

D Emperor 2531

Chapter 2531: Gun Challenge

boom! boom!

Suddenly, there was a violent roar in a dark void, and then the space exploded, and the two figures rushed out from the inside, fighting a few tricks in a row, and retreating.

Another two enemies without enemies.

One is also a king of aliens, and the other is a burly figure wearing a battle armor.

"It's Emperor Tianhu!"

Someone recognized the burly figure wearing the armor.

Emperor Tianhu, the king of the Tianhu family, is also the strongest existence of the Tianhu family.

Tianlei Emperor Zun and the alien king had more than ten tricks to fight.

For a time, on the Tianjie side, Lu Ming, Tianlei Emperor Zun, Tianhu Emperor Zun, and the four alien kings faced off.

In the sky, there was a terrible pressure.

"hateful!"

The alien king who first met Lu Ming snarled, somewhat unwilling.

They knew that the invincible strongman on the side of the heavens had already begun to act.

Even if they can call for more alien kings, the invincible strongmen of the heavens will arrive. This time, they cannot kill Lu Ming.

For a time, the alien kings did not do it, and Emperor Tianlei respected them, and did not do it.

Both sides are afraid, and they are not absolutely sure they can beat each other.

"Carve a large array, hold on to this place, I see who can rush over!"

In the end, the four alien kings retreated, and returned to the alien army, personally sitting here and instructed to continue to strengthen the large formation.

Lu Ming did not chase them.

"Retreat a million miles, build a military camp, and encircle this place!"

Emperor Tianlei also commanded the army of heaven.

"Yes!"

The celestial army led the order, and then retreated a million miles, and began to build a barracks to contain the place.

The two sides face off here again.

Lu Ming did not return. He retreated to a mountain not far from the Celestial Army, sat cross-legged, and began to understand, digesting the gains from the previous battle.

The news about this war, at an alarming rate, spread in Taiqing Tianyu.

This time, Taiqing Tianyu seemed to have experienced a twelve-magnitude earthquake and exploded in a pan!

Lu Ming broke the alien barracks outside the two realms and beheaded the three alien gods!

Lu Ming killed him all the way, into Hunyuan Tianyu, into Wanling Tianyu, into Nine Nether Tianyu, breaking three Tianyu!

Lu Ming fights with an alien king at the entrance of the Nine Nether Sky and Beast God Sky and wounds the other.

The battle between Lu Ming and the two alien kings did not fail!

A piece of news caused Taiqing Tianyu to set off a gust of wind and stunned countless people.

After hearing this news, many people are disbelief the first time!

However, when they sent someone to the two cities to check the news, they were shocked for a while after confirming the news.

All this is true!

Now, there are countless people pouring into the Hengyuan Heaven Domain, Wanling Heaven Domain and Nine Nether Heaven Domain in Taiqing Heavenly Domain.

God!

Many people sigh, it's crazy!

Everyone knows that they have underestimated Lu Ming!

Lu Ming is now almost invincible!

Lu Ming, Lu Ming, Lu Ming...

Taiqing Tianyu, every corner, every force, is talking about the name...

Lu Ming's prestige reached its zenith.

After that, all forces began to act and sent people one after another to flock to the Hunyuan Heaven Realm, Wanling Heaven Realm, and Nine Nether Heaven Realm.

These three heavens are occupied by aliens for endless years.

The aliens, unlike those in the Celestial Realm, are different after all. Sometimes all the treasures needed are very different.

There may be treasures in these three heavens, which are not used by aliens at all, but they are of great use to the spirits of heaven.

Therefore, there must be many precious treasures in these three heavens, waiting for everyone to develop.

Countless creatures poured into the three heavens and began to pick and dig up those treasures.

The channel between the Nine Nether Sky and the Beast God Sky, the two sides of the army, have been facing each other.

Lu Ming closed his doors and practiced. After a few months, Lu Ming went out of customs.

In the last war, Lu Ming gained something and deepened his comprehension of the war character tactics.

However, there is still no breakthrough.

There seems to be a film that blocks him and makes it difficult to break through.

Lu Ming has a feeling that as long as the "war character formula" breaks through the bottleneck, his power will definitely increase greatly, allowing his combat power to enter a new realm.

"Not enough, need to continue the war!"

Lu Ming whispered, then stepped out, and walked toward the alien army.

Lu Ming's move attracted countless people's attention.

"Where is Lu Ming going?"

"Do you want to fight against the evil **** clan again?"

Many people speculate and watch from a distance.

In particular, there are many people who only arrived later. They did not see Lu Ming's shot before.

"Lu Ming came to challenge, Evil God Clan, who will come out to fight!"

Lu Ming, armed with a spear, stood before the alien army.

Lu Ming's voice spread throughout the alien army.

For a time, the interracial army was somewhat silent.

"Did the big evil **** family dare to fight? It's really disappointing!"

Lu Ming said again.

"hateful!"

Many evil spirits clenched their teeth, but no one came out to fight.

Lu Ming's combat power is too terrifying. In addition to the invincible strong, others came out and died.

boom! boom! boom!

Amidst the alien army, a breath of terror erupted, and several alien kings stepped out of the air, their eyes cold and cold.

"Dare to come out finally, who will fight me?"

Lu Ming swept to several alien kings.

"So arrogant, I will meet him!"

An alien king roared.

"Be careful, Lu Ming is really strong!"

At the beginning, the first alien king to fight Lu Ming asked.

"I will pay attention!"

The alien king nodded, stepped out, and appeared not far from Lu Ming.

Being challenged by Lu Ming, they had to face the challenge.

"Just one of you? No, let's have another one!"

Lu Ming said lightly, his face unhappy.

He is really unhappy, an alien king, for him, can not form much pressure.

"Arrogant, kill!"

Being despised by Lu Ming, the alien king was furious and killed him towards Landing.

The alien king, the Celestial Dao soldier, used a spear. The spear broke into the air and pierced Lu Ming.

Buzz!

Lu Ming shook the great waste gun and killed him.

when! when! when!

call out! call out! call out!

The two kept colliding with each other, and there was a thunderous roar. There were guns and phantoms of spears, criss-crossing, penetrating the world and terrifying to the extreme.

"Horrible, horrible!"

"This kind of power is simply not what I can resist!"

"Is this the strength of the invincible strong?"

For the first time, many creatures in the heavens were shocked to see the invincible strongmen fighting.

Lu Ming and this alien king have played dozens of tricks in a row.

But at this time, the king of aliens began to fall.

This time, Lu Ming didn't keep his hand anymore.

The power of the flesh, the power of the way of domination, will bring the "war word formula" to the extreme.

Chapter 2532: Return to the Battlefield

Lu Ming seemed to be an invincible **** of war, crushing towards the other side, and the alien king, who was suppressed, retreated again and again.

One was carelessly swept by Lu Ming's spear, and vomited blood and retreated.

"Great, great!"

"Kill, kill him!"

The creatures in the heavens shouted, but they couldn't be excited. They hope Lu Ming could kill each other.

If you can kill the opponent with an invincible strong, it is enough to make the evil **** clan hurt.

"I said, you're alone, no!"

Lu Ming said indifferently.

The alien king is ugly and dying.

"I help him!"

Among the alien army, another alien king gritted his teeth, stepped out, rushed out, armed with a war sword, and killed Lu Ming.

"Haha, that's what makes sense!"

Lu Ming laughed, brandished a spear, and fought against two alien kings.

The remaining alien kings want to shoot, but Emperor Tianlei and Emperor Tianhu have already stared at each other.

boom! boom! ...

Lu Ming and the two alien kings fought fiercely.

Lu Ming, still falling in the wind, is no match for the two alien kings.

However, the situation is better than last time.

Last time, Lu Ming could only defend and was difficult to fight back.

But this time, Lu Ming has been able to fight back occasionally to confront each other.

Probably, more than twenty moves can counter one.

In this way, the two sides fought more than three hundred moves.

At this time, Lu Ming finally felt invincible, and his world power was severely consumed.

bump!

Lu Ming rushed out of the other party's encirclement circle and retreated thousands of miles.

"Haha, this is the end of today, fight again in another day!"

Lu Ming laughed, stepped out, and left here.

"Damn!"

The alien kings roared, but they were helpless. With so many moves in the war, they themselves also consumed so much that they couldn't keep Lu Ming at all.

