

D Emperor 2711

Chapter 2711: Formation in formation

In a large formation, there will generally be a life gate, or a death gate. These life gates and dead gates can also be a formation eye, a life formation eye, and a death formation eye.

Attacking the Array of Life can break through this large array, but attacking the Array of Death can stimulate the power of the large array and make the power of the large array even more terrifying.

Lu Ming was attacking the death eye of this large array, making the power of the large array even more terrifying. The star of the sky could not resist it, and he was hit hard.

"Save me, save me..."

The empty star shouted in horror, and deep unwillingness appeared in his eyes.

"Go at ease!"

Lu Ming said indifferently, without the slightest intolerance. Since such a person has offended, they must be removed by geodesy, otherwise it will only cause trouble to himself.

call out!

Lu Ming continued to attack, attacking above the death array.

"what!"

The empty star screamed in despair and roared: "You must not die, you must not die..."

At the next moment, a large burst of light shines, and under the power of the large burst of stars, the body explodes with a sound, and the flesh becomes shattered.

The star of the sky, the arrogance of the No. 1 **** of the Xuanzong emptiness list 100,000 years ago, finally died on top of this large formation.

"This guy is finally dead!" Yue Linglong took a long breath.

The strength of the empty star is indeed strong. Without this large array of blocking the opponent, a fair fight outside, even if the three of them join forces, is not the opponent of the opponent. After all, the opponent's cultivation is in the true God.

"Lu Ming, can you understand this big formation?"

Wu Zifeng looked to Lu Ming and asked.

"Slightly understand one or two!" Lu Ming nodded without saying much, then glanced at the ground.

At the same time, Zhanzi Jue told him the position of the eye of life.

"Breaking the eyes of the new generation, you can't completely destroy this big formation, just a short time of suppression. You only have ten minutes. After ten minutes, you must exit the scope of the big formation, otherwise you will be trapped!" The way.

"Ten minutes, enough!" Lu Ming whispered, then began to attack Sheng Zhi's eyes according to the instructions of Zhan Zi Ju.

bump! bump! bump!

After a series of attacks, they landed on the ground, but the ground instructions made a slight noise. Those attacks were like a rock sinking into the sea.

However, the runes on the ground dimmed with light, and then disappeared.

"The big formation was suppressed, we will take action, and within ten minutes, all the colorful **** stones will be removed!"

With a loud shout, Lu Ming rushed towards the altar, grabbed his palm, and grabbed it towards the piece of Yulong Blood Jade.

The purpose of his coming this time is Yulong Blood Jade.

bump!

Yulong Blood Jade was firmly inlaid on the altar. Lu Ming grabbed it, but did not grab it, but only made the altar shake.

At the same time, Yue Linglong and Wu Zifeng rushed over and grabbed a colorful **** stone, but they didn't grab it, and the mosaic was firm.

This is due to the suppression of the Great Array. If the Great Array is not suppressed, they have been stopped by the Great Array, and there is simply no way to start with the Yulong Blood Jade or the Colorful God Stone.

"Can't take it off, we might as well smash this altar, how?" Yue Linglong suggested.

"Okay! Break apart!"

Lu Ming nodded.

They only have ten minutes, and they must make a quick decision.

The three of them stepped back a few steps, their strongest powers broke out, and three attacks struck the altar.

boom! boom! boom!

The altar roared violently and kept shaking, and a crack appeared on it.

effective!

The three of them bombarded even harder. Within two minutes, the whole altar burst with a blast, and the gravel spattered. The blood dragon jade and colorful **** stone above it flew out.

Lu Ming moved like a arrow from the string, flew out, and grabbed the Yulong Blood Jade in his hand.

At the same time, Yue Linglong and Wu Zifeng also shot one after another, holding pieces of colorful **** stones in their hands.

Buzz!

At this moment, the whole cave shook, and then, on the ground, on the walls of the cave, densely runes suddenly appeared.

Then, above the ground, a yellow liquid suddenly appeared.

嗤嗤...

The feet of the three people were stained by this yellow liquid, and made a sneering noise, and a ray of green smoke came out. The corrosiveness of this liquid is surprisingly strong. You know, around the body of the three people, All covered with divine power, but this liquid can even corrode divine power.

If this falls on the body, the body will be corroded directly.

The three were shocked and immediately took off.

However, there is more and more yellow liquid under the ground, which seems to keep coming out of the ground.

"It's the corpse water, the formation in the formation, there is a formation in the formation here, the battle is dull, you haven't seen it?"

Knowing the sea, the vocabulary screamed.

"I'm not professional!" Zhan Zi Jue responded, and the Qi Zi Jue shivered.

"Go, leave first!"

Lu Ming shouted.

There is more and more Huangmengmeng liquid here. When the whole cave is full, they are in danger.

The three of them rushed directly towards the entrance of the cave, but as they approached the entrance, a light curtain diffused out, blocking them.

Obviously, this is also part of the big formation.

"Break me!"

Yue Linglong drank and continued to attack, but the light curtain remained immobile, and then Lu Ming and Wu Zifeng also attacked, and the result was the same, they could not attack at all.

"Ha ha ha, still want to go, die together, burial for me!"

A sharp, crazy laugh sounded.

"Empty Star!"

Lu Ming and his face changed, this voice is clearly the star of the sky, but wasn't the star of the sky just dead?

At this moment, the place where the altar was just shining, and a figure emerged, is the star of the sky.

However, the star of the sky is not an entity at this moment, but a ghost.

"A ray of remnant soul!"

Lu Ming moved.

He understood that the star of the sky did indeed fall, but because he was trapped by the large array for 100,000 years, he had contact with the large array. After being killed by the large array, a ray of residual soul merged with the large array. together.

"You can't escape at all, die, die, all die here..."

The star of the sky is full of madness. With both hands raised, the runes in the cave are more radiant. Underground, Huang Mengmeng's liquid emerges faster, and soon, it is one meter deep.

The three Lu Ming can only hover in the air to hide, but this is not the way to go.

"This is the water of the corpse of God. It is corrosive and terrifying. With our cultivation, it can't be stopped at all. What should I do?" Yue Linglong's face was pale.

"Continue to attack that light curtain!"

Lu Ming shouted and continued to bombard the light curtain. Now, only by blasting this light can they go out.

Yue Linglong and Wu Zifeng were also added to participate in the attack.

Chapter 2712: False God List gathers

"Sullen warfare, look for a while, otherwise these boys will die here, and we will be buried here again, I finally find a guy who is quite pleasing to the eye, can't let him die like this! "

Measure word tactics constantly urge war word tactic.

"I'm looking for it. You can talk less, I can find it faster!"

The word of war is uncomfortable.

The word measure immediately shut up.

"Useless, useless, you can't get out, stay, stay buried for me, hahaha!"

The empty star, a crazy laugh, he desperately urged a large array, the large array radiated a bright light, at this moment, not only in the cave, but also outside the cave, also radiate a brilliant light.

In fact, when Lu Ming broke the altar just now, there was a strange noise outside. A beam of light rose into the sky and broke through the sky, even if they were far apart.

At the same time, the large array of illusions that prevented Lu Ming from entering them also disappeared. The lake disappeared. Instead, a peak was sent into the clouds.

At this moment, the whole peak is shining brightly.

"What's there?"

"The vision is so amazing, there must be treasures born, go and see!"

"Go, go and see!"

Anyone who saw the vision here rushed towards it.

In the cave, the three Lu Ming are still bombarding the light curtain, but it has almost no effect. The light curtain is still still.

There are more and more corpse water in the cave, which is almost halfway through.

"What should I do? Am I going to die here today? I will not be submerged by the water of the corpse of the corpse.

Yue Linglong was almost crying. He was scared to death when he thought that he would be submerged by the water of the corpse of God.

"Don't attack first, keep your strength!"

Lu Ming said.

Since it can't open, then don't attack, wait for the battle word to find the position, and then concentrate on the bombardment of the position.

"Die, die..."

Seeing that Lu Ming couldn't open them, the star of the sky was even more crazy.

The corpse water in the cave quickly overflowed two thirds of the cave, and the space where the three Lu Ming could move was getting smaller and smaller.

"Found it, Lu Ming, you attacked three feet to the left, fast!"

At this moment, Lu Ming knew the sea, and the voice of Zhanzi Jue sounded.

Lu Ming's eyes lit up and called: "Let's attack three feet to the left together!"

boom!

