

D Emperor 2701

Chapter 2701: Wanton hunt

After a month of cultivation, Yue Linglong and Wu Zifeng finally broke through the bottleneck and reached the real god.

They took out a lot of **** crystals and began to absorb them.

The piles of divine crystals turned into substantive divine energy, and they were absorbed and refined by the two.

Soon after, the breath of the two finally stabilized, and the convergence lurked.

The two are completely stable in the realm of the true God.

"I finally broke through the real **** realm!"

With a smile on her face, Yue Linglong waved her fist and said, "Go, kill the dragon beast, Lu Ming, you are responsible for being a bait!"

Yue Linglong looked confident.

She and Wu Zifeng, when there is no breakthrough, the combat power is very amazing. At this moment, the breakthrough of the true **** is heavy, the combat power has increased sharply, and naturally confident.

Lu Ming touched his nose, how could he become a "bait".

Without further ado, it is now less than half a month away from the period of March. The three of them left here and rushed towards the original canyon.

But when they came to the canyon, they did not see a dragon beast.

"It's that trick again, there are many ghost dragon beasts, ambushing around!"

Yuelinglong Lingzhi radiated out and found many ghost dragon beasts.

Now that she is a breakthrough, her spiritual consciousness is more sensitive and covers a wider range, so she can find those ghost dragon beasts.

Obviously, the Yulong Beast also wanted to reapply the old tricks, waiting for them to enter the canyon, to be surrounded, and before and after the dragon bone flower.

However, Lu Ming and their artists are now bold and have no fear at all.

The three assumed that they had not found the Spectral Dragon Beast and entered the canyon directly, walked through the canyon, and returned to the grassland.

At the beginning of the first battle, the grassland was messy, but within a month, lush grass had grown.

Rustle...

In the distance, there was a rustling voice.

"coming!"

Yue Linglong's eyes lit up.

In the distance, in the ocean of green grass, there was a circle of waves, and immediately, hundreds of keel flowers appeared.

Uh! Uh! Uh!

Some keel flowers flew like a flash of lightning, and rushed to Lu Ming and started a fierce attack.

"kill!"

Yue Linglong just broke through cultivation practice, eager to try, and rushed past.

This time, instead of using a soft whip, she took out a war sword, which was a middle class artifact.

call out!

The sword light flashed like a fairy in the sky, and then the two keel flowers were cut off by Yue Linglong directly. They fell on the spot and lost their vitality.

As for the keel, Yue Linglong waved it away and put it away.

Lu Ming and Wu Zifeng also moved, rushing towards the keel flower.

In the process of rushing out, Lu Ming tried his best to trigger the "war character formula", first of all, he triggered the double combat power.

puff!

Lu Ming chopped off with a sword, flew out a keel flower, and then with a sword in the backhand, he cut off the stem of a keel flower.

As soon as the three shot, they killed ten or so keel flowers in succession, as if angering the remaining keel flowers.

The remaining keel flowers made a harsh roar and rushed to the landing Ming three people.

At this moment, Lu Ming successfully triggered three times the combat power.

"The first form of the three-strike eradication, breaking the sky!"

With a war sword, Lu Ming exhibited the first form of World Extermination Three Strikes, a sword light, which lasted hundreds of miles and flashed away.

puff! puff! puff! ...

There are more than 30 keel flowers in a row, which were cut off by Lu Ming.

Now, Lu Ming has triggered three times the combat power, and the World Extermination three strikes have made the second heavy hit. This move is almost Lu Ming's strongest move, and its power is amazing.

In one move, he killed more than 30 keel flowers.

But the divine power consumed is also amazing.

"With my divine power, I broke out three strikes with all my strength, and I couldn't use a few moves!"

Lu Ming smiled secretly, his weakness was insufficient cultivation, and the divine power was not strong enough. Although he had cultivated other Wangpin divine powers, the strength of the divine power was already far above those of the same level, but after all, he was only a five-fold virtual **** realm. The repair is only.

Although the World Extermination Three Strikes is strong, he can't show it to his heart's content.

In the same way, "Nine Heavy Red Gold Armor" can not be used to the fullest.

The keel flower was cut off the stem, and the keel fell to the ground, and was collected by Lu Ming's divine power.

"What an amazing strength!"

Wu Zifeng and Yue Linglong were also shocked by Lu Ming's move.

Wu Zifeng is well-informed and has seen many terrible arrogances, but for the first time as Lu Ming is so strong.

Converging their minds, they also hunted the dragon bone flowers with all their might.

With the strength of the three of them, it is a lot easier to hunt the Dragonbone Flower now. It is completely crushed, which is different from the passive one month ago.

Soon, more than 150 keel flowers were beheaded by them.

Roar! Roar!

At this time, roar came from a distance.

Youlong beast appeared.

The Void vibrated, and the Dragon Beast rushed towards them.

"Work harder!"

The three of them worked harder to hunt the dragon bone flowers, and they did their best to catch up with the dragon bone flowers as soon as possible before the arrival of the dragon beast.

call out!

Lu Ming once again exhibited the first form of World Extermination Three Strikes, breaking the sky.

In one move, more than 30 keel flowers were beheaded.

Yue Linglong and Wu Zifeng also used their own tricks. Their fighting power was amazing, and a large piece of keel flower died in their hands.

Originally, there were nearly 300 keel flowers in total, and before the arrival of the monstrosity, there were less than 100 remaining.

Roar! Roar!

A large group of ghost dragon beasts, at least more than three hundred, called them to the landing to kill them, there are more behind.

The three Lu Ming, with a moving figure, killed the Yulong Beast and started a fierce battle with the Yulong Beast.

A dragon beast died on their hands.

Yulong beast and dragon bone flower, although powerful, have weaknesses. Now their strength has improved a lot, and it is not too difficult to kill them.

This battle took place for half an hour. Hundreds of ghost dragon beasts and hundreds of dragon bone flowers were almost killed by three people. Only dozens of ghost dragon beasts were still besieging them.

"Lu Ming, then!"

At this time, Yue Linglong waved her hand, and a magic pill flew to Lu Ming.

"Zhuang Shen Pill!"

Upon seeing it, Lu Ming knew that it was the Zhuangshen Pill, but the medicine had a strong fragrance, and its potency was better than Lu Ming had before.

The market price is surprisingly high.

Refining the Zhuangshen Pill can restore the magic power very quickly.

When Lu Ming swallowed it, Zhuangshen Pill immediately transformed into medicine, and circulated Lu Ming's whole body, which was quickly absorbed by Lu Ming. Lu Ming's almost dried up divine power quickly recovered.

Yue Linglong, Wu Zifeng, all served the best Zhuang Shen Pill to restore their power.

There are only dozens of ghost dragon beasts and a few dragon bone flowers left. They do not need to use tricks, and slowly wrestle while recovering their magical power.

The super-strong Zhuang Shen Pill has extraordinary medicinal effects. It didn't take long for Lu Ming Dan Tanaka, four **** fires, and the flames to burn again, and the divine power recovered 80%.

A great deal of divine power was restored. Their spirits were shocked and the offensive became fierce. The rest of the dragon beasts and dragon bone flowers were quickly killed by them.

Chapter 2702: Dragon King

After killing all the ghost dragon beasts and dragon bone flowers, Lu Ming and the three people all smiled.

This is a big harvest.

The sum of the numbers of all the dragon beasts and dragon bone flowers is more than 700, the three are divided equally, and each person is divided into more than 200, which is more than 20,000 points.

Lu Ming is not far away from 50,000 points.

But next, they have one more thing to do, that is to dig out the dragon's beast core.

The keel of the keel flower, they just need to put it away, but you need to dig the dragon beast core.

"Start work!"

Yue Linglong's eyes narrowed, she picked up the sword and began to dig.

The three worked together, and the beast cores were put away by the three.

But at this moment, a rainbow of light rushed towards the landing at a terrifying speed.

Roar!

With a roar, the gorge shook and the strength swept like a storm, like an infinitely sharp blade, slashing towards the landing.

"Lu Ming, be careful!"

"Be careful!"

Aside, Yue Linglong and Wu Zifeng exclaimed, but they wanted to rescue and it was too late.

"Danger, danger..."

At this moment, Lu Ming was tight all over, his hair standing upside down, feeling an extremely dangerous breath.

There is no time to think, almost subconsciously, "Nine Heavy Red Gold Armor" is displayed, a red gold armor covering Lu Ming's whole body.

boom!

