

D Emperor 2871

Chapter 2871: Shocked the audience

"Since you want to see it, then you should watch it carefully."

Ouyang Qingxiang said quietly, and then stepped out.

Lu Ming didn't move. After all, this time he came to help Ouyang Qingxiang, so he gave all the planet devourer heads to Ouyang Qingxiang.

Not far before the Supreme started, the storage ring in Ouyang Qingxiang's hand glowed, and then the heads of the planet devourers flew out.

Ouyang Qingxiang began to take out the heads of bronze planet devourers, with a total of 101.

"so much..."

Everyone was shocked.

One hundred and one bronze heads have one hundred and one points.

"One hundred and one points, yes, did you just say that Lu Ming Shengzi they will never exceed one hundred points?"

Someone opened his eyes and looked at the person who just said Lu Ming that they would never exceed a hundred points. The person's flushed face immediately rose to shame.

"Huh, it's just a hundred points, it's not the lowest score yet."

The man said hard.

Not only other people, but also the face of the Supreme Son changed, but when he saw that the heads of a hundred planet devourers were of bronze rank, he was relieved.

"It's a lot of numbers, but they are all bronze grades. I guess you have been hunting bronze devourers for some time now. Yes, with your strength and Lu Ming, even if you join forces, it may not be a white bank star. The opponent of the Devourer can only hunt down the bronze Devourer."

The Supreme Son laughed lightly.

Fuguang Shengzi and others also secretly nodded.

They also think so, because they are well aware of the horror of the White Bank Star Devourer. Even if they face the Silver-Class Planet Devourer, they will need four people to join forces to kill them. Even if Lu Ming and Ouyang Qingxiang join forces, I am afraid Cannot kill silver-level planet devourers, only hunt bronze-level planet devourers.

It is possible to hunt down bronze-level planet devourers for three months. If you are lucky, it is still possible to hunt one hundred bronze-level planet devourers.

"We haven't hunted down to the silver level planet devourer? Supreme Master Kun, who told you? You too take it for granted, I haven't finished it yet."

Ouyang Qingxiang smiled faintly, and then waved again.

Uh, uh...

Suddenly, the heads of the silver planet devourers flew out.

A total of twenty.

During this time, Lu Ming hunted down a total of twenty silver-level devourers, two more than the eighteen Supreme Sons.

Many people's eyes were stared, and some were dumbfounded.

Ouyang Qingxiang was able to take out the heads of twenty silver-level planet devourers at once, which was beyond everyone's expectations.

"how can that be?"

The four sons of Fuguang Shengzi, Zhixia Shengzi, Yankong Shengzi, and Xuetao Shengnv all couldn't help but widen their eyes, which was hard to believe.

They worked hard, and the four joined forces to hunt down the twelve White Bank Star devourers. They thought they had done their best.

The Supreme Sons hunted more than them, and they were acceptable, but Lu Ming and Ouyang Qingxiang were able to hunt so much, and their self-esteem was hit hard.

The face of the Supreme Son suddenly looked ugly.

This result, he did not expect it.

"Supreme Universe, how is it?"

Ouyang Qingxiang looked at the Supreme Son.

Today, she is a breakthrough, and Lu Ming's combat power is also skyrocketing, reaching an alarming level. When facing the Supreme Son, she has a lot of confidence.

"Humph!"

Sovereign Saint Son sneered, his face gloomy, and said: "Yes, you can actually hunt up to twenty White Bank Star devourers, which is beyond my expectations... wait, Ouyang Qingxiang, it turns out that your cultivation base has broken through , No wonder..."

In the eyes of the Supreme Son, there was a strong divine light, staring at Ouyang Qingxiang. After some careful examination, he finally saw that Ouyang Qingxiang's cultivation practice had broken through. It was not the fourfold of the gods, but the fivefold of the gods. .

"Ouyang Qingxiang broke through!"

Fuguang Shengzi and other people's faces were also sinking. Ouyang Qingxiang broke through and reached the five levels of the gods, and they had another enemy.

"Ouyang Qingxiang, even if you break through? If you want to compete with me, you are still far away. Moreover, your points in the first round are only 201 points, and you can't beat me in the first round. In the second round, you are even more playless..."

The Sacred Son said confidently.

"Supreme Universe, how do you know that my points are only two hundred and one?"

Ouyang Qingxiang waited for the Supreme Son to speak, and then spoke lightly.

"Ok?"

The Supreme Son concealed his face and said, "Don't you still have the head of the planet devourer?"

"This time you are getting smarter. Look at your eyes wide."

Ouyang Qingxiang said, and then waved his hand, a golden light burst out, and then there were more golden planet devourer heads in the air.

All the heads of the fourteen golden planet devourers, Ouyang Qingxiang, took them out.

Quiet!

The scene suddenly fell into deathly silence.

When they saw the head of the golden planet devourer brought out by Ouyang Qingxiang, everyone was stunned, dumbfounded, completely stunned.

This is true even for those veterans who have seen big winds and waves, and even Longxuan Mountain, the lord of Kongxuanzong.

Ouyang Qingxiang took out the heads of the fourteen golden planet devourers all at once, which was far beyond their expectations.

As for the Son of Floating Light, the Supreme Son, and others, they were completely stunned, completely silly, and dumbfounded.

There was a smile on Lu Ming's mouth.

He knew that Ouyang Qingxiang was deliberate, and he took it out slowly and deliberately, that is, he deliberately struck the Supreme Son.

"The woman's revenge, but it is very strong, as long as you seize the opportunity, you will definitely retaliate to the death..."

Lu Ming muttered.

"Okay, hahaha..."

At this time, a laugh came out, but Ouyang Qingxiang's grandfather, he first reacted and laughed.

At this time, all talents wake up like a dream.

"The heads of the fourteen golden planet devourers, this is impossible, Ouyang Qingxiang, what method did you use to get it?"

The Supreme Son roared.

He was unbelievable.

He was well aware of the horror of the golden planet devourers.

During these three months, he has fought against the gold-level planet devourers many times and fought hard. Although his strength is capable of suppressing a gold-level planet devourer, he hasn't been able to do much. He wants to kill one. It's hard to eat only the golden planet.

He wounded several gold-level planet devourers back and forth, but they all escaped.

Later, he was also lucky, using the terrain to trap a gold-level planet devourer.

But now, Ouyang Qingxiang took out the heads of fourteen golden planet devourers, and he didn't believe it.

Chapter 2872: Despicable supreme action

"Supreme heaven and earth, how do I get it, this need not tell you, you are not qualified to know."

Ouyang Qingxiang said lightly.

The Supreme Son moved his eyes, and suddenly his heart moved, shouting: "I know, you must be lucky, you have encountered the burial place of the planet devourers, and excavated the bodies of many gold-level planet devourers, so you can get it. The heads of so many planet devourers."

"And you see, these three heads are shrivelled and the loss of energy is too much. This must be the golden planet devourer who has been dead for many years."

Finally, the Supreme Son pointed to the heads of the three mutant gold devourers.

The head of the mutant gold devourer seems to have died for many years because of the copper and copper coffin.

The words of the Supreme Son made many people realize.

"It turned out that it was, no, it must be so. They were lucky, they ran into the cemetery where the planet was engulfed!"

"Yes, otherwise, the Supreme Son can only hunt down a golden planet devourer. How can they hunt down to fourteen, which is almost like a fantasy."

"Yes, I estimate that their bronze planet devourers and white bank star devourers all come this way."

"Good luck!"

There was a lot of discussion.

But Ouyang Qingxiang, Kang Chong, Liu Jie's face is ugly.

"Who said that we met the burial place of the planet devourers? I tell you that these planet devourers were all hunted by our own hands."

Ouyang Qingxiang shouted loudly.

"Have you hunted it yourself? Hahaha, Ouyang Qingxiang, do you have this strength? Is it you? Or Lu Ming? Are you really afraid of others losing their teeth?"

Supreme Qian Kun sneered and sneered.

He didn't believe in Ouyang Qingxiang at all, Lu Ming and they could hunt so many planet devourers.

"Hum, speculation, supreme veteran, you can announce your score."

Ouyang Qingxiang snorted coldly, and then looked at the Supreme Action again.

The supreme moving face is also a bit gloomy, but at this moment, he can only announce the score of Ouyang Qingxiang.

