D Emperor 2581

Chapter 2581: Xie Nianqing became a god

Xie Nianqing and Xie Nianjun's breath at the moment was really amazing, and they were shocked by the existence of these already stabilized in the virtual **** realm.

Moreover, this is not the end. The breath of Xie Nianqing and Xie Nianjun is still rising.

Over time, the two of them seemed to turn into two suns.

One round is black and the other is holy!

Two suns, one black and one white, hang in the sky, shining on the whole grassland.

At this moment, the whole grassland, hundreds of giant cities, can see the situation here.

This movement is terrible.

"Xiao Qing and Xie Nianjun's breakthrough movement is far above others!"

Lu Ming also sighed.

At this moment, Lu Ming felt that Xie Nianqing and Xie Nianjun's breath was dozens of times that of others' breakthrough.

And it is still deepening.

Uh!

Not far from Lu Ming, a flash of light and shadow, a figure appeared, but it was Fazu.

Obviously, even Fazu was alarmed.

"Metamorphosis, unceasing transformation, is this to control the divine power?"

Fazu whispered, his eyes full of shock.

Huh...

The attractiveness of Xie Nianqing and Xie Nianjun is getting stronger and stronger, and the endless energy is rolling towards the two, but obviously they can't keep up with their refining speed.

Lu Ming's expression changed, and with a wave of his hand, one crystal after another appeared.

A total of two thousand, one thousand flew to Xie Nianqing, one thousand flew to Xie Nianjun!

As soon as Shenjing flew around their bodies, they burst apart one by one, and turned into a very rich spirit. They flew into the two bodies and were absorbed by them.

One day later, a thousand pieces of God Crystal have been absorbed, but the two still did not mean to stop.

"Three thousand pieces left, use them together!"

Lu Ming gritted his teeth, intending to throw out the remaining three thousand pieces of Shenjing together.

But at this time, Fa Ming, who was not far from Lu Ming, waved his hands, and pieces of God Crystal flew out, flying to Xie Nianqing and Xie Nianjun.

When Lu Mingling swept away, he knew that there were a total of six thousand pieces of God Crystal, three thousand pieces per person.

bump! bump! ...

These divine crystals also exploded one by one, turning into divine energy and being absorbed by the two, but a few days later, after all of these divine crystals were absorbed, the two had not stopped practicing.

Fazu waved his hand again, and another four thousand pieces of Shenjing flew out, two thousand pieces per person.

This time, it was finally enough.

After the two men absorbed the two thousand pieces of God Crystal, their breath finally reached its peak, and then slowly stabilized.

Wushen Realm, Breakthrough!

Xie Nianqing and Xie Nianjun both stepped into the Wushen Realm and cultivated a definite role for the virtual God Realm.

"Senior Fazu, thank you!"

Lu Mingfei approached Fazu and thanked him with a fist.

This time, if it wasn't for Fazu's shot, 10,000 pieces of God Crystals were taken out before and after, and that little God Crystal on Lu Ming's body was simply not enough.

"A little crystal, no need to thank, these two women, it's not easy!"

Fazu said with a smile on his face, then turned into a rainbow of light and left here.

"It's not easy!"

Lu Ming murmured.

When Xie Nianqing and Xie Nianjun were under the God of War, they performed very amazingly, but when they broke through the God of War before, they seemed even more amazing, as if some kind of transformation had occurred.

Xie Nianqing's past life, or Xie Nianjun's past life, is probably not a trivial matter.

Lu Ming tried to ask Xie Nianqing several times in this regard, but Xie Nianqing seemed to have some scruples and did not want to say more.

Lu Ming wanted to find Xie Nianjun to knock on the side, Xie Nianjun did not want to say more, Lu Ming could only stop.

"Congratulations, congratulations!"

At this moment, the atmosphere of Xie Nianqing and Xie Nianjun has stabilized. Zulong and others quickly went to Dao Xi.

Stepping into the God of Martial Arts means stepping into another level of life, becoming a deity, and stepping into the second step of cultivation. This is a trivial matter.

Xie Nianjun was very cold, but nodded at random, stepped out of the air, and left directly.

"Thank you seniors!"

Xie Nianqing smiled and nodded, then came to the landing Ming Fei.

Soon after, Zulong and others also left.

"Xiaoqing, how do you feel?"

Lu Ming took Xie Nianqing's little hand.

"It feels okay, do you want to do two tricks with me?"

Xie Nianqing's big blinked eyes looked like a smile.

"How? Still thinking of stepping on me?"

Lu Ming quipped.

When he first met Xie Nianqing, Xie Nianqing remembered stepping on him every day.

"Why not?"

Xie Nianqing glared.

"It depends on whether you have this skill!"

Lu Ming smiled, kissed Xie Nianqing's red lips, and then retreated, standing opposite Xie Nianqing.

"Dare to eat my tofu, then I want to eat it back!"

Xie Nianqing's eyes flashed, and then his figure flashed, and he rushed towards the landing.

"So fast!"

Lu Ming felt a shock in his heart, his footsteps were heavy, his figure receded at a rapid speed, and then his whole body was filled with a bright purple-gold light. Lu Ming will dominate the way to about 80% and shoot it out with a palm.

The strong palms, like the mountains and rivers, flow towards Xie Nianqing.

Xie Nianqing also took a palm, a white light wrapped around the palm of Bai Ruyu.

bump!

The palms of the two collided together.

Suddenly, Lu Ming's face changed, he felt a terrifying power, and he rushed towards the landing, Lu Ming's arm was sore, his body suddenly retreated, and he walked back a hundred miles.

"Good strength!"

Lu Ming secretly marveled.

He had used 80% of his strength just now, but he couldn't stop Xie Nianqing's blow at all. His body suddenly retreated, but Xie Nianqing didn't move, and didn't even shake.

"You use your best, otherwise it is not my opponent!"

Xie Nianqing smiled.

"It seems that you can only use your full strength!"

Lu Ming smiled bitterly, he broke the way of dominance to the extreme, and at the same time, he had started to trigger the war of words.

During this period of time, Lu Ming did not stop enlightenment. His understanding of the war character tactics became deeper and deeper, triggering the double combat power of the war character tactics, and the success rate also increased.

In a few clicks, Lu Ming succeeded in triggering and his combat power soared.

Uh!

Xie Nianqing rushed towards Lu Ming like a black streamer, and slammed again.

Lu Ming also burst out.

boom!

The two met for the second time, and there was a tremendous roar in the sky, full of energy, and then, a figure retreated, still Lu Ming.

"This power..."

Lu Ming was really shocked.

He has now exploded into full force, and has also triggered the double combat power of Zhanzi Jue. This kind of combat power can completely kill the general virtual **** realm, but it is still crushed by Xie Nianqing, not an opponent.

"carry on!"

Lu Ming came to Xingzhi and rushed towards Xie Nianqing, without scruples, to show his strength to the extreme.

He and Xie Nianqing come and go, and fight together.

Chapter 2582: Samsung Emperor

However, after playing dozens of tricks with Xie Nianqing, Lu Ming found that he was not Xie Nianqing's opponent at all and was completely crushed.

Xie Nianqing's divine power, strong, condensed, invincible, amazingly powerful, is simply unfathomable.

"No more, no more!"

After fighting a dozen strokes, Lu Ming stepped back and simply stopped playing.

"Don't fight anymore? Then after eating my tofu, I will eat it back!"

Xie Nianqing flashed and came to Lu Ming, with red lips printed on Lu Ming's lips.

Lu Ming took Xie Nianqing's slim waist and took Xie Nianqing in his arms. With both palms in his hands, he had already climbed the peak of Xie Nianqing's chest and kneaded it wantonly.

Half a ring, the two talents are separated.

"It's really cheap for you!"

Xie Nianqing said with a red face.

"Hahaha, both old husband and wife are already shy!"

Lu Ming smiled.

Then holding hands and walking on the grassland.

"Xiaoqing, is the divine power you cultivated is the divine power?"

Lu Ming asked.

After coming here for several months, Lu Ming also asked Tong Xi'er and borrowed some books to watch, which are some common sense things of the Honghuang Universe. Lu Ming has learned a lot about the common knowledge of the Honghuang Universe, including cultivation.

Wushen Realm, the divine power of cultivation, is also divided into different levels.

