, facing the Black Bat King, showing a bright smile.

"How about your strength?"

Lu Ming smiled.

"This..."

Around, at the scene, other people also stunned, with a dazed face.

How is this going?

Why did the Black Bat King pierce Lu Ming with a sword, and Lu Ming has nothing to do with it, and the Black Bat King posed with that sword action, where he was motionless, as if he had been fixed.

Many people are already ignorant!

"Brother, second brother, go away, this man is evil!"

The Black Bat King reacted and immediately shouted.

"Leave my third brother!"

"Let him go!"

Black Hawk King, Black Wing King did not leave, the two roared, showing their original shape.

It is a huge black eagle, and a huge black fin.

The Black Eagle King and the Black Wing King flapped their wings, rolled up the strong wind, and drove towards the landing.

"Stubbornness, suppress!"

Lu Ming spoke indifferently, reached out a hand, and pressed against the void.

Rumble!

In the sky, endless energy gathers, and a large purple-gold hand is formed, covering a side of the universe, and suppressing toward the Black Eagle King and Black Wing King.

The terrifying power made the faces of Black Eagle King and Black Wing King change wildly.

"No, go!"

The Black Eagle King roared in horror, flapped his wings, and turned away.

Because, Lu Ming took a shot, he knew that he was definitely not Lu Ming's opponent.

The same is true of the Black Wing King, who turns around and leaves.

However, they can't go away at all.

The two of them, like two very slow mosquitoes, were shrouded in one palm and could not escape the range of palm suppression.

boom!

The purple-gold palm was suppressed, and the Black Eagle King and Black Wing King screamed, and was directly suppressed by Lu Ming's palm on the ground.

Chapter 2525: One-sided overlord

boom! boom!

The ground shook, and the Black Eagle King and the Black Wing King were crushed to the ground, unable to move at all, as if suppressed by an extremely heavy mountain.

The scene fell into a silence.

Everyone watched dumbfounded. For a while, nothing happened at all.

It was half loud, and there was a cold breath.

Everyone looked at Landing with horror.

God, what did they see?

Black Eagle King, Black Wing King was actually suppressed by Lu Ming.

That's a six-star heavenly emperor, a five-star heavenly emperor, who has been in the sky for countless years.

But now, they were suppressed by Lu Ming.

Is Lu Ming's strength already so strong?

Horrible, terrible!

Miracle, this is simply a miracle. No one has ever achieved this step at Lu Ming's age.

Then, there was an uproar on the scene, and everyone was excited to talk.

The Black Bat King, witnessing all this, almost scared to death, and the expression on his face was uglier than crying.

bump!

Lu Ming kicked directly, kicked on the black bat king's stomach, the black bat king screamed, his body flew out, and hit the ground heavily, and side by side with the black eagle king and the black wing king.

"Finally give you a chance to surrender and be my mountain beast, otherwise you will be my appetizer tonight!"

Lu Ming spoke indifferently, and his cold eyes swept the Three Dark Kings, causing them to tremble with a chill.

They became Lu Ming's appetizers, and when they thought of this, they sweated coldly.

"We are willing to surrender, willing to surrender!"

"We surrender!"

The Three Dark Kings cried out one after another.

At this moment, they knew that if they did not surrender, there would be only one way to go.

"Relax, I will plant a ban on your soul, who will resist, die!"

Lu Ming said.

"Yes Yes Yes!"

The three kings of darkness nodded and bowed.

Immediately, Lu Ming planted a ban on the souls of the Three Dark Kings. The Three Dark Kings became Lu Ming's beasts for protecting mountains.

"Master, the three of us have offended many enemies over the years. We have turned to you. I am afraid that many people will come to trouble you!"

The Black Eagle King said a little worried.

"Relax, you have become my mountain guardian beast, that's my person, no one dare to come to trouble you!"

Lu Mingdao is full of strong self-confidence.

"Yes, yes, the master is a masterpiece. Whoever comes to the master's trouble is a dead end!"

Black Batman immediately said flatteringly.

"Okay, you have to guard the three directions of Longhuangfeng, go!"

Lu Ming waved his hand.

"Yes Yes Yes!"

The Three Kings of Darkness nodded again and again, turned into the original form, and flew in three directions to Longhuangfeng.

At this moment, many people are completely in shock.

The three dark kings who were in disastrous heaven were just conquered by Lu Ming, which was a breeze.

They were deeply shocked by Lu Ming's means and Lu Ming's fighting power.

Has Lu Ming's strength already reached this step?

Between turning hands, you can suppress the Six Star Heavenly Emperor. Such strength has already stood at the pinnacle of this world!

"No, this news must be reported to the suzerain!"

"Hurry up to the house owner!"

Many people started to act.

Regarding Lu Ming's suppression of the Three Dark Kings, it spread at a terrifying rate, and quickly spread throughout the Taiqing Heavenly Territory, and even reached Yuanjie.

Celestial Realm, Yuan Realm, because of Lu Ming, set off a turbulent wave.

All who heard the news were stunned with shock.

What strength is it to suppress the Six Star Heavenly Emperor?

Everyone understands that they used to look down on Lu Ming completely.

Lu Ming, not only stood behind the terror strong men, but even his own, also very powerful existence.

