D Emperor 2751

Chapter 2751: Vassal clothing

The strong men of the other Ice Soul clan were also ecstatic, and some people even burst into tears.

The Bingyu Hanxin is the treasure of the Bingbi clan. It has extraordinary meanings for the Bingyu tribe. With the Bingyu Hanxin, the Bingyu tribe can be born with more arrogance and is expected to rise in the future.

Their Ice Soul Clan has the opportunity to surpass the Chiyan Clan once again and become the strongest overlord in the Qin Tianxing domain. They are naturally excited.

Bing Qing closed the jade box and put it away.

"Let's go back to Bingbaoxing quickly. If the patriarch and the elders would know, they would be very happy."

A strong man of the Ice Soul Race said.

Immediately, the crowd set off and returned to Bing Poxing.

After a period of time, they returned to Ice Soul Star.

And when they returned to Ice Soul Star, Ice Soul Star has fallen into a celebration.

Because, before they came back, the news about getting Bingyu Hanxin had already been passed back.

That night, the Bingzu tribe held a large banquet to celebrate Bingyu's cold heart from the ancestral land.

Lu Ming and they were all invited to the banquet.

At this banquet, the Patriarch Patriarch attended in person.

A large hall was filled with people.

On the top, it was the Patriarch Patriarch who was sitting next to him, and there were some strong people of the Bingpi tribe.

Lu Ming, sitting next to him, he saw Bing Qing in the crowd.

"Father, I can get Bingyu Hanxin this time, thanks to Brother Lu Ming of Kong Xuanzong. If it was not Brother Lu, I would never get Bingyu Hanxin back this time."

Shortly after the banquet began, Bing Qing said loudly.

"Well, I already knew about the passing of this time. I didn't expect that Kong Xuanzong was so proud of it. It was really gratifying."

The head of the Bingpo tribe smiled and said, looking at Lu Ming, said: "Lu Ming, this time you help my Bingpo tribe get back Bingyu Hanxin, and have great gratitude to my Bingbi tribe, what do you need? , Despite the opening, I can satisfy the Bingpo tribe, try to satisfy you."

"Patriarch, I don't know if I can give me some cold moonstones."

Lu Ming clenched his fists.

Although he already has six cold moonstones, but practicing cold chains, the more cold moonstones, the better.

"Han Yue Shi? How many pieces do you need?"

Asked the Patriarch Patriarch.

"That...give me ten yuan and eight yuan, that's it!"

Lu Ming smiled.

"What? Ten and eight?"

The Patriarch Patriarch, as well as some other strong members of the Pei Patriarch, looked at each other, and then all smiled helplessly.

"Lu Ming, I don't want to hide from you. Nowadays, there are few Hanyue Stones in the Binghu Clan. Even if I turn the whole Binghu Clan, I am afraid I won't be able to get ten or eight."

The Patriarch Patriarch smiled bitterly.

"so little?"

Lu Ming was very surprised.

The entire Ice Soul Clan can't get out ten and eight. Then he got six this time, isn't it a big profit?

"Well, I will call in the name of the patriarch, and call you two cold moonstones from the Ice Soul Treasury."

The Patriarch Patriarch said, he waved his hand and ordered a person to get Hanyue Stone.

"Thank you Patriarch."

Lu Ming thanked.

Hanyue Stone is so rare, it is good to get two more Hanyue Stones.

In addition to the previous six, there are a total of eight, and the remaining eight chains in the ice chain are exactly one.

It didn't take long for the man to fetch Hanyue Stone.

The Patriarch Patriarch took out the Hanyue Stone, and suddenly, two pieces of stone like the bright moon appeared, exactly the same as Lu Ming's.

"Lu Ming, these two cold moonstones, here you are."

When the Patriarch Patriarch waved his hands, two cold moonstones flew to Lu Ming, and Lu Ming quickly took it and collected it.

"And, this golden jade token, you hold it."

Then, the Patriarch Patriarch took out a golden token and waved to Lu Ming.

Lu Ming took it and started cold, and a chill came out.

"This golden jade token represents my identity as the highest guest of the Bingpo clan. You will be in other places in the future, only where you are the Bingpo clan, you can use this piece of gold jade to seek some help from the Bingpo clan."

The patriarch patriarch said.

"Thank you Patriarch."

Lu Ming overjoyed to put it away.

This golden jade token can seek the help of the Bingpo tribe, this value is high, and at a critical time, it can have a great effect.

Many people showed their envious eyes.

At the end of the banquet, the crowd dispersed.

Lu Ming and them spent another three days on Bing Po Xing. After three days, they left and returned to Kong Xuanzong.

They took the teleportation array and headed towards Kong Xuanzong. After some rush, they returned to Kong Xuanzong.

Back to Kong Xuanzong, they rushed towards the mission hall, submitted this mission and exchanged rewards.

"Lu Ming, this time, thank you for your rescue."

On the way, the long-faced young man suddenly stopped and thanked Landing for his solemn fist.

"As the captain this time, I have a responsibility to keep you alive, you don't have to thank me."

Lu Ming said lightly.

"No, this time without you, I must be dead, not to mention completing the task and redeeming the points. You saved my life. I am Liu Chang who is also a figure of mercy. What do you have to say from now on, Come in the water, go in the fire, I will never say no."

Liu Chang bowed his fists again.

This time, he was really convinced by Lu Ming.

At the first time, when Lu Ming met Lu Ming for the first time and knew that Lu Ming was their captain, he was very unconvinced and wanted to challenge Lu Ming and let Lu Ming go.

But along the way, Lu Mingzhan's talents and fighting power revealed were simply miracles, which deeply convinced him.

He planned to mix with Landing Ming later.

"Liu Chang, you now know that my boss is awesome, and fooling with my boss, you will benefit in the future."

An Hai grinned.

"My Zhao Feng, in the future, I am willing to follow the boss of Landing Ming, go up the knife and down the oil pan, and I will never refuse."

Another young man, more direct, simply called Lu Ming the boss.

"Are you going to follow me?"

Lu Ming moved and asked.

"Yes!"

Liu Chang, Zhao Feng and An Hai nodded quickly.

"You haven't joined other sons' factions before?"

Lu Ming asked again.

"No, I am a non-sectarian."

"I do not have either!"

An Hai and Zhao Feng shook their heads.

"I used to be a floating light faction, but I am willing to leave the floating light faction and follow you boss."

Liu Chang finally said.

After this incident, Liu Chang had a feeling that Lu Ming's talents were far above those sons. He might be able to defeat all other sons and daughters in the future, and he would dominate Kong Xuanzong. Such a natural arrogance, he naturally had to surrender as soon as possible. .

"Okay, then you follow me, but you must swear by the source of life and trust me sincerely, otherwise, I will not accept it."

Lu Ming said.

In Kong Xuanzong, he does need some helpers. In this case, it is more convenient to do some things.

For example, inquiring about news and the like.

Chapter 2752: The origin of Jing Yu

"Okay, I swear..."

Immediately, An Hai, Liu Chang, and Zhao Feng vowed on the origin of life.

"Liu Chang, you don't have to leave the Fuguang faction for the time being, and find out the news for me. If there is any news from the Fuguang faction, please notify me."

Lu Ming said.

"Yes!"

Liu Chang nodded.

"Go, redeem the reward."

Lu Ming said.

Soon after, they came to the mission hall and submitted the mission. Each of them received 20,000 points.

After Lu Ming ordered them, they dispersed.

After dispersing, Lu Ming immediately came to the Shenmai Tower, because he had something to do.

Since he broke through to the real **** realm, he felt that some changes have occurred in the portrait of Jingyu in the sea.

Before, he had no time to observe.

Entering the Shenmai Tower, sitting cross-legged, Lu Ming thought, and the portrait of Jing Yu flew out of his eyebrows, suspended in the air.

Then, Lu Ming turned his divine power, and a divine power was injected into the portrait of Jing Yu.

When Lu Ming's divine power was injected into the portrait of Jing Yu, the portrait of Jing Yu sparkled, and then the portrait of Jing Yu seemed to come alive, stepped out, stepped out of the portrait, and appeared in the air.

"Senior Jingyu..."

Lu Ming was very surprised.

"Jing Yu has long since fallen. I'm just a lingering mark. I'm telling you something, and it's going to disappear."

The mark of Jingyu sighed.

"Senior, what do you want me to do?"

Lu Ming asked, he had vowed in front of Baiya, with the origin of life, to help Jing Yu to complete his affairs, but he didn't know the specifics.

