

D Emperor 2571

Chapter 2571: Exposed

A male city, standing on the earth, looks bigger than the two cities.

Lu Ming entered the city along a huge city gate.

"A lot of races!"

After walking into the city gate, Lu Ming found that people on the streets of Chengchi were divided into different races.

At a glance, Lu Ming found at least dozens of races.

Although there are human races, they are the least.

"Riot Galaxies, which brings together different races, is indeed true!"

Lu Ming turned his thoughts.

In these days, when Lu Ming is on the road, he sometimes chats with Zulong. Zulong also told Lu Ming a lot about Honghuang Universe.

The vast universe is endless, and it is too big, with countless life planets.

In the vast universe, there are countless races, occupying a large territory.

These territories are called star domains!

Under each star field, there are many galaxies, and under each galaxies, the life planets are more amazing.

The location of Yuanluo Temple is the edge of the vast universe, a place called the riotous galaxy.

The riotous galaxy can be said to be one of the most barren galaxy in the vast universe.

Here, those powerful forces simply don't look down on them, so they have become a relatively special galaxy.

Those of all races who cannot be mixed, or who are fugitives, or who are chased and killed, will come to riot the galaxy.

Therefore, the rioting galaxy brought together countless races.

Here is full of chaos, fighting is everywhere.

Of course, the rioting galaxy has also formed forces of different sizes. These forces, fighting against each other, are also everywhere.

When Lu Ming heard this for the first time, it was actually one of the most barren places in the wilderness universe. He was shocked.

The training environment here, in Lu Ming's view, is already extremely amazing, and it is dozens of times better than the realm of heaven.

Such a place is actually the most barren place in the wilderness universe, so how amazing are those places with good cultivation environment?

Lu Ming was quite looking forward to it.

He felt that the wilderness universe would be more splendid than the heavenly realm and the evil spirit realm.

What about Taixu pilgrimage?

Lu Ming not only remembered what the white teeth said about the Taixu dynasty.

The host of Huang Quanshan was shocked by Yu Sheng, the Taixu dynasty. Where is the Taixu dynasty?

Lu Ming once asked Zulong, but Zulong shook his head. He had never heard of the Taixu Holy Pilgrimage.

Zulong was born and bred in the galaxy of the riot. According to his own words, he has never been in the riot of the galaxy in his life.

Lu Ming wanders on the street, here, there are all races, naturally no one pays attention to Lu Ming.

"Well? It seems that there is not too much virtual **** realm?"

Lu Ming turned around and found that most of the people on the street were quite similar to Emperor Wu.

In Honghuang Universe, it is also a glimpse of the virtual realm, the real virtual realm, the hole virtual realm, and the virtual realm.

Not many people have reached the virtual **** realm.

In particular, the de-virtual realm, there are demigods, Lu Ming has seen the most, it seems that in the vast universe, not just casually, can break through the Wushen realm.

Lu Ming turned around and found an inn to stay.

In the following days, Lu Ming will wander around the city, or go to some restaurants and ask for news.

Lu Ming knows that the teleportation array can only be found in the two largest cities, but there are a lot of master guards in Yuanluodian in those two cities.

"Do you want to take a chance?"

Lu Ming thought.

He wanted Yi Rong to teleport forward to see if he could take the opportunity to get through.

However, he does not have the bottom of his mind. Although his Divine Breath technique tried all kinds of spirits in the realm of heaven, but here is the wilderness universe, there are too many strong people, who knows those strong people, will they see through the disguise of Divine Breath Technology.

Moreover, with Lu Mingxiu's promotion, the effect of Divine Breath is getting smaller and smaller, making it more and more difficult to cover his breath.

This is natural, the stronger the cultivation, the stronger the breath, and the harder it is to change the cover, unless there is a more subtle way to converge the breath.

"Look at it for a while to see if there is any other way. If it doesn't work, you can only risk it!"

Lu Ming made a decision.

In the following time, Lu Ming stayed in this city, trying to do something while practicing.

Here, Lu Ming practiced, the speed is indeed much faster than the realm of heaven. Lu Ming always uses the portrait of Jing Yu to understand the meaning of the master, and the progress is rapid.

However, there are seals on Jing Yu's picture, and Lu Ming still can't open it. It is estimated that his repair is not enough.

In a flash, two months passed.

In two months, Lu Ming's understanding of the way to dominate has improved a bit, which is comparable to ten years of cultivation in the heavenly realm.

I believe it won't take long for his cultivation to improve again.

Ok?

On this day, Lu Ming turned around on the street, suddenly looking at the sky.

Uh! Uh!

In the sky, several streamers flashed by, and they were masters of several virtual **** realms.

"In recent days, there have been more and more masters nearby!"

"Indeed, they seem to be looking for someone!"

Around, many people are talking.

"Is it a master of Yuanluodian, looking for me?"

Lu Ming turned his thoughts.

He won Kang Long, Yuan Luo Dian will certainly not let him go, and will send a large number of masters to hunt him, which is normal.

Next, Lu Ming acted more cautiously, but in the next few days, Lu Ming discovered that there were more and more trends in the number of masters who appeared in this city.

Some people even walked into the city and glanced sharply everywhere.

It seems that the other party locked the city in general.

Lu Ming returned to the inn, summoned Zulong, and said something about it.

"No, the other party must have locked you. You haven't been out of heaven for a long time, and you haven't assimilated with the wilderness universe. There must be a strong atmosphere of heaven in your body. As long as the other party spends some time to study, it is not difficult to lock you!"

Zulong's face changed greatly.

Lu Ming's face also changed.

"However, the other party did not immediately find you, indicating that they can only determine the approximate range, but cannot accurately determine you. Now, you must leave this place quickly!"

Zulong Road.

"it is good!"

Lu Ming did not hesitate to bring the Zulong closer to the small world. Lu Ming left the inn directly and headed out of the city. Soon, Lu Ming went out of the city gate, chose a direction at will, and flew forward.

"stop!"

After Lu Ming flew for a while, two people flew head-on, one of them scolded.

Lu Ming jumped in his heart!

These are two middle-aged big men, both of whom have the cultivation of the False God Realm. One of them holds a crystal ball in his hand. At that moment, the ball flashes with a faint light.

Two middle-aged big men approached Ming Ming, and when they approached Lu Ming, the crystal ball suddenly became bright.

"it's him!"

The eyes of the two middle-aged men brightened.

Uh!

Lu Ming rushed out of the air and flew away in another direction.

"Stop me!"

"chase!"

The two middle-aged men chased to the landing speed.

Chapter 2572: Be surrounded

The crystal ball in the hands of two middle-aged big men obviously can sense the breath of Lu Ming's body, and as soon as he approaches, it will be bright.

Lu Ming's face was gloomy and he flew at speed, but as time passed, he was getting closer and closer to the two middle-aged men.

"Boy, you can't go away..."

A big man is arrogant and imposing.

These two middle-aged big men have the dual cultivation of the virtual **** realm. If Lu Ming is in a normal state, he is not the opponent of the two. Therefore, Lu Ming constantly triggers the war word tactics in flight.

boom!

There seemed to be a roar in the body, and the double combat power of Zhanzi Jue triggered success.

Lu Ming did not immediately start, but continued to fly.

In an instant, the two sides moved away from the city and flew into a mountain forest.

Uh!

Suddenly, Lu Ming's fast-moving figure stopped abruptly. Not only that, but he rushed towards the two middle-aged men, and a sword appeared in his hand, and one sword was cut out.

The two middle-aged men did not expect Lu Ming to stop running suddenly, but instead came to kill them. They could not stop their body for a while and rushed towards the landing Ming.

boom! boom!

The two middle-aged heroes also shot, each attacking one move, but suddenly, their combat power, only 10% of their fighting power, at most 50%.

False God Realm is twofold, and only exerts 50% of its combat power. In the face of the outbreak of Lu Ming, it cannot be stopped.

puff!

One of the middle-aged big men, even without screaming, was directly split in half by Lu Ming.

"not good..."

The other big man pulled himself away.

"kill!"

Holding a war sword, Lu Ming killed his middle-aged man with a murderous opportunity.

The middle-aged man finally came back slowly, took out a war sword, and cut it towards Lu Ming.

when!

The swords collided and shook endlessly.

Lu Ming, who triggered the double combat power of the war character tactics, is not yet a triple opponent of the False God Realm, but it has an absolute advantage in dealing with the double False God Realm.