"Ouyang Qingxiang, a total of 14 gold devourer heads, 20 silver devourer heads, 101 silver devourer heads, a total of 801 points."

Supreme Action announced.

Everyone's heart was ups and downs.

Eight hundred and one points, nearly six hundred points more than the Supreme Son.

The high score is so amazing that this time the competition has become plain and confused.

Perhaps, Ouyang Qingxiang can take advantage of this round to win the final victory.

"Okay, the first round is over, and next, the second round."

The voice of the supreme movement sounded, and a conspiracy light flashed in his eyes, saying: "The second round is very simple, that is, you three parties, twelve people, board the battle platform together, the three parties fight, and which one stays on the battle platform last, Whichever side wins, the winner's side will be the future son."

As soon as this remark came out, many people were stunned.

Ouyang Qingxiang's grandfather was furious and stepped out, saying, "Supreme move, what do you mean, this second round of rules is not appropriate."

"No, what's wrong?"

Extremely sneered.

"Nonsense, of course, it is not appropriate. In this way, it is equivalent to winning in the second round of the first battle. What significance does the first round of competition have?"

"As I said before, but the combination of two rounds of points, the one with the highest score is the future son."

Grandpa Ouyang Qingxiang retorted loudly.

Lu Ming, Ouyang Qingxiang, and others, also had a gloomy face.

The move of the Supreme is Chiguo's partiality to the Supreme Heaven and Earth.

He saw that Supreme Qiankun was too far behind in the first round of points. If combining two rounds of points, Supreme Qiankun might not be as good as Lu Ming and Ouyang Qingxiang, so he used this rule.

In this way, the first round of competition is meaningless.

"As I said before, the second round adopts the ring game mode, combining the two rounds of points, but I think that is not the case. The future son must be the strongest and the weakest. Zongzi, taking over Xuanzong Sect in the future will only make Xuanzongzong weaker and weaker. Only the strongest people will be able to lead Xuanzongzong to become the strongest in the future."

The Supreme moved.

"Supreme move, you are sophistry..."

Ouyang Qingxiang's grandfather was angry.

"What sophistry? You have to count by points, but in the first round, Ouyang Qingxiang and Lu Ming did not hunt so many points with their own strength, but they were lucky and got a planet devourer. The burial place of the country will not be tested at all."

"If you must count by points, you can also, Ouyang Qingxiang cleared their points in the first round to make sense."

Extremely sneered.

"Supreme move, why do you think Qingxiang's points come from good luck, not hunted by strength."

Ouyang Qingxiang's grandfather shouted.

The Supreme Action is really despicable. The tone of the Supreme Son before was just to guess that Ouyang Qingxiang they were the burial place of the planet devourer, and the Supreme Action directly asserted that Lu Ming was the burial place of the planet devourer, not at all. With his own strength.

One word rejected Lu Ming's achievements.

Ouyang Qingxiang, Kang Chong, and Liu Jie all showed anger on their faces.

"Hunting with strength, hahaha, want to hunt 14 golden planet devourers, can they do it? You really will put gold on your face, if they can kill 14 gold with real strength As a planet devourer, I will write three words in reverse."

The supreme movement sneered again and again.

"you..."

Ouyang Qingxiang's grandfather was furious, but he had nothing to say.

In fact, in his heart, Lu Ming and Ouyang Qingxiang also got the burial place of the planet devourers, so for a time, he could not refute.

"I agree with the proposal of the Supreme Elder."

At this moment, a sound suddenly sounded, attracting everyone's attention at once.

Everyone's eyes looked at the person who spoke.

"Huh? It's Lu Ming."

"He actually agrees with the Supreme Elder?"

"He estimated that he was also guilty and knew that the points were not correct, so he agreed."

"It must be so, and I estimate that he did not dare to offend the Supreme Son and the Supreme Elder."

Many people guess.

The person who just spoke was naturally Lu Ming.

"you agree?"

Extremely moving eyes also looked at Lu Ming, to be honest, he was also a little surprised, Lu Ming would actually agree.

"Yes, I agree. I think the Supreme Elder makes sense. Since it is a Zongzi competition, he should speak on strength."

Lu Ming smiled.

"Lu Ming, you..."

Ouyang Qingxiang showed anxious color and quickly sent a message to Lu Ming.

If they follow the method of supreme movement, then the advantage they built in the first round is completely useless.

Chapter 2873: Join hands

"Never mind, trust me."

Lu Ming smiled and sent a voice to Ouyang Qingxiang.

Lu Ming's words made other people look dumbfounded, some were puzzled, and some sneered.

"Okay, since you agreed to it, then do so. Ouyang Qingxiang, Fuguang Shengzi, do you have any opinions?"

The Supreme moved.

"I have no opinion!"

Ouyang Qingxiang's eyes flashed a few times, and finally nodded in agreement, choosing to believe Lu Ming.

Moreover, this time Lu Ming's great progress, may not be able to fight the Supreme Son.

"Neither do I have an opinion."

Fuguang Shengzi also nodded.

In the first round, his points are the last one, whether it is compared with the Supreme Son or Lu Ming, they are too different. Such a change will benefit him.

Simply by virtue of his strength, he gathered the power of the other three sons and daughters, and maybe he could still fight the Supreme Son, did he disagree.

"Brother Moon, look, they all agreed, do you still want to object?"

The supremely moving gaze turned to Ouyang Qingxiang's grandfather again.

Ouyang Qingxiang's grandfather opposed 10,000 in his heart, but Ouyang Qingxiang agreed with each other, and he was not good to say anything else, so he could not say anything.

"Okay, let's settle down like this, you go to power and fight."

Supreme Action announced.

During this process, Long Zhoushan did not speak, and he did not want to intervene.

Uh! Uh! Uh! ...

The figure flashed, and the Supreme Son, the Son of Floating Light, and Lu Ming rushed to the battle platform one after another.

Three parties, four persons on each side, stand in three directions on the battle platform, forming a horn.

"Game start!"

Supreme Action announced.

However, none of the three parties moved.

The three parties want to wait for the other two parties to start first, so they can sit back and take advantage of the fishermen.

No one will do it first, to complete others.

For a time, the three parties looked at each other and faced off.

Around the battlefield, everyone held their breath.

They understand that no one in the three parties can easily do it, but once they do it, they will strike with a thunder, and an amazing battle will erupt.

Everyone is looking forward to it.

There was a calm smile on the face of Supreme Son, and his eyes were swept on Lu Ming, Ouyang Qingxiang, and Fuguang Shengzi.

Among these people, the only thing he was a little worried about was Lu Ming.

Lu Ming, who always gave her an unfathomable feeling, was the only one he valued.

As for the others, he didn't even think about it.

"Lu Ming, Ouyang Qingxiang, why don't we join forces first and blow down the floating light, and then we decide how to win?"

Suddenly, the Supreme Son transmitted Lu Ming and Ouyang Qingxiang.

"Let's join forces first?"

Ouyang Qingxiang's eyes flashed, considering the possibility of this proposal.

If you join forces with the Supreme Son to clear the Son of Floating Light first, then they will face the challenge of the Supreme Movement alone. If you want to find someone to join forces, you can't.

Ouyang Qingxiang began to think about looking for the Son of Fuguang to work together to deal with the Supreme Master, and then decide the victory and defeat with Son of Fuguang.

However, she was also afraid that Fuguang Shengzi and the Supreme Son would deal with them first, so she was hesitant for a while.

"Okay, I promise you."

Lu Ming responded directly.

Ouyang Qingxiang's eyes moved, and there was no objection. Now, she can only choose to believe Lu Ming.

"it is good!"

The Supreme Son flashed his gaze, and looked at the Floating Son, suddenly stepping out, and a strong breath erupted from his body.

At the same time, the three people behind the Supreme Son also erupted into a powerful atmosphere, oppressing the Son of Floating Light.

Then, Lu Ming and Ouyang Qingxiang also exploded into a strong breath, and rushed to them.

Fuguang Shengzi and other people's faces changed wildly.

"Supreme Qiankun, Lu Ming, you are despicable, and actually want the two parties to join forces against us."

The Floating Son shouted.

"Floating light, you have four saints and saints. We add up to both of us, and there are exactly four saints and figures. It is just a battle to decide a superior. This is the most fair."

The Supreme Son sneered.

