

D Emperor 2761

Chapter 2761: The killing of Tianhong Shengzi

In the inner gate area, a group of people gathered in a luxurious courtyard.

Among this group of people, Huang Wen was impressively listed.

"Then Lu Ming, the terrifying speed of promotion. Only a few decades later, he was promoted to an inner disciple."

A young man said with some shock.

"This **** evil will grow up in the future, I am afraid that it will threaten the status of the Son, and must be removed."

Huang Wen gritted his teeth.

"Huang Wen, I heard that your brother and Lu Ming have a hatred. Because of this, when Lu Ming was outside, he also killed many people of our floating light faction? Isn't it?"

Someone looked at Huang Wen.

These people, all from the Son of Faction, are masters in the inner gate area.

"Not bad!"

Huang Wen nodded.

"Since there is hatred, you should get rid of it as soon as possible. You send someone to closely watch the movement of Landing Ming. As long as he leaves Kong Xuanzong, he will send someone to get rid of him."

A young man looked at Huang Wendao.

"it is good!"

Huang Wen nodded, a cold murder flashed in his eyes, but deep in his eyes, there was a trace of deep fear.

Lu Ming's growth rate was so amazing that he was born with fear.

...

In the inner gate area, in another luxurious courtyard, a group of people gathered together and seemed to be waiting for someone.

Among this group of people, there are some outside deacons happy.

These people are all from the Tianhong Saint Child faction.

"The Son is here."

Suddenly, someone called.

As soon as the voice fell, there were a few figures falling down in the sky, led by a young man, dressed in a Chinese suit, handsome in appearance, and all over his body, revealing a noble temperament.

This person is the head of the Tianhong faction, Tianhong Shengzi.

One of the five great sons of Kongxuanzong.

Kong Xuanzong has a total of five great sons and two great virgins. It can be said that it is one of the strongest among the disciples.

In the Emperor Xuanzong, it is not that you have control of the divine power, and you can become a child.

Controlling the divine power is the most basic condition. You also need to see your cultivation behavior, your combat power, and so on. Only when these standards are met can you become a saint.

If you want to become a child, you must at least reach the heaven and earth.

"See Son!"

Happy people, immediately salute.

"Excuse me, I just got out of the customs, why did you find me?"

Tianhong Shengzi Road.

"The Son, because of an external disciple, no, it is already an internal disciple."

A young man answered.

"A person who has just become an inner disciple?"

Tianhong Shengzi showed his doubts. Does a person who has just become a disciple of Neimen need to repay him?

"Holy Son, this man is a demon, and his talent is amazing. He has only been a few decades into the class, and he has become a disciple of the inner door, and his fighting strength is amazing..."

Step by step in the music, talked about Lu Ming's performance during this time.

"Yep?"

Tianhong Shengzi frowned as he heard it.

"This person is proud and arrogant. Our Tianhong faction invited him to join at the beginning, but he ignored it at all, and I guess he was also very ambitious. Died in his hands, including winning positions."

Le Zhong continued.

"The winning position is dead!"

Tianhong Shengzi's eyes flickered, and a cold murderous air emanated from his body.

The winning position, but the existence of the fourth place in the virtual **** list, has a very high talent, grows up, can become his powerful man, but died in the hands of Lu Ming.

"I still want to become my own faction. Kong Xuanzong has seven factions, which is enough. Also, since I have become enemies, I must get rid of them as soon as possible.

The indifferent voice of Tianhong Shengzi sounded.

"The Son is assured, I will send someone to stare at this kid, and I will take action in person to get rid of this man whenever I have a chance."

Le Zhong said indifferently.

"Okay, I'm relieved if you shoot."

Tianhong Shengzi said, and then everyone began to discuss other things.

...

For these, Lu Ming did not know that he and Qiuyue were retreating at the Shenmai Tower.

The Shenmai Tower is too important for Qiuyue. In less than half a year, Qiuyue's breath has reached its peak and began to impact the virtual **** realm.

A few days later, Qiuyue successfully made a breakthrough to the virtual **** realm.

After Qiuyue's breakthrough, Lu Ming lowered his mind and asked Qiuyue to practice at Shenmai Tower alone. He left Shenmai Tower and went to Shenji Valley to practice divine skills.

From spring to autumn, it's been 20 years.

In the past two decades, Lu Ming has no intention of devoting himself to practice.

All three of his magical skills have made great progress.

Nine days Kunpeng skill, reached the fourth level.

Three strikes, fourth heavy.

Nine heavy red gold armor, fourth heavy.

All of them have reached the fourth level, which is very amazing. The further the skill, the more difficult it is to practice, and of course, the stronger the power.

Many masters of the True God's Peak, the skill is only to the fourth level. Only some terrible arrogances are possible at the peak of the True God, and the fifth level is reached. Lu Ming broke through the True God soon, and has reached the fourth level, and There are still three kinds, if this is known, it will shock your eyes.

At the same time, Lu Ming has also smelted eight cold moonstones into the ice chains.

Twenty years later, Lu Ming's cultivation practice did not improve, and he was still one of the true gods, but it was completely stabilized, and he slowly approached the true **** twice.

It is more difficult and longer to improve the real **** realm, and Lu Ming also cultivates five **** fires, which is even more difficult to improve.

It has been normal for 20 years without a breakthrough.

However, compared with 20 years ago, Lu Ming's combat power has improved more than one.

"Unfortunately, the Zhanzi Juice has encountered a bottleneck and it is always difficult to break through."

Lu Ming frowned.

Now he has almost tripled the combat power of the battle strategy to a 100% success rate, but it has always been difficult to cultivate to four times the combat power.

He encountered a bottleneck and tried various methods, and it was difficult to improve.

"Lu Ming, the reason why you are difficult to ascend is because your **** body is not strong enough."

At this moment, Lu Ming knew the sea, and there was a thick voice.

It is the voice of Zhanzi Jue.

Zhanzi Jue has been very silent and rarely spoke, but at the moment he spoke.

"The body is not strong enough?"

Lu Ming froze for a moment, then suddenly.

The more combat power multiples triggered by the war character tactics, the demand for the **** body is indeed very high.

The divine body is not strong enough, and the tactics of warfare simply cannot break out.

"Yes, that is, the divine body is not strong enough. If you want to cultivate four times the combat power, you must increase the strength of the divine body. Otherwise, you can't cultivate to four times the combat power in your whole life. The stronger, even triple the combat power, double the combat power, can not be displayed."

War word tactics.

"God body, how should the **** body rise?"

Lu Ming frowned.

He came to the Honghuang Universe and discovered that the souls of the Honghuang Universe focused on the cultivation of divine power. As the divine power becomes stronger, the divine power will subtly refine the divine body.

So the higher the cultivation level, the slower the body.

However, there is no magic method that specifically promotes the divine body.

Chapter 2762: Ancient **** star

"It seems that you have to go through the classics carefully to see if there is any way to increase the strength of the divine body."

Lu Ming thought.

At this moment, not far away, a strong breath erupted, and Lu Ming looked over.

Over there, there is a round ball, suspended in the air, shining, it is the ball.

"It seems that the ball is going to be promoted to the true **** realm."

Lu Ming smiled.

Over the years, the ball has devoured a lot of artifact fragments, and its level has been continuously improved. This is not the case, it has to be upgraded to the real **** realm.

Soon after, the ball officially broke through, the breath was strong and reached the weight of the true god.

Then flew to Lu Ming, turned into a bracelet, and carried it on Lu Ming's wrist.

Lu Ming smiled and left here, looking for the classics to read, to see if there is any way to improve the divine body.

In the next few days, Lu Ming was digging through all kinds of classics, and finally he found a way.

"Ancient God Flower!"

Lu Ming whispered.

According to historical records, there is a kind of divine flower called ancient divine flower, which is extremely mysterious. After swallowing, it can make the divine body evolve and become stronger and stronger.

However, the ancient **** flower is in the entire Qin Tianxing domain, and there is only one place, that is the ancient **** star.

The classics record that in the long past, the ancient **** star was occupied by a race. This race, known as the descendant of the ancient god, has the blood of the ancient god. The **** body of this race is stronger than other races.

Only this race knows how to plant ancient **** flowers.

