

D Emperor 2541

Chapter 2541: Decisive battle (1)

The Evil God Clan, a large army of troops, has too many. It can be said that it came out of the nest.

Moreover, the worst is the cultivation of the quasi-imperial realm.

There are at least tens of millions of evil gods in the quasi-empire realm, millions in the evil emperor realm, hundreds of thousands in the real emperor realm.

Among them, there are tens of thousands in the Great Emperor Realm.

What a terrifying force this is. Moreover, these evil **** clan, with the emperor as the general, the true emperor, the virtual emperor as the backbone, and the quasi-empire as the soldiers, laid down a large array, the power is even more amazing.

Such powers are no longer comparable to the powers previously attacked by Evil God Clan.

In the past, it was only part of the strength of the Evil God Clan that was attacking the two worlds. Now, it is all out.

boom! boom! boom!

The defensive formations in the two-tier cities roared violently, and they kept shaking, and in this way, they would not be able to defend for long.

Although the attack formations in the Two Realms are constantly attacking and killing a part of the Evil God Clan, but in the face of the endless tide of the Evil God Clan, it is only a slap in the air.

Hiss!

Some defensive formations were torn apart.

Once a mouth is opened, it is like the water of the breakwater, which is unstoppable, defensive formation, continuous collapse, cracks, and more and more.

"Kill, flatten the heavens!"

"kill!"

Infinite Evil God Clan, killed in a large formation.

"kill!"

The Celestial Power also killed the Evil God Clan, and the two sides fought fiercely.

However, neither side has invested the power of Heavenly Emperor Realm.

Heavenly Emperor Realm is the core strength of both sides and is very critical.

The Evil God Clan did not move there, and the Celestial Side did not move. Otherwise, because it killed the Evil God Clan below the Heavenly Emperor Realm, it consumed power and was killed by the other Heavenly Emperor, which would affect the battle situation.

Regardless of whether it was a two-city city or a ruling city, the battles became more and more intense. Finally, the defensive formations of the two cities collapsed completely.

The strong of both sides fight each other together.

The two sides add up, and nearly hundreds of millions of troops are fighting. That scene is really amazing.

The walls of the tens of millions of miles between the two realms are plunged into a flame of war. Countless people are fighting, shouting to kill the sky, and the blood is permeated.

"Use my blood to exterminate the aliens and change the heavens for peace!"

A middle-aged middle-aged man in the heavens, Chang Xiao, who has the cultivation of the Great Emperor Realm, has a long sword, and splits an Evil God Clan Emperor in half.

However, on the other side, a ray of destruction came through and killed the human race.

Such a situation occurs everywhere on the battlefield.

On the battlefield, the situation is very fast, and every moment, a large number of people die in battle.

"kill!"

Longchen, Huangli, Ouyang Mushuang, Lu Xiangxiang, Ouyang Moli, Huangli, and others, joined together to form a large formation, swept out, and beheaded one evil **** clan.

All of them had entered Huangquan Island, had adventures, and their cultivation was greatly increased.

In the past two hundred years, they have refined the fruit of life that Lu Ming gave them, and the cultivation is even more explosive. Each one has reached the peak of the emperor.

So many of them united together to form a large formation, and the evil spirit clan was beheaded and killed everywhere.

Soon after, they had killed thousands of evil spirits.

Evil God Realm, alien ancestors, and all alien kings are watching.

Their faces were calm and without waves.

For them, the Evil God Clan under the Heavenly Emperor died a lot, and they would not care.

What they care about is whether they can finally level the heavens and succeed in the sky, which is related to their future.

Especially those strange beasts, they don't even care.

In the battlefield of Guixu, the fighting is even more tragic.

It is here that the beasts of the evil spirit clan and the gods and beasts of the heavenly realm are fighting.

The monsters of the Evil God Clan are extremely mad and fearless to death. They also cause the heavenly creatures to suffer heavy losses.

"Form a great beast formation!"

On the battlefield, there were voices.

Roar! Roar! ...

The sounds of the dragons came out, and all the real dragons of the real dragon family began to gather and unite with each other to form a large formation. They turned into a terrifying real dragon, breathing in the sky, sweeping all directions, and the mouth was screaming. The beast was strangled.

At the same time, the Phoenix, Qilin, Tianhu, Sacred Cows, etc., all condensed into a large formation, and turned into a huge Phoenix, Qilin, Tianhu, etc., the power skyrocketed, and for a time, a large number of evil gods Harvested, slaughtered.

"Return to the market battlefield, send out giant beards!"

Orders of alien ancestors.

"Yes!"

Immediately, someone spread the news.

boom! boom! boom!

In front of the Guixu city, the earth roared, and a giant monster appeared at the end of the world.

It's just a huge creature, covered with black scale armor. They have huge tentacles like octopus tentacles.

There is also a third eye in their eyebrows.

This is the giant beard clan in the Evil God Clan. Such creatures are extremely rare in the Evil God Clan, but after each adult, the body will be surprisingly large, standing on the ground and truly standing on the ground.

If Lu Ming is here, he can definitely recognize that there was this kind of creature attack in a channel guarded by Titan beetle.

boom! boom!

The giant beards stepped on the ground, and every step they stepped on, the ground exploded, cracks and cracks, and a terrible breath, sweeping all over the world.

The giant beard clan, together with the true dragon clan, the unicorn clan, and the phoenix clan form a large formation and fight together.

Let the battle of Guixu city battle be even more tragic.

"Two assassination cities, send assassins of the Emperor Realm!"

Orders of alien ancestors.

"Yes!" Immediately, someone spread the news.

Outside the Two Realms, one of the short, but four-armed Evil God Clan flashed and disappeared directly. They were mixed in the Evil God Clan crowd and killed towards the Celestial Power.

These dwarf evil spirits are too fast, they are natural killers, and their cultivation bases are all in the Emperor Realm Realm. As soon as they moved, Zulong discovered them immediately.

"Send the powerful Emperor of the Heavenly Emperor Realm, which is known for its speed, to block the assassin of the evil **** clan!"

Zulong ordered.

Immediately, the news reached the battlefield.

"It's time for me to play, tweeted!"

Behind the two realms, there are the heavenly emperors, and the bubbles are also in it.

At this moment, the bubbles cried together excitedly, flashed out, and rushed out.

The speed of the bubble reached its extreme, and it rushed out, and in the next moment, it reached the battlefield.

Wherever she passed, the terrifying power of time and space shrouded some Evil God Clan. The bodies of these Evil God Clan shriveled away and finally turned into a skeleton, as if they had been deprived of their years.

call out!

Suddenly, the sword light exploded, a short, evil spirit clan with four arms, four sharp blades in his hand, chopped towards the bubble, almost to the extreme.

Strong men at the same level, the speed can not keep up with this evil **** clan.

However, he encountered bubbles.

"I found you long ago, tweeted!"

As soon as the bubble pouted, the figure swayed, avoiding the other party's attack, and then suddenly appeared behind the other party. With a small hand, he removed the other party's head.

Chapter 2542: Decisive battle (2)

Bubbles easily killed an emperor of the evil **** clan assassination clan. His body flickered and appeared tens of thousands of miles away. A pair of small hands pressed towards him.

In an area in front of her, everything seemed to stand still.

The powerful Celestial Power and Evil God Clan Powers in the war are forbidden to stay there.

At the same time, there was a figure in the void that was originally empty, and it was an evil **** clan with four arms.

At this moment, the face of this evil **** clan was full of horrified expressions.

He was hidden in the void, wanting to assassinate the strong side of the sky, but was forced out of the void by the bubble, and he was imprisoned by a powerful force.

call out!

Bubbles rushed by, and the body of this Evil God Clan turned into fly ash directly.

call out! call out! call out!

But at the next moment, in all directions, there was a terrifying edge, slashing towards the bubble, the speed was amazing and the power was terrible.

"I retreat!"

The bubble body retreated sharply, but behind it, there was also a terrible edge, slashing towards the bubble.

Obviously, the other party saw the threat of the bubble, and secretly several masters secretly killed the bubble and wanted to get rid of the bubble.

puff!

Bubble's body was cut into two pieces, and then dissipated into fly ash.

Then, several short evil gods appeared in the air, their faces dignified, and they looked around.

Click!

Suddenly, there were cracks in the space around them, and then those spaces were twisted and changed into a prison cage, and several dwarf evil gods were covered in it.

"Not good, break open!"

An evil **** clan roared, and several evil **** clan shot together. They all held a machete in their hands. They were astonishingly sharp. They could be cut out with just one knife, and the space could be easily cut.