He was right. There were also two figures of Saint Child, plus Lu Ming and Ouyang Qingxiang, just four figures of Saint Child, just like them.

"you..."

Son of Floating Light looked ugly.

"Let's talk nonsense, let's fight!"

The Supreme Son shouted, and his body was filled with a violent divine power, a violent breath, forming a storm wave, which pressed against the floating light Son.

"Supreme Fist!"

The Supreme Son roared, his fists were filled with bright golden color, and punches were punched continuously.

"Yankong, you and I block the Supreme Heaven and Earth, they are Xuetao, Zhixia, Lu Ming and Ouyang Qingxiang, and they will be handed over to you."

The Floating Son shouted.

By this time, he had no choice but to fight.

The figure of the Floating Saint Son moved towards the Supreme Son, and the five-fold strength of a **** was completely exploded.

"Heavenly God!"

The Son of the Floating Light is screaming, and the whole body is filled with dazzling light, which is brighter than the sun.

The dazzling light turned into a terrible palm print and blew towards the Supreme Son.

boom! boom! ...

The two's attacks collided, inspiring thousands of waves. The sky was dazzling, silvery white, and golden yellow, reflecting each other.

However, the golden light clearly prevailed.

Finally, the silver-white light continued to vibrate, and then burst apart, and the figure of the Holy Son floated back backwards.

In the confrontation, he was completely suppressed by the Supreme Son.

At the same time, the Son of Yankong is inseparable from the battle of the first master of the Supreme Son. The strength of the man is not weaker than that of the Son of Yankong.

As for the other two, the strength is weaker than that of the son-level characters. Instead of doing it, they stand aside and watch the wind.

On the other side, Lu Ming, Ouyang Qingxiang, and Zhi Xia Sheng Zi, Xue Tan Sheng Nu match up.

"Qinglian Sword Song!"

Ouyang Qingxiang drank, chopped out a blue sword light, and slashed to the Snow Tan Saint.

Xue Tan Sheng Nu also exhibited full resistance.

But after one move, the body of the ebony lady shivered, and she backed off again and again, completely invincible.

It turned out that the strength of Ouyang Qingxiang and Xue Tan Sheng Nuo is between Bo Zhong, but now Ouyang Qing Xiang has broken through the five levels of Heaven and God Realm, and her strength is completely above that of Xue Tan Sheng Nu.

One move prevailed, and Ouyang Qingxiang continued to exhibit the Qinglian sword song, and the blossoming blue lotus flowers shone towards the Snow Maiden, bursting out thousands of sword spirits.

The Snow Tan maiden resisted again and again, but it was still useless. After more than a dozen moves, she was repelled to the edge of the battle platform, and there were several more sword wounds on her body, blood flowing.

Roar!

A roar from the ancient **** came out, which was sent by the ancient **** body transformed by Lu Ming.

However, Lu Ming did not use his full strength. Lu Ming did not turn into an ancient **** of green armor, but turned into an ancient **** of green armor.

After practicing the ancient **** tactics, he wants to control why the ancient **** of the rank, he can control freely.

Chapter 2874: Solve floating light

Even if it turned into an ancient **** of green armor, in addition, Lu Ming's cultivation practice only exploded to the point where the true **** was eightfold, but Lu Ming also completely suppressed Zhi Xia Shengzi.

The combat power of Zhixia Shengzi is similar to that of Tianhong Shengzi.

At the beginning, Lu Ming's cultivation practice was also the eightfold true god, turning into an ancient **** of green armor, defeating Tianhong Shengzi.

Today, too.

"Cut the moon, cut the moon..."

The long spear in Lu Ming's hands is as big as a mountain, and he constantly exerts the trick of chopping the moon, blasting him to Zhixia Shengzi.

At the same time, Lu Ming also exhibited ice chains, as well as the magic formula of the dragon.

Nine ice chains, constantly winding to Zhixia Shengzi, seriously interfered with Zhixia Shengzi's play.

Two nine-clawed dragons, roaring and roaring again and again, completely suppressed Zhixia Shengzi.

Kang Chong and Liu Jie didn't need to shoot.

"The Son of Floating Light will be defeated."

"Yes, the strength of Lu Ming and Qing Xiang Sheng Nu, is really amazing, together with the Supreme Son, they are not opponents at all."

"Yeah, you see, the Son of Floating Light is about to lose, the Supreme Son is too strong."

Many onlookers talked, and suddenly someone shouted.

At this moment, the Supreme Son completely suppressed the Fuguang Shengzi, and the terrible fist, like a row of mountains and sea, pressed towards the Fuguang Shengzi.

The Son of Floating Light finally couldn't resist, and was hit by the Supreme Son on the chest. The Son of Floating Light screamed loudly, vomiting blood in his mouth, his body burst, and was directly bombed off the battle platform.

"Ah, **** it!"

Fuguang Shengzi shouted and was bombarded off the battle platform, indicating that he was defeated. He had no chance of being a son of Zongzi. He was really unwilling.

When the Supreme Son defeated the Son of Floating Light, his figure flashed and he killed the Son of Yankong.

boom!

A terrible punch, crushed towards the Son of Yankong. Although the Son of Yankong tried his best to resist, the difference between him and the Supreme Son was too big. He was spitting blood directly and his body flew out and was received. A heavy hit.

The Son of Yankong was defeated.

"Qinglian sword song, sword swings the world."

At this time, Ouyang Qingxiang drunk with a dazzling sword light, and flew the Snow Tan Saint Girl out.

The Virgin of Sandalwood, defeated.

Suddenly, there was only one Zhixia Shengzi left in the light of Shengguang Fuzi, who was struggling to support Lu Ming's hands.

The eyes of Supreme Saint Son swept over Lu Ming and Ouyang Qingxiang, and suddenly a glint of color flashed in his eyes, and his body turned into a golden light, rushing towards Lu Ming, and then punching Lu Ming.

The Supreme Son suddenly launched a sneak attack on Lu Ming, and as soon as he shot, it was a trick.

If Lu Ming was hit by this trick, at least he was seriously injured, and he would even be scrapped.

The Supreme Son was still very afraid of Lu Ming.

In his opinion, Lu Ming's current strength is not as good as him, but the speed of improvement is too fast, so if it continues, it will take longer than him.

The reason why the Supreme People and other people initiated this meeting in advance to decide the position of the sect is completely afraid of Lu Ming.

Fear that Lu Ming will surpass the Supreme Son in the future.

This feeling makes the Supreme Son extremely uncomfortable.

In the past, he has always been high, suppressing other saints and sons, and other saints and saints, it seems that he exists to accompany him.

But now, Lu Ming's light is more than him, which makes him extremely jealous of Lu Ming.

He does not allow Kong Xuanzong to have stronger arrogance than him, nor does he allow talents higher than him. If so, he will get rid of it.

Therefore, the Supreme Son seized this opportunity and shot Lu Ming.

"Supreme Universe, you are despicable!"

Ouyang Qingxiang shouted. Now, Lu Ming is still fighting against Zhixia Shengzi. They have not yet completely defeated Zhixia Shengzi. The Supreme Son actually shot Lu Ming. It is simply shameless.

At this moment, Ouyang Qingxiang didn't even think about it. She shot directly and used her full strength. The whole person turned into a sword light and appeared among Lu Ming and Supreme Son. Then she used the remaining strength to lay a heavy defense.

However, at a critical moment, Ouyang Qingxiang's converging power does not have much, how can he block the attack of the Supreme Son.

boom!

The golden fist of Supreme Son, bombarded on Ouyang Qingxiang, defeated Ouyang Qingxiang's defense, violent force, heavily bombarded Ouyang Qingxiang.

Ouyang Qingxiang flew out directly, blood was floating in the air.

"Fragrant!"

Ouyang Qingxiang's grandfather caught Ouyang Qingxiang, and the powerful divine power continuously poured into Ouyang Qingxiang's body.

Ouyang Qingxiang's face was pale and she was obviously seriously injured.

"Supreme Universe..."

Lu Ming shouted angrily, and the eruption's divine power was stronger by one point. The guns were like mountains, shaking the earth and earth, and pumped on Zhixia Shengzi's body, knocking Zhixia Shengzi off the battle platform.

In this way, the four sons of Fuguang Shengzi all failed, and Lu Ming left them with only three.

