

D Emperor 2641

Chapter 2641: Another space-time rat

With the passage of time, Lu Ming's control over the two incomplete divine skills became deeper and deeper.

Two months later, Lu Ming's marksmanship lacked his magic skills, and then made a breakthrough, reaching the fourth level in one fell swoop!

And Peng Wing, also practiced to the second level!

"Not enough, we must practice to a higher level!"

Lu Ming whispered.

To be honest, this time he was still under a little pressure.

It is not easy to get the first place without exposing the power of the master.

Jin Sheng, Hu Ya, and Yang Chong are all in charge of the existence of divine power, and their comprehension will never be low.

It is not easy to beat them.

Mainly, Lu Ming's repair is too low.

Huya and others are all suppressed in the virtual **** realm.

And Lu Ming is just Qixing Tiandi.

In the case of not being able to use the "war character formula", Lu Ming's advantage is not so great.

After all, the power of the divine power is also extremely powerful.

Therefore, if you want to defeat the opponent under the premise of being backward, it is very important to lack the magic skills.

Lu Ming continued to practice.

Time goes by day by day.

On this day, outside of All Souls Star, a figure suddenly appeared in space.

This figure is a middle-aged beautiful woman, looks more than 40 years old, but still charm.

She just stopped in space and looked at the whole spirit star.

"Unexpectedly, in this Qin Tianxing domain, there is actually a person of my clan. It seems that he is a minor, and it should be a descendant of the people of my clan who are living outside!"

"The number of my family was originally scarce. Since it happened, take it back and cultivate it!"

After all, the middle-aged beautiful woman stepped out in one step. At the next moment, she actually appeared directly on a street in Wanling City. The speed was so fast that she had reached an incredible level.

Moreover, no one seemed to find out how the middle-aged beautiful woman appeared on the street, as if she had been there.

Among these people, there is the existence of heaven and **** realm.

The eyes of the middle-aged beautiful woman looked at an inn, which was the inn where Lu Ming lived.

The next moment, she took another step and appeared directly in a room.

This room is the place where bubbles are cultivated.

Bubble has been coming here with landing, and is practicing in this room.

Bubble was originally closing her eyes to practice, suddenly seemed to feel, suddenly opened her eyes, and saw a middle-aged beautiful woman, standing in front of her, looked at her curiously.

The bubble was so frightening that he got up and ran away.

However, she found that she could not move and was imprisoned in the air.

"Natural talent is excellent, but it is a pure jade. If it is carved, it will be dazzling!"

The middle-aged woman looks at the bubbles carefully, the more you look, the more satisfied you are.

"You... who are you? Why give me a sense of intimacy?"

Bubble blinked and said, now she is not afraid anymore, and she still feels a sense of intimacy in the middle-aged beautiful woman.

"You and my family are naturally intimate!"

The middle-aged beautiful woman smiled, and her body shape changed rapidly. At the next moment, a space-time spirit rat appeared in the air.

Time and Space Spirit Rat!

The middle-aged beautiful woman is also a space-time spirit rat!

"you you..."

Bubbles blinked hard.

This is the first time she saw other time-space spirit rats, and suddenly felt closer.

"Little guy, you should never have returned to the ethnic group. Now, I will take you back to the ethnic group, where is where you should stay, and your talents can really be brought into play!"

The middle-aged beautiful woman turned into a human form.

"Go back to the ethnic group with you? Me, I..."

Bubble whispered.

To be honest, she really wanted to follow the middle-aged beautiful woman to the space-time spirit rat group to meet other people of the same family.

However, she was reluctant to Lu Ming!

"I have to say goodbye to brother Lu Ming before I can go with you!"

Finally, the bubble gritted his teeth.

Although she was reluctant to Lu Ming, she found that her cultivation practice was too low now, and she could not help Lu Ming at all. Even her cultivation practice surpassed her.

Therefore, she still decided to go back to the ethnic group with the middle-aged beautiful woman to improve her strength before coming out.

"Farewell, this is easy!"

The middle-aged beautiful woman glanced at her with a happy look.

"Hey, there is also a world turtle, my family and the world turtle are also of profound origins, it is better to bring this world turtle to the world turtle turtle group..."

The middle-aged beautiful woman whispered, and then waved her hand to the Dandan's room with bubbles.

At this moment, a jade sign was suspended above his head, and he was practicing incomplete magic skills in the dream space.

"wake up!"

The middle-aged beautiful woman spoke, and the voice came out, and the jade sign above his head was dim, and then he woke up.

"Nest, what's going on? This will also break down, I'm practicing..."

When he woke up, he cried strangely, and then saw a middle-aged beautiful woman at a glance.

As soon as he saw the middle-aged beautiful woman, his hair was exploding, and he had to retreat in a hurry. However, as before, he found that he could not move.

"Dan Dan, this is the case, this is my predecessor..."

Bubble introduced the middle-aged beautiful woman.

"It turned out to be the predecessor of the time-space spirit rat family..."

A moment in my heart.

"Little fellow, you are not too young. You should know a lot from the heritage of the bloodline. In the wilderness universe, the world turtle and the space-time spirit rat, they have a lot of connections. Would you like to follow me, I will take you Go back to the world, the turtle family!"

Middle-aged beautiful woman.

"Yes, of course, this seat, no, I am 10,000 willing!"

Dan Dan immediately agreed, the first point quickly.

Where would he be unwilling, as long as he could return to the world of the turtle family, he would be able to promote faster.

"Dan Dan, I want to say goodbye to Brother Lu Ming!"

Bubble said.

"Alright, say goodbye to that guy!"

Nodded.

Then, the middle-aged beautiful woman took two people to Lu Ming's room, and a voice came out, and Lu Ming also woke up.

"what happened?"

Lu Ming also felt a little dazed, he was fighting with the wild beast, and suddenly he quit the dream space.

"you are..."

Seeing the middle-aged beautiful woman, Lu Ming's eyes condensed and his thoughts turned around.

Could it be this person who made him exit the dream space?

"Brother Lu Ming, this is my senior!"

Bubble pulled Lu Ming's arm.

"The predecessor of the space-time spirit rat family..."

Lu Ming moved.

He heard Zulong mentioned.

There are several types of the Ten Strongest Beasts in the Celestial Realm, which are not native to the Celestial Realm, and come from the Honghuang Universe.

The world turtle, time-space spirit rat, and holy spirit ant are all from the wilderness universe.

Could it be that this one in front of him is the predecessor of the squirrels of the universe of space and time.

"Lu Ming, like this..."

Dandan once said that they would talk to the middle-aged beautiful women back to the ethnic group.

"This is a good thing!"

Lu Ming smiled, he would not object.

Only when you return to the ethnic group with middle-aged beautiful women, will you have a better future.

Following him, he buried his talent instead.

Chapter 2642: Step into demigod

"Brother Lu Ming, I will come back to find you later when I practice in the future!"

The bubble is a bit reluctant.

Since she was very young, she has followed Naruto, and is naturally reluctant.

"Go, go, practice hard, and I will visit you in the future!"

Lu Ming smiled.

Although he was a bit reluctant, he also understood that separation is the best choice.

"The little guy is not bad, he is very talented, and has a good chance. In the future, the universe will not be without you!"

The middle-aged beautiful woman looked at Lu Ming as if she could see through Lu Ming, and there was also a trace of surprise in her eyes.

Lu Ming smiled bitterly in his heart, he knew that this middle-aged beautiful woman, I am afraid that Xiu Wei had reached an incredible level, most of his secrets must be seen through by the other party.

"I don't know the word of war, have she been discovered by her!"

Lu Ming thought.

Bai Ya once said that the word "war", even if it is placed in the wilderness universe, is an extremely precious peerless treasure, and many big people have to fight for life and death.

In case it is discovered by a middle-aged beautiful woman, I do not know the consequences.

But at this time, Lu Ming discovered that the word "war" in his understanding of the sea had shrunk rapidly and turned into hundreds of millions of times smaller than dust.

Fortunately, the middle-aged beautiful woman didn't seem to find anything strange.

"Little fellow, you are also related to my family, and I will help you!"

After talking, the middle-aged beautiful woman waved her hand and force into Lu Ming's body.

Immediately, Lu Ming felt that all the power in his body had to be condensed into a single unit, reaching 10,000 yuan to unite, and igniting the fire.

"Thank you senior!"

Lu Ming thanks, knowing that the other party is helping him.

"Good luck!"

The middle-aged beautiful woman waved her hand and brought the bubbles away.

