

D Emperor 2731

Chapter 2731: Hanyu Bingfeng

Everyone watched the map carefully.

At the southernmost part of the map, there is a red dot, shining,

"This red dot is our current location, and the center of the map is our destination."

Bing Qing explained, then pointed to the center of the map.

There is a sign, a sign of an iceberg, in the center of the map.

"You remember this map first, if we are separated later, we will meet at this center, and, within half a year, we will meet here and go out together."

Bing Qingdao.

Everyone immediately focused their attention and wrote down this map.

Reaching the true **** realm, you can almost forget it, and soon everyone will write down the map.

"go!"

Bingqing put away the map, and the people flew northward.

Huh...

The cold wind is astonishing and the temperature is amazing.

However, at such a low temperature, there are still creatures in this world.

On the icebergs and in the valleys, there are a variety of different plants. Some are white as jade, some are red as fire, and some are green.

In the valley, occasionally some figures of creatures can be seen flashing by.

Everyone secretly claimed that nature, indeed, is nothing strange.

Soon, they flew tens of millions of miles away, but there was a long distance from the center.

Karma!

At this moment, a sharp and piercing sound sounded, and then, above an iceberg, a white light rose into the sky, bringing a whistle of cold wind, and rushed to the landing song and others.

"That's... Phoenix!"

When everyone saw the white light, they were taken aback.

The white light body is a snow-white bird, which looks exactly like the **** beast Phoenix.

"It's Hanyu Bingfeng, be careful!"

Bing Qing drinking reminder.

Quack!

The speed of Hanyu Bingfeng was amazing, and in a blink of an eye, it rushed. Its wings and a bar of ice crystals, like ice swords, came to the landing and stabbed them. The power was very terrifying.

Everyone took action, running the magic power to resist.

In Lu Ming's hand, a spear appeared, sweeping towards a crystal of ice.

Keng!

The ice crystal was smashed by Lu Ming.

However, Lu Ming's face changed.

He found that the power on the ice crystal was amazing.

Sure enough, some repaired ones were weaker, backed up by the ice crystals, and vomited blood.

Quack!

Han Yubing Feng chirped, her wings fluttered continuously, endless ice crystals, entrained by the cold wind, swept toward them.

"Beast, I beheaded you."

A voice sounded, but it was the captain from the Xiemo Academy.

This man is called Liu Shangkai. At this moment, he burst out with a black magic power, and he threw several punches in a row.

Liu Shangkai, as the captain of the Xiemo Academy, is in control of the divine power and the fighting power is absolutely terrible.

Several punches came out, several punches rolled out, and a lot of ice crystals were crushed.

Uh!

Liu Shangkai, turned into a black light, rushed towards Hanyu Bingfeng.

"Holy Seal!"

Liu Shangkai's indifferent voice sounded, with several black marks on his face, flashing a bright black light, and then a large black seal was actually formed, and suppressed towards Hanyu Bingfeng.

Quack!

Han Yu Bingfeng made an angry tweet, opened his mouth, and a white beam of light bombarded it, bombarded with the seal of Liu Shangkai.

boom!

There was an amazing roar between the two. The beam of light sprayed by Han Yu Bingfeng was shattered. However, the power of Liu Shangkai's big seal also weakened a lot. He continued to suppress it and Han Yu Bingfeng spread his wings. Wings are like ice skates and come out one by one.

boom!

The large seal produced by Liu Shangkai exploded directly, and his figure receded. The marks on his face seemed to crack open, and blood shed.

Liu Shangkai actually lost to Han Yu Bingfeng.

Many people were shocked. Liu Shangkai's strength was absolutely amazing, but he still lost to Han Yubingfeng. Others went up, not a dead end.

Han Yubing Feng repelled Liu Shangkai, with a flap of wings, turned into a white light and rushed towards the crowd.

"roll!"

At this moment, Bing Qing shot, and his whole person seemed to turn into a sword light, exuding a cold breath.

Hanyu Bingfeng, her wings chopped out like a sword, blasted with Bingqing's sword light.

Boom!

The cold was overflowing, and the figures of Hanyu Bingfeng and Bingqing retreated at the same time.

But then, the two killed again in the past, fighting fiercely together, fighting a dozen tricks in a row, it is difficult to distinguish the outcome.

"blocked."

Others were overjoyed, and at the same time, Bing Qing's strength shocked them.

Bing Qing's combat power is still above Liu Shangkai.

Quack...

Han Yu Bingfeng kept fighting for a long time, and issued an angry tweet, the offensive became more and more violent, but Bing Qing's combat power was very powerful, completely blocking Han Yu Bingfeng, and even prevailed.

But at this moment, everyone's face changed greatly.

Because, around the area, there was a sharp cry.

Then, from above some icebergs, a figure rushed out.

Hanyu Bingfeng, all of them are Hanyu Bingfeng. At a glance, there are eight of them, plus the previous one is nine.

The eight appeared in the back, with huge body and wide wingspan, more than two hundred meters, with a terrible breath, definitely not under the previous one.

Everyone's face turned ugly to death.

So many Hanyu Bingfeng appeared at once, how to fight?

Eight Hanyu Bingfeng screamed through the sky. Their wings and dense ice crystals thundered towards the landing.

"Block it!"

Someone shouted, and everyone broke out to resist these ice crystals.

call out! call out! ...

Lu Ming's spear continued to swing out, and in an instant, dozens of ice crystals were stabbed.

And Lu Ming's figure also drifted backwards. The power of these ice crystals is very amazing.

what! what!

There were several screams in a row, not everyone can stop them. Several young people were pierced by ice crystals, and the whole person was directly frozen. Then they touched and burst into pieces.

There was no loss on Kong Xuanzong's side. Lu Ming was alone, blocking dozens of ice crystals and sharing a lot of pressure.

But at the moment, those Hanyu Bingfeng are approaching.

"Go, go!"

At this moment, Bing Qing repelled that Hanyu Bingfeng with a sword, rushed towards the landing Ming, they gathered, and rushed in a direction without Hanyu Bingfeng.

Quack...

A total of nine Hanyu Bingfeng, they chased to the landing Ming.

The two sides chased and fled, and flew tens of thousands of miles in a blink of an eye, but the nine cold jade ice phoenixes were still chasing.

Everyone's face was gloomy, but they didn't expect such a bad luck. Soon after they came in, they encountered nine such terrible Hanyu Bingfeng.

"No, let's go on like this. Sooner or later, we will be caught up by nine Hanyu Bingfeng, and then we will be surrounded by only one dead road."

Someone said.

"How about that?"

Someone asked.

"Go away."

Bing Qing spoke and made a decision.

"Go away!"

Other people's expressions also moved.

Chapter 2732: Chasing after

"Good, go separately."

Bing Qing repeated another sentence, and then said: "Han Yu Bing Feng has only nine. We walked apart and divided into dozens of batches. In this way, at least some people will not be chased by Han Yu Bing Feng."

"Also, if Han Yu Bingfeng is also chased separately, the number is small, and it is more convenient for us to get out, at least not to be blocked."

"So, what if nine Hanyu Bingfeng did not separate, but joined together to chase a group of people?"

Someone asked again.

"That can only be regarded as the bad luck of those people."

Bing Qingdao.

Some people have a pale complexion, and some are ugly.

If they escaped separately, nine Hanyu Bingfeng stared at a group of people chasing, then there was really only one way to go.

"I agree, go away."

Liu Shangkai spoke first.

"I agree!"

Then Lu Ming also spoke.

The captains of two successive Zongmens agreed, and Bingqing clearly agreed, and several other Zongmens could only agree.

"Okay, how to divide? We decided for ourselves, and then, when we are separated, we will meet at the center of the map."

Bing Qingdao, and then instructed to divide the Tianjiao of more than fifty ice souls into twelve teams, dispersed them, and flew in all directions.

Lu Ming and others also dispersed.

Each sect of them was divided into a team, and they flew in a random direction.

Ten people from the empty Xuanzong gathered together.

In this way, the twelve teams of the Ice Soul tribe, together with the six major schools, are eighteen teams.

While Han Yu Bingfeng has only nine, it is naturally impossible to chase down 18 teams at the same time.

Nine Hanyu Bingfeng chirped several times, all separated, divided into nine directions, chasing towards nine of them.

"Hahaha, it's great not to chase us!"

"Lucky, run away!"

Nine of these teams were not pursued by Han Yu Bingfeng. They were immediately overjoyed, speeded up, and fled forward.

"Damn, chasing us."

"Unlucky."

Those teams chased are ugly, but fortunately, there is only one chase, and there may not be any hope of escape.