"He wanted to borrow us to hone himself!"

An alien king, said indifferently.

With their minds, they naturally knew Lu Ming's plans.

Lu Ming returned to the place where he closed the door last time and continued to practice and understand the "War Words". This time, he also gained a lot.

This time, Lu Ming closed for a year.

He has deepened his understanding of the "war character formula". Naturally, his strength has also improved.

However, the bottleneck of "War Words" still hasn't been broken through, and being stuck there makes Lu Ming very uncomfortable.

Lu Ming came to the alien army again and began to challenge the alien king.

But this time, the alien king did not play at all.

They knew Lu Ming's plan and wanted to use them to hone themselves, where else would they fight, cheap Lu Ming.

Unfortunately, they still underestimated Lu Ming.

Seeing that the alien king did not come out, Lu Ming began to yell at him, and the more scolding it became, the more unpleasant it was. Not to mention that the alien king, the ordinary evil **** clan, all listened to the fire, and wished to come out and fight Lu Ming.

"Damn, I'm going to slaughter this kid!"

A roar of an alien king finally couldn't help but ran out of the barracks and fought against Lu Ming.

Lu Ming smiled!

He and Dandan's goods have been mixed for so long, and of course they have learned a lot. You don't come out. I scold you for doubting life.

"Go out together and kill him!"

Several other alien kings were cold, and went out together to kill Lu Ming.

But over there, Emperor Tianlei and Emperor Tianhu paid attention to this side. When the alien king moved, they also came out and stopped the two alien kings, leaving only one past.

There are two alien kings in total, fighting Lu Ming.

This time, it was better than a year ago, and Lu Ming made a lot of progress.

A year ago, Lu Ming faced two alien kings and had more than 20 strokes in order to fight back.

But this time, Lu Ming was able to fight back every ten strokes, and it was much easier to cope with it.

"This monster!"

The alien king was shocked.

Lu Ming's progress is also amazing. Every battle can make some progress.

After hundreds of moves in the war, Lu Ming felt almost the same and retreated.

"Next time, you must not play!"

Several alien kings looked at each other and made a decision.

Lu Ming continued to retreat and practice, only a year later, he went out.

"There is still no breakthrough, what's going on? This tactic of war is really difficult to cultivate!"

Lu Ming sighed. He felt that the difficulty of cultivating Zhuangzi Jue was harder than the way to dominate, and it was even more esoteric.

"Evil God Race, get out and fight me!"

Lu Ming ran to the army of Evil God Race again and began to challenge.

But in the interracial army, there was silence.

"Why? Don't you dare to go to war? Isn't the evil **** clan high above you? It's a shame to dare not go to war!"

"Aren't you strong? Even people like me who have been cultivating for hundreds of years dare not fight. It's really a bunch of waste. If I were you, I wouldn't do it myself!"

"Alien King, are you reincarnations of turtles?"

...

Lu Ming began to swear, and the more he scolded, the more unpleasant it was. However, the king of the alien race was nested in the barracks and did not come out to fight.

"Damn, wait for the two holy ancestors to recover, and I must put Lu Ming down!"

An atrocious king with a grumpy temper shouted and raged.

They are kings of alien races, the overlord of the Evil God Clan. In the Evil God Clan, it is a character who stands above the other and dominates the side. Now, in front of countless Evil God Clan forces, Lu Ming is so miserable.

The most important thing is that they can only shrink and not play, which is too stifling.

Moreover, it is also a great blow to the morale of the evil spirits.

However, they had no choice but to go out to fight, but instead became Lu Ming.

"Don't worry, the two holy ancestors will be able to recover in a short time. Once restored, Lu Ming counts, the holy ancestor shoots, reversing his hand to suppress, when the sky is flat, and the sky is successful, we can break through the Wushen Realm, Become a god!"

Another alien king is much calmer.

"Heaven! God!"

Several other alien kings showed fiery light in their eyes.

They have been stuck in the semi-deity for too long, but in Evil God Realm, Heaven Realm, they have reached the limit and cannot break through at all.

Only when Kaitian succeeds can they break through.

...

Lu Ming yelled and scolded outside for a long time, and the king of the alien race did not fight.

"These guys already knew that I was using them to hone my body, so I hid!"

Lu Ming whispered.

"Huh, you hide, do you think I have no choice? Then I will go to the market battlefield now!"

Lu Ming whispered.

Guixu battlefield is another battlefield.

There are two battlefields in the Taiqing Heavenly Realm, and one battlefield in the Two Realms City, which is connected to the Hunyuan Heavenly Realm.

A return to the battlefield, connected to the ancient demon heaven.

Hiss!

Lu Ming tore the space and stepped inside.

Lu Ming wants to shuttle the long space directly into the battlefield of Guixu.

This kind of long-distance cross-boundary shuttle can only be done if there is more than the peak of Heaven Emperor.

Chapter 2533: Return to the cage of all ages

The dark void contains a terrifying space storm!

However, if only a short distance is crossed, the characters of the emperor's realm can resist.

But once the distance is too long and the speed is too fast, the space storm will be terrifying, especially across the world, from one world to another world, the distance is too long.

Not only must there be a powerful force to travel through the void, but also to face the terrifying space storm.

Huh...

Lu Ming shuttled through the void, at an alarmingly fast speed, and felt the endless void passing by him, but at the same time, in the void, a terrifying void storm energy was formed, constantly hitting it.

This energy can even directly strike Lu Dan's body through his body, know the sea, and directly form a terrible impact on the small world or the world in the mountains and rivers.

This is why, generally, the Peak Emperor, even the invincible powerhouse, can travel through the void and enter another world from one world, but they can only act alone, not others.

Because if you take someone else, they will be strangled by the energy of the Netherstorm.

It's useless even if it's hidden in a small world or a treasure.

Of course, the powerful in Wushen Realm can resist if there is a small world in his body, but, like Zulong, the ancestors of other races, they are not practicing the rule system, and have not made small worlds.

Therefore, when the ancestral dragon brought the people from the prison prison to the heaven, the world formed by the prison monument could only be done.

"I don't know if my dominating power can block the impact of the Netherstorm, give it a try!"

With a move in Lu Ming's heart, he mobilized the power of **** and gathered outside the Dantian Small World to cover it.

bump! bump! bump!

The terrible void storm, constantly bombarded on the dominating power, has not penetrated into the small world.

"effective!"

Lu Ming's eyes lit up.

Does this mean that he can take people from one world to another directly?

Lu Ming turned around the thought.

Around, flashes of empty space kept flashing, and Lu Ming's speed was almost extreme.

At most one or two hours, Lu Ming's eyes suddenly moved, his palms slashed forward, the void split, and Lu Ming went out.

What is in sight is a majestic and extraordinary city, which is no worse than the two cities.

This is Guixu City!

Lu Ming appeared on the battlefield outside Guixu City.

It was only an hour or two, and Lu Ming arrived at the Guixu battlefield from the Nine Nether Heavens, spanning several heavens.

Lu Ming did not enter the Guixu City, but headed towards the opposite barbarian clan barracks.

"Then... it seems to be Lu Ming!"

"It's indeed Lu Ming. He came to Guixu City. Didn't he kill Jiu You Tianyu?"

"Does he want to attack the barbarian barracks? Go and see!"

On the return market, many people saw Lu Ming, excited one by one, and then flew out of the city wall, followed by the landing Ming Ming.

Lu Ming walked through the air at a very fast speed. Soon, there was an endless barracks in front of him. This was the barracks where the evil spirits were stationed at the entrance of the ancient demon heaven.

boom!

Lu Ming was very direct. When approaching the other party's barracks, he shot directly.

A huge spear, descended from the sky, bombarded towards the barracks of the Evil God Race, and it was extremely terrifying.

"Turn on the big battle, turn on the big battle!"

In the Evil God Clan Barracks, there was a burst of roar. The entire Evil God Clan Barracks filled with brilliant light, forming a light mask, which covered the Evil God Clan Barracks.

Seeing that Lu Ming's spear was about to be bombarded on the mask, two amazing breaths and two terrible attacks erupted into Lu Ming's barracks and bombarded Lu Ming's spear.

Buzz!

The lance vibrated and was shot back.

"Two half gods!"

Lu Ming's eyes lit up.