They finally know why those strong peaks have such a good relationship with Lu Ming, that is because Lu Ming is their same level of existence.

One by one powerful forces, a powerful presence, no longer has any trace of dissent or thought to Lu Ming.

Even many forces sent envoys to congratulate Lu Ming, but of course they were all blocked by Lu Ming.

"Lu Ming, have you already reached this step? It seems that I am not your opponent after all!"

Heaven, on a certain mountain, destiny stands hand in hand, with a complex face.

Today, he has also entered the realm of emperor. This speed of cultivation can be said to be very strong in the history of the Celestial Realm, but it is much worse than Lu Ming.

Heaven, Lin Family!

Lin Xiaofeng, one of the Nine Wonders of the Heavenly Realm, looked towards Longhuangfeng.

"Lu Ming, it really is not what I can compare. I should let go of my arrogance and go to Longhuangfeng to seek the way!"

After talking, Lin Xiaofeng turned into a rainbow of light, and left here to go towards Longhuangfeng.

Lan family, everyone heard silence for a while, and then it was fortunate.

At that time, they had a hatred against Lu Ming, but then he followed the advice of the Lan family ancestors, and sent Lu Ming a gift in public to pay guilt.

At the beginning, there were still many people who were upset and uncomfortable. They thought that there was no need to indemnify Lu Ming. But now, they are all fortunate. Fortunately, they and Lu Ming resolved their grievances. Otherwise, the Lan family will definitely die.

"Lu Ming!"

He defeated Lin Xiaofeng and became the No. 1 in Jiu Ju, and then Xuanyuanyi, who was defeated by Lu Ming, stood in a courtyard of the Lan family, looking towards the Longhuangfeng direction, revealing a complex color in his eyes.

"Xuanyuan, you don't need to care, this person Lu Ming, since ancient times, this kind of person has never appeared since ancient times. Such a person is destined to be the protagonist between heaven and earth, not something that I can match!"

Lan Xia came over and took Xuanyuanyi's hand.

He knew that Xuanyuanyi was defeated by Lu Ming at that time and had always had a knot.

"Hey!"

For a long time, Xuanyuanyi sighed and said, "I understand that from now on, I will not use him as an opponent again!"

...

Lu Ming!

Lu Ming!

At this moment, the heavenly realm, the yuan realm, countless people chant the name.

Those who complained with Lu Ming were frightened one by one.

With a good relationship with Lu Ming, she smiled.

Since then, Lu Ming, in everyone's mind, has become a hegemony and a giant in heaven.

There are more people going to Longhuangfeng to practice.

The person who came to Lu Ming refused to refuse. Even, a few months later, he personally preached at the altar. Those who listened to the Tao were deeply impressed by Lu Ming's teaching.

After this incident, Long Huangfeng's days fell into peace.

In fact, the entire Heaven Realm, Yuan Realm, Evil God Realm, during this time, are very peaceful.

The two battlefields, except for occasional battles, are peaceful, and everyone is retreating and practicing hard.

Because everyone knows that this kind of peace is only a superficial, terrifying storm. When it doesn't know when it will erupt, everyone will be involved.

Chapter 2526: One shot to break the barracks

From spring to autumn, it's another hundred years in a hurry.

Lu Ming They have been back from Huangquan Mountain for two hundred years.

At the top of Longhuang Peak, in a secret room, Lu Ming finished his cultivation and frowned.

After another hundred years, Lu Ming's cultivation practice has reached the limit of the peak of the emperor. He feels that he can impact the emperor's realm at any time.

However, between heaven and earth, the force that hinders him is too strong, he can never break through!

"My combat power is still not enough, it is difficult to penetrate the power of Heaven's obstacle!"

Lu Ming frowned.

After more than two hundred years of cultivation, Lu Ming found that he was still too slow in his cultivation of "War Words".

Moreover, he is now practicing ‘War Word Skill’, as if he has encountered a bottleneck. It has been more than ten years without any improvement.

"War word tactics must be promoted in battle. Only in battle will war word tactics be understood quickly!"

"Moreover, I now have a bottleneck, and I must pass a fierce battle to break through!"

Lu Ming thought.

However, to reach his present level, there are not many people who can fight against him.

Even if he went to find the demi-gods of Heaven Realm, the same people in Heaven Realm would not be able to fight life and death, the effect will definitely not be good.

"Evil God Race!"

Lu Ming's eyes flashed, and he thought of the Evil God Race.

Evil God Race is the best sharpening stone.

"Then take your hands first!"

Lu Ming whispered, and then left the retreat, stepped out, the space was split directly, Lu Ming stepped into the space and disappeared.

At the next moment, his figure appeared directly on the battlefield outside the two realms.

Over the years, the Evil God Clan has been mainly defensive, but it will also send some people to fight with the Heaven Realm on the battlefield. No large-scale fighting broke out.

Lu Ming stepped out and walked towards the direction of Hengyuan Tianyu.

"kill!"

"kill!"

After walking for a while, Lu Ming heard a violent shout in front of him.

A group of people in a fierce confrontation.

There are hundreds of people in the heavenly realm and in the evil **** clan.

The two sides fought fiercely and some people fell from time to time.

Lu Ming went straight ahead and walked directly to the land of war.

"kill!"

A tall evil spirit clan saw Lu Ming, holding a battle axe, and rushed towards the landing Ming.