"Good luck!"

Lu Ming whispered, then sat cross-legged and began to practice.

Rumble!

In his body, the power of the master is surging, like the water of the big river flowing. Originally, there is a trace of world power in his power.

But now, the power of this world is completely melted by the power of the master, and completely transformed into the power of the master.

In his meridians, only the power to dominate is left, and nothing else.

Originally, Lu Ming needed some time to achieve this step. He estimated that it would take at least ten more years.

However, with the help of the strength of the middle-aged beautiful woman, he directly broke through.

"Ningshen Pill!"

Lu Ming took out a few Phenomenon and swallowed it.

Rumble!

His dominating power, with the help of Ningshen Pill, madly gathered towards Dan Tian.

Then keep compressing, keep compressing.

Compress, then compress!

In the end, all the power of **** gathered in Dantian and kept compressing.

Huh,,,

When it was compressed to the extreme, the power of the master had undergone earth-shaking changes. On the surface of the power of the master, a ray of flame suddenly appeared.

At first, the flame was still very small, but soon, the flame became bigger and bigger, and finally it burned.

Shenhuo!

This is Divine Fire, Divine Fire composed of Divine Power!

Lu Ming successfully ignited the Shenhuo, lit the Shenhuo, which meant that he entered a semi-divine realm

Huh...

Soon after, all the power of the ruler was transformed into a ray of fire.

Lu Ming officially entered the demigod realm.

Of course, it is still a ray of magical fire, not much.

Next, it is necessary to continuously expand the Divine Fire, and finally fill the whole body with divine power, and then with the help of divine power, the flesh will complete a transformation and transform into a divine body.

At that time, it entered the Wushen Realm and became a god.

"Try power!"

Lu Ming thought, and the fire was burning, and a thin layer of divine power filled his palm.

laugh!

Lu Ming cut the palm of his hand through the void, and made a harsh noise.

"Divine power, the power of dominating divine power, is indeed much stronger than the power of dominating power!"

Lu Ming smiled.

At present, although there is only a ray of magic fire in his body, the amount is very small, but this is the master divine power, which is much stronger than the previous master power.

Lu Ming's combat strength has risen instead of falling, and has improved a bit.

For the next round of assessments, Lu Ming was more confident.

Stepping into the demigod, one step away from the virtual **** realm, only one step away.

Lu Ming is confident that even if he does not explode all the power to dominate the divine power, he will be able to overwhelm the crowd.

Confident, he still has it.

Next, Lu Ming swallowed several condensed pill to consolidate the realm completely, and then entered the dream space again to practice.

In these two years, they can freely enter and exit the dream space.

Time flies, two years, and flickers.

Dream space, place of trial, above the plain.

Roar! Roar! Roar!

At least a dozen beasts with four levels of False God Realm culled Xiang Luming.

However, Lu Ming's body moved like Dapeng Flying, easily avoiding the attacks of dozens of wild beasts, and then speared out with a dozen guns, stabbing these wild beasts.

puff! puff! puff! ...

In an instant, more than a dozen wild beasts equivalent to the fourfold of the virtual **** realm were all killed by Lu Ming.

"Peng Wing, reached the sixth level, and that kind of marksmanship also reached the sixth level!"

Lu Ming smiled.

This is what he gained in the past two years.

The more magical skills are, the more difficult it is to improve.

However, after two years, Lu Ming cultivated both of the incomplete magic skills to the sixth level. If such a speed is passed, I don't know how many people will be scared.

Lu Ming's perception is unquestionable, and definitely belongs to the top of the top.

Otherwise, in the realm of heaven, he could not create miracles, at the same time control a variety of the strongest laws, and finally cultivate the way of domination.

Buzz!

At this moment, a beam of light fell down in the sky, covering everyone, and their figure disappeared. At the next moment, they appeared on a stone platform.

The stone platform is suspended in the air, and nearly two thousand stone platforms are surrounded by a huge battle platform.

Here, it is still a dream space.

Uh!

At this time, a figure appeared over the battle platform.

This figure is the host. Thirteen cases were selected to host this assessment.

At this moment, in the open space of Wan Ling Xing, people were once again surrounded.

All eyes are on the sky.

In the sky, there is a huge screen that fully reflects the situation in the dream space.

Everyone can see the competition in the dream space through this screen.

In the dream space.

The figure above the battle platform was a middle-aged man, his eyes glanced at the audience, and his voice rang.

"You can enter the second round, all are Qin Tianxing domain, elites for a thousand years, you are already eligible to join Qin Tian's 13 cases!"

"However, next, you have to perform well. The better your performance, you will naturally be valued by the 13 cases of Qin Tian. In the future, the 13 cases of Qin Tian will receive the better treatment. Do you understand? "

Middle-aged Dahan Road.

"understand!"

Everyone shouted and their eyes glowed.

Chapter 2643: The final showdown begins

Although they have entered Qin Tian's thirteen cases, they have stabilized, but if they want to have a better future, they must perform well.

If you can be spotted by a big man, you might also be flying into the sky.

All eyes are fiery.

"Now, there are 13 seniors!"

The big man spoke, and then gave a fist to the void.

In the high altitude, there was suddenly a light shining, and then a figure appeared suddenly appeared.

There are a total of 13 groups of people, each group, there are three or four people, four or five people ranging from male to female, old and young!

These are masters of Qin Tian's thirteen cases!

Many people startled and secretly swear, wait a minute, they must perform well.

"Okay, now, you start the competition. Originally, you had two thousand people, but now, there are only 1,999 people, and one person didn't come, but it's okay. Wait a minute. The competition is random. , That piece of jade charm will randomly shine, whichever two of them will flash at the same time, whichever one is on!"

The middle-aged man announced.

Lu Ming smiled, and the younger one was naturally overwhelmed.

Buzz! Buzz!

Suddenly, there was a jade amulet above their heads, which suddenly shone like a star.

"The two of you, go to battle!"

Middle-aged Dahan Road.

The two young people, one is a Snake-Man youth, and the other is a tortoise genius.

Tortoiseshell tribes, like other human tribes, but with a tortoiseshell on their backs, are known for their defense.

The two looked at each other, and both flashed cold light, and then jumped onto the battle platform at the same time, facing each other.

call out!

The Snake-human youth, when he first started, he stepped on his feet and looked like a lightning bolt, killing the tortoise-clan youth, and in his hand, a sword of lightning struck the tortoise-clan youth.

The attack of the snake race is almost fierce!

However, the tortoiseshell youth did not panic at all. His body was filled with gray power, and then his limbs and head were directly retracted into the turtle shell.

when!

The long sword of the snake-human youth stabbed the turtle shell, and Mars was shining. The turtle shell just rolled back twice, and nothing happened.

"Is it useful to hide inside the turtle shell, see me breaking your turtle shell!"

The Snake-human youth spoke indifferently, and the long sword continued to wave, with a sword spirit, towards the tortoise-clan youth.

However, after the sword light was cut on the turtle shell, the turtle shell was nothing.

Moreover, the tortoise tribe youth will take advantage of the other party's flaws, condensed out a long spear, and stabbed out, forcing the snake people to retreat again and again.

"You lost!"

The turtle shell bounced directly from the ground like a big rock and smashed towards the Snake-human youth.

The Snake Race youth can only avoid retreat.

Some of the Tianjiao who watched from the side showed a look of fear.

The tortoise clan's defense is so amazing that it is very difficult to deal with.

Unless the strength is much stronger than him, if the strength is comparable, it is often not the opponent of the opponent.

Sure enough, dozens of tricks were fought again, and the Snake Race youth was hit and flew out of the battle platform.

Snake human youth, eliminated.

The tortoiseshell youth won the victory.

Both of them withdrew from the battle platform, and then, two young people lit up on the battle platform to fight.

To be honest, all those who can get to this step are masters, and the divine power that they control is almost all Wangpin divine power. Only a few of them have superb insights. With ordinary divine power, and terrible incomplete divine skills, they come to this step.

The fierce battle continued and everyone watched.

In the City of All Souls, everyone can see clearly with that screen.

"Maple is here!"

Suddenly, Situ Haonan shouted excitedly.

I saw that two people jumped onto the battle platform. One of them was Situ Feng.

Lord Yunfeng Pavilion, as well as everyone in the rioting galaxy, paid special attention.

After all, Situ Feng took the lead in the tower evaluation conducted by the Lord Yunfeng Pavilion.

They all want to see what kind of performance Situ Feng can have.