At this moment, Lu Ming used all his strength to directly trigger the triple combat power of the war character tactics, turning the divine power to the extreme, and then exerted the first form of three strikes to break the sky!

A dazzling gun burst into the three feet to the left of the light curtain.

Yue Linglong and Wu Zifeng did not doubt that he had him, and they also tried their best.

boom! boom! boom!

Three consecutive powerful attacks struck three feet to the left of the light curtain. The light curtain violently shook. This time, a crack appeared on the light curtain.

"Effective, effective, keep going!"

Yue Linglong was very excited.

The three were the strongest move, and the cracks in the light curtain were more.

"No, no, impossible, no..."

The empty star roared wildly, a face twisted to the extreme.

Now, he has only a ray of remnant soul, and it will not be long before this ray of remnant soul will also disappear completely. He is not reconciled.

But now, Lu Ming and three people seem to be escaping.

The three Lu Ming were too lazy to ignore the star of the sky and continued to bombard. After a few strokes, the light curtain touched and burst apart.

"go!"

The light curtain shattered, and Lu Ming and the three of them rushed out of the passage without stopping.

"Damn, **** it!"

The empty star roared, and the water turned into a corpse, splashing on the walls above the cave, and those walls were directly corroded and turned into fly ash.

Rumble!

The entire peak was shaken violently, and it would collapse at any time.

The three Lu Ming, exerting their full strength, quickly passed the passage and rushed out.

Yep?

As soon as they rushed outside, the three frowned and stopped.

Because outside, many people are suspended in the air, blocking the way.

"It's him, it's Lu Ming!"

Someone called out and recognized Lu Ming.

These people were attracted by the vision here. Unexpectedly, when they arrived, they saw three people Lu Ming ran out of the big mountain.

"Lu Ming, what did you get inside? Take it out and see!"

A young man in a golden robe stepped out, his eyes flashing with light, staring at the landing three, and said coldly.

"Win position!"

Lu Ming looked cold.

The winning position is the Tianhong Shengzi faction. At first, Lu Ming was invited to invite Lu Ming to join the Tianhong faction, but Lu Ming refused.

At that time, Lu Ming did not yet know the identity of the winning position, and later learned that winning position was the fourth-ranked existence of the False God List and the first master of the Tianhong Shengzi faction in the outside door.

"Win position, do you think too much, what did I get, why should I show it?"

Lu Ming sneered, not giving face to the winning position.

Taking Lu Ming's current cultivation practice as the outside door, he has no fear of anyone.

However, other people did not know Lu Ming's combat power, and they were all surprised at the moment.

"This Lu Ming is really bold, actually dare to talk to Yingcang like this!"

"Don't try your best, just die!"

Some people sneer disdainfully.

Sure enough, Ying Cang's eyes gloomed.

At the beginning, Lu Ming refused his invitation and refused to join the Tianhong Shengzi faction. He slayed a murderous heart against Lu Ming, and ordered the people of Tianhong faction to kill Lu Ming if he had the opportunity outside.

However, after going to the plant forest to experience it, the people of the Tianhong faction did have hands on Lu Ming, but they all died in Lu Ming's hands, which made the winning position furious. I always wanted to find opportunities to personally shoot and kill Lu Ming.

Now, he was finally waiting for the opportunity.

"People who just started, don't know how to respect their brothers, they are arrogant and arrogant. Today, I will replace Zong Men and give you a good lesson!"

Yingcang spoke indifferently, stepped out, and a strong breath erupted, pressing toward the landing.

True God!

There is no doubt that after winning a position in the secret realm of Yulong, Xiuwei also broke through and reached the weight of the true god.

With his fighting power, he broke through the true **** and was a bit stronger than the mad Tao.

However, Lu Ming did not take the other party's eyes at all.

Just as Lu Ming was about to start, in the distance, a rainbow of light flew over, and more people arrived.

There are a few rainbow lights, the speed is amazing, the breath is amazing, and in the blink of an eye, I came near.

The front part is full of young people, there are men and women, all of them are extraordinary, all of them are dragons and phoenixes.

"It is Fengyuan Dao, Fengyuan Dao ranked second in the False God List!"

"There are also lunatics, the third lunatic in the False God List!"

"Li Cunshan, seventh in the False God List!"

...

Around, many people exclaimed again and again, their eyes widened.

Because the people who came just now are too big to come, all of them are in the outer door of the empty Xuanzong, the existence of the top ten of the virtual **** list.

These people, usually come up with one, are able to dominate the existence of the outside door, but at this moment, they came continuously.

Chapter 2713: force

Seeing Fengyuan Dao, lunatics, Li Cunshan and others, Ying Cang's face also dignified, stopped his body, and did not oppress the landing.

"Win position, you came very early, why? Is there any gain?"

Fengyuan Dao's eyes looked at the winning position, and there was a flash of strange light.

Obviously, Feng Yuandao is doubtful about what he has won.

Yingcang's complexion changed, barely squeezing a smile, saying: "Brother Feng laughed, I have nothing to gain, I have just arrived, but these few people, just came out of the mountain, I was questioning him It!"

In the face of Fengyuan Dao, the winning position did not dare to offend.

Because the opponent's background is not inferior to him at the same time, at the same time, the combat strength is even above him. Once he played with Fengyuan Dao several times, and each time, he was defeated.

When the virtual **** realm was ninefold, the winning position only had the experience of defeating the real **** realm strongman, but Fengyuan Dao had the record of killing the real **** realm strongman.

Beating and killing are two different things.

"Oh?"

After Fengyuandao heard it, his eyes turned to Lu Ming, Yue Linglong, and Wu Zifeng.

When he saw Yue Linglong and Wu Zifeng, his eyes narrowed slightly.

Because the cultivation practices of Yue Linglong and Wu Zifeng are also one of the true gods. Obviously, Wu Zifeng and Yue Linglong are like them. They break through after entering the Yulong secret realm.

Instead, Lu Ming, a virtual **** realm, was directly ignored by him.

"Two, how do you call it?"

Fengyuan Dao Xiangyue Linglong and Wu Zifeng clenched their fists.

"Yue Linglong!"

"Wu Zifeng!"

Yue Linglong and Wu Zifeng answered.

Fengyuan Dao, Maniac, Li Cunshan, Yingcang, and others all frowned, because in the outside door, they had never heard the names of the two.

"Several, what are you getting inside?"

Fengyuan Road narrowed his eyes and asked.

"What did we get? It has nothing to do with you!"

Yueling Road.

"It's irrelevant, you have a share, don't you know?"

The winning position scolded, making Yue Linglong frown.

Rumble!

At this moment, the peak, rumbling loudly, and then burst, bursting apart.

The peak exploded and the gravel spattered, which also contained the corpse water.

"No, avoid it!"

Lu Ming shouted, and Ling Yuelong, Wu Zi's seal flashed, avoiding the splashing corpse water.

what! what! ...

However, some people were splashed by the water of the corpse, the body was corroded, and the screams were screamed, but a few moments later, the screams came to an abrupt end, because the entire person, the scum that has been corroded, is not left.

Others were frightened and tried to avoid it.

After everything calmed down, all the people stopped with fear, but at that moment, at least five or six outside disciples died under the water of the corpse of God.

"Your poisonous heart, knowing that there is danger in it, but don't remind us, do you want to overwhelm us?"

Murakura Mori stared at Naruto and directly buckled them with a big hat.

"Yin you? You think too much, Linglong, Brother Wu, let's go!"

Lu Ming was too lazy to ignore the winning positions and others, flew forward and wanted to leave.

"Want to go? Hand over what you get and go!"

Yingcang drank coldly, and with a big hand, he grabbed Xiang Ming, and his palm exuded a bright golden brilliance, like a gold casting.

"roll!"

It wasn't Lu Ming, but Yue Linglong. A soft whip appeared in her hand. The soft whip was like a poisonous snake and rolled towards the winning position.

bump!

The two confronted each other with a roar, and Yue Linglong's figure retreated three steps. However, the winning position's figure retreated five steps, more than Yue Linglong's.

"what?"

Others were shocked and stared at Yue Linglong in amazement.

Yue Linglong, actually has such a strong combat power, not only can block the attack of the winning position, but also, the winning position retreats more than her.

Where is this arrogance coming out?

On the edge, Feng Yuan Road, lunatics, and Li Cunshan's faces all dignified.

"you..."

The winning position also looked at Yue Linglong in shock.