However, they could not cut the space under the bubble cloth.

Their weapons were chopped on the surrounding space, and the space flowed like a wave of water, but it soon returned to its original state.

"Back in time!"

Bubbles whispered, his hands constantly waving, a subtle breath, enveloped several evil gods.

An astonishing scene appeared, and the breath of the several evil gods was declining rapidly, and their appearances also changed rapidly.

Originally, several evil spirits looked middle-aged, but now they are getting younger and younger, and then young...

At the same time, their cultivation practices are also going backwards.

At the beginning, it was Heaven Emperor Realm, then Great Emperor, True Emperor, Emperor Emperor, and finally, directly back to Wusheng Realm.

This is an extremely terrible magical power that will allow the enemy to go back in time and return to when the cultivation base is still weak.

Wu Sheng Realm, for Bubble, can be killed by turning his hand.

When the bubble little hand presses, the bodies of several evil spirits turn into fly ash.

A few Evil God Clan in Heaven Emperor Realm were killed by the bubble.

After the bubble reached the Heavenly Emperor Realm, it became more magical and more magical, and its combat strength became stronger and stronger. The strongman of the same level was not her opponent at all.

At this moment, on the other side, Huang Ling, Long Chen, Huang Li and others encountered a crisis.

They formed a large formation and continuously killed the evil gods, which naturally attracted the attention of the other party.

Already there are short Evil God clan, staring at them.

嗤嗤嗤...

The terrifying and sharp knife light suddenly cut them towards the Huang Ling, with amazing power.

"It's not good, it's a strong man in the heavenly realm!"

Their complexion changed greatly.

Although all of them are the cultivation base of the peak of the Great Emperor Realm, they are still far away from the Heaven Emperor Realm.

They formed a large formation and joined forces. A huge shield came out and blocked it.

Click!

A sharp, raspy sound rang, and the knife slashed across the shield. The shield suddenly cracked, and then burst.

"Go to die!"

In the space, a dwarf Evil God clan emerged, with a savage complexion, full of murderous opportunities, and weapons on its four arms, chopping them towards the Phoenix Spirit again.

"kill!"

"kill!"

Huang Ling, Long Chen and others shouted and tried their best to make use of the awesome knowledge of the bottom of the box. However, they are still far away from the Heavenly Emperor. Moreover, this small Evil God Clan is not a general one-star Heavenly Emperor, but a two-star Heavenly Emperor. .

bump! bump! bump!

The sound of the explosion continued to sound, and their attacks were defeated by the dwarf evil **** clan, and the sharp knife light continued to cut them, and they were to be killed.

At this time, a phoenix chirp sounded, and the Phoenix Spirit was bathed in flames, almost turning into an undead heavenly Phoenix, swaying straight up and rushing to the attack of the evil **** clan Tiandi.

"not good!"

Long Chen, Huang Ling, Lu Xiangxiang and others have changed their complexions.

puff!

Huang Ling was struck, her body flew over, and turned into a humanoid again.

Her body is almost cut in half, but her body is filled with a wonderful breath, and her body is repairing quickly.

It is an immortal ancient scripture!

Lu Ming got the immortal ancient scriptures at the beginning, which is a ray of heavenly imprint of the immortal emperor. When he was still weak, he could not be inscribed at all and could not be passed on to others.

However, when Lu Ming came out of Huangquan Mountain, his cultivation behavior was enough, and he was fully able to engrave it.

Lu Ming inscribed the immortal ancient scriptures, and came the bubbles, Dandan, Huangling, Longchen, Lu Xiangxiang...

Anyone who has a good relationship with Lu Ming, Lu Ming will pass on the indestructible ancient scriptures, just to face this war.

The people have practiced for hundreds of years, and the ancient scriptures are immortal.

Moreover, Huang Ling has also taken the fruit of life. The blood still has the power of the fruit of life. Although he was seriously injured at this moment, he has not died and is recovering quickly.

"Well, an emperor, who was hit by me, is still not dead. See if you can take me a few strokes!"

The dwarf evil **** clan was a little stunned at first, and then revealed a terrible murderous opportunity, and they had to kill them again.

However, when he was about to shoot, he found that his body could not move.

"Do not..."

He yelled, and then the sound of his body burst apart and turned into ashes, and a figure appeared behind him, just like bubbles.

"Bubble..."

Seeing bubbles, Lu Xiangxiang and others were overjoyed.

"We join forces..."

Bubble said, and then joined forces with Huang Ling, Lu Xiangxiang and others to fight with the aliens.

In other parts of the battlefield, the fighting is even more tragic.

This kind of dwarf evil **** clan is too fast, flashing in the army, and the powerful players in the heavens are constantly being killed.

Fortunately, there are also Tiandi Realm masters who are good at speed and assassination on the side of Heaven, arrived in time and hunted each other with each other.

All this, the helmsmen of both sides, are in their eyes.

Evil God Realm, alien ancestors, kings, also see the performance of the bubble in their eyes.

"Huh, it's another space-time spirit rat. In the war that year, the space-time spirit rat caused great damage to our army!"

The first king spoke with a cold voice.

"Fortunately, this space-time spirit rat has not reached its peak, and its strength is not strong!"

Another king said.

Chapter 2543: Decisive battle (3)

Several alien kings argued that they could clearly remember how difficult it was for the space-time spirit rat in the ancient battle.

At that time, that time-space spirit rat was only the cultivation practice of Pinnacle Heavenly Emperor, but generally Pinnacle Heavenly Emperor was not his opponent at all, even if it was a demigod, who wanted to kill the space-time spirit rat, it was difficult to do.

The space-time spirit rat's life-saving ability is too strong, and they finally used a few demigods to kill the time-space spirit rat.

Now, the practice of the bubble has not reached the peak, so let them breathe a sigh of relief.

"The space-time spirit rat is one of the few races from outside in the world. It has a huge and amazing start. They have not realized their potential, or they will be even more terrible!"

"Let Heaven Emperor Realm come into play, this time-space spirit rat, I want to live!"

At this time, the alien ancestor said.

"Yes!"

Someone took orders and heard the news.

Suddenly, whether it is the battlefield of the ruins of the ruins or the battlefield of the two realms, the emperor of the evil **** clan began to set off.

In Guixu City and the Two Realms City, there were 5,000 emperors of the Evil God Clan, and they flew towards the battlefield.

That's Heavenly Emperor. There are 5,000 Heavenly Emperors in every battlefield. What is this concept?

The Evil God Clan has accumulated for countless years before there are so many emperor realms.

Zulong nest edge.

"Evil God Clan Heavenly Emperor is out. Let the order go and let Heavenly Emperor fight!"

Zulong gave the order.

The command passed quickly. Suddenly, on the side of the heaven, the powerful of the heavenly emperor realm almost played.

Returning to the ruins, almost all are strong beasts of gods and beasts. A beast of horror and madness tramples the void and kills the **** emperor of the evil **** clan.

The emperors on both sides launched a more tragic battle deep in the sky.

On the side of heaven, the number of strong men who had practiced in the Zulong Nest was amazing, especially with the beast as the most. After all, Zulong is a real dragon.

Therefore, on the heaven side, the strength of the mythical beast is still stronger.

However, after the Terran joined the prison world, their strength skyrocketed.

Therefore, the battlefield of the Two Realms is a strong human race, plus the strong power of the prison world.

In the battlefields of the Two Realms, the All-Emperor Celestial Emperor also fought. In the sky above the battlefield, he fought against the Evil God-Emperor Celestial Emperor.

This was a **** killing, and it seemed to be purgatory on the battlefield.

This is a real decisive battle. It decides the fate of one side. No one is soft-hearted. No one will keep his hand. Everyone has only one goal. That is to kill his opponent.

There are many familiar figures in Lu Ming's army.

Hengyu Heavenly Emperor, Six Saints Heavenly Sovereign, Archaic Bodybuilder, Lei Yi, Tu Yi, etc.

"kill!"

A white-haired elder Chang Xiao, who was bathed in blood, fought against a tall evil **** clan.

This old man, if Lu Ming is here, will surely recognize it, but the ancestor of the Lan family, a four-star heavenly emperor.

However, the Cult of the Evil Gods who fought against him was not weak at all, and the two battled bloodlessly for hundreds of moves.

puff!

In the end, the blue family ancestor shattered the head of the evil **** clan, but before the death of the evil **** clan, he also struggled to cut an axe and split the blue family ancestor in half.

perish together!

"Water one!"