Lu Ming and they were also pursued by a Han Yu Bingfeng.

"It's really ugly."

The long-faced young man scolded, exhausted all his divine power, and flew with all his strength.

Han Yu Bingfeng's strength, they are very clear, too strong, even if the captain of the Magic Demon Academy Liu Shangkai is not an opponent, most of them are also invincible.

The two sides chased and fled, and two hours passed, and they no longer knew how far they had escaped. However, Han Yu Bingfeng still chased behind them.

Moreover, due to the long flight time, their divine power is consumed in large quantities, and Han Yu Bingfeng seems to have endless power, and the distance between them is gradually getting closer.

It will sooner or later be caught up like this.

"How to do?"

"It really doesn't work, fight it."

Several disciples of the Emperor Xuanzong roared, expecting others to come to the rescue. It was impossible. At this moment, they had already dispersed with the other Zongmen.

"You go first, I'll block him."

At this moment, Lu Ming suddenly spoke.

what?

Everyone else was shocked.

Lu Ming wants to stay alone to block this cold jade ice Phoenix?

Although Lu Ming's strength is strong, I am afraid it is definitely not the opponent of this Han Yu Bingfeng. Previously, Liu Shang'ai's strength was amazing enough. They all fell in the wind and Lu Ming was mostly invincible.

Uh!

Lu Ming's flying figure stopped suddenly.

Seeing this, Kong Xuanzong and others gritted his teeth and could only continue to fly forward.

Quack!

Han Yubing's phoenix croaked, and her sharp, cold eyes stared at the landing croak, quickly approaching.

"bring it on!"

Lu Ming whispered, a strong war intention permeated his body, and the war word tactics tripled the fighting power, burst out.

Lu Ming stopped, naturally not holding an attitude of self-denial. The reason why he stopped. First of all, An Hai is a good person. Lu Ming did not want the other party to die in the hands of Han Yu Bingfeng.

In addition, Lu Ming was sure to get out, and this was left.

If Lu Ming was not sure to get out, he would not stay.

"Let me see how strong you are."

Lu Ming's eyes narrowed, running "Nine Heavy Red Gold Armor", a red gold armor emerged.

"Three strikes to destroy the world!"

Lu Mingshi exhibited the strongest trick, the human-gun combination, turned into a dazzling lance, piercing Hanyu Bingfeng.

Quack!

Hanyu Bingfeng croaked, and its body was covered with a thick layer of ice armor. Under the blessing of horror speed, it seemed that a sword had pierced the void.

A sword light, a lance, struck each other at a very high speed.

boom!

A horrible roar, the force of the two colliding, forming a circle of shock waves, rushing in all directions.

Lu Ming felt a terrible force and rushed towards him. Lu Ming's body was violently shocked. His body flew back a few hundred miles before he stopped.

"Good strength!"

Lu Ming felt qi and blood inside his body, and a trace of blood ran out from the corner of his mouth.

The confrontation just now, Lu Ming fell completely downwind, Han Yubingfeng's power is still on Lu Ming's imagination, just now, if Lu Ming had opened the nine-fold red gold armor in advance, I am afraid the injury will be more serious.

Moreover, Lu Ming is in control of the extreme cold power, and the coldness of Han Yu Bingfeng has no effect on him, otherwise, if he is replaced by another person, he may be more seriously injured.

Quack!

Hanyu Bingfeng screamed and continued to kill the landing.

"Come again!"

Lu Ming once again rushed to Han Yu Bingfeng, and exerted his magical power to the extreme.

Although Han Yu Bingfeng's strength is strong, he can't kill him in seconds. He can only be slightly injured. In this way, it can just be used to hone his magic skills.

Nine days Kunpeng technique!

In the process of rushing out, Lu Mingshi exhibited the nine-day Kunpeng technique. The whole person seemed to be transformed into a Kunpeng, and he steadily climbed 90,000 miles.

bump!

Lu Ming and Han Yu Bingfeng collided again.

This time, Lu Ming retreated abruptly, and blood bleed from the corner of his mouth. His injury was more serious, but it didn't hurt.

Lu Ming took out a healing healer that he had already bought, swallowed it in his mouth, and once again exploded all his divine power, and at the same time he performed three kinds of magical skills to kill Xiangyu Bingfeng.

Simultaneously exerting three kinds of divine skills, the consumed divine power is very amazing. With Lu Ming's current cultivation practice, attacking several times, the divine power in the body has bottomed out.

However, Lu Ming has a 'word measure'.

A large amount of divine power was stored in the word measurement tactics. At this moment, divine power continued to flow out, and the divine power in Lu Ming's body was filled again.

boom! boom! boom! ...

Lu Ming collided with Han Yu Bingfeng more than ten times in a row, and every time, Lu Ming retreated.

However, in Lu Ming's eyes, there was a strong fighting intention.

"Happy, happy!"

Although Lu Ming was injured at the moment, he was very happy in his heart. Because of such fierce fighting, several of his magical skills are rapidly improving.

Chapter 2733: Encounter Alien Academy

Both "Nine Heavy Red Gold Armor" and "Three Strikes of the World" continue to move closer to the fourth weight, and Jiu Tian Kun Peng is also approaching the second weight limit.

Subsequently, Lu Ming and Han Yu Bingfeng collided several times in a row.

"about there!"

Lu Ming secretly said.

After so long delay, An Hai and others had already fled away, and Han Yu Bingfeng could not catch up.

Moreover, after repeated collisions, although each time, Lu Ming was only slightly injured, but after so many trips, Lu Ming's injury was already quite heavy.

It is still within the controllable range, but if it continues, the injury will be serious and the source will be hurt.

"Not playing with you!"

Lu Ming chose a direction at will and cast "Nine Heavens Kunpeng Technique", just like a Kunpeng, rushing in that direction.

Han Yubing Feng whispered and chased toward the landing whistle, revealing the cold killing opportunity in his eyes.

Obviously, the continuous collision with Lu Ming can't kill Lu Ming, and has completely angered it.

Uh! Uh!

Two rainbow lights glanced through the void, pulling out two bright rays of light and going away instantly.

"If you want to catch up with me, it's a little worse."

Lu Ming smiled and urged the nine-day Kunpeng technique to the extreme. A Kunpeng really appeared on the surface of his body, which looked more illusory, but also made Lu Ming's speed soar.

"Breakthrough, third breakthrough!"

Lu Ming was overjoyed.

Unexpectedly, inadvertently, Jiutian Kunpeng broke through to the third level

Jiutian Kunpeng's technique is incomplete and still incomplete. There are only seven layers, one is more powerful than the other. Once it breaks through, the speed increases dramatically.

Uh!

Lu Ming went away in an instant, and the distance from Han Yu Bingfeng quickly widened.

Hanyu Bingfeng, unlike other gods and beasts, is not known for its speed. The strongest of Hanyu Bingfeng is its attack power. It can be hit at will. It contains the coldest air and can freeze everything.

Lu Ming also only relies on the divine power of the cold to compete with Han Yu Bingfeng for so long.

Therefore, at the moment Lu Ming's nine-day Kunpeng Peng technique made a breakthrough, Han Yu Bingfeng could not completely catch up with Lu Ming. Soon afterwards, Lu Ming had completely thrown away Han Yu Bingfeng.

"This battle is worth it."

Lu Ming smiled, and the nine-day Kunpeng skill breakthrough made Lu Ming's life-saving ability improve by one grade.

Immediately, Lu Ming found a hidden place, and swallowed a healing pill, and healed the wound.

Lu Ming's injury was not serious. He was healed a few hours later, and his body was full of energy and was at its peak.

This of course benefited from the quantification formula.

With the amount of words, Lu Ming doesn't need to worry about the consumption of divine power at all. When it is used up, it can be added in a flash.

"Han Yueshi exists in this territory. Since you are here, look for it and don't miss it."

Lu Ming thought about it, left here, and went to the central area according to the map, while rushing to the road while practicing.

Along the way, he never encountered danger again. Half a day later, Lu Ming came to an ice mountain.

This mountain range is huge, and it is between the sky and the earth. If you want to pass, you have to cross this mountain range.

Roar! Roar!

Far away, you can hear the terrifying roar in this mountain range. Obviously, in the mountain range, the terrible beasts of the survivors.

Lu Ming converged, landed on the ground, displayed his identity, and rushed in.

Roar!

Soon after rushing into the mountains, a behemoth rushed towards the landing.

This is a huge lizard, tens of meters tall, covered with white snow, exuding a cold breath, covered with a layer of ice armor, it looks amazing defense.

