

D Emperor 2611

Chapter 2611: Hurricane Passage

"not good!"

Lu Ming's face changed wildly, and the attraction in front of the channel was too strong. Lu Ming was not prepared at all, and was sucked over at once.

Uh!

Lu Mingru, a flat boat in a huge wave, was thrown out directly following the waves.

Soon, the passage came to an end.

However, at the end of the passage, there is a larger passage. The passage where Lu Ming was just now is just a tributary.

The two channels converge with each other.

Lu Ming was directly thrown into this larger channel.

Huh...

The larger channel is at least several kilometers in diameter and is filled with endless gusts of wind, blowing in one direction.

It is because this gust of wind drives the airflow that it has a terrifying appeal.

The endless gust of wind blew on Lu Ming, like a sharp blade, cutting on Lu Ming, causing bursts of tingling.

Lu Ming quickly transported the power of domination, spreading all over the body, resisting the attack of the wind.

Huh...

The wind screamed, and Lu Ming was carried by the wind, and drove towards the front of the channel at a rapid speed. In a blink of an eye, he flew hundreds of miles.

"No, it can't be carried like this forever!"

Lu Ming's thoughts turned sharply, carrying all his strength and rushing towards the side of the channel.

The side of the channel was full of pitted and concave stones. When Lu Ming approached the side of the channel, Lu Ming grabbed a raised rock and finally stabilized his figure.

"In the depths of this cave house, there is actually a hurricane passage. Where exactly does it lead?"

Lu Ming thought about it.

Is it true that the core of the cave house, in the depths of the passage, must pass the hurricane passage to reach the core of the cave house?

This is very possible!

Many strong men will set up formations or various traps around their caves to block others.

This hurricane passage was probably laid by the owner of the cave house.

"Along the side of the passage, go in and see!"

Lu Ming made the decision and came here, he didn't want to give up.

Immediately, Lu Ming climbed the raised rocks along the side of the channel and slowly walked towards the depth of the channel.

However, Lu Ming found that the closer to the depth of the passage, the stronger the wind force, the more powerful Lu Ming resisted those hurricanes and was very exhausted.

Every once in a while, Lu Ming will stop to rest and restore his strength.

In this way, Lu Ming has been walking for three days, but still has not reached the end of the channel.

This channel, as if it is endless, has no end.

Roar!

At this moment, Lu Ming heard a roar of the beast.

"Beast roar? What's going on here, are there still wild beasts or mythical beasts?"

Lu Ming was puzzled, but at the next moment, his eyes suddenly widened.

Because, he saw a huge wild beast, soaring in the hurricane and coming towards the landing.

This is a peculiar wild beast, the body is like a goshawk, covered with blue feathers, but its head is a lion head.

The lion head bird body, this kind of wild beast, Lu Ming saw it for the first time.

This kind of wild beast, completely without fear of those fierce winds, fluttered its wings, headed against the wind, his eyes were like electricity, sweeping towards Lu Ming.

Uh! Uh!

It flapped its wings a few times, and flew towards the landing sound at a rapid speed. The claws caught Lu Ming in the sky, and howled, the sharpness was terrible.

Lu Ming's eyes were cold, and he grabbed the rock in one hand and the meteor gun in the other, and stabbed it with one shot.

when!

The meteor gun pierced the opponent's claws, and the sound of gold and iron clashes sounded. The lion head eagle body was shot and flew out, but Lu Ming's spear was also trembling, and the shaking Lu Ming's arm was numb.

"What a terrible power!"

Lu Ming felt awkward in his heart, not daring to carelessly.

Roar!

The lion head eagle body retreated, its wings spread, and it stabilized its shape, and its eyes were even colder.

A flap of wings, like a violent wind, rushed towards Lu Ming, and wings like a sword, cut towards Lu Ming.

call out! call out! call out!

Lu Ming single-handedly pierced a gun with a gun, and fought against the lion-headed eagle.

In a blink of an eye, the two sides confronted dozens of times.

In the end, Lu Ming stabbed out and stabbed in the lower abdomen of the lion head eagle body, the lion head eagle body roared, his body retreated, and the sky feathers fell, rolled by the hurricane, and disappeared at the end of the channel.

Roar! Roar! ...

The lion-headed eagle beast was extremely angry, roaring constantly, and its wings flickering at a rapid speed.

Uh! Uh! ...

The wind blades formed, sharper than ordinary artifacts, and slammed towards the landing.

"not good!"

Lu Ming did not hesitate, triggering the double combat power of Zhanzi Jue.

Now, Lu Ming triggers almost twice, and can successfully trigger the double combat power of Zhanzi Jue.

Triggering double combat power, the strength increased greatly, the spear shuddered, pierced hundreds of guns, and destroyed those wind blades one by one.

At the same time, the spear swept out of the wind and swept toward the lion-headed eagle beast.

Lu Ming's attack was already surprisingly fast. At the moment, following the wind, the speed was faster. The lion-headed eagle beast wanted to avoid it. It was too late to be directly hit by a long gun.

bump!

The lion head eagle body burst directly.

To Lu Ming's surprise, after the lion-headed hawk-beast exploded, there was no drop of blood, and it directly disappeared into energy.

"Fake, not real creatures?"

Lu Ming was also stunned. Could it be that a large array of people came together?

However, this kind of lion head eagle body beast is too real, just like the real one, Lu Ming did not distinguish it just now.

After killing the lion-headed eagle beast, Lu Ming walked along the side and moved on.

However, this time it was not very far, and I heard several roars.

Then, Lu Ming saw the lion head eagle body again.

Moreover, this time it was not one but three.

The three lion-headed eagles and beasts, when they saw Lu Ming, rushed to the landing Ming.

"Then fight!"

Lu Ming's eyes were cold and he wielded a spear, fighting with the three-headed lion-headed eagle body beast.

This time, hundreds of tricks were killed.

In this hurricane passage, Lu Ming had to resist the gust of wind and was unable to exert his full strength, but the lion-headed eagle beast was like a fish, and could exert its ultimate strength.

Therefore, even if the lion head eagle body is not high in grade, Lu Ming still spent a lot of time to kill the other party.

"In this environment, it is good to hone yourself!"

Lu Ming smiled slightly.

In such adversity, with the lion head and eagle body, Lu Ming must go all out to maximize the power of the master and the war of words.

After a few fights, Lu Ming felt that he had some understanding of the master and the tactics of war.

Although not much, it is much faster than boring hard work.

Later, Lu Ming found a large raised rock. With this rock, he stabilized his body and recovered his power.

Every time you use the double combat power of the warfare tactics, you have to rest and recover, it is impossible to use continuously.

After a few hours, Lu Ming fully recovered, and then continued to go deep into the passage, but did not go far, and several lion-headed eagles appeared, fighting with Lu Ming.

Hundreds of tricks were killed before the lion head and eagle body were killed. Lu Ming had more insight into the way of **** and the tactics of war character.

Chapter 2612: Fighting

In this way, Lu Ming went all the way, fought all the way, and three months passed.

In three months, the channel still did not end.

There are two main reasons for this.

First, this passage is too long.

The second reason is that Lu Ming is moving very slowly, because every time he travels a certain distance, he will encounter the lion's head and the eagle's body, so that it will naturally slow down.

Even once, Lu Ming encountered more than ten lion-headed eagles and beasts and appeared together. Lu Ming was not at all enemies and could only retreat against the wind.

Fortunately, this kind of lion head eagle body seems to have its own territory. Lu Ming retreated to a certain area, and the other party will not pursue it.

Lu Ming continued to fight with the lion head and eagle body.

The master of Yuanluo Dian and the masters of Yuanluo Dian, after three months, finally broke the formation of the outermost gate.

Click!

The door opened, Yuanluo Dian and other people rushed into the door with excitement.

They dreamed that there were a lot of treasures waiting for them.

But soon, it was like a pot of cold water pouring on them.

No, nothing!

They searched every corner, empty, nothing.

Yuanluo Dian's face was gloomy.

They naturally searched for the passage that Lu Ming had entered before, but the gap was already blocked by the ball. They just swept at random and naturally did not find it.

Soon, they came deep and were blocked by the second gate.

"Master, there is a door here. Perhaps, the area where we are now is just outside the cave, so there is no treasure. Through this door, you may be able to get a chance!"

The elders of the Yuanluo Palace, the niche of the elder.

"Good, treasure, it must be hidden inside!"

"As long as we open this door, we will definitely get the treasure!"