This race, in the Qin Tianxing domain, is not a big clan, just a small clan, but it has disappeared in the long past.

Of course, the ancient **** flower also disappeared.

"After so many classics, only this method is the most reliable, let's try luck."

Lu Ming sighed, intending to try his luck on the ancient **** star.

He must not give up the war character tactics. This is an ancient Chinese character with invaluable value. If he gives up the war character tactics, it will have a great influence on his combat power.

Later, Lu Ming set off, went to the teleportation platform, and went to the ancient **** star.

"Lu Ming is going out!"

As soon as Lu Ming went to the teleportation platform, he was stared at.

The two young men, who followed in the distance, also came to the teleportation platform.

"It seems that more than one person wants to kill this kid, hehe."

Behind these two young men, there was another one, and they were amused.

Lu Ming didn't know about it, he walked into the teleportation array and directly teleported away.

"Excuse me, where was the man just now?"

The two young men came to the teleportation array and inquired about a big man guarding the teleportation array.

"Sorry, I can't tell you where he is going."

Dahan Road.

They guard the teleportation array, and it is also a rule to keep it secret.

"I tell you, we are sent by the Son of Floating Light. Now, the Son of Floating Light wants to know where the boy is going. Do you want to offend the Son of Floating Light?"

A young man said coldly.

The big man looked pale.

The character of the Holy Child, he can't afford to offend. Once he offends, he doesn't know how to die.

"He...he went..."

The trembling man said Lu Ming's whereabouts.

The two young men sneered, embarked on the teleportation array, and chased in the direction of landing.

After the two young men left, Le Zhong came forward, and he revealed the identity of Tianhong Shengzi. The big man naturally did not dare to offend, and also told Lu Ming where he was. Le Zhong also embarked on the teleportation array and chased down .

From Kong Xuanzong to Ancient God Star, it can't be reached directly, and can only be teleported to the nearby planet, and flew in a star warship.

After rushing for more than a month, Lu Ming finally came over the ancient **** star.

The ancient **** star is very huge, slowly rotating in the starry sky, Lu Ming sits on the star warship, flying around the ancient **** star, and observe carefully.

Legend has it that the descendants of the ancient gods lived on a **** mountain called the ancient **** mountain, but in the long past, without knowing what happened, the ancient **** mountain suddenly disappeared from the ancient **** star and never appeared again.

Lu Ming just wanted to find Ancient God Mountain, because only Ancient God Mountain had ancient God Flower.

However, he rode a star warship and made several rounds around the ancient **** star, but did not find the ancient **** mountain.

In desperation, Lu Ming could only choose a place at random and landed.

Flying into the atmosphere, Lu Ming put away the star battleship and flew towards a big city below.

Soon after Lu Ming landed, two star warships flew in the starry sky, followed by the landing. It was the two young masters of the Fuguang faction, as well as Le Zhong.

Lu Ming landed in the big city.

Ayutthaya is very prosperous, there are many races, people come and go, very lively.

In the long past, the ancient **** star was under the control of the descendants of the ancient god, but since the descendant of the ancient **** disappeared, the ancient **** star fell into chaos, and numerous forces were born, fighting each other and continuing to the present.

"Have you heard, another family has been destroyed."

"I also heard that it was really miserable, the door was killed, and the chickens and dogs were not kept. This is the fifth family in this area that has been destroyed in the past three months."

"I don't know who did it? Why do you want to destroy these families? These families are just small families."

"It must be those great forces who can do this."

Soon after Lu Ming entered the city, he heard a comment.

"I tell you, I heard a message. It is said that all this is because of the ancient **** map."

Suddenly, someone whispered.

"Ancient God Map?"

Others are puzzled.

"It is the ancient **** map. Through this map, you can find the ancient **** mountain where the descendants of ancient gods are located."

The man said again.

"What? Can you find the ancient **** mountain where the descendants of ancient gods are located?"

Many people were shocked.

"It is said that the descendants of the ancient gods have been destroyed for some reason, but there are a lot of treasures left by the descendants of the ancient gods in the ancient **** mountain. Become the overlord of the ancient **** star."

"Yes, the ancient **** map, is it true?"

Many people were shocked and excited.

"Eight out of ten are true. It is said that they appeared in the vicinity and were controlled by a certain family. Therefore, only one family will be destroyed."

The man said again.

This remark set off an uproar and spread more widely.

"Ancient God Map, can I find the Ancient God Mountain?"

Lu Ming's eyes lit up.

Come early, it is better to come by chance.

Lu Ming didn't expect to hear the news of Gushen Mountain as soon as he came.

"Since families have been destroyed one after another, it is estimated that there will be another family destroyed. I will go to these families and wait, maybe I can find clues."

Lu Ming thought, and then inquired.

There are nine major families in this area, five of which have been destroyed before, and four more.

"Just pay here."

Lu Ming chose a family at random. After figuring out the route, he left for the family.

However, after Lu Ming flew a distance, two young men appeared in front of him, blocking the way.

Chapter 2763: Two days of annihilation

"who are you?"

Lu Ming frowned, and he felt cold killing on the two young men.

"The one who killed you."

A young man with two horns on his head, Sen Leng said.

Uh!

Then, as soon as his body flashed, he appeared behind Lu Ming, blocking Lu Ming's retreat.

"Are you Xuanzong's disciples?"

Lu Ming asked with cold eyes.

"Hey, you are still a little clever, let you die, right, we are the disciples of Kong Xuanzong, belong to the faction of the Holy Son of Fuguang, do you understand?"

The horn young man said coldly.

"Fuguang Shengzi faction, it really is you."

Lu Ming sneered, and there was a cold murder in his body.

Kong Xuanzong wants to kill him, nothing more than two factions, one is the floating light faction, the other is the Tianhong faction.

"Boy, he has also killed us. With your heavy cultivation of the true gods in your area, it is ridiculous to want to kill us."

The horn young man sneered and stepped out, the violent breath rising into the sky.

Sevenfold True God!

This young man with horns is a master of the Sevenfold Cultivation of the True God, and the divine power under his control is Wangpin's Divine Power, and its combat power is sufficient to be able to withstand the existence of the Eightfold Supernatural God.

At the same time, another young man also erupted in a terrible atmosphere, which is also the Sevenfold of the True God.

Two true gods with seven celestial arrogances come to kill a person with one true god, no matter how arrogant this person is, it is a matter of tenure and stability.

Because of the gap, it is too big.

It's no wonder that Lu Ming made a murderous attack on them and they would find it ridiculous.

"Boy, send you on the road, remember, kill you, Niu Fen!"

The horn young man stepped on thousands of steps and banged out to the landing.

"What? Cow dung?"

Hearing this name, Lu Ming almost laughed out loud.

This is really a good name.

However, Lu Ming could not allow more thoughts, the opponent's boxing strength has been overwhelmed.

Buzz!

In Lu Ming's hand, a spear appeared, and one shot stabbed him.

In the process of stabbing, Lu Ming has exploded three times of combat power.

boom!

The spear and fist bombarded together, and a violent roar erupted, full of energy.

Immediately, the figure of the horned young man stepped back a dozen steps, while Lu Ming's figure only shook a little.

"How is it possible? Your fighting strength..."

The horned youth stared at the bull's eyes, shocked beyond repetition.

Lu Ming, in a head-on collision, actually prevailed, how is this possible?

How is it possible that the true God is so important?

Another young man, who was originally a relaxed expression, was not at the moment, and his face was full of dignity. Obviously, Lu Ming frightened them as soon as he shot.

"kill!"

The horn young man shouted, and a battle axe appeared in his hand. The battle axe slashed toward the landing with terrible power.

The horn young man has already used his magic skills.

"Broken!"

Lu Ming also used magic skills.

when!

This time, the young horn shook his body and retreated again and again.

After using his magic skills, he still fell.

"Ah, damn, quick, let's get together, let's get together!"

The young horns roared.

Without his calling, another young man, already shot, flashed his body and rushed to the landing at a very fast speed. A bright sword light burst out and drove to the landing.

"Three strikes to destroy the world!"

Lu Ming once again waved his gun out, this time, bursting out two guns and killing each other.

when! when!

