D Emperor 2691

Chapter 2691: Sacred works

"Aunt...Aunt?"

Lu Ming dumbfounded, never thought that the moon heart Fazu was looking for was actually Yue Linglong's aunt.

This is too coincident!

"Really your aunt?"

Lu Ming asked another question, and felt that this'question girl' was not very reliable.

"Nonsense, of course it's my aunt, you don't believe me, I will take you to see her!"

Yue Linglong pouted, her face proud, turned and flew in one direction.

Lu Ming quickly followed.

In the inner gate area of Kongxuanzong, there are several huge and incomparable mountains intertwined, and there are countless strange peaks and vast expanses.

They flew for a while, and Yue Linglong flew towards a mountain.

At the top of the mountain, there are clouds and fog, and the flowers are beautiful, so beautiful.

In the distance, you can see a bamboo forest. In front of the bamboo forest, there is a lake. Between the bamboo forest and the lake, there is a building.

At this moment, in a pavilion by the lake, a woman was sprinkling some golden grains into the lake. Immediately, a golden carp jumped out of the lake to fight for the grains.

"Aunt..."

Far away, Yue Linglong cried.

The woman turned around when she heard the sound and revealed her true face

"What a beautiful woman!"

Lu Ming's heart moved, and the woman looked like she was in her thirties. She still looked beautiful, and she was a rare beauty.

"Is this Yuexin?"

A thought flashed in Lu Ming's heart.

"It's you girl, how do you think of it today?"

The woman smiled.

"Aunt, don't I miss you? I came to see you specially!"

Yue Linglong Jiao smiled.

"I still don't know you girl, let's say, what's the matter with me?"

Women's Road, obviously, this woman is Yuexin.

"Auntie, I really came to see you, and incidentally do a small thing!"

Yue Linglong vomited his tongue out of guilty conscience, then looked at Lu Ming and said: "It's him, he said he has something to find you!"

"Something to find me?"

Yuexin looked at Lu Ming, a little curious.

"Excuse me, are you Yuexin?"

Lu Ming clenched his fists.

"Yes, I am Yuexin. Why are you looking for me?"

Moon Heart Road.

"Senior, this is the case. I am entrusted by someone to bring something to the senior!"

After all, Lu Ming took out the dagger that Fazu gave him.

"this is..."

Upon seeing Lu Ming's dagger, Yue Xinjiao's body trembled, and his eyes were extremely complicated, revealing the color of memory.

For a long time, Yue Xin sighed and said, "Is the person who gave you the dagger called Fa Ming?"

"Not bad."

Lu Ming nodded.

"He...what else did he say?"

Yuexin asked again.

"He said he was sorry for you!"

Lu Ming repeated Fazu's words.

Yue Xin’s body and body trembled even more, and mist appeared in her eyes. For a long time, she sighed again and said, "He is not sorry for me, but I am sorry for him. If you see him next time, you will say this sentence Bring him, this dagger, I will stay, go!"

Finally, Yuexin took the dagger, waved his hand, and walked toward a house, his figure was lonely.

"what happened?"

Lu Ming felt that things were a little complicated.

"Lu Ming, what's going on? What's going on? It seems that I guessed right. It was really the old lover of my aunt who came to you."

After Yuexin left, Yuelinglong's eyes were full of burning gossip fire, staring curiously at the landing.

"Come on, let's leave before we talk!"

Lu Ming said, walking outside, Yue Linglong followed closely, crackling and asking a bunch of questions.

"I finally knew that when my grandfather married my aunt, it seemed that the aunt was unwilling, and finally there was a big disturbance..."

Yueling Road.

"Your aunt is married?"

Lu Ming was shocked.

"Yeah, there was still a lot of trouble in the past, but it was finally suppressed by my grandfather, but I also heard that I was not born yet."

Yueling Road.

"No wonder!"

Lu Ming finally understood why Yuexin said she was sorry for Fazu.

Fazu always missed Yuexin, but Yuexin had married others as women.

"Hey!"

Lu Ming also sighed, not knowing how to tell him the next time he saw Fazu.

This is reality, reality is so helpless.

Shaking his head, Lu Ming put this aside, and he promised Fazu that the matter had already been done. As for the others, he was helpless.

"By the way, ask you something. How do you know Kong Xuanzong's sacred works? How can you practice?"

Lu Ming asked.

"Do you want to practice sacred divine skills? This can be a bit difficult. First, wait for you to step into the true divine realm and become a disciple of the inner door. Then you need to show your extraordinary talents. After a series of tests, you prove that you are loyal to Kong Xuanzong Geng Geng is not an undercover sent by other sectarian forces, so that it will be taught."

Yueling Road.

"so tough..."

Lu Ming was speechless.

"It’s so difficult. You have to know that the entire Emperor Xuanzong has only two holy works. As a treasure of Zhenzong, if you want to learn the complete holy works, the conditions are too harsh. At most, you can only learn the incomplete. of..."

Yueling Road.

"Incomplete? Where can I learn the incomplete?"

Lu Ming's eyes lit up suddenly.

He does not need the complete and the incomplete to practice other divine skills. He only needs to cultivate a ray of divine power.

"It can be exchanged for the Tibetan Scripture Pavilion, as long as you ask the elders who guard the Tibetan Scripture Pavilion, but the price is amazing. The second weight is 100,000, the price has been doubled, and the high is scary. The key is that there is no complete and useful!"

Yueling Road.

"Can be exchanged!"

Lu Ming's eyes lit up.

He didn't need a complete one at all, as long as the first weight was enough. If he became the first weight, he could cultivate a ray of divine power and ignite the divine fire. This is enough for Lu Ming.

But immediately, he sighed.

The first weight is 50,000 points. This price is simply ridiculously high.

Even if he now converts the remaining crystals into points, he only has more than 10,000 points, which is still too far away.

"Empty Xuanzong, where can I earn points?"

Lu Ming asked again.

"The place to earn points is, of course, the mission hall. Zongmen will release a series of tasks. You can get points as long as you complete the tasks inside. However, I suggest that you don't pick up the tasks, it won't work!"

Yueling Road.

"why?"

Lu Ming asked.

"Because there are level restrictions for taking tasks, you are now an outside disciple and can only take the lowest level tasks. Those tasks often take time and effort, and the remuneration is still very low. Many of them reward one point, two points, up to No more than ten points..."

Yueling Road.

Lu Ming was speechless for an instant, and he only had one or two points for one task. Those 50,000 points would be the year of the monkey.

Chapter 2692: Point earning opportunity

"However, if you want to earn points quickly, you will have a golden opportunity immediately!"

Yue Linglong suddenly smiled.

"what chance?"

Lu Ming asked.

"Yulong Secret Realm, in a few days, the Yulong Secret Realm will be opened. As long as you enter the Yulong Secret Realm and get some treasures, you can exchange a lot of points!"

Yueling Road.

"Yulong Secret Realm?"

Lu Ming was curious. He heard it for the first time.

"Yes, Youlong Secret Realm is only opened once in 100,000 years, and only under the real **** realm can you enter, so this is a paradise for outside disciples, and then all powerful outside disciples will enter!"

"There are two kinds of treasures in the secret realm of the dragon, one is the dragon beast and the other is the keel flower. As long as you get the nucleus of the yoke dragon or the keel of the keel flower, you can exchange a lot of points. Previously, one A beast core or a keel with a keel flower can be exchanged for one hundred points!"

Yueling Road.

"One hundred points!"

Lu Ming was taken aback.

One hundred points, if you exchange for Shenjing, but 1 million Shenjing, the price is extremely amazing.

If you can get a hundred beast cores, or a keel with a hundred keel flowers, don't you have 10,000 points?

If it is five hundred...

Lu Ming's eyes became fierce. In that case, the first step of the saintly divine skill is to redeem points.

"Yeah, the rewards are so amazing, even many inner disciples are jealous, but I can't get in. I tell you, in fact, many people on the outer door virtual **** list can already attack the true **** realm, but they have been suppressing Cultivation is to wait for the ghost realm once every 100,000 years. This is a good opportunity to make a fortune!"

"How? Open three days later, do you want to go together?"

Yueling Road.

"Go, of course!"

Lu Ming said, not a fool.

"Then let's wait a few days and go again in a few days!"

Yue Linglong said, then the two came to the Shenmai Tower and practiced for a few days.