Others in Yuanluo Hall also spoke one after another.

Yuanluo Dian's face looked a little more beautiful, and said: "Okay, then we will join hands to break through this door and get the treasures by then, this seat will not treat you badly!"

"Thank you, Lord!"

The others thanked, and then everyone joined forces and began to bombard the gate.

However, as soon as they shot, their faces looked a little unsightly.

Because the strength of the formation of this gate is much stronger than that of the first gate.

The first door, it took them many months to open, this door, I am afraid it will take longer.

But until now, they have no choice but to grit their teeth!

In the sky above Zhengtianjun, Fazu and Fu Heng played a game of chess.

What they play is not real chess, which contains cultivation and wisdom. Every move is a contest between two people, and it takes a long time.

They still play chess with all their strength.

In the hurricane passage, Lu Ming still slowly moved forward, fighting with the lion head and eagle body.

In this way, Lu Ming entered the hurricane channel for the past eight months.

After eight months of continuous fighting, Lu Ming has made great progress in all aspects.

Lu Ming felt that his cultivation base had reached the limit of the Five Star Heavenly Emperor, and he could already break through.

"Here is constant fighting and training, and my cultivation progress is really fast!"

Lu Ming sighed.

If you practice step by step outside, even in such a good environment as Honghuang Universe, Lu Ming needs at least five years to break through.

This is still under the premise that the portrait of Jing Yu is always enlightened.

But here, within a year, Lu Ming felt that he could break through.

"Look for a better place to break through, and along the way, I also saw some pits, but I can break through in those pits!"

Lu Ming thought.

The walls here are uneven, and there are often some pits, like shallow caves, which is a good hiding place.

Lu Ming went on, and after several fights, Lu Ming finally found a pit.

Entering the pit, Lu Ming sat cross-legged and exercised his power.

A few hours later, Lu Ming returned to the peak state, and then took out a bunch of Shenjing and began to break through.

This time the breakthrough came naturally, and there was no difficulty.

A few days later, Lu Ming successfully entered the Six-Star Heavenly Emperor, at the cost of consuming more than 10,000 pieces of Shenjing.

Entering the Six-Star Heavenly Emperor, Lu Ming's strength is stronger.

However, the further back the False God Realm, the greater the gap between each weight. He broke through in the Heavenly Emperor Realm and wanted to fight across the ranks, making it more and more difficult.

If you don't use the war character tactics, Lu Ming can only contend with the four levels of a virtual **** realm by virtue of the way of domination, and it is barely reluctant.

After the successful breakthrough, Lu Ming continued to move forward, fighting with the lion head, eagle body and beast to hone his body.

In a flash, Lu Ming entered the hurricane channel for one year and three months.

At this time, Yuanluo Hall Master and others were still blocked by the second door, and did not break through.

"Master, not good!"

At this time, a master of Yuanluo Temple came in to report.

"what's up?"

Yuanluo Dian asked the sullen face.

His mood is very uncomfortable. He has been here for more than a year, but till now, he hasn't got anything.

In this way, when Fu Heng couldn't hold back Fazu, it was another trouble.

"The Lord of the Palace, Sect Master Xiaoyao brought someone here!"

Yuan Luo Dian master report.

"The old fellow Stuart..."

The master of Yuanluo Palace gritted his teeth.

"Brother Kang, you are too kind. There is a strong man's cave here. If you want to swallow, you will not inform me!"

At this time, a cold and quiet voice sounded, a group of people rushed in.

The one headed is a thin, middle-aged man. This man is the Sect Master of the Yaoyao Sect, Situ Haonan.

"Brother Situ misunderstood, there is a big block here, I wanted to break through the big line, and I will inform you!"

Yuan Luo Dian Dian Lord skin smiled flesh and smiled.

"Notify me when you break through?"

Situ Haonan sneered and said: "Brother Kang, how to say, we are also the Alliance, we joined forces to deal with Zheng Tianjun, I Xiaoyao Zong, help you hold down a lot of Zheng Tianjun masters, so only give you a chance Occupy this cave mansion, so this cave mansion, my Xiaoyaozong, will also have to share one. Brother Kang, do you have any opinions?"

"How much do you want?"

The main road of Yuanluo Hall.

"Half, the treasure inside, you and I, half of each!"

Stuart South Road.

"half?"

Yuan Luo Dian Dian's face sank, and said: "Brother Situ, your appetite may be too big!"

"Too big? Ha ha!"

Situ Haonan sneered and said, "If I turn around now and leave, I will draw the Fa Ming. By that time, I am afraid you will not even get half!"

"you..."

Yuanluodian's face was ugly.

Everything is a benefit!

Yuan Luo Dian and Xiaoyaozong joined forces only for the benefit.

Now, a strong man cave house is in front of them, their relationship is not so friendly.

He had no doubt that if he refused, Situ Haonan would do everything.

Chapter 2613: Seven Star Heavenly Emperor

Yuan Luo Dian Dianzhu barely squeezed a smile, said: "Brother Situ laughed, good, half is half, but the large formation here is very strong, it is difficult to break open, then, the masters of Xiaoyaozong shot together!"

"This is natural!"

Situ Haonan smiled.

Immediately, the masters of Yuan Luo Dian and Xiao Yao Zong joined forces to bombard the large formation.

The two joined forces and the speed increased greatly. It took only a month to break through the large array and open the door.

"go!"

The masters of both sides rushed into the gate, preparing to search for treasure.

But after entering, dumbfounded.

Clean and slippery, there is nothing in it.

They came to Lu Ming's place where they took away the Elixir. There are a few shelves here, but there is nothing on the shelves.

Empty?

Yuan Luo Dian Lord's complexion was dying, his chest undulated, almost spitting blood.

Is this cave house empty, the cave house owner, left nothing?

It should not be!

This is Tenjindong Mansion.

According to common sense, even if these characters leave, some precious treasures will be taken away, but there will always be some unimportant items.

It is not important for Tenjin, but for them, it may be valuable treasures.

But how could there be nothing?

"Search, search carefully!"

Yuanluo Dian Lord roared.

They searched inside and out, but none of the hair was found.

Finally, they came to the depths of this area, where there was a passage, blocked by extremely powerful formations.

"There is also, maybe, it is the depth of the cave house? Maybe, the treasures are inside?"

Yuanluo Dian, the main lord and others, could not help comforting himself with such an idea.

Then there was no way to continue selling the coolie and bombard the large formation.

However, the strength of the large array here is even more amazing, and it is much stronger than the previous large array.

Even if the strong man who joined the Xiaoyao Sect wants to break open, I am afraid it will take a short time.

In a hurry, Lu Ming entered the hurricane channel for two years.

After continuous fighting, Lu Ming made rapid progress, and his cultivation behavior, unconsciously, reached the peak of the Six Star Heavenly Emperor.

Lu Ming found another pit and began to impact the realm.

In the end, he successfully broke through the realm and broke into the Seven Star Heavenly Emperor.

Seven Star Peak Emperor, Lu Ming finally reached.

In the next step, it is 10,000 yuan to unite and condense the fire.

After condensing the **** fire, you can impact the realm of martial arts and enter the second step of cultivation.

For Lu Ming now, it is not particularly difficult to unite ten thousand yuan and condense Shenhuo.

Because Lu Ming came to the Honghuang Universe, the small world has already merged with the Honghuang Universe and transformed into a pure world power and a master power.

Moreover, with Lu Mingxiu's promotion, the dominant power in his body is occupying an increasing proportion.

Now, the proportion of Lu Ming's dominating power has reached 99%, and the world's power is only 1%.

As long as all the power in the body is transformed into the power of master, Lu Ming can start to try to unite 10,000 yuan and condense the fire.

This trip to Dongfu helped Lu Ming save a lot of time.

"carry on!"

After the breakthrough, Lu Ming continued to walk along the channel.

Huh..

Rumble...

This time, after Lu Ming traveled for a while, not only did he hear the terrifying gust of wind, but also the deafening collision sound.

"That is..."

Lu Ming went on for a while and found that this passage finally came to an end.

At the end of the channel, there are several channels that merge and converge.

Each channel is full of gusty winds, and the gusts of several blasts hit together, and an amazing roar erupted.

Moreover, the gusty winds of several channels converge into a larger channel, making the gusty wind of that channel surprisingly strong.

Lu Ming felt that if he went in, I am afraid that he would not be able to resist it for a long time, he would be torn apart by the wind.