A huge claw covered with scale armor, clutched fiercely on the nine-folded red gold armor, and made a huge roar. The red gold armor shook violently, and immediately a crack appeared on it.

Lu Ming's body flew out like a shell, hit the wall of the canyon on one side, and knocked the canyon wall into a huge pit.

puff!

Lu Ming spewed out blood directly, his face white, and at the same time, he finally saw what attacked him.

Youlong Beast, another Youlong Beast!

Moreover, the physique of this monstrosity is more than double the size of other monstrosities. His eyes are blood red, his breath is cold and scary, and his eyes are staring at him.

At this time, Yue Linglong and Wu Zifeng finally reacted, and their body flickered, blocking Lu Ming.

"Lu Ming, are you okay!"

Yue Linglong asked.

"It's okay!"

Lu Ming wiped off the blood stains at the corner of his mouth, flew out of the pit, and stood side by side with Yue Linglong and Wu Zifeng.

Fortunately, he ran the defense of "Nine Heavy Red Gold Armor" in time. Fortunately, his "Nine Heavy Red Armor" had broken through and reached the second weight. Otherwise, he would not be able to withstand the attack of the dragon beast.

The attack of the monstrosity just now was astonishing, and it was more than five times stronger than the monstrosity that had been encountered before.

"It's Youlong Beastmaster!"

Wu Zifeng frowned.

"Yulong Beastmaster!"

Lu Ming and Yue Linglong's eyes are bright, and the monster core of the Dragon Beast King is taken out, which can definitely be worth more points.

You Long Beastmaster, filled with a faint halo, groaning constantly, eyes very cold.

boom!

Suddenly, Youlong Beastmaster kicked on all four limbs, the body brought a gust of wind, and rushed to the landing Ming three people.

"Look at me!"

Yue Linglong took the lead and shot forward, and a sword pierced the neck of the Beastmaster.

However, the dragon beast king's body is extremely flexible, slightly twisted, and it is better to avoid the neck. Yue Linglong's long sword is stabbed on the scale of the dragon beast king, and Mars is shining, not breaking the defense of the dragon beast king at all.

Uh!

Then, the dragon claw of the Youlong Beast protruded out and grabbed towards Yue Linglong.

Yue Linglong's face changed slightly, and she closed her sword in time to resist. The two made a move, and Yue Linglong's figure retreated.

Youlong Beastmaster roared, wanting to chase Yue Linglong, Wu Zifeng had arrived, and the long sword in his hand burst into the sword light, and pierced Youlong Beastmaster.

However, the claws of the Youlong Beast constantly waved out, such as slashing a sword, blocking the light of Wu Zifeng's sword.

The two sides collided for more than ten times in a row, and both retreated.

"Good strength!"

Wu Zifeng was shocked.

This ghost dragon beast king Xiuwei should be the true god, but its strength is not weaker than him.

You know, Wu Zifeng is a genius. His divine power is holy power, and his combat power is far higher than that of the same level. However, this dragon beast king can collide with him head-on.

Uh!

On the other side, Lu Ming also arrived. At this moment, he re-triggered three times the fighting strength of the war character tactics, and raised his strength to the peak.

"The first form of the three-strike eradication, breaking the sky!"

Lu Ming directly played the strongest move, the sword light skyrocketed, like a broken void, stabbing the neck of the dragon beast.

Roar!

Youlong Beast roared, turned his head suddenly, avoiding the point, and took Lu Ming's head with a hard head.

boom!

The terrible roar sounded, Lu Ming was rushed by a force, and his body retreated sharply. However, the body shape of the Youlong Beastmaster also continuously retreated.

On its eyebrows, a shallow crack appeared, but it was not cut open.

The defense is amazing!

Lu Ming hit with all his strength, and could not break through the defense of Youlong Beastmaster.

"Yulong Beastmaster's defense is too strong. We can't break it with our attacking power. Only attacking its key can kill it. We join hands to contain it, and then take the opportunity to attack its key!"

Wu Zifeng sent a message to Lu Ming and Yue Linglong. Lu Ming and Yue Linglong nodded, and the three people finished the glyphs to surround the Youlong Beast King.

The Dragon King Beast is not afraid, his eyes are even more terrible, and he roared and rushed towards the landing.

Yulong Beastmaster, always staring at Landing Ming, is obviously because of Yulong Blood Curse.

"kill!"

Lu Ming shouted, without fear, and killed towards the Dragon King Beast.

At the same time, Yue Linglong, Wu Zifeng also shot, using his magic skills to kill the Dragon Beast King.

The two sides started a scuffle.

In terms of attack power, Lu Ming and the three teamed up to completely suppress the Youlong Beastmaster. However, the defense of the Youlong Beastmaster was too amazing. As long as he avoided the neck, other places, let Lu Ming attack them, and then he seized the opportunity, Counterattack Lu Ming them.

Therefore, for a time, the two sides were tied, and dozens of moves were met, and there was no victory or defeat.

"Lu Ming, Zifeng, I tried my best to trap it, you take the opportunity to attack him!"

At this moment, Yue Linglong sent a voice to Lu Ming and Wu Zi, then she waved her hand and the war sword was put away by her and replaced with two soft whips.

"Tian Luo Di Wang!"

Yue Linglong drank, squeezed the magic tactics with both hands, two soft whips, like two long snakes flying, intertwined with each other, forming a huge network, looming towards the dragon beast king.

Suddenly, it covered the Dragon King Beast.

Roar!

Youlong Beastmaster burst into earth-shaking roar, struggling violently, waving his claws, causing the giant net to continuously twist and shake.

"Shoot!"

Yuelinglongjiao drink.

"Star strikes!"

"Broken!"

Lu Ming and Wu Zifeng, at the same time, used the strongest killing tactics, stab the dragon beast king's key point.

Chapter 2703: A'quantity'

The two dazzling sword lights pierced the neck of the dragon beast king, with terrifying power.

However, Wu Zifeng's Jianguang is more powerful.

After all, Wu Zifeng is also an arrogant arrogant. He controls the divine power, and his cultivation is even more important to the true god.

Although Lu Ming controlled the divine power, at the same time, he also cultivated the "Qiankun Wandao Jue", and cultivated into three other royal powers. The divine power is extremely strong.

Adding three times the combat power of the "word of war", but after all, he only has five levels of cultivation of the virtual **** realm. Even if all these advantages are added together, it is difficult to make up for the huge gap in the realm.

Therefore, the Dragon King's attack on Wu Zifeng is more concerned.

It did its utmost to turn his head around, avoiding the point, and then waved a claw and grabbed Wu Zifeng's long sword.

But in this way, his vitality was exposed to Lu Ming.

"kill!"

Lu Ming sipped, the swords were united, and Jian Guang stabbed fiercely on the neck of the dragon beast king.

Succeeded!

At the moment, Lu Ming, Yue Linglong and Wu Zifeng all had bright eyes.

"wrong!"

However, Lu Ming felt wrong.

When his war sword was stabbed in the neck of You Long Beast King, it was not as straight as expected, but was blocked. Lu Ming felt stabbed on the iron wall of the copper wall.

Ding!

A clear voice sounded, and then the neck of the Youlong Beastmaster came out, bursting with a terrifying power. After being rushed by this power, Lu Ming's body was shocked, and he flew directly

out, flying all the way for hundreds of miles. Then I stopped and felt my body full of blood and blood, and my body seemed to crack.

"how is this possible?"

Lu Ming was shocked.

The dragon's neck isn't the point, but he just stabbed the dragon's neck in the sword just now, and he couldn't pierce it at all. Not only that, but a force of terror broke out, and the strength of this force was beyond. The power of the Dragon King Beast itself.

Lu Ming couldn't figure it out.

Isn't the Dragon King Beast the whole body?

How do you fight?

Roar! Roar! Roar! ...

Stabbed in the neck by Lu Ming, the Beastmaster appears to be completely angry, roaring continuously, and the halo on his body is brighter.

Roar!

Suddenly, the Dragon Beast King roared, and a beam of light spouted out of his mouth, bombarded.

The Tianluodi net condensed by Yuelinglong was crushed by this force and shattered directly. Yuelinglong's body shivered and a spit of blood spewed out. His body receded at a rapid speed and his face was white.

Roar!

Youlong Beastmaster continued to roar, and another beam of light slammed into Yuelinglong.

"Linglong, be careful!"

Wu Zifeng came to Yue Linglong in time and took Yue Linglong in a flash to avoid this beam of light.

boom!

