

D Emperor 2801

Chapter 2801: Battle of the Virgin and Child

"Boy, you are playing with fire now."

Knowing the sea, the bone devil sighed.

"Senior, can there be any way for me to compete against Tianhong?"

Lu Ming asked.

This time, Lu Ming did not expect that Tianhong Shengzi would come so soon.

However, with Lu Ming's character, even if he knew, he would still deal with Liu Feiyun.

Endure swallowing is not Lu Ming's character.

"That kid is very strong. With your current strength, you want to have the strength against Tianhong Shengzi in a short time. There is only one way, that is, to burn the heart of the ancient **** completely. In that case, you will get it in a short time. A tremendous strength."

"But the consequence is that your heart of the ancient **** may disappear completely. This price is extremely great!"

Bone Devil sighed.

"Burning the heart of the ancient god? Will it disappear completely?"

Lu Ming frowned.

Being able to condense the heart of the ancient gods is a great opportunity. This kind of opportunity is hard to come by. It is lost, but it is gone.

Lu Ming is really reluctant. With the heart of the ancient god, his divine body can grow bigger and bigger from time to time. The benefits are very amazing in the long run.

However, if there is really no way, then you can only do one.

"Lu Ming, first of all, kneel down for me!"

Tianhong Shengzi was at a high level, the breath was like the sea, and he kept pressing down towards the landing. At the same time, he reached out a palm and pressed down.

A huge palm, like an ancient God Mountain, pressed against Lu Ming, the palm was not yet there, terrible pressure, the already pressed Lu Ming's body creaked.

Unable to confront, completely unable to confront, the gap between the two sides is too great.

Whether it is Lu Ming or the ball, in front of Tianhong Shengzi, it seems very weak.

"It seems that it can only burn the heart of the ancient god."

Lu Ming showed a decisive color.

Although the ancient god's heart is precious, it is nothing compared to life.

"bring it on!"

Lu Ming was cruel and was preparing to explode completely, burning the heart of the ancient god.

At this moment, a whisper of softness sounded: "Tianhong, your divine son of the heavenly **** realm, actually shot against a triple person of the true god, you are really shameless, you have to fight, I will be your opponent!"

The sound has not fallen yet, a sword light has flew from a distance, like a fairy flying outside the sky.

boom!

Jianguang was chopped on Tianhong Shengzi's palm print, and a violent roar erupted. The palm print vibrated and was divided into two by Jianguang.

Uh!

Randomly, a figure appeared in the distant sky.

Ouyang Qingxiang!

At the critical moment, Ouyang Qingxiang shot, and a sword cut the mark of Tianhong Shengzi.

It's not that Ouyang Qingxiang is much stronger than Tianhong Shengzi, but the trick just now, Tianhong Shengzi did not go all out, and Ouyang Qingxiang used more power to save Lu Ming. Imprint of the Son.

Lu Ming breathed a sigh of relief, Ouyang Qingxiang arrived, it seems that he does not need to burn the heart of the ancient god.

After all, the heart of the ancient **** is too precious, and less than a last resort, Lu Ming could not bear to waste it.

"Ouyang Qingxiang, do you want to do more business?"

Tianhong Shengzi's face cooled down, staring coldly at Ouyang Qingxiang.

"What is multi-tasking? Lu Ming and I are friends. If you want to deal with him, you will deal with me."

Ouyang Qingxiang said.

"Humph, do you think that you can stop me?"

Tianhong Shengzi snorted coldly, exuding golden power, and his breath became stronger and stronger.

"If you try, you will know. Although you became a son earlier than me, you may not be able to overcome me."

Ouyang said with a strong cold voice, a powerful sword gas burst out of his body, breaking through the sky.

"The Fragrance Lady and Tianhong Son are about to start."

"The existence of the level of the Son and the Virgin hasn't taken a duel for a long time. Looking forward, I don't know who is strong or weak?"

"I don't know. Although the Fragrant Saint Virgin became a Saint later, but her talent is amazing, and it may not be weaker than Tianhong Shengzi."

"Unexpectedly, Lu Ming and Qing Xiang Sheng Nu were actually friends. Speaking of it, Lu Ming is also a horror. If he grows up, I am afraid that he will surpass other saints and saints. Only the supreme saint can fight. "

"Yeah, I don't know what will happen today."

In this area, more and more people gather.

Even some elders of the inner door appeared and watched from afar.

"Shenlong big handprint!"

Suddenly, Tianhong Shengzi shouted, divine power exploded, his hands were continuously sealed, and a huge dragon claw was formed, which was so huge that he grabbed Ouyang Qingxiang.

"Qinglian Sword Song!"

Ouyang Qingxiang whispered, the sword rushed into the night, and he waved the sword out.

boom!

The terrible collision erupted, evoking thousands of waves, as if the entire inner door area shook violently.

"Go up and fight!"

Ouyang Qingxiang's voice sounded, her figure turned into a blue sword light, rising into the sky and rushing into the sky.

Roar!

There was a sound of Longyin from Tianhong Shengzi's body. His body shape changed a lot in an instant.

Tianhong Shengzi's body became tall and burly, his muscles bulged, and his body was twice as big as before.

A layer of golden yellow scales appeared on the surface of his skin.

It was a dragon scale. Even more amazing, Tianhong Shengzi had a tail and a dragon tail.

"Dragon Race!"

Lu Ming narrowed his eyes slightly and recognized the race of Tianhong Shengzi.

Tianhong Shengzi is a dragon race. Lu Ming once saw this race. In the Huangquan World of Huangquan Mountain, there is a kingdom composed of dragon races.

"Shenlong big handprint!"

Tianhong Shengzi showed his true body, with stronger combat power, and constantly used the big dragon handprints. In the sky, nine golden dragon claws were formed in a row, and they grabbed Ouyang Qingxiang.

"Qinglian sword song, sword swings the world!"

Ouyang Qingxiang's figure turned, and a blue sword gas burst forth, slashing towards the golden dragon claws.

In the high altitude, there was a lot of boiling, and the fierce battle between the two, the scene was amazing.

Lu Ming's face was solemn, and with his current strength, it was indeed far worse than Tianhong Shengzi and Ouyang Qingxiang.

"The gods are only fourfold, Lu Ming, don't be arrogant, use your talents to catch up with them in not many years."

Bone Demon's voice sounded, seeming to see through Lu Ming's thoughts.

"Ten gods are fourfold?"

Lu Ming nodded, not knowing what other Xuanzong sons and daughters were doing.

Uh! Uh!

At this time, two figures flew over in the distance, Yue Linglong and Wu Zifeng.

"Lu Ming, are you okay?"

Yue Linglong asked.

"It's okay, did you inform Saint Fragrance Lady, thank you!"

Lu Ming smiled.

With a move in his heart, Lu Ming knew that Ouyang Qingxiang must have been informed by Yue Linglong before they arrived.

"It's okay!"

Yue Linglong, Wu Zifeng and the two nodded and looked up to watch the battle in the sky.

Chapter 2802: The magic law of the dragon

At this moment, Ouyang Qingxiang and Tianhong Shengzi have fought more than one hundred moves, and they are still difficult to distinguish.

Tianhong Shengzi, his face became more and more gloomy.

"Ouyang Qingxiang, you forced me, then let you see, my real hole card, Shenlong Faxiang, come out!"

Tianhong Shengzi shouted, his power was boiling, and half of the sky was dyed golden yellow.

Roar!

Then, a dragon chant shook for nine days, and a huge real dragon appeared on top of Tianhong Shengzi.

No, it shouldn't be called a real dragon anymore, in the vast universe, but all real dragons that reach the Wushen Realm are collectively called the Shenlong.

Seeing this divine dragon, Lu Ming was in a trance, thinking that he had returned to the era when he was contending for hegemony on the continent, because this move was very similar to the one that was below the Emperor Wu Realm and his bloodline was melting.

However, this is obviously not a technique of blood vessels, but a secret technique.

With the secret technique, a **** dragon is condensed, and the breath of terror permeates people.

What surprised Lu Ming most was that this dragon was actually not a five-claw but a six-claw.

"Six claws, what's going on? Is it a mutated dragon?"

Lu Ming's thoughts changed sharply.

At the beginning, Lu Ming just went to Yuanlu and met Qiu Yingying. Her bloodline was a real six-claw dragon.

In the Celestial Realm, the dragon's claws are six-claws, and those with seven or more claws are considered to be variants of the true dragon, such as Kowloon.

Therefore, Lu Ming naturally thought that this divine dragon condensed by Tianhong Shengzi was also a mutant.