"Shoot!"

Situ Feng, carrying one hand and one hand, condensed a war sword and spoke lightly.

"Want to deal with me with one hand, arrogant, then defeat!"

The other party spoke indifferently, a glorious color flashed in his eyes, rushed towards Situ Feng, and his fists continued to bombard.

"The third skill is incomplete skills!"

As soon as the opponent shot, Lu Ming saw it. This young man's incomplete magical skill reached the third level, which is already pretty good.

"The incomplete magic skill is only the third level, it is really waste!"

Situ Feng sneered coldly, slashing the war sword in his hand.

As soon as a sword is cut out, there are more than a dozen sword lights appearing, covering the opponent from all directions.

The young man was shocked and wanted to resist desperately, but the sword light in Situ Feng's hands suddenly skyrocketed, and a dozen sword lights became one.

puff!

Jianguang disappeared and the opponent was directly split in half.

The split body splits into energy and disappears, and then condenses on the stone platform around the battle platform.

His face was pale and his eyes were horrified.

Although, being killed in the dream space will not really fall, but that feeling is really true, if he is outside, he is already dead.

He was terrified later!

"It's so strong. His incomplete magic skills have already reached the fourth level!"

"And definitely the fourth peak, terrible, terrible!"

"The same divine power level, the same cultivation, most people can't stop him a sword!"

Many people were shocked by the remarks.

Situ Feng's shot made many people's face very dignified.

Incomplete magic skills, the fourth peak, this is already very high.

You must know that the incomplete divine skills are more difficult to practice the later.

Although two years have passed since the first round of assessment, most people are still in the second and third levels.

It is the first time to reach the fourth level, and it is the fourth peak, not far from the fifth level.

Coupled with Situ Feng's Wangpin divine power, how many people are opponents?

"Not bad!"

A strong man of thirteen ancestors in Qin Tian, nodded with a smile, looked at Situ Feng, a little moved.

Other Zongmen strongmen also looked at Situ Feng more.

In a few years, I can cultivate a crippled divine skill to the fourth peak, and my understanding is already very high.

"Hahaha, Big Brother is awesome. If Lu Ming encounters Big Brother, he can't stop a sword!"

Outside, Situ laughed.

Situ Haonan was also full of joy.

"Brother Situ, congratulations, just now there are thirteen big figures praised. It is rare to get thirteen big figures exaggerated!"

Kang Ji also laughed and patted a fart.

Although he was jealous of dying, now, of course, he must quickly pay Situ Haonan to firmly grasp this ally.

"Yeah yeah, Brother Situ, it is normal to make the son so talented, even if he joins the thirteen thrones of Qin Tian, the three great overlords!"

"I'm jealous!"

The lords of the other forces of the Riot Star River also praised each other and wanted to take the opportunity to establish a good relationship with Situ Haonan.

Situ Haonan's mouth was all cracked open.

Chapter 2644: Multi-eyed

When many people look at Situ Feng, their eyes show dignified color, they are all thinking, if they encounter Situ Feng later, what should they do!

Only a few people are calm and unmoved!

"Lu Ming, I hope you don't meet me!"

At this time, Situ Feng gazed at Lu Ming, sent a voice to Lu Ming, and then jumped forward and flew to the stone platform.

"I wish I met you!"

Lu Ming smiled faintly, and responded with a sentence, letting Situ Feng burst into cold eyes repeatedly.

Compare, continue!

One round after another.

Soon after, it was Xie Nianjun's turn.

"Beauty, look at you so beautiful, I can't bear to hurt you, you still admit defeat!"

Xie Nianjun's opponent is a handsome young man, looking at Xie Nianjun playfully.

Uh!

Xie Nianjun started directly, Jianguang burst out and enveloped the other party.

The other party's incomplete divine skill is only practiced to the third level. It is not Xie Nianjun's opponent at all. After a few moves, he was directly beheaded by Xie Nianjun.

"Awesome woman!"

Many people were shocked.

"She kept her hand!"

Lu Ming moved.

Others were shocked by Xie Nianjun's power, but Lu Ming knew that Xie Nianjun left his hand and did not use his full strength at all, otherwise, he would kill the other party with one move.

Lu Ming was curious that Xie Nianjun, why did he keep his hand, provoking her like that, with her character, I am afraid that he would be directly killed with a sword.

The competition continued, and soon after, it was Xie Nianqing's turn.

Xie Nianqing seems to have left her hand, not using her full strength, especially for the use of divine power, let others think that she is only in control of Wangpin divine power.

Then Tong Xier!

Tong Xi'er is very talented, and the Wangpin divine power he controls is also a terrible Wangpin divine power. His insight is also very high, and he easily defeated his opponent.

Zheng Tianjun, three consecutive upgrades, the smiles on Kang Ji and Situ Haonan's faces slowly disappeared.

Buzz!

At this moment, Lu Ming suddenly raised a light.

It's his turn!

Lu Ming stepped out and appeared on the field.

Ok?

Lu Ming's eyes moved, and his opponent was actually a trio.

It is almost the same as the evil spirit family of evil spirit world.

During this time, Lu Ming also read some classics and learned more about the Sanyan tribe.

The three-eyed tribe, in the Qin Tianxing domain, is also considered to be a large tribe, with strong strength.

Moreover, the Sanyan tribe belongs to the Domu tribe.

The Domu tribe is an extremely terrible race. Even in the Honghuang Universe, it is well-known. It can be ranked relatively high on the Honghuang Universe Ten Thousand Peoples List, which is extremely powerful.

The three-eyed tribe is just a branch of the multi-eyed tribe.

Of course, the three-eyed tribe in front of him has nothing to do with Yuanluo Hall, but due to the evil spirit world, Lu Ming naturally has no affection for the three-eyed tribe.

"Boy, I advise you..."

The three-eyed tribe Tianjiao, ready to start to force.

However, Lu Ming was too lazy to talk nonsense with the other party, rushed directly over, and speared out.

"court death!"

The three-eyed tribe Tianjiao screamed angrily, and the divine power condensed a battle axe, slamming toward the landing.

boom!

The battle axe collided with the spear, and a total of nine forces broke out in the spear.

The ninth strength is the fourth manifestation of the lack of marksmanship.

The terrible power directly defeated the battle axe which was condensed by the three-eye clan Tianjiao's divine power, and then speared on the three-eye clan Tianjiao. The other party screamed, and the body exploded directly, and the energy was dissipated. The next moment was on the stone platform Condensed out of the upper, looked at the landing sound in horror.

He couldn't even catch Lu Ming's move, and was killed by a second.

"The fourth level, his incomplete divine skills, has also reached the fourth level!"

"Scary, looking at the badge, this person is also from the riot galaxy. What's wrong? In the riot galaxy, there are two consecutive dilapidated divine skills that will cultivate to the fourth level of existence!"

"It seems that we all underestimated the riot galactic!"

Many people were surprised by Lu Ming's strength.

Even those big figures of Qin Tian's 13 cases were a little surprised.

Obviously, they did not expect that there were several good characters in the Riot Galaxy, which was beyond their expectations.

Originally, they did not take the riot galaxy into consideration at all, thinking that the riot galaxy would not have any arrogance, so in the past years, 13 cases of enrolling disciples were not open to the riot galaxy.

This time, it was only a whim of a thirteen throne of Qin Tian who said that he was also open to the riotous galaxy. Only this time he had recruited disciples and was also open to the riotous galaxy.

"It seems that in the future, we will go to the rioting galaxy more, maybe there will be good seedlings!"

Qin Tian's thirteen masters, different thoughts.

"The fourth level of incomplete divine skills, it seems that it is not difficult to practice successfully?"

Outside, Fazu laughed and raised his voice deliberately, reaching Kang Ji and Situ Haonan's ears.

Kang Ji and Situ Haonan snorted, his face somber.

"I already knew that this kid has such a talent, so he should have been killed!"

Situ Haonan gritted his teeth.

At the time, when they were besieging Fazu on the northern merchant star Chen Jindao, Lu Ming suddenly ran out and gave Fazu a seventh-order middle-class artifact, allowing Fazu to reverse the situation.

I knew that Lu Ming's talents were so high, and he became a competitor of Situ Feng.

But now, it is too late and they regret it.

"Relax, in the end Feng'er must have gone farther than him!"

Situ Haonan gritted his teeth.

After Lu Ming killed his opponent, he returned to the battle platform. When many people looked at him, they all showed wary eyes, obviously seeing him as a threatening opponent.