I just touched it a moment ago, and he knows deeply how amazing Yue Linglong's strength is. Even if he does his best, he may not be Yue Linglong's opponent.

"It's not easy for you to leave alone."

Yingcang's eyes turned and looked at Fengyuan Road and others, who wanted to pull Fengyuan Road into the water.

"is it?"

At this moment, Wu Zi sealed his mouth and stepped forward, his body burst into an amazing breath.

Wu Zifeng's strong breath erupted, still faintly above Yue Linglong, which surprised other people.

"Today, it's really hilarious!"

At this moment, in the high altitude, a cold voice sounded, and then a young man stepped into the air and stood above everyone's head.

This is a young winged race, with a pair of purple wings, a tall figure, a strong breath, and a kind of loneliness.

"It's a wing demon, it's a wing demon!"

Many people exclaimed that even Fengyuan Dao, lunatics, and a few win-winners, their faces are wild.

Without him, the winged demon, in the outer door of Kong Xuanzong, the name is too strong, and it is pressed on everyone's head.

False God list first, wing demons!

"This guy is here too!"

Lu Ming moved in his heart, the first place in the False God List, of course he had heard it.

call out! call out! ...

At this moment, in the distance, there was another rainbow flying over. There were more and more people here. In a while, hundreds of people had already gathered.

"It's Wang Gao!"

"There is also a clear delivery!"

Some people keep exclaiming because there are too many masters coming, and there are a few people who are also in the top ten of the False God List.

Everyone was shocked to find that the top ten of the False God List actually came to the ninth place, except for the crazy road, almost came.

When these people knew that Lu Ming, Yue Linglong, and Wu Zifeng had just come out of the big mountain, they set their sights on Lu Ming and Li.

Even, they moved slightly, and surrounded Lu Ming with three people, preventing them from escaping.

"Yes, they cannot be allowed to escape, and they must not be allowed to escape..."

At this moment, a sharp voice sounded, the voice came from the mountain that just burst.

Everyone could not help looking in that direction, the bursting mountain, and a ray of light shining, then, a figure emerged, it was the remnant soul of the star of the sky.

"Who is this?"

Many people don't know the star of the sky, and they are surprised.

"You... are you an empty star?"

It was the winged demon. After seeing the star of the sky, he shouted in shock, his face concealed in shock.

Winged Demons have seen the Star of the Sky, 100,000 years ago, when the Star of the Sky was in the top, the Void God List ranked first, and the outer pressure was overpowered. If the Star of the Sky did not disappear, the Winged Demons may not be able to obtain the Void God List. the first.

"What? Star of the sky? The star of the sky on the False Gods list 100,000 years ago?"

Many people remembered when they heard the Winged Demon roar.

"No, it's really him, isn't it a legend that he is dead?"

"He didn't die!"

Many people shouted in shock.

Chapter 2714: Sky Star's Trick

"Empty Star!"

Fengyuan Road, Maniac, Li Cunshan, Yingcang and others all looked at the Star of Sky in shock.

They never expected that they would meet this legendary character here.

"Wing Demon, we met again, it seems that your progress is not small!"

Sky Star glanced at Wing Demon, said a word, and then looked at Lu Ming and his face, with a terrible complexion, and said: "You can't let them go, they got the supreme treasure!"

"What? Supreme treasure?"

Many people were thrilled in their hearts, and they looked at Lu Ming and their eyes, showing a blazing glow.

"You know, why am I going to disappear for 100,000 years, just because I want to get the treasures here, but unfortunately, I was trapped by the large array accidentally, and I lost everything. I didn't expect it, but he got it!"

The empty star sighed, pointing his finger at Lu Ming. At this point, his body twisted.

He hated Lu Ming the most, because Lu Ming saw through his strategy and used the death array of the large array to kill him like this. Everything was Lu Ming.

He wanted Lu Ming to end, but also miserable.

His remnant soul will not dissipate long before it will dissipate. The thought of him is about to disappear, and the hatred of Lu Ming and others is even more intense.

"That is the supreme treasure. Once it is obtained, it will definitely rise to the sky. In the future, it will be dominated by Qin Tianxingyu, depending on who of you can get it, ha ha ha!"

After the words, the star of the sky touched and burst into a fly ash, and the smoke completely disappeared.

However, his words ignited the flame in everyone's heart, which was the fire of desire.

No one will doubt the words of the empty star.

Empty Star, for that treasure, stay here for 100,000 years, but it is 100,000 years. If the treasure is not precious, would he stay here for 100,000 years?

What would make the star of the sky so crazy?

boom! boom! boom!

At this moment, everyone burst into an amazing breath, led by Wing Demon, Fengyuan Dao and others, and pressed the three of them to the landing Ming

Especially Lu Ming.

Because the star of the sky is very clear, the treasure is in Lu Ming's hands.

"Lu Ming, hand over the treasure!"

Yingcang couldn't help but took the lead to do so. The whole body was filled with golden light and rushed towards the landing.

"Win position, your opponent is me!"

Yue Linglong waved a soft whip, turned into a whiplash, and rolled towards the winning position.

bump! bump! ...

The two met in a row, and in a blink of an eye, they ran into dozens of moves. As a result, they retreated thousands of kilometers after winning the position, and their hands shook slightly.

He is not Yue Linglong's opponent.

"Hand over the treasure, no one can protect you today!"

The Winged Devil spoke indifferently, condescending, and stepped down towards the landing.

boom!

The last step, his soles, burst out with amazing power, and the divine power was like a storm, pressing against Lu Ming.

The same is true of the true god, but the strength of the Winged Demon is indeed amazing. Only this trick is a lot stronger than the crazy road.

"Kong Xuanzong's list of the imaginary gods is the first, I'm going to get some advice!"

Wu Zifeng's eyes burst out with a radiant brilliance, his body thrust upwards, his fingers like swords, and he pointed them out with one finger.

Sigh!

Sword Qi was vertical and horizontal, collided with the attack of the Wing Demon, and an amazing roar erupted. The two figures were slightly retreated.

"What? So strong?"

Everyone looked at Wu Zifeng in surprise.

Wu Zifeng can actually fight against the Winged Demon. Where is the arrogance that came out?

"Aren't you Xuanzong Zong?"

Winged face looked dignified at Wu Zifeng.

"Naturally not!"

Wu Zi seals the road, the fighting spirit is stronger, and the divine power is like a row of mountains.

"Holy divine power, this person, like Winged Demon, is the holy power of holy power!"

"This person is not an empty Xuanzong person, but actually can enter the secret realm of the dragon, what kind of forces come from?"

Many people guess.

"Today, with the two of you, it's naive to want to keep the treasure!"

Wing Demon said indifferently, then glanced at Fengyuan Road and others.

Fengyuan Dao, lunatics, Li Cunshan and others have long been unable to bear it, and have forced to leave for the landing.

"Boy, hand over the treasure and spare you not to die!"

Li Cunshan shouted. When he first shot, the artifact he used was a warhammer, which came out of the bombardment, and the void continued to explode, which was amazingly powerful.

The giant hammer rolled towards Lu Ming, as if at the next moment, Lu Ming was about to be crushed into meat.

However, Lu Ming's face was calm, and he stepped out in one step without even taking the weapon.

He will use his fists to shake Li Cunshan's giant hammer.

"This kid, look for death!"

Some people shook their heads.

As soon as Lu Ming shot, they could see that Lu Ming's cultivation practice was nothing more than the seventh level of the virtual **** realm. What is it?

However, Yue Linglong and Wu Zifeng both looked calm, but they knew how terrible Lu Ming's fighting power was.

Boom!

Lu Ming's fist, bombarded with Li Cunshan's giant hammer accurately, as two stars collided, and a shocking roar erupted.

But as a result, everyone was stunned.

After the collision, it was Li Cunshan who retreated, but Lu Ming only shook his figure slightly.

"how is this possible?"

At this moment, Wing Demon, Feng Yuandao, Yingcang and others, their pupils contracted for a while, revealing an incredible expression.

Lu Ming, who was able to catch Li Cunshan with an empty hand, could not even be a winged demon.

Lu Ming is only the seventh level of the virtual **** realm, actually has such a strong combat power?

Li Cunshan himself was stunned for a while.

"I don't believe it, Storm Hammer!"

Li Cunshan roared, and lifted the giant hammer like a violent storm, and drove towards the landing.

An artifact appeared on Lu Ming's palm, but it was a first-class middle-class artifact.