The beam of light bombarded the walls of the canyon. The walls exploded and a huge gap appeared. The rock in the gap turned into fly ash directly.

Horror, terrifying power.

Lu Ming, Yue Linglong, and Wu Zifeng's faces all changed.

The beam of light emitted by Youlong Beastmaster is astonishingly powerful, far above the strength of Youlong Beastmaster itself, which they cannot resist.

You Long Beast King, there is actually such a trick.

Roar! Roar! Roar!

Youlong Beastmaster roared continuously, with a beam of light continually squirting out of his mouth, slamming towards Lu Ming and Yuelinglong.

The three of them did not dare to make a hard connection, and could only avoid it by using their body style.

This gorge, this piece of land, exploded with big pits and a mess.

This ghost dragon beast is invincible.

The whole body is invulnerable, and the attacking power is amazing. Not to mention them, even if there is more than four layers of the true god, I am afraid that this dragon will be the best.

"This kind of attack is extremely energy-consuming. As long as we avoid it for a while and wait for his energy to be exhausted, it will be its death!"

Yue Linglong said.

Lu Ming and Wu Zi nodded, and they naturally understood the truth.

They guessed that this kind of attack by the Dragon Beastmaster is an explosive attack, and the energy consumed is very amazing. The Dragon Beastmaster certainly cannot last.

The three of them tried their best to avoid, as long as the other party's energy was exhausted, wouldn't they let them slaughter?

The time flickered and ten minutes passed.

Lu Ming three people, ugly face to die.

The Dragon King Beast has been bombarded in this way for ten minutes, and at least thousands of beams of light have been bombarded, but it shows no signs of stopping or exhaustion.

how can that be?

All three were ignorant, which was a violation of common sense.

The energy of Youlong Beastmaster seems to be endless.

"This pervert, let's retreat!"

Yue Linglong has already kicked back.

Lu Ming and Wu Zifeng are also very helpless and unwilling to know that there are still many nucleus of the dragon beast that were not taken out at the scene, so they left and suffered heavy losses.

However, in the face of such a perverted dragon beast king, they had to retreat.

The three converged and flew in one direction, but the Dragon Beastmaster didn't let go of them. He chased after him with a roar. His mouth was like a machine gun, and a beam of light was sprayed out, which was terrifying.

The three quickly evaded, and in this way, the Dragon Beastmaster chased up again.

The three of them looked a little ugly, and they could not walk away if they wanted to go.

How to do?

All three thought quickly.

Ok?

At this moment, Lu Ming's face changed slightly.

Because at this moment, he felt that the word 'war' in the consciousness of the sea glowed faintly, and there was a wonderful breath coming out.

And at this moment, Lu Ming felt his eyes cool, that's because there was a wave of energy in the word "war" that poured into Lu Ming's eyes.

When this energy poured into Lu Ming's eyes, Lu Ming immediately found out that the body of the Youlong Beastmaster was strange.

On the neck of Youlong Beastmaster, there is a bright light group, which seems to contain horror energy.

And the reason why the dragon beast king can continuously eject the beam of light is the energy provided by this light group.

Before, Lu Ming couldn't see it at all. He could see it only after the energy of the word "war" poured into his eyes.

"That is..."

The next moment, Lu Ming opened his mouth in surprise.

The light group was clearly seen by him.

The source of the light group is actually a word. It looks like the word "quantity" and the word "quantity" of energy.

The font is very similar to Lu Ming's "war".

"No, isn't the word "quantity" the same as the word "war"? So I know the word "war" in the sea before I can react!"

Lu Ming pondered while avoiding the attack of Youlong Beastmaster.

At this moment, he recognized the word 'war' in the sea, the brilliance became brighter and brighter, and at the end he began to shine.

At the same time, Lu Ming keenly captured the word "quantity" on the neck of the Youlong Beast King, and it seemed to sense the word "war" in Lu Ming's body.

All of this can only be sensed by Lu Ming, and Yue Linglong and Wu Zifeng can neither be seen nor sensed.

All this is just in the blink of an eye.

Chapter 2704: Words are refined

Lu Ming finally understood that the reason why this monster dragon beast is so powerful, and the energy seems to run out, is entirely because of the word "quantity".

It is also because of the word "quantity" that the neck of the monarch dragon was originally vital, and it became non-critical, and even an amazing power would erupt.

"I can take off the word "quantity"!"

At this moment, this idea suddenly appeared in Lu Ming's mind.

There is no reason for this, but this idea is very strong. Lu Ming has a strong feeling that as long as he is approached and borrows the breath of the word "war", he can remove the word "quan".

"Take a fight!"

Lu Ming made a decision.

"Miss Linglong, Brother Wu, can you help entangle this ghost dragon beast king, I have a way to break its defense!"

Lu Ming sent a voice to Yue Linglong and Wu Zifeng.

"You have a way?"

Yue Linglong and Wu Zifeng were a little surprised.

"Not bad!"

Lu Ming nodded.

"Okay, let's help you get it, and fight for it!"

Wu Zifeng was very decisive and nodded directly.

"Shoot!"

Yue Linglong rushed directly towards the Youlong Beastmaster, her figure flashed very quickly, and she was the figure in the sky, successfully evading the Attack of the Youlong Beastmaster.

Wu Zifeng also showed his body and rushed over.

The attacks of Yue Linglong and Wu Zifeng succeeded in attracting the attention of Youlong Beastmaster. It attacked Yue Linglong and Wu Zifeng more.

Lu Ming also took the opportunity to rush towards the Dragon Beast King.

"Heart of the Moon!"

After approaching Yulong Beastmaster, Yue Linglong Jiao drink, she desperately used a terrible secret technique.

This secret technique, originally based on her cultivation practice, could not be used. After it was used, it would also be hurt by itself.

But at the moment, only one can be done.

A full moon suddenly appeared, pressing against the dragon beast king.

"Nine-fold God Mountain!"

Wu Zifeng also used a secret technique.

His body seemed to become heavy like a mountain, and his divine power spewed into a big mountain, pressing down towards the King of the Dragon God.

The two performed a mysterious technique at the same time, and suddenly the body of the dragon beast king stiffened and stopped in midair.

"Lu Ming, shoot!"

Yuelinglongjiao drink.

Horrible energy is constantly erupting from the Yulong Beastmaster, striking in all directions, trying to break the mysterious technique of Moon Linglong and Wu Zifeng.

The secret technique of both of them shook violently, and with their cultivation practice, they could not persist for too long.

Uh!

At this moment, Lu Ming rushed to the vicinity of Youlong Beastmaster, but Lu Ming put away the War Sword directly, but reached out a palm and grabbed towards the neck of Youlong Beastmaster.

Yue Linglong and Wu Zi were very surprised.

Previously, Lu Ming struck all-out with the sword of war, and did not break the defense of the Dragon Beastmaster. Now, he actually wants to catch it empty-handed. How is this possible?

Although Yue Linglong and Wu Zifeng are extremely puzzled, at this time, they can only choose to believe Lu Ming.

"War word, it's up to you!"

Lu Ming secretly said, as Lu Ming's claws were approaching, the word "war" exuded glory in the sea, and an energy poured into Lu Ming's palm.

puff!

Lu Ming's palm was directly inserted into the neck of the Youlong Beastmaster.

Succeeded!

Lu Ming was overjoyed.

Roar!

At this moment, You Long Beastmaster broke out a roar of earth and earth, it struggled frantically, and then a terrifying energy, erupted from its body.

This energy, like a shock wave, can destroy everything.

bump! bump!

The secret technique of Yue Linglong and Wu Zifeng collapsed directly. Their bodies were shocked, and they were rushed by this terrifying force. Their bodies flew out like shells, fell to the ground, and slid over the ground. For a long distance, he coughed up blood in his mouth, and cracks appeared on his body.

Both of them were hit hard at the same time, and their breath was weak.

"Seize!"

At the moment when the Shockwave broke out, Lu Ming shouted and caught desperately, successfully grasping the word "quantity" in the neck of the Shrewfish King in his hand.

Then, Lu Ming was also hit by the shock wave, and his body flew backwards.

Even though Lu Ming opened the "Nine Heavy Red Gold Armor", the Red Gold Armor also shattered in an instant. Lu Ming's body hit the canyon wall heavily and was seriously injured.

Roar! Roar! Roar!

Yulong Beastmaster, standing in the air, constantly roaring, with a madness.