Roar!

The six-claw golden dragon roared, and the body of tens of thousands of meters flew towards Ouyang Qingxiang.

"Qinglian Sword Song, the sword outsults the gods!"

Facing the secret technique of Tianhong Shengzi, Ouyang Qingxiang's complexion was also extremely dignified, and she also exhibited a unique ability.

There were countless blue sword lights bursting out of her, and these sword lights converged into a blue lotus flower, which turned and flew towards the six-claw golden dragon.

The six-clawed golden dragon roared, and the dragon claws continuously grabbed and caught on top of the green lotus. The sky roared, the sky was boiling, and the terrible energy was like mountains and seas, pouring into all directions.

This is the strongest collision between the Son and the Virgin, and the scene is amazing.

But at this time, Lu Ming's body appeared the same. He felt his body boiling hot, and the blood in his body seemed to be boiling. There was even a sound of Long Yin coming from Lu Ming's blood.

"This is...Kowloon's voice!"

Lu Ming was surprised.

Lu Ming once refined nine drops of sperm blood from Kowloon. As Lu Mingxiu continued to improve, these nine drops of mellow blood melted in Lu Ming's blood and remained hidden in his body.

The secret technique of Tianhong Shengzi actually caused the movement of Jiulong Jingxue.

"The power of this mystery is amazing. If I get it, I can definitely practice to a very high level."

Lu Ming turned his thoughts in his mind, his eyes glowing hot.

He has a feeling that this secret technique of Tianhong Shengzi is very suitable for him. This is a longing, a longing from Jiulong Jingxue.

The battle between Tianhong Shengzi and Ouyang Qingxiang is more intense, but now, Ouyang Qingxiang has begun to fall.

The secret technique of Tianhong Shengzi, the magic method of the dragon dragon, and its amazing power have already begun to suppress Ouyang Qingxiang.

Of course, it's not that Ouyang Qingxiang's Qinglian sword song is not powerful, and Ouyang Qingxiang's Qinglian sword song is also terrifying, but Ouyang Qingxiang's cultivation is slightly weaker than Tianhong Shengzi.

The cultivation practice of Tianhong Shengzi is the culmination of the fourfold heavenly realm, and Ouyang Qingxiang is the early stage of the fourfold heavenly realm.

At the beginning of the battle, it was not reflected. After a long battle, this gap naturally manifested itself slowly.

This continues for a long time, which is not good for Ouyang Qingxiang.

"Ouyang Qingxiang, I said it was up to you to stop trying to stop me!"

Tianhong Shengzi Changxiao, fully operating the magic method of the dragon, the power of the six-claw gold dragon, more and more terrifying.

Ouyang Qingxiang didn't say a word and tried her best to confront.

In a short time, Tianhong Shengzi wanted to win, it was not easy.

Below, Lu Ming's eyeballs turned, suddenly revealing a certain color of determination.

"Tianhong, don't you just want to shoot me? I will give you a chance."

Lu Ming shouted, and his voice spread throughout the audience.

Yep?

Many people looked at Lu Ming curiously, including Tianhong Shengzi and Ouyang Qingxiang.

"How about I bet with you?"

Lu Ming said.

"What bet?"

Tianhong Shengzi spoke.

"You take action against me, I will take you one move, but there is only one move, and you will leave after one move."

Lu Ming said.

As soon as this remark came out, there was an uproar.

"What? Lu Ming wants to take Tianhong Shengzi?"

"Crazy, he is crazy, this is to death!"

"Yes, Tianhong Shengzi's trick, what a horror, with Lu Ming's cultivation, he will definitely die."

"He sees today that Tianhong Shengzi will not give in and wants to fight!"

Everyone looked at Lu Ming incredulously.

"Lu Ming, no!"

Yue Linglong called.

"Yes, Brother Lu, the cultivation behavior of Tian Shenghong is too strong, you can't take this risk!"

Wu Zifeng also spoke.

Lu Ming took Tianhong Shengzi a move, this is a mortal situation.

There was a cold murder in the eyes of Tianhong Shengzi, and he said, "Can you say it is true?"

"Of course it is true, but, I have a condition, if I can take you a trick without dying, you need to give me the magic formula of your dragon, give me!"

Lu Ming said.

This is his plan, he wants to get the magic formula of Tianhong Shengzi.

"Do you want my magical dragon recipe? I want to delusion!"

Tianhong Shengzi's voice became very cold.

"Isn't it? I bet my life on you. Once I can't catch you, I will die. I'll bet you a secret technique at such a big price. Isn't it worth it? "

"Also, do you have no confidence in yourself and think you can't kill me with one stroke?"

Lu Ming sneered.

"I'm not confident? Ridiculous, well, I bet with you."

Tianhong Shengzi shouted.

Taking his cultivation as an example, let's not say that he tried his best to kill Lu Ming even with a random move. What dare he dare to gamble?

Just happened to solve Lu Ming completely.

"Lu Ming, you don't need to take risks, I can block him."

Ouyang Qingxiang sent a message to Lu Ming.

"It's okay, I'm sure, the Fragrance Lady is assured."

Lu Ming echoed.

Ouyang Qingxiang's eyes flickered a few times, and then she quickly backed away, pulling away from Tianhong Shengzi, and the two stopped.

"Nest, Lu Ming, what do you want to do, do you want to die? Don't hold me if you want to die..."

At this moment, Lu Ming knew the sea, the bone demon jumped like thunder.

"Predecessor Bone Demon, the life and death of the juniors, can only look at you."

Lu Ming said.

"Look at me, look at me ass, you kiddie to death, go to bear it yourself."

Bone Demon roared.

"Senior Bone Demon, don't you just watch the juniors get killed, the juniors get killed, the things that shock Yu Yu, the juniors may never be able to complete."

Lu Ming sighed.

"You...you threaten me..."

Bone Demon roared.

Chapter 2803: Catch a trick

"Where dare you dare to threaten your seniors, the situation of the younger generation can only be in danger."

Lu Ming sighed.

"you you..."

The bones of Bone Mo Qi's whole body were shaking and they gritted their teeth. You're free to attack the kid!"

"Seniors only need to block some of the opponent's strength for the juniors, and leave the rest to the juniors themselves."

Lu Ming exulted.

Bone Demon can only grit his teeth and agree.

boom!

At this moment, Tianhong Shengzi appeared above Lu Ming, a violent breath, constantly pressing against Lu Ming, a six-claw divine dragon, hovering above Tianhong Shengzi's head, it looked powerful.

"Boy, what last words do you have, I give you a chance to speak."

Tianhong Shengzi spoke indifferently, full of strong confidence.

He did his best, not to mention Lu Ming, even an ordinary celestial **** quadruple, must be killed by him.

"Shoot!"

In Lu Ming's eyes, there was a strong fighting intention. In Tan Tianzhong, six magical fires, beating with full strength, a red gold armor appeared in front of Lu Ming.

At the same time, nine ice chains flew out and surrounded Lu Ming Tuan.

In addition, the ball turned into a pool of liquid metal and climbed up to Lu Ming's body. In Lu Ming's body, it turned into a battle armor.

In Lu Ming's knowledge of the sea, the bone demon glowed, and an energy poured into Lu Ming's body, forming a layer of defense.

"Carved insects, let me die!"

Tianhong Shengzi drank coldly, his eyes filled with endless murderous opportunities.

Roar!

The six-clawed dragon roared, and a dragon claw caught at the landing.

He wanted a move to kill Lu Ming.

Originally, in the area of Kongxuanzong, it was impossible to kill fellow students, especially the identity of Lu Ming or Shengzi.

However, just now Lu Ming himself offered to take Tianhong Shengzi as a move, so that it would not be within the limits of the door rules.

This is also the reason why Tianhong Shengzi would agree, you can take the opportunity to kill Lu Ming, otherwise, Lu Ming will not go out hiding in Zongmen, he wants to kill Lu Ming, it will not be so easy.

"Do it, can Lu Ming block it?"

"Lu Ming is dead!"

Everyone's eyes gathered on Lu Ming, and thoughts turned around in his heart.

boom!

The golden dragon claws, like a hill, bombarded Lu Ming on the body, and the first one was the ice chain.

bump! bump! bump! ...

Almost instantly, nine chains of ice collapsed and burst.

"What a terrifying power..."

Lu Ming was shocked, and then felt an extremely powerful force, like a row of mountains and rivers, pressing toward the landing.

"Stop me..."

Lu Ming Changxiao showed all of his strength.

