

D Emperor 2661

Chapter 2661: Plant life

Soon, more than 600 people gathered in this square.

They are all disciples who are introductory within nearly three thousand.

At this time, several figures flew in the distance.

There are a total of five people, old and middle-aged.

A middle-aged man in the middle, wearing a loose black robe, was recognized by everyone as a sign of the elders of the outer door.

The other four people look at the clothes, which is a sign of the outside deacon.

"Today, I'm calling you to take you to a place, to that place, it is a temper, but it is also an opportunity, it is a welfare for you!"

The outer door elder road.

"Training? Welfare?"

Everyone was surprised.

"Yes, there is a peculiar forest on the sky star, there are a lot of plant life, these plant life is very peculiar, the body contains a wood crystal, this wood crystal contains rich and pure energy The people in the False God Realm can easily absorb refining, which is of great help in accumulating divine power and enhancing divine power. It can help you to improve your behavior in a short time!"

"Zongmen stipulates that the forest will be opened once every three thousand years, so all the disciples who joined within three thousand years can enter, which is regarded as an entry-level benefit!"

"However, some of those plant lives are very aggressive, some are highly toxic, and they are dangerous, which can be considered as a discipline for you!"

The elders outside the door explained.

Everyone suddenly realized that some people's eyes were eager to start, and just started, they actually have such benefits, it is worthy of the top class.

Uh!

When the elder of the outer door waved his hand, an artifact war sword appeared, and then suddenly became larger, becoming hundreds of miles and tens of miles wide.

"Go up, let me take you there!"

The outer door elders and the four outer door deacons first fell on the artifact sword.

Then, Lu Ming and others also flew into the giant sword one by one.

"go!"

The elder of the outer door sipped, and the giant sword turned into a rainbow, and flew towards the distance, the speed was almost extreme.

Lu Ming and they, above the Great Sword, were very stable, with no fluctuation at all.

"It's so fast. Is this the strength of Tenjin Realm?"

Lu Ming looked at the mountains, rivers, etc. that were constantly passing by, and secretly sighed.

Too fast, with Lu Ming's eyesight, they can't see the passing scenery.

The elders of the outer door of Kongxuanzong are at least the cultivation of the heavenly realm. These characters can cross the starry sky with their flesh, and the speed is naturally amazing.

However, the area of Kong Xuan Xing is really too large, even if the characters of Heaven and God Realm take them on their way, it will take some time.

"Ok?"

Lu Ming suddenly looked in one direction, because, just now, Lu Ming felt that someone was looking at him, but he was full of killing intent.

When Lu Ming looked at the past, a few young men turned their heads immediately, pretending to be casual.

"I'm killing me, is it Huang Wu's man?"

Lu Ming secretly said.

"Lu Ming, those few people, you are killing!"

Xie Nianqing whispered, obviously, he also felt it.

"Well, I feel it. Be careful in the plant forest!"

Lu Ming spoke to Xie Nianqing.

The two chatted for a while and sat cross-legged.

However, next, Lu Ming could feel the intention to sweep towards him from time to time. Although it was well hidden, Lu Mingling was so sharp that he was clearly captured by him.

A few hours later, Jujian stopped.

In front, there is a huge mountain range.

This mountain range is very vast and vast, and the ancient trees are towering.

The area of this mountain range is probably dozens of times larger than the total area of the Celestial Realm Evil God Realm combined.

"Here, this is the destination of this time, the plant forest, which has a lot of plant life in it. Although the plant life inside is not too strong, there is almost no existence above the true **** realm, but you yourself must do your best. , Don't lose your life because of greed!"

"Also, your time is only three months, and after three months, you must come out, go!"

The outside elder waved his hand.

Uh! Uh! ...

Suddenly, nearly six hundred people turned into a rainbow of light, flew into the mountains, and rushed into the boundless forest.

Lu Ming and Xie Nianqing also flew towards the Botanical Mountain Range.

"Let's get together!"

Xie Nianjun appeared beside Lu Ming.

"it is good!"

Lu Ming nodded, they flew for a while, and then rushed into the vast mountains of plants.

"Four of you, also follow up to see if the plant life of the true **** realm was really born, get rid of it!"

When everyone entered the Botanical Mountains, the elders of the outer door ordered four deacons.

"Yes!"

The four deacons flashed into the botanical mountains.

The elders outside the door, waited outside.

Lu Ming, Xie Nianqing, Xie Nianjun landed in a forest. In the forest, quietly, except for the wind, there was no other sound.

There are no other creatures except plants.

The three observed, and then headed deep into the forest.

call out!

When Lu Ming passed an old vine, the old vine moved, like a soft whip, entwined toward the landing.

On the old vine, there is a sharp thorn, which emits a greenish light, which is obviously very poisonous.

"Plant life!"

Lu Ming's eyes moved, and an artifact war sword appeared in his hand.

puff!

Lao Teng was directly cut off by Lu Ming, and a dark green liquid oozed out.

Then, Lu Ming saw an old vine, uprooted, ran away, and wanted to escape.

"Want to go?"

Lu Ming cast Peng Wing, and in a flash, he overtook Lao Teng, and a sword was cut at the root of Lao Teng. Lao Ting twitched a few times, and stopped moving.

Then, Lu Ming broke through the old vine and found a green, about finger-sized spar. This is the wood crystal, which contains a very rich energy essence.

"Look at the energy?"

Lu Ming opened his mouth and swallowed the wood crystal into his mouth.

Suddenly, the wood crystal turned into rolling energy and poured into the **** fire. Soon, the wood crystal energy was directly converted into divine power.

"Sure enough, you can directly absorb the transformation!" Lu Ming sighed.

This wood crystal, refining, is almost faster than Zhuangshen Pill.

However, the old vine just now had only one cultivation practice for the False God, and contained little energy.

Then, the three continued.

However, after walking for a while, no trace of plant life was found.

In this forest, not all plants are plant life, and many are not plant life, just ordinary plants.

"This plant life, if you don't take the initiative, is exactly the same as an ordinary plant, it is difficult to find!"

Xie Nianqing said.

Lu Ming and Xie Nianjun frowned, indeed.

If plant life is not actively attacked, even if they are by their side, they may not be able to find it.

"Lu Ming, try the ball. The ball is a metal life. Like the plant life, it is a special life. Maybe it can be sensed!"

Xie Nianqing suggested.

Chapter 2662: Floating Child

Xie Nianqing's words made Lu Ming's eyes bright.

Yes, the ball is a metal life. Like plant life, it is a kind of special life. Can it be sensed?

Immediately, Lu Ming woke up the ball!

Every time the ball turned into a bracelet, it was carried on Lu Ming's hands, basically sleeping, digesting the artifact fragments and refining materials it had eaten.

Click, click!

The ball was awakened and turned into a metal ball, with a big mouth emerging from it, which kept engaging.

"This foodie, you have to eat when you wake up!"

Lu Ming smiled silently, took out an artifact fragment of a fifth-level artifact, threw it to the ball, the ball bite down, and ate it.

Between the teeth, Mars was shining, and an artifact fragment of a fifth-level artifact was instantly wiped out by the ball.

"Ball, you feel it, there is plant life here, see if you can feel it!"

Lu Ming on the ball fairway.

Click, click!

A pair of eyes emerged from the ball's mouth, aiming randomly.

Uh!

Suddenly, the ball flew out, and flew towards a tree with thick thighs, and bit down.

Uh!

Immediately, the tree jumped up, the branches swept, and the roots, like the snakes, tangled toward the ball.

"Really..."

Lu Ming, Xie Nianqing and Xie Nianjun are all overjoyed.

This tree was by their side just now, but none of them felt it.

Uh!

Xie Nianjun moved directly from the tree, and the sword light flashed, splitting the tree into hundreds of pieces. The wood fluttered all over the sky. A wood crystal appeared in the air and was caught in the hand by Xie Nianjun.

Uh!

Then the ball flew to the other side, biting at a weed-like plant.

Immediately, the plant also jumped up, and the girl ran wild and was slashed with a sword by Xie Nianqing.

Rustle...

At the next moment, Lu Ming's plants around them seemed to move. At least a dozen kinds of plants moved. The roots left the ground, like feet, and the girl ran to the distance.

There are a few big trees hugging each other, there are slender bamboos, there are a few large locust trees, and a few old vines...

