

D Emperor 2811

Chapter 2811: Ancient God World

As soon as the news came out, the Qin Tianxing domain, the major forces, and countless masters gathered towards the ancient **** star.

Lu Ming closed his mind wholeheartedly, but did not know the news. When he knew it, it was already a month later, or Ouyang Qingxiang told him.

On this day, Ouyang Qingxiang found Lu Ming and told Lu Ming this news.

"The bronze gate of Ancient God Star actually opened?"

When Lu Ming heard it, he showed strong interest.

The bronze gate appeared on the holy land of the descendants of the ancient gods. It must be related to the descendants of the ancient gods. Lu Ming coagulated the heart of the ancient gods, so he was very interested in this.

"Yes, I opened it a month ago, and I am also retreating. Now I have received news. It is said that there is an ancient world in the wild, with countless treasures, and now there are many major forces and many masters. I've gone in. I'm looking for you. I want to join you and go in together. How?"

Ouyang Qingxiang said.

"it is good!"

Lu Ming nodded and nodded.

Later, Lu Ming took Anhai, Liu Chang, Zhao Feng, and Ouyang Qingxiang, together with a group of masters of her faction, Yue Linglong and Wu Zifeng, were also awesome, and headed towards the ancient **** star together.

After some trek, they came not far from the bronze gate of Ancient God Star.

Coming here again, Lu Ming felt quite emotional.

"A lot of masters!"

Lu Ming felt that there was a terrible breath looming around the bronze gate.

These breaths, each one, are extremely powerful, giving people a pressure as deep as the sea.

God King!

These breaths are actually God's King Realm, no fewer than dozens of words.

Near the bronze gate, dozens of powerful people in the Divine Realm actually gathered.

"Isn't it said that most of the strong men have entered the world inside the bronze gate? Why are there so many strong men in the King Realm?"

Lu Ming asked.

"I heard that it is very difficult for the powerful king of the realm to enter the bronze gate."

Ouyang Qingxiang said.

"Oh? God King can't enter?"

Lu Ming said.

"It's not to say that you can't enter at all. It is said that there is still a heavy force above the bronze gate that can prevent the powerful in the King Realm from entering."

"This power is mysterious and unpredictable. Even the strongest group of Qin Tianxing domain masters cannot be cracked. However, they have developed a formation that can only send a dozen gods at most. The king entered the bronze gate."

"After some deliberation, there are finally 13 cases of Qin Tian, as well as the Ice Soul Clan and the Chi Yan Clan, a total of 15 forces, each of which sent a **** king to enter."

Ouyang Qingxiang said.

Lu Ming finally understood that it turned out that the Divine King could not enter in large numbers. Each of the fifteen Qin Tianxing domains had the strongest strength, and each sent a Divine King to enter.

As for the King of Gods, it is easy to get in and out.

Lu Ming was helpless. He had thought that after most of the people entered the bronze gate, he could take the opportunity to let the ball bite the bronze gate. Now it seems that this idea will not work.

So many peerless powerhouses of the God Realm are guarding. If he has a chance to let the ball bite the bronze gate, he really has to do that. I am afraid the ball will be immediately studied by those powerhouses.

"It is said that the world inside the bronze gate is vast and immense, but there are also terrible crises in it. There is a kind of evil creatures, like monsters and monsters, called monsters."

"Now, every force has built a city inside. As a base, the **** king is guarded in the city and guards against demons."

Ouyang Qingxiang explained again.

While flying, they walked towards the bronze gate.

No one stopped them. In fact, under the **** king, they wouldn't stop if they wanted to enter. Even if some small forces entered, they wouldn't stop.

But without the **** king sitting in town, the forces that built the city as a base are very dangerous, and there is a great possibility that they will die in the hands of the demon.

The huge bronze gate opened, and inside the gate, a black paint.

"Let's go!"

Ouyang Qingxiang said that everyone flew towards the bronze gate.

In addition to them, there are many other people, all other forces, with them, flew into the gate.

For a while, Lu Ming found that they appeared on a huge platform.

Lu Ming looked up, and there was a huge vortex in the sky above him. This vortex is the entrance and exit.

Lu Ming saw that many people, covered in blood, rose from the sky and disappeared into the vortex. They should have gone out from here.

"These people, who should be some small forces, did not establish a base here, no **** king sits in town, fights with demon injured, no place to cultivate, can only leave here."

Ouyang Qingxiang explained.

Lu Ming nodded, but everyone who is going out now should be a small force, like the 13th Emperor Qin Tian, the Ice Soul Clan, and the Chiyan Clan, all of whom have built a base and are injured, but can be rehabilitated at the base and do not need to go out at all.

"People of immeasurable Holy Land, come to me, I will take you to the base..."

"People from Winged Magic Academy, come to me, I will take you to the base..."

"Kong Xuanzong people, come to me, I will take you to the base..."

Around the platform, a sound sounded. It turned out that around this platform, there were also people who responded to the major forces, and those who were small forces can only watch with envy.

"There is the answering person of Emperor Xuanzong, we used to..."

Ouyang Qingxiang and others walked in one direction, here, there are many strong Xuanzong strong.

"It turned out to be the Fragrance Lady, Son Lu Ming, you follow me."

An old man, the inner door elder of Kong Xuanzong, recognized Lu Ming and Ouyang Qingxiang at a glance.

Everyone followed the elder of the inner door and flew away from here.

But at this moment, the change suddenly occurred.

Rumble!

In the sky, the vortex shook violently, making a deafening roar.

"what happened?"

"Why is the door to space suddenly shaking?"

Many people's faces changed wildly.

But then, the vortex shakes even more.

boom! boom! ...

Then, there was a terrible explosion, and the vortex started to collapse.

Yes, it started to crumble, terrible power spread out, wreaking havoc on all sides.

"No, leave now!"

"Rewind!"

Many people shouted and flew around the platform.

Lu Ming and they left too. When everyone was flying far enough, they looked back and were completely dumbfounded.

That vortex is gone!

Yes, the vortex has disappeared there, without a trace.

"The road to space is gone."

"Finished, are we going to be trapped here forever?"

"What's going on, does anyone know what's going on?"

There was an uproar at the scene, and many people shouted in horror.

Without the road to space, they will be trapped here for life.

Chapter 2812: Aggressive

Lu Ming, Ouyang Qingxiang, and his face also gloomy.

This is too bad. They just came in. The road to space collapsed. If it collapsed earlier, they would not come in.

"Don't panic, you guys. Outside, there are a lot of **** kings and strong guards, and there are masters of the guards. They will definitely find a way to reopen the road of space.

Someone called an old man.

Some old people who have lived in endless years have experienced strong winds and waves and quickly calmed down.

Hearing this, many people calmed down.

Indeed, there are a lot of strong kings outside, and masters of formation, they will never let so many people trapped here, they will definitely find a way to reopen the door.

"Fragrant Saint Maiden, Lu Ming Shengzi, now the door to the space collapses, it is useless to stay here. It is better to go to the base first. I will also report the situation here to Lord God King at the base."

That inner door elder said.

"it is good!"

Lu Ming and Ouyang Qingxiang both nodded.

Whatever comes is safe. Since the door of space has temporarily collapsed, they can only practice in this world for a while.

Other Zongmen forces have similar ideas, leaving some people to stay here and others flying towards their respective bases.

When the road to space collapsed, the bronze gate of the ancient Divine Star also changed significantly.

Originally, the opened bronze gate suddenly radiated a bright brilliance, and it slowly and automatically closed.

"not good!"

"what happened?"

"Hurry up!"

There were at least dozens of gods in all directions on the bronze gate. At the moment, they were all taken aback and shot out terrible energy. They bombarded the bronze gate and tried to prevent the bronze gate from closing.

However, it was useless at all. The bronze gate was still closing slowly at a constant speed.

Wow!

Finally, the bronze gate was completely closed.

"Master, what's going on?"

A **** king of the Xiemo Academy looked at a master of formation, with a somber face.

The master of the formation frowned, thinking carefully. After a while, he shook his head and said:
"Strange, strange, I don't know what's going on?"