Buzz!

A piece of muscle in Lu Ming's chest shook violently. The muscle shook and the space suddenly shook, forming a terrifying power.

Under this force, this alien body burst directly.

With Lu Ming's real state of the flesh now, there is no need to take shots at all, and the terrifying power of muscle shock erupts enough to kill the enemy.

bump! bump!

As Lu Ming stepped forward, all the Evil God Clan who approached Lu Ming directly exploded and their bodies fell apart on the spot.

However, the creatures of heaven are all right!

"this is..."

Many people were shocked.

What is this means, they did not see Lu Ming hands, those evil **** clan died.

"Lu Ming, he is Lu Ming!"

Someone exclaimed and recognized Lu Ming.

"It turned out to be Lu Ming, no wonder!"

People on this side of heaven are overjoyed.

And those Evil God Clan were afraid, and turned and ran.

call out!

Lu Ming waved his hand, and a purple-gold light flashed away, skimming the void, and everyone's Evil God Clan was beheaded on the spot.

"So strong!"

"Too strong, is this the strength of Lu Ming, those Evil God Clan, can't withstand a blow!"

Seeing that Lu Ming raised his hand and killed hundreds of aliens, those in the heaven were shocked.

Killing hundreds of aliens, Lu Ming did not stay and continued to move forward.

"Where is Lu Ming going to go? Is he going to kill the alien barracks?"

"It's been a long time since a character of this level has shot, this is a big thing!"

"Haha, go and see!"

The souls of these heavens followed Lu Ming one by one.

Lu Ming has been moving forward. On the way, he encountered several fights. Lu Ming shot at will and killed the Evil God Clan.

The creatures in the heaven, after recognizing Lu Ming, followed one by one, there were thousands of people.

Finally, there was a behemoth ahead, and the barracks of the Evil God Race arrived.

The barracks of the Evil God Race are so huge that they will completely block the passage to the Hengyuan Heaven.

Inside are densely packed, all kinds of buildings, and countless evil spirits.

Around the barracks, there was a large formation, shining with glory, defending the barracks.

In some places, there are also celestial beings and evil spirit clan fighting.

boom!

On Lu Ming's body, the breath began to rise. In his hand, a spear condensed by the dominating power emerged.

Uh!

Lu Ming rose to the sky, standing at high altitude, holding a spear in both hands, struggling to draw the front with the pressure of Mount Tai.

The spear in his hand grew sharply and filled the sky, more majestic than a mountain range, and pressed toward the barracks of the evil gods.

"No, someone attacks the barracks!"

The barracks of the Evil God Clan shook, and countless figures flew around.

"Large formation, start great formation!"

"Don't panic, our large formation is enough to block!"

A voice spread throughout the barracks.

The barracks of the Evil God Clan lit up with a ray of glory, and a huge light shrouded the barracks of the Evil God Clan.

boom!

The purple-golden spear bombarded the mask of the Evil God Barracks heavily.

When the rifle bombarded the mask, the entire battlefield seemed to vibrate violently, stirring up all over the dust.

bump! bump!

The ground near the Evil God Barracks is constantly exploding, with gravel splashing and huge cracks appearing on the ground like a cobweb.

The mask formed by the large array of Evil Gods shook wildly like a flexible bubble that collapsed into it.

"broken!"

Lu Ming shouted, his whole body exploded, and suddenly squeezed.

bump!

The mask of the Evil God Barracks burst directly.

broken!

The large camp of the Evil God Clan was broken open by Lu Ming. The huge spear, entrapped with the power of terror, pushed down.

"Run away, run away!"

"Run away!"

Countless evil gods, their faces changed wildly, almost scared to death.

However, under the pressure of the spear, the endless space storm was rolled up, and many Evil God Clan had not escaped, and they were crushed into flesh under the power of terror.

One after another, the gods of the gods are constantly bursting apart.

boom!

The huge spear was finally drawn on the ground, and countless buildings exploded. On the ground in front, there was a huge gun marks five million miles long and one million wide.

awful!

At this moment, I do not know how many Evil God Races were killed by Lu Ming!

The barracks of the Evil God Race are in disarray.

"day!"

The creatures in the heavens were stunned when they saw this scene.

Lu Ming alone, broke the barracks of the evil **** clan, and killed countless evil **** clan, too strong!

Chapter 2527: Lu Ming, invincible strong

Lu Ming broke through the large array of Evil God Clan, stepped out, and appeared in front of the Evil God Clan Barracks. The spear swept out.

Just like sweeping thousands of troops, the barracks that were not swept just now, under the spear, kept exploding.

"Run away, run away!"

Countless Evil God clan, turned into countless rainbow lights, and fled crazy towards the rear of the barracks.

"Lu Ming, look for death!"

"Damn!"

Deep inside the barbarian barracks, there were several angry roars.

A few terrifying breaths rose up, rushing towards this side crazy.

"Peak Heaven Emperor, is the Peak Heaven Emperor!"

Many celestial beings' faces are wildly changing, and the subconscious will run away.

"Quick, send a voice to the two realms, call the master to come, the other party has three peak heaven emperors!"

Some people have already begun to transmit.

"Three pinnacle emperors!"

Lu Ming's eyes flashed.

Uh! Uh! ...