Three days later, Lu Ming and Yue Linglong flew out of the inner gate area and headed towards the outer gate area.

The entrance to the Secret Realm of the Dragon is in a huge palace in the outer gate area.

This hall is normally closed, and it will only be opened when you are about to open the Hidden Dragon Realm.

In the past few days, Lu Ming has learned more about Youlong Secret Realm.

The vastness of the universe, the vastness of the vastness, is the world of thousands, the most perfect and stable world.

Around it, there will be some small worlds, such as Tianjie Yuanjie, as well as some secret realms.

These secret realms are more advanced than many small worlds, and are closely attached to the vast universe.

The creatures of the Little Thousand World, who have reached the demigod's cultivation, are at the end. If they want to continue to ascend, they must enter the vast universe.

But in some secret realms, gods and even stronger existences can be born.

Youlong Secret Realm is such a secret realm.

When Lu Ming and Yue Linglong came here, they found that the palace was already crowded with people.

Countless outside disciples came together.

"It's Lu Ming!"

As soon as Lu Ming came, many people recognized Lu Ming.

At that time, Lu Ming became famous in one battle, losing three virgin gods in a row in a row, and his fame spread long ago.

"Huh, this kid is going to enter the Dragon Realm, too, or get rid of him inside!"

Someone sneered in their hearts and their eyes were cold.

Moreover, there are many people with such thoughts.

Uh! Uh! ...

At this time, several white-haired old men flew from a distance and came to the palace.

"The elder of the inner door is here, the door is about to open!"

Many people get excited.

Many people's cultivation behavior has been able to break through the real **** realm, but they are pressed **** the peak of the virtual god, that is, when the secret realm of the dragon is opened, so that they can fish.

A total of three elders from the inner gate descended in front of the palace gate, and then waved their divine power. Three divine powers blasted on the gate of the palace.

Rumble!

The gate of the palace shone, and a loud rumbling sound was heard, slowly opening it.

However, above the gate, there is still a layer of mask to block.

"In the mystery of the dragon, the dragon beast and the dragon bone flower have strong combat strength. Those who are weak and have insufficient combat strength will not only get the beast core and the dragon bone, but will fall, so only the attack can be made. Only those who wear this light curtain can enter the secret realm of the dragon, now you go!"

"Remember, you have only three months. After three months, you have to return to this place, otherwise you will be locked in!"

An inner door elder announced.

"go!"

Suddenly, a group of outside disciples rushed towards the gate.

The gate is 100 meters high and tens of meters wide. It can accommodate hundreds of people at the same time without any problems.

boom! boom! ...

This group of outside disciples each made a powerful attack and bombarded the mask on the gate, which shook violently.

However, most of the people were blocked, and only a few people penetrated the mask, entered it, and disappeared after a flash.

"Damn, I won't believe it, break it for me!"

Someone yelled to display the strongest fighting power, but still could not open the mask.

"One waste, don't block the road there!"

Behind, other people rushed in, shouted loudly, and the divine power rolled out, trying to blast away the people in front.

"You are the waste!"

The person in front was furious and shot abruptly, but after confronting the person behind, he vomited blood and hit the mask, his face pale.

"Dongfanghao..."

The man's face was pale, and the man who shot him at the back was Dongfanghao.

"Waste, get out!"

Dongfanghao dismissed the cold drink, waved it, broke through the light curtain, and entered the hall.

"If you can't break the hood, let it all go, don't block the road!"

The voice of an inner door elder sounded. With a wave of his hand, a wave of energy rolled out and flew out those who could not break the mask.

Uh! Uh! ...

Someone kept flashing forward, blasting the mask and entering the hall.

"With the nine-fold combat power of False God Realm, you can break open!"

At this time, Lu Ming had already seen that the cat was tired.

That mask can be broken as long as it has the nine-fold power of the False God Realm, and it cannot be broken without the nine-fold power of the False God Realm.

"Lu Ming, let's go in quickly!"

Yue Linglong yelled and flew forward, Lu Ming also flew forward, and came to the light shield of the gate.

Yue Linglong waved her palm, and the mask collapsed like a wave of water. She flashed and entered the mask.

Lu Ming burst out with a punch, and also penetrated the mask to enter it.

Inside the gate is a huge empty hall. In the middle of the hall, there is a huge black vortex, which is the entrance to the secret realm of the dragon.

The two flashed and rushed into the vortex, and the sky was spinning. At the next moment, Lu Ming found that he appeared on a piece of yellow soil, next to it, followed by Yue Linglong.

"Go, look for the hunting of the dragon beast and keel flower, within three months, in a blink of an eye!"

Yue Linglong said that they turned into a rainbow and flew towards the distance.

Chapter 2693: Powerful combat power

The secret realm of the dragon is vast and immense. I don’t know how big it is. Anyway, Lu Ming feels that it is at least much larger than the Evil God Realm of the Heaven Realm.

The two had been flying for several hours, but they didn't encounter anything. What was in sight was the endless loess.

"The two of us were too unlucky. When we entered, we were actually transported to this piece of yellow earth. This piece of yellow earth was silent. There was no ghost beast and dragon bone flower at all!"

Yue Linglong said bitterly.

Lu Ming was also a little depressed, but he had no choice but to rush down the road.

After flying for another two hours, mountains gradually appeared in front.

Roar! Roar! Roar!

Between several peaks, there was a roar of roar.

"It's Youlong Beast!"

Yue Linglong's eyes lit up.

The two accelerated and flew towards the mountain.

But at this time, a rainbow of light appeared in other directions too, and flew towards the mountain peaks. They were other outside disciples.

Lu Ming glanced at it and found a dozen people.

"We speed up!"

Yue Linglong sips her body, and her body works like a colorful glow.

boom!

At this moment, a few powerful pressures came from high above the sky. The pressure was like a tide, pressing in all directions, and Lu Ming, as well as some other disciples, were enveloped in it, which was extremely domineering.

Then, two young men, a man and a woman, came down and stood in front of everyone.

"This regional dragon beast belongs to both of us, you, leave!"

The man spoke indifferently, glancing at Lu Ming a few people, full of arrogance.

Moreover, the tone is full of strong threats.

It was as if he had said so, others must follow suit.

"It's Luyang ranked 35th in the False God List, and Fang Ya ranked 37th!"

Someone exclaimed and recognized the two.

"How come we are so unlucky, we met them both as soon as we came."

"It seems that we can only leave!"

Some outside disciples have a ugly face, but they are also full of helplessness.

Those who can enter the secret realm of the Nether Dragon all have the power of the Ninefold of the False God.

However, it is only the Nine Heavy Power of the False God, which is far from the arrogance of the False God list.

In particular, the top 50 arrogance of the False God List, each with amazing fighting power, has the ability to live under the power of the true god.

It is said that the top 30 Tianjiao can even contend for the existence of a true god.

Although Luyang and Fang Ya are only ranked 35th and 37th, but they are couples. They are good at the art of joint attack. The two teamed up to fight the top 30 Tianjiao.

Generally, the Nine Gods are far away from them.

More than a dozen outside disciples, although unwilling, are slowly retreating.

However, Lu Ming and Yue Linglong did not retreat.

"Don't you leave?"

Luyang looked at Lu Ming and Yue Linglong, a cold light flashed in his eyes.

"Retreat, why do you want to retreat, since you encounter the dragon beast, the dragon beast core depends on its own ability!"

Lu Ming said lightly.

"Boy, you are very confident!"

Luyang's eyes grew colder and he said, "You are not in the gate of the Dragon's Secret Realm. It is not forbidden to kill. Do you understand?"

This is the threat of Chiguo Guo.

His meaning is obvious, if Lu Ming does not retreat, then stay here forever.

"There is so much nonsense, either get out or get out!"

Lu Ming stepped forward, scolding directly, too lazy to talk nonsense with the other party.

There is not much time. A piece of monstrous dragon beast, or a keel of a keel flower, is all points and money. Lu Ming wants to redeem the sacred magic method, it has been these months, but there is no time and The other side is blind.

"court death!"

Luyang drank coldly, and pointed like a sword, pointing to Landing Ming. In his fingers, a sword light burst out, very sharp, and a terrible roar was sent, killing Lu Ming.

boom!

Lu Ming banged out with a punch, and his spirits boiled, hitting Luyang's fingers.

Click!