"I do not know how it is?"

The faces of other gods have changed.

There are many people from various forces entering the bronze gate, including some of the top arrogances. If these people cannot get out, it will be a fatal loss for the various forces.

"For now, we can only continue to study and find a way to open the door again."

Another formation master also has some helpless ways.

"Then you are working!"

There is a strong king said.

Immediately, several masters of formations studied carefully. After a while, a master of formations said solemnly: "This big formation, after it is closed, becomes stronger. If you want to open it, it may take longer. "

"how long will it take?"

Someone asked.

"Short decades, long hundreds."

A master of formation.

"Hundreds of years, that's okay!"

"Then the masters of labor will crack it!"

The **** kings nodded one after another, it would take hundreds of years to open, the situation is not very bad.

...

At this time, after Lu Ming, Ouyang Qingxiang and others, followed the elders of the inner gate of Kong Xuanzong for a distance, a huge city appeared in front of them.

This city is built in two grand canyons, relying on natural dangers and towering.

This is the newly established base of Kong Xuanzong.

People who entered the world by Emperor Xuanzong gathered in this base.

The crowd flew in and saw stone houses in the city.

"You go to find an empty space, build a stone house yourself, and the city is free to enter and leave, and no one is constrained, but the monsters outside are very strange and powerful. You must be careful when you go out for adventure."

The inner door elder reminded, after the reminder, the inner door elder flew away.

Lu Ming, Ouyang Qingxiang and others glanced at them, and then flew towards an open space.

This city has a very large area, and there are lots of open spaces.

"Lu Ming!"

Suddenly, a loud roar sounded, filled with cold killing opportunities.

Aside, a group of figures flew out of a stone house, blocking Lu Ming's way.

"Tianhong!"

Lu Ming's eyes narrowed, and the one headed was Tianhong Shengzi.

Tianhong Shengzi looked at Landing with a terrible look, and sneered: "You have also come to this ancient **** world, good, very good, here, see who can protect you?"

"Tianhong, don't put gold on your face, you have to do it, we may not be afraid of you."

Ouyang Qingxiang sneered.

"Oh, what about me?"

Behind, there was a cold voice, and then a group of figures flew over.

"Floating!"

Ouyang Qingxiang's complexion changed.

The group of people who came behind was the son of Fuguang and his men.

They surrounded Lu Ming behind them.

"Fuguang, when did you join Tianhong?"

Ouyang Qingxiang said coldly.

"It's impossible to join forces, but Lu Ming killed a lot of people. I just need to count him for this account."

Fuguang Shengzi sneered, the cold murderous opportunity came out.

Tianhong Shengzi, Fuguang Shengzi, and the two major factions, surrounded Lu Ming and theirs, and the cold killing opportunity made many people suddenly change their colors.

However, Ouyang Qingxiang's face was calm because she knew a rule.

"Here, do you dare to do it? As far as I know, Lord God has given orders. In this city, it is forbidden to fight with each other, to avoid being taken in by the demon outside. Do you dare to violate God's orders? "

Ouyang Qingxiang sneered.

Both Tianhong Shengzi and Fuguang Shengzi had their faces sinking.

The **** king guarding this city did indeed give this order.

And they really dare not go against it.

"Well, even if this is the case? Out of this city, no one will be in charge, unless you stay in this city forever, don't go out."

Tianhong Shengzi sneered.

"Yes, I will send someone to stare at you. You come here and you will always shrink in this city!"

Guguang Shengzi also sneered.

Ouyang Qingxiang's complexion is a bit ugly.

When you come to this world, of course, you have to go out for adventure and get the treasures of the outside world. Otherwise, what are you doing here?

Nested in this city, it is better to stay in Kongxuanzong to practice.

Seeing that Ouyang Qingxiang's face was ugly, Tianhong Shengzi and Fuguang Shengzi showed a cheerful smile.

"Fragrant Lady, let's go, too lazy to ignore a few crazy dogs."

At this moment, Lu Ming spoke lightly and stepped forward.

"what did you say?"

Tianhong Shengzi, Fuguang Shengzi face became pig liver color.

"Good dogs don't stand in the way."

Lu Ming swept to Tianhong Shengzi disdainfully.

"you..."

Tianhong Shengzi was furious and nearly vomited blood, wishing to slapping Lu Ming with a slap.

Chapter 2813: Lu Ming's hole card

But in the end, Tianhong Shengzi refrained from taking action.

The order of the God King cannot be violated, even if he is a Son.

"Lu Ming, you better not leave this city, otherwise, I will make you die ugly."

Tianhong Shengzi left this sentence extremely fiercely, turned around and left.

Shengguang Shengzi snorted and took the people away.

Of course, they all left behind, monitoring and landing Ming from a distance, and if Lu Ming went out of town, they launched a thunder blow.

Lu Ming and them came to the open space and built a stone house.

It's too easy to build stone houses with their repairs. In minutes, huge stone houses rise from the ground.

In the next few days, they all lived here and did not leave the city.

Because, Tianhong Shengzi, Fuguang Shengzi has been sending people to stare.

In a flash, more than ten days have passed, and this is still the case.

"Fragrant Fragrance Lady, go out of town first, I will stay in the city alone."

Lu Ming said.

"Shall we go out of town first?"

Ouyang Qingxiang's expression moved.

"Yes, Tianhong, the person who wants the light is me. I'm not here. They won't do it for you. You go out of the city first. I am good at acting alone, and I will find a way out."

Lu Ming said.

During this time, they found that many people who came back from the city had great gains. The natural treasures here are really amazing.

This world is like the ancient world that was first opened by the vast universe. All kinds of natural materials and treasures are unexploited and extremely rich.

The nest is not going out in the city, it is really not worth it.

"Then you have to be careful."

Ouyang Qingxiang pondered for a moment and nodded.

Today's plan can only be so.

Afterwards, Ouyang Qingxiang took her people, Anhai, Liu Chang, and Zhao Feng together, and left the city together, and went outside, disappearing into the vast land.

"Holy Son, Ouyang Qingxiang, they left the city, but Lu Ming did not leave, and remained in the city."

As soon as Ouyang Qingxiang left, someone reported to Tianhong Shengzi.

During this time, Tianhong Shengzi did not leave the city, and remained in the city.

"Lu Ming didn't leave?"

The cold light flashed in Tianhong Shengzi's eyes.

"Holy Son, what do we do now?"

Someone asked.

"To deal with Lu Ming alone, it is simple, leaving a few masters, staring at Landing Ming, as soon as he leaves the city, there is no pardon.

Tianhong Shengzi said indifferently.

Later, he left a few masters, staring at Landing Ming, and he took the horse and went out of the city.

Tiantianwo is in the city, you can't get anything, you can't waste time.

Therefore, since Lu Ming is the only one, he doesn't have to guard himself here. In case Lu Ming stays in the city, he can't afford it.

On the other side, after receiving the news, Fuguang Shengzi almost planned the same as Tianhong Shengzi, leaving a few masters to star at Landing Ming, and he, with his own people, went out of the city.

After Ouyang Qingxiang left, Lu Ming wandered around and practiced in the city.

"Somewhat worse!"

Lu Ming whispered.

His nine-day Kunpeng skill is about to break through the fifth level. As long as he breaks through the fifth level, and after adding a kind of rear move he prepared, he can surely throw away those staring at him and leave the city.

"Tianhong, Fuguang, I Lu Ming, sooner or later I will make you regret!"

A cold light flashed in Lu Ming's eyes, then returned to the stone house to continue practicing.

In a flash, three months passed.

"It's done!"

Lu Ming's eyes lit up.

After several months of cultivation, Lu Ming's Jiutian Kunpeng technique finally reached the fifth level, and his speed increased greatly.

"It's time to leave!"

Lu Ming moved, leaving the stone house, and flew towards the gate of the city.

"Lu Ming is leaving!"

"Follow him, and when he leaves the city, he will kill him."

As soon as Lu Ming moved, the people left by Tianhong Shengzi and Fuguang Shengzi immediately knew the news, and the cold murders burst into their eyes, and they followed the landing far away.