The speed of Pinnacle Heavenly Emperor was too fast, and in a flash, appeared in front of Lu Ming.

"An acquaintance!"

In Lu Ming's eyes, a cold light flashed.

One of them was Moroga, the so-called general who broke the realm. At that time, Moroga captured Lu Ming to the evil spirit world.

The other two, one is the Evil God Clan royal family, and the other is the Evil God Clan aristocrat, with purple scales shining.

The three pinnacle emperors revealed horrible murderous opportunities in their eyes, and wished to unload Lu Ming into eight pieces.

Behind, the spirits of the heavens felt the pressure of terror. Many people had already stepped back. Some people were courageous. When Lu Ming didn't move, he looked at him courageously.

"Lu Ming, kill so many people of my family, today, you will definitely die!"

Moroga spoke indifferently.

"Take it, Moroga, today, it is time to reckon that you caught my revenge, but I advise you to take it together!"

Lu Ming said.

"Arrogant, I am alone enough to kill you!"

Mo Luojia drank coldly, stepped out, and appeared in front of Lu Ming. He fluttered purple hair, and his breath rose to the extreme.

Uh!

A sword of war appeared in his hand, and a sword slashed towards the landing.

As soon as the sword came out, the void was cut off directly, and a rift of millions of miles appeared.

The pinnacle of Heaven Emperor, shot with all his strength, power is unimaginable.

Undoubtedly, the war sword in Moroga's hands is a heavenly soldier.

Buzz!

The long gun in Lu Ming's hand shook and swept out, bombarding with Moroga's war sword.

when!

With a deafening roar, Moroga's body thundered and flew back directly, tens of thousands of miles back, and a mouthful of blood spewed out.

"how is this possible?"

Moroga roared in his heart, shocked beyond imagination.

The two were only fighting each other, and he was injured by Lu Ming.

Moreover, Lu Ming has not used the Tiandao soldiers, he has already used them.

He is hard to accept!

At that time, Lu Ming turned over his hands to kill him, but now, he can actually hurt him. This is only a few hundred years.

For hundreds of years, for people at their level, it was just a blink of an eye.

Not only him, the Evil God Clan, the other two Peak Gods, but also other Evil God Clan, were shocked.

The creatures in the heavens were also shocked.

"A move to injure a peak Emperor, is this Lu Ming's strength?"

"so horrible!"

Even some celestial beings who were running away stopped.

"I said, you can't do it alone, let's go together!"

Lu Ming said that the purple-golden spear in his hand broke apart and replaced it with the Great Wilderness Gun.

"Shoot together!"

Moroga looked at the other two pinnacle emperors.

"Okay! Let's go together. Today, we must kill this person!"

Another Evil God Clan Peak Emperor nodded his head and gave a voice to the other two.

Lu Ming is terrifying. At such an age, he has such a combat capability.

They have also heard of Lu Ming's performance in Huangquan Mountain.

The evil spirits who have been to Huangquan Mountain all said that Lu Ming can control the Jiuling Ding of Jiulong and can have the fighting power of the highest heaven emperor.

But just now, Lu Ming was useless, but with his own strength, he injured Moroga.

This is a bit scary!

This proves that Lu Ming's strength is madly improving.

Such people will not be killed, and the future will be endless.

boom! boom! boom!

The three pinnacle emperors moved in an instant, from three directions, to the landing and attacked.

"bring it on!"

In Lu Ming's eyes, there was a hint of warfare. The Great Waste Gun shocked and instantly stabbed three guns, three guns, and stabbed at Moroga three people.

Three consecutive roars, the attacks of the three Moroga were all defeated by Lu Ming, and even, they were attacked by Lu Ming, and the blows repeatedly retreated.

"kill!"

Lu Ming came out step by step, the momentum was like a rainbow, the spear was shaking, and the lances of the sky rushed to kill three people in a row, covering the three people in the lance.

The three broke out and fought with Lu Ming.

However, they were shocked to find that they were not Lu Ming's opponents at all, and were completely suppressed and fell in the wind.

"Lu Ming is going to win!"

After being shocked, the creatures in heaven are ecstatic.

Lu Ming alone can suppress the three pinnacle emperors. What kind of combat power is this?

Invincible strong!

A word flashed in everyone's mind!

Only the invincible strong can have such a combat power, and it will defeat the three pinnacle emperors.

Lu Ming, has actually reached the step of invincible strong.

bump!

During the fierce battle, Moroga was drawn by Lu Ming's spear, his body almost burst apart, and he receded wildly, vomiting blood constantly.

"Moroga, take you on the road!"

Lu Ming's indifferent voice sounded, and the voice just fell. Lu Ming had appeared in front of Moroga, and the Great Waste Gun stabbed him.

"Do not!"

Morroga panicked, madly exploded, and attacked and defended.

However, under Lu Ming's blow, they were all in vain and collapsed and burst.

Lu Ming's current physical combat power is equivalent to the peak of Heaven Emperor, and the combat power of the Domination Road is also equivalent to the peak of Heaven Emperor. The combination of the two, Lu Ming's strength, is far from the other Peak Emperor.

In addition, Lu Ming learned the war character tactics.

With the blessing of the war character tactics, Lu Ming's combat power is stronger, suppressing the pinnacle of the heavenly emperor, and easy.

puff!