Lu Ming stabbed directly.

Keng!

The sound of gold and iron clashes sounded, and a spear pierced the lizard's ice armor, and the ice shattered. Make a harsh sound.

"broken!"

Lu Ming shouted, his power burst, and the spear burst out with a terrible penetration, directly through the ice armor, killing the lizard.

"This kind of wild beast is so strong."

Lu Ming thought to himself that the ice armor lizard just repaired was equivalent to the weight of the true god, but its strength was stronger than many of the true god's doubles, and it was also difficult to kill.

Among the ancestral land of the Ice Soul clan, the cold is pervasive, and the wild beasts living here are generally stronger.

After killing the lizard, Lu Ming continued to go deep into the mountains.

Next, different beasts kept killing Lu Ming, but fortunately, the strength was not particularly strong, and there did not appear as strong as Han Yu Bingfeng before.

Soon after, Lu Ming had crossed most of the mountains.

Sisisi...

Several ice armor pythons appeared, strangling Xiang Luming, the strength of these ice armor pythons was amazing, and each one was not weaker than the five-fold existence of ordinary true gods.

In addition, the defense is amazing, and it is very difficult to kill. Lu Ming also spent a lot of effort before killing him.

"The snake skin and snake bones of this ice armor python are good refining materials, capable of refining soft armor and soft whip of the middle grade artifact level."

Lu Ming thought, and then started to peel off the snake skin and snake bones of several ice armor pythons.

This kind of thing, refined soft armor and soft whip, is most suitable for the strong people who cultivate the ice-cold attribute divine power. It has doubled the power and can sell for a good price.

"in danger."

Lu Ming, who was in the process of peeling the snake skin, suddenly jumped in his heart, and his figure moved 100 meters.

bump! bump! ...

Several black rays of light bombarded Lu Ming's foothold just now, and there was even a ray of light, chopping on the ice armor python and cutting the ice armor python into two pieces.

"Good power!"

Lu Ming's pupils shrank, and the defense of the ice armor python was very clear. Even if he used his full strength, he couldn't break so easily.

Uh! Uh! ...

The figure flashed, a dozen figures appeared not far away.

"Alien Academy, Liu Shangkai."

In Lu Ming's eyes, a cold flash of light flashed through.

These dozens of people are the people of the Xiemo Academy.

Originally, there were 18 people in Xiemo Academy, but now it seems that there are only 16 people. It seems that two people have fallen before.

It was Liu Shangkai who was headed.

"Lu Ming, you are empty Xuanzong, only you are left?"

Liu Shangkai glanced.

"How about one person?"

Lu Ming said lightly.

"It's nothing. I can only say that you have bad luck. I actually met us here. I was in Bingpiaoxing, and I was blocked by Bingqing. Now, no one helps you..."

Liu Shangkai's icy opening, a powerful murderous opportunity, came out unabashedly.

"If you want to kill me, you have to pay a terrible price."

Lu Ming held a spear in his hand, and a mighty war intention spread out.

"I go to the main attack, you will launch a long-range attack to support me, and bombard him as soon as possible."

Liu Shangkai gave a voice to others in the Xiemo Academy.

The strength that Lu Ming showed at the beginning was too amazing. Except for him, everyone else was unreliable and could easily be killed by Lu Ming.

Only when he stepped forward, others attacked from behind, could this be guaranteed.

Chapter 2734: Battle of Liu Shangkai

Uh!

After the voice transmission was completed, Liu Shangkai's figure rushed out directly, and at the same time, the black lines on his face glowed, bursting out several black rays.

This black light is the light that attacked Lu Ming before. The power is extremely amazing. Lu Ming dare not carelessly.

boom!

The fighting intention was turbulent, Lu Ming directly triggered the double fighting power of the war character tactics, the five **** fires in the Dantian were burning, and all the **** power broke out instantly.

In an instant, Lu Ming stabbed dozens of guns and dozens of gunshots in a row, stabbed out, and collided with the black light attacked by Liu Shangkai.

boom! boom! boom! ...

The continuous roar sounded, the ice on the ground exploded, and Lu Ming was shocked, feeling a powerful force coming towards him, making his body recede.

Buzz! Buzz!

The long gun in Lu Ming's palm kept shaking, and he felt a numbness in the hand holding the gun.

"Good strength."

Lu Ming's face was dignified.

Liu Shangkai's strength is really amazing. The five-fold cultivation of the true god, controlling the divine power, the strength is far from comparable to Anhai and others.

"kill!"

At the same time, other people in the Xiemo Academy also took action, such as Huya and others, all of which took the opportunity to attack a terrible attack.

Lu Ming directly runs the nine-fold red gold armor, a red gold armor covering the whole body, and at the same time, Lu Ming retreats to avoid these attacks.

"Want to hide, leave me!"

Liu Shangkai spoke indifferently and killed Lu Ming again.

The black lines on his face began to glow again, bursting out with a black ray of light. This black light was sharper than the magic knife, and the speed was amazing.

"Come again!"

Lu Ming shouted, and the fighting intention suddenly became stronger. He had successfully triggered three times the combat power. Then, Lu Ming used the World Extermination three strikes.

The gun burst out and bombarded with the black light from Liu Shangkai once again.

This time, Lu Ming successfully broke through Liu Shangkai's attack, and at the same time, blocked all other people's attacks.

"Sure enough, some strength."

Liu Shangkai's cold voice sounded, but the killing in his eyes was stronger.

The stronger Lu Ming is, the more he must get rid of.

"kill!"

Liu Shang kai Changxiao, the breath is more horrible, he was covered with a layer of black magic power, like a demon god.

The lines on his face were more radiant, and then, a large seal was condensed in his hands and slammed down towards the landing.

boom!

The Great Seal is like a mountain, the power is extremely terrifying, it hasn't fallen yet, the terrible strength is surging, and the ice on the ground is constantly exploding.

The huge big seal directly enveloped Lu Ming in it.

This trick, Lu Ming has seen Liu Shang kai used to deal with Han Yu Bingfeng.

You know, Liu Shang kai did not control the cold divine power, and when he fought with Han Yu Bingfeng, he had to resist Han Yu Bingfeng's extreme cold, but even so, he can still contend with Han Yu Bingfeng, showing his power.

"Three strikes to destroy the world!"

Lu Ming didn't dare to carelessly and made a move with all his strength.

A dazzling spear burst into the sky, bombarded with the black seal, and a huge roar erupted. Then, a figure fell directly towards the ground and hit the ground heavily.

It is Lu Ming.

Liu Shangkai's strength is indeed extremely amazing, even though Lu Ming used all his strength, he still lost.

"Good opportunity, kill!"

Huya shouted, and shot with the others in the Xiemo Academy, attacked and attacked Lu Ming.

boom!

The ground exploded, and a figure resembled a Kunpeng, rising into the sky.

Although Lu Ming lost to Liu Shangkai, the injury was not too heavy. Now he transported Jiutian Kunpeng surgery and went straight to Jiuxiao, avoiding the attack of Huya and others.

"Want to leave, leave me."

Liu Shangkai, like a black magic light, also rose into the sky and killed Lu Ming.

"go!"

Lu Ming is not in a war of love, performing Jiu Tian Kun Peng, turned and left.

With his current strength, it is still worse than Liu Shangkai. With the help of the others from the Magic Demon Academy, he is definitely not an opponent. If he fights hard, the danger is him.

Jiu Tian Kunpeng skill is the third level, the speed is amazing, Lu Ming seems to turn into a phantom, hurried away.

"Humph, I want to escape in front of me, dream, devil wings!"

Liu Shangkai drank coldly, the lines on his face were more radiant, and then spread towards other parts of his body. Soon, other parts of his body were covered with lines, and then, behind his back, a pair of wings suddenly stretched out .

A pair of wings like demons.

This is a natural secret technique of the Liu Shangkai family.

Uh!

After reaching out the devil's wings, Liu Shangkai's speed suddenly increased suddenly and rushed towards the landing. The speed was even a bit faster than Lu Ming.

It's not that his natural secret technique is stronger than Jiutian Kunpeng's technique, but Liu Shangkai's cultivation is higher, and it is naturally faster.

Lu Ming's complexion changed slightly, his spirits boiled, and he flew forward with all his might.

The speed of both of them is very amazing. Some wild beasts along the road found them, and they were too late to attack, and the two passed by.

"Quick, keep up."

Others in the Xiemo Academy also rushed in the direction of landing Ming and Liu Shangkai flying away.

Lu Ming and Liu Shangkai flew a distance of tens of thousands of miles in a blink of an eye, but the distance between them was getting closer and closer.

