

D Emperor 2631

Chapter 2631: Chaos Fight

Here, what can be used is only his own divine power, as well as the incomplete divine skills previously learned, and of course, his own fighting skills and fighting consciousness.

Even the Zhanzhan tactics cannot be used.

Outside, the reason why Lu Ming was able to cross so many realms to kill the enemy, the word of war strategy, is indispensable.

Even if the double combat power is not triggered, the display of the war character tactics has a great bonus to Lu Ming's combat power.

The war character tactics cannot be used now, which has a great influence on Lu Ming's combat power.

However, Lu Ming has the power to dominate, and Lu Ming is not afraid of any opponent.

After killing the opponent, Lu Ming's points increased by one point to two points, and the ranking rose directly by several thousand to 24,897.

Now is the beginning. Every gap can open a lot of names, because many people just kill one person and get one point.

Later, when everyone's points increase, then get a few points, the ranking will increase very slowly.

Lu Ming continued to run on the roof to attract others.

To be honest, Lu Ming's cultivation practice, as well as his badge of rioting galaxy, can really make people less alert.

As soon as others saw him from the riot of the galaxy, he was also the practice of dissolving the virtual realm, and directly regarded Lu Ming as a point. Where else can bear it, they shot.

Even, during the period, there was a Tianjiao who controlled Wang Pin's divine power against Lu Ming, but they were killed by Lu Ming and turned into Lu Ming's points.

These people are not as good as Lu Ming on the power of divine power. Also, their incomplete divine skills are only at the first level, and Lu Ming's incomplete divine skills have been cultivated to the second level. Where are they Lu Ming? Opponent.

Lu Ming's points quickly rose to 23 points, and his ranking soared to more than 2,600.

It is getting closer and closer to the top 100.

All Spirit City!

"It's fast, Lu Ming's promotion speed is so fast!"

"It's really amazing. It has already reached more than two thousand people. How long has it been since then, and in the twentieth area, the top one hundred is expected!"

"I remember, Lu Ming, it should be Zheng Tianjun's person!"

Some of the people in the rioting galaxy exclaimed, and then many people looked at Fazu, revealing envy.

Even the Yunfeng Pavilion Master looked at the view ancestor quite surprisingly.

However, Fazu's face was calm.

In his heart, Lu Ming is definitely going to join Qin Tian's thirteen sects. The person in charge of the dominant force cannot join, who can join?

"Huh, this is just the beginning, don't be too happy!"

"Yes, this competition, but for three months, it is now so high-profile, once killed, the score will be reduced by half!"

Kang Ji and Situ Haonan were a little unhappy and said coldly.

Fazu smiled faintly, too lazy to ignore.

In the twentieth area, Lu Ming's score is still improving.

Moreover, the further back, the more points are added when killing others.

Because some people already have three or four points, five or six points, killing one person can not only get points for killing one person, but also get half of the points of the other party.

Lu Ming's points are constantly increasing.

Twenty-eight points and thirty-two points. fifty points...

Two days later, Lu Ming's points soared to 88 points.

His ranking reached 86 in one fell swoop.

Eighty-sixth in the 20th district, this position has been able to advance.

Of course, after the three-month period expires.

Outside, Kang Ji and Situ Haonan looked very ugly.

You know, Situ Feng's current ranking has not yet reached the top 100.

"Not bad!"

Lord Yunfeng also smiled.

Every time one of Qin Tian's 13 cases is selected, she can get a lot of rewards.

Originally, she was quite confident that at least 50 people would be selected to join the thirteen cases of Qin Tian.

But after coming to Wanling City, she changed her mind.

The entire Qin Tianxing domain actually came to more than one million Tianjiao, and the rioting galaxy, a total of only 500 people, this ratio is also very different.

She finally understood why, in the past, thirteen cases of Qin Tian's enrollment of disciples were not open to the riotous galaxy because there was really no need.

...

However, after accumulating 88 points, Lu Ming stopped and did not continue to hunt others.

Because of the incomplete divine skills he cultivated, he felt like a breakthrough!

"It's still early, find a place to break through, and then it's not too late to hunt!"

Lu Ming thought.

Sure enough, after fighting, the speed of practicing magic skills was only fast.

Before, Lu Ming's comprehension of incomplete divine skills was still far from the third level, but after a few days of fighting, he felt that the distance was not far away.

As long as you find a place and get a good understanding, you can break through.

If you sharpen the knife and cut the woodworker by mistake, as long as the incomplete divine skill breaks through to the third level, his strength will increase greatly, and hunting the opponent will definitely be faster.

Lu Ming looked around, then rushed towards an alley.

The city where Lu Ming is located is huge. Although these days, Lu Ming has gone to a large area, but he is still only active in a small area of this city.

After bypassing several small alleys, Lu Ming came to a partly separate courtyard, entered the other courtyard, and closed the door. Lu Ming used his dominating power to condense a spear and began to cultivate.

call out! call out! call out!

The lance continued to wave and stab continuously, Lu Ming groped for it and figured it out carefully. His perception of this set of marksmanship became deeper and deeper.

Fight!

Not only the 20th area where Lu Ming is located is fighting fiercely, other areas are also fighting ceaselessly.

Some people, after being killed twice, were sent directly.

Over the city of Wanling, the rankings of those twenty screens are constantly changing and flashing.

However, gradually, there are a few names that are more and more conspicuous, even steadily occupying the first in different areas.

The tiger teeth of the tiger race!

The Golden Saint of King Kong!

Yang Chong! Linghu Ye!

These names have occupied the first place in their respective regions since the beginning, and have not changed.

"Tiger fang is a kind of arrogance that is difficult for a tiger race to survive in 100,000 years. It is said that once the martial **** is broken, he can control the divine power and is extremely powerful. This time, it is very possible to get the top three!"

"There is also the Golden Saint of the Vajra clan, which is not bad, and also controls the Divine Power!"

"There is also Yang Chong, who is also the genius who controls the divine power!"

"Holy divine power, it's really awesome!"

Many people talked and sighed.

In the Qin Tianxing domain, most of the creatures, after breaking through the Wushen Realm, are in control of ordinary divine power.

Only a very small number of people can control Wangpin's divine power. Such a person is already a good arrogance.

As for the divine power of palm power, that is rare.

The entire Qin Tianxing domain is not much.

Although the level of divine power can be cultivated through some magic methods, but such divine skills are very rare, and the difficulty of cultivation is also extremely amazing.

Without peerless insight and talent, it is difficult to gain something.

Chapter 2632: Dormant breakthrough

You know, in the thirteen sects of Qin Tian, there are magical methods that can cultivate holy power and even supernatural power.

However, since the long years, only a few have been able to do so.

"What's the origin of that Linghu Ye? Never heard of it before!"

"Yes, I haven't heard it!"

"It may be a newly-rising genius, but, with Jin Sheng, Hu Ya, and Yang Chong, they are definitely not at the same level!"

"That is!"

Everyone discussed the ranking while watching the ranking on the screen.

In a flash, Lu Ming retreat to practice incomplete divine skills, it has been a month and a half.

Half of the three-month period has passed.

For a month and a half, Lu Ming devotes himself to the incomplete divine skills, and did not go out to hunt. His ranking naturally dropped.

"Hahaha, then Lu Ming can't do it anymore. The score hasn't moved for a month and a half, and the ranking has dropped to more than 5,300. I knew that he would definitely not make it to the top 100!"

"Yes, before, he was just lucky. It is estimated that he met some weak people before he got some points. Over time, the weak people will be eliminated, leaving behind the strong ones. He must now find a chance to hide. Don't dare to shoot!"

"The weak is the weak, and certainly not in the top 100!"

Kang Ji and Situ Haonan looked at Fazu and kept taunting.

"Look, Feng'er has entered the top 100, and the ranking is still rising. Ninety-two, eighty-one..."

Suddenly, Situ Haonan's eyes brightened.

Because at this time, in the ninth area, Situ Feng's ranking suddenly soared.

Originally, Situ Feng lined up a hundred miles away, and suddenly soared all the way to the 72nd place before stopping.