Coming to the gate of the city, Lu Ming rushed out of the gate without hesitation, and then used Jiu Tian Kunpeng to rush towards the vast forest in front.

"So rich, so old, so old..."

As soon as I rushed into the forest, there was an ancient breath of wildness, and the trees in the forest were exceptionally tall.

Giant trees with diameters of tens of meters, hundreds of meters and heights of thousands of meters can be seen everywhere, giving people a feeling of returning to the era of floods.

"chase!"

Tianhong Shengzi, the masters left by Fuguang Shengzi, are all middle-aged big men, or white-haired elders, all of whom are strong in the heavenly realm and powerful.

As soon as they rushed out of the city gate, they hurriedly chased to the landing.

"Several old guys..."

A cold light flashed in Lu Ming's eyes, accelerating the speed, like a Kunpeng flying across the sky at an alarmingly fast speed.

However, those who pursued later were all masters of Tenjin Realm, and even there were the Second Realm of Tenjin. The cultivation base was much higher than Lu Ming, and the speed was too fast. The distance between him and Lu Ming was constantly narrowing.

"Lu Ming, you can't escape, die!"

An old man drinks coldly.

"is it?"

Lu Ming sneered, but he didn't mean to stop fighting with each other.

The people left by Tianhong Shengzi and Fuguang Shengzi are astonishingly strong. No one is weaker than Liu Feiyun. There are a few people whose strength is far above Liu Feiyun.

Even if the ball breaks through to the True God Ninefold now, they stop the next game and there is only one way to go.

Lu Ming's palm glowed, and a black jade symbol appeared in his hand.

With a squeeze, the jade charm exploded, a burst of energy, wrapped in a landing sound.

A bizarre scene appeared, Lu Ming's body, actually divided into two, two into four, four into eight...

In the end, there were 32 figures in total.

Thirty-two Lu Ming's figure, exactly the same breath, divided into different directions, flying quickly.

This is Lu Ming's back move.

That jade rune was a kind of jade rune that Lu Ming asked the bone demon for refining. At the critical moment, it was used to escape and was very effective.

However, the material for refining this jade symbol was too difficult to find. Lu Ming searched Kong Xuanzong and found only one piece of material.

Thirty-two figures appeared all at once, and the breath was exactly the same. Those who chased Lu Ming were suddenly forced.

"This... what... what's going on?"

"Damn, chase apart!"

Some people shouted, no way, they could only chase apart.

But in the end, they found that all they chased were fake, and after a while, they all dissipated into energy.

Lu Ming's real body has long gone.

"Damn!"

The sons of Tianhong Son and Fuguang Son reunited together, their faces were extremely ugly.

"Continue searching, I don't believe it, he can escape to heaven."

An old man roared and planned to continue his search. With so many masters, they let Lu Ming escape from under his eyes. When the two sons asked, it was difficult to explain.

Chapter 2814: demon

Lu Ming shook off the pursuers and went deep into the forest.

"This world is really wonderful..."

After shaking off those people, Lu Ming slowed down and looked around.

This world is full of vitality, ancient trees and towering trees, and all kinds of plants are lush and full of powerful spirituality.

These plants, just one, can be taken to Heaven Realm and Yuan Realm. That is the existence of Imperial Medicine grade, but for Lu Ming, it is not very useful.

Lu Mingling exudes consciousness, he is looking for those precious treasures of heaven and earth.

"That's...Dragon's Ginseng!"

After a further journey, Lu Ming's eyes lit up.

He saw a dragon ginseng, but the size of the long dragon ginseng was too large, which surprised him for a while.

As the name implies, the common dragon ginseng, which is slender like the dragon's whisker, is a rare magic medicine that can be used to refine the **** pill that increases the cultivation of the heavenly realm. It is very precious.

However, the dragon's ginseng in front of him has the thickness of Lu Ming's arm, which is dozens of times thicker than the average dragon's ginseng.

"Such a big dragon ginseng, haha!"

Lu Ming was overjoyed.

"Boy, this kind of magic medicine contains a strong atmosphere of famine. It is not easy to refine it."

In the knowledge of the sea, the sound of the word measurement tactic sounded.

"Flame?"

Lu Ming wondered.

"Yes, this world is very old and not developed, so there is the gas of the wilderness. These magical medicines contain the gas of the wilderness. It is more difficult for ordinary people to refine it. Only by refining the gas of the wilderness. Absorb the energy inside the magic medicine."

Quantitative tactics explained.

Lu Ming nodded. It seems that although the magic power here is very strong, it is still relatively difficult to directly refine it. Only taking it out and refining the Divine Pill to the alchemist is the best choice.

"However, if your kid has me, there is no such concern. If you give me this dragon beard, I will quickly refine it into pure energy for you to absorb."

The word-measure arrogantly said.

"Hey, last time you absorbed so much energy from the ancient **** flower, and said that it has been refined and relegated to me. It has been decades, and it has not been refined yet?"

Lu Ming asked.

"What do you know? How can so many ancient **** flowers be so refined? But rest assured, soon, for up to a few months, I will be able to fully refine, and then you will be able to practice more closely. step."

The word measure yelled.

"Really!"

Lu Ming's eyes lit up.

"Nonsense, of course it's true, how can the old lady lie." The vocabulary called.

"Hahaha, good, good, this dragon ginseng, just give you!"

Lu Ming smiled.

Then, Lu Ming's eyebrows, a word of "quantity" emerged, and a force of engulfment appeared to cover the dragon's ginseng. The dragon's ginseng turned into a ray of light and flew into the word "quan", and then the word "quan" was hidden again. In Lu Ming's knowledge of the sea.

Lu Ming went on.

Next, Lu Ming came across several kinds of heavenly and earthly treasures, all of which are rare medicines that are rare to see outside, and they are amazingly powerful. Take them out and definitely sell for a good price.

No wonder so many people are pouring into this world.

Ok!

Lu Ming, who was moving forward, stopped suddenly, frowning, and a spear appeared in his hand.

Because at this time, he felt a crisis suddenly coming.

call out!

In the right direction, a terrible roar came suddenly, and a sharp force of tears ripped toward the landing.

Buzz!

Without thinking, Lu Ming swept to the right with a shot.

when!

Lu Ming's spear seemed to have swept over the gold iron. Then, Lu Ming saw a black shadow and was shot and flew out.

bump!

The group of black shadows hit the old wood with a diameter of tens of meters, bursting the old wood.

"demon..."

Seeing the appearance of the black shadow clearly, Lu Ming's eyes flashed slightly.

It was a wolf who attacked him just now.

This wolf, more than three meters tall, is completely black, and there is no difference between it and ordinary monsters.

However, there was no demon spirit in this wolf, but it exuded a rich devil qi, eyes red and murderous.

"The demon wolf contains a powerful demon qi, no wonder it is called a demon..."

Lu Ming was surprised.

Seems like a demon, not a demon, and seems to be a demon.

Roar!

The wolf-shaped demon roared, and his qi was more intense.

Roar! Roar! ...

Then, the roaring noise continued to sound. In the forest, the dark shadows flashed. At least dozens of wolf-shaped demon appeared in the branches of the ancient trees, staring at the land with full of sorrow.

"Why am I so unlucky..."

Lu Ming was a little speechless. It seems that he encountered the wolf den.

Roar! Roar! ...

The roar sounded, dozens of wolf-shaped demons, turned into a black light, rushed to Lu Ming.

嗤嗤...

The wolf-shaped demon claws caught out, and a terrible roar came out.

The claw is like a knife, grabbing Lu Ming.

Lu Ming's spear was shocked, and bursts of guns burst out.

Suddenly, there was a sound of gold and iron fighting.

Dozens of wolf-shaped demons were blown out by him.

"This demon, what a powerful attack!"

Lu Ming's eyes narrowed. Although the strength of these demons was not in his eyes, his attack power surprised Lu Ming quite.

The demonic energy that permeates these demons has powerful destructive power. The demons of the same level and the outside world's warriors have absolutely stronger demons.