"so much..."

Several people in Lu Ming were dumbfounded.

These plant life can't be seen at all when they are not moving. Unexpectedly, there is such plant life around them, wouldn't they want to attack them?

"kill!"

The three Lu Ming, without any politeness, killed these plant lives.

The life of these plants is not high, and the strongest is the five-fold appearance of the virtual **** realm. Soon after, they were all killed by Lu Ming and they got a dozen wood crystals.

This kind of wood crystal is very simple to refine. After the three people split equally, they swallowed the refinery on the spot.

Less than an hour, all refining, Lu Ming felt the divine power in his body, a lot of growth, Dantian a ray of magic fire, burning, constantly overflowing divine power, flowing around the meridians.

As long as the meridians are filled with divine power, Lu Ming can proceed to break through the Wushen Realm.

carry on!

Immediately, Lu Ming, with the ball, began to hunt plant life.

This forest only opened once every three thousand years, and there are a lot of plant life.

A few days later, they were hunted to hundreds of strains, and hundreds of wooden crystals were obtained, all of which were refined by three people.

Lu Ming felt that the divine power in his body was getting fuller and he was getting closer and closer to the day when he could break through.

Xie Nianqing and Xie Nianjun's cultivation practices are higher and deeper, and they have reached the triple level of False God Realm. The energy required for the promotion is much more. However, there has been no small progress, and they have quickly approached the quartet of Virtual God Realm.

Treasure, this forest is really a treasure.

No wonder the outside elders said that for them, it was a benefit.

As long as you can kill plant life, cultivation can be quickly improved, it is indeed a welfare.

Especially Lu Ming and them. The life speed of hunting plants is very fast, which is a rare welfare. The speed of cultivation is not comparable to normal cultivation.

puff!

A big tree with a five-fold virtual **** realm, about ten meters in diameter, was split in half by Lu Ming.

To deal with these plant life, the War Sword is easy to use.

Lu Ming smiled, just about to peel off the wood crystal in the past. Suddenly, Lu Ming sweated and stood back quickly.

boom!

An arrow, shot from the front, was astonishingly fast. It landed in the place where it had just settled, blasting the ground out of a big pit.

Lu Ming looked a little gloomy, looking towards the front.

The figure flashed, and five young men, four men and one woman, appeared in front.

One of the young men, holding a big bow, appeared in front of the big tree split by Lu Ming and dug a piece of wood crystal.

"It's a waste to give these few dead people such a wooden crystal!"

The young man with a big bow in hand scorned and looked at Lu Ming like them looked at a few dead people.

"It's them!"

Lu Ming narrowed his eyes.

These people are the people who repeatedly sent out murderous intentions to him before.

"Huang Wu sent you?"

Lu Ming said.

"Can't say pie!"

The young man holding a big bow smiled slightly and said, "Huang Wu, and his elder brother Huang Wen, belong to the son of Fuguang Shengzi. Do you want to hurt the people of Fuguang Shengzi? Do you still want to live?"

"Floating Son!"

Lu Ming understood that these people, like Huang Wu, belonged to the faction of the Son of Fuguang. Lu Ming abused Huang Wu twice. These people avenged Huang Wu.

"These two chicks have fallen into awe-inspiring world, and it's a pity to kill them, so let's give you a chance, the two of you, surrender to us, serve us well, and we will not die around you!"

Another young man looked at Xie Nianqing and Xie Nianjun evilly.

"You think we're done!"

Lu Ming said coldly, while running divine power, it was best to prepare for war at any time.

"Lu Ming, your combat strength is good, and there is a metal life, but, in front of us, you will definitely die!"

The young man holding the big bow indifferently spoke with a strong breath.

The other four people, the magical power, the strong breath and the cold killing opportunity, were released without reservation.

Seven layers of two virtual **** realms!

Three levels of three virtual **** realms!

In an instant, Lu Ming judged the strength of the other party, and his heart sank slightly.

These young people have been introduced for a thousand years, or even two thousand years. Their strength is very strong. Needless to say, the magical powers they control are all Wangpin divine powers, and they are not comparable to ordinary people.

The combat effectiveness of Xie Nianqing and Xie Nianjun is amazing, but after all, the cultivation base is limited. It is triple in the virtual **** realm, and it is difficult to deal with it.

And Lu Ming's strength, against the Sixth False God, is not an opponent.

The strength of the ball is stronger, but the existence of a sevenfold imaginary realm is enough to stop him.

The scene is very unfavorable to them.

At this time, a figure flashed in the sky, and an old man appeared.

This old man is one of the four outside deacons.

The scene below is seen by the old man.

Chapter 2663: Break out

The deacon of the outside door stood at a high altitude, and the things below were clearly seen, but Lu Ming did not find him.

However, he did not block!

"This kid is stubborn, and my Tianhong faction invites him to join, but I still don't agree. Since I don't join my Tianhong faction, it will be an enemy sooner or later, and I just get rid of him by the floating light faction!"

In Lao Tzu's eyes, there was a fierce color.

This old man is exactly the person of the Tianhong Shengzi faction.

In Kong Xuanzong, some outside deacons, inside deacons, outside elders, and even inside elders, will join some factions to support a saint and saint, and will be in charge of the patriarch in the future.

Since Lu Ming does not join the Tianhong faction, if he joins other factions in the future, it is the enemy of the Tianhong faction.

The old man smiled, his figure flashed, and left here, as if he hadn't seen it.

"You two, surrender quickly, otherwise, your end will be miserable!"

The young man with a big bow in his hand looked at Xie Nianqing and Xie Nianjun and spoke again.

"Good, hurry, and give you one last chance, otherwise, you will have no chance!"

Another young man with seven levels of false **** realm also spoke indifferently.

"Wait a minute, rush together!"

Lu Ming spoke to Xie Nianqing and Xie Nianjun.

"Lu Ming, wait for me and Xie Nianjun to cast a cage of dark holy light, trap a virtual **** sevenfold, and then rush together!"

Xie Nianqing responded.

Lu Ming nodded silently.

At the moment, the other party has lost patience.

"Stubbornness, then kill it together, get started!"

The young man holding the big bow shouted, pulled the bow, his spirits boiled, and an arrow came out.

"Retreat!"

Lu Ming sipped, and Xie Nianqing and Xie Nianjun retreated crazy.

"Want to leave, die for me!"

The young man holding a big bow shouted, and an arrow shot, a light arrow, very dazzling, like a meteor, shot toward the landing, exuding terrifying power.

Lu Ming used to use a star bow, knowing that bows and arrows are generally used as weapons, the single attack power is very terrifying, and Lu Ming is afraid to make a hard connection.

"Ball!"

Lu Ming waved his hand, the ball flew out, and turned into a shield, blocking it in front of him.

when!

Arrows like meteors shot on the shield formed by the ball. The shield shook endlessly, but after all, it was blocked.

"kill!"

At the same time, three other young men and women rushed towards Landing Ming.

In particular, the existence of the Sevenfold of the False God Realm is the fastest, and in an instant, it is close to Lu Ming.

"Break the wind!"

The young man shouted, chopping a knife, a crescent-shaped blade of light, slamming toward the landing.

Too late to consider, Lu Ming directly waved his spear to resist.

This spear is a ninth-order inferior artifact.

The long gun shook, and Lu Ming used his incomplete magic skills to the extreme.

when!

The lance and the knife light collided together, and Lu Ming felt a terrible force, followed the lance and rushed toward him, tearing his body.

puff!

Lu Ming spewed out blood directly, his body was blasted hundreds of meters.

Strong!

too strong!

With Lu Ming's current combat power, he should be invincible against the opponent's sixfold existence of the False God Realm, not to mention that the False God Realm is sevenfold, which is too far apart.

In one move, Lu Ming was injured!

However, after such a delay, Xie Nianqing and Xie Nianjun finally launched.

"Dark Holy Light!"

Two sips, and in the sky, the Buddha suddenly appeared two rounds of the sun, one black and one white.

The black and white light is intertwined and transformed into a dark cage of holy light, which covers the seven-strong power of the imaginary realm in it.

boom!

The opponent cut a knife, and for a time, did not break the cage of dark light.

However, the other three strong powers of the False God Realm also arrived.

boom! boom! boom!

The three shot at the same time and made a terrible blow.

call out! call out!