The Supreme Son is still four people.

boom!

Lu Ming, armed with a spear, rushed into the night with a war of intent, and a cold killing, came out unabashedly.

"mean!"

Lu Ming said coldly.

"Humph!"

The Supreme Son snorted coldly, staring at the land with very bad eyes.

Uh! Uh! ...

The three men of the Supreme Son appeared beside the Supreme Son, lined up.

Kang Chong and Liu Jie also appeared beside Lu Ming, staring at the Supreme Son with an angry face.

"The situation is settled."

A veteran shook his head.

"It seems that this time the Supreme Son must have won, no suspense."

"The Supreme Son will become a sect, which is entirely within my expectation."

"Fortunately, I have already turned to the Supreme Son, haha!"

There was a lot of noise at the scene, some people were happy and some were sad.

People of other Saints and Saints factions are naturally ugly, while those of the Supreme Saints faction are ecstatic.

They all believe that the situation has been fixed.

There are only three Lu Ming left, which cannot be the opponents of the Supreme Son.

"Lu Ming, do you want to fight again? I think you should get off the battle platform yourself, lest I do it."

Supreme Son said coldly, looking at Landing Ming with disdain.

"I will go down the battle platform naturally, but I will let you kneel before the battle platform."

Lu Ming said coldly.

"Let me kneel in front of you? Hahaha!"

The Supreme Son laughed madly, and laughed a few times, his face closed, revealing a stern look.

"Originally, even if you roll off the battle platform yourself, I can spare you. Now I change my mind and I want you to kneel in front of me and lick my shoes."

The Supreme Son said coldly, and his breath was even more violent.

bump! bump! ...

The Supreme Son stepped out step by step, covered in golden power, so powerful.

With a violent breath, he continued to press down on the landing three, and every step of the way, the breath will be stronger.

Lu Ming stood there immobile, but Kang Chong and Liu Jie, both of whom were unable to withstand enough, stepped back and forth.

Chapter 2875: Supreme King Kong

"Kang Chong, Liu Jie, you first retreat to the edge of the battle platform."

At this time, Lu Ming transmitted Kang Chong and Liu Jie.

"what?"

Both were stunned.

"You retreat to the edge of the battlefield first, leave it to me here, otherwise I will not care about you when the battle begins."

Lu Ming said.

"This..."

Kang Chong and Liu Jie hesitated, then nodded, and moved to the edge of the battle sky.

They knew that with their strength, Lu Ming could not be helped at all, but Lu Ming would be dragged down.

"Oh, Lu Ming, it seems that you want to fight against me alone, really confident."

The Supreme Son glanced at Kang Chong and Liu Jie, sarcastically speaking, and then stepped out suddenly, his figure rushed towards the landing, and he punched out.

boom!

The golden fist force seemed to divide the void into two halves, so huge that it was like a hill, crushing towards Lu Ming.

Lu Ming still kept the shape of the ancient **** of green armor at the moment, and the spear shocked, with the pressure of Taishan pressing the top, toward the Supreme Son.

In the process of depression, Lu Ming will cultivate, breaking out the limit of the true ***** ninefold.

boom!

The spear and the golden fist force collided in the void, bursting into a roaring sky, the sky full of energy, and scattered shots.

The two inspired an infinite number of small guns and strength, bombarded on the platform, the platform was violently shaken, and a rune emerged from it, forming a large formation, blocking all these strengths.

However, everyone's eyes were wide, staring at every move on the field through the sky.

Uh! Uh!

In the light of the sky, the two figures were shocked and staggered backwards.

Both Lu Ming and the Supreme Son retreated, but the difference was that Lu Ming retreated more, while the Supreme Son retreated less.

But this scene still caused an uproar.

People were shocked, Lu Ming could actually resist the Supreme Son and repulse the Supreme Son, which was not done by other Sons.

"Lu Ming's cultivation base is the pinnacle of the true god, he had hidden his strength before!"

"It is indeed the pinnacle of the true god. When he battled Zhixia Shengzi just now, he only revealed the eightfold cultivation practice of the true god. Now when he is confronted with the Supreme Son, he reveals the cultivation practice of the ninth peak of the true god."

"However, even the peak of the True God Ninefold, this combat power is too terrifying, you know, Supreme Son, but the cultivation of the Sixth Heaven God."

The scene was full of hustle and bustle, and the face of the Supreme Son was dignified.

"Lu Ming, it turns out that you still conceal Xiu Wei, but this is your limit. I want to fight against me with this kind of Xiu Wei. Idiots say dreams, Supreme Divine Fist!"

The supreme son Chang Xiao, his fists waved.

The speed of his double fist was much slower than before, as if pushing the mountain, but in the void, there was a rumbling noise.

It seemed that the entire void was pushed up and pressed towards the landing.

Lu Ming felt that several terrifying punches pressed towards him.

"Shenlong Faxiang!"

Lu Ming's hands twitched at an alarming speed, and two nine-clawed dragons appeared in the sky, ten thousand meters long, lifelike.

But at the next moment, beside the two Nine Claw Dragons, there was actually another Nine Claw Dragon out of it.

Article three!

At this moment, Lu Ming broke the limit, in such a state, actually condensed the third magic dragon phase.

Three ten-meter-long nine-claw dragons rushed to the Supreme Son.

"It's the magic recipe of Tianhong Shengzi!"

As soon as the dragon's law appeared, he was recognized.

"It's really Tianhong Shengzi's magic formula of the dragon, Lu Ming can actually practice the magic formula of the dragon, and his body actually contains the blood of the dragon."

"The most terrifying thing is that he is much stronger than Tianhong Shengzi. Tianhong Shengzi only condensed the six-claw divine dragon, and Lu Ming Shengzi actually condensed the nine-claw divine dragon, and still three nine-claw divine dragons."

"Horrible, it's unfathomable!"

Everyone at the scene was deeply shocked.

"Break me!"

The Supreme Son, Chang Xiao, propelled his fist and slammed into the three dragons.

In the sky, a terrible shock erupted again.

Three nine-clawed dragons broke out with the Supreme Son, as if they could split the sky.

咻咻咻...

In such a fierce confrontation, Lu Ming himself also exerted three strikes to kill the Supreme Son, with all his terrible guns, dedicated to the vital point of the Supreme Son.

At the same time, the nine ice chains will also take time to wrap around the Supreme Son.

Lu Ming can be said to have done his best, the seamless cooperation with each other, the lethality is amazing, and for a time, it actually became a tie with the Supreme Son.

"The strength of Lu Ming is even stronger."

Shengguang Shengzi's face was extremely gloomy.

Lu Ming's combat power has now surpassed him. If he fights with Lu Ming, I am afraid he will lose.

Others are also quiet.

Lu Ming's strength is far beyond everyone's expectations, and he can fully compete with the Supreme Son.

"The divine power, the divine power controlled by Lu Ming, is absolutely the divine power."

Someone whispered.

"Nonsense, as you say, it must be divine power, but divine power can't be so strong. With the cultivation of the true God at its peak, you can fight the Supreme Son."

"Mystery, he must be in control of the amazing mystery, in order to make the combat power soaring, so terrible. It can be seen that there are already several kinds of mysteries that he is showing now."

"Absolutely a genius, but unfortunately the time given to him is too short. If some years later, the Supreme Son is definitely not an opponent."

Many people were convinced by Lu Ming's combat power. At the same time, they could also guess why the person behind the Supreme Son now proposes to fight for the position of the patriarch. He must be afraid of Lu Ming.

Extremely moving face is also ugly. The stronger Lu Ming is, the heavier he is in his heart.

"Humph, Qiankun still has no cards to play, this time, Qiankun will win."

The supreme heart sneered.

At this moment, the Supreme Son gave a long roar.

"Lu Ming, your strength is indeed not weak, you are qualified to see my unique trick, Supreme King Kong."

The Supreme Son roared, and a more dazzling golden light erupted on his body. At the same time, his body began to bulge.

In a blink of an eye, the body of the Supreme Son actually grew to a height of two hundred meters, covered with golden yellow, like an ancient invincible giant.

This is one of the strongest mysteries of the Supreme Son, which turned into the legendary Supreme King Kong, and the combat power can skyrocket.

Originally, Lu Ming turned into an ancient **** of green armor, standing 100 meters tall, but now, the Supreme King Kong transformed by the Supreme Son is twice as tall as Lu Ming.