"Hahaha, I knew that with Feng'er's talents, he would definitely be able to enter the top 100. Sure enough, he must have killed a master just now and got a lot of points!"

Situ Haonan laughed excitedly.

Lord Yunfeng Pavilion nodded again and again.

Situ Feng, who surpassed others in the initial test to break through the tower, was given high hopes by her.

"Look, Xie Nianqing has also entered the top one hundred, and Xie Nianjun has also rushed into one hundred!"

Suddenly, an old man cried out next to the master of Yunfeng Pavilion.

Everyone looked around, and really saw Xie Nianqing and Xie Nianjun rushed into the top 100.

The galaxy behind the two names is naturally a riot galaxy.

"Which forces are these two? The ones who didn't show up in the past were actually able to rush into the first one hundred!"

Some people are puzzled.

"I remember, two beautiful women, two sisters, it seems that they are from Zhengtianjun!"

"From Zheng Tianjun?"

Suddenly, many people in the rioting galaxy looked at Fazu.

"Yes, they are from Zhengtianjun!"

Fazu nodded.

"Faming, I didn't expect that you are a celestial army, and so many geniuses were born. I haven't heard you say it before!"

Some people who knew Fazu exclaimed.

"There are only a few geniuses, there is no need to make a loud noise!"

Fazu smiled faintly, and then gave Situ Haonan a glance.

It means, isn't there a genius, there is no need to call it so loud.

The meaning of taunt is self-evident.

Situ Haonan's face was a little ugly, he sneered coldly, and said, "Huh, it's still early, don't spend a few days, just like Lu Ming, it's gone!"

"I'm afraid you will be disappointed!"

Fazu smiled faintly. He was full of confidence in Lu Ming, Xie Nianqing and Xie Nianjun.

"Hope Xi'er, you can enter the top one hundred!"

Fazu sighed, relatively speaking, he was even more worried about Tong Xi'er.

He looked to the area where Tong Xi'er is located. At this moment, Tong Xi'er's ranking was ranked behind 300 in that area. ...

Lu Ming was in the same courtyard.

call out! call out! call out!

Buzz! Buzz! Buzz!

The gun was broken, and the sound of the long gun shaking up and down.

Lu Ming as a whole, put the Buddha and Gunmang into one body. In the courtyard, Gunmang went vertically and for a while before stopping.

The guns converged, and Lu Ming stood in the yard with a faint smile on his face.

After more than a month of cultivation, the incomplete divine skills finally reached the third level, and the power was greatly increased.

Now, Lu Ming is shot with a single shot, and at the same time, seven powers burst out, and at the same time, there are seven kinds of changes contained in it.

"More than a month, enough!"

Lu Ming smiled and stepped, he rushed out of the body, stood on the roof, and then ran on the roof.

Soon, it came a hundred miles away.

"coming!"

Lu Ming's eyes looked in one direction.

There are three figures, like lightning, running towards the landing.

Apparently, Lu Ming was found and rushed towards the landing.

Lu Ming stood there, unmoved.

Several breaths, three youths, two men and a woman, surrounded Lu Ming Tuan.

However, the three did not act rashly, because Lu Ming was too calm. When facing the three of them, they were so calm that they all felt a little guilty.

"When you see us, you don't run away, it seems that you are confident!"

One of the youth roared.

"Several come to give me points, why should I run away?"

Lu Ming asked back.

"Send you points? Ha ha, really confident, I'm afraid you don't have this skill!"

Another youth said, the divine power surged, a war sword condensed out.

"Shoot, I will give you a chance!"

Lu Ming spoke lightly.

"Arrogant, kill him together!"

A young man drank coldly.

In an instant, all three young men moved, attacked three times, and drove towards the landing.

"The power is not weak. It seems that after more than a month of fighting, there are some ways to stay!"

As soon as the three shot, Lu Ming saw that the three young men were not weak.

Although the divine power controlled by the three people is just ordinary divine power, their understanding of the incomplete divine skills has been quite deep, reaching the limit of the first level, and not far from the second level.

However, this strength is far worse than Lu Ming.

call out! call out! call out!

Lu Ming gripped the palm of his hand with a void, a spear spun out, and then spurted out.

Three lances stabbed at the three young men.

Each gun has seven variations, which makes people unpredictable.

puff! puff! puff!

The guns disappeared, and the three young men's eyebrows had already had a hole.

"So strong..."

This was the last thought of the three youths, and then their bodies touched, and the energy dissipated.

"My points actually increased by 236 points!"

Lu Ming's eyes moved.

Originally, his points were 88 points, but after killing three youths, his points suddenly became 324 points, an increase of 236 points.

"Sure enough, those who can stay behind are masters, and everyone has a lot of points, so that's cool!"

Lu Ming smiled, his figure flashed, to find the next opponent.

Soon, Lu Ming discovered another young man's arrogance, lurking in a room, Lu Ming shot directly, and instantly killed the man.

His points have become 367, and his ranking has improved to less than 2,000.

Chapter 2633: Master distribution

All Spirit City!

"Look, Lu Ming's ranking has improved, so fast!"

"The score has also skyrocketed, with 367 points already. Also, his ranking has rushed to within 2,000!"

"Worked hard, he started working hard, something must have been delayed before!"

"It has risen again, more than four hundred points, ranking 1378!"

Some people in the rioting galaxy suddenly cried out.

After all, Lu Ming had rushed into the top 100 before, and then stagnation in the back, but there are still many people concerned about Lu Ming in the rioting galaxy.

At this moment, Lu Ming's ranking suddenly soared, and these people immediately shouted.

"Humph!"

Kang Ji and Situ Haonan also looked at it, and at first glance, they all snorted with a very uncomfortable face.

"It's just over a thousand, and it's too early to be one hundred!"

"Yes, as you get to the back, you are left with masters. Without Fenger's talent, you will be killed sooner or later, and your ranking will drop sharply!"

Kang Ji, Situ Haonan said uncomfortably.

However, as soon as Situ Haonan's words fell, his face changed greatly.

Because in a certain area, Situ Xiao's ranking suddenly dropped.

Originally, Situ laughed in that area, and rushed to more than 300, but at the moment, his ranking fell sharply, and suddenly fell to more than 500.

There was only one reason to drop so many names at once, that is, they were killed and the points were halved.

"Hahaha, Situ Haonan, did you just say that your son Situ laughed? You were right, you have to say, you are really a crow mouth!"

Fazu laughed, very happy.

"Faming, you..."

Situ Haonan's chest fluctuated and almost vomited blood.

Just now, he just ridiculed Lu Ming, and Situ laughed and was killed immediately, too much to match his words.

It was just deliberately hitting his face.

This kind of coincidence made the leaders of other forces on the side unable to help laughing out loud, even Kang Ji even pumped out, but could not help laughing.

Situ Hao's angry lips shook.

Patriarch Yunfeng looked coldly.

The rioting galaxy, with nearly a thousand forces, fighting against each other, is normal.

She is also happy to see such a situation, other forces fighting each other, she Yunfeng Pavilion, can only stabilize the hegemony of the riotous galaxy.

"Rising again, Lu Ming's ranking has risen again, so fast!"

Someone shouted again.

Lu Ming's ranking at this moment has been raised to more than 900.

In the twentieth area, Lu Ming shot and killed a burly snake man. His ranking reached 978.

"Now, the number is much smaller. It seems that many people have been killed twice and quit!"

Lu Ming thought.

Then his eyes suddenly turned in one direction, where there was a young man of ethnic origin, who was running astride.

Obviously, the other party saw Lu Ming's combat strength just now, and he didn't dare to stay at all and wanted to escape.

Lu Ming sneered, stepped on his feet, and chased towards the other party quickly.

It didn't take long for Lu Ming to chase after him.

"Wait a minute, brothers, both human races, have something to say, don't kill me!"

The human race youth suddenly turned around, his hands swayed, an expression of begging for mercy.

"Don't kill you? Give me a reason!"

Lu Ming said lightly.

The youth's eyes turned sharply and then shouted: "I know a lot of information, about the geographical location of this area, and now some of the top experts in our 20th area, I can tell you!"