Luyang's finger was broken directly, twisted into a twist, and his face became pig liver color, screaming, backing off again and again, a spit of blood spewing out.

"what?"

The other outside disciples who had retreated, saw this scene and opened their mouths in surprise.

After a confrontation, Luyang was invincible.

"I recognized him, it was Lu Ming, he was Lu Ming!"

Someone called out.

"What? He is Lu Ming, the Lu Ming who defeated Dongfanghao, Huang Chengan, and Scorpion one after another?"

"Yes, it's him!"

"Horrible, he hasn't seen him in a few years, and his fighting power has become stronger again!"

Others exclaimed.

"You are Lu Ming!"

Luyang's face was so fierce, he stared at the land.

"roll!"

Lu Ming drank coldly.

"Okay, I'll see if you have any skills, Fang Ya, let's join forces!"

Luyang shouted.

"it is good!"

Fang Ya flashed to Luyang.

Keng! Keng!

Two sounds of sword-sounding sounded, Luyang and Fang Ya's long swords came out of the sheath, and two swords burst into the sky. Then, the two swords were intertwined and slammed towards the landing. The swords were endless and the power was amazing .

The two shot with all their strength, and the strength is even stronger than the original Scorpion.

However, Lu Ming's combat power is not what it used to be.

Over the years, he has successively practiced three kinds of Wangpin divine skills, and has also cultivated three magical fires.

In addition, his cultivation base has already broken through the five levels of the virtual **** realm, and his strength is much stronger than when he first battled with Scorpion and others.

Buzz!

Lu Ming took out his spear and swept it out.

This gun did not exhibit "Three Exterminations of the World", but used only incomplete divine skills.

Gunman and Jianguang collided together, fighting fiercely.

when! when! when!

The sound of collision, such as thunder and burst, after more than ten consecutive collisions, Luyang and Fang Ya retreated and walked back for thousands of kilometers before stopping.

The two's faces were pale, and blood was constantly spilling from the corners of their mouths. A hole appeared on the body of the two.

"This time, once around you, get out!"

Lu Ming drank coldly.

Luyang and Fang Ya looked ugly, but with deep horror in their eyes, they understood that they were not Lu Ming's opponents at all.

"go!"

The two turned into two rainbow lights and left directly.

"It's so strong, Lu Ming is so strong, Luyang and Fang Ya have joined forces, and they are not even his opponents!"

"It is only five or six years, and his strength has been greatly improved. His current combat strength may be ranked in the top thirty of the virtual **** realm, no, or even the top twenty!"

The outside disciples who witnessed Lu Ming and Luyang Fangya fought, and there was a turbulent wave in their hearts.

"You want to stay here and compete with me?"

At this moment, Lu Ming's eyes turned to those outside disciples.

The faces of the outside disciples changed.

Are you kidding me to compete with Lu Ming?

Suddenly, one by one flew away.

Chapter 2694: Weakness of the Dragon Beast

"Lu Ming, did not expect that your strength is quite strong!"

Yue Linglong looked at Lu Ming, and his face was shocked.

Although she knew that Lu Ming's strength was probably not weak, she did not expect to be so strong.

"Let's go and hunt the dragon beast!"

Lu Ming smiled and flew towards several peaks.

Roar! Roar! ...

When Lu Ming and the two were close to several mountain peaks, a few dragon beasts appeared on the mountain peaks.

Youlong beast, somewhat like a tiger, has a height of five meters and a length of ten meters. It is covered with black scales and has two dragon horns on its head.

Roar! Roar!

Several ghost dragon beasts roared, and their hind legs kicked into a few black streamers, rushing towards Landing Ming and Yue Linglong.

"So fast!"

Lu Ming shook his heart, his spear shuddered, and shot several shots in a row.

A few spears pierced through and pierced the eyebrows of the three headed dragon beasts.

Ding! Ding! ...

The spear pierced the eyebrows of Youlong Beast, making a sound of gold and iron clashes.

However, Lu Ming also felt a huge force, pouring along the spear, shaking his arm slightly tingling.

"What an amazing power!"

Lu Ming was slightly startled, he could feel that these few dragon beasts were all the realm of the Nine Heavy Realms, but the strength was amazing.

With Lu Ming's current strength, he could twitch his arms slightly in the False God Realm, but not many.

What shocked Lu Ming more was that after the three-headed dragon beast was repelled, his head shook, and nothing happened.

Amazing defense!

If the other nine beasts of the Nether God Realm were stabbed by Lu Ming's long spear, there would definitely be a few more holes and they fell on the spot.

Roar! Roar! Roar!

The three headed dragon beasts roared, and then, among the mountains, several headed dragon beasts appeared.

"kill!"

Lu Ming also killed the past, running the **** power with all his strength, the four gods in the body are burning, and the three king-level powers blended with the **** power, bursting out amazing power.

The dragon beast roared, sharp claws like a sword, caught towards the landing, the wind screamed, terrified.

bump! bump! bump!

After the two sides collided continuously, Lu Ming was still stronger. The spear was drawn on the three-headed dragon beast. The fifteenth power continued to explode and struck the three-headed dragon beast out.

However, after being attacked and flying, the Yulong Beast shook his head and shook his body as if it were all right.

"This strength..."

Lu Ming was surprised, the strength of Youlong Beast completely exceeded his expectations.

No wonder, several elders from the inner door said that the dragon beast nuclear keel flower has a strong combat power, and only those who penetrate the light curtain can enter.

Lu Ming concluded that even with the Nine Heavy Power of the False God, it is far from being an opponent of a dragon beast. If you want to hunt the dragon beast, it is only possible to join forces with multiple people.

On the other side, Yue Linglong also had hands with several dragons.

A soft whip appeared in Yue Linglong's hands, and the soft whip was waving, and the sky was full of whip shadows, trapping several ghost dragon beasts in the middle.

"Good strength!"

Yue Linglong's strength is also beyond Lu Ming's expectations.

Yue Linglong's cultivation practice is the Ninefold of the False God Realm, but Lu Ming feels that Yue Linglong is not weaker than many Tianjiao, which is very high in the False God List.

However, Yue Linglong's status is not ordinary, and she is not a disciple outside, she lives directly inside.

Kong Xuanzong, there are not many such examples. The descendants of many big men are directly cultivated in the inner door. They will not join the ranks of the outer door disciples. Naturally, they will not enter the virtual **** list, but their strength is amazing.

Roar! Roar!

The Yulong Beast was continuously pumped by Lu Ming, making a furious roar, sighing in the air, filled with a layer of black flames, staring at the landing sound, and rushed to Lu Ming again.

boom! boom! boom!

The two sides fought fiercely together.

However, the defensive power of the Yulong Beast is really amazing. It was continuously hit by Lu Ming, but like nothing, Lu Ming couldn't break the opponent's defense at all.

Lu Ming was able to crush several ghost dragon beasts in strength, but could not break the opponent's defense and was difficult to kill.

"No, there must be a flaw, as long as you find the flaw of the dragon beast, you can kill it!"

Lu Ming's thoughts changed sharply.

If there are no flaws, how did the people who entered 100,000 years ago or 200,000 years ago kill them?

If even Lu Ming could not kill, then under the true God, not many people could kill.

Thinking of this, Lu Ming began to explore.

The spear constantly pierced the dragon beast at different locations.

Finally, after hundreds of trials, Lu Ming finally found the weakness of Youlong Beast.

puff!

Lu Ming took a shot and stabbed through the neck of the Youlong Beast.

Youlong beast roared, blood flowed, and then fell to the ground, twitched a few times, and lost his vitality.

The neck is the key to the dragon beast!

"Yue Linglong, attack their necks!"

Lu Ming cried.

Uh! Uh! ...

Yes, Yue Linglong's offensive changed, and the soft whip became harder, stabbing like a spear.

puff!

Soft whip stabbed into the neck of a ghost dragon and killed it.

"It really is the neck!"

Yue Linglong was very excited and launched a crazy counterattack.

At the same time, Lu Ming also launched an attack, and the guns were stabbed continuously. Although the Youlong beast tried his best to avoid it, it was difficult to avoid after all, and Lu Ming was killed one by one.

On the other side, Yue Linglong also killed the last two dragon beasts.

Subsequently, the two dug out several beast cores from the chest of the Youlong Beast.

There are six beast cores in total, three for one person.

This kind of veterinary core can be used to refine the Divine Pill, and it has a very great effect. It is even helpful to the true **** and the god. Otherwise, the price will not be so expensive.