"Interesting, it's interesting to kill like this!"

The tiger teeth, when they looked at Lu Ming, showed a terrible color.

The test continues!

A pair of people played, fighting constantly.

Most people used their full strength to explode their peak fighting power as soon as they shot.

They understand that the people of Qin Tian's thirteen schools are watching. The better they perform, the more they will be fancied. Even if they are defeated by their opponents, as long as they perform well, they can be valued.

In the first round of the competition, there were nearly a thousand games. It took a full half a month to complete.

In addition to the occasions, 1,999 people have participated in 999 competitions, and one of them is directly promoted by turns.

Entering the second round, a total of 1,000 people continued to fight each other in the previous way.

Entering the second round, the competition is undoubtedly more intense, because all those who can enter the second round are masters.

A battle is going on.

Soon, it was Situ Feng's turn!

Situ Feng is indeed very strong, the incomplete divine skill of the fourth heavy peak broke out, easily defeating the opponent.

Soon after, it was Xie Nianjun and Xie Nianqing's turn, but they obviously didn't use their full strength, pretending to fight dozens of moves with their opponents before they defeated them.

Chapter 2645: Situ Feng

Not long after Xie Nianqing and Xie Nianjun, it was Tong Xi'er's turn. After a fierce battle, Tong Xi'er also defeated his opponent.

After that, Lu Ming shot and naturally defeated his opponent.

People like Huya, Jinsheng, Yang Chong, Linghu Ye, etc., all relaxed, killing their opponents in seconds, without suspense.

After the second round, five hundred people were promoted.

Then five hundred people started the third round.

Five hundred, two hundred and fifty.

In this round, Situ Feng still won, but Xie Nianjun and Xie Nianqing, respectively, lost to their opponents and stopped here!

"Lu Ming, what I practiced is the exercises of the previous life, it is inconvenient to expose too much!"

Back at Shitai, Xie Nianqing sent a message to Lu Ming.

Lu Ming nodded.

He speculated in his heart that Xie Nianqing's previous life, or now Xie Nianjun, might be extraordinary. They dare not expose too much. Is there a great enemy?

Lu Ming turned around the thought.

Xie Nianqing, other things, will not conceal him, but referring to the matter of the previous life, Xie Nianqing is reluctant to say more every time, is it because of the enemy?

The more Lu Ming thinks, the more likely it is?

The past lives of Xie Nianqing and Xie Nianjun are probably very different.

Because the previous life and the present life involve reincarnation, but as far as Lu Ming knows, no one can reincarnate yet.

Can God King do it?

When in heaven, like the ancestor of the killing heart, awakened from Lu Ming's blood, it was not reincarnation at all.

Because the killing ancestor did not die at all, but with a drop of blood vein, lurking deep in the blood vein of Lu Ming's family.

Also, at the beginning, Dandan was not reincarnation, Dandan was seriously injured, turned into an egg, and Nirvana was born again.

Reincarnation is simply mysterious and mysterious!

The past lives of Xie Nianjun and Xie Nianqing, and reincarnation at the same time, are very likely to be enemies.

Moreover, their enemy is very likely to be the enemy of the vast universe.

Lu Ming thought a lot, he understood that Xie Nianqing did not want to say more, most likely he did not want to involve him, and Lu Shenhua them.

"Strength, my strength is too low, Xiaoqing, one day, I will become the pinnacle of the vast universe, so that you no longer have scruples!"

Lu Ming vowed secretly in his heart.

After Xie Nianqing and Xie Nianjun failed, Tong Xi'er came on stage.

Tong Xi'er, after a difficult battle, barely defeated his opponent.

When it was Lu Ming's turn to play, he also defeated the opponent.

Jin Sheng, Hu Ya and others have no suspense.

After the third round, there were 250 people left.

Then, the fourth round unfolded.

Two hundred and fifty people fought each other.

The battle is undoubtedly more intense than here.

Because most of the people, the divine power that they control is Wangpin divine power, and the competition is the understanding of the incomplete divine skills.

In this round, Tong Xi'er finally stopped.

When the round ended, the rioting galaxy, only Lu Ming and Situ Feng, and the others were all eliminated.

At the end of this round, there were 125 people left.

Each of these 125 people is a real arrogant, very powerful, and has attracted much attention.

"Okay, now there are 125 people. The strength of most of you, the seniors of 13 cases, are counted in my heart. There are only a few people who still retain their strength and continue to compete in pairs. It doesn't make sense. Now, let's change the rules of the contest!"

At this time, the middle-aged man announced.

"Change the competition rules?"

Many people moved.

Indeed, to the present, apart from a few people like Huya, Jinsheng, Yang Chong, Linghu Ye, and others, who have retained their strength, almost all of them have put forth their full strength in the previous competition.

There are a few catties and a few catties. What is the talent? The thirteen thrones of Qin Tian are all aware of it.

It's just a waste of time to continue the duel.

"Now, you have one hundred and twenty-five people, which will be divided into five groups, each group, twenty-five people!"

"Next, a group of 25 people went up for the competition. At the same time, they went to the stage for melee. In each group, the two people who stayed on the platform were promoted, and the top ten of this time were selected!"

Middle-aged Dahan Road.

Five groups, two people in each group are promoted, five groups, just top ten.

"Wonderful!"

People watching outside are shocked.

Twenty-five people will come to power at the same time, which will undoubtedly be more exciting.

"Now, the jade brand is on, come on stage!"

The middle-aged man announced.

As soon as his words fell, there was a jade card on the field and it lit up.

"It's my turn!"

Lu Ming smiled, and his jade card also lit up.

Lu Ming stepped out and stepped onto the battle platform.

At the same time, another 24 people jumped onto the battle platform.

"Situ Feng, and Yang Chong!"

Lu Ming glanced at Situ Feng and Yang Chong, one of the top three candidates.

At the same time, Situ Feng's eyes also looked at Lu Ming, the cold light filled.

Uh! Uh! ...

On the battle platform, the figure flashed, and many people pulled away from Yang Chong.

Yang Chong's strength is too amazing. Up to now, no full force has erupted, no one dares to fight him.

"Liu Ming, we finally met, let's fight!"

"Just what I want!"

Suddenly, the two figures rushed together, fighting each other.

"Fight me!"

"war!"

The two people, like a fuse, continued to fight together.

"Lu Ming!"

Situ Feng stared at Lu Ming and strode towards Landing Ming, cold killing, firmly locking Lu Ming.

"It's time to match up, Lu Ming wants to match up with Situ Feng!"

Outside, many masters of the rioting galaxy have bright eyes.

They are all people of the rioting galaxy, and naturally pay more attention to Lu Ming and Situ Feng.

They all want to see, Lu Ming and Situ Feng, who is stronger.

"Feng'er will definitely be able to kill Lu Ming, together with Yang Chong, become the last two and enter the top ten!"

Situ Haonan shouted in his heart, looking forward to it.

call out!

Situ Feng's magical power surged into a war sword. The whole person was like a dazzling sword light, slamming towards the landing.

Buzz!

With the dominating power, Lu Ming condensed a spear and swept it out, colliding with Situ Feng's War Sword.

With a violent roar, and full of energy, a figure retreated backward, and it was Situ Feng.

"Situ Feng retreated!"

"He is not Lu Ming's opponent!"

Some people who rioted the galaxy exclaimed.

"How could this be, **** it!"

Situ Haonan and Kang Ji yelled in their hearts, their faces somber.

"Situ Feng, this is your strength and it is disappointing!"

Lu Ming spoke indifferently, stepped on his feet, and hurried towards Situ Feng.

The spear was shocked, and the dazzling spears loomed toward Situ Feng.

Situ Feng exploded with all his strength, exerting the incomplete magic skills of the fourth peak to the extreme, but was still suppressed by Lu Ming and retreated.

"Lu Ming, your strength is indeed good, I originally wanted to stay at the end to show it, so now, go die!"

Situ Feng's indifferent voice sounded, and as soon as his voice fell, his speed suddenly soared, and in an instant, he appeared behind Lu Ming, slashing with a sword, as fast as lightning.

Chapter 2646: Shocked the audience

Situ Feng's speed suddenly skyrocketed, appearing behind Lu Ming, and a sword was cut out. The sharp and terrifying sword gas made Lu Ming's skin tense at once.

"It's a very fast speed, it's the incomplete magic skill of the speed class!"

With a move in Lu Ming's heart, his footsteps slammed suddenly, his figure burst forward, and then the rifle pulled backwards.