It seems that the Evil God Race is also prepared. In the barracks, there are no enemies to sit in, fearing that the barracks will be broken like the last time.

"Lu Ming!"

In the barracks of the alien race, two explosive roars were heard, and then two figures rushed out, encroaching on the terrible power, and slammed towards the landing.

"Good to come!"

Lu Ming was not surprised, but rushed forward to fight against the other side.

Although the two alien kings could suppress Lu Ming and gain the upper hand, this time, Lu Ming was able to counter one move within ten strokes, which was a lot more improved than before.

The war between the two sides was extremely fierce, and after hundreds of moves, Lu Ming retreated.

"Damn it, Lu Ming, really horrible!"

"He is using our hands to hone himself. The next time we challenge, we don't have to worry about it, we just have to defend with all our strength!"

"it is good!"

The two invincible strong men of different races returned to the barbarian barracks.

Lu Ming found a secret place to retreat.

After practicing for a period of time, Lu Ming came out of the customs. This time, he felt that the "war word formula" had made progress again, and there was only a line to break through the bottleneck.

It seems that I can break through at any time, but I can't break through again, it seems like I haven't done enough.

"Let's go fight again!"

Lu Ming came to the alien barracks to challenge again, but the alien invincible strongman did not fight.

Angrily, Lu Ming shot directly at the alien barracks. The two invincible strong men joined forces to block Lu Ming's attack, but only defended, and did not take the initiative.

Lu Mingqi vomiting blood.

Obviously, the invincible strong of the alien saw his purpose.

Lu Ming wandered in front of the alien military camp for a while, but couldn't find an opportunity to fight.

Then, he returned to the Jiuyou Tianyu to challenge, the same is true, the aliens just don't play.

As long as they are dragging, dragging to the alien ancestor and the sacred ancestor to restore, they can fight back.

"No war, right? Then I will kill you!"

In Lu Ming's eyes, the color of madness flashed, and then torn the space, rushing directly towards the Evil God Realm.

Evil God Realm is far away from Jiu You Tianyu, but there is a void channel connected to Jiu Tianyu.

Of course, Lu Ming did not want to pass through this void channel, he directly shuttled through the void and rushed towards the evil spirit world.

It didn't take long for Lu Ming to come to Evil God Realm when he tore open the space again.

"There are still many masters in the prison world and the heaven realm in this cage, this time, rescue them together!"

When he came to the Evil God Realm, Lu Ming thought of it for the first time.

At the beginning, they hurried away and only took more than 100 people. The strong men held in the cages of the world are not only more than 100 people.

This time, Lu Ming wants to bring them out.

Anyway, when Lu Ming travels through the void, the way to dominate can protect the small world.

Taking a step forward, Lu Ming's figure disappeared directly, and when he reappeared, he had come to the periphery of the Wanshi prison.

At a distance, you can see that the Wanshi prison is covered by a light curtain, and at the top, there is a treasure.

"Is that the treasure of an alien ancestor!"

Lu Ming whispered.

That treasure is probably a treasure that surpassed the Heavenly Path, but it did not reach the level of the artifact, but was only between the Heavenly Path and the artifact.

Chapter 2534: Blast the cage of all ages

Lu Ming didn't hesitate too much, and went directly to the prison of all worlds, and came under the light curtain.

Lu Ming waved his hand and controlled the way of domination, acting on the light curtain.

Now, Lu Ming's understanding and control of the way of domination, I do not know how many times stronger than that time, easily broke the light curtain, Lu Ming flashed into the body.

But at this moment, somewhere in Wanshi prison, an old man with purple hair and wrinkles on his face suddenly opened his eyes.

"Actually someone can secretly enter the Wanshi prison and find death!"

The old man shouted, and the murderous body was extremely cold.

He is the strong man who replaces Dole and sits in the cage of all ages. Moreover, he is stronger than Dole. He is not the pinnacle emperor, but an invincible strong man of the demi-level.

"Destroy me!"

The old man was filled with a strong breath, his hands were waving, and he controlled the treasure of the alien ancestor.

Buzz!

The treasure suddenly shook and gave out infinite brilliance.

A glory, like a sword, slashed towards the landing.

At this moment, the entire cage was alarmed.

"What's going on? The big battle started, the killer was cold, what did Augustus do?"

"Did someone want to run away, angering Augustus?"

At this moment, all the creatures were alarmed in the cage of the world, and they all came out of their secret rooms, looking at each other, speculating.

Lu Ming was running at a speed in a passageway, and suddenly stopped.

"It seems that I was found!"

Lu Ming frowned.

This time, he passed the prohibition of the Wanshi prison, which was extremely fast. Originally, he thought he could hide the other party, and it seems to have been exposed.

Now that it's exposed, let's fight!

call out! call out! ...

A glorious burst of light came through the mountain, the stone chamber, and beheaded to the landing. The power was amazing.

This kind of brilliance was radiated by the treasure of the alien ancestor, and it was so powerful that it could kill the existence of the pinnacle emperor.

However, Lu Ming's combat strength is not the peak emperor.

The Great Waste Gun appeared, and after a shock, a lance burst out.

Rumble!

The guns collided with those brilliances, erupting into a roar of shock, terrifying strength, and bombarded the surrounding stone chambers. Even though these stone chambers were all engraved with formations, they couldn't resist and were exploded.

"Go, back to the center!"

Many people rushed out of the chamber and rushed towards the center of the Wanshi prison.

"Huh? Demi-level combat power!"

On the other side, the old man, named August, burst into a cold light in his eyes, stepped out, and rushed towards Landing Ming.

At the same time, he manipulated the treasures of alien ancestors to form a radiance and beheaded Xiang Luming.

"Everything in the cage, so far, today, I will destroy it!"

Lu Ming spoke indifferently, his body burst into burst, his spear thrust upwards, and several bursts of glory were defeated in succession, and the spear swept out.

boom! boom!

The whole mountain is disintegrating and bursting.

However, Lu Mingli's control is very good, he just attacked the mountain, and did not harm the souls inside.

In the end, the whole mountain exploded. Under Lu Ming's power, it turned into fly ash, and his eyes widened.

Lu Ming glanced at the center of the Wanshi prison, and gathered a large number of people, with a total of more than 1,000 people.

All are detained in the cages of all ages.

Uh! Uh!

Everywhere in the Wanshi prison, there are masters wearing blood red armor, rushing towards Landing Ming.

"kill!"

Lu Ming drank coldly, and the Great Waste Gun shocked, bursting out a burst of guns, stabbing these aliens wearing blood-red armor.

These aliens are in the Great Emperor Realm and the Heavenly Emperor Realm, but they can't resist it at all. They are pierced by Lu Ming's gunman and die instantly and cleanly.

"So strong, who is that?"

"Looks like Lu Ming!"

"God, it's really Lu Ming. Didn't he escape? How come he came back!"

The people in Wanshi's cage recognized Lu Ming and were shocked.

At that time, Lu Ming fled, but now he is back, and the fighting strength is amazing.

"You enter my small world, I will take you away!"

Lu Ming is humane to those.

"go away?"

Everyone was shocked.

"Leave? Today, no one wants to leave!"

An indifferent voice sounded, a terrifying breath filled the landing ring, and the next moment, an old man with dry skin and wrinkles appeared.

It is Augusto!

"It's over!"

Many people thought.

Augu is an invincible strongman, and here is still in the cage of aeons, Augu can control the treasure of the alien ancestor, Lu Ming must be dead!

Many people sighed, and did not understand that Lu Mingming had escaped. Why should he return stupidly, and the courage to fight against Augustus?

It's not that they are not good with Lu Ming, but they just feel that Lu Ming is doing something that is a bit weird.

"It turned out to be a demigod!"

Lu Ming's mouth slightly raised.

No wonder he was discovered as soon as he came in.

If it was just a pinnacle emperor sitting in town, it would be impossible to find him so quickly.

It seems that after the last time they escaped, the aliens also raised their vigilance and sent a demigod to sit in the cage of all ages.

"Boy, die!"

Augu took a cold drink and manipulated the treasures of the ancestral ancestors, a terrifying glory, and drove away to the landing.

"It's you who died!"

Lu Ming spoke indifferently and stepped out. His spear was like a rainbow. He burst the rainbow and killed Augu.

boom!