Buzz!

Lu Ming swept out with a single shot, and the long gun encroached on the terrible power, slamming into Li Cunshan.

boom!

The two collided for the second time, but this time, Li Cunshan snorted, his body retreated, and a spit of blood spewed out.

"This this..."

Everyone was ignorant, thinking they were dreaming.

Lu Ming was actually suppressing Li Cunshan, colliding head-on, and spitting blood on Li Cunshan's mouth.

Li Cunshan, ranked seventh in the False God List, has a combat power that is far superior to other strong men of the same level. Moreover, his cultivation ability has already broken through to the weight of the true god. Such combat power is not Lu Ming's opponent.

What is this evil?

At this moment, Wing Demon, Feng Yuan Dao and others had extremely dignified eyes.

"I tell you, I did get a treasure, but it's not that precious, but I know, I don't believe what I say now, since you want a treasure, then today, I will accompany you for a good fight. field!"

Lu Ming held a spear and looked around, saying, "Linglong girl, Brother Wu, please step back, they are going to fight, I am alone!"

Chapter 2715: One against nine

I am alone, enough!

Lu Ming's words exploded in the hearts of many people, and they froze for a while.

Lu Ming's remark is clearly to challenge all the experts on the scene with one person.

God!

Many people shouted in their hearts, if this news spread out, they would shake the outside doors.

Yue Linglong, Wu Zifeng's eyes flickered, but there was no objection, his figure flickered and retreated aside.

"You guys, this kid is so arrogant that it's almost arrogant. If so, let's teach him a lesson. How?"

Yingcang's eyes turned.

To tell the truth, judging from Lu Ming's fighting strength, he had no confidence in Shang Luming alone. Since Lu Ming was arrogant and arrogant, he justified to join forces with others.

"Yes, this kid took the treasure and wanted to swallow it. There is no need to talk about any rules today. He took action to suppress him and forced him to hand over the treasure!"

Fengyuan Road also spoke indifferently.

The lunatics, Li Cunshan and others, stepped out and surrounded Lu Ming in the middle.

In the end, even the Wing Demon did. His pair of purple wings flapped and covered with purple brilliance. It seemed that he was extremely majestic and he appeared in front of Lu Ming.

Be surrounded!

A total of nine people surrounded Lu Ming Tuan.

These nine people are the existence of the top ten in the ranking of the False God List, except for the crazy road, all shot.

Others can only retreat far away, and they want to intervene, but they can't, because Fengyuan Dao and others are all cultivated in the true **** realm.

The existence of the top ten of the False God List has entered the real **** realm.

The nine strong men surrounded Lu Ming Tuan Tuan, and Lu Ming was just a person with seven layers of virtual **** realm.

Nothing like this has happened in the history of Kong Xuanzong.

"I have to say that this Lu Ming is indeed a peerless arrogance. With the seven levels of the virtual **** realm, he can suppress Li Cunshan and his terror. However, he is still too crazy to challenge nine masters at the same time!"

"He simply cannot have any chance of winning, even the **** son of the three hegemonic forces, in the face of such a situation, can only be crushed, cultivated too much difference, with one enemy nine, there can be no chance of winning!"

"Good, overconfident!"

Many people talk about it.

"Lu Ming, hand over the treasure and spare your life!"

Wing Demon spoke indifferently, so many people shot at the same time, and spread it, which was not good for his reputation. If Lu Ming could hand over the treasure, he would not.

However, Lu Ming obviously would not agree.

"Take a shot, if you can win me, I can give you all the treasures on me, but since you do it, you have to pay the price..."

Lu Ming said indifferently.

"The price? Ridiculous, it's up to you? Kneel down for me!"

The winning position took the lead. His whole person looked like a golden person. His figure moved, and appeared in front of Lu Ming. He pressed down with a palm toward the landing, and a golden palm imprint pressed down against the landing. Strong and amazing.

He ranked fourth in the Void Gods list, with a strong combat power, which is one point better than Mad Dao.

Buzz!

The spear in Lu Ming's hand shook slightly. That was because of the mad influx of divine power, and then the spear sprang out, stabbing towards the winning position.

puff!

The golden palm prints surging from Yuicang collapsed directly, and the sharp guns continued to stab towards them.

Yingcang's face changed wildly, and his body quickly backed away, but he was still a step behind and was stabbed in the palm of Lu Ming's gun, and one of his palms exploded directly.

"Ah... shot, shot together!"

The winning position screamed, and he turned the divine body, allowing the broken palm to recover quickly.

"Shoot!"

Fengyuan Dao and others, shot at the same time, all kinds of amazing attacks, and drowned towards the landing together.

Only the Winged Devil glanced, hesitated, and did not shoot.

With so many people shooting together, the power is extremely terrifying, and Lu Ming dare not care.

In the blink of an eye, Lu Ming triggered the double combat power of Zhanzi Jue, almost at the same time, and tripled the combat power, which also triggered success.

Before the shot, Lu Ming was triggering three times the combat power, so once the shot was made, the triple combat power was triggered successfully.

call out! call out! call out!

Lu Ming's spear burst out, stabbing dozens of guns in a row, and attacking Fengyuan Road and others!

Between heaven and earth, a series of explosions sounded, and Lu Ming was retreated by this force, but he was successfully blocked by so many attacks.

"Block... blocking?"

"Oh my God!"

When others saw this scene, they were almost scared to death, and their eyes were about to burst into shock.

Lu Ming was actually shocked in the front, blocking the attack of Fengyuan Dao and others. What kind of combat power is this?

Even Feng Yuan said they were shocked and couldn't be more.

"Your fighting strength, but that's it, now it's my turn!"

Lu Ming's indifferent voice sounded, and a red gold armor appeared on his body.

"Kneel down for me!"

Lu Ming displayed his "Nine Heavy Red Armor" bodyguard, rushing towards the winning position despite the attacks of others.

The most powerful clamor for winning positions, Lu Ming first, to solve this person.

boom!

Lu Ming swept out with a single shot, the guns were like mountains, and the air was constantly bursting, making Yingcang's face wildly changed.

"Shoot, let's go!"

The winning position shouted, and then his body retreated, and his hands continued to blast out. In a moment, hundreds of golden palm prints blasted out.

However, these palm prints, under the crush of Lu Ming's guns, collapsed one after another.

"Shoot!"

Fengyuan Dao and others launched a second round of attacks, but this time, Lu Ming did not evade, intending to resist.

boom! boom!

The attack of Fengyuan Dao and others hit the red gold armor, causing the red gold armor to shake wildly, as if it would collapse at any time, but after all, Lu Ming blocked it.

Lu Ming's spear has already bombarded Yingcang.

bump!

The wink screamed, and the whole person flew out obliquely, then hit the ground heavily, knocking the ground out of a big pit.

"Continue to attack, he can't stop it!"

Fengyuan Road shouted again, launched an attack again, and attacked Lu Ming again.

"bring it on!"

Lu Ming's eyes showed a crazy color, and he still resisted with Chi Jinjia.

He needs to use the opponent to hone his red gold armor, so that he can quickly improve.

boom! boom! boom!

The continuous attack landed on Chijinjin. Several cracks appeared in Chijinjin. Lu Ming's body also flew out. The direction in which he flew out was exactly the direction in which the winning position was blasted.

At this moment, Yingcang lay on the ground and vomited blood, seeing Lu Ming flying, almost scared to death.

boom!

Lu Ming swept down with a single shot, conquered and crushed down.

The ground shook, and a hundred-mile gun marks appeared, again like a valley. The winning position was lying inside, and the skeleton was almost broken, making it difficult to move.

Although he was not dead, he had lost the power to fight again.

At the beginning of the war, Lu Ming abolished one person, leaving many outside disciples with a face of dumbfounding.

Chapter 2716: Suppress all

Reference 2716

"His defensive skills, too strong, wing demon, you haven't shot yet, wait for him to break each of us?"

Fengyuan Dao pressed down the shock in his heart and looked at Yimo.

Just now, the Winged Demon never shot.

Winged devil frowned, and then fluttered a wing, and the whole person turned into a purple lightning, rushing towards Lu Ming.

"Quick, get shots together!"

Fengyuan Road shouted, and others, continued to kill the landing.

"The show is only officially started, breaking the sky!"

Lu Ming directly used the World Extermination Three Strike, which was aimed at the Wing Demon.