Lu Ming showed a happy look, a beast core, which is one hundred points, equivalent to one million **** crystals.

"Go, continue!"

Lu Ming's eyes were fierce, and he flew forward with Yue Linglong.

Roar! Roar! ...

How far they had not flown, there were roaring roars ahead, at least a dozen dragon beasts, leaping in the mountains, running towards this side.

"We didn't go to you, but you came to the door by yourself, it was just right!"

Lu Ming laughed, and slayed towards more than ten ghost dragon beasts.

The strength of the Youlong Beast is very strong and amazing. However, since it knows the key points, it is not too difficult to cope with Lu Ming's combat power.

Lu Ming and Yue Linglong joined forces, and soon after, they killed a dozen of the dragon beasts, and each one got seven pieces.

Adding the previous three pieces, it is ten pieces, which is converted into points, which is one thousand points.

One thousand points can be exchanged for a worse Wangpin magical skill.

The speed of earning points makes Lu Ming feel very happy.

Of course, this is also theirs. They have a high combat strength and hunt ghosts and beasts. This is the speed. It can’t be so fast for other people.

Generally, the out-door disciples of the Ninefolds of the False God, even if they know the weakness of the dragon beast, need to join hands with many people in order to kill a dragon beast.

If you meet a dozen or so dragon beasts at once, you can't cope with them at all, you can only run away.

Chapter 2695: Little bully, crazy

After a while, he got a thousand points of the dragon beast core, so Lu Ming was very excited, just about to continue with Yue Linglong, hunting more dragon beasts.

boom!

Suddenly, in the high altitude, a powerful coercion permeated down, full of the king's air, and then, a few young people, slowly landed from the high altitude.

"Huang Chengan!"

Lu Ming's eyes narrowed slightly, and there were three youths in total, one of whom was Huang Cheng'an, who ranked 98th in the False Gods List.

Of course, after Lu Ming defeated three people in a row and defeated the 51st scorpion tiger, Huang Cheng'an's ranking has dropped by one and fell to 99.

What Lu Ming cares about is not Huang Cheng'an, but the other two, especially a young black armor.

This young man in black armor is sturdy and tall. The black armor covers the whole body, and even the palms are covered by the black armor, only one head is exposed, and it is full of the spirit of the king.

"Crazy Dao, it's Xiao Bawang Dao Dao!"

Yue Linglong exclaimed slightly after seeing the young black armor.

"It's him!"

Lu Ming was also moved.

During this time, he also knew some of the top-ranking characters of the False God List.

The little bully is mad, and the ranking of the virtual **** list is astonishing fifth.

This is an extremely terrible character, very powerful, the whole outer door can suppress his outer door disciple, and count it with one palm.

The top ten of the False God List all have amazing records, and they have once defeated the existence of True God Realm.

This is terrifying, like a scorpion tiger, but once escaped in the hands of the true **** realm, and defeated, it is completely different, and there is a difference of 18,000 miles.

It is said that the existence of the top three of the False God List all have the power to kill the real **** realm. He is undoubtedly even more amazing.

The little bully madly said that although he did not have the strength to kill the real **** realm strongman, he had defeated the real **** realm strongman many times, and the fighting power was undoubted.

"You are Lu Ming, who killed my Fuguang faction, many brothers?"

Like a fierce beast, Mad Road stared at Lu Ming, bursting into a cold murderous opportunity.

"People don't provoke me, I don't provoke people, if people provoke me, no matter who they are, kill them all!"

Lu Ming responded indifferently.

"Oh, is it? All killing? I think you have this skill?"

Kuang Dao's face was even more indifferent, his breath exploded, and the violent pressure, like mountains, squeezed towards the landing.

Uh! Uh!

Huang Cheng'an and another young man, flashing in shape, formed a horn, encircling Lu Ming and Yue Linglong in the middle to prevent them from escaping.

"Lu Ming, when you were on the battle platform of life and death, you had a lot of people in Lien Chan. At that time, I was not present.

Another blue-robed youth said that this person is called Lanshang, and he is also a strong man on the False God List, ranking No. 33 in the False God List.

"There's so much nonsense, don't you know that the villains usually die from talking too much?"

Lu Ming coldly glanced at Lan Shang.

"Fuck to death, Brother Dao Dao, this kid, leave it to me!"

Lan Chang's eyes were cold, and a sword appeared in his hand.

Unfortunately, they did not know that Lu Ming had defeated Luyang and Fang Ya before.

Luyang and Fang Ya's ranking on the False God List is slightly lower than Lanshang, but the strength of the two teamed up is definitely above Lanshang.

If he knew, he would not be so confident.

"Tian Dao cut ten!"

Lan Shang drank coldly, the sword was so full of air, a blue blade of light, crystal clear, but full of terrifying power, slamming toward the landing.

Buzz!

Lu Ming's spear was shocked, and one shot was pulled out.

Rumble!

The spear was drawn, and a violent explosion sounded between heaven and earth. Then, the spear pounced on Lan Shang's knife light.

"Break me...ah..."

Lan Shang started to yell, breaking Lu Ming's guns, but at the next moment, his eyes widened, and then made a screaming scream.

Instead of breaking Lu Ming's guns, he shattered his sword light, and his spear was like a broken bamboo, striking Lan Shang.

The blue shirt screamed, and his body flew out like a cannonball, bringing a long stream of air before hitting a mountain.

The mountain crumbled directly, and Lan Shang's figure, lying in a mess of rocks, was twitching all over and he was half dead.

"what?"

Huang Chengan's eyes widened, almost scared to death, his body instinctively retreated.

Ok?

Even the little bully said madly, his eyes were all fixed.

Obviously, Lu Ming's combat power exceeded his expectations.

Although Lan Shang's combat power is far inferior to him, he is already a top-notch strongman in the virtual **** realm. Now, he is actually half killed by Lu Ming.

"It turns out that there is some strength. No wonder it is so crazy, but this strength is not enough in my hands!"

Crazy Dao opened his mouth, his divine power exploded, and his tall figure appeared more powerful.

boom!

Crazy road stepped out, his body like a big mountain, squeezed towards the landing.

"Let me see how much strength you have, overbearing fist!"

Roaring madly, the black armor on his body burst out with a bright black light, and a fist blasted towards the landing.

His fist, wrapped in black armor, burst out with a punch, like a mountain rolling towards Lu Ming.

Lu Mingsi was not afraid, and the divine power was working with all his strength. In his Dantian field, four magical fires were burning, the divine power spewed, poured into the spear, and shot out.

boom!

For example, two meteorites exploded and the sky roared violently, forming a terrible shock wave, rushing in all directions.

Uh!

A figure retreated continuously for several decades, standing in the void and breathing up and down.

This figure is just crazy.

"How...how is it possible?"

Huang Chengan's heart and liver tremor.

Lu Ming's combat power is simply appalling, and even the fifth Dao Road of the False God List was shot back by Lu Ming.

"Boy, very good, your strength is very good, then take me one more move, overbearing fist, boxing world!"

With a mad roar, the breath on his body was even more terrifying, and then a punch, a punch, like a meteorite, hit Lu Ming.

The terrible boxing force was very far apart, and kept pressing Lu Ming.

"The second peak of magic skills!"

At a glance, Lu Ming saw the madness of the Taoist skill.

The mad power of the Dao Road is definitely the top of Wangpin's divine power, and is very close to the saint's divine power, and his divine skills, cultivated to the second peak, plus his black armor, combined, the power is amazing.

After this punch, like Lan Chang, I am afraid that he will also be killed by a punch.

"The first form of the three-strike eradication, breaking the sky!"

Lu Ming used the first form of three strikes.

Although "Three Exterminations of the World" is only the first peak, the power of the "Three Exterminations of the World" is already very strong. With the blessing of the word of war, the power of the outbreak is not weak at all.

Uh!

A meteor like a meteor burst out and bombarded with mad Dao's fist.

Rumble!

A more terrible explosion, violent energy, swept all directions.

"not good!"

Huang Cheng'an's face changed greatly, and he stepped back and forth, otherwise, he would be injured by scattered energy.

Chapter 2696: The mystery of the explosion of combat power

In the sky, only a black ray of light, and a purple ray of light, bombarded together and impacted each other.

However, it only lasted a few breaths, black light, suddenly retreating, violent shaking.

bump!