The two sides fought continuously, and the three figures flickered in the air constantly, the speed was amazing, and in a flash, dozens of battles were fought.

To be honest, both young ox horns are very strong. The seven-fold cultivation of the true **** controls the Wangpin divine power, and even the divine skill has a kind of cultivation to the fourth.

The two teamed up, even Lu Ming, was not easy to win.

Fighting dozens of moves, although Lu Ming has gained the upper hand, but he can not completely crush.

"This person is too powerful. Let's retreat first and report the news to the Son. Let him send a stronger person to kill this kid."

"Not bad!"

The two young horns communicated secretly, and there was deep fear in their eyes.

The true **** is so important that he can actually press the two of them to join forces. This kind of demon is almost unheard of. Even those sons who are at the same level in a battle are far worse than Lu Ming.

Although those sons are strong, they have a limit, but Lu Ming is simply abnormal.

"go!"

The two took time to retreat quickly, trying to escape.

"Want to go?"

Lu Ming sneered at the corner of his mouth.

"Ice Chain!"

Then, Lu Ming thought, and eight chains flew out of him.

That's right, it's eight. Lu Ming didn't use his full strength. Lu Ming didn't use the most terrible chain.

However, these eight ice chains have all refined Hanyue Stone, and their power is equally amazing.

As soon as the ice chain came out, it was like eight long snakes, flying all over the sky, winding towards the young horns.

"broken!"

The two young horns attacked frantically, trying to break the ice chain, but when their attack fell on the ice chain, the ice chain did nothing.

On the contrary, a terrible chill permeated from the chain of ice, followed by the artifact, and poured into the bodies of the two young horns. The two people shivered with agitation, and a layer of frost appeared on the surface of the body to freeze them. .

"what!"

The young horns roared desperately and broke out with all their strength, but to no avail.

They couldn't break the chain of ice at all, the chain of ice contracted and became tighter and tighter, and finally the two young horns were entangled in death.

"kill!"

Lu Ming spoke indifferently, a spear burst out, killed the two young horns young people, waved their hands, and put away their storage rings.

"Floating Son!"

The cold light in Lu Ming's eyes was even stronger.

These two factions have repeatedly tried to kill him. In his mind, he has been sentenced to death, and sooner or later they will be exterminated.

"Now I'm doing my best, it's probably equivalent to the true God's eight-faced arrogant figure..."

After this battle, Lu Ming had a rough judgment about his strength.

If he does his best now, it is estimated that there is the existence of the true **** Bazhong who controls Wangpin's divine power. If he is only in control of ordinary divine power, the true **** Ninefold and Lu Ming can fight.

With the emphasis of the true **** and the ninefold of the true god, I'm afraid to speak out to scare people alive.

Lu Ming left here with a flash of figure.

Soon after Lu Ming left, the figure in music appeared here.

At the moment, in the eyes of Le Yue, there was a deep horror.

In the battle just now, he actually looked at it.

Lu Ming's exposed power shocked him deeply.

"It's terrifying, this kid's fighting power is really terrifying."

Le Zhong whispered, recalling the war just now, the fear in his eyes was more intense.

A true **** with a heavy weight can actually kill two true gods with a sevenfold arrogance. If he had not seen it with his own eyes, he would not believe it.

Chapter 2764: Misunderstood

"This kid just didn't know if he was trying his best. I shouldn't collide with him head-on."

Whispered.

He was really scared.

His cultivation practice has already stood at the peak of the ninth true god, and the divine power under his control is also Wangpin's divine power. The combat power is much stronger than the two young horns, but just now, he dared not shoot.

He couldn't figure out Lu Ming's specific combat strength. He was afraid that Lu Ming hadn't used his full strength just now. If Lu Ming hadn't used his full strength just now, he hurried out and was not sure.

"I'm still hiding in secret, waiting for the opportunity to shoot, it seems that Lu Ming came to Ancient God Star, is looking for Ancient God Mountain, if Ancient God Mountain is born, I also just got a chance."

Thinking about it, he made a decision, decided to hide in the dark, wait for the opportunity, and kill it with one blow.

Lu Ming continued to head towards the Fu family.

The Fu family is located between a group of peaks, very far apart, and you can see the Shenfeng Peaks. The construction of this palace is very luxurious.

Lu Ming was about to fly forward. Suddenly, the figure flashed in all directions, and at the same time, there was a sharp attack to the landing.

Lu Ming frowned, cast nine heavy red gold armor, a red gold armor, and enveloped him.

bump! bump! ...

Those attacks all fell on the red gold armor and were blocked.

Uh! Uh! ...

The figure flashed, and a group of people surrounded Lu Ming Tuan, revealing a fierce expression, staring at Ming Ming cautiously and terrified.

"What the **** are you? Why do you want to destroy me?"

A big man roared.

"???"

Lu Ming looked stunned and roared in his heart. When will I destroy you?

Seeing Lu Ming not speaking, another old man shouted: "Don't talk nonsense with him, he wants to kill us, then we will kill him, and we will kill him together."

"kill!"

This group of people shouted, at least hundreds of them, launched an attack on Landing Ming together.

Among this group of people, the highest cultivation level is the fourfold true god, or even a lot, and it is still a virtual **** realm. Although the number is large, there is no threat to Lu Ming.

However, Lu Ming did not have the habit of standing up and beating him.

A spear appeared in the hand, and the spear swept out, and a huge spear burst towards the crowd.

bump! bump! bump! ...

This group of people, whether it is the fourfold true gods or the virtual **** realm, are like sandbags. Lu Ming was pumped into the air and fell to the ground.

"Why are you so strong?"

Someone shouted, full of despair, and stared at each other with bitterness.

"Hey, I have no grievances with you, you just have to shoot me for no reason, but also look at me with a hatred and hatred against me, what does it mean?"

Lu Ming was speechless.

"No injustice or hatred? Didn't you come to destroy me?"

Cried an old man.

"Destroy your family?"

Lu Ming touched his nose and said, "If I want to destroy your family, can you still live?"

Everyone on the other side was stunned, then looked at each other.

Indeed, with Lu Ming's strength, he wanted to kill them. It was as easy as a slap. Just shot them all away, but did not kill one person. If they were to destroy them, would it?

"Then...then you...are you?"

The old man watched the landing song a little anxiously, his voice stuttering.

I was afraid that Lu Ming had just angered them and killed them with a backhand.

"I heard that five families have been destroyed in this neighborhood. I am curious. I want to come to pay a visit to you. I did not expect you to be regarded as an enemy."

Lu Ming smiled, but it was not surprising.

It is normal for the other party to face the danger of being destroyed at any time.

"Young man, I'm sorry, sorry, we were Meng Lang..."

The old man with fourfold true apologies repeatedly apologized.

"Anyway..."

Lu Ming waved his hand, his face suddenly changed, looking in one direction, and said, "It seems that the people who want to destroy you are really here."

"what?"

The old man of Fu's face changed greatly, and he quickly looked in that direction.

call out! call out! call out! ...

In that direction, there was a dark shadow, flashing towards this side, the speed was astonishingly fast.

A few breaths, these shadows, came to this place, surrounded the people of Fu family, and Lu Ming Tuan group, the number is more than 200 people.

These people are all wrapped in black robes, giving a mysterious and dangerous feeling.

"Who are you? What do you want to do?"

Fu's old man asked in shock.

"Hand over the ancient Shenshan map, but spare you not to die!"

One of the black robe said hoarsely.

"What map of ancient Shenshan, our Fu family does not have a map of ancient Shenshan at all."

The old man in the house yelled.

"No? Ha ha, if you don't see the coffin and you won't cry, then you will destroy the Fu family. We will find and kill ourselves!"

When the headed black robe waved his hand, more than two hundred black robe moved, his figure flickered, and at a very fast speed, he killed the people of Fu family.

"All masters!"

Lu Ming glanced away and found that these black-robed people were masters, and the strongest in the real **** realm, occupying most of the strongest people, reached the five realms of the real god, and the strength was far above the family.

"Defense, defense!"

The old of the Fu family shouted and assembled the people of the Fu family to form a defensive formation.

Although the number of payers is more, the strength is far worse than the opponent.

