

D Emperor 2561

Chapter 2561: Slaughterhouse

After swallowing those myths and beasts, the blood was there, and then a strange creature appeared in the air under a flash.

This creature is adult, but has long blood-red hair, sharp fangs in his mouth, and a pair of blood-red wings behind him.

It looks like a bat that has always been human.

"Human race, the flesh and blood of the Divine Beast, is so delicious, so delicious!"

The humanoid bat is a creature, licking its tongue, revealing an intoxicated face, and a severe, deep greed and bloodthirsty desire.

His spiritual consciousness covered it and instantly enveloped the entire northern area of the Taiqing Heavenly Territory.

"Hahaha, so many human races, so many gods and beasts, this 'ranch' is really good. I'll enjoy it first!"

The humanoid bat grinned, stepped out, and at the next moment, he appeared over a giant city.

This giant city is a famous giant city in the northern area of Taiqing Tianyu.

This huge city, the human race, and the number of gods and beasts add up to hundreds of millions, and there are several great forces.

"Hahaha, all become my food, add energy to me!"

The humanoid bat grinned abruptly, and his body suddenly grew larger, turning into a hundred thousand feet tall, with a terrifying breath, and all directions.

"God, what is that?"

"So terrible!"

The creatures in the giant city found humanoid bat creatures, and all of them were shocked. Mainly, the breath of humanoid bat creatures was terrifying.

"Shenwei, that is Shenwei, he is a god!"

In the giant city, a heavenly emperor yelled in horror.

"God?"

Everyone was shocked.

Nowadays, where are there other gods besides Zulong and Lu Ming?

"No, go, go!"

Suddenly, someone shouted and rushed out of the city.

They thought of Zulong's words, beyond heaven, the creatures of the vast universe will attack heaven.

And now, a **** appeared suddenly out of thin air, certainly from outside.

"Want to go, where is it in front of me?"

The humanoid bat grinned, and a big hand grabbed it forward, covering the sky and the sky, and covering the sky and the sky. Those escaped human races, beasts, and thousands of people were caught by him, and then directly stuffed into the big mouth of the blood basin. , Chew it up.

Blood flowed out along the fangs of the humanoid bat creature.

"Delicious, really delicious! Haha!"

Humanoid bats laugh out loud.

He had come in from the wilderness universe before, even if the round ball resisted, he was not hurt badly, at this moment, it just happened to devour these human race beasts to heal.

Seeing that in a blink of an eye, thousands of people were swallowed, even including a master of the Heavenly Emperor Realm. The people in the giant city panicked and began to flee outward.

"Hahaha, let's be my food. This time, the welfare is so good!"

Humanoid bat creatures laughed, blood basins opened wide and swallowed, terrifying attraction broke out, and in the giant city, countless people flew into the mouth of humanoid bat creatures.

"Ah, help!"

"no no..."

Countless human races, screams of horror beasts, no matter whether it is the true emperor, the emperor, or the heavenly emperor, they have no power to fight back. They are directly swallowed by the humanoid bat and swallowed into the mouth to become his food.

In a single bite, he swallowed hundreds of thousands of creatures, and there are a steady stream of creatures that he swallowed into the mouth.

A huge city, with hundreds of millions of souls, was swallowed by a large hand in a flash.

"Hahaha, this little thousand world, the pressure is so small, too fragile, I am here, it can be ruinous!"

Humanoid bats are living creatures, laughing wildly and continuing to devour.

At the same time, in the southern part of Taiqing Tianyu, there is also a figure that is as tall as the sky, walking in the sky.

This figure is also an adult type, but the whole person is shrouded in a black robe. He holds a large flag in his hand, and there are countless black shadows on the large flag.

These shadows are all souls, like evil spirits.

Uh!

This figure also came over a giant city, without a glance, waving a large flag, turned into an infinitely huge, enveloped the entire giant city.

It didn't take long for the flag to lift, and all the creatures in the giant city fell, and the soul was sucked into the flag.

Then he went on to the next big city.

Slaughter, endless slaughter.

The place where these two creatures pass is the endless killing. They take the human race and the gods and beasts as supplements and enjoy it.

Zulong Nest area.

Lu Ming and Zu Long's spiritual consciousness emanated, and at one stroke, they discovered this scene.

"Damn!"

Zulong's face was grim, and he roared angrily.

Lu Ming's face was also extremely cold.

"Both are the virtual **** realm, Lu Ming, you and me one each!"

Zulong said to Lu Ming.

"it is good!"

Lu Ming nodded, stepped out directly, and headed north towards the Taiqing Heaven.

Zulong killed southern Qing Dynasty.

In the northern part of Taiqing Heaven, the humanoid bat creature has swallowed the creatures of the giant city.

The vast and huge city was originally very prosperous, but at this time, it was empty, there were no puppies and chickens, and no real chickens and dogs were left.

"Cool, great!"

The humanoid bat creature burps, and the greedy color in his eyes is more intense.

He stared at the next giant city, and his huge body was about to rush towards that giant city.

But at this moment, the void in front was split and a figure came out.

This figure is naturally Lu Ming.

At the moment, Lu Ming's face was extremely cold, and his body exuded an extremely intense murder.

The existence of these Yuanluo Halls really regarded them as "medicinal materials", but they could be harvested and slaughtered at will.

"Huh? A virtual ant?"

After seeing Lu Ming, the humanoid bat creature froze for a moment.

"I will let you die miserably!"

Lu Ming spoke indifferently and stepped forward.

"What? It made me die terribly, hahaha, it's up to you to change the virtual realm?"

Humanoid bats laughed wildly.

His name for Heaven Emperor Realm is exactly the same as in Huangquan World.

boom!

Suddenly, the humanoid bat was alive, and a large hand was directly detected, catching towards Ming Ming.

From his point of view, Lu Ming, a virtual ant who was in the virtual realm, was so arrogant that he wanted to swallow Lu Ming in one go.

"kill!"

Lu Ming was too lazy to talk nonsense with the other party. The artifact war sword appeared in his hand.

The sword light skyrocketed, and there were millions of miles of sword marks in the sky.

puff!

The palms of humanoid bat creatures are directly split in half.

what!

The humanoid bat screamed and stretched its arms back.

"How is it possible? You... you are in control of the way of domination, how can someone control the way of **** in small worlds!"

Humanoid bat creatures yelled incredibly.

"kill!"

Lu Ming's killing machine is as cold as a sword, holding a war sword and killing him.

Chapter 2562: Killing gods again

Lu Ming realized the war character formula, which is the source of all battles. No matter what moves, supernatural powers, and power, he would be blessed.

Moreover, no matter what weapon is used, it is handy, and the power can be maximized.

Therefore, Lu Ming now uses a war sword, as opposed to using a spear.

"It seems that the waste of the Three Eyes is dead in your hands..."

The humanoid bat roared, took out a pair of scissors-like artifacts, and slammed towards the landing.

boom!

The two made a slap in the front. The humanoid bat was alive with a trembling body and retreated backward.

"How is it possible? Your fighting strength..."

Humanoid bat creatures are shocked.

Lu Ming is nothing more than the existence of the virtual realm. How can the combat power be so strong?

Is it so strong to control the existence of the way of domination?

Humanoid bat creatures are difficult to calm down, and the characters who control the way of domination, even in the wilderness universe, are rare arrogances. He has only heard of it, never seen it, and never imagined it. It was so terrifying that he fell in the wind.

Uh!

Lu Ming struck back the humanoid bat creatures and continued to kill each other.

The two of them made several consecutive moves. Humanoid bat creatures were not opponents at all. They were hung away by Hongfei, their arms burst, and blood spewed in their mouths.

Lu Ming's strength has skyrocketed compared to when he battled the alien ancestors.

Now, he refined the artifact and cultivated it to break through to the Two Star Heavenly Emperor.

The realm of the humanoid bat creature is only equivalent to the alien ancestor, and he was also injured by the Zhentian rune when he entered the heaven.

With this trade-off, he is naturally not even Lu Ming's opponent.

"No, this person is too scary, I will first find other people to join, and then come to kill this person!"

Humanoid bats have smaller bodies and flap their wings, so they want to escape.