Eventually, the black light shattered and the tall and majestic figure madly flew backwards.

In the process of tossing backwards, the sound of clang continued to come out of his body, and Mars was radiating at the same time.

This is the remaining power of Lu Ming, bombarding the black armor on the surface of Kuang Dao's body.

boom!

In the end, like Dalan, he crashed heavily on a mountain, but his situation was much better than Lanshang.

When he hit the mountain, his legs stepped on the mountain, the mountain roared, the mountain cracked, and then burst apart, and Kuang Dao rushed to the sky again with the help of a step.

But at the moment, Kuang Dao looked a little embarrassed.

His hair was scattered and blood was flowing from the corners of his mouth. On his body, there were cracks in the black armor and blood was seeping out.

"How is it possible? How is this possible?"

On one side, Huang Chengan shivered in shock, and it was hard to believe.

Crazy Road, but the existence of the fifth ranking of the False God List, one of the combat power, has almost reached the peak of the False God Realm, and has repeatedly defeated the powerful one of the True God.

In Kong Xuanzong, the virtual **** realm can defeat the mad Dao, only a few perverts.

But now, Lu Ming and Kuang Dao's battle, it was actually Lu Ming who had the upper hand, and the collision of the two ended with a Kuang Dao injury.

Moreover, Lu Ming has only just been introduced for many years. His cultivation behavior has not yet reached the peak of the False God. If Lu Ming’s cultivation practice is elevated to the peak of the False God Realm, how terrible should the combat power be?

"This crazy way, there is indeed some strength!"

Looking at the crazy road not far away, Lu Ming turned a thought in his heart.

With Lu Ming's current combat power, the general False God is ninefold, and he can be killed with a single move, but his attack just now was blocked by Mad Road.

However, Lu Ming knew that Mad Dao might not have used his full strength.

The current fighting power revealed by Kuang Dao is not enough for him to defeat a true god.

Even a very ordinary true god.

"You should not use the bottom cards, use them all, otherwise, you are not my opponent!" Lu Ming said lightly, looking forward to his heart, the fifth place in the Void God list, with all his efforts, what level of combat power can be achieved.

Because, he also did not use his full strength, and the double combat power and triple combat power of the "war character formula" were not triggered.

"Lu Ming, it seems that I really underestimate you, your strength is above my expectations, then next, bear all my anger!"

In the eyes of Kuang Dao, the color of madness flashed, and the thick anger was almost filled.

For many years, he didn't know how many years, the characters without virtual **** realm forced him into this way.

In Kong Xuanzong, there are only a few stronger than him in the virtual **** realm. He usually does not fight with those people. In the virtual **** realm, it is almost invincible.

But now, Lu Ming made him bleed, and he wanted to give back ten times and one hundred times.

"Riot!"

Suddenly, he roared madly, his hair upside down, his breath suddenly increased like a volcanic eruption.

"This is... mystery, a mystery that temporarily enhances combat power!"

Lu Ming moved.

"Overbearing God Boxing, Boxing World!"

Roaring madly, the whole person was like a big mountain, squeezed towards the landing, his fists blasted continuously, and his fist was like a mountain.

Buzz! Buzz!

Lu Ming brandished a spear, and said like a half-stout gunshot of a mountain range.

boom! boom!

In the sky, roaring constantly, the two fought fiercely, and in a flash of a dozen moves.

"What an amazing secret technique, the combat power has doubled!"

During the fight, Lu Ming judged that the secret technique of mad Dao doubled his combat power. This "word of war" was very similar.

However, the mysterious technique of madness is naturally far from being comparable to the "word of war".

For example, the mysterious technique of mad Dao does not have any sequelae, and the limit, the combat power will be doubled.

However, there is no limit to Zhanzi Ju. With Lu Ming's constant understanding, the power of Zhanzi Ju will become stronger and stronger.

Now, Lu Ming has been able to trigger three times the combat power. In the future, it is possible to have four times the combat power, five times the combat power, six times the combat power, and so on.

He knows the word "war" in the sea, it is simply a treasure, a treasure that can be digging infinitely.

"Kill, kill, kill!"

Roaring madly, flying with long hair, momentum like madness, cold killing like a knife, his secret technique is indeed flawed and has a time limit. When the time is up, it will fall to the previous level.

Therefore, he must kill Lu Ming before the time comes.

when! when!

The two collided a few more times and the battle was fierce.

"It seems that this is your limit, it will not be consumed with you!"

Lu Ming spoke indifferently, and then, the battle word tactics doubled the power to trigger.

boom!

Lu Ming's combat power surged, and a shot was swept out, directly breaking the fist of Kuang Dao and flying Kuang Dao out.

"how come?"

Kuang Dao was shocked, and it was incredible.

To the present, Lu Ming has not used his full strength. This combat power is simply abnormal, and it is even more perverted than any demon he has ever seen.

"Three blows to destroy the world, break the sky!"

Repelling the mad Dao, Lu Ming directly used the World Extermination three strikes, turned into a dazzling lance, and killed the mad Dao.

"No, no, stop it, I want to stop it!"

Facing Lu Ming's blow, Kuang Dao's face changed wildly, and he felt the threat of death.

This blow may kill him.

"Black gold trick!"

Roaring madly, black light radiated from his body, and a layer of light like ferrous metal emerged from him.

This is another kind of magical skill, defensive magical skill.

After using defensive magic skills, Kuang Dao continued to punch, and the last huge punch hit Lu Ming.

bump!

The fist strength collapsed directly, the gunshot hit the Kuang Dao body, the Kuang Dao body, violent vibration, like a meteor, flew out, and in a flash, it flew thousands of miles.

puff!

He vomited blood, his defensive miraculous skills were penetrated, and the black armor on his body shattered, and a large transparent hole appeared in his chest.

However, he did not die after all, blocking Lu Ming's move.

"Run, run, run!"

There was only one idea for Kuang Dao. He used all his strength and even burned divine power. The whole person rushed into the distance like a flame, and the speed was amazing. His blink was tens of thousands of miles away.

"This guy's life-saving ability is really strong!"

Lu Ming shook his head slightly, he didn't kill madly, and he was also surprised.

However, the life-saving ability of the mad road is indeed powerful, the secret technique of the explosive increase in combat power, the attacking magical skills, the defensive magical skills, and the armor, which are used together, and finally blocked Lu Ming's killing blow.

Moreover, Lu Ming did not practice speed-like magic skills, and his speed was limited.

Then, Lu Ming looked at Huang Chengan.

Chapter 2697: Can attract?

Lu Ming's eyes suddenly looked at Huang Cheng'an, making Huang Chengan's face change wildly, without the slightest blood.

"Lu...Lu Ming, don't kill me..."

Huang Cheng'an was terrified, his voice trembling, and he was terrified.

He never dreamed that the mad road actually lost to Lu Ming, and Lu Ming was frightened and fled. At this moment, he only felt that his legs were shaking and he even forgot to escape.

"Don't kill you? You just wanted to kill me..."

Lu Ming spoke indifferently, and the cold killer came out through the body and enveloped towards Huang Chengan.

"No!"

Huang Chengan screamed, turned and ran.

Lu Ming did not move, stabbed out with a shot.

A spear, directly spanning thousands of miles, stabs Huang Chengan.

Huang Cheng'an's defense was pierced like tofu, his body was pierced and blood spattered wildly.

"Lu Ming, you must not die, the Son will not let you..."

Huang Chengan yelled, and then lost his breath.

Lu Ming's face was calm, and he came to the half-dead Lanshang. In the desperate eyes of the other party, he shot and killed him.

In the face of the enemy, Lu Ming will never be soft-hearted, as long as there is a chance, it is to kill, until the other party is frightened.

"Let's go!"

Lu Ming passed by Yue Linglong.

"Lu Ming, your strength is really amazing, this is more than me!"

Yue Linglong followed Lu Ming's footsteps, blinking, curiously.

"Good luck, practiced a secret technique to increase combat power!"

Lu Ming shoved past with a reason at will.

Next, the two proceeded along the way, but after flying for a while, they didn't encounter a ghost dragon beast, but other outside disciples encountered a lot.

Obviously, there are no ghosts and dragons in this area, and if there are, they are also hunted by others.

The two have been going deep into the Yulong secret realm and heading deep into the Yulong secret realm.

The terrain is becoming more and more desolate.