Lu Ming is now at its peak. How powerful is his combat strength. Although the fighting power of the Winged Demon is extremely terrifying, although the cultivation base is one of the true gods, the actual combat power far exceeds that of the true god, but it is still more powerful than Lu Ming. animal.

A dazzling spear, such as a flying fairy outside the sky, kills the winged demon and makes the winged demon face change wildly. This trick makes him a deadly threat.

"Wing Broken Thousand Army!"

The Winged Demon roared, and the purple wings resembled a sky knife, slashing wildly, forming an endless blade storm, sweeping towards Lu Ming.

when! when! when!

The dense collision sound came out, and the two instantly exchanged hundreds of moves, and Mars was everywhere.

"broken!"

Lu Ming's voice sounded, the guns skyrocketed, and the Blade Storm was suddenly suppressed. The Blade Storm formed by the Winged Demon continued to bounce out, and then his body violently flew backwards, his face pale and shocked.

He actually lost to Lu Ming and was suppressed!

"carry on!"

Lu Ming shouted, and the gun was like a rainbow, and continued to kill the winged demon. As for the attacks of others, he completely ignored it.

Among these people, Wing Demon's combat power is undoubtedly the strongest and the most threatening to him. Only by suppressing Wing Demon first, others will be much easier.

boom! boom! ...

The attack of Fengyuandao and others fell on the Chi Jin armor on Lu Ming, and a violent roar erupted. Although the Chi Jin armor was cracked by a crack, it was still blocked.

Lu Ming's attack was directed towards the Wing Demon.

Wing Devil did his best to fight Lu Ming, but as a result, he retreated back and forth.

And the other outside disciples all around were dumbfounded.

"This... this is too terrifying, Lu Ming can really fight wing demons, Fengyuan Dao and others at the same time!"

"The most important thing is that it still has the upper hand, terrible, is this still human?"

"Under the world, there is such a demon!"

It is really hard to believe if it is not seen by the blue eyes.

"Three strikes to destroy the world!"

Lu Ming once again launched the World Extermination Three Strikes, and Optimus Gunman swept through the Eight Wastelands, crushing towards the Wing Demon. This time, the Wing Demon could no longer be blocked. The Gunman was broken and attacked, and he was heavily bombarded on the body.

bump!

The Winged Monster flew out and vomited blood, but he was still not in shape. Lu Ming was killed again. A shot was pierced through the hole of the Winged Demon's chest. The Winged Devil screamed, purple wings and feathers flew, and he even It is difficult to do the floating, the body fell to the ground and hit the ground heavily.

The Winged Devil was hit hard.

"not good!"

Feng Yuandao, Li Cunshan and others were shocked.

The Winged Demons were defeated, their hearts shook, and even the attack stopped, and they all backed away, with a look of horror on their faces.

"Now, it's your turn!"

Holding a spear, Lu Ming looked at Fengyuan Dao and others, like an invincible **** of war, fighting for the night.

When the Zhanzhan tactics were displayed, the fighting intention was already strong. With Lu Ming's power to defeat the Winged Demons at the moment, this pressure on the fighting pressure made Fengyuandao and others have no hint of fighting.

"This matter is a misunderstanding. I have no intention of competing for the treasure, and say goodbye!"

One of them actually retired, leaving a sentence, and turned away.

"I have attacked so many moves just now, and I want to go now. Do I let you go? Stay!"

Lu Ming drank coldly, his power burst out, his body rushed out like a cannonball, a long gun pressed, a gun, all a mountain range, pressed towards the man, all his retreat, all closed.

"To bully too much, be angry at Xiaohan!"

The man shouted and exerted his full strength to resist, but how powerful Lu Ming is now, and how could he resist it, was directly hit by Lu Ming on the ground, spitting blood, twitching, and seriously injured.

After suppressing this person, Lu Ming twisted his body, changed his gun, and then killed others.

Because everyone else wants to retreat one by one, they already know that today is definitely not Lu Ming's opponent, take the best strategy.

But how could Lu Ming let them escape.

boom!

Lu Ming shot this at Li Cunshan.

Li Cunshan roared, and a pair of giant hammers danced wildly, and suddenly a thousand hammers exploded, but even if he used all his strength, he could not resist Lu Ming. He entered the footsteps of the previous few people and was injured by Lu Ming.

"go!"

Fengyuan Dao and others, wherever they dare to stay, just want to go.

"This battle is not over, where are you going?"

Wu Zi's seal flashed in front of Fengyuan Road.

"Get away from me!"

Fengyuan Dao shouted and launched an attack on Wu Zifeng.

But Wu Zifeng was so powerful that he couldn't rush out.

On the other side, Yue Linglong took out two soft whips and waved her hands. All over the sky were whip shadows, entangled several others.

Lu Ming took the opportunity to attack.

Even the Winged Demons couldn't stop Lu Ming's attack in the frontal battle. These people, not even Lu Ming's opponents, were suppressed by Lu Ming one by one.

Soon after, including Fengyuan Dao and others, the top nine of the False God List were all hit hard by Lu Ming alone.

Grumbling...

Many people swallowed desperately, their eyes full of horror and disbelief.

Lu Ming, actually defeated the ninth place in the top ten of the False God List including Wing Demon. This kind of combat power is called Zhen Gushuojin.

"Lu Ming, what do you want to do? Now that we have lost, I don't want any treasures, you can let us go!"

The winning position shouted.

"Let you go? Ridiculous!"

Lu Ming sneered: "I have said before that if you want to start with me, you must be prepared to pay the price!"

Lu Ming stepped towards the winning position.

Yingcang's face changed wildly and shouted: "Lu Ming, you dare to kill me? I tell you, an inner door elder has secretly accepted me as a disciple, you killed me, and my master will not let you go. ."

Many people moved, but not surprised.

Some of the people in the top rankings of the False God List have amazing talents. Generally, before they are promoted to inner disciples, they will be favored by some inner disciples and secretly accepted as disciples. They will not be announced until they become officially disciples. come out.

It is also normal for Yingcang to be secretly accepted as a disciple by an inner elder.

Not only winning positions, wing demons, Fengyuan Dao, lunatics, Li Cunshan, etc., I am afraid that they have all been secretly apprentice.

"Who said I'm going to kill you? Give your storage ring, give it away!"

Lu Ming smiled faintly.

Chapter 2717: Fame

"What? You want my storage ring, no, impossible!"

Hearing Lu Ming's words, the winning position shouted hysterically.

In the storage ring, most of his wealth is in it, and there are also the dragon beast nucleus and the dragon bone of the dragon bone flower hunted in the secret of the dragon dragon. If it is given to Lu Ming, How does he live? Suddenly turned into a poor egg.

"You are defeated now, I can kill you at any time, you are dead, your storage ring, or mine, understand?"

Lu Ming said indifferently.

"Come on, I tell you, unless you kill me, otherwise, my storage ring will never be given to you. If you have the ability, you will kill me, kill me, do you dare..."

Roaring winning positions.

He had already apprentice to an elder of the inner door. He was determined that Lu Ming would not dare to kill him, but he would not give it. See how Lu Ming could dare to treat him?

call out!

Before winning the position, he hadn't spoken yet, and a spear burst out, directly piercing towards his eyebrows.

puff!

Gunman pierced the eyebrow of Yingcang directly and nailed him to the ground.

"you you..."

Ying Cang's eyes, the glaring rounding, the unbelievable staring and landing sounds, in his eyes, are unbelievable, panic, unwilling, etc.

In the end, he lost sight of him completely.

Win positions, die!

Sisi...

At the scene, there was a cold breath, everyone was shocked to see the landing sound.

Lu Ming, actually dared to kill the winning position. This is the fourth arrogance of the False God List, and was also accepted as a disciple by an elder of the inner door, but now, Lu Ming is killed in public.

To be bold is to be bold.

Everyone now knows that Lu Ming is not only too strong, but also a lawless person.

"I have given you a chance, but I don't know how to cherish. I said, kill you, your storage ring, or mine!"

Lu Ming whispered, and waved his hand, holding Yingcang's storage ring in his hand.

Hearing Lu Ming's words, Wing Demon, Feng Yuandao and others, the heart twitched for a while.

They originally had the same plan as winning a position. If Lu Ming wanted their storage ring, they vowed to die, and they had a big one by one. They did not believe that Lu Ming dared to kill them in public.

But now, they have changed their minds.

They had no doubt that if Lu Ming was disobeyed, Lu Ming would dare to kill them.