Boom!

Gun Mang hit Situ Feng's sword spirit, allowing Lu Ming to escape Situ Feng's attack dangerously and dangerously.

"That's... speed class crippling magic!"

"Situ Feng, actually practiced the incomplete magic skills of the speed class, and, looking at the power, it has reached the fourth level!"

"Horrible, really horrible, this Stuart Feng, actually put two incomplete divine skills to the fourth level, only a few years!"

Many people were amazed.

Everyone knew that Situ Feng had hidden his strength before.

What he cultivated was not one incomplete divine skill, but two.

A speed-type incomplete divine skill, and an attack-type incomplete divine skill. When the two are combined and cooperate with each other, the power will surge.

Even the great figures of Qin Tian's thirteen sects, their eyes are all bright.

"In just a few years, I have cultivated two incomplete divine skills to the fourth level. This kind of perception is not bad, but I did not expect that there will be such characters in the rioting galaxy!"

One of the three overlords, the immortal Jianzong, an old man in a purple robe, struck his beard and showed satisfaction.

"Hahaha, Fenger actually practiced the incomplete speed skills, haha, so good, I knew that he would not lose!"

Situ Haonan laughed excitedly.

He was really excited, but did not see that one of the three indomitable Jianzong powerhouses praised Situ Feng.

Obviously, this is fancy Situ Feng.

Situ Feng has a great chance of joining the indestructible Jianzong, and he is not excited if he is not excited.

"Kill him, kill the kid..."

Situ Haonan shouted in his heart.

"Lu Ming, I want to be far worse than me, you are far away, the riot of the galaxy, I am the first day of arrogance!"

Situ Feng sneered, his figure flickered, and drove towards the landing.

In an instant, there were thirty-six sword lights, slashing towards Lu Ming's vital point.

The speed-type incomplete divine skills, and the attack-type incomplete divine skills, the power is indeed amazing, so that the combat power surged.

Buzz!

Holding a spear, Lu Ming swept out of the direction of a thousand troops.

bump! bump! ...

Situ Feng's sword light kept breaking, but Situ Feng's sword light burst out again, slashing towards Lu Ming.

In one breath, Situ Feng had circled Lu Ming thirty-seven times and cut out 1,068 sword lights.

This is the terrible combination of speed-type incomplete magic skills and attack-type incomplete magic skills.

The two cooperated to completely control Lu Ming within a certain range and could only be beaten passively.

Because you are not as fast as the other party. The attack is issued and has been evaded by the other party, but it is difficult for you to evade the other party's attack.

"See if you can stop a few tricks and die for me!"

Situ Feng's cold voice came out, and the offensive became more and more violent.

"Situ Feng, is this all your strength? So, stop here!"

At this time, Lu Ming spoke lightly.

When Lu Ming's voice fell, his figure, like Dapeng spread his wings, swayed up to 90,000 miles, rising into the sky.

Later, Lu Ming swooped down, the speed was amazing, the guns were united, and he was assassinated towards Situ Feng.

Quick, almost to the extreme.

Many people have the illusion that Lu Ming at the moment seems to be a Dapeng, preying on prey.

"The speed class has incomplete magic skills, and it is also the fourth level of speed class incomplete magic skills!"

Someone exclaimed.

Lu Ming, actually also controlled the incomplete magic skills of the speed class.

Situ Feng's eyes narrowed, the war swords slashed, and Lu Ming's spears banged together.

"broken!"

Lu Ming whispered, the spear was shocked, and in an instant, the eleventh power burst out.

Incomplete magic skills, fifth!

At this moment, Lu Ming used the fourth level of Pengyi, and the fifth level of incomplete divine skills.

Of course, Lu Ming's divine power did not cover up, and he did not explode his full strength. Otherwise, why not use so many moves.

Even so, Situ Feng couldn't resist it completely, Jianguang collapsed, and Lu Ming's spear penetrated Situ Feng's head, killing him directly.

The next moment, Situ Feng condensed from the stone platform, his face was incredible.

"The fifth level of attacking magical skills, and his fifth level of attacking magical skills!"

"My God, it's actually the fifth weight, how is it possible?"

"This is terrible too!"

Many people saw Lu Ming's level of performing incomplete magic skills, and cried out inconceivably.

At this moment, everyone's eyes moved away from the others and converged on Lu Ming.

This is also the first time they have seen someone train a crippled divine skill to the fifth level.

You have to know that they only have more than three years. In more than three years, they have trained a crippled divine skill to the fifth level, and another crippled speed divine skill to the fourth level.

This kind of talent perception is too scary.

Many young people, looking at Lu Ming's eyes, are extremely dignified. Only a few people can still keep calm.

"What about the high level of understanding, the level of divine power is not good, and it is still not my opponent!"

The tiger's eyes were even colder.

"How is it possible?"

At this time, Situ Haonan was already ignorant, rubbing his eyes vigorously, unable to believe the scene in front of him.

Just now, Situ Feng exhibited two magical skills. Situ Haonan was also very excited and laughed, thinking that Situ Feng won.

But in a blink of an eye, Situ Feng was killed by Lu Ming.

"Damn, damn, how can this kid's perception be so high!"

Kang Ji also gritted his teeth.

Lu Ming's such a high level of understanding will definitely be valued by Qin Tian's thirteen ancestors. At that time, it was reused. Wouldn't that Yuan Luo Temple be finished?

"Damn it!"

Kang Long also roared in his heart and felt that the heavens were unfair. Why didn't he have such a high perception? Just let ants in his heart have such a high level of understanding?

At this moment, Qin Tian's thirteen strong men's eyes lit up.

"The fourth level of a speed magic skill, the fifth level of an attack magic skill, yes, yes!"

"Actually from the rioting galaxy, it was unexpected!"

"It's a good seed!"

...

Qin Tian's thirteen strong men spoke one after another, and even the strong men of the three hegemonic forces showed their intentions.

Can get the evaluation of Qin Tian's thirteen strong men, the other young Tianjiao, envious eyes red.

"Lu Ming's combat strength is too strong. With his combat strength, I am afraid that it is second only to Yang Chong, Huya, and Jin Sheng!"

"Yes, except for the existence of these divine powers that control the saints, no one can be the enemy!"

"That Linghu leaf, unclear details, feels unfathomable!"

Many young people were discussing, ranking Lu Ming in the second position.

The first gear is Yang Chong, Huya, Jin Sheng.

The second gear, Lu Ming, Linghu Ye, and in the first round, in the respective theaters, won the first place.

Chapter 2647: Top ten

After Lu Ming defeated Situ Feng, the number of people on the battle platform had been reduced by half, twenty-five, and only twelve.

Several of the twelve are still fighting each other.

A few others watched Landing on alert.

In addition, Yang Chong stood against his hand, and he hasn't started yet, and everyone else is far from him.

"Your name is Lu Ming? Your strength is good. How about we team up to clean up the others?"

At this moment, Lu Ming's ear sounded a voice, Yang Chong's voice.

Obviously, Lu Ming's strength has already been recognized by Yang Chong. Now he is actively seeking cooperation with him to clear out the others, so that both of them can enter the top ten.

"it is good!"

Lu Ming agreed directly.

After receiving Lu Ming's response, a flash of cold light flashed in Yang Chong's eyes, stepping out and heading towards a young man.

The young man was shocked and quickly backed away.

But Yang Chong's speed suddenly increased, appeared in front of the young man, and slammed out.

boom!

This palm is astonishingly powerful. Although the young man tried his best to resist, when Yang Chong's palm fell, his body exploded directly without any resistance.

Then his body condensed on the stone platform, his face pale.

"It's terrible, is that the power of the divine power!"

This young man still has a fearful expression on his face.

His divine power is Wangpin's divine power, and it is still a relatively powerful Wangpin divine power. However, under Yang Chong's divine power, he was unable to withstand a blow, and was crushed and crushed like tofu.

"Speed class incomplete magic skills, the fourth peak!"

Lu Ming's eyes moved.

He can see that Yang Chong has also practiced speed-type incomplete magic skills and reached the fourth peak, which is better than Situ Feng's speed-type magic skills.

"It's my turn!"

Uh!

Lu Ming's figure, like a Dapeng, pounced on a young man, and his spear pressed down like a mountain.

The young man couldn't resist Lu Ming's fifth attack of incomplete magic skills, and was directly shattered by the shocked body.

On the battle platform, in addition to Lu Ming and Yang Chong, there are eight others.