Xie Nianqing and Xie Nianjun both produced swords in succession, one after another, colliding with the enemy.

when! when!

Several consecutive roars, Xie Nianqing and Xie Nianjun took advantage of the speed to retreat.

"Ninth-order inferior artifact!"

Several people in the other party looked at Xie Nianqing and Xie Nianjun with deep greed.

The war swords in the hands of Xie Nianqing and Xie Nianjun were naturally given to them by Lu Ming, and were all ninth-order inferior artifacts.

"Retreat!"

Xie Nianqing and Xie Nianjun retreated to Lu Ming, and the three of them continued to retreat.

The ball also flew back quickly and merged with Lu Ming.

"Hugh wants to go, chase!"

The young man holding the big bow shouted and chased away quickly.

The other three young men and women with six levels of false **** realm also quickly chased away.

call out!

The young man holding a big bow shot another terrible arrow, but was blocked by the ball.

boom!

At this time, the young man trapped in the cage of dark light also blasted open the cage of dark light and chased them towards the landing.

The two sides chased and fled, and drove away.

"Damn, you must kill them!"

At the moment, five young men and women, such as holding a big bow, were shocked.

After a short battle, they found that Lu Ming's fighting power was surprisingly high.

Lu Ming is only a demigod, and Xie Nianqing and Xie Nianjun are only three levels of the False God Realm. Such a practice can actually block their attack.

Holy Power!

Lu Ming, they must have control of the divine power, otherwise it will not be so strong.

Such a character must be killed and kept, it will only be a scourge.

Soon, the two sides traveled hundreds of miles.

"Holy Light Escape!"

At this time, Xie Nianjun's body was filled with holy light, like a holy maiden, and then, a white aperture came out, covering Lu Ming and Xie Nianqing.

call out!

Immediately, their speed skyrocketed, several times faster than before, and turned into a rainbow of light, going away at a rapid speed, and disappeared in front of the young man holding a big bow in his hand.

"Damn!"

Several youths roared.

"It must be a secret method of escape. At such a fast speed, there must be sequelae. Chase, this time, they must be beheaded!"

The young man holding the big bow opened coldly, and the five young men continued to chase down in the direction where they disappeared.

Xie Nianjun led Landing Ming and Xie Nianqing, and had been flying hundreds of thousands of miles before stopping, and then a spit of blood spewed, his face pale.

"She forcibly used the Holy Light escape method to get injured. Let's find a safe place first!"

Xie Nianqing said.

Lu Ming nodded and took Xie Nianjun and left here.

Soon, they ran hundreds of thousands of miles.

Others, in the plant forest, are definitely not running so fast, because they do not know when they will be attacked by plant life.

However, they have a ball and can sense the existence of plant life and avoid it in advance.

Then they found a hidden valley and rushed in.

Entering the valley, Lu Ming immediately took out a healing potion and gave it to Xie Nianjun to let her exercise the healing power.

Chapter 2664: Lu Ming became a god

"Fuguang Shengzi faction! Huang Wu!"

In Lu Ming's eyes, a cold light flashed.

The other party obviously wanted to get rid of him in the plant forest. This time, it was a surprise.

"Breakthrough, I must break through quickly!"

Lu Ming clenched his fists.

This time, thanks to the ball, Xie Nianqing and Xie Nianjun.

Xie Nianjun, the origin is not the same as the small one, fighting for injuries, casting a secret method of escape, before taking them away, otherwise, relying solely on Lu Ming's own strength, dangerous.

Strength, Lu Ming urgently needs strength!

In the vast universe, there are too many strong people, and there are gods everywhere. Lu Ming's current strength is too weak!

"After the previous training, my divine power has grown a lot, and a few more points, I can impact the realm of Wushen!"

Lu Ming thought.

Then he swallowed a healing pill and began to heal.

He had previously received an attack from the Seventh Powerhouse of the False God Realm and was also injured.

A few hours later, Lu Ming recovered from his injuries. At Dantian, a ray of divine fire was shining brightly, burning vigorously, and constantly overflowing with divine power, flowing around the veins.

However, the richness of the divine power is not yet complete, and it is still a little worse.

"Then spell it!"

Lu Ming took out two jade bottles!

In these two jade bottles, they are all filled with the immortality.

Lu Ming originally had two bottles of Zhuangshen Pill, each of which contained nine, which had been cultivated in the past and used a few, leaving a dozen more.

The figure flashed, Xie Nianqing appeared beside Lu Ming.

"Lu Ming, you cultivate, I will help you protect the Fa!"

Xie Nianqing said.

As soon as Lu Ming took out the Zhuangshen Pill, Xie Nianqing knew what Lu Ming thought.

"it is good!"

Lu Ming nodded, and a firm color appeared in his eyes. After inhaling, more than a dozen magnificent gods and a brain were drawn into his mouth.

boom! boom! boom! ...

The medicine power of a dozen or so Zhuangshen Pills is too strong. Once turned into a rolling energy flow, it strikes vertically and horizontally in Lu Ming's body.

Lu Ming reported the unity, and Shenhua burned violently, and began to madly refine the medicine.

Fortunately, the effect of Zhuangshen Pill is used to enhance divine power, so it is not so difficult to refine it.

If it is changed to other types of panacea, so many swallowed together, even if Lu Ming is physically strong, it will be torn apart.

The rich medicinal power is constantly refined and transformed into divine power.

Lu Ming's divine power is getting stronger and stronger, like mercury, flowing in the meridians.

This is divine power. The power of the gods is not as powerful as the power of the world.

A ray of divine power can penetrate the power of the world at will.

At the beginning, if Lu Ming had not comprehended the way of the master and controlled the power of the master, it was impossible to use the cultivation of the heavenly emperor realm to fight against the virtual **** realm.

Only the anti-sky power of the dominating way can make Lu Ming fight against the Emperor God Realm in Heaven Emperor Realm.

Rumble!

After all the medicine has been refined, Lu Ming's divine power is already very rich, and he continues to circulate in the meridians and return to the **** fire.

"Okay, shock the Martial Realm!"

Lu Ming thought about it, and then, when he was in Tan Tian, the fire rose suddenly.

Originally, the magic fire was only the size of a fist.

Even the divine power circulating in Lu Ming's meridians seemed to be ignited and turned into repeated fire.

Huh...

Lu Ming as a whole, as if surrounded by a flame.

Lu Ming, this is starting to impact the Wushen Realm. Once the impact is successful, his flesh will be transformed into a divine body.

Having a **** body is a god!

In this way, two days have passed.

boom!

A shocking breath suddenly broke out on him, a beam of light, rising into the sky, breathing into the sky, between heaven and earth, infinite spirit, surging toward the landing.

"not good!"

Both Xie Nianqing and Xie Nianjun changed their faces.

Such a big movement, I am afraid that it will attract others.

"Swallow me!"

At this moment, Lu Ming took out a large number of divine crystals, exploded these divine crystals, rolled his breath, rushed into Lu Ming's body, was refined by Lu Ming, and transformed into divine power.

Rumble!

The fire in Lu Mingdan's field began to grow rapidly, and the power in his body became more and more intense.

Lu Ming absorbed tens of thousands of Kuai Shenjing in one breath, and then stopped.

The virtual **** realm is heavy, and it's done!

Lu Ming became a **** completely, stepped into the virtual **** realm, and his combat power increased greatly.

"My "word of war" seems to have broken through!"

Lu Ming felt a bit of a breakthrough for Xiu. He found that his tactics of warfare had also broken the bottleneck and entered a new realm.

Previously, although the Zhanzi Juice could trigger 100% double combat power, it was difficult to get closer.

Now, Lu Ming feels that he can trigger three times the combat power of the "war character formula".

Yes, triple the power!

However, the triple combat power should have a success rate. Like the previous double combat power, it is impossible to be 100% successful, and it requires Lu Ming's constant understanding.

"Let's go, leave here first!"

Lu Ming finished training and got up.

There was a lot of movement in the breakthrough just now, and I am afraid the enemy will be attracted.

"go!"

Xie Nianqing and Xie Nianjun also nodded, and the three of them rushed out of the valley towards the depths of the plant forest.

At this time, there were indeed many people who were shocked by Lu Ming's breakthrough and came to this side.

The three of them ran at speed, but after a certain distance, they were still blocked.

"Boy, look where are you going?"

With a cold drink, three young men appeared in front of them, blocking the way.