But Lu Ming, how could he let him escape, his figure moved, the war sword madly slashed out, and a terrible sword light enveloped the humanoid bat creatures.

puff!

The humanoid bat creature was cut by Lu Ming with a sword and nearly split in half. He vomited blood and flew out and was hit hard.

"Boy, you dare to kill me, you are a small world of thousands of people, and dare to kill me, I am the person of Yuanluo Palace, if you kill me, Yuanluo Palace will definitely put you down!"

Humanoid bat creatures began to roar and threatened Lu Ming.

"ridiculous!"

Lu Ming was unmoved. This humanoid bat creature slaughtered hundreds of millions of creatures in the heavens as soon as he came in. Anyway, this person, he will kill.

Lu Mingren's swords were united and turned into a horrible sword light, which passed away.

puff!

This time, the humanoid bat creature was really cut diagonally and cut in half.

what!

The humanoid bat creature roared in horror and ran away desperately.

He never imagined that when he came in, he was in danger of falling.

Originally, he thought it was just a small world, just came in and could indulge in wantonly. Unexpectedly, it would fall to this end.

"kill!"

Lu Ming Changxiao, the war sword once again slashed down.

Humanoid bat creatures, this time it is difficult to avoid, was cut in half by Lu Ming's sword, and the soul was also destroyed, completely fell.

This time, Lu Ming beheaded an imaginary god, and it was much easier.

However, Lu Ming did not dare to carelessly.

This humanoid bat creature is obviously the weakest in the virtual **** realm, and the virtual **** realm is the most important.

Moreover, when the other party came in, he was injured, which was easily killed by Lu Ming.

If the opponent is not injured, it will not be so easy.

And what if you encounter the double level of False God Realm, or even the triple level of False God Realm?

Lu Ming waved his hand and put away the storage ring of the humanoid bat creature.

Before he could open it, Lu Ming's face changed again.

Because he found that at this time, there was a strong existence, rushing towards the seal of Zhentian.

"Come on!"

Lu Ming was furious. I didn't know how many creatures were coming in. The other party obviously took the opportunity to attack and demand the Zhentian Rune, and completely tear the Zhentian Rune.

Lu Ming hurried toward Zhentian Runyin.

But still a little slower.

boom!

A big man with a horn on his head bombarded the Zhentian rune with a stroke, and the gap of the Zhentian rune was even bigger.

"dead!"

Lu Ming arrived, and the sword fell.

The one-horned man was shocked, turned back to Lu Ming, and collided with the war sword. The one-horned man shook violently and retreated tens of thousands of miles.

This one-horned man is also a one-sided existence of a virtual god.

"The way to dominate!"

The one-horned man was deeply shocked in his eyes.

"kill!"

Lu Ming Changxiao, without any nonsense, went to kill the one-horned man.

The one-horned man also broke out with all his strength and slammed towards the landing.

Hiss!

At this time, a space not far away was split, and a black python appeared, as huge as a mountain, and killed Lu Ming.

It is another existence of a virtual god.

Lu Ming's eyes slightly condensed, and the War Sword shook, divided into two sword lights, slashing towards the unicorn hero and the python.

Two terrible roars, the void collapsed, and the one-horned man and the giant python were all flew out by Lu Mingzhen.

Lu Ming is brave and invincible, and continues to kill each other. At the same time, he constantly urges the tactics of warfare and wants to trigger double combat power.

boom!

The void collapsed. In the void, a burly figure appeared, holding a war knife, and cut it with a knife.

The sword was terrifying, terrifying.

Lu Ming resisted with a war sword, and a terrifying roar broke out.

The space of thousands of miles was completely destroyed. The terrible power fell on the earth, and the earth continued to explode, and a gully of thousands of miles appeared.

Magma erupted from the bottom of the earth, a scene of doom.

Destructive!

Really devastating.

The entire Taiqing Heavenly Territory shook.

At this moment, all realms in the realm of the realm felt that a terrible war broke out.

Because the kind of coercion of the gods pervades the entire heavenly realm, everyone has a feeling of suffering.

"People outside, have you come in?"

Long Huangfeng, Xie Nianqing stood in the air, with deep worries in his eyes, and then stepped out toward the direction of Zhentian's seal.

"Is it the power of the vast universe?"

"Is the strong man of the Honghuang universe coming, is Lu Ming, Senior Zulong, fighting with outsiders?"

At this moment, everyone is talking, guessing, there is a fear that spreads in everyone's heart.

But they have no choice but to wait.

In the battle of the gods, they simply cannot participate and can only wait for the result.

"Go and see!"

Some demigods are heading in the direction of Zhentian's seal. After all, the war in that direction is the most volatile.

In the southern part of Taiqing Tianyu, they also felt the fluctuation, but not so drastic.

However, these demigods did not dare to get too close, and could only watch them far apart.

Chapter 2563: Fighting alone

"Lu Ming!"

Tens of millions of miles away from the Zhentian rune, Xie Nianqing's figure appeared and watched from afar.

"Lu Ming, your kid will withstand it!"

In another direction, Dan Dan's figure also appeared, his face dignified.

In addition, Qing Cang, Titan Longhorn, Nine Life Demon Silkworm, and Rebellion Emperor Zun, and others, all appeared one after another.

Looking at the ruinous scene in front of them, they were deeply shocked.

The war of the gods is too horrible, and they simply cannot intervene. I am afraid that as soon as they pass, they will be twisted into powder by the aftermath.

"Lu Ming..."

All demigods whispered, looking forward.

At the moment, Lu Ming was surrounded by three figures.

One is the one-horned man, and the other is the giant python, as big as a mountain, with cold eyes, looking at the land.

But the one that made Lu Ming most solemn was the third one.

It was a bald man, but on top of his bald head, there were black runes, which looked very strange.

He was holding a war knife that was bigger than a man. The last one was just cut by this man.

"Void God Realm is Double!"

Lu Ming whispered in his heart.

Just before the other party was greeted with a knife, Lu Ming judged that the strength of this bald man, far above the one-horned man and the giant python, is very likely to be the double existence of the virtual **** realm.

"The way of domination, I didn't expect that in a small world, someone could control the way of **** and take it out to make a big medicine. The son will be very happy!"

The bald man licked his lips, his eyes were extremely cold, and he stepped out suddenly. The war knife, which was taller than human, slammed down towards the landing.

Lu Ming also wielded the war sword, and the two met again.

when!

A horrible roar sounded, Daoguang and Jianqi were wanton, Lu Ming's body was shocked, and he stepped back and forth.

"The double level of False God Realm is really powerful, Senior Zulong is right!"

Lu Ming turned a thought in his heart.

When he was previously trained as one-star heavenly emperor, he was able to fight against the existence of one imaginary **** realm, but he broke through the two-star heavenly emperor, but he could not fight against one imaginary **** realm.

That's because the gap of breaking through the weight of Heaven Emperor Realm is not as great as that of Breaking through the weight of False God Realm.

Unless he breaks through to Samsung Emperor, it is possible to confront the dual existence of a virtual
**** realm.

bump! bump! bump!

After the bald man repulsed Lu Ming, he stepped forward continuously, and the divine power broke out, and the sword continued to cut forward.

Lu Ming broke out with all his strength, and he was shrouded in dominance by the power of the master. The sword of war shook and cut out a beam of sword light to fight against the opponent.

At the same time, Lu Ming continued to display the war character tactics and wanted to trigger double combat power.

This time, Lu Ming was unlucky and had triggered a dozen times, but still did not trigger double combat power.

when! when! ...

After dozens of consecutive collisions, Lu Ming retreated more than 100,000 miles, and his mouth overflowed with blood.

"Zhentian Rune, see me tear it!"

The bald-headed man laughed and shook the sky, and he was going to slash the town's rune.

boom!

At this critical moment, Lu Ming finally triggered a double combat power, and the combat power skyrocketed.

Uh!

Lu Ming turned into a rainbow of light, and immediately came to the front of the bald man, and he cut it out with a sword.

The power of this sword is a lot stronger than before. The bald man's face changes, and the knife is raised.

Boom!

The bald man was directly flied out by Lu Ming.

"kill!"

Lu Ming Changxiao raised the speed to the extreme and rushed forward. However, instead of killing the bald man, he was killing the one-horned man.