"Oh? Do you know this?"

Lu Ming thought, if he could know this information, it would be good.

"Yes, our galaxy is good at intelligence gathering. During this time, I collected a lot of intelligence. I still know the 20th area!"

Youth Road.

"Oh? Tell me, if I found you talking nonsense, I wouldn't be merciless!"

Lu Ming said coldly.

"The 20th area is divided into 18 giant cities in total. All the people participating in the assessment are distributed among these 18 giant cities, fighting each other!"

"After this period of fighting, the 18 cities were born with some top masters, or those with high levels of divine power, or superb insights, and profound incomplete skills, all of which are difficult to master!"

"In our city, there are more than ten top masters, and there are four urban areas in the southeast, northwest, and..."

The young man immediately crackled and talked about what he learned, and now some top experts have introduced it in detail.

"It turns out that my current location is Dongcheng District, Dongcheng District of this city. There are three top masters. It's interesting. I hope I can meet it!"

Lu Ming showed his expectation.

To kill these top players, the points can be improved quickly.

"Okay, let's go!"

Lu Ming waved his hand.

"Thank you!"

The other party was overjoyed, clenched his fists, turned and walked away, and disappeared without a trace.

Lu Ming didn't kill the opponent. The opponent's strength was average. There weren't too many points to come. Even if he killed, he didn't get many points.

"These top experts don't know where they are, it seems they can only try their luck!"

Lu Ming whispered.

Then he randomly chose a direction and stepped away.

Soon after, Lu Ming came alone to a wide street.

Uh! Uh! Uh!

Suddenly, the figure flashed, and a group of people surrounded Lu Ming Tuan.

The number is more than twenty.

"Hahaha, it's you kid, coincidence, what a coincidence, now, how do you die?"

One of them burst into laughter when he saw Lu Ming.

"It does happen!"

Lu Ming also sneered at the corner of his mouth.

It's actually a tiger race!

What's more, the person who laughed just now was actually Tiger Hair. At the beginning, he threatened to let all the Tigers kill Lu Ming's people.

"Boy, it seems that God wants you to meet me. Now, kneel and lick my shoes, I can consider letting you die!"

Tiger hair stretched out a foot, coldly said.

The other Tigers looked coldly at the landing sound.

"It seems that you have a lot of points, then your points are mine!"

Lu Ming was simply too lazy to ignore the tiger hair and spoke lightly.

what?

what?

Hu Mao and others were stunned, thinking they had heard it wrong.

What did Lu Ming say? Want to win them their points? Is it crazy?

A lot of garbage from the rioting galaxy, actually said that they want to take their points, is it not crazy?

"It seems that this kid is not only stupid, but also blindly arrogant. It's really sad. In that case, let him die miserably and let him know that it will offend my Tiger human race!"

Hu Mao said eerily.

"pass it to me!"

A young Tiger man shot directly, waved his big hand, and grabbed him towards Landing.

In his view, Lu Ming is just a virtual reality, and it is still from the small place of the rioting galaxy. What combat power can it have, and it is not repressible.

Chapter 2634: Rank soaring

Just as the young Tigers were about to hit Lu Ming, Lu Ming's fingers came out like a spear.

A spear burst out, shining brilliantly, and it was almost at its extreme.

puff!

The young tiger's body suddenly stiffened in mid-air, because his eyebrows had been penetrated by Lu Ming's gun-mans and fell to the spot.

bump!

Then, the body of the young Tiger people burst apart with a touch and dissipated into energy.

"you..."

Hu Mao and others were all shocked.

This is completely beyond their expectations.

Every area is a virtual reality, and it is still a virtual reality from a place such as the rioting Xinghe. It actually killed the Tigers with a single pride.

After the consternation, it was anger.

"Boy, you dare to kill my Tiger people, you are looking for death!"

Tiger hair roared.

"So much nonsense!"

Lu Ming spoke indifferently, his palm was gripped in vain, and a spear spun out.

call out! call out!

Lu Ming was too lazy to talk nonsense, and shot directly. In an instant, several terrible guns burst out, killing several young Tigers.

"Take the shot, take the shot together, I want him to live better than die!"

Tiger hair roared.

Roar! Roar! ...

These tiger-human youths made sounds like tigers roaring one by one, divine power condensed various weapons, and slammed towards the landing.

"Come well!"

Lu Ming Changxiao, the lance vibrated, and seven kinds of changes appeared in an instant, stabbing a lance, each awn has seven powers in it.

These young tigers cannot resist.

puff!

boom!

Either the eyebrow was pierced by the gun-man hole, or it was swept by a long gun, and it burst directly.

In the hands of Lu Ming, twenty or so young tigers were like babies and could not withstand a blow.

Not all of these people are in control of ordinary divine power, but there are also a few people whose power is controlled by Wangpin divine power.

It's a pity that the so-called sloppy and incompetent skills are still vulnerable in Lu Ming's hands.

Only tiger hair is slightly stronger.

The divine power he controlled was also Wangpin divine power, and his divine skills were good, which prevented Lu Ming from hitting him.

bump!

Tiger Hair condensed a battle axe with divine power, blocking Lu Ming's guns, but his body was violently shaken, and was blown out, hitting heavily on the wall of a house, smashing the wall.

puff!

Tiger Mao vomited blood, looking at Landing Ming, with a horrified look on his face.

Dead, all dead!

At the moment, there are more than 20 young tigers, only one tiger hair is left, and all others are killed by Lu Ming.

"Boy, kill so many people of the Tigers, you must not die. My Tigers, in this area, there are hundreds of people, this hatred, I will definitely report it!"

Tiger hair roared.

In this assessment, there were two opportunities. Even if he was killed, he could be resurrected. He must break Lu Ming's body into pieces.

"Really, that's good, I'll wait for you here!"

Lu Ming spoke indifferently, and then stabbed out.

Although Hu Mao tried his best to resist, he was still nailed to the ground by Lu Ming.

Twenty or more tigers were wiped out.

"This opportunity is so fast!"

Lu Ming smiled.

After killing more than 20 Tiger tribes, his ranking has risen straight up and rushed directly to 356.

All of a sudden, more than 600 people were promoted.

Obviously, the Tigers multiplayered together. In this area, many people were killed and a lot of points were obtained. At this time, half of them were owned by Lu Ming. Lu Ming's ranking naturally rose sharply.

"So strong, so strong, who is this person?"

In the tall buildings in the distance, there were several young men lurking, clearly seeing the scene where Lu Ming killed the Tigers, and they were all stunned.

The strength revealed by Lu Mingzhan is too strong!

"I am afraid that this person's combat strength can be compared with the three top masters in Dongcheng District!"

"Good, and, looking at this person's badge, it still comes from the riot galactic, riot galactic, it is rare to have such a master!"

The whispers of several people were very shocked.

"Tiger people, in this area, there are a lot of people, then simply wait for them here to wait for work!"

Lu Ming smiled, and then sat cross-legged in this place, carefully comprehending the incomplete divine skill.

"What did the man do? Actually stayed here, not afraid of revenge by the Tigers?"

"Did you not hear it? This person just said that he would wait for the Tigers to get revenge here. The Yigo people are brave. They are really brave!"

"interesting!"

The whispered communication of several people in the distant building showed curiosity, and they stayed nearby and waited, looking forward to watching a dragon fight.

There are many masters of the Tigers, in addition to the peerless wizards such as Huya, there are some other top masters.

For example, one of the three top experts in Dongcheng District, Tiger Bone, is one of them.

Lu Ming stays here and may collide with the tiger bone.

In the next few days, the Tigers did not show up.

Instead, Lu Ming cultivated here and attracted some other masters who wanted to kill Lu Ming, but they were all killed by Lu Ming.

Lu Ming's ranking has improved a bit, and it is almost approaching 200.

For nine consecutive days, Lu Ming attracted a dozen young people, all of whom died in Lu Ming's hands.

Lu Ming's reputation spread like this.

In this area of Dongcheng District, everyone will be Lu Ming, tied with the other three top experts.