"In the past, your cultivation was too weak. Now that you have reached the true state of God, I will tell you everything."

Jing Yu imprinted that when he talked about this, his eyes showed a complex color, as if he was remembering, and after a while, he started to talk about it in detail.

"Taixu pilgrimage, do you know?"

Jing Yu's residual mark first asked.

"do not know."

Lu Ming shook his head.

"Oh, what area are you in, what is the star field?"

Jing Yu imprint asked.

"My place is called Qin Tianxingyu." Lu Ming answered.

"It turned out to be in the Qin Tianxing domain, and you haven't heard it before you just came out of the small world."

Jing Yu's imprint whispered a few words, and then said: "Honghuang Universe, vast expanse, Xiaoqian World is undoubtedly the smallest. Many masters of Xiaoqian World come to Honghuang Universe and will appear on some life planets."

"Countless planets of life come together to form a galaxy, and many galaxy come together to form a star field."

"The distance between different star fields is very far apart. Dominating a certain star field is a star-level force."

"However, on top of the star-level forces, there are also cosmic-level forces, which often occupy many star domains, dominating one side, and the power is strong and extremely strong."

The seal of Jingyu explained it, and Lu Ming was shocked.

Star-level forces dominate the star field.

Above the star-level forces, there are actually cosmic-level forces. One force occupies a lot of star fields. How powerful and powerful should it be?

"The Taixu Holy Pilgrimage is a cosmic force that occupies many star fields. If I remember correctly, one of the most remote star fields is the Qin Tian star field."

Jing Yu imprinted.

"Qin Tian Xingyu, is a star field under the Taixu Holy Pilgrimage? And is it still a very remote star field?"

Lu Ming was even more surprised.

"Now, you should have a general impression of the strength of the Taixu Holy Dynasty. Now let me talk about my affairs. I was originally a prince of the Taixu Holy Dynasty, ranking eighteenth, as the eighteenth prince. .."

Immediately, Jing Yu's imprint spoke in detail.

Jing Yu, the eighteen prince of the Taixu dynasty, was shocked and brilliant, and he was unparalleled in talent. Even in the history of the Taixu dynasty, they were rare. .

Such a talent, naturally encountered jealousy of others.

That is other princes, even princes.

Because there were many voices at the Taixu dynasty at that time, calling on Jing Yu to take charge of the Taixu dynasty in the future. In that case, the Taixu dynasty would surely be brought to more prosperity.

However, on a certain day, a shocking news came out that the eighteen princes were shocking the feathers, and actually defiled the current Saint Princess.

The Holy Concubine, but one of the Emperor Taixu's favorite princesses, the news came out, and the world was in an uproar.

Afterwards, Jing Yu was imprisoned for committing a monstrous crime, and was even abolished and repaired. He was sentenced to capital punishment.

And his vein was killed, the captivity imprisoned, and became history.

Lu Ming finally knew that Huangquan Mountain, Baiya and others in the Tianyuan Yuanjie were the people who followed Jing Yu.

"I was framed back then. Someone joined forces with the Holy Princess to frame me."

Speaking of which, Jing Yu's eyes showed strong unwillingness and resentment.

"Who framed you?"

Lu Ming asked.

"I don't know, maybe it's a prince, maybe another prince."

Jing Yu shook his head and said, "What I want you to do is go to the Taixu pilgrimage, find out who framed me, avenge me, and, justify my name!"

"But my strength..."

Lu Ming smiled bitterly.

Taixu sacred dynasty, that is a cosmic force. I am afraid that a master can come out casually and blow his breath. He can also blow him to death. How can he help Jingyu get revenge?

"Your strength is indeed very weak. With your current cultivation practice, you have gone to the Taixu Holy Pilgrimage and you can do nothing. Therefore, there is no time limit for this matter. It is not too late to wait until you have strength in the future. ."

Jing Yu imprinted.

"Well, are there any magic skills, secret techniques, can give me some, so that I can strengthen my strength!"

Lu Ming's eyes turned and began to ask for benefits.

Going to the Taixu pilgrimage in the future is definitely a crisis, and taking life to take risks. Now how can we do it without some benefits?

Unexpectedly, the mark of Jingyu shook his head and said: "I should give it, I gave it, "Qiankun Wandao Jue" and the original ancient word "war" are the foundations that can make you rise. Other magic skills Mystery is only secondary. Too much is not good for you."

"No more?"

Lu Ming was quite depressed.

"To be honest, it is difficult to complete my things, so you need to go through a lot of hard work along the way, so that it is possible to help me fulfill my wish. In this world, there are gains and losses, and you get "Dao Jue" and "Zhanzi Jue" will naturally require some effort. Well, my trace of imprint will soon disappear. I hope you can complete it. Also, don't forget to save the white teeth in the future."

Speaking of which, the mark of Jing Yu shook for a while, then burst like a blister, and disappeared without a trace.

Chapter 2753: Zhengtian crisis

The mark of Jingyu disappeared. On that portrait, the portrait of Jingyu also disappeared and became a blank piece of paper.

Uh!

Lu Ming originally thought that there was only one piece of white paper left, which should be useless. Unexpectedly, this white paper turned into a ray of light, and flew into Lu Ming's sea of knowledge again, suspended above the sea of knowledge.

"Um? Is this portrait useless?"

Lu Ming pondered, and then continued to inject divine power. However, there was no response at all, and Lu Ming could only do nothing.

"With my current cultivation practice, if I want to avenge Jingyu, it is definitely impossible. Now, I can still practice with peace of mind and improve cultivation practice as soon as possible."

Lu Ming shook his head and left behind the shocking thing for a while, he began to practice, and then injected divine power into the "Measure of Words".

Now, his cultivation has been greatly improved. Naturally, he has to re-inject divine power. Although the divine power injected in the virtual **** realm was not used up, it is not enough for him now.

After a while, feeling that the stored divine power was almost the same, Lu Ming left the Shenmai Tower.

"The matter of rioting the galaxy should be solved."

In Lu Ming's eyes, a flash of murderous opportunity flashed through.

You Luo Dian, Xiaoyaozong, should be removed, and Tianjie Yuanjie should be recaptured.

However, before returning to the riotous galaxy, Lu Ming plans to exchange for a star warship.

He still has tens of thousands of points, and it is enough to exchange for a better star warship.

Immediately, Lu Ming came to the inner gate area and exchanged treasures.

There are a lot of treasures here.

Artifacts, Divine Pills, various materials, star battleships, etc., can be exchanged for points.

Star warships are very expensive.

The star warships in the original Sky Army were all the lowest-level star warships. The price is naturally not particularly expensive. For some star warships, the price is very high.

Lu Ming turned around and found that the price of star warships was various, and some could be exchanged for only one hundred points.

Don’t underestimate a hundred points and turn into a Divine Crystal, that is a million Divine Crystal, the kind of starry sky warship of the Zhengtian Army is of this level.

Lu Ming, a star warship of this level, naturally looks down.

One hundred points, five hundred points, one thousand points, five thousand points...

The tallest star warship actually required one million points to be exchanged, and Lu Ming looked straight.

Finally, Lu Ming exchanged a star warship with five thousand points, which was much higher than the one with one hundred points. In addition, Lu Ming exchanged two star warships with five hundred points, planning to take it back to Zulong, etc. People use.

In addition, Lu Ming redeemed some magic pills.

These divine phantoms have a significant effect on the virtual divine realm and can quickly improve cultivation. This is for his parents, Qiuyue, and his disciples.

Finally, Lu Ming spent a total of 10,000 points. After everything was ready, Lu Ming embarked on a teleportation array and headed towards the rioting galaxy.

After spending more than a month, Lu Ming returned to Yunfeng City in Yunfeng Pavilion.

"Are you going to Zhengtianjun?"

Beside the teleportation array, an old man in charge of the teleportation array looked at Landing with surprise.

"Yes, I'm going to Zhengtianjun, is there any problem?"

Lu Ming asked.

"You may not be able to go to Zhengtianjun now."

The old man said.

"Can't go, why?"

Lu Ming asked again, with a bad hunch in his heart.

"The Zhengtian Army is fighting, and the entire Zhengtian Army's transmission route is blocked, so the transmission will not enter."

The old man said.

"What? Fighting? Senior, what the **** is going on?"

Lu Ming was shocked.

"It is said that Youluodian, Xiaoyaozong, and several other forces have joined forces to siege the Zhengtian Army, and the Zhengtian Army has retreated. Many life planets have been occupied, and now only Zhengtianxing is still struggling to support, As for the specifics, I don’t know.”

The old man said.