"what?"

The one-horned big man was shocked in his heart. He didn't even think that Lu Ming would suddenly erupt, striking the flying bald big man.

He thought that the bald man was enough to crush and kill Lu Ming.

Instinctively, he raised the weapon in his hand to resist, but when his weapon collided with Lu Ming's war sword, he felt a force that could not be resisted.

when!

The weapon in the hand of the one-horned man flew out directly, his arm even burst apart, he screamed, blood sputtered in his mouth, his body flew away from the body.

Will Lu Ming miss this opportunity?

Uh!

Lu Ming burst out, and the second sword chopped out.

"save..."

The one-horned man shouted in horror, but only shouted a word, and was split by Lu Ming's sword, and split in half.

One-man, falling!

Quickly, almost to the extreme!

From Lu Ming's shot to the killing of the unicorn, it was only an instant.

After Lu Ming killed the one-horned man, he didn't stay in the slightest, and went to the python again.

"Retreat!"

The bald man responded the fastest, shouting, carrying a sword, and slamming towards the landing.

Uh! Uh!

The bald man cut hundreds of knives in a row, a terrible Daoguang, crushed the void, and cut to Lu Ming.

Keng!

Lu Ming slashed, breaking through hundreds of swords, but in this way, the giant python finally seized the opportunity, retreated at a rapid speed, and at the same time, his body shrunk and became a giant snake several meters long. His eyes were full of fear and fear.

"This man is evil, join hands against him!"

The bald man shouted and drove to the landing.

At the same time, the giant python also shot, opened his mouth, a black sword like a snake, and killed Lu Ming, the angle was strange and tricky, and the speed was amazing.

However, regardless of Lu Ming's attack on the python, he rushed towards the other party.

Lu Ming's purpose is simple, first remove the weak, and deal with the strong.

"Die to me!"

The python's eyes were cold, and its body retreated, manipulating the serpentine sword, and stab Lu Ming.

Uh!

The snake-shaped thin sword approached Lu Ming's eyebrows.

But as soon as Lu Ming's eyebrows were about to stab, Lu Ming's eyes were filled with purple and gold light.

"dominate!"

Lu Ming's thoughts moved, and the power of the master broke out, acting on the serpentine sword.

Buzz!

The direction of the snake-shaped thin sword deviated and flew over Lu Ming's ear, and Lu Ming's figure kept on rushing towards the python.

"not good!"

The python's complexion changed greatly, and it receded wildly. The bald man drank angrily and chased behind.

call...

At this moment, on top of Lu Ming's head, a horrible attraction, acting on him, made Lu Ming's body suddenly stagnate.

"Boy, die for me!"

A roar came from above, and a giant appeared suddenly.

The person was blood-red, with wide-mouthed fangs and a pair of blood-colored winged wings. It was very similar to the human-shaped bat creature that was killed by Lu Ming before. Obviously, it was a person of the same race.

However, the cultivation of this humanoid bat creature is obviously more powerful, not weaker than the bald man.

His two flesh wings, like a storm, cut off to the landing.

"Another double existence of False God Realm!"

Lu Ming's eyes were frozen again.

Yuan Luo Dian, how many strong men have come in? This is what makes Lu Ming bottomless.

But now, there is only one battle!

The war sword shook in his hand, bursting out a beam of sword light, against the **** bat creatures above his head.

At the same time, Lu Ming rises to the sky, and the sword is united.

Chapter 2564: Horrible enemy

Lu Ming broke out with all his strength, and the swords of man became one, turning into a bright sword light, killing humanoid bat creatures.

puff!

Blood was splattering, and a flesh-wing of the humanoid bat creature was almost cut off. He screamed and retreated quickly.

When Lu Ming did not trigger the double combat power of the war character tactics, the combat power was weaker than that of a double power of a virtual **** realm, but triggered the double combat power. Heavy presence.

"kill!"

Lu Ming simply stared at the humanoid bat creature, constantly slashing towards the other party.

However, the bald man also arrived, fighting Lu Ming with humanoid bat creatures.

But the python was hiding in the distance, manipulating the serpentine sword from afar, attacking Lu Ming secretly.

boom! boom! ...

The two sides continued to fight and collided for dozens of moves in a row, even though Lu Ming had one enemy and three opponents, he still prevailed.

Boom!

A meaty wing of the humanoid bat creature was completely cut off by Lu Ming, and blood was splashing, drowning a mountain.

"Ah, boy, ants, I'm going to twist your head..."

The humanoid bat roared angrily, but it was Lu Ming's sword light that greeted him.

The sword light flashed, and one of the wings of the humanoid bat creature was almost cut off again, scaring him back away again and again.

when!

Lu Ming turned around with a sword, and he confronted the bald man with a trick, and flew the bald man out.

"Damn, this kid, why are you so strong?"

The bald man's face was gloomy and he retreated to the python.

And the humanoid bat creature, also hurriedly came to the side of the bald man, the three of them joined together and did not dare to separate.

"What should I do? This kid is too strong, we can't kill him at all, and we can't tear the seal of Zhentian!"

The python opened his mouth.

"What about Su Tu, why hasn't he come yet? When he comes, he can deal with this kid!"

Human-shaped bats say spiritually.

"Huh, it's a waste, even a small aboriginal world can't deal with it!"

Suddenly, an indifferent and arrogant voice sounded, the void trembled, and a figure emerged out of thin air.

This figure looks similar to a human race, with a well-proportioned figure, but his eyes are indifferent, filled with a touch of cold and proud color.

"Sutu!"

Seeing this man, the bald man, the humanoid bat creature, and the python are all overjoyed.

"Su Tu, this person has control over the way of domination. It is best not to kill, but to live and dedicate to the son, the son will be overjoyed!"

That bald Dahan Road.

"understand!"

Su Tu nodded, looking at Lu Ming, said indifferently: "Boy, just grab your hand and catch it, you can suffer less from skin and flesh!"

"If you want to win me, it depends on whether you have this skill!"

Lu Ming said indifferently, the purple golden light on his body was getting stronger and stronger.

However, he was very serious in his heart, because this person called Su Tu, he could not see through.

"Do not control yourself!"

Su Tu's icy voice sounded, and then stepped out. In a flash, Lu Ming was approaching and punched out.

boom!

This fist contains amazing and terrifying power, terrifying power, squeezed into the void, like rows of mountains and seas, crushed towards Lu Ming.

Avoiding is inevitable, only hard-wired.

Lu Ming snarled, mobilized all his strength, and cut a sword with all his strength.

boom!

Lu Ming seemed to feel that he was chopped down on the copper wall and iron wall, endless power poured in, and the war sword kept shaking, almost to get out and fly out.

Lu Ming was blown away with a punch, and his body fell like a meteorite on the ground.

There was a huge crater on the ground, and a huge crater with a radius of hundreds of thousands of miles appeared at any time. Everything was turned into ashes. Tens of thousands of miles were covered with cracks.

Fortunately, in the territory of hundreds of millions of miles around the seal of Zhentian, all the creatures have long been evacuated, otherwise, I don't know how many creatures will fall.

"Lu Ming..."

In the distance, Xie Nianqing was shocked, her face was white and her eyes were endlessly worried.

boom!

But the next moment, in that huge deep pit, a purple-gold light rushed out, it was Lu Ming.

At this moment, Lu Ming felt like he was going to split, and bursts of pain came, even if he did not run the ancient scriptures, it would not help, and recovery was slow.

"What a terrible strength!"

Lu Ming was shocked in his heart that this Sutū is definitely a terrible existence, and its strength is far above the double level of the virtual **** realm.

Zulong said that if more than four levels of False God Realm come in, Xiaoqian World will be very dangerous, so this person is likely to be a triple existence of False God Realm.

"Yes, yes, take me a trick, and have the power to struggle. Your talent, even in the wilderness universe, is pretty good. Unfortunately, your result is already doomed!"

Su Tu's eyes were even more indifferent, even with a trace of jealousy.

boom!

A terrible breath erupted from Su Tu.

Rumble!

Click...

In the sky, a dull roar sounded, and an extremely horrible scene appeared, with Su Tu as the center, the empty space continued to burst, and there were a sprawling space cracks, as if the whole world, it would be broken apart.