These three people were exactly the three of them who were going to kill Lu Ming before.

One virtual **** realm is sevenfold, and two virtual **** realms are sixfold.

"Slaughter, cut the wind!"

The three young men rushed towards the landing at a rapid speed. The young man with seven layers of imaginary **** realm was chopped out again, with a terrible knife light, slamming toward the landing.

Lu Ming waved his hand, the ball flew out, and turned into a metal ball, colliding with the opponent.

Lu Ming and Xie Nianqing, Xie Nianjun and three people rushed to two young people with six levels of virtual gods.

Buzz!

Lu Ming fired a shot at the young man of the Sixfold of the False God Realm. At the moment of his shot, Lu Ming had triggered the double combat power of the Warrior Word.

boom!

With a violent roar, the young man's face changed wildly, showing an unbelievable expression, and then his body was like a cannonball, flew out by Lu Ming, hit a huge tree with a diameter of ten meters, and smashed the huge tree.

The other party was shocked.

Lu Ming's power suddenly soared.

"kill!"

Lu Ming Changxiao, killed towards this person.

He has broken through to the first level of the virtual **** realm, and his divine power is several times stronger than before.

Lu Ming was able to fight against the five-fold Huang Wu of the False God Realm when he was a demi-god. He used the ninth-order inferior artifact to suppress the opponent.

And now that he has broken through the False God Realm, Lu Ming can completely crush the existence of the Sixfold of the False God, and he is also a character of Tianjiao.

Even, the seven levels of the virtual **** realm, Lu Ming can contend.

It should be known that the more the cultivation base goes to the back, the greater the gap of each weight, and it is not so good to cross.

Chapter 2665: Two factions join forces

call out!

Lu Ming stabbed with a single shot, and his guns were shining brightly, killing each other.

The other party was frightened and tried his best to resist, but it was useless, and was directly blasted by Lu Ming. Even the artifact was shocked out, and both arms were shocked.

"kill!"

Then, Lu Ming's spear swept across and directly bombarded the existence of the sixfold of this virtual **** realm, killing the spot.

"you..."

The other two were shocked.

嗤嗤...

At this moment, a rainbow of light, rushing towards the landing with a terrible speed, is an arrow, a terrible arrow.

Lu Ming did not hesitate, the lance swept backwards and collided with the arrow.

boom!

A violent roar, like a sun burst, formed a wave of shock waves, rushing in all directions.

Buzz!

The long spear in Lu Ming's hands, a constant shock, a terrible force, followed Lu Ming's long spear to land on Ming.

Lu Ming's figure drifted back, and he stepped back several hundred meters before stopping.

"This arrow attack is really amazing!"

Lu Ming felt a little numb in his arm, and he was shocked.

"Boy, you can actually block me!"

A shocked voice sounded.

In the forest in the distance, the figure flickered. There were seven or eight people rushing towards this side. One of them was the young man with a big bow in his hand that he had encountered before.

"Nest, so many people..."

Lu Ming's eyes narrowed.

Before, plus the youth holding the big bow, there were only five people. Now, there are five or six more people, and there are a few. The breath is extremely scary, and it is not under the youth holding the big bow.

Needless to say, it can be seen from the pervasive killing of the other party that the other party is also a sect of Fuguang Shengzi, from Huang Wu's side.

Lu Ming now can barely contend with a seven-fold imaginary god, but he can't do it if he wants to defeat the other party. The key is that Lu Ming has been urging warfare tactics and wants to trigger a triple combat power, but has always failed.

"Xiaoqing, let's go!"

Lu Ming is not hesitating, they rushed towards Xie Nianqing.

Xie Nianqing and Xie Nianjun joined forces to fight the young man with six imaginary gods, and he had suppressed the other party.

The ball is indistinguishable from the existence of the imaginary sevenfold.

"kill!"

He rushed to Xie Nianqing next to them and shot a shot at the young man with six imaginary gods.

The other party was frightened, but he was suppressed by Xie Nianqing and Lu Ming, who could be dealt with directly by Lu Ming.

"Ah, you die!"

The two died in a row, the young man with a big bow in hand and others were furious, and the young man with a big bow shot another arrow, but Lu Ming blocked his gun.

"go!"

Lu Ming, Xie Nianqing, Xie Nianjun, and the ball, they also laid down their opponents, and several people ran away in one direction.

"Chasing, you must kill him, kill this shit!"

"kill!"

Behind, there was a burst of angry roar, and they slammed towards the landing.

"The strength is still worse!"

Lu Ming was a little depressed.

There are too many opponents. If there are only the previous five, they can still fight in one battle. But now, the number of opponents has doubled.

One chase after another, thousands of miles in a flash.

Someone in front!

Lu Ming's eyes suddenly lit up!

If you meet other Zongmen disciples, people of the Fuguang faction, I am afraid that you will not be so bold, and dare to open hands on them in public. Although this is no longer within the Zongmen, the other party will have some scruples.

But at the next moment, Lu Ming's face changed.

Because there were one in front of him, Lu Ming also knew.

A young man in a Chinese costume, from the faction of Shenghong Son, also called Lu Ming to meet the young man with the surname of Ying. He had a very bad attitude.

At the moment, the other party also saw Lu Ming.

"It's this kid..."

The young man in the Huafu cold eyes, said: "This kid, dare to refuse our Tianhong Shengzi faction's invitation, sooner or later is a scourge, just get rid of it now, shot!"

Immediately, a few young people in Chinese clothing rushed to the landing.

Lu Ming secretly complained.

Unexpectedly, here will meet the Chinese youth and other people, the murder intention emanating from the other party, needless to say, the other party also wants to kill him.

"Just refuse to join the other party's camp, just kill me..."

In Lu Ming's heart, there was a wave of anger.

When his strength improves in the future, he must personally destroy this faction of Tianhong Shengzi and Fuguang Shengzi.

"Boy, die!"

A young man in a Chinese suit, a long sword appeared in his hand, and a sword was cut out with great power.

The cultivation practice of the Chinese youth has reached the peak of the seventh **** of the imaginary god, and is not far from the eightfold of the imaginary god. His strength is very amazing.

Several people in Lu Ming did not want to bump into each other. Once they were entangled by the other party and waited for the enemies behind, they were surrounded and troubled.

So many masters, once they join forces, they will be very dangerous.

They turned around very directly and rushed towards the right.

"Want to leave, leave me!"

The young man in a Chinese costume, with a few people, chased them to the landing.

Behind him, the young man with a big bow in his hand also quickly chased him.

"Huh? The Fuguang faction, this kid, hurt Huang Wu. These people want to kill him, which is normal!"

As soon as the youth of Huaifu moved, they knew what was going on?

"We joined forces to kill this kid!"

The youth of the Chinese service, sending voices to the young people who hold big bows in hand.

"it is good!"

The two hit it off, and they drove to the landing together.

At this time, a figure appeared in the sky, it was the outside deacon of the former Tianhong faction, the old man, named Lezhong.

"This kid, it's still okay, so fateful!"

A cold light flashed in Le Zhong's eyes, and then looked in the back direction.

In that direction, there was a rainbow coming at speed, another deacon outside.

"You can't let him ruin the matter, I will stop him!"

Le Zhong whispered, then flew to another deacon.

"In the music, what's going on, I feel a lot of movement here!"

Later the deacons said.

"It's okay, some disciples are chasing and killing a few plant lives. Rest assured, there will be nothing wrong with me here!"

Smiled in joy.

"That's good!"

Later, the deacon had no doubt about him, nodded, and left.

Several people in Lu Ming ran tens of thousands of miles again. Their speed slowed down. After arriving here, they became more and more remote. However, there were fewer and fewer plants, especially plant life, which was barely encountered.

"That is..."

Suddenly, they found that an abyss appeared in front of them, and blood-red mist continuously emerged from the abyss, which seriously obstructed their vision and could not see what was inside.

"Let's go in..."

Lu Ming several people, without stopping, rushed towards the abyss.

In the abyss, blood-red mist obstructs the view, so that the environment can be used to throw away the other side.

However, when they flew over the abyss, their faces changed greatly.

In the abyss, there was a terrifying gravitational force acting on them. This gravitational force was too strong, making it difficult for them to fly and fall directly into the abyss.