"It seems that I can only stop here, deep inside the cave house, I'm afraid I can't get in!"

Lu Ming thought.

"Hey, is there a cave here?"

Suddenly, Lu Ming found a black cave on the side of the wall. Lu Ming crawled along the wall and looked at the cave. He found that the cave was dark and bottomless.

Lu Ming walked all the way, haven't found a similar cave?

Where does this cave lead?

Lu Ming was curious and pondered for a while. Lu Ming decided to take a look.

Lu Mingyun took over the power of domination, his eyes were flooded, and the dark cave, he could also see at a glance.

Lu Ming entered the cave, and there was no trace of wind in the cave.

Lu Ming walked carefully along the cave and walked for thousands of kilometers, and the cave came to an end.

Then, Lu Ming found that he came to a huge platform.

The platform is very wide. On the side of the platform, there is a gust of wind.

Lu Ming walked over and found that the direction of the platform was a hurricane passage. The gusty wind there was extremely terrible, and it was many times stronger than Lu Ming encountered before.

Lu Ming's face was a little dignified, and he dared not get close, away from the hurricane passage, and looked at the rest of the platform.

On the other side of the platform, there was a stone door. Lu Ming pushed the door in and found it was a passage.

There are some rooms on both sides of the passage.

"Huh? These are the bedrooms?"

Lu Ming found that these rooms had stone tables and stone beds, but they were all ordinary and not treasures.

Several rooms in a row are all ordinary stone tables, stone beds, etc., and have no value.

Until Lu Ming came to the last room, Lu Ming's eyes lit up.

In this room, there are some shelves on which are placed pieces of weapons.

Lu Ming's heart began to beat sharply, and he took a war sword nearby and entered the power of domination.

Buzz!

The war sword began to glow, and a strong breath came out.

"This... this is the ninth-order inferior artifact!"

Lu Ming's breathing accelerated, his eyes fiery.

This is definitely a ninth-order inferior artifact.

You know, the meteor gun Lu Ming bought is nothing more than a sixth-order inferior artifact, and the value has reached 7,000 **** crystals.

The ninth-order inferior artifact, at least many times the price, to sell a seven or eight thousand **** crystals, or even more than one hundred thousand **** crystals, is also very normal, even more than that.

"There are words below!"

Lu Ming found that the sword hilt had a small sign with the words written on it.

Ancient Moon Sword, the ninth-order inferior artifact!

The sign reads such a line.

"Sure enough, the ninth-order inferior artifact!"

Lu Ming laughed, quickly put away, and then looked at the other weapons.

"Qingfeng Hook, the ninth-order inferior artifact!"

"Clutch knife, the eighth-order inferior artifact!"

...

Lu Ming looked at six or seven weapons in a row, all of which were above the seventh-grade inferior artifact.

"Sent, sent, I sent..."

Lu Ming muttered to himself.

This time, it really happened. Lu Ming never expected that after passing that hurricane channel, there would be so much gain.

"Six war clubs, first-class middle class artifact!"

When Lu Ming picked up a long stick and looked at it, his eyes lighted up immediately.

Chapter 2614: Ambush

Here, there is actually a middle class artifact.

The middle class artifact, that is the strong man corresponding to the true god, and the strong person of the true **** realm, can only exert the middle class artifact to its greatest power.

Lu Ming's eyes became even hotter, and he put away the stick and looked at it at an accelerated speed.

"Third-order middle-grade artifact, second-order middle-grade artifact..."

After a moment, Lu Ming collected all the weapons here.

A total of thirty-three artifacts.

All of them are above the seventh-grade inferior artifacts, and any one is better than the meteor gun he currently uses.

Among them, twenty artifacts.

There are thirteen artifacts in the middle class.

Even, there are two artifacts in it, the highest level, reaching the seventh-grade middle-grade artifact, a war sword, a war sword.

How many **** crystals can be sold for the seventh-order middle class artifact?

Lu Ming is totally inestimable. Even artifacts of this level, even the forces of Zhengtianjun, Yuanluodian, and Xiaoyaozong, could not be brought out.

Too precious!

Thirty-three artifacts, Lu Ming doesn't know exactly how many divine crystals are worth. In short, he knows that he sent them.

In the future, he will not have to worry about resources, and his disciples, relatives, friends, and people in the Dragon League will not have to worry about resources.

"Meteor gun, you can change it!"

Lu Ming smiled.

Among the thirty-three artifacts, there are also several spears.

The highest-level one is the fourth-order Zhongpin artifact.

In addition, the eighth-order inferior artifact, the ninth-order inferior artifact, each has one.

Lu Ming took a ninth-order inferior artifact and waved it a few times, feeling quite good.

After searching all the artifacts, Lu Ming wandered around again to make sure that there were no more treasures before Lu Ming left.

"Go ahead and take my cultivation as an example, you can't get in, you can go back!"

Lu Ming was satisfied.

Then go back to the hurricane passage through the cave.

Then follow the original road, climbing back to the rock.

Going back is against the wind, which is quite difficult.

However, the lion-head eagles and beasts of this hurricane channel have been killed by Lu Ming. When they returned, there was no lion-head eagles and beasts stopped, and Lu Mingxiu improved it again, so the speed was still very fast.

Even headwinds are many times faster than when they came.

Just after Lu Ming crawled back for some time, the people of Yuan Luo Dian Xiaoyao Sect finally opened the formation of the passage, and they passed through the passage in a hurry.

At the end of this passage is where Lu Ming just got a lot of artifacts.

Then, the master of Yuanluo Palace, Situ Haonan and others discovered that here, it was still empty.

There is nothing but stone benches and tables.

"what happened?"

Yuanluo Hall Master roared, and could not control his temper.

After a lot of hard work, he found that there was nothing here.

If he knew it, Lu Mingjie had already landed here first, I am afraid he would vomit blood directly.

Everyone's face was extremely ugly, and then when they found the hurricane passage, their face was even more ugly.

The hurricane channel here is already a combination of several channels, and the power is amazing. Even the cultivation of Yuanluo Dian is a bit daunting.

"This should be the place of obstruction under the master of the cave house. Isn't the real inner house deep inside these hurricane passages!"

They guessed.

However, for a time, they hesitated.

Generally this kind of place will definitely be accompanied by danger.

"Observe for a few days before making a decision!"

The main road of Yuanluo Hall.

...

Zhengtianxing, the headquarters of Zhengtianjun, Fazu and Fu Heng played this game for more than two years.

At this time, the last moment has come.

"Break me!"

When Fazu waved his hand, a huge piece was formed and fell towards the board.

Fu Heng changed his face, waved his hand, a powerful force, flocked to Fazu, not letting his pieces fall.

boom! boom!

The two shot consecutively and confront each other.

Over the past two years or so, the two have been fighting each other and have no idea how many times they have passed.

After a dozen moves!

boom!

After all, Fazu's chess pieces fell on the board.

"you lose!"

Fazu looked to Fu Heng.

"Pharaoh was really shocked, and the husband admired that the game had been played and the husband had fulfilled his promise. Don't blame Pharaoh, go!"

With a wave of his sleeves, Fu Heng rose to the sky, and then a star warship appeared. He took the star warship and left Zhengtianxing.

"North Merchant Star..."

As soon as Fu Heng left, Fazu immediately went to the teleportation array to the North Shangxing.

After coming to Qixing Island, he immediately rushed to the Chen Jin ore vein, which was 100,000 miles away from Chen Jin Island, where he joined with the people of Zheng Tianjun.

"The Lord is here!"

"Master!"

The people of Zhengtian Army immediately saluted Fazu.

"What happened to Yuanluo Temple over the past two years?"

Fazu asked.

"Master, these two years, the master of Yuanluo Palace, and the master of Xiaoyao Sect, they are in the strong man's cave, and they never came out!"

Someone reported it.

"The old fox of Situ Haonan is here too!"

Fazu flashed a sharp edge in his eyes, and ordered to go on, saying: "You are waiting for me here, I will go alone to check!"

After all, the Fazu turned into a rainbow of light and pulsed towards the Chen Gold Mine.

"It's the main ruler of Zhengtian Army!"

"Hurry to inform the lord!"

As soon as the Fazu arrived, the people of Yuanluo Temple and Xiaoyao Sect immediately discovered that, under the leadership of several powerful powers of the true **** realm, they were cautiously alert, and then they sent the news to Yuanluo Hall Master.

Yuanluo Hall Master, Situ Haonan, received the news at the same time.