On the other side, Lei Yi roared, Shui Yi was killed, and was blasted into the air by an evil **** clan royal family.

"A group of puppets, die!"

The Clan of the Evil God Clan is extremely powerful and has the cultivation of the five-star Heavenly Emperor.

He was about to kill them at Lei Yi. Suddenly, a sword light flashed, and the body of this evil **** clan was stiff, and then with a bang, it split into several pieces and fell on the spot.

A middle-aged man with a cold face appeared.

"Xuan Luo!"

Lei Yi recognized this person.

If Lu Ming is here, he can definitely recognize that this person is the ancestor of Xuan Feng, Xuan Xiang and others.

Obviously, now his injury has been healed, and he has the cultivation practice of the pinnacle of Heavenly Emperor.

Xuan Luo's face was indifferent and he slid forward, but a peak God Emperor of the Evil God Race stared at him, and the two fought together.

Someone keeps falling.

Heavenly Emperor, Great Emperor, is usually a strong party, but now, it is worthless and continues to die.

The alien ancestors and others, Zulong and others all stared at the picture in front of them, always paying attention to the battlefield.

"Predecessors, the battlefields of the ruins, the battlefields of the Two Realms, and the aliens may not invest in the same force in two places. I estimate that the other party will pretend to be in a battlefield, attack the real main force, and then attack one of the battlefields, and then break each one! "

A half god, suggested to Zulong.

"Well, I think so too, I don't know which battlefield they will use as the main offensive target!"

Zulong nodded.

Their faces are dignified.

Because they know that the main force of the Evil God Clan hasn't shot yet.

Those demigods, and in ancient times, a terrifying legion, the sky breaking legion.

This army, known as breaking through the heavens, is terrifying.

Moreover, the holy ancestors of the alien race and the ancestor of the killing heart did not shoot. This battle was very detrimental to them.

The war continued, and in a blink of an eye, the battle was fierce for half an hour.

Evil God Realm!

"Nine of you, take action together, attack the battlefield of Guixu City, and lead out the batch of demigods in Heaven!"

The eyes of the alien ancestors looked at those alien kings.

However, he looks at the current king, except for the other nine who are the first king.

"Yes!"

The nine kings took their orders, then tore the void and rushed to the battlefield of Guixu.

The Guixu battlefield, ground or low altitude, is the battlefield below the Emperor Emperor. The most powerful races such as the True Dragon Clan, Phoenix Clan, Qilin Clan, etc., have set up large battles to fight the other giant whiskers.

The struggle between the two sides is inseparable.

At high altitude, it is the battlefield of the Emperor.

Hiss!

Suddenly, a space was split, and a terrifying sword light was cut out and cut into the real dragon battle.

This real dragon battle array, at least from the 10,000 real dragon cloth under the large formation, turned into a huge real dragon, fighting a giant beard clan.

At this moment, Jianguang cut off, so that the face of a real dragon changed greatly.

"Roar!"

Ten thousand real dragons roared, forming a large formation, and a huge dragon claw was found, grabbing the sword light.

boom!

With a horrible roar, the huge dragon claw was cut off directly. The hundreds of real dragons that laid this dragon claw were all killed.

The entire formation also broke apart, tens of thousands of real dragons retreated, and many spit blood.

Hiss!

The space splits and a figure appears, carrying a battle sword and wearing a crown, exuding a terrifying atmosphere.

"No, it's the other party's king!"

Many people's faces changed wildly.

"kill!"

This King of Evil God Clan is very indifferent, holding a war sword, once again killing ten thousand real dragons.

"Your opponent, it's me!"

In the distance, a loud roar came, and immediately, a golden dragon claw, huge, suddenly appeared, and grabbed at the alien king.

The alien king was cut out with a sword, collided with the golden dragon claws, and the void continued to explode.

At the next moment, a golden real dragon appeared in the air, also exuding a terrifying breath, no weaker than the alien king.

Chapter 2544: Demigod

"Golden Holy Dragon King!"

The alien king spoke indifferently.

This golden yellow true dragon is the king of the true dragon family, the golden holy dragon king, and the existence of a semi-divine realm. It is the strongest existence of the true dragon family except the ancestral dragon.

Stronger than Kowloon in those days!

Among the gods and beasts, not the top ten war beasts are the strongest, but there are some that can compare to the top ten war beasts or even surpass the top ten war beasts.

For example, the Golden Holy Dragon King, the Heavenly Tiger Emperor and the like.

The reason why the top ten war beasts are so famous is because of the special nature of the top ten war beasts.

The top ten war beasts are almost mutated, such as Kowloon, nine golden lions, and there is only one between heaven and earth, and each talent is amazing, so the reputation is so famous.

Golden Saint Dragon King, eyes cold and indifferent: "Kill me so many dragons, I will tear you apart!"

The Golden Saint Dragon King roared, rushed to the alien king, and fought fiercely with the opponent.

"Golden Saint Dragon King, you alone can block us?"

An indifferent voice sounded, not far away, the void trembled, and another alien king appeared, with a strong breath, oppressed toward the Golden Saint Dragon King.

"Really? Think I'm out of heaven?"

A sharp voice sounded.

The space was split, and a huge phoenix filled with fiery red flames flew out.

Roar!

With a roar, on the other side, a giant tiger as big as a mountain appeared, full of fierce air, terrifying breath.

"Old Phoenix King, Heavenly Tiger Emperor Zun, a few old guys, you are here!"

There was a sneer in the corner of the alien king.

"It's a good one. In the ancient battle, they didn't die. This time, they are dead!"

An indifferent voice sounded, and a figure emerged next to the previous alien king.

A total of eight figures, plus the one who fought against the Golden Saint Dragon King, a total of nine people, each of them wearing a crown, the momentum is earth-shattering.

Nine alien kings gathered together, within a radius of millions of miles, no one dared to get close except the Heavenly Tiger Emperor Zun and the old Phoenix King.

Those who fight against each other in war, consciously stay away from this area.

These are all invincible powerhouses. Once they start, they will be turned upside down, and they will be drawn into them, and they will be crushed.

"Unexpectedly, you nine kings gathered together!"

Emperor Tianhu, his face is very solemn.

"Why, you heaven, only three of you, then today, we will completely solve you!"

An alien king was the most anxious and killed the old Phoenix King directly.

Then, another alien king also started to fight with Tianhu Emperor Zun.

However, there are still six alien kings on the scene.

"Hey, it seems that those guys in the Celestial Realm haven't come yet, then first solve the three beasts and get them back to drink!"

A tall alien king, Zifa flying, directly killed him, attacked a horrible trick, and killed Xiang Tian Emperor.

He wants to join forces with another alien king to resolve the Emperor Tianhu first.

But at this time, a spear pierced the void and assassinated the alien king.

The face of this alien king changed, he could only move halfway, and filed at this spear.

boom!

The void exploded, the spear shook, and a man in armor stepped out of the dark void, breathing violently.

"Five elements, your cultivation base is..."

The alien king was surprised.

This big man in armor is a five-element unicorn that is one of the top ten war beasts. At first, it was only the cultivation practice of the peak Tiandi, but now, it is a real demigod.

"Amazed? Slaughter you today!"

The Five Elements Kirin is very strong.

"Slaughter me, ha ha ha, plus you alone, not dead!"

The alien king laughed.

"Add me!"

With a roar, in the distance, a huge golden lion rushed in, nine heads screamed, the breath was terrifying, and it was also a semi-divine cultivation practice.

"Haha, Qing Cang, it seems that you have also broken through!"

A loud laugh, a giant cow, appeared, violent breath.

Beside the giant cow, followed by a middle-aged man, it was a nine-life magic silkworm.

Their breath has all reached the level of demigod.

"How is it possible? How can your cultivation practice reach the demigod state?"

"Damn!"

Several alien kings cried out inconceivably.

First, the five-element unicorn, then the nine golden lions, and then, the Titan beetle, the nine-life magic silkworm, all of which are all demigods.

You know, they used to be the highest emperor.

The Peak Emperor, a distance away from the demigod, seems to be one step away, but this step, it is really difficult to cross.

Demigods also brought the word 'God' and ignited a ray of divine fire, which completely entered another level, a higher level of life, with completely different meanings.

Between heaven and earth, there are not many peak emperors, but the number of demigods is very small.

If it is a breakthrough, the past is still said, but now, the five elements of Kirin, Qing Cang, Titan beetle, Nine Life Demon Silkworm, all made a breakthrough, which is shocking.

No wonder, these alien kings will be so shocked.