The divine power cultivated by ordinary people is just ordinary divine power.

Some genius figures have cultivated divine power, which is more powerful and more condensed than ordinary divine power, with various mysteries. This divine power is called Wangpin divine power.

Above the Wangpin divine power, there is a higher level of divine power, called the saint divine power.

Everyone who can control the divine power is a peerless genius out of hundreds of millions, and every combat power is amazing, leapfrogging, and easy.

Lu Ming suspected that the divine power Xie Nianqing cultivated was the divine power.

Of course, above the divine power, there is a stronger divine power, but the divine power.

Divine power, it is even rarer. Every kind of supernatural power has infinite use. Everyone who controls the supernatural power is a genius among geniuses.

For example, the master's way, when Lu Ming stepped into Wushen Realm, the master's way would become the master's divine power, which is a kind of divine power.

"My cultivation skills and my physique are quite special. Below the Wushen Realm, it is the process of laying the foundation. After breaking through the Wushen Realm, it will transform and become sharply stronger. It is now a divine power and will become stronger in the future. Oh, maybe it will exceed your **** power!"

Xie Nianqing smiled and explained.

"That's fine, I will rely on you to protect it in the future!"

Lu Ming also smiled.

The two walked and talked, talking and laughing, and after a while, they returned to their place of residence.

After returning to the room, Lu Ming sat cross-legged.

"I should almost break through!"

Lu Ming whispered.

After this period of cultivation, Lu Ming's cultivation practice has reached the peak of the Two Star Heavenly Emperor and can already impact Samsung Heavenly Emperor.

Lu Ming took out the remaining crystals on his body and began to practice.

In the body, the power of the world, the power of the master, and the speed of operation, Lu Ming began to impact the realm.

bump! bump! ...

Pieces of divine crystals exploded and turned into aura, absorbed by Lu Ming.

At the same time, the spirit between heaven and earth also kept surging towards the landing.

Rumble!

The dominating power in Lu Ming's body and the power of the world are constantly becoming stronger.

However, the proportion of the dominant force is gradually increasing.

Breaking through with Shenjing was much faster than in Heaven, only a few days later, Lu Ming burst out with a strong breath. His cultivation practice broke through and reached Samsung Emperor!

His strength has also improved.

"My current combat power, if it triggers the double combat power of the war character tactics, should be able to fight against the triple **** realm!"

Lu Ming speculates about his combat strength.

When he was in the Second Star Heavenly Emperor, when he did not trigger the double combat power of the war character tactics, his combat power was a bit different from that of the virtual **** realm.

Slightly worse!

Because the gap between each weight of the virtual **** realm is greater than that of the heaven emperor realm.

Now, he breaks through the Samsung Emperor, and without triggering the double combat power of the Warriors, he is confident that he can fight against the double existence of the False God Realm and even defeat each other.

After the outbreak of double combat power, he was confident that he would be able to fight against the triple existence of False God Realm.

Of course, the opponents he refers to are opponents who control ordinary divine power. It is naturally difficult to control the Tianjiao above Wangpin's divine power.

"However, there are not many **** crystals!"

Lu Ming sighed.

He originally had five thousand **** crystals. Before that, Xie Nianqing and Xie Nianjun spent two thousand yuan, leaving only three thousand. When he broke through the Samsung Emperor, he used more than two thousand **** crystals. Hundreds of **** crystals.

He suddenly felt so poor and stressed.

He now has a family to raise.

His son, granddaughter, parents, disciples, etc. need resources for cultivation.

Now their cultivation base is not particularly high. The superb original stone and the **** stone left on him are enough.

Moreover, the cultivation environment here is very good, and God Crystal is not used yet.

However, with the improvement of cultivation practice, God Crystal will definitely be needed in the future. Lu Ming does not prepare some God Crystal.

Moreover, he needs a lot of **** crystals for his own cultivation, otherwise, there will be no resources for the next breakthrough.

"How to earn some **** crystals?"

Lu Ming had to think about this issue.

Before Xie Nianqing broke through, Fa Zu had already brought out 10,000 pieces of God Crystal. It is naturally impossible for him to look for Fa Zu to get God Crystal with his face. Fa Zu is good enough for them.

"Go out and see if there are any missions that can earn God Crystal!"

Thinking of this, Lu Ming walked out of the room and flew in the direction of the Zhengtian Divine Army.

"Lu Ming..."

When Lu Ming arrived at Zheng Tianjun, he heard someone call him.

"Xi'er girl!"

Lu Ming smiled.

"Lu Ming, how come you can come to the Heavenly Army today?"

Tong Xi'er smiled.

"I want to see if Zheng Tianjun has any missions that can earn some **** crystals!"

Lu Ming smiled bitterly.

"Is the God Crystal earned? It is better to go to Wan Venus, to hunt the wild beasts of Wan Venus, to capture the cores of the wild beasts and be able to sell a lot of God Crystals!"

Tong Xi'er said.

"Wan Wanxing, where should I go?"

Lu Ming asked.

"I happen to be going to Wan Venus to hunt wild beasts. Let's go together, but the two of us have fewer staff. I originally wanted to go to the Zhengtianjun mission hall. How many more people should I find?"

Tong Xi'er said.

"I'm going to find two people!"

Lu Ming said, he thought of Xie Nianqing and Xie Nianjun.

"Yes, then I'll rent a star warship. We will meet here tomorrow!"

Tong Xi'er said.

Chapter 2583: Wan Jinxing

"Rent a star warship?"

Lu Ming was shocked.

"Yeah, Venus is not the planet we are occupying by the heavenly army. This planet is very special. It is made entirely of various metals. The beast on it is also metal, and this planet does not have Occupied by which forces, many forces can hunt wild beasts!"

"So, our Zhengtian Army did not send the array directly to Wan Venus, only to the nearest location to Wan Venus, and then flew over in the Star Wars!"

Tong Xi'er explained.

"Then rent a star warship, the cost is not low!"

Lu Ming said.

"If you rent it once, you need a thousand **** crystals!"

Tong Xi'er said.

"One Thousand God Crystals!"

Lu Ming was taken aback, and the price was really expensive.

"No way, the star warships are too precious. We add up to a dozen of star warships, and they are all the lowest-level star warships. They can't fly too far. They have been flying in the starry sky for a year. The limit, no matter how far away, will not work!"

"Furthermore, every time a starship battleship crosses the starry sky, it needs maintenance and maintenance, and it requires costs. The price charged is naturally expensive!"

"It is said that there are some big forces with higher-level star warships, and the cost of renting them is even more alarming, but that star warship is not only faster, but also able to fly farther and longer in the starry sky. time!"

Tong Xi'er explained.

Lu Ming sighed secretly, it seems that he didn't know enough about some common sense of the vast universe.

"Xi'er girl, can you pay the rent of this star warship first, then I will earn God Crystal and return it to you!"

Lu Ming said with some blush, he was really poor, and now he can't get so many **** crystals.

"It's okay!"

Tong Xi'er smiled slightly and said goodbye to Lu Ming.

Lu Ming returned to his place of residence and found Xie Nianqing. He said the matter and Xie Nianqing agreed.

Then the two found Xie Nianjun again.

"Okay, I will go with you!"

Xie Nianjun agreed very readily.

In fact, Xie Nianjun is also seriously lacking in the cultivation of the Divine Crystal, and hunted the wild beasts to earn the Divine Crystal.

In a blink of an eye, it was the next day.

Lu Ming and Xie Nianqing and Xie Nianjun came to the place they agreed with Tong Xi'er yesterday. Tong Xi'er was already waiting here.

"Two beautiful women!"

Tong Xi'er looked at Xie Nianqing and Xie Nianjun, his eyes showing amazement.

"Let's go!"

Tong Xi'er went first, and soon, they came to the Starry Sky Teleportation Array of Zheng Tianjun.

The teleportation array of the Honghuang universe is similar to the teleportation array of the celestial realm. After they stepped into the teleportation array, after a while, they disappeared above the teleportation array.

This is not close to Wan Venus, they need to transfer to other teleportation arrays halfway, in order to reach the planet closest to Wan Venus, Sky Light Star.

After three transfers, they came to Tianguangxing.