Lu Ming didn't do it for the first time. He planned to let the people of Fu family suffer a little bit.

However, he did not want to do it, but someone forced him to do it.

"kill!"

A black-robed man in the Triple Realm of the True God screamed at the landing, and the cold sword light slashed at the landing, slashing Lu Ming in half.

"I wanted to keep you alive for a while, I really wanted to die."

Lu Ming spoke indifferently and stabbed him with a shot.

Several other black robes on the side saw this scene, and their frightened face changed wildly.

"kill!"

Lu Ming shot, his figure flashed out, his long gun vibrated, his guns burst, and his spurs came out.

These people are no more than five true gods, and the divine powers they control are almost ordinary divine powers. They are vulnerable in Lu Ming's hands.

puff! puff! ...

Every gunman will take away one's life.

Hundreds of guns burst out. Hundreds of people in black were all killed and their bodies were lying on the ground.

The scene suddenly fell silent.

Whether it is a man in black or a person from Fujia, he is shocked.

"Go away!"

After a few seconds, the man in black reacted and fled wildly in all directions.

They understood that when they met the terrible strong, they stayed and all died.

"Want to leave, leave me!"

Lu Ming drank low, and eight ice chains flew out and grew rapidly. The sky was full of chains, tangling toward hundreds of people in black.

These people in black, where can they avoid the attack of the ice chain, are all entangled, there is the stiffness of the terrible cold on the ice chain.

Chapter 2765: Yufengyu

More than one hundred people in black were all entangled by Lu Ming with a chain of ice, and were stiff there by the cold.

"Don't you want to know who they are? It's up to you now."

Lu Ming looked at the people of Fu Family.

People from the Fu family wake up like a dream.

The old man with fourfold true gods came over and stared at a man in black and asked, "Say, who are you?"

"Hugh wants to ask what is in my mouth?"

The man in black said somberly.

"Huh, you cover your face with a black robe, hide your head and show your tail, but you're just afraid of people recognizing. I want to see who you are?"

The old man of Fu family waved his black robe off, revealing the face of a middle-aged man.

Upon seeing this man's face, the old man from the Fu family was shocked, and then shook his face, shouting: "It's you, the 19th protector, are you the master of the wind domain?"

The old Fu family's voice trembles slightly and seems to be very shocked.

"Yu Fengyu, is actually Yufeng Yu."

"It's over, we're over!"

The others in the Fu family also looked pale one by one, and seemed very frightened.

"Yufengyu?"

Lu Ming wondered.

"Shaoxia, this is the case. After years of fighting, Ancient God Star is divided into a piece of territory. Each piece of territory has a domain owner. You Fengyu Lord is the one who rules this territory. It is this territory. overlord."

Old man Fu Jia explained.

Lu Ming suddenly.

"Unexpectedly, this time it was actually the master of Fengfengyu who sent the shot. I didn't expect..."

Fu old man lamented.

They paid home, but it was just a force ruled by You Fengyu, how can they contend with You Fengyu?

You Fengyu stared at them and paid home, I'm afraid it would only be destroyed.

"Huh, since we know that we are the masters of the wind area, we have not let us go."

The nineteen protectors said coldly.

Now that he was recognized, he would not hide it anymore.

"Good, let us go."

The other men in black also shouted.

The old Fu family, as well as others from the Fu family, showed a hesitant expression.

"Just now, they have already died so many people. Also, the so-called Yufengyu has already stared at your Fujia. Do you think that if you let these people go, the other party will pass the Fujia?"

Lu Ming spoke lightly.

"Boy, you..."

Nineteen Dharma protectors, as well as other people in black, were shocked.

"Yes, killing and killing these people can also weaken the strength of the master of the wind."

The old man of Fu family gritted his teeth, revealing a fierce look.

"Dare you?"

Nineteen Guardians were furious.

Keng!

With a flash of light, the old man of the Fu family shot and split the nineteen guards in half with a knife.

"Shoot them, kill them all."

The old man in the house yelled.

"kill!"

The people of Fu Family all shot and killed those in black.

Those men in black were all entangled in Lu Ming's chains of ice. They couldn't resist at all. They were killed one by one. Soon, more than 100 people fell.

Lu Ming waved his hand and put away the ice chain.

"Young man, can... Could you please come to Fujia as a guest?"

The old man of the Fu family supports us.

Next, the Fu family must face the revenge of the master of the wind area, and with their strength, they can absolutely not stop it, only to destroy it.

However, the strength that Lu Ming just revealed was extremely amazing.

At this age, there is such a fighting force, certainly not a person of ancient **** star, it is likely that the great arrogant disciples of the Qin Tianxing domain, he wants to ask Lu Ming to help, maybe he can help the family through this difficulty .

"The Lord of the Wind, what do you do?"

Lu Ming asked.

"It is said that it is the eightfold realm of the true god."

The old man from the family said that when he talked about the eightfold true gods, his face was extremely dignified.

The eightfold true **** is not what they can fight against. The strongest one they pay is nothing but the fivefold true god.

"Is the true God Yae? Okay, I'll go with you."

Lu Ming smiled slightly.

Lu Ming didn't pay attention to the eightfold true god, even the eightfold true **** who controlled Wangpin's divine power, Lu Ming was not afraid.

Unless he encounters that kind of extreme arrogance, controls the terrible mysteries, or the divine power is the holy divine power, Lu Ming will lose.

"Thank you Shaoxia."

Hearing Lu Ming's promise, the old Fu family was overjoyed, and the others of Fu family were also overjoyed.

Everyone packed up the battlefield, and Lu Ming followed the people of Fu Family and left for Fu Family.

As soon as they arrived at the home, a group of people greeted them.

"Great Elder, what happened? There seemed to be a war just over there."

A middle-aged man in a Chinese suit greeted him and asked the old man from Fu Family.

The elders of Fujia are the elders of Fujia.

"Homeowner, there was indeed a war just now. The other party is the one from Youfengyu."

Elder Fu Family said.

"What? Lord Yufengyu?"

The owner of Fu's family looked pale.

"Thanks to this young man Lu Ming just now, we were able to survive."

Immediately, Elder Fu Jia explained the matter just now.

After listening to the Fu family, naturally, Lu Ming thanked Lu Ming as a guest of honor.

Later, Lu Ming lived in Fu's house.

Fu Jia was nervously waiting for a strong enemy to arrive.

Three days later, early in the morning.

"Enemies, enemies!"

A sharp voice broke the peace in the early morning.

In the large house of the Fu family, dense crowds of people flew out and set up defensive formations and waited for them.

"Are you finally here!"

Lu Ming whispered, his figure moved, and also left the living room, standing in the air.

I saw that outside Fu's house, he was already surrounded by black crowds. The terrible pressure, like the tide, came to Fu's house.

"Yu Fengyu, is really Yufeng Yu..."

Many people from Fujia murmured, pale, staring at an old man.

This old man, wearing a golden robe, exudes a majestic breath, this person is the master of the wind.

bump! bump! ...

You Fengyu stepped out step by step, the trembling sky rumbling, divine power boiling, strong breath, forming a terrible pressure, enveloped the Fujia sky.

Many people paying for the family shuddered and could hardly bear the pressure.

"Yu Fengyu, I don't know where I paid off to offend you, let you come here to promote the teachers?"

The owner of the Fu family stepped forward with a daring head, and said respectfully with fists clenched.

"Know what you know, and hand over a map of the ancient Shenshan to avoid death."

You Fengyu said indifferently.

"Owner of the domain, I pay home, there really is no map of ancient Shenshan, if there is, I have already handed it over."

Fujiajiadao.

He was telling the truth, if he had a map of the ancient Shenshan, he immediately turned it over in exchange for the peace of the family.

"Hum, you don't need to quibble. The ancient Shenshan map is made of Soul Gold, and Soul Gold has a characteristic that it can sense each other, even if they are far away from each other."

"And in my hand, there is a small piece of soul gold remnant. Through the soul gold induction, this area definitely contains the soul gold, and the amount of the soul gold is very small, and the ancient **** star is not much. The great possibility is the ancient Shenshan map."

Youfeng main road.