After dozens of monsters were shot and flew, they did not flinch, and snarled toward Lu Ming again.

"Send you on the road!"

Lu Ming burst out a murderous opportunity and increased his strength.

call out! call out! ...

Suddenly, dozens of sharper guns burst out, pierced through the necks of these monsters, and killed them.

After killing these demons, Lu Ming immediately left here.

A few days later, Lu Ming walked out of this forest, but came to a more vast mountain range.

In this mountain range, demon can be encountered from time to time.

These demons, looks like the monsters and wild beasts they encountered before, but all of them are filled with terrible devil qi, and each one is terrible with strong combat power.

But correspondingly, there are more natural materials and treasures in this mountain range.

In addition to the magic medicine, there are also a lot of refining materials, and even some precious metals.

Most of those precious metals went into the ball's stomach and were eaten by the ball.

As for those magic medicines, most of them were swallowed by the literacy formula.

Lu Ming was speechless.

Most of the magic medicine he got, the metal went into the stomach of the word and the ball, and it went into his pocket, very little.

Lu Ming only hopes that these two guys can surprise him.

In this way, Lu Ming has practiced and killed in this wild mountain for several months.

As he continued to deepen, the demon he encountered became stronger and stronger.

The demon of the eighth true **** and the ninth peak of the true **** are often encountered, and occasionally even the demon of the heavenly realm.

Once encountering the demon of Tianshen Realm, Lu Ming detoured. Even if the ball helped each other, he did not have much confidence in dealing with the demon of Tianshen Realm.

Chapter 2815: A pile of toads

On this day, Lu Ming came to a huge mountain peak. After coming here, the ball was excited, his big mouth snapped together, his eyes shining, staring at a cave at the foot of the mountain.

"Ball, are there treasures in this cave?"

Lu Ming asked in his heart.

"Yes, I feel that there is a metal in this cave. It is a very precious metal. If I eat it, it will definitely allow me to evolve and impact heaven."

The ball responded with spiritual ideas.

"Can it impact Tianshen Realm?"

Lu Ming's eyes lit up.

With the strength of the ball, if it can impact the heaven and earth, the combat power will definitely be very scary, and it can become a big help for him.

If you meet Tianhong Shengzi and Fuguang Shengzi, you don't have to be afraid.

"Boy, I can feel that in this cave, there are many powerful demons."

The voice of the bone demon sounded.

"Senior Bone Demon, can you feel the strength of the demon in this cave?"

Lu Ming asked.

"The strongest, Tenjin is the most important, there is only one, and the others are all under Tenjin."

Bone Magic Road.

"There is only one demon with a heavy sense of heaven and god, fight."

Lu Ming showed a firm look.

"Ball, be prepared for battle!"

Lu Ming on the ball fairway.

Then he started to trigger the war word formula.

After more than 20 years of cultivation, Lu Ming has deepened his understanding of the warfare tactics. The trigger success rate of four times the combat power has also improved a lot. It can be achieved more than ten times. once.

After more than ten triggers, Lu Ming successfully triggered four times the combat power, raised the state to the extreme, and then carefully approached the cave.

call out!

When Lu Ming approached the cave, a red ray suddenly flew out of the cave, piercing Lu Ming's eyebrows, and it hadn't arrived yet. There was a smelly smell that was already coming.

"A tongue..."

Lu Ming's heart moved. He saw clearly that this red light was actually the tongue of an animal.

Buzz!

Lu Ming shook the spear, and the spear plucked fiercely towards the tongue.

However, the spear was drawn over the tongue, but there was no sense of effort. The tongue was soft, and the spear's power was removed at once. It turned a corner and screamed toward the landing.

"Humph, worms!"

Lu Ming's eyes were cold, and he put away his spear, covered with divine power in his palm, grabbed the scarlet tongue, and then the cold divine power burst into the tongue.

Suddenly, the tongue was frozen into a popsicle, and Lu Ming's arm flicked, and the "popsicle" shattered into dozens.

Quack...

Immediately, croaking came from the cave, shaking the ground and shaking.

Then, in the cave, the behemoth rushed out like a hill.

"It's really toad."

Lu Ming muttered.

The behemoth that rushed out was a huge toad, covered with black, and also filled with a rich magical energy, staring at the land with a vicious look.

This toad has about nine cultivation practices of the true god.

Quack...

Then, there were constant tweets in the cave, and all the shadows popped out, all of them were toads, and a few times, they popped out a dozen, all of which are the strength of the true **** eightfold and the true **** ninefold.

"kill!"

Lu Ming killed him directly. This time, instead of taking out his spear, he took out a war sword.

"Cut the moon!"

Lu Ming directly used the trick of chopping the moon to cut a toad.

Quack...

Toad chirped, opened his mouth, and a dark light burst out like a blade, slamming toward the landing.

when! when!

The War Sword collided with these rays constantly, and broke into a fierce roar.

"Good strength!"

Lu Ming's eyes were also dignified.

This true god's nine-folded toad is astonishingly powerful, and its combat power is not weaker than the sixth dragon risk of the true **** list.

However, Lu Ming's current strength has also improved a bit compared with the battle with Dragon Insurance.

"Cut the moon!"

Lu Ming urged the world's three strikes to the extreme, and the crescent-shaped sword light was continuously cut out. At the same time, Lu Ming exhibited the ice chain, nine ice chains, flew out, and wrapped the toad at once.

puff!

After Jianguang cut off, Lu Ming cut the toad in half.

On the other side, the ball is awesome.

When it was in the eightfold of the true god, its strength was very amazing, and it could crush Lu Ming.

Its two arms, turned into two war knives, were constantly chopped out.

puff! puff!

Each time a toad is cut, a toad is killed.

Lu Ming killed only one, and the ball killed six.

When Lu Ming killed the second one, the other toads had been killed by the ball.

"Great!"

Lu Ming looked at the ball with a smile, and couldn't help but look forward to how strong the ball will be after the ball breaks through the heavens.

Flashing, Lu Ming and the ball rushed into the cave.

The cave is huge and there are different passages.

"Go here..."

The ball took the lead and flew towards a passage, followed by Lu Ming.

Along the way, from time to time, there will be toads jumping out, but they are all shot up and killed by golfers.

Soon, Lu Ming had traveled hundreds of miles, bypassing the winding passages.

Finally, they came to a huge underground cave.

This underground cave became fiery red, because the walls around it were inlaid with fiery red gems, emitting a red light.

At the top of the cave, there is a piece of crimson metal, the size of a human head, inlaid on the wall, emitting powerful energy fluctuations.

"That's the metal, that's the metal..."

The sound of the ball rang in Lu Ming's mind, and then opened his mouth wide, rushing to the piece of metal.

Quack...

At this moment, several shouts sounded, and the trembling underground cave continued to vibrate, and a dark shadow rushed towards the ball at a very fast speed.

"Ball, be careful!"

Lu Ming reminded loudly, and at the same time his figure burst out and rushed towards the shadow.

call out!

A scarlet tongue, like a soft whip, was drawn towards the ball. The ball was unguarded and was drawn straight.

bump!

The ball was pumped out like a cannonball, hit the wall and smashed the wall into a big pit.

"Cut the moon!"

Lu Ming had arrived, cast a moonlight, and a sword was slashed on the scarlet tongue, but when the tongue bounced, a terrible force erupted, and Lu Ming's body shuddered and flew backwards involuntarily.

"Good strength!"

Lu Ming's eyes were solemn.

In front, a huge toad appeared. This toad's body was two or three times larger than the one it had encountered before, and it was full of rich magic energy, and the breath was amazing.

Heavenly Realm!

This toad has the cultivation of Tenjin Realm, it should be the existence of the Tenjin Realm that bone demon sensed.

Chapter 2816: Solve the Toad King

bump!

Aside from the gravel splash, the ball flew back to Lu Ming and shook his body, it didn't hurt.

Quack...

The toad of the **** god realm, full of fierce eyes, stared at the landing naruto and the ball, and then his legs bounced, the huge body, rushed towards the landing naruto and the ball at an amazing speed.