Yue Linglong and Wu Zifeng both face white, at this moment, they no longer have the power to fight back, if the Dragon Beast King continues to attack, they are more fierce, most of them will fall here.

However, fortunately, after a few roars, the monster dragon king's breath drooped sharply, and then the huge body fell to the ground and smashed a huge stone with a bang.

died!

Youlong Beastmaster is dead, no breath at all.

Yue Linglong and Wu Zifeng, the two often exhaled.

Successful, they understood that they succeeded.

Finally killed the Dragon Beastmaster.

"Linglong, are you okay!"

Wu Zi came to Yue Linglong staggeredly and asked with concern.

"I'm fine, we have to heal quickly."

Yue Linglong said, took out the healing potion and swallowed to start healing.

The Dragon King Beast seems to be dead, but this place is not safe. At this moment, they are all seriously injured. If there are other people, or other Dragon Dragon Beasts and dragon bone flowers come, they are all dangerous.

At this moment, Lu Ming has forgotten to heal, he is looking at the sea inside.

After being captured by Lu Ming, the word "quantity" was directly integrated into Lu Ming's palm, and then ran to the side of the word "war", flashing and shining brilliantly.

"The breath is the same, and the breath of the word "war" is almost the same, it is definitely the same origin!"

Lu Ming turned his thoughts.

"Boy, you looked so carefully at the old lady, what do you want to do?"

Suddenly, a voice sounded in Lu Ming's mind.

"Who? Who is talking?"

Lu Ming was shocked and quickly looked around, but no figure was found.

"Is the old lady talking, who else is talking? Haven't you been looking at the old lady?"

The figure rang again.

This time, Lu Ming finally found out where the sound came from, which was from the word "quantity".

"Mother, the word is fine!"

Lu Ming yelled, attracting Yue Linglong and Wu Zifeng to look sideways, puzzled.

One word, actually speak.

At this moment, Lu Ming was messy.

"What's the essence? It's just shit. The old lady is one of the original ancient characters. It is inherently spiritual, and it's not normal to speak!"

The voice rang again, and Lu Ming was 100% certain that it was the word "quantity."

"Sure enough, it's an ancient word!"

Lu Ming felt a move. He once heard Bai Ya mention that the word 'war' is also one of the original ancient characters.

The word 'quantity' in front of them is also one of the original ancient characters.

Lu Ming thumped in his heart.

The mystery of the word "war", he has a deep experience, it is simply mysterious.

Chapter 2705: The word 'quantity';

Comprehension of the "War Word Strategy" will enable him to be blessed with attacks and a stronger sense of battle. No matter what magic skills, with the blessing of the War Word Strategy, the power will be improved.

In addition, with his continuous understanding of the war character tactics, he can trigger double combat power, triple combat power, even four times five times or even higher multiples of combat power.

Mysterious and infinite, unfathomable!

The word "quantity" is also one of the original ancient characters. What kind of mystery can it have?

Lu Ming looked forward to it.

"Boy, you're lucky. The old lady has spent countless years on that ghost dragon beast. The animal has no cleverness. How can you deserve the old lady? There is no future!"

"Before, I just met you, and I saw that you were in control of the "war" guy, so I simply got rid of that dragon beast and ran up to you, otherwise, how could you easily kill that dragon? Dragon Beast?"

'Amount' continued again.

Lu Ming secretly rejoiced that it was 'Liang' who couldn't look down on Youlong Beastmaster, and because Lu Ming took control of 'Zhanzi Jue', so "Liang Zi Jue" took the initiative to break away from Youlong Beastmaster. .

"By the way, since you will have spirituality and speak and communicate, why can't the "word of war" speak and communicate?"

Lu Ming asked curiously.

"Who said he wouldn't speak and communicate anymore, he was just sullen and deliberately pretended to be deep!"

Disdainful words.

"So much nonsense!"

Suddenly, a thick man's voice sounded, clearly from the 'War Word Juice'.

Lu Ming dumbfounded, Zhanzi Ju, really has spirituality, and can speak, but Lu Ming has been learning Zhanzi Ju for so many years, and has never heard Zhanzi Ju speak.

In the past, he thought that the word of war is just an ancient word, and it is impossible to be spiritual at all. Now he found that he was completely wrong.

"Hey, what are you saying? How dare you say that I'm talking nonsense? Are you talking about it?"

The vocabulary of the vocabulary is loud and violent, and the voice is sharp.

Fortunately, these sounds only sounded in Lu Ming's mind, and people outside could not hear them.

"nonsense!"

The thick voice of Zhanzi Jue sounded again.

"You...you...the old lady is mad, the old lady is too lazy to care about you!"

The word measurement tactics seem to be not light, the fonts are shaking, very humane.

Lu Ming looked quite interesting.

"By the way, the war character tactics can enhance the combat power. What is the mystery of your "quantity" word?"

Lu Ming finally couldn't help it, and asked what was in his heart.

"Huh, the role of the old lady can be greater, boy, the two mothers tell you that the original ancient characters, each has its own mystery, since the veteran is a measuring word, nature is related to energy."

Measure the word.

"Related to energy?"

Lu Ming was surprised.

"Yes, the monster dragon before the attack, constantly, do you think its energy seems to be endless?"

Measure the word.

"Good, is it because of you?"

Lu Ming's eyes lit up and asked.

"Of course because of the old lady. The first effect of the old lady is that you can store the energy you cultivate in the body of the old lady. When you want to use it, you can borrow this power directly. How much I save!"

Measure the word.

"Is it still possible?"

Lu Ming's eyes were so bright, his heart thumped.

Now, he has a weakness, that is, cultivation is too weak, and the divine power is not strong enough. When using divine skills, it must be counted and not used indiscriminately. Otherwise, the divine power is easily exhausted.

However, if there is a quanzi formula, as long as he usually stores some divine power in the zizi formula, then during the war, he is not afraid of exhausting the divine power.

In that case, his strength will be strengthened again, because he can make great moves all the time.

He finally knows why the energy beam of You Long Beast King can't stop spraying. That's because he usually stores a lot of energy.

Lu Ming's eyes were fiery.

"Boy, do you think this is all the mystery of the old lady, wrong!"

The sound of the quantification method sounded slightly again.

"What other mystery do you have?"

Lu Ming jumped wildly.

"I tell you, the old lady can absorb many different kinds of energy. All kinds of energy can be inhaled into the old lady, and can be transformed into your divine power by the old lady, which can directly improve your cultivation!"

Measure the word again.

"what?"

This time, Lu Ming almost shouted in shock.

The word measurement tactics can actually absorb different energy, and then transform into the divine power he needs, so that his cultivation can be directly improved.

This function is simply against the sky!

"How is it? The old lady's function is not against the sky? Is your sullen war character better?"

The word measure giggles, and he is very proud.

"This one..."

Lu Ming didn't know what to answer.

Although the word measurement tactics are against the sky, but the war character tactics are cultivated to a high level, the combat power can continue to double, and it is also very invincible.

It's not easy to compare the two, each has its own advantages.

"Boy, your luck is good. The old lady will stay with you for the time being. Afterwards, you will be with the old lady, and you will be spicy and spicy, and become a strong player in the universe!"

The word measure laughed.

"You seem to have followed many people before, but they are all dead, so it's better to be a low-key person!"

At this moment, the thick voice of Zhan Zi Ju sounded.

"Hey, are you deliberately going to get through with me, right? Are you not convinced? Come, come and make gestures!"

The volume formula yelled.

Lu Ming has a headache, and the word-measures are indeed against the sky, but the only disadvantage is that there are too many words, and it seems difficult to be quiet in the future.

"not good..."

At this moment, Lu Ming burst into a warning sign, feeling a powerful energy in the sky, blasting at him.

Lu Ming didn't want to think about it, and spared no effort to jump out to the side.

boom!

With a fist, it bombarded the place where Lu Ming had just blasted the ground out of a big pit.

"Lingjue is keen, injured, and can avoid me!"

High in the sky, a voice full of murderous voices came.

"Crazy Road!"

Lu Ming whispered, his face somber.

This sneak attack on him, it is the little bully who is ranked fifth in the virtual **** list.

"Lu Ming, come today, take your life!"

Loudly shouted.

His eyes swept the scene, and when he saw the ground covered with corpses of dragon beasts and keel flowers, his eyes were extremely fiery.

Lu Ming and they actually hunted so many ghost dragon beasts and dragon bone flowers, which shocked him.