"You Luo Dian, Xiaoyaozong..."

Lu Ming exuded a cold murderous body, a terrible breath, filled out.

"True...True God..."

Feeling Lu Ming's breath, the old man shivered tremblingly, showing a shocked expression.

He didn't expect that Lu Ming was so young and actually a true god.

"Senior, I'm going to the star closest to Zheng Tianjun."

Lu Ming said.

"Okay, okay, the closest force to Zheng Tianjun is Wanghai Family, and I will send you to a life planet of Wanghai Family immediately."

The old man nodded again and again, so young, he reached the true **** realm, most likely a arrogant figure of a huge force, he dare not neglect.

Lu Ming embarked on a teleportation array and came to a planet in the Wanghai family, and then took out the starry sky battleship. The starry sky battleship turned into a rainbow of light and rushed towards Zhengtianxing at an alarming speed.

"What's that, so amazing speed."

"Then... that's a star warship, my God, so fast, what kind of star warship is this?"

Some people stared at Lu Ming's starry sky warship, and their eyes widened in shock.

In the blink of an eye, Lu Ming's star battleship was gone.

...

Zheng Tianxing's battle situation is more intense than Lu Ming thought.

Because most of the territory of Zhengtianxing has been broken, only the headquarters of Zhengtianjun is left.

People in other places almost retreated to the headquarters of Zhengtianjun, such as Zulong and others.

At this moment, countless large troops will be at the headquarters of the Tianjun Army, and the surrounding water will not leak.

Headquarters of the Zhengtian Army opened a large mountain guard to resist outside attacks.

"Attack, break through the large formation of the Zhengtian Army!"

In the high sky, Situ Haonan, the Sect Master of the Freedom Sect, was giving orders, and beside him, stood the Lord of the Luoluo Palace, Kang Ji, and several other power masters.

boom! boom! boom!

Several masters of the forces joined forces, and various attacks continued to lean towards the Zhengtian Army. The large array of the Zhengtian Army, constantly shaking, seemed to be blasted away at any time.

"This time, Zheng Tianjun will be destroyed!"

Kang Ji's eyes showed excitement.

Fazu has always been a serious problem for him, and he has been right against him for so many years. This time, he must get rid of Fazu.

His eyes could not help looking in one direction.

There was a magnificent Taishi chair, just suspended in the air. In the Taishi chair, a young man in Jinyi was sitting.

On the side of the Taishi chair, there were several young people standing.

Among them, Situ Haonan's two sons, Situ Feng and Situ laugh, in addition, his son, Kang Long, is also on the sidelines.

They all stood respectfully beside the Jinyi youth.

Looking at the Jinyi youth, Kang Ji's eyes showed awe.

Because, that young man in Jinyi, but one of the inner disciples of the Xiemo Academy, one of the three hegemonic strengths of Qin Tianxingyu, is also a proud character.

Such a person, with a high status, is far from him.

This time, Situ Feng and others returned to the riotous galaxy with the Jinyi youth. Several other forces immediately joined forces with Xiaoyaozong and Youluodian to attack Zhengtianjun.

Chapter 2754: Star Wars

The inner disciple of the Xiemo Academy, this identity, is no different.

Situ Feng was also lucky. He entered the Astrology Academy and joined a faction. Only then did he get to know the inner disciples of the Astrology Academy. His own cultivation practice was far from the true God.

Lu Ming, what about the high talent? How about being the first in Qin Tian's 13 cases? Silly joined Kong Xuanzong, how can the identity be compared with the inner disciples of the Xiemo Academy?

Therefore, as soon as the inner disciples of the Xiemo Academy came, several forces that had intended to be neutral immediately joined forces with them to attack the Zhengtian Army.

Several major forces joined forces and did not use the inner disciples of the Xiemo Academy to shoot. They were like a bamboo shooter, and they entered the core of the Zhengtian Army.

boom! boom! ...

After a series of attacks, they turned into a ray of divine light, rushing towards the large mountain protection array of the Zhengtian Army. The large array shook, and above them, cracks began to appear.

"How to do?"

Among the large mountain guards, the people of Zhengtianjun's face were very ugly.

"It's a big deal to fight with them, the fish is dead."

"Yes, killing one is enough, killing two earns."

Many people shouted, showing an expression of swearing to die together.

In the middle, Fazu was silent and did not speak.

Among the crowd, Zulong, Titan beetle, Nine Life Devil Cicada, etc. all looked serious.

"Unexpectedly, we escaped from the realm of heaven, but after all, we still have to die in the hands of You Luo Temple. Is this the destiny?"

Some people sighed, some were unwilling.

After all their hard work, they finally defeated the Evil God Clan and escaped from the world of Little Thousands, and came to the Honghuang Universe. After all, they still could not escape the devil claws of the You Luo Temple.

"Hopefully, Lu Ming will take revenge for us in the future."

Someone sighed.

"It's hard to say, inside the other party, there are the inner disciples of the three overlords of the Qin Tian Xingyu, the Demon Academy, which is too strong. This is not the small world of the heavenly realm. This is the huge power of the vast universe. How is Lu Ming? Can it be beaten?"

"It's true, it is estimated that the people in the Xiemo Academy will also deal with Lu Ming. Lu Ming may be unable to protect himself. After all, this is not the Xiaoqian world!"

Some celestial experts are talking, full of helplessness.

They are considered masters and strongmen in the Celestial Realm and Yuan Realm, but when they are put into the Honghuang Universe, they can't count anything, they can only be regarded as the lowest level.

Lu Ming, in the Celestial Realm and Yuan Realm, although it is an unprecedented wizard in ancient times, it is only a small world, after all, it is a big world. I am afraid it will be nothing.

Click! Click! ...

At this moment, the mountain guards made a crackling sound, and there were more and more cracks. At the last touch, they burst apart.

The mountain guard is broken, broken!

"Ready to fight!"

Someone shouted.

"Don't act rashly and defend all."

Fazu shouted and stopped everyone.

"Remember, the person they are going to kill is me. If I die in battle, you surrender. Do you understand?"

Fazu glanced at the Zhengtianjun.

"No, we would rather die than die."

"Yes, we will never surrender."

The people of Zhengtianjun shouted.

"you guys..."

Fazu is also helpless.

"Surrender? Hey, yes, we only kill a few of you, most people can surrender, as long as they are honest."

Situ Haonan, the Sect Master of Xiaoyao sneered, sneered. He stepped out first and pushed forward, and Kang Ji and others followed him.

"Don't move first, this is my order!"

Fazu commanded that his eyes became sharp, many people's faces changed, and their teeth were lowered.

"Kang Ji, Situ Haonan, I will come to accompany you to fight, I see you, who can help me?"

Later, Fazu was alone, stepping out of the air, a war sword appeared in his hand, and the fighting intentions went into the night.

Fazu alone, facing the Xiaoyaozong alone, Youluodian and so on.

"Faming, do you think you can fight against so many of us by virtue of a seventh-grade Chinese sword?"

Situ Haonan sneered.

"Who will fight me?"

Fazu shouted, the battle was like a rainbow, and swept to Situ Haonan and others.

The eyes of Situ Haonan and others turned, but no one shot, but they were very aware of the terrible power of the Fazu, especially Situ Haonan, Kang Ji, and the niches, who had dealt with the Fazu, naturally would not Take the lead.

"Huh, what's crazy? I'll meet you later."

On the side of Kang Ji, a burly man wearing a blood-red battle armor, carrying a blood-red war knife, stepped out and exuded a strong breath.

This great man is another force. The Red Blood Society is an elder who is too high, and the true **** has four levels of cultivation. The combat power is not under Situ Haonan and others.

He had never played against Fazu before, so he was naturally not afraid of Fazu.

Seeing that this person shot, Situ Haonan and others did not stop him, and just happened to use this person to touch the bottom of Fazu.

"Shoot, I will give you a shot."

Fazu looked indifferently towards the elders of the Red Blood Society.

"Arrogance, find death!"

The elder Taiyuan elder of the Red Blood Society sipped coldly, and the violent divine power burst out. The sword in his hand screamed out and slashed to the Fazu.

Uh!

Fazu also cut out with a sword.

when!

The swords collided together, and a huge roar erupted. Then, a figure retreated one after another, but it was the elder of the blood red society.

In the first move, he lost to the French ancestor, and he was beaten back.

"kill!"

Fazu shouted, resembling a rainbow of light, and killed the Taishang elder of the Blood Red Society, Jianguang broke through the sky, one after another, endlessly.

"The third peak of magic skills, you..."