The story about Lu Ming's battle with the Tigers has also spread, attracting many people to watch.

Around this area, in some hidden corners of buildings, there are young masters lurking, looking at the landing sound from a distance.

They are waiting for opportunities.

If Lu Ming really fought against the Tigers, they would lose both sides, they would have a chance.

Such as Lu Ming, the points of his body must be amazing. If Lu Ming can be killed, their points will skyrocket.

Many people have this idea, hiding in the dark.

On the eleventh day, Lu Ming sat cross-legged in the center of the street, closed his eyes and realized the incomplete magic skills, and at this moment, he suddenly opened his eyes.

Along the front, there are figures leaping over the house at an astonishing speed.

In a blink of an eye, came to Lu Ming.

Uh! Uh! Uh!

The figure flashed, and there were more than 30 young tigers who appeared on the street in front of Lu Ming.

Lu Ming saw at a glance that one of them was Tiger Hair.

At this moment, Hu Mao looked at Landing with a vicious look.

"The tiger bone, it's him. It's this miscellaneous piece, killing more than 20 people of our tiger race, and threatening to wait here!"

Tiger hair fingers yelling at landing.

bump!

In front of the tiger hair, a particularly burly young man stepped out.

This person is the tiger bone of one of the top three masters in Dongcheng District. Among the Tigers, it is also the top ten in the ranking.

"You are Lu Ming? How dare you dare to wait for us here?"

The tiger bone said coldly.

"Why don't you wait for someone to send points?"

Lu Ming asked back.

Chapter 2635: All Tigers

"Send points? Hahaha!"

The tiger bone laughed, and after a few laughs, his smile suddenly narrowed, his eyes staring at the land, and said: "During this time, someone tied you with me and called you Dongcheng District. Four top masters, I want to see what you have skills!"

The tiger bone came out step by step.

bump! bump! ...

Every time he stepped out, the ground roared, and the body of the tiger's bones swelled up, becoming very magnificent.

In his palm, a war halberd was condensed with divine power, and there was a person tall.

"kill!"

The tiger bone roared, and the breath was higher and higher, and he stepped continuously to raise the breath to the extreme.

Uh!

Battle Halberd suddenly slammed down to the landing, like a thunder.

Buzz!

Lu Ming was also very direct, and the spear swept out.

The spear, meeting the battle halberd in mid-air, burst into an amazing roar.

boom! boom! boom! ...

A terrifying power broke out in the tiger bone's battle axe, and that kind of power, letting the Buddha split the mountains and the earth.

This is the power of an incomplete eruption.

However, in Lu Ming's spear, seven powers burst out at the same time, and the seven powers are superimposed, one is stronger than the other.

Seventh power poured out, and the strength of the Tiger Bone Halberd was crushed at once.

The tiger's face changed wildly, his body receded again and again, withdrawing more than ten steps in a row, before he stood firm.

"Your crippled magic skills have reached the third level, how is it possible?"

Tiger bone roared, shocked.

Lu Ming just now, not all of the dominating power has exploded, more is the use of incomplete magic skills.

With the third level of incomplete divine skills, he repelled the opponent in one fell swoop.

"What? Third level, how is it possible, how could he cultivate the incomplete divine skill to the third level?"

"How long has it been before I practiced to the first weight soon!"

"me too!"

The words of the tiger bone shocked the youths of other tiger races.

Incomplete divine skills, although the difficulty of practicing is not as high as that of complete divine skills, it is already very difficult for people at their level.

Among the more than 1 million people, there are some people who haven't gotten started yet and haven't practiced to the first level yet.

There is a large part, although getting started, but it is only the first one.

Like a tiger bone, it is to cultivate the incomplete magic skills to the second level, and then cooperate with his Wangpin divine power to become one of the top three masters in Dongcheng District.

However, Lu Ming has already trained the incomplete divine skill to the third level.

No wonder!

It's no wonder that Lu Ming is so strong that he can break out such amazing combat power by virtue of the cultivation of the virtual realm. It turns out that Lu Ming has already trained the incomplete divine skills to the third level!

"The third level of incomplete divine skills is terrible. This person's perception is really terrible!"

"This person's combat power is still on the bone of the tiger!"

Those people lurking in the dark all around had thoughts in their hearts.

"Tiger bone, this is your strength? Really not!"

Lu Ming laughed jokingly.

"I don't believe it..."

The tiger bone roared, waved the halberd, and slammed towards the landing.

Lu Ming brandished his spear, and his guns crossed, fighting with the tiger bone.

Lu Ming still has a lot of reservations. The power to dominate has not exploded with all his strength. He has only exerted his destructive magic skills against the enemy.

Even so, the tiger bone is completely invincible.

Tiger bone's incomplete divine skills, just after breaking through the second layer, and Lu Ming, has broken through the third layer for some time, after this period of cultivation, he has made progress.

Incomplete magic skills, every gap, the power is different.

In the future, if you practice a complete divine skill, the difference between each weight will be even greater.

Just a few strokes, the tiger bone was completely invincible. He was shot by Lu Ming, and the Seventh Power broke out, and half of his body exploded, vomiting blood and breathing.

"How could this be?"

At this moment, other tigers have been scared and stupid.

How can this be possible, even if the tiger bone is invincible in a virtual environment?

Especially the tiger hair is completely ignorant.

"Go, go away, you are not his opponent, run away!"

At this moment, the tiger bone roared.

"Go, go!"

Those tiger races woke up like dreams, some turned around and ran, some wanted to escape with tiger bones.

"Since you are here, leave half of the points and go!"

Lu Ming spoke indifferently, and as soon as his figure moved, he rushed towards the tiger bone.

At this moment, half of the body of the tiger bone exploded, unable to resist at all, and was directly shot by Lu Ming.

Then, Lu Ming shot and killed other tigers.

It's a harvest, one-sided situation.

The guns are vertical and horizontal, and all the young tigers are killed here, and the energy is dissipated.

After a while, all the young tigers who came here were killed by Lu Ming.

"This, this, this..."

At this moment, the arrogance of the various ethnic groups lurking in the surrounding buildings was almost scared, and their eyes were rounded.

Completely slaughter, completely one-sided.

Originally, many people wanted to wait for Landing Ming and the Tigers to lose both sides. They were good at picking up cheap ones. They were afraid at the moment.

Pick up cheap?

Going out is to find death, Lu Ming originally did not consume much.

They dare not breathe in the atmosphere one by one, holding their breath, fearing that Lu Ming would find out.

"A lot of points..."

At this moment, a continuous reminder came from the badge on the chest.

His points have skyrocketed and his rankings have skyrocketed.

Now, his ranking has directly rushed to the 51st place in the 20th region.

"It's finally back to the first hundred!"

Lu Ming smiled.

In the City of All Souls, the people who rioted the Galaxy were also shocked.

"Look, Lu Ming's ranking is soaring!"

"Quick, 137, 129, 98, 67..."

Look at the ranking of Landing Ming, soaring constantly, let them take a breath.

In the end, Lu Ming's ranking was set at 51.

"51, great, I never expected that Lu Ming rushed into 51 in the twentieth region, as long as this ranking is stabilized, he will definitely be able to enter the top 100!"

"Yes, I didn't expect that this time Zheng Tianjun had so many geniuses!"

"It's amazing!"

There was a lot of discussion all around. The masters of these forces looked at Fazu with envy.

And Kang Ji and Situ Haonan's face, the more ugly, the more ugly.

...

Area 20!

Lu Ming was about to leave. Suddenly, his eyes turned to the left.

There was a young man in black, and behind this person, there was a pair of wings.

This is a wing human race.

The wings behind him flickered and actually floated in the air, floating towards the landing Ming.

You know, inside it, it is impossible to fly at all, and this person is suspended in the air by his wings.

"It's Deng Yu, it's Deng Yu!"

"Yes, it was him. This battle actually attracted Deng Yu!"

All around, those hidden people took a breath.

Chapter 2636: Deng Yu

The city where they are located is very, very huge. Like a small world, it is divided into four districts, southeast and northwest.