Originally, a few people were fighting, but at this moment they couldn't help but stop.

"The two of them will join forces to kill us, and we will join forces!"

"Yes, we also joined forces. The same is the same as the False God Realm. Even if they are strong, the eight of us join forces, and they are not afraid of them!"

"Join together!"

Eight young people gathered at Battle Mountain.

"How about teaming up, get me off!"

Yang Chong was extremely overbearing, and he screamed at them, killing them.

Lu Ming, from another test, killed the eight people.

boom! boom!

Yang Chong broke out with all his strength, and his strength was indeed amazing.

Sacred divine power, the fourth-level peak attack-type incomplete divine skill, the fourth-level peak speed-type incomplete divine skill, combined, the offensive is like a frenzy.

Lu Ming did not explode the divine power to the extreme, he used the magical transformation technique to cover up the divine power level to Wang Pin.

Moreover, his cultivation practice is only a half-god, which is weaker. However, Lu Ming exerts the incomplete divine skills to the fifth level, and the power is also extremely amazing.

With each shot, there are eleven heavy forces, one stronger than the other.

The eight young men, despite joining hands, lost to Lu Ming and Yang Chong, and were oppressed to retreat again and again.

"The battle is set!"

"In this scene, Lu Ming and Yang Chong are indeed the strongest!"

Many people shook their heads, this scene, there is no suspense.

Soon after, eight young people, Lu Ming and Yang Chong, were abruptly blasted off the battle platform and ended the battle.

Lu Ming and Yang Chong finally stayed and locked the top ten places.

"Brother Faming, congratulations!"

Seeing Lu Ming entering the top ten, some of the forces of the rioting galaxy, all said to the ancestor of Fa, with a flattering face.

Some people, just now stabbing Stuart South, and in a blink of an eye, they went to fate again.

Kang Ji, Situ Haonan's face looks ugly to die.

Lu Ming's entry into the top ten, even if he joined the three major overlords, is a matter of course. Even Situ Feng can enter the three major overlords. I am afraid that it is not as important as Lu Ming. How can this be contended with Lu Ming.

The two were already a little flustered.

Lu Ming and Yang Chong locked the top ten and retreated from the battle platform.

Then, a group of twenty-five people played.

This time, Huya has attracted a lot of attention, and there is one in the first round of assessments that has won the first place in a certain theater.

These two are the strongest on the bright side.

As a result, it was not too unexpected. After a fight, Huya and Tianjiao won the top ten places.

Then the third group!

In this group, Jin Sheng also undoubtedly won.

In addition, there is also a stunning woman who unexpectedly defeated a first-round presence in a certain theater and won the top ten.

The fourth group, Linghu Ye played.

This time, Linghu Yezhan showed a terrible fighting power, which shocked everyone.

The divine power that Linghu Ye controls is just ordinary divine power.

This is the only one among the existing people!

However, the crippled magical skills he just revealed are shocking.

A speedy incomplete magic skill, the fifth peak!

An attacking incomplete divine skill is also the fifth peak.

The combination of the two, let him directly win, defeating one strong enemy.

"The two incomplete magic skills have reached the fifth peak. This kind of insight is simply amazing!"

"What a terrible perception!"

Everyone was amazed.

Qin Tian's thirteen strong men also had bright eyes.

For a large sect such as Qin Tian's thirteen sects, savvy is extremely important, although the divine power that Fox Leaf now controls is just ordinary divine power.

But what does it matter?

Thirteen ancestors of Qin Tian, but there are magical methods, as long as the magical methods are cultivated to an extremely high level, the level of divine power, and natural energy can go up.

As long as the comprehension is strong enough, there are magical methods among the three overlords, which can even elevate the divine power to divine power.

Qin Tian's thirteen strong men have already figured out how to invite Linghu Ye.

Of course, Lu Ming, Yang Chong, Jin Sheng, and Hu Ya were among the people they invited.

The fifth set of competitions also ended quickly.

Top 10, born!

However, the test will continue.

Since we have to compete, we naturally have to compete against each other, and Qin Tian's thirteen strong men also want to see if any of the remaining people retain their strength.

"Next, ten of you will play against each other in pairs. The odds are also random. Let's start!"

The middle-aged man announced.

As soon as his voice fell, two people suddenly shone.

One is Linghu Ye, and the other is the first round in the original round, winning the first place in a certain theater.

The two did not speak much, and directly shot.

Linghu Ye's opponents are also very good in strength, and they have also practiced two kinds of incomplete magic skills, both of which have reached the fourth peak, and the divine power under control is an extremely terrible Wangpin divine power.

The two of them fought a hundred battles, and finally made Fox Leaf better and beat each other.

Chapter 2648: Terrible perception

In the second game, it was Lu Ming's turn.

Lu Ming's opponent is also a first-ranked presence in a theater in the first round.

This person also controlled a terrible Wangpin divine power, as well as two other incomplete divine skills, and also cultivated to the fourth peak.

However, Lu Ming showed a kind of incomplete divine skill, but reached the fifth level. The opponent was naturally not an opponent. After a fierce battle, Lu Ming was bombed off the battle platform.

Next, Jin Sheng, Hu Ya, and Yang Chong all defeated their opponents one by one.

It seems that half of the arrangements can be made, Lu Ming, Linghu Ye, Yang Chong, Huya, Jin Sheng, did not touch together.

However, there are five people left, and they will eventually collide.

"The pinnacle is coming!"

Everyone showed his expectation.

Next, Lu Ming, Linghu Ye, Yang Chong, Jin Sheng, and Huya no one, after all, they will have a duel.

This will be the pinnacle!

"You said, of the five of them, who is the strongest?"

"I think that among the first three, it should be Jin Sheng, Hu Ya, and Yang Chong who have not ran away. Lu Ming is slightly better than Linghu Ye, and Linghu Ye is the weakest!"

"I also think that although Jin Sheng, Hu Ya, and Yang Chong are not as good as Lu Ming and Ling Hu Ye as they have the understanding of incomplete divine skills, they are in control of the divine power and immense power!"

"Yes, the future potential, it is not easy to say who is stronger, but for now, Lu Ming and Linghu Ye are losing money in divine power, I am afraid they are not opponents of Yang Chong, Jin Sheng, and Hu Ya!"

Many people are discussing who can win. Most people think that Jin Sheng, Hu Ya, and Yang Chong should be the top three.

Lu Ming and Linghu Ye have difficulty contending with the three of them.

"It's hard to say, in case, Linghu Ye and Lu Ming, do you have reservations?"

Suddenly, a sudden sound rang out.

"Is there any reservation? Are you saying that the imperfect divine skills they have realized are still deeper?"

"Not bad!"

"This should not be possible. In just a little over three years, it is enough to be able to grasp the incomplete divine skills and realize this step. Historically, there are not many who can do this step!"

"Yes, I think they should have done their best!"

Most people shook their heads against it, thinking that Lu Ming and Linghu Ye could not have reservations.

...

"Okay, let's make a final showdown. You still have five people. Then I will randomly draw one person and the other four will show up against each other!"

In the sky, the middle-aged man spoke again.

Then, with a wave of his hand, the jade symbol above Jin Sheng's head lit up.

"In this round, Jin Shenglun, the other four people, can choose their opponents at will!"

Middle-aged Dahan Road.

This time, the competition is only for the assessment of the 13 cases of Qin Tian's enrollment of disciples. There are 13 strong cases of Qin Tian who observe here, so there is no need to be so fair, and the rules are more arbitrary.

As long as they show strength, who is strong and who is weak, who has potential, in fact, Qin Tian's thirteen strong are all in their eyes.

"I'll come first!"

Yang Chong jumped onto the battle platform first, his eyes on Lu Ming, Huya, Linghu Ye, and then on Linghu Ye.

"Linghu Ye, your perception is very high, but unfortunately the power level is too weak, fight me, I want to see if you have any hidden strength!"

Yang Chongdao.

"as you wish!"

Linghu leaves stepped out of the air, palms held in the void, and a long sword appeared in the hand.

boom!

Without too much words, Yang Chong directly shot, he was full of crimson red power, like a **** of the sun.

The violent sacred divine power, combined with the fourth-level peak speed divine skill, made his speed to the extreme.

In a flash, he crossed the battle platform, approaching Linghu Ye, and his violent palms poured into Linghu Ye like a row of mountains.

Yang Chongxuan's incomplete attack divine skills, and his divine power, complement each other, fierce violent, infinitely powerful.