Chapter 2766: Ancient God Mountain Map

After You Fengyu finished speaking, a purple gold metal with the size of a fingernail appeared in his palm. At this moment, there was a flash of light on this metal, which seemed to resonate with something.

The crowd suddenly realized that they finally understood why there were constantly families being destroyed in this neighborhood.

That's because Youfeng Yuyu sensed that there was a bit of soul gold in this area through the soul gold. It is very likely that it is an ancient Shenshan map, but he is not sure about the specific location.

But he was afraid of being criticized by others, so he covered his men with black robes.

"But...but I paid for it, there really is no soul gold."

The caller of the Fu family called, with a frustrated face.

"Dad, Daddy, will it be related to the batch of antiquities I bought last time?"

At this time, a young man came to the Fu family head and whispered.

"Antiquities?"

The head of the Fu family was taken aback.

"Yeah, I bought a batch of antiques last time. I want to study whether there is any value. There is a color of the scroll, which seems to be similar to this soul gold."

Youth Road.

"Ok?"

Hearing the words of the youth, the eyes of the master Yu Fengyu suddenly shone.

"What? This is the case, come on, come on."

The house owner of Fu paid quickly.

"Yes!"

The young man nodded and took out a storage ring. The storage ring glowed, and a pile of antiques appeared in the air. There seemed to be no spirituality, but they all looked very simple and full of traces of years.

Especially one of the scrolls, the color is really similar to the soul gold, but the color is much dimmer.

When these things were taken out, the Soul Gold in the hands of the master of the wind area immediately shone with dazzling light. Then, the ancient scroll suddenly burst into light and resonated with the Soul Gold.

"Hahaha, the ancient Shenshan map, really the ancient Shenshan map, leave it to me."

You Fengyu laughed.

The owner of the Fu family quickly grabbed the ancient Shenshan map and said, "You Fengyuyu, I will give this map to you. You have to promise to let me pay."

"Okay, I promised you, and hurry to me now."

You Fengyu quickly said.

The master of the Fu family pondered for a moment, and with a wave of his hand, the ancient Shenshan map flew towards the master of the wind domain, and was caught by the master of the wind domain.

After grabbing it in his hand, he quickly opened it and looked at it, his face more happy.

"Hahaha, I finally got it. Next, looking at your handover of the ancient Shenshan map, I will give you a happy house."

Youfengyu main cold road.

"What? You... didn't you say you want to let us pay? You don't talk about credit."

The owner of the Fu family roared.

"Credit? Huh, last time, I sent more than two hundred people to come, and all died in your pay home. You pay home forever, how can I be worthy of those subordinates?"

You Fengyu said indifferently, his eyes were very cold.

From the beginning, he had no intention of letting go of Fu Jia.

"Hey, you wind, you are still mean as always."

At this moment, a sneer came from the sky, full of sarcasm.

"Who?"

You Fengyu's face changed, looking to the sky.

"You Feng, can't even hear my voice?"

The voice sounded again.

Uh! Uh!

Then, in that direction, several figures appeared.

Headed by a thin, middle-aged man.

"Xiangshan, it's you." You Fengyu's face changed.

"Xiangshan Domain Master is Xiangshan Domain Master."

Someone exclaimed among the family.

"It seems that it is another domain owner."

There was a move in Lu Ming's heart.

Lord Yu Fengyu ruled this area, like the master of the mountain, should be the overlord who ruled another area.

"Nature is me, You Feng, the treasure of the ancient Shenshan map, do you want to swallow it alone? Or hand it over!"

The main cold road in Xiangshan.

"Hum, you alone want to grab the ancient Shenshan map from my hands, dream."

Master Yu Fengyu waved his hand at the ancient Shenshan map and then put it in the storage ring.

At this moment, a rainbow of light blew into the palm of the master of the wind region at a very fast speed.

This attack was attacked from behind You Fengyu, and was a member of You Fengyu.

Master Yu Fengyu had never expected that his men would attack him and wanted to avoid it. It was too late. His palm was hit and exploded directly, and the ancient **** map also flew out.

"Great protector, you are looking for death."

You Fengyu Lord roared, running divine power, and quickly repaired the bursting palm.

The person who shot him just now is his first master, and the existence of a true **** with sevenfold is the great protector under him.

Da Hufa's body retreated sharply to prevent the main attack of You Fengyu.

"Hahaha, I tell you, your big protector has long been secretly surrendering to me."

The Master of Xiangshan Domain laughed and moved, rushing towards the ancient Shenshan map.

"Want to take my ancient Shenshan map, stop thinking, kill!"

You Fengyu shouted and rushed to the ancient Shenshan map. At the same time, the violent attack kept blasting towards Xiangshan Yu.

The main leader of Xiangshanyu was not afraid, but also launched an offensive. The two collided continuously, full of energy.

Fortunately, the ancient Shenshan map is made of soul gold, which is extremely hard, and it rolls in strength, nothing at all.

The Master of Xiangshan Domain is also the cultivation practice of the True God Yaejo. The combat power is no weaker than that of the Master of the Wind. The two men fought continuously, but no one can take the upper hand. For a time, neither of them got the map of Ancient God Mountain.

But at this time, in the fierce battle between Youfeng and Xiangshan, there was a figure in the sky. At a very fast speed, they rushed to the ancient Shenshan map, palms towards the ancient Shenshan map.

This is a wing tribe, with a pair of blue wings behind, fanning at an amazing speed.

"Master Yuhan, it's you."

Lord Yufengyu and Master Xiangshan shouted at the same time, but they could not fight, and at the same time launched an attack on the wing tribe.

Another domain master came, but Yuhan domain master.

Originally, the master of Yuhan domain will get the map of ancient Shenshan, but the master of the wind domain and the master of Xiangshan domain shot at the same time. The power is amazing. He had to give up the map of ancient Shenshan and resist it with all his strength.

boom! boom!

The main body of Yuhan domain was repelled, and the masters of Yufeng domain and Xiangshan domain rushed to the ancient Shenshan map, and they fought together again.

Master Yu Hanyu's face was gloomy, and he threw himself up. The three masters of the domain started the confrontation. Everyone wanted to get the map of Ancient God Mountain, but no one could get it.

The people of the Fu family, with a dazed face, didn't expect to attract three domain masters at once.

The ancient Shenshan map stirred in the spirit, flying around.

"Map of Ancient God Mountain?"

Lu Ming whispered, his eyes showing the color of intent, he came here, not to find the ancient God Mountain? Therefore, he wanted this map of the ancient God Mountain.

Lu Ming stepped out and approached the battlefield.

Chapter 2767: Kill Domain Master

Coincidentally, when Lu Ming just stepped out, the ancient Shenshan map was excited by energy, and it was like lightning, and flew towards Landing Ming.

Even Lu Ming froze for a moment, stretched out his hand, and took the ancient Shenshan map in his hand.

"Boy, hand me the ancient Shenshan map."

"Hand it over."

Lord Yufengyu, Xiangshanyu and Yuhanyu yelled and rushed towards the landing.

Lu Ming's figure moved a few hundred miles to avoid the attack.

"I want this map of Ancient God Mountain."

Lu Ming spoke, and then the ancient Shenshan map was put away.

Everyone around was stunned, and then looked at Lu Ming like an idiot.

Ancient God Mountain map, he wanted?

Are you the master of the three domains?

Isn't this death?

Even the three major domain owners were stunned, and then exhaled cold killing opportunities.

"Boy, I have seen stupid people, I have never seen you so stupid. Since you are looking for death, then I will fulfill you."

The master Yu Fengyu drank coldly, shaped like a flash of lightning, and rushed towards the landing.

"he's mine."

"Don't think anyone wants to rob me!"

The masters of Xiangshan and Yuhan rushed to the landing Ming to try to kill Lu Ming and take Lu Ming's storage ring into his hands.

"When I'm soft persimmon."

Lu Ming sneered, a spear appeared in his hand, and at the same time, Lu Ming triggered three times the fighting strength of the war character.

"Broken!"

Lu Ming drank low, the body's divine power was running at full strength, and he exhibited the first form of the three strikes of the world, breaking the sky.

Three lances, with a terrible power, spurred toward the master of the wind domain, the master of the mountain domain, and the master of Yuhan domain.

boom! boom! boom!