However, when the dragon's claws were depressed, the rock at the foot of Lu Ming exploded and continued to crumble, and a large pit appeared. Too.

"How? Is Lu Ming dead?"

"It must be dead. Take his cultivation practice and take Tianhong Shengzi as a move, he will definitely die."

Everyone's eyes were staring at the big pit, wanting to know Lu Ming's situation.

"Lu Ming..."

Yue Linglong, Wu Zifeng, and Ouyang Qingxiang were also staring at the big pit, revealing their worries.

"Huh, this kid, he finally died."

A smile appeared on Tianhong Shengzi's face.

He has absolute confidence in his own move. Although he did not use 10% of his strength, he also used 80% of his strength.

Even with 80% of his strength, he has a ten thousand points of confidence and can kill Lu Ming.

But at the next moment, the smile on Tianhong Shengzi's face disappeared, revealing an incredible look.

"That's...damn, how is it possible?"

Tianhong Shengzi roared.

"Cough cough..."

At this time, the sound of dry cough came out of the big pit, the smoke dissipated, and everyone finally saw the situation clearly.

I saw Lu Ming lying in the big pit, covered with blood, and he kept coughing up blood in his mouth.

Lu Ming was seriously injured but did not die.

"Not dead, he is not dead, he is not dead!"

"God, with his cultivation practice, he hardly picked Tianhong Shengzi's move, but he didn't die. How could this be possible?"

Many people cried out inconceivably.

And Yue Linglong, Ouyang Qingxiang several people, but ecstatic.

"This guy is really powerful..."

Lu Ming coughed up a few more sips of blood and vigorously used the power to heal the wound.

A stroke just now, he was indeed seriously injured. The power of Tianhong Shengzi was too strong. His own defense collapsed in an instant, and the ball was also injured. It turned into a bracelet and landed on Ming Ming.

Without the help of the bone demon, he would definitely not be able to stop Tianhong Shengzi's move and be completely killed.

But in the end, he still blocked, he bet correctly.

"Damn, damn, kill!"

Tianhong Shengzi was furious in his heart, showing a mad killing opportunity, stepped out in one step, and the force of the mountains and seas slammed towards the landing again.

"Tianhong, you mean..."

Ouyang Qingxiang had been staring at Tianhong Son for a long time. As soon as Tianhong Shengzi shot, Ouyang Qingxiang also shot, with a sword and a sword light, blocking Tianhong Son's attack.

"Tianhong, you bet against Lu Ming on one move. Now you haven't killed Lu Ming in one move, and you want to make a second move. Without words, you are eligible to be the son of Kong Xuanzong?"

Ouyang Qingxiang was angry.

Tianhong Shengzi can only stop.

Just now, many people have seen his bet against Lu Ming, and now they can't want to repent.

"Tianhong, you have lost, hand over the magic formula of the dragon."

Lu Ming struggled to get up and looked at Tianhong Shengzi Road.

Tianhong Shengzi's complexion, gloomy and terrifying, staring at the land, said: "Lu Ming, this time, I underestimate you. One condition, I will try my best to satisfy you."

Tianhong Shengzi actually wanted to repent.

"I don't need to change the conditions, I need the magic formula of the dragon. When I was betting on the game, Tianhong, do you want to repent now?"

Lu Ming said.

"you..."

The murderous opportunity of Tianhong Shengzi is already extremely intense.

He had promised Lu Ming before, but he didn't expect that he would lose. He only agreed to Lu Ming when he thought he had won.

"Lu Ming, you don't have to be too close."

Tianhong Shengzi said coldly, the threat was obvious.

"What's to be measured? Ridiculously, I just got what I deserved. I fought for it, Tianhong, and handed over the magic formula of the dragon."

Lu Ming shouted.

Tianhong Shengzi secretly gritted his teeth and wished to unload Lu Ming eight pieces.

However, so many people today see that if he repents in public, it will greatly damage his reputation, and it will also be very unfavorable for him to compete for the position of Sovereign Sovereign.

What is the qualification of an unbelieving person to hold Kong Xuanzong?

Chapter 2804: Nine Claws Dragon

"Lu Ming, the magic formula of the dragon, you need to have the dragon blood veins in your body before you can practice. You don't have the dragon blood veins. Even if I give you, you can't practice."

Tianhong Shengzi Road.

"At this point, you don't need to worry about it, you just need to give me the magic formula of the dragon."

Lu Ming said lightly.

Tianhong Shengzi's teeth clattered, but in the end he was helpless, his palm glowed, and a scroll appeared in his hand.

"Give you..."

Tianhong Shengzi waved his hand, and the scroll flew out with a terrible roar. Needless to say, this scroll contained terrible power.

Ouyang Qingxiang's figure flashed, caught the scroll, came to Lu Ming, and handed it to Lu Ming.

"Thank you!"

Lu Ming thanked, then took the scroll, opened it and looked at it.

After looking at it, Lu Ming's face sank, and he looked coldly at Tianhong Shengzi and said, "You have given me the magic formula of the dragon dragon. It is incomplete. Do you want to regret it?"

Although he has not been in contact with the magic formula of the dragon, he can still see whether a secret technique is complete.

"The magic formula of the dragon dragon I got was incomplete, otherwise, how can you stop me on your own?"

Tianhong Shengzi said coldly.

"Tianhong, if you want to regret it, just say it, no need to find this reason!"

Lu Ming ridiculed.

"I said, the magic formulas of the dragons that I got are not complete, can't you understand?"

Tianhong Shengzi looked even more ugly.

"Lu Ming, this is true. I have also heard before that Tianhong's magic formula of the dragon is obtained from an ancient ruin. It is indeed incomplete."

At this time, Ouyang Qingxiang spoke.

Lu Ming thought, Tianhong Shengzi didn't lie.

"Humph, let's go!"

In the air, Tianhong Shengzi sneered, waved his sleeves, and turned away.

Today, he is really losing money.

Not only did he not kill Lu Ming, he also paid out a magic formula for the dragon.

In his heart, Lu Ming has been put on the list of must-dos.

Tianhong Shengzi, and his men, walked away in vain.

"Fragrant Lady, this time, thank you for saving."

Lu Ming thanked Ouyang Qingxiang with a fist.

This time, if there was no Ouyang Qingxiang, he would not have the opportunity to bet against Tianhong Shengzi.

Tianhong Shengzi didn't win Ouyang Qingxiang for a while before he promised to bet against him.

"You're welcome, this time, it's all up to you."

Ouyang's fragrant eyes flickered, and she became more curious about Lu Ming.

Lu Ming, only the true God is threefold, can actually take Tianhong Shengzi a trick without dying.

The cultivation practice of Tianhong Shengzi, but the four peaks of Tianshen.

"By the way, Fragrance Lady, how did the six dragon claws of the Divine Dragon Facial Condensed by Hong Shengzi that day?"

Lu Ming asked the doubts in his heart.

"That's a six-clawed dragon, don't you even know this?"

Ouyang Qingxiang said.

"Six-claw Shenlong? This, I really don't know much about the Dragon Clan."

Lu Ming smiled awkwardly.

"Among the dragon races, the most common dragon race has five dragon claws, while the more advanced dragon races have six dragon claws, and even seven dragon claws..."

Ouyang Qingxiang explained.

"Six dragon claws, seven dragon claws? Isn't it because of mutation?"

Lu Ming asked again.

"Variant? How is it possible, the more dragon claws, the more pure and advanced the bloodline, the higher the talent and strength."

"Most of the dragons are five-clawed dragons, and six-clawed dragons are already high-level dragons. The number is much less. The more the number, the higher the talent, the stronger the strength, the less the number. I heard, The highest-level dragon in the dragon family, with nine dragon claws, known as the nine-claw dragon, is extremely terrifying."

Ouyang Qingxiang explained.

"Actually, this is the case. It seems that my previous understanding of the Dragon Clan was all wrong."

Lu Ming murmured to himself, suddenly realized.

In the past, all real dragons in the Celestial Realm were five-clawed, so occasionally six-claws, or even nine-claws, were thought to be mutated.

In fact, this is not the case. The more dragon claws, not the mutation, but the more intense the ancient blood veins in the dragon claws.

"It seems that Jiulong is not a mutation, but the expression of the ancient blood in the body is extremely extreme. It's a pity, a pity..."

Thinking of this, Lu Ming sighed.

It is a pity that he was born in the small world of heaven, Jiulong. I am afraid that his talent is completely unexcited.

Nine-clawed dragon, in the wilderness universe, but the highest level of dragon, if Kowloon was born in the wilderness universe, I am afraid that the achievements are difficult to limit.