Keng!

The sound of Jianming sounded, the sword rushed to the sky, Linghu Ye cut out dozens of swords in succession, each sword light was cut above Yang Chong's palm.

However, Jian Guang trembles, and then one by one was crushed by Yang Chong's palm power, and the terrible palm power burst out, rushing towards Linghu leaves.

The Linghu leaf was shaped like a piece of velvet hair, as light as nothing, and drifted backwards until it reached the edge of the battle platform before avoiding Yang Chong's palm.

"Linghu Ye is out of control!"

Someone exclaimed.

"Linghu Ye's divine power, after all, is too low-level. Ordinary divine power, no matter how strong or profound, can't compete with the divine power!"

"Indeed, even if his incomplete magic skills are deeper, but not too deep, it is still useless!"

"I said, he should be the weakest of the five!"

Many people are talking.

"Linghu Ye, if your strength is all this, then it is over!"

Yang Chong opened his mouth like a fiery fire meteor, rushed towards Linghu Ye, a fiery red palm print, ten meters long and wide, blasted towards Linghu Ye.

However, Linghu Ye's face was still calm, without any panic.

He raised the long sword in his hand, and the long sword shook with a wonderful frequency.

call out!

Then, Linghu Ye suddenly cut out a sword, a sword light, burst into burst, the light was extremely bright, and bombarded with Yang Chong's palm.

boom!

The horror roared through all directions.

Yang Chong's palm power was actually blocked and kept shaking.

What's even more amazing is that everyone saw that Yang Chong's palm power was actually being cut by Linghu Ye's sword light.

bump!

In the end, Yang Chong's palm power was divided into two, and Linghu Ye's sword light also collapsed.

blocked!

Everyone's heart shook wildly.

Linghu Ye actually blocked Yang Chong's palm.

Yang Chong's divine power, but the holy product divine power, combined with the palm of the fourth destructive divine skill, how amazing the power is, but Linghu Ye, but with ordinary divine power, blocked Yang Chong's palm power.

how can that be?

"Sixth level, this is the sixth level of incomplete magic skills!"

Someone cried inconceivably.

"Oh my god, Linghu Ye has already cultivated the incomplete magic skills to the sixth level. How is this possible?"

Many people exclaimed in disbelief.

You know, Yang Chong, Jin Sheng, and Hu Ya, the arrogants who control the divine power of the holy product, will only use the incomplete divine skills to cultivate to the fourth peak.

It's terrible to have reached the sixth level of training, just three years, this kind of perception.

"Sixth weight!"

Qin Tian's thirteen strong men, shining in their eyes, stared at Linghu Ye.

Such terrible understanding, they have to decide.

"Unexpectedly, you have already practiced the aggressive crippling magic skills to the sixth level!"

Yang Chong's eyes were also dignified.

The sixth incomplete divine skill can already rival him.

"However, you still have to lose!"

Yang Chong burst into a roar, his power burst, and his burly body burst toward Linghu Ye, his palms constantly blasted, pressing Linghu Ye.

Chapter 2649: Kill Tiger Tooth

Yang Chong's strength has exploded to the extreme, his hands are roaring, and the entire battle platform is covered by his hands.

However, when his palm was about to land, he lost the trace of Linghu Ye.

Linghu Ye, originally stood on the edge of the battle platform, but then suddenly appeared behind Yang Chong.

What an amazing speed!

Many people were shocked again! .

call out! call out!

Linghu Yechangjian, Jianguang roared, and cut to Yang Chong.

Yang Chong's pupils contracted sharply and his divine power was vigorously laid, and he defended around his body. At the same time, he suddenly turned back and waved his palms. His palms collided with the sword light of Linghu Ye, and then took the opportunity to attack Linghu Ye.

However, the body shape of Linghu Leaf moved again, and moved away from Yang Chong, appearing on the left side of Yang Chong.

"So fast, so fast, this speed is amazing!"

"Sixth level, the sixth level of speed skills!"

Someone exclaimed again.

"what?"

Everyone was shocked.

Speed class magic skills, sixth level!

Linghu Ye, actually practiced the speed-like magic skills to the sixth level, how is this possible?

In just three years, the two incomplete divine skills have been cultivated to the sixth level. This kind of perception can no longer be described as perverted.

"Both **** levels are cultivated to the sixth level, great!"

Even Lu Ming couldn't help but sigh.

He didn't expect that someone could, like him, cultivate two incomplete magic skills to the sixth level in just three years.

The vastness of the universe is indeed countless, and it is not comparable to the heaven and the metaverse.

He is absolutely the first person in the world of heaven and earth, and in history, no one can match him.

Even the ancestors who created the rule system are far from him.

His talent is unmatched.

However, when I came to Honghuang Universe, I met someone who could compare with him. At least, Linghu Ye was not weaker than him in terms of perception.

This is the 13 cases of Qin Tian who recruited disciples once every 1,000 years. Every thousand years, disciples are recruited. How many perverted arrogances have been born in countless years?

"Interesting, this is interesting!"

Lu Ming's eyes were bright, and there was some anticipation in his heart.

This is the world he looks forward to.

In Tianjie Yuanjie and his peers, he has no rivals, but in the Honghuang Universe and peers, he is nothing.

However, only with opponents will there be passion and motivation.

"Good guy!"

The thirteen strong men of Qin Tian also took a long breath, with greed in their eyes.

If such perverted perceptions are practiced, they will surely rise up over time if they practice their sect's magical skills.

"What kind of pervert?"

At this moment, Yang Chong was shocked.

He tried his best to shoot, but he couldn't hit Linghu Ye at all.

Linghu Ye's speed is far above him, combined with the sixth-level attacking magic skills, combined with amazing power.

The two played against each other in a row, but Yang Chong fell.

Mainly, he can't hit Linghu Ye, Linghu Ye, but he can hit him.

In this way, the two of you come and go, and exchanged a hundred tricks, and finally made Fox Leaf better, defeating Yang Chong.

"Linghu Ye won, I didn't expect it, I didn't expect it!"

"The old man looked away. In this way, Linghu Ye is expected to compete for the first place, but Jin Sheng is not comparable to Yang Chong. Jin Sheng's defensive strength is amazing, just restrain him!"

"Yes, in this way, Lu Ming is the weakest of the five!"

"indeed so!"

Linghu Ye, defeating Yang Chong, is indeed beyond everyone's expectations.

Linghu Ye's face was calm, and she retreated from the battle.

boom!

As soon as Linghu Ye came down, as a figure, he rushed down the battle platform and stepped heavily on the battle platform to make it roar.

"Lu Ming, get down and die!"

Huya looked at Lu Ming with electricity, and his voice spread throughout the audience.

Lu Ming stepped out and landed on the battle platform, standing opposite to Huya.

"I told you a long time ago that if you touch me, I will make you die ugly!"

Huya's voice was indifferent, revealing a terrible color.

"Before, the other people of the Tiger family also told me the same way. The last thing I found was that it was all garbage. In my opinion, you are no exception."

Lu Ming said lightly.

"This kid...find to death!"

"I don't know if it's life or death, if I were suppressed and cultivated, I could kill him by turning my hand!"

After hearing Lu Ming's words, some Tigers youth were furious and almost vomited blood, watching the landing sounds full of murderous ones.

"This Lu Ming is really arrogant, listening to what he said, the implication is to say that the tiger teeth garbage!"

"Indeed, crazy enough, but the tongue is fast, I am afraid to face the stormy attack of tiger teeth,"

Some people are talking.

Sure enough, in the eyes of Tiger Teeth, a cold killing burst out.

Roar!

The tiger teeth growled, like a giant tiger roaring, his body bulging, a terrible holy product erupted, his legs kicked, and he rushed towards the landing.

Sigh!

Tiger teeth fingers into claws, two claws are continuously pulled out, to tear Lu Ming.

Lu Ming dominated the divine power, condensed the spear, and stabbed in several consecutive shots, stabbing the tiger's claws.

The two collided for more than a dozen times in a row, and their bodies retreated simultaneously.

Huya, who has practiced two incomplete magic skills, one for speed and one for attack, is the fourth peak.

Coupled with his divine power, together, the combat power is not weaker than Yang Chong.

Roar!

Huya burst into roar and launched a stormy attack on Lu Ming, the speed was extremely alarming.

He will suppress Lu Ming with speed, and then tear Lu Ming with a violent attack.

Lu Ming continued to shoot his gun to resist, but fell a bit downwind.