At the same time, he was also overjoyed. He knew that it was right. Although Lu Ming and they had killed a large number of ghost dragon beasts and dragon bone flowers, they themselves were also seriously injured.

"The defeated man, you dare to appear before me, then stay forever!"

Lu Ming said indifferently.

"Hahaha, don't scare me here. Your strength is strong. You can actually kill so many dragon beasts. But now, you are seriously injured one by one, you have 10% strength, you can't play 10%, and you want to kill me? "

Laughing wildly, very arrogant.

Chapter 2706: Direct breakthrough

Laughing wildly, his eyes cold, full of cruel light.

boom!

Then, Kuang Dao burst into a powerful and amazing breath.

True God!

On Kuang Dao's body, the breath of true **** realm erupted. Obviously, he was not a false god, but had already broken through the real **** realm.

This is also quite normal. Some of the top people in the False God List have already reached the limit of the False God Realm, and they can already impact the True God Realm.

However, all of them have opened the Hidden Dragon Realm only for 100,000 years, and will be repaired to suppress it. When they enter the Hidden Dragon Realm, these people will be able to break through.

Crazy Road is such a character.

"bad!"

Yue Linglong and Wu Zifeng's faces also changed greatly.

Kuang Dao is originally a genius. After breaking through the real **** realm, the combat power will be even more amazing.

"Hahaha, Lu Ming, feel desperate, today, the three of you are dead!"

Laughing madly, violent breath, crazy to the landing sound, want to see the desperate expression on Lu Ming, and even see Lu Ming begging him for mercy.

Unfortunately, he is destined to be disappointed! .

Lu Ming just frowned slightly.

Lu Ming, thinking of countermeasures at the moment.

"Pretending to be calm, I want you to kneel in front of me!"

Lu Ming's expression made Kuang Dao very uncomfortable. He stepped out, shaking in the void, and then punched out.

A punch, as huge as a mountain, suppressed to the landing.

call out!

Lu Ming took out a first-class medium-grade artifact-level spear and stabbed it out.

boom!

The gun speared on the fist, and a roar broke out. Then, the gun broke down, and Lu Ming was lifted out by a powerful force, and slid thousands of kilometers away.

"Huh, now, I still want to fight against me, I don't know what to do!"

Speaking wildly.

Now that he has broken through the realm of God, his confidence has greatly increased. Not to mention that Lu Ming was seriously injured, even if he was not injured, he is fully confident that he will suppress Lu Ming.

At the beginning, he was wounded by Lu Ming and fled when injured, leaving Lan Shang and Huang Chengan as a humiliation.

Today, Lu Ming will pay ten times the price.

"Damn, my physical injury is too heavy to trigger double combat power, let alone triple combat power."

Lu Ming stabilized his body and turned his thoughts in his heart, thinking about the countermeasures.

In the past, in order to deal with the Dragon Beastmaster, Lu Ming was hit by the energy of the Dragon Beastmaster, and his physical injury was very heavy, and he could not even support the double combat power.

Because triggering double combat power, or even triple combat power, has high requirements on the flesh, and the flesh is not strong enough to support it at all, and will be torn by strong power.

Now Lu Ming is physically injured and can't support it either.

"Lu Ming!"

Yue Linglong and Wu Zifeng are very anxious, but unfortunately, the two of them were more seriously injured and could not help at all.

"Boy, don't panic. There is still a burst of energy in the old lady's body. Now you can get into your body, not only can you quickly heal your injuries, but also allow your repair to break through in a short time!

At this time, the sound of the measurement word sounded.

"Really?"

Lu Ming was overjoyed.

"Of course it is true. Your old lady looks pleasing to her eyes, but she is determined to train you to be a strong man. How can you fall like this, boy, pay attention!"

As soon as the volume of the word measure fell, Lu Ming felt that there was energy in the word measure.

This energy, incomparably pure, does not seem to have any impurities and can be easily refined.

"Refining, refining..."

Lu Ming worked hard to regenerate this energy.

Suddenly, the energy of the masses was refined and penetrated deep into Lu Ming's body. Lu Ming's injury was recovering at an alarming rate.

Inside the body, the four magical fires that had already been dried up were also burning and growing stronger.

Lu Ming's breath suddenly became stronger.

"Ok?"

Dao Road, also felt it, his eyes narrowed.

"This kid is evil, let's talk about it!"

Mad Road is not nonsense, just shot directly, **** like a mountain, roaring towards the landing.

Buzz!

The long gun in Lu Ming's hand kept shaking. At this moment, Lu Ming triggered a double combat power, a gun, and he rose back, and bombarded with the furious strength of Dao Dao.

Energetic, this time, Lu Ming blocked the mad Dao fist.

"blocked!"

Yue Linglong, Wu Zifeng's eyes were all bright.

"Crazy Dao, even if you break through, the combat power is no more!"

Lu Ming's eyes are like stars, the breath is getting higher and higher, and soon reached the peak.

"This kid... die for me!"

Shocked with madness, and then furious, the divine power was boiling, demonstrating divine skills.

"Overbearing fist!"

Kuang Dao's double fists blasted out in succession, and a series of punches, such as a comet fall, were a lot more horrifying than when they were in the virtual **** realm.

However, Lu Ming's current combat strength is also a bit stronger than before.

"Three Strikes" has already broken through the second level.

call out!

Lu Mingshi exhibited the first form of World Extermination Three Strikes, breaking the sky.

The gun burst out, sprinting against the sky, and constantly blasted into the fist strength of the mad road, one after another, was blasted by Lu Ming.

Lu Ming's figure approached Kuangdao at a rapid speed. Suddenly, Lu Ming's gun situation changed and became stronger.

Three times the combat power of the word warrior, trigger!

boom!

Lu Ming swept it out with one shot. The guns were as huge as mountains, which brought amazing power.

This is Lu Ming's current peak combat power. This kind of combat power has made Kuang Dao's eyes shrink for a while.

Kuang Dao did not hesitate to cast the secret technique to enhance the combat power, and his combat power suddenly doubled.

boom! boom! boom!

Both of them have raised their fighting power to the extreme, and they have continued to fight in the air, fighting fiercely. In a blink of an eye, the two have fought dozens of moves.

To be honest, Kuang Dao's strength is very strong. He was already in the fifth place of the False God List. Now he has broken through to the weight of the True God, and his combat power has skyrocketed. It is not comparable to the ordinary True God Realm.

You know, Kuang Dao can defeat the existence of the true **** one when the virtual **** is ninefold, now he breaks through the real **** realm, not to mention that the true **** is the first, he can kill the double god.

Beating and beheading is not a concept.

Therefore, after some wars, Lu Ming was still in a disadvantageous position, and was suppressed repeatedly.

"Hurry up..."

Yue Linglong and Wu Zifeng were also very anxious. The two of them tried their best to rejuvenate the pill and wanted to restore some strength as soon as possible.

As long as the two of them restore some strength, they will not be afraid of madness.

"Lu Ming, die, die!"

Roaring wildly, at this moment, he was shocked in his heart.

Lu Ming's strength is a lot stronger than when he last played against him. This is only five levels of emptiness. It is unheard of to have such a strong strength.

He originally thought that he could easily suppress Lu Ming by breaking through the real **** realm, but this is not the case.

He naturally didn't know that the last time he played against him, Lu Ming didn't have the time to double the combat power with the word of battle. Moreover, "Three Exterminations" is still the first weight. Now he is fighting hard, and the combat power is naturally far from the original.

Chapter 2707: Sevenfold of the False God

Lu Ming and Kuang Dao fought dozens of moves in a row, and Lu Ming backed away hundreds of miles.

But at this time, the energy in Lu Ming's body was surging and endless. The energy surging from the "Liang Zi Jue" was too strong and extremely pure, and could be quickly absorbed and refined.

The divine power in Lu Ming's body is getting stronger and stronger. Dan Tian's four **** fires are getting brighter and brighter. It was only for a while that Lu Ming's cultivation practice reached its peak.

The pinnacle of the five levels of False God Realm!

"breakthrough!"

Lu Ming shouted, running "Qiankun Wandao Jue" and began to impact the realm, and launched a shock towards the six levels of the virtual **** realm.

boom!

In Lu Ming's body, a roar erupted, and then Lu Ming's breath suddenly rose, breaking through the peak and reaching another peak.

Six levels of virtual **** realm!

Lu Ming's cultivation practice successfully rushed to the Sixth Layer of the False God Realm, and his divine power was so strong that his combat power also skyrocketed.