Roar! Roar! ...

In the distance, roaring like thunder, the sound hung through the sky.

More than a dozen monstrous dragon beasts came in leaps at an alarming speed, as if they were far away, they found them.

"These dragon beasts are also strange. We haven't found them yet. They seem to have found us from afar!"

Yue Linglong said curiously.

Lu Ming was also a little surprised. It was indeed so. After several consecutive times, all the dragon beasts took the initiative to kill them, and as soon as they came, they were seven or eight heads, a dozen heads.

But in any case, this is a good thing, at least without them wasting time to find.

But at the next moment, Lu Ming's face changed.

In the distance, roaring roared again, undulating each other.

Then the Void vibrated, and there appeared a long beast in the distance, at least hundreds of them.

Hundreds of ghost dragon beasts, stepping on the void, rushing towards the landing and rushing them, the momentum is like a row of mountains and sea.

"So many ghost dragon beasts, run!"

Yue Linglong Jiao took a drink, turned and ran, and the reaction was too fast.

However, Lu Ming's reaction was no slower than her, and he turned and ran.

Just kidding, there are too many ghost dragon beasts, more than a hundred heads, and all of them are invulnerable, and only the neck is the weak point. So many dragon dragon beasts rushed together, even if Lu Ming is strong, I am afraid that the monster will be divided into corpses. .

Roar! Roar! Roar!

Behind, the dragon beast roared and chased it as quickly as possible.

After chasing and fleeing, the two sides passed by tens of thousands of miles.

"Help!"

Yue Linglong yelled because other figures appeared in front of him, and they were other disciples of Kong Xuanzong.

"This guy is very kind!"

This is Lu Minglong's evaluation of Yuelinglong. Obviously, Yuelinglong wants to pull others into the water to distract the dragon beast's attention. Of course, Luming naturally follows closely behind Yuelinglong.

"It's a ghost dragon beast... nest, so many, don't come over!"

The outside disciples began to be delighted when they saw Youlong Beast, but then when they found more than 100 heads of Dragon Beast rushing, their faces were pale and scared, and they screamed and ran away.

"Don't run, let's join forces and fight these ghost dragon beasts!"

Yue Linglong shouted.

"It's strange not to run, little girl, don't come over, go!"

Those people yelled and ran faster than anything.

"We walked away from them, distracting the dragon beast!"

Lu Ming sent a voice to Yue Linglong.

Yue Linglong nodded, and then the two flew in the other direction. In this way, if the Dragon Beast was attracted by those people, their pressure would be much lighter.

However, what the two did not expect was that those monstrous dragon beasts did not look at the others, and more than a hundred monstrous dragon beasts still chased them to the landing.

"Nest, let's not play like this!"

Lu Ming was speechless.

These ghost dragon beasts seemed to be staring at them.

"War word trick, trigger!"

Lu Ming thought about it, constantly triggering the war of words.

Soon after, he succeeded in triggering the "War Word Strategy" three times the combat power.

Triggering triple combat power, Lu Ming's speed surged.

"go!"

Lu Ming stretched the moon and rushed forward quickly.

As a result, they gradually distanced themselves from the Yulong Beast and ran further and further away. After a while, they finally completely throw away the Yulong Beast and then found a quiet place to meditate and restoring their power.

After the divine power recovered, the two discussed.

"Strange, why did those dragon beasts keep staring at us?"

Yue Linglong wondered.

Lu Ming shook his head, and at this point, he could not help thinking.

"Did we have something attracting the dragon beast?"

Lu Ming said.

"What attracts the monstrous dragon beast?"

Yue Linglong's eyes flashed, but the two remembered carefully, and they couldn't find anything in them, what attracted the dragon beast.

After a period of time, the two left the area and continued to go deep into the secret realm of the dragon.

But what made them speechless was that not long afterwards, they "led" a group of ghost dragon beasts to chase them down, and they could only escape.

After they got out, they dared not be too blatant, and approached the secret area carefully from the other direction. They did not get too close at once. This time, more than ten ghost dragon beasts killed them.

More than ten ghost dragon beasts, they fearlessly, fight together, kill the ghost dragon beasts, and get the beast core.

The next time, they all wandered in this area, as long as they encountered a large number of dragon beasts, they turned around and ran, if a small amount, they stopped to hunt.

In a blink of an eye, they have entered the secret realm of the dragon, it has been a month and a half.

The time they came in was only three months, and half of it had passed.

However, the harvest is also very large.

The beast core in Lu Ming's hands has been converted into more than two hundred points, that is, more than 20,000 points, which is getting closer and closer to 50,000 points.

The dragon beasts of this territory were attracted by them in batches, slowly hunted, and finally killed almost.

The two left the area and went deep into the secret realm of the dragon.

Chapter 2698: Massive keel flower

A few hours later, they came to a huge canyon.

"Be careful, there is probably a dragon beast here!"

Yue Linglong whispered.

The two converged and walked carefully towards the canyon.

After this period of fighting, Lu Ming also had a rough understanding of Yue Linglong's combat power.

This girl's fighting power is so amazing, Lu Ming judged, at least above the madness.

If she is an outside disciple, she can be ranked in the top five at least in the False God List.

The two went on the way, but none of the ghost dragon beasts touched this valley, which was surprisingly quiet.

The two were a little surprised. According to their previous experience, generally speaking, you would like to stay in such a place.

Soon, the gorge came to an end. In front of the gorge, there was an endless plain, with green grass and a lot of green grass, taller than people.

The breeze blows, and the fragrance is tangy.

The two came to the plain and walked on the tip of the grass.

Rustle...

Suddenly, a distant voice came from the distance.

"Look, what is that?"

Yue Linglong suddenly pointed in front of the plain.

At this moment, Lu Ming also noticed the difference there.

In that direction, the green grass undulated like waves, and spread towards this side.

"There is something in the grass!"

Lu Ming's eyes narrowed.

In the green grass, there are things walking, so that kind of ‘wave’ is created, and the range is amazing.

Rustle...

The sound became clearer and clearer, and the ‘waves’ were extremely fast, and they were screaming towards the landing.

"That is..."

Lu Ming's eyes changed, and he finally saw what was in the green grass.

It was a keel-like thing, not big, only a meter long and half a meter high, like a small keel.

However, on the top of the keel, there is a blood-red flower. The most terrifying thing is that there is a big mouth on the flower, which is covered with fangs and terrible.

Keel flower!

A few words popped out of Lu Ming's mind.

There are two main purposes for their trip to the Hidden Dragon Realm this time.

One is the veterinary core of Youlong Beast, and the other is the keel of keel flower, each of which is a hundred points.

However, there are too many keel flowers.

At a glance, the whole grassland was shaking, at least a few hundred plants.

call out!

A keel flower with a flick in the body, like a lightning bolt, slammed towards the landing.

"Try power!"

With a move in his heart, Lu Ming held it with a long gun and tried the power of the keel flower.

Buzz!

The lance vibrated and swept towards the keel flower, but the dragon tail of the keel flower swept out and collided with the lance.

Boom!

A violent shock rang, and the keel flower was blown out and hit the ground, not to wipe out a large piece of green grass, but shake the flower, and stand up again, nothing happened.

Lu Ming's lance, however, kept shaking.

"Good combat strength!"

Lu Ming's eyes narrowed.

The power of this keel flower is actually not worse than the dragon beast.

call out! call out! call out!

At the moment, there are at least dozens of keel flowers, and they are called to the landing to kill them.

On the flowers of many keel flowers, the big mouth opened and closed, and they bit them towards them.

Lu Ming's spear continued to stab, and several keel flowers flew out, but one accidentally, the lance was bitten by the fangs of a keel flower, and a row of teeth marks appeared on the body of the spear immediately.

What a terrible bite force, but this is the ninth-order inferior artifact, which was actually bitten out of the tooth marks.

"Retreat!"

Lu Ming shouted, and with Yue Linglong, turned and ran.

There are too many keel flowers. At a glance, there are at least a few hundred plants. They are not opponents at all. They are surrounded by so many keel flowers. I am afraid there is only one dead path.

The two retreated wildly and returned to the canyon.

But at this time, the two's faces suddenly changed wildly.

Because at this time, there was also a figure in that gorge.

Youlong Beast!

All of them are ghost dragon beasts, at a glance, at least a few hundred heads, packed the valley.

They were surrounded.