With one move to repel the middle-aged man, Lu Ming continued to kill each other and launched a stormy offensive.

The middle-aged man roared with thunder, and naturally he was unwilling to be killed and tried his best to fight back.

when! when! when! ...

The two collided in succession, but Lu Ming's combat power was stronger after all. The middle-aged man was out of control. After a dozen strokes, his arms were all ruptured by the shock, his body retreated, and his mouth vomited blood.

call out!

Lu Mingren's swords are united, and they pass by, slashing the middle-aged man.

"court death!"

At this time, two figures flew at a rapid speed in the direction of the city just now, exuding a cold murderous opportunity.

Obviously, the dynamics of the war here have alarmed the other powerful players in Yuan Luo Temple.

Lu Ming looked gloomy, waved his hands, put away the storage rings of the two middle-aged men just now, and then turned into a rainbow of light, flying at speed.

The two people who came behind were very powerful, one of which was the double of False God Realm, but the other, with terrifying breath, reached the triple of False God Realm.

This is not in the Celestial Realm. Lu Ming can mobilize the powers of the Celestial Yuan Realm and the Evil God Realm. Here, Lu Ming is not an opponent of a triple power of the False God Realm.

Lu Ming flew at a rapid speed, and the two in the rear were in a hurry. The two looked like middle-aged men. One was a big man with a horn on his head, and the other was a human race with his hair scattered.

The cultivation behavior of the man of the human race is triple in the virtual **** realm.

After chasing and fleeing, the two sides flew tens of thousands of miles.

Uh!

At this moment, in a mountain in front of Lu Ming, a figure suddenly burst out. This is a burly old man. This old man also holds a crystal ball in his hand.

At this moment, the crystal ball shone and reflected.

"Hahaha, it's really nowhere to break through iron shoes, so it's easy to get here!"

The burly old man laughed and banged at the landing.

A terrifying fist struck at Landing Ming.

Rumble!

The fist strength hadn't arrived yet, which caused a terrible wave, and the pressure of Lu Ming's breath was stagnant.

Lu Ming broke out with all his strength and struck a sword.

Buzz...

The War Sword collided with the fist, the War Sword shook violently, Lu Ming felt a violent force coming to him, his body could not help but retreat backwards, and his body was full of blood and blood.

"Void God Realm is triple, it is really powerful!"

Lu Ming stabilized his figure, his face dignified.

With his current combat power, he can't deal with the triple existence of a virtual **** realm.

Unless he cultivates to break through the Samsung Emperor, plus the double combat power of the war character tactics, he can compete with the triple power of the False God Realm.

As soon as Lu Ming stopped, the two in the rear also chased over and surrounded Lu Ming.

Two virtual **** realms are triple, and one virtual **** realm is double.

"Hey, boy, how are you going to escape this time?"

The one-horned man sneered.

Lu Ming frowned, facing the triple existence of two virtual **** realms, he was not an opponent at all, he was about to take out Kang Long and threaten the other.

With Kang Long in hand, he did not believe that the other party dared to start.

"kill!"

But at that moment, the big man with messy hair started directly, very decisively, a spear appeared in his hand, a terrible lance, with a terrible roar of sound, slammed toward the landing.

Without giving Lu Ming a chance to respond, Lu Ming could only use his sword to resist.

when!

The war sword collided with the spear and Lu Ming retreated sharply.

"kill!"

"kill!"

The burly old man and the one-horned man also shot and slammed towards the landing.

The old man's punches are amazing. He wears a pair of gloves on his palm, which is obviously an artifact. Every punch is terrifying and amazing.

Lu Ming tried his best to resist a few strokes, and the shocked body was sore, as if it was about to split.

But when Lu Ming fell completely downwind, the sudden changes occurred.

The man with messy hair suddenly changed his gun, and instead of attacking Lu Ming, he killed the burly old man.

The burly old man did not expect that the other party would suddenly attack him without any precautions.

puff!

The spear pierced directly from the eyebrow of the burly old man and passed through, and the burly old man directly fell.

This scene not only made Lu Ming stunned, the one-horned man was also stunned, and then shouted: "What are you doing at the end of Song Dynasty?"

"kill!"

The one-horned man responded to the cold drink of the man with messy hair. He took advantage of the situation and pulled out his spear, swept it out, and swept it on the one-horned man.

The one-horned man screamed, his body was cut in two, and he was about to die.

"Go down and find the answer yourself!"

The messy hair of the big man said indifferently, and then another shot, the result was the one-horned big man.

Suddenly, the burly old man and the one-horned man were killed by the man with messy hair.

Lu Ming stepped back and was alert.

He was very curious, why the other party suddenly killed each other.

The big man with messy hair looked at Lu Ming, his eyes showing a complex color, it seemed a little nostalgic, he pondered a bit, said: "Are you from the heaven?"

Chapter 2573: News of Fazu

The big man with messy hair suddenly asked Lu Ming if he came from heaven, and made Lu Ming look.

"Do you know the heavens?" Lu Ming asked.

Since Lu Ming came to the Honghuang Universe, the people he met have not called the heavenly realm. They all directly called Xiaoqian World and called Lu Ming as the indigenous people.

But this man with messy hair knew the heavens, and Lu Ming was surprised.

"Because, I am also from heaven!"

The man with messy hair smiled slightly.

"what?"

Lu Ming was shocked in his heart. This was really beyond his expectations.

"To be precise, I am a man of heaven, but I walked out of heaven in ancient times. Now I don't know how many years have passed!"

The man with messy hair sighed.

"It should be a character who reached the semi-god realm in the ancient times!"

Lu Ming moved.

Before ancient times, anyone who reached the state of the demigod would walk out of the heavens and break through the vast universe.

Lu Ming didn't expect that he would meet a person from the heavens. This may be the reason why the other party shot and killed the unicorn and the burly old man.

Lu Ming's alertness relaxed a little.

"My name is Song Song!"

The man introduced himself and said, "I heard that many years ago, the channel between heaven and dark Pluto was blocked. How did you come out?"

"You don't know what happened recently?"

Lu Ming asked.

"do not know!"

At the end of Song Dynasty, he shook his head and said, "I received the order, and the young master Kang Long of Yuanluo Palace was secretly taken away by one person. We are responsible for finding the person who took Kang Long away. I didn't feel the breath from you until I saw you. Come out, you have a strong atmosphere of heaven, and I will never forget it in my life!"

"It turns out so!"

Lu Ming nodded.

"Is such that..."

Then, Lu Ming briefly talked about what happened in Heaven Realm and Evil God Realm.

"It turned out to be so. I didn't expect that there were so many things happening in the heavenly realm. Hey, it's a pity that in the end it can't keep the heavenly realm!"

Late Song sighed.

"Senior, Yuanluo Temple treats heaven like this, why did you join Yuanluo Temple?"

Lu Ming asked, this is also a strange place for him, so he still kept a wary mind towards the end of Song Dynasty.

"Hey!"

At the end of Song Dynasty, he sighed and said, "It's not Yuanluo Temple..."

"Yuan Luo Temple, treats Tianjie Yuanjie as a ranch, and uses the human race beast as a medicinal material for refining medicine. This was what I learned after I walked out of heaven!"

"And, in the Celestial Yuan Realm Evil God Realm, all characters who reach the demigod, once they come out and come to the Dark Pluto, they will be controlled by the Yuan Luo Temple, and they will be forbidden under the cloth of the soul. Only follow their orders, otherwise It's better to die than to die!"

Speaking of which, at the end of Song Song's eyes, there was a spooky color.

"Damn it, so!"

Lu Ming is also cold drink.

"Since ancient times, almost all the demigods who walked from the heaven and the Yuan realm were almost controlled by the Yuan Luo Temple, and became their slaves, deceased men, what dangerous things, let us go, one unsatisfactory, control the prohibition Torment us!"

"And we can't escape at all. Once we leave Yuanluo Hall within a certain range, the prohibition will happen, and life is better than death!"

At the end of Song Dynasty, he said, at the end, it was full of helplessness and desolation.

Lu Ming also looked somber.

He can understand the mood of late Song.

In Heaven Realm, Evil God Realm, they reached the demigod, almost stood at the peak, ambitious came to the Honghuang Universe, wanting to hit a higher realm, but in fact, became a slave to Yuanluo Temple, what is this sorrow?