"Don't rely on cultivation to be high, isn't it awesome, now, let's fight!"

Qing Cang roared, and nine lion heads roared, killing an alien king.

At the same time, the Titan beetle and the Nine Life Demon Silkworm also killed an alien king.

Seven of the nine alien kings have opponents.

There are two left.

"Go first and kill them together!"

Cold eyes glowed in the eyes of the remaining two alien kings, just about to shoot, and they joined forces to kill the Nine Life Demon Silkworm.

At this moment, a void exploded in the distance, and a large mountain suddenly rushed out of the void, extremely huge, and suppressed towards a giant beard.

Although the giant whiskers are extremely powerful, they are still difficult to fight against this mountain, and they are directly blown into meat.

call out!

Another giant beard clan suddenly cut out a war sword, cutting the giant beard clan in half.

In an instant, two powerful giant beards were killed.

"Who is it? Assault there!"

"court death!"

The two alien kings were furious.

The giant beard clan is a weapon of war, each one is very powerful, but the number is very small, and now two were killed at once, the blood of the alien king is bleeding.

boom! boom!

The two shot at the same time, protruding two large hands, slamming in the direction of the two weapons, and the void vanished directly.

Uh! Uh!

The two weapons disappeared immediately after the shock. At the next moment, a war knife appeared on the other giant beard's head, slashed down, and then beheaded and killed.

"Damn, **** it!"

The two alien kings were furious, their bodies burst out, and the two of them jointly attacked continuously. The area was completely smashed, and the space exploded into sparse.

"Oh, I'm scared to death!"

I saw that in the dark sky, a 17-year-old boy, wearing a robe, yelled and jumped there, avoiding the attack of the alien king.

Who is it?

Chapter 2545: The strong

"World Tortoise, you are dead!"

The two alien kings recognized Dandan's body at a glance, and were dying towards Dandan.

Around Dandan, five or six pieces of weapons were flying, all of them were heavenly soldiers.

At this moment, he pushed with both hands, and five or six Heavenly Dao soldiers flew to the two alien kings, colliding with the alien king.

The void continued to explode, and the weapons of Dandan were struck back.

"Your tortoise, it was a fluke that you didn't die that year, and you dared to run out, and today you are roasted!"

An alien king said coldly.

"Nimabi, I couldn't beat you back then. Don't think I can beat you now. If you don't step on your face today, I wouldn't be the world god!"

Once angry, the body changed drastically and turned into a giant giant tortoise. The turtle shell was covered with strange patterns and ancient vicissitudes.

A terrible breath emanated from Dandan.

"Demigod, how is it possible, you also broke through!"

A strange king yelled inconceivably.

what happened?

Today, the remaining top ten war beasts have all broken through to the semi-god realm, how is this possible?

"Kill! Kill you!"

He laughed a lot, his body was huge, but his speed was amazing. The two tortoise paws shot down, and endless runes came out, intertwined into a terrible attack.

"What if it breaks through, it's the same!"

The two alien kings showed a terrible color, and at the same time they killed Xiang Dandan, and they wanted to join forces to kill Dan Dan.

boom! boom!

A horrible roar erupted, the void burst, and the huge body retreated, but the two alien kings also retreated.

have equal shares!

The two alien kings, with ugly faces, were dying, and they were shocked to be added.

Dandan's combat strength is actually terrible and powerful, and can fight both of them at the same time.

In the demigod realm, the general combat power is not much different, almost all of them.

Few are better than others.

Like the Chaos Emperor of the year, the Emperor is not destroyed, and the combat power is above the general demigods, but it is also difficult to contend with the two demigods.

Among the Evil God Clan, only the king of the first royal clan can fight against the two demi-gods. But once they have such strength, how can they not be shocked.

"Haha, is this the only way, come again!"

He laughed and killed two kings of different races, and the two sides fought fiercely.

In this way, the nine alien kings were all blocked.

"Hahaha, good!"

Over Zulong, a burly man laughed.

The others beside Zulong also laughed and showed joy.

This is really a surprise.

They also did not expect that Qing Cang, Wu Xing, Titan Beetle, etc. all entered the demigod realm. Originally, they had to go out to block the king of the alien race. In this way, they can temporarily stay unarmed and guard against other aliens. Means too.

This is very beneficial to them.

"Is this the effect of the fruit of life?"

One of them spoke.

"Yes, this time, Lu Ming has received many fruits of life. I will share them with you, and there are five elements of them!"

"And, Lu Ming also has the rest, and he also distributed it to Titan, Jiu Ming and others, so they rely on the energy of the fruit of life to break the bottleneck!"

Zulong Road.

"Lu Ming, thanks to him this time!"

The other sighed.

"Huh!" The others nodded.

Over the years, Lu Ming's hands have almost no fruit left, and almost all of them have been sent out.

However, everyone also understands that Nine Life Demon Silkworm, Qing Cang and others can break through. Once, their talents are already amazing, and another one, they have accumulated for too many years, they have accumulated enough for a long time, so they can rely on life Fruit, breakthrough in one fell swoop.

For other peak emperor, even if there is fruit of life, it may not be able to break through.

However, this is definitely a surprise for Heaven.

On the other hand, the evil **** clan is diametrically opposed.

On the edge of the foreign ancestors, the king of the first royal family, as well as those of the old king, all looked somber.

"How is this possible? How could the top ten war beasts break through the semi-god realm?"

The first king shouted, he couldn't figure it out.

Not to mention him, even the ancestors of different races couldn't figure it out. He didn't even know that Lu Ming had inherited the master of Huangquan Island and got a lot of fruits of life, so now his face is extremely gloomy.

Their plan was disrupted.

Originally, their plan was to use the nine alien kings to attack the battlefield of Guixu and lead the demi-gods of the heavens.

Then, they can send these old kings to attack the battlefields of the Two Realms with all their strength, break the Two Realms in one fell swoop, rush into the Taiqing Heavenly Realm, and thus level the Taiqing Heavenly Realm.

But now, this plan won't work!

"Let the Sky-Breaking Legion prepare, and, you shoot together to attack the Two Realms!"

The alien ancestor ordered.

"Yes!"

The first king, as well as those old kings, nodded one after another, and the cold light filled the eyes, tearing the space away.

As soon as they moved, Zulong discovered!

"The old guys of the different races are about to shoot, and then, it's up to you!"

Zulong humane to his side.

"Death to fight!"

Beside Zulong, there are more than a dozen people, and the strong men accumulated in the endless years of the heaven and earth.

Among them, there are not only the system of cultivation rules, but also the existence of the Taikoo era, the training of the Taikoo martial arts, the Taikoo magic road, and the Taikoo body training.

And there are strong men in the prison world.

All demigods.

They tore the space and the next moment they appeared on the battlefield of the Two Realms.

Hiss!

Not far in front of them, the space was split one after another, and there were dozens of figures, and there were more than a dozen people. It was the first king and others.

The eyes of the two sides met, and a brilliant spark collided.

"It's you old guys. In the ancient war, many people were injured and their origins were hurt. Do you think they can stop me?"

The first king said indifferently.

"If you try, you will know!"

On the side of heaven, an old man in linen said.

"Buff, try it, try it!"

The first king directly fights against the powerful in the heaven, and the heaven is also moved here, killing the evil **** clan.

boom! boom!

The roar of heaven and earth cracked, and the two sides were fighting together, constantly exploding.

The first king is extremely powerful, and its combat power is far above other demigods. However, he also has enemies. On the side of heaven, there are also combat powers that are not weaker than his existence.

"The Emperor Rebellion, how could you return to the top when your original source was injured!

The first king shouted!

It was a tall, middle-aged man who played against him.

This middle-aged great man, named Emperor Chaos Rebellion, at its peak, the famous Zhentian Realm was better than Chaos Emperor Chaos.

However, in the ancient war, the rebellious Emperor Zunyuan suffered from its roots. In these years, a single retreat could not be closed. It stands to reason that his injury is definitely not so fast.

"Your old guys were also injured that year, not so good!"

Emperor Rebellion sneered and continuously collided with the first king.

Chapter 2546: Horrible Skybreaker

There are more than ten demi-gods in the Celestial Realm, and the old kings and first kings of the evil **** clan, have waged fierce battles, and it is difficult to win or lose in a time.

The old kings and first kings of the evil gods and others were startled and angry!

In the ancient world war, many people in the heavens were injured in their origins of life, such as Emperor Rebellion, and their origins of life were injured, but it was not so easy to recover.

Of course, some old kings of the Evil God Clan were also injured in the source of their lives during the war.