This is a trap. Youlong beast and keel flower actually cooperated and dug a big pit, waiting for them to jump.

Roar! Roar! Roar! ...

The dragon beast roared, his eyes ugly, and they yelled to the landing to kill them.

"rush out!"

Lu Ming roared, and at the same time, he continued to trigger the battle word tactics. Soon, he successfully triggered three times the combat power. In addition, his artifact was also replaced with a war sword of first-class middle-grade artifact. .

"kill!"

Lu Ming screamed, slashing out a sword and chopping it on the head of a ghost dragon beast.

Youlong beast was directly chopped and flew by the violent force, hit other dragon beasts, took seven or eight headed dragon beasts and flew out, showing the powerful power of Lu Ming's sword.

At the same time, Yue Linglong also tried her best. A soft whip, like a sword and a gun for a while, changed a lot, and the power was amazing.

However, even if the two are powerful, the number of ghost dragon beasts and dragon bone flowers is too much.

Moreover, the defense is amazing.

These monstrous dragon beasts and dragonbone flowers rushed towards the two, and attacked them.

bump!

Yue Linglong was careless, swept by the dragon's tail of a keel flower, her body shivered, a wound appeared on her body, and she spit blood.

"Be careful!"

Lu Ming came to Yue Linglong and a red gold armor appeared on his body. It was the magical skill "Nine Heavy Red Armor".

At the same time, Lu Ming's war swords were constantly chopped out. In a flash, hundreds of sword lights were chopped out.

However, Yulong Beast and Dragonbone Flower, attacking Lu Ming with undaunted impact.

Two fists are hard to beat four hands. Although Lu Ming is strong, he is still being hit continuously.

The claws of the dragon beast, the fangs of the dragonbone flowers, the dragon tail, etc., constantly bombarded the red gold armor on Lu Ming's body, so that the red gold armor continued to vibrate as if it would collapse at any time.

Their situation is in jeopardy!

"dead!"

Lu Ming continued to produce swords, with several sword lights, stabbed on the neck of the dragon beast and killed several dragon beasts.

There are also two sword lights, standing on the keel flower stem, cut off the flower stem, and the keel flower also fell on the spot.

The flower stem is the weakness of the keel flower.

As soon as the keel flower dies, the crimson flower will quickly wither, leaving a one-meter long keel.

However, there are too many monstrous dragon beasts and dragon bone flowers. The two surrounded them densely, and the two could not rush out.

Click!

On the surface of Lu Ming's body, a crack appeared in the reddish gold armor, and terrible energy poured into Lu Ming's body. Lu Ming's face was white and a spit of blood spewed out.

Chi Jinjia can't stop it.

"Are we going to die here today?"

Yue Linglong's small face was white.

"Impossible, how can I be killed, killed, killed, killed by monsters without intelligence!"

Lu Ming Changxiao, his face full of unyielding, he exploded his potential to the extreme, and the magical power was running crazy.

Chapter 2699: Wu Zifeng

Lu Ming is unyielding, and has exploded his potential to the extreme, fighting against the Youlong Beast and the Dragonbone Flower.

Suddenly, a bright red golden light burst out of him, much brighter than before.

The reddish gold armor that appeared on his body was originally covered with cracks, but at this moment, all the cracks had disappeared. The reddish gold armor, bright and radiant, looked more solid.

Breakthrough, "Nine Heavy Red Gold Armor" broke through at a critical moment.

Lu Ming had already cultivated the "Nine Heavy Red Gold Armor" to the first peak. It has been stuck at the first peak for a while, but at this moment, after a fight to stimulate the potential, Lu Ming finally broke through in one fell swoop.

"Nine heavy red gold armor" broke through the second level, the defense increased greatly, temporarily defended against those attacks.

However, in Lu Ming's heart, there was no slight happiness.

The defense has increased, but they still cannot rush out because the attack power has not been enhanced.

They were still surrounded by Youlong beasts and dragon bones, and were constantly attacked. Lu Ming tried his best to protect Yuelinglong, but in this way, with the defense of Chijinjia, it could not be resisted for long.

"exquisite..."

At this moment, there was a loud drink in the sky, a sword light swayed down, and slashed to the dragon beast and dragon bone flower beside Lu Ming.

These sword lights were so powerful that they drove out many ghost dragon beasts and dragon bone flowers, and then a figure rushed in.

This is a young man in a white robe and handsome.

"Wu Zifeng, why are you? Why are you here?"

Seeing this young man, Yue Linglong was very surprised.

"I came specifically to find you, I heard that you might have entered the secret realm of the dragon, and I came in specially to find you, and the hard-working people paid off, and finally I found you!"

The young man rushed to Yue Linglong and said.

"Why are you so stupid, rush in to die...be careful!"

Yue Linglong exclaimed.

All around, there were constant dragon beasts and dragon bone flowers towards them.

Wu Zifeng waved his sword to fight against it, the sword light burst out, and some ghost dragon beasts and dragon bone flowers were blown out. The strength is amazing.

"What a powerful fighting force, that is the divine power!"

Lu Ming moved.

This Wu Zifeng actually controlled the divine power, and the power of the divine skill was also amazing.

Obviously, there is only the cultivation of the Ninth Level of the False God Realm, but the strength of the battle is far above the mad Dao, but on the False God List, there is no Wu Zi to name this person.

"Yulong Beast's weakness, in the neck, the weakness of the keel flower is that flower stem..."

Lu Ming reminded.

Wu Zi sealed Lu Ming with a glance, nodded slightly, the sword changed, and he was killed towards the weakness of the dragon beast and keel flower. In an instant, several dragon beasts and keel flower were killed.

With the joining of Wu Zifeng, their pressure should be less, but it is still difficult to rush out.

Roar! Roar! ...

On the other side of the canyon, the roaring continued, making several people look even more ugly.

More ghost dragon beasts came.

The grassland was rustling, and more keel flowers arrived.

"What's going on? How come these ghost dragon beasts and dragonbone flowers are getting more and more, and the attacks are so crazy, not life-threatening, I just came in, but not so crazy!"

Wu Zifeng also exclaimed.

When he just came in, it was relatively easier, but it was much harder to kill at this time, because the monstrous dragon beast and dragon bone flower were like crazy, and they seemed to keep them whole.

Looking from a distance, the three of them, surrounded by densely covered dragon beasts and dragon bone flowers, did not enter or leave at all.

bump! bump! ...

Lu Ming was hit continuously, the Chijin Warframe shook endlessly, and once again, a crack appeared.

Then there were more and more cracks.

bump!

The claws of a ghost dragon beast penetrated Lu Ming's defense. One claw caught Lu Ming's body and tore a piece of flesh.

"dead!"

Lu Ming's eyes were blood red, and a sword pierced the neck of this dragon beast, pierced through, and blood was sprayed, mixed with Lu Ming's blood.

But at this time, the sudden change occurred.

Suddenly, a series of runes like a snake appeared on Lu Ming's body, intertwined, and covered Lu Ming's whole body.

Youlong Blood Curse!

This is the Sovereign Sovereign of the Emperor Xuanzong, and a blood dragon curse laid on Lu Ming.

Wow!

As soon as the Yulong Blood Curse came out, the blood on the Yulong Beast was completely absorbed by the Yulong Blood Curse. At this moment, Lu Ming felt a violent force burst out of his body. At the same time, there was also a violent fierce evil The meaning filled Lu Ming's heart.

"kill!"

Lu Ming shouted and slashed out with a sword.

puff!

This sword actually split the head of a dragon beast into two halves.

Youlong's defense is amazing, but at the moment, Lu Ming can't stop the sword.

The blood of Yulong Beast was all absorbed by Yulong Blood Mantra, and the power in Lu Ming's body became stronger.

"Kill, kill, kill!"

Lu Ming's eyes were red, his murderous sky was blasting, and the war sword was chopping out continuously, hacking several ghost dragon beasts in a row.

"This... what's going on?"

Aside, Yue Linglong and Wu Zifeng were stunned in shock.

Lu Ming, why did the fighting power suddenly increase? Become brave and invincible.

Roar! Roar! Roar!

The monstrous dragon beast and dragonbone flower roared like thunder and became more manic, with a pair of crimson eyes and greedy staring and landing sounds, as if staring at a rare treasure.

Then madly killed Lu Ming, completely laid down Wu Zifeng and Yue Linglong.