Skylight Star is the planet closest to Wan Venus among the planets occupied by the Celestial Army. After coming to Sky Light Star, Tong Xi'er took out the Star Wars. After the four entered the Star Wars, the Star Wars broke through the sky and headed towards Wan Venus. Fly away.

To go to Venus, the star warship needs to fly for a month, and the four will practice while waiting.

A month later, a huge planet appeared in front of us.

This planet, in terms of area, is nowhere near as good as the celestial star or dark Pluto, but it is very special.

From a distance, it looks like a huge gemstone, suspended in the cosmic sky, sparkling.

According to Tong Xi'er, most of the material on Venus is all kinds of strange metals.

Even the creatures above are not flesh and blood, but are made of metal.

The same is true of the beast above!

And these wild beasts, the beast core condensed in the body, have become a very precious refining material.

The higher the level, the higher the wild beast cultivation, the more precious the beast core, the more precious, the higher the price.

This attracted many masters of power to hunt wild beasts and seize the beast core.

Rumble!

The starship battleship entered the atmosphere of Venus, rubbing against the atmosphere and making a rumbling noise.

At this time, all four were out of the starry sky battleship and stood at high altitude.

The star warship quickly shrank and was taken away by Tong Xi'er.

"Let's go down!"

This is not the first time Tong Xi'er has come, so he flew downward.

Below, there is an endless forest.

"It really is all metal..."

Near the forest, Lu Ming secretly wondered.

The trees here, all kinds of vegetation, are actually all kinds of strange metals.

Lu Ming saw the fruits of iron tree, Yinhua and gold.

Of course, these ordinary metals are of no use to them, and they ignore them.

"Great Thousand Worlds, it's nothing strange!"

Lu Ming sighed.

This vast universe, the big thousand world, is indeed more wonderful than the small thousand world.

A whole planet is made of all kinds of metals. The plants and spirits are all made of metal. If you don’t see it with your own eyes, it is really hard to believe.

Legend has it that there are more and more wonderful planets in the vast universe, and some are beyond imagination.

Approaching the forest, Tong Xi'er's speed slowed down.

"Among these ten thousand Venus, we need to be more careful, here are not only those wild beasts that are dangerous, more dangerous, but also powerful ones of other forces!"

Tong Xi'er said.

Lu Ming nodded.

He understands that many forces here will come here to hunt wild beasts. This Wan Venus, I am afraid that there are many strong men. These strong men of different forces, it is normal to hunt people of other forces and seize the beast core.

The four landed in the forest, converged, and ran forward slowly.

Roar!

Suddenly, there was a roar in front, and then the silver light flashed. They saw a huge figure and rushed towards them.

"Retreat!"

The four figures retreated sharply.

boom!

The earth roared, the metal on the ground, bursting and splattering, and Lu Ming, where they had just set foot, appeared a behemoth.

This is a huge giant ape, more than 30 meters tall, covered with silvery white, like silver casting, even the hair on the skin is like a silver needle.

Roar!

The silver great ape roared, and the silvery eyes radiated cold luster, and they rushed towards the landing, and they rushed over like a small house.

"I'll meet him later!"

Lu Ming rushed over, running the power of the master, and punched out.

Boom!

A dull roar sounded, Lu Ming felt a horrifying force coming, his figure could not help but retreat.

However, the giant ape also stepped back a few steps, and the ground stepped continuously exploded.

"What a terrible power, what a hard fist!"

A ray of fine light flashed in Lu Ming's eyes.

Chapter 2584: Metal life

This great ape's power is amazing, and it is completely made of metal. It is sturdy and immortal. Whether it is defense or strength, it is extremely terrifying, surpassing other living creatures at the same level.

This great ape has the double cultivation of False God Realm, but its strength is stronger than that of other False God Realms Lu Ming has encountered before.

Roar!

As soon as the great ape retreated, he roared with rage and slammed towards the landing.

"kill!"

Lu Ming took out the artifact war sword and killed him towards the giant ape.

when! when!

Lu Ming's war sword collided continuously with the silver giant ape, and in a blink of an eye he fought a dozen tricks. The place where the two collided, Mars splashed.

After all, the silver giant ape is not Lu Ming’s opponent. Even if Lu Ming does not trigger the double combat power of the war character tactics, with the combat power bonus of the war character tactics, the cultivation of the Samsung Emperor, the physical strength, etc., still suppress the silver giant. ape.

Silver giant ape, back off again and again!

Xie Nianqing, Xie Nianjun and Tong Xi'er didn't make any shots. They formed a situation of encirclement and stood on the side of the guard, fearing that other powerful or wild beasts would attack.

when! when! when!

Lu Ming and the silver giant ape have fought dozens of tricks in a row, and finally Lu Ming seized the opportunity and cut off his head with a sword.

call...

Lu Ming took a long breath, this silver giant ape is really hard to kill.

"Fortunately, this silver giant ape does not have much intelligence, otherwise it will be more difficult to deal with!"

Lu Ming sighed.

"It is said that there is a spiritual metal life in the vast universe, which is an extremely powerful race. Among the countless races in the entire vast universe, the ranking is very high!"

Tong Xi'er said.

"There really exists a wise metal life!"

Lu Ming also secretly wondered.

Then, Lu Ming broke the chest of the silver giant ape and took out a round metal from inside.

This is the beast core of the silver giant ape.

A piece of double metal beast core with a virtual **** realm can buy ten **** crystals.

Generally, the heavy metal beast core of the virtual **** realm is five **** crystals, the double of the virtual **** realm is worth ten **** crystals, the triple of the virtual **** realm is worth twenty **** crystals...

As the level of the veterinary nucleus increases, the value also doubles.

As long as you can hunt 100 wild beasts with double virtual **** realm, and rent the star warship rent, you will be able to return. The rest is earned.

"Let's collect the veterinary nucleus together first, and then divide equally!"

Lu Ming suggested.

"it is good!"

Tong Xi'er nodded.

Then everyone went on.

Soon after they left, two figures flashed, and two middle-aged men appeared in the air.

"It is Tong Xi'er, Tian Tianjun's Tianjiao Tong Xi'er!"

"Hahaha, I didn't expect Tong Xi'er to dare to come here, and there are two other chicks, really point!"

"We went back to report to the master, and told him to send a master to take these people down, and then play around and kill them!"

"go!"

His figure flashed, and two middle-aged men disappeared here.

...

Lu Ming and they continued to move forward. After a while, they encountered a heavy metal beast in the virtual **** realm and were easily killed by Tong Xi'er.

As Lu Ming could see, Tong Xi'er's cultivation behavior reached the peak of the imaginary **** realm, which was not far from the imaginary **** realm.

Moreover, her combat power is very amazing, far surpassing the strong men of the same level.

At the beginning, Lu Ming was in the two-star Heavenly Emperor, triggering the double-strength combat power, and only then tied with Tong Xi'er. Now Lu Ming knows that the power that Tong Xi'er controls is Wang Pin's divine power, but a genius. character.

Roar! Roar! ...

As they went deeper into the forest, more and more metal beasts were encountered, but most of them were the existence of one virtual **** realm and two virtual **** realms.

As long as the number is not a lot, they are easily solved by them.

Soon after, they had killed fifteen wild beasts with one virtual **** realm and five metal beasts with two false **** realms.

Boom! Boom! ...

Suddenly, the ground shook, and in the canyon ahead, a few giant black wolves ran out.

This giant wolf, like a black iron casting, has a high energy of ten meters and a length of twenty meters, and it has a terrible atmosphere.

"No, there is a triple existence of two virtual **** realms!"

Tong Xi'er's face changed wildly.

There are a total of four giant wolves, of which there are two virtual **** realms triple, and two virtual **** realms exist twice.

"We rewind and rush out!"

Tong Xi'er sipped.

If there is only one triple existence of the False God Realm, they can join forces and still be able to fight, but the triple False God Realm of the two ends, plus the double False God Realm of the two ends, they are in danger.

"No, just a fight!"

In Lu Ming's eyes, there was a hint of war.

He hasn't tried his best, and Xie Nianqing's combat power is very clear. He is a triple-faced virtual god.

In addition, Xie Nianjun's strength is definitely not weaker than Xie Nianqing's.

"World War I? Lu Ming, did you break through!"

Tong Xi'er was shocked.