The Great Wilderness Gun suddenly became larger and drove towards Augugo.

Augu's face changed, and an iron rod appeared in his hand, screaming toward the landing.

when!

A terrifying shock erupted, and then everyone saw a figure and kept retreating.

It's August!

Ao Gulian stepped back a few dozen steps before standing firm, his face pale, and he was shocked to watch the landing sound.

Not only him, but all the others in the cage, dumbfounded, thinking he was wrong.

Lu Ming, not only defeated the attack launched by the treasures of alien ancestors, but also repelled Augustus with a single shot. How could this be possible?

Lu Ming's strength, this is too scary, too amazing?

But they knew clearly that when Lu Ming first came into the prison of the world, he could only barely deal with a one-star Heavenly Emperor.

But now, only a few hundred years later, Lu Ming was able to repel an invincible strong.

This speed of progress is simply a miracle.

Many people's faces turned a little red. They used to think that Lu Ming had run away, and now he came back again, it was simply unwise.

But they now understand that Lu Ming is not unwise, but they are ignorant.

Lu Ming came back, clearly is sure!

Many people were excited, hoping that Lu Ming would defeat August and take them out.

"how is this possible?"

Augu was shocked in his heart. He didn't expect that Lu Ming had such a strong combat strength.

"Damn, let me die!"

Augustus roared and exploded the power of the exotic ancestral treasures.

Chapter 2535: Kings move together

Buzz!

The treasures of the alien ancestors radiate a radiant brilliance, like a sword, slashing towards Lu Ming, the power is even stronger!

At the same time, Augu himself killed Lu Ming.

Lu Ming shook his spear, confronted with that ray of light, and also had to fight against Augustus.

boom! boom! ...

In this area, constant explosions roared, arousing terrible energy.

Lu Ming divided a dominant force to block the prison realm, above the creatures in the heaven realm, otherwise, the overflowing energy, I am afraid that they will be hanged.

More than ten consecutive roars, ten steps back and forth.

"This treasure of the alien ancestor is really amazing!"

Lu Ming turned his thoughts.

At this moment, Augustus madly urged the treasure of the alien ancestor, and the power exploded was indeed extremely powerful, equivalent to the attack of a demigod, plus Augustus himself, Lu Ming fell in the wind.

However, the treasure of the alien ancestor, after all, is only a treasure, not a real invincible strongman, but also needs to be controlled by Augu, in this way, in fact, no two invincible strongmen put pressure on Lu Ming.

The reason why Lu Ming was repelled was mainly because he wanted to protect those people in the prison world and the heaven world.

"It is necessary to have a quick battle and a quick decision. I'm afraid the movements here will soon disturb the senior leaders of the Evil God Race!"

Lu Ming thought.

"Kowloon Shending, come out!"

Lu Ming whispered, his eyebrows glowed, and the Kowloon God Ding flew out, suddenly enlarged, and blasted toward the brilliance excited by the treasures of the alien ancestors.

when! when! ...

Those glory bombarded the Jiulong Shending. Although the Jiuling Shending kept shaking, it was blocked by the force.

Jiulong Shending was made by Zulong and Jiulong together. Especially when Zulong shot, it has surpassed Heavenly Dao soldiers in grade. Although it has not reached the artifact level, it is also amazingly powerful.

In terms of grade, it is not weaker than the treasure of alien ancestors.

Coupled with Lu Ming's current cultivation practice, he urged the Jiulong God Ding, which was even more terrifying, and blocked the attack of the alien ancestral treasures in one fell swoop.

"kill!"

Lu Ming shouted, blocking the treasures of the alien ancestors, Lu Ming could deal with Augu with all his heart.

call out!

Lu Ming's guns are united, and they are killed towards August.

Augu's pupils contracted, and he tried his best.

Boom! Boom! ...

The two confronted several moves in a row.

Augu thundered, his body exploded, hitting a broken wall, directly smashing the broken wall into pieces.

Uh!

Lu Ming didn't give Augu a breathing opportunity at all, quickly killed the past and launched a storm-like attack.

A series of gun shadows, overlapping again and again, enveloped toward August.

"How is it possible, how can it be so strong?"

Augu was shocked in his heart and resisted with all his strength, but fell completely downwind, not Lu Ming's opponent.

You have to know that his cultivation behavior has reached the semi-divine realm, which can achieve this step, which is not a rare peerless natural arrogance, amazing talent.

Who can be better than anyone?

The fighting power is almost half a catty!

Even those who are shocked are absolutely gorgeous, such as the Chaos Emperor of the year, the Emperor Immortal, although powerful, and capable of pressing the same level of demigod, but it is not so powerful.

In a blink of an eye, it was another dozen tricks. Ao Gu was drawn by Lu Ming's spear, and his body exploded into a large hole, with blood flowing.

Today, Lu Ming's strength is getting stronger and stronger. In the face of two demigod-level figures, Lu Ming can fight hundreds of moves undefeated, not to mention dealing with a demigod, it is completely one-sided.

boom!

The two slammed into another move, directly from the scope of the imprisonment of the world, and went outside.

"Damn, how could this be? Where did the monster come out!"

Augustus roared in his heart.

He is of high rank among the Evil God Clan. He had existed since ancient times. He used to be closed, but he was only recently invited to sit in the prison of the world.

In the past few years, Lu Ming has shown great power in the heavenly realm, and he did not know that the natural shock at this moment cannot be added.

"I want to hold on, the ancestor should soon feel that when the reinforcements come here, this kid will be dead!"

Augustus gritted his teeth and defended with all his strength.

At this moment, the figure of the top of the holy mountain of the evil spirits suddenly appeared.

This figure is really an alien ancestor.

However, it is not the body of the alien ancestor, but his projection, and his body is still fully healed.

"Lu Ming, what a bold courage!"

The alien ancestor glanced at the ice cold, and he sensed what was happening there through the treasure in the cage of all ages.

Uh!

Pieces of jade cards appeared in his hands, and then inscriptions emerged and disappeared into the jade cards. Then, the jade cards turned into a ray of light, flew into the dark void, disappeared, and reached an astonishing speed.

"Lu Ming, actually dared to come to Evil God Realm, this time, completely solve this problem!"

Alien whisper whisper.

At this moment, Evil God Realm, a glorious royal palace, a middle-aged man wearing a crown, was discussing in the hall, and suddenly he reached out and received a jade charm.

"Huh? Lu Ming, this is Lu Ming again, to death!"

A cold light flashed in the eyes of the alien king, and then said: "This king has something important, you must go back!"

"Yes!"

His men retreated one after another.

The alien king stepped out and his figure disappeared here.

In another royal city, an alien king also received a jade charm and left the royal palace.

In the Nine Nether Heavens, among the alien army, several alien kings guarding here also received the Jade Fu.

"Damn, Lu Ming actually ran to the Wanshi prison, looking for death!"

"The two of you are guarding here. Let's go back and hunt Lu Ming!"

Of the four alien kings, two stayed here and two left here, tearing the space and killing the evil spirit world.

There is also an alien king in the barracks of Guixu City, who returns to Evil God Realm.

At this moment, there were seven half-god-level alien strongmen who rushed to the cage of the world.

However, the alien ancestors did not shoot.

He is just a projection, the strength is too far away from the body, at most equivalent to a peak emperor, and his shot does not play a big role.

boom! boom! ...

The war is still going on there.

Lu Ming completely suppressed Augu, and his spear fell like a storm, and Augu was like a flat boat in the sea, which could be covered by sea water at any time.

"Kill, kill, kill!"

Lu Ming Changxiao will bring his strength to the extreme.

Ao Gu defended with all his strength, would Lu Ming not know his thoughts, he was delaying time, waiting for help.

Will Lu Ming make him wish?

bump!

Lu Ming shot Aogu with a single shot, Aogu screamed, flew out, and his body exploded directly, becoming two.

However, Augu's two pieces of body were instantly glued together, and the muscles wriggled to recover, but the breath was weak.

"kill!"

Lu Ming killed the past, although Augu tried hard to resist, but at this time the combat strength was weakened, where could it be blocked, and after a few strokes, Lu Ming was hit again.

This time it was even worse, the body exploded directly and turned into fly ash, leaving only one head.

Chapter 2536: Fall into siege

Augu was terrified, only one head left, and he went backwards crazy. He didn't want to give up, but he also resisted, hoping that a helping hand could come.