In each urban area, there are several top experts.

However, there is a master in the southeast, northwest, and is recognized as the first master, there is Deng Yu.

He is the first master of this city, a great genius.

At least, in this city, no one can beat the enemy.

And now, Deng Yu appears, do you want to fight Lu Ming?

Many people showed their expectations!

Lu Ming's strength is also extremely amazing. Tiger bone, one of the top masters in Dongcheng District, was completely crushed in Lu Ming's hands.

They wanted to know, who is stronger, Lu Ming and Deng Yu?

"Your strength is very strong, I did not expect that this city actually has a master like you!"

Deng Yu stopped and landed on a house, looking at Ming Ming.

"Deng Yu?"

Lu Ming's eyes narrowed slightly.

He heard that the human race youth mentioned it before, and when he saw Deng Yu, he thought of it at once.

"Not bad!"

Deng Yu nodded, staring at the land, and a strong war in his eyes burst out.

"Originally, I have planned to go to other cities to find a master challenge, but now it seems that it is not necessary!"

Deng Yu said, the fighting in his eyes became stronger.

"You want a battle, it's exactly what I want!"

Lu Ming also showed his fighting intent.

"No, you and I have a battle, but not now!"

Deng Yu shook his head.

"not now?"

Lu Ming wondered.

"To be honest, your strength is very strong, I can't see through at all, I am not sure of you!"

"Maybe, I will die in your hands. My points are not enough now. If it is reduced by half, I am not sure that I will be able to enter the top 100. So, how about our battle, when the three-month deadline is approaching, How about a battle here?"

Deng Yudao.

"it is good!"

Lu Ming did not hesitate and nodded.

He understands Deng Yu's thoughts. If he is killed by Lu Ming now, the points will be reduced by half, and he is not sure that he can enter the top 100.

Therefore, during this time, he will get more points, and when there are enough points, even if the points are halved, he will be able to enter the top 100 steadily.

"Well, before the March period, let's fight here!"

With nothing to say, Deng Yu turned away.

"Lu Ming, want to fight Deng Yu?"

"At that time, be sure to come and watch!"

Those onlookers thought secretly.

At this moment, Lu Ming seemed to be a non-smiling man, and he glanced at the surrounding buildings.

Those who were hidden in the building immediately tensed, their heartbeats accelerated, and they were cold and sweating.

Was it found?

They were shocked!

In fact, Lu Ming discovered them long ago.

He controlled the way of domination. Although he could not dominate and mobilize the power of a realm as he did in heaven, his senses were greatly enhanced.

Although those people were well hidden, they were still discovered by Lu Ming.

However, Lu Ming did not shoot.

The scores of these people are not so high, as long as he does not actively provoke him, he is lazy.

He is now only interested in masters.

Lu Ming stepped out, rushed into a building, and left here.

At this time, there is still one month before the period of March.

Lu Ming began to look for other masters to hunt.

However, in Dongcheng District, as soon as someone saw him, he ran away, and it was difficult to find opponents.

A few days later, Lu Ming walked out of Dongcheng District and came to other districts.

Sure enough, when he came to other urban areas, he had to look up to Lu Ming without long eyes, and wanted to hunt Lu Ming.

In this way, as time passed, Lu Ming's points also slowly improved.

His ranking is slowly improving.

When less than one day left in March, Lu Ming's ranking rose to 39 in the 20th district.

At this time, Lu Ming returned to the place agreed with Deng Yu.

When Lu Ming returned, he had already seen a figure waiting here.

It is Deng Yu!

"You came!"

Deng Yu opened and closed, two bright sword lights burst into his eyes.

"Now that I have an appointment, I will come!"

Lu Ming smiled.

At the same time, he keenly felt that many people were hidden in the surrounding buildings.

A month ago, Lu Ming and Deng Yu had a fight, and it had spread throughout the city. The two were recognized as the strongest in the city, and of course they would attract many people to watch.

"Shoot!"

Deng Yu spoke very directly, and the power of his body was boiling. Around him, a sword of war was condensed.

There are thirty-six in total, the sword rushes into the air.

"war!"

Lu Ming spoke, and a long spear appeared in the palm of his hand.

bump!

Lu Ming stepped forward, the guns were united, and killed towards Deng Yu.

"go with!"

Deng Yu waved his hands, thirty-six war swords, into a strange combination, and continued to assassinate the landing.

boom! boom! boom!

Lu Ming's spear, and Deng Yu's war sword, constantly collided, full of energy.

In a flash, the two had dozens of moves.

"This Deng Yu is not weak!"

Lu Ming secretly said.

As soon as he played, he felt the overall combat strength of Deng Yu.

The divine power controlled by Deng Yu is also Wangpin divine power, but it is much stronger than the general Wangpin divine power.

Divine powers of the same level also have strengths and weaknesses, some of which differ greatly in power.

For example, Tong Xi'er and Kang Long both control Wang Pin's divine power, but Tong Xi'er's Wang Pin's divine power is stronger than Kang Long's.

This is also true of Deng Yu, whose Wangpin divine power is not weaker than Tong Xi'er, even stronger.

Moreover, his incomplete divine skills have also been cultivated to the second level, and to the second peak, the fighting consciousness is also very strong.

The total combat strength, he is much stronger than the tiger bone.

No wonder they can become the first master of this city.

"Great, great, come again, come again!"

In the dozens of battles, Deng Yu's eyes became stronger and stronger, his hands waved, his sword light stirred, and thirty-six war swords kept rushing towards the landing.

Every blow, the power is amazing, and unpredictable, unpredictable.

"It seems that the power of the dominant force still needs to be mentioned again!"

Lu Ming smiled slightly.

Before, he opposed enemies with people, the power of the master did not explode, and what was exploded was just the power equivalent to ordinary divine power.

At this moment, he exploded the power of the master to the power equivalent to Wangpin's divine power.

Suddenly, his fighting power increased a bit, his guns skyrocketed, and Deng Yu's sword light was swept away at once.

"It's over!"

Lu Ming whispered, the spear shook, and turned into a lightning bolt, as if flying out of heaven, breaking the void.

call out!

In Gunmang, the Seventh Power burst, and all the remaining sword lights of Deng Yu were defeated. At the next moment, Gunmang passed through Deng Yu's chest.

Deng Yu's figure was stiff in the air.

"Awesome, awesome, this battle, I lost my persuasion!"

Deng Yu smiled, and then his body touched, and the energy disappeared.

Chapter 2637: The biggest winner

Lu Mingzhan Deng Yu, Lu Mingsheng!

"This Deng Yu, amazing points!"

After the killing of Deng Yu, Lu Ming's points soared, and his ranking improved again.

Originally, Lu Ming's ranking was 20th district, 39th. After killing Deng Yu, his ranking suddenly rose to 20th district, 17th!

After all, in the 20th district, there are more than 50,000 people and 18 giant cities. Some people fight almost non-stop, and the points are higher than him, which is normal.

"Horror, really horrible, Deng Yu is not his opponent!"

"God, this person's combat power is really amazing. Unexpectedly, the rioting galaxy actually produced such a character. I think with his strength, it is estimated that it can impact the top 100 in the total ranking!"

"It's very possible, depending on the second round of assessment, he has a showdown with other opponents!"

All around, those who watched in secret were shocked and unable to calm down.

Deng Yu was recognized as the strongest in this city, but in the end, was killed by Lu Ming.

At this moment, in the City of All Souls, the people who rioted the galaxy are already noisy.

"Lu Ming, his ranking has risen again, and he has risen again!"

"Actually rushed to the 17th in the 20th district, which is also amazing!"

"Great, great!"

"Great, this time, Zheng Tianjun is great!"

Many people lamented.

The first round of assessment will be over in less than one day.

This time, Zheng Tianjun, with five people, ranked in the top 100 in their respective regions.

Xie Nianqing and Xie Nianjun are ranked 70 to 80 in their respective regions.

"Is the two of them hiding power?"

Fazu whispered.

He knew that the talents of Xie Nianqing and Xie Nianjun both controlled the existence of divine power.