In recent years, the Evil God Clan has almost exhausted all the top talents and talents, so that the Evil God Clan, the old kings, can recover.

However, the Evil God Clan occupies the entire Evil God Realm, and there are eight heavens in the Heaven Realm. Such a vast territory, naturally, there are many treasures to search for.

However, in the Celestial Realm, there is only one Celestial Realm in the Taiqing Celestial Realm. The Celestial Realm is very limited. But now, these Demigods in the Celestial Realm are actually at their peak.

They really can't figure it out!

They were terrified!

This time, many things have been beyond their expectations.

For example, the top ten war beasts such as the world turtle, the Titan beetle, and the Nine Life Demon Silkworm have stepped into the demigods, and the old demigods, such as the Celestial Realm, have all returned to their peak. These are things that they have not expected before.

If they knew that these were all caused by the fruit of life that Lu Ming brought from Huangquan Island, they didn't know what kind of expression they would be.

Evil God Realm, the ancestral ancestors' faces are also ugly. He looks at the Heaven Realm as if he can see the far heaven through the endless void.

Zulong, who also looked at the Evil God Clan, seemed to be staring at the alien ancestor, and both of them burst out with brilliant light.

"Zulong, do you think you can win? This time, Heaven Realm is destined to be destroyed. All your thoughts will be in vain!"

The alien ancestor spoke indifferently.

His voice actually penetrated the endless void directly, from Evil God Realm to Heaven Realm, to the ears of Zulong.

This skill is simply incredible.

"Really? You will kill yourself if you do a lot of wrongdoing. Don't you know this sentence!"

Zulong also spoke, and the voice directly reached Evil God Realm.

"Hahaha, Zulong, you have lived for so long, and you still believe this kind of nonsense, ridiculous, ridiculous!"

The alien ancestor sneered.

He faced off with Zulong and controlled everything on the battlefield.

Returning to the battlefield of the ruins, the battlefield of the two realms, the fighting is fierce.

It can be said that the two parties are coming out of the nest. For a time, it is difficult to tell the difference.

This battle lasted for seven days!

On both sides, there are already countless strong men who have fallen on this battlefield.

Quasi-Emperor, Emperor Xu, Real Emperor, Great Emperor, countless deaths and injuries.

Even in the Heavenly Realm, many people died in battle.

In the battlefields of the Two Realms, the Phoenix Spirits and the Longchens were bathed in blood, and there were wounds on their bodies, terrible.

Seven days of the war, they have not died yet, thanks to their practice of the indestructible ancient scriptures, and the consumption of the fruit of life, which can persist, otherwise, I am afraid that they have fallen.

"kill!"

They shouted and continued to kill the evil **** clan, their eyes red.

These days, they have seen countless celestial masters die in battle, some of them are still known by them, but now, they have stayed in this land forever.

Now, only by killing, and only by killing the evil spirit clan, can this crisis be completely resolved.

"about there!"

The alien ancestor whispered, then waved his hand, and a jade charm flew out.

Soon, a terrifying legion was dispatched and headed towards the battlefield of the Two Realms.

The Sky-Breaking Legion of the Evil God Clan is dispatched!

The ancestral dragon far away in the realm of heaven was also immediately sensed.

"Hope to block it!"

Zulong whispered, and then a news came out.

In the battlefield of the Two Realms, everyone is fighting.

Suddenly, in the distance, a deafening roar came, and then everyone saw a dark cloud, and the dark pressure rushed towards this side.

Another army, this army, hundreds of thousands of people, although compared with the army of tens of millions on the battlefield, it is nothing.

However, the momentum exuded was terrifying, and made everyone tremble.

"kill!"

"kill!"

The people of the Heaven-Breaking Legion screamed. One hundred thousand troops rushed toward the battlefield like a rolling flood. The cold killing opportunity was overwhelmed.

"It's the Sky Breaking Legion!"

"We let go!!"

The people of the Evil God Clan recognized the legendary legion and gave way directly to make way for the Heaven-Breaking Legion.

The Sky-Breaking Legion rushed directly towards the Celestial Army.

call out! call out! ...

One hundred thousand attacks erupted from the Sky-Breaking Legion, killing the Celestial Army. Suddenly, each Celestial Army was beheaded and instantly killed tens of thousands.

"What's going on? So scary!"

The army of heaven was shocked.

"kill!"

The Heaven-Breaking Legion is too strong, and the places it has passed through, such as the destruction of the world, countless deaths and injuries.

"Damn, Evil God Clan, there is such a large army!"

In the sky, many emperors were shocked.

Some Heavenly Emperors shot and blasted towards the Heavenly Breaking Legion, but some people of the Heavenly Breaking Legion shot and attacked those Heavenly Kings. Some Heavenly Kings were directly beheaded.

Terrible, really terrible, Tiandi Realm shot, also instantly killed.

"Actually want to shoot against the Sky-Breaking Legion, do not limit myself!"

Some emperor **** emperor sneered.

The Heaven-Breaking Legion, the most terrifying legion in the ancient legend of the Evil God Race!

This army has only 100,000 people, but all of them are strong men above the level of the Great Emperor. Among them, there are 5,000 people above the Heavenly Emperor.

Nine thousand and fifty thousand emperors, five thousand heaven emperors, what a powerful force.

"It's the Sky Breaking Legion!"

"Damn!"

The demigods on the heaven side are all maddening.

"Arrange!"

At this moment, the commander of the Broken Sky Army gave orders.

Immediately, one hundred thousand troops of the Heaven-Breaking Legion began to coalesce into a large formation.

Some of them flew high into the sky, some were arranged in a wonderful position on the ground, intersected with each other's breath, the power merged, and an extremely huge giant appeared between heaven and earth.

This giant is too big, and it is almost several times larger than the giant whiskers.

Hundreds of Thousands of Heaven-Breaking Legions, some are on the head of this giant, some are on the limbs of this giant, and their strength converges into this giant.

boom!

This giant stepped out, covered the sky and covered the sun, and stepped towards the army of heaven.

"not good!"

Long Chen, Huang Ling, they are within the scope of this giant's footsteps. That kind of pressure is too horrible to resist. Once they step on, they will be wiped out.

"Are we going to die here?"

Long Chen, Huang Ling and others came up with this idea.

However, at this time, transparent bubbles suddenly appeared on their bodies, covering them, and then they were shocked and disappeared here.

boom!

The giant feet stepped down, and thousands of powerful players in the heavens disappeared.

And 100,000 miles away, Long Chen appeared, and their face was white.

Chapter 2547: Zulong Zhan Mo Ke

Huang Ling, Long Chen, they looked at the distant Celestial Power who was crushed to death with a white face.

If they were there, I am afraid they would be dead.

"Bubble, you saved us again!"

They looked at a little girl, it was bubbles.

Just now, it was Bubbles who rescued them and moved them out of that area.

"It's amazing, I was almost blocked by that force, I didn't rescue you!"

Bubble face also showed the color of fear.

boom!

After the giant stepped on the foot, he punched out.

With this punch, he blasted not to the ground, but to the high altitude, to the powerful players in the realm of war.

The giant fist squeezed past, the void burst, and the scene was terrifying.

"Block it!"

At least there were hundreds of Heavenly Emperors, who shot together, and blasted the strongest attack together, slamming into this punch.

boom! boom! boom! ...

Dense explosions continued to sound.

However, the attacks of hundreds of Heavenly Emperors were completely useless. They were burst into a boxing blow, such as fireworks blooming, hundreds of Heavenly Emperors retreated, and even dozens of Heavenly Emperor bodies exploded directly and fell on the spot.

Horrible, terrible!

"Damn!"

There is a half-god in the heavenly realm, and they want to withdraw to block the Sky-Breaking Legion. However, the half-gods of the evil **** clan cling to them.

Finally, two demi-gods tried their best to throw away their opponents and rushed towards the Heaven-Breaking Legion.

"kill!"

The two half-gods went all out and made two moves.

A spear pierced through the heavens, killing the giants condensed to the army.

In addition, there is a battle knife that illuminates Tianyu and splits the world into two halves.

Demigod shot, mighty power.

boom! boom!

The giant was very direct, blasted two punches, and drove towards the attack of the two demigods.

Between heaven and earth, a horrible explosion erupted. The spear and the sword were violently shaken, and then they were directly flicked out. The two heavenly gods also retreated, their faces were white, and blood oozed from the corners of their mouths.

Strong, too strong!

The battle formation formed by the Heaven-Breaking Legion was simply incredible, and the two demigods joined forces, and they were repelled by one blow and seriously injured.