The Great Waste Gun was like a destructive and destructive attack, which defeated the Moroga's attack, and passed directly from the Moroga's Dantian.

Moroga's eyes glared round, and he watched the landing sing in shock, with a deep panic in his eyes.

"Go!"

Lu Ming spoke indifferently, his spear shook, the power of terror exploded, and Moroga's body was torn apart.

A pinnacle heavenly emperor, fell!

"No good, go!"

The other two pinnacle emperors turned around and left, not daring to fight.

They tore the space directly and wanted to escape through the space.

Pinnacle Heavenly Emperor has the ability to tear the space and shuttle directly from this world to another world.

"Stay!"

The big wild guns in Lu Ming's hand burst out, and the space exploded directly, blocking the other party's path.

Then, Lu Ming killed the two heavenly emperors.

Chapter 2528: Kill to Hunyuan Tianyu

Lu Ming blocked the retreat of the two Evil God Clan Pinnacle Heavenly Emperor, and his spear was in the air, killing the two Evil God Clan.

Before, the three pinnacle emperors were not Lu Ming's opponents, and now there are only two left, even more invincible.

Although the two were desperate to resist the counterattack, but Lu Ming's gun was depressed, the two still retreated, spitting blood and cracking.

"Go, go!"

"Go to the king!"

Other evil spirits dare not stay at all. No matter how strong or weak they are, they are all running desperately, and Nuo Da’s barracks fled for nothing for a while.

bump!

A peak **** Emperor of the Evil God Clan, was swept into the shoulder by Lu Ming, half of his body burst, and his body flew out.

"kill!"

An Evil God Clan was hit hard, Lu Ming stared at the last Evil God Clan, the blood was tumbling, the power of the master was diffuse, Lu Ming was brave and invincible, plus the blessing of "War Words", a random move was full of terrifying wars force.

puff!

The Evil God Clan Peak Emperor, unable to resist, was pierced by a long gun and fell to the spot.

Then, Lu Ming killed the injured Evil God Clan.

Without any suspense, the evil **** clan was also beheaded by Lu Ming.

Since then, the three heavenly emperors who had been guarding the evil spirit barracks all died in Lu Ming's hands.

"day..."

The creatures in the heaven are stunned.

One person, beheaded three pinnacle emperors.

This is the pinnacle of Heavenly Emperor. Each one stands at the pinnacle of this world. Each one is a real giant. But now, three of them have died suddenly.

Seeing the three pinnacle emperors die in front of them with their own eyes, this impact is extremely shocking.

They didn't react for a while.

They didn't react until Lu Ming stepped forward and stepped into the barbarian barracks.

The reaction is extremely exciting.

Because, the alien military barracks was broken!

"Hurry, go back and spread the news, the alien military barracks are broken, let the army come over and hit the Hunyuan Tianyu!"

"We can take back Hengyuan Tianyu, hurry!"

All the heavenly creatures are crazy and excited.

For many years, since the First World War, the Nine Heavenly Realms, except the Taiqing Heavenly Realm, and the other Eight Heavenly Realms, have been occupied by aliens.

Now, Hunyuan Tianyu has finally got the chance to be taken back, and they are naturally excited.

Uh! Uh! ...

One figure after another flew towards the Two Realms.

The two cities, like the king city, are closely guarded and a large array is opened.

Soon, those people returned to the Two Realms.

"Quick, quick, quick, tell you Master Tianzun, mobilize a large army, attack Hunyuan Tianyu, we will take Hunyuan Tianyu back!"

"Hurry, hurry up!"

The creatures in the heavens cried out one by one.

The people in the two realms looked at them like a fool.

"Are you crazy, recapture Hunyuan Tianyu? Evil God clan barracks, with countless strong men stationed in it, how do you take it?"

"Have you been stimulated?"

The people in the two realms were rather speechless.

"No, the Evil God Clan Barracks was breached, the other side died of three pinnacle emperors, everyone else ran away, now is a good time!"

Someone called.

"Really? It's true that the three pinnacle emperors are dead, you bragging!"

The people in the two cities are obviously unbelieving.

Pinnacle Heavenly Emperor is not Chinese cabbage. There are not many in the entire heavenly realm and evil spirit realm, wherever you say you can die.

"It's true, I want to sue you all Master Tianzun!"

At this time, a burly old man came to the front, quite majestic.

"Lord God!"

In the two cities, many people were shocked when they saw this old man.

Emperor Liuhuang, but a veteran emperor, used to guard the two worlds and was quite prestigious.

"Are they all telling the truth?"

Then they thought of this, and there was horror in their eyes.

Emperor Liuhuang should not talk nonsense.

Boom! Boom! ...

Many people's hearts start beating. If this is true, then it is really a big event.

"Go and sue Master Tianzun!"

Some people rushed towards the two realms.

Soon, at least a dozen figures came to the walls of the Two Realms, and these people were all peerless strongmen guarding the Two Realms.

Each one is above the four-star heavenly emperor, and there are even two peak heavenly emperors.

"Reservation God, what's going on? What you said, but is it true?"

Asked a pinnacle emperor.

"Sir, it's true, as we see with our blue eyes, the barbarian barracks have been broken, and the three pinnacle emperors have been killed. Now is the best time to break into the Hunyuan heaven!"