As soon as they can break through the Martial God Realm, they can control the divine power, and their comprehension will never be low. However, according to normal speaking, their ranking will not be so backward.

Then there is only one possibility. They are hiding their strength and seeing that they can almost advance, they will not continue to do so.

It is Tong Xi'er and Dan Dan, ranking higher.

Tong Xi'er ranks 53rd in her area.

Dandan, ranked thirty-six!

Together with Lu Ming and Zheng Tianjun, a total of five people rushed into the top 100 in their respective regions.

Even with the achievements of Yunfeng Pavilion, all such achievements should be envied. You know, only three people from Yunfeng Pavilion rushed into the top 100 of their respective regions.

Kang Ji and Situ Haonan are jealous to go crazy.

"How could this be?"

"God is unfair!"

The two shouted.

"Before, some people said that Lu Ming was by luck, and he would be killed later, now?"

Fa Ming sounded with a sneered voice, looking at Situ Haonan and Kang Ji.

The two exploded in popularity, and at the same time, a little panicked.

There were so many arrogances in Zheng Tianjun, especially Lu Ming, who rushed to the 17th in the 20th district. If such talents were added to the 13th Qin Tian, Na Yuan Luo Dian and Xiao Yao Zong, where else is good? day?

The only gratification for them is that Situ Feng's ranking is not low, ranking 26th in his region.

"It's too early to say this, to see the performance of the second round, but who can join the three hegemonic forces!"

Situ Haonan gritted his teeth.

...

Time, less than one day before the end of the current round of assessment.

On the last day, the killing of the 20 areas was even more crazy.

Because, once entering the top one hundred in their respective regions, it is almost certain that they can join the thirteen cases of Qin Tian.

However, once it is eliminated, it is not necessarily the case.

Moreover, even if it does not enter the top 100, as long as the points are higher, the chance of being selected by Qin Tian's 13 cases will be higher.

So, everyone is crazy!

Crazy killing, crazy fighting!

"My ranking is 103, as long as I kill him, I can enter the top one hundred!"

In the third area, a young Tauren madly killed his opponent.

"Ah, you don't have to fight back, there is no time, you let me kill, you let me kill, I can rush into the first hundred!"

In the sixth area, a young man chased another young man frantically, but the other party fled frantically, making the young man frantically roar.

Almost!

He was just almost, but how could the other party let him kill him honestly, and he couldn't catch up with the other party for a while, so anxious.

Crazy!

Everyone's eyes were red and they were fighting wildly

This is about their future. It's about the destiny of a lifetime. It's strange not to be crazy.

Crazy killings are being staged everywhere in the twenty areas, in cities.

However, there are some people, but no one dared to provoke, and once he saw it, his face changed wildly and fled.

Such as Jin Sheng, Hu Ya, Yang Chong, Linghu Ye and others.

They are all kings in their respective regions, ranking first.

In the 20th area, where Lu Ming and Deng Yu fought, Lu Ming did not leave. He just sat on his knees, learned the incomplete divine skills, and waited for the arrival of time.

However, no one dared to provoke Lu Ming, even if he was too close to Lu Ming.

Although everyone knows that Lu Ming's points are definitely amazing, but who dares to fight his idea?

Unless you are dead!

Time just passed by quickly.

When the three-month period came, his body seemed to be torn by a force, then turned into a rainbow of light, and disappeared here.

The next moment, Lu Ming discovered that his spiritual will had returned to his body, and they were still in a room in the inn.

At the same time, Xie Nianqing, Xie Nianjun, Tong Xi'er and Dandan were also awake.

Above their heads, the piece of jade was glowing, and there were writings on it, which clearly showed everyone's points and rankings.

A glance at the glance.

"Xiaoqing and Xie Nianjun..."

Lu Ming was slightly surprised. The rankings of Xie Nianqing and Xie Nianjun were somewhat lower.

"Perhaps, they are hiding their strength!"

Lu Ming thought.

At this moment, the rankings on those twenty huge screens were completely decided.

This time, the rioting galaxy, a total of fifteen people, entered the top 100 in their respective regions.

Zheng Tianjun has become the biggest winner with five people.

Even Yunfeng Pavilion has only three people.

As for Situ Feng, Situ Xiao, Kang Long and others, only Situ Feng entered the top 100.

"Quick, the top rankings of the respective regions, preferably the top 5,000, all recorded!"

"The top 10,000 in each area can be recorded, but this is the arrogance of the entire Qin Tianxing field accumulated over 1,000!"

At this point, there are many people who start recording the ranking on the screen.

These people come from some small forces in Qin Tianxing domain.

In addition to the 13 cases of Qin Tian, there are many small forces in Qin Tian Xingyu, which are far less powerful than the 13 cases of Qin Tian, but they are still much stronger than the forces like Yunfeng Pavilion.

These forces know that those in the top ranks will definitely not join them.

Therefore, they are staring at those who are slightly behind the rankings. These people, Qin Tian's thirteen sects are not good, but they are good.

Chapter 2638: Purchase Secret

This is like Taobao. Those who rank lower may not be completely free of 'gold'.

This has happened in history.

Some people, during the assessment, performed in general, were not selected by Qin Tian's 13 cases, but joined a small force.

But later, there was a skyrocketing, rising against the sky, the achievement of the gods, gods, and even became the top master of Qin Tianxingyu.

Once such "gold" is found, that small force will make a big profit.

Many Tianjiao, who were not selected by Qin Tian's 13 cases, would join these small forces.

These small situation forces are also relatively small forces compared to the thirteen cases of Qin Tian. Compared with the forces of the rioting galaxy, these forces are undoubtedly Big Mac.

Some forces, but there are gods sitting in town.

After a while, twenty screens in the sky disappeared.

Instead, it is line by line.

At this moment, a message appeared in Lu Ming's jade symbols.

It is to introduce the information and rules of the second round of assessment.

Everyone looked closely.

The rules of the second round of assessment are also carried out in the dream space, and, like the first round, everyone's cultivation is also suppressed in the virtual **** realm.

In the dream space, they can only perform the incomplete magic skills they have learned.

Moreover, in the second round, it was a ring battle in pairs.

Twenty regions, each with a top 100, a total of 2,000 people, playing against each other in pairs.

But premise, they have a month's rest period.

One month later, they will enter the stele forest where they learned the incomplete divine skills last time, and once again enlighten them.

This time, there will be two years.

Two years later, the second round will start.

Obviously, this is a gifted and high-perceived one, which further widens the gap.

In a word, thirteen cases of Qin Tian, their fancy is their talents.

In the course of the battle in the battle, thirteen cases of Qin Tian, some powerful people will come, observe their battle, and make them satisfied, they will even invite them.

The difference from the first round is that during the two years they have learned about the incomplete divine skills, they can withdraw or enter at any time.

"There is still a month of refurbishment, shall we go out for a stroll?"

Lu Ming laughed.

Everyone naturally agreed.

Everyone walked out of the inn and strolled on the street.

At the same time, here is Wan Lingxing, the largest commercial planet in the Qin Tianxing domain, and Lu Ming has several purposes.

At the beginning, in the Tianshen Cave Mansion of the Northern Shangxing, he got some magic pill.

In addition, he has many artifacts in his hand. He plans to sell some artifacts, and then buy a batch of artifact fragments to eat for the ball.

With the improvement of the ball level, his requirements for artifact fragments are getting higher and higher.

The effect of low-level artifact fragments on it is getting smaller and smaller.

Need to buy some high-level artifact fragments.

In addition, Lu Ming also wanted to see if he could find any secret technique to cover up the power of the master and make it difficult for others to recognize.

"Let's go shopping first, I still have something to do, let's go!"

After strolling for a while, Xie Nianjun spoke and said, and went away directly, and walked from another street.

Several people in Lu Ming didn't think much about it. Xie Nianjun had been mysterious and secret all day long.

They continued to walk around, and soon after, came to a prosperous area.

This area is full of shops.

This is the largest commercial star in the Qin Tianxing domain, and the caravans from the various star rivers in the Qin Tianxing domain really have everything.