"Lu Ming, if you are interested in the Dragon Clan, you can find some related books to see. These are common sense in the Honghuang Universe."

Ouyang Qingxiang said.

"Okay." Lu Ming nodded.

He thought in his mind, common sense, I am afraid it may not be, in the place of the rioting Xinghe, I am afraid that the understanding of the Dragon race is very limited.

Otherwise, Fazu and even Zulong and others would not know the origin of Jiulong. They all thought that Jiulong was a variant of the true dragon.

Immediately, Lu Ming and Ouyang Qingxiang, Yue Linglong, and Wu Zifeng all left here.

Lu Ming first came to Anhai's place of residence to help Anhai and others heal.

A few days later, the injury of An Hai and others was no longer a problem, and Lu Ming returned to his place of residence to practice healing.

He took a hard shot from Tianhong Shengzi, and his injuries were extremely serious. It took him half a month to recover.

After the injury was healed, Lu Ming took out the mysterious technique "Dragon's Dharma Technique" and watched it carefully.

The magic formula of the magic dragon is extremely mysterious. After successful cultivation, it can condense the magic phase of the dragon when it is in operation. The power is extremely amazing.

Moreover, the strength of the power of practicing the dragon's dharma phase has a lot to do with the concentration of the dragon bloodline contained in the body of the practitioner.

The more advanced and pure the bloodline is, the more terrifying the power of the dragon form.

A few days later, Lu Ming had almost figured out the magic formula of the dragon, and then practiced according to the above records. Unexpectedly, Lu Ming practiced, and it was extremely smooth, no difficulty.

In just half a month, Lu Ming succeeded in practicing.

Roar!

Lu Ming sat in the yard and ran the "Dragon Dragon Faith Formula", and within his body, there was a sound of a dragon chant, and then a dragon, above Lu Ming's head, condensed out.

This divine dragon is only a few meters long. The size of the divine dragon phase can be controlled at will. Lu Ming wants to change the divine dragon phase to tens of thousands of meters. It is also possible.

Amazingly, it has eight dragon claws on its belly.

Octopus Dragon.

Tianhong Shengzi, what he cultivated was only the six-claw divine form, and Lu Ming, who cultivated it, was the eight-claw divine form.

However, Lu Ming was not satisfied and frowned slightly.

He should have been the Nine Claws Dragon Dragon.

Chapter 2805: Dragon Head Star

"Sure enough, this mysterious magic formula of the dragon's phase is incomplete and incomplete. If it is complete, I will definitely be able to cultivate the nine-claw dragon's phase, even more than one, two, three, four, and even more. possible."

Lu Ming thought in his heart that he was very eager for the complete magic dragon formula.

Think about it, once he started, he directly condensed dozens of dragons, how amazing is the power?

The magic formula of the dragon is simply too suitable for him.

It is undoubtedly that it takes a lot of power to condense the magical form of the dragon, but Lu Ming can cultivate many magical fires, and the divine power is originally much stronger than other people.

In addition, he has a vocabulary, and he is not worried that the divine power will be insufficient.

"Tianhong Shengzi's magic formula of the dragon is obtained from an ancient ruin. So, does that ancient ruin have a complete form of magic dragon?"

Lu Ming thought, he really wanted to get the complete image of the dragon, once he got it, his combat power would be greatly improved.

"Go and ask Ouyang Qingxiang to see if she understands."

Thinking of this, Lu Ming left the other courtyard and headed towards Ouyang Qingxiang's place of residence.

The place where the Virgin resides is naturally extraordinary, and directly occupies a whole mountain. Some people guard the mountain.

"It's really majestic, but unfortunately, there are too few people who trust me, otherwise, I can also apply for a mountain to live in."

Lu Ming thought.

Of course, he now has only two or three kittens under his hands, applying for a mountain, and no one lives, but it is a joke.

"stop!"

When Lu Ming came to the mountain, he was blocked by several young women.

However, when several young women saw Lu Ming's appearance, they showed their adoration.

"Lu Ming Shengzi, it's you."

"Lu Ming Shengzi, are you coming to our saint?"

Several young and beautiful women blinked their eyes wide and looked at the landing curiously.

Lu Ming, only a few decades after getting started, has become the Son of Son with the cultivation of the true God Realm. It is simply the legend of Kong Xuanzong. Since ancient times, beautiful women have loved heroes.

"Yes, I'm looking for the Fragrance Lady, please tell some of you!"

Lu Ming smiled.

"Okay, Lu Ming Shengzi wait a moment."

Immediately, a young woman flew towards the mountain peak. After a while, several figures flew out. The person headed was Ouyang Qingxiang.

"Lu Ming, how do you think of finding me today? Come, please!"

Ouyang Qingxiang smiled, led the landing, and flew towards the mountain, came to a pavilion, the two sat opposite each other.

"I'm here today, I want to inquire about Tianhong's "Shenlong Faxiang Jue". The fragrance saint said that Tianhong's "Shenlong Faxiang Jue" came from an ancient ruin. I don't know where it is."

Lu Ming asked.

"It seems that Brother Lu is interested in the complete "Dragon Dragon Faith Formula", but if you want to practice the "Dragon Dragon Faith Formula", you need a rich blood of the Dragon Dragon, otherwise, even if you get it, you can't practice it. "What to do? Give it away?"

Ouyang Qingxiang asked curiously.

"Of course it is self-cultivation."

Lu Ming smiled.

"Practice yourself?" Ouyang Qingxiang was more curious, but at the next moment, her beautiful eyes widened, because a magic dragon suddenly appeared above Lu Ming's head.

"Shenlong Fashen, and it's still an eight-claw Shenlong Fas!"

Ouyang Qingxiang's red lips widened in surprise, and after a long time, she came to a halt.

"Brother Lu, I really underestimated you. I didn't expect that your body actually contained the blood of the dragon, and, in just one month, you could cultivate the dragon phase, and it was still an eight-claw dragon. What kind of expression would Tianhong see?"

Ouyang Qingxiang exclaimed.

"Unfortunately, the "Dragon's Dharma Tips" given to me by Tianhong is incomplete."

Lu Ming sighed.

Ouyang Qingxiang finally knows why Lu Ming wants to get the complete "Dragon's Dharma Formula".

"Tianhong was in an ancient ruin and got the "Shenlong Fa Xiang Jue". Over the years, he has kept the relics secret and secretly excavated. It is estimated that he wanted to get the complete "Shenlong Fa Xiang Jue", but he has never been successful ."

"Once, I secretly sent someone to investigate and know where the ruin is."

Ouyang Qingxiang said.

"know!"

Lu Ming's eyes lit up.

Ouyang Qingxiang nodded and said, "That ruin is in a remote place in the Qin Tianxing area, a place called Huangfeng Xinghe, Lu Ming. If you want to go, I can accompany you."

"Thank you so much!"

Lu Ming got up and thanked.

With Ouyang Qingxiang going together, his grasp will be much bigger.

"It's not too late, let's go now."

Ouyang Qingxiang was also a man of great vigour. He and Lu Ming immediately came to Kong Xuanzong's teleportation array, riding the teleportation array, and rushed towards the Yellow Wind Star River.

Huangfeng Xinghe, far away from Kong Xuanzong, the two took a teleportation array, and it took a full month and a half before they came to a planet in Huangfeng Xinghe.

Then, the two took a star warship and flew towards their destination.

After flying for a few more days, a strange planet appeared in front.

From a distance, this planet looks like a dragon head, like a giant dragon, whose head was cut off, and his head was suspended in the air to form a planet.

"This is the first star of the dragon. On this planet, there are no creatures, and it is desolate. Tianhong got the relics of "Dragon's Dharma", which is on this planet."

"Now, Tianhong is likely to be on this planet too. Let's be more careful so as not to frighten the snake."

Ouyang Qingxiang said.

Lu Ming nodded. Immediately, the two left the star battleship and appeared directly in the starry sky.

Taking Lu Ming's current repair as a short flight in the starry sky, it can still be done.

And Ouyang Qingxiang, the cultivation of Heaven and God Realm, has been able to cross the starry sky with his own strength.

The two converged and flew towards the Dragon Head Star.

Soon after, the two entered the atmosphere of Dragon Head Star and landed on a mountain peak.

"That ruin should be to the east, let's go."

Ouyang Qingxiang said.

The Dragon Head Star is not very big. It is much smaller than the other living planets. In a moment, they will fly over most of the planets.

In front, a huge mountain appeared, like a dragon lying on the ground.

Suddenly, they saw someone flashing, and the two quickly hid and watched from afar.