"Now, hand over your storage ring!"

Sure enough, Lu Ming's eyes swept towards Wing Demon, Feng Yuan Dao and others, making them wailing for a while.

"Lu Ming, here you are!"

The Wing Demon was the most decisive. After he gritted his teeth, he took off the storage ring and threw it to Lu Ming. Then he stumbled in one direction.

Lu Ming accepted the storage ring without stopping.

"And you guys?"

Lu Ming looked at Fengyuan Road, Maniac, Li Cunshan and others.

Fengyuan Road, lunatics, Li Cunshan and others all cried, howling, bleeding.

They regretted it. This time they really lost their wives and collapsed their soldiers. The treasure was not obtained.

If I knew this, if I knew Lu Ming was so perverted, they would never find Lu Ming in trouble.

"Come on, don't be a mother-in-law like a mother-in-law. Hurry up, I don't have time to spend with you!"

Lu Ming scolded.

Fengyuan Dao and others were crying, and finally they were very unwilling. They took off the storage ring and gave it to Lu Ming in a heart-cutting mood.

"get out!"

After accepting the storage ring, Lu Ming was in a good mood and waved his hand.

Feng Yuandao and others, such as Meng Amnesty, walked away one by one.

"Don't you go yet? Want to hand over the storage ring, right?"

Lu Ming's eyes turned to other outside disciples. Those outside disciples' faces changed wildly, pulled their legs away, and disappeared.

At the scene, only Lu Ming, Wu Zifeng and Yue Linglong were left.

Lu Ming shuddered and almost stood unsteady.

"Lu Ming, are you okay?"

Yue Linglong and Wu Zifeng came quickly.

"It's okay, it's just that the divine power has consumed the drama and it's out of power!"

Lu Ming smiled bitterly.

Just after the war, Lu Ming broke out "Nine Heavy Red Armor" and "Three Strikes", which is amazing for the consumption of divine power.

After all, Lu Ming's current cultivation behavior is only sevenfold in the virtual world. Just now, if the other party persists for a while, Lu Ming will be unable to fight anymore.

"This time when you go out, you must store more magical power in the "Measure the Word"." Lu Mingsi thought.

"Let's leave here first and find a place to recover!"

Wu Zi sealed the road, then landed with Yue Linglong, and left here to find a remote place. Lu Ming took out Shen Jing, absorbed Shen Jing's spirit, and restored his divine power.

After a few hours, Lu Ming returned to the peak state, full of energy, feeling cultivated, and refined one more point.

"Girl Linglong, Brother Wu, these storage rings, here for you!"

Lu Ming took out the storage ring he had previously obtained from several people in Fengyuan Road and threw it to Yue Linglong and Wu Zifeng.

"No, this is what you got by virtue of your fighting ability, how can we get it?"

Yue Linglong said that she would return the storage ring to Lu Ming.

"Yes, we can't ask for it, Lu Ming, you can keep it."

Wu Zifeng also refused and returned the storage ring to Lu Ming.

Yue Linglong and Wu Zifeng had a firm attitude, and Lu Ming did not force him to put away the storage ring.

There are still a few days before the end of March. In the next few days, several people rushed towards the exit while hunting the dragon beast and dragon bone flower.

The exit is at the edge of a secluded dragon's realm. In a blink of an eye, a few days later, Lu Ming and they came to the exit.

Here, a large number of outside disciples have gathered. At a glance, Lu Ming saw Wing Demon, Feng Yuan Dao and others. Now, their injuries have recovered, but after seeing Lu Ming, his face has changed.

"That's Lu Ming?"

"Defeat Lu Ming, the nine masters including Wing Demon?"

As soon as Lu Ming came, almost everyone's outside disciples looked at Lu Ming.

Before the first battle, only a few hundred people were present, but now, this news has spread to almost all outside disciples who entered the secret realm of the dragon.

"True and false, the seven levels of False God Realm, can defeat the nine masters including Wing Demon?"

"It won't be fake!"

Many people are hard to believe without seeing it with their own eyes.

But they saw that Wing Demon, Feng Yuandao and others did not come out to deny that they knew that this matter was mostly true.

Rumble!

Soon after, a huge vortex suddenly appeared in the sky, this is the exit.

Uh! Uh! Uh!

Wing Demons, Feng Yuandao and others rushed out of the exit first, and then others rushed towards the exit.

"Let's go too!"

Lu Mingdao, He Yuelinglong, Wu Zifeng, two people, soaring into the sky, also rushed into the vortex, disappeared.

Chapter 2718: To the cold god

After leaving the Yulong secret realm, Lu Ming and Yue Linglong, Wu Zifeng bid farewell to each other, Yue Linglong and Wu Zifeng, heading towards the mission hall, preparing to use Yulong Beast Core and Dragonbone Flower to redeem points.

Of course, Wu Zifeng is not a person of Xuan Xuanzong, and naturally cannot exchange points. He is handing the beast core and the keel flower to Yue Linglong and let Yue Linglong exchange points.

Lu Ming didn't go directly to the mission hall, mainly because he also needed to sort out the storage rings obtained from Wing Devil and others.

However, Lu Ming did not return to the outside door, and now he has made such a big move. When he returns to the outside door, he will definitely return to the outside door, which will inevitably cause trouble.

Lu Ming just found a place in the inner door area, then took out the storage ring and began to tap it.

The **** crystals are piled up like a mountain, and there are many refining materials, as well as inferior artifacts of various levels.

"Ball, for you!"

Now, Lu Mingcai is very thick, and he directly took out a few ninth-grade artifacts and gave them to the ball.

Before, the ball had been transformed into a bracelet, and was worn on Lu Ming's wrist. At the moment, it turned into a round ball, picked up a few artifacts, and ate it.

In recent years, Lu Ming has not stopped feeding the ball, and the strength of the ball has been improving. Now, he has reached the eighth level of the virtual **** realm, and the strength is very strong, enough to fight against the top existence of the virtual **** list.

The ball ate on one side, and Lu Ming started to count the dragon core and keel flower.

Nine storage rings, plus the crazy ones before, it can be said that this time the top ten days of the False Gods ranking storage ring fell on Lu Ming's hands.

These people, one by one, have great strengths and great gains.

The combination of the dragon nucleus and keel flower of ten people is more than 3,000. If it is converted into points, it will be 300,000 points.

In addition, Lu Ming's own dragon beast core and keel flower have been converted into points, and there are about 60,000.

Great harvest, this is a real great harvest.

It is worthy of the existence of the top ten in the ranking of the False God List. Together, the ten people have such a big gain.

You know, Lu Ming, they are because the blood dragon curse in Lu Ming's body will attract the dragon beast and dragon bone flower, so they can hunt a large number of dragon beast and dragon bone flower.

For others, it is much more difficult to find on their own. Wing Devil and others have contributed so much, which is already very good.

"Sacred works of magic, and secret techniques, I'm here!"

Lu Ming laughed in his heart, then put away the ball and headed towards the mission hall.

When the people in the mission hall saw that Lu Ming took out so many dragon beast cores and dragon bones, they almost fell over in fright, and exchanged points for Lu Ming in shock.

"360,000 points!"

Lu Ming fully exchanged 360,000 points, sat out of the mission hall with satisfaction, and then walked towards the Tibetan Scripture Pavilion.

It is the old men who guarded the Tibetan Scripture Pavilion last time.

"Senior, I want to redeem the sacred works of magic, can it?"

Lu Ming clenched his fists to an old man.

"Are you going to redeem the sacred works of magic?"

The old man looked at Lu Ming with some surprise.

"Not bad!"

Lu Ming nodded.

"It can be exchanged, but it can only be exchanged at most. The effect is not great, and the price is very high. Do you really want to exchange?"

The old man asked again.

Those who come to the Tibetan Pavilion to exchange holy works can rarely be exchanged because the holy works can only be exchanged for the first few weights. The effect is not great, but the price is surprisingly high, and almost no one will come to exchange.

"Senior, I want to redeem the first weight, mainly because I want to study it, and I also want the senior to complete it!"

Lu Ming sincerely said.

"According to the rules, it can be exchanged. Since you are determined to exchange it, the old man will not block it. Here is an introduction to several kinds of holy works. You can see for yourself!"

The old man gave Lu Ming a jade charm.

Lu Ming took it and looked closely.

Inside are brief introductions to several sacred works of magic, all of which are amazingly powerful and have their own strengths.