"Not bad!"

Lu Ming nodded.

"Well, then we will fight!"

Tong Xi'er gritted his teeth.

When Lu Ming didn't break through, the combat strength was not weaker than hers. Now, he should break through and deal with a giant wolf with three levels of virtual gods. There should be no problem.

She did her best to entangle a giant wolf, not necessarily unable to fight.

But as soon as her voice fell, Xie Nianjun's figure rushed out, rushing towards a giant wolf with a three-fold virtual **** realm.

"not good..."

Tong Xi'er's face changed and felt that Xie Nianjun was too impulsive. Xie Nianjun's cultivation behavior was nothing more than a false god. Even if he was strong, he was at most similar to her. It would be too dangerous to rush out like this.

However, she hadn't come to stop urgently, Xie Nianjun had already shot.

Her body was filled with holy radiance, her palms were empty and held, a holy lightsaber was formed, and then she fell down.

Roar!

A giant wolf with three levels of imaginary realm shouted and rushed to Xie Nianjun.

However, when the sword light in Xie Nianjun's hand collided with Julang's claws, the result was unexpected.

bump!

The giant wolf wailed and retreated one after another. A deep sword mark appeared on its metal claws, almost cutting off the entire claw.

"So strong?"

Tong Xi'er dumbfounded.

Uh!

Xie Nianjun took the upper hand, his body fluttered, and once again killed the giant wolf, the sword light shone, and a dozen swords were split out in a blink of an eye. The giant wolf retreated back and forth, and a deep sword mark appeared on the metal body.

Roar! Roar! Roar!

The other three giant wolves roared and rushed towards Xie Nianjun.

Xie Nianqing's figure moved, and he killed another giant wolf with three levels of imaginary **** realm.

"Shoot!"

Lu Ming took a sip, his figure flashed, and he went out, killing the two giant wolves with two virtual **** realms.

Tong Xi'er just woke up like a dream, and he killed him.

The combat power of Xie Nianjun and Xie Nianqing completely suppressed the three giant wolves of the False God Realm, and it was useless. The two giant wolves were all killed by them.

Chapter 2585: Yuan Luo Dian

After Xie Nianqing and Xie Nianjun both beheaded two metal wolves with three phantom **** realms, their bodies swayed, their swords flared, and the two giant wolves with two virtual **** realms who fought against Lu Ming were also cut off.

"This combat power...is it so strong?"

Tong Xi'er looked at Xie Nianqing and Xie Nianjun with shock.

The practice of Xie Nianqing and Xie Nianjun is nothing more than that of the False God, which is equivalent to her. She originally thought that even if they are strong, where can they go, but now they find that she is very wrong.

She estimated that the power of Xie Nianqing or Xie Nianjun might be enough to fight the fourfold existence of the virtual **** realm.

It's just that the virtual **** realm is one thing, but it can actually fight the fourfold virtual **** realm!

"Holy power, they must have control of holy power!"

Tong Xi'er was amazed, and also lamented that this guy, Lu Ming, was quite perverted. Unexpectedly, the people around him were equally perverted.

Lu Ming smiled, and Xie Nianqing and Xie Nianjun shot, and he was also happy.

After that, they took out the beast cores of the four giant wolves. The beast cores of the four giant wolves were worth sixty crystals, which can be said to be very valuable.

After taking out the beast core, they proceeded.

In this forest, there are no beasts that are too strong. They walked for a while, and did not encounter the existence of more than four levels of the virtual **** realm. The strongest ones also encountered the triple of the virtual **** realm. Xie Nianqing and Xie Nianjun Now, he and Tong Xi'er are relaxed.

"Xiao Qing and Xie Nianjun's fighting skills are really amazing!"

Along the way, even Lu Ming secretly lamented.

Lu Ming himself is a natural fighting genius, and he has a very strong fighting consciousness, but it is still inferior to Xie Nianqing and Xie Nianjun.

The fighting skills of the two are so wonderful that they can often defeat the enemy with the least amount of power.

Even if the divine power is similar to the two of them, I am afraid they are not their opponents.

Lu Ming guessed that this may have something to do with the experience of the two of them in their previous lives.

With the passage of time, their gains have become larger and larger. Seeing that a thousand pieces of Divine Crystals on loan from the Star Wars will be earned back, the extra ones are considered net gains.

Just as Lu Ming had been hunting wild beasts, there was a peak at a distance from them, and one of the peaks gathered some people.

These people are all convergent and very cautious.

The two big men who discovered Lu Ming's trail before them appeared on this mountain, reporting to a bald big man.

"What? Tong Xi'er, Zheng Tianjun, has come to Venus?"

The bald man's eyes filled with cold light.

"Good, and they only came with four!"

One of them answered.

"Four people? What are they doing?"

Asked the bald man.

"Tong Xi'er's cultivation behavior is still one of the virtual **** realm, and there are two women. The cultivation practice is also one of the virtual **** realm, and the other man has the power to kill the virtual **** realm twice!"

One person bowed to report.

"It's all a matter of the virtual **** realm, good, good, good, this time, take Tong Xi'er and give it to the young master to play with, and the other two women also take it, just for us to enjoy, as for the man, kill directly Now!"

"Zheng Tianjun, dare to fight against our Yuan Luo Temple, will die sooner or later!"

The bald man sneered again and again.

These people are the people of Yuanluo Temple.

"The three of you are all three-fold cultivation of the False God Realm. It is more than enough to deal with Tong Xi'er and a few people. Go and bring them!"

The bald man ordered three of the strong men in black armor.

"Yes!"

The three black armoured men clenched their fists.

"Wait!"

Suddenly, the bald man shouted and said, "For the sake of foolproofness, old man Xiao, you accompany them!"

"Okay, you can!"

A wrinkled old man smiled.

Although he feels that to deal with several juniors, the triple existence of the three virtual **** realms is more than enough, but he is the fourfold existence of the virtual **** realm.

However, the bald-headed man has five levels of cultivation practice for the virtual **** realm. Among them, cultivation is the strongest, and he is not good to refuse face to face.

Old Man Xiao and the three black-clad big men flashed away and left here, while the bald man's gaze looked down under a cliff in front.

Under the cliff, there is a cave with golden light bursting out from time to time.

In the vicinity of the cave, there is a bird's nest, in which is a metal eagle.

The bald man looked at the cave with fiery eyes, but when he saw the giant eagle, he looked dignified again.

"Treasure, treasure, I must get it!"

The greed in the eyes of the bald man is more intense.

They are the people of Yuanluo Temple. Not long ago, a group of them came to Venus to hunt wild beasts and obtain beast cores.

But two days ago, a few Yuanluodian people inadvertently broke into the cave in front and found a treasure, a spiritual metal ball, and several Yuanluodian people were about to take the metal ball away. The metal giant eagle appeared, killing several people in Yuanluo Temple, only one of them escaped by chance and reported the news to him.

His heart immediately became hot. The spiritual metal ball must be a rare treasure. He immediately brought people here, but when he saw the metal giant eagle, he stopped.

Although he has the five-fold cultivation practice of the False God, but the metal giant eagle, but the seven-fold cultivation practice of the False God Realm, if they rush up, they will definitely die.

So, he took people here and wanted to wait for the metal giant eagle to leave, they then entered the cave and took away the spiritual metal ball.

Later, I heard Tong Xi'er, Lu Ming and their news.

For all this, Lu Ming naturally knew nothing about them.

They went all the way into the mountains and forests, hunting wild beasts, and gaining more and more.

There was a smile on their faces. According to this progress, as long as they hunted at Wan Venus for a period of time, each person would earn about 10,000 gods. There is no problem.

"Who?"

Just as they were walking in the mountains and forests, looking for wild animals to hunt, Xie Nianjun's eyes suddenly looked in one direction.

Then, Lu Ming and Xie Nianqing's eyes also moved, looking in that direction.

"Hey, hey girl, Lingjue is quite sharp!"

A sneer sounded, and then the figure flashed in that direction, and four figures appeared.

These four people are the old Xiao of Yuanluo Temple, and there are three black armoured men.

"You... are the people of Yuan Luo Temple!"

Tong Xi'er suddenly changed his face.

"Hey, good!"