At the head of the mountain, there is a huge hole in which a group of people are guarding.

There are young people and old people.

"It's Tianhong's people. It seems that Tianhong is really here."

Ouyang Qingxiang said.

Lu Ming frowned slightly, and the people of the Tianhong faction were guarding the cave entrance. How should they get in?

Chapter 2806: Break in

Lu Ming and Ouyang Qingxiang just waited in situ.

They wanted to wait for the people of Tianhong Son to leave, and then enter the relic.

However, one month later, the people of Tianhong Shengzi showed no signs of leaving.

"Fragrant Lady, those who keep the gate, what do you probably do?"

Lu Ming asked.

"Some people are very strong, but they are elders outside the door. Some gods are triple, and two are gods. They are quadruple."

Ouyang Qingxiang said.

"Oh?"

Lu Ming's eyes moved, and said: "Fragrant Lady, can you help me to get rid of those people, I will quietly enter the cave."

"It's no problem to draw those people away, but Tianhong is probably in the cave. There may be other masters in it. I'm afraid it's very dangerous after you enter."

Ouyang Qingxiang said.

"I won't be impulsive, I will go in quietly, hide my figure, and I will not expose myself without certainty."

Lu Ming said.

"Okay, then do that."

Ouyang Qingxiang was also a decisive person, nodded immediately, and then the two approached towards the cave.

The cave is very large and swarthy, and it is impossible to see what is inside.

Outside the cave, there are more than a dozen people, a listless look.

There are no other creatures here, they are guarding here, just in case.

Uh!

At this time, Ouyang Qingxiang rushed out directly.

"Who?"

Immediately, an old man shouted.

"It's the Fragrance Lady!"

"She wants to enter the ruins and stop her."

The gatekeepers shouted and attacked Ouyang Qingxiang.

Half of the dozen or so people are in Tenjin Realm, and there are two Tenjin Quadruple, which are very powerful.

However, Ouyang Qingxiang is a saint, who controls the divine power and has a high combat strength, easily blocking the attacks of these people.

"Go to the Holy Son and say that Ouyang Qingxiang is here."

"I go!"

Suddenly, an old man rushed into the cave and disappeared. The others tried their best to deal with Ouyang Qingxiang.

Taking advantage of this opportunity, Lu Ming flashed rapidly along the ground, hiding his figure with the help of obstacles on the ground, and the other party did not find it.

Lu Ming successfully rushed into the cave.

The cave was dark and straight down, unfathomable. Lu Ming slowly slid down the wall on the side of the cave.

It has been sliding down a distance of tens of thousands of meters before falling to the bottom of the cave.

Under the cave, there is a passageway, thousands of feet high, very huge, around the wall, inlaid with some luminous stones, emitting a faint glow.

Lu Ming rushed directly into this channel and kept moving forward.

"Someone!"

Suddenly, Lu Ming moved, hiding in a groove on the wall.

The walls of the aisle are uneven, and some areas are raised and some areas are recessed, which is a good hiding place.

After hiding the figure, there were several figures that flashed through the passage.

Lu Ming sees clearly that there are a few old men who should support Ouyang Qingxiang. They rushed to the road and did not find Lu Ming.

After several old men left, Lu Ming continued to head towards the front of the passage.

Soon after, Lu Ming crossed the passage and came to a huge underground space.

"That is..."

When Lu Ming came here, he was shocked.

The underground space is very vast. At the forefront, there is a huge stone ladder, which can be ten thousand meters high. Above the ladder, there is a palace, like the legendary dragon palace.

Below the ladder, there are several figures standing.

Lu Ming saw at a glance that one of them was Tianhong Shengzi.

There are two others, two old men.

"The two of you, go out together and take the **** Ouyang Qingxiang."

The cold voice of Tianhong Shengzi sounded.

"But Son, once we go out, you will be left alone here."

An old man hesitated.

"It's okay, I'm going to climb the holy dragon ladder. On the holy dragon ladder, no matter who it is, it will be under terrible pressure, and it will be protected. Anyone who comes in and wants to hurt me, you put it down!"

Tianhong Shengzi waved his hand.

"Okay, let's go out!"

The two old men nodded, then flashed, and rushed out.

And Tianhong Shengzi's gaze looked at the ladder, and there was a fiery light in his eyes.

"I don't believe it, I can't go up, I can do it."

Tianhong Shengzi roared, his body swelled up, and turned into the form of the Dragon Clan. His body was filled with golden yellow power, and he stepped out and stepped up the stairs.

bump!

When Hong Shengzi stepped up the stairs that day, he made a huge roar, as if a mountain hit the ground.

Tianhong Shengzi steadily landed on the first ladder, and then stepped out, stepped on the second ladder.

Every step he stepped on, the ladder would explode, as if every step of Tianhong Shengzi was very heavy.

"On this ladder, it really contains a powerful force of oppression."

Lu Ming thought.

He glanced at it and understood what was going on.

He has encountered this type of test many times.

Tianhong Shengzi started quickly, and soon after, he crossed half the distance, and his speed began to slow down.

Obviously, the further back, the greater the pressure.

Roar!

In the body of Tianhong Shengzi, the sound of dragon chanting came out. The golden dragon scales on his body, the glory was more eye-catching, his eyes were firm, step by step, slowly climbing.

Unfortunately, after a while away, Tianhong Shengzi's figure almost stagnated.

"I don't believe it, I don't believe I can't walk up, my dragon blood, let me boil!"

Tianhong Shengzi roared, the surface of his body was filled with blood-red light, and a six-clawed dragon appeared on the top of his head.

He even used the magical form of the dragon, so that Tianhong Shengzi was able to continue to move up. Unfortunately, when he stepped on the ladder two-thirds, he stopped completely and it was difficult to take a step.

"Damn, why? Isn't my dragon blood veins rich enough? Why?"

Tianhong Shengzi roared, extremely unwilling.

"Then, is there a complete magic formula for the dragon?"

Lu Ming guessed.

Tianhong Shengzi wants to climb the stairs so much, it is very likely that there is a complete magic formula for the dragon.

"Come closer!"

Lu Ming slowly approached the stairs along the obstacles next to it, getting closer and closer to the palace above the stairs.

At this moment, Lu Ming actually felt that his blood was slowly boiling, and at the same time, he also had a desire.

Yes, it is craving, it is the sensation that appears automatically in the blood.

As if there was something above that ladder that deeply attracted Landing Naruto.

"That palace, I must go up!"

Lu Ming whispered, his eyes were firm, and he made a decision.

There was a lot of pressure on the ladder. Others seemed unable to go up, and Tianhong Shengzi was above it, and there was no hands-on force. Lu Ming was fearless.

Chapter 2807: A scroll

Lu Ming made a decision, he would go up.

Lu Ming is a decisive ten person. Since he has made a decision, he does not hesitate. He also has no time to hesitate. If someone outside Ouyang Qingxiang can't hold Tianhong Shengzi, he will be in trouble when some masters come back.

Uh!

Lu Ming no longer hesitated, rushed out directly, rushed towards the stairs.

As soon as Lu Ming rushed out, Tianhong Shengzi discovered Lu Ming.

"Lu Ming, it's you!"

Tianhong Shengzi roared, and the murderous chance struck.

However, he was on the ladder, even if he wanted to kill Lu Ming.

bump!

Lu Ming fell heavily on the first step of the ladder, and a heavy roar came.

Immediately, Lu Ming felt that a powerful force came out of the stairs, like a row of mountains and oceans, pressing towards the landing, and wanted to blow Lu Ming out of the stairs.

"Huh, there is no blood of the dragon in the body, and I want to climb the stairs of the holy dragon. It is really a daydream..."

Tianhong Shengzi sneered and took a few steps down.

He waited for Landing Ming to be blasted out of the Holy Dragon ladder, and then he went to kill Lu Ming.

This time, he wanted Lu Ming to die terribly.

However, at the next moment, his body stiffened.

Because Lu Ming was not bombarded down the stairs as he imagined, but stood steadily on the stairs.

"You... you have a dragon bloodline?"

Tianhong Shengzi asked extremely gloomy.

"There is a dragon bloodline in the world, not only your dragon race."

Lu Ming smiled faintly.

It turned out that this ladder can only be climbed if there is blood on the dragon.

If there is no blood of the dragon, it will be bombarded by the power of the ladder.

Just now, when Lu Ming just stepped on the stairs, he almost got bombarded. At the critical moment, he was able to stand on the stairs when the essence of Jiulong in his blood boiled.