"You can't walk away, if you don't kill you today, I won't call Liu Shangkai."

Liu Shang kai spoke indifferently, his hands waved, and several black rays chopped towards Landing Ming, bombarding directly on Lu Ming's Nine Heavy Red Armor, almost making Lu Ming's Nine Heavy Red Armor shatter.

call out! call out! ...

Liu Shang kai continued to attack, and Lu Ming waved his gun to resist.

In a flash, it was thousands of miles away.

Yep?

Suddenly, Lu Ming looked, and there was a grand canyon in front of him. There was a terrible cold in the grand canyon. This cold even made people feel dangerous.

Without looking back, Lu Ming rushed directly into the Grand Canyon.

Wow!

After Lu Ming rushed into the Grand Canyon, he found that it was not an ordinary canyon. Below the canyon, it was all water.

Yes, in such a cold place, there is water, like a long narrow lake.

On the lake, white mist continued to diffuse, which severely obstructed the canyon's view.

嗤嗤...

Amazingly, the white mist spreading out of the lake surface made a snorting noise as soon as it touched Lu Ming.

Lu Ming was running the Nine Heavy Red Gold Armor at the moment, but at this moment a layer of frost appeared directly on the surface of the Nine Heavy Red Gold Armor. The Nine Heavy Red Gold Armor was severely damaged and a terrible chill spread to the body of Landing Ming. .

"It's a terrible chill."

Lu Ming was taken aback.

The cold that permeated the lake surface was so cold that even the nine heavy red gold armor had to be frozen.

Lu Ming hurried to the cold divine power, which only counteracted the cold outside.

However, Liu Shangkai didn't have the magical power of coldness, he used his full power to resist, but the surface of his body was still covered with a layer of frost, cold and bone-shattering.

Chapter 2735: Baby under the lake

Liu Shangkai's speed slowed down involuntarily, and even put away the devil's wings, because the devil's wings were also covered with a layer of frost.

"This is a good place, then go deeper."

Lu Ming glinted in his eyes, and then put away the cold divine power. Immediately, Lu Ming was covered with a layer of frost, a picture almost frozen into a snowman, and continued to flutter toward the depths of the canyon.

Seeing Lu Ming look like this, Liu Shangkai thought that Lu Ming could not resist.

"Huh, the cold here is so terrible, forgive you that a false **** is too heavy to resist, here is your burial place."

Liu Shang kai saw the killing colder in his eyes, and continued to chase down to Ming Ming.

Soon, they went deep into the valley, and the cold here became even more terrible.

"What is under the water? What a terrible chill came out here?"

Lu Ming thought about it, a little curious, and at the same time, his speed slowed down.

"Boy, die for me."

Liu Shang kai drank coldly and launched an attack on Landing Ming.

However, he has to resist the cold outside while launching an attack, which is naturally much weaker than outside.

"It's you who died."

Lu Ming turned suddenly, his eyes cold and cold like a sword, he turned to the cold divine power, blocking the cold outside.

Then, all the divine power exploded and attacked Liu Shang kai.

boom! boom!

After a few roars, a figure retreated, and it was Liu Shang kai who retreated.

"You...how could you use all your strength?"

Liu Shangkai shouted in shock.

Here, the cold is too terrible. If the operation of Divine Power is resisted, the body will soon be frozen. Once the operation of Divine Power is resisted, its own combat power is bound to weaken.

But Lu Ming's attack power is not weak.

"No, you are in control of Zhihan divine power, how is it possible, that you used to obviously not be Zhihan divine power..."

Thinking of this, Liu Shangkai shouted even more shocked, incredible.

One person actually controls several divine powers at the same time.

"kill!"

Lu Ming was too lazy to talk nonsense with him, and once again killed Liu Shangkai.

The guns burst into a rainbow, revealing a terrible murder.

"Want to kill me, stop thinking."

Liu Shangkai shouted, and all over him, a pattern appeared, making his strength a little stronger.

He condensed a black big tripod and roared towards the landing.

Unfortunately, after all, he still had to divide some of his divine power to resist the cold outside, and it was difficult to express the strongest power. In the collision with Lu Ming, he fell in the wind.

boom!

The black ink was broken and Liu Shangkai vomited blood and flew back.

"kill!"

Lu Ming seized the opportunity and attacked Liu Shangkai frantically.

Wow!

Vigor surging, the water on the lake surging, aroused thousands of waves, some lake water fell on the surface of Lu Ming's body, suddenly, a biting cold, filled Lu Ming's body.

Lu Ming shivered involuntarily.

You know, Lu Ming is running to the cold divine power at the moment, but still feels so cold, the temperature of this lake is surprisingly low.

Lu Ming is still the same, Liu Shangkai is naturally worse.

He was splashed by the lake water, and his body was directly transformed into an ice cube. Even the divine power had to be frozen.

what!

Liu Shangkai roared, burning divine power, and the divine power was burning like a flame, and then the ice was melted away, and the meaning of ice cold was removed.

However, Lu Ming's attack arrived, a gun lance, stabbing Liu Shangkai's key point, he screamed, and escaped the key point, but his chest was still pierced by the gun head, and his body flew far away.

"Lu Ming, you remember for me..."

Liu Shangkai shouted, stretched out the devil's wings, turned and ran.

He knew that Lu Ming would definitely not be able to kill him today and continue to stay, I am afraid it would really fall here.

"Where to go!"

Lu Ming chased.

However, Liu Shangkai was desperately burning the divine power at this moment, and the speed was amazing. Lu Ming did not catch up for a while, and soon Liu Shangkai rushed out of the canyon.

After rushing out of the canyon, Liu Shangkai sprayed a few mouthfuls of blood, his breath was weak, and he was seriously injured.

He did not dare to stay in the slightest, turned into a rainbow, and flew to the distance.

"Unfortunately, this guy ran away."

Lu Ming didn't chase and sighed.

Liu Shangkai flew all the way, and shortly afterwards, he met other people in the Ximo Academy.

Others in the Yimo Academy were surprised when they saw Liu Shangkai injured.

"Brother Liu, what's the matter with you, Lu Ming?"

"Did Lu Ming have been killed by Brother Liu?"

The disciples of the Xiemo Academy opened one after another.

Liu Shangkai's face was more gloomy and said, "Boy Lu Ming is not dead yet. The kid is very cunning and hiding in a Jedi. I was accidentally recruited. Now I will find a place to heal."

Others heard shock in their hearts. It turned out that Lu Ming was not dead yet. It seemed that Liu Shangkai was still overcast and injured Liu Shangkai.

Immediately, they found a hidden place to stay.

Liu Shangkai did not say that Lu Ming had control over several divine powers. He had selfishness and wanted to secretly kill Lu Ming to seize that kind of cultivation method.

"I can control several kinds of divine power at the same time. What kind of magic is this? I must get it."

Liu Shangkai's eyes burst into cold light, then swallowed a magic pill and began to heal.

...

Lu Ming did not leave the canyon. The coldness of the canyon made Lu Ming very curious. Lu Ming decided to take a look.

Lu Ming went towards the depths of the gorge. The deeper the gorge, the deeper the coldness. If it were not for practicing the divine power, it would be difficult to resist.

However, Lu Ming has extreme cold power, but it can be blocked.

Soon, the canyon reached the end and was partitioned by an ice wall.

The coldness here is the strongest, and it constantly emanates from the lake.

"There must be something under this water, let's take a look."

Lu Ming made up his mind, and then turned to the cold divine power, covering his full strength, and plunged into the lake.

As soon as he entered the lake, Lu Ming shivered again, and the temperature in the lake was astonishingly low.

However, Lu Ming still blocked, and slowly dived down.

The lake is not very deep, only about 100 meters, and soon, Lu Ming came to the bottom of the lake.

"That is..."

As soon as Lu Ming came to the bottom of the lake, he found something strange. Under the lake, there was a mass of snow-white liquid, the size of his fist, suspended in the lake water, exuding an amazing chill.

Lu Ming concluded that the source of the chill here is this liquid.

"What kind of liquid is this amazing chill?"

Lu Ming looked closely, but didn't know it at all.

"This is mostly a baby, and you can't miss it."

Lu Ming slowly approached, without any abnormality, then, Lu Ming took out a storage ring, an appeal emerged, enveloped this mass of liquid, and successfully collected this mass of liquid into a storage ring .

As soon as the liquid was taken away, the temperature here rose rapidly, and the chill dropped sharply, becoming less cold.

That liquid really is the source of the chill here.

"Bring it back and study."