"It is the ancient secret technique of the Supreme Family, Supreme King Kong!"

"I heard that the Supreme Family's ancient secrets, the Supreme King Kong, is extremely difficult to practice. The Supreme Family has not been cultivated for many years. Unexpectedly, the Supreme Son can actually practice successfully, and his talent is amazing."

Around the battle, many people exclaimed.

Chapter 2876: Suppress the Supreme Son

"Crush me!"

The Supreme Son shouted, his fist was like a mountain, and his fist was like a mountain, slammed into Lu Ming.

Rumble!

Lu Ming saw that a huge golden fist, when the air was pressed, the whole space shook violently.

Roar!

In Lu Ming's mouth, there was a roar, like the roar of an ancient god, and he shot it out.

when!

The spear collided with the golden fist of the Supreme Son, and the horrible sound waves, like a circle of water waves, permeated in all directions.

Buzz!

Lu Ming's spear, crazy shaking, almost seemed to be smashed. Lu Ming's 100-meter-high body shook endlessly.

Boom! Boom! ...

The 100-meter-high body stepped on the battle platform and made a violent roar. The battle platform continued to vibrate. Lu Ming stepped back a dozen steps before standing firm.

"Lu Ming, defeat me, kneel me!"

Sovereign Saint Son roared, condescending, looking down at Lu Ming, huge double fists, constantly pressing against Lu Ming, he wanted to kneel down on the ground.

"Do you think only you can grow bigger, give me also change, big, big, big, give me big!"

Lu Ming shouted, and his body quickly grew larger.

Lu Ming's body also changed to two hundred meters high, and his whole scales also turned into blue scales.

Lu Ming did not continue to retain it, and turned into an ancient **** of Qingjia.

boom!

A shot was drawn out, and another blow was made against the Supreme Son, the sky kept shaking, and the two figures retreated one after another.

The two men stepped back a dozen steps respectively.

"What? Son Lu Ming has retained his strength before, which is really amazing."

Lu Ming turned into an ancient **** of Qingjia, and more people were shaken.

Originally, everyone thought that Lu Ming had reached the limit and could not be stronger.

However, Lu Ming still wants to have no bottom, as the opponent is stronger, Lu Ming is getting stronger and stronger.

The Supreme Son used the mystery Supreme King Kong to turn into a giant two hundred meters high.

Lu Ming also turned into an ancient **** of green armor.

"Damn!"

The Supreme Son roared, his heart shook endlessly, and there was deep fear in his eyes.

Yes, he was deeply shocked by Lu Ming's endless methods, and he was also afraid.

"No, I must win today, and I must kill this kid. I must kill him."

The Supreme Son roared wildly in his heart, and his eyes showed a terrible color.

Originally, in this competition, he couldn't kill the opponent, but he doesn't care anymore. He wants to kill Lu Ming anyway.

With his backstage, even if Lu Ming was killed, who would punish him for a dead person?

"kill!"

The Supreme Son roared, waved his fists, and blasted to the landing.

"kill!"

Lu Mingsi was not afraid, and was also killed towards the Supreme Son. The two huge figures collided together and fought against each other.

Both used their best efforts and tried their best to suppress each other.

boom! boom! ...

The two fought on the battle platform, and then fought from the battle platform to the high altitude.

This battle is more than one hundred moves.

bump!

Supreme Son bombarded Lu Ming's shoulder with a punch, and directly penetrated Lu Ming's shoulder. The blue scales flew with flesh and blood.

However, Lu Ming's spear also stabbed the Supreme Son's abdomen, directly pierced his abdomen, and exploded a large hole.

Cruel! The situation is very tragic.

Up to now, both of them know that they have the same fighting strength, and only by fighting hard can they win.

See, who is more ruthless and stronger in willpower.

Regardless of the injury, the two did not wait to recover, and they were fighting together again.

Next, both of them were hit and replaced with injuries, the injuries increased.

However, both of them ignored it. In their eyes, there was only one purpose, which was to defeat their opponents.

"Lu Ming..."

Along the battle platform, Ouyang Qingxiang, Yue Linglong and others all watched nervously, holding their hands together tightly.

They naturally hope Lu Ming can win.

The Supreme Master, as well as those who support the Supreme Son, are also very nervous, hoping that the Supreme Son will prevail.

Therefore, most of them hold their breath, staring at the two figures, waiting for the final result.

"Damn, this kid has such a great strength."

The Supreme Son was more and more shocked. Lu Ming's strength, patience, and fierceness all exceeded his expectations.

"I must be able to win. My cultivation base is the sixfold of the **** of heaven, and his dignity is strong and condensed, and he only has the cultivation of the true God at its peak. ."

The Supreme Son thought to himself.

Unfortunately, he was destined to be disappointed.

Lu Ming has a lot of words and tricks in his body and stores a lot of divine power, which is stronger than divine power. He hasn't been afraid of anyone.

The two men fought for more than two hundred moves. By this time, the Divine Son's divine power was gradually losing ground, but Lu Ming was still alive and well.

"No, Lu Ming, the kid's evildoer, if this continues, Qiankun will lose, and I must stop it."

The Supreme screamed secretly, and then shouted, "Stop!"

Hearing this voice, the Supreme Son wanted to retreat and stop fighting.

But could Lu Ming let him back easily.

Lu Ming quickly followed, and the spear continued to pierce the Supreme Son, causing the Supreme Son to retreat.

Seeing this, a glorious color flashed in the moving eyes of the Supreme, a strong breath erupted on his body, and pressed against Lu Ming and the Supreme Son, and a cold voice came out: "Lu Ming, I call you back, you did not listen Are you there?"

However, at the moment when the supreme movement broke out, Ouyang Qingxiang's grandfather also moved, bursting out a breath that counteracted the supreme movement's breath.

Therefore, Lu Ming's figure only stagnated for a while, and continued to kill the Supreme Son.

"Supreme move, what are you doing? They are comparing. During the competition, others have no right to intervene."

Ouyang Qingxiang's grandfather, Yue Wuya, said coldly.

"Who says I want to intervene, I just have something to announce!"

The Supreme moved.

"Something, just say it?"

Yue Wuya said coldly.

"The battle today is too tragic. The two of them are still at a tie, and the two are injured very badly. If they continue to do so, it will be detrimental to them. I propose that I end with a tie today and fight again to prevent them from being injured. To the source."

The Supreme moved.

A cunning light flashed in his eyes.

As long as he strikes now and fights again in the future, he has a way to win the Supreme Son next time, and even let Lu Ming disappear forever, unable to compete with the Supreme Son.

"Hahaha, ridiculous, old fellow, you are too shameful. Now everyone can see that the supreme power of the heaven and earth is no longer good, and it will soon be defeated. You actually said it was a tie, and the crowning said that it is good for us. , Bah, it's shameless."

Lu Ming was really angry, and he yelled directly.

He has seen more shameless people, and the Supreme Action can definitely be ranked in the top five.

Chapter 2877: Kneel down for me

"Lu Ming, what did you say? What did you say?"

The supremely trembling body was trembling, and his hair was all open, his eyes flashing with anger.

Lu Ming, actually dared to scold him in front of so many people, which made him so angry that he wished to slap Lu Ming to death.

"Not only shameless, but my ears are back, I said it's shameless, can't you hear?"

Lu Ming didn't give the Supreme a face, and directly spoke mockingly.

For such a shameless person, why should Lu Ming give face.

"Boy, you don't understand humility, it's just a mess, I killed you."

The Supreme roared with a slap and slapped towards Landing.

The supreme movement is the cultivation of God King Realm, how amazing is the strength of one body, a palm burst, the sky is darkened with a palm, and a palm seal covers the sky.

However, Yue Wuya always stared at the Supreme Action, and the Supreme Action moved, and Yue Wuya also shot, and a sword rose into the sky, slashing the palm print that the Supreme Move blasted, and directly split the palm print, the sword The light and palms are printed invisible.

"Yue Wuya, what are you doing? This kid is lawless, no one in his eyes, I want to kill him, you want to stop me?"

The Supreme moved.

"Nonsense, Lu Ming is right about what he said. You are so shameless, can't you scold? In my opinion, he scolds well and scolds, what is wrong?"

Yue Wuya sneered.