"Huh, even if you have Dragon Blood, what can you do? Can you go on board? Can't go on board. When you are exhausted, it's your death!"

Tianhong Shengzi spoke indifferently, and then strode down the stairs, he was very relaxed when walking back.

Soon, Tianhong Shengzi went to the first ladder and came to Lu Ming, but above the ladder, there was a force to guard him, he could not do anything to Lu Ming.

With a murderous glance at Lu Ming, Tianhong Shengzi stepped out of the stairs, fell outside the stairs, and stayed there. He waited for Lu Ming to be exhausted, and he could kill Lu Ming.

"You just wait slowly!"

Lu Ming smiled contemptuously, then turned around and strode up the stairs.

bump! bump! bump! ...

Every step falls, the ladder will roar, Lu Ming's speed is very fast, and soon hundreds of steps were stepped out.

The speed is faster than before Tianhong Shengzi.

"This kid... why is it so fast?"

Tianhong Shengzi's face was ugly to die.

"The pressure behind is getting bigger and bigger, and the difficulty is getting bigger and bigger. This kid will definitely not be able to go up, absolutely not!"

Tianhong Shengzi shouted constantly in his heart.

He is the arrogance of the dragon human race. The blood of the dragon in the body is very thick, comparable to the six-claw dragon in the dragon. He does not believe in Lu Ming, a human race, and the blood of the dragon can be thicker than him.

But in fact, he hit him in the face.

Lu Ming's speed did not slow down at all, and he quickly stepped over half of the stairs, and then, two thirds.

This journey is already the limit of Tianhong Shengzi, but Lu Ming came here in one breath.

It was here that Lu Ming's speed slowed down.

The pressure here is already amazing.

The blood in Lu Ming's body was running fast, as if to burn.

Roar!

In the blood, there was a dragon, a dragon, and a dragon in the blood, lifelike.

On the surface of Lu Ming's body, there was a layer of blood mist, and then these blood mist gathered in the air to form a Kowloon, and screamed in the sky.

"Nine...Nine Claw Dragon, this is Nine Claw Dragon..."

Tianhong Shengzi shouted inconceivably, almost shocked to jump.

He couldn't even dream of it. Lu Ming's body actually contained the highest level of the nine-clawed dragon blood in the dragon.

"It's no wonder that this kid can walk so fast. It turns out that the blood of the Nine Claw Dragon is contained in the body. If I can deprive the blood of the Nine Claw Dragon in his body for my use, my talents must be improved many times."

Thinking of this, Tianhong Shengzi's eyes are all greedy.

The manifestation of Jiulong made Lu Ming's body pressure lighter and his speed accelerated again.

Soon, Lu Ming was only one hundred steps away from the end of the ladder.

However, the pressure of the last hundred steps is also the most terrifying.

Every time Lu Ming took a step, his body shivered.

"Shenlong Fa Xiangjue!"

Lu Ming snarled and ran the Shenlong Dharma, and above him, an eight-clawed dragon was condensed. The eight-clawed dragon screamed forward and rushed forward to help Lu Ming break the pressure on the ladder.

Suddenly, the pressure was light again, and Lu Ming quickly moved up.

"Shenlong Fa Xiangjue, **** it!"

Seeing Lu Ming use the magic dragon method, Tianhong Shengzi's teeth clattered.

He was shocked and jealous.

It only took a long time for Lu Ming to cultivate the magic formula of the dragon, and he also cultivated the eight-claw dragon.

You know, it has been tens of thousands of years since he practiced the magic law of the dragon, and he has only cultivated a six-claw dragon law.

This made him more greedy for Lu Ming's Jiulong bloodline.

bump! bump! ...

The roar on the stairs kept ringing, and Lu Ming was getting closer and closer to the top of the stairs.

And Tianhong Shengzi's complexion became more and more gloomy.

With the last roar, Lu Ming successfully set foot on the platform above the ladder.

Above the stairs is a majestic palace. The gate of the palace is open, and there is nothing clear in it.

Lu Ming's eyes flashed a few times, and without hesitation, he strode forward and entered the gate.

After stepping into the gate, the light suddenly became brighter, and Lu Ming saw the situation behind the gate clearly.

Behind the gate is a wide hall.

In the hall, there was nothing else, empty, Lu Ming looked around and found nothing.

However, in the middle of the hall, Lu Ming's eyes were attracted.

In the middle of the hall, there is a stone column more than one meter high. Above the stone column, a scroll is suspended, emitting a gentle light.

Amazingly, outside the reel, there is a small dragon, composed of energy, flying continuously around the reel.

"Is it a complete magic formula for the dragon?"

Lu Ming's eyes lit up and stepped forward.

"Boy, above this scroll, there is a defensive formation!"

Bone Demon reminded.

"There is a defensive formation? How to crack it?"

Lu Ming asked.

"It's very simple. In your body, there is the essence blood of the nine-clawed dragon. You only need to drop a drop of blood on the reel, and naturally you can break the formation above."

Bone Magic Road.

"That's easy!"

Immediately, Lu Ming forced out a drop of blood, which fell on the scroll.

Chapter 2808: Complete magic formula

When Lu Ming's blood dripped on the reel, a sound of Long Yin came out on the reel, and then the reel emitted a dazzling light. After a while, the light disappeared.

Below the stairs, Tianhong Shengzi was very anxious. Suddenly he heard the sound of Longyin, and the light radiating from it, Tianhong Shengzi was even more anxious.

"Damn, that kid, have you got the complete magic formula of the dragon?"

Tianhong Shengzi thought anxiously, and then moved into the ladder, but the strong pressure on the ladder quickly stopped him, and he could only retreat unwillingly.

"Well, I'm waiting here, Lu Ming, even if you get the complete magic formula of the dragon, it's just to make a wedding dress for me, haha, that's fine, save me my trouble."

Tianhong Shengzi sneered, thinking of this, he felt comfortable instead.

In the hall, when the light on the scroll disappeared, Lu Ming reached out and grabbed the scroll in his hand.

Nothing strange at all, Lu Ming looked forward to opening the scroll, and there were many small texts in the scroll, dense and dense.

Lu Ming watched it carefully. After half a ring, Lu Ming put down the scroll.

"The complete magic formula of the dragon is really the complete magic formula of the dragon."

Lu Ming's face appeared ecstatic.

What this scroll records is indeed the complete magic formula of the dragon, which is extremely mysterious, much more mysterious than the incomplete magic formula of the dragon.

If you can practice to a great success, the power is absolutely amazing, can become Lu Ming's killer, even more than the ice chain.

"How do you go on?"

Putting the scroll away, Lu Ming thought.

Tianhong Shengzi must be under the ladder. If he goes down the ladder, Tianhong Shengzi will definitely not let him go.

"Forget it, wait a minute, it's not good. I'm practicing here for a while, but I don't know what happened to Saint Fragrance?"

Lu Ming turned a thought in his heart, and then wandered around the palace.

There were also other gates around the palace. Lu Ming wandered around and found nothing, and then Lu Ming walked to the innermost door. After the innermost door, there was a corridor, which went straight forward, very long.

Through this corridor, there was a beam of light suddenly above his head.

Lu Ming looked up and found that it was a light door, and the light was shining from the light door.

"Is this the portal?"

Lu Ming's eyes lit up.

"This is the portal to the portal. It should be a back road that leads to the outside."

The voice of the bone demon sounded.

"Haha, I'm really God, Tianhong, wait slowly!"

Lu Ming laughed, then rose into the air and rushed to the light door.

Lu Ming's figure didn't enter the gate of light. At the next moment, Lu Ming appeared in a canyon.

"It's out, it's really out. Now go find the Fragrant Saint."

Lu Ming turned into a rainbow and left here.

This gorge was not very far from the previous entrance. Soon, Lu Ming heard a violent roar from the front.

Ouyang Qingxiang is fighting a group of masters.

More than a dozen old people are all cultivated in the heavenly **** realm. Inside, there are even one or two five-fold existence of the heavenly **** realm.

In the face of so many masters, Ouyang Qingxiang is mainly defensive, but it does not fall at all.

Lu Ming flew directly over, and at a distance, he shouted: "Fragrant Lady, let's go!"

"Ok?"

Seeing Lu Ming suddenly appeared from the rear, Ouyang Qingxiang was obviously stunned, very surprised.

Lu Mingming had already entered through the entrance of the cave, how suddenly he ran to the back.

But she didn't think much and started to shock.

"Qinglian Sword Song!"

Ouyang was fragrant and drank, her sword was waving, and blossoming green lotus appeared in the air. Every green lotus burst into a terrible sword, and several old men forced to retreat.