Chapter 2666: Bloodthirsty plant life

Several people in Lu Ming fell into the abyss like a meteor, so that the young people in the Chinese suit who chased after them, the young people with big bows in their hands, were terrified, and they stopped the pace.

Everyone fell beside the abyss, their faces dignified, and they did not move on.

"Here, it's very weird, I feel uneasy!"

Chinese youth whispered.

"We'll be around here first, if the kid doesn't die, he will definitely come out, and it will be too late to kill him!"

Youth said with a big bow in hand.

In his heart, he was also a little uneasy. Eventually, they dared not enter the abyss and planned to stay here until Lu Ming came out.

Even, they also heard voices, calling for more helpers.

Because the strength of Lu Ming's several people made them uneasy, too strong, and simply not strong.

Soon after, there were more and more people from the two major factions who came here, and there were more than ten virtual gods.

However, there is nothing above the eighth level of the False God.

After all, these people have been introduced in the last three thousand years, and it's not bad to be able to practice the Seventh Level of the False God.

All of this is naturally seen in his eyes. He opened his eyes and closed his eyes, and finally left here. He is a deacon after all. If let others know that he deliberately indulged, it will not be good for him to pass on.

Lu Ming, Xie Nianqing and Xie Nianjun have been falling. Fortunately, the height of the abyss is not high, only about a thousand meters deep.

boom! boom! boom!

The three adjusted their shapes, stepped heavily on the ground, and made three roars.

Then the three looked around.

"this is..."

The three Lu Ming looked at it, and could not help but be surprised.

Under the abyss, dead wood and grass are everywhere, piled together.

"That is..."

Suddenly, Lu Ming's eyes lit up, and he saw a green flash of light in a pile of dead wood. He walked over to run his power and sucked, and a green thing flew out.

"Wood Crystal!"

Lu Ming's eyes lit up.

This is actually a wood crystal, and the energy is rich and strong. Obviously, the level is not low.

"There are also here!"

Xie Nianqing shouted, she also found a piece of wood crystal from a pile of rotten grass.

The eyes of several people became hot.

Is this place where many plant lives have fallen, and wood crystals have fallen here?

If so, wouldn't it have to be issued?

Suddenly, the three figures flickered and turned up among piles of dead wood and rotten grass.

Sure enough, next, there were wooden crystals constantly found by them.

Those dead wood and rotten grass are obviously plant life, but I don't know how, the loss of essence will turn into dead wood and rotten grass, leaving only the crystals of wood.

After a while, they found more than a dozen wood crystals, and the energy in each of them is very strong, which is even stronger than the wood crystal left by the five-fold plant life that they killed before.

The plant life that left these wood crystals is almost all above the five levels of the False God.

"Sent, haha, continue!"

The three were so excited that they swept under the abyss.

Unexpectedly, this abyss is still such a treasure land, and the Chinese youth and other people did not chase, Lu Ming they speculated that the other party is estimated to have some scruples and dare not chase them.

In this way, they will 'scratch' with more confidence.

rustle...

Suddenly, a rustling voice sounded, making several people's faces change.

"Be careful, there are creatures approaching!"

Xie Nianjun's face was solemn, because she felt the breath of danger.

Lu Ming and Xie Nianqing, their faces are equally dignified.

Lu Ming even felt his hair stand upside down, and his heart tightened.

"It seems that the wood crystal here is not so easy to get!"

Lu Ming sighed.

The three formed a circle and looked around carefully.

At this moment, under the abyss, the **** mist became thicker.

And that rustling voice is getting closer and closer.

咻咻咻...

Suddenly, a horrible howling sounded, the sound came from the ground.

Several blood-red rays burst out from the ground and pierced them.

"Be careful!"

Lu Ming snorted, the spear appeared and swept it out.

Boom!

Lu Ming's spear seemed to sweep over the leather, making a thud, but the red light was not swayed, but wrapped up.

It was a tentacle, a blood-red tentacle, like the root of a tree.

At this moment, Xie Nianqing and Xie Nianjun also shot, Jianguang cut through, and left a trace of sword on several blood-red roots, but did not cut them. This kind of roots is extremely hard.

boom!

Lu Ming directly triggered three times the combat power, the spear suddenly shocked, the thirteenth power burst out, and finally flew this root whisker out.

Then, Lu Ming put away his spear and took out a war sword.

To deal with this kind of roots, the War Sword is practical.

"Broken me!"

Lu Ming holds the sword in both hands, and the fighting power is fully open. The power of the purple gold master burst out along the fighting sword and cut to a root.

puff!

That root beard was cut directly by Lu Ming. From the cut beard, blood red blood spewed out, and the blood was diffused.

Creak...

The beard seemed to be painful, and not far away, a squeaky voice came, and then a few of the beards were taken back.

But at the next moment, a behemoth appeared from the blood mist.

"What the **** is this..."

Seeing the behemoth, Lu Ming took a breath.

This is also an ancient tree, covered with blood and red, and the trunk is covered with tentacle-like roots and waving constantly.

Its root system is very well developed. There are at least a few hundred densely packed, like roots and beards, and like blood-red venomous snakes. It makes people look at it and numb their scalp.

There is no doubt that this is a plant life, and it is an extremely terrible plant life.

"This is a very rare bloodthirsty plant life in plant life, specializing in swallowing the blood of other plant life, even the blood of other creatures, be careful!"

Xie Nianjun reminded.

"This plant life..."

Lu Ming felt a move in his mind. In the Yuanjie Shenhuang Continent, Lu Ming also encountered such a plant life, devouring the blood of other creatures, but it is far from being so powerful.

This ancient tree, rooted on its roots, moved them towards the landing, exuding a shocking breath.

call out! call out! ...

Then, dozens of blood-red roots swept to the landing trio, with amazing power.

Click!

The ball flew out, biting down toward a root beard, directly biting off the root beard.

The three Lu Ming also launched an attack.

However, these roots are very hard and powerful, and it is very laborious to cut them.

The most amazing thing is that they cut off the root hair, the root hair of the other party will actually heal quickly, and attack them again.

"Triple combat power, outbreak, outbreak..."

While Lu Ming is attacking, he constantly triggers the war character tactics and wants to trigger three times the combat power.

boom!

After dozens of times, a powerful force appeared in Lu Ming's body.

Three times the combat power, successfully triggered!

Chapter 2667: Jingyu portrait now

After dozens of triggers, Lu Ming finally succeeded in triggering the double combat power of the "word of war".

Lu Ming was filled with a strong fighting intention.

Fighting against the skies, Lu Ming's combat strength improved a bit.

puff! puff!

The War Sword turned into the air, and two blood-red roots were directly cut into two pieces, blood splashing.

"kill!"

Lu Ming shot quickly and the war sword continued to slash out. At this moment, his combat power reached its peak in history.

Several consecutive tentacles were cut off.

Creak...

The blood-colored ancient tree seemed to be painful. Hundreds of root hairs danced frantically and made a screaming noise. Then, hundreds of tentacles suddenly entangled toward the landing naming. The blood was swallowed clean.

However, the shield of the ball turned into a semi-spherical ball, which was in front of Lu Ming. Those roots were bombarded on the ball. The body of the ball was like mercury. It was sunken by the bomb, and it was restored to its original shape in the next moment.

Moreover, the ball is a metal life, there is no blood at all, the **** old tree, it is the same with the ball.

"Dark Holy Light!"

At this time, Xie Nianqing and Xie Nianjun joined forces to launch the dark holy light technique, and the black and white light interweave to form a dark holy light cage, covering the ancient blood tree.

"Good opportunity, ball, smash!"

Lu Ming shouted, like Dapeng, rushed to the **** ancient tree.

At the same time, the ball turned into a huge metal ball, slammed towards the **** ancient tree and smashed down.

Creak...

The **** ancient tree danced hundreds of roots madly, bombarded on the cage of dark holy light, and the cage of dark holy light kept shaking.

In addition, blood-stained ancient trees suddenly showed blood thorns, flying like a hedgehog in all directions.

The ball first passed through the cage of holy light and blasted down, spitting out some blood thorns and **** roots.

After Lu Ming followed the ball, a sword was cut out.

puff!

Above the blood-colored ancient tree, Lu Ming cut a few meters long, half-deep sword wound, and blood poured out like spring water.

The breath of the blood-colored ancient tree also quickly weakened.

"Come again, cut!"