Lu Ming grabbed the storage ring in his hand and prepared to take it back to study slowly, but at this time, a scene that shocked Lu Ming appeared.

Chapter 2736: Refining treasures

Lu Ming's hand grabbed the storage ring and was about to put it away. At this time, a terrible chill suddenly appeared on the storage ring, almost freezing Lu Ming's hand.

Lu Ming quickly released the storage ring, only to see that a layer of frost had surfaced on the storage ring.

Click!

Then, a crack appeared on the storage ring.

The first crack appeared, and immediately the second crack appeared, and then there were more and more cracks, and finally the cracks on the top were as dense as a cobweb.

bump!

A moment later, the storage ring was like a piece of ice, which broke apart and exploded into pieces, and the mass of liquid reappeared in the lake water, emitting an amazing chill.

The storage rings were frozen and broken, and Lu Ming gaped.

Fortunately, there was nothing else in this storage ring. Lu Ming was afraid that other things would be frozen by this liquid, so he took an empty storage ring to hold this liquid. What he did not expect was Even the storage ring cannot be taken away.

"Boy, these kinds of treasures generally need to be installed with corresponding utensils, or they must be sealed before they can be taken away. If you take them directly with a storage ring like this, it will definitely not work."

In the knowledge of the sea, the sound of the word measurement tactic sounded.

"Lao Liang, what seal technique do you know? Give me one or two!"

Lu Ming said.

"Don't understand!" Liang Zijue replied, making Lu Ming roll his eyes.

"Can't I take away this treasure?"

Lu Ming was a little speechless, and he was terribly sad.

This mass of liquid is definitely a rare treasure. When you encounter a treasure, you cannot take it away.

"That's not necessarily true. Didn't you practice the ice-like secret technique? Refine this liquid directly and become a part of your secret technique. Not only can you take it away, but it can also transform your secret technique into amazing powers. ."

Measure the word.

"Yes indeed!"

Lu Ming's eyes lit up.

He came here, originally wanted to find Han Yue Shi, to cultivate the chain of ice, but in addition to Han Yue Shi, other treasures of cold nature may not be irreplaceable.

Cultivating with this mass of liquid may increase the power of the ice chain.

"Then start!"

Lu Ming showed his expectation, and immediately operated the Frost Chain Mystery. From him, nine Frost Chains extended.

"Boy, wait a minute, practice nine, it's better to cultivate one. You will focus on this chain of liquid and practice a chain of ice, so that the power of this liquid can be truly exerted. If you practice nine, spread them out, the power is not strong. ."

Measure the word and remind again.

"rational."

Lu Ming nodded, and his thoughts moved, and the other eight ice chains were put away. The remaining one, the ice chain, entangled toward the liquid.

As soon as the liquid was wrapped up, the ice chain made a clicking sound, as if it was about to be frozen.

The frost chain itself is from yin to cold, but it is frozen at this moment. It can be seen that this mass of liquid chills is heavy, and there is an amazing chill that follows the frost chain and rushed into Lu Ming's body.

Lu Ming quickly ran to control the divine power and the divine cold power to resist, and then began to absorb and refine this mass of liquid according to the method of the mysterious cold chain.

This is a difficult process, the speed is very slow, time passes day by day.

One day, five days, ten days, one month...

Lu Ming's refining is two months.

During this period, Liu Shang kai, with the people from the Demon Academy, blocked Lu Ming at the gate outside the canyon. However, after more than a month, he did not see Lu Ming coming out. Liu Shang kai thought that Lu Ming had left long ago, and then left.

After two months of refining, the mass of liquid was finally completely refined by Lu Ming and completely integrated into the chain of ice.

The ice chain seemed to turn into substance, and the ice cold bitterly exuded a terrible chill.

"Okay, okay!"

Lu Ming is extremely satisfied. The power of this ice chain is very amazing. It can become Lu Ming's killer. Once used, unexpectedly, he can trap his opponent in the ice.

Lu Ming put away the ice chain with satisfaction, and the ice chain retracted into Lu Ming's body and disappeared.

It has been refined and naturally has no effect on Lu Ming himself.

"It's been two months, so we must hurry to the central area."

Lu Ming thought, then left the valley and headed towards the central area.

Along the way, Lu Ming also searched for Han Yueshi, but unfortunately, no trace of Han Yueshi was found.

In this way, half a month later, Lu Ming finally approached his destination.

In the central area, there is a huge iceberg, this iceberg, straight into the sky, up to hundreds of thousands of meters.

This is the destination of their trip.

The Bingyu Hanxin that the Bingpo clan is looking for is above this iceberg.

However, this iceberg is not easy to go up. There is a terrible prohibition here. It is impossible to fly at all and can only climb up the mountain. However, there are many powerful wild beasts on the mountain.

Bingqing clan Ninth son Bingqing, as well as many other people of Bingpi clan, have arrived.

In addition, Liu Shangkai and others also arrived.

They did not go up the first time, but waited, waiting for everyone to come together, gather the strongest power, and then go up together.

"Someone is coming again."

Suddenly, someone looked in one direction.

Over there, nine figures flew over.

These nine people are Kong Xuanzong Anhai and others.

After a few months of trekking, they finally came here.

"Empty Xuanzong people."

As soon as Liu Xuankai saw the people of Kong Xuanzong, his eyes were filled with the cold light, and his figure moved. He rushed directly towards Anhai and others, and the powerful breath, like a mountain, pressed toward Anhai and others.

boom!

Anhai and others violently flicked back and forth, and some of them were weak, and they spurted blood.

"Liu Shang kai, what are you doing?"

An Hai was furious.

"What are you doing?"

Liu Shang kai sneered, the cold killing intention permeated, so that the surrounding coldness was more intense.

Uh! Uh! Uh!

The other disciples in the Xiemo Academy, flashing in shape, surrounded several people in Anhai.

An Hai and others suddenly turned pale.

"What about Lu Ming?"

Liu Shangkai asked coldly.

"I don't know, we broke up with him very early."

The long-faced young man answered.

"It's gone? Or, since the kid isn't here, then take you."

Liu Shangkai's gruesome opening, and the black lines on his face shining brightly, he must kill Anhai and others.

The faces of An Hai and others changed wildly, and nine people gathered in a group, laying a lot of defense.

"Brother Liu, wait a minute!?"

At this moment, Bing Qing opened his mouth and walked over.

"Nine sons, are you going to stop me?"

Liu Shangkai looked at Bingqing.

"This time, the Bingyu Clan invited you to come back to get back Bingyu Hanxin. Now Bingyu Hanxin is not available. I must make sure that we gather the strongest power. You have grudges and wait until you get Bingyu Hanxin. Solve it, I will never stop it at that time!"

Bing Qingdao.

What he meant was obvious. Now I need everyone's strength to get Bingyu Hanxin. After I get Bingyu Hanxin, you can play whatever you want.

Chapter 2737: Fight Liu Shangkai again

Liu Shangkai's face changed for a while, and then he smiled coldly and said, "Since Jiugongzi opens his mouth, I naturally have to give this face, but their empty Xuanzong offended me. This account cannot be calculated like this."

After he finished speaking, he glanced back at Anhai and others, and said: "Now I will give you a chance to kneel and kneel to give me a kowtow to admit mistakes, and I will spare your life."

"What? Let us kneel and kowtow to admit the mistake, you don't think about it."

Anhey suddenly shouted.

In front of so many people, kneeling down to Liu Shangkai and confessing his mistake, this is simply an insult.

Moreover, if this matter is passed back to Kong Xuanzong, they should not be confused. This is not only their personal shame, but also Kong Xuanzong's.

"Yes, Liu Shangkai, the injustice has the debts and the owner, Lu Ming offended you, you should find Lu Ming, not us."

The long-faced young man also shouted.

"Lu Ming is your empty Xuanzong, he offended me, you are all guilty, understand? Now, kneel down for me!"

Liu Shangkai drank coldly, and his breath was more violent, like mountains, pressing down on Anhai and others.

Several of them were weak and could not resist immediately, spit out blood, and the figure fell towards the ground and fell on the ground.

Only Anhai, the young man with long face, is still struggling to support.

"Still want to resist, let me go!"

Liu Shangkai drank coldly, opened his hands, and formed a huge palm, pressed towards Anhai and the long-faced youth, the two yelled and broke out with all their strength, but they were not at all enemies, they were crushed by their big hands, their bodies were shocked, like two The meteorites fell into the ground.

boom!

Liu Shangkai was condescending and his breath became more and more violent, pressing against Anhai and others.

"Kneel down for me!"