Three consecutive roars, the three of You Fengyu's faces changed wildly, their bodies shook, and they couldn't help but retreat.

Lu Ming shook his body, and took a few steps back.

"what?"

At the scene, everyone was dumbfounded.

Lu Ming actually blocked the attack of the three domain masters, and also repulsed the other party.

How can Lu Ming have such a strong combat power?

Some people used to think that Lu Ming was stupid. Now they find that they are stupid.

"Great, great..."

Fu family heads and others were also shocked.

"Damn, this kid..."

The three of You Fengyu's masters also showed horror in their eyes.

"This kid is fighting, the three of us are better to join forces, first abolish this kid, it is not too late to **** the ancient Shenshan map."

Youfeng Yuzhu gave a voice to the other two Yuzhu Yu.

"it is good!"

"I agree!"

Master Xiangshan and Master Yuhan nodded and agreed to join forces.

They knew from the battle just now that they would not be Lu Ming's opponents alone.

Uh! Uh! Uh!

The three masters of You Fengyu moved and became a horn, rushing towards Lu Ming.

"bring it on!"

Lu Ming whispered, his spear vibrated and swept out.

The three masters of You Fengyu, the divine power under control, is just ordinary divine power. Although there are eight levels of cultivation of the true god, Lu Ming has no fear at all.

boom!

The thick gunman, like a mountain, hit the three domain masters.

The three domain masters have also used their tricks, and the two sides have fought fiercely together.

boom! boom! boom!

The sky exploded continuously, and in a blink of an eye, the two sides made hundreds of moves.

"Happy, just try my new tricks. Three blows to the world, cut the moon!"

Lu Ming's eyes were filled with light, and his whole body was madly rioted, pouring into the spear.

At the same time, Lu Mingshi exhibited ice chains, and several chains swept toward Xiangshan Domain Master and Yuhan Domain Chairman, while Lu Ming himself exhibited the second form of World Extermination Three Strikes, chopping the moon.

By the time the third strike of the World Extermination has reached the fourth level, it has already been able to perform the second form, chopping the moon.

The power of this trick is even stronger than "Breakthrough". Of course, the divine power consumed is even more amazing.

However, Lu Ming has a quantitative formula, and does not care about the consumption of divine power.

call out!

A spear, as if it were a crescent moon, attacked the master of the wind.

"this is..."

The main pupil of You Fengyu contracted sharply, and he could feel the terrible trick of Lu Ming. He roared and exploded all his strength, trying to block this trick.

boom!

Poof!

Two weird sounds sounded, and then Lu Ming's figure rushed by, and the main body of You Fengyu was stiff in the air, and there was a deep horror on his face.

Then his body was torn apart and his soul was destroyed.

Seeing this scene, Xiangshan Yu, Yu Hanyu only felt a cold air, from the bottom of the foot through the Tianling cover, almost scared to death, receding wildly, and distanced from Lu Ming.

"The domain master is dead, the domain master is dead!"

Those of You Fengyu's men were immediately chaotic, and they retreated crazy, pulling away from Lu Ming.

"Am I letting you go? Stop for me."

Lu Ming's eyes looked at the Master of Xiangshan and Master Yuhan.

Master Xiangshan Yu, Yuhan Yu was frightened, and wherever he dared to stay, he turned and ran.

Lu Ming's eyes were cold, and he exhibited the nine-day Kunpeng technique. Like a Kunpeng, he rushed towards the two, and he surpassed the two in a few shots, blocking them in front of them.

"I told you to stop, haven't you heard?"

Lu Ming said coldly.

"Young man, young man, I don't want the ancient Shenshan map, you take it, you can take it though."

The master of the Xiangshan region quickly said, covered with cold sweat.

Lu Ming can kill You Fengyu with one shot, and he can also kill him with one shot.

"Yes, yes, I don't want it anymore, although the young man took it."

Master Yu Hanyu said quickly.

"The ancient Shenshan map naturally belongs to me, and you, don't go first, maybe I still need you."

Lu Ming said coldly.

The master of Xiangshan domain and Yuhan domain did not dare to move.

Then, Lu Ming took out the ancient Shenshan map, opened it and looked at it.

Above, there is indeed a route leading to a mysterious place, the ancient God Mountain.

"I need you and me to find the ancient God Mountain through the map."

Lu Ming said.

For the ancient **** star, Lu Mingren is unfamiliar, even if there is a map, it is very troublesome to find it. It is better to directly use the power of the Xiangshan domain master and others to find the ancient **** mountain faster.

As for bringing Xiangshan Domain Master and others together, Lu Ming doesn't care. He just wanted some ancient **** flowers on his trip. Xiangshan and several people have not been put in his eyes.

The eyes of Master Xiangshan and Master Yuhan lighted up. Unexpectedly, there was such a good thing. Lu Ming wanted them to look for the ancient Shenshan together, wouldn't they be able to enter.

Thinking of this, their eyes were hot.

"Relax, we will find it as soon as possible."

The Master of Xiangshan Domain nodded again and again.

"Go!"

Lu Mingdao, Xiangshan and others left the place directly without staying at Fujia.

As soon as Master Yu Fengyu died, the crisis of paying home was lifted.

"Luck, we paid home this time, really luck."

"Yeah, I met Young Master Lu Ming, God bless me to pay home!"

"Young Master Lu Ming is the benefactor of my family, and I must cast it into an idol and bow down every day."

Looking at the direction of Ming Ming's departure, the people of Fu Family are grateful.

Chapter 2768: Many maps

Lu Ming didn't bother to worry about what the Fu family thought. The next time, the two masters, Xiangshan Yu and Yuhan Yu, sent a large number of men and women to find the location of the ancient Shenshan according to the ancient Shenshan map.

After half a month of research, they finally determined the specific location, and then Lu Ming, Xiangshan Yuzhu, Yuhan Yuzhu took some masters and rushed towards the destination.

They did not find that there was a figure in the distance behind them, who followed them from afar, and this person was in joy.

From the map, the location of Ancient God Mountain is in the extreme north of Ancient God Star.

On a desert island in the waters of the extreme north.

When they arrived at this deserted island, they couldn't help but stunned.

Because this deserted island is desolate, how can there be any ancient **** mountain.

The point is, there are actually many people gathered here, standing on desert islands, searching for something.

"Guanhao Domain Master, Thousand City Domain Master... Why are you here?"

Xiangshan Yuzhu exclaimed with wide eyes.

Because here, he saw a lot of domain masters, some of whom he knew.

"Xiangshan, you are also here. It seems that you also get a map of the ancient Shenshan Mountain."

A big man with a burly figure smiled and said, this man is the master of a thousand cities.

"What do you mean? Did you also get the ancient Shenshan map?"

The main road of Xiangshan.

"Not bad!"

A scroll appeared in the hands of the Thousand City Masters, exactly the same as Lu Ming's.

"This this..."

Master Xiangshan Yu, Yuhan Yu and others were dumbfounded.

"Hahaha, be surprised. I started to be like you. I thought there was only one map of the ancient **** mountain. I came here to know that there are many maps of the ancient **** mountain. This is not the case. More than half of the domain masters of the ancient **** star are here. , I am afraid that the number of people behind will increase."

The Thousand City Masters laughed.

Lu Ming, Xiang Shanyu and others are speechless. After so long, there are many maps of the ancient God Mountain.

"Then did you find Ancient God Mountain?"

The Master of Xiangshan asked again.

This is what they care about most.

"No, this place is a desert island at all. Birds don't shit, no hair."

Thousand city main road.

Lu Ming's face sank slightly.

Nothing?

Isn't that in vain?

But how could it be possible to give up, and immediately, they also looked up carefully on this desert island to see if there were any clues.

Sure enough, with the passage of time, people from all over the deserted islands came constantly, and all the domain owners from all over the world got the map of the ancient Shenshan.

"Strange, it seems that so many maps appeared at the same time, otherwise, how could so many people be so coincident that they came together during this time?"

Lu Ming frowned and thought, all of this gave him a feeling as if it was manipulated by man.

Not only did he have doubts, but also others.

However, the temptation of ancient Shenshan was too great, and no one left.