"I understand, these ghost beasts and dragon bone flowers attack us frantically, just for the kind of curse marks on him!"

Yue Linglong suddenly shouted.

"Indeed, it's a strange curse mark. What kind of curse mark is this? It looks very evil!"

Wu Zifeng also frowned.

"No, he's going to be drowned. Let's save him!"

Yue Linglong shouted, to save Lu Ming.

"Don't come, you go quickly, you rush out first!"

At this moment, Lu Ming's voice sounded.

Now, Lu Ming also understands what is going on.

These ghost dragon beasts and dragon bone flowers are entirely due to Lu Ming. To be precise, they were besieged by the ghost dragon blood curse.

It can be said that it was completely attracted by the ghost blood spell.

No wonder they walked all the way, and they didn't need to look for the dragon beast, there were a large number of dragon beasts looking for them.

Youlong Blood Curse, Youlong Secret Realm, Youlong Beast, Dragonbone Flower...

There must be a connection between these.

"No, let's come together, let's go together..."

Exclaimed Yuelong.

"If you stay here, you will only get in the way. You go first. I have a way to rush out!"

Lu Ming shouted, slashed with a sword, and killed a ghost dragon beast.

As soon as the Yulong Beast dies, the Yulong Blood Mantra absorbs the blood of the Yulong Beast, making Lu Ming's body more violent.

But Lu Ming faintly felt that this was not a good thing. You Long Blood Mantra absorbed the blood of You Long Beast, I am afraid it will become stronger. He wants to get rid of You Long Blood Mantra, I am afraid it will become more difficult.

Chapter 2700: Increase strength

However, now that I can't take care of that much, I rushed out and said.

"Ling Long, he was right, we rushed out first, he might be able to get out..."

Wu Zifeng said exquisitely to the moon.

"Go away!"

Lu Ming shouted.

"Lu Ming, you must rush out!"

Yue Linglong gritted his teeth, and Wu Zifeng rushed in the other direction. Sure enough, the monstrous dragon beast and dragon bone flower, regardless of them, they easily rushed across the canyon and came to a mountain outside the canyon, overlooking from afar , Waiting for the landing naming.

This is a dozen minutes.

"Why haven't you come out yet?"

Yue Linglong was anxious.

"Out!"

Suddenly, Wu Zifeng's eyes moved.

In the canyon in the distance, a figure rushed at a speed, it was Lu Ming.

At this moment, Lu Ming was bathed in blood, almost covered by the blood dragon curse. As soon as he rushed out of the gorge, he turned into a rainbow of light and rushed into the distance at an alarming speed.

Roar! Roar!

In the rear, the dragon beast and dragon bone flower chased out like tide, but the speed was a bit slower than Lu Ming.

"We keep up!"

Yue Linglong followed them from the other direction.

Youlong Beast and Dragonbone Flower's speed is not as good as Lu Ming, quickly lost, stopped slowly, and then retreated.

Yue Linglong and Wu Zifeng flew all the way, and finally found Lu Ming after a while.

At the moment, Lu Ming was lying in a stream, and he was comatose.

On his body, a dragon blood curse, like a small snake, was walking away, slowly, lurking, and disappeared.

Yue Linglong and Wu Zifeng took Lu Ming to a cave and waited patiently.

"This is your disciple of Emperor Xuanzong? The strength is really amazing!"

Wu Zifeng looked at Lu Ming and said.

"It's amazing, and he's just getting started soon!"

Yueling Road.

"Shortly after getting started?"

Wu Zifeng's eyes glared, surprised.

The two were talking while waiting.

After a few hours, Lu Ming finally woke up.

pain!

When Lu Ming woke up, his first feeling was that his body was in pain.

Lu Ming got up, took out a few healing elixirs and swallowed them, and began to regenerate the medicine.

A few days later, Lu Ming finally adjusted his state to the peak, and his injuries were healed.

"Lu Ming, are you okay!"

Yue Linglong came over.

"It's alright, thank you for helping!"

Lu Ming smiled. He was comatose outside before. If they weren't there, they were very dangerous. If they didn't speak well, they would be buried under the fangs of the dragon beast.

"I'm thanking you!"

Yue Linglong said quickly.

"Yes, we should thank you, otherwise, we will not be able to escape the envelop of the dragon beast and the keel flower!"

Wu Zifeng also hurried forward, holding Yue Linglong's little hand, watching the landing cautiously.

Yue Linglong's little face blushed slightly and said: "Lu Ming, let me introduce you, this is...my fiance, Wu Zifeng!"

"It turns out so!"

Lu Ming felt that Wu Zifeng was Yue Linglong's fiancé. No wonder he would desperately save him, and no wonder he would be alert to him.

However, Wu Zifeng's character should be considered good. If other people see their fiancee and other people together, I'm afraid they will show their killing opportunities.

Moreover, he can see that the relationship between Wu Zifeng and Yue Linglong is not bad.

Of course, he would not be narcissistic that Yue Linglong approached him before because he was interested in him, mostly because of curiosity.

"Brother Wu, you're welcome. I'm sure I will let you go first."

Lu Ming smiled.

"Right, Brother Lu, what is the curse mark on your body?"

Wu Zifeng changed the subject.

Lu Ming knew that Wu Zifeng asked about the Dragon Blood Curse.

However, the Yulong Blood Mantra is under the Sovereign Sovereign of the Emperor Kongxuan, and the relationship is significant. It is naturally impossible for Lu Ming to say it.

"This was when I ran into an ancient ruin before, and I accidentally arrived. It hasn't been any different. I don't know why it happened today!"

Lu Ming lied at will.

"It turns out that, Brother Lu, I feel this kind of curse mark is extremely evil, and it will be bad for you for a long time. I still need to find a way to get rid of it!"

Wu Zifeng suggested that the sincerity of his appearance does not seem to be a pretentious attitude.

"Thank you Brother Wu for reminding!"

Lu Ming said.

"Lu Ming, I feel that those dragon beasts and dragon bone flowers are printed on your kind of curse. Afterwards, we need to be more careful to avoid being surrounded!"

Yueling Road.

"Unfortunately, our strength is still too weak, otherwise, you can hunt a large number of dragon beasts and earn points!"

Lu Ming said.

"Yes, how come I didn't expect it!"

Yue Linglong's eyes lit up: "My cultivation base has long reached the peak of the virtual **** realm. Before, I entered the secret realm of the dragon, so I didn't break through!"

"However, after entering here, it is possible to break through. I can now attack the real **** realm. It will be easier for me to hunt the dragon beast when I hit the real **** realm!"

"Yes, I can also attack the true **** realm!"

Wu Zifeng also nodded.

"Okay, let's practice here for a while, and wait for the breakthrough, then go hunting for the dragon beast!"

Lu Ming's eyes were also bright.

"Okay, when we cooperate, the beast core and keel we get will be divided equally!"

Yue Linglong said, the three discussed, and they began to practice.

Yue Linglong and Wu Zifeng began to attack the true **** realm.

Lu Ming is also beginning to cultivate in another direction.

His cultivation practice, just after breaking through the fifth level of the virtual **** realm, it is basically impossible to break through in a short time.

He can improve his strength only with divine skills and warfare tactics.

Lu Ming found that after the previous battle, he not only broke through the "Nine Heavy Red Gold Armor", but also made great progress in the "Three Exterminations of the World" and the word of war.

The battle word tactics, Lu Ming feels that if he wants to trigger about eight times, he can trigger three times the combat power.

The chance is increased to one-eighth.

"The Three Strikes of the World" is not far from the second breakthrough. It seems to be able to break through at any time.

Immediately, Lu Ming focused his energy on "Three Strikes".

Sure enough, half a month later, "Three Strikes" successfully broke through and reached the second level.

"Three Exterminations" has reached the second level, and the attack power has undoubtedly improved a lot.

Taking Lu Ming's current practice as the basis, plus the second heavy "World Extermination Three Strikes" and "Nine Heavy Red Gold Armor", plus triggering three times the combat power, Lu Ming's strength will reach an amazing state.

If you hit the flow of madness again and try your best, you can crush the opponent into a scum.

At this time, the breath of Yue Linglong and Wu Zifeng became stronger and thicker.

The time flickered and another half month passed.

boom! boom!

Yue Linglong and Wu Zifeng both burst into an amazing breath.

The two broke through almost at the same time and reached the realm of God.