Lu Ming cut out another sword. This sword completely cut the **** ancient tree in half.

The ancient blood-colored tree was divided into two halves and fell to the ground. The blood flowed all over the place, emitting a disgusting smell.

call...

Lu Ming took a long breath. This **** old tree was terrible. They teamed up and used all means to kill it.

"Lu Ming, be careful..."

Suddenly, Xie Nianqing shouted anxiously, his figure rushed to Lu Ming, and a sword curtain was placed in front of him.

bump!

An extra-heavy **** root was drawn heavily on the sword curtain in front of Xie Nianqing. The sword curtain collapsed instantly. Xie Nianqing was like a kite with a broken thread and flew backwards, blood spewing in his mouth.

"Xiaoqing..."

Lu Ming was shocked and lost his shape. He hugged Xie Nianqing and saw that Xian Nianqing was pale. He was seriously injured by a blow just now.

Rustle...

On both sides of the abyss, rustling voices came, and then, one by one, giants appeared in sight.

The ancient blood-colored trees are all ancient blood trees. At a glance, there are at least dozens of trees.

One of them is exceptionally tall, two times taller than other scarlet ancient trees, with thick roots waving and exploding.

"so much!"

Lu Ming, Xie Nianqing, Xie Nianjun and others have scalp numbness.

A **** ancient tree is very difficult to deal with. How can we deal with so many **** ancient trees?

Moreover, there is terrible gravity in this abyss. They can't even fly if they want to fly, and they can't escape at all.

"Does it fall here today!"

Lu Ming turned a thought in his heart, very unwilling.

Xie Nianjun, there is a holy light on her body, she is not willing, she still has big things to do, can not fall here.

She is going to desperately!

Creak...

Dozens of blood-colored ancient trees screamed harshly, and all the roots were waving, like a group of demons dancing wildly.

Uh!

The tallest and thickest blood-colored old tree shot, and a bucket of blood-colored roots was drawn to Landing Ming and others.

"broken!"

Xie Nianjun drank, the holy light filled, the whole person seemed to be united with the sword, turned into a holy sword, and cut to the root.

boom!

The sword overflowed, the Holy Light collapsed, and Xie Nianjun flew back, falling back on the ground, his body shaking, and a spit of blood spewing out.

The huge **** ancient tree was too strong, and Xie Nianjun couldn't stop it.

Uh!

The thick roots continue to draw towards them.

"I come!"

Lu Ming shouted, rushed out, and controlled the divine power to the extreme. The war sword in his hand radiated a bright purple gold light, and a sword was cut on the thick roots.

However, the result was the same as before. Lu Ming felt a horrifying force coming, and his body retreated.

Unstoppable, simply unstoppable.

Creak...

Dozens of blood-colored ancient trees, waving their roots, screaming constantly, and slowly drove to the landing naming, they did not rush to start, it seems to tease Lu Ming.

Dozens of blood-colored ancient trees are in a circle, and the roots are waving, like a side of the cage, and Lu Ming surrounds them completely.

There is no escape!

"Lu Ming!"

Xie Nianqing's small hand tightly held Lu Ming's big hand.

"Ball, they can't help you, wait a minute, you take the opportunity to escape!"

Lu Ming passed the ball to the ball.

Click, click!

The ball's mellow body turned hard, and it looked like it refused.

Creak...

At this moment, the biggest blood-colored ancient tree, screaming wildly, seemed to give the final order. Then, all the blood-colored ancient trees started to work together.

Thousands of root hairs entangled towards the landing Ming, they saw that Lu Ming would be overwhelmed by endless blood-colored roots.

At this moment, in Lu Ming's consciousness of the sea, the portrait of Jing Yu moved, flying directly out of Lu Ming's consciousness, suspended above Lu Ming's head, emitting a bright purple-gold light, like a mask, Lu Ming shrouded them.

Boom!

Those tentacles, bombarded on the mask, were all blocked by the mask.

"this is..."

Lu Ming was very surprised.

The portrait of Jing Yu actually moved at this time.

In the past, Lu Ming also encountered a fatal crisis, but the portrait of Jing Yu never changed, how is it now?

"Is it related to my breakthrough of the virtual **** realm?"

Lu Ming moved.

Bai Ya once said that the portrait of Jing Yu is subject to a lot of prohibitions. Only when Lu Ming's cultivation reaches a certain level can it be opened.

Perhaps, Lu Ming's cultivation practice broke through to the virtual **** realm, and the portrait of Jing Yu would have changed.

At this time, in the eyes of the portrait of Jing Yu, as two stars lit up, a burst of supreme coercion burst out.

Creak...

Those **** old trees, seemingly terrified, screamed, and then waved their roots, spreading the girl ran, and in a blink of an eye, there was no one left.

Chapter 2668: Ten Thousand Doctrines

Of all the ancient **** trees, there was no one left in the blink of an eye.

Lu Ming several people, some dumbfounded.

Xie Nianqing and Xie Nianjun looked surprised at the portrait of Jing Yu.

At this moment, the light above the portrait of Jing Yu dimmed, and then flew back to Lu Ming's sea of knowledge. At this time, a message emerged from the portrait of Jing Yu.

"this is..."

Lu Ming's eyes moved.

The information that emerges from the portrait of Jing Yu is a kind of divine skill, and there are also two kinds of divine skills.

"Qiankun Wandao Jue", "Three Exterminations" and "Nine Heavy Red Gold Armor".

"Qiankun Wandao Jue" is a kind of divine skill, "Three Exterminations" is an attacking divine skill, and "Nine Heavy Red Armor" is a defensive divine skill.

Apart from that, there is no other information.

Lu Ming vowed to do something for Jing Yu with the origin of life, but no information was revealed.

"Isn't my cultivation behavior enough, so there is no information to disclose, lest I go to death in vain?"

Lu Ming had to guess this way.

But now, there is no time to think about it, search for Mu Jing first.

"We collect wood crystal first!"

Lu Ming said.

Immediately, several people quickly collected wood crystals under the abyss.

Under this abyss, there are so many blood-colored ancient trees. Obviously, many plant life died under the blood-colored ancient trees, leaving only wood crystals and stumps and leaves.

Several people collected along the side of the abyss and walked for dozens of miles to the end of the abyss. They saw a huge cave, with **** mist continuously spreading out.

Obviously, some **** old trees were hidden in this cave, but they did not dare to come out.

"It seems that these scarlet ancient trees are really scared!"

Lu Ming smiled.

Then they returned and collected from the other side of the abyss. After a few tens of miles, the abyss came to an end. There was also a huge cave, and those **** ancient trees did not dare to come out.

"Great harvest!"

Thinking of the wood crystal collected this time, Lu Ming's face was full of smiles.

They have collected hundreds of wood crystals, and the quality is very high, which is definitely a big harvest.

If all of them are refined, they will definitely allow them to improve their behavior and greatly improve them.

"Those people are estimated to be waiting on it. We might as well refine the wood crystal here before killing it!"

Xie Nianqing said, the cold murderous chance flashed in his eyes.

"it is good!"

Lu Ming nodded.

He also wanted to take a good look at the newly obtained magical skills and magical skills.

Immediately, the three of them sat cross-legged in the middle of the abyss. In this position, if those blood-colored ancient trees were still attacking, they could find out in time and have time to respond.

Xie Nianqing and Xie Nianjun each took out a wood crystal and devoured refining.

"Ball, you help us observe the surroundings!"

Lu Ming did not rush to refine the wood crystal, first let the ball help them protect the law, and then carefully watch the newly obtained magic skills and magic skills.

First of all, Lu Ming is looking at "Qiankun Wandao Jue".

Lu Ming concentrated his energy, and the "Qiankun Wandao Jue" became clear in his mind. Sections of text, and even pictures, appeared in Lu Ming's mind.

After a while, Lu Ming finished reading "Qiankun Wandao Jue".

"This..."

Lu Ming was shocked by "Qiankun Wanda Jue".

"Qiankun Wanda Jue" is a magical method that specializes in the cultivation of divine power. The level of mystery is beyond Lu Ming's expectations.

Cultivating this miraculous method to its peak can directly cultivate the dominating divine power, but this is only the foundation.

After you have mastered the divine power, you can practice other magical powers, and the divine powers cultivated by other magical powers can coexist with the power of the master.