"Faming dare to come alone, fortunately, today, let him stay!"

Yuanluo Palace Master, a cold light flashed in his eyes.

It took him several years to get nothing, and he sighed in anger.

"Fortunately, except for the Fa Ming, the territory of the Zhengtian Army, we share equally!"

Situ Haonan also said coldly.

"Mo Lao, you are hiding in the dark first. Fa Ming may think you are still guarding the headquarters. Wait a moment when Brother Stuart and I fight Fa Ming. You secretly strike and secretly attack Fa Ming!"

The master of Yuanluo Dian ordered.

For the ancestor of the Fa, Yuanluo Dian Lord, quite dread.

Both he and the niches are four-fold cultivation practice of the true god, and the dharma ancestors are only three-fold cultivation practice of the true god. However, the dharma ancestor's combat power is extremely powerful, and with one person's strength, he can confront them both.

Even with Situ Haonan, if there is a head-to-head battle, they are not sure that they can leave Fazu. If Fazu wants to leave, they can't stop it.

Only by sneak attack can it be possible to leave the Fazu.

"Relax, my Taiyao elder of Xiaoyaozong, also lurks near the Chen gold ore vein, and he can also attack at that time. Today must leave Fa Ming!"

Situ Haonan said coldly.

In the heart of the Yuanluo Palace Master, there was an old fox in secret, and this Stuart Haonan let a Xiaoyaozong elder elder lie in the dark, most of them guarding against Yuanluo Palace.

"Okay, today, let Fa Ming, come and go!"

Yuan Luodian, the host, said coldly, a group of them went out.

Chapter 2615: True war

Outside the cave, the ancestors stood in the void and filled with vast divinity.

"Arrange!"

The masters guarding Yuanluo outside the cave house, and the masters of Xiaoyaozong, were extremely dignified, retreating one by one, and laid out a large formation and waited for it.

The name of Fazu is too great!

A person who walked out of the world of Xiaoqian under the jurisdiction of Yuanluo Palace, but got rid of Yuanluo's shackles, rose against the sky, founded Zhengtian Army, and confronted Yuanluo Palace.

The key is that the power of the Fazu is extremely powerful. With one person, the two strong men who have resisted the Yuanluo Temple alone have established their illustrious reputation.

At the scene, although there is also a triple existence of a true **** in Yuanluo Temple, which is the same as Fazu Xiu, but in the face of Fazu, he was pale and dazed.

He had seen Fazu's first move and then killed a strong man who was also a triple god. He had no courage to face Fazu.

"Kang Ji, get out!"

Fazu drank coldly and his voice rolled, causing many weak people to fall back.

"Faming, do you only run wild before my hands?"

Within the cave house, the voice of Yuanluo Dian and Kang Ji came.

Then, the figure flashed, and more than ten figures rushed out of the cave.

It was Kang Ji, Situ Haonan and others.

Of course, the elder niche of Yuanluodian did not appear.

Kang Ji glanced and found that only Fa Ming was alone, and the cold light in his eyes was more intense.

"Kang Ji, Chen Jindao, was originally owned by my Zhengtianjun. Now, you can go!"

Fazu Road.

"Hahaha, ridiculous, really ridiculous!"

Kang Ji laughed and looked at Fazu with a sad look. He said: "Faming, you are really naive. You have been in the riot Xinghe for so many years, have you not understood the truth, who is strong in the riot Xinghe? , Who can occupy more and bigger territory, from now on, this island, no, the entire northern Shangxing, will belong to my Yuanluodian and Xiaoyaozong, do you understand?"

"Since that is the case, speak with strength!"

Fazu is very direct, stepping out, the vast divine power erupts like tide.

boom!

Fazu pushed down with a palm, and his divine power boiled. A huge palm print fell down towards Kang Ji.

Kang Ji didn't dare to carelessly, and the four-fold divine power of a real **** realm completely broke out. In his hand, a sword appeared, and a sword rose into the sky, slashing towards the palm of the Fazu.

boom!

The sky is full of energy, the collision of divine power produces a burst of shock waves, scattered in all directions.

"No good, block it!"

Yuan Luo Dian, the strong realm of Xiaoyaozong, placed a defense in front of them to resist the shock waves, but they were still retreated by the shock waves.

Some people who are weak are vomiting blood directly, and their face is pale. If there is a strong defense of the true god, those who are weak may be washed to death by shock waves.

There is a huge gap between the virtual **** realm and the real **** realm.

At the same time, the sword light and the palm print collapsed, and the figure retreated continuously, but the person who retreated was Kang Ji.

His cultivation practice is clearly fourfold of the true god, which is one heavier than the Fazu, but in the face of a battle, he falls.

"Kang Ji, your combat strength is not good!"

Fazu opened his mouth indifferently, mobilized the divine power, and fell again.

"Liyang Sword Technique!"

Kang Ji shouted, and the sword of the fourth-order middle-class artifact burst into a dazzling light, as dazzling as a round of the sun.

Then, he cut it out with a slash, and slashed it toward the palm of Fazu.

Kang Ji, exhibited magic skills!

"Faming, take me a trick!"

Sect Master Xiaoyao, Situ Haonan also started. His body moved like a glimpse of light, approaching the extreme, and rushed towards the Fazu. At the same time, a soft sword appeared in his hand. The ancestor's key.

This is also a terrible divine skill.

Both Kang Ji and Situ Haonan used their magical skills, and a trace of dignity finally appeared on Fazu's face. A sword of war also appeared in his hand. The sword had a length of two meters.

Uh!

Fazu cut out with a sword, and Jianguang burst into the sky.

boom! boom!

With two violent roars, Fazu blocked Kang Ji and Situ Haonan's attack.

"Faming, you dare to come alone today, then stay forever!"

Kang Ji constantly urged the divine power, exerted the divine skill to the extreme, the power was extremely terrible, and launched an offensive.

At the same time, Situ Haonan flickered at a very fast speed, taking advantage of the opportunity to attack Fazu's weakness.

The two cooperated and the power increased dramatically.

The ancestors of Fazu confessed to the right, with two battles in one battle, and inseparable from the battle between the two.

The trio will fight on the sea in one moment, provoke a huge wave, and then fight in the air again.

In a blink of an eye, the three men battled hundreds of tricks, making it difficult to distinguish the outcome. At this time, the three men fought to the surface again.

Hula!

Suddenly, the sea rolled over, and a terrible light of destruction burst out of the sea and killed Fazu.

"Niche!"

Fazu snorted.

"Haha, Fa Ming, die!"

Kang Ji laughed and launched a violent attack.

Stuart Haonan also broke out with full offensive, with the sneak attack of the niches.

Seeing that Fazu was about to be hit, all of a sudden, the sword light on his body skyrocketed, and a beam of sword light burst out into the sky.

boom! boom! boom!

Kang Ji, Situ Haonan, and the attack of the niches were all blocked by the sky's sword light.

Uh! Uh! ..

Kang Ji and Situ Haonan, the niches retreated, standing in the air, looking at Fazu in shock.

"Faming, you... your magical skills, to the third level of training?"

Kang Ji shouted, shocked.

Divine skills are naturally the method of attack in Martial God Realm. It can exert the power of divine power to the extreme, burst out terrifying power, and martial arts, it means the same.

According to different powers and different levels of mystery, magic skills are also divided into different levels.

However, the division of magical skills is entirely related to the degree of mystery.

For example, a divine skill has only one weight, even if it reaches the peak of cultivation, it has only one weight, that is, a divine skill.

Some divine skills have reached two peaks, that is, two divine skills.

Two supernatural skills, naturally more powerful than one supernatural skills, are more terrible.

Some of the magical skills, to practice to the peak, have threefold, that is, threefold magical skills.

The more magic skills, the greater the potential and the higher the value.

Of course, the cultivation of divine skills is very complicated. If you have it, you may not be able to practice to the highest level.

For example, a person has limited talents and possesses a triple magical skill. However, he can only practice to one level. That power is no different from a single magical skill.

The higher the depth, the more the number.

Four-fold, five-fold, six-fold, and even nine-fold and ten-fold are all available.

If you want to practice divine skills, the lowest threshold must also reach the peak of the virtual **** realm, because the use of divine level is extremely divine.

Without strong divine power, it simply cannot be supported.

Kang Ji and Situ Haonan all possessed a triple magical skill, but they only practiced to the second level.

Fazu, who also possesses a triple magical skill, has already practiced to the third level!