Weng!

The spear vibrated and swept away, the guns skyrocketed, continuously defeating the mad Dao's nine punches.

Kuang Dao's face changed, struggling to punch, and collided with Lu Ming's spear.

Boom!

There was a dull roar, the sky shook violently, and then the body of Kuang Dao also shook wildly, and was blown out by a force of terror, retreating back dozens of miles.

"How is your cultivation..."

Roaring wildly, full of incredible.

Lu Ming had just been seriously injured just now, and he would never feel wrong, but suddenly, Lu Ming's injury was all healed, and the outbreak of combat power was still a lot stronger than when he last battled him.

He was a little weird already, but now, during the war, Lu Ming's cultivation practice actually broke through, which is simply a miracle.

"It must have used some kind of terrible mystery, to return to the light and return to the light, and it must not last long, kill, kill!"

Kuang Dao shouted in his heart, his eyes were extremely unbearable, and he killed Lu Ming again, using the fighting power at the bottom of the box.

"Today, it is you who died!"

Lu Ming spoke indifferently. He had just broken through. It seemed that there was an endless force in his body. The most amazing thing was that the ascension of his cultivation practice had not stopped.

The energy that emerged from the Quanzi Jue was too strong. Until now, it is far from being refined.

call out!

Lu Ming used the first form of the World Extermination Three Strikes to break the sky!

A dazzling spear bursts through the void and kills the madman.

boom!

The two collided like two meteors.

Then, Kuang Dao was blasted out again, his body kept shaking, and there was a scar on his body, blood flowing.

After Lu Ming broke through the sixth level of the False God Realm, his combat power was completely above the mad road.

After Lu Ming repelled the Dao Dao, he did not give the other party a chance to breathe, and continued to kill the other side.

boom! boom! boom!

The two collided in succession, fighting dozens of moves in a blink of an eye.

"Damn, damn..."

Kuang Dao roared in his heart and was extremely unwilling. He originally came to kill Lu Ming. He did not expect to be suppressed by Lu Ming in the end. He suffocated and wanted to vomit blood.

He started to retreat.

"Lu Ming, you killed so many of us, you will die undoubtedly, you wait for me, this account, I will figure it out with you!"

After talking, Kuang Dao started to madly attack and wanted to escape.

"Today, you can't go away!"

Lu Ming said indifferently, stabbing a rifle, and stabbing madly.

But Kuang Dao started desperately, and even burned his divine power, struggling to impact, and at first sight, he would be rushed out.

"Lu Ming, you wait for me, not long, I want you to die without a burial place!"

Loudly shouted madly.

But at this moment, Lu Ming's breath suddenly rose abruptly, a terrible breath, like a huge wave, pressing against the mad road.

The pupil of Kuang Dao enlarged sharply, and hysterically shouted: "The seven levels of the False God Realm are impossible, this is impossible, impossible..."

He was scared!

Lu Ming just broke through the sixth level of the virtual **** realm, but now, he immediately broke through the seventh level of the virtual **** realm, which can no longer be described as horror.

Before breaking through the sixth level of the virtual **** realm, it is okay to explain that it is possible that Lu Ming's cultivation practice has long reached the peak of the five levels of the virtual **** realm. It is not impossible for a breakthrough to accumulate.

But now it has just broken through the sixth level of the virtual **** realm, and it has also broken through the seventh level of the virtual **** realm. What is going on?

"This this..."

In the distance, Yue Linglong and Wu Zifeng looked at each other with dementia.

Cultivation for promotion, shouldn't we step by step, step by step, there are such continuous breakthroughs?

boom!

At this moment, Lu Ming's cultivation base reached the seventh level of the virtual **** realm, and its combat power reached its peak.

boom!

The spear was swept out, breaking all the attacks and defenses of the mad road, pumped on his body, screamed madly, half of the body was smashed, the body flew out like a cannonball, heaved a spitting blood, and almost burst into two pieces The breath is weak and has been seriously injured.

"kill!"

Lu Ming killed him directly towards Kuang Dao, and the guns merged into a dazzling lance, assassinating Xing Dao's eyebrows.

"no no..."

The mad Dao scared his liver and gallbladder, and backed wildly, wanting to dodge.

But now that Lu Mingxiu had reached the seventh level of the False God Realm, and he was seriously injured, how could he escape?

puff!

Gunman pierced through the eyebrows of the crazy road and directly killed his soul.

The fifth mad Dao of the False God List falls!

After killing Kuang Dao, Lu Ming put away Kuang Dao's storage ring and his own spear, and then sat cross-legged on the spot, consolidating his power.

Suddenly breaking through the two-fold cultivation practice, this speed is really amazing, he needs to be firm.

Two hours later, Yue Linglong and Wu Zifeng's injuries almost stabilized and came to Lu Ming to protect him.

It took three days for Lu Ming to finish his cultivation.

His cultivation practice is completely stable in the Seventh Level of the False God Realm.

"It's really mysterious to measure this word!"

Lu Ming sighed.

There was a burst of energy in the quantization tactics, which actually allowed his cultivation practice to directly break through the two layers. If it spreads out, I am afraid that it will set off a huge wave.

"Boy, now you know how great the old lady is!"

The sound of complacent measurement of the word sounded.

"It's really powerful. I don't know when you will give me another energy?"

Lu Ming said with a smile on his face, of course, the spirit of communication, Yue Linglong and Wu Zifeng can not hear.

"Bah, the beauty your kid wants, the old lady needs to absorb a lot of energy before it can be passed on to you. The previous energy has been used up. If you find a treasure containing a lot of energy to devour the old lady, you can have energy. Do you understand it?"

The unpleasant voice of the vocabulary sounded.

Lu Ming nodded with a wry smile, it turned out to be the case, but this is also normal. If he can impart energy to him indefinitely, wouldn't his cultivation behavior continue to skyrocket and reach the true god, the god...

Chapter 2708: Colorful God Stone

He shook his head to rule out this unrealistic idea. To practice together, it really needed to be done step by step. This time he broke through two layers at once. Even if there is energy in the vocabulary, he can't continue to improve. It takes time to stabilize. .

However, since the word measurement tactics have such a retrograde effect, they cannot be wasted.

How to find treasures containing powerful energy to absorb the word formula? Lu Ming began to think.

"Boy, even if there is no treasure containing powerful energy, I can always absorb the energy between the outside world and slowly store the energy, but the speed is much slower!"

Measure the word again.

"Can it still be like this?" Lu Ming was delighted and felt it carefully. Sure enough, he found that the energy between heaven and earth was slowly coming towards him, pouring into the quantitative formula. Although it was slow, it accumulated for a long time. It is also very impressive.

"Boy, if you want to accumulate energy as soon as possible, I can instruct you to go to a place, in this secret realm, where there is a treasure, if it is absorbed and refined by me, it will ensure that your cultivation can improve your performance. cut!"

The word measure followed.

"Is there such a treasure? Where is it?"

Lu Ming quickly asked, feeling a little hot in his heart. He had tasted the sweetness just now, and he looked forward to it.

"That place, called the Night Dragon Cave, contains a Night Dragon Blood Jade, containing horror energy, as long as you get me refined, and once refined by me, pass the energy to you, your cultivation will also Skyrocket!"

Measure the word.

"Okay, go, definitely go!"

Lu Ming made a decision.

call...

After the exchange of the volume and word formula was completed, Lu Ming took a breath and ended his cultivation.

"Lu Ming, you can continue to break through cultivation practice, which is really abnormal!"

Yue Linglong saw that Lu Ming had finished his cultivation, and suddenly exaggerated.

"Fortunately, I had a kind of adventure before and accumulated a lot of energy. At the dangerous moment just now, I also broke out in a desperate fight. Unexpectedly, I was really right. I let Xiuwei improve a bit."

Lu Ming smiled.

Although Lu Ming explained this way, Yue Linglong and Wu Zifeng were still surprised.

"By the way, I know that there is a place called Yelong cave in the secret realm of the dragon. There may be treasures in it. Do we want to explore it?"

Lu Ming's voice changed.

"Go, of course!"

Yue Linglong said that her curiosity was so heavy that when she heard that there was a treasure, there was no reason not to go.

Of course, there is one more thing to do before they leave, that is the beast core of the dragon beast.

The three of them worked together to collect the beast core of the Youlong Beast, and then left here.