"On the basis of both of you, and you want to contend with the Heaven-Breaking Legion, do not limit yourself!"

A demon **** demigod sneered, his figure flashed, stopped in front of the celestial god.

They are well aware that there are also demigods in the Earthbreaking Legion.

Demigod, Peak Emperor, Six Star, Heaven Emperor, Five Star Heaven Emperor...

There are powerful people of all levels, forming a large formation, it is too strong, and it is not something that one or two deities can contend with.

However, they will not let the Celestial Demigods block the actions of the Celestial Army.

boom!

The giant must continue to shoot, killing the powerful in the heavens.

At this time, there were more than a dozen white-haired old men in the distance, flashing at a rapid speed, and they were nearing the Sky-Breaking Legion.

"Give me the town!"

More than a dozen white-haired old men shouted in unison, bursting into a powerful breath.

Among the dozen or so old people, the weakest are the pinnacle emperors, among them, there is also a demi-level existence.

They are all elders in the prison world.

Then they glowed from their bodies, and nine stone tablets flew out of them.

Prison monument!

Nine township prison monuments, one main monument, and eight auxiliary monuments.

As soon as the nine jail prison monuments flew out, they suddenly grew larger and larger than the mountains. The nine jail prison monuments formed a large formation of the prison prison, and suppressed toward the giants composed of the Sky-breaking Legion.

The giant also threw his fist towards the jail monument.

boom!

The horror roared, the jail monument shook, and flew back, but the giants condensed by the Sky-Breaking Legion also shook their bodies and backed off again and again.

blocked!

The prison monument blocked the giant, and the two sides were equally divided.

The army of heaven is greatly excited and its morale is greatly increased.

"The prison monument, **** it!"

The old kings, first kings and others of the evil gods are also irritated.

Nine intact prison monuments broke out with astonishing power, blocking the Sky-Breaking Legion.

Roar!

The giant, with a roar, stepped on the ground and his fists blasted continuously.

"Suppression!"

More than a dozen prison elders in the prison world must flutter to jointly control the prison monument and continue to suppress toward the Heaven-Breaking Legion.

The two sides continue to collide and roar, and this area is constantly shaking.

The two sides are in a state of anxiety, and it is difficult to distinguish the outcome.

"Mo Ke, now, what other means do you have?"

The voice of Zulong reached the ears of alien ancestors.

The ancestors of the alien race looked a little ugly, and then a cold light burst out.

"Zulong, don't you forget the killing heart? Even if other people are blocked, then, if the killing heart comes out, all your efforts will be in vain!"

The interracial sage sneered.

Zulong's face also dignified.

What he was most worried about was killing the ancestor.

The Sacred Ancestor has not yet appeared. It is estimated that he is taking time to heal the wound. Once he recovers, who can block it?

His only hope rested on Lu Ming, hoping that Lu Ming could break through quickly.

"Zulong, you haven't shot yet?"

The alien ancestor suddenly spoke.

Zulong's eyes moved, and he didn't speak.

"You want to delay the time, you want to wait for Lu Ming's boy to break through, if not, you must find me desperately, only kill me, or hurt me, you have a chance to stop the killing heart, but, now you But don't do it yet, hey!"

The alien ancestor sneered and saw Zulong's thoughts at a glance.

Zulong kept silent, and he also knew that the shrewdness of the alien ancestors certainly could not hide the other party.

"However, Lu Ming cultivates the way to dominate and wants to break through in this place of heaven, how can it be so easy, but even then, I will not give you a chance, despair, Zulong!"

The alien ancestor said indifferently, he said, his figure disappeared, and he walked through the void and went directly to the heaven.

Roar!

Zulong issued a dragon chant. In an instant, he transformed the body into a huge dragon, tearing the void and killing the alien ancestor.

boom!

The two of them collided in the eternal dark void and erupted in terrible waves.

Fortunately, the two collided in the dark void, and if they were outside, they would truly destroy the world.

"kill!"

The ancestral dragon shouted, bursting into full force, the huge body twisted, and the speed was amazing, killing the alien ancestor.

Alien ancestor, tall and burly, with long golden hair flying, three eyes opened and closed, and his flickering light, he was not weak, and started fighting with Zulong.

In the ancient times, they had fought life and death. That battle was extremely tragic, and both of them hurt the source of life.

Therefore, we know each other's methods well, and for a time, it is difficult to tell the difference.

"Zulong, you can't stop me. You have sealed the ages of all ages. After all, it's empty, and all of you will die!"

The holy ancestor of the alien race roared, and in a blink of an eye, he fought hundreds of moves with Zulong.

Zulong didn't say a word and tried his best.

Chapter 2548: Kill to kill

"Heart killing, don't shoot at this time, when will you stay?"

During the war, the voice of the alien ancestors was transmitted back to Evil God Realm.

boom!

The holy mountain of Evil God Realm suddenly burst into a terrifying breath, and a **** beam of light rose into the sky.

Then, a figure appeared in the pillar of blood.

This is an old man, with a thin figure, a **** coat, blood flying, all over his body, filled with terrible and terrible murder.

This killing opportunity seems to kill all the creatures in the world!

"Kill, kill, kill, kill all the creatures in the Light Realm!"

The cold biting voice came from the old man's mouth.

"Killing heart!"

Zulong looked ugly.

With his cultivation practice, it is natural to see at a glance that the Sacred Ancestor of the Heart, although not restored to its peak state, has also entered the Wushen Realm and has the fighting power of the Wushen.

Evil God Clan, there is an extra Martial God, who can stop it!

Demigod, it seems that it is only one step away from Wushen Realm, but the combat power is only a thousand miles away!

Ten or even twenty half-gods join hands, and they are not opponents of a martial god.

Uh!

The Sacred Ancestor of the Heart directly tore the void, and the next moment, he appeared on the battlefield of the Two Realms.

The breath of his body radiated from all over the place, permeating all directions and pressing on everyone's heart.

"It's the murderous ancestor!"

All of the Evil God Clan are ecstatic.

On the contrary, on the heaven side, everyone's face changed wildly.

Even though many people have never heard of the name of the Sacred Ancestor of the Heart, the breath from the Sacred Ancestor of the Heart is too scary to resist.

More terrifying than the demigod.

"Damn, the sacred ancestor of the heart is restored!"

Rebellion Emperor Zun and others, their faces are wildly changed, exclaimed again and again.

"Hahaha, you are finished, the sacred ancestor of the heart is restored, and the heavens are destroyed!"

"Look at you, how do you stop it?"

The old kings of Evil God Clan laughed one by one.

"kill!"

The sacred ancestors shouted, and the endless killing thought broke out like a shock wave, sweeping all directions.

puff! puff! ...

In the heavens, many masters directly vomited blood. Some people, after spitting out a spit of blood, fell straight down without any breath.

"Kill, kill, kill!"

Some people are crazy, roaring crazy, **** eyes, and going crazy to the comrades around them.

However, the people of Evil God Clan are all right.

The sacred ancestor of the heart was just a roar, and before it was shot, the heavens suffered a major loss.

Many people were weakened, showed terrified expressions, and even started to retreat.

Killed a large number of heavenly creatures, and the sacred ancestor of the heart breathed in, and the endless blood was sucked into his mouth. The killing opportunity on his body was even heavier.

A pair of blood-red eyes glanced around, and then fell on the jailstone.

"Old prison ghost, this time, I will completely destroy the prison monument you left behind, and your descendants, all will die and become my nourishment!"

A cold, harsh voice sounded.

At that time, the two killed the ancestor of the heart and the ancestor of the prison to fight, and finally died together.

However, the Sacred Ancestor of the Heart finally seized the opportunity to let a ray of blood burst into a human race, lurking down, intending to reawaken one day.

However, the ancestor of the prison prison, seeing his purpose, let the soul of the main monument of the prison prison rush into the human race and hide.

It is not difficult to know that the human race is the ancestor of Lu Ming, an ancestor of ancient times.

After a long period of time, to the generation of Lu Ming, the blood of the jail monument and the killing ancestor of the Heart, both awakened from Lu Ming.

However, the prison monument still suppresses him, not allowing him to devour Lu Ming, replacing Lu Ming.

Therefore, the most hated person of the killing ancestor is the ancestor of prison.

One can imagine his mood at the moment when he saw the prison monument.

"kill!"

The killing ancestor rushed directly towards the jail monument, and with a big hand, it turned into a huge palm and shot towards the jail monument.

boom!