"Senior, I will choose the first part of the Zhi Han Shen Ju!"

Lu Ming returned the Jade Fu to the old man.

He took a fancy to the sacred method of magical works called "The Supreme Master of Cold".

To the cold **** tactics, if you practice to the peak, you can cultivate the divine power, to the cold power, the power is extremely amazing, and it can freeze everything.

The reason why Lu Ming chose this "Zhi Han Shen Ju" is mainly because he practiced Wang Pin Shen Gong's magical method, Han Bing Shen Ju.

With the Ice God's Secret as the foundation, the practice of "The Supreme Ice God's Secret" must be faster.

"Okay, give me your identity token and exchange it for the first weight of "Zhi Han Shen Jue", which requires 50,000 points," the old man said.

Lu Ming gave the identity token to the old man. The old man took it and swiped it on an array, and Lu Ming lost 50,000 points.

This price is really expensive. If it weren't for Lu Ming, others would definitely not exchange it.

However, Lu Ming didn't give up at all. You must know that when he got the first weight, it was equal to getting the whole recipe of Hanshen.

"This is the first weight of the "Zhi Han Shen Ju", you take it!"

Then, the old man took out a scroll from the storage ring and gave it to Lu Ming.

"Thank you senior!"

Lu Ming took it with joy and put it in the storage ring.

Then, Lu Ming went into the Tibetan Scripture Pavilion and looked everywhere.

This time he came, the first thing to exchange for holy works of divine skill, in addition, he also wanted to exchange for a divine skill, and a secret technique.

Now, he has the quantification formula, which can store the divine power in it, and the divine skills can be exploded and displayed in the future. Naturally, one more divine skill needs to be practiced.

He was looking for a magical practice of speed.

When it comes to his cultivation practice, the incomplete divine skill Peng Wing, which he has previously practiced, has little effect. Others are practicing complete speed divine skills. His speed can no longer keep up with others.

Lu Ming looked around and soon came to the fourth floor.

Here, they are all sevenfold, or eightfold magic skills.

"Jiutian Kunpeng Technique!"

Suddenly, Lu Ming saw a speed-like divine skill, called Jiutian Kunpengshu, and his eyes lit up immediately.

Jiutian Kunpeng technique is a seven-speed magic skill, imitating Jiutian Kunpeng. Once cast, it is as fast as Kunpeng.

Kunpeng is not comparable to ordinary Dapeng birds. Kunpeng, even in the wilderness universe, is a terrifying existence. Legend has it that the recently born Kunpeng can freely travel through the universe, travel between different galaxy galaxies, speed Unimaginable fast.

This Jiutian Kunpeng technique is not a complete book. It seems to be a broken volume. It only has the first seven layers in the front.

The exchange price is 30,000 points.

"This is it!"

Lu Ming made a decision and intended to exchange this nine-day Kunpeng technique.

With the speed-like magic skills, next is the mystery technique, Lu Ming came to the fifth floor.

Chapter 2719: Extreme cold

On the fifth floor, there are only a few ninth-level magic skills, as well as some secret techniques.

This kind of mystery is very precious and varies greatly. Some cheap mysteries are very cheap. For example, Lu Ming's original magic change can cover the color, breath, and level of divine power. For some people, it is just tasteless, so the price is not high.

But for some secret techniques, the price is surprisingly high.

The secret techniques included in the fifth floor of the Xuanzong Buddhist scriptures are very precious and very powerful. The cheapest ones are 100,000 points.

Lu Ming looked at them one by one, and many of his heart movements were endless, but not all secret techniques were suitable for him.

In fact, there are many secret techniques, and the cultivation conditions are very strict, with various conditions and restrictions.

For example, some mysteries require corresponding divine power, or require some special materials, or have requirements on the divine body, etc.

The greater the power, the more demanding the conditions may be.

Therefore, many people can practice one kind, at most two kinds of occult techniques, both of which are remarkable. It is generally impossible to master too many occult techniques.

"Ice Chain!"

Suddenly, Lu Ming's eyes lit up, and he saw a mysterious technique called Ice Chain.

This secret technique requires control of the extremely cold divine power to practice.

Lu Ming had practiced the Ice God's Secret before, and now he has exchanged it for the first weight of the "Fair God's Secret". As long as he cultivates the Supreme Power of Cold and cultivates the Ice Chain, it is just right.

Once the ice chain is successfully cultivated, it will form several ice chains, which are amazingly powerful, have the effect of attacking the enemy and trapping the enemy, and in the future, as the cultivation capacity is improved, the power will also increase.

However, the exchange price is staggering, requiring 250,000 points.

"250,000!"

Lu Ming felt a heartache.

All Lu Ming's belongings have only a little over 370,000 points. This time, the trip to the Secret Realm of the Dragon has earned 360,000 points. Before that, there are more than 10,000 points left, which adds up to a little over 370,000 points. .

Previously, it cost 50,000 to redeem the "Hill of the Cold God", and then "Jiutian Kunpeng Technique" required 30,000. If you continue to redeem this "Frozen Chain", Lu Ming will have a little more than 40,000 points.

"Redeem!"

Lu Ming gritted his teeth and decided to exchange, leaving more than 40,000 points, which is enough for the time being. Turning points into strength is the key.

After the decision, Lu Ming came to the door and exchanged the "Nine Heavy Kun Peng Technique" and "Ice Chain" with the old man.

Seeing that Lu Ming was only a seven-fold virtual imaginary realm, but was able to score so many points, the old man was also taken aback, and speculated in his heart that Lu Ming might be a disciple of a great figure of Kong Xuanzong.

After successfully redeeming the "Nine Heavy Kun Peng Technique" and "Frozen Chain", Lu Ming went directly to the Shenmai Tower and entered the Shenmai Tower for cultivation.

In a secret room of the Shenmai Tower, Lu Ming sat cross-legged and took out the first weight of the "Zhi Han Shen Jue" and began to take a closer look.

After understanding it almost, Lu Ming began to practice.

It is indeed very difficult to practice sacred works of divine power. Even if it is only the first weight, it is the simplest. With Lu Ming's talent, it took several months to practice successfully.

After practicing the first weight, Lu Ming's body produced a ray of cold magic power, and immediately, Lu Ming opened the "Qiankun Wanda Jue".

In this way, to the cold divine power, more and more thick, and finally, in Lu Mingdantian, a magic fire condensed.

The fifth magic fire, the magic fire condensed by the cold divine power.

To the cold divine power, but the holy product divine power, the power is amazing.

Wow!

Lu Ming was running alone to the cold divine power. With a wave of his hand, his palm was covered with a layer of the cold divine power. The ice was extremely cold. The temperature in the entire chamber fell sharply.

At this temperature, I am afraid that a high-level powerhouse of the False God Realm will come in and his body will be frozen.

"It's so powerful, it is worthy of the divine power!"

Lu Ming smiled, and was quite satisfied with the power of Zhihan Shenli.

Now, there are five kinds of divine power in his body, and the power of the cold divine power is second only to the master divine power.

The Honghuang Universe is completely different from the Heaven Realm.

In Ming Dynasty and Yuan Realm, Lu Ming was in control of many laws, and the power of Binghan had long been in control.

However, that kind of ice-cold force is just the ice-cold force of the Celestial Yuan Realm, which is produced under the operation of the Heavenly Path of the Celestial Yuan Realm.

The heavenly path of the heavenly realm is completely useless for the vast universe.

Even Lu Ming controlled the mysterious laws of fate, time and space, chaos and so on in the heavenly realm, but they all existed based on the heavenly path of the heavenly realm.

In the wilderness universe, there are naturally gods in the wilderness universe, and those laws are useless in the wilderness universe.

The power controlled by the vast universe and the divine power controlled are the supreme power.

For example, if Lu Ming's extremely cold divine power that he has cultivated now, if he slammed into Heaven Realm Yuan Realm, I am afraid that the entire Heaven Realm Yuan Realm Evil God Realm will be frozen.

Even Heavenly Path must be blocked by ice.

Whether it is the law of destiny, the law of time and space, etc., it is useless and must be blocked by ice, because this is the power of the vast universe, the power of thousands of worlds, supreme.

"Continue to practice!"

Lu Ming closed his eyes and continued to practice.

The magical fire of the cold divine power has just been ignited, and it is far less powerful than other magical fires. It takes time to grow slowly.

Time flies, and Lu Ming has practiced for ten years in the Divine Vessel Tower.