In the music, it has long been mixed into the desert island. The crowd is in the crowd. On the desert island, there are at least tens of thousands of people. No one will notice him.

As time passed, more and more people came to this island.

According to the Xiangshan domain master, most of the ancient **** star domain masters have come and brought a lot of masters.

"It's impossible, this ancient Shenshan map is made of Soul Gold. Soul Gold is rare and very precious. Who would spend such a big price to engage in this kind of prank?"

Humane.

Indeed, no one would spend so much money to tease them, because it makes no sense.

The only explanation is that the ancient God Mountain is really due to be born. Therefore, the ancient God Mountain map will appear in the ancient God Star in a short time.

"There are so many maps of ancient Shenshan, maybe it makes sense, we might as well take out all the maps of everyone to see if there are any strange things?"

Someone suggested.

"Okay, I agree!"

"I agree."

Many people nodded.

Then, people with maps of ancient Shenshan took out maps of ancient Shenshan.

Lu Ming also took it out. At the scene, there were at least hundreds of maps of ancient Shenshan.

As soon as these maps were taken out, they resonated and the maps shone.

Buzz! Buzz! ...

Then, these maps flew out, flying in the direction of the desert island, and stopped in one place.

Hundreds of maps have formed wonderful trajectories, rotating rapidly in the air.

The void suddenly showed a rune, like a cobweb, densely spread in the sky.

"There is a reaction!"

Many people are ecstatic.

There is a response, indicating that the map is true.

There are more and more runes in the void, and finally the void actually turns to form a dark vortex, but then, the vortex slowly becomes clear, through the vortex, you can see the scene behind the vortex .

It was a magical mountain, so huge it towered into the sky.

Ancient God Mountain!

Many people showed ecstasy in their eyes.

They finally found the ancient **** mountain, a long past, the place where the descendants of the ancient **** lived, legends, there are countless treasures in it.

Lu Ming's eyes also shone slightly.

There is an ancient **** flower in the ancient **** mountain. Only when the ancient **** flower is obtained, his **** body can be improved, and the war character tactics can be cultivated successfully by four times the combat power.

"go!"

Someone couldn't help but rushed towards the vortex, and as soon as he flashed, he rushed into the vortex and appeared opposite the vortex.

"It's okay, hurry, rush!"

"Rush!"

Seeing that the people in front were all right, most people couldn't help but rushed toward the vortex, fearing that the treasure would be taken away by someone one step behind others.

The Master of Xiangshan and Yuhan did not care about Lu Ming anymore, and rushed into the whirlpool.

Lu Ming also mixed in the crowd and rushed into the ancient Shenshan.

"Hey, I didn't expect to kill Lu Ming this time, but I could actually meet the legendary ancient **** mountain. This Lu Ming is really my lucky star!"

Le Zhong sneered, and rushed into the whirlpool.

As soon as Lu Ming rushed into the vortex, he appeared on a boulder.

"this is..."

Lu Ming looked ahead and found that they came to the middle of a huge valley.

The valley is large, thousands of miles wide, and cliffs towering into the clouds on both sides.

Tens of thousands of people entered here.

Uh! Uh! ...

Many people have already rushed deep into the valley.

Lu Ming looked around and rushed toward the depths of the valley.

boom!

Suddenly, a violent roar erupted in front, and a group of people fought fiercely together.

"Ancient God Flower, it's mine, get me off."

"It's you who gets rid."

A roar roared, making Lu Ming jump in his heart.

The ancient **** flower appeared?

Lu Ming quickly rushed over and saw that a dark red flower was growing in a crack in the stone. The flowers were full of drops and there was a strong energy wave.

The ancient **** flower is really the ancient **** flower, exactly the same as the ancient records.

Chapter 2769: A black skull

Dozens of masters fought fiercely around the ancient Shenhua.

what!

There was a scream, a master of six true gods, who was beheaded and blood shed all over the place.

In the war, there are several characters who are masters of the domain. The sixfold existence of the true **** is naturally not enough to watch.

The others, looking around, did not fight for it.

An ancient **** flower is not worth it.

More people rushed deep into the valley.

Perhaps, since ancient **** flowers appeared here, there might be more in the depths of the valley.

Lu Ming watched it and didn't shoot.

An ancient **** flower, with limited functions, can't make a big shot and expose its strength in advance.

As the figure moved, Lu Ming also went deep into the valley.

Sure enough, ancient **** flowers appeared one after another in the depths of the valley. Every time ancient **** flowers appeared, it would cause a war and many people fought fiercely.

Although the Honghuang Universe is mainly based on the cultivation of divine power, the strength of the divine body is also very important.

Some mysteries have requirements on the strength of the divine body.

And the stronger the **** body, the stronger the vitality. The treasures that can enhance the **** body are all very precious things, and the competition for nature is fierce.

However, Lu Ming didn't make a shot, he speeded up and rushed towards the depths of the valley.

"Boy, be careful, someone will kill you."

At this time, Lu Ming heard a voice from the sea.

"Someone wants to kill me?"

Lu Ming was not condensed and was alert.

"Wait, this voice..."

Suddenly, Lu Ming stopped and his face was shocked.

Because the voice that sounded in his sea of understanding just now is very strange. It is not the voice of measuring the word or the war of words, but another voice.

However, in his knowledge of the sea, in addition to measuring the word tactics, war word tactics, there are other existence?

"Who? Who is in my knowledge?"

Lu Ming shouted with spiritual strength.

"Boy, there is something in your picture!"

This time, it was the voice of the word measure.

Picture scroll?

Lu Ming thought of the portrait of Jing Yu all of a sudden, but the residual marks left by Jing Yu have disappeared, and the portrait above has also disappeared. Is there any other existence in this picture?

"Boy, what's so surprising, I've been there since you got the portrait of Jing Yu. During this time, I have been observing you, but you haven't found it."

The strange voice sounded again before, and it really came from the portrait of Jing Yu.

Then, Lu Ming was surprised to see that he stretched out an arm from the portrait.

However, this arm is not a flesh and blood body, but a skeleton, which is made of black, like black jade polished.

Immediately afterwards, Lu Ming saw that from the portrait of Jing Yu, a skeleton climbed out, a skeleton as dark as jade.

Lu Ming was dumbfounded.

In the picture of Jingyu, there is a skeleton hidden.

How is this going?

Who is this skeleton?

Is it Jing Yu himself?

In an instant, Lu Ming thought dozens of thoughts.

"Boy, don't be too surprised. The old man said, someone is going to kill you, it's already close, if you want to die, just keep in a daze."

The skeleton continued to speak.

Lu Ming immediately converged, and really felt a cold breath coming toward him. At the same time, a dark-skinned old man quickly approached Lu Ming, and a sword light pierced Lu Ming's back heart.

Quick, accurate, ruthless!

In one go, one blow will kill.

And the power is amazing, if there is no black skull reminder, Lu Ming is probably dangerous.

However, after reminded by the black skull, Lu Ming has reacted in advance. In an instant, Lu Ming has exhibited nine-fold red gold armor, a layer of red gold armor, covering the whole body.

At the same time, Lu Ming turned around quickly and stabbed out, aiming at Jianguang.

Keng!

The spear and the sword light intersect, bursting out a harsh collision sound, full of energy.

However, the power of the sword light was really amazing, terrifying sword gas, which caused the spear to continue to vibrate, and then strangled to the landing through the spear.

bump! bump! ...

The scarlet golden armor on Lu Ming's body was violently shaken, and was actually torn apart.

Lu Ming's body flew straight out and smashed a 100-meter-high boulder. His body was covered with sword wounds and blood.

Fortunately, however, Jian Guang had no power through the long rifle and the red gold armor. Lu Ming only suffered some skin trauma.

Ok?

Lu Ming did not kill Lu Ming in a single blow, and the dark-skinned old man was surprised for a moment.

"Who are you? Why kill me?"

Lu Ming stared at the dark-skinned old man coldly.

The strength of this old man is very terrible. Cultivation is at the peak of the Ninefold of the True God, and he controls Wangpin's divine power.

With Lu Ming's current strength, if he broke out with all his strength, he can fight against the ordinary true **** Ninefold, but when he meets the peak of the true **** Ninefold, it is mostly invincible, not to mention, the other party also controls Wangpin's divine power, and his strength is far above him.