Nine pieces of prison monuments, crazy shaking, flew backwards, dozens of elders in the prison world, their bodies violently shaken back and forth, and a spit of blood spewed out.

Although the Sacred Ancestor of the Heart has not been fully restored, it has also recovered to the strength of Wushen Realm. The combat power is still above the giants condensed by the Sky-Breaking Legion. One stroke has injured more than a dozen elders in the prison world.

After the murderous ancestor attacked a move, then another attack was made.

At the same time, the giants transformed by the Heaven-Breaking Legion also took action, and in cooperation with the Sacred Ancestor of the Heart, they must completely destroy the prison monument.

"Get ready!"

At this moment, an elder in the prison world spoke, he was a demigod.

There are more than one demigods in the prison realm, but there are a few of them, who are working with the demigods in the sky to fight against the old kings of the evil gods.

"it is good!"

The other elders in the prison world showed a decisive look.

boom! boom! ...

Suddenly, there were dozens of elders in the prison realm, the breath of his body was stronger, and a blood-red light filled them, as if burning.

Then, dozens of elders in the prison prison world turned into dozens of blood, and flew into the town prison monument.

The jail monument was violently shaken, and the light was vigorous. Finally, nine jail monuments actually turned into one piece, which was ten times larger than before.

"Elder..."

On the battlefield, many people in the prison world could not help crying when they saw this scene.

They know that these dozen elders are burning themselves, using their own blood to stimulate the jail monument, and exert the most powerful power of the jail monument.

And they themselves have completely fallen!

boom!

At this moment, the giant transformed by the Broken Sky Army slammed on the jailstone, but was backed off repeatedly by a powerful anti-shock force.

At the same time, a figure appeared on the prison monument!

It was an old man's appearance, immortal, and magnificent.

"Ancestor, is an ancestor!"

Someone in the prison world exclaimed.

In the prison prison world, many people have seen the portrait of the ancestor of the prison prison. This old man is exactly the same as the ancestor of the prison prison.

"Hey, the old ghost of the prison, it is just an immortal mark attached to the prison monument. Today, I will completely wipe you out!"

Sacred Ancestor sneered, stepped out, and slayed towards the prison monument.

On the prison monument, the figure of the ancestor of the prison escaped step by step, killing the ancestor of the heart, and the two collided fiercely together, and a roar of shock broke out.

At the same time, the jail stele flew to the Skybreaker Corps and suppressed it.

For a time, both the Heaven-Breaking Legion and the Sacred Ancestor were blocked, which greatly increased the morale of the heaven.

"Hey, a trace of imprint, thought it could block me, ridiculous!"

The sacred ancestor sneered. A **** ball appeared in his hand, exuding a rich **** smell, and blasted towards the ancestor of the prison.

In a blink of an eye, the two played dozens of moves.

The ancestral ancestor of the prison, after all, is just a ray of imprint, and the prison monument has to deal with the Potian Legion, and he is no match.

After dozens of strokes, he was completely overwhelmed by the murderous ancestor, and if he continued in this way, his death would be a matter of time.

Chapter 2549: Xie Nianqing's strength

In a blink of an eye, it was another dozen tricks.

bump!

The ancestral ancestor of the prison was invincible, and the sacred ancestor of the murdered heart flew at once, and his body was illusory.

"not good!"

Witnessing all these heavenly creatures, their faces are very ugly, showing a look of despair.

Is it true that no one can stop the sacred ancestor of the heart, heaven, is destined to fail, to be destroyed?

They are unwilling, but their strength is limited.

"Guess the old ghost, dissipate completely!"

The sacred ancestor of the killing heart grows louder and stronger, and continues to bombard the ancestors of the prison.

bump!

The ancestral ancestor of the prison was hit again, his body almost spread out, and his breath was weak and weak.

As a last resort, the ancestral ancestor of the prison can only summon the monument of the prison, and jointly resist the killing ancestor of the heart, but in this way, the Heavenly Legion will have no opponent.

Roar!

The giants transformed by the Heaven-Breaking Legion roared and killed the ancestor of the prison.

The seal of the ancestral ancestor of the Prison Prison and the monument of the Prison Prison merge to resist the giants transformed by the Sacred Ancestor of the Heart and the Heaven-Breaking Legion.

boom! boom! ...

The prison monument is constantly being blown off and shaking.

Click!

There was a voice from the prison monument, which shocked everyone.

The prison monument could not be resisted, and a crack appeared on it.

"Hey, break me, break it, I want to smash you completely!"

The heart-killing ancestor sneered.

Everyone in heaven is heavy.

"Lu Ming..."

Zulong sighed, Lu Ming, has not yet made a breakthrough.

"Zulong, your defeat is set!"

The alien ancestor sneered.

...

On the top of the Dragon Emperor Peak, Lu Ming was still sitting cross-legged, his breath fluctuating and he was cultivating.

Suddenly, light and shadow flashed in the air, and a figure appeared, but it was Xie Nianqing.

"Lu Ming, I hope it's too late, I will buy you time!"

Xie Nianqing whispered, then turned and stepped, his figure disappeared.

In the battlefields of the Two Realms, the Sacred Ancestor of the Heart and the Heaven-Breaking Legion joined forces. The jail monument was hit several times, and several cracks appeared on it.

The prison monument was damaged, and its strength was weaker, and it was even more unable to withstand the attacks of the Sacred Ancestor of the Heart and the Heaven-Breaking Legion.

"Broken, break me, the old ghost in prison, the only evidence I want you to stay in the world, all disappear!"

The killing ancestor laughed, and his whole body was filled with blood, which turned into a **** sword light, and he slashed towards the prison monument.

At the same time, he manipulated the blood bead and burst out a **** light, which was amazingly powerful.

However, at this moment, an endless black light suddenly appeared on the head of the Sacred Ancestor, and turned into a huge black lotus, and suppressed toward the Sacred Ancestor.

"Want to do it to me, to death!"

The sacred ancestor of the killing heart drank coldly, his palm waved, and a **** sword light burst forth, bombarding the black lotus.

boom!

With a violent roar, the black lotus was blown away, but it was not defeated as expected by the killing ancestor.

The black lotus flew backwards, and at the next moment, a figure appeared on the lotus.

A young woman in a long black dress is gorgeous and gorgeous.

"Blocked, actually blocked the killing ancestor's blow!"

Many people were surprised.

Sacred Ancestor of the Heart, the existence of Wushen Realm, even if a random blow, it is not blocked by ordinary people, even if it is a demigod, it is difficult to resist.

But the attack of the Holy Patriarch of the Heart just now was blocked.

"Ok?"

The Sacred Ancestor Killing Heart was also shocked, and then his eyes were filled with cold light, and his blood was condensed into a **** sword that cut into the black lotus.

"Loose!"

A clear voice rang out, and the black lotus suddenly spread out into pieces of black petals. Each piece of petals turned into a sword spirit, constantly slamming towards the blood sword of the sacred ancestor.

Keng! Keng! ...

Between heaven and earth, it seemed that there was a collision of divine swords, and the sound of swords sounded through the earth.

Those black sword qi, although constantly broken, but after each black sword qi broke, the **** sword light cut by the killing ancestor will also be weak.

When the last black sword gas collapsed, the **** sword light of the killing holy ancestor was less than ten in power, and was easily blocked by the woman.

"Blocked again!"

"This time, the sacred ancestor of the heart is really moving!"

Many people were shocked.

Who is this woman, so powerful that she can block the attack of the Sacred Ancestor.

"I know, it is Xie Nianqing, Lu Ming's wife, Xie Nianqing!"

"What? Lu Ming's wife is so powerful!"

Countless people were deeply shocked.

Lu Ming's combat power, many people understand that before being able to fight against two alien gods of the alien race, it is a unique and unbelievable.

However, his wife is now more terrifying, and it is amazing to be able to play against the Sacred Ancestor.

"How is it possible? She is only a demigod state, how is it possible to block the attack of the Sacred Ancestor of the Heart?"

The first king, and those old kings, were deeply shocked.

They can see that Xie Nianqing's realm is a demigod, but the outbreak of combat power is amazing and far above them.

That's right, nowadays, Xie Nianqing's cultivation practice has reached a semi-divine state.

In the past two hundred years on Huangquan Island, and also from Huangquan Island, there are also more than two hundred years. With the help of the fruits of life, Xie Nianqing's cultivation practice has reached a semi-divine state.

Moreover, Xie Nianqing's combat power is far superior to ordinary people and extremely powerful.