The dazzling eyes of everyone, some treasures, make them jealous, but the price is surprisingly expensive, not to mention them, even some true gods, gods, can't afford it.

After strolling around for a while, they came to an artifact shop. Lu Ming sold several seventh-order inferior artifacts and eighth-order inferior artifacts, and then exchanged them for some artifact fragments of the same level.

Then they went to some shops selling magical skills and mysteries.

"So many magical skills, and some secret techniques!"

Lu Ming was also shocked.

Tong Xi'er's eyes are shining.

It was Xie Nianqing, his face was still calm.

A glance away, at least saw hundreds of magical skills.

Attack, speed, defense.

However, the high price made them take a breath.

In addition, there are even mysteries.

Mystery is not the same as magic.

Mysteries, often more rare, are used to assist, and some can assist attack, speed, alchemy, refining and so on.

Lu Ming looked at each other.

Here, of course, there can be no real text, all are introductions.

Only when you are fancy and want to buy, will the store come up with the real copy.

"What a magical secret..."

Lu Ming found that some secret techniques can increase the combat power in a short period of time, just like the war character formula. However, unlike the war character formula, the war character formula has no sequelae. These secret techniques often have sequelae.

Some can make the speed surge, and some need special cultivation methods, which can enhance people's combat power.

But the price is often surprisingly high.

With Lu Ming's current value, they are far from affordable.

"Variety!"

Suddenly, Lu Ming saw a secret technique, and his eyes lit up.

Divine magic, can change the divine breath, color, level.

The introduction is very simple, but it just fits Lu Ming.

However, the price tag, but one hundred thousand God Crystal, Lu Ming frowned.

One hundred thousand **** crystals are very, very low compared to other mysteries, but they are not a small number.

"Guest, do you need this secret technique?"

A clerk asked Lu Ming.

"Can this price be cheaper?"

Lu Ming said.

"It's cheaper? I can't be the master. I need to ask the shopkeeper. Wait a minute. I will ask the shopkeeper!"

The clerk said politely, and then hurried away. After a while, Dianyu came with a middle-aged man.

"Guest, you need this magic spell, so let's sell it to you as a friend!"

The shopkeeper smiled.

"Eight thousand **** crystals are too expensive, and five thousand **** crystals, I bought them!"

Lu Ming said.

"Fifty thousand, guest officer, I'm afraid this won't work, it's too cheap!"

The shopkeeper shook his head.

"The shopkeeper, you must also understand that this magic change has little effect. For most people, it has no effect at all. If you stay here for a long time, I am afraid that no one will buy it. Fifty thousand divine crystals are enough. too much!"

Lu Ming shook his head arbitrarily, an expression of indifference.

Indeed, this magic change technique is completely different from the magic breath technique Lu Ming obtained in those years.

Divine breathing technique can change people's breath, as if changing a person, but Lu Ming's cultivation is too high now, and Divine breathing technique is useless.

The magic change can only change the breath, level, color and so on of divine power.

But what do ordinary people do to change their divine power level?

Chapter 2639: Identify the Divine Pill

To change the magic, naturally only disguise high-level divine power as low-level divine power, and certainly not disguise low-level divine power as high-level divine power.

I would like to ask, why do people who control Wangpin's divine power disguise it as ordinary divine power?

Most people can't wait to have a higher level of power.

Only a handful of people who control the divine power, or divine power, in order to be unobtrusive, will disguise their divine power as low-level divine power.

However, there are too few such people!

Therefore, as Lu Ming said, the mysterious technique of transforming magic is equivalent to tasteless, and no one will buy it at all.

The shopkeeper's face was also changing, he knew what Lu Ming said was justified.

"Five Thousand Gods Crystal, if there are more, I won't need it, and I'm just curious!"

Lu Ming shook his head and planned to turn around and leave.

"Wait a minute, guest officer, fifty thousand is fifty thousand, sold to you!"

The shopkeeper quickly stopped Lu Ming.

Lu Ming smiled slightly, took out the 50,000 God Crystal, and gave it to the shopkeeper, and then the shopkeeper entered the depths of the shop. After a while, he returned and took out a jade card to Lu Ming.

Lu Ming took it and swept the spiritual consciousness, which is the secret technique of the "changeable magic technique".

"It's done!"

Lu Ming was happy.

After they were put away, they walked out of the shop, and then they turned around for a while. Xie Nianqing, Tong Xi'er, and once they bought some things they needed.

Lu Ming also bought a few books that introduced some magic pills and returned to the inn.

After returning to the inn, Lu Ming took out books introducing Shendan and watched them carefully.

...

Xie Nianjun, turning around alone, soon she came to a tall building.

A glance at the experience shows that this is the famous place for exploration of Wan Ling Xing.

This is a terrible force, this force, the strength of which is spread over more than half of the vast universe, and a lot of news can be purchased here.

Xie Nianjun walked in and someone was greeted immediately.

"This girl, can I help you?"

Asked a woman of middle age.

"I want to know the news!"

Xie Nianjun said.

"Excuse me, is it Qin Tianxing's news, or news from other stars?"

Young woman asked.

"Other stars!"

Xie Nianjun.

"Other stars, please follow me!"

The young woman welcomed Xie Nianjun into a room, and half an hour later, Xie Nianqing left the building with a frown.

...

All spirit stars, the wind is surging.

Some small forces have already started to meet with Tianjiao, who is not very high in the rankings, hoping to draw the other side.

In an inn!

"Damn, damn, Zheng Tianjun's miscellaneous debris, actually entered the top 100, hateful!"

Kang Long roared, his eyes full of jealousy.

On the edge, Situ laughed similarly.

This time, Zheng Tianjun actually had five people and entered the top one hundred in their respective areas, which was far beyond their expectations.

Kang Long and Situ laughed, but did not enter the top one hundred in their respective regions. Now, they want to join the thirteen cases of Qin Tian.

"Relax, as long as I join a certain door, I will definitely recommend you to enter!"

Situ Feng spoke lightly.

"Thank you Brother!"

Situ laughed with joy inside.

"Thank you Brother Stuart!"

Kang Long also thanked again and again.

This time, fortunately, Situ Feng not only broke into the top 100 of his area, but also ranked well, and entered the thirteen cases of Qin Tian.

"Feng'er, in the second round, you have to perform well. Only the better the performance, the 13 cases of Qin Tian will be valued. After joining, the better the treatment!"

Situ Haonan cautioned.

"I know!"

Situ Feng nodded, his eyes showing a strong fighting intention.

This time, he had a blockbuster and walked out of the riotous galaxy.

Qin Tianxingyu, and even Honghuang Universe, is his stage.

On the north side of Wanling City, above a large mountain.

Here, it is the gathering place of tigers.

At this moment, a roar came from the mountain.

"Tiger hair, and you, the tiger bone, with your talent, did not enter the top 100 of the twentieth area, what's going on?"

Tiger teeth look like electricity, sweeping towards tiger hair, tiger bones and others.

Tiger hair, tiger bone, usually coquettish, but in front of the tiger teeth, but like a mouse to see a cat, was swept by the tiger teeth eyes, shuddered.

"It's all the kid, the rags of the rioting galaxy..."

Hu Mao gritted his teeth and told Lu Ming about it.

"Riot Galaxia? Unexpectedly, there is such a genius in a violent Galaxia, but no matter who it is, the person who kills me is a punishment!"

"Relax, in the second round, don't let me meet him, otherwise, I'll let him die miserably!"

Huya coldly said.

If it had not been stipulated during the assessment period and he could not do anything with others who participated in the assessment, he would now use his momentum to find Lu Ming and kill Lu Ming.

...

As soon as the time shook, three days passed.

Among these, Lu Ming has finished reading several books on Shendan, and he also got the Shendan from Tianshen Cave House roughly.

The elixir of Tianshen Cave House is not high in rank, otherwise, the **** will not stay there.

There are healing elixirs, detoxification elixirs, there are elixirs to enhance the repair...

Among them, Lu Ming is most interested in two immortals.

One kind, Ningshendan!

One kind, Zhuangshen Pill!