Chapter 2616: Innocence

You should know that Fazu is only a threefold practice of the true god, but it has already trained a divine skill to the third level. This kind of perception is simply terrible.

"Must get rid of it!"

Kang Ji shouted.

Fazu is so terrible, if he breaks into the four levels of true **** realm, it will be fine.

"Even if you practice the divine skills to the third level, you will die today!"

Kang Ji roared and killed him in the past.

At the same time, Situ Haonan, the niches, also killed the past to the Fazu, and everyone exerted their magic skills to the greatest power.

"Breaking Sword Skills!"

The ancestors of the ancestors of the Fazu punctured continuously, and there were more than a dozen swords in a row.

This is the dharma ancestor's magical skill, which has been cultivated to the third level, with great power, and constantly collides with the attacks of Kang Ji and others.

In the air, the spirit was reckless, and the Fazu's body retreated.

However, he still blocked the attacks of Kang Ji and others, but only fell a bit.

"Kill, kill!"

Kang Ji was shocked. With the strength of the three of them, he couldn't win the Fazu. Doesn't that mean that in the absence of Situ Haonan, he and the niches are not Fazu's opponents.

Be sure to get rid of Fazu, or he will have trouble sleeping and sleeping.

Situ Haonan is also the same idea.

Xiaoyaozong's strength is similar to Yuanluo Palace.

The three killed again towards Fazu,

The battle between the two sides is inseparable.

"Push him near the island!"

During the war, Situ Haonan transmitted sounds to Kang Ji and the niches.

In Kang Ji's eyes, a ray of fierce color flashed, and the violent attacks continued to explode, gradually pushing Fazu towards Chen Jindao.

On the Chen Jin Island, Yuan Luo Dian and Xiaoyao Zong's people have retreated to a distance, and dare not stay there.

Slowly, the battlefield of several people moved to Chen Jindao.

call out!

Suddenly, on a secret place on Chen Jindao, a sword light suddenly burst out, the sword light was bright and sharp, and its power was extremely terrifying, no weaker than Situ Haonan.

"you guys..."

Fazu showed shock.

He knew that he was ambushed and that the other party and the powerful ambushed him.

Needless to think, he also knew that it was a super elder of Xiaoyaozong, a fourfold existence of a true divine realm.

Fazu tried his best to avoid it, but the three Kang Ji launched a fierce attack, making it difficult for Fazu to truly avoid.

puff!

After all, Fazu didn't completely avoid it, a sword light crossed his chest, almost slashing him.

"roll!"

Fazu roared, and instantly, hundreds of swords burst into light, forcing Kang Ji and others to retreat again and again.

The figure flashed, and the four Kang Ji surrounded the French ancestors.

"Very good. Unexpectedly, the strongest of your two forces has arrived!"

Fazu was pale.

A move just now, although he avoided the crucial point, he still suffered some injuries and his strength weakened a few points.

"Faming, today, your ending is doomed. After all, the ants of a small world of thousands are difficult to resist!"

Kang Ji said indifferently.

"Hahaha, what about the Little Thousand World? Are you noble when you were born in the wilderness world? Ridiculously, if you fight alone, you are nothing but chickens and dogs!"

Fazu sneered, full of contempt.

Four people in Kang Ji's complexion.

Indeed, in a single battle, four of them, none of them are opponents of Fazu.

Even though, their cultivation practices are higher.

"It will only succeed in speaking the tongue, becoming the king and defeating the invaders, Fa Ming, will send you on the road!"

Kang Ji is not nonsense, his body rushed towards Fazu.

At the same time, Situ Haonan and the three men also launched an attack.

Before Fazu, one person and three people were slightly invincible. At this time, under the injury, one person and four people were even not opponents. Once they fought, they fell into the disadvantage.

"Zhengtianjun is mostly finished!"

"In the future, Zhengtianjun's site will be owned by both of us!"

Not far away, Yuan Luo Dian and Xiaoyaozong thought excitedly.

boom! boom! ...

The five ancestors of Fazu violently confronted each other. Fazu completely fell in the wind and could only resist as much as possible, making it difficult to fight back.

bump!

After dozens of battles, Fazu's figure was blasted, and he hit the Chen Jindao heavily.

boom!

The smoke was thick, the sky was full of Chen Jin ore, and a giant crater appeared on the island.

By this time, Lu Ming had passed the hurricane channel and returned to the Chen gold deposit.

He walked out of Chen Jindao along the vein channel dug by the ball before.

boom! boom! boom!

He was only halfway there, and there was a violent roar from above, and then he felt the whole island shaking, and then, a terrible force rushed towards him along the mine veins above.

"not good!"

Lu Ming retreated wildly, and then the mineral veins in this area continued to explode, and Lu Ming was flew out by a force.

Fazu lay in the deep pit of the island and vomited blood.

This blow made his injury worse.

Uh!

Fazu barely stabilized his injury and rushed out of the pit.

The breath of Kang Ji's four people firmly locked the Fazu and let him besiege in the middle.

Ok?

Suddenly, Kang Ji and others were stunned, because they felt alive in a pile of rubble.

bump!

Then, the pair of rocks exploded and rushed out a figure.

This figure is naturally Lu Ming.

"Nest, what's going on?"

Lu Ming arrived home without words and passed through the Chen gold mine veins, and was also plagued by innocence.

When he glanced at Kang Ji and others, he was stunned. The secret road was not good. The atmosphere of Kang Ji and others was terrifying. To Lu Ming, it was unfathomable.

"Lu Ming, why are you?"

At this moment, Fazu also saw Lu Ming and was shocked. His body flashed and appeared beside Lu Ming.

"Fazu!"

Seeing Fazu, Lu Ming was very happy.

"It turned out to be the ants of Zheng Tianjun, Fa Ming, there is a little ghost buried for you, which is also a blessing for you!"

Kang Ji opened his mouth indifferently, and the haggard color in his eyes became stronger and stronger.

"Kang Ji, Lord of Yuanluo Temple..."

Lu Ming's heart moved, and his thoughts turned around.

He probably knew what had happened, Fazu was under siege!

"Don't worry, Fa Ming, after you die, I will send the people of Zheng Tianjun to stay with you!"

Situ Haonan also spoke indifferently.

The four gradually approached Fazu, preparing to launch a thunder strike and kill Fazu.

"Senior, this war sword is for you!"

At this time, Lu Ming took out a war sword and handed it to Fazu.

This war sword is one of the two seventh-order middle-grade artifacts that Lu Ming obtained from the Dong Mansion.

"this is..."

As soon as he saw the war sword, Fazu immediately glared and showed shock, but he did not hesitate to take it directly, and he spurted blood on the war sword.

There is no time for refining now, but the sacrifice of blood can temporarily explode the power of the war sword and control it freely.

Buzz!

The sword of war shook, and a sword rose with air.

Chapter 2617: Depressed Kanji

"That's... a seventh-order middle class artifact!"

Kang Ji, Situ Haonan, Niches and others, their eyes widened, revealing a shocked expression, as well as deep greed.

"kill!"

Fazu shouted and exhibited the sword-breaking tactics. The sword light was bright, and the sword light was as thick as a pillar, and he was killed towards Kang Ji and others.

"Shoot!"

Kang Ji and others, also shot, four terrible attacks directed at Fazu.

boom! boom! ...

A violent roar sounded, and Fazu backed away a few steps, but Kang Ji and others' attacks were blocked by Fazu.

It's just a weak disadvantage.

"Really a seventh-order middle-class artifact!"

"Damn, that kid, how could there be a seventh-order middle class artifact?"

"This kid, what adventures he must get!"

Kang Ji, Situ Haonan and others shouted.

However, they did not doubt that this artifact was obtained by Lu Ming from this cave house.

Because the gate of Dongfu is too difficult to break, so many of them need to spend a lot of time to break.

Every Lu Ming, how could it be broken.

Moreover, in Dongfu, they have searched and there is no other entrance.

They just thought Lu Ming was an adventure from other places.

"Lu Ming, follow me!"

Fazu Road.

Lu Ming nodded and followed behind Fazu.

"See who of you can block me!"

Fazu's long hair was flying, his sword spirit was mad, and he rushed in the direction of Kang Ji.

"Stop him!"

Kang Ji shouted and killed Fazu.

Situ Haonan and others also launched an offensive.

However, the ancestor of the seventh-grade middle-class artifact was controlled by Fazu, and his combat power soared a bit.

The two sides continued to attack, fighting dozens of moves in an instant, but the Fazu only fell a bit under the wind.

bump!