At the beginning, when Xie Nianqing was in the Five-Star Heavenly Emperor Realm, he was able to leapfrog a pinnacle Heavenly Emperor. Now, Xie Nianqing reaches the demigod, and the combat power naturally exceeds that of the other demigods.

Not only were they shocked, but even the alien ancestors and Zulong were also shocked.

"She, is she so strong?"

On the battlefield, Huang Ling, Qiu Yue, and Xie Nianqing who looked far away from Fenghua peerlessly sighed secretly.

"Ah, kill, kill, kill!"

The murderous ancestor was blocked by Xie Nianqing in two consecutive moves, which stimulated his murderous intention and his fierceness.

He roared wildly and killed Xie Nianqing, completely ignoring the prison monument.

The prison monument is fighting with the giants transformed by the Sky-Breaking Legion.

bump! bump!

Xie Nianqing, and Xing Nian Zu had another couple of moves. Although Xie Nianqing fell in the downwind and was hit repeatedly, he still blocked the Xing Ning Zu's attack.

Many people marvel!

They understand that Xie Nianqing's combat strength is really amazing, and has surpassed other demigods. Although he is not yet an opponent of the sacred ancestor, he has already been able to fight.

In exchange for other demigods, when encountering the Sacred Ancestor of the Heart, I am afraid to be killed by a move.

"Die to me!"

The Sacred Ancestor Killing Heart is even crazier, blasting out the **** round beads in his hands.

This **** round bead is a weapon that transcends Heavenly Path Soldiers. It is controlled by the Sacred Ancestor of the Heart of Heart and has powerful terror.

"broken!"

Xie Nianqing drank and her fingers were sealed. Around her body, an endless black lotus emerged. These black lotus flowers were all turned into a sword light, and they were slashed towards the sacred ancestor.

Chapter 2550: Sisters join forces

The round beads of the sacred ancestor of the Heart, soaring into the sky, are as big as mountains, and burst out with a **** light, which is extremely terrifying!

Xie Nianqing, condensed the endless lotus sword spirit, and confronted the killing ancestor. However, Xie Nianqing was not as good as the killing ancestor after all. The endless lotus sword qi was defeated. Retreat.

"Who are you? You are not a person in this world!"

The murderous ancestor stared at Xie Nianqing, a flash of shock flashed in his blood-red eyes.

As soon as he started, he felt it. Xie Nianqing's cultivation skills and the power of control were not the power of this world at all.

"Who am I? You are not qualified to know!"

Xie Nianqing spoke coldly.

"No matter who you are, in this world, kill you, no one will know, kill!"

The killing ancestor drank coldly, the blood light on his body was thicker, and the blood light submerged into the blood-colored bead, causing the blood-colored bead to vibrate violently.

Roar! Roar!

Among the blood-colored beads, there was a sudden roar, and then a huge demon crawled out of the blood-colored beads.

This demon, covered in blood red, covered with blood-red scale armor, wide mouth fangs, murderous skyrocketing.

Behind him, there are a pair of blood-red wings that stretch out and cover the sky!

"kill!"

The demon shouted and killed Xie Nianqing.

"The demon in the abyss, huh, but it's just a demon that doesn't enter the stream!"

Xie Nianqing spoke indifferently, and a cold sword light appeared around his body, killing the blood-red demon.

Roar!

The demon roared, his wings flapped, and a gust of wind swept toward Xie Nianqing.

On the other side, the Sacred Ancestor of the Heart also started, and a blood-red sword light formed, slashing to Xie Nianqing.

Faced with the offensive from both sides, Xie Nianqing was even more invincible. The sword light she attacked was quickly defeated.

bump!

The blood red sword light of the killing ancestor slashed to Xie Nianqing. Although Xie Nianqing condensed a black lotus body in time, he was still blasted out, his body trembling, and a trace of blood spilled from the corner of his mouth.

"Zulong, you have no hope, if you don't enter Wushen, it will be empty after all!"

In the dark void, the alien ancestors were indifferent and ridiculed. It is difficult to distinguish between him and Zulong in the battle.

Zulong's face was a little ugly, he didn't speak, but just kept on attacking.

The prison prison monument, because it was hit hard before, can only be indistinguishable from the battle of the Sky-Breaking Legion.

"Haha, die, no matter who you are, if you are against me, you will die!"

The star-killing ancestor laughed, and manipulated the blood-red demon to kill Xie Nianqing.

But at this moment, the void split, and a milky white sword light slashed towards the demon.

This sword light, the holy light is pervasive, and the power is extremely amazing. The devil was carelessly cut by the sword light, and one of the wings was directly cut off.

The demon roared, and the place where he was cut off kept emitting a snorting burning sound. It seemed that the sword light had restrained him.

"Holy Light? Damn, what's going on?"

The murderous ancestor was furious.

"A non-influential demon, if I used to breathe, I would also let him die!"

A haughty, cold voice came out, and then, suddenly, a figure appeared in the void.

A woman with a gorgeous look, wearing a white dress, looks exactly like Xie Nianqing!

Xie Nianjun!

"You, you..."

The Sacred Ancestor looked at Xie Nianjun and Xie Nianqing, and the surprise in his eyes was more intense.

"Unexpectedly, you swallowed the memories of the previous life, and Xiu Wei can be promoted to the demigod realm so quickly, which surprised me!"

Xie Nianjun did not look at the Sacred Ancestor, but looked at Xie Nianqing and preached.

"I won't be left by you, and I won't let you do it alone!"

Xie Nianqing responded.

"Really? Are you quite confident, but now let's deal with this guy first!"

Xie Nianjun chuckled lightly, exuding a milky holy light all over his body, like a goddess in the world, holy and clean.

"Kill, kill, just kill a few of you, and you will all die!"

The sacred ancestor yelled, manipulated the demon, and himself, and killed Xie Nianqing and Xie Nianjun.

"cut!"

Xie Nianjun's jade hand pressed, and countless white lotus appeared in the void, turned into sword gas, and slashed towards the sacred ancestor.

Her cultivation practice is awesome, and her combat power is no weaker than that of Xie Nianqing. Moreover, her attacking method, Xie Nianqing, is also very similar.

When Xie Nianjun started, Xie Nianqing also started, and the two joined forces to fight to kill the Holy Father.

boom! boom! boom!

This piece of empty space, boiling to the point of killing the sacred heart, was blocked by Xie Nianqing and Xie Nianjun. For a time, the two sides were equally divided.

"blocked!"

On the battlefield, countless people were shocked when they saw this scene.

However, the hearts of the two sides are different.

The Evil God Clan was shocked, shocked, and difficult to accept.

And the celestial realm is ecstatic.

"Hahaha, I didn't expect that there are such masters in my world, okay, okay!"

Emperor Rebellion laughed, and the first king was very ugly.

The combat power of Xie Nianqing and Xie Nianjun is too strong, far exceeding the general demigod, the two joined forces and actually resisted the killing ancestor.

This kind of strength is terrifying. In Heaven Realm, it can be said that it is the strongest except Zulong, but they have never heard of it before.

But it doesn't matter, as long as it is from the side of the heaven.

"Hahaha, Mo Ke, it seems that things are not under your control!"

Zulong laughed too, which was unexpected joy.

Originally, he pinned all his hopes on Lu Ming, but he never expected that there are two such strong men on the side of heaven.

As long as they can hold down the sacred ancestors of the Heart and wait for Lu Ming to make a breakthrough, the odds for them will be greater.

The pattern of the Evil God Realm and the Heaven Realm engaged in countless years may be broken.

"Damn, damn, how is it possible?"

The alien ancestors also shouted and were shocked inwardly.

Heaven, how can there be two such masters, it seems that it seems to be a sister, fighting strength, but it is so strong, before the news is useless, as if it came out of thin air.

"Lu Ming's wife is Lu Ming again!"

The ancestors of different races were extremely angry.

The fight on the battlefield, for a time, entered a state of stalemate, the strength of the two sides was not much different, and the tragedy of the fight, everyone felt every moment.

In the battlefield of the ruins, Titan beetle and others, fighting against the alien kings, are also difficult to distinguish the victory or defeat.

"Suppress, I suppress! Suppress this seat!"

Once transformed into a body, it is extremely huge, with endless runes permeating, but the combat power is amazing. One person fighting two kings of aliens does not fall, and even has a slight upper hand.

"This old turtle did not expect to be so powerful after breaking through the demigod!"

Not far away, the Titan beetle thought quite uncomfortably.

Long Huangfeng and Lu Ming have been practicing.

boom!

Suddenly, Lu Ming's body burst into an amazing breath, and his eyes also opened.