But Lu Ming stepped out, blocking his retreat.

Augustus showed his despair.

"Lu Ming, you kill me, you will die sooner or later, Zulong is stubborn, against the will of the gods, when the sky is open, the **** punishment is lowered, you all will die!"

Augustus roared, his face grimaced.

"Kaitian, what is Kaitian!"

Lu Ming asked.

"Hahaha, Zulong violated the will of the gods, closed the sky and broken the road, and already embarked on a dead end..."

Augustus laughed.

At this moment, Lu Ming's face changed.

"It's coming very quickly!"

Lu Ming's eyes flickered, and the great barren gun in his hand shot out in a hurry.

puff!

This time, Augu could not avoid it, and was directly pierced by the head of the Great Waste Gun, and his soul was also annihilated.

After killing August, Lu Ming withdrew the Great Waste Gun, flashed his body, and flew back into the Wanshi prison. The ban of Wanshi prison could not stop Lu Ming.

"Augu, dead!"

At this moment, the people in the cage of the world are shocked beyond recap.

Augu, actually killed by Lu Ming, this is an invincible strong.

Wushen can't come out, invincible world!

This is the invincible strong, the Wushen will not come out, the invincible strong will almost not die, unless besieged by multiple masters of the same level.

But now, Lu Ming has beheaded an invincible strong man by himself, like a myth. Seeing this scene with his own eyes is really impactful.

"Quick, no time, you enter my little world, I will take you away!"

Lu Ming shouted, waved his hands, light curtains, shrouded everyone, and then, in a flash, put everyone into the small world.

"Lu Ming, you are dead!"

At this moment, an angry roar sounded between heaven and earth.

Hiss!

The sky was split, and a figure appeared in the air, exuding a powerful breath.

He Ran is an alien king.

Immediately after the appearance of this alien king, in another direction, the space was split, and an alien king also appeared.

In the eyes of the two, there was an extremely cold murder.

As soon as they arrived, they sensed that Augu was killed.

This is a demigod, who survived from ancient times. The entire cult of evil gods, since ancient times, there are not many demigods born, which is a huge loss.

"Lu Ming, this king wants to put you down!"

An alien king roared and attacked Lu Ming.

"No time to accompany!"

Lu Ming stormed away in the other direction, and after crossing the ban, he had to tear the space and escape.

But at the next moment, Lu Ming's complexion changed, and his figure quickly receded.

Uh!

The space cracked open, and a terrible battle axe slashed towards Lu Ming.

Lu Ming's spear swept out, blocking the axe.

Then, a burly figure appeared. This is a noble of the Evil God Clan, not a royal family. However, his breath is equally terrifying, and he is also an invincible strongman of the demi-level.

Evil God Clan, not a royal clan, can cultivate to the level of demigod.

Like ordinary Evil God clan, Evil God clan noble, can also practice to demigod.

The evil spirit clan royal family, only the bloodline is purer, the talent is higher, and the ratio of the strong is more.

It is more difficult for ordinary Evil God Clan and Evil God Clan aristocrat to practice demigods, but not without them.

Three and a half gods surrounded Lu Ming Tuan.

But this is not over yet, behind Lu Ming, the space is split, and another alien king appears.

the fourth!

Lu Ming's eyes dimmed.

Uh!

Lu Ming suddenly moved and rushed towards the sky.

"Stay!"

The two alien kings joined forces to kill Ming Lu, blocking Lu Ming's path.

boom! boom!

Two consecutive horror roars, Lu Ming was blocked.

In particular, there is an alien king who is amazingly powerful and stronger than other kings.

This alien king looks a little different from other alien kings.

He has long red hair and a pair of wings behind him, filled with fiery red flames.

His appearance is very similar to that of Kondo, who was ranked second in the longevity list of the evil **** clan.

Every move of this person carries a horrible flame, as if to burn heaven and earth.

Lu Ming was blocked, and the other two demi-gods killed Lu Ming at the same time.

Buzz!

Lu Ming waved his spear at a rapid speed and sealed the defense around him.

However, in the face of the four invincible strong, he still has a huge gap.

The continuous bombardment made his long gun stagnate, and then, an attack hit him.

bump!

Lu Ming's body was blasted out and vomited blood.

Uh! Uh! Uh! ...

The four evil **** clan demigods again killed Lu Ming.

"escape!"

At the moment, there is only one word in Lu Ming's heart, that is, escape.

He understands that with the four demi-gods, he is not an opponent at all, leaving a battle with only one dead path.

"Kowloon Shending!"

As soon as his thoughts moved, Lu Ming sacrificed the Jiuling God Ding and attacked the two alien kings. He seized the opportunity and rushed over the other's defense, trying to escape.

"Lu Ming, today, you will die!"

An indifferent voice appeared. Then, the space split and two figures appeared, launching an attack on Lu Ming.

Another two alien kings.

Moreover, these two people, Lu Ming also knew that they had fought before, and it was the two alien kings who were guarding the Jiuyou Heaven.

Hiss!

Immediately afterwards, another king appeared in another direction, but came from Guixu City.

There are a total of seven demigods.

boom! boom!

Attack one after the other, and roar towards the landing.

Faced with so many attacks, Lu Ming couldn't stop him, he was beaten and flew out, his body cracked, blood flowed, and almost burst.

He worked hard to keep the ancient scriptures in order to restore his injuries.

"I must escape, I will escape!"

Even in the face of the Seven Demigods, Lu Ming is still calm and lifts his strength to the extreme.

call out! call out!

In front, a war sword and a spear slammed towards the landing.

Over his head, a battle axe and an iron rod slammed into Lu Ming.

On the right, rear, and left, there are attacks.

"Block, block, block..."

Lu Ming's eyes burst out with a dazzling brilliance. His physical strength, the power of the dominating way, and the war word tactics were all applied to the extreme.

The great waste of guns shook and turned into a stunned rifle, attacking in all directions.

boom! boom! ...

Lu Ming's guns spread out, after all, the power was insufficient, and they were defeated by the alien gods, and Lu Ming was blown out again, especially by a war sword. .

However, his vitality, extremely exuberant, coupled with the immortal ancient scriptures, he is recovering quickly.

"It is the immortal ancient scripture, the immortal ancient scripture of the old fellow Emperor Zun, which originally fell on your hands!"

An alien king spoke indifferently and recognized the immortal ancient scriptures.

Chapter 2537: Battle word tactics, breakthrough

"What if there is an immortal ancient scripture? The Emperor Zun was not killed by us!"

"Destroy him!"

Indifferent voices sounded, and the seven demigods of the alien race kept attacking, and continued to attack the landing.

Lu Ming can only defend with all his strength.

However, the joint of seven demi-gods is really terrifying. No one in the world except Wushen can stop it.

If you change to other demigods, facing the siege of seven strong men of the same level, I am afraid that you will be blown out in an instant.

Lu Ming only blocked several of them and was hit again.

This time, he was more seriously injured, and most of his body exploded, and he could clearly see the internal organs, and even some internal organs were turned into fly ash.

Lu Ming's face was white and he vomited blood.

"He is going to die, shot, completely wipe him out!"

There are several alien kings who are excited.

Lu Ming's talent is so amazing that they are all a little scared. It is a good thing to kill Lu Ming at the moment.

"If you want to kill me, you can't do it!"

In Lu Ming's hand, a fruit appeared and he swallowed it directly.

It is the fruit of life!

boom!

Swallowing the fruit of life, the fruit of life is like an explosion, turning into endless energy of life, covering Lu Ming.

Lu Ming's injury recovered quickly, and his body exploded, and in an instant, he completely grew out.

It is simply a miracle, and this is the medicinal effect of the fruit of life.

"The fruit of life is the fruit of life in Huangquan Mountain. Zulong was willing to give him a fruit of life!"

An alien king exclaimed, envious.

They thought that the fruit of life was given to Lu Ming by Zulong.

You should know that the ancestors of different races entered Huangquan Mountain and received a total of eleven fruits of life, but none of them were separated.

Therefore, when they see the fruit of life, they are naturally jealous and envious.

"Kill him, draw his blood, and heal medicine!"

An alien king, Sen Leng, opened his mouth and killed Lu Ming. He wanted to kill Lu Ming and then draw his blood.

kill! kill! kill!