"You should practice the rule system. I have met a few demigods who walked out of heaven and practiced the rule system and cultivated a small world, but once they came to the vast universe, one year later, the small world would Honghuang universe blends!"

"You must escape from Dark Pluto within a year, otherwise, it will definitely be found by the masters of Yuan Luo Temple!"

At the end of Song Dynasty.

"What can seniors do?"

Lu Ming asked.

"If you want to leave Dark Pluto, there are only two ways. One is to take the Star Teleportation Array, and the other is to take the Star Warship to leave!"

"But now, the entire Dark Pluto are looking for you, and there are terrible strong guards in the teleportation array. Once you go, it is estimated that you will be discovered!"

"And the star warship is very precious, and it is rare to see me, neither!"

Late Song's brows also frowned.

Lu Ming is silent. The current situation is really not good.

He originally wanted to send a big battle to see if he could mix it up, but now, the other party can capture the breath of heaven in him. When he goes, he will only throw himself in the net and die.

"What should I do?"

Lu Ming also frowned.

"Now, only luck!"

Song Song pondered for a moment, suddenly said.

"Try your luck?"

Lu Ming wondered.

"Not bad!"

At the end of Song Dynasty, he nodded and said, "For so many years, most of the demigods who have emerged from our heavens have been controlled by Yuan Luo Temple, but one person has successfully escaped from Yuan Luo Temple, You may have heard that man, the man of heaven, call him Fazu!"

"Fazu!"

Lu Ming's eyes flashed.

The name of Fazu, he naturally heard, is a legend in heaven.

Fazu, shocking is absolutely gorgeous, rare in the world.

At the end of the Archaic period, the Fa ancestor was born and created the rule cultivation system, and allowed the rule cultivation system to expand rapidly. Finally, the rule cultivation system defeated the archaic cultivation system and became the mainstream cultivation system in heaven.

Fazu's life can be written as a legend.

Later, after the cultivation of Fazu reached the demigod, he left heaven.

For example, Emperor Tianlei in the world today is one of Fazu's disciples.

"The ancestor broke away from the control of Yuanluo Palace, ventured outside to practice, and finally stepped into the real **** realm, returned to the riotous galaxy, created a force, and gathered many masters, specifically to fight against Yuanluo Palace, and fight against Yuanluo Palace. !"

At the end of Song Dynasty.

Lu Ming nodded, but everyone in the Heaven Realm, after knowing the truth, could not help destroying the Yuanluo Palace. The rule cultivation was successful, and it was normal to fight the Yuanluo Palace.

"For so many years, Fazu's power has become stronger and stronger, and he has been fighting with Yuanluo Temple. Dark Pluto, which has a star iron ore, produces precious star iron. Some time ago, I heard that people with Fazu's power Attack that star iron mine."

"If you go to the star iron ore, if you are lucky, and meet the people of the Fazu force, you can leave Dark Pluto with them. This is the only way now!"

"You continue this!"

Speaking of which, at the end of Song, a wave of jade flew to Lu Ming.

Lu Ming reached out and took it, swept his mind, and found that it was actually a huge map.

"This is a map of Dark Pluto. You can find the location of the star iron mine accurately according to the map above. I can't stay with you for too long, otherwise it will be easily exposed!"

At the end of Song Dynasty.

Chapter 2574: Mysterious woman

"Thank you senior!"

Lu Ming sincerely thanks.

"No need, you are carrying the hope of heaven, and I hope you can escape!"

Late Song smiled.

"Senior, how can you get rid of the prohibition on you? The juniors can control the way of domination, or maybe help to break the prohibition!"

Lu Ming said.

His dominating way, mysterious and abnormal, may be feasible.

"You actually control the way of domination!"

Late Song was shocked and shocked.

The way to dominate, even in the wilderness universe, there are not many people in control, each of which is a worldly arrogance on the famous side.

Lu Ming, actually controlled such power.

"Hahaha, well, you really are my hope in heaven!"

Laughing at the end of Song Dynasty, all smiles on the face, half-sounding, at the end of Song Dynasty said: "But your current cultivation level is too low, the prohibition on me was laid down by the master of Yuanluo Palace personally, even if you control the way of domination, I am afraid that we have to wait for the true **** realm before we can lift our ban!"

"True Divine Realm?"

Lu Ming whispered, as expected, it was not that simple.

If it's that simple, I'm afraid that Fazu could help them secretly crack it.

"Go, pay attention to safety, people in the Yuanluo Temple near here, I will find a way to help you get away!"

At the end of Song Dynasty.

"Senior, the grace of today, Lu Ming remembers that if Lu Ming escapes from danger, he will definitely come back to rescue his senior in the future!"

Lu Ming clenched his fists and looked firm.

"Okay, I believe you!"

Smile in late Song.

Then, Lu Ming cast his body, turned into a ray of light, and left here.

After Lu Ming left, Song Song destroyed the traces of the scene and then left here.

After flying a certain distance, Lu Ming landed on the ground and ran along the ground. After all, when flying in the air, the target was too large.

Moreover, Lu Ming does not have a fixed direction, one will be east, and the other will be west, and the curve will move forward, so as not to be caught by the people of Yuanluo Temple.

This will be slower, but at least safe.

In this way, Lu Ming went to the star iron mine according to the map given by the late Song Dynasty.

The Yuanluodian people, relying on that kind of crystal ball, can only capture Lu Ming's approximate position, but not precise.

Now Lu Ming has been moving fast and the direction is constantly changing. It is even more difficult for the other party to capture his precise location.

Therefore, in the following time, Lu Ming did not meet the master of Yuan Luo Dian.

However, the area of Dark Pluto is too large, and Lu Ming rushed like this, which was originally slow, and it took more than two months to come to the vicinity of the star iron mine.

With the one-year period, the time is getting closer and closer, with only eight months left.

After arriving here, Lu Ming was more careful.

Because there are terrible strongmen sitting in the star iron mine, there is no doubt that there is definitely more than seven levels of the imaginary god, Lu Ming dare not care.

Lu Ming condensed his breath and carefully approached the star iron mine, intending to check the situation.

This area is an endless mountain range, with huge mountains towering into the clouds everywhere, Lu Ming lurks in a large mountain, looking far away.

In the distance, the mountains are continuous, and a huge vein appears in front of us.

There are a lot of people, mining, and some experts are patrolling.

Everything, no exception!

"Seniors at the end of Song Dynasty said that the ancestral forces came to attack this mine, but now, it has been a few months, are the Fazu people still there?"

"Even though, how do I find them? Will they attack again?"

Lu Ming thought about it and turned his thoughts.

He planned to wait around here.

Next, Lu Ming waited near the star iron mine, but instead of staying in one position, he kept changing his position to avoid being discovered by the other party.

In a blink of an eye, a month passed, but there was no movement at all.

Star Iron Mine has been running quietly.

"Did the Fazu's people have left?"

Lu Ming frowned.

Time is getting shorter and shorter.

Soon afterwards, Lu Ming changed direction again and went carefully to another mountain.

Suddenly, Lu Ming felt chills, and he felt a crisis coming.

Lu Ming stepped on his foot, and his body suddenly moved 100 meters to the right.

call out!

A sword light fell where Lu Ming had just settled, and a deep gully was cut on the ground.

"Can actually avoid me a sword, not bad!"

A clear voice sounded, Lu Ming turned around and saw a woman.

This woman, with skin like jade and delicate facial features, is a stunning beauty.

She was wearing a thick ponytail, wearing a hard suit, holding a long sword, quite heroic.

Lu Ming's eyes were cold.

Was it discovered by the people of Yuanluo Temple.

Uh!

Lu Ming retreats, and at the same time continuously exerts the war character formula, wanting to trigger the double combat power of the war character formula.

"Everywhere is a virtual reality, I still want to escape in front of me, leave me!"

The woman was squeamish, her figure was like a glimmer of light, rushing towards the landing Ming, a long sword waved, and a brilliant sword awn, slashing towards Lu Ming.

The war sword in Lu Ming's hand appeared and was cut out continuously.

bump! bump! bump!

Dense roar sounded, Lu Ming's arms numb, and his body retreated sharply.

"Good combat strength!"

Lu Ming was slightly surprised.

This woman's cultivation practice is obviously only a false **** realm, but the divine power is condensed and the attack power is amazing, which can suppress Lu Ming.

After repeling Lu Ming, the woman again slammed towards the landing, and the long sword waved, and hundreds of sword lights burst forth, covering Xiang Lu Ming.

boom!