"The space of this little thousand world is really weak, but just enough for me to play, kill!"

Su Tuzhe grimaced, his body suddenly rushed towards the landing Ming.

Lu Ming's pupils contracted sharply, his spirit was highly concentrated, and his spirit was adjusted to the peak.

Uh!

Lu Ming's body retreated!

"You can't retreat!"

Su Tu's indifferent voice sounded. His speed was faster and more amazing. He approached Lu Ming at a rapid speed and burst out with a punch.

Rumble!

The void of millions of miles in a circle exploded in an instant, forming a terrifying space storm, sweeping Lu Ming.

Horror, Su Tu's power is really terrifying. He has the power to destroy the earth in every move. If it explodes and bombards the earth, it will definitely explode the entire territory of Taiqing.

It is no wonder that Zulong said that a too strong presence will enter the world of Xiaoqian, and will destroy the world of Xiaoqian.

The stability of Xiaoqian World is incomparable to the vast universe.

Faced with Su Tu's attack, Lu Ming avoids inevitable.

"Broken, broken, broken!"

Lu Ming shouted, and the war sword continued to cut out.

However, Su Tu's power was too strong, Lu Ming felt the war sword violently shaken, his body was blown out again, hit the ground, and the ground continued to burst.

Lu Ming vomited blood and was hit hard. He took out a fruit of life and swallowed it. After the fruit of life was swallowed, his injury was quickly healed.

"There are all such magic drugs, but they are useless!"

Su Tu stepped out, his fists blasted continuously.

boom! boom! boom!

After a terrifying punch, Lu Ming had no resistance at all and was hit continuously, hitting **** the ground.

This time, Lu Ming's body almost exploded, and his body was covered with cracks. He was no longer humanoid, and even if he had the fruit of life, it was difficult to recover.

Chapter 2565: Mobilize the power of the world

"Lu Ming..."

In the distance, Xie Nianqing witnessed this scene, her eyes were red. Immediately, she gritted her teeth, showing a decisive color in her eyes, and her body was filled with a black light. .

Ok?

Su Tu, Bald Dahan and others looked at Xie Nianqing in surprise.

"Interesting, this little world is really interesting..."

Su Tu whispered, excited flames flashed in his eyes.

At this time, the space around Xie Nianqing flashed, and Xie Nianjun's figure appeared.

"Xie Nianqing, what are you doing? You are crazy. In this way, your foundation will be completely abolished, and you can only become a waste person in the future!"

Xie Nianjun scolded.

"I'm not crazy, I must save Lu Ming, I can't watch him die..."

Xie Nianqing's eyes were very firm.

"Even if you are desperate to cast that secret technique, it is not their opponent. Also, why don't you do it for Lu Ming?"

Xie Nianjun scolded.

"That thing, it's the Tang family's business. I'm not the Tang family. My surname is Xie. My name is Xie Nianqing..."

Xie Nianqing said.

"you..."

Xie Nianjun's words are blocked.

Indeed, Xie Nianqing's memories of this life have swallowed memories of previous lives. Strictly speaking, she is no longer a Tang family.

The breath of Xie Nianqing is getting stronger and stronger, and there is a tendency to climb to the realm of Wushen.

"this is..."

Dandan, Rebellion Emperor Zun, Titan Teniu and others all looked at Xie Nianqing in shock.

"Did I die here today?"

Underground, Lu Ming lay in a deep pit that was tens of thousands of miles away, and his head turned around.

Su Tu, too strong, is simply not what he can confront.

He has done his utmost, the word of war has triggered double combat power, and his combat power has reached the peak, which can suppress the double existence of a virtual **** realm.

But still not Su Tu opponent, completely one-sided.

How to do?

Lu Ming was not reconciled. He didn't want to give up on it. Once he gave up, the seal of Zhentian was opened, and the strong man of Yuanluo Hall entered.

His parents, Xie Nianqing, his son, granddaughter, friends, etc., are all in danger.

He must protect them.

"Dominate, dominate, dominate the world, if I can dominate the power of this world, I can deal with Su Tu.."

"By the way, the reason why Heaven Dao pressed me is that I was afraid that I would dominate it. Now, I have broken through..."

In the blink of an eye, Lu Ming's thoughts turned around, and suddenly, Lu Ming's eyes lit up.

Since Tiandao is afraid of his breakthrough, but he has already broken through, can he dominate the power of this world?

Suddenly, Lu Ming's spiritual knowledge spread infinitely.

"Master, give me the master, this world, I am the master..."

Lu Ming shouted in his heart, bursting out with a bright purple-gold light.

Rumble!

At this moment, the whole world was shaking, and endless energy suddenly rushed to the landing.

At this moment, Lu Ming seemed to feel that the entire heaven, even Yuan Realm, Evil God Realm, was dominated by him, and he could use the power of the entire world.

"this is..."

Xu Tu's pupils contracted sharply, showing shock in his eyes.

"Damn, kill!"

Su Tu yelled, he broke out with all his strength, kept throwing fists, and a terrible attack broke out, and a terrible fist, slammed into Lu Ming.

However, around Lu Ming's body, an energy was formed, which blocked Su Tu's strength.

"How could this happen? Quickly, let's get together, let's get together, and interrupt him!"

Su Tu could no longer keep himself calm and shouted.

"Shoot!"

The three bald men shot at the same time, and various attacks continued to bombard the landing.

However, they were all blocked by the energy around Lu Ming's body.

"That is..."

At the moment, Xie Nianqing, Xie Nianjun and others in the distance were also shocked.

Xie Nianqing originally wanted to perform some kind of secret technique, and went forward and backward together with Lu Ming at all costs. At this moment, that kind of secret technique also stopped, and the breath on her body fell again.

"Is this the power of the whole world, terrifying..."

At this moment, Lu Ming is in a wonderful state, he seems to be able to mobilize the power of the entire world.

"Then, kill it!"

In Lu Ming's eyes, a cold killer burst out, and the sword in his hand suddenly cut out.

This sword mobilized the power of the entire world.

bump!

A sword light came out, and the four Sutu's attack collapsed directly, and the sword light kept going, slashing towards the four people.

"not good!"

The four of Su Tu's faces changed wildly and receded wildly, but Jianguang was faster.

puff!

The blood was splattering, the bald man, the human-shaped bat creature, and the giant python, and the three figures stopped suddenly. Their eyes showed incredible and horrified expressions.

Then, their bodies exploded and disappeared into ashes.

Only Su Tu, his body receded, he vomited blood, and a long sword mark appeared on his chest, almost splitting him in half.

"Mobilize the power of the entire Xiaoqian world, damn, damn, this is equivalent to the four powers of the virtual **** realm..."

Su Tu roared, terrified.

His body collapsed, tearing the space and trying to escape.

"Want to go, in this world, I am the master!"

Lu Ming's indifferent voice sounded. Behind Su Tu, a large hand suddenly appeared, so huge, he pressed down on Su Tu.

bump!

The image of Su is that a goshawk is generally shot and smashed to the ground, and the territory is tens of millions of miles, all exploding.

Su Tu vomited blood, his body almost burst apart.

The scene at the scene, and just now, completely transferred.

"Damn, **** it!"

Su Tu roared in his heart. He glanced at Xie Nianqing and others in the distance. His eyes gleamed fiercely. His body burst out, and he rushed towards Xie Nianqing and they would take Xie Nianqing and threaten Lu Ming.

However, at this moment, the whole world is under the dominance of Lu Ming. Will it make him wish?

Su Tu moved, in front of him, there appeared a spear, pierced through the hole, directly penetrated through Su Tu's body, nailed him to the ground.

Su Tu struggled, but Lu Ming mobilized the strength of the world and suppressed him, making it difficult for him to move.

"Ah, you are looking for death, do you think you can live if you kill me? When the real master of Yuanluo Temple releases, you little world, you will be wiped out!"

Su Tu roared.

"Scratch!"

Lu Ming came to the sky above Su Tu, and the war sword fell.

puff!

Su Tu was directly beheaded and fell to the spot.

Up to now, Lu Ming has been killing as a deity before the town's Heavenly Seal, plus the first one, a total of six.