The elder of the Red Blood Society was shocked.

The ancestor of Fazu is already the third peak, and with the seventh-grade middle-grade artifact, even if it is only the triple cultivation of the true god, the combat power is far above him.

He backed off again and again, trying to escape, but how could the Fazu allow him to escape, and after slashing dozens of swords in a row, one sword split the manpower and killed the spot.

"So strong!"

Many people were shocked.

"Damn!"

The leader of the Red Blood Society roared with a heartache.

The blood-red will be the true **** fourfold, there are only three people in total, but now one person has died in battle.

"Who else will fight!"

Fazu's madness glanced in all directions.

"Dare to kill the elder of the Blood Red Society, you are looking for death."

The president of the Red Blood Society roared like a mad lion, bursting out, and a terrible breath filled his body.

Five true gods!

This is the practice of the president of the Red Blood Society. His practice is stronger than that of Situ Haonan, Kang Ji and others.

The forces of the Blood Red Society were originally above You Luo Temple, Xiaoyaozong Sect, and Zheng Tianjun. This time, he wanted to stand up with his disciples in the Xiemo Academy, and then deal with Zheng Tianjun.

"Five Gods? Come on!"

In the eyes of Fazu, a strong fighting intention was revealed.

"kill!"

The Blood Red Society will grow up and drink, and the sword will burst out. In a flash, dozens of blades of light will be chopped out, slashing towards the ancestor of Fazu.

Chapter 2755: Strong ancestor

Facing the attack of the president of the Red Blood Society, Fazusi was fearless, holding his sword to face up, and the sword screamed, and the sword gleamed into the sky, slashing towards the President of the Red Blood Society.

when! when! ...

In a blink of an eye, dozens of roars erupted between the two, and then a figure retreated, the Fazu.

Facing the president of the five-fold blood red society of the true god, Fazu was suppressed, not an opponent.

"Huh, let him be more powerful, this time he will die."

The Lord Luo Youdian said indifferently.

"That is of course, this time the outcome is doomed and cannot be changed."

Situ Haonan said confidently.

"kill!"

The President of the Red Blood Society has the upper hand, and naturally will not miss the opportunity to launch a violent attack on Fazu.

"The true God is fivefold, but that's the case."

Fazu Chang's head was flying, his momentum was mad, and his fighting intent reached its peak. His divine power exploded.

when!

The two collided again, but this time, when the swords intersected, the breath of Fazu suddenly rose, and the war sword shone with dazzling light, which actually suppressed the blood red president.

Uh!

President Blood Red's body shook wildly, his body flew out like a shell.

"The true **** is fourfold!"

The blood red will growl.

"What? The true **** is fourfold, and Faming has broken through the true **** fourfold."

"How fast can he break through, **** it!"

Kang Ji, Situ Haonan and others shouted in shock.

Fazu's strength is already extremely powerful. If it is the triple of the true god, it is naturally not the opponent of the blood red president, but it is different if it breaks through the fourfold of the true god.

call out!

The swords of the ancestors of the law unite into a dazzling sword light, killing the blood red president.

President Blood Red roared and tried his best to fight against the Fazu, but it was only a few moves. He was completely suppressed. He was not an opponent. He retreated again and again, and there was blood at the corner of his mouth.

"Come and help me, come and help me!"

Blood Red will growl and growl, he is really a little afraid, so if this continues, he may be beheaded by Fazu.

"We shot together. Now is the time for the war between the two sides. The two armies are fighting. Without saying so many rules, we will kill him together!"

"Good, let's go together!"

Kang Ji and Situ Haonan shouted, completely shameless.

The words fell, one figure after another stepped out, rushing towards Fazu.

Kang Ji, niches, Situ Haonan...

There are nine masters in total, all of which are the fourfold existence of the true god, plus the blood red president, a total of ten people.

boom! boom! boom!

Ten great masters joined forces to burst out a terrifying attack and attacked the Fazu.

Faced with the joint attack of so many masters, Fazu did not dare to fight back, and the two sides launched a fierce fight.

The two sides fought together, but the two fists were invincible with four hands. After all, Fazu was only one person. Facing the siege of the top ten masters, he fell slowly.

"Despicable, a group of shameless people."

"So many people besieged the leader."

The people of the Zhengtian Army roared one by one, but unfortunately, in the face of such a war, they had no one to insert their hands.

After all, Zheng Tianjun was established only a short time ago, and there was no fourfold existence of the true god. In the past, they were completely carried by Fazu alone. Therefore, they could only watch and go up, but they would hinder their feet and distract Fazu.

bump!

Fazu was careless and was hit by one person with one palm, his body shook back, and a spit of blood spewed out.

"Faming, go die, give me die!"

Kang Ji's roaring roar, took the opportunity to kill Fazu, to kill Fazu.

"Kang Ji, if you want to kill me, I'm afraid it's still far away. Sword body technique."

Fazu groaned abruptly, his body suddenly burst into endless sword gas, and his whole person seemed to turn into a peerless sword.

Keng!

A sword qi burst out of the war sword of the Fazu and cut into Kang Ji. The terrible power made Kang Ji discolored.

Kang Ji tried his best to resist, but this sword light cut, Kang Ji's defense broke down directly, he screamed, flew out, a half-meter-long sword wound appeared on his body, almost splitting him into two half.

"Mystery, you actually practiced mystery."

Kang Ji shouted in shock.

Others are also shocked.

There are still some common mysteries in the riot galaxy, but some of the mysteries that can enhance the combat power in the riot galaxy are very few.

The Fazu obviously cultivated a mystery that can enhance combat power.

"Interesting, I want this secret technique."

Sitting in the Taishi chair all the time, a listless disciple of the door of the alien demon academy, his eyes shone slightly, revealing a trace of greed.

"kill!"

Fazu Changxiao, the sword spirit on his body, became more and more radiant, killing Kang Ji and others.

He has indeed practiced a mysterious technique, sword body technique. Once it breaks out, his sword power can be increased by 50%.

At a critical moment, the power of swordsmanship increased by 50%, which is already extremely terrifying.

"Take shots together, take shots together!"

Kang Ji was horrified, not daring to resist, and shouted as he retreated.

Others have killed Fazu.

"dead!"

Fazu's eyes exuded an astonishing murderous opportunity, slashing out dozens of sword lights in succession, and drove back the masters who had besieged him. Then he stared at one of them and launched a fierce attack.

The man was frightened and furiously resisted, but he was only a four-fold cultivation of the true god. Wherever he could withstand the Fazu at this moment, he didn't block a few moves, and he was hit hard.

"dead!"

Fazu cut off with a sword, and directly split the man in half.

Another powerful four-layered power of the true **** was beheaded.

"kill!"

After beheading this person, Fazu's momentum was stronger and he killed others.

Kang Ji, Situ Haonan, niches and others were horrified. They did not dare to resist and went back crazy.

"Okay, the mighty master!"

The people of the Zhengtian Army were thrilled to see Fazu's great power.

"Kang Ji, take your life."

Fazu stared at Kang Ji and killed him.

Among these people, the most important thing Fazu wanted to kill was Kangji. It was Kangji. He regarded Tianjie Yuanjie as a pasture, and used the arrogance of Tianjie Yuanjie to refine Shendan.

Moreover, most of the demigods who walked out of heaven were controlled by Kang Ji. As long as Kang Ji was killed, those people’s restrictions would be lifted naturally.

"Do not..."

Kang Ji was shocked and receded madly, with horror on his face.

"You can't escape!"

No one could stop Fazu from rushing towards Kang Ji, and the distance between the two sides was getting closer.

"Dragon, save me, save me..."

Kang Ji shouted to Kang Long.

"Dad, brother, please save my father!"

Kang Long was anxious and looked at the Jinyi youth.

"Relax, your dad can't die."

The young man in Jinyi spoke lightly, stood up, and stepped out. His figure, like an electric light, flew towards Fazu.

boom!

Before he arrived, the young man of Jinyi blasted out with a palm, and a black and ink palmprint was suppressed towards Fazu, and the power was amazing.

Chapter 2756: You alone?

The young man of Jinyi shot with a black palm print, which made Fazu feel a little palpitations.

Without looking after Kang Ji, Fazu cut out a sword with all his strength, and a bright sword light burst out.

boom!

With a loud roar, Fazu's sword light was chopped on the black palm print, and Jian Guang couldn't bear it. Under the shock, he directly collapsed, and the palm print kept on, blasting towards Fazu.

Fazu resisted with a sword of war, but was blasted thousands of miles directly by palm prints, a spit of blood spewed, and his face was extremely pale.