At this moment, Lu Ming finally triggered the double combat power of Zhanzi Jue. The War Sword was shocked, and there was also a Daomang burst out and collided with the woman.

when! when! ...

The shot speed of the two was amazingly fast, and in a blink of an eye, dozens of strokes collided.

After dozens of collisions, the two figures backed away by hundreds of meters at a rapid speed.

"Is it the Tianjiao figure of Yuanluo Hall!"

Lu Ming thought to himself.

Now, he has triggered the double combat power of the war character tactics, the combat power is very close to the triple of the virtual **** realm, and can kill the double characters of the virtual **** realm.

However, this woman, with a heavy cultivation of the virtual **** realm, was tied with him.

Lu Ming was surprised, but she didn't know that the woman's heart was turning over the river.

"How is it possible? How could he be so powerful?"

The woman shouted.

Lu Ming's cultivation practice is only clearing the virtual realm, which is far from reaching the virtual **** realm. However, the strength of the combat power is actually incredible, but she can fight against her.

"The way of domination, the power he controls is actually the way of domination. In the dark Pluto, there is actually a genius of the way of domination. Yuan Luo Hall actually has such an arrogance, it must be removed!"

The woman turned her thoughts in her heart, and then her eyes were ruthless, and she gritted her teeth, carried her long sword, and slammed towards the landing.

But at the moment when the women shot, their faces changed.

In the distance, in the star iron ore, several streams of light rose into the sky.

Obviously, the war here was discovered.

Chapter 2575: Zheng Tianjun

"go!"

Lu Ming turned around and left, raising the speed to the extreme. He thought the woman was coming to help, and staying again would be dangerous.

Ok?

The woman was surprised for a while. She thought that the master of the star iron ore found that when she came over, Lu Ming would try to haunt her. Unexpectedly, Lu Ming ran faster than her.

"Don't he belong to Yuanluo Hall?"

The woman turned her thoughts, then moved, and left.

Soon after they left, a few figures appeared in the place where they had just fought.

Looking at the ravines on the ground, one of the old men showed a stern sneer: "It seems that the people of the Zhengtian Army are still not stubborn and staying nearby!"

"Hey, their people were taken by us, they naturally want to be rescued, then we will wait and wait for them to be wiped out!"

Another old woman sneered.

The figure flashed and several people disappeared here.

...

Lu Ming had been running for more than 100,000 miles before stopping, and found a place to rest.

"It's not possible to observe here for a while, it is only to find a secret place in the dark Pluto, so that the small world can merge with the vast universe!"

Lu Ming thought.

Although there are great risks in doing so, there is a great possibility that they will be discovered by the masters of Yuanluodian, but now, there is no way.

After two days of rest, Lu Ming went towards the direction of the star iron mine.

Keng! Keng! ...

Lu Ming went forward for a while, and heard the sound of fierce confrontation in front of him, obviously someone was fighting.

Lu Ming's eyes moved, and then he breathed away, leaning over carefully.

In front, three middle-aged men are siege a woman.

"is her!"

Lu Ming's eyes moved.

The woman under siege was actually the beautiful woman who had shot Lu Ming before.

At this moment, the woman was besieged by the three big men and the situation was critical.

The three great men, including two of them, are the double cultivation of the virtual **** realm, and the other one has reached the triple of the virtual ***** realm.

Although the women's strength is strong, but in the face of the siege of the three, they are simply not defeated.

"The chick of the French army, it's good, it's long enough to taste, just take it and enjoy it, haha!"

The big man with three levels of false **** realm, using an iron rod, waved and thundered, with amazing power.

As soon as the stick went down, the woman's body was shaken, she was shot and flew out, a spit of blood spewed out, and her pretty face was white.

"Yuan Luo Temple Miscellaneous..."

The woman gritted her teeth and rushed to the side, but the three big men clung to her tightly, making it difficult for her to escape.

"It turns out that she is not a member of Yuanluo Hall, but from Zhengtianjun!"

Lu Ming's eyes lit up.

It's really nowhere to be found, I have no effort to get it!

At the end of Song Dynasty, the force created by Fazu was not called Zhengtianjun?

This woman, who is actually a celestial army, must never die in the hands of Yuan Luo Temple.

Lu Ming began to play the war character tactics, triggering double combat power.

This time I was lucky, but only three times, Lu Ming triggered a double combat power.

Lu Ming approached carefully, suddenly broke out, and killed him forward.

"Who!"

As soon as Lu Ming started, the other party found out that a big man with double imaginary realm scolded and turned back to attack.

However, the other party hurriedly shot, where Lu Ming could be blocked, directly hit by Lu Ming with a sword.

Then, Lu Ming continued to step, and even the killer, the war sword continued to cut out.

puff!

The blood was splattering, and the big man was beheaded by Lu Ming.

After beheading this big man, Lu Ming once again killed another big man with double virtual realm.

"It's him!"

After seeing Lu Ming, the young woman's eyes lit up and her body flickered very fast, avoiding the attack of the Triple Power of the False God Realm.

Missing the two big heroes with two false **** realms, the woman's pressure is greatly reduced, and she avoids the opponent's several moves in a row. The situation is much better.

"Boy, you are dead!"

The big man with three levels of False God Realm roared and killed Lu Ming.

Lu Ming turned around and walked away, not at all against the other party.

The big man roared and chased the woman again, but the woman had already run away.

Lu Ming did not like to fight, running at speed, and then spared an arc, chasing towards the woman.

After the two men chased for a while, they seemed to have some scruples. They dared not continue to pursue them, but instead stopped and heard the news.

Lu Ming followed the young woman and ran for hundreds of thousands of miles.

At this moment, the young woman stopped and looked at Lu Ming, said: "Although you saved me, you don't have to follow me all the time, what do you want to do?"

"Are you a man of the righteous army?"

Lu Ming asked.

The woman's face changed slightly, and said, "Yes, I'm curious, who are you? The people of Yuan Luo Dian seem to have to deal with you too!"

"You are really a real man!"

Lu Ming was overjoyed and said, "I am the same as the predecessor of Fazu, can you take me to see Fazu!"

"Fazu? Who is it?"

The woman frowned and wondered.

"Well, don't you know Fazu? Fazu is the one who created Zheng Tianjun!"

Lu Ming said.

"Are you talking about the military master? Are you the hometown of the military master?"

The woman was puzzled.

"Yes, like fake replacement, now the entire Dark Pluto is chasing me!"

Lu Ming said.

"Whether or not you are really the fellow's fellow countryman, but you and Yuanluo Dian are enemies, it is a fact. The enemy of the enemy is a friend. However, it is impossible to take you to see the master now! "

The woman shook her head and sighed.

"what happened?"

Lu Ming had a bad hunch in his heart.

"Last time, some of us attacked Dark Pluto's star iron ore, intending to take away a batch of their ore. Unexpectedly, the other party made an ambush ahead of time. Some of us died in battle, and some were captured by the other party. A part escaped!"

"And the predecessor who controlled the star battleship was also captured by the other party. Now, the star battleship falls on the opponent's hand. If you want to escape from the dark Pluto, you must first rescue those who are in the sky and retake the star battleship!"

Women's Road.

"This..."

Lu Ming was speechless.

It was difficult to meet the people of Zheng Tianjun. He didn't expect that the people of Zheng Tianjun would end up like him. They were also trapped and could not escape.

"Now, in the Star Iron Mine, many masters of Yuanluo Temple are laid out, just waiting for us to shoot, so that we can wipe out all the nets. During this time, I will check the news around here!"

Women's Road.

Lu Ming finally understood why the last time the woman saw him, he shot him. It is estimated that he was regarded as a person in Yuanluodian, and he wanted to take him to inquire about the news.

"What is the strongest master among star iron mines?"

Lu Ming thought deeply and asked.

"Nine Heavy Virtual Realms!"

Women's Road.

"What kind of cultivation do the people you escaped from?"

Lu Ming asked again.

"There are also Nine Complexes of False God Realm, but there is only one person, and there are several people of Nine Complexes of False God Realm in the Star Iron Mine, so we are not opponents of each other at all!"

Women's Road.

"There is also the Nine Heavy Virtual Realm, haha, enough, enough, I can help you save people, and recapture the star battleship!"

Lu Ming laughed.

Chapter 2576: Escape strategy

"You have a way?"