One mouth, the scarlet tongue, like a sharp sword light, pierced Lu Ming, and at the same time, a black light burst out, rushing towards the ball.

"Ice Chain!"

Faced with the toads in the heavenly realm, Lu Ming did not dare to carelessly. Nine ice chains flew out and tangled towards the toads.

At the same time, he opened the nine-fold red gold armor and performed Jiutian Kunpeng technique, a flashing body, slaying towards the toad, and a crescent-shaped sword light, slashing towards the other side.

However, Lu Ming still underestimated this toad.

The toad's tongue, like a peerless sword, slammed across the ice chain. The ice chain vibrated violently and then shattered one by one.

Then, the tongue continued to attack Lu Ming.

bump!

Lu Ming's war sword was cut on the toad's tongue, just like it was cut on the leather, but he didn't cut the opponent's defense.

From the tongue, a powerful force burst out, striking Lu Ming along the war sword, Lu Ming's body was directly blasted out and hit the wall on one side.

puff!

Lu Ming felt qi and blood in his body, coughing up a sip of blood.

"Good strength!"

Lu Ming was shocked.

This toad's strength is simply better than that of Liu Feiyun.

The same is true of Tenjin, and Liu Feiyun's strength is definitely not the opponent of this toad.

boom! boom! ...

The ball waved two swords and collided with the black light emitted by the toad. For a time, it was slammed against it.

"Come again!"

Lu Ming moved to the toad again.

In the word measurement tactics, a steady flow of divine power poured into Lu Ming's body, so that Lu Ming's divine power could always remain abundant.

Nine ice chains condensed out again.

At the same time, a dragon chant sounded, and above Lu Ming's head, a huge nine-clawed dragon appeared.

For the first time, Lu Ming used the magic method of the dragon to fight the enemy.

Roar!

Nine-clawed dragon, rushed to the toad.

Nine dragon claws stepped out one after another and turned to the toad.

bump! bump! ...

The toad's tongue constantly collided with the dragon's claws, and the huge body of the nine-clawed dragon shook, but it did not break apart.

"blocked!"

Lu Ming was delighted. The power of the magic formula of Shenlong was really amazing. Especially the nine-clawed magic phase of Luming, which was condensed by Lu Ming, was more powerful and has become Lu Ming's strongest killing trick.

"Ball, use lightning!"

Lu Ming passed the ball to the ball, and he used all means to kill Toad.

Zizizi...

The ball was filled with lightning, and then gathered into a thick lightning, which killed the toad, and immediately penetrated the light emitted by the other party, and bombarded the toad.

Toad was struck by lightning, his body suddenly stiffened, and the smell of barbecue came out.

After the ball was repaired to break through the ninth weight of the true god, the lightning power was also stronger.

Will Lu Ming miss this opportunity, immediately control the nine chains of ice, entwining the toad masses, the terrible chill, madly poured into the body of toad, to freeze him.

Roar!

Nine-clawed dragon roared, the dragon claws stepped out one after another, turned to toad, and at the same time, Lu Ming also slashed towards toad.

Quack...

At a critical moment, the toad struggling to spare his strength, a black magic energy, like a shock wave, rushed out in all directions. In a blink of an eye, the chain of ice jumped away and hit Lu Ming and the Nine Claw Dragon.

The nine-claw Shenlong Fa-phase shook violently, emitting a dazzling brilliance, and then actually began to explode, and Lu Ming was also rushed out, and the nine-fold red gold armor was covered with cracks.

However, this is the toad's desperate trick. After using it, his breath is weakened a lot, and the magical energy of the body is much thinner.

The ball seized the opportunity and another lightning blast.

This time, the toad was directly blown out by lightning, and his round body rolled on the ground, and his body was black.

The ball seized the opportunity, rushed up, cut it with a knife, and uttered a slap, chopped off half of the body of the toad, and blood shed all over.

Even so, Toad is not dead yet, struggling to escape.

"Hugh wants to escape!"

Lu Ming shouted, and nine ice chains condensed out again, up to several thousand meters long, and entangled the toad.

Toad has been seriously injured. This time, it is difficult to jump off the chain of ice. The body is covered with a layer of ice.

The ball rushed up and was cut with two consecutive knives to completely kill the toad.

call!

Lu Ming took a long breath and finally killed the toad.

The toad in the heavenly realm is stronger than Liu Feiyun, and it is indeed difficult to kill.

Lu Ming cooperated with the ball and used all the means. The timing was very good. Then he beheaded. If the timing was wrong, they would not be able to kill the toad even if they joined forces.

"My training is still too low..."

Lu Ming sighed.

His various divine skills, secret techniques, and power are very strong, but he is low, so it is difficult to exert too much power.

In fact, the main reason is that Lu Ming's opponents are too strong. If he is a person of the same level, or a few levels higher than Lu Ming, Lu Ming can easily spike.

Lu Ming used the triple true gods, and the difference between the strong ones of the heavenly **** realm was too far. In exchange for the triple true gods of other real gods, he might be directly slapped to death.

After this toad was killed, the cave quieted down. This cave seemed to be the cave mansion of the king of toads. The other toads dared not come in.

The ball stared fiercely at the piece of metal and rushed straight up, biting it openly.

Boom Boom...

Mars was shooting everywhere, and the piece of metal was bitten by the ball and swallowed into it.

Soon after, the whole piece of metal was completely eaten up by the ball.

"I'm going to evolve."

The ball left a word, it turned into a metal ball, landed on the ground, motionless.

Lu Ming sat cross-legged not far from the ball, and exercised his strength to heal.

He suffered a lot of injuries just after the first battle.

After the injury was healed, Lu Ming practiced and waited in this cave.

In a blink of an eye, the ball is still evolving in three months.

Obviously, that piece of metal is not so easy to refine.

"Lu Ming, the energy of the ancient **** flower was finally completely refined by the old lady. Do you need it now? If necessary, I will ferry it to you immediately."

The sound of the measurement word sounded.

"Okay, please give it to me."

Lu Ming's eyes lit up.

After decades of hard work, Lu Ming's foundation has long been stable, and it is now appropriate to break through.

Chapter 2817: Great advancement

"Attention!"

The Liangzi Jue reminded, and then a shining glory, a stream of pure energy, poured into Lu Ming from the Liangzi Jue.

Lu Ming worked hard to regenerate this energy in "The Thousand and Thousand Talents".

The energy of refining and refining is so pure, as long as you refine it at will, it will be completely transformed into Lu Ming's divine power.

In Tan Tianzhong, six magical fires continue to grow.

Originally, the sixth Divine Fire, the Divine Fire condensed by Taixuan Divine Power, is not particularly strong, and has not reached the level of other Divine Fire, but now, this Divine Fire is also growing rapidly, catching up with an amazing speed Other fire.

When Taixuan Shenhua caught up with other Shenhua, a roar came from within Lu Ming, and the six Shenhua fires were burning, actually doubled in a blink of an eye.

The divine power in Lu Ming's body also rapidly increased.

Fourfold true god!

Lu Ming's cultivation practice has broken through to the four levels of the true god, but he hasn't stopped yet. His cultivation practice is still improving rapidly.

At that time, the descendants of the ancient gods planted too many ancient gods, and they absorbed the blood of many masters. The energy contained in them is very strong.

At the beginning, most of those energies came to condense the heart of the ancient gods, but some of the remaining energy in the word measurement tactics is still very strong.

Lu Ming's cultivation practice quickly attacked the four peaks of the true god. Soon afterwards, he reached the four peaks of the true **** and began to impact the fivefold of the true god.

boom!

Soon afterwards, there was another roar in Lu Ming's body.

It was not until the five levels of the true **** that the energy surging from the word measurement tactics was completely refined by Lu Ming.

"Cool, it's really cool!"

Feeling the surging power in the body, Lu Ming's eyes shined, full of strong self-confidence.

Xiu Wei made two consecutive breakthroughs, making Lu Ming's strength soar.

You should know that the secret technique will improve with the breakthrough of cultivation practice.

Moreover, Tai Xuan's divine power has also reached the level of other divine powers. Lu Ming's divine power is now at an astonishing level, far exceeding that of martial arts at the same level.