Liu Shangkai stepped out step by step, and the violent pressure kept pressing toward An Hai and others.

thump!

Finally, someone who was weak was unable to bear, and fell to his knees with a thump.

"Kneel!"

The other masters of the Xiemo Academy also joined in, and a breath of oppression broke out.

With so many masters exerting pressure together, the pressure is even more alarming, and the disciple of Kong Xuanzong is even more unbearable.

In the end, there were still An Hai and the long-faced youth who did not kneel down and were struggling to support.

"I'm not kneeling yet, I am looking for death!"

Liu Shangkai drank coldly and pressed down with another palm. A huge palm was formed. He wanted to kneel Anhai and others on the ground.

"Liu Shangkai, you are so majestic!"

At this moment, a cold voice sounded from a distance, the voice did not fall, a gun awn had flown, and a gun lance that condensed Liu Shangkai through the hole.

"Lu Ming!"

Liu Shangkai's eyes looked cold into the distance, over there, a figure came out of the air, not Lu Ming, who could it be?

After more than half a month of driving, Lu Ming finally came here, and happened to encounter the scene of Liu Shangkai oppressing Anhai and others.

"Boss!"

An Hai was overjoyed to see Lu Ming.

Lu Ming came out of the air and stopped a short distance away.

"Boy, you finally dare to show up, I thought you didn't dare to show up?"

Liu Shangkai said indifferently.

"Why don't you dare show up for a defeated man?"

Lu Ming smiled disdainfully.

Ok?

On the side, Bingqing and others were taken aback.

Defeat?

Has Lu Ming already played with Liu Shangkai before, and finally Liu Shangkai lost?

Lu Ming has such a strong strength?

"Nonsense, you just took advantage of the environment, now, let's see how you can fight me."

Liu Shangkai shouted, and the killing was even stronger.

"Two people, what's the matter, let's solve it later."

Bing Qing stood up to speak.

"Nine sons, you can rest assured that I won't kill him now, I just want him to kneel and kowtow to me."

Liu Shangkai said coldly.

"I mean that too."

Looking at Liu Shangkai, Lu Ming's eyes also flashed a killing intent.

Seeing that the two were struggling, Bingqing was helpless, shook his head and stepped aside.

"Lu Ming, kneel and knelt for me."

Liu Shangkai shouted, the lines on his face shone, and quickly covered the whole body.

咻咻咻...

Several black rays burst out and slashed towards the landing.

"war!"

On Lu Ming, an astonishing war intention erupted. Before him, he silently triggered the war character formula. At this moment, he successfully triggered the double combat power of the war character formula.

Buzz!

The long gun vibrated, causing the air to blast continuously. Several guns pierced the air and killed it forward.

After several consecutive roars, the gunlight and Liu Shangkai's light burst together, and Lu Ming's figure drifted back.

"Amazing..."

Although Lu Ming retreated, other people were still shocked and shocked by Lu Ming's combat power.

Lu Ming, who can actually block Liu Shangkai's attack, is inconceivable to them.

"kill!"

Liu Shangkai shouted, exerting his strength to the utmost, he pushed with both hands, a black big seal condensed out, and suppressed to the landing Ming.

Dayin aroused the waves of the sky, and the power was amazing.

Nine days Kunpeng technique!

Lu Mingshi exhibited the nine-day Kunpeng technique, like a Kunpeng, swaying straight for nine days, and under a flash, he escaped Liu Shangkai's attack.

"Want to leave, stay."

Behind Liu Shangkai, a pair of demon wings were stretched out. The same speed was amazing between the waves. He chased toward the landing and launched a fierce attack.

"Broken!"

Lu Ming suddenly turned around and performed three strikes.

boom!

In the sky, it seemed that a mushroom cloud erupted, and then Lu Ming retreated.

In head-to-head confrontation, Lu Ming is indeed not Liu Shangkai's opponent.

"Lu Ming, today, if you don't kneel, then die!"

Liu Shangkai's indifferent voice sounded and continued to kill the landing.

boom! boom! ...

The two figures flickered and collided constantly in the sky, and the speed reached the extreme, some were weak, and they couldn't even see the figure's trajectory.

"Lu Ming is going to lose!"

Someone whispered.

After continuous collision, Lu Ming's breath was a little unstable, and there was blood at the corner of his mouth.

"Kneel!"

Liu Shangkai was condescending, holding a big seal in his hand and smashed down to the landing. He wanted to suppress Lu Ming and let Lu Ming kneel on the ground.

"It's now!"

Lu Ming's eyes flickered with light, staring at Liu Shangkai's figure violently, and then performed the trick of breaking the sky, and the man and the gun rushed towards Liu Shangkai.

boom!

In this collision, Lu Ming was shocked and vomited blood. His body was like a broken kite and fell towards the ground.

Seeing this scene, Liu Shangkai showed a terrible color, a fan of demon wings, like a lightning, rushed to Lu Ming.

In an instant, he was approaching Lu Ming, but he found that Lu Ming's face was very calm, and even a sneer hung in the corner of his mouth.

"not good!"

Liu Shangkai jumped wildly in his heart and had a bad hunch.

"Ice Chain!"

At this moment, Lu Ming spoke indifferently, and a chain suddenly flew out of his body.

It is the secret technique, the ice chain.

As soon as the ice chain came out, the temperature of the surrounding space dropped sharply.

Chapter 2738: Kneel down for me

The ice chain is mainly a mysterious technique condensed by divine power, and the length can be long or short. At this moment, Lu Ming suddenly used it, like a long snake, turned into a few kilometers long, shrouded Liu Shangkai in it, and then shrank suddenly Tight, lock Liu Shangkai.

"this is..."

Liu Shangkai's face changed wildly, because he felt a biting chill and shone away towards him, trying to freeze him into a popsicle.

"Break me!"

Liu Shang kai roared, his power burst, his lines sparkled, and a black light burst out, sharper than the Divine Sword, and he slashed into the chain.

Keng! Keng! Keng!

Mars is everywhere, but the chain is unscathed.

If the ice cold liquid hadn't been refined, the ice chain could not stop Liu Shang kai's attack, but now, Liu Shang kai simply cut the ice chain.

Hula!

The ice chain shook and shrank sharply, winding Liu Shang kai away.

"Broken, broken, broken!"

Liu Shang kai roared madly, broke out constantly, and even condensed the big Indian bombardment, but it was still useless.

The terrible cold eroded into Liu Shang kai's body, and the blood in his body was frozen.

At the next moment, the chain wrapped around Liu Shang kai's body, freezing him into a popsicle.

Although Liu Shang kai has been using magic power to resist, it will not last long for this.

"Liu Shang kai was defeated."

Everyone was stunned, but did not expect that such a scene would happen, especially the disciples of the Xiemo Academy were even pale.

How strong Liu Shangkai is, they know very well, but now, even Liu Shangkai is not as good as Lu Ming. They went up and were even more vulnerable.

"What a terrible chill."

Bing Qing, as well as the Tianjiao of other Bingpo tribes, were shocked to see the landing song and looked at the ice chain.

Because of the chill that emanates from the chain of ice, even they all feel a sense of panic and a feeling of palpitations.

They themselves are experts in playing ice, and it makes them all feel chills and palpitations, which is really rare.

"Now, you kneel!"

Lu Ming stepped towards Liu Shangkai step by step, his thoughts moved, and the ice chain waved up, smashing hard towards the ground.

boom!

The earth shook and was smashed out of a big pit. Liu Shangkai fell into the big pit and vomited blood. His body was still caught in the chain of ice.

At this moment, he could not move at all, and his body was frozen.

Then, Lu Ming manipulated the ice chain again, lifted Liu Shangkai once again and smashed it down. This time, Lu Ming controlled well and directly let Liu Shangkai kneel down and kneel on the ground.

what!

Liu Shang kai roared wildly like a mad beast with **** eyes, as if he was going to eat Lu Ming.

Shame and shame, this is shame and shame.

He actually knelt in front of Lu Ming in public.

You know, he is the genius who controls the divine power, and he is also the top genius in the Astrology Academy. Once he enters the realm of the Gods, he can become the son of the Astrology Academy. In the future, he will have the opportunity to compete with the Dean of the Astrology Academy Bit.

But now, he actually knelt in front of Lu Ming in public, which is not only about his face, but also about the face of Yimo Academy.

If this matter is passed back to the Ximo Academy, he will definitely lose his qualification to become a Son.

How can a person kneeling in front of a disciple of Kong Xuanzong be eligible to become a saint? Wasn't the face of the astral academy lost?

Therefore, this kneeling is equivalent to ruining Liu Shang kai's future.