The most amazing thing is that other divine skills do not need to practice to the peak. As long as you cultivate a ray of divine power, you do not need to continue to practice, because that divine power will increase as the master divine power increases.

For example, Lu Ming cultivated the "Qiankun Wanda Jue" to the peak, and then practiced another kind of divine skill, he could ignite another divine fire beside the original divine fire.

Every time you practice a different divine method, you can ignite an additional kind of magical fire. These magical fires will increase as the master's divine power increases.

Against the sky, simply against the sky!

You know, the average person can only cultivate a magic fire.

According to the record of Qiankun Wanda Jue, you can practice the magic fire infinitely, you only need to have different divine skills.

Lu Ming was amazed, and his heart was fiery.

Such magical methods are really against the sky.

There is a final text in "Qiankun Wandao Jue", which is Jing Yu's comment.

Jing Yu said that this "Qiankun Wandao Jue" was obtained by Jing Yu from a forbidden place. It was only by practicing "Qiankun Wandao Jue" that he controlled the dominance of the master.

Jing Yu did not, like Lu Ming, had control over the divine power before practicing any magic methods.

"Start practicing!"

Lu Ming can't wait to see the mystery of "Qiankun Wandao Jue".

"Qiankun Wandao Jue" is divided into twelve levels. Only when you reach the twelfth level can you control the **** of the divine power.

Lu Ming closed his eyes and started practicing according to the above method. Within a few minutes, Lu Ming opened his eyes.

Because, at the first level, the cultivation was successful and the speed was amazing.

"carry on!"

Lu Ming continued to practice, and after a while, Lu Ming cultivated to the second level, and then the third level...

In just half an hour, Lu Ming cultivated to the sixth weight in one breath.

This is quite normal. The "Qiankun Wandao Jue" has reached the twelfth level of cultivation, and it can control the dominance of the master. However, Lu Ming has already controlled the dominance of the master. Cultivating the "Qiankun Wandao Jue" is like a rocket , Without bottlenecks, soaring all the way.

Lu Ming found that with the deepening of the practice of "Qiankun Wandao Jue", his divine power gradually became stronger, and he slowly approached the double level of the virtual **** realm.

Moreover, Lu Ming is more comfortable with the use of dominating divine power. Many of the mysteries of dominating divine power have also been excavated by Lu Ming.

Previously, Lu Ming had no direction to cultivate and master the divine power. He had to rely on his own groping, as well as to enlighten the portrait of Jing Yu, blurring forward.

Now, with the ten thousand and ten thousand tactics, Lu Ming has the direction, the guidance, and the road. Only in this way can some of the mysteries that dominate the strength can be truly exerted.

Keep going...

Lu Ming was buried in cultivation.

After the cultivation, the progress slowed down a little bit, but after three days, Lu Ming still cultivated the "Qiankun Wandao Jue" to the highest level, the twelfth weight.

boom!

When Lu Ming cultivated the "Ten Thousand Thousand Ways" to the twelfth weight, in the Dantian, the fire was burning and the volume became larger.

The surging power of the body is also a huge section.

Breakthrough!

His cultivation practice, in one fell swoop to the double level of the virtual **** realm.

Chapter 2669: Ninefold magic skills

There was no refining of Shenjing and no refining of wood crystal, but he only cultivated the "Qiankun Wanda Jue" to the twelfth level, and his cultivation practice broke through.

Moreover, Lu Ming feels that now he is using the dominating divine power more easily than before.

"According to the records of 'The Ten Thousand Laws of Qiankun', I have already practiced to the twelfth level, and I can practice other miraculous magical methods, and then ignite another magical fire near the original magical fire. Unfortunately, there are no other magical magical methods!"

Lu Ming sighed. At the same time, he began to think in his heart. When he returned to the mountain gate this time, how to get some magic skills to practice.

Divine skills are also graded.

Divided into Wangpin Divine Skills, Divine Divine Skills, Divine Divine Skills.

Wangpin's magical skills, to the peak, can cultivate Wangpin's divine power.

Sacred divine skills, can reach the pinnacle, and can cultivate saint divine power.

As for the magic method of divine quality, if you reach the peak, you can cultivate divine power.

The higher the level, the higher the natural value.

Thirteen ancestors of Qin Tian, each sect is a sacred skill, but each kind is the treasure of Zhenzong, unless it is the real core character, it is qualified to practice.

The three major hegemonic forces all have supernatural powers.

In addition, Kong Xuanzong is the head of the top ten ancestors. It is said that there are several kinds of holy works.

These sacred works of magic, sacred works of magic, are too precious, and Lu Ming can't get them right now. However, those Wangpian works of magic are not so precious, and they are still possible.

At least, among the powerful forces like Qin Tian's thirteen, there should still be a lot of Wang Pin's magical methods.

Although it is only Wang Pin, if Lu Ming cultivates and ignites an extra fire, his strength must be stronger.

The key point is that "Qiankun Wandao Jue" is too mysterious. Lu Ming practices other divine skills and does not need to practice to the peak. It only needs to cultivate a ray of divine power. Under the guidance of "Qiankun Wandao Jue", naturally Can achieve the corresponding level of divine power.

boom! boom!

At this time, Xie Nianqing and Xie Nianjun were filled with two strong breaths.

Two people, broke through!

The speed of refining wood crystal is too fast. The two of them, after a few days of refining, cultivated directly from the triple of the virtual **** realm to the quadruple of the virtual **** realm.

Soon, the breath of the two calmed down.

However, there are still a lot of wood crystal left, the two continue to refine.

"Look at the other two magic skills!"

Lu Ming was looking forward to it.

He was not in a hurry to refine the wood crystal and improve his cultivation.

During this time, Xiu continued to break through, and he had to stop and stabilize, otherwise, he would easily be unstable.

He is different from Xie Nianqing and Xie Nianjun.

Xie Nianjun, the integration of past and present life is completely a rebirth of the previous life, the realm is much higher than the current cultivation practice, as long as she has a lot of resources, cultivation practice can be quickly improved.

Xie Nianqing, swallowed the previous life in this life, but still inherited all the memories of the previous life, although, her character and her will are all in this life.

However, after all, she inherited the memories of the previous life. Her vision and her will to martial arts are still very high. Although it is not as good as Xie Nianjun, it is also unusual. Therefore, even if she ascends quickly, she will not be unstable.

Next, Lu Ming watched the two divine skills carefully.

Ninefold magic skills!

Lu Ming's eyes brightened.

Both kinds of magical skills are ninefold magical skills, that is to say, these two kinds of magical skills can be cultivated to the ninth level!

The ninth supernatural skill is very rare and precious. The more you practice it, the more powerful you are.

Like Fazu, Kang Ji, and Situ Haonan, all of them just possessed a triple magical skill.

This is a complete miraculous skill, not a comparison of incomplete divine skills. It is more powerful.

"Nine Heavy Red Gold Armor" is a defensive magical skill. After successful cultivation, a red gold armor will condense on the surface of the body, and the defense power is amazing.

The more you train to the back, the stronger your defense is, and even the powerful anti-shock force.

If the cultivation reaches the ninth level, the power cannot be imagined.

"Three Exterminations", there are three types of attacking magic skills!

Break the sky, cut the moon, burst the star!

Three types, one type is stronger than one type, but also one type is more difficult to practice.

When you reach the first level of cultivation, you can use "break the sky".

Only by the fourth level of cultivation can the power of chopping the moon be exerted.

As for the starburst, it must be practiced to the seventh level before it can be exhibited.

"Can I practice now?"

Lu Ming's eyes flickered.

It stands to reason that at least the peak of the virtual **** realm must be reached before the power of divine skills can be exerted.

Because of the magical skills, the divine power consumed is amazing.

However, Lu Ming is in charge of controlling the divine power. It cannot be the same as other divine powers. It is very strong. Maybe it can exert some power.

"Anyway, you can't improve your cultivation behavior now, so let's practice first!"

Lu Ming made the decision and first began to understand "Three Strikes".

Undoubtedly, the divine skill is very mysterious. Fortunately, Lu Ming practiced the incomplete divine skill before, and the cultivation to a very high level, it will be easier.

But even so, Lu Ming had learned for half a month before finally getting into the practice of "Three Strikes".

The World Extermination Three Strikes, a simple method of attack, many weapons can be used, such as swords, knives, guns, axes, etc., can be used.