"What a terrible strength, is this the fighting strength of the disciples in the Xiemo Academy."

Fazu thought to himself, a trace of helplessness appeared in his eyes.

This young man of Jinyi was trained to reach the sixfold of the true god, and his combat power was extremely powerful, far from being comparable to that of Kang Jizhi.

Even in the same level of World War I, Fazu was not sure that he could beat this person.

"Master!"

The people of the Zhengtian Army showed a desperate look.

"Awesome, awesome, the inner disciple of the Alien Academy, really awesome, haha, Fa Ming, let me die!"

Kang Ji roared wildly in his heart and his eyes were unbearable.

"Your strength is good. It is not easy to have a person like you in the Riot Galaxy, so let's surrender your secret technique, and become a dog of mine in the future, do things for me, and I can spare your life! "

The young man in Jinyi carried his hands on his back and looked up at Fazu with a high expression.

"Hahaha!"

Fazu laughed indulgently, and then said: "If you want to kill, kill, want me to bow down, become your stooge, dream, and, want my secret technique, wishful thinking."

"Toast does not eat and drink fine wine, since you are looking for death, then I will fulfill you."

The young man of Jinyi's face was cold, his divine power flowed all over the body, and the cold murderous opportunity came out. At the same time, a sword appeared in his hand, as dark as ink.

Uh!

A terrifying blade of light shone and slashed towards Fazu.

Fazu broke out with all his strength and waved his sword to resist.

when!

The sword light collapsed, Fazu groaned, flew thousands of miles, and spurted a few mouthfuls of blood. His body showed dense wounds, all of which were small knife wounds.

Facing the Jinyi youth, the Fazu was completely invincible, and the cultivation practice was very different.

"Master!"

The people of Zheng Tianjun were shocked.

And Kang Ji and others are naturally overjoyed.

"I want to fight Brother Luo, I really don't know how to do it."

Aside, Kang Long, Situ Xiao and others sneered.

"Ask you again, the secret technique, pay it or not?"

Jinyi Youth asked again.

"If you want to kill, you want to kill, you want a secret technique and a dream."

Fazu sneered.

"Go to death, Dark Demon Sword!"

The youth of Jinyi was furious, bursting with divine power, and the strength of the whole body gathered to form a terrible dagger, killing the Fazu.

This knife, under the anger of the Jinyi youth, has exerted all his strength, and the power is extremely terrifying. The ordinary five-fold person of the true **** will be killed by a knife.

The dreaded sword mansions pressed against Fazu. Facing this knife, Fazu absolutely couldn't resist, and was going to die under this knife.

"Master!"

The people of Zhengtianjun shouted sternly.

"Death is dead!"

Fazu Changxiao, broke out with all his strength, even if he was going to die, he would die splendidly, he would die in battle, and he would not be put to death.

Rumble!

But at this moment, a deep roar came from the deep sky, and the air continued to explode.

Many people looked up subconsciously.

"That's... a star warship."

"What a beautiful starship battleship, what kind of starship battleship actually rushed into the atmosphere."

Many thoughts flashed through each other.

Ordinary people take a star warship and will stop after rushing into the atmosphere. However, now this star warship is nonstop, rushing directly towards the headquarters of the Zhengtian Army and towards them, the speed is almost extreme.

Yep?

The young man in Jinyi was also shocked, because he discovered that this star warship actually rushed towards him.

He jumped in his heart, the blade changed involuntarily, and the direction turned, instead of slashing to the ancestor, but to the star warship.

boom!

The sword light was slashed on the starry sky battleship. The starry sky battleship had nothing. Instead, it was a young man in Jinyi, his body flinched and almost spouted a blood.

And that starship battleship also stopped in the air.

Many people looked at this star warship, especially those of the Zhengtian Army, with a hint of hope in their eyes.

Obviously, this star warship just hit the Jinyi youth and targeted at the Jinyi youth. Did they come to help?

"Who? Get me out."

Jin Yi youth narrowed his eyes and snorted.

Click!

The door of the Star Wars opened, and a figure emerged from it.

"Lu...Lu Ming, it's you."

The first one to call out was not others, but Kang Long.

He was thinking about looking for revenge on Lu Ming every day. Naturally, he was very impressed with Lu Ming and recognized it at a glance.

"Lu Ming, it's him, Lu Ming is back."

"Why is he, did he bring Kong Xuanzong strong?"

The people of Zheng Tianjun were taken aback for a while, and then they hoped that the color would be more intense. They hope that Lu Ming would bring the strong of Xuanzong Sect. Then, maybe they will be saved today.

"It's this kid..."

Kang Ji, Situ Haonan and others, also radiate a cold light in their eyes.

"Lu Ming..."

Fazu was also shocked.

"Boy, you are Lu Ming."

Jin Yi youth stared at Lu Ming with a cold eye.

He has heard Lu Ming’s name. First of all, Lu Ming was the first of the last 13 cases of Qin Tian. Also, he also heard Kang Ji, Situ laughed, and Situ Feng mentioned them.

"I am Lu Ming, like a fake replacement."

Lu Ming smiled faintly, glanced at the audience, and found everyone okay, secretly relieved, and finally arrived.

"Who else does Kong Xuanzong come with? Come out. I will work at the Astrology Academy today. See who dares to block it?"

The young man in Jinyi said indifferently, and looked directly at Lu Ming, looking at the star warship's door.

He did not put Lu Ming in his eyes at all. A new disciple who joined Kong Xuanzong only could be pinched to death with one finger.

Obviously, Lu Ming's performance in the Bingpo clan, he did not know at all, otherwise, he would not be so arrogant.

"Relax, I am alone today, no one else."

Lu Ming smiled faintly, waved his hand, and put away the Star Wars.

"What? Lu Ming alone."

"bad!"

Upon hearing this, Zheng Tianjun's face changed a lot, there was some hope, and now he became despair.

Lu Ming alone, what can I do when I come? The ending cannot be changed at all.

"not good!"

Zulong, Titan longhorn, and others also changed their complexions and were worried.

"Hahaha, this kid, actually came alone, really looking for death!"

"Fortunately, I just got rid of him today, and I did a lot in one fell swoop, lest I have to find a special opportunity to kill him afterwards, so God helps me!"

Kang Ji, Kang Long, Situ Haonan and others laughed in their hearts, not to mention how happy they were.

Originally, Lu Ming joined Kong Xuanzong, as well as his talents, and they were also terrified. They originally thought that when the Zhengtian Army was destroyed, how would they find a way to kill Lu Ming? Lu Ming sent them to the door by themselves, how could they be unhappy.

Chapter 2757: One word, kill

"Stupid, stupid, hahaha!"

Kang Ji, Kang Long, Situ Haonan and others laughed in their hearts, and looked at Lu Ming's eyes as if they were looking at a fool.

"Lu Ming, you hurry up..."

Fazu shouted.

"Go, where to go, since you're here, don't go."

Kang Ji sneered, and Situ Haonan and other figures flashed around Lu Ming Tuan.

Lu Ming's star battleship was very advanced. They could see that they could not block the Jinyi youth's blow, so they blocked Lu Ming's retreat so that he would not take out the star battleship and escape.

"Did I say I want to escape?"

Lu Ming smiled faintly, his expression calm.

Fazu, Zulong, etc. were all a little stunned. They knew Lu Ming very well. They knew that Lu Ming was not such a person of Meng Lang. At the moment, he was so calm, could he rely on it?

"Boy, take you on the road."

The niche of the elder elder of Youluo Temple shouted and slammed towards the landing.

The four powerful attacks of True God, like waves, crushed Lu Ming.

"not good!"

Fazu, Zulong and others all jumped in their hearts and their faces changed greatly.

Fortunately, Lu Ming's parents, Qiuyue and others, were hidden in a hidden place because of the low cultivation level, and did not see this scene, otherwise they would really be scared to death.

"Dead!"

The niches grinned.

"It's you who died!"

Lu Ming's indifferent voice rang out, and suddenly, a spear burst out, stabbing at the niches, and the speed was almost extreme.

puff!

In front of Lu Ming, all attacks and defenses of the niches were as vulnerable as tofu. The lances penetrated directly through the eyebrows of the niches, puncturing a translucent hole.

"you you..."

The magic niche's eyes were round and round, it was hard to believe what was happening in front of it, and then the sound of the body fell to the ground without any breath.

"It's really weak..."

Lu Ming muttered.

It is also the fourfold of the true god. The combat power of the niches is weaker than that of An Hai, Liu Chang and others. With Lu Ming’s current combat power, he can be killed with a wave of his hand.