Hiss!

At this moment, not far away, the space split and Zulong appeared.

At this moment, Zulong was covered with blood and injured more, but fortunately nothing happened.

After fierce fighting, Zulong also successfully killed his opponent.

The strength of Zulong was originally similar to that of the other party, but when the other party came in, he was attacked by Zhentian Rune, and was somewhat injured. His strength weakened a bit, and was eventually killed by Zulong.

Chapter 2566: Take the initiative

"Senior Zulong, wait a moment, I'll search to see if there are any masters in Yuan Luo Temple!"

Lu Ming said to Zu Long that Lu Ming closed his eyes.

At this moment, Lu Ming dominates this heaven and earth, so he can sense it anywhere in the heavenly realm, heavenly realm, and evil spirit realm, even in the empty dark space.

"Well, there really is one more person!"

In a dark space, Lu Ming sensed a powerful existence, and should have the dual strength of the virtual **** realm, sitting in the void to heal.

Suddenly, the man opened his eyes, revealing a trace of shock, turned and ran.

"Run away?"

Lu Ming sneered, mobilized the strength of the entire world, and formed a war sword, slashing down.

what!

The person made a scream and was directly beheaded.

The dual existence of a virtual **** realm can't stop Lu Ming's move.

Lu Ming's state at the moment is too strong, and he can dominate the entire world and mobilize the power of the entire world, which is comparable to the strong power of the four levels of the virtual **** realm, and kills the double of the virtual **** realm easily.

Then, Lu Ming continued to check, but no traces of other powerful men were found.

The strongmen of Yuanluo Palace who entered here before have been all beheaded.

At this time, the breath on Lu Ming's body landed and returned to normal.

And his injury was completely recovered.

"Lu Ming, you just mobilized the power of the whole world?"

Zulong looked at Lu Ming in shock.

"Ok!"

Lu Ming nodded, then waved his hands. Those storage rings left by the beheaded masters were all collected by Lu Ming.

"Lu Ming, are you okay!"

At this moment, Xie Nianqing flew over and looked concerned.

Then, Dandan and others also flew over.

"It's okay, rest assured!"

Lu Ming smiled.

Everyone chatted for a while, and others, such as Titan Beetle, also left.

Soon after, the story about Lu Ming even slashing the gods spread.

After countless people knew it, they were shocked.

Lu Ming alone, even cut the gods.

That's a god. It's like a myth. Lu Ming's prestige in the hearts of all the heavens has reached its peak, and even surpassed Zulong by a large amount.

In their view, Lu Ming is simply a **** among the gods.

However, Lu Ming and Zu Long looked dignified.

In the Zhentian Rune Area, Zulong and Lu Ming are discussing matters.

"It won't work like this. If Yuan Luo Dian knows that he has failed, he will definitely dispatch a stronger presence!"

Zulong frowned.

"Senior, what should I do now?"

Lu Ming asked.

"A small thousand world is a great asset for Yuanluo Temple. Under normal circumstances, they are reluctant to destroy it, but there is no guarantee that they will not do such a thing under their anger. If they send a virtual The existence of more than four levels of Divine Realm can completely destroy Heaven Realm, Meta Realm, and Evil God Realm!"

Zu Long condensed his voice, frowned, half-sounded, and said again: "Now, there is only one way to live a life!"

"Senior, please!"

Lu Ming said.

"That is to take the initiative to attack. Now, the people in Yuanluo Temple, who do not know that the people they sent in have been annihilated by the whole army. They must be waiting for good news. Therefore, the power outside the Zhentian Rune should not be too strong. !"

"Now, if we take the initiative to attack, tear apart the Zhentian symbol and rush out, there may be a chance of success!"

Zulong Road.

"rush out!"

Lu Ming whispered and pondered for a while, then said: "Okay, then we will attack!"

Lu Ming is a decisive person. If he stays here, he can only sit still and have no chance, but if he rushes out, there is still a ray of life.

"However, rushing out, there is an important problem, that is the problem of your small world!"

Zulong Road.

"The problem with the small world?"

Lu Ming wondered.

If they want to go out and rush out, they must collect most of the souls into the small world and take them out.

"The Honghuang Universe is a truly ancient, truly perfect world, a truly large world, and such a world, like this small world of cultivation, cannot coexist with it!"

"So, once you enter the Honghuang Universe, within a year, the small world will break away from your body, and merge with the Honghuang Universe and become a part of the Honghuang Universe!"

Zulong Road.

"What? The small world, will actually merge with the vast universe?"

Lu Ming's face changed.

In that way, wouldn't his cultivation behavior plummet?

"But one thing, you don't have to worry about it, the cosmic universe is fair, your small world blends in with it, and it will also give you back the same amount of energy, so your realm strength will not go backwards!"

"However, all the creatures you bring out will be revealed, so that our traces will be exposed, so once we go out, we must find a safe place and settle everyone under one year. ."

Zulong Road.

"So, is it only one year?"

Lu Ming whispered.

That is to say, after they go out, they must be out of danger within a year, otherwise, it may be more dangerous.

"Lu Ming, this matter, you decide!"

Zulong Road.

"Just do it!"

Lu Ming spoke, his eyes firm.

Rather than sitting still, it is better to fight hard.

There are few admirers in Zulong's eyes.

"Okay, since you decided to rush out, you need to do it as soon as possible, so as not to take a long time, the other party will react and mobilize more masters!"

Zulong Road.

Then the two discussed and acted separately, and they wanted to gather most of the creatures in the heavenly realm.

Fortunately, the Celestial Clan, many people are practicing the law system, and they have opened up a small world that can hold a large number of creatures.

Lu Ming first returned to Longhuangfeng and told his plan again, everyone agreed, and then everyone dispersed to spread the news.

The whole heaven, began to act.

After hearing this plan, most people are willing to fight hard, because staying here will eventually lead to a dead end.

The people of the small world, all the people around, the beasts, etc., are all collected into the small world, and then rushed to the land of Zhentian's symbol.

In just ten days, all parts of the world were almost evacuated, and many ordinary people were also included in the small world.

Then, everyone gathered the Zhentian symbol.

Then, Lu Ming put all of them into his small world.

In this way, most of the creatures in the entire Heaven Realm were taken into the small world by Lu Ming.

The heavens suddenly became empty.

Under the seal of Zhentian, only Lu Ming and Zulong were left.

"Lu Ming, let's get started!"

Zulong Road.

"it is good!"

Lu Ming nodded, and the two started to tear the Zhentian rune down.

From the inside of Heaven Realm, it is easy to tear the Zhentian Rune, especially Lu Ming can dominate the power of this heaven and earth.

Hiss!

Soon after, the seal of Zhentian was finally torn apart by the two, revealing a dark passage.

Chapter 2567: Rush into the vast universe

"Lu Ming, it's up to you!"

Zulong turned into a ray of light, flew into Lu Ming's small world, and disappeared.

Now, Lu Ming's cultivation practice is stronger than Zulong, and has fewer people, so it is more convenient to act.

"Honghuang Universe, I'm here!"

Lu Ming whispered, then looked back at the land of heaven.

After they leave, Yuanluo Hall will certainly not destroy the heaven, Yuanjie, and Evil God Realm, and will definitely put the souls back in and become a ``ranch".

"Someday, I will retake this place!"

Lu Ming whispered, then stepped into the channel in one step and disappeared!

...

The vast universe, boundless and vast, is a great world, and is also called the ***** realm.

Here, is the ultimate road for all the powerful in the small thousand world. After all the creatures of the small thousand world have cultivated to the demigod, they will walk out of the small thousand world and come to the vast universe.

Here, there are countless strong men and countless gods.

The vast universe, there are countless stars, life planets suitable for living inhabitants, there are also countless, divided into large and small, countless forces.

The rioting galaxy is a famous chaotic place in the wilderness universe. It gathers countless races and countless poor and fierce people.

In this endless galaxy, there are many life planets, and there are forces of different sizes.

Yuan Luo Dian is one of these forces, occupying more than a dozen life planets, countless masters.

Kang Long is the young master of Yuanluo Palace. His talent is very good. At a young age, he cultivated to the semi-divine realm of cultivation. He was valued by Yuanluo Palace Hall Master and specially divided a life planet as Kanglong's territory.