The young woman's doubts all over her face were obviously disbelief.

Lu Ming has a way to rescue their righteous army and recapture the Star Wars?

How can it be? Although Lu Ming's high talent is scary, but his cultivation base is still low, and his combat power is at most comparable to her, what can he do?

You know, in the star iron mine, at least there are a few virtual **** realm ninefold, as for the virtual **** realm sevenfold, eightfold, Lu Ming went, I am afraid that the other party was directly slapped to death.

"Sometimes, saving people doesn't need to use force, I will show you something, you will know!"

Lu Ming smiled slightly and waved his hand, and a man appeared in his hand.

This person is naturally the young master of Yuanluo Hall, Kang Long!

"A person..."

At first, the young woman was stunned, but then her beautiful pupil suddenly enlarged.

"This is... Young Master Yuan Luo Hall, Kang Long?"

The young woman whispered, but she never expected that she would meet Kang Long here.

"have you seen?"

Lu Ming asked.

"I've seen it a few times!" said the woman, as if she had thought of something, a bright smile appeared on her face.

Kang Long was imprisoned by Lu Ming for more than half a year, and he was a little confused. It took him a while to see the situation at the scene.

"Boy, you're dead, I tell you, you're dead, you're about to release Master Ben, or you're going to have no bones, ah... Tong Xi'er, why are you here?"

Kang Long saw Lu Ming at the beginning, hissed and roared, and then looked at the young woman, stunned.

"Kang Long, I didn't expect you to fall to this end, giggling, it seems that I am really lucky!"

Tong Xi'er looked at Kang Long with a sneer.

"You...what do you want to do?"

Kang Long looked pale.

"You talk too much nonsense!"

Lu Ming said something, waved his hand, and put away Kang Long again.

"My cultivation is inadequate, even if there is Kang Long, if you encounter a strong person with more than seven levels of False God Realm, I am afraid that you will be killed in an instant, but if you have a strong person with nine levels of False God Realm, if you let him hold Kang Long To exchange the people of the Zhengtian Army and the starry sky warship, you have a full grasp!"

Lu Ming said.

This is his plan.

Kang Long remained in his hands, and it was of no use. If he could exchange the people and the star warships of the Zhengtian Army, he could leave the Dark Pluto, and he could still be favored by the Zhengtian Army. For this?

"Okay, if I can succeed this time, we must be grateful!"

Tong Xi'er's face was also full of joy.

"Oh, my name is Tong Xi'er, what is your name?"

Tong Xi'er asked.

"Lu Ming!"

Lu Ming answered.

"Brother Lu, let's go, I will take you to meet our Zhengtianjun!"

Tong Xi'er said, and then flashed in one direction.

Lu Ming followed Tong Xi'er.

Both of them did not fly in the sky, but ran on the ground, but the speed was also very fast, and they ran for a few hours. The two came to a quite remote canyon.

"Who?"

As soon as the two arrived, a cold drink sounded, and a middle-aged man appeared in front of them and blocked them.

"Uncle Liu, it's me!"

Tong Xi'er said.

"Xi'er..."

At first glance, the middle-aged man was Tong Xi'er, and he smiled, then Lu Ming's eyes swept away, and a slight hint of alertness emerged, saying, "Xi Er, who is he?"

But he is not alert, here is Dark Pluto, Yuanluo Dian's site, Zheng Tianjun and Yuan Luo Dian are the rivals, they are all the remaining members of Zheng Tianjun, here he now sees a strange man coming here, naturally Alert.

"Uncle Liu, his name is Lu Ming, and he is also the enemy of Yuan Luo Dian. He can help us rescue Uncle Wang from them!"

Tong Xi'er said.

"How can he save people?"

The eyes of the middle-aged man are full of suspicious looks.

He saw at a glance that Lu Ming was nothing more than a cultivation practice for dissolving the imaginary realm. Such cultivation practice was not worth mentioning in his eyes. How could he rescue their companions?

"Xi'er, don't be fooled by him. He may be a member of Yuanluodian. He deliberately won your trust..."

Speaking of which, the middle-aged man's complexion is already ugly. If this is the case, they will all be in danger.

There was already a cold murder in his body, ready to start at any time.

"Uncle Liu, it won't, because he has the young master Kang Long of Yuan Luo Dian."

Tong Xi'er said quickly.

"There is Young Master Luo Long in Yuan Luo Hall?"

The middle-aged man's breath suddenly weakened, his face flustered.

In Lu Ming's hands, if there is Kang Long, then he will certainly not be the person in Yuan Luo Temple.

Even in order to catch them, he would not use Kang Long to take risks, which is impossible.

This is why Tong Xi'er assuredly brought Lu Ming here.

"Yes, Kang Long is in my book, Xier girl has already read it!"

Immediately, Lu Ming repeated his plan.

"Okay, okay, okay, haha, Brother Lu Ming, I just misunderstood you, sorry!"

The middle-aged man laughed embarrassedly.

"It's okay!"

Lu Ming smiled. Under such circumstances, it is normal for the other party to be more cautious.

"I will take you to meet Lieutenant Sun!"

Middle-aged Dahan Road, then led by Landing Ming and Tong Xi'er, headed deep into the canyon.

Deep in the canyon, Lu Ming saw a group of people, about thirty people.

All of them are masters, and there is more than three levels of the unexplained God Realm. Among these people, only Tong Xi'er is the weakest.

"Lieutenant General Sun..."

The middle-aged man and Tong Xi'er salute one of the grey-robed old men.

This old gray robe is Lieutenant General Sun!

The Zhengtian Army, the one with the highest status, is the military leader, that is, the Fazu.

Under the master, there are some deputy masters, and then down, are the generals and deputy generals.

This old man is a deputy general, a nine-fold existence of a virtual **** realm.

The people in the canyon, when they saw Lu Ming, also showed their alertness one by one, but Tong Xi'er said that when Lu Ming had Kang Long in his hands, all of them were overjoyed.

Lu Ming waved his hand and Kang Long appeared in Lu Ming's hands.

"Really Kang Long, I have seen him once!"

"Hahaha, I am saved now!"

The Zheng Tianjun people were ecstatic when they saw Kang Long.

For Lu Ming, there is no more guarding heart.

Kang Long looked at so many people in the righteous army, scared his face pale, dreaded shrinking, and no longer yelled.

"Senior, I need to trouble you!"

Lu Ming handed Kang Long to Lieutenant Sun.

"Haha, Brother Lu Ming, if we can get out this time, what are the conditions, despite mentioning!"

Lieutenant Sun laughed.

"The conditions for the juniors are very simple, just want to leave with you, and then need a place to house my family and friends!"

Lu Ming said.

"Haha, this is simple, our Zhengtian Army occupies more than a dozen life planets, nothing else, the site is very large, and you can pick it at that time!"

Lieutenant Sun grinned and took over Kang Long.

Chapter 2577: Cross the starry sky

"Okay, it's not too late, so I set out to save people, you two, follow me!"

After Vice President Sun took over Kang Long, he looked at the two great men.

The two great men, with the eightfold cultivation practice of the virtual **** realm, are the highest cultivation here except for Lieutenant General Sun.

Immediately, the three men carried Kang Long and flew away from here.

Afterwards, Lu Ming did not have to deal with it. He believed that Vice Sun would surely have a way to successfully exchange them between the Zhengtian Army and the Star Wars.

Kang Long is the young master of Yuanluo Palace. He was exchanged as a hostage, and the people of Yuanluo Palace did not dare not to change.

Lu Ming, they just have to wait quietly.

Before it was one day, Vice Sun brought them back, and brought back more than twenty others.

Succeeded!

Lu Ming knew that Vice Sun succeeded them!

"Go, we will leave Dark Pluto soon. Next, the people of Yuan Luo Temple will definitely hunt us!"

Vice Admiral Sun said, he waved his hand and a small boat appeared in the space.

The shape of this boat is very strange. Unlike a boat, it is similar to the broken shuttle that Lu Ming has seen in Yuanlu. It is somewhat similar, with two pointed ends and a shuttle shape.

The whole body is dark, and the raw face is engraved with strange runes.

Lu Ming knew that this was estimated to be a star warship, a warship capable of navigating in the universe.

Lu Ming was fiery.

The price of this kind of battleship is absolutely high.

Because the true **** can only stay in the cosmic sky for a short time and cannot cross the sky.

Only the God of Heaven has the ability to cross the starry sky, from one planet to another, which shows how precious this starship is.