"you..."

The supreme anger.

But this time, the old veterans who helped the Supreme move did not stand up to help the Supreme move.

The supreme movement is indeed shameless. Is he considered a fool by others? Obviously it is the supremacy of the heavenly universe that will be invincible now, falling behind. He now declares a tie, which is too shameful. Other veterans can't do anything like this. thing.

Without the helper, the Supreme Master can no longer cover the sky with one hand.

At this time, the war between Lu Ming and the Supreme Son continued. However, Lu Ming had fully taken the upper hand. The more the war, the more the power of the Supreme Divine Power will be consumed, and it will be more and more difficult to support.

Lu Ming's offensive is still the same as before, like a storm.

bump!

Lu Ming swept the Supreme Motion on his body, and the body of the Extreme Motion was exploded and flesh and blood flew.

The Supreme moved back and forth, spurting blood out.

But his body shrank rapidly and became the normal size.

His depletion of divine power, coupled with severe damage, can no longer hold the body of Supreme King Kong.

Turned into a normal size, his strength has weakened a lot, and even lost to Lu Ming.

boom!

Depressed by Lu Ming's spear, like a mountain range, the Supreme Action tried its best to confront it, but the ending was already doomed.

With the rifle depressed, the supremely moving body trembled.

"Kneel down for me!"

Lu Ming shouted, and the magical power poured into the spear like a tide, making the spear very heavy and constantly pressing towards the supreme movement.

"Do not..."

The Supreme Son shouted hysterically, he didn't want to kneel, but, under Lu Ming's crushing, he couldn't resist.

bump!

The Supreme Son trembles and kneels directly on the ground.

Sisisi...

At the scene, there was a sound of inhaled cool breath, with a deep shock in their eyes.

The Supreme Son actually knelt down and was suppressed by another person, kneeling in public on the ground.

This scene, if not seen with my own eyes, is really hard to believe.

The Supreme Son, arguably the legend of the generation of Kong Xuanzong, is the strongest arrogance. It is considered by the people of Kong Xuanzong to be the best choice for the future lord, and a character who can compete with the three arrogant forces.

But now, such a character has been defeated, and the person who defeated him is the disciple of this new entry.

All this is simply a myth.

"Lu Ming, I'm going to kill you!"

The Supreme Son roared madly, his eyes were blood red, and his mad struggles filled his horrible murderous intention.

"You will lose, you will die!"

Lu Ming spoke indifferently, stepped on his feet, bursts of gunfire burst out, pierced the Supreme Son, and directly penetrated the body of the Supreme Son, causing him to be wounded.

At the same time, the spear in his hand continued to press down, pressing the Supreme Son directly on the ground, like a toad.

Uh!

Then, Lu Ming stepped out and came to the Supreme Son, his body began to become smaller and normalized, and he stepped on the face of the Supreme Son.

"Ahhh..."

The Supreme Son roared wildly, which was a shame and a shame, and it was even more uncomfortable than killing him.

He was actually stepped on Lu Ming's face in public.

"Lu Ming, enough!"

The Supreme exasperated, and his eyes also showed cold murderous opportunities.

If it wasn't Yueyueya that stopped him, he had already killed Lu Ming.

"Old guy, you are not qualified to speak, yes, you just said, if I defeated the Supreme Universe, would you write your name upside down? Now, what should you call it?"

Lu Ming sneered and sneered.

"Hahaha, yes, supreme move, no, I can't call you supreme move now, I should call you supreme move, hahaha, this name is really awkward, but it's quite suitable for you."

Yue Wuya looked up to the sky with a long smile, very happy.

"You, you..."

The Supreme moved an old red face, and wished that Lu Ming would be ashamed.

"Okay, come here for this competition."

At this moment, the light voice of Longzhou Mountain sounded.

Previously, Long Zhoushan had been watching with cold eyes, and at this moment, when everything was over, he stood up and spoke.

Long Zhoushan opened his mouth, and the two of Extreme Move and Yue Wuya looked at each other coldly, snorted coldly, and retreated.

"get out!"

Lu Ming chuckled, kicked out, kicked on the face of the Supreme Son, and kicked him out directly.

In this way, only Lu Ming was left on the battle platform.

"Well, according to the rules, Lu Ming won this competition."

Dragon Boat Mountain announced.

"it is good!"

Aside from the battle platform, some people cheered loudly.

All belong to the Lu Ming faction, as well as the Ouyang Qingxiang faction.

Especially Yue Linglong, Wu Zifeng and others, who were called very loudly, how excited they were.

Those of the Supreme Sons, Floating Sons, Zhixia Sons, Yankong Sons, and Xuetao Saints are all ugly.

Some people's faces are gloomy, some people sigh and sigh, while others, their eyes turning, have begun to wonder how to turn to the new backers.

"According to the previous rules, Lu Ming helped Ouyang Qingxiang to participate in the competition, so this time Ouyang Qingxiang won, and this seat announced that Ouyang Qingxiang is the future son and future successor."

Longzhou Mountain announced again.

The scene was suddenly quiet, and everyone's eyes were gathered on Ouyang Qingxiang.

"Congratulations to Sect Ouyang!"

Lu Ming stood on the battle platform and clenched his fists away.

"Congratulations to Sect Ouyang!"

Then, Ouyang Qingxiang faction, Lu Ming faction, said to Ouyang Qingxiang fragrance.

Chapter 2878: Purpose of Dragon Boat Mountain

As for other factions, they reluctantly rejoiced to Ouyang.

After Daoxi, Longzhou Mountain announced that it would hold a closing ceremony for Ouyang Qingxiang to celebrate the case.

As for the Supreme Action and others, they have long left the Supreme Son.

The closing ceremony lasted for three days before it all ended.

After this incident, Lu Ming's reputation reached its peak, and even overshadowed Zongzi Ouyang Qingxiang.

Everyone knows that Lu Ming's talent is too high, even if it is not a sect, but in the future, it is definitely the real overlord of Kong Xuanzong.

Even if Ouyang Qingxiang really took the position of Sovereign, I am afraid that the influence will not be higher than Lu Ming.

Therefore, in the following days, a large number of people began to turn to the Lu Ming faction.

Although Lu Ming did not become a sect, the strength of his factions became stronger.

Of course, there are also many people who turn to Ouyang Qingxiang. After all, Ouyang Qingxiang is a sect.

In just half a year, a large number of people have turned to Lu Ming and Ouyang Qingxiang. Many of these people are from other saints and saints. Their power has soared and has far exceeded the supreme saint and the halo son. Wait for someone.

In this way, several years have passed.

In the past few years, Lu Ming has dedicated himself to practice and polished the foundation. It is worth mentioning that Qiuyue's rapid progress has continuously broken through two realms, which is not far from the true God.

And the ball, since swallowing the bronze altar fragments in the ancient **** world, has been in a deep sleep, and has never woke up.

On this day, Lu Ming was practicing. Suddenly, he suddenly opened his eyes. Then, a rune appeared on his body, dense and dense, like a small snake, walking around him.

"Yulong Blood Curse, is Dragon Zhoushan calling me?"

Lu Ming frowned, Yulong Blood Curse was always a big thing in his heart.

"Senior Bone Demon, haven't you figured out a way to crack the Yulong Blood Curse?"

Lu Ming asked the bone demon for advice.

In the past few years, Lu Ming also asked the bone demon how to crack the dragon blood curse, but the bone demon did not give an effective method.

"It's difficult, this ghost dragon blood curse is extremely mysterious. Your master Xuanzang is absolutely unusual. I'm afraid there is a big secret in you."

The figure of the bone demon appeared on the scroll.

"Is there really no way?"

Lu Ming whispered.

"Unfortunately, I don't have any practice right now, otherwise there is a way. In addition, I don't know the purpose of the Dragon Boat Mountain casting the Dragon Blood Curse on you. If you know his purpose, you can also cure the disease and come up with a solution. "

Bone Magic Road.

Lu Ming nodded, and now he can only wait.

After a while, the dragon blood curse on his body gradually became hidden, and at this time, a person came outside Lu Ming's other court.

"Lu Ming Shengzi, the Sovereign please?"

The coming man is an elder from the inner door, and his voice passed into the other courtyard.

"it is good!"

Lu Ming walked out of the other courtyard, nodded, and followed the old man.