Finally, Fazu repulsed Kang Ji and led Landing Ming out of the encirclement.

"I will not accompany you today, you want to fight, we will fight again every day!"

Fazu brought a landing song and flew towards the distance, the sound came from far away.

"Damn, **** it!"

Kang Ji roared endlessly, his face full of grief.

Today such a good opportunity was actually run away by Fazu.

Moreover, Fazu also received a seventh-grade middle-class artifact, which greatly increased its combat power, which was extremely detrimental to them.

"How to do?"

Situ Haonan looked ugly.

They did not pursue.

They knew that even if they caught up, they couldn't kill Fazu. If Fazu tried hard, even if they could kill Fazu, at least two of them would fall.

None of them want to die!

"Alliance, we must alliate, the real alliance, otherwise, it will be defeated by Fazu!"

Kang Ji gritted his teeth.

"it is good!"

Situ Haonan nodded immediately.

In the current situation, neither of them is an opponent of the Fazu. They must really join forces and support each other when there is a situation, so that they can contend with the Fazu.

"Also, we have to break through this cave house as soon as possible, as long as we get the treasure inside, we can fear the dharma ancestor!"

Kang Ji Road.

"Yes, get it right away!"

Situ Haonan said, they immediately returned to Dongfu, planning to take a risk and try to enter that hurricane channel.

Fazu brought a landing crow and flew tens of thousands of miles before stopping.

puff!

Fazu spit out blood, and his face grew paler.

"Senior, are you okay!"

Lu Ming was worried.

"It's okay, just adjust the interest rate once, they shouldn't dare to chase after Kang Ji, we take a rest again!"

Fazu said nothing, took out a healing potion, swallowed it, and began to heal.

Fazu's injury was not very serious. Soon after, Fazu's face was much better.

"Lu Ming, this time, thanks to you, this artifact, give you back!"

Fazu smiled, took out the seventh-order middle class artifact, and handed it to Lu Ming.

"Senior, this artifact, you should keep it first!"

Lu Ming smiled and did not pick it up.

"How does this work, the seventh-order middle class artifact is too expensive, how can I collect it!"

Fazu shook his head.

Even he, Kang Ji, and Situ Haonan didn't have a seventh-order middle-grade artifact. The ones they used before were all fourth-order middle-grade artifacts.

"Senior, just let me borrow you first. I keep this artifact, and it won't work. Only you can hold it to contend with Kang Ji!"

Lu Ming said.

Now, Yuanluo Temple and Xiaoyaozong teamed up, and the Zhengtian Army was helpless. If the Fazu didn't have the seventh-order middle-grade artifact, it might not be the opponent's opponent. Only with this artifact can he contend with each other and make the opponent fear.

"Okay, then I will keep it first, and I will wait for you to improve it later, and then I will return you!"

Fazu groaned slightly, so he didn't say anything.

He also understood that Lu Ming was right.

If he didn't have a seventh-grade middle-class artifact, if Kang Ji and Situ Haonan teamed up to deal with him, he really lost.

Putting away the War Sword, Fa Zu brought the Landing Naru to join the rest of the Zhengtian Army.

"Father, what's the situation?"

"Should we kill the past, that strong man cave can't be taken by the people of Yuanluo Hall!"

Zheng Tianjun, one by one.

"Why, Yuanluo Hall and Xiaoyaozong want to occupy this strong man's cave mansion, how is it possible? First go back to the Zhengtian Army and pass on the fact that there is a strong man's cave mansion here!"

Fazu Road.

"The military master has a high opinion, since we can't get it, they don't want to monopolize it!"

"Hahaha!"

The people of Zhengtianjun laughed. After that, they returned to Qixing Island and returned to Zhengtianjun through the teleportation array of Qixing Island.

Then they began to spread the news.

Soon, the fact that the Northern Shangxing had the Tianshen Cave House spread at a hurricane-like speed in the riotous galaxy, and spread to the ears of forces of all sizes.

"What? It's actually Tenjin-dong!"

"It is extremely rare in the riot Xinghe Tianshen Cave House, must not be missed!"

"It seems I have to go by myself!"

In the riotous galaxy, all forces, large and small, were alarmed.

One by one, rush to the Northern Business Star.

Tenjin, in the riotous galaxy, that is the supreme existence, Shenwei shakes the infinite starry sky.

Nowadays, only the Yunfeng Pavilion in the riotous galaxy has a deity sitting in it.

Tianshen Cave Mansion is too attractive for masters of these forces, true **** realm.

Soon after, the Northern Shangxing and Chen gold veins came one by one.

All of them are the existence of the true **** realm, and most of them are strong men with more than four levels of true gods.

"Damn, **** law, **** Zhengtian!"

Kang Ji roared repeatedly, spitting blood depressed.

With so many strong men coming, where there is still their share, they can only follow the crowd, even if there are treasures in them, they may not even be able to drink soup.

Just pull out a force here, and it will not be weaker than Yuan Luo Palace.

Kang Ji, really wanted to vomit blood. After he found the Tenjin Cave Mansion, he didn't get a hair.

Chapter 2618: Thirteen cases of Qin Tian

One by one, they began to break into this cave house.

However, the hurricane channel behind is extremely dangerous. Some people break in and find that the deeper the hurricane channel is, the hurricane channels are crisscrossed. The further back, the hurricane channel will merge and become more powerful, even if it is a high-level powerhouse of the true god, who can't break in.

Later, the owner of the Yunfeng Pavilion personally shot this, but this is a strong man in the heavenly realm. He broke into the depths of the Dong Mansion and reportedly got some treasures. No one knows exactly what he got.

As the Lord Yunfeng Pavilion broke into the depths of the Dong Mansion and took away the treasures, this matter came to an end.

In the end, Yuan Luo Dian, Xiaoyaozong, got nothing.

In Kang Ji, Situ Haonan was so angry that he wished to kill Fazu and destroy the Zhengtian Army.

But in the end, they dared not act rashly.

They are actively looking for allies, looking forward to finding more allies and destroying the Zhengtian Army.

Of course, Fazu is not idle, he is also looking for allies to fight against Yuan Luo Dian and Xiaoyaozong.

In this regard, Lu Ming can't do much to help, he has only one mind to practice.

In the Hurricane Passage of Tianshen Cave House, Lu Ming's cultivation practice has skyrocketed, reaching the Seven Star Heavenly Emperor.

Next, he just needs to consolidate and build a solid foundation and move towards the realm of 10,000 yuan.

At the same time, in the hurricane passage, after two years of fierce fighting with the lion head and eagle body, Lu Ming's understanding of the war character tactics also reached a peak.

Now, he can trigger double combat power anytime, anywhere.

100% success rate.

However, in the knowledge of the sea, the word 'war' is unfathomable and endlessly mysterious. Lu Ming understands that he is far from understanding. Now, he only realizes a trace of fur.

Continuing to enlighten, Lu Ming felt that he could trigger three times the combat power.

However, it is not so easy to trigger a triple combat power. Lu Ming has fallen into a bottleneck and needs time to understand.

In the blink of an eye, the past three years.

After three years of cultivation, Lu Ming has not yet entered the semi-god realm, but he feels that he is getting closer and closer to the semi-god realm.

On this day, a news broke out in the riotous galaxy, causing a violent shock.

All forces, big and small, were crazy and exploded.

On this day, Lu Ming was practicing and received news from Fazu that Fazu had something important to see him.

"Is something important?"

Lu Ming wondered, and then came to a hall of Zheng Tianjun, and found that there were already five or six people waiting here.

Five or six people are not very old, and the practice time should not exceed ten thousand years. They are all considered younger generations.

Tong Xi'er is awesome.

"Lu Ming!"

Tong Xi'er smiled and greeted Lu Ming.

Others nodded to the landing.

Lu Ming nodded in response, then looked at Tong Xi'er and said, "Xi'er girl, I don't know what the leader called us, what is the so-called thing?"

"I do not know either!"

Tong Xi'er shook his head.

Several others were also puzzled.

"You are all here!"

At this time, outside the hall, Fazu came in.

"Master!"

Everyone saluted.

"No more gifts!"

Fazu waved his hand and said, "You must be very curious. I am calling you to come so anxiously this time?"

Lu Ming and others nodded.

"You should know that our rioting galaxy belongs to the Qin Tianxing domain!"

Fazu Road.

Lu Ming and others nodded again.

At the same time, my heart is a bit strange. Is this matter related to the Qin Tianxing domain?