If you can have one, you can freely navigate the universe.

As soon as the star warship appeared in the sky, it suddenly grew larger.

"You guys, come in!"

Vice Admiral Sun said.

Uh! Uh! Uh!

The figures flickered and rushed into the star battleship.

Deputy Sun entered the last one. When he entered the Star Wars, the Star Wars turned into a rainbow of light, breaking through the sky, and the speed was amazing.

call out!

The starry sky warship, like a ray of light shining into space, soon rushed out of the atmosphere and sailed out of the starry sky.

On the walls of the Star Wars, there are transparent crystals. Through the crystals, you can see the outside scene.

Lu Ming looked through the spar and looked out. The ground behind him began to shrink. Soon, a blue planet appeared below.

"Is this Dark Pluto?"

Seeing a planet appear in front of him for the first time, Lu Ming was shocked.

In the heavenly realm, such a spectacle cannot be seen.

The huge dark Pluto rotates slowly in the cosmic sky, and becomes smaller and smaller in Lu Ming's field of vision.

"Dark Pluto, one day, I will come back, Tianjie Yuanjie, one day, I will take it back!"

"Senior Song at the end of the Song Dynasty, and other seniors from the Celestial Realm in the past, one day, I will let you free. Yuanluo Dian regards my people in the Celestial Realm as medicinal herbs, and one day, I will step down the Yuanluo Dian!"

In Lu Ming's heart, he vowed secretly, his eyes firm.

Dark Pluto became smaller and smaller in Lu Ming's eyes, and finally turned into a small black spot until it disappeared.

Lu Ming looked at the other places, and he also sighed in his heart.

Beautiful, so beautiful!

The starry sky in the universe is so beautiful, the stars are brilliant.

And they are sailing in the universe star sky.

"Honghuang Universe, this is the real world, vast and infinite!"

Looking at the stars, Lu Ming only felt that his heart was widened.

Heaven Realm Yuan Realm, Evil God Realm, after all, is still too small, just a small world, and no comparison with the vast universe.

The vast universe is too big, boundless, countless races, and masters are like clouds.

Those legendary strongmen, in the universe, happy and enemies, immortal.

In Lu Ming's heart, he suddenly gave birth to a sense of pride, and he felt a little **** and all boiled.

One day, he will also become a powerhouse in the universe!

Although, for him, there is still an unreachable distance, but when Lu Ming first practiced, did he also have an unreachable distance from the top of the heavens? But in the end, Lu Ming reached it.

Lu Ming felt that Honghuang Universe would be more splendid than Tianjie Yuanjie.

Now, what they are going to is the headquarters of Zhengtianjun, Zhengtianxing!

Dark Pluto is very far away from Zhengxingxing.

It is conceivable that the area of a dark Pluto is 10,000 times larger than the Evil God Realm of the Heaven Realm.

But the dark Pluto placed in the cosmic sky is just a dust.

One can imagine how big the distance between different planets is!

Even if the star warship is at an amazing speed, it will have to sail for months.

In the Star Wars, Lu Ming sometimes cultivates, and sometimes talks with Tong Xi'er, and Vice Sun chats them.

I also know a lot about some common sense of Honghuang Universe.

At the same time, the people of Dengzheng Tianjun knew that Lu Ming came out of a small world, or was the hometown of the Zhengtianjun master. Their attitude towards Lu Ming changed completely, as if Lu Ming was regarded as his own.

In a matter of months, it was just a matter of time.

In front, a huge planet appeared in front of us.

This planet is Zhengtianxing!

Zhengtianxing was named after Zhengtianjun occupied the place, and was not called this name before.

"What a huge planet!"

From a distance, Lu Ming felt that Zheng Tianxing was huge and amazing, at least several times larger than Dark Pluto, giving a strong visual impact.

The star battleship slowed down, slowly approaching Zhengtian.

Slowly, Lu Ming could see the Zhengtian stars, showing mountains, rivers, and even huge cities.

Soon after, they entered the atmosphere of the celestial star. At this time, Lieutenant General Sun put away the starry sky warship, and they appeared in mid-air.

"It's so rich!"

Lu Ming took a deep breath and felt the energy here was extremely rich, more than double that of Dark Pluto.

This cultivation environment is really good.

"go!"

Deputy Sun took the lead and flew towards a mountain.

Lu Ming and others followed.

This mountain is extremely broad, and the palaces built on it are magnificent and magnificent!

Between the mountains, there are constantly strong people flying around.

"A lot of strong people!"

Lu Ming secretly panicked, and at a glance, he saw that most of the urban virtual **** realms exist, and the ones below the virtual **** realm are a few.

However, Lu Ming also understands that here should be the headquarters of Zhengtianjun, naturally there are more masters, and there are certainly not so many masters in other places.

Soon, they came to a square.

"Xi'er, you take Lu Ming to the living room to wait. I will report to the military master. If the military master knows that there is a fellow countryman, he will be very happy!"

Vice Admiral Sun said.

"Ok!"

Tong Xi'er nodded, then looked at Lu Ming, said: "Lu Ming, come with me, let's go to the living room!"

"it is good!"

Lu Ming nodded and followed Tong Xi'er.

Chapter 2578: See Fazu

After coming to the living room, Lu Ming and Tong Xi'er chatted casually and waited.

It didn't take long for a figure to suddenly appear outside the living room.

This is a man who looks about thirty years old, wearing a black robe, looks handsome and elegant, giving a gentle feeling.

"Xi'er has seen the leader!"

Seeing this young man, Tong Xi'er quickly got up and saluted.

This person is the leader of the Zhengtian Army, the ancestor of the Celestial Realm that year, who created the legendary character of the rule cultivation system.

"Hahaha, don't need to pay much courtesy, I will meet my fellow countryman!"

Fazu laughed and stepped forward.

"Lu Ming, I have seen Senior Fazu!"

Lu Ming also got up to salute. Lu Ming was also very excited to see the legend for the first time.

"No more gifts, no more gifts!"

Fazu waved his hand, and a gentle force lifted Lu Ming.

"No one has called me this title for many years. In the future, just like everyone else, just call me the master!"

Fazu smiled and looked at Lu Ming carefully.

"He has the breath of heaven, and he is indeed a person of heaven, and he has also practiced the rule system and condensed into a small world..."

Fazu whispered, looking at Lu Ming's gaze more and more cordially.

"Lu Ming, how did you come out of Heaven Realm? Heaven Realm, what happened? I once sneaked into Dark Pluto, but the passage to Heaven Realm has been sealed, and I can't even get in!"

Fazu said, even asking a few questions, it can be seen that his heart is not calm.

Lu Ming understands that Fazu must have succeeded in cultivation and returned to Dark Pluto.

However, the passage was sealed by the Zulong and Zhenlu ancestors with the Zhentian symbol, and the Fazu cultivation was too strong. If the seal is forcibly broken, the Celestial Realm and the Evil God Realm will collapse together.

"Senior, like this..."

Immediately, Lu Ming briefly talked about what happened in Heaven Realm and Evil God Realm.

"It turns out so, it turns out..."

After listening to Fazu, he nodded and sighed.

"Senior, I have brought out most of the mythical beasts and human races in the heaven and the realm. In a few months, our small world will be in harmony with the vast universe, and we need a place to house these creatures!"

Lu Ming said.

"This is easy to handle, I will immediately pick a place for you!"

Fazu smiled.

The celestial star has an amazingly large area, which is several times larger than the dark Pluto. It is easy to place the creatures of the heaven and the earth.

"follow me!"

Fazu did things with swiftness. After finishing speaking, he waved his sleeves and a force rolled up Lu Ming and flew out.

Fazu's speed is extremely alarming, and the surrounding scenery is constantly flying away. Soon after, they flew a long distance and came to a grassland.

This prairie is endless, and there is no margin at all.

"This piece of grassland is open, and its area is at least ten times that of the heavenly realm, Yuanjie and Evil God Realm, and your small world can just blend in here!"

Fazu Road.

"Thank you senior!"

Lu Ming was also excited.

He finally fell, rushed out of the realm, he finally won a ray of vitality, and successfully took everyone out of danger.

"Senior, wait a moment!"

After speaking, Lu Ming thought, and his figure appeared on a mountain in his small world.

Here, Zulong, Tianlei Emperor Zun, Titan Teniu and others have been waiting here for the landing news.