Soon after, he came to a hall, and the old man retreated.

In the main hall, Longzhou Mountain is waiting here.

As soon as Lu Ming came, Long Zhoushan looked at Lu Ming carefully. The more he looked, the more satisfied he was.

"Dragon Boat Mountain, you asked someone to come to me, what's the matter?"

Lu Ming asked with a sullen face.

He has no good face for Longzhou Mountain.

"Not bad, Lu Ming, your speed of improvement is beyond my expectations, good, very good."

Long Zhoushan nodded again and again.

"You come to me, not just to praise me!"

Lu Ming said coldly.

"Of course not. What I want to say is that your cultivation speed is still too slow. Now, I will give you ten years. Within ten years, you must reach the heavenly **** realm, otherwise, I will provoke the ghost dragon blood. Curse, kill you, do you understand?"

Long Zhoushan suddenly said with a cold face.

Lu Ming's eyes flashed a wisp of murderous opportunity.

The speed of his cultivation is already extremely alarming, but Longzhou Mountain actually thinks that he is slow, and it takes him another ten years to hit the heavenly realm.

This is almost impossible.

From the real **** realm to the heaven **** realm, there is a huge hurdle, and countless people are blocked on this hurdle, which is difficult to cross in a lifetime.

Even if some arrogant people want to leapfrog, they need a long time to accumulate and have the opportunity to bless them.

It is almost impossible to break through to Tenjin Realm in ten years.

"How to break through Tenjin in ten years!"

Lu Ming said coldly.

"Lu Ming, you only have this way, you can't do it, you die!"

Long Zhoushan sneered.

Creak...

Lu Ming clenched his fists tightly, and if he was not really an opponent of Longzhou Mountain, he would rather wish to kill Longzhou Mountain on the spot.

"Lu Ming, ask him the purpose of placing the Dragon Blood Curse on you."

At this time, a voice of the bone demon was introduced into Lu Ming's spiritual consciousness.

Lu Ming moved his heart, but his face remained silent. He looked at Longzhou Mountain coldly and said:
"Dragon Zhoushan, what is the purpose of you laying the dragon blood curse on me?"

"You don't need to know this."

Dragon Boat Mountain waved his hand.

"Dragon Boat Mountain, you dare not tell me your purpose, it is estimated that your purpose will be detrimental to me, if I guess right, after I break through the gods, it will have a great effect on you, and I, very It may fall."

"Anyway, it's a death. Rather than waiting to be used by you to die, it is better to be killed by you now, so as not to complete you."

Lu Ming said coldly.

"you dare?"

Longzhoushan cold drink.

"There is nothing to dare, just a big death."

Lu Ming shouted, his body burst into a violent breath, a posture to be desperate with Longzhou Mountain.

"Okay, let me tell you."

Long Zhoushan frowned, and raised his hand, a powerful force crushed Lu Ming's breath, said coldly.

Lu Ming's breath fell.

"Lu Ming, you guessed it right. After you broke through the Gods Realm, I do have a place that needs your help. It's fine to tell you."

"I planted the Yulong Blood Curse on you to cultivate the Yulong Blood Curse. The stronger your cultivation ability, the stronger the Yulong Blood Curse will be. When you break through to the God Realm, the Yulong Blood Curse in your body will be waiting for you. Very strong, I can use him to break a formation."

Longzhoushan Road.

"What formation?"

Lu Ming asked.

Long Zhoushan frowned, but then smiled and said: "Sleepy Dragon Ascends to Heaven Array, well, I should tell you, I will tell you, go down and work hard, remember, you only have ten years, ten years later, I can't break through the Gods Realm, and I leave you useless."

A cold light flashed in Lu Ming's eyes, then turned around and left.

Watching Lu Ming leave, Long Zhoushan's eyes flashed with fierce colors: "Boy, do you want to know my purpose and find a way to crack it? But, even if you know my purpose, what's the use? Your result is already doomed. Hey, let's make a breakthrough quickly, and break through to the heaven and earth, when I regain my freedom."

Chapter 2879: Looking for materials

The cold laughter of Longzhou Mountain echoed in the hall, while Lu Ming had left the hall and quickly returned to his place of residence.

"Senior Bone Demon, you know the sleepy dragon ascended to heaven!"

Upon returning, Lu Ming asked the bone demon.

"Sleepy Dragon Ascension Array, of course I know, hahaha, it turned out to be Sleepy Dragon Ascension Array, I know what the kid is going to do!"

Bone Demon laughed.

"Senior Bone Demon, do you know the real purpose of Longzhou Mountain?"

Lu Ming asked, moving.

"Yes, if I'm not wrong, Dragon Boat Mountain puts a dragon blood curse in you to help you refine the dragon blood curse, and then use it to save people and save a person trapped by the trapped dragon ascension array."

"And I estimate that you, the suzerain, are not yourself anymore."

Bone Magic Road.

"Not yourself?"

Lu Ming was surprised.

"Yes, his own soul was estimated to have been exterminated. Now, he is only occupied by other people. If I am not mistaken, it is the existence of the trapped dragon ascension array. He wants to use you to get out of trouble and regain freedom."

"Once he succeeds, your kid will fall."

The analysis of Bone Demon is true, as if everything is seen through.

"This is actually..."

Hearing the analysis of the bone demon, Lu Ming was really shocked.

Unexpectedly, the real Dragon Boat Mountain has long since died, and now the Dragon Boat Mountain is only occupied by other people.

"Sure enough, I didn't press well."

Lu Ming's eyes were cold, and the purpose of Longzhou Mountain was to sacrifice him to save himself from trouble.

"Senior Bone Demon, do you have a response?"

Lu Ming asked.

"Now that I know his purpose, I naturally have a strategy to deal with. We still have ten years. Lu Ming, you do it according to my instructions. First of all, you need to buy some materials and refine an array. He did a fight."

Bone Demon Road, and then a series of material names appeared in Lu Ming's mind.

"These materials..."

Lu Ming was stunned. He had never heard of the materials mentioned by the bone demon.

"Boy, hurry up and get these materials!"

Bone Magic Road.

Lu Ming nodded, and then left here, also left Kong Xuanzong, and went to Wanlingxing.

Wan Ling Xing is the gathering place of the entire Qin Tian Xing Xing Chamber of Commerce. Here, weird materials can be purchased.

After coming to Wanlingxing, after many inquiries, Lu Ming finally bought most of the materials needed, but there are still three kinds of materials, which were not purchased.

These three materials are extremely rare and extremely precious materials, rare in the world.

These three materials are the bones of the nine-clawed dragon, evil eye stones, and wild grass.

"Where to find the bone of the Nine Claws Dragon, Senior Jiulong, but it has long since fallen."

Lu Ming frowned.

"I don't know Jiulong Shending, does it contain the bones of the Nine Claw Dragon?"

Suddenly Lu Ming moved his mind and thought of Jiulong Shending.

Jiulong Shending was originally created by Jiulong and Zulong with all their strength. It was almost impossible to be promoted to an artifact. It was the magic weapon of Jiulong.

The magic weapon of life is usually cast with its own flesh and bones in order to exert its strongest power.

At the beginning of heaven, Jiulong Shending also brought great help to Lu Ming.

However, since Lu Ming came to the Honghuang Universe, the fighting power has skyrocketed. Jiulong Shending has no effect on Lu Ming, but Lu Ming has not discarded it, but has collected it.

At this moment, Lu Ming waved his hand, and Jiulong Shending flew out of a storage ring.

"Senior Bone Demon, look at these nine statues, can they contain the bones of the Nine Claw Dragon?"

Lu Ming consulted the bone demon.

Bone Demon flew out of Lu Ming's eyebrows, stayed over Jiulong Shending, and looked carefully.

"Yes, among the nine great tripods, all contain the bones of the nine-clawed true dragon. The foundation of the nine great tripods is the skeleton of the nine-clawed dragon."

Bone Demon nodded again and again.

"Really..."

Lu Ming was also very surprised.

He had only guessed before, but he didn't expect it to come true.

It is conceivable that in the beginning, Jiulong paid a huge price to refine this Ding, and actually used his own bones to make Ding.

Lu Ming was overjoyed. In this way, Lu Ming had only two of the three most difficult materials to find.

Lu Ming came to a place to investigate the news. After some inquiries, and after paying a considerable price, Lu Ming finally knew the whereabouts of the last two materials.