However, the injuries of Yue Linglong and Wu Zifeng have not been fully recovered, and they have not recovered to the peak. Immediately, the three found a secret place. Yue Linglong and Wu Zifeng worked

together to heal the wound. So, after a few days, their The injury only healed, and the cultivation capacity reached its peak.

At the moment, there are still six days left before the three-month period left here.

Immediately, Lu Ming, under the direction of Liang Zi Ju, headed towards Yelong Cave.

In the night dragon cave, deep in the mysterious realm of the dragon, the three of them marched all the way. On the road, there will continue to be dragon beasts and dragon bone flowers slaying towards them, all attracted by the blood dragon curse in Lu Ming's body.

Of course, with Lu Ming, Yue Linglong, and Wu Zifeng's current combat power, kill these ghost beasts and dragon bone flowers, easily, how much to kill.

In this way, it took them three days to come to the vicinity of the Yelong Cave pointed by Liang Zijue.

Along the way, their harvest is also very big, killing a large number of ghost dragon beasts and dragon bone flowers, getting a lot of beast cores and dragon bones, the three are divided equally, and the animal cores and dragon bones in Lu Ming's hand can also be exchanged. 50,000 points.

This time he came in, his goal was initially achieved.

Fifty thousand points are enough to redeem the first weight of a holy product.

"Here is the Yelong Cave? Lu Ming, are you mistaken?" Looking at the lala lake in front, Yue Linglong was a little stunned.

At this moment, in front of them, there is an endless lake, how can there be any cave?

"There is a big array here, which affects our senses, no need to control, we can just go ahead!"

Lu Ming said, of course, he was told by Liang Zijue.

The three stepped forward and walked for a while, and suddenly felt a barrier in front of them, blocking them in front of them, like a layer of bubbles.

"Don't use divine power to resist, the stronger the divine power, the stronger the barrier. We can't get in, we can get in without divine power!"

Lu Ming spoke again to remind.

Yue Linglong and Wu Zi nodded and stepped forward without striking with divine power.

With a puff, the three seemed to have passed through a layer of foam, and at the next moment, they came to a darkened tunnel.

This...

The three of them were stunned for a while, and here, there is really a big squad. The previous ones are all illusions.

Lu Ming also had to sigh, the wonder of that big array.

The more the divine power is used, the stronger the barrier power will be. The ordinary people encounter this barrier, and the subconscious will use the divine power. In this way, they can't wear it at all. Only without divine power can they pass through the large formation.

Both Yue Linglong and Wu Zifeng looked at Lu Ming curiously. In their hearts, Lu Ming was becoming more and more unpredictable.

"This Lu Ming is really just an outside disciple who just started?" Yue Linglong's big blinked eyes gave Lu Ming a few more glances. Of course, he didn't like Lu Ming. He was just curious.

"Let's be more careful!"

Lu Ming reminded that the three of them converged and headed deep into the passage.

The passage was silent and very long. The three of them walked thousands of feet before the passage came to an end and came to a huge underground cave.

Among the caves, there was only one altar that was empty and caught their attention.

On the altar, some dense runes, such as small real dragons, are intertwined.

At the top, there is a piece of blood jade. Inside, there are actually small blood dragons, walking around.

In other places of the altar, there are also inlaid with different kinds of gems with different colors.

"That's the colorful **** stone!"

Suddenly, Yue Linglong shouted, eyes bright, staring at those colorful gems.

"Colorful God Stone?"

Lu Ming was puzzled because he had never heard of this gem.

"It's really a colorful **** stone, a colorful **** stone. It can refine a healing pill and has a powerful repairing effect on the **** body. Even if the **** is injured, it can be treated. It can be sold for a large price!"

Yue Linglong's eyes brightened.

Lu Ming was also shocked in his heart, and then his eyes became hot.

It is absolutely very valuable to be able to refine the healing pill that is helpful to the gods.

The higher the cultivation level, the stronger the body, and the harder it is to recover once injured.

Chapter 2709: One hundred thousand years ago

The stronger the repair, the harder it is to recover from the injury.

For example, Lu Ming, who practiced the Indestructible Heavenly Classics, was in the heavenly realm, but even the most severe wounds can heal quickly, and the vitality is so amazing that it is said to be immortal.

However, that is for the cultivation of being under the demigod, in order to have such a strong effect.

And now, Lu Ming's cultivation base has reached the seventh level of the virtual **** realm, how powerful the **** body is, and now he is injured and healed with the immortal Tianjing, which has no effect at all.

The same is true for healing the magic pill.

Useful for the strong who cultivate high, the value is naturally greater.

Colorful **** stones, which can be used to make gods useful to the gods, can be imagined for their high value.

"Boy, wait a minute, don't go!"

At this moment, the sound of the measuring word suddenly sounded, Lu Ming took a big jump, and quickly called: "Wait, don't go past!"

Because at this moment, Yue Linglong and Wu Zifeng are about to approach the altar and pick up the colorful **** stones above.

Called by Lu Ming, Yue Linglong and Wu Zifeng were also taken aback and stopped.

"what happened?"

Yue Linglong asked.

Shaking his head, Lu Ming didn't speak. In fact, he didn't know what was ahead.

"In front, there is a big formation. Once you step in, I'm afraid you will be trapped by the big formation!"
Liang Zijue said.

"Another big battle!"

Lu Ming's brow furrowed. The large array of the vast wasteland universe is far more profound than the mystery of the heavenly realm. With Lu Ming's attainments in the array method, he can't see it at all.

"There is a big formation, how do you get the Yulong Blood Jade?"

Lu Ming asked the word tactics with his spirit.

"Of course you have to find the eyes of the big formation, break the big formation, hello, sudden war, you were familiar with the "Zhen" guy, you should have some understanding of the battlefield, can you break through and find this big formation "Eye?" Liangzijue said against the words.

Lu Ming jumped in his heart. Is it another 'array' that is one of the ancient characters?

When you hear it, you know that there is an incredible magical effect on the formation of the formation.

"You're so much nonsense, I'm looking for it!" The strong voice of Zhanziju sounded.

"Hey, what are you talking about? What is nonsense? Today you told me clearly, otherwise I and you will not be finished!" The vocabulary yelled, the whole font jumped up and down, as if to rush towards the battle word tactic.

Lu Ming is speechless, a word, actually will produce such a strange character.

Zhanzi Jue is too lazy to pay attention to it, and seems to be looking at it for a solution.

"Hahaha, finally someone came!"

Just then, inside the cave, a laugh suddenly sounded.

Lu Ming, Yue Linglong and Wu Zifeng were shocked. They did not expect that there were still people in this cave.

"Who?"

Yue Linglong drank, and the eyes of the three looked behind the altar.

At the moment, behind the altar, a figure came out.

After this person has been hiding in the altar, the altar just blocked the figure of the person, and the breath has converged very well, they did not find it at all.

This is a young man, looking in his twenties, very handsome, with an extraordinary temperament.

Moreover, the breath of this person is very powerful, and it is also a real god.

Here, some people have come in early.

"Sisters and sisters, star under the sky!" The young man clenched his fists.

"What? You said you are the star of the sky? Impossible!" Yue Linglong shouted inexplicably when she heard the name.

Lu Ming and Wu Zifeng are a little surprised, why Yue Linglong has such a big reaction when he hears the name, and shows the impossible.

"This sister, it is indeed the star of the sky!" the young man smiled.

"Linlong, who is the star of the sky?" Wu Zifeng asked.

"One hundred thousand years ago, Kong Xuanzong's virtual **** list ranked first, it was called the star of sky, but 100,000 years ago, the dragon's secret realm was opened, and the star of sky entered the dragon's secret realm. Think he has fallen!"

Yueling Road.

"One hundred thousand years ago, the False God List is the first!" Lu Ming and Wu Zifeng both blinked. Is this person really an empty star?

"Several brothers and sisters, I am indeed the star of the sky. I entered the secret realm of the dragon 100,000 years ago. I did not fall down just to get the treasures here. I missed the time to go out!"

"Several brothers and sisters came just right. On this altar, there are colorful **** stones, and a piece of dragon blood jade. They are all priceless treasures, but they are inlaid on this altar and are difficult to remove. Several brothers and sisters just helped me. , Take it off and we will share it evenly!"

Star of the sky.

"Don't believe him, there is a big formation here, this kid is trapped by the big formation, so he can't get out. Once you get close to the altar, you will also be trapped by the big formation, and will share his pressure, so, he There will be a chance to break through the big battle!"

Measure word formula called.