So, he hated, hate madness.

I wish I could peel and cramp Lu Ming.

"If you want others to kneel, you must have a kneeling consciousness. Look at Jiugongzi's face today and spare you not to die!"

Lu Ming said coldly, and put away the ice chain.

Now, after Lu Minghan's chains of refining melted that liquid, the power increased greatly, and Lu Ming had no fear of Liu Shangkai.

Now, it is important to climb that mountain first. Lu Ming estimates that there may be cold moonstones on that mountain.

After getting Hanyue Stone, Lu Ming will definitely cut Liu Shangkai to get rid of future troubles.

After Lu Ming put away the chain of ice, Liu Shangkai's body was still in a frozen state. He continued to work his divine power until after a while, his body recovered.

There was endless murder in his heart, but now, he refrained, holding the kill in his heart, and his face gloomy returned to the crowd of the Ximo Academy.

The crowd continued to wait.

A few days passed, and people came again one after another. Almost all the arrogances of the major gates that came in this time arrived. Of course, the number was less, it is estimated that it fell.

"Okay, now that the people are almost there, let's go, Bingyu Hanxin, right at the top of the mountain!"

Bing Qing opened his mouth, and looked at the ice peak in the distance with the sky.

"There are a lot of wild beasts on that ice peak. The most amazing. Under the ice peak, there are several terrible ice dragons. Each of these ice dragons has reached the realm of gods."

Bing Qingdao.

"What? Ice Dragon in Heavenly Realm?"

"Just kidding, the ice dragon guarding in the Gods Realm, how could we break through and find death!"

"Yes, the ice dragon in Tenjin Realm can freeze us into popsicles in one breath, Jiugongzi, have you made a mistake!"

Hearing Bing Qing's words, many people cried out.

"Yes, the ice dragon in the heavenly realm is not something we can deal with. Of course, it doesn't need us to deal with it either. I Bingpo clan, I already have plans."

Bing Qing smiled.

Everyone calmed down.

"Although Binglong is strong, my Bingpo tribe has prepared a kind of cold heart grass, and on top of this cold heart grass, a poison has been injected."

"Ice Dragon's favorite food is Han Xin Cao. Once discovered, it will definitely be swallowed in one gulp. In that case, it will be poisoned. This kind of poison is enough to make the ice dragon in the heavenly realm unconscious for half a month and half a month. , Enough for us to rush to the top of the mountain and get Bingyu Hanxin."

Bing Qing explained.

"So good!"

Everyone nodded.

Immediately, everyone converged and approached the iceberg carefully.

When they were hundreds of miles away from the iceberg, they found the ice dragons lying at the foot of the iceberg. Each ice dragon was ten thousand meters long, lying at the foot of the mountain like a few mountains.

"You are waiting for me here!"

Bing Qing urged a sentence, the figure flashed, and went towards the front.

After a long journey, Bingqing took out a jade box from the storage ring. The surface of the jade box was covered with strange runes.

Bing Qing carefully unraveled the runes, opened the jade box, took out several cold heart grasses, and placed it on the ground. Bing Qing ran away and quickly returned to Lu Ming beside them.

After the emergence of Han Xincao, it immediately exhaled a rich fragrance, exuding thousands of miles away.

A few ice dragons immediately smelled the scent of cold heart grass, his nose twitched a few times, Qi Qi opened his eyes.

Chapter 2739: Dark Ice Clan

A dragon chant sounded, shaking Jiuxiao, the entire iceberg trembles, and the vast dragon power came out, extremely terrifying.

Lu Ming and others, all converged, did not dare to move.

Celestial Realm, too powerful, is far from what they can confront, I am afraid that they can destroy them all in one move.

Boom! Boom! Boom!

Binglong got up and stepped on the ground, making the ground roar continuously.

A few ice dragons stared at Han Xincao all at once, and with a twisted body, they came near Han Xincao.

However, their eyes flashed with doubt.

I wonder why there are several cold heart grasses suddenly appear here, but although the ice dragon feels puzzled, it is still difficult to resist the temptation of cold heart grass. One mouth, one ice dragon and one cold heart grass, all swallow the cold heart grass into the mouth, one Vice enjoyment.

"It's done!"

Bing Qing was overjoyed, staring at a few ice dragons.

After the ice dragon ate Hanxin grass, he turned around and walked back, but when walking, they started to stagger their bodies as if they were drunk, and finally fell to the ground with a few bangs , And fell asleep.

"Successful, Binglong is unconscious!"

Someone called in surprise.

"Everyone, we set off, and within half a month, these ice dragons will definitely not wake up."

Bing Qing smiled and rushed towards the iceberg first.

Others followed.

Sure enough, when they approached the ice dragon, the ice dragon didn't respond at all, and still slept.

call out!

Suddenly, a sword light burst out, and there was a young man who actually stabbed a sword towards the neck of an ice dragon.

However, the War Sword stabbed on the neck of the Ice Dragon, making a crisp collision sound, Mars was shining, but the Ice Dragon had nothing to do.

"What are you doing? You want to find death. If you wake up Ice Dragon, we will all die!"

Bing Qing shouted, looking ugly, and stared at one of the young men.

That man is a arrogance of the Xiemu Academy, with greed in his eyes.

Obviously, this person wanted to kill Ice Dragon to get the body of Ice Dragon.

This ice dragon is the existence of the heavenly realm, everything on it is a treasure, brought out and worthless.

It's a pity that the ice dragon defense of Tianshen Realm is too strong, even if lying here, he can't break the defense.

Being scolded by Bing Qing, that young man's complexion also changed greatly.

"Don't act rashly, the ice dragon in the heavenly realm is not something we can kill."

Liu Shanghai also spoke.

In fact, many people just now have the same thoughts and want to kill Binglong, but now, no one dares to start.

The ice dragon's defense is too strong. If you can't kill it with one move, just hurt, wake up the ice dragon, I am afraid they will all die.

"If someone does this stupid thing again, don't blame me for being ruthless."

Bing Qing warned, and then moved on.

Soon, they crossed a few ice dragons and came to the foot of the iceberg.

When they came here, they felt a strong pressure between heaven and earth, pressing on them.

"go!"

Bingqing first rushed towards the iceberg.

Roar! Roar! ...

They only rushed thousands of meters away. Above the iceberg, they remembered the roars of roar, which originally looked like a block of ice stones. They suddenly wriggled and turned into a wild beast.

It turned out that many of the ice stones were transformed by wild beasts. At the moment they came up and immediately alarmed these wild beasts.

These wild beasts, including ice armor lizards, ice armor pythons, ice armor giant cows, etc., are all covered with ice armor, screaming and rushing towards the landing.

"kill!"

Bingqing killed him first, the sword light burst out, and in three seconds, he split the three wild beasts in half.

call out!

Lu Ming stabbed with a shot, and also pierced through a giant ice armor to kill the spot.

The strength of these wild beasts is not too strong, most of them are the peak of the virtual **** realm, and some are the strength of the true **** and the true god. It is not too difficult to kill.

They converged together, formed into a cone shape, and quickly moved forward, rushing towards the iceberg.

However, as they continue to go up, the beasts that appear have become stronger and more difficult to kill.

Gradually, the beasts of the virtual **** realm are almost gone, and almost all the beasts of the real **** realm appear.

Their speed is getting slower and slower.

Bing Qing is still brave and invincible, every move can kill a wild beast.

In addition, Liu Shangkai is also very strong. Between his waves, a black light burst out, killing a beast with three true gods.

Lu Ming shook his spear and pulled it out with one shot, drawing a triple-headed ice armor python of the true **** into two pieces.

Three of their masters opened the way, and others cooperated. Although their speed slowed down, they were still slowly upwards, slowly approaching the top of the mountain.

Continue, it won't take long for them to reach the top of the mountain.

But at this time, the mutation suddenly emerged.

Farther away, suddenly the sound of roaring beasts came, and then the mountain roared, and large groups of wild beasts rushed towards this side.

There are both left and right directions, and in front of these wild beasts, several figures are flashing rapidly.

Those figures figured out at a glance that it was not a wild beast, but... an ice soul.

Yes, it looks very similar to the Ice Soul Race, with long white hair and white eyes...

The only difference is that their skin is slightly darker.

"Dark Ice Clan, **** it, Dark Ice Clan!"

"How can they enter the ancestral land?"

Immediately, there were several arrogance of the Tianjiao clan roaring.

"Dark Ice Clan? What is Dark Ice Clan?"

Someone asked.

The Tianjiao of the Bingpo tribe have a gloomy face.