"Evil Eye Stone, a wicked family in the imaginary river, then go to this family first!"

Lu Ming's eyes flashed.

Then, Lu Ming took the teleportation array and rushed directly towards the Chongxinghe River.

The Luo Family at the Void Star, on the surface, is a normal cultivating family, but in the dark, it is a monstrous family, and the cultivating skills are extremely monstrous, specifically digging out the eyes of other cultivators to cultivate their monstrous dharma .

Lu Ming also spent a huge price to explore the news from the force that explored the news.

"No such family exists."

Lu Ming's eyes were cold.

After some trek, Lu Ming came to Luo's house.

boom!

Lu Ming appeared directly above Luo's house, and the vast breath burst out.

"Who dares to appear above my Luo family?"

With a loud shout, a few strong men flew out.

These strong men all have the cultivation of the peak of the true god. When they saw that Lu Ming was also the cultivation of the peak of the true god, they suddenly showed a terrible color.

"Boy, who are you, tell the truth, otherwise you don't have to leave."

One of the big men shouted and stared at Landing's eyes with wicked eyes, revealing greed.

He will dig out Lu Ming's eyes to practice.

"The people who killed you!"

Lu Ming spoke coldly, and then the violent divine power surged toward the other party.

For Lu Ming's divine power, how powerful is it for several big men, it is simply a storm.

The divine power squeezed past, several big men screamed, and the body was torn apart by Lu Ming's divine power, and finally turned into ashes to dissipate in the air.

The same is the peak of the true god, but other peaks of the true **** are like ants in front of Lu Ming.

"Bold, dare to kill my Luo family."

"Every true **** realm, find death!"

"kill him!"

At this moment, the whole Luo family was rioted, a strong breath rose into the sky, a powerful figure, rushed into the sky, and slammed towards the landing.

However, Lu Ming looked calm.

He has long inquired. Among the Luos, the strongest is only the fourfold of the gods.

All the heavenly realms add up, but there are only more than thirty people, and they are not put on Lu Ming's heart at all.

Roar!

A roar came from Lu Ming's mouth, and then Lu Ming directly exhibited the ancient **** body, transformed into a huge ancient god, and killed the master of the Luo family.

The rifle fired, and a large number of Luo family masters burst apart and fell on the spot.

Chapter 2880: Wild mountains

The master of the Luo family is completely vulnerable to Lu Ming.

After a moment, Lu Ming left the Luo family with a cold face, and the Luo family had completely turned into flames and was flattened.

All masters of the Luo family were beheaded by Lu Ming.

For this evil family, Lu Ming will not have the slightest mercy of his men.

In the core treasure house of the Luo family, Lu Ming successfully found a piece of evil eyestone.

The evil eye stone is the treasure of the Luo family and is easy to find.

In this way, the last kind of "wild grass" is left.

The wild grass is in the wild mountains of the Star River.

This is a very special mountain range. This mountain range is not located on a certain planet, but the entire mountain range, suspended in the universe.

The mountains are huge, and there are extremely terrible fields on them. No matter what kind of creatures enter, it is difficult to fly and will be under great pressure.

However, the wild mountains contain very rich resources, and many precious gods grow.

The wild grass is an extremely rare and precious **** grass. Even in the wild mountains, it is very rare and very valuable. It is a treasure that cannot be bought by the rich.

Therefore, there will be many cultivators here all year round to explore and find treasures.

Lu Ming flew in a starry sky warship, flying in the vast sky, and in front of him, a huge mountain appeared.

From a distance, it seems as if a dragon is hovering in the universe.

"The vast universe is really wonderful..."

Lu Ming sighed.

At this time, Lu Ming found that in other directions, there was also a stream of light, like a meteor, flying towards the wild mountains.

Of course, these are not meteors, but a strong one.

Some powerhouses ride on star battleships, while some powerhouses fly directly on the flesh.

Those who can shuttle through the stars in the universe by their flesh are at least gods.

Uh!

Suddenly, behind Lu Ming's star battleship, a figure flew in a hurry. This is a big man, very burly and strong, with muscles all over his body, and a terrible appearance.

"Go away, things like ants, don't block the road."

When the Han passed Lu Ming's side, he directly slammed into the starry sky warship that landed.

Boom!

The star warship was struck and sent a violent shock, and flew out directly.

"Hahaha..."

The burly man laughed and glanced at Lu Ming disdainfully, and he walked away.

In his opinion, a person riding a starship is mostly a figure below the gods, and he doesn't care.

"This guy.."

Lu Ming's eyes were cold, and he watched the big man leave coldly.

Continue to control the starry sky warship and fly to the desert mountains.

"Why are there so many people?"

Lu Ming looked around, revealing a strange look.

Outside the huge wild mountains, there are powerful people of different races suspended, the number is surprisingly large, sweeping past, no less than ten thousand people.

In the past, although some people came to find treasures in the deserted mountains, there would never be so many people.

Approaching the chaotic mountain range, Lu Ming left the star warship and was suspended in the universe.

"Senior, may I ask what happened here? Why are there so many people?"

Lu Ming came to a white-haired old man and asked with a fist.

Others are not too surprised.

True God Ninefold has stayed in the cosmic starry sky for some time, but it is impossible to cross the starry sky and fly from one planet to another.

"You do not know?"

The old man gave Lu Ming a surprised look.

"do not know!"

Lu Ming shook his head.

"It's okay to tell you. Recently, I heard that the desert mountain has a deserted heart, so it has attracted so many people to come. These people are all here to find the deserted heart."

The old man smiled and looked very kind.

"Heartlessness?"

Lu Ming showed a suspicious look, he had not heard of the wild heart.

"The Heart of Desolation, there is actually the Heart of Desolation, hahaha, God helps me, no, it is God to help you, Lu Ming, you must get the Heart of Desolation, the Heart of Desolation can completely replace the Grass of Desolation, and the effect is more effective than Desolation The grass is several times stronger, and the position it uses for refining will be more powerful, so that our grasp will be greater."

When Gumo heard the wild heart, he laughed, excited.

"It's actually several times better than wild grass!"

In Lu Ming's eyes, there was a strong look of expectation.

This time against Longzhou Mountain, he must succeed, so he must get the heart of the wild.

"Boy, there are a lot of masters here. I think you only have the cultivation base of the true God Realm. So, how do we team up and explore the wild mountains together."

The old man suggested.

"Team?"

Lu Ming's eyes moved.

"Yes, you see, other people have also teamed up to go, alone, into the wild mountains, I am afraid it will be very dangerous."

The old man pointed to the front.

Lu Ming looked forward, and people had entered the desert mountains constantly, all in groups of three to five.

"It is good!"

Lu Ming groaned and nodded.

This old man's cultivation practice is nothing more than a triple god, not seen in Lu Ming's eyes.

However, the wild mountain range is huge. After entering, look for the wild heart and let him find it alone. It is undoubtedly the same as finding a needle in a haystack. Teaming up with others, at least the chance of finding the wild heart is greater.

"Great, then we are looking for some people to join the team together."

The old man smiled, and then went to say hello to the others.

Soon after, the old man found six people to form a team together.

These six, all of the same are the cultivation of the heavenly **** realm, only Lu Ming is the true **** realm.

"Sanqi, how did you find a person from the real **** realm to enter with us? Wouldn't it be a drag on us if such a person enters."

A woman about thirty years old gave Lu Ming a cold glance and said uncomfortably.

This woman looks very charming and has a wonderful figure, but she looks tall and looks down on Lu Ming.

"This little brother is a friend of mine. You give the old man a face, let this little brother come together."

The old man's name is called San Que, and he smiled.

"Since it is your friend who lacks you, I can give this face, but I have a word first. After entering the wild mountains, I encountered a danger. I will not control him. We can't be dragged down by the garbage of a real god."

The charming woman said.

Lu Ming smiled lightly, too lazy to care about the other party.

This woman is nothing more than a devoted cultivation practice of the gods. She doesn't know what mentality, and she looks down on the real god.

Several other people just glanced at Lu Ming indifferently and ignored Lu Ming directly.

In their view, a true God does not need to be concerned at all. If it is in danger, it can be left behind.

"Good, good, good!"

Sankei laughed a few times.

Then a group of eight people flew towards the wild mountains.