Emperor Heavenly God.

"Who shots? Which invincible powerhouse?"

A peerless strongman asked, with their hearts and minds, they were shocked.

"Lu Ming, Lu Ming!"

Immediately, someone called out.

"What? Lu Ming?"

More than a dozen peerless strong men are shocked in their hearts.

"Is Lu Ming alone?"

Someone asked.

"Yes, Lu Ming alone, he broke through the large array of Evil God Clan, and killed three peak emperors on the spot, and now he has killed Hunyuan Tianyu!"

Emperor Heavenly God.

Hiss...

The people at the scene sounded a cold breath.

Lu Ming alone, single-handedly, broke through the large array of aliens, and beheaded the three pinnacle emperors, what a terrible record?

How amazing is Lu Ming's combat power?

Before, some people speculated that Lu Ming's strength had reached the peak of Heaven Emperor, but now they know that they still underestimate Lu Ming.

"Sing drums, convene a large army, and follow me to Hunyuan Tianyu!"

A pinnacle strong man took a deep breath and gave the order!

Boom! Boom! Boom!

In the two realms, a huge roar sounded, the drum of war struck, and countless powerful men flew towards the walls of the two realms.

"What's going on? Did the aliens attack!"

"Is the decisive battle coming?"

Many people are puzzled.

"Go, follow me to the barracks!"

A peak emperor, taking the lead, flew out of the two worlds.

Although many people were puzzled, the military order was like a mountain. Without asking much, they flew out of the Two Realms.

Innumerable voices, a piece of black pressure, covering the sky and the sun, killing the barbarian army of evil spirits.

When they came to the barracks of the Evil God Race, they saw a ruined wall and saw the huge gun marks that were millions of miles long. All of them were deeply shocked.

The Evil God Clan Barracks was broken, and the Evil God Clan has already gone to the empty building.

"It's Lu Ming..."

Soon, Lu Ming's breach of the barbarian barracks spread throughout the army, and everyone was shocked.

"Kill, kill the past!"

"Kill Hunyuan Tianyu and retake Hunyuan Tianyu in one go!"

"Kill, ha ha ha!"

Subsequently, the morale of the celestial creatures greatly increased, rushed over the barbarian clan barracks, and killed Hunyuan heaven.

Where they passed, they saw a corpse with an evil **** clan.

Obviously, these were killed by Lu Ming.

Chapter 2529: War Kings

The Celestial Army, moving forward all the way, quickly passed through the channel and entered the Hunyuan Heaven.

After entering the Hunyuan Heaven Realm, they found that they basically did not encounter any offensive of the evil **** clan.

Originally, the army of Evil God Clan was almost concentrated in the middle of the barracks. In the huge Hunyuan Heavenly Domain, there were not many Evil God Clan. Before the defeat of the Evil God Clan, most of them withdrew from the Hunyuan Heavenly Domain.

"Hahaha, I finally returned to the Hundred Yuan Tianyu, how many years, hahaha!"

Someone laughed crazy.

This laughing man is a heavenly emperor. In ancient times, he was the man of Hunyuan Tianyu, but since Hengyuan Tianyu was occupied by aliens, he has never returned to Hengyuan Tianyu.

Come back now, naturally excited!

"Let's go, Lu Ming must have reached the channel of Hunyuan Tianyu and Wanling Tianyu. Let us help him!"

A pinnacle of the emperor shouted.

"kill!"

Celestial creatures, with high morale, killed the Hengyuan Tianyu and Wanling Tianyu channels.

At this moment, Lu Ming has indeed reached the channel between Hunyuan Tianyu and Wanling Tianyu.

This channel really concentrated many evil spirits, but after Lu Ming's death, they were still invincible, defeated and fell back to the next heaven, Nine Nether Heaven.

Through the passage, Lu Ming came to Wanling Tianyu.

Lu Ming had some impressions. At that time, he accidentally came to the Wanling Heaven Realm, met Ren Chan and others, and got acquainted with the ancient body cultivation, and obtained the cultivation method of "Seven Gods Xuan Gong".

"Go and see!"

Lu Ming did not chase the Evil God Clan for the first time, but stepped out in one step and headed towards the first forbidden land of the Wanling Heaven Realm, the land of dusk.

At the beginning, the archaic body repaired a vein and lived in the depths of the dusk, and Ren Cic, their small world, was also on the edge of the dusk.

Soon, Lu Ming came to the place of twilight, and came to the small world that Ren Chan was in.

The small world has completely collapsed and turned into nothingness.

Needless to say, the rest of Ren Cic's small world was already fierce.

Then, Lu Ming came to the depths of the dusk, and this **** was also exploded, broken and empty, empty.

This makes the anger in Lu Ming's eyes heavier.

"Evil God Race, it is best to have some strong masters!"

Lu Ming whispered that the opponent of the highest level of Heaven Emperor, for him, did not have the slightest challenge and could not play the role of discipline.

The voice fell, and Lu Ming's figure had disappeared.

Soon after, Lu Ming came to the passage of Wanling Tianyu and Jiuyou Tianyu.

There is not much obstruction here, and there is almost no Evil God Clan. Obviously, the Evil God Clan has retreated.

Lu Ming directly entered the Nine Nether Sky, and headed for the passage of the Nine Nether Sky.