"how can that be?"

Kang Ji, Situ Haonan and others, their eyes rounded, and they looked like hell.

Lu Ming, actually killed the niches with one stroke?

Sisisi...

They sucked in cold air again and again, only feeling cold all over, cold sweat, and could not help backing away, pulling away from Lu Ming.

They secretly rejoiced that it wasn't them who just shot, otherwise, they were already dead.

"Impossible, this is impossible..."

The most shocking was Kang Ji, Situ laughed, and Situ Feng had three people. They all fought with Lu Ming, knowing Lu Ming's cultivation behavior and combat strength.

But just now, Lu Ming actually killed the niches. This is a quadruple existence of a true god. Can Lu Ming actually kill the quadruple existence of the true god? How many years has it been.

They tremble in their hearts, and there is deep jealousy.

"Guru..."

Fazu, Zulong, Titan Beetle and others, as well as those of the Zhengtian Army, couldn't help swallowing a spit, tongue gaping, completely speechless.

Obviously, Lu Ming's move just surprised everyone.

"Aren't you going to kill me? What are you doing so quickly?"

Lu Ming glanced at Kang Ji and others and spoke lightly.

Lu Ming's eyes swept away, and Kang Ji and others shivered.

"Boy, you have a little fighting power, but, in front of me, you are not enough."

At this moment, the young man of Jinyi opened his mouth, squirting with divine power, exhaling a strong breath, pressing against Lu Ming.

"Enough is enough, you will know it after a battle, but once you start, you have to prepare for my beheaded."

Lu Ming turned his eyes to Jinyi Youth and said coldly.

"The preparation for beheaded by you is ridiculous. The true God is very important and wants to kill me and die for me."

Jinyi Youth looked at the forest and was too lazy to talk to Lu Ming nonsense.

Buzz!

The long gun in Lu Ming's hand shook and he shot it out.

The guns were as thick as mountains, and they were bombarded with Jinyi Youth's sword light.

boom!

There was a huge roar, the knife light shook violently, and then collapsed, the guns continued to sweep towards Jinyi youth.

"how is this possible?"

Jin Yi youth roared in his heart, all eyes were unbelievable, and then all the power broke out to resist Lu Ming's attack.

However, when the gun was crushed down, the young man in Jinyi screamed, his body flew out like a shell, and he vomited blood.

"This this..."

Many people rubbed their eyes violently, thinking that they were wrong.

The young man of Jinyi, the disciple of the Inner Academy of the Demon Academy, was just astonishingly powerful, but at the moment, in Lu Ming's hands, he seemed to be vulnerable and completely crushed.

Especially Kang Ji, Situ Haonan and others were almost scared to death.

Those who are in the heavenly army are ecstatic.

"Fairy, wicked..."

People from the heavens muttered to themselves, not to mention how shocked they were.

Before, some people thought that although Lu Ming could create a miracle in the heavenly realm and be the strongest arrogance in the history of the heavenly realm, it might be difficult to rise to the wilderness universe, but now they found that they were wrong and wrong Especially wrong.

Evil, wherever you go, you are all evil.

Lu Ming can create miracles in the heavenly realm, and still can in the vast universe.

They understand that Lu Ming's current achievements have far exceeded their imagination.

"This speed of progress is really..."

In Fazu's heart, it was difficult to calm down.

How long did Lu Ming join Kong Xuanzong, only a few decades, and for a few decades, what did he count for a god?

However, Lu Ming has made terrible achievements.

"You want to kill me with this strength?"

Lu Ming's indifferent voice rang again, sweeping out again, and sweeping towards the Jinyi youth.

boom!

This time, the young man in Jinyi was even worse, his body shattered apart, leaving only one head suspended in the air, terrified.

"Send you on the road..."

Lu Ming said indifferently.

"No, don't, you can't kill me. I'm a disciple of the Inferno Academy. If you kill me, you will die..."

The Jinyi youth shouted, looking forward to deter Lu Ming with the Demon Academy.

"Inner disciple of Xiemo Academy? Sorry, I killed a group of them some time ago."

Lu Ming pouted.

Although this young man in Jinyi's cultivation practice reached the sixth level of the true god, which is one level higher than Liu Shangkai, its combat power was not as good as that of Liu Shangkai, and was naturally completely crushed by Lu Ming.

"Go on the road, break the sky!"

Lu Mingshi exhibited the first form of World Extermination Three Strikes, breaking through the sky, and a dazzling spear burst out and flashed by.

bump!

The head of the young man in Jinyi was directly exploded and destroyed.

"Run, run!"

Kang Ji, Situ Haonan, Kang Long, Situ Xiao and others were almost scared to death.

Lu Ming was so bold that he even dared to kill the inner disciples of the Xiemo Academy. They stayed, and they must be dead. They dare to stay wherever they are and flee wildly.

Chapter 2758: Accident

Lu Ming, will Kang Ji and others escape?

"kill!"

Lu Ming drank coldly and performed the nine-day Kunpeng technique. His figure flashed like Kunpeng, while the spear in his hand kept piercing.

call out! call out! call out!

A series of guns struck Kang Ji, Situ Haonan, President Red Blood and others.

"no no..."

Kang Ji, Situ Haonan and others almost scared their urine and snarled wildly, resisting while fleeing, but with their cultivation practices, Lu Ming was completely vulnerable in front of them.

The guns flew over, they were penetrated one by one and fell on the spot.

Kang Ji, Situ Haonan, Blood Red Master, etc., a total of seven or eight strong powers of the True God, were killed by Lu Ming.

"Kill, shoot together!"

Fazu shouted, and his voice spread throughout the audience.

"Kill, kill, kill!"

"Destroy all these debris!"

The people of the Zhengtian Army also killed one after another, and killed the people of the You Luo Temple and the Xiaoyao Sect.

Although the forces such as Youluodian and Xiaoyaozong are much stronger than the Zhengtian Army, they have no morale at the moment. They only know that they can't form the slightest fighting power. Instead, they are killed by the Zhengtian soldiers in a mess, and there are countless casualties. .

And Lu Ming kept standing and killed Kang Long, Situ laughed, and Situ Feng was three.

"Lu Ming, you must not die, ah..."

Several people knew that Kang Long couldn't live today, cursed madly, but before he finished talking, he was assassinated by Lu Ming.

Then, Lu Ming specifically killed the true **** strongmen of the major forces.

Where Lu Ming passed by, the true gods were killed and shot out, and a large number of powerful men were exploded.

"Surrender, we surrendered."

"We are willing to surrender!"

People from all major forces shouted and raised their hands to surrender.

"The surrender will not kill, but swear by the origin of life, always loyal to the true army."

Lu Ming shouted.

"I swear, I swear..."

Suddenly, a large number of people swore to declare allegiance to the celestial army.

The killing stopped, Youluodian, Xiaoyaozong and other high-level clan forces, the death, the surrender of the surrender, all belong to the Zhengtian Army.

Many people looked at Lu Ming's eyes, which was extremely complicated.

It only took a long time for Lu Ming to appear, and the situation that had to be lost was immediately reversed.

"Lu Ming, I didn't expect that it was only a few decades. Your cultivation practice has already reached this step."

Fazu flew over and smiled.

"Good luck!"

Lu Ming said modestly.

Next, nothing happened to Lu Ming. The Fazu began to send Zheng Tianjun's people to take over the territory controlled by the forces such as Youluodian Xiaoyaozong. Zheng Tianjun's strength will definitely skyrocket.

At the moment, Lu Ming has already met with Zulong, Titan Beetle and others.

The moods of Zulong, Titan beetle and others are naturally extremely complicated.

They knew that Lu Ming, a rising star in the realm, had already thrown them away.

"Senior, these things, for you..."

Lu Ming took out some storage rings and gave them to Zulong and others. There are some cultivation resources in them, suitable for the cultivation of the virtual **** realm.

"Senior, my father and mother are them."

Lu Ming asked.

"They are behind, you come with us."

Zulong and others, with a landing song, came to the back mountain of Zhengtianjun, met Lu Yuntian and others, and also saw Qiuyue, Lu Shenhuang them.

In the wilderness universe, everyone's cultivation and progress have been great.

Lu Yuntian and Li Ping's cultivation practices have already reached the emperor realm.

And Qiuyue, Xiu Wei has reached the demigod realm.

The fastest progress is actually Lu Shenhuang, has actually reached the realm of the virtual god.

It was only a few decades. Lu Shenhuang just stayed on Zhengtianxing to practice, and had no adventures. He had become a god, which was far beyond Lu Ming's expectations.