Old Man Xiao sneered twice, narrow and long eyes, passing over Tong Xi'er, Xie Nianqing, Xie Nianjun, especially when he was sweeping towards Xie Nianqing and Xie Nianjun, a blazing flame flashed in his eyes.

"Tong Xi'er, Master Kang Long, I am very concerned about you. I will take you down and dedicate it to the young master. The young master must be rewarded, hey!"

Old Man Xiao licked his lips, a strong breath filled his body.

"Four virtual realms!"

Tong Xi'er's pretty face was pale.

Chapter 2586: Kill All

The old man Xiao Xiao exudes four powerful breaths of False God Realm, and at the same time, the three black armored men also explode three breaths of False God Realm, terrible breath, such as a violent hurricane, pressing down on Landing Ming and others.

"This old man, leave it to me!"

At this moment, Xie Nianjun spoke, a stern expression flashed in her eyes.

Just now, Old Man Xiao looked at her with that kind of gaze, she had moved the idea of death.

call out!

Xie Nianjun single-handedly waved away the old man's breath, and stepped towards the other party.

Old Master Xiao's eyes were slightly fixed, and it was not easy to break his breath.

"Chick, since you are so anxious, then I will fulfill you, hey!"

Xiao Lao's hair came out, a dry palm in the depths, a **** hand came out condensedly, and he grabbed Xie Nianjun.

call out!

Xie Nianjun's hand was filled with holy light, turned into a sword of holy light, and a sword was cut out, which directly cut the big hand condensed by Old Man Xiao into two halves, and then the long sword shocked, turned into Dao Dao shadow, and enveloped towards Old Man Xiao go with.

"you..."

Old Man Xiao was shocked. Xie Nianjun's strength was far beyond his imagination. It was not like the fighting power of a virtual **** realm.

boom!

The magical power in his body exploded completely, and a leading cane appeared in his hand, screaming at Xie Nianjun like a storm.

However, Xie Nianjun's long sword shook, and sword shadows emerged, and instantly hundreds of sword shadows appeared, cutting from all directions towards Old Man Xiao.

Each sword seemed to be chopped on the flaws of Old Man Xiao. Before the attack that Old Man Xiao had just erupted, half of the attacks were turned off, and he could only back up to resist.

Xie Nianjun keeps up, Jianguang soars again, envelopes each other.

"Damn it, damn..."

Old man Xiao roared, and he almost vomited blood in his heart.

He is not weaker than Xie Nianjun, but he is completely suppressed by Xie Nianjun. Xie Nianjun's sword light completely controls the situation and the rhythm. His strength can't be exerted at all.

He has never encountered such a situation, depressed to vomit blood.

"This kind of control..."

Tong Xi'er was even more amazed.

Xie Nianjun's control is too strong, completely control the fighting situation.

Her divine strength is similar to that of old man Xiao, but when fighting, the situation is one-sided.

This is the skill and experience of fighting. It must be extremely powerful in order to do it.

Xie Nianjun's age does not seem to be much different from her, but she has such a powerful control of the fighting rhythm, so she has to marvel.

"You guys, shoot together, kill her, kill her!"

Old man Xiao roared, and called the three black-clad brawns to shoot.

The three black-clad strong men, each with a spear in their hands, and the divine power running, they must kill Xie Nianjun.

"Your opponent, it's me!"

Xie Nianqing said coldly, his figure flickered, and he rushed out, with a sword light in his hands, and enveloped three black armored men in it.

when! when! when!

After three consecutive collisions, the three black armoured men retreated.

"Xiaoqing, leave me one!"

Lu Ming also rushed out and continued to play the war of words.

boom!

The double combat power of the warfare tactics was triggered, and Lu Ming's combat power soared, and he took out the artifact war sword, and the sword was cut towards a black armor.

Since Lu Ming has been a breakthrough, he hasn't fought all out yet. At this moment, this black armoured man is practicing his hands.

As soon as Xie Nianqing received the sword light, he gave a black armored man to Lu Ming.

when!

Lu Ming's war sword was slashed on the black armored man, and a violent roar erupted, both of them were shaking.

"Void God Realm is triple, really powerful, come again!"

Lu Ming stepped on his feet and rushed up again, launching a stormy offensive.

when! when! ...

Lu Ming and the black-clad big man confronted each other fiercely, but Xie Nianqing dealt with two black-clad strong men, but it was a one-sided battle.

Xie Nianqing's combat strength is not weaker than that of Xie Nianjun. It is natural and easy to deal with the two virtual **** realms.

Tong Xi'er stood sideways in a daze, and she found that she could not get involved in such a fight, nor did she need to.

puff! puff!

After dozens of moves, the two black armored men were beheaded and blood was splattered.

"How is it possible? How could this be?"

Old Man Xiao's heart shook, it was unbelievable.

Lu Ming's cultivation practice was similar to the news he had received before, but their combat power was completely irrelevant to cultivation practice, which was terrifying.

A false **** is so important that he can be suppressed.

"Holy divine power, peerless arrogance, retreat, retreat..."

Old Man Xiao was afraid and wanted to escape, but he found that he could not escape under the sword light of Xie Nianjun.

puff!

He panicked in his heart and became even more invincible. Shortly afterwards, Xie Nianjun crossed it with a sword, leaving a deep sword wound on his body, and almost cut him in two.

Xie Nianjun's terrible divine power fluttered around in his body, causing Old Man Xiao to vomit blood and become weaker.

In this way, it is not even Xie Nianjun's opponent.

puff!

No two tricks, old man Xiao's eyes were crossed by Xie Nianjun's sword light, and they were scrapped directly.

what!

Old Xiao screamed and attacked madly.

"Old man, take you on the road!"

Xie Nianjun spoke indifferently, Jianguang cut again, and at the next moment, the head of Old Xiao flew out.

A fourfold existence of a virtual **** realm was beheaded.

Old Man Xiao's eyes were rounded and his eyes were sullen. He never imagined that his fourfold existence of the virtual **** realm actually died in the hands of a person with a heavy virtual **** realm.

The brave man who fought with Lu Ming saw that everyone else was beheaded, and was almost not scared to death. Fang Cun was chaotic. Lu Ming seized the opportunity and beheaded with a sword.

At this point, all four masters of Yuanluo Hall were killed.

"My practice is still too weak!"

Lu Ming sighed.

Lu Ming's shortcomings are repairs.

His current cultivation practice is nothing more than Samsung Emperor. If his cultivation practice breaks through the virtual **** realm and kills such clowns, it is not a matter of turning hands.

Several people put away the storage rings of the old man Xiao.

"It seems that some people in Yuanluo Temple are also on Wan Venus. It is estimated that these four people are only a part of them!"

Tong Xi'er had a solemn expression.

"Let's leave here first, and be careful later!"

Lu Ming said.

The figure flashed, and the four left here. Then, they didn't hunt the wild beasts. They ran for more than one hundred thousand miles before stopping. They continued to search for wild beast hunting.

In a blink of an eye, another day passed and they came to a mountain peak.

"Why, there are no wild animals in this area?"

Tong Xi'er whispered.

Lu Ming, Xie Nianqing and Xie Nianjun also nodded. They just toured the area just now, and did not encounter a wild beast.

This area is quiet.

Chapter 2587: Make a carduelis

"This area will not be the territory of a powerful wild beast!"

Suddenly, Xie Nianqing said.

Lu Ming and Tong Xi'er's complexion changed.

This is very possible. Many powerful wild beasts have the concept of territory.

Some powerful wild beasts will occupy a territory, and in this territory, other wild beasts dare not stay.

"Let's be more careful!"

Lu Ming whispered.

Immediately, they converged and wanted to exit here in the direction they just came.

"Huh? There are many creatures on that mountain, not metal life, but flesh and blood life!"

At this time, Xie Nianjun looked to a mountain road not far away.

"The flesh and blood life, like us, is an outsider!"

Lu Ming said.

He did not doubt Xie Nianjun's reaction. Xie Nianjun completely awakened the memory of the past life, the fusion of this life and the past life, and her means are simply unpredictable.

"Let's go and see!"

Xie Nianqing proposed.

Everyone nodded and went carefully to another mountain.

Soon after, they boarded another mountain, found a hidden place, and looked forward.

Suddenly, they saw a group of creatures.