At the same time, they are also prepared to fight if they are in danger.

"Lu Ming..."

As soon as Lu Ming appeared, Zulong and others looked at Lu Ming.

"Lu Ming, how is the situation now?"

"If it doesn't work, we're in a big fight!"

Everyone spoke.

"You, we have left Dark Pluto!"

Lu Ming smiled.

"What? Leaving Dark Pluto?"

Zulong and others were stunned and then ecstatic.

After leaving Dark Pluto, is it already out of trouble?

"We are safe, and I will take you to meet someone!"

After that, a force enveloped Zulong and others and moved them out of the small world.

As soon as Zulong and others appeared outside, their eyes looked around. At the next moment, their eyes were focused on Fazu.

"this is..."

After seeing Fazu, Zulong, Tianlei Emperor, and others, they were stunned.

"Master...Master..."

Emperor Tianlei seemed to be silly, muttering to himself, then shaking with excitement.

"Disciples visit Master!"

After a while, Emperor Tianlei bowed down.

"Fazu, it is Fazu!"

At the same time, some people exclaimed.

Some of these people have existed since the time of Archaic. At some ages, they were even older than Fazu. They naturally knew Fazu.

Seeing Fazu at this moment was shocking for no reason.

Fazu, who had long since left heaven, did not expect to meet here.

"Tianlei, I haven't seen you for years, and your cultivation is time to break through!"

Fazu smiled slightly.

"Fazou..."

Zulong whispered, his eyes were complicated.

When Fazu was still in Heaven Realm, he was instructed to sit in Heaven Realm. Later, when Fazu left Heaven Realm, he naturally knew it.

In addition, he also knows that those who leave Heaven Realm will be controlled by Yuan Luo Dian, but he is helpless, there is no way to stop it, and he cannot be reminded.

It was not until later that the ancestors of the Prison Prison went to the Celestial Realm and took out the Celestial Celestial Seal.

However, to his surprise, Fazu was obviously not controlled by Yuan Luo Dian.

"That's it, the senior ancestors of Fa Zu now founded Zheng Tianjun to fight against Yuan Luo Dian..."

Lu Ming briefly said about Fazu, and how they came to Zhengtianxing.

"Zhengtianjun Lord..."

Zulong whispered. At this moment, they deeply understand that the current state of Fazu is far beyond their speculation. It is estimated that the height is amazing.

Otherwise, why create the Zhengtian Army and why fight against the Yuanluo Hall.

Some people here are of the same generation as Fazu, and some people are even older than Fazu, but at the moment, all eyes are showing respect.

This is the way of spiritual practice, the master comes first, regardless of age.

Fazu's cultivation practice, since they are far above them, they naturally cannot look at Fazu with the eyes of their peers.

Fazu glanced across the crowd and nodded slightly.

In his mind, it is quite complicated.

Here, there are many of his acquaintances.

After so many years, he has also been quite impressed to see so many acquaintances.

"Okay, you will live here first. I will send someone to help you. If you have any needs, you can also mention it to me!"

Fazu said, saying nothing, he turned into a rainbow, and left here.

"Is this the Hungry Universe? So rich and powerful!"

"This cultivation environment is really amazing, I have a feeling of breakthrough!"

"Haha, me too!"

As soon as Fazu left, everyone felt it and was shocked by the cultivation environment here.

Chapter 2579: World blend

Moreover, some of these people have been trapped in the semi-god realm for countless years, and in heaven, it is impossible to break through.

The conditions of the celestial realm are not enough to support someone to break through the Wushen Realm, and at most they can only practice to the demigod.

Their foundation, their perception, has actually reached the limit long ago.

At this moment, as soon as I came to the Honghuang universe, as soon as I came to Zhengtianxing, there was an urge to break through.

"We will release the people first, settle down first, and wait for the small world to merge with the vast universe before we break through!"

"exactly!"

Immediately, Lu Ming, and some people who cultivated a small world, released all the beasts and human races inside.

There are people on this plain.

Soon after, there were dense human races, gods and beasts, the number of which was incalculable.

This is the people and **** beasts of the entire heaven and the realm. The number is naturally scary.

However, this plain is too big. It is more than ten times as large as the Celestial Yuan Realm Evil God Realm. To accommodate them, it is easy.

"Everyone, we are safe, here is Zhengtianxing, but the vast universe, we can settle down here now and build a city!"

Lu Ming's voice rang in everyone's ears.

"Is this the Hungry Universe? God, what kind of energy is this? It is much stronger than the original gas!"

"My cultivation, I feel like breaking through, I just take a breath!"

"In this kind of environment, I feel that if I don't practice here, I can strengthen my body and build a breakthrough!"

...

Countless human races, mythical beasts feel the environment here, shocked beyond measure.

The training environment of Zhengtianxing is much better than that of Tianjie and Yuanjie.

It's just one day, one place!

They are right. No cultivation here, cultivation can be improved.

This is especially true for some low-level martial artists, such as those below the Martial Emperor Realm, who feels that every time they breathe, their cultivation practices are improved, their bodies are being refined, and they are becoming stronger.

They feel right!

In the wilderness universe, no matter what kind of creature, no matter whether there is cultivation, as long as you are an adult, you can have the cultivation of Wuhuang Realm.

That is to say, in the wilderness universe, any villager who farms has the emperor Wu Xiu's cultivation behavior.

This is God Realm, and Heaven Realm is simply incomparable, the environment here is too good.

Any creature staying here for a long time will automatically evolve in all aspects to achieve transformation.

Many talents are good, and it is easy to practice Wu Sheng and Wu Emperor.

Of course, if you want to reach the Wushen Realm, it will not be easy. This is a hurdle that has stopped 99% of the souls of the vast universe.

"You guys, get acquainted first, and then get started!"

Lu Ming's voice sounded again.

The people first familiarize themselves with it and get used to it, then Zulong and others began to arrange it, and everyone started to build a city on this plain.

Soon after, Zheng Tianjun came to a group of masters, responsible for protecting the safety of many creatures in heaven.

After all, there are some creatures growing in this grassland, although there is no terrifying existence, but any kind of creature has the cultivation of Wuhuang Realm. For most human races and gods in the heavens, they are very Threatening.

Next, countless celestial beings were busy with the sky, and huge towering cities stood on the grassland.

At the same time, Zheng Tianjun has masters of formation method to help them inscribe the big formation, so that as long as they stay in the city, it is safe.

In a matter of months, in a blink of an eye, countless creatures in the heaven realm settled down on this grassland.

This endless grassland suddenly has hundreds of huge cities.

In the past few months, among the souls of the heavenly world, countless people have cultivated and made breakthroughs.

Especially when the repair is low, the breakthrough speed is even more amazing.

For example, Lu Ming's parents Li Ping and Lu Yuntian rushed directly into the state of Wu Sheng, and they are improving every day.

There are countless creatures in the heavens. When they first come to such a place, they are destined to have a period of outbreak. When the cultivation level is high, it will be slow to rise.

It will be much slower to rise above Wu Emperor, but there are still many Wu Emperor Realms, and cultivation has broken through.

The lower the cultivation base, the easier it is to break through.

On this day, the sound of roar came from Lu Ming.

"One year, it's time!"

Lu Ming's eyes moved.

It has been a year since he came to the vast universe.

The small world inside him is about to merge with the vast universe.

Lu Ming's figure moved into a rainbow, appearing on an open plain.

At this moment, countless people rushed out and came to the empty plains.

They are all like Lu Ming, who cultivated the system of laws and cultivated the small world. At this moment, they must be integrated with the vast universe.

Buzz!

Lu Ming's small world shook more and more, and then flew out automatically.

After the small world flew out, it landed directly on the grassland and merged with the land of the grassland. The area of the grassland is rapidly increasing.

Lu Ming felt a burst of weakness in his body, which was caused by the fusion of the small world and the vast universe.

Uh!

At this moment, in Lu Ming's eyebrows, the mountains and rivers also flew out and merged with the ground.

"Sure enough, Dongtian treasures are not enough, can't keep!"

Lu Ming sighed.

The nature of Dongtian treasure is the same as that of the small world, and it is not allowed to exist in the vast universe.

In the vast universe, unless there is some natural secret space created by others, the small world that other people have artificially developed and can allow the survival of the souls is not allowed to exist.

The Honghuang Universe is so domineering, it is unique.

However, space treasures like storage rings are fine.