Ningshendan can accelerate the unity of ten thousand yuan, let the virtual realm go into semi-god realm faster.

This is exactly what Lu Ming needs now.

There is also a kind of immortal pill, this kind of pill, has great help for the virtual **** realm.

After taking the virtual **** realm, it can condense and enhance the divine power, break through the realm, and greatly speed up the cultivation speed.

Among them, Ningshendan, there are two bottles, a total of eighteen.

Zhuangshen Pill, there are six bottles and fifty-four.

Lu Ming gave Xie Nianqing, Xie Nianjun, Tong Xi'er, Dandan a bottle of Zhuangdan Pill, so as to speed up their cultivation speed, he left two bottles by himself.

Click, click!

Aside, the ball held a magical piece, and it happily ate.

Lu Ming smiled, and then took out several pieces of artifacts and threw them to the ball, while himself, took out a solidified pill, swallowed it, and began to practice.

Within a month, the twinkling of an eye came.

On this day, that jade card glowed again, bringing them into the dream space.

It is still the stone stele forest last time, on which there are various incomplete magic skills.

This time, they have two years to understand.

Roar! Roar! ...

On the other side of the stele forest, a beast roar came.

This time, it's a little different from last time.

This time, in the dream space, some places of experience are opened up, which are filled with countless wild beasts, and everyone can enter the experience.

In this way, it will be of great help to enlightenment and practice of incomplete divine skills.

Chapter 2640: Huya's provocation

Everyone did not act immediately, but looked at each other.

There are two thousand people in total, and two years later, they may all be competitors.

Suddenly Lu Ming felt a few strong breaths and pressed towards him.

As soon as he looked around, he saw several figures, striding toward the landing.

Tigers!

Lu Ming saw at a glance that these people were all tigers. The young man was extremely tall and majestic, taller than the original tiger bone, and had a spirit of overlord on his body.

"You are Lu Ming?"

A few Tigers young people stopped in front of Lu Ming, the young man headed by them, said indifferently.

"Not bad!"

Lu Ming responded.

"Very well, in the 20th area, you kill me a lot of masters of the Tigers. In the second round, you better not meet me, otherwise, I will let you die miserably!"

For the first time, the young people of the Tiger tribe stubbornly said, with repeated killings in their eyes.

"This riotous galaxy kid actually offended the Tigers, he's done!"

"Being spotted by Tiger Teeth, I am afraid he will have a hard time in the second round!"

On the side, some people whispered.

"Huya, you are really getting better and worse, actually staring at a rioting galaxy, your opponent is me!"

At this moment, a rough voice sounded, and a young man with a figure slightly stronger than Tiger Teeth stepped out with a strong breath, pressing on Tiger Teeth.

"Jin Sheng, is Jin Sheng!"

Someone recognized this young man, who existed in the same name as Tiger Tooth, and was also the ultimate arrogant in charge of the divine power.

"Jin Sheng, you and me, there will be a battle, this time, the first place will belong to me!"

Huya sneered.

"It's ridiculous, it's up to you and you want to get the first place? The first place is mine!"

Jin Sheng clashed against each other, the two men's breath collided, the body was filled with divine power, and a terrible edge circulated.

"The two of you are really narcissistic to the point that you want to win the first place. Are you also worthy?"

At this time, a young man stepped out and formed a horn with Jin Sheng and Hu Ya.

Yang Chong!

Another one controls the existence of divine power.

Jin Sheng, Hu Ya, a dignified color appeared in his eyes.

"This time, the test is to test talent and savvy, as well as combat experience. It is not the high level of divine power that can be the first!"

A cold and quiet voice sounded, and a young snake person stepped out and joined the confrontation.

"Yes, the level of divine power is high, and it may not be high in the future. As long as there are magical methods, it will be more popular later!"

Another young man came out.

bump! bump! ...

Then, a powerful breath erupted, and youth Tianjiao joined the confrontation, and there were more than a dozen.

"It's awesome, they are all ranked first in their respective regions!"

Someone exclaimed.

In the first round, these young people who joined the confrontation are all the firsts in their respective regions. They are all confident, proud, and not weaker than others.

Not only these people, but also those in their respective regions ranked second and third, one by one is full of confidence.

In the first round, it is not the first point, it is stronger. Sometimes, luck is also needed. Some people have low points, which does not mean that they are not strong.

These people are also full of warfare and want to compete with Jin Sheng, Hu Ya and others.

Lu Ming smiled casually and took a few steps back, too lazy to compete with these people.

It is useless to say more now, and after two years, we will naturally know.

"After that two years, let's fight!"

Huya said coldly, and then glanced coldly at Lu Ming, his figure moved, and with the arrogance of the Tigers, he rushed towards the Stone Forest.

Then, Jin Sheng and others rushed to the Stele Forest and disappeared.

Uh! Uh! Uh!

Afterwards, other people flashed and rushed towards the stele forest.

This time, there were only two thousand people. They looked sparse, and suddenly fell into the stele forest.

However, different people have different choices.

Some people rushed into the stele forest to find new incomplete divine skills.

For example, most people will choose a speed-type incomplete divine skill, or a defense-type incomplete divine skill, and cooperate with attacking incomplete divine skill, the power will definitely be stronger.

But in this way, at the same time to enlighten several incomplete magic skills, destined to disperse a lot of energy.

And some people directly passed the stele forest, rushed to the other side of the stele forest, entered the training ground, looking for wild beasts to fight, and concentrated on practicing an incomplete divine skill.

As long as an incomplete divine skill is cultivated to a very high level, the power is also extremely amazing.

Individuals have personal choices.

Lu Ming and Xie Nianqing separated them, and Lu Ming wandered around in the stele forest.

Lu Ming also intends to choose another incomplete divine skill practice.

His savvy is high enough, choose one more, is the king.

Soon after, Lu Ming selected a speed-type incomplete magic skill.

This incomplete magic skill still has a name.

Peng Yishu!

Realize that Dapeng's flight has evolved. Once cast, it is just like Dapeng's wings spreading at an astonishing speed.

Similarly, this incomplete divine skill is divided into seven levels.

Lu Ming took a closer look.

It took more than a month for Lu Ming to get started.

After getting started, Lu Ming did not continue to practice here, he crossed the stele forest and came to the other side.

He wants to enter the field of experience, looking for wild beasts to fight, so practice, the speed is the fastest.

On the other side of the stele forest, there are huge caves, a total of 72, leading to different places of experience.

These holes are empty, the last time they entered here, there was nothing, it was new this time.

Lu Ming walked into a cave at random, and through the cave, an endless plain appeared in front of him.

Roar! Roar!

On the plains, roaring like thunder, you can see a huge wild beast walking away.

Some wild beasts have been killed together with some young people.

"Peng Wing Skill!"

With a move in Lu Ming's heart, the master's power operated Peng Wing. Behind him, there appeared to be a pair of invisible wings, which made his speed soar and rushed towards the plain.

Roar!

Soon, a wild beast like a lion, ten meters high, rushed towards the landing.

Lu Ming didn't fight back, cast Peng Wing technique, his figure flicked, avoided the attack of this wild beast, bypassed the wild beast, and went deep into the plain.

On the road, there were constant beasts attacking Lu Ming, and Lu Ming evaded with Peng Wing, so that he could temper Peng Wing.

It has been going deep, and Lu Ming doesn't know how much he has gone deeper. At this point, he hasn't seen other young people's arrogance.

At this time, Lu Ming stopped.

Roar! Roar! ..

All of a sudden, several wild beasts rushed towards the landing.

These barren beasts are not very strong. Some are equivalent to one level of False God Realm, some are double False God Realm, and three are False God Realm.

Of course, there will be four levels of virtual **** realm, or more than four levels of virtual **** realm, of course, the number is even smaller.

In Lu Ming's palm, a spear was condensed, and at the same time, Peng Wing was used to kill several wild beasts.

The guns are vertical and horizontal, roaring like thunder, hard work, and it's started!

There are wild beasts as a hone, and the speed of improvement for the cultivation of incomplete divine skills is much faster.