Other alien gods also killed Lu Ming.

"come on!"

Lu Ming's eyes showed the meaning of madness. His injury, under the fruit of life, was almost okay. He raised his strength to the extreme.

In this life-and-death crisis, he seemed to see the bottleneck of Zhanzi Jue, as if he could break the bottleneck at any time.

The Great Waste Gun, blooming in Lu Ming's hands, burst out with a splendid burst of guns, stab at the seven alien gods.

bump! bump! bump!

when! when! when!

Lu Ming was still invincible due to the continuous collision between the two sides. In the collision, he was hit hard.

However, the fruit of life is indeed very mysterious and the effect is amazing. Lu Ming's body is filled with powerful vitality in the blood. Once Lu Ming is injured, he will recover quickly.

As long as he was not killed in an instant, Lu Ming could recover quickly.

So, for a time, he resisted the other party's attack.

"Quick, fast!"

In this desperate situation, Lu Ming's spirit is highly concentrated, and the application of the war character tactics has reached the extreme.

"The fruit of life is so powerful that it's hard to kill him!"

A strange king yelled.

"Then I will refine him completely!"

The flame-filled alien king spoke coldly, and then, his third eye, shining brightly, emerged from a furnace.

Then, the body of this alien king quickly shrank and all fell into the furnace. The furnace exploded with terrifying power to devour Lu Ming.

The other six alien kings joined forces and drove to Lu Ming continuously. Lu Ming was to be blasted into the furnace.

Lu Ming resisted with all his strength, but his body continued to move toward the furnace without entering. The terrible temperature had already made Lu Ming's skin hurt.

This is a terrible method of attack, Lu Ming has seen it.

At the beginning, under the holy mountain of the evil **** clan, Lu Ming challenged the Longevity List and battled with Kang Duo ranked second in the Longevity List. In the end, Kang Duo also used this trick. The power is indeed amazing.

And this alien king used this trick, Wei Neng was ten thousand miles stronger than Kang Duo.

"Broken, break me!"

Lu Ming snarled in his heart, and the Great Desert Gun continued to vibrate, shaking hundreds of millions of times per second.

This is also that the Great Waste Gun is a Celestial Soldier. The material is amazing. If the general Great Soldier vibrates so many times per second, he will be directly crushed.

Suddenly, between the shocks of the Great Wilderness guns, the guns skyrocketed, and a gun, which penetrated the void, pushed back the two alien kings repeatedly.

Lu Ming is overjoyed!

It broke through, and the word of war broke through the bottleneck and reached a new level.

Lu Ming madly urged the war word tactics.

boom!

Suddenly, Lu Ming felt a roar erupt in his body, and an endless war intention erupted from the depths of his body. Then, this war intention turned into a rolling force, which made Lu Ming's power suddenly soar.

bump!

Lu Ming's spear was shocked, and he made a move with an alien king. The body of the alien king was violently shaken and was blasted tens of thousands of miles away.

"Damn, his fighting power... why suddenly skyrocketed..."

Those alien kings were shocked.

"My combat strength..."

Even Lu Ming himself was shocked.

Just a moment ago, Lu Ming discovered that his fighting power had actually doubled.

Yes, it is his overall combat power, which has doubled fully, completely because he urged the war character formula.

"War, war, war!"

Lu Ming's fighting intentions are endless, the great wild guns are constantly wielding, and the guns that stretch for millions of miles are vertical and horizontal.

bump!

The furnace melted by the alien royal family was pumped out by Lu Ming and hit the ground. The land exploded directly, and it was turned into ashes without a thousand miles.

"Join together, don't disperse, get together!"

A foreign king shouted.

Everyone's alien kings did not dare to disperse and unite. Every time they shot, it was everyone who shot together, attacking and gathering, and the power soared.

boom! boom!

Lu Ming blocked a few strokes, and his figure only slightly receded.

This is already a terrible thing.

Before, he faced the two demigods and had to fall in the wind and struggle.

But now, he faced so many half-gods of joint attacks, only slightly back.

It can be seen how much his combat power has increased.

"How is it possible? How is it possible?"

These alien kings, one by one, can't be added. It is hard to believe.

Lu Ming, what kind of monster is this, can actually soar in the war.

The key point is that they did not find that Lu Mingxiu had made a breakthrough. His behavior did not make a breakthrough, but only a simple increase in combat power. What's going on?

boom!

With a roar, the alien king who turned into a furnace turned into the original form, rushed out of the ground, and merged with the six and a half gods of the alien, his eyes were extremely dignified.

"Haha, I won't play with you today, fight again in another day!"

Lu Ming laughed, stepped out, the space was split directly, he wanted to tear the space away.

Chapter 2538: Start to retreat

Lu Ming wants to tear away the space, but the seven demi-gods of different races don't want to let Lu Ming so easily.

"Leave him!"

"Must kill him!"

Seven half-gods of different races shot one after another, attacking Landing Ming, seven attacks, converging together, killing Lu Ming.

The cold light flashed in Lu Ming's eyes. His body shook and appeared in another direction. The Great Waste Gun swept out and the void collapsed.

The seven alien gods quickly resisted and blocked Lu Ming's attack. However, Lu Ming appeared in another direction and swept out again.

In a blink of an eye, the two sides fought dozens of tricks, the alien demigod, could not help Lu Ming at all.

boom!

There was another roar, and the two sides confronted a trick. Lu Ming retreated, and behind him, the space was split. Lu Ming rushed directly into the space and disappeared.

"Damn!"

Seven alien gods with ugly faces are dying, but they did not pursue them, they knew that they could not help Lu Ming at all.

"This matter must be reported to the Holy Ancestor!"

"This son Lu Ming must be removed as soon as possible!"

An alien demigod also left here and headed towards the alien sacred mountain.

And Lu Ming, traveling through the void, rushed towards the sky.

It didn't take long for Lu Ming to arrive on a battlefield outside the Two Realms.

Now, the alien military barracks here are broken, and this battlefield is empty.

Lu Ming waved his hand, and more than a thousand people appeared in this prison battlefield.

As soon as these people appeared, their heads turned around.

"This is where?"

Someone asked.

"Here is the heaven!"

Lu Ming said.

"What? Heaven?" Everyone was startled.

Here, it is actually heaven.

Does this mean that Lu Ming took them from the Evil God Realm to the Heaven Realm.

But how is this possible?

The long empty shuttle, how could they be okay in Lu Ming's small world?

Lu Ming was able to take them from Evil God Realm to Heaven Realm. Such amazing means made them marvel.

Then, have we escaped from Evil God Realm?

Many people think of this problem, one by one ecstatic.

They were imprisoned for thousands of years in the cage for so long, and they got out at this moment, and they were really excited.

"Lu Ming, thank you for your help!"

"I am so impressed with these great graces. If there is any dispatch in the future, just speak!"

"me too!"

These people thanked Lu Ming one by one.

"Everyone in the prison prison world, tell you a message that the prison prison world has been brought to heaven by the predecessor Zulong. You can go find them!"

Lu Ming said.

"Has the prison realm been brought to heaven?"

Those in the prison world are also overjoyed.

In this way, they can be reunited with the people in the prison world.

"and also..."

Lu Ming's gaze, one direction.

There are more than a dozen different races, all of which are the cultivation practices of the Emperor Realm.

Lu Ming heard Qing Cang said that those aliens were imprisoned in the cage of all ages because they opposed the evil spirit clan's attack on heaven.

"You, the Celestial Realm and the Evil God Clan, I am afraid that a decisive battle will erupt in the near future. What are you going to do?"

Lu Ming said.

The faces of dozens of evil gods have all changed and become very complicated.

Although they oppose the evil spirit clan's attack on the heavenly realm, they cannot help the heaven realm against the evil spirit clan.

"Let's leave, find a place to live in seclusion, away from this right and wrong!"

An evil spirit cries.

"Alright, I will help you lift this seal armor!"

Lu Ming waved his hand and showed his dominance, covering them.

Above the Heaven Emperor Realm, the wearer's blood-red armor is worn on the body, and the seal can be repaired, but with Lu Ming's current power, these armor can be easily removed.

"Thank you!"

A dozen interracial people took a fist to Lu Ming, then turned around and strode away.