There are about two dozen people, among them, there are creatures with first-horned horns, there are also snakes, and creatures with scales on the skin.

Twenty people, at least six or seven races.

Some people, wearing black armor, are exactly the same as the three black armored men they met before.

"People in Yuan Luo Temple!"

Tong Xi'er whispered.

Lu Ming, Xie Nianqing and Xie Nianjun also flashed a cold light in their eyes.

They found that the people in Yuanluo Temple also seemed to be very careful, hiding in the dark, looking at other directions, and did not notice Lu Ming at all.

They looked in the direction that Yuanluodian people looked at, and they saw a huge metal giant eagle under a cliff.

In addition, there is a cave.

In that cave, from time to time, there were still golden lights shining out.

"Huh? Is there a treasure in that cave?"

Several people in Lu Ming are smart people. After seeing this situation, they thought about it and understood.

Obviously, there are probably treasures in that cave, but outside the cave, there is a terrible metal giant eagle guarding. The people of Yuanluo Temple dare not do it, hiding there, trying to wait for the metal giant eagle to leave.

"Then let's do a cardinal!"

Lu Ming smiled, and the others nodded.

After that, they are also waiting here.

As soon as time went by, three days passed.

Karma! Karma! ...

At that moment, the name of the metal giant eagle was called up, and the figure that had been lying on the ground also stood up, and the cold eyes glanced around, then waved its wings, and the huge figure rose into the sky.

Lu Ming and they quickly hid in the dark, the atmosphere did not dare to breathe, this metal giant eagle is absolutely terrible.

If it is found, it is over.

Soon, the metal giant eagle swung straight up, rushed into the sky, and then flew towards the distance, and disappeared in a blink of an eye.

At this time, the person of Yuanluo Temple turned into a rainbow of light, rushing towards the cliff.

"what should we do?"

Tong Xi'er looked at Lu Ming and others.

There are so many people in Yuanluodian, and there are many masters in it. Xie Nianqing and Xie Nianjun are strong, and I am afraid they are not opponents.

"Kill a knife to kill someone, no, it's a bird to kill someone!"

Lu Ming smiled slightly.

Tong Xi'er's eyes lit up.

At this moment, more than twenty people in Yuanluo Temple had rushed to the cliff. They left a few people to guard at the gate of the cave. Others rushed into the cave.

"You are waiting for me here!"

Lu Ming moved his body and left the mountain. After descending the mountain, Lu Ming took out a war sword and injected it into the war sword.

Uh!

A tremendous swordmans, rising up into the sky, straight above the sky, even if it is far apart, you can see it.

Then Jianmang slashed toward the cave.

"Damn!"

Several people guarding the cave were suddenly furious and shot out, blocking the sword.

Rumble!

The energy is arbitrarily, the sword energy is soaring.

After Lu Ming cut out a sword, he turned around and left.

His purpose was not to deal with Yuan Luo Temple's people, but to make a move to bring back the giant eagle.

Now that his goal has been achieved, he naturally runs away.

Karma!

In the distance, a huge chirp sounded through the sky.

The metal giant eagle apparently saw the swordman's side here and returned quickly.

"Damn, damn..."

An angry roar came from the cave, and those of Yuanluo Hall rushed out of the cave.

Headed by that bald man, he roared repeatedly, very angry.

"Who, who is it?"

The bald-headed man burst into a cold, murderous look, looking at some of the gatekeepers.

"Is a youth..."

A humane.

Karma!

A piercing cry came, and in the distance, a black spot appeared, and the giant eagle returned.

"Go away!"

The bald man roared and ran towards the distance.

He was angry, he had just entered the cave, and he hadn’t got the treasure in his hand yet. He was alarmed here, and the giant eagle returned. Now, he can only escape.

More than twenty masters of Yuanluo Temple ran desperately.

Karma!

The harsh voice is getting closer.

The speed of the metal giant eagle was too fast, its wingspan spread out, and it was 100 meters wide, like a lightning, chasing toward the people in Yuanluo Temple.

what!

In the distance, there was a scream of sorrow, and an angry roar, gradually away.

"go!"

Four people Lu Ming seized the opportunity and rushed towards the cave.

Not much time, they will seize the opportunity, take the treasure of the cave, and then leave, if the giant eagle returns, they are also dangerous.

They rushed to the mouth of the cave like four streamers, and rushed straight in without any hesitation.

Inside the cave, there is a passageway that is as long as 100 meters. They rushed over the passageway and appeared in a huge cave.

"this is..."

They froze as soon as they rushed into the cave.

In this cave, the lights are bright and full of different colors of metal, which is brilliant.

Moreover, many metals are in the shape of plants, with blossoming metal flowers.

But apart from these, there is nothing.

"Huh? That's..."

Suddenly, Lu Ming noticed that a wall was a little different. There was a place where the color was different from the color of the wall.

Lu Ming walked over.

When Lu Ming walked over, the different color on the wall actually wriggled.

It turned out to be a pool of metal liquid, just motionless, Lu Ming walked in at the moment, it started to move.

The metallic liquid, Jin Cancan, squirmed quickly, and turned into a metal ball. With a clatter, it flew in another direction.

"A metal ball..."

All four were very surprised.

Could it be that the treasure is this metal ball.

"Grab it..."

Without hesitation, the four shot directly and rushed to the metal ball from four directions.

Chapter 2588: Spiritual metal ball

Uh! Uh!

The metal ball was astonishingly fast, like a golden lightning bolt, flying around the hole **, the four of them suddenly did not stop.

"Leave me!"

Lu Ming showed his dominance, shrouded one side, and grabbed the metal ball.

The metal ball seemed to be a little scared, and it quickly retreated under a flash.

Over there, Xie Nianjun, her jade hand grabbed the metal ball.

However, the metal ball suddenly swelled up suddenly and became a large ball with a diameter of several meters, colliding with Xie Nianjun's palm.

boom!

With a violent roar, Xie Nianjun's figure was shocked, and he actually drifted back.

"What an amazing power!"

In everyone's heart, Gu was shocked.

Xie Nianjun Xiuwei is only one heavy virtual realm, but her divine strength is enough to compete with the four strong virtual realm, but was shocked by the metal ball.

However, the metal ball was also retreated by Xie Nianjun and rushed towards Tong Xi'er.

Tong Xi'er's complexion changed, but she didn't have the power of Xie Nianjun. A long sword appeared in her hand, and the sword pierced toward the metal ball.

However, an amazing scene appeared at that moment. The smooth surface of the metal ball suddenly appeared with a large mouth, golden and golden metal, forming fangs and a mouth, biting towards Tong Xi'er's long sword.

With a click, Tong Xi'er's long sword was actually bitten off, and the front piece was swallowed into the mouth by a metal ball, and he ate it.

"This..."

Several people Lu Ming looked at each other.

Tong Xi'er's long sword was an artifact. Although it was only a first-class inferior artifact, it was extremely hard. Now it was bitten by a metal ball and was eaten.

Why is this metal ball so perverted?

What made them speechless even more was that a pair of eyes appeared on the big mouth of the metal ball at the moment, and the eyes were squinted, a very enjoyable look.

A clever metal!

A few thoughts turned in their hearts.

Treasure, this is definitely a treasure, a mass of metal, actually born of wisdom, absolutely extraordinary.

Uh! Uh!

The figure moved again and rushed towards the metal ball.

However, this metal ball is very slippery and smart. It seems to see that Tong Xi'er is the weakest of the four, and he rushes directly towards Tong Xi'er.

Tong Xi'er no longer dared to take out the artifact to attack, and could only run the divine power and entangle toward the metal ball.

But the power of the metal ball was extremely amazing. Upon a collision, Tong Xi'er's divine power was knocked away. Tong Xi'er's body shook, and his body was knocked out, and he spit out a blood.

Her strength is simply not enough to fight this metal ball.

However, Lu Ming arrived in time, and with a wave of his hand, the dominant force formed a large hand and grabbed it towards the metal ball.

The metal ball seemed to be really afraid of the power of the master. His eyes showed fear, and he quickly retreated.

"Lu Ming, this ball of metal seems to be afraid of your dominating power. I will trap him and you will hold it!"

Xie Nianqing drank, and the whole body was filled with black light. A lot of black lotus appeared, and pressed towards the metal ball.