The channel of the Nine Nether Sky is connected to the Beast God Sky.

In this passage, Lu Ming finally saw the crowd of evil gods.

The endless Evil God Clan, engraving a large array here, establishes a defense system, and the entire passage is enveloped by a dark mask.

Buzz!

Lu Ming, without hesitation, directly shook the Great Wilderness Gun and pulled it down.

The Great Waste Gun suddenly became larger and stretched for millions of miles, drawing towards a large array of evil gods.

But this time, the Great Waste Gun had not yet been drawn, and an axe was cut from the army of evil gods.

This axe is equally terrifying, splitting the whole sky in half.

In the eyes of ordinary people, this is completely groundbreaking!

boom!

The Great Waste Gun and the axe collided heavily, and the void in the millions of miles was completely exploded and turned into nothingness.

Then, from the army of evil gods, a breath of terror erupted, and a figure came out of the air and came to the sky.

This figure, with purple hair, is not much different from the human race. His three eyes are open and closed, showing a cold luster.

With a crown on his head.

"A king of aliens?"

There was a sneer in Lu Ming's mouth, and it seemed that the Evil God Clan finally arrived at the level of a demigod.

As far as he knows, each of the ten kings of the alien race is beyond the pinnacle of the heavenly emperor.

The alien king, with a terrifying breath, looms overwhelmingly, and overwhelms the eight wildernesses in the universe, a bit more powerful than the Peak Emperor.

Obviously, the alien has passed the news back, so a king of aliens came directly.

"Lu Ming, kill the three pinnacle emperors of our tribe, today, you will die!"

King of aliens, indifferent opening, extremely murderous.

"Don't talk nonsense, if you want to kill me, it depends on whether you have this skill!"

Lu Ming sneered, the buzzing vibration of the Great Waste Gun, Lu Ming's eyes, showing a strong fighting intention.

Demigod, for the first time, he faced Demigod.

Demigod, how strong is it?

Lu Ming is looking forward to it!

"kill!"

The alien king, carrying a dark battle axe, stepped out in one step, directly appeared not far from Lu Ming, and cut off an axe.

The alien king's attack method is very simple, without too much fancy, but with an axe down, the attack power is terrifying and can break everything.

It can really break everything, as if there is nothing in this world that can stop it, even Heavenly Path must be torn apart.

"bring it on!"

In Lu Ming's eyes, the fighting spirit was stronger, the blood in his body was tumbling, and the power of the world broke out.

Lu Ming broke his strength to the extreme, brandishing a lance and bombarding it.

when!

The two collided together again, the sky burst, and a terrifying roar erupted, a million miles away, as if it had experienced extinction.

Uh!

The two figures backed up tens of thousands of miles, standing in the void and facing each other.

This time, split equally!

"Is this the divine power condensed after 10,000 yuan?"

Lu Ming whispered, looking forward to it.

He heard Zulong said that demigod-level figures have already achieved 10,000 yuan unity, integrating everything into a single body and condensing a **** fire within the body.

This divine fire is composed of divine power.

However, in Heaven Realm, Evil God Realm, at this point, it is already the limit.

Only when you leave here and go outside can you become the God of War.

There is a big gap between the demigod and the God of War.

Demigods, just condensing a divine fire, a divine fire, the divine power contained is very limited.

The God of War, however, is covered with divine power.

However, the power of divine power, beyond the heaven and earth, is really amazing. Even if it is just a divine fire, it is enough to be invincible.

Wushen does not show up, who is fighting against the enemy, is called the invincible strong.

At this moment, countless evil **** clan, was shocked.

Lu Ming, who can actually fight against one of their kings, Lu Ming's strength is too terrifying.

"See if you can stop me, kill!"

The alien king, holding a battle axe, killed Xiangming again.

His body, as well as the battle axe, are covered with a thin layer of divine power, which is infinitely powerful.

"war!"

Lu Ming killed him with a spear.

He just wanted this feeling, the alien king finally gave him a touch of pressure.

Chapter 2530: One enemy two

Lu Ming and the king of aliens fought fiercely, fighting for a while to the sky and fighting to the depths of the void.

When they reach this level of existence, they can really destroy the world. If they are fighting on the ground, they will be destroyed by them.

A small continent like the Shenhuang Continent, I am afraid that with a single move, it can be turned into ashes.

Soon, the two engaged in hundreds of moves.

"Alien King, do you have such a combat strength, it is disappointing!"

Lu Ming came indifferently, his fighting intention became stronger and stronger, and his fighting strength became stronger and stronger. He began to suppress the alien king.

"How can it be?"

In the heart of the alien king, he was shocked.

He could clearly feel that Lu Ming did not enter the semi-divine realm, because no divine power was born.

The state is lower than him, but the combat power is stronger than him. It is really terrifying to suppress him slowly.

The alien king snarled and urged the magical power in his body to the extreme. Unfortunately, he was still not Lu Ming's opponent.

Lu Ming seemed to be able to explode with mighty power and horrible combat power as if he shot at random.

He was forced to retreat again and again.

"War word tactics, really powerful!"

Lu Ming whispered, at this moment, he urged the war character tactics to the extreme, reaching the current limit, the stronger the Vietnam War, the more he had the upper hand.

"How is it possible? How is this possible?"