This life planet is the dark Pluto!

Dark Pluto is extremely huge, half of which is a continent and half of it is an ocean.

Its territories are not comparable to the celestial realm, the meta realm, and the evil spirit realm. Even if the celestial realm, the meta realm, and the evil spirit realm all add up, the area is less than one ten thousandth of Dark Pluto.

In the celestial realm, the primal realm, and the evil spirit realm, it is a small thousand world attached to the dark Pluto, and the channel is connected to the dark Pluto.

This is a vast mountain. On top of a mountain, Kang Long is sitting on a chair. Two young women are pinching shoulder massage for him.

"Isn't there any news about that little thousand world?"

Kang Long asked.

He has a bald head. There are some black runes on the bald head. It is very similar to one of the big men who entered the heavens before, but it is the same race.

"Master, there is no news yet!"

On the edge, an old man bowed his head to report.

"It's really waste. I have been in it for more than ten days. I haven't heard of it. Even a small world will take so long. I really raise you in vain!"

Kondo's face sank.

On the side, in addition to the old man, there are two big men, but at the moment, all are silent, and dare not say anything.

"Give them another month, and after one month there is no news, you shoot directly and destroy that little thousand world, just a little thousand world, Master Ben doesn't want it!"

Kang Long gritted his teeth.

"Yes Yes!"

On the side, the others nodded again and again.

Suddenly, a voice came from a distance...

"Master, that little thousand world, something has happened!"

A young man who was not much thinner than Kang Long flew over and said.

"Something happened, I guess Su Tu they got it, let's go and have a look!"

Kang Long took the lead and flew towards the front, others followed.

In front, there is a valley, in which there is a huge black vortex, constantly spinning.

When Kang Long arrived, they heard a rumbling noise in the black vortex.

Soon after, the noise disappeared.

"coming!"

Kang Long and others glanced and found a figure in the vortex.

Then, the figure slowly became clear.

Ok?

Kang Long and others were stunned.

Because of that figure, they did not know, not any one they sent, but a young man, looking in his twenties, handsome and tall.

This young man is naturally Lu Ming from heaven!

"Stop him!"

Kang Long waved his hand as soon as he could not see him, and suddenly, he was here to stay here with five or six big men, and surrounded Lu Ming Tuan, bursting into a breath of breath.

"The False God Realm is all False God Realm, and they are all the double existence of the False God and the triple existence of the False God!"

Lu Ming's pupil shrank suddenly.

Trouble!

The cultivation of these people is too high. Surrounding the six big men of Lu Ming, Lu Ming felt that there were at least two, not weaker than Su Tu, but the triple powers of the virtual **** realm.

The other four are also dual in the False God Realm.

As for the young man not far away, Lu Ming saw at a glance that it was a semi-deity.

However, the two big men behind the youth, and an old man, are unfathomable and totally impossible to estimate the specific practice.

Lu Ming's heart is sinking. Such a strength is simply not something he can resist.

In the Heaven Realm, Lu Ming can dominate the Heaven Realm and Evil God Realm, directly mobilizing the energy of the Heaven Realm and Evil God Realm, so he can easily kill the triple existence of the virtual God Realm.

However, after leaving the heavenly realm and coming to the wilderness universe, Lu Ming cannot naturally mobilize the energy of the heavenly realm and the evil spirit realm.

Even if Lu Ming triggers double combat power, he will not be a triple opponent of the False God Realm.

Not to mention, there is a stronger presence.

However, Lu Ming would not sit still and he instinctively exploded and was cautiously alert.

"Is it a virtual reality?"

Seeing Lu Ming's breath, not only Kang Long was stunned, but everyone else was stunned, and then relaxed one by one, revealing a relaxed look.

It's just a virtual environment, they can be suppressed by flipping their hands. What's so nervous?

Originally, they thought Lu Ming was a master.

The expression of everyone fell into Lu Ming's eyes, and Lu Ming's heart moved, and he had a strategy.

"A virtual reality, boy, did you sneak out?"

Kang Long asked coldly.

He believes that Lu Ming must have secretly ran out while Sutou was not prepared.

"Good, what do you want to do?"

Lu Ming pretends that his face has changed greatly, and backs off again and again, his face tense.

"Sure enough, I stole it out!"

Kang Longzui sneered, and said: "I ask you, what happened to those who entered your world? What are you doing?"

"Those abominable guys, they are slaughtering, killing innocents indiscriminately, it is almost inhuman..."

Lu Ming pretends to be a pair of angry anger, very angry.

"Hahaha..."

Kang Long and others laughed.

"Well, let's play with them, boy, kneel down, catch your hand, I have something to ask you!"

Kang Long waved his hand.

"If you want me to catch my hand, stop thinking. I'm the first arrogant of heaven. I don't think you are too old. I challenge you now. You dare to fight!"

Lu Ming shouted.

"Boldly, what qualifications do you have to challenge young masters, ants-like things, and slap you!"

A dauntless man said.

"Slow down!"

Kang Long waved his hand and stopped the big man.

Chapter 2568: Deliberately pretend to be weak

Kang Long waved his hand and stopped the big man. He watched Landing with great interest and said, "Are you the first day of your world?"

"Yes, I don't think you are too old, but dare to fight!"

Lu Ming shouted.

"How long have you practiced? If you practice too long, you are not qualified to be my opponent!"

Kang Long looked proud.

"I have practiced for more than 8,000 years!"

Lu Ming said, deliberately with arrogance.

He heard Zulong mentioned that in the wilderness universe, cultivation has not been more than ten thousand years, and it is considered the arrogance of the younger generation, so he deliberately said it for an eight thousand years.

"Cultivation for eight thousand years, it is not bad to have this practice, well, I will come to play with you a few tricks!"

Kang Long said proudly, stepping forward.

He is very curious. Tianjiao in a small world has some skills. He is a Tianjiao person himself, and naturally wants to try Lu Ming's methods.

"Master, don't take risks easily..."

A big man said with some worry.

"What are you talking about? Adventure? Are you looking down on Master Ben and thinking that Master Ben will lose to the indigenous hands of a small world?"

Kang Long stopped and glanced coldly at the big man, his face somber.

The big man, his face changed drastically, his back was cold and sweaty, and he was on his knees, and bowed down and bowed down: "Young Master, Young Master, this is not what his subordinates mean, this is not what his subordinates mean. Please also ask the young master to spare his life..."

Kang Long is the son of the Lord of the Yuanluo Palace. He is very talented and highly beloved, otherwise he will not give Dark Pluto an entire life planet to him.

Moreover, Kang Long's cruel means, killing people without blinking, causing him unhappiness, is a dead end.

It's strange that he is not scared to death!

"Since Master Master has been practicing for more than 500 years, he has reached the level of a demigod. The fighting power can kill a imaginary **** and a heavy existence. What are you afraid of? Do you think that a small world of aborigines can harm me?"

Kang Long spoke again, and his voice grew colder.

"No, no, how could it be that the master's miracles were created, but it's a peerless arrogance. How could this native be the master's opponent!"

"Yes, yes, I bet this native is not the enemy of the young master's three moves, no, one move is enough!"

Others opened their mouths and patted on them.

Kang Long's complexion looked better.

"You step back, don't hinder you!"

Kang Long waved his hand.

Others can only back off one after another.

From their point of view, Lu Ming was only a virtual reality, and the indigenous people of a small thousand world did not threaten Kang Long at all. They were very relieved.

Seeing this, Lu Ming breathed a sigh of relief.

His purpose was achieved!

As long as these people underestimate him, and then he challenged Kang Long, played against Kang Long, and took the opportunity to take Kang Long as a hostage, he would have a chance to live.

He pretended to be pretending, Kang Long was really fooled.

At the same time, he was also shocked.

It took Kang Long only about 500 years to cultivate to the semi-deity, which is an incredible thing in the heavenly realm, the primal realm and the evil spirit realm.

It has been less than five hundred years since he practiced, but he is an alternative and cannot be said according to common sense, and he is not yet a demigod when it comes to real cultivation.

In addition, such people as Xie Nianqing, Xie Nianjun, and Dan Dan can't be said with common sense.