Lu Ming took out his spear, and the divine power ran quickly, and the whole person became sharp.

call out!

The spear suddenly thrust forward, and a spear burst through the body, slamming into the stone wall on the side of the abyss.

puff!

It was like a long gun stabbed into the tofu, and there was a small hole in the stone wall.

"Good power..."

Lu Ming was pleasantly surprised, but immediately pulled a face, because he felt that the power in his body was almost exhausted.

The use of magical skills is really too much power.

Although he controlled the divine power, he now only has the duality of the virtual **** realm, and it is still too reluctant to exert his magical skills.

If other people do not control the divine power, the cultivation is only the double level of the virtual **** realm, it can't urge divine skills at all, and it can't be displayed at all.

"Recover first!"

Lu Ming walked to the side, took out some of the divine crystals, and began to absorb the divine energy of the divine crystal to restore the divine power.

As soon as he recovered a few percent, Lu Ming felt that the breath on both Xie Nianqing and Xie Nianjun swelled.

Breaking through again!

Lu Ming's eyes lit up.

In the past half a month, Xie Nianqing and Xie Nianjun, all the wood crystals they had assigned to them, were almost refined, and finally began to break through again.

Soon, they succeeded in breaking through and their breath stabilized.

Five levels of False God Realm!

Such a breakthrough speed, really terrifying, how long did they come to this plant forest?

"This plant forest is really a welfare!"

Lu Ming smiled.

This is a benefit for new entry disciples, as long as they have strength, they can get enough wood crystals, and their strength can skyrocket in a short time.

Lu Ming continued to devour Shen Jing, and soon after, his divine power returned to its peak.

"Now, let's go up!"

Xie Nianqing came over and said.

"I mean that too!"

In Lu Ming's eyes, a cold light flashed.

Chapter 2670: Counterattack

Now that their strength has skyrocketed, it's time to go to the accounts!

Lu Mingduo hopes that those young people in Huafu are still on it.

However, under this abyss, the gravity is very strong, they can't fly directly, they can only climb along the wall.

Above the abyss, young people in Chinese clothes, young people with big bows in hand, and others are still waiting there.

"Huh, after so many days, I haven't seen them come up, it is estimated to die below!"

Someone sneered.

"This abyss feels extremely evil and has a dangerous feeling. I guess they are all dead below. Let's go!"

Also humane.

Time is precious!

They can only stay in the plant forest for three months, and now they are here, having waited for twenty days, their hearts are bleeding.

Can't afford to waste!

"Wait another three days, and after three days, they haven't come out, we will leave!"

Chinese youth.

"Look, there are people there!"

Suddenly, someone cried and pointed to the edge of the abyss.

Everyone's eyes looked at it, and they really saw a few people climbing up from the edge of the abyss. These people were naturally Lu Ming and Xie Nianqing, Xie Nianjun.

"It's that kid, they really aren't dead yet!"

The young man with a big bow in his hand was cold.

"Not dead, but now it is dead!"

The youth of the Chinese clothing opened coldly, and a strong and cold breath locked the three Lu Ming.

"Actually still, and the number has increased a lot!"

Lu Ming glanced at his eyes, flashing a cold murder, and with his arm pressed, he jumped into the abyss.

Xie Nianqing and Xie Nianjun came out of the abyss and stood beside Lu Ming.

"I finally couldn't hold it out. Fortunately, we didn't leave. Hey, boy, this is destined, you are destined to die!"

The gruesome way of the youth in Chinese clothes.

A long sword appeared in his hand, extremely sharp, surging in power, and strode towards the landing.

"You're right, fortunately you didn't leave, lest I go to you!"

Lu Ming's mouth slightly raised, and in his hand, a spear appeared.

"I still want to resist, three strokes to kill you!"

The young man in a Chinese suit drank coldly, his figure burst out, and the terrible sword light, like a flash of lightning, came to the landing.

Buzz!

Lu Ming swept out directly.

At the moment of the shot, Lu Ming triggered the double combat power of the "word of war".

The spear is like an angry dragon, bringing up an endless gust of wind, sweeping the youth of Huafu.

boom!

A terrible explosion sounded, and the sword light of the Chinese young man collapsed directly. Lu Ming's spear was drawn on the Chinese young man's long sword. The terrible power caused his long sword to bend, and all the violent power was bombarded. In the youth of Huafu.

Click!

The young man in the Chinese suit made a sound of bone fracture. His half body exploded directly. His body was exploded like a cannonball and hit a young man with six layers of virtual **** realm. The man vomited blood and followed. Flew out.

"what..."

All of the other party's eyes were stunned and dumbfounded.

one move!

With just one move, the youth in the Chinese service was defeated and seriously injured.

How can it be?

More than 20 days ago, many people met Lu Ming, Lu Mingyuan was not so powerful?

Especially the young man with a big bow in his hand was chilling and almost scared to death.

He felt the deepest feeling, because when he first came to the plant forest, when Lu Ming started his hands, Lu Ming's strength was far from that strong, and he was not his opponent at all.

As a result, Lu Ming escaped once, and when he encountered it for the second time, Lu Ming's strength skyrocketed.

Now, Lu Ming's strength has improved a lot. This rate of progress is too appalling.

"kill!"

One trick hit the Chinese youth, Lu Ming Changxiao, the gun and the gun were united, like a flash of lightning, and killed the other party.

At the same time, Xie Nianqing and Xie Nianjun also killed each other.

boom!

Lu Ming swept it out with a terrible gun, like a mountain, pressing on several young people.

bump! bump!

These young people, there are five gods of False God and six gods of False God, were directly pumped into the air by Lu Ming, the flesh and bones flew around in a frightening scene.

"Join together, kill him together!"

The young man with a big bow shouted.

There are about thirty people among them, among them, there are more than ten of the seven imaginary gods.

At this moment, several false gods rushed to Xie Nianqing and Xie Nianjun.

"dead!"

Xie Nianjun drank coldly, filled with holy light, a sword of holy light, slashed out, the track was extremely mysterious.

puff!

A young man with seven levels of virtual **** realm was directly beheaded by Xie Nianjun, without any resistance.

At the same time, the other, Xie Nianqing, also beheaded a young man with seven levels of virtual **** realm.

Xie Nianqing and Xie Nianjun, Xiu Wei broke two levels, and reached the five levels of the virtual **** realm.

The two of them, without lack of suitable magic skills and fighting skills, are even more skillful.

As the two improve their cultivation, their strength will become stronger and stronger.

Weak strength, weak divine power, they have many ways to play it out, the stronger the strength, the more their means.

At this moment, it is not difficult for them to kill a arrogant **** with sevenfold arrogance.

For Lu Ming, it is not difficult.

Lu Ming was able to contend with the strong enemy of a seven-fold imaginary **** by triggering a double-strength combat power when the imaginary **** was one-weighted.

Later, I practiced the "Qiankun Wandao Jue", which makes the use of the master's divine power stronger, and the cultivation level has also reached the double level of the virtual god, and it is easy to deal with the seventh level of the virtual god.

call out! call out! call out!

In a short while, there were more than a dozen attacks that attacked Lu Ming.

"dominate!"

Lu Ming sipped and ran to dominate the divine power. Suddenly, when the attacks approached Lu Ming, they seemed to be dominated, all deviated from the track, and rushed past Lu Ming.

"what?"

"How could this be?"

"Master the divine power, the divine power he controls is the master divine power!"

Someone shouted.

Everyone was shocked.

Dominating the divine power, Lu Ming, actually controlled the dominating divine power, but this is divine power.

As far as they know, no one in Kong Xuanzong's young generation has control over the divine power. Only in the forces of the three major overlords can there be a peerless arrogance and control over the divine power.

Evil evil, peerless evil!

"kill!"

Lu Ming would not miss this opportunity, the spear burst out.

puff! puff! ...

There were five or six days of arrogance, and Lu Ming was killed.

Even, including an arrogant **** with sevenfold arrogance.

"Go, go quickly, be sure to report this news!"

"This person is in control of the divine power, and will definitely become the enemy of the Son in the future. We must let the Son know!"

The young man with a big bow in hand played the retreat and wanted to retreat.

"Today, don't even want to go!"

Lu Ming spoke indifferently, killing thoughts like a tide, like a killing god, killing these people.

At the same time, he also put the ball out to contain the opponent.