Ouyang Qingxiang took the opportunity to rush out of the encirclement and fly towards the landing.

"Are we chasing?"

An old man said.

"Ouyang Qingxiang's strength is too strong. Even if we catch up with our manpower, we can't help her. Our duty is to stay here. Let us first report this situation to the Son."

Another old man said.

"it is good!"

The others nodded. They didn't know that Lu Ming had sneaked in. They even got the complete magic formula of Tianlong Shengzi's dream. If they knew it, they would definitely not let Lu Ming and her leave so easily.

An old man rushed into the cave to report to Tianhong Shengzi.

Ouyang Qingxiang has come to Lu Ming.

"Go, let's go back to Xuanzong!"

Lu Ming said.

Ouyang Qingxiang didn't ask much, and Lu Ming rose to the sky, took out the star battleship in the sky, and took the star battleship to leave the dragon head star.

And Tianhong Shengzi, still stupidly guarding under the stairs.

"Boy, how long can you stay?"

Tianhong Shengzi sneered, his eyes full of murderous, and fiery.

After a while, an old man hurried in.

"How is it? What happened to Ouyang Qingxiang's bitch?"

Tianhong Shengzi asked.

"Leave, already gone."

The old man answered.

"Leave? You are a real waste. If I could not separate here, I would personally suppress her."

Tianhong Shengzi snorted, making the old man look a little ugly.

"Is Ouyang Qingxiang alone? But are there others?"

Tianhong Shengzi Road.

"Yes, there is another person, that is Lu Ming, he left with the Fragrance Lady..."

The old man said.

However, before the old man had finished speaking, Tianhong Shengzi shouted inconceivably.

"What? What did you say? Did you say Lu Ming?"

Tianhong Shengzi jumped up directly, looking like a human, staring at the old man shouting.

The old man was frightened and didn't understand why Tianhong Shengzi heard Lu Ming, why he reacted so much, he was confused.

"You see clearly, that is Lu Ming, not someone else?"

Tianhong Shengzi asked with glaring eyes.

"There is nothing wrong, absolutely Lu Ming!"

The old man said firmly.

"Damn, damn, there is still a way up there, damn, chase, chase..."

Tianhong Shengzi roared into a rainbow of light and hurried out.

After coming outside the cave, Tianhong Shengzi took his men and chased in the direction of Kong Xuanzong.

However, it was too late, Lu Ming and they had long left.

Among the star battleships.

"Lu Ming, have you got the complete magic formula of the dragon?"

Ouyang Qingxiang asked curiously.

"Not bad!"

Lu Ming nodded, not concealing, and told the things in the cave again.

"This time, I would also like to thank the lady of Qingxiang for her help. Otherwise, I would have a hard time succeeding. In the future, the lady of Qingxiang will have something to do. Although she speaks, Lu Ming will never refuse to say anything."

Lu Ming said.

"You're welcome, but Tianhong will soon know that he will come after him. He wholeheartedly wants to get the full version of the magic law of the dragon dragon. Now that you get it, I am afraid it will be crazy."

"We have to go back to Kong Xuanzong to prepare."

Ouyang Qingxiang said.

Lu Ming nodded.

Chapter 2809: Battle of the Virgin and Child

After more than a month of driving, Lu Ming and Ouyang Qingxiang returned to Kong Xuanzong.

After returning to Kong Xuanzong, Lu Ming immediately brought An Hai, Liu Chang, and Zhao Feng to the place where Ouyang Qingxiang lived.

"Qiuyue is still in the divine pagoda, I hope she won't go out of the gate during this time.

Lu Ming thought.

However, when Lu Ming brought Qiuyue to Kong Xuanzong, he was very low-key. There were not many people who knew that Qiuyue had a relationship with him and should be fine.

After Ouyang Qingxiang returned to her place of residence, she mobilized many masters belonging to her faction and stationed on the mountain where he lived.

Soon after Lu Ming returned from them, Tianhong Shengzi also brought people back.

As soon as he came back, he arrived at the place where Lu Ming lived. After Lu Ming was not found, he came to Anhai again. The place where Liu Chang lived was also empty.

"Well, I must have hid from the **** of Ouyang Qingxiang. Don't think hiding there will be all right. If you don't hand over the magic formula of the dragon, I will kill you even if you hide in the corner of the world."

Tianhong Shengzi's angry roar sounded, and then mobilized a large number of masters to kill Ouyang Qingxiang where he lived.

"Tianhong Shengzi suddenly mobilized so many masters, what is this for?"

"It's a big deal, it's definitely a big deal. He's heading for the place where the Fragrance Lady lives. Do you want to go to war with the Fragrance Lady?"

"Quick, inform the Son!"

Tianhong Shengzi mobilized so many masters, and rushed toward the place where Ouyang Qingxiang lived, and naturally could not hide other people. The people of other Saints factions soon learned that many people rushed to the place where Ouyang Qingxiang lived. go with.

Where Ouyang Qingxiang lives, Lu Ming and Ouyang Qingxiang and others are discussing.

"coming!"

An old woman suddenly opened her mouth and looked out.

This old lady is an elder of the inner door, belongs to the Ouyang Qingxiang faction, and its strength is extremely amazing.

"It's really fast, let's go and greet."

Ouyang Qingxiang sneered.

They walked out of the other courtyard and stood in the air.

Rumble!

In the distance, there was a rumbling explosion, and then a terrible wave of divine power surged towards this side, as thousands of troops killed.

However, the place where Ouyang Qingxiang lives, there are many masters gathered, one by one erupted breath, the breath is like a smoky sky, defeating the surging wave of divine power.

On the horizon, there appeared a crowd of black people, thousands of people.

The head of the person is Tianhong Shengzi.

Tianhong Shengzi led people and stopped thousands of miles away.

"Lu Ming!"

Tianhong Shengzi's eyes fell on Lu Ming all at once, full of murderousness and greed.

"Tianhong, you came to me with so many people, what do you want to do?"

Ouyang Qingxiang asked for some reason.

"What do you want to do? It's very simple, hand over Lu Ming, give it to me, and I will take the person immediately."

Tianhong Shengzi Road.

"Give Lu Ming Shengzi to you? Ridiculously, Lu Ming is also a Shengzi, but not anyone who wants to take it away can take it away."

Ouyang Qingxiang sneered.

"Today, I must take Lu Ming away. Whoever blocks it is against me. I will spare no effort."

Tianhong Shengzi said indifferently.

Lu Ming not only took away the complete magic formula of the dragon, but also had the blood of the nine-clawed dragon. For the son of Tianhong, Lu Ming is a huge treasure trove.

As long as Lu Ming's nine-clawed dragon bloodline is obtained, and then the complete dragon law formula is obtained, his combat power can definitely be upgraded to an amazing level.

He can even surpass the Supreme Son and become the first son of Kong Xuanzong. In that way, the future master of Kong Xuanzong will be in his pocket.

When he thought of this, his heart was fiery.

Lu Ming, he must get it.

"If you want to fight then fight, I will be afraid of you?"

Ouyang Qingxiang is very strong.

"Okay, very good, then today, I broke your mountain gate, shot, and won Lu Ming for me."

Tianhong Son shouted.

boom! boom!

boom! boom!

The Tianhong Shengzi faction, the strong of the Ouyang Qingxiang faction, erupted in a terrible atmosphere, and confronted in the void, invigorating the sky.

Inside, there are a number of elders in the inner door, which are the pinnacles of the heavenly realm.

Then, several figures rose into the sky, and in an instant, they rushed out of the atmosphere and fought in the starry sky.

The peak of the heavenly realm is terrible. If you fight within the atmosphere, the destruction of the earth is unimaginable.

"kill!"

Some of the strongest people fought beyond the starry sky, and Tianhong Shengzi and others, killed Ouyang Qingxiang and Lu Ming.

"Shoot!"

Ouyang Qingxiang and others, without giving up, also killed the past.

Ouyang Qingxiang, once again fighting with Tianhong Shengzi.

"Take Lu Ming!"

"Take him down!"

Several powerful gods rushed to Lu Ming.

Fortunately, Ouyang Qingxiang's side, there are experts staying beside Lu Ming, blocking the other party's attack.

The two sides, thousands of strong men, fiercely fight together.

And around this territory, it is already full of people.

Even Zhi Xia Sheng Zi and Xue Tan Sheng Nu came in person.

"What the **** happened, Tianhong actually led people to fight against Ouyang Qingxiang?"

Zhixia Shengzi spoke, full of doubts.