"With my current strength, even if I am alone, I can kill the toad king!"

Lu Ming whispered that he did have this confidence.

With his current strength, the general Tenjin Realm is a heavy one, he is completely fearless and can be killed.

Buzz!

At this time, there was also a strong energy fluctuation from the ball.

The ball has to start to evolve and impact the heaven and earth.

The body of the ball was filled with dazzling brilliance, a series of tiny lightnings, covering the whole body, like a small snake, constantly roaming.

boom!

The breath on the ball suddenly skyrocketed, as if breaking a limit and breaking through the sky.

A strong coercion came out.

Tenjin Realm, this is the coercion of Tenjin.

The ball hit the gods successfully. For a long time, the breath on the ball stabilized and completely concealed.

Uh!

The ball rushed in front of Lu Ming and twirled, shouting: "Lu Ming, do you want to compete?"

"Do not!"

Lu Ming shook his head resolutely, the ball reached the gods, and the combat power must have skyrocketed. The last time he had a loss with the ball, the fool would have a second loss.

"Hahaha, don't dare to compete with me!"

The ball was very proud. The round body turned around Lu Ming and it was half loud before turning into a bracelet, which was carried on Lu Ming's hand, and then Lu Ming walked along the same path and walked out.

Quack...

After walking for a while, a toad appeared in front of Lu Ming, staring fiercely at Landing Ming.

Lu Ming can see that this toad has the cultivation practice of the true **** Jiu Zhong.

"Just try your strength with you."

Lu Ming whispered, triggering the double warfare of Zhanzi Jue, and slammed it in the past.

At the same time, Toad also launched an attack, but now Lu Ming is so strong, his power is roaring like a sea, like a destructive and destructive general to see the attack of Toad, and then bombard on Toad.

In an instant, Lu Ming mobilized to the cold divine power, and a layer of ice crystals appeared immediately on the toad, completely tossing the toad in it.

Then, Lu Ming shook his palms, and the toad's body shattered like a piece of ice into pieces.

In the palm of his hand, a powerful true god, Ninefold Toad, was killed by Lu Ming.

With the strength of Lu Ming now, it is already invincible in the true divine realm.

Unless you encounter a peerless arrogance that also controls divine power and possesses a terrible secret technique, otherwise, the true God Realm faced Lu Ming and was definitely a spike.

Lu Ming was quite satisfied with his strength and moved towards the outside with a figure.

Along the way, from time to time, toads were encountered, but they were all directly killed by Lu Ming and swept all the way.

Soon after, Lu Ming came out of the toad's den.

However, Lu Ming did not plan to return to the base for repair. He was energetic, he was not injured, and he had great strength. There was no need to return to the base for repair. It is best to hone directly in this wild mountain and obtain the treasures of heaven and earth.

In the next few days, Lu Ming has been training in the wilderness mountains, and has obtained the heavenly treasures.

However, Lu Ming did not devour all the magic medicines to the literary formula. Lu Ming left some rare magic medicines from the outside world.

These magical medicines are not only of high value outside, but stay on the body, maybe they will be used later.

"Lu Ming, someone approached you quickly, it was those who chased you last time."

Suddenly, the bone demon's voice sounded.

"These people are really lingering, or okay, this time, I will play with you."

In Lu Ming's eyes, a cold light flashed through.

He did not leave, but stayed there and waited.

Now, he is self-cultivation for the big advance, and the ball breaks through to the gods, he is very confident.

Uh! Uh! ...

Just a few breaths, and in the distance, there was a violent breaking sound, and seven or eight figures appeared, rushing towards the landing at an alarming speed.

"This kid is really here."

"Surround him, don't let him run away."

As soon as these people saw Lu Ming, their eyes brightened, and their speed was faster, their figures flashed, and they surrounded Lu Ming Tuan in all directions.

There are a total of eight people. It was Tianhong Shengzi and Fuguang Shengzi who left behind to chase down Lu Ming. In the past few months, they did not give up. They had been wandering around the area. Unexpectedly, they met Lu Ming.

Eight people, surrounded by Lu Ming Tuan group, a strong breath, filled out, blocked the eight parties, fearing Lu Ming to escape again.

"What are you doing? In a fierce and evil manner, when you see this Holy Son, don't kowtow to salute?"

Lu Ming said carelessly.

"Hahaha!"

Eight people laughed.

One of them smiled and said, "Holy Son? It's time to die, and I want to shake off the prestige. Lu Ming, today is your death."

"My death? You just want to kill me because of you?"

Lu Ming disdain.

Chapter 2818: Try to fight

Lu Ming's disdainful voice sounded. Now, he probably already knows the cultivation behavior of these people. He completely rested his mind and has no pressure at all.

These eight people are all the cultivation practices of the heavenly **** realm.

Four celestial gods are one heavy, three celestial gods are double, and one celestial **** is triple.

With Lu Ming's strength, it is estimated that it is a bit overhanging the God of Heaven, and at most it can only protect itself. However, Lu Ming has a ball.

When the ball is in the real **** realm, it explodes with all its strength. It can definitely fight the weaker gods. You must know that there is a huge gap between the gods and the gods.

Now that the ball has broken through the gods, the combat power has skyrocketed. I don't know how much, and it is absolutely no problem to kill the gods three times across two levels.

Therefore, these people, Lu Ming did not pay attention to it.

"It's really arrogant, then let me see if you have arrogant capital."

A middle-aged big man stepped out, with a strong breath, pressing against Lu Ming like a mountain, but Lu Ming's lines didn't move.

"kill!"

The big man shouted, a battle axe appeared in his hand, and an axe split towards Lu Ming.

This big man has a tenacity of cultivation. Although he despised Lu Ming on his mouth, he did not despise it at all.

After all, Lu Ming and the ball teamed up, but they defeated Liu Feiyun. Although this man is a little stronger than Liu Feiyun, he can't be much stronger.

Others did not shoot, but guarded the Quartet, afraid that Lu Ming would take the opportunity to escape.

Buzz!

A long spear appeared in Lu Ming's hand. The spear shook and burst out.

Three strikes to destroy the world!

And in the moment of the shot, Lu Ming triggered three times the fighting strength of Zhanzi Jue.

when!

The spear and the battle axe collided head-on together, and a violent roar erupted. The ground beneath the feet of the two people continued to explode, one by one, and stretched in all directions.

Then, a figure retreated backward.

It's that middle-aged man.

"how can that be?"

On the side, the other seven people were beating heartily and couldn't believe their eyes.

Lu Ming and the middle-aged big man's head-on collision actually prevailed.

They saw it clearly. This time, Lu Ming did not rely on external force, and completely relied on his own strength.

But Lu Ming was really god, how could he be so strong?

"how is this possible?"

The middle-aged man couldn't believe it himself, and was a little ignorant for a while.

"Three strikes to destroy the world, cut the moon!"

Lu Ming Chang Xiao, like a violent wind rushed to the middle-aged man, exhibited the second form of World Extermination Three Strikes, cut the moon.

"Not good, be careful!"

On the edge, an old man shouted to remind, but it was too late.

咻咻咻...

At the moment Lu Ming rushed out, nine ice chains flew out of him, like nine lightning bolts, which came first, and entangled toward the middle-aged man.

The middle-aged man was repulsed by Lu Ming one stroke before, and he was a little ignorant.

Master tricks and instant mistakes are fatal.

At this moment, he reacted and wanted to avoid it. It was too late. His body was entangled with nine chains of ice.

"Give me!"

The middle-aged man burst into roar, hoping to jump off the chain of ice with divine power.

However, Lu Ming is now cultivated as a great advancement, and the power of the ice chain has also been greatly improved. For a time, he could not jump at all.

And Lu Ming has been killed.

"Do not..."

The middle-aged man screamed in despair, and then a crescent-shaped spear flashed by. The middle-aged man was directly split in half and fell to the spot.

Suddenly, Lu Ming beheaded the existence of a god.