Lu Shenhuang's talent is stronger than he thought.

"Shenhuang, Qiuyue, you come with me."

Lu Mingdao, with Qiuyue and Lu Shenhuang, came to the top of a mountain, there was no one else here.

"Qiuyue, Gods Shortage, now I’m telling you a magical method, but this magical method has a lot to do with it. Don’t give it away. Except for your own cultivation, you can’t pass it on to the second person, especially God. , I can’t even teach Chier, can you understand?"

Lu Ming warned seriously.

He intends to impart "Qiankun Wandao Jue" to Qiuyue and Lu Shenhuang.

With their talents, they can certainly achieve some achievements. In the future, they will become masters of divine power. It is not impossible. Especially Lu Shenhuang has a great chance.

However, the mystery of "The Thousand and Thousand Paths" is unpredictable. If it spreads, it may cause turbulence, and they will all be dangerous.

"Yes, dad!"

"Yes, young master!"

Lu Shenhuang and Qiuyue nodded again and again.

Then, Lu Ming Shenhuang passed "Qiankun Wandao Jue" to Qiuyue and Lu Shenhuang.

The two watched it carefully. After watching it, the eyes of them showed a deep shocking color, which was shocked by the mystery of "The Thousand and Thousand Dao Jue".

Cultivation of "Qiankun Wandao Jue" can not only cultivate the master divine power, but also other divine powers, and at the same time control a variety of divine powers, which is simply shocking.

They finally understood why Lu Ming warned them not to pass it on and not pass it on to others.

The more people you know, the more likely it is.

They knew that the relationship was significant, and they secretly decided that they would never pass it on to the second person.

"Dad, you and Aunt Qiuyue have a good chat, I'll go back to practice first!"

Lu Shen stared, and gave Lu Ming a ‘you know’ look, hehe smiled and flew away.

"This kid..."

Lu Ming laughed and scolded.

"Master..."

Qiuyue pulled Lu Ming's hand and yelled softly, his eyes full of miss.

"Qiuyue, this time, you and I will go to Kongxuanzong to practice."

Lu Ming said softly.

Qiuyue's eyes lit up, flashing joy, nodded and said: "Okay, okay!"

"Go, let's take a walk."

Lu Ming pulled Qiuyue and wandered in the void.

It wasn't until early in the morning that Lu Ming and Qiu Yue returned to their place of residence.

"Dragon Chen, Famine Force..."

Upon returning, Lu Ming saw Long Chen, Huang Li and others.

Coming to the Honghuang Universe, the cultivation of Long Chen and others have also improved a lot, and all of them have reached the Heaven Emperor Realm.

"Long Chen, Huang Li... this is for you."

Lu Ming took out several storage rings and threw them to Longchen and others.

Long Chen and others took it, but there was no joy on his face, and there seemed to be words and hesitated.

"Long Chen, what are you doing here?"

Lu Ming will not see their strange.

"Lu Ming, Huang Ling, and Mulan girl have an accident..."

Long Chen sighed and said.

"What? What's going on?"

Lu Ming's face changed suddenly.

"This is the case. Some time ago, the girl Mulan and the Phoenix Spirit went out together for adventure. The place they went to was a forest of Zhengtianxing, but they never went back. The trace, we originally wanted to report the predecessor of Fazu, but encountered the Luo Luo Temple, Xiaoyaozong's attack, this matter was delayed..."

Long Chen explained.

Chapter 2759: Xingkong Ancient Road

"How could this be?"

Lu Ming's heart tightened, his face looked ugly, and he was very worried, afraid of Mulan, and Huang Ling, they were in danger.

Mulan, what Huang Ling thought of him, of course he knew.

However, the two women are also stubborn people. They must have seen Lu Ming's cultivation practice getting higher and higher. They didn't want to be left too much, so they went out for adventure.

"When did this happen?"

Qiuyue also showed anxiety, she had never heard of this matter.

"Half a year ago, during this period of time, we have been fighting, we have not said it, we originally planned to wait for this level, and then report to the Fazu, let the Fazu send masters to find..."

Long Chen said.

"Which forest did they go to?"

Lu Ming asked.

"It's the Yongye Forest." Long Chen said.

"Yongye Forest!"

Lu Ming took out a jade symbol, which was a map of Zhengtianxing.

A long time ago, Lu Ming had a map of Zhengtianxing. He injected his magical power into the jade symbol. A map appeared in the sky, which was the complete map of Zhengtianxing.

"Yongye Forest, here."

Long Chen pointed to a place on the map.

"it is good!"

Lu Ming nodded, rose directly into the sky, and then performed Jiu Tian Kunpeng, rushing towards Yongye Forest at an alarming speed.

Yongye Forest is a famous place on Zhengtianxing. There are many wild beasts in this place, but the level is not high. It is suitable for people under the virtual **** realm to hone and experience.

Huang Ling and Mu Lan came here to experience the disappearance.

Lu Ming's speed is extremely fast, and the divine power condenses a Kunpeng on the surface of the body, one flap, which is 90,000 miles away. Soon after, Lu Ming came to the Yongye Forest.

Without any hesitation, Lu Ming rushed directly into the Yongye Forest, and Lingzhi spread out, glancing at all directions.

The Yongye Forest is very big, but at Lu Ming’s speed, he quickly flew back and forth. The wild beasts in the Yongye Forest felt Lu Ming’s breath, and all the scared turtles shrank up, daring not to show up.

Soon, Lu Ming searched the Yongye Forest, and even searched the surrounding areas, and found no traces of Mulan and Huangling.

"How could this be? Are they already buried in the mouth of the wild beast?"

Thinking of this, Lu Ming shuddered in his heart and could not accept the result.

"No, search again!"

Lu Ming gritted his teeth and continued to search more carefully.

"That is..."

A few hours later, Lu Ming suddenly moved, and found something.

With a flash of figure, Lu Ming rushed down the Yongye Forest and fell beside an ancient altar.

This altar is indeed very old. It is difficult to estimate the age. It was cast with stucco and has ancient runes on it.

The most important thing is that above this altar, Lu Ming felt Mulan and the breath of Huang Ling.

"What altar is this?"

Lu Ming looked closely.

"Don't watch it, this is a teleportation station."

In the knowledge of the sea, the sound of the word measurement tactic sounded.

"The teleporter? How is it like this?"

Lu Ming was surprised that he hadn't seen the teleportation station yet. The current teleportation station is not like this, and it is made of stucco, which looks too simple.

"You don't know it, it's normal. This is a very old teleportation array. It can even be said to be the earliest teleportation array. Now there are few such teleportation arrays. Moreover, this teleportation array has it's broken."

Measure the word.

"it's broken?"

"Yes, if I guessed right, your two friends must have teleported from this teleport."

Measure the word.

Hearing this, Lu Ming was a little relieved, and Mulan and Huang Ling just teleported away, at least to prove that they were still alive.

"Do you know where this teleportation station is teleporting to? Also, can this teleportation station be repaired?"

Lu Ming asked again.

"It will not be repaired. Today, there are very few people who can repair this ancient battlefield. Moreover, it is difficult to know where they were sent to. They are very likely to embark on a starry sky. Way."

Measure the word.

"Ancient Star Road?"

Lu Ming wondered.

"The ancient starry sky road is a starry sky road created by the ancestors of the vast wasteland. I don't know where it will lead? Those who embark on it may encounter a big crisis, or they may get a big chance. Everything depends on their own fortune. "

Measure the word.

"It turns out so!"

Lu Ming sighed, but also helpless.

Everything can only be seen by Muran, Huang Ling their own creation, he also can't help.

Lu Ming returned to the headquarters of Zhengtianjun with a heavy heart, telling Qiuyue, Longchen and others, Longchen and others also sighed, did not expect to encounter such a thing.

Next, Lu Ming sat at the headquarters of Zhengtianjun, instructing Lu Shenhuang, Qiuyue, and several of his disciples to practice.

Several of his disciples, Lu Xiangxiang, Ouyang Moli, and Xiu Wei progressed quickly, showing a strong talent.

In fact, the talents that can rise in the Xiaoqian world are not bad. Once they come to the vast universe, they will explode.

Lu Ming intends to take Lu Xiangxiang, Ouyang Moli and others to Kong Xuanzong to practice after Xuanzong has gained a firm foothold. With good resources, their cultivation progress will be faster.

In a flash, a month passed.

This month, Zheng Tianjun has completely controlled the territory of the original You Luo Temple, Xiaoyaozong, and the Red Blood Society, and has become a powerful force in the vicinity.