The riot of the galaxy, hundreds and thousands of forces, countless planets, vast territory.

However, compared with the Qin Tianxing domain, there is no way to compare.

Qin Tian Xingyu contains a lot of galaxies, at least hundreds of galaxies.

The riotous galaxy is just one of the many galaxy in the Qin Tianxing domain, and it is the worst and most backward galaxy.

The strongest also has the fewest numbers.

Fazu summoned them, what does it have to do with Qin Tianxing?

"Qin Tianxing territory, the territory is too wide, there are hundreds of galaxies, there are many races living, countless strong!"

"However, among these countless forces, except for a few terrible races, the most powerful forces are thirteen!"

"Thirteen cases of Qin Tianxing domain!"

Tong Xi'er and several other youths exclaimed in unison.

Lu Ming's eyes also flashed.

He has read the ancient records.

The thirteen cases of Qin Tianxing Realm are thirteen extremely powerful, extremely long and extremely terrible sect.

It can be said that the vast Qin Tianxing domain, in addition to a few terrible races, 13 cases, is standing on the pinnacle of existence.

The thirteen sects are divided into three major overlords and ten top sects.

Undoubtedly, the three major overlords are the strongest, the top ten top ancestors are second, and these 13 ancestors occupy half of the territory of the Qin Tianxing domain, and countless life planets dominate the Qin Tianxing domain for endless years.

In front of the thirteen cases, forces like Zhengtianjun, Yuanluodian, and Xiaoyaozong were ants.

Even Yunfeng Pavilion, the first powerful force in the riotous galaxy, is similar to the ants in front of the thirteen sects, and it can be destroyed by turning over.

For the rioting galaxy, the thirteen cases are just legends, and they have only been seen in classics before.

"Yes, there are 13 cases of Qin Tianxing domain. Every thousand years, 13 cases of Qin Tianxing domain will recruit a group of disciples throughout Qin Tianxing domain. Now, the millennium years are coming again!"

Fazu said, at this point, Fazu paused.

"Thirteen cases of Qin Tian recruit students!"

Tong Xi'er and others breathed heavily, but also with doubt.

"Master, I have read records that thirteen cases of Qin Tian will enroll a group of disciples every thousand years, but they never recruited disciples in the riotous galaxy. What does this have to do with us?"

Tong Xi'er asked.

The riotous galaxy, among the many galaxy in the Qin Tianxing domain, is the most backward, the most remote and the galaxy with the lowest strength.

People of all races and forces who can't mix up or commit crimes all run to the riotous galaxy.

Therefore, the riot Xinghe is mixed with fish and dragons, and the chaos is unbearable. It has always been looked down upon by other Xinghe. Thirteen cases of Qin Tianxing Realm have never recruited disciples in the riot Xinghe.

Therefore, Tong Xi'er and others are puzzled.

"This time, it's different. Thirteen cases of Qin Tian sue the world. Soon afterwards, they will recruit disciples for the entire Qin Tian Xing domain, including the riotous galaxy!"

Fazu Road.

"It's also held against the rioting galaxy!"

Tong Xi'er, as well as several other young people, breathed heavily, and a fiery flame burst into his eyes.

That's all exciting!

The thirteen cases of Qin Tian, this time, they opened the door to the riotous galaxy. If they could join any of the thirteen cases of Qin Tian, it would be a great opportunity. Afterwards, they will definitely rise straight and become humans.

Heavenly God Realm, in the galaxy of the riots, that is synonymous with invincibility, but in the thirteen cases of Qin Tian, the gods are nothing at all, just grab a lot.

Even the terrifying existence of God King Realm is not rare in thirteen cases of Qin Tian.

Chapter 2619: Fazu's request

Such a powerful force, with a lot of natural resources, is unimaginable. The cultivation conditions and cultivation environment are simply not comparable to the riotous galaxy.

Moreover, if there is any god, or even a **** king, that would be regarded as a disciple, that is really promising.

"So, this time, I summoned you to let you participate in the thirteen cases of recruiting disciples in Qin Tianxingyu. However, it is not so easy to join the thirteen cases of Qin Tian. It's harder!"

Fazu Dao, in his eyes, was full of expectation.

As long as someone in the Zhengtian Army joins the 13th Qin Tianzong and becomes a disciple of the 13th Qin Tianzong, the position of the Zhengtianjun in the riotous galaxy will rise and the ship will rise. At that time, I don't know how many forces there will come. they.

By that time, if you want to destroy Yuanluo Temple, Xiaoyaozong, it's easy.

"I will do my best to join the thirteen Qin Tian!"

Tong Xi'er and others shouted with firm eyes.

They understand that this is a great opportunity for them, and they must grasp it well.

"Okay, go back and prepare. Ten days later, we will come here to meet. I will take you to the city of Yunfeng first. The first batch of screening will be carried out in the city of Yunfeng!"

"Oh, Lu Ming, you stay first!"

After Fazu finished speaking, he finally looked at Lu Ming.

Tong Xi'er and others left, and Lu Ming stayed.

Lu Ming was a little puzzled, but did not know that Fazu left him. What did he mean?

"Lu Ming, Qin Tian's thirteen cases enrolled disciples, always looked at talent, not cultivation, so, with your talent, you can be 100% of Qin Tian's 13 cases!"

Fazu Road.

Lu Ming, but the way to control the master, such a talent will definitely be fancy.

"Lu Ming, which sect power do you want to choose to join?"

Fazu asked.

"This, I haven't figured it out yet. I don't know much about the 13 cases of Qin Tian. Let's see later!"

Lu Ming said.

"Lu Ming, I have a request..."

Fazu groaned and suddenly sighed.

"Senior has something, but it's okay!"

Lu Ming said.

"I want to invite you to join a sect!"

Fazu finished his speech and paused for a moment, then said: "Thirteen cases of Qin Tian, the most powerful, are the three major overlords, the Aboriginal Academy, the immortal Jianzong, and the immeasurable holy land."

"However, the Zongmen forces I want you to join are not the three overlords, but the empty Xuanzong of the top ten Zongmen forces!"

"Empty Xuanzong?"

Lu Ming was puzzled.

"You must be wondering why I let you join the three major overlords. Hey, here, I have some selfishness. At that time, I had some intersection with Kong Xuanzong..."

Speaking of this, Fazu told him about Kong Xuanzong.

It turned out that after the ancestor escaped from Yuanluo Temple, he had been training in the vast universe. He once left the riotous galaxy and went to other vast galaxy.

In the process, he met a woman and fell in love with the woman.

However, this woman is a proud daughter of Kong Xuanzong, and her father is a great figure of Kong Xuanzong.

Such an identity is much higher than Fazu.

Naturally, the woman's father firmly opposed the two together, and forced the woman back to Kong Xuanzong.

Zeng Yan said, one day, Fazu could not break through to the heaven and **** realm, so he would not let them meet.

"Hey, with my talents, I am afraid that in this life, it will be difficult to reach the heavenly realm, so I am a bit selfish and want you to join Kong Xuanzong!"

Speaking of which, Fazu took out a beautiful dagger and said, "If you join Kong Xuanzong, you have the opportunity to return this dagger to her. By the way, she is called Yuexin, and you give it back to her. Tell her that I failed her..."

"However, this is my selfishness after all, if you don't want to join Kong Xuanzong, I won't force you..."

Fazu sighed, his eyes full of nostalgia and helplessness.

"Senior, I promise!"

Lu Ming smiled slightly and took the dagger in Fazu's hand.

The ancestor of Fazu reminded him of the matter with Xie Nianqing.

In Shenhua Continent, he and Xie Nianqing also experienced many hardships before they came together. In fact, it is somewhat similar to Fazu.

Moreover, Lu Ming did not care much about which sect power to join.

He has the inheritance of Jing Yu, so far he has not broken the seal on the portrait of Jing Yu.

Once the seal is broken, Lu Ming believes that there will be some gains, and that he still has the tactics to understand.

He joined Zongmen, the main purpose is to obtain resources.

Various resources to help him practice.

In addition, there is another reason, that although Kong Xuanzong is the top ten top sect, it is ranked first among the top ten sect.

This is not much worse than the three major overlords.

"Lu Ming, thank you!"

Fazu solemnly clenched his fists.

"Senior, it's too serious!"

Lu Ming quickly lifted up the Fazu and said, "Senior, I have some friends. Can I participate in the 13th Qin Tian's meeting for recruiting disciples?"