Then, Lu Ming removed the armor from the rest.

Among the remaining more than 1,000 people, there are at least more than three hundred people. It is the cultivation of the Heavenly Emperor Realm. This is an extremely amazing force. It is brought back to the Heaven Realm and will also play a role in the fight against the evil **** clan in the future.

Lu Ming took these people back into the small world, then quietly entered the two worlds, came to an unmanned land, and released these people.

These people thanked Lu Ming again, and then left one by one.

The people in the prison world went to find the people in the prison world.

The creatures in the heaven, they have relatives and friends in the heaven, they have been imprisoned for thousands of years, and this time, they will naturally visit those relatives and friends.

Lu Ming returned to Longhuangfeng alone!

On the peak of Longhuangfeng Mountain, Lu Ming stood against the wind.

"Now the fighting power is back!"

Lu Ming frowned.

Before, he felt full of fighting power, but now, he fell back.

"Is it because of the warfare tactics, try again!"

Lu Ming thought of Zhanzi Jue, and then began to urge Zhanzi Jue.

Before, the Zhanzi tactics broke through, and he exerted all his strength. The fighting strength is better than before, but it is not so exaggerated.

"Useless!"

Lu Ming frowned, never giving up, and continued to mobilize the war of words.

After urging seven or eight times in a row...

boom!

In Lu Ming's body, there seemed to be endless power, and he made a random move, full of terrible combat power.

His combat power has doubled.

"This...there's still a chance?"

Lu Ming guessed.

Next, Lu Ming continually tried to find out, and he found that there was a chance.

He urges about ten times of warfare tactics to trigger a success, and the combat power will be doubled.

The success rate is about one tenth.

However, even if only one-tenth, Lu Ming is ecstatic.

Reaching his current state, this mysterious technique that can explode combat power is too few, almost no.

At this critical moment, the sudden combat power doubled. It was extremely terrifying. It was able to make a comeback and kill opponents.

Just like this time in the prison of all ages, if he triggers the doubling of the combat power, I am afraid that it will be difficult for him to break out of the siege of seven alien gods.

Moreover, Lu Ming feels that this is because he is still not very deep in the cultivation of Zhanzi Jue. As his understanding of Zhanzi Ju becomes deeper and deeper, I am afraid that this chance will rise.

In the end, it is possible to reach a 100% trigger rate.

After that, with the deepening of the understanding of the word of war, will it be able to trigger three times the combat power, four times the combat power...

Lu Ming couldn't help but imagine.

"Baiya's tactics of war words, even in the wilderness universe, are extremely amazing. Once exposed, it will attract infinite masters to compete. It seems that what is said is not false!"

Lu Ming has only now discovered the horror and astonishment of Zhanzi Jue.

"Now, the warfare tactics have broken through. With my current combat strength, I should be able to penetrate the Heavenly Path and block it. Now, just retreat and attack the realm of Heavenly Emperor!"

Lu Ming muttered to himself, his eyes showing expectation.

Once he breaks through the Emperor, how strong will he be?

Chapter 2539: Decisive battle, coming

Immediately, Lu Ming placed a formation on the top of Longhuangfeng Mountain, then sat cross-legged and began to try to break through the realm of heaven.

Of course, it is not so easy to impact Heavenly Emperor Realm. He must first adjust his state to the best, and then consolidate some warfare tactics before he can start to break through.

Lu Ming is caught in deep cultivation!

.....

Evil God Realm, Holy Mountain.

On the top of the holy mountain, suddenly a force of terrifying horizon broke out, a superb majesty, filled out, and then, with a figure, a breakthrough appeared in the air.

This figure is an ancestor of aliens.

"Meet the Holy Father!"

Kings of different races respectfully salute.

At this time, the aliens who practiced on the holy mountain were also alarmed, waking up one by one from the retreat, flying outside the holy mountain, and meeting the alien ancestors.

"This son Lu Ming is a huge variable. I can't wait any longer. I'm recovering almost now. It's time to step on the horizon!"

The alien ancestor spoke.

"May I die for the Holy Father!"

All interracial, salute respectfully.

"Call out all the strong people of our family, set off for the whole army, and level the heavens!"

The alien ancestor gave the order.

"Yes!"

All the alien kings led their lives loudly and then left here.

"Fighting heart, although you have not fully recovered, but you already have the combat power of Wushen. You can't wait any longer. Lu Ming, the kid, must get rid of it!"

Alien whisper whisper.

For a world war, the alien ancestor was really shocked.

Lu Ming's performance is beyond common sense.

He has long recognized that Lu Ming has control over the way of domination, and can control the way of domination. Even outside the sky, it is a rare peerless arrogance that can be controlled.

Lu Ming was in control, enough to shock him.

However, the fighting power displayed by Lu Ming was even more terrifying, making him uneasy.

Originally, he also wanted to wait another period of time, after the murderous ancestor completely recovered, and then attack the heavens.

However, I can't wait now!

Who knows where to wait, Lu Ming's cultivation behavior, and which step will be reached.

The whole evil spirit world began to make waves.

Countless strong men, awakened from the retreat, and then converged towards the top ten king cities.

The beast stepped into the air and roared like thunder.

Strong one by one, roaring past.

The top ten king cities of different races have gathered countless powerful men to form a huge army.

Evil God Clan, the royal city of the first royal family, in an underground chamber, the king of the first royal family waited respectfully.

Click!

The door of the Chamber of Secrets opened, and a slightly older Clan of the Evil God Clan came out.

"Children meet the father!"

The king of the first royal family immediately saluted.

This elder clan elder is exactly the previous generation of the first royal clan, an veteran demigod, who has not been able to retreat since World War I.

"Are you finally going to launch a total attack on the realm of heaven!"

The old king whispered, his eyes flashing cold light.

Not only the first royal family has such characters, but other royal families also have such characters.

They are all retired old kings, all are terrifying characters, and they are all going out at the moment.

Evil God Realm, a deserted land, here, there is an abyss, seen from above, it is dark, and there is nothing to see under the abyss.

This is a well-known forbidden area of Evil God Realm. Normally, no one dares to set foot.

Under the abyss, there is a group of evil gods, sitting cross-legged.

The number is very staggering, there are hundreds of thousands.

These evil gods do not know how many years they have been sitting here, it is like a stone statue.

These Evil God Clan, there are all kinds of races, there are ordinary Evil God Clan, there are also Evil God Clan nobles, there are also royal clan.

At this moment, some of them suddenly opened their eyes, and in their eyes, a shining light burst out, and an extremely cold murderous opportunity came out.

Uh! Uh! ...

Then, the other evil **** clan opened their eyes one by one, a powerful breath, soared into the sky, and finally gathered together, the world and the world changed color.

"Since the war, heaven should be destroyed, killed, killed, killed!"

The roar of roar came from the abyss, and then, one hundred thousand evil **** clan flew out of the abyss.

This is a terrifying army.

Called the Skybreaker Legion!

Anyone who has experienced an ancient war will know the horror of this legion. At that time, Heaven Realm did not know how many masters died under this legion.

Evil God Clan, come out of the nest, countless strong.

The ancestral dragon nest, the place where the ancestral dragon closed its doors, suddenly heard the sound of the trembling dragon dragon, and the vast dragon power came out, covering the entire ancestral dragon nest.

Roar!

A real dragon flew out, huge and endless, hovering over the ancestral dragon nest.

It is the body of Zulong.

He had sensed everything about the Evil God Clan and left the customs in advance.

Zulong Nest, countless strong men who are in retreat, opened their eyes, and then flew out of the retreat and stood in the air.

The sky of Zulong Nest is full of people, and the breath is amazing and powerful.

"The final decisive battle is coming, the Evil God Race will come out of the nest and attack the heavens!"

"Sing the drums of war, let the order go, and let all the people of the Nine Serenity Realm, All Souls Realm, and Hunyuan Heaven Realm return to the Two Realms, and use the Two Realms to return to the two cities of the ruins and defend the Evil God Race!"

"In addition, convene Heaven Realm, Yuan Realm, all strong men above the Quasi-Emperor, go to the Two Realms City, and join the Market City!"

Zulong issued several orders in a row.

"Yes!"

Everyone saluted respectfully, then turned into a rainbow of light and disappeared here.

Boom! Boom! Boom!