Countless aliens, muttering to themselves, it is difficult to accept all this.

The alien king, in their hearts, is an invincible existence, a symbol of undefeated.

But now it is going to be defeated, and it is still in the hands of a young person in the heaven.

bump!

After a few more battles, the alien king was swept by Lu Ming’s gun, his body flew out, and a blood trough appeared on his body, and blood flowed directly.

"It seems that if you want to kill me today, you can't do it!"

Lu Ming disdain to speak, continue to kill each other.

Alien king Chang Xiao, and Lu Ming did their best to fight, but unfortunately, after more than ten strokes, Lu Ming was shot and flew blood.

Once at a disadvantage, he was injured by Lu Ming, and his combat power weakened. He was not even Lu Ming's opponent.

"How could this be?"

Countless evil gods, pale face.

How to do?

Even a king is not Lu Ming's opponent, should they retreat?

Otherwise, when the alien king loses, they die!

At this moment, the space split and another figure appeared.

This figure, also wearing a crown, was breathtaking.

Another alien king has arrived!

"kill!"

This alien king came and killed the past directly to the landing.

"Come well!"

In Lu Ming's eyes, the fighting intention is stronger, and he fights against this alien king.

And the alien king before also killed back.

Two alien kings, fighting Lu Ming.

The two alien kings joined forces. It was terrifying. In the world, except for the existence of Wushen Realm, who can be the enemy?

Legend has it that the chaotic emperor of Fenghua peerless that year, the immortal emperor, was besieged by two alien kings at the same time and finally fell.

Besieged by two alien kings, Lu Ming suddenly fell.

For a time, Lu Ming only had the power to fight back, but no counterattack.

"Yes, that's it, that's it..."

Not only was Lu Ming fearless, he was even more surprised.

Facing the siege of the two alien kings, Lu Ming felt extremely powerful pressure. Under this pressure, his comprehension of Zhanzi Jue was rapidly improving.

Comprehend slowly, far from the crisis, comprehend quickly.

Uh! Uh! ...

Lu Ming danced a spear, and exploded his strength to the extreme. He was covered by the power of the purple gold master. He constantly urged the war word tactics to fight against the two alien kings.

Although the two alien kings had the upper hand completely, Lu Ming was rock-like and extremely stable. The great wilderness guns danced tightly. They wanted to break through Lu Ming's defense in a while and a half.

"How is it possible? This kid is more difficult than the Chaos Emperor of the year, Emperor Immortal!"

An alien king thought in shock.

In a blink of an eye, a hundred battles were fought, and Lu Ming still steadily blocked their attack.

At this moment, in the direction of the Nine Serenity Realm, the army of the Celestial Realm finally arrived, densely packed, coming towards this side.

However, at a long distance, they stopped.

Because Lu Ming and the two alien kings are so terrifying, the void is full of devastating storms, and they dare not get close.

"God, is that alien king?"

"Yes, two alien kings, Lu Ming is fighting two alien kings!"

Some masters on the side of the heavens watched from afar, when they saw the people in the war, they were stunned.

In the army of heaven, there is a lot of noise.

Lu Ming, actually fighting with two alien kings.

Since this time, they have repeatedly refreshed their knowledge of Lu Ming.

At the beginning, many people speculated that Lu Ming was the strength of Pinnacle Heavenly Emperor, but now he found that it was far from it.

Not only does Lu Ming have the strength of an invincible strong, but he can also fight against two alien kings.

With one person, fighting two alien kings, how many people can manage this world?

"No, Lu Ming fell into the downwind. If you continue this way, will you lose?"

"It's hard to say, but we have already reported my invincible strongman in my realm, and my inferior strongman will soon arrive!"

Some people in heaven are talking in a low voice.

It was at this time that the abrupt change occurred.

One side of the sky suddenly split open, and a terrible sword light blew towards the landing.

The power of this sword light is amazing, there is no doubt that there is a semi-god level of existence.

Lu Ming was shocked and moved the Great Waste Gun at full speed, covering his entire body with defense.

But in the face of this sudden blow, and the attacks of two other alien kings, Lu Ming was still too reluctant after all.

when!

This sword was slashed on Lu Ming's spear, and Lu Ming was directly sent out by Zhen Fei, spitting a few mouthfuls of blood in his mouth.

"not good!"

The power of the heavens changed their faces one after another.

Hiss!

The space was cracked and a figure came out.

There is no doubt that it is another alien king.

Three alien kings descended and surrounded Lu Ming in the middle.

"This person must be removed!"

One of the earliest alien kings spoke, and he was so shocked in his heart that he was even a little frightened. If Lu Ming continued to grow, he would not know where he would go.

"Join together!"

Another alien king spoke.

"Hahaha, the three alien kings of the Tang Dynasty, actually want to join hands to deal with a descendant of my realm, are you really afraid of the world to laugh?"

A sneer came, and a figure suddenly appeared in front of the Celestial Army.

This person is full of endless thunder, as if it were the incarnation of thunder.

"Emperor Tianlei, Emperor Tianlei is here!"

Celestial beings are overjoyed.

"Tianlei!"

The eyes of the three alien kings are all fixed.

"You are fighting, I will accompany you!"

Emperor Tianlei respected his words, he turned into a beam of thunder and killed a king of aliens, and the two started a fierce confrontation.