"I don't know, but it must be a big deal, otherwise Tianhong Shengzi wouldn't be so crazy. He wanted to win Lu Ming wholeheartedly, it is estimated that Lu Ming offended him again."

The Virgin Mary Road.

But they won't go out to stop. They still want Tianhong Shengzi and Ouyang Qingxiang to go to war. It's better to fight both defeats, so that their competition should be smaller.

The war is getting more and more intense, and some people have even fallen.

boom!

Just then, outside the starry sky, a big hand suddenly appeared.

This big hand, so big, that it pressed down against the elders who were fighting inside.

"God King..."

The elders of the inner door screamed in horror, and then they were crushed by this big hand. Like a meteorite, they were blasted into the atmosphere and fell to the ground.

Then, in the high altitude, a figure suddenly appeared, exuding terror and boundless pressure, pressing on the people of the two factions of Tianhong Shengzi and Ouyang Qingxiang.

The people of the two factions are directly imprisoned by this force in the air, making it difficult to move.

"Boy, the **** king has appeared, I want to avoid it."

Bone Demon's voice sounded, and then entered the portrait of Jing Yu, disappeared.

"King of God, so terrible pressure!"

Lu Ming looked at the figure in the sky, full of shock.

At this moment, his body could not move under that pressure.

Not to mention him, even those high-level gods are equally difficult to move.

"Is the deputy lord of the law enforcement hall!"

Someone exclaimed.

Tianhong Shengzi, Ouyang Qingxiang and others, their eyes dimmed.

Obviously, their first battle had already alarmed the Law Enforcement Hall, and even the deputy hall master of God King Realm had shot it himself.

"As sons and daughters, you have led many fellows to kill each other. What is your system?"

The majestic voice of the Deputy Lord of the Law Enforcement Hall sounded.

Chapter 2810: Open the bronze gate

"Vice Hall Master, Tianhong, he suddenly sent someone to attack me, I can only lead people to resist."

Ouyang Qingxiang said first.

"Fart, you and Lu Ming's boy joined forces to **** my treasure. I took Lu Ming away and took the treasure back.

Tianhong Son roared.

"Ridiculous, what is your treasure? You are really shameless. It is a mysterious technique in a ruin. As long as you haven't got it, it is a part of seeing."

"You can't get your own waste, I'll get it, I'll give it to you?"

Lu Ming's mocking voice sounded.

"I found that ruin long ago."

Tianhong Shengzi shouted, and an extremely cold murder broke out. He watched the landing song with a terrible look, and wished to unload Lu Ming with eight pieces.

"Ha ha ha, ridiculous, even more ridiculous, you are still a son, actually say such ridiculous words, according to your reason, as long as I go to explore all the relics, once found, it is mine, others are not allowed to enter ?is it possible?"

"I really doubt, how do you have such a mind as the Son? There are so many people who trust you? Hey, you people who trust Tianhong, think clearly. With such a person, how can there be Why don't you come to me for anything?"

Lu Ming laughed.

"What are you talking about? The dogs are broken, I'm going to kill you..."

Tianhong Shengzi couldn't contain his anger, and his eyes were full of burning anger. He wished to immediately rush to kill Lu Ming. Unfortunately, under the pressure of the deputy lord of the law enforcement hall, he couldn't move.

"Okay, no matter what kind of grudges there are between you, within the sect gate, you have to punish many of the same gate to kill each other, you must be heavily punished!

The voice of the deputy lord of the Law Enforcement Hall sounded, full of majesty and abhorrence, which caused many people to fight against the chills.

The deputy lord of the Law Enforcement Hall is famous for its strict enforcement of laws, but Tianhong Shengzi feels cold in his heart and strongly resists his anger.

"Tianhong, you are the first to provoke a battle. The fault is you. Within three days of this seat, you have to hand over 200,000 points, and then go to the face cliff. Face twenty years, can you serve?"

After the deputy lord of the Law Enforcement Hall finished his speech, he looked coldly at Tianhong Shengzi.

Ten Thousand Sons in Tianhong's heart refused to accept, but now, how dare he say half a word?

"Yes!"

Tianhong Shengzi lowered his head, but the murderous intention in his heart was already extremely intense.

"Lu Ming, I will not kill you, swear not to be a person, the blood of the Nine Claws Dragon Dragon, the law of the Dragon Dragon Law are all mine."

Tianhong Shengzi roared in his heart.

"Fragrant, I think you are a passive defense. If you are not in your fault, you will be fined for ten years. Can you serve?"

The Deputy Lord of the Law Enforcement Hall looked at Ouyang Qingxiang again.

"Disciples convinced by mouth."

Ouyang Qingxiang nodded.

"Okay, now, it's all gone!"

The Deputy Lord of the Law Enforcement Hall waved his hand, and the pressure disappeared instantly.

"go!"

Tianhong Shengzi roared, and led people away.

"It's over."

Knowing Xia Shengzi, Xue Tan Shengzi was a little disappointed, and left.

"Fragrant Son, Lu Ming has troubled you."

Lu Ming looked at Ouyang Qingxiang a little apologetically.

It was entirely because of Lu Ming that Ouyang Qingxiang was punished, and her faction, and some people fell, many people were injured, Lu Ming was a little bit sorry.

"It's okay. It's only ten years since I faced it. In a blink of an eye, I can just hone my mood, but Tianhong Shengzi was also punished. For a short time, in the sect door, he dared not do it, but he succumbed Door, you still have to be careful, Tianhong will definitely not give up."

Ouyang Qingxiang said.

Lu Ming nodded.

Soon after, Lu Ming said goodbye to Ouyang Qingxiang and returned to his place of residence.

The following days, it really calmed down, Tianhong Shengzi, did not send someone to deal with Lu Ming.

"It is still necessary to improve the strength as soon as possible. Now the ball breaks through to the true **** eightfold, which is a big help for me. If the ball can break through to the heaven and earth, just fine, go and exchange some artifact fragments for the ball to eat."

Lu Ming thought about it and then sorted all the storage rings on his body.

During this time, he beheaded a lot of powerful enemies, and got a lot of storage rings, sorted out treasures and **** crystals, which are more amazing.

Lu Ming converted most of these treasures and divine crystals into points, and then used the points to exchange a large number of artifact fragments.

The lowest level is all the fragments of the ninth-grade middle-grade artifact.

There are even some fragments of top-grade artifacts.

The top-grade artifacts, even the fragments, are surprisingly high in price. As a result, Lu Ming has little points left.

Returning to his place of residence, Lu Ming gave all the artifact fragments to the ball to let him eat slowly, and he himself began to understand the complete magic formula of the dragon.

It is much more difficult and time-consuming to develop a complete sacred dragon recipe.

However, it took Lu Ming only half a year to successfully cultivate the complete magic formula of the dragon.

Roar!

A sound of dragon chanting sounded, and above him, a dragon was formed. This dragon, with nine claws, was very similar to Kowloon.

Nine Claws Dragon.

Lu Ming finally cultivated the Nine Claw Divine Dragon Phrases. As long as Lu Ming thought about it, the Nine Claw Divine Dragon Phrases would be able to save and attack the enemy with incredible power.

Of course, the magic formula of the dragon is far from complete.

With the deepening of Lu Ming's comprehension, he will be able to cultivate the second, third, and even more magical dragons in the future.

In the following days, Lu Ming felt at ease.

Various divine skills, secret techniques, and practice in turns.

Cultivation has no years, and for decades, it is too short for the gods to blink in a blink of an eye.

In a flash, twenty years have passed.

In the past two decades, Lu Ming has entered a stable period. In all aspects, not much improvement has been made, mainly based on stability and solid foundation.

It was a ball, swallowing a lot of artifact fragments, and cultivation cultivation went a step further, reaching the true **** ninefold.

And Qiuyue, for more than two decades, has been practicing in a secret room in the Shenmai Tower, and has never been out of the customs.

Lu Ming also went to see it. The secret room exudes the breath of Qiuyue, everything is normal, and Lu Ming has nothing to worry about.

At this time, a piece of news spread throughout the thirteen cases of Qin Tian at a hurricane-like speed, as well as some other powerful forces.

On the ancient **** star, the formation on the bronze gate was finally broken.

Some of the strongest formation masters in the Qin Tianxing domain, after decades of hard work, finally broke through the formation above and opened the bronze gate.

Many people have gone in and explored, but the results of the exploration are shocking.

After the bronze gate, it was actually a world, a wild and ancient world, which contained a lot of heavenly and earthly treasures, and even a lot of heavenly and earthly treasures, the outside world has disappeared.