On this day, the terrifying battles roared from the ancestral dragon's nest and spread throughout the heavens.

"A decisive battle, is it coming!"

At the bottom of a large lake, an old man with messy hair suddenly opened his eyes, his eyes were like a sword, piercing the sky.

Then, as soon as he stepped, he disappeared here.

A stretch of volcano, a phoenix chirping, ringing all over the sky.

"Retreat for endless years, it's time to fight!"

Uh!

A flaming phoenix soared up and disappeared into the sky.

In a vast mountain, a group of people rushed into the sky.

"My Song family has been in hiding for many years, it is time to fight!"

A sound rang out, and a group of strong men with great shoes took off.

Roar! Roar! ...

The most famous dragon valley in Taiqing Tianyu, the sound of dragon chanting came out.

Here, it is the gathering place of the true dragon family, which gathers most of the real dragons in the heaven.

At this moment, all the real dragons circled up and flew to the sky.

Black dragon, snow dragon, blood dragon, fire dragon, white dragon, blue dragon, golden dragon...

Different real dragons gathered together to form an army of real dragons and flew to the battlefield of Guixu.

In another place, countless dragons took off.

Phoenix lair, countless phoenixes are flying.

Unicorn peak, countless unicorns stepped into the sky.

...

At this moment, in the Taiqing Heavenly Territory, countless gods and beast races gathered, and the battlefield they went to was the battlefield of the ruins.

This time, the Divine Beast is responsible for returning to the battlefield of the ruins, the human race, and the two worlds.

Human races, no matter how big or small, such as the Lan family, are now rushing to the Two Realms together.

Chapter 2540: All-out war, broke out

Countless forces, rush to the two realms!

Facing the life and death crisis battle in the heavens, no one can stay out of the matter.

Defeat is death!

And in the Nine Nether Heaven Domain, the Wanling Heaven Domain, and the Hengyuan Heaven Domain explored, the Celestial Powerhouses also retreated and returned to the Two Realms.

After all, the two realms have been operating for many years, and they have engraved countless large formations. They have to defend with ease.

If you go to defend Jiuyou Tianyu, on the contrary, your strength will be dispersed and it will be broken by each other.

The Celestial Army gathers in two battlefields and waits for them.

Outside the Zulong Nest, a group of people stood in a void.

This group of people, each is a terrifying powerhouse, is an enemies without demise.

It used to be closed, but now it's all out.

In front of them, there are two pictures, these two pictures can directly reflect the situation of the battlefield of Guixu and the battlefield of the Two Realms.

They are here to command and monitor the battlefields of the two battlefields at any time.

Dragon King Peak!

"Young Master is still closed, what should I do?"

Lei Yi asked the others.

"The decisive battle is coming, we must join the battle, so leave two people, protect the young master, and the others, go to the battle!"

Tu Yi.

"That's the only thing!"

The others nodded.

Soon after, Dragon Emperor Feng flew out in a row, but all those who were above the quasi-emperor, flew to the Two Realms City, leaving two characters from the Heavenly Emperor Realm to stay here.

Such as Lu Xiangxiang, Ouyang Moli, Bubble, Dragon City, Phoenix Spirit, Barren Force, etc., all rushed to the Two Realms City.

In addition, the large and small forces of the Yuan Realm also recruited the strong to come to the Heaven Realm to participate in the war through the void channel.

This is a battle that decides life and death. Even if some forces do not want to participate in the war, there is no way. They do not want to participate in the war. I am afraid that they will be first removed by other powerful men.

...

Suddenly flashed in the sky of Longhuangfeng, Zulong appeared.

He took a closer look at Lu Ming for a while, and said softly: "It's about to break through, Lu Ming, I hope you can break through as soon as possible!"

After speaking, Zulong's figure disappeared, and then appeared outside Zulong's nest, the place of command.

Zulong, as the strongest person in heaven, naturally has to sit here and command.

Evil God Realm, in a void, also stood some figures.

These are all alien kings, as well as alien old kings. Of course, the most central is the alien ancestor.

In front of them, there are two pictures floating in the air, which also reflect the Two Realms City and the Guixu City.

At this moment, countless forces of Evil God Clan are walking towards the realm of heaven along the void channel.

The void channel connecting Evil God Realm and Heaven Realm is very wide and huge, and can accommodate many souls through at the same time.

"Send all the beasts to attack the market!"

The alien ancestor gave the order.

Immediately after his order was issued, someone used the phonic jade symbol, which turned into a rainbow and disappeared here.

Of course, it is too far away from the heavens, and the jade symbols can not be transmitted so far at once.

However, they had messengers along the way.

This sound-carrying jade symbol flew to the next messenger, and the messenger continued to sound, and continued to fly to the next one.

In this way, it won't take long for the news to reach heaven.

There is a similar transmission line over the sky.

The army of evil gods is divided into two parts, killing the Guixu City and the Two Realms City.

Over time, the armies of both sides approached.

The battlefield outside the Guixu city suddenly roared like thunder, and the beast of the Infinite Evil God Realm appeared and ran to the Guixu city.

This kind of beast also has three eyes, a huge body, very bloodthirsty and crazy, and its fighting power is also amazing.

"ready!"

A voice came from the market.

Roar! Roar!

Various roars came out, and countless heavenly beasts were ready to go.

Rumble!

Countless monsters of Evil God Realm, trampled on the ground, or stepped on the void, made a rumbling noise, and rushed towards the Guixu city.

Boundless, true boundless, it is impossible to see clearly how many strange animals there are.

"Turn on the big formation!"

On the return market, large bursts of light shined, and countless large bursts emerged.

The Celestial Realm has been defending the Guixu City for countless years. The layout is like a railway, and there are many large arrays.

There are defense types and attack types.

"attack!"

When the monster of Evil God Realm came close to Guixu City, someone gave an order.

call out! call out! ...

Returning to the ruins city, it shone with a brilliant and splendid light, countless attacks, flew out, and killed the monsters of the evil spirit world.

puff! puff! ...

Evil God Realm beasts are constantly being killed, flesh and blood flying, and bloody.

However, there are too many strange beasts of Evil God Realm, endless, like the tide, rushing towards Guixu City.

These Evil God Clan strange beasts, to the Evil God Clan, are nothing more than animals, and they don't care at all.

Evil God Realm monsters are constantly being slashed, but there are more monsters that are constantly approaching the Guixu City.

boom!

Finally, the Evil God Clan beast rushed under the Guixu City and slammed into the Guixu City's defensive formation. At this moment, the entire Guixu City trembled violently.

"kill!"

The army of gods and beasts in the ruins of the market continuously attacked and attacked those beasts.

At the same time, the attack of Guixu City also started, and various attacks directed at these strange beasts.

Large blocks of beasts were beheaded, but those beasts were insane, fearless of life and death, and madly crashed into the defensive formation of the market.

Even some beasts choose to explode.

boom! boom! ...

The defensive formation of Guixu City continued to roar, and the vibration became more and more intense. Behind, some places finally could not resist and were torn apart.

A large group of evil spirit world beasts rushed into the Guixu city.

"kill!"

The army of heavenly beasts roared and killed these beasts. The short soldiers of the two sides met, and the fierce battle officially broke out.

At the moment, countless army of evil gods have appeared on the battlefield outside the two realms.

Here, there are no strange beasts, all of them are strong men of Evil God Clan.

Countless evil gods, densely covered, covered the sky and sun, rushed towards the two realms.

Moreover, there are various heavy siege weapons, crushing the void and heading towards the Two Realms.

"ready!"

In the two realms, the army of the realms began to prepare, and the large array shone, and various defensive formations began to start.

The armies of both sides are getting closer.

"attack!"

From the side of the heavens, lead advanced attacks, various attacks, and fly to the army of evil gods.

"Strategy, defense!"

The army of Evil God Clan is completely different from the monsters of Evil God Realm.

A group of hundreds of them, or thousands of people, form a large defensive array, and at the same time use defensive weapons to resist. The attacks on the side of the Celestial Realm have little effect.

Rumble!

The army of evil spirits keeps getting closer to the two worlds. The army of heavens has limited damage to the evil spirits.

After all, it is a long-range attack, the power is not particularly strong.

boom!

Finally, the army of Evil God clan collided heavily on the defensive formations of the Two Realms and began to attack the defensive formations.