However, Kang Long was able to cultivate a demigod in 500 years. This talent is extremely amazing, and he said that his combat power can match the existence of a virtual god.

The Honghuang Universe is really not comparable to the Heaven Realm or the Evil God Realm. As soon as Lu Ming came out, he encountered a powerful Tianjiao.

"Boy, let's go, let me see, what is the skill of a native of the Little Thousand World?"

Kang Long stepped forward, not far from Lu Ming, his face proud.

boom!

Lu Ming shot, but he did not show the way of domination, but simply punched with the power of the flesh.

"Good solid space!"

Lu Ming felt a difference when he punched.

His physical strength is now equivalent to the peak heavenly emperor. If he punched out in heaven, meta realm or evil spirit realm, the space was directly destroyed into a sparse rotten, but now, he punched out, but found that the space is stable incomparably, even a trace of ripples did not occur.

"Trick and worm!"

Kang Long's smile was disdainful, and the same punch came out, his fist covered with a thin layer of divine power.

boom!

The fists of the two slammed together, and then Lu Ming's body shook wildly, retreating back, and a spit of blood spewed out.

"On this strength, it is also the first arrogance of a Xiaoqian world? Xiaoqian world is indeed an indigenous, old town, I will abandon you now, take you back to refining medicine!"

Kang Long's contempt was more intense, and he waved his big hand and attacked the landing Ming continuously.

Others on the side saw Lu Ming's vomiting blood beat by Kang Long and suddenly relaxed.

In their view, Lu Ming is indeed a common virtual reality, it is impossible to be Kang Long's opponent.

Lu Ming tried his best to resist, pretending to be invincible, in fact triggering the word of war secretly.

Kang Long's cultivation practice is that in the demigod realm, the combat power is indeed very strong, far exceeding the demigods Lu Ming encountered, placed in the heaven, the metaverse and the evil spirit realm, there is no other demigod, can compare with him, he It is not arrogant to say that one can fight the False God.

Therefore, Lu Ming wants to trigger double combat power, so that he can control Kang Long in one fell swoop before anyone else responds.

"Hahaha, boy, kneel down and beg for mercy, I might be able to open the net and spare you not to die..."

Kang Long laughed arrogantly, and the offensive became more violent.

At this moment, Lu Ming's eyes lit up.

The double combat power of the Zhanzi Juice is triggered!

"is it?"

There was a strange smile in Lu Ming's mouth.

boom!

Lu Ming counterattacked and explored with a big hand. The way of Domination broke out, directly defeating Kang Long's attack, grasping Kang Long's wrist, and shaking hard.

Click!

Kang Long's body shook like a sieve, and his bones were broken. At the same time, Lu Ming caught Kang Long's neck, and Kang Long was like a muddy mud. He couldn't move at all.

All this happened between electro-optical flints, waiting for others to find out that it was too late.

"what happened?"

"Boy, what are you doing? Master, don't let go!"

"court death!"

Others roared and burst into a breath of breath.

Lu Ming's pupils were condensed. The two big men and an old man who followed Kang Long were definitely the existence of more than four levels of the virtual **** realm, which was terrifying.

"You step forward, he will die!"

Lu Ming spoke indifferently, dominated the way, and enveloped Kang Long. As long as his heart moved, Kang Long would die.

Those people stopped forever and dare not step forward.

"Boy, humble native, let me go, hurry!"

At this moment, Kang Long roared.

He naturally understands now that before, Lu Ming pretended to be pretending to be weak. He wanted to take advantage of the mechanism to stop him.

Chapter 2569: Get out

"Leave you? You are really naive, I let you go now, isn't it death?"

Lu Ming sneered, his eyes filled with murderous opportunities, and swept to those around him, saying: "Give away, let me leave, otherwise, I will kill him!"

"Dare you, kid, do you know who he is? He is the young master of Yuanluo Dian, the son of Yuanluo Dian Lord, you dare to move him a hair, your end will be miserable, do you understand!"

The old man shouted, his eyes were full of cold killings. If it wasn't for Kang Long, he shot Lu Ming with a palm of his hand.

"The son of Yuanluo Dian Lord, that's better. If I kill him, you are expected to be buried together. Come on, let's die together!"

Lu Ming said coldly.

"you you..."

The old man and the two big men were irritated and almost vomited blood, but they did not dare to act lightly.

Lu Ming was right. Kang Long was loved by Yuanluo Dian Lord, who was notoriously hard-hearted. If Kang Long was really dead, they would also be buried.

"Boy, you are done, I tell you, you go to heaven and earth, you have no way, I will kill you, and the people in your small world, I will not let go of them, all will die!"

Kang Long roared wildly. When he thought that he was actually caught by a native of a small world, he was mad.

If this is spread, is he not going to be a laughing stock?

"Scratch!"

Lu Ming spoke indifferently, and then his palm fell like a knife, and Kang Long's arm flew out.

what!

Kang Long screamed terribly.

Although reaching his level, even if the body is torn apart, it can recover quickly, but the kind of pain is real.

"Bold!"

"you wanna die!"

Others roared.

"In nonsense, next time, I will directly abolish his magic fire, and now, you all give me away, let me leave, I will naturally let him go!"

Lu Ming said indifferently.

"You put the young master first, we let you leave!"

The old man said.

"When I'm stupid, I let him go, you haven't killed me immediately, let me go first, otherwise, I can only abolish him first!"

Lu Mingdao, the dominating power, turned into a sharp sword, pierced into Kanglong's Dantian, to destroy Kanglong's magic fire.

"Give up, you idiots, hurry up, let him go, let him go!"

Conron hysterically shouted.

He was afraid, he was really afraid. Once the **** fire was destroyed, his cultivation practice would be abandoned.

Whatever one Lu Ming takes, in his mind, even 10,000 or 100 million Lu Ming are not as important as his single hair.

He swears that once he gets away, he must send a master to catch Lu Ming and make Lu Ming humiliated.

The people on the side had ugly faces, but now they can only give way.

The old man and others retreated to both sides.

Uh!

Lu Ming carrying Kang Long, rushed past and left the encirclement.

"Now release Master!"

The old man roared.

"When I am safe, I will naturally let him go, and you better not chase it, otherwise I will scrap him immediately!"

Lu Ming said indifferently.

The old man and others were so angry that they wished to unload Lu Ming into eight pieces, but they really dared not chase them and could only watch.

Lu Ming flew with all his strength, blinked, and disappeared in front of them.

"Come on, give it up, and send the Powerful Masters of the Seventh Level of False God Realm above, you must kill the kid and save the young master!"

"fast!"

The old man and others immediately started to move and left here.

Their cultivation is still inadequate. If there are strong men with more than seven levels of False God Realm, even if Lu Ming wins Kang Long, those characters can quickly kill Lu Ming and rescue Kang before he can respond. Dragon.

The old men and others left here one after another, and Lu Ming carried Kang Long and flew at speed.

"The space of this vast universe is too stable, and the gravity is amazing!"

Lu Ming flew while flying, and wanted to tear open the space and travel through the space, but found that it could not be done at all.

In the realm of heaven, with his cultivation practice, one step out, the space is automatically split, and he can shuttle from one world to another in an instant.

But now he found that even if he tried his best, he could not tear the space, let alone tear the space, even a trace of ripples did not occur.

Moreover, the gravity here is extremely amazing, and Lu Ming's flight speed is hundreds of times slower than when he was in the sky.

"It's so rich!"

Then, Lu Ming took a deep breath, feeling the tide of air between heaven and earth, coming to the landing Ming.

Yes, it is divine, not original.

The space here is filled with spirit, exactly the same as in Huangquan Mountain.

However, the spirit in Huangquan Mountain can't be compared with here, it is much thinner than here.

Although Huangquan Mountain was also sealed there from the Honghuang Universe, it is normal to have a weak spirit for so long.

"The cultivation environment here is so good. If you cultivate here, the cultivation speed is at least tens of times faster than in the realm of heaven. In some good places, even more than that!"

Lu Ming thought.

No wonder Kang Long has cultivated for less than 500 years, and there are demigods for cultivation.

The cultivation conditions here are not comparable to those in heaven.

The vast universe, the big thousand world, is called the **** realm, and the end point of all small thousand worlds is not just a talk.