However, the rioting galaxy, with nearly a thousand forces of various sizes, will be destroyed when there is no movement, and new forces will be established. Several forces such as the Youluo Palace have been destroyed, which has not caused much disturbance.

A month later, Fazu returned to Zhengtianxing and met Lu Ming.

"Lu Ming, you are in the Emperor Xuanzong, don't know if you see... see Yuexin?"

Fazu asked Lu Ming, his eyes showing the hopeful light.

"Sure enough asked!"

Lu Ming sighed in his heart and pondered for a while, said: "Senior, I saw Senior Yuexin, but..."

Speaking of which, Lu Ming paused.

"But how?"

Fazu sinked and asked.

"Senior Yuexin, already married."

Immediately, Lu Ming told Fazu what he knew.

After listening to Fazu, he fell silent, and after a while, he sighed and said, "Actually, I should have expected it. With my talent, how can she be worthy of the moon's heart? She has become a family. Okay, so..."

Fazu muttered to himself, his eyes full of desolation, as if he had grown old all at once.

"Senior, are you okay?"

Lu Ming asked with concern that he could understand Fazu's mood, and that his beloved woman was married to others, and that mood was absolutely uncomfortable.

"It's okay!"

Fazu smiled slightly and said, "This is fine, I can take care of Zhengtianjun in the future. Let's go, Lu Ming. Let's go to Dark Pluto first."

"Okay, go!"

Lu Ming's eyes also brightened.

Chapter 2760: Can’t enter heaven

Dark Pluto, Lu Ming came to the first life planet of Honghuang Universe, the Celestial Realm Evil God Realm, also attached to the Dark Pluto.

Lu Ming has long wanted to come and see.

Before, Dark Pluto has been under the control of You Luo Temple, and now it has become the territory of Zheng Tianjun.

Dark Pluto is not too far away from the positive celestial star. Soon, they came to the dark Pluto.

They landed on a peak, some people are already waiting on this peak.

"Fazou..."

Seeing Fazu, these people immediately saluted Fazu.

"Come, let me introduce you, this is Lu Ming, who killed Kang Ji, Situ Haonan and others, it is him!"

Fazu introduced Landing Ming.

These people looked at Lu Ming one after another, with a curious and shocked expression in their eyes.

"Late Song..."

Lu Ming's eyes lit up, and in the crowd, he saw late Song.

At the beginning, he first came to Dark Pluto and was chased and killed by the people of You Luo Temple. Fortunately, he was rescued by the end of Song Dynasty, and he was able to get out of it. Later, Song Song also directed him to find the people of Zheng Tianjun. Lu Ming then left You Luo. Hall, go to Zheng Tianjun.

"Hahaha, Lu Ming, how many years have passed. I didn't expect you to have reached such a level. It's really awe-inspiring to kill Kang Ji with your hands!"

In the late Song Dynasty, he laughed.

"Brother Song in the late Song Dynasty, have you lifted the ban on you?"

Lu Ming asked with a smile.

"Relieved, Kang Ji's death, the ban will naturally be lifted." End of Song laughed, his expression was very relaxed.

"Lu Ming, let me tell you, these are all coming out of the realm of heaven. They used to be controlled by You Luo Temple, now they are free."

At the end of Song Dynasty, he pointed to those who were behind.

In the past, when the Celestial Yuanjie practiced to the Demigod, it would go out of the Celestial Yuanjie and come to the Honghuang Universe, but without exception, they would be controlled by the You Luo Temple and placed a ban in the soul. Now when Kang Ji dies, the ban will be broken naturally Too.

"Have seen seniors..."

Lu Ming clenched his fists.

"you are welcome..."

"It's awesome!"

"I'm really lucky to have such an arrogance in Tianjie."

Others clenched their fists.

"Let's go, let's take a look at the sky side..."

Fazu Road.

The light of hope was revealed in the eyes of everyone. They all came from the Celestial Realm and Yuan Realm, but after leaving the endless years, they did not go back and watched it, naturally looking forward to it.

Everyone flew towards the entrance of the heaven, and soon came to the entrance of the heaven.

Looking at the familiar place, Lu Ming was quite emotional.

It is a pity that Lu Ming can't enter heaven now.

Lu Ming is too strong now, with a powerful qi and terrible divine power, and the Celestial Realm is nothing more than a small world.

If Lu Ming enters, I am afraid that a little ray of vitality will be released, and a trace of divine power will be revealed, which can tear the Xiaoqian World and even break it up.

Only under three levels of the virtual **** realm can enter the world of Xiaoqian.

Or, Xiuwei has reached an extremely high level, and can perfectly control every trace of his power, every power, so that he can also enter the world of Xiaoqian.

Now, Lu Ming can't do it.

"I can't go in. If you want to go in and see, just go in and see."

Fazu Road.

"I'll go in and see!"

"I am coming too!"

Suddenly, there was a figure walking towards the entrance of the heaven, and disappeared at the entrance of the heaven.

Soon after, those people came out again.

"Fortunately, everything is normal, but there is a lack of people."

Humane.

Lu Ming and Fazu nodded, and most of the creatures in the Tianjie Yuanjie were brought out at the time, and they naturally lacked humanity.

They are ready to return to the Zheng Tianjun, so that those who want to go back to live in Tianjie Yuanjie will go back to live.

Although the cultivation conditions of the Honghuang Universe are many times better than those of the Tianjie and Yuanjie, there are also some lovers who may want to go back.

After staying for a while, they left here and returned to Zhengtianjun.

After that, Lu Ming stayed on Zhengtianxing for several months, instructing Lu Xiangxiang, Ouyang Moli and others to practice. With the resources given by Lu Ming, everyone's cultivation behavior has made great progress.

A few months later, Lu Ming took Qiuyue, left Zhengtianxing, and went towards Kong Xuanzong.

More than a month later, he returned to Kong Xuanzong.

If other Kong Xuanzong disciples cannot bring in disciples other than Kong Xuanzong, Lu Ming has the gold token given by Longzhou Mountain, and everything is fine.

Back to Kong Xuanzong, Lu Ming returned to the place where he originally lived in the outer gate area.

"Lu Ming is back."

As soon as Lu Ming came back, the news of his return spread to the outside door.

Today, Lu Ming is outside the door, it is simply a legend.

At the time, in the Secret Realm of the Nine Dragons, the nine people in the top ten of the Void God List joined forces, and all of them broke through the real **** realm, but they were not Lu Ming's opponents. Lu Ming's achievements are simply myths.

Within a day, Huo Quan found Lu Ming.

"Full length Huo, congratulations, became the elder of the inner door."

Lu Ming congratulated him when he saw Huo Quan.

Because Huo Quan's clothes are different, and the identity token hanging from his waist knows that this is not the identity token of the elder of the outer door, but the elder of the inner door.

"Haha, Lu Ming, so are you. I'm here to congratulate you. You have been promoted to the inner disciple, and you can now move into the inner gate area to live."

Huo Quan laughed.

"Have you been promoted!"

Lu Ming murmured, this was as expected.

He has now broken through the true **** realm, so naturally he cannot stay outside, and it is normal to promote his disciples inside.

This is also good, no need to rely on the gold token to enter and exit the door.

"Lu Ming, come with me. After the formalities are completed, you can live in the inner door." Huo Quandao said.

"Full length Huo, I have a friend who wants to practice with me..."

Lu Ming pointed to Qiuyue Road.

Huo Quan looked at Qiuyue and smiled: "This is simple, I will go through the formalities for her too, and she will be a disciple of Kong Xuanzong in the future."

Later, Lu Ming and Huo Quan went through the formalities and exchanged tokens. Lu Ming became an inner disciple and received a large courtyard in the inner gate area.

The cultivation environment here is naturally better than the outer gate area.

"Autumn Moon, your cultivation base is already a demigod. Next, it is to impact the virtual **** realm. I will take you to the **** pulse tower to practice. There, it is estimated that you can quickly impact the virtual **** realm."

Lu Ming said to Qiuyue.

"Okay, young master."

Qiuyue nodded cleverly.

Later, Lu Ming took Qiuyue to the Shenmai Tower to practice.

The fact that Lu Ming became a disciple of Neimen also spread slowly in the Neimen area, causing some uproar.

Lu Ming is just a disciple who hasn't been in the classroom for a long time. It is only a few years before he was promoted to an inner disciple. The speed of such cultivation is really appalling.

The major factions in the inner door area are discussing the landing sound and paying attention to the landing sound.