With Lu Ming's current strength, it is enough to kill the Toad King, and the strength of the middle-aged big man just now is not as good as that of the Toad King, and he underestimated Lu Ming's strength. After being defeated by Lu Ming, he appeared. Suddenly lost his mind, so he was killed by Lu Ming by thunder.

All this is so fast that the other seven people are too late to rescue.

"This kid..."

The other seven people watched Landing Ming with a deep horror in their eyes.

Lu Ming's speed of promotion is too fast. Now, he can actually kill the gods. In this way, catching up and even catching up with other princes is a deadly thing.

"Everyone, this person must not be left. Let's take a shot together. Be sure to kill him no matter what."

At the scene, the only old man with a triple-faced divine expression opened solemnly.

Although, as long as he shot, he was 100% sure to kill Lu Ming, but he still invited other people to shoot together, just because Lu Ming would run away again.

"Shoot together!"

Others also nodded, all kinds of different colors of magic, all burst out.

"If you want to join forces to kill me, then I will kill you first."

Lu Ming's eyes flashed with a murderous footstep, and he followed him with heavy steps. His figure actually rushed towards the old man of the triple god, and punched him with a punch.

"court death..."

The old man did not expect that Lu Ming would actually kill him.

Although Lu Ming's strength is strong, he is still a lot worse than him. The first one rushed to him, not to death.

Therefore, he stayed a bit of a god, carried a defensive magical skill as a defense, and then in his palm, a sword light burst out and beheaded Xiang Luming.

Zizizi...

On Lu Ming's wrist, there was a ray of lightning.

The reason why Lu Ming was the first to kill the opponent's triple **** is naturally not to rely on his own strength, but on the ball.

A ray of lightning appeared on the ball's bracelet, and with Lu Ming's punch, a thick arm of lightning struck the old man.

boom!

The old man's sword light was instantly defeated, and the lightning kept bombarding him.

The defensive miraculous skills on the other party are like paper sloppy. It is unbearable. Lightning hit the other party. The old man screamed, his body flew out, fell tens of thousands of meters away, twitched, and his body was black. , There is already more outgassing and less inhalation.

One trick, the old man was dying, which caused the remaining six people to almost be scared to death.

"Ball, kill!"

Lu Ming shouted, and with a wave of his hand, the ball flew directly out, and flew towards a **** double.

In the process of flying out, the ball stretched out two tentacles, turned into two battle knives, and cut out continuously.

The man was shocked and quickly resisted.

However, Tenjin double faced the ball, only the abused points were cut, and the man was directly killed.

Then, the ball killed another double god.

Lu Ming rushed towards a deity with heavy weight, nine chains of ice, and hurried toward the other party.

"Give me!"

The war knife in the man's hand was constantly uncoiled, and hundreds of knives were instantly opened, trying to break the ice chain, the ice chain was stirred, and Mars was shining, but the amazing chill on the ice chain also followed the opponent's war knife Flocked to his whole body, making him chill, as if to be frozen.

"Cut the moon!"

When Lu Ming arrived, he exhibited the trick of chopping the moon. Now this trick is more powerful than Lu Ming's just exerted.

Because, Lu Ming has triggered four times the combat power.

Chapter 2819: Kill all

"Want to kill me and dream!"

The other party roared, exerted all their strength, and slashed out, colliding with Lu Ming's attack.

The opponent's body was violently throbbing, vomiting blood, and his body retreated backward.

Roar!

Above Lu Ming's head, a nine-clawed dragon suddenly emerged, and with a roar, he rushed towards the other party.

"Nine-clawed Dragon, Holy Dragon's magic method!"

The other party made a terrified roar, and then was continuously caught on the body by the nine-claw Shenlong Fa, and was torn apart.

There are a total of eight people in the other party. So far, four have fallen, leaving only four.

The two gods are the same, and the two gods are the same.

And the ball, has already killed another double god.

"Go away!"

The rest were already scared, and had no fighting power at all. They turned and ran.

In this way, Lu Ming is not their opponent.

Zizizi...

The ball exhibited that kind of lightning again, and a flash of lightning struck out, chopping a double master of the gods alive.

These, in the Emperor Xuanzong, are all elders of the outer door or deacon level of the inner door. They are usually high on weekdays, but now they are falling one by one.

The ball continued to kill towards the last one of the two gods, and Lu Ming killed the last two gods with one weight, the dragon dragon screamed, and slayed to one of the elders with one weight, and himself, Another **** is important.

"Lu Ming, we are the elders of Kong Xuanzong's outer door, you can't kill us."

"Yes, we are the heroes of Kong Xuanzong, you kill us, it's a big injustice..."

Several old men shouted.

"You've lost a lot of years of life, and you still say something like that. Isn't it funny?"

Lu Ming spoke indifferently, full of sarcasm.

Before, they wanted to kill Lu Ming wholeheartedly, but now they are going to be counter-killed, but they claim to be the elders of the outer door of Xuanzong Zong, and hope Lu Ming let them go.

Fools will let them go.

"Old man fights with you!"

An old man roared, knowing that Lu Ming would not let them go, desperately burning the divine power, and going to the landing Ming Ming, wanting to die with Lu Ming.

However, with a lightning bolt, the old man's body stiffened directly in the air and was split into a coke.

It turned out that Qiuqiu had solved the last deity double and came back to help Lu Ming.

In this way, there is only one person left with the last deity.

what!

The old man roared, knowing that he was dead, burning crazy, and attacking the landing.

"Ball, leave this to me."

Lu Ming blocked the ball and blocked the shot. He happened to hone himself with this person.

Buzz!

When the spear was shocked, Lu Ming killed him.

This man burned his divine power, and his strength rose a bit. I am afraid that it has already slightly exceeded the king of the toad. Lu Ming happened to use it to practice his hands.

Nine ice chains roared, the nine-clawed dragon roared, and Lu Ming attacked himself, and continued to attack the other party. Even if the other party burned the divine power, for a time, Lu Ming was under the wind.

In a fierce battle between the two sides, dozens of moves were fought in an instant.

The other party was backed away by Lu Mingya.

Burning divine power can't last. With the consumption of the other party's divine power, he is not even Lu Ming's opponent.

"Fairy, wicked, the Holy Son provokes such a character. If he cannot be killed as soon as possible, he will die in his hands sooner or later."

At this moment, the old man sighed.

Lu Ming's talent and combat power have deeply shocked him. He seems to have seen that in the near future, Tianhong Shengzi will die in Lu Ming's hands.

After a few tricks, this person was directly penetrated by Lu Ming and fell to the spot.

At this point, Tianhong Shengzi and Fuguang Shengzi sent to kill Lu Ming's eight masters, all destroyed.

Including the triple existence of the Tenjin, there is no longer any breath of life at this moment.

Lu Ming put all the storage rings of the eight people away.

The eight storage rings of Tenjin Realm will be a big harvest.

After collecting it, Lu Ming flashed and left here.

In the following days, Lu Ming went deeper and deeper into the mountain range, further and further away from the base.

The deeper the depth, the stronger the demon strength that appears.

The demon in the heavenly realm can be encountered from time to time.

Under normal circumstances, Lu Ming does not let the ball shot, he fiercely fights with these demon alone, while tempering himself, while collecting heavenly treasures.

In this way, Lu Ming spent six months in this wild mountain range.

Roar! Roar! ...

Between the mountains, Lu Ming and the three-headed demon fight together.

These three monsters are the realm of the gods, and the strength of each head is very amazing, not weaker than the king of the toad.

Three heads teamed up to fight in a vertical and horizontal direction, with amazing power.

Lu Ming did his best to fight fiercely with the three-headed demon.

Chains of Ice, Fascination of the Dragon, Three Exterminations of the World, Nine Heavens Kunpeng, Nine Heavy Red Gold Armor...

Lu Ming used all means to fight the three-headed monster with hundreds of moves.

"Happy, really happy.."

The greater the battle, the stronger the fighting intention on Lu Ming's body, feeling that every cell in the body was jumping, very happy.

After half a year of hard work, Lu Ming has made great progress in all aspects.