"Boy, here you are, let me go!"

Kang Long shouted again.

"Shut up and let you go. As far as I know, the entire Dark Pluto is the site of your Yuan Luo Temple. I let you go, not looking for your own way? When I am safe, I will let you go naturally!"

Lu Ming said coldly.

"you..."

Kang Long was angry, but under such circumstances, he could only hold back.

Lu Ming has been flying all the time. He specializes in finding a place to fly away. Most of the time later, he no longer knows how much distance he flew. He flew into a barren mountain, and there were no people around him.

After flying here, Lu Ming directly plugged Kang Long into the mountain and river map, and then continued to fly forward.

In an instant, another day, Lu Ming flew into a wild mountain range.

Roar!

Suddenly, a loud roar came from below. The roar shook the sky, the mountains trembled, and then a large mouth of blood basin rushed out from below and slammed towards the landing.

Lu Ming was frightened, broke out with all his strength, showed his dominance, and stepped on it.

The power of the master condensed a huge purple-gold giant foot, stepped on that big mouth, and there was a roar. The purple-gold giant foot collapsed, and Lu Ming was blown out by a powerful force.

"What an amazing power, it is equivalent to the double of the virtual **** realm, what is that?"

Lu Ming secretly panicked, with the help of this force, flying at speed.

bump! bump! ...

The earth roared, and Lu Ming saw a behemoth, as big as a mountain, stepped on the ground and chased after landing Ming.

Chapter 2570: Hard to leave

It was a creature that Lu Ming had never seen. It was covered with scale armor and had a pair of hind legs. It was thick and powerful, but the front branch was very short and shrunk in front of it.

And his head is somewhat like a lizard, a mouth, huge, covered with terrifying fangs, a pair of hind legs running fast, amazing speed.

To Lu Ming's surprise, its body actually exudes terrifying Longwei.

Lu Ming did not get entangled with the other party and flew with all his strength.

Now, he has not triggered the double combat power, so he is not an opponent with a double existence of the virtual **** realm.

After flying for a while, the creature did not catch up with Lu Ming, so it stopped and did not continue to pursue.

Lu Ming breathed a sigh of relief. Afterwards, Lu Ming did not dare to carelessly, converged his breath, and slowed down.

In this wild mountain range, who knows if there is any other powerful existence.

Sure enough, after flying for a short time, Lu Ming saw another huge creature, similar to the previous one, but the breath was more terrifying, reaching the triple of virtual **** realm.

Fortunately, Lu Ming discovered it early and avoided it far away.

"Ask Senior Zulong to ask!"

Lu Ming thought, a flash of light and shadow, Zulong appeared.

Zulong had been waiting for alert. As soon as he appeared, his eyes immediately glanced around, seeing only Lu Ming alone, and he was relieved.

"Lu Ming, what's the matter? Did you escape?"

Zulong was very surprised.

This time, it was really a go, and the chance of success was not high. He had even made Lu Ming fail, and they were all arrested.

Seeing Lu Ming alone all around, and still in a wild mountain range, he was naturally surprised.

"Senior, lucky to take the first step!"

Immediately, Lu Ming repeated the previous situation.

"Son of Yuan Luo Dian? Seems to be the most recent son of Yuan Luo Dian!"

Zulong's eyes moved.

He has been in heaven for countless years, and Kang Long has only been practicing for about 500 years. Zulong naturally did not know Kang Long.

"Lu Ming, this Kang Long, must be in your hands. We are still on the Dark Pluto. Yuan Luo Temple will definitely send a large number of strong men to hunt you down. At a critical moment, it may be useful!"

Zulong Road.

"Senior, then how should we leave Dark Pluto?"

Lu Ming asked.

"Dark Pluto is very huge, it is bigger than the Heaven Realm, and the Evil God Realm. It doesn't know how much it is. If you want to leave the Dark Pluto and go to other life planets, you must take a starry teleportation array!

Zulong Road.

"Then we can threaten each other with Kang Long, and then take the teleportation array and leave here..."

Lu Ming's eyes lit up.

"No!"

Zulong shook his head and sighed: "Starry Sky Teleportation, there must be a horrible presence to guard. If it encounters the existence of more than seven levels of the virtual **** realm, I am afraid that it is useless to threaten with Kanglong. That kind of existence is too strong, it is estimated that it has not yet When you react, they can kill you, even before you kill Kanglong, you can directly annihilate your soul!"

"So strong!"

Lu Ming frowned too.

"The virtual **** realm is stronger than the first, and the difference is too great. If you encounter the existence of the true **** level, the other party may kill you in a single thought!"

Zulong Road.

"It seems that my strength is in the bottomless universe and belongs to the bottom!"

Lu Ming was also helpless.

In Heaven Realm Yuanxie and Evil God Realm, his strength has already stood at the peak.

However, as soon as he came to the Honghuang Universe, he found that his strength was too weak, and even a strong man, or a monster in the wild, was stronger than him.

There is still a long way to go in his spiritual practice!

Before Wushen Realm, it was just the first step of cultivation. Stepping into Wushen was the second step of cultivation.

The virtual **** realm is just the starting point of the second step, there are true gods, gods, gods, one stronger than the other.

I really don't know how terrifying it would be to reach the realm of the God King. I'm afraid that if I breathe a sigh of relief, I can overthrow a small world like the Evil God Realm of the Heaven Realm.

"Senior, can you go through the stars and go to other planets!"

After tidying up, Lu Ming asked again.

"Crossing the stars?"

Zulong shook his head, revealing a bitter smile: "In the starry sky, full of various dangers, ordinary virtual **** realm, once entering the starry sky, I am afraid that it will die directly, and the existence of the true **** realm can be briefly in the starry sky. Stay, but you can't cross the stars!"

"If you want to cross the starry sky and go from one life planet to another life planet, at least you need the cultivation of the gods!"

"Tianjin Realm!"

Lu Ming was speechless and gave up the plan directly.

"However, if you want to cross the starry sky, you don't have to rely on your own cultivation. In the vast universe, there is a trans-starry warship that can also cross the starry sky, but it is too precious, and most people can't have it!"

Zulong Road.

"so what should I do now?"

Lu Ming frowned deeply.

Teleport, can't go!

Can't cross the starry sky, how should I leave here?

There is not much time left for him, only one year, if one year later, if he cannot leave, the small world in his body will be in harmony with the vast universe.

Not only him, but also all the system of cultivation rules in the heavens, and those who cultivated the small world. At that time, the fluctuation caused must be very large. If they stay in the dark Pluto, I am afraid that they will be induced by the Yuan Luo Temple.

It is too dangerous to stay in Dark Pluto. He must leave Dark Pluto within a year.

Roar!

In the distance, a huge object roared, walking among the mountains, and the shaking mountains shook.

"Wild Beast!"

Zulong looked at the behemoth and whispered.

"Wild beast?"

Lu Ming wondered, isn't it a beast?

"Honghuang Universe, there are two types of beasts, one is a **** beast and the other is a beast!"

"Mythical beasts are very spiritual. Like human races, they have created a variety of exercises, various races are gathered, distributed throughout the wilderness universe, and form a powerful force!"

"And the wild beasts have very low spirituality. They cultivate according to their instincts and like to stay in the wild mountains!"

"In fact, at the earliest time, the wild beasts and the mythical beasts were originally a family, but they gradually differentiated with the passage of time!"

Zulong explained.

Lu Ming nodded and understood.

"This is a wild dragon. Among the wild beasts, they are extremely powerful. At the earliest times, the wild dragon and the real dragon are the same race!"

Zulong explained again.

Then, the two discussed for a while. The two of them had no better way for the time being. They planned to go to some places where people gathered to find out the news and make preparations for the next step.

Later, Zulong returned to Lu Ming's small world, and Lu Ming continued to fly.

It took Lu Ming more than ten days to fly out of the mountain range, then converged his breath, changed his appearance, chose a direction at will, and continued to fly forward.

The area of Dark Pluto is too large.

Even though Lu Ming's speed here is hundreds of times slower than in the realm of heaven, but with Lu Ming's current practice, flying up is amazingly fast.

However, it took Lu Ming another few days to see a city.