"Let me say, the Dark Ice Clan was originally a member of the Ice Soul Clan in the long past, but later, the Dark Ice Clan was sentenced to the Ice Soul Clan and started a civil war. That battle was extremely tragic, and finally I Bing The ancestral ancestors of the Bazu tribe were crushed, and their strength was greatly reduced!

"In the end, the Dark Ice Clan was defeated, and the remnants were hiding. For these years, they have been secretly fighting against my Ice Soul Clan!"

Bing Qing explained quickly and simply.

With a move in his heart, Lu Ming understood many things.

I have heard before that the Ice Soul Clan was very strong before, but then a terrifying battle broke out, the ancestral land shattered, and its strength declined a lot, resulting in a loss to the Chiyan Clan.

In the long past, the strength of the Ice Soul Clan, but above the Chi Yan Clan, is the real Qin Tianxing first power.

It turned out that there was a civil war.

"In the past, the Dark Ice Clan did not have the ancestors' tokens and could not enter the ancestral land. This time, the Dark Ice Clan could actually enter the ancestral land, and had long been ambushed in the dark!"

Bing Qing gritted her teeth.

Everyone understood the meaning of Bingqing. Obviously, the Dark Ice Clan came in earlier than them, but there should be no way to deal with the Ice Dragon. Attract other wild beasts to attack Lu Ming and take advantage of the fishermen.

"You want to get Bingyu Hanxin, impossible, go to die!"

A dark ice young man, Sen, laughed coldly and rushed towards them.

Chapter 2740: Battle of the Dark Ice Clan Tianjiao

The eyes of these dark ice tribes are full of fierce eyes.

When they approached Lu Ming, some of the wild beasts that originally attacked Lu Ming also attacked them, plus the wild beasts behind them attacked together. Several youths of the Dark Ice Clan were immediately submerged by the wild beasts. Then, in a blink of an eye, he died in the wild beast group.

However, the wild beasts they attracted naturally found Lu Ming and joined the offensive team. Lu Ming and they fell into a heavy siege.

Obviously, those dark ice youths, like dead men, sacrificed themselves, attracted a large number of wild beasts, and trapped them.

"Look..."

Someone called and looked in one direction. In that direction, the figures flickered and rushed towards the top of the mountain quickly, all of them were dark ice tribes.

They have to climb the mountain first. Obviously, their goal is also Bingyu Hanxin.

"Damn!"

Bingqing roared, revealing anxiety.

"You block it first, I rushed up first!"

Bing Qing opened his mouth, and then exploded with all his strength, slashing a terrible sword light. More than a dozen wild beasts were beheaded in a row. Bing Qing quickly rushed forward and rushed away. He wanted a person to rush up to block the dark ice clan.

Bingyu Hanxin's heart is of great importance. It is related to whether the Ice Soul Clan can rise and must not fall into the hands of the Dark Ice Clan.

Bing Qing's fighting power was amazing, and soon he rushed out of the way, gradually escaping the encirclement.

At this time, there was also a figure from the Dark Ice Clan, who suddenly turned around and rushed towards Bingqing.

After Bing Qing finally rushed out of the wild beast's encirclement, the dark ice tribe youth has arrived.

"Your opponent, it's me!"

The youths of the Dark Ice tribe said indifferently, slashing towards Bingqing.

Bing Qing waved his sword to resist and the two fought together.

The youth of the Dark Ice tribe is obviously a peerless arrogant, and is actually inseparable from the battle of Bingqing.

Other dark ice tribes are quickly approaching the top of the mountain.

Lu Ming's eyes flashed a few times, and then he exhibited a chain of ice.

call out!

A chain of ice fluttered out and pulled towards those wild beasts, a scene that surprised Lu Ming appeared. When his chain of ice was swayed out, the wild beasts actually showed fear and dared not resist, Back and forth.

"Actually it will be..."

Lu Ming Yixi, presumably because of the ice cold liquid.

Will Lu Ming let this opportunity pass, as soon as his figure flashed, he rushed out, and a few flashes, he rushed out of the beast's encirclement.

Bing Qing and Lu Ming rushed out in succession, and the pressure on others increased greatly. They had to give up their offense, turn to defense, and defend with all their strength, which stabilized their positions.

Lu Ming stretched his body and rushed towards the top of the mountain.

Seeing Lu Ming rushing out, Bing Qing was overjoyed and called: "Lu Ming, you must stop them from getting Bingyu Hanxin. If you can get Bingyu Hanxin, you will be my friend of Bingpo Race!"

Lu Ming did not respond, he rushed towards the top of the mountain.

His biggest purpose is Hanyue Stone, as far as blocking the Dark Ice Clan is concerned.

Seeing Lu Ming rushing, the dark ice clan's face was a bit gloomy.

"kill him!"

The dark ice tribe who fought against Bingqing shouted.

Immediately, there were two dark ice clan's Tianjiao, who rushed towards the landing Ming at an alarming speed, and soon approached Lu Ming, Binghan's swords, beheaded to the landing Ming one after another.

call out! call out!

Lu Ming waved his spear and killed him.

when! when!

Two roars in a row, Lu Ming felt a powerful force coming, his figure slightly retreated.

"These two are so strong!"

Lu Ming was slightly surprised, the two joined forces, even if not as good as Liu Shangkai, they would not be far apart.

"kill!"

The two dark ice tribes shouted and continued to scream to the landing and launched a violent attack.

"Ice Chain!"

Lu Ming was too lazy to fight with the other party, and directly used the ice chain.

when! when!

The opponent's sword was cut on the chain of ice and blocked by the chain of ice.

At the next moment, the faces of the two youths of the Dark Ice Clan changed greatly, because they felt a terrible chill coming from the chain of ice.

They had also cultivated the extreme cold divine power, and they were not afraid of the cold by nature, but now, this chill makes them tremble with excitement.

And, above their swords of war, a layer of ice immediately condensed, and quickly spread towards their bodies.

"how is this possible?"

The two were frightened and continued to burst into divine power to resist this chill.

But at this time, Lu Ming fully controlled the chain of ice and pulled towards the two.

The two struggled to resist. Although a few moves were blocked, their bodies were slowly frozen and their movements became slower and slower.

"kill!"

Lu Ming waved his spear and stabbed two shots in a row. The bodies of the two Dark Ice Clan Tianjiao were frozen and stiff. Even if they wanted to avoid it, it was too late. They were directly penetrated by Lu Ming's spear and fell on the spot.

Lu Ming rushed past and rushed towards the top of the mountain.

"it is good!"

Bing Qing is overjoyed.

The youth of the Dark Ice tribe who fought with Bing Qing was ugly.

The two dark ice tribe youths who were killed by Lu Ming just now, but the second of the top arrogance of the dark ice tribe this time, was actually killed by Lu Ming, which was a great loss.

"Late, he hurries now, and he can't stop it!"

The dark ice clan drank coldly.

Because at this time, the Tianjiao of the Dark Ice Clan is almost at the top of the mountain.

Lu Ming speeded up, but still a step slower. When he approached the top of the mountain, he saw that there was a huge ice platform above the mountain. The ice platform glowed, and a fist-sized piece was suspended above the ice platform. stone.

The stones are white as beautiful jade.

"Bingyu Hanxin!"

There was a move in Lu Ming's heart, which was very likely to be Bingyu Hanxin.

"Hahaha, I found Bingyu Hanxin. Bingyu Hanxin belongs to my family. My dark ice family will definitely rise, destroy the ice soul family, and become the overlord of Qin Tianxing Realm!"

The youths of the Dark Ice tribe are overjoyed.

Immediately, several youths of the Dark Ice tribe threw themselves at Bing Yuhan's heart.

However, if you want to get Bingyu Hanxin, you must first step on that ice platform.

The ice platform is large, rounded, and has a diameter of a thousand meters.

An amazing scene happened. The moment when the dark ice tribes Tianjiao stepped on the ice platform, their figure suddenly stiffened, and then, a layer of ice crystals appeared on them, instantly covering them all over them.

Several youths of the Dark Ice tribe were so frozen, just like a statue, motionless, still with a shocked expression on their faces.

The remaining Dark Ice Clan Tianjiao took a breath of breath and stopped his life.

Uh!

Lu Ming flashed a few times, appeared on the other side of the ice table, and also stopped his figure, and did not rush up.

The ice platform obviously contained a terrible chill, and as soon as the person went up, he was frozen.

The youths of the Dark Ice Clan are also considered masters. Two of them even have the fourfold existence of the True God, not worse than Anhai, but they were frozen after failing to resist for a few seconds.