This kind of space treasure is just to open up a space to store things, and creatures cannot survive, so it's okay.

Fortunately, Lu Ming previously collected all the treasures of Shanhetu from the small world into the small world.

In the heavenly realm, the creatures who cultivated small worlds one by one, their small worlds, all merged with the earth.

Wow...

At this moment, a powerful and incomparable energy was poured into Lu Ming's body, and Lu Ming did not need to refine it. This power was automatically transformed into the power of the world and the power of domination.

The feeling of weakness disappeared quickly, and Lu Ming was full of strength again.

This was fed back to him by Honghuang Universe.

The Honghuang Universe is fair. After taking away his small world, there will be corresponding energy and feedback to him.

Lu Ming felt that the power of the world and the power of the master in his body were extremely surging. His total energy had not weakened.

His practice is still the same as before, with no difference.

It's just that the small world disappeared and turned into the power of the world and the power of the master.

"That's fine. In the future, I want to break through Wushen Realm, which will be more convenient!"

Lu Ming smiled.

To break through the Martial God Realm, it is necessary to return to 10,000 yuan.

Even if the small world does not blend with the vast universe, he will have to find a way to unify everything in the future, but that is more troublesome.

In this case, Lu Ming's impact on Wushen Realm in the future will be more convenient, and he will take fewer detours.

Chapter 2580: One after another

Heaven and earth return and calm. All the people in the Heaven Realm and the Yuan Realm practicing the law system, the small world in their bodies, are integrated with this grassland.

The area of this grassland has also been enlarged, and the distance between some big cities has become farther.

boom! boom!

At this moment, there were a few breaths rising up to the sky, astonishing.

"That's... breaking through the God of War!"

Lu Ming's eyes moved, looking in the direction where the breath broke out.

Emperor Tianlei, Emperor Rebellion...

There are a total of five people, the breath of his body is getting stronger and stronger, reaching the peak.

This is a sign of breakthrough in Wushen Realm. Lu Ming did not expect that Heaven Lei Di Zun and others would have made breakthroughs at this time.

However, it is normal to think about it. Emperor Tianlei, Emperor Rebellion and others have already reached the demigod, 10,000 yuan has been unified, and accumulated a long time. With their accumulation, they can already attack the Wushen Realm.

However, it was difficult to break through successfully because of the limited conditions in Heaven.

Huh...

The body of Emperor Tianlei and Emperor Rebellion are like five vortices, constantly absorbing the energy of heaven and earth.

Between heaven and earth, the surging and powerful spirit continually gathered towards them.

A few days later, their breath exploded a lot, and there was a layer of light on the surface of the body, like a flame. It was a burning fire.

The virtual **** realm weighed heavily and they broke through!

"No heavenly disaster!"

Lu Ming's eyes moved, somewhat surprised.

He discovered this situation long ago, because during this time, too many people and mythical creatures in the Heaven Realm Yuan Realm have broken through the realm, but there is no Heavenly Tribulation.

In Heaven Realm, Yuan Realm, breaking through the Emperor Wu, Wu Sheng, and Wu Emperor, all will be accompanied by disaster, but here, there is nothing.

In Heaven Realm, when breaking through the Demigod, there is also a terrible sky-tribulation. Lu Ming originally thought that there would be sky-tribulation when breaking through the Wushen.

"Perhaps this is the difference between the Celestial Realm and the Wild Universe!"

Lu Ming thought.

In Heaven Realm, Evil God Realm, Heaven Dao is supreme, all the Heaven Tribulation is the evolution of Heaven Dao.

But the Tao of the day, but only the heaven of the Yuan Realm, has nothing to do with the vast universe.

Perhaps, in the vast universe, there is no such thing as sky-tribulation.

Lu Ming smiled, which is good, his parents' cultivation practices have also been improving. In the future, breaking into the Wu Emperor's Realm is a matter of time. There is no heavenly disaster, and Lu Ming is more at ease.

"Congratulations, congratulations!"

Heavenly Thunder Emperor Zun, Rebellion Emperor Zun and others successfully broke through the Wushen Realm.

Tian Lei Di Zun and others were also full of smiles, hard to hide their excitement.

They have been trapped in a state for too long. It used to be difficult to break through. Now, once they break through, they suddenly feel like a bird flying, and their minds are widened.

Lu Ming also stepped forward to congratulate and had some fun. Lu Ming returned to his place of residence.

The place where Lu Ming currently lives is a newly established city. He, Xie Nianqing, Lu Shenhua, Lu Chi, several of his disciples, and his parents all live in this city.

Lu Ming entered a room and sat cross-legged.

In his hand, a spar appeared.

This crystal is the size of a fist and crystal clear.

This kind of spar, called Shenjing, is composed of pure spirit.

In Huangquan Mountain, the magic stone obtained by Lu Ming was also formed by the condensed spirit. However, that kind of magic stone can be said to be a second-grade divine crystal. The divine energy contained in it cannot be compared with the divine crystal at all.

I am afraid that tens of thousands of **** stones are equivalent to a **** crystal.

After all, Huang Quanshan was sealed in the Tianjie Yuanjie. After a long period of time, the spirit is already impure, and the condensed **** stone is naturally incomparable to the Shenjing.

Shenjing is the hard currency of God Realm, which is divided into inferior, middle, superior and top grade.

In Lu Ming's hand, it is the inferior **** crystal, a piece equal to tens of thousands of **** stones, as for the **** crystal above the middle grade, naturally more rare and precious.

Lu Ming killed seven or eight virtual **** realm invaders in that year. In Dark Pluto, he also killed several masters of Yuanluo Temple. From their storage rings, they got some inferior **** crystals, plus Up, there are about five thousand pieces.

More than five thousand inferior **** crystals, if converted into **** stones, will exceed 100 million **** stones.

As for the exchange of superb original stones, it is even more astronomical.

The original stone, but was born in the Heaven Realm and the Yuan Realm, and it is a heaven and an earth, which is totally incomparable.

Lu Ming sorted out the items in his hand and continued to practice.

Time rushed, quickly, and another year passed.

Over the past year, more people have made breakthroughs. The overall strength of the people from Heaven and Yuan Realm is constantly improving.

Moreover, there are a lot of demigods, the breakthrough is successful, and entered the Wushen Realm, almost all the old demigods have entered the Wushen Realm.

Even Dandan, Titan beetle, Nine Demon Silkworm, they are almost there!

"Lu Ming, I am going to break through!"

On this day, Xie Nianqing said to Lu Ming.

"A breakthrough? Okay, I'll protect you!"

Lu Ming was overjoyed.

"Ok!"

Xie Nianqing nodded, and the two left the city and came to an empty place.

"Huh? Xie Nianjun!"

In front of him, there was a figure sitting cross-legged in mid-air, his body radiating a dazzling light.

Unexpectedly, I met Xie Nianjun here.

"You have to break through?"

Xie Nianjun's eyes looked at Xie Nianqing with some surprise.

"Good!" Xie Nianqing nodded.

"Unexpectedly, your memories of this life have swallowed memories of previous life, and the speed of cultivation is not slow at all, making me a little jealous, giggling!"

Xie Nianjun smiled.

"If I don't practice quickly, I will be surpassed by you!"

Xie Nianqing also smiled faintly, and then came to the other side, sitting in the void, filled with a dark light.

Xie Nianjun did not say much, closed his eyes and adjusted his state.

boom! boom!

Three days later, almost at the same time, an amazing breath broke out between the two.

A black beam of light and a white beam of light rose into the sky and broke through the sky.

At this moment, the eyes of countless people looked to this side.

"It's an amazing breath, this is someone breaking through the Wushen Realm!"

In a city, Zulong's eyes moved, and then he rose into the sky. Soon after, he appeared not far from Lu Ming.

Immediately thereafter, Emperor Tianlei and others also appeared one by one, watching from afar.

At this moment, the breath from Xie Nianqing and Xie Nianjun is getting higher and higher, stronger and stronger, as if never ending.

Rumble!

Heaven and earth roared, and their bodies were like two black holes. Between heaven and earth, endless spirits gathered towards them and poured into their bodies.

Their breath was raised again, and there was a terrible coercion, which filled out.

"This breath... how could it be so amazing?"

"It's terrifying. It's more than ten times more terrifying than when we broke through. How could this be?"

Zulong, Rebellion Emperor Zun, Tian Lei Emperor Zun and others were hard to calm down and exclaimed.