He thought of Xie Nianqing, Xie Nianjun, and once and for all.

"Of course, you can participate in cultivation for less than ten thousand years. I remember that your wife's talent is extremely amazing. I wanted to call you together with her!"

"However, if you want to participate in the screening, at least you must have a cultivation base of the virtual **** realm, but your combat power is extremely powerful, but you don't need to meet this condition!"

Fazu Road.

"Is there a need for virtual **** realm?"

Lu Ming moved.

He originally wanted to call Bubble, and his disciples, Lu Xiangxiang, Ouyang Moli and others, but now it seems that only Xie Nianqing, Xie Nianjun, Dan Dan meet the conditions.

Immediately, Lu Ming said goodbye to Fazu and returned to his place of residence.

After returning to his place of residence, Lu Ming found Xie Nianqing, Xie Nianjun, Dan Dan, and said about the recruitment of 13 disciples of Qin Tian.

Immediately raised his hands in favor, Xie Nianqing, naturally Lu Ming went wherever she went.

"I agree!"

Xie Nianjun didn't hesitate, he agreed directly.

For Xie Nianjun, she doesn't care what gods or gods.

She doesn't care what magic skills or magic skills.

What she cares about is the cultivation resources among those powerful forces and the excellent cultivation environment. In that way, her strength can skyrocket.

During this time, the rioting galaxy, forces of all sizes, were all excited, summoning all qualified younger generation masters, preparing to participate in Qin Tian's thirteen candidates to recruit disciples.

Yuanluo Hall, a large hall, eight young people lined up.

Kang Long, impressively listed, is the first master, Yuan Luo, Kang Ji.

"This time, you must do your best, at least, at least you must have one person, join the thirteen of Qin Tian, even the weakest one in the thirteen, so that our Yuanluo Temple is in the riot of the galaxy, prestige It will soar, and then, even Yunfeng Pavilion, we are not afraid, do you understand?"

Kang Ji loudly said.

"Understand, I will do my best to wait!"

Kang Long and others shouted.

Chapter 2620: Break into the tower

The Xiaoyao Sect, the master of the Xiaoyao Sect, and Situ Haonan, also called up all the young Tianjiao who met the conditions of the Xiaoyao Sect.

"You, at least one person, will join Qin Tian's 13 cases!"

Situ Haonan shouted, gazing at the nine young men and women, and finally stopped on a cold-faced young man.

This young man is also his son, Situ laughs the elder brother, Situ Feng!

Looking at Situ Feng, Situ Haonan's eyes showed hopeful light.

Situ Feng, a martial arts infatuated with practice, has no interest in anything else.

However, he was very clear in his heart that Situ Feng's savvy was extremely amazing, and with his astounding savvy, it was highly likely that Qin Tian's 13 cases would be regarded as disciples.

This is his hope!

Once Situ Feng joined the thirteen cases of Qin Tian, what was the righteous army would be extinguished.

Ten days later.

The arrogance of all forces began to converge towards the city of Yunfeng.

Lu Ming, Xie Nianqing, Xie Nianjun, Dan Dan, also joined with Fazu, Tong Xi'er and others.

It's worth mentioning, Bubble, and Lu Ming's disciple, Lu Xiangxiang, and Ouyang Moli, after knowing this, also clamored to take a look at the past, as the name suggests, to see Lu Ming's style, Lu Ming also took them together.

Stepping into the teleportation array, a few days later, they came to the city of Yunfeng.

This is Lu Ming's second visit to Yunfeng City, which is still bustling as usual.

On the street, people are coming and going, and there are many shops.

After coming to the city of Yunfeng, the ancestors of the Fa took them to the registration office of Yunfeng Pavilion, where they registered their names.

It is not so easy to participate in the Qin Tian thirteen final discipleship conference. First of all, it has to be screened by Yunfeng City.

Only those selected by Yunfeng City will be recommended to participate in the 13th Qin Tian Recruitment Conference.

Therefore, at the beginning, a large number of people will be screened out.

"After seven days, those who participated in the screening will gather at Yunfeng Square!"

Humane to register.

"Thank you!"

Fazu thanks with a fist.

After signing up, they found an inn to stay and waited.

In a flash, seven days passed.

Lu Ming and they headed towards Yunfeng Square.

Yunfeng Square is broad and endless, and it can accommodate millions of people at the same time.

At this time, dense crowds had gathered around Yunfeng Square.

There are all races, Lu Ming glanced over and found dozens of races.

Of course, most of them are viewed, and they are not eligible to participate in the screening.

"As long as those who participate in the screening enter the square, those who are not eligible to participate in the screening will exit the square!"

Above the square, there is a middle-aged man in war armor with golden yellow skin, like a bronze figure.

This is the Tongpi tribe. In the Qin Tianxing domain, it is a small tribe.

However, this big man's breath is extremely terrifying, and many people are overwhelmed with breath.

"Master Bi Yuanluo, Fazu, they are much stronger!"

Lu Ming moved.

This great man, cultivated to be absolutely above the sixth level of the true god, and even possibly, is a terrifying existence of the seventh level above the true god.

Many people couldn't help but retreat and quit outside the square.

Only some young people who participated in the screening entered the square.

"You go, try your best!"

Fazu advised.

Lu Ming and others nodded and stepped into the square.

Stepping into the square, Lu Ming suddenly found several eyes glanced at him.

"Kang Long, Situ laughs..."

Lu Ming glanced at Kang Long, and Situ laughed at them.

At the moment, the two were looking at Landing with a gloomy face.

Lu Ming smiled faintly and directly ignored them.

As time passed, there were more and more people in the square.

The rioting galaxy, such as Zhengtianjun, Yuanluodian, or a stronger force than them, add up to nearly a thousand.

Few, five or six people, seven or eight people participated.

Some big forces directly have dozens of people.

For example, Yunfeng Pavilion sent more than two hundred people to participate.

The number of people sent by all forces exceeded 50,000.

"Master Yunfeng Pavilion, drive here!"

Suddenly, a voice sounded.

Everyone was shocked.

Lord Yunfeng Pavilion is coming, but this is the violent galaxy, the strongest person, and the only god.

Uh! Uh! ...

In the distance, rainbow lights flew over and stood above the square.

There are five people in total, and four of them all exude terrible breath. The breath is so strong that it is many times stronger than that of the previous Tongpi clan.

However, all four of them followed a middle-aged beautiful woman.

This middle-aged beautiful woman is a human race and does not seem to have the slightest breath.

"See subordinates!"

However, the Tongpi people, as well as other masters of Yunfeng Pavilion, saluted the middle-aged beauty, respectfully!

"Master Yunfeng Pavilion, actually a woman..."

At this moment, many people are moving, revealing surprise.

"Since countless years, this is thirteen cases of Qin Tian. For the first time, it is open to the rioting galaxy to recruit disciples. This is your supreme opportunity. You must take good care of you!"

Lord Yunfeng, a clear voice rang in everyone's ears.

"However, you must also be prepared in your heart. Thirteen cases of Qin Tian, the standard of recruiting disciples, is surprisingly high, without certain talent, it is impossible to be fancy, so, here today, we have to conduct a screening. After passing the screening, I will recommend you to participate in the assessment of Qin Tian's 13 cases!"

Speaking of which, Lord Yunfeng waved his hand and a small tower flew out.

The small tower became bronze-colored. It flew out and grew up sharply. Finally, it became a giant tower, suspended in the air, with a total height of 81 floors.

"The screening is very simple, that is to break through the tower. In this tower, each level will gather some puppets. You enter the tower to break through the tower, as long as you cross the 36th floor, you will pass the level!"

"When you enter the tower, a token will condense out. Follow you. Once you pass through the thirty-sixth floor, the token will glow. No one can cheat. Go in groups of 10,000!"

Lord Yunfeng announced.

"It's just to break into the tower, this is simple, I will come first!"

A burly young man first rose into the air and flew towards the gate of the giant tower.

"go!"

"I will come too!"

Suddenly, a figure rose from the sky and flew towards the giant tower.

When 10,000 people entered the giant tower, the gate of the giant tower closed automatically.

Everyone waited patiently.

When everyone flew into the giant tower, everyone could see that there was light shining on the first floor of the giant tower.

However, with just a few breaths, the second floor of the giant tower also shone with light.

This means that someone has already reached the second floor of the giant tower.

But soon, the third, fourth, and fifth floors light up.

Lu Ming, they didn't go in, just look at it first.