On the other side, Xie Nianjun also shot with all his strength. A lot of snow-white lotus emerged and pressed towards the metal ball.

Uh!

The metal ball rushed towards Xie Nianqing and collided with the black lotus.

bump! bump! ...

The lotus flowers kept bursting, but after the bursting, more lotus flowers appeared, and the metal ball was directly blocked.

Lu Ming rushed out, grabbing with both hands, and the dominating force formed a large net, which was enveloped toward the metal ball.

The metal ball is directly shrouded in a large net by the dominant force.

It bursts from left to right inside, but, strangely, it can't escape the big net formed by the power of the master.

Lu Ming began to shrink the dominating force, and the big net became smaller.

In the end, the metal ball was honest and stayed there motionless.

Finally, Lu Ming grabbed the metal ball in his hand.

"So heavy!"

When Lu Ming grabbed the metal ball, he almost missed it and fell to the ground.

This is extremely amazing. Although all the material in the vast universe is incomparable with the Tianyuan Yuanjie, its mass is many times larger than that of the Tianjie Yuanjie, but a mass of such metal **** almost made Lu Ming not hold it, and its weight It is estimated that it surpassed several mountains.

Just when Lu Ming wanted to look carefully, a sharp spike suddenly appeared on the metal ball. This sharp spike was extremely sharp. It suddenly pierced Lu Ming’s dominating power over his hand and punctured it. After Lu Ming's skin, a ray of blood ran on the metal ball.

Lu Ming was shocked and almost threw the metal ball out. Fortunately, the metal ball did not continue to move. The ray of blood penetrated into the metal ball and disappeared.

On the metal ball, a ray of dark red light flashed and passed away.

And this is, Lu Ming actually feels that the metal ball has become lighter and no longer has a trace of weight.

"this is..."

Lu Ming was a little dazed.

"Lu Ming, it seems that it has something to do with you, and recognize you as the master!"

Xie Nianjun walked over and said with a trace of envy in his eyes.

Not many can make Xie Nianjun envious.

"Ask me Lord?"

Lu Ming was also somewhat stunned.

"If I read correctly, this should be a metal life born from the origin of heaven and earth. This kind of metal life is not much in the vast and vast universe. It is very precious. It now recognizes you as the Lord, and it is with you. Fate, and cultivate it well in the future may be a big help for you!"

Xie Nianjun said.

On the edge, Xie Nianqing showed a happy look.

Tong Xi'er, with a hint of envy, but this time, she almost did not help, it was Lu Ming, Xie Nianqing they caught the metal ball, she was not good to say anything.

"Go, we will leave here soon!"

Lu Ming said.

They don’t have much time to delay, and if the giant eagle returns, it’s in trouble.

Immediately, they rushed out of the cave and chose a person who had escaped from Yuanluo Temple and other people, and soon disappeared here.

Soon after Lu Ming left, a harsh chirp sounded, the wind screamed, and the metal giant eagle came back.

It landed at the gate of the cave, seeming to sense it, and then issued an angry tweet.

Karma! Karma! Karma!

The metal giant eagle is mad, and its wings are chopped like a blade. Anything chopped by its blade like wings, whether it is a metal plant or a metal ground, continues to explode and turns into fragments flying around.

Uh!

Then, it soared into the sky, and then swooped down again, ruining the ground.

The seven-fold metal giant eagle of the False God Realm is really terrifying and its destructive power is amazing.

It frantically destroyed a pass nearby, and gradually flew to the distance, disappearing.

After the metal giant eagle left, a figure flashed and appeared at the entrance of the cave.

He Ran is the bald man in Yuan Luo Temple.

He rushed into the cave, but soon, he rushed out of the cave again.

"Ah, damn, damn, who is it?"

The bald man snarled and roared, his face was ugly.

Chapter 2589: Exotic metal ball

Yuan Luo Dian's bald man is really angry.

He understands that they have been pitted and miserable!

There were more than twenty people before them, but they were chased and killed by the metal giant eagle. All the people were almost dead. Only he survived.

And he dashed into the cave just now, and the treasure was gone.

Obviously, someone took the treasure in the cave while the giant eagle chased them.

"If you let me know who it is, I'm going to put you down, no place to die!"

The bald man made an angry roar, and then flew away from here.

They kept running until they left the forest, crossed a plain, and entered the next forest. They took a long breath.

"This guy..."

Lu Ming found that the metal ball was lying on his shoulders like a pool of liquid metal at this time.

Lu Ming did not pay much attention to it, and Xie Nianqing, Xie Nianjun, Tong Xi'er joined forces to restart hunting wild beasts and hunting beast cores.

bump! bump!

In front, there appeared two huge metal giant bears, the breath is very amazing, they are all threefold existence of the virtual **** realm.

This forest is more dangerous than the previous one. As soon as they came in, they encountered the triple existence of two virtual **** realms.

"I come!"

Lu Ming rushed directly to the past, while constantly triggering the war word tactics.

A few times later, the double combat power of Zhanzi Jue triggered, and Lu Ming fought with two metal giant bears.

Only in the Great War can it be tempered, and the triple existence of False God Realm is just right for Lu Ming.

Roar! Roar!

The giant metal bear is about ten meters tall and has great power. With a slap in the palm, he screams and the wind rages.

Lu Ming resisted with an artifact war sword and cut several swords in a row to fight against the metal giant bear.

For a time, the battle between the two sides was inseparable.

Xie Nianqing, Xie Nianjun didn't make a move, and swept around.

bump! bump!

Lu Ming collided with two metal giant bears in a row, and immediately exchanged dozens of moves.

The two giant bears were furious, roaring like thunder, and the power of the bear paws was getting stronger and stronger, making Lu Ming feel the huge pressure. On several occasions, he was almost swept by the bear paws.

"Yes, that's how it feels!"

Lu Ming was not surprised, but his eyes showed a strong fighting intention.

This kind of pressure, this kind of dangerous feeling, can make him ascend faster. Whether it is the **** of the way of mastering or the understanding of the tactics of war, it has a great effect.

"kill!"

Suddenly, Lu Ming screamed and rushed towards a giant bear. The giant bear roared and fanned out.

Lu Ming's body was slightly biased, avoiding the key points, let this palm fan, and his war sword, also cut towards the giant bear.

bump!

Lu Ming was hit by a fan, and his body shook like a lightning strike.

But at the same time, his war sword was also cut on the giant bear's chest, leaving a deep sword wound on the giant bear's chest.

Roar!

The giant bear was furious and the killing power was stronger. He rushed to Lu Ming, but at this moment, the mutation suddenly appeared.

The metal ball that had been lying softly on Lu Ming's shoulder suddenly turned into a rainbow of light and rushed past.

The body of the metal ball turned into a sharp thorn, piercing the giant bear's chest.

puff!

The giant bear's chest was actually pierced directly, and a transparent hole appeared before and after, and the metal ball flew out of the giant bear's back and became a circle again. In the middle of the circle, a cloth appeared The mouth and eyes full of fangs, even on both sides, the metal liquid extends out like two tentacles.

On the tentacles, holding a piece of golden metal, this is the beast core of the metal giant bear.

bump!

And the giant bear fell straight to the ground, no more breath.

What made Lu Ming several people dumbfounded was that the metal ball actually swallowed the beast core in a single bite and chewed.

The rest of the metal giant bear roared, actually showing a fearful expression, and turned and ran.

Uh!

The metal ball turned into a rainbow again, rushing towards the metal giant bear.

The defense of the metal giant bear has no effect on the metal ball. It is directly penetrated by the metal ball, and a transparent hole appears in the chest.

The beast core naturally falls into the hands of the metal ball.

Click!

The metal ball stuffed the beast core into his mouth again, and he ate it with a click. His eyes showed a very human expression of enjoyment.

"That's fine..."

Lu Ming was really stunned.

This metal ball, as far as the breath is concerned, should be a one-fold existence of virtual **** realm, but the two metal giant bears with three virtual **** realms have no resistance in their hands.

It's as if metal **** can restrain the life of these metals.

Then, Lu Ming's heart hurt a little, and the two beast cores of the three virtual **** realms were eaten by the metal ball, which was worth forty **** crystals.

"Can you restrain these metal lives?"