In ten years, Lu Ming finally cultivated the Shenhua Divine Fire's Divine Fire to be as big as other Divine Fires, and the Divine Power was as rich. Lu Ming's cultivation practice became more and more refined, and he approached the Eighth Level of the Virtual Divine Realm.

Lu Ming's strength is undoubtedly stronger. Now if he fights with Wing Demon, Feng Yuandao and others, Lu Ming will win more easily.

Lu Ming did not leave immediately, but began to store the divine power in the Liangzi Juice. When the divine power was exhausted, Lu Ming absorbed the external divine power and continued to store the divine power in the Liangzi Juice.

A year later, Lu Ming left the Shenmai Tower and went to another place of cultivation to start practicing "Nine Heavens Kunpeng Technique" and "Ice Chain."

It's not too difficult to cultivate into the magic of the cold **** and the chain of ice, but soon, the cultivation is successful.

In an open land, large groups of wild beasts rushed towards the landing and killed Lu Ming.

This is a place for practicing magical skills. This place is in a large formation. These wild beasts are naturally condensed from the large formation, but the fighting power is amazing, and it is not afraid of death.

"Ice Chain!"

With a wave of motion in Lu Ming's heart, a few chains flew out of his body. This chain was completely condensed by the divine power of the cold, like substance.

call out! call out! call out!

Nine chains, flying in vertical and horizontal directions, entangle the nine-headed wild beasts with death, and the terrible ice-cold force wants to freeze these wild beasts.

Chapter 2720: Ice Soul

Roar! Roar! ...

Nine-headed barren beast, frantically roaring, constantly struggling to break free.

These nine-headed wild beasts all have the power of the true god. Of course, it is just the ordinary true god. It is incomparable to the wings and others.

However, the nine ice chains made a crunching sound, which seemed to be unsustainable.

"Now me!"

Lu Ming constantly manipulates the ice chain to suffocate the nine-headed wild beast, but as the wild beast struggles, the ice chain's crunching sound grows louder and louder, and at the last touch, the nine chains burst apart.

Roar! Roar! ...

Nine-headed wild beast, roaring towards the landing Ming, Lu Ming took out a long gun, stabbed nine guns in a row, and killed the nine-headed wild beast.

"Hey, it seems that the Frost Chain wants to cultivate to its greatest power, and it is not enough to rely solely on the Divine Power!"

Lu Ming sighed.

"Ice Chain" records that if you want to practice to the full, and exert the power of the ice chain, you need some special materials.

Without these materials, the ice chains, as if they had no foundation, would break at the first blow, making it difficult to exert the strongest power.

According to the mystery of the ice chain, the best material for practicing the ice chain is the cold moon stone. The coldest gas in the cold moon stone can allow the ice chain to practice to a great success.

Lu Ming left the place of cultivation, came to the Book Collection Hall, and read a large number of books, only to know that Hanyue Stone is very rare and precious, and it is almost extinct in the Qin Tianxing domain, only the Bingpo tribe.

However, the Bingbi tribe is one of the most powerful races in the Qin Tianxing domain.

In the Qin Tianxing domain, there are many races, but the strongest, as long as two, one of them is the Bingpo tribe.

The strength of the Ice Soul Clan is stronger than that of Kong Xuanzong, and even stronger than any of the three major overlord forces. Only a few forces can join forces to compete with the Ice Soul Clan.

This shows that the strength of the ice spirits.

The Hanyue Stone is an extremely precious treasure of the Ice Soul Race.

"It seems that only the ice chains should be put away first, and after the cultivation is upgraded, then go to the ice soul clan and find a way to get some cold moonstones!"

Lu Ming thought about it, and then went back to the place where he practiced divine skills, devoting himself to practicing divine skills.

Cultivation has no years, and spring and autumn come in twenty years.

In the past twenty years, Lu Ming has worked hard to practice various magical skills, and has made great progress.

"Nine Heavy Red Gold Armor" reached the third level, and "Three Exterminations of the World" also broke through the third level. As for the speed magic skill "Nine Heavens Kunpeng Technique", Lu Ming practiced the second level.

And Lu Ming's cultivation practice has also steadily increased, slowly approaching the eighth peak of the virtual **** realm.

You have to know that when you reach the high level of False God Realm, each level of improvement requires tens of thousands of years. Lu Mingneng will be able to upgrade to the eighth peak of False God Realm in 20 years, which is already very good.

In addition, the odds of the three-fold combat power triggering of the warfare tactics have also been increased to a quarter.

Trigger four times and you will succeed once.

"My cultivation base has reached the peak of the Seventh Level of the False God Realm, it is better to go all out to hit the Eighth Level of the False God Realm!"

Lu Ming thought, and then came to the Divine Vessel Tower, striking the realm with all his strength.

A few months later, Lu Ming succeeded, and Lu Ming's cultivation practice reached the eightfold level of the virtual **** realm, and his combat power increased greatly.

Lu Ming was very satisfied and consolidated it for a few more days before stepping out of the Divine Vessel Tower.

As soon as he walked out of the Shenmai Tower, Lu Ming saw a person, an acquaintance, an elder outside the door, Huo Quan.

"Lu Ming, I have been waiting for you for a few days. If you don't come out in a few days, I will go in and call you!"

Huo Quan smiled.

Obviously, Huo Quan knew from the people who guarded the Shenmai Tower that he practiced in the Shenmai Tower. This is not difficult to check.

"Elder Huo has something to do with me?"

Lu Ming asked.

"It's not me, it's the suzerain. The suzerain has something for you to do."

Huo Quandao.

"Longzhoushan finally found me something!"

Lu Ming's eyes flashed.

It has been decades since Long Zhoushan laid a dragon blood curse on him. In these decades, Long Zhoushan has not sought Lu Ming, but Lu Ming knows that Long Zhoushan will find him sooner or later.

"Sect Master asked me, what is the so-called thing?" Lu Ming asked.

"Let you go to complete a task, this task is related to the Ice Soul Clan, and, this time, not you go alone, and some people go with you, as long as you complete this task, there will be a huge Rewards, each rewards 20,000 points."

Huo Quandao.

"Go to the Ice Soul Race to do the task!"

Lu Ming moved.

What a coincidence, Hanyue Stone is only available to the Ice Soul Clan. Lu Ming originally planned to wait for the cultivation to be higher. It is best to go to the Bing Soul Clan after breaking through the real **** realm. Now it seems that it has to pass early.

Fortunately, just by the way, see if you can get some cold moonstones.

As for the reward of 20,000 points, Lu Ming didn't care too much, just by the way.

"How many people did Kong Xuanzong go with?"

Lu Ming asked again.

"This time I went to all inner disciples under the age of 10,000 years. There are nine people in total, plus you are ten, and you are the captain of this time!"

Huo Quandao, speaking of this, Huo Quan took a closer look at Lu Ming, and his eyes revealed a deep shock.

As the elder of the outer door, he was in the secret realm of the dragon, and Lu Ming was alone in fighting against the nine of the top ten in the list of virtual gods. Of course he knew.

When he first heard about it, he was deeply shocked. The first image was disbelief.

Now when he saw Lu Ming's cultivation behavior, he was shocked again.

The Eightfold False God Realm.

He remembers very clearly that when Lu Ming won the first place in the 13 assessments, Xiu was only a demigod. In just a few decades, Lu Ming's cultivation behavior was like a rocket, soaring to the false
**** The situation is eightfold.

"No wonder the Sect Master will meet him in person, it really is a wicked genius." Huo Quan secretly said.

"I am the captain?"

Lu Ming stunned.

He never expected that he was the captain this time.

"Yes, this is what the Sect Master personally ordered, and this is your captain's command flag, representing your captain's authority. During this mission, the other nine people will all obey your orders."

In words, Huo Quan took out a signal flag that was larger than the slap.

The flag is golden yellow, just like gold casting.

"Ok!"

Lu Ming nodded silently and took over the flag.

"Come with me, everyone else, have been waiting for you for two days."

Huo Quan smiled, turned and flew in one direction, Lu Ming followed.

...

In the inner gate area, on a piece of open space, there are nine young people waiting.

These nine people, male and female, all look young, all under ten thousand years of age, and they are all disciples of the inner gate, and their cultivation practices are all in the true **** realm.

Undoubtedly, those who can break through the true **** realm in 10,000 years are all dragons and phoenixes, and talented generations.