After all, Lu Ming's present divine power is just showing the power of Wang Pin's divine power.

"Lu Ming really is not Huya's opponent!"

"Yes, Lu Ming's divine power is Wang Pin's divine power, and it is an extremely powerful Wang Pin's divine power, and his attacking divine skills have been cultivated to the fifth peak. In terms of attack power, it is not bad. , His speed class incomplete magic skills, like Tiger Teeth, is also the fourth peak, but the power is not as good as Tiger Teeth, destined to be suppressed!"

"Good, overall strength, Lu Ming is still weaker!"

Some people discuss while watching.

"Compared with speed, then let you know what speed is!"

At this moment, Lu Ming's cold voice sounded, and at the next moment, Lu Ming's figure burst into burst, like a golden-winged Dapeng, shaking for nine days.

Uh! Uh!

The sky is full of Lu Ming's figure, the sky is full of Lu Ming's gun shadow.

At this moment, in all directions, countless gunshots, stabbed towards the tiger teeth.

"This speed..."

Huya was shocked in his heart and tried his best to resist, but found that there were too many gun shadows in all directions and could not be stopped at all.

"Block it!"

The tiger teeth roared, and placed a strong holy product divine power around the body to form a divine protective shield.

boom! boom! boom!

Lu Ming's guns continued to pierce the tiger's divine protective cover, and the rain cover shook wildly. After hundreds of continuous blows, the protective cover burst with a bang.

Huya screamed, her body was penetrated by Lu Ming's guns and fell on the spot.

Chapter 2650: Final battle

The tiger teeth were killed and then condensed on a stone platform. His face was extremely gloomy, staring at the landing sound, and the killing was stronger than before.

"I said, you are like garbage before the Tigers!"

Lu Ming glanced at Huya disdainfully.

Creak...

The teeth of the tiger's teeth clattered, and the eyes stared sharply, making the murder more intense.

"Lu Ming, I will kill you. Here, I am just suppressed and repaired, otherwise, I can kill you with one finger!"

Huya roared inwardly.

Indeed, Lu Ming was only a semi-shenxiu, in his eyes, ants.

As a rare arrogance of the Tiger-human race for 100,000 years, his actual practice has reached the ninth level of the virtual **** realm, not far from the true **** realm.

Such cultivation, coupled with his divine power, even if he encounters a real divine realm, he is not afraid, let alone Lu Ming?

Only here, he can't play it out.

"Huya, actually lost?"

"And lost so easily?"

At this moment, all the people who watched the battle were a little ignorant.

They only saw that Lu Ming's speed had suddenly increased suddenly, and in an instant, he made many moves and defeated Huya in one fell swoop.

"That kind of speed is really amazing. Lu Ming actually hides his strength. What is the weight of the incomplete magic skills of the speed class?"

"It feels like it has skyrocketed a lot, is it fifth, is it so powerful?"

"Isn't it sixth?"

Speaking of the back, many people find it incredible.

"Incomplete speed skills, sixth, good!"

At this moment, a strong man from a strange academy opened his mouth, and his eyes were also amazed.

"Oh my god, it's really sixth!"

"Lu Ming actually had a crippled divine skill, and realized the sixth level. This kind of perception is not much worse than Linghu Ye!"

"In this way, Lu Ming's strength must also be above Linghu Ye. Isn't he going to win the first place?"

"It's hard to say, although his speed is fast, but his attack power is similar to that of Huya, I'm afraid I can't break Jin Sheng's defense!"

"This is also amazing enough. There are too many arrogances in this horror of perception, and he comes from the riot of the galaxy!"

At the scene, many people were shocked.

"This perception..."

The people who rioted the galaxy were stunned one by one.

The Yunfeng Pavilion Lord is ecstatic.

The stronger the rioting galaxy genius, the more rewards he will receive.

Only Kang Ji and Situ Haonan had ugly faces, they had death in their eyes, but there were also fears.

"Hahaha!"

Fazu is naturally ecstatic.

On the stone platform, Linghu Ye and Jin Sheng both looked a little dignified, looking at Lu Ming.

Lu Ming retreated to the battle platform.

Now, Lu Ming, Linghu Ye and Jin Sheng are still left.

"The three of you are left. Originally, to the present, your strength, 13 adults, are all in your eyes. In fact, you don't have to continue fighting!"

"However, I believe many people are very curious. The three of you, who is stronger, so, three of you, take turns fighting to see who is stronger, Jin Sheng, Linghu Ye, the two of you fight first field!"

In the air, that Dahan Dao.

Jin Sheng and Linghu Ye nodded, and as soon as they moved, they appeared on the battle platform.

"bring it on!"

Golden light appeared in the eyes of Jin Sheng.

boom!

His body was boiling, and at the same time, the muscles on his body swelled up, and at the same time, the color changed, and his flesh turned into a metallic luster.

The most amazing thing is that a layer of armor appeared on the surface of his body.

This layer of armor is made of a combination of divine power and defensive magic skills, such as a piece of diamond-made armor, which gives an indestructible feeling.

The King Kong tribe is best at defense.

The defensive power is much stronger than the Tortoiseshell.

"kill!"

Jin Sheng shouted and rushed towards Linghu Ye.

Uh! Uh!

Linghu Ye's figure moved easily, avoiding Jin Sheng's attack easily.

Linghu Ye's speed skills are incomplete, and they have reached the sixth level. Jin Sheng didn't practice speed skills at all. The speed is much worse than that of Linghu Ye, and he can't attack Linghu Ye at all.

Without a hit, Jin Sheng stopped and was not attacking.

call out!

Jin Sheng didn't attack, Linghu Ye shot, his figure was like electro-optical, and he killed Jin Sheng. In the blink of an eye, there were hundreds of sword lights stab at Jin Sheng.

Ding! Ding! Ding!

The sound of intensive collision sounded. In a blink of an eye, there were hundreds of sword lights on the Linghu leaf, stabbing at Jin Sheng, but they could not break through Jin Sheng's defense and were completely blocked.

"Linghu Ye, you are attacking at this point, not enough at all, not enough at all!"

Jin Sheng grinned.

call out! call out! ...

Linghu Ye kept saying nothing, and continued to produce the sword. In the sky, a dense sword light appeared, and he continued to stab at Jin Sheng.

However, still useless, Jianguang stopped, Jin Sheng unscathed.

"Hahaha, Linghu Ye, you are tickling me..."

Jin Sheng laughed.

Ling Fox Ye Piao backed away, his face a little gloomy, did not continue to shoot.

"In this game, it seems to be a draw!"

"Yes, Linghu Ye's comprehension is unparalleled, unparalleled, but unfortunately, the level of divine power is a little weaker, if he has Wangpin divine power, he may not be able to break through the defense of Jin Sheng!"

"Yes, according to the current situation, Lu Ming and Jin Sheng's battle should be a draw, the three of them, it is difficult to distinguish the winner!"

"indeed so!"

Many people lamented that it was not that the fox leaves were not strong, but that Jin Sheng's defense was too perverted, and that he practiced defensive skills.

However, speed is Jin Sheng's weakness, and he can't keep up with Linghu Ye. This game can only be considered a draw.

"Okay, this game, a draw, you take a break, and enter the next one, Jin Shengzhe Lu Ming!"

The middle-aged man announced.

When Linghu Ye retreated, Jin Sheng sat cross-legged on the battle platform, absorbing the energy of Divine Crystal and restoring divine power.

Soon after, Jin Sheng got up.

"All right!"

Golden holy way.

"Lu Ming, go up!"

The middle-aged man looked at Lu Ming.

Lu Ming nodded and set foot on the battle platform.

"Lu Ming, you can't break my defense, this game, at most tie!"

Golden holy way.

"No war, how do you know?"

Lu Ming smiled faintly.

"Do not give up, then fight!"

Jin Sheng drinks coldly, bursts of power, runs defensive magic skills, a layer of diamond-like armor covers the whole body.

Uh!

Lu Ming rushed straight out and swept out.

"broken!"

Jin Sheng punched out and hit Lu Ming's spear.

However, Lu Ming's figure appeared behind Jin Sheng, and a shot was drawn on Jin Sheng's body. In an instant, the eleventh power burst out.

boom! boom!

Jin Sheng's body shook a few times, but he was resisted by him.

call out! call out!

Lu Ming changed strongly and stabbed continuously. The spear pierced Jin Sheng and made a tinkling sound. However, he was still blocked by Jin Sheng and was difficult to break.