Various divine skills, such as World Extermination Three Strikes, Nine Heavens Kunpeng Technique, and Nine Heavy Red Gold Armor, have all reached the fifth peak. This rate of progress is extremely amazing.

The more the divine skills are cultivated to the back, the harder it is to improve.

It takes a long time to move, especially Lu Ming's cultivation behavior, only the true **** is fivefold.

In just half a year, Lu Mingneng has cultivated several kinds of magic skills to the fifth peak, thanks to constant fierce fighting.

Especially the monsters here are fierce and cruel, with amazing strength, and the effect of hone will be better.

The comprehension of Zhanzi Juice's fourfold war intentions has improved a bit, and the success rate has reached one-tenth.

And in the past six months, Lu Ming got a lot of magic drugs, most of them devoured the word formula to devour the refining, and the energy after refining was passed to Lu Ming. Now, Lu Ming's cultivation practice has also reached the five peaks of the true god, away from the true god. Sixfold is not far away.

This speed is no different from taking a rocket.

Roar! Roar! ...

From the war to the present, the power of the three-headed demon has been particularly consumed, and the power has begun to be out of support, and is slowly suppressed by Lu Ming.

At the time of the three-headed monster, he started to retreat and finally shouted, and turned and ran.

"Want to go, the ball, it's up to you."

Lu Ming waved his hand, the ball flew out, opened his big mouth and sprayed, three lightnings sprayed out, bombarded on the three monsters, and directly killed the three monsters.

In the depths of the mountain depression, there is a sparkling magical medicine, which is not an ordinary product at first glance. Lu Ming walked over to collect the magical medicine, and then left here.

A few days later, Lu Ming wandered in a forest.

Uh! Uh! ...

Suddenly, a group of people flew over the forest.

Chapter 2820: Treasure

A group of people flew over Lu Ming's head, releasing a powerful pressure, and all of them were the cultivation of Tianshen Realm.

"So many masters are people who can't destroy Jianzong!"

Lu Ming's eyes moved.

This group of people, middle-aged, old, and even young, are carrying a war sword one by one. When they look at their costumes, Lu Ming knows that he is one of the three major overlords and the indelible Jianzong.

These people also found Lu Ming, but just glanced at Lu Ming coldly, then skipped Lu Ming and flew in one direction, as if there was something important.

Lu Ming didn't think much, and continued to wander in the forest, looking for the treasures of heaven and earth.

However, soon after, someone flew over Lu Ming's head.

This time, the number is smaller, only four.

"People in Ximo Academy!"

Seeing the costumes of these four people, Lu Ming's eyes moved.

"Wait!"

The four had already flown. Suddenly, an old man called and the four stopped.

The old man's eyes turned to Lu Ming.

"It turned out to be this kid, Lu Ming, the first of the 13 cases, this kid could actually come here..."

After seeing Lu Ming, the old man was very surprised.

He had seen Lu Ming once. Lu Ming got the first place in the 13 assessments. He also invited Lu Ming to join the Demon Academy, but was rejected by Lu Ming. He was very impressed with Lu Ming, so just now A quick glance recognized Lu Ming.

"Elder Hong, do you know this kid?"

Among the four, a young man asked.

"This kid, I have seen, won the first place in the last thirteen assessments. This kid can actually come here. Wait, this kid's cultivation practice has reached the fivefold of the true god. How is this possible?"

After the old man named Hong Ming swept away Lu Ming's cultivation behavior, his eyes widened in shock.

He remembers very clearly that when Lu Ming evaluated the thirteen cases, he didn't even reach the virtual **** realm, but was only a demigod.

Now, less than a hundred years ago, Lu Ming actually cultivated to the fivefold of the true god. What is the speed of this cultivation?

The old man surnamed Hong surpassed the waves.

"The first place in the last 13 assessments should be less than 100 years old. If it is less than 100 years old, the cultivation base will be raised to the five levels of the true god. Then how strong should he be at that time?"

Another asked.

"Demi god!"

The old man named Hong said.

"Demigod? What? Demigod?"

The other three were completely shocked.

Then, in the eyes of the four people, there was a cold murder.

Such a high talent, but they are not the people of their alien academy, it should be removed.

"I'll kill him!"

The young man spoke indifferently, stepped out, rushed to Lu Ming, then pressed down with a palm.

This young man, also in Tianxue Academy, is also a Tianjiao figure. At a young age, he has a devotion to the deity, which is no weaker than Liu Feiyun.

In his view, it is not a matter of one-handed solution to deal with a person with five quintessence of the true **** with his ten-centred cultivation.

"Kill me like this..."

Lu Ming's heart burned with rage, full of murderous opportunities.

He didn't say a word, but the other party wanted to kill him, which was really overbearing.

That being the case...

Lu Ming's eyes were very indifferent, his figure soared into the sky, and his divine power surged.

"Shenlong Fa Xiangjue!"

Lu Ming directly used the strongest killing trick. A nine-clawed dragon appeared, roaring, and rushed towards the other party.

"this is..."

Feeling the terrible breath of Nine Claws Dragon Fashen, all four of the Astrology Academy were shocked.

Roar!

Nine-claw God Dragon roared, and as soon as he rushed over, he completely defeated the young man's palm. The dragon claw stepped out and caught the young man.

The young man could not have imagined that Lu Ming, a person with five true gods, could have such a terrible attack and wanted to avoid it. It was too late.

"Boy, stop!"

"you dare!"

Several other people roared and wanted to rescue, but it was too late.

puff!

The young man was directly torn apart by the magic dragon.

"You... you die..."

The remaining three people roared at the scene and their eyes were red.

A celestial being with a heavy arrogance died like this, and they bleed blood in heartache.

The three of them rushed to Lu Ming furiously, a strong breath filled out.

One **** is one heavy, one **** is twofold, and one is three.

"Boy, I'm going to put you down."

The old man with the surname of Hong screamed. He had the triple cultivation of the gods, exuding a terrible murderous opportunity, and went straight to the landing.

He wanted to kill Lu Ming so much. The reason why Lu Ming killed the young man, the biggest reason was Lu Ming's combat power, which surprised him.

Lu Ming's strength is too horrible, it must be removed.

"Ball!"

Lu Ming waved his hand directly and the ball flew out.

"roll!"

The old man named Hong did not put the ball in his eyes at all.

However, on the ball, a flash of lightning directly burst, which penetrated the old man's attack and fell on the old man named Hong.

The old man surnamed Hong screamed and was blown out directly, smashing several ancient trees, and he was half dead.

The other two were already ignorant.

Uh!

The body of the ball flashed, and it was cut directly with a knife. The double person of the **** was killed by the ball, and only the one of the **** was left.

"Don't kill me, don't kill me!"

The big man with a heavy **** almost scared his urine, yelling in horror, his body trembling.

At this moment, Lu Ming was the devil in his eyes.

"Not killing you, is it possible?"

Lu Ming stepped out, and the cold killing made the middle-aged man's body tremble even more.

"Don't kill me, don't kill me, as long as you don't kill me, I will tell you a secret, a secret secret..."

The middle-aged man yelled.

"Treasure secret?"

Lu Ming's eyes flashed.

Seeing Lu Ming Yidong, the middle-aged man saw the chance of life, and he was overjoyed and quickly shouted: "Yes, we found a place with absolutely amazing treasures. As long as you let me go, I will tell you the location of that place. you."

"You are not qualified to tell me the conditions and say, otherwise I will kill you now."

Lu Ming said indifferently.

"No, you promised not to kill me, otherwise, I would never say that I will die anyway!"

Middle-aged man gritted his teeth.

"Oh!"

Lu Ming rolled his eyes and nodded, "Well, as long as what you say is true, I won't kill you."

"Really!"

The middle-aged man's eyes lit up.

"Nonsense, of course it is true. Hurry, otherwise, I will kill you now." Lu Ming said indifferently.

"Okay, okay, I said..."

Immediately, Dahan talked about the location.

"I already said, you can let me go now!"

The middle-aged big man hoped to watch the landing.

"Let you go? After letting you go, will you wait for you to move to rescue me and kill me?"

Lu Ming sarcastically said.