The quantification tactics are born in endless years. Although they are not good at the method of formation, they still have eyesight.

"Wait a minute!" Lu Ming stopped Yue Linglong and Wu Zifeng, who were eager to move, and then looked at the star of the sky: "Brother Kong, since these colorful **** stones and ghost blood jade are so difficult to remove, it is better to leave with you and us first. , Call for more helpers, and shoot together, it will be much easier."

"No!"

Kong Zhixing said: "Treasures are limited. If more people are called, how will it be divided? A few students and sisters, don't hesitate. I have studied this altar for 100,000 years, and I have been very familiar with it. Remove the treasure above."

"Is it?" Lu Ming smiled, making Yue Linglong and Wu Zifeng a little surprised.

"Hurry up and help me?" Star of Sky called out, looking a little impatient.

"Oh, you don't need to call, I have seen that there is a big formation here, you are trapped by this big formation, you can't get out at all, so it's only been trapped for 100,000 years, if we step forward, we will also be big If you are trapped, you can help you share the pressure, and then you can get out, right?"

Lu Ming smiled.

"What?" Yue Linglong and Wu Zifeng changed their faces.

The star of the sky, but his face was gloomy, he did not expect that Lu Ming actually saw his eyebrows and saw through his intentions.

"Don't guess, come here and take down the treasures here together!" The voice of the empty star began to increase, and there was an undoubted majesty. At the beginning, but the existence of the No. 1 ranking of the False God List was the outer door. One person naturally has a sense of dignity. At that time, among the outsiders, few people dared to disobey him.

However, Lu Ming, Yue Linglong and Wu Zifeng are all very human.

Instead of advancing, the trio stepped back a few steps.

"Okay, very good, if you don't come in, then I'll pull you in!"

The empty star spoke indifferently, completely turned his face, and a powerful and amazing breath broke out on him.

Chapter 2710: Battle Stars

Sky Star completely turned his face, bursting into a breath of breath, like the tide, pressing against the landing three.

"True God Triple!"

Lu Ming, Yue Linglong, and Wu Zifeng's faces all changed.

The cultivation of the empty star is not the true **** one, but the true **** triple. Obviously, even if the other party is trapped in the mysterious realm of the dragon all these years, even after being trapped by the large array here, cultivation is still a breakthrough, reaching the true **** triple.

brush! brush! brush!

The empty star shot, and he waved his hand, and all the palms were his palm prints, covering Lu Ming with three people.

"Shoot!"

Yue Linglong drank, and immediately started to face the star of the sky, she did not dare to have the slightest care, as soon as she shot, she used her full strength.

At the same time, Lu Ming and Wu Zifeng also took action. Various attacks collided with the palm of the sky star.

boom! boom! boom!

In this cave, there was a violent roar, various attacks continued to explode, the energy was overflowing, and the palm of the sky star was defeated.

In a blink of an eye, several people played dozens of tricks, Lu Ming, Yue Linglong, Wu Zifeng, three people backed away, the empty star, it is worthy of being the first in the False God List 100,000 years ago, and the fighting strength is amazing, not Ordinary Tianjiao is comparable.

Had he not been trapped by the large formations here, his cultivation behavior would not have been the triple of the true god, and he had already reached an astonishing state.

However, the strength of the three Lu Ming is also amazing. The empty star and the three players have been shocked for a few steps.

"Some strength!"

In the eyes of the empty star, there was also a look of surprise. It seemed that three people Lu Ming could block his attack.

One hundred thousand years ago, in the outer Xuanzong area of the Xuanzong, he had no opponents at the same level. Now, his cultivation base is far above the three Lu Ming, and he did not suppress the three at once. Unexpectedly.

"Look, you can stop me a few tricks, roll over for me!" The star of the sky drank coldly, stepped out, and looked at the palms, and the palm prints appeared again, blasting at the three people, the power between each move, It is stronger than before, giving a very strong pressure.

The faces of Yue Linglong and Wu Zifeng became very dignified and turned their divine power to the extreme.

And Lu Ming, constantly trigger the war word trick!

boom!

After continuous attempts, Lu Ming finally triggered three times the fighting power.

Hey! Hey!

Lu Ming performed the first type of three-strike destruction to break the sky, and in the blink of an eye, there were blossoming guns, like meteors, colliding with the palm of the sky star.

Within the cave, a violent roar rang again.

I have to say that the star of the sky is indeed very strong. Lu Ming felt a terrible power coming, his body suddenly receded, his body was full of qi and blood, and he almost vomited blood.

He did not know that the Star of the Sky was even more shocked.

Although he didn't use his full strength just now, but he did the triple cultivation of the true god. His attack was almost blocked by Lu Ming alone. Lu Ming was only the seventh layer of the virtual **** realm.

"Unexpectedly, I was trapped for 100,000 years, and Kong Xuanzong actually showed such a great genius, but today, your day is coming to an end!"

In the eyes of the empty star, there is a thick murderous opportunity, and deep jealousy.

Yes, it is jealous.

Lu Ming's fighting power and talents are obviously far above him, and he is going to kill them completely.

brush!

As soon as he moved, Lu Ming was going to fight, and Lu Ming's three people joined together and planned to give it a go.

But just as the stars of the sky approached them, a series of runes suddenly appeared on the ground. These runes were bright, full of energy, and strange.

At the same time, there is a rune on the star of the sky, which is exactly the same as the rune on the ground.

These runes, like strips of tentacles, entangle the body of the sky star firmly.

The figure of the star of the sky was suddenly stopped, and he stopped in the air, and it was difficult to save forward.

"He was trapped by the large formation and it was difficult to leave the area of the large formation!"

Lu Ming's eyes lit up and said to Wu Zifeng and Yue Linglong.

"Damn!"

The empty star roared and exploded with all his strength. If he wanted to break through the large formation, nothing would help. He couldn't break through the blockade.

"It seems that you can't get out!" Lu Ming sneered, showing a mocking look.

"Few of you, hurry and roll over to me, help me to crack this **** formation, otherwise, wait for me to go out, I must break your corpses!"

Seeing that the Star of Space could not rush out, he shouted wildly and began to threaten them.

"Do you still want to come up? Now, you are a fish on the board, you have become a living target, not begging us, but also threatening us, really looking for your own way!"

Lu Ming said coldly.

"I heard that this star of Kong Xing has a narrow mind and hatred must be reported. One hundred thousand years ago, Kong Xuanzong ranked first in the imaginary **** list. It was not him, but another person, that is, the person he killed. If you don't kill him today, if he comes out, he will definitely avenge us!" Yue Linglong said coldly.

"Then get rid of him!" Wu Zifeng also said.

For people like Sky Star, if they offend, they must get rid of it, and they will not suffer endlessly.

"Shoot!"

Lu Ming directly shot, standing in the distance, attacked a gun, and killed the star of the sky.

At the same time, Yue Linglong and Wu Zifeng also shot, using a killing trick to kill the star of the sky.

The empty star shot to resist, attacking Lu Ming's three people, all crotch.

"On your own, you want to kill me and dream!"

The empty star drank coldly, his eyes were unbearably grim, and his evil was extremely unbearable.

The three Lu Ming attacked constantly, but they were all blocked by the star of the sky.

Their practice is not as good as the star of the sky, and they stand in the distance to attack, and their attack power is naturally discounted.

Lu Ming frowned. In this way, it was really difficult for them to talk about the killing of the empty star.

If you can't kill the star of the sky, the dragon blood jade, and the colorful **** stone, you won't get it.

"This large formation has several death arrays. Once attacked, the power of the large array will surge. Lu Ming, you attack the death array..."

At this time, the voice of Zhanzi Jue sounded, and he finally found some eyes of this large formation, and immediately instructed Lu Ming how to attack.

"Okay!" Lu Ming's eyes lit up, the gun changed, and the gun turned around, instead of attacking the star of the sky, but attacking an open space.

boom!

When Lu Ming's guns attacked the clearing, the large array of runes suddenly burst into light, and their power increased. Similarly, the runes wrapped around the star of the sky also increased their power.

Like a string of steel ropes, the tightness of the death star should be cut into several pieces.

"Ah, what's going on? Damn, what did you do?"

The empty star suddenly shouted in horror, and then his body shook and vomited blood.

"Dead!"

Lu Ming spoke indifferently, and another attack came out, attacking the death eye of the large array, making the power of the large array stronger.

The empty star couldn't bear it completely, a crack appeared in his body, he vomited blood in a big mouth and was hit hard.