The key is that Lu Ming does not know this old man.

"kill!"

The dark-skinned old man didn't say much. He drank coldly, struck like a lightning, and rushed towards the landing.

Before he arrived, a terrible sword light had poured into the landing sound.

"Ice Chain!"

Lu Ming's heart moved, and the eight ice chains flew out like eight long dragons, entwining toward the dark-skinned old man.

Keng! Keng! ...

The opponent's sword light, constantly slashing on the ice chain, Mars is shining, the ice chain is continuously shaking, and there is a sword mark on it, but in the end, the opponent's attack is blocked.

At the same time, there was a terrible chill, and he went towards the dark-skinned old man, so that his body shivered.

"Mystery, ice chains, this kid actually cultivated into ice chains."

The dark-skinned old man showed a shocked color, then screamed, and a more terrible divine power burst out from his body. The sword light continued to burst, swaying the icy chains of ice, and killed Lu Ming.

"Three strikes to destroy the world and cut the moon."

Lu Ming sipped, used the strongest move, a crescent-shaped attack, and killed the dark-skinned old man.

boom!

The two collided again, and an amazing energy broke out between them.

"Rewind, rewind!"

On the side, the others were frightened and backed off again and again, and several of them were weak, directly strangled by the energy of the collision between them.

"What a terrible strength, who are these two people, more powerful than many domain owners."

Many people were shocked.

With such a combat power, I am afraid that only the most terrifying domain masters of Ancient Divine Star can match it.

"Boy, die for me!"

The dark-skinned old man shouted. From him, the influx of divine power continued, the sword light skyrocketed, Lu Ming's body shook, he flew back directly, and a mouthful of blood spewed out.

"It's now..."

Lu Ming's eyes moved, and there was another chain of ice in his body, which flew out.

This is the last ice chain, and the strongest one, the one where a mysterious liquid has been refined.

Chapter 2770: Ancient God Flower Sea

The dark-skinned old man apparently didn't expect Lu Ming to have this trick. His expression was slightly shocked, and at the same time the sword changed, and he chopped towards the ninth ice chain.

However, when his war sword was chopped on the ninth ice chain, his face changed suddenly.

Because, he felt a terrifying chill, and came toward him, as if to freeze his blood, even his divine power.

Hula!

Other ice chains vibrated and wrapped around the dark-skinned old man, trying to trap him.

"This kid, what an amazing means..."

The dark-skinned old man was shocked and could no longer hide his identity. At this moment, he exploded into full force.

boom!

His body, like a volcanic eruption, boiled with divine power, impacted the coldness of his body, and at the same time, a sword light burst out, swaying the chains of frozen ice.

But he broke out with all his strength, and it was difficult to maintain his appearance. His body shape and muscles began to change, revealing his original appearance.

"Happy!"

Lu Ming roared, killing cold.

That's right, this dark-skinned old man is in the music. The other party passed through the dressing, and it seems to have practiced some kind of mystery. Even the breath is hidden. Lu Ming did not recognize the other party before.

"Lu Ming, you surprised me too much and forced me to reveal the original form, but you are still dying!"

Drinking in the cold, the eyes are very cold.

Today, Lu Ming must be killed, he roared in his heart.

Lu Ming is terrible, so young, and cultivation is just one of the true gods, but the combat power is terrible and unimaginable.

True God is so important that even under his continuous attack, he was just injured but not dead. It is hard to believe this kind of combat power if he had not seen it with his own eyes.

If you give Lu Ming another period of growth, that's fine.

After a while, he may die in Lu Ming's hands, so Lu Ming must be killed.

"kill!"

All the power erupted in the music, killing the past to the landing.

"go!"

This time, Lu Ming turned around and left, too lazy to fight with joy.

With his current strength, he is indeed not an opponent in his music. Even if he does his best, he will be invincible. Since he is invincible, will he continue to fight, wouldn't he be too stupid.

"This old guy, kill later."

Lu Ming secretly said.

As long as he got the ancient divine flower, the divine body transformed, and cultivated four times the combat power, and then cultivated as long as he broke through one more level, and reached the second level of the true god, Lu Ming could grasp the battle with Lezhong, and even kill the other party. .

Lu Ming performed the nine-day Kunpeng technique and rushed toward the depths of the valley.

"Want to go, I will kill you wherever I go today."

Drinking coldly in the music, hurried to the landing Ming.

The two chased and fled, continually going deep into the valley.

Of course, there are others who have been rushing deep into the valley.

However, ancient **** flowers appeared from time to time along the road, and some people stopped to compete for the ancient **** flowers.

He flew again for a while, and suddenly there was a strong scent in front of him.

At the same time, there are very strong energy fluctuations that are pervading.

"That is..."

Suddenly, Lu Ming's figure stopped involuntarily, his eyes wide, and he stared at the front in a daze.

"Boy, why don't you run away..."

Le Zhong hurriedly chased him, but he hadn't finished talking yet. His figure couldn't help but stopped, his eyes rolled round, and he looked at the front inconceivably.

Not only the two of them, but also some other people who rushed here, the same way.

Dumbfounded, dumbfounded, but then, it was deep greed.

Because, the front is covered with ancient **** flowers.

In front, there is a flat piece of land. There are a valley in each direction of this piece of land. Lu Ming's valley is only one of the eight.

Eight valleys meet here.

At this intersection, all are ancient **** flowers.

The dense ancient **** flowers, I don't know how many flowers, like a sea of ancient **** flowers, swaying in a variety of colors, people dazzled.

Grunt!

Even Lu Ming couldn't help but swallow.

He never thought that there would be so many ancient **** flowers here.

Ten thousand flowers? 20,000 flowers?

In short it is difficult to count.

"Hahaha, sent, sent."

"With so many ancient **** flowers, to what extent can my **** body rise?"

The crowd finally reacted. Suddenly, many people rushed towards the ancient **** flowers, and their red eyes rushed towards the ancient **** flowers.

"Ancient God Flower..."

In Le Zhong's eyes, it was all light of greed. He didn't care about killing Lu Ming, and he threw himself directly at the ancient **** flower.

The greed for the ancient **** flower is stronger than the heart that killed Lu Ming.

Uh!

Lu Ming also rushed forward, and a great hand was condensed by the divine power, and he grabbed an ancient divine flower.

However, under the grasp, it did not move.

At the root of this ancient ancient flower, a rune emerged, forming an aperture that enveloped the ancient flower and protected the ancient flower.

"There is a large array of guardians, this ancient **** flower, there is a large array of guardians..."

Lu Ming was surprised, and then grabbed another ancient **** flower, but the result was the same. When Lu Ming grabbed, a rune emerged from the root of the ancient **** flower, forming an aperture, and covering the ancient **** flower in it. .

"Damn, what's going on? It can't be picked."

"Damn, this ancient **** flower is guarded by a large array."

Others also roared.

If you can't pick it, you can't pick any one. All the ancient **** flowers are guarded by a large array, which makes everyone's face extremely gloomy.

It was like a golden mountain in front of it, but it was not available.

"Great, great, this is a large formation, all the ancient **** flowers are planted in the array of eyes, this large array, there are so many arrays of eyes, this array of people, what do you want to do?"

In the sea, the dark skull sat on the scroll, muttered to himself, and looked at everything outside.

"All planted in the eyes."

The gaze in it is also condensed.

Lu Ming naturally heard the words of the black skeleton, and there was a lot of waves in his heart.

If this is really the case, then this big formation is awesome, how many arrays should it have?

Others frantically jumped at this place to pick other ancient **** flowers, but without exception, all failed, and no one could pick an ancient **** flower.

At this moment, people in the rear kept coming. When they saw the ancient **** flower ocean, they were also shocked, and then joined the picking team. Naturally, no one can pick even one.

call out! call out! call out! ...

Suddenly, from all directions, there was a terrible sound of breaking the air.

It was arrows, like black lightning, and they shot at the landing.

Lu Ming was shocked, the spear appeared, swept out continuously, and opened several arrows.

But not everyone responded so quickly. A scream was heard at the scene. Many people were shot by arrows and died in the sea of ancient gods.