Lu Ming walked over and picked up the metal ball.

Click, click!

The metal ball's big mouth chewed hard, and his eyes showed a proud expression.

As if to say, that is of course.

Lu Ming was overjoyed.

"Okay, help us hunt the metal beasts in the future, but you can't eat the beast cores, but give me the beast cores!"

Lu Ming said.

Click, click!

The metal ball bite a few more times, and the entire metal ball was spinning, obviously refusing.

"You don't agree? If you don't agree, I will tuck you into the storage ring so that you won't get a piece!"

Lu Ming threatened.

The metal ball's big mouth bite hard, and an angry expression appeared in his eyes.

"Then put you in the storage ring..."

Lu Ming made no compromises.

After some bargaining, an agreement was finally reached with the metal ball.

Half of the beast cores hunted by the metal ball must be handed over to Lu Ming, and the other half should be left for it to eat.

half each!

After a good discussion, they set off.

Soon after, they encountered several wild beasts. However, after the metal ball was released, these wild beasts appeared very frightened. They were easily killed by the metal ball and took away the core of the beast.

The metal ball gave half of the beast core to Lu Ming, and the other half was stuffed into his mouth, and he ate it.

Lu Ming was overjoyed. In this way, their efficiency in hunting beast cores would be greatly enhanced.

Next, they rampaged through the forest and hunted wild beasts, greatly increasing their speed.

Lu Ming found that even if he met the four beasts of the False God Realm, the metal ball could be easily solved, but it was only a little troublesome.

Many times, they don't need Lu Ming to shoot.

Sometimes, when encountering a suitable opponent, Lu Ming has to stop the metal ball to have a chance to hone.

In an instant, they stayed in this forest for three days.

These three days, they have gained a lot.

The virtual **** realm is one heavy, and the four beast cores of the virtual **** realm add up, and they get thousands of them. If they are replaced with **** crystals, they will be worth more than 20,000 **** crystals.

It was only a few days and it was so rewarding that everyone smiled.

Chapter 2590: Five battles against the False God

On this day, they came to a valley and encountered a nest of metal lizards.

At least there are more than 20 articles, one for the virtual **** realm, and four for the virtual **** realm.

call out!

The metal ball rushed straight out, killing a quadruple metal lizard in the virtual **** realm, and then killing other lizards.

"Leave two for me!"

Lu Ming also rushed over, the war sword turned into the sky, stopped the two lizards of the three virtual **** realms, and fought together.

Over the past few days, he has also fought fiercely with metal beasts from time to time, and his understanding of the war character tactics has become deeper and deeper. The chance of triggering the double combat power of the war character tactics has also increased.

They did not find that a figure appeared on a mountain in the distance.

This person is the bald man in Yuanluodian.

In the past few days, he has been searching and came here unintentionally. Hearing the fight here, he came over and looked at it.

At first glance, he saw a cold killing opportunity.

"It's that, that treasure..."

His eyes stared straight at the metal ball.

At the beginning, he had rushed into the cave and saw the metal ball. When he was about to take the metal ball down, the metal eagle came back. He could only run away in a hurry.

Now, seeing the metal ball here, he immediately knew who was the one who pitted him, it was Lu Ming.

"Tong Xi'er, it turned out to be them. I sent a few people, but they didn't kill them. Damn, hate, I want you all to die!"

Sensitive expression appeared in the eyes of the bald man, in addition, there was deep greed.

That metal ball can actually easily hunt metal wild beasts and obtain beast cores. If he got it, wouldn't it be!

He moved, walking along the ground, silently rushing towards the landing and rushing them away.

He is very cautious in his work. Although Lu Ming’s performance is not high, but among the people he sent, there are four levels of False God Realm, but he never returned.

Therefore, he intends to take a sneak attack and resolve a few people first.

He was extremely fast and soon approached Lu Ming.

"Who!"

Xie Nianjun's eyes suddenly turned in one direction, the holy glory came out, forming a war sword, and the sword was cut out.

call out!

Where the sword light passed, the metal trees were split in half.

boom!

Over there, the magical power burst out, the energy was wanton, and a figure rose into the sky and was exposed in front of everyone.

"Lingjue is so keen, and that divine power is actually so strong..."

Yuan Luo Dian bald man, shocked in his eyes.

He had condensed his breath, but was still discovered by Xie Nianjun. At the same time, the power of Xie Nianjun's sword shocked him.

A person with a heavy imaginary realm is so powerful that it is not weaker than the fourfold imaginary realm.

"Demon, Zhengtianjun, there is such a monster, you must get rid of it!"

The bald man shouted in his heart.

"It's him!"

At this moment, Lu Ming, Xie Nianqing and others recognized this bald man. They had seen the bald man far before.

Uh!

Lu Ming moved, avoiding the attack of the two lizards, and then the metal ball rushed over, killing the two lizards, pulling out their beast core, and then landed on Lu Ming's shoulder.

"Tong Xi'er, you are not dead, then it seems that the person I sent is already dead!"

The bald big man grumbled.

"Yes, we have been killed!"

Tong Xi'er said, but her face was a little dignified. This bald man puts a lot of pressure on her and is definitely a terrifying master.

"So before, did you alarm the metal giant eagle and bring it back to that cave on purpose?"

The bald man sneered with a fierce light in his eyes.

"It seems that you are not stupid!"

Lu Ming said coldly.

"Boy, hand me that metal ball!"

The bald man looked at the metal ball on Lu Ming's shoulder, the greed in his eyes was more intense.

"Want? Get it yourself!"

Lu Ming said.

"court death!"

The bald-headed man moved towards Lu Ming like a flash of lightning.

call out! call out!

The bald man just moved, and Xie Nianqing and Xie Nianjun moved, one black and one white sword light, covering towards the bald man.

"Get out of here!"

A bald sword appeared in the hands of the bald man, and the blade of light shone violently, and he beheaded Xie Nianqing and wanted to shock the sword light of the two.

"Five levels of False God Realm!"

As soon as the bald man shot, Lu Ming saw the behavior of the bald man.

The five levels of the virtual **** realm are absolutely powerful. Both Xie Nianqing and Xie Nianjun did not dare to confront the bald man. Their sword changed, and they transformed a dozen sword lights. Stabbed.

"Go, go!"

The bald-headed man roared, and the sword continued to burst out. However, the combat skills of Xie Nianqing and Xie Nianjun were too strong, completely avoiding him, but they could attack him at all times.

The two teamed up, and the sword light flashed non-stop, and the forced bald man could not rush through for a while.

bump!

At this moment, Lu Ming's eyes flashed coldly, his footsteps stepped, his figure burst towards the bald man, and a sword was cut towards the other's head.

"roll!"

The bald-headed man roared, his divine power boiled, and erupted like a tide. Lu Ming's war sword was slashed on this strong divine power, just like it was chopped on a big mountain.

boom!

Lu Ming felt a horrible force coming, and his body could not help but retreat.

"Very God is fivefold, so powerful!"

Lu Ming felt his arms numb and his body full of blood and blood.

Click!

At this time, the metal ball threw a beast core into the mouth, and while the big mouth chewed, its body rushed towards the bald man.

In the process of rushing out, the metal ball changed drastically, turning into a big ball with a diameter of several meters, and smashed towards the bald man.

Boom!

The bald man cut the metal ball with a knife, and a huge roar erupted. The metal ball was flew out, but the bald man's knife could not help but stay.

Taking advantage of this opportunity, the sword lights of Xie Nianqing and Xie Nianjun skyrocketed, like two rainbow lights, killing the bald man instantly.

"Go away!"

The bald man roared, and the sword was swept across like a thousand troops.

A crescent-shaped blade of light chopped out in all directions.

This is a large-scale attack. Although it is extremely divine, it has a major effect in this situation.

The figures of Xie Nianqing and Xie Nianjun retreated back and forth.

Although they can kill the fourfold existence of False God Realm by virtue of their powerful fighting skills, they are still not opponents of the fivefold False God Realm after all.

"Boy, die for me!"

Xie Nianqing and Xie Nianjun were forced to retreat with a knife, and the bald man was extremely grim and came to the landing to fight.

"go with!"

Lu Ming waved his hand and the metal ball rushed out again towards the bald man.

However, the metal ball was still blown out by the bald man.
